PREFACE.

THE text which I have followed is that of Baiter and Orelli, as revised by Meiser in his recent edition: the ms. on which this text is based—the Medicean—is generally referred to as M. Very many of the explanatory notes have been suggested to me by the excellent commentary of Heraeus: I trust that I am hereby tendering a sufficient acknowledgment of the assistance thence derived. Mr. Furneaux' edition of the *Annals* has rendered it unnecessary for me to call special and separate attention—except in the notes—to peculiarities of Tacitean grammar and style.

INTRODUCTION.

THE period covered by the Histories comprises about two years, 69 and 70 A.D.: beginning a few months from the accession of Galba, and ending shortly after Vespasian's assumption of power. Short as the time is, it is crowded with incidents: the year 69 witnessed two civil wars and the fall of three emperors. Of the changing scenes of these few months, Tacitus has left us a striking picture, painted in his darkest colours. He represents the two campaigns as a contest between evil elements on both sides. While most of the leaders are odious for their vices or contemptible for their weakness, the soldiers are as cruel to their enemies as they are mutinous and insubordinate to their chiefs: here and there a shining trait of fidelity or bravery serves to add gloom to the surrounding darkness: but generally Tacitus' pessimism would lead us to condemn most motives and suspect all in men who are fighting for a bad cause. We cannot reasonably doubt indeed

that there was much to justify the historian's attitude in a period so morally corrupt as that of which he is writing. Always in the history of the Empire the Court is influential in forming and changing the manners of the city : and the deep demoralization of Nero's entourage, preceded by the reigns of Caligula and Claudius, must have extended in some measure to Rome and thence to her armies.

Although the narrative is a ‘story without a hero,’ and commends none of its principal characters to our sympathies, its interest for us—apart from its literary charm and the striking sketches of individual character which it presents—is undoubtedly great. The events described form an epoch in Roman history. It is now for the first time that we read of emperors elective and not succeeding by hereditary right : and —what is more important—of election by the armies and at a distance from the capital. Hitherto, as Galba says, the imperial power had been ‘quasi hereditas unius familiae.’ It is now that the armies—always since the days of Tiberius dimly conscious of the power which they might have—dare to exert their full strength and invest their generals with the purple. It must have seemed easy and natural to do so, once the spell of reverence for the imperial name, which had been at once the tie and the barrier between the Julian and Claudian emperors and their

armies, was broken. Even fifty years before, some voices in the mutinous armies of Tiberius had hinted at the election of Germanicus by the soldiers.

It is a remarkable testimony to the soundness of the imperial structure and the excellence and adaptability of Roman provincial government, that, in spite of incapable rulers and palace revolutions at home, Roman power grew steadily and peacefully abroad : and that even while Italy was shaken by civil war the imperial frontier was not seriously endangered, and provincial risings were successfully quelled. Yet it cannot be denied that forces existed which became ultimately causes of disintegration : Rome herself was deeply corrupt and Italy ruined by the later years of the Republic : and though for the time the empire was increasing and developing its strength, union and solidarity of the whole mass could not be expected to last long, while the centre was rotten.

The immediate cause of Nero's fall (68) was a Gallic rising. Apparently the object of Vindex, who headed this rebellion, was a change of emperors, not by any means emancipation from Roman rule : for he at once offered to support Galba, the governor of a Spanish province, as a candidate for the throne. He himself did not live to see the success of his

ally: attacked by the troops of Verginius Rufus, commanding in Upper Germany, he killed himself in despair. Verginius very soon after this declared for Galba: so that it seems probable that he marched against Vindex from a misunderstanding of the motive of his outbreak—whether he was responsible or not for the actual collision between the troops which resulted in Vindex' death.

Meanwhile, Galba marched on Rome with a single legion and a handful of cavalry. Although the exultation over Nero's death was by no means general among the mass of the citizens, the most important factors, the garrison and senate, seem to have been disposed to receive the new emperor with favour. He entered the city however under evil auspices. Apparently Nero had formed some thousands of marines (*classici*) into a kind of reserve, with a promise that they should eventually be incorporated in line battalions, then as now accounted a more honourable arm. But Galba showed no intention of fulfilling his predecessor's promise, and in fact seems to have intended to relegate these *classici* to their former service: in consequence they mutinied, and marched out to meet the emperor at the Mulvian bridge near Rome, with a petition, couched, as we may suppose, not in terms of the due respect: at any rate Galba punished them severely, decimating

his petitioners and putting the survivors under arrest.

A régime characterized by acts so harsh was ill calculated to conciliate a garrison and populace accustomed to be courted and amused by their rulers. The change was too sudden from the young and prodigal Nero to the stern martinet and frugal administrator of the public moneys. A commission instituted by Galba to recover the various sums lavishly given away by his predecessor made him many enemies: and the praetorian guard, who had never enthusiastically supported him, feared his strictness while they waited in vain for the promised and deferred largess. Before the emperor's arrival in Rome, Nymphidius Sabinus, their commander, had attempted to transfer their allegiance to himself: the majority of the soldiers had indeed refused to listen to his proposals, and he himself had perished: but the opposition to Nymphidius rather arose from reluctance to desert the emperor so lately accepted than from any feeling of attachment to Galba personally. Nor was Galba's popularity with the numerous troops, whom the course of events had at this time assembled in Rome, sufficient to protect him against a strong rival. In the provinces too enemies had arisen. None of the great armies had, so far as we know, readily and spontaneously ex-

pressed themselves in favour of Galba: and the rise and fall of various pretenders—Capito with the German army and Macer in Africa—illustrate the excitement and uncertainty which accompanied the change of dynasty. The outbreaks which Galba succeeded in crushing were indications of the disturbed feeling—discontent and hope of plunder—which prompted the movement of the German armies on Rome in the early spring of 69. But this insurrection Galba was not destined to encounter. On January 3rd, 69, Vitellius received the oath of allegiance from the German troops: but on the 15th Galba with his adopted successor fell a victim to his own strictness and the unpopularity of his ministers: and Otho, his successor, was left after a short term of power to be swept from his throne by the wave of armed rebellion.

CORNELII TACITI HISTORIARUM

LIBER I.

