# Superfluous Hair Removed by Electrolysis

---

---

OVER two score years ago, Dr. Mitchel, oculist, of St. Louis, evolved a method of using electricity for the permanent removal of ingrowing eye-lashes. Soon after, his friend, Dr. Hardaway, conceived the idea of using this method for the removal of Superfluous Hair from the human face. Today, physicians, everywhere, recommend this method as the only sure way of obtaining permanent relief from this annoying condition.

For nearly thirty years this office has employed *this* method—the method discovered by one, and employed by ALL the old masters, the single electric needle process, in painlessly disposing of these disquieting blemishes *for all time*.

You are invited to phone, write or call for complete information and demonstration sitting without obligation.

**MUNICIPAL WATER WORKS**

The works are in charge of a Board of Water Commissioners, consisting of Edwin A. Blodgett, chairman; Dr. George L. Fenn, Mayor Edwin F. Leonard, ex officio; Howard M. King, supt.; Leland G. Carlton, asst. supt.; Alfred R. Hathaway, clerk and water registrar; Elbert E. Lochridge, chief engineer. Office, (319) City Hall. Service Building and Yard, 71 Colton. Office hours, 9 a m to 5 p m; Saturdays, 9 a m to 12 m. Telephones: (applications and information), River 6100 (work and trouble calls, day or night), River 6800. The supply of water is taken from the Westfield Little River watershed, situated principally in the towns of Blandford, Granville, and Russell, and by means of the following storage structures:—

	Capacity in Gallons
Borden Brook Reservoir (impounding),	2,500,000,000
Intake Reservoir (diverting),	40,600,000
Sedimentation Basin (before filtering),	38,700,000
Provin Mountain Reservoir (after filtering),	17,000,000
Total,	2,596,300,000

The former supply from impounding reservoirs in Ludlow and Belchertown is also retained at present for town of Ludlow and for emergency uses, and, with its storage capacity of 1,434,218,000 gallons, makes an aggregate available storage capacity of 4,030,518,000 gallons. Range of pressure on mains for day and night as follows: Main street level, maximum, 147 pounds, average, 140 pounds. Hill section level, maximum, 87 pounds, average, 80 pounds. The entire supply of city water to any premises is furnished by meter only and at meter rates; the necessary meters are installed by the water works at the expense of the consumers for the initial cost of the meters and connections only.

The cost of ordinary care and repairs of all meters is borne by the water works; the cost of unusual repairs (necessitated by freezing, not water, etc.) due or attributable to any carelessness or neglect on the part of the consumer, will be charged to the consumer or owner.

### Meter Rates

(Subject to all rules and regulations.)

For each 100 cubic feet (748 gallons) of water as registered or estimated for each independent premises\* the rates shall be as follows:—

For the first 5,000 cubic feet or less per quarter, at 22 cents per 100 cubic feet (about 30 cents per 1,000 gallons).

For all excess over the first 5,000 cubic feet per quarter, at 5 cents per 100 cubic feet (about 7 cents per 1,000 gallons).

Where the aggregated total use for one independent premises\* amounts to 750,000 cubic feet or more in any one quarter, the entire quantity will be charged at 5 cents per 100 cubic feet.

Subject to the following minimum quarterly charges:—

(a) Single dwellings, and double houses or blocks (of two or more ground-floor single-tenement sections), each tenement not less than \$2.00 per quarter.

(b) Tenement houses, apartment blocks, etc., each tenement or apartment not less than \$1.50 per quarter.

(c) Business blocks, manufactories, and other industrial plants, elevators and motors, each bill for each independent premises\*, not less than \$2.50 per quarter.

Special for Elevator Uses—Where the total or aggregated quantity for operating one or more elevators on each independent premises\* amounts to 33,000 cubic feet or more in any one quarter, and is metered and billed independently of all other uses, the entire quantity will be computed at 5 cents per 100 cubic feet; but no bill hereunder shall be rendered at less than \$25.00 per quarter.

\*Business and industrial buildings of more than one section, and adjoining or adjacent buildings, under one independent ownership as a **plant** (if not separated by a street or by any other buildings or premises under another ownership), may be considered as **one independent premises**, and, as such, subject to the computing and billing of the foregoing meter rates. In all other cases the supply through each service and meter shall be computed and charged as separate and independent bills.

Each quarterly period will be computed and charged for independently of any other quarterly period, and the rates therefor shall be paid accordingly.

When a meter from any cause fails to register the consumption of water, the quantity shall be estimated and the charge made based upon the registration by the meter when in order, or upon the registration for a corresponding prior quarter or period.

Builders' Uses—Where water is to be used in the construction of ordinary framed buildings, or for small building operations where the use may be easily estimated, the meter installation may be temporarily deferred, as an accommodation to the owner or builder, until the completion and occupancy of the building, and a nominal estimated flat rate may be charged for builders' use of water to the owner of the property, who will be held responsible for such use and the payment of such charge.

The Water Registrar and the Supt. shall determine all cases where the foregoing provisions may apply, and each case shall be considered independently of any other, but no such estimated charge shall be less than \$1.00.