I. Initium mihi operis Servius Galba iterum Titus 1
Vinius consules erunt. nam post conditam urbem octingentos et viginti prioris aevi annos multi auctores rettulerunt, dum res populi Romani memorabantur, pari eloquentia ac libertate: postquam bellatum apud Actium atque omnem potentiam ad unum conferri pacis interfuit, magna illa ingenia cessere; simul veritas pluribus modis infracta, primum inscitia rei publicae ut alienae, mox libidine adsentandi aut rursus odio adversus dominantes: ita neutris cura posteritatis inter infenos vel obnoxios. sed ambitionem scriptoris facile averseris, obtrectatio et livor pronis auribus accipiuntur: quippe adulacioni foedum crimen servitutis, malignitati falsa species libertatis 15 inest. mihi Galba Otho Vitellius nec beneficio nec iniuria cogniti. dignitatem nostram a Vespasiano

Tacitus compares himself with preceding historians.

inchoatam, a Tito auctam, a Domitiano longius projectam non abnuerim : sed incorruptam fidem professis neque amore quisquam et sine odio dicendus est. quod si vita suppeditet, principatum divi Nervae et imperium Traiani, uberiorem securioremque materiam, senectuti seposui, rara temporum felicitate, ubi sentire quae velis et quae sentias dicere licet.

2 II. Opus adgredior opimum casibus, atrox praeliis, discors seditionibus, ipsa etiam pace saevom. quat-

The period he describes is one of great calamities. tuor principes ferro interempti : trina bella civilia, plura externa ac plerumque permixta : prosperae in Oriente, adversae in Occidente res : turbatum Illyricum, Galliae nuntiantes, perdomita Britannia et statim missa, coortae in nos Sarmatarum ac Sueborum gentes, nobilitatus cladibus mutuis Dacus, mota prope etiam Parthorum arma falsi Neronis ludibrio. iam vero Italia novis

cladibus vel post longam saeculorum seriem repetitis afflita : haustae aut obrutae urbes, fecundissima Campaniae ora ; et urbs incendiis vastata, consumptis antiquissimis delubris, ipso Capitolio civium manibus incenso. pollutae caerimoniae, magna adulteria. plenum exiliis mare, infecti caedibus scopuli. atrocious in urbe saevitum : nobilitas, opes, omissi gestique honores pro crimine, et ob virtutes certissimum exitium. nec minus praemia delatorum invisa quam

scelera, cum alii sacerdotia et consulatus ut spolia adepti, procurationes alii et interiorem potentiam agerent verterent cuncta odio et terrore. corrupti in dominos servi, in patronos liberti ; et quibus 3 deerat inimicus, per amicos oppressi. III. Noi

tamen adeo virtutum sterile saeculum, ut non et bona exempla prodiderit. comitatae profugos liberos matres, secutae mari-^{But has also redeeming features.}
tos in exilia coniuges; propinqui audentes, con- 5
stantes generi; contumax etiam adversus tormenta servorum fides; supremae clarorum virorum necessitates, ipsa *necis* necessitas fortiter tolerata et laudatis antiquorum mortibus pares exitus. praeter multi-
plies rerum humanarum casus caelo terraque prodigia 10
et fulminum monitus et futurorum praesagia, laeta tristia, ambigua manifesta. nec enim umquam atro-
cioribus populi Romani cladibus magisve iustis indicis adprobatum est non esse curae deis securitatem nos-
tram, esse ultionem.

15

IV. Ceterum antequam destinata componam, repe- 4
tendum videtur, qualis status urbis, quae mens exercituum, quis habitus provinciarum, quid in toto terrarum orbe validum, quid ae grum fuerit, ut non modo casus eventusque 5
rerum, qui plerumque fortuiti sunt, sed ratio etiam causaeque noscantur. finis Neronis ut laetus primo gaudientium impetu fuerat, ita varios motus animorum non modo in urbe apud patres aut populum aut urbanum militem, sed omnes legiones ducesque conciverat, 10 evolgato imperii arcano, posse principem alibi quam Romae fieri. sed patres laeti, usurpata statim libertate licentius ut erga principem novum et absentem; primores equitum proximi gaudio patrum; pars populi integra et magnis domibus adnexa, clientes libertique 15 damnatorum et exulum in spem erecti: plebs sordida et circo ac theatris sueta, simul deterrimi servorum,

 15 dixit. si res publica et senatus et populus vacua nomina sunt, vestra, commilitones, interest ne imperatorem pessimi faciant. legionum seditio adversus duces suos audita est aliquando: vestra fides famaque inlaesa ad hunc diem mansit. et Nero quoque vos
 20 destituit, non vos Neronem. minus triginta transfugae et desertores, quos centurionem aut tribunum sibi eligentes nemo ferret, imperium adsignabunt? admittitis exemplum et quiescendo commune crimen facitis? transcendet haec licentia in provincias et ad
 25 nos scelerum exitus, bellorum ad vos pertinebunt. nec est plus quod pro caede principis quam quod innocentibus datur, sed proinde a nobis donativom ob fidem quam ab aliis pro facinore accipietis."

31 *Galba attempts to conciliate the remaining troops, unsuccessfully.* XXXI. Dilapsis speculatoribus cetera cohors non aspernata contionantem, ut turbidis rebus evenit, forte magis et nullo adhuc consilio rapit signa *quam*, quod postea creditum est, insidiis et simulatione. missus et Celsus Marius ad electos Illyrici exercitus Vipsania in porticu tendentes. praeceptum Amulio Sereno et Domitio Sabino primipilaribus, ut Germanicos milites e Libertatis atrio accerserent. legioni
 5 classicae diffidebatur infestae ob caudem commilitonum, quos primo statim introitu trucidaverat Galba. pergunt etiam in castra praetorianorum tribuni Cetrius Severus, Subrius Dexter, Pompeius Longinus, si incipiens adhuc et neandum adulta
 10 15 seditio melioribus consiliis flecteretur. tribunorum

Subrium et Cetrium adorti milites minis, Longinum manibus coercent exarmantque, quia non ordine militiae, sed e Galbae amicis, fidus principi suo et desciscentibus suspectior erat. legio classica nihil cunctata praetorianis adiungitur. Illyrici exercitus 20 electi Celsum infestis pilis proturbant. Germanica vexilla diu nutavere, invalidis adhuc corporibus et placatis animis, quod eos a Nerone Alexandriam praemissos atque inde rursus longa navigatione aegros impensiore cura Galba refovebat. XXXII. 32

Universa iam plebs Palatum implebat, mixtis servitiis et dissono clamore caedem Othonis et coniuratorum exitium poscentium, ut si in circo aut theatro ludicum aliquod postularent: neque 5 illis iudicium aut veritas, quippe eodem die diversa pari certamine postulaturis, sed tradito more quemcumque principem adulandi licentia adclamationum et studiis inanibus. interim Galbam *After much hesitation* duae sententiae distinebant. Titus 10

Vinius manendum intra domum, opponenda servitia, firmandos aditus, non eundum ad iratos censebat. daret malorum paenitentiae, daret bonorum consensui spatium. scelera impetu, bona consilia mora valescere. denique eundi ultiro, si ratio 15 sit, eandem mox facultatem; regressum, si paeniteat, in aliena potestate. XXXIII. Festinandum ceteris 33 videbatur, antequam cresceret invalida adhuc coniuratio paucorum. trepidaturum etiam Othonem, qui furtim digressus, ad ignaros inlatus, cunctatione nunc et segnitia terentium tempus imitari principem discat. 5 non expectandum, ut compositis castris forum invadat

et prospectante Galba Capitolium adeat, dum egregius imperator cum fortibus amicis ianua ac limine tenus domum cludit, obsidionem nimirum toleraturus. et 10 praeclarum in servis auxilium, si consensus tantae multitudinis et, quae plurimum valet, prima indignatio elanguescat. proinde intuta quae indecora. vel si cadere necesse sit, occurrentum discrimini: id Othoni invidiosius et ipsis honestum. repugnantem 15 huic sententiae Vinium Laco minaciter invasit, stimulante Icelo privati odii pertinacia in publicum exitium.

34 XXXIV. Nec diutius Galba cunctatus speciosiora
he sets out for the camp, suadentibus accessit. praemissus tamen in castra Piso ut iuvenis magno nomine, recenti favore et infensus Tito Vinio, seu quia erat, seu 5 quia irati ita volebant; et facilius de odio creditur. vix dum egresso Pisone occisum in castris Othonem vagus primum et incertus rumor: mox, ut in magnis mendaciis, interfuisse se quidam et vidisse adfirmabant, credula fama inter gaudentes et incuriosos. multi 10 arbitrabantur compositum auctumque rumorem mixtis

hearing a report of Otho's death. iam Othonianis, qui ad evocandum Galbam laeta falso volgaverint. **XXXV.**

Tum vero non populus tantum et imperita plebs in plausus et inmodica studia, sed equitum plerique ac senatorum, posito metu incauti, refractis Palatii foribus ruere intus ac se Galbae ostentare, praereptam sibi ultionem querentes, ignavissimus quisque et, ut res docuit, in periculo non ausurus nimii verbis, linguae feroce; nemo scire et omnes adfirmare, donec inopia veri et consensu errantium victus 10 sumpto thorace Galba inruenti turbae neque aetate

neque corpore resistens sella levaretur. obvius in Palatio Iulius Atticus speculator cruentum gladium ostentans occisum a se Othonem exclamavit; et Galba "commilito," inquit, "quis iussit?" insigni animo ad coercendam militarem licentiam, minanti- 15 bus intrepidus, adversus blandientes incorruptus.

XXXVI. Haud dubiae iam in castris omnium mentes 36 tantusque ardor, ut non contenti agmine et corporibus in suggestu, in quo paulo *Meanwhile the army receives Otho with enthusiasm.* aurea Galbae statua fuerat, medium

inter signa Othonem vexillis circumdarent. nec 5 tribunis aut centurionibus adeundi locus: gregarius miles caveri insuper praepositos iubebat. strepere cuncta clamoribus et tumultu et exhortatione mutua, non tanquam in populo ac plebe variis segni adulazione vocibus, sed ut quemque adfluentium militum aspexe- 10 rant, prensare manibus, complecti armis, conlocare iuxta, praeire sacramentum, modo imperatorem militibus, modo milites imperatori commendare. nec deerat Otho protendens manus adorare volgum, iacere oscula et omnia serviliter pro dominatione. 15 postquam universa classicorum legio sacramentum eius accepit, fidens viribus, et quos adhuc singulos extimulaverat, accendendos in commune ratus, pro vallo castrorum ita coepit: XXXVII. "Quis *Otho's speech.* 37 ad vos processerim, commilitones, dicere non possum, quia nec privatum me vocare sustineo princeps a vobis nominatus nec principem alio imperante. vestrum quoque nomen in incerto erit, donec dubitabitur, 5 imperatorem populi Romani in castris *"Galba's rule is an hostem habeatis. auditisne, ut odious to all,*

poena mea et supplicium vestrum simul postulentur? adeo manifestum est neque perire nos neque salvos
 esse nisi una posse. et cuius lenitatis est Galba, iam

 meatus aut in ipsis castris vaga, dum mercedem
 centurioni exolveret, neque modum oneris quisquam 15
 neque genus quaestus pensi habebat: per latrocinia
 et raptus aut servilibus ministeriis militare otium
 redimebant. tum locupletissimus quisque miles
 labore ac saevitia fatigari, donec vacationem emeret.
 ubi sumptibus exhaustus socordia insuper elanguerat, 20
 inops pro locuplete et iners pro strenuo in manipu-
 lum redibat; ac rursus aliis atque alias eadem ege-
 state ac licentia corrupti ad seditiones et discordias et
 ad extremum bella civilia ruebant. sed Otho, ne volgi
 largitione centurionum animos averteret, fiscum suum 25
 vacationes annuas exsoluturum promisit, rem haud
 dubie utilem et a bonis postea principibus perpetui-
 tate disciplinae firmatam. Laco praefectus, tan-
 quam in insulam seponeretur, ab evocato, quem ad
 caedem eius Otho praemiserat, confossus; in Marcia- 30
 num Icelum ut in libertum palam animadversum.

47 XLVII. Exacto per scelera die novissimum malorum fuit laetitia. vocat senatum praetor urbanus; certant adulationibus ceteri magistratus. adcurrunt patres; decernitur Othoni tribunicia potestas et 5 nomen Augusti et omnes principum honores, adniten-

He is formally accepted by the Senate.

tibus cunctis abolere convicia ac probra,

10 quae promisce iacta haesisse animo eius tulisset, brevitate imperii in incerto fuit. Otho cruento adhuc foro per stragem iacentium in Capitolium atque inde in Palatium vectus concedi corpora sepulturae cremarique permisit. Pisonem Verania uxor ac frater Scribonianus, Titum Vinium Crispina filia composuere, quaesitis redemptisque capitibus,

48 quae venalia interfectores servaverant. XLVIII.