Miscellaneous and Temporary Uses—In certain cases of miscellaneous and temporary uses of city water, where the quantity used may be small, the charges for same may be estimated

instead of being shown by meter, at the discretion of the Water Registrar and the Supt.

The Water Registrar shall have the right to require an advance deposit as security for the payment of water bills, when he shall consider it for the interest of the city to do so; such deposit not to exceed a year's minimum rate for the property to be supplied or a reasonable estimate of the probable annual amount of such bills.

All bills due the City on account of the water works shall be payable at the office of the City Collector, Room 137, Municipal Building Court and Pynchon streets **within twenty days** after the same are rendered and become due.

Inquiries and claims for correction should be made at the office of the Water Registrar, Room 319, Municipal Building.

Home for Friendless Women and Children—These two institutions were formerly conducted under one roof at 62 Union, a corporation for this purpose having been organized in 1865, by ladies interested in the reform of fallen women, the relief of the needy, and the care of destitute children.

In 1871 the Home for Children was built on Buckingham; after which time the house on Union was used for the reception of adults only, or for mothers with infants. The need of a different

home for the work for friendless women had long been felt and strongly urged and the present one on William was built and occupied October 21, 1897.

A meeting of the Board of Managers is held at the Homes alternately, once in two weeks, on Friday afternoons.

Sunday School at 1.30 p. m.

The object of the Salvation Army is to carry the Gospel of the Lord Jesus Christ to the thousands who today never darken the doors of the places of worship and to bring the Bible message to the outcast of society, whether in prison or brothel or any place harboring vice, iniquity or intemperance.

When a hungry man is given a meal, or a worker visiting a slum home with a basket of life's necessities, Thanksgiving or Xmas dinners given to the poor, it is not only to relieve an immediate need, it is for a higher purpose of bringing them the message of the Gospel of Light and Love, that the recipient of the humble gifts may think of Him who was rich, but for our sakes became poor and took upon Himself the form of man, and by paying the debt of sin made it possible for us to be reconciled with the Father by the gift of Himself.

Our constant effort is to help others to help themselves; eventually they too become helpers to others.

The Springfield Hospital—North Chestnut cor. Springfield. Incorporated Dec. 24, 1883. On Nov. 14, 1886, Dorcas Chapin, widow of Chester W. Chapin, died bequeathing to the corporation \$25,000 upon the conditions that a like sum should be contributed, and that the city of Springfield should give to this corporation its hospital and equipments. On Jan. 17, 1887, William Merrick of Springfield died, making this corporation his residuary legatee. In April, 1887, by popular subscription the sum of \$28,444.96 was raised, and in Oct., 1887, the city of Springfield

deeded its hospital to this corporation, thus complying with the conditions of the will of Dorcas Chapin. May 4, 1889, the hospital was dedicated. Pres., Henry A. Field; V. Pres., Dr. R. H. ## Uncle Sam has 69,000 Salesmen engaged to represent you at 2c a call

*If your business requires relations with more people than you can meet and talk with personally—you have a definite need for the service we offer*

### Facsimile Typewritten Letters

When properly executed have a certain business-getting force just as useful to the one-man store as to the million-dollar-a-year Mail Order firm

Just what Uncle Sam and our service can do to increase your business is best indicated by what we are doing for others

### Live Mailing Lists

We prepare mailing lists of prospects that are *alive*. Compiled to fill the need you have for a list, every name is one with whom you ought to do business

If you're interested in going further—write or let our representative call on you. You will incur no obligation by doing either

#### CEMETERIES.

Ashleyville Cemetery—Riverdale ab Ashley av. Agent for sale of lots, William H. Bagg, 1180 Riverdale.

Church Street Graveyard—This is the oldest burial ground in the town, is well preserved, but it is almost impossible to decipher most of the inscriptions. Among those that can be read are "Nataniel Dwite," died November, 1711, and Rev. John Woodbridge, first minister of West Springfield, who "fell asleep June 10, 1718." No body has been deposited in these grounds since the beginning of the last century.

Town Hall Cemetery—This is a burying ground lying between Town Hall and Park Street Church and was laid out about 1780. The first burial was that of Solomon Lathrop, 1787.

should be in the Directory and the Directory in every store.

Besides its use to the keeper of the store, it is a convenience customers look for.

The store that offers an old, or no city directory, does not show its patrons a courtesy they will find elsewhere.

## THE OBJECTS OF THE ASSOCIATION ARE AS FOLLOWS:

FIRST: To improve the Directory business by the interchange of ideas, and by the exchange of competent employees.

SECOND: To protect the public against fraudulent advertising schemes operated under the name of directories, and to drive the promoters of such out of the business.

THIRD: To provide permanent and continuous employment for honest and faithful directory canvassers.

FOURTH: For the mutual advancement of the established and prospective interests of all who may become members of the association.

## \$ 100 REWARD

The Association of North American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on Fraudulent directories, provided the conviction results in imprisonment of not less than six months. In case of arrest immediately telegraph E. J. Loranger, 524 Broadway, New York City.