Piso unum et tricesimum aetatis annum explebat, fama meliore quam fortuna. fratres eius Magnum Claudius, Crassum Nero interfecerant: ipse diu exul, 5 quadriduo Caesar, properata adoptione ad hoc tantum maiori fratri praelatus est, ut prior occideretur.

Character of Vinius

Titus Vinius quinquaginta septem annos variis moribus egit. pater illi praetoria familia, maternus avus e proscriptis. prima militia infamis legatum Calvisium Sabinum habuerat, cuius 10 uxor mala cupidine visendi situm castrorum per noctem militari habitu ingressa, cum vigiliis et cetera militiae munia eadem lascivia temerasset, in 15 ipsis principiis stuprum ausa; et criminis huius reus Titus Vinius arguebatur. igitur iussu G. Caesaris oneratus catenis, mox mutatione temporum dimissus, cursu honorum inoffenso legioni post praeturam pre-

positus probatusque, servili deinceps probro respersus est, tanquam scyphum aureum in convivio Claudii furatus; et Claudius postera die soli omnium Vinio 20 fictilibus ministrari iussit. sed Vinius proconsulatu Galliam Narbonensem severe integreque rexit, mox Galbae amicitia in abruptum tractus, audax callidus promptus et, prout animum intendisset, pravus aut industrius eadem vi. testamentum Titi Vini magni- 25 tudine opum inritum, Pisonis supremam voluntatem paupertas firmavit. XLIX. Galbae corpus diu 49 neglectum et licentia tenebrarum plurimis ludibriis vexatum dispensator Argius, e prioribus servis, humili sepultura in privatis eius hortis contexit. caput per lixas calonesque suffixum laceratumque *and of Galba.* 5 ante Patrobii tumulum (libertus is Neronis punitus a Galba fuerat) postera demum die repertum et cremato iam corpori admixtum est. hunc exitum habuit Servius Galba, tribus et septuaginta annis quinque principes prosperā fortunā emensus et alieno imperio 10 felicior quam suo. vetus in familia nobilitas, magnae opes: ipsi medium ingenium, magis extra vitia quam cum virtutibus. famae nec incuriosus nec venditator; pecuniae alienae non appetens, suae parcus, publicae avarus. amicorum libertoruīque, ubi in bonos in- 15 cidisset, sine reprehensione patiens, si mali forent, usque ad culpam ignarus. sed claritas natalium et metus temporum obtentui, ut quod segnitia erat sapientia vocaretur. dum vigebat aetas, militari laude apud Germanias floruit. pro consule Africam 20 moderate, iam senior citeriorem Hispaniam pari iustitia continuit, maior privato visus, dum pri-

vatus fuit, et omnium consensu capax imperii, nisi imperasset.

 lorum saevitiae militum subtractum, acciri in Capito-

lium iubet. clementiae titulus e viro claro et partibus
 inviso petebatur. Celsus constanter servatae erga
 10 Galbam fidei crimen confessus exemplum ultro impu-
 tavit. nec Otho quasi ignosceret, sed, ne hostem
 metueret, consiliatorem adhibens statim inter intimos
 amicos habuit et mox bello inter duces de legit.
 mansitque Celso velut fataliter etiam pro Othonē
 15 fides integra et infelix. laeta primoribus civitatis,
 celebrata in vulgus Celsi salus ne militibus quidem
 ingrata fuit, eandem virtutem admirantibus, cui
 72 irascebantur. LXXII. Par inde exultatio disparibus
 causis consecuta impetrato Tigellini exitio. Sopho-
and puts Tigel- linus to death, nius Tigellinus obscuris parentibus, foeda
 5 pueritia, impudica senecta, praefecturam
 vigilum et praetorii et alia praemia virtutum, quia
 velocius erat, vitiis adeptus, crudelitatem mox, deinde
 avaritiam, virilia scelera, exercuit, corrupto ad omne
 facinus Nerone, quaedam ignaro ausus ac postremo
 eiusdem desertor ac proditor. unde non aliud per-
 10 tinacius ad poenam flagitaverunt, diverso affectu,
 quibus odiū Neronis inerat et quibus desiderium.
 apud Galbam Titi Vinii potentia defensus praetex-
 entis servatam ab eo filiam. haud dubie servaverat
 non clementia, quippe tot interfectis, sed effugium in
 15 futurum, quia pessimus quisque diffidentia praesen-
 tium mutationem pavens adversus publicum odium
 privatam gratiam praeparat; unde nulla innocentiae
 cura, sed vices impunitatis. eo infensor populus,
 addita ad vetus Tigellini odium recenti Titi Vinii
 20 invidia, concurrere ex tota urbe in Palatum ac fora,
 et ubi plurima vulgi licentia, in circum ac theatra

effusi seditiosis vocibus strepere, donec Tigellinus accepto apud Sinuissanis aquas supremae necessitatis nuntio inter stupra concubinarum et oscula et deformes moras sectis novacula faucibus infamem vitam 25 foedavit etiam exitu sero et in honesto. LXXIII. Per 73 idem tempus expostulata ad supplicium Calvia Crispinilla variis frustrationibus et adversa *though he protects Crispinilla.* dissimulantis principis fama periculo 5 exempta est. magistra libidinum Neronis, transgressa in Africam ad instigandum in arma Clodium Macrum famem populo Romano haud obscure molita, totius postea civitatis gratiam obtinuit, consulari matrimonio subnixa et apud Galbam Othonem Vitellium illaesa, mox potens pecunia et orbitate, quae bonis malisque 10 temporibus iuxta valent.

LXXIV. Crebrae interim et muliebribus blandi- 74 mentis infectae ab Othone ad Vitellium epistulac offerebant pecuniam et gratiam et quemcumque quietis locum prodigae vitae legisset. paria Vitellius ostentabat, primo mollius, stulta utrimque et indecora 5 simulatione : mox quasi rixantes supra *The rival emperors negotiate with and plot against each other.* et flagitia in vicem obiectavere, neuter falso. Otho, revocatis quos Galba miserat 10 legatis, rursus ad utrumque Germanicum exercitum et ad legionem Italicae easque quae Lugduni agebant copias specie senatus misit. legati apud Vitellium remansere, promptius quam ut retenti viderentur. praetoriani, quos per simulationem officii legatis Otho adiunxerat, remissi, antequam legionibus miscerentur. addidit epistulas Fabius Valens nomine Germanici 15 exercitus ad praetorias et urbanas cohortes de viribus

partium magnificas et concordiam offerentes; incre-
pabat ulti, quod tanto ante traditum Vitellio im-
75 perium ad Othonem vertisseunt. LXXV. Ita promissis
simul ac minis temptabantur, ut bello impares, in pace
nihil amissuri; neque ideo praetorianorum fides mutata.
sed insidiatores ab Othone in Germaniam, a Vitellio
5 in urbem missi. utrisque frustra fuit, Vitellianis im-
pune, per tantam hominum multitudinem mutua igno-
rantia fallentibus: Othoniani novitate vultus, omnibus
in vicem gnaris, prodebantur. Vitellius litteras ad
Titianum fratrem Othonis conposuit, exitium ipsi
10 filioque eius minitans, ni incolumes sibi mater ac
liberi servarentur. et stetit domus utraque, sub
Othone incertum an metu: Vitellius victor clementiae
76 gloriā tulit. LXXVI. Primus Othoni fiduciam
addidit ex Illyrico nuntius iurasse in eum Dalmatiae
ac Pannoniae et Moesiae legiones. idem ex Hispania
adlatum laudatusque per edictum Cluvius Rufus, set

10 partibus cunctanter excepisse victoriam

crederentur. ita trepidi et utrimque anxii coeunt, nemo privatim expedito consilio, inter multos societate culpae tutior. onerabat paventium curas ordo Mutinensis arma et pecuniam offerendo appellabatque

53 patres conscriptos intempestivo honore. LIII. Notabile iurgium fuit, quo Licinius Caecina Marcellum

Eprium ut ambigua disserentem invasit. nec ceteri sententias aperiebant : sed invisum memoria dela- 5 tionum expositumque ad invidiam Marcelli nomen inritaverat Caecinam, ut novus adhuc et in senatum nuper adscitus magnis inimicitiis claresceret. moderatione meliorum dirempti. et rediere omnes Bononię, rursus consiliaturi ; simul medio temporis

10 plures nuntii sperabantur. Bononiae divisis per itinera, qui recentissimum quemque percunctarentur, interrogatus Othonis libertus causam digressus habere se supra eius mandata respondit ; ipsum viventem quidem relictum, sed sola posteritatis cura et abruptis

15 vitae blandimentis. hinc admiratio et plura interro- gandi pudor ; atque omnium animi in Vitellium in- 54 clinavere. LIV. Intererat consiliis frater eius L.

Vitellius seque iam adulantibus offerebat, cum repente Coenus libertus Neronis atroci mendacio universos perculit, adfirmans superventu quartae decimae legionis, iunctis a Brixello viribus, caesos victores, 5 versam partium fortunam. causa fingendi fuit, ut diplomata Othonis, quae neglegebantur, laetiore nuntio revalescerent. et Coenus quidem rapide in urbem vectus paucos post dies iussu Vitellii poenas luit. senatorum periculum auctum creditibus Othonianis militibus vera esse quae adferebantur intendebat formidinem, quod publici consilii facie discessum Mutina desertaeque partes forent. nec ultra in commune congressi sibi quisque consuluere, donec missae a Fabio Valente epistulae demerent metum. 15 et mors Othonis quo laudabilius, eo velocius audita.

LV. At Romae nihil trepidationis ; Ceriales ludi 55 ex more spectabantur. ut cessisse Othonem et a Flavio Sabino praefecto urbis, ^{Rome welcomes the news of Vitellius' victory.} quod erat in urbe militum, sacramento Vitellii adactum certi auctores in theatrum adtulerunt, Vitellio plan- 5 sere ; populus cum lauru ac floribus Galbae imagines circum templa tulit, congestis in modum tumuli coronis iuxta lacum Curti, quem locum Galba moriens sanguine infecerat. in senatu cuncta longis aliorum principatis composta statim decernuntur ; additae erga Germanicum exercitum laudes gratesque et missa legatio, quae gaudio fungeretur. recitatae Fabii Valentis epistulae ad consules scriptae haud immoderate : gratior Caecinae modestia fuit, quod non scripsisset. LVI. Ceterum Italia gravius 56 atque atrocius quam bello afflictabatur. ^{Outrages of the Vitellian soldiery.}

dispersi per municipia et colonias Vitelliani spoliare rapere, vi et stupris polluere: in omne fas
 5 nefasque avidi aut venales non sacro, non profano abstinebant. et fuere qui inimicos suos specie militum interficerent. ipsique milites regionum gnari refertos agros, dites dominos in praedam aut, si repugnatum foret, ad excidium destinabant, obnoxiiis
 10 ducibus et prohibere non ausis. minus avaritiae in Caecina, plus ambitionis: Valens ob lucra et quaestus infamis eoque alienae etiam culpae dissimulator. iam pridem adtritis Italiae rebus tantum peditum equitumque, vis damnaque et iniuriae aegre tolerabantur.

57 LVII. Interim Vitellius victoriae suae nescius ut ad integrum bellum reliquas Germanici exercitus vires

Vitellius received in Gaul the news of his victory. trahebat. pauci veterum militum in hibernis relict, festinatis per Gallias dilectibus, ut remanentium legionum

5 nomina supplerentur. cura ripae Hordeonio Flacco permissa; ipse e Britannico exercitu delecta octo milia sibi adiunxit. et paucorum dierum iter progressus prosperas apud Bedriacum res ac morte Othonis con-
 10 cidiisse bellum accepit: vocata contione virtutem militum laudibus cumulat. postulante exercitu, ut libertum suum Asiaticum equestri dignitate donaret, dishonestam adulationem compescit: dein mobilitate ingenii, quod palam abnuerat, inter secreta convivii largitur honoravitque Asiaticum anulis, foedum mancipium et malis artibus ambitiosum.

58 LVIII. Isdem diebus accessisse partibus utramque Mauretaniam, imperfecto procuratore Albino, nuntii venere. Lucceius Albinus a Nerone Mauretaniae

Caesariensi praepositus, addita per Galbam Tingitanae provinciae administratione, haud spernendis 5 viribus agebat. decem novem cohortes, quinque alae, ingens Maurorum numerus aderat, per latrocinia et raptus apta bello manus. caeso Galba in Othonem pronus nec Africa contentus Hispaniae angusto freto dirempta imminebat. inde Cluvio 10 Rufo metus; et decimam legionem propinquare litori ut transmissurus iussit. praemissi centuriones, qui Maurorum animos Vitellio conciliarent; neque arduum fuit magna per *Cluvius Rufus suppresses Otho's partisans in Africa.* 15 provincias Germanici exercitus fama. spargebatur insuper spreto procuratoris vocabulo Albinum insigne regis et Iubae nomen usurpare.

LIX. Ita mutatis animis Asinius Pollio alae praefectus, e fidissimis Albino, et Festus ac Scipio cohortium praefecti opprimuntur. ipse Albinus dum e Tingitana provincia Caesariensem Mauretaniam petit, adpulsu litoris trucidatus; uxor eius cum se 5 percussoribus obtulisset, simul imperfecta est, nihil eorum quae fierent Vitellio anquirente. brevi auditu quamvis magna transibat, inpar curis gravioribus.

Exercitum itinere terrestri pergere iubet: ipse Arare flumine devehitur, nullo principali paratu, 10 sed vetere egestate conspicuus, donec *Vitellius meets his own and Otho's generals at Lyons.* Iunius Blaesus Lugudunensis Galliae rector, genere illustri, largus animo et par opibus, circumdaret principi ministeria, comitaretur liberaliter, eo ipso ingratus, quamvis odium 15 Vitellius vernilibus blanditiis velaret. praesto fuere Luguduni victricium victarumque partium duces.

- Valentem et Caecinam pro contione laudatos curuli
suae circumposuit. mox universum exercitum occur-
20 rere infanti filio iubet; perlatumque et paludamento
opertum sinu retinens Germanicum appellavit cinxit-
que cunctis fortunae principalis insignibus. nimius
honos inter secunda rebus adversis in solacium cessit.
- 60 LX. Tum interfecti centuriones promptissimi Othonianorum, unde praecipua in Vitellium alienatio per
Illyricos exercitus; simul ceterae legiones contactu
et adversus Germanicos milites invidia bellum medi-
5 tabantur. Suetonium Paulinum ac Licinium Procu-
lum tristi mora squalidos tenuit, donec audit
necessariis magis defensionibus quam honestis ute-
rentur. proditionem ultro inputabant, spatium longi
ante proelium itineris, fatigationem Othonianorum,
10 permixtum vehiculis agmen ac pleraque fortuita
fraudi suaे adsignantes. et Vitellius credidit de
perfidia et fidem absolvit. Salvius Titianus Othonis
frater nullum discrimin adiit, pietate et ignavia
excusatus. Mario Celso consulatus servatur: sed
15 creditum fama obiectumque mox in senatu Caecilio
Simplici, quod eum honorem pecunia mercari, nec
sine exitio Celsi, voluissest: restitit Vitellius deditque
postea consulatum Simplici innoxium et inemptum.
Trachalum adversus criminantes Galeria uxor Vitellii
20 protexit.
- 61 LXI. Inter magnorum virorum discrimina (puden-
dum dictu) Mariccus quidam, e plebe Boiorum,
inserere sese fortunae et provocare arma Romana
simulatione numinum ausus est. iamque adsertor
5 Galliarum et deus (nam id sibi indiderat) concitis

octo milibus hominum proximos Aeduorum pagos trahebat, cum gravissima civitas electa iuventute, adiectis a Vitellio cohortibus, fanaticam multitudinem disiecit. captus in eo proelio Mariccus ac mox feris obiectus quia non laniabatur, stolidum volgus ¹⁰ inviolabilem credebat, donec spectante Vitellio interfectus est.

LXII. Nec ultra in defectores aut bona cuiusquam ⁶² saevitum: rata fuere eorum, qui acie Othoniana ceciderant, testamenta aut lex intestatis. prorsus, si luxuriae temperaret, avaritiam non timeres. epularum foeda et inexplebilis ^{Although self-indulgent, he does not at first abuse his victory. 5} libido: ex urbe atque Italia inritamenta gulae gestabantur, strepentibus ab utroque mari itineribus; exhausti conviviorum apparatibus principes civitatum; vastabantur ipsae civitates; degenerabat a labore ac virtute miles adsuetudine ¹⁰ voluptatum et contemptu ducis. praemisit in urbem edictum, quo vocabulum Augusti differret, Caesaris non reciperet, cum de potestate nihil detraheret. pulsi Italia mathematici; caustum severe, ne equites Romani ludo et arena polluerentur. priores id ¹⁵ 15 principes pecunia et saepius vi perpulerant, ac pleraque municipia et coloniae aemulabantur corruptissimum quemque adulescentium pretio inlicere.

LXIII. Sed Vitellius adventu fratri et inre- ⁶³ pentibus dominationis magistris superbior et atrocior occidi Dolabellam iussit, quem in coloniam Aquinatem sepositum ab Othone rettulimus. Dolabella audita morte Othonis urbem introierat. id ei ⁵ Plancius Varus praetura functus, ex intimis Dola-

bellae amicis, apud Flavium Sabinum praefectum
urbis obiecit, tanquam erupta custodia ducem se
victis partibus ostentasset: addidit temptatam co-
hortem, quae Ostiae ageret; nec ullis tantorum
criminum probationibus in paenitentiam versus seram

Dolabella is put to death on a charge of high treason.

Triaria L. Vitellii uxor, ultra feminam

15 ferox, terruit, ne periculo principis famam clementiae
adfectaret. Sabinus suopte ingenio mitis, ubi for-
mido incessisset, facilis mutatu et in alieno discrimine
sibi pavens, ne adlevasse videretur, in pulit ruuentem.

64 LXIV. Igitur Vitellius metu et odio, quod Petroniam
uxorem eius mox Dolabella in matrimonium accepis-
set, vocatum per epistulas vitata Flaminiae viae cele-
britate devertere Interamnam atque ibi interfici iussit.

5 longum interactori visum: in itinere ac taberna
proiectum humi iugulavit, magna cum invidia novi
principatus, cuius hoc primum specimen noscebatur.

 10 tus in nullo Othoniani belli usu fuit. labantibus
 Vitellii rebus Vespasianum secutus grande momen-
 tum addidit, strenuus manu, sermone promptus,
 serendae in alios invidiae artifex, discordiis et sedi-
 tionibus potens, raptor largitor, pace pessimus, bello
 15 non spernendus. iuncti inde Moesici ac Pannonici
 exercitus Delmaticum militem traxere, quanquam
 consularibus legatis nihil turbantibus. Tampius
 Flavianus Pannoniam, Pompeius Silvanus Dalma-
 tiam tenebant, divites senes; sed procurator aderat
 20 Cornelius Fuscus, vigens aetate, claris natalibus.
 prima iuventa inquies cupidine senatorium ordinem
and the Dalmatian army, with exuerat; idem pro Galba dux coloniae
Fuscus. suae eaque opera procriptionem adeptus,

susceptis Vespasiani partibus acerrimam bello facem
praetulit: non tam praemiis periculorum quam 25
ipsis periculis laetus pro certis et olim partis
nova ambigua ancipitia malebat. igitur movere et
quatere, quidquid usquam aegrum foret, adgrediuuntur.
scriptae in Britanniam ad quartadecimanos, in His-
paniam ad primanos epistulae, quod utraque legio 30
pro Othonе adversa Vitellio fuerat; sparguntur per
Gallias litterae; momentoque temporis flagrabat in-
gens bellum, Illyricis exercitibus palam desciscentibus,
ceteris fortunam secuturis.

LXXXVII. Dum haec per provincias a Vespasiano 87
ducibusque partium geruntur, Vitellius contemptior
in dies segniorque, ad omnes municipio-
rum villarumque amoenitates resistens, *Vitellius wastes
his days in lux-
ury.* 5
gravi urbem agmine petebat. sexaginta
milia armatorum sequebantur licentia corrupta; calo-
num numerus amplior, procacissimis etiam inter
servos lixarum ingeniis; tot legatorum amicorumque
comitatus inhabilis ad parendum, etiam si summa
modestia regeretur. onerabant multitudinem obvii 10
ex urbe senatores equitesque, quidam metu, multi
per adulationem, ceteri ac paulatim omnes, ne aliis
proficiscentibus ipsi remanerent. aggregabantur e
plebe flagitiosa per obsequia Vitellio cogniti scurrae
histriones aurigae, quibus ille amicitiarum dehonesta- 15
mentis mire gaudebat. nec coloniae modo aut muni-
cipia congestu copiarum, sed ipsi cultores arvaque
maturis iam frugibus ut hostile solum vastabantur.

LXXXVIII. Multae et atroces inter se militum 88
caedes, post seditionem Ticini coeptam manente

legionum auxiliorumque discordia; ubi adversus paganos certandum foret, consensu. sed plurima strages ad septimum ab urbe lapidem. singulis ibi militibus Vitellius paratos cibos ut gladiatoriam saginam dividebat; et effusa plebes totis se castris miscuerat. incuriosos milites—vernacula 5 *His soldiers disturbed the public peace.* utebantur urbanitate—quidam spolia vere, abscisis furtim balteis, an accincti forent rogitantes. non tulit ludibriū insolens contumeliae animus: inermem populum gladiis invasere. caesus inter alios pater militis, cum filium comitaretur; deinde agnitus, et volgata caede temperatum 10 ab innoxius. in urbe tamen trepidatum praecurrentibus passim militibus: forum maxime petebant, cupidine visendi locum, in quo Galba iacuisset. nec minus saevum spectaculum erant ipsi tergis ferarum et ingentibus telis horrentes, cum turbam populi per 15 inscitiam parum vitarent aut, ubi lubrico viae vel occursu alicuius procidissent, ad iurgium, mox ad manus et ferrum transirent. quin et tribuni praefectique cum terrore et armatorum catervis volitabant.

89 *He enters the city,* LXXXIX. Ipse Vitellius a ponte Mulvic 5 territus, sumpta praetexta et composito agmine incessit. quattuor legionum aquilae per frontem totidemque circa e legionibus aliis vexilla, mox duodecim alarum signa et post peditum ordines eques; dein quattuor et triginta cohortes, ut nomina 10 gentium aut species armorum forent, discretae. ante

aquilas praefecti castrorum tribunique et primi centurionum candida veste; ceteri iuxta suam quisque centuriam armis donisque fulgentes, et militum phalerae torquesque splendebant decora facies et non Vitellio principe dignus exercitus. sic Capitolium 15 ingressus atque ibi matrem complexus Augustae nomine honoravit. XC. Postera die tanquam apud 90 alterius civitatis senatum populumque magnificam orationem de semet ipso prompsit, in-
 dustriam temperantiamque suam laudi-
 bus adtollens, consciis flagitorum ipsis
and publicly an-
nounces his ac-
cension. 5
 qui aderant omniq[ue] Italia, per quam somno et luxu
 pudendus incesserat. volgus tamen vacuum curis et
 sine falsi verique discrimin'e solitas adulaciones edoc-
 tum clamore et vocibus astrepebat; abnuentique no-
 men Augusti expressere, ut adsumeret, tam frustra 10
 quam recusaverat. XCI. Apud civitatem cuncta in- 91
 terpretantem funesti ominis loco acceptum est, quod
 maximum pontificatum adeptus Vitellius de caerimoniis
 publicis XV. kalendas Augustas edixisset, antiquitus
 infausto die Cremerensi Alliensique cladibus: adeo 5
 omnis humani divinique iuris expers, pari libertorum,
 amicorum socordia, velut inter temulentos agebat.
 sed comitia consulum cum candidatis
 civiliter celebrans omnem infimae plebis
 rumorem in theatro ut spectator, in
 circo ut fautor affectavit. quae grata sane et popu-
 laria, si a virtutibus proficiscerentur, memoria vitae
 prioris indecora et vilia accipiebantur. ventitabat
 in senatum, etiam cum parvis de rebus patres con-
 sulerentur. ac forte Priscus Helvidius praetor de- 15

counter the enemy,*

cinam ac Valentem expedire ad bellum iubet. praemissus Caecina: Valentem e gravi corporis morbo tum primum adsurgentem infirmitas tardabat. longe alia proficiscentis ex urbe Germanici exercitus species: non vigor corporibus, non ardor animis; lentum et rarum agmen, fluxa arma, segnes equi; inpatiens solis 10 pulveris tempestatum, quantumque hebes ad sustinendum laborem miles, tanto ad discordias promptior. accedebat huc Caecinae ambitio vetus, torpor recens nimia fortunae indulgentia soluti in luxum; seu perfidiam meditanti infringere exercitus virtutem inter 15 artes erat. credidere plerique Flavii Sabini consiliis concussam Caecinae mentem, ministro sermonum Rubrio Gallo: rata apud Vespasianum fore pacta transitionis. simul odiorum invidiaeque erga Fa-
bium Valentem admonebatur, ut inpar apud

Vitellium gratiam viresque apud novum principem 20 pararet.

C. Caecina e complexu Vitellii multo cum honore 100 digressus partem equitum ad occupandam Cremonam praemisit. mox vexilla primae, quartae, quintae decumae, sextae decumae legionum, dein quinta et duoetvicensima secutae; postremo agmine unaet- 5 vicensima Rapax et prima Italica incessere cum vexillariis trium Britannicarum legionum et electis auxiliis. profecto Caecina scripsit *and occupies Cremona.* Fabius Valens exercitui, quem ipse ¹⁰ ductaverat, ut in itinere opperiretur: sic sibi cum Caecina convenisse; qui praesens eoque validior mutatum id consilium finxit, ut ingruenti bello tota mole occurreretur. ita adcelerare legiones Cremonam, pars Hostiliam petere iussae: ipse Ravennam devertit praetexto classem adloquendi. mox Patavi secretum componendae proditionis quae- ¹⁵ *He conspires with Bassus to desert Vitellius,* situm. namque Lucilius Bassus post praefecturam alae Ravennati simul ac Misenensi classibus a Vitellio praepositus, quod non statim praefecturam praetorii adeptus foret, iniquam ira- 20 cundiam flagitiosa perfidia ulciscebatur. nec sciri potest, traxeritne Caecinam, an (quod evenit inter malos, ut et similes sint) eadem illos pravitas impulerit.

CL. Scriptores temporum, qui potiente rerum Flavia domo monimenta belli huiusce composuerunt, curam pacis et amorem rei publicae, corruptas in adulationem causas, tradidere. nobis super insitam levitatem et prodi 5 Galba vilem mox fidem aemulatione etiam invidiaque, ¹⁰¹ *probably from motives altogether selfish.*

ne ab aliis apud Vitellium anteirentur, pervertisse ipsum Vitellium videntur. Caecina legiones adsecutus centurionum militumque animos obstinatos pro Vitellio 10 variis artibus subruebat : Basso eadem molienti minor difficultas erat, lubrica ad mutandam fidem classe ob memoriam recentis pro Othone militiae.

NOTES.

LIBER I.

I.

3. Octingentos et viginti, in round numbers: the events described in this book, from ch. 12, belong to the first three months of 69 A.D.

5. *res populi Romani*, sc. the history of the republican period: as opposed to the time when all *ad unum confabatur*. *Populus* has the same pregnant sense *A.* iv. 33, *cunctas nationes et urbes populus aut primores aut singuli regunt*.

7. *potentiam*: Augustus had not of course all the official power (*potestas*): but he had all the real control, cp. *interiorem potentiam* (2). *Potestas* sometimes means official power; sometimes, in a narrower sense, civil power, as opposed to the military *imperium*.

9. *inscitia* and *inscientia* are used by Tacitus indiscriminately: in Cicero *inscientia* is special, *inscitia* general ignorance.

11. *neutris cura*: Tacitus often omits past tenses of ‘*esse*’ with a dat. of the person: cp. 10, *nec Vespasiano...votum, 12, paucis judicium*.

12. *inter infenos*. Tacitus uses this construction with *inter* as an equivalent for the Greek abl. abs. ($\tauῶν μὲν ἐχθρῶν δυτῶν κ.τ.λ.$). Cp. 34, *credula fama inter gaudentes et incuriosos* (sc. *cum omnes gauderent et incuriosi essent*).

obnoxios means ‘beholden’ (cp. *fratris radiis obnoxia luna* in Virg. G. i. 396) and so ‘servile.’ For the first sense cp. ii. 56, *obnoxiis ducibus*: for the second, Liv. xxiii. 12, *si reticeam, aut superbus aut obnoxius videar*.

ambitionem. The word means, first, canvassing; secondly (and most commonly), any kind of popularity-seeking: cp. *A. xv. 21, vetita gratiarum actione ambitio cohibebitur*; thirdly, as here, flattery.

17. dignitatem: according to Nipperdey Tacitus was born about 54, and was quaestor 79-80, aedile or tribune 81-2, praetor 88.

20. neque amore, etc., sc. *neque amore quisquam et omnes sine odio*: cp. ii. 52.

22. securiorem: a subject not so '*periculosa plenum aleae*'; the same expression occurs *Dial. 3*.

It appears from these words that the Histories were published after Nerva's death.

II.

1. opus...pace saevom, 'the history of an age of dangers even in peace': cp. 50, *saevae pacis exempla*.

2. quattuor principes: Galba, Otho, and Vitellius, in 69; Domitian in 96.

5. permixta, 'contemporary': sc. the invasion of the Rhoxolani was contemporary with the outbreak of war between Otho and Vitellius; and the siege of Jerusalem with the war between Vitellius and the Flavians.

6. Illyricum: the reference is to the revolt from Vitellius of the legions quartered in Dalmatia, Pannonia, and Moesia, which together are often called Illyricum: cp. i. 76.

Galliae nutantes refers to the revolt of Civilis, who was joined by certain Gallic communities.

7. Britannia was conquered and incorporated in the empire by Agricola, but his successors did not maintain his conquests in Scotland, hence *missa*. Halm's text has *omissa*.

8. Sarmatarum: cp. 79. The Suevi mentioned here are a trans-Danubian settlement established by Drusus 19 A.D. They threatened the frontier *temp. Domitian*, with the Jazyges as their allies: cp. Dion Cassius, lxvii. 5.

9. cladibus mutuis, sc. the Dacians avenged the defeats inflicted on them by the Romans. Statius speaks of *deiectos vertice Dacos*, while we read (*Agric. 41*) of their defeating Roman armies.

10. **falsi Neronis.** Suetonius speaks of an impostor who was enthusiastically received by the Parthians in 88; another is mentioned ii. 8.

12. **haustae, etc.,** is the reading of M. Wölfflin would read *hausta aut obruta fecundissima Camp. ora*, putting *urbes* in brackets: because, as Heräus says, 1. ablatives of this kind, when indistinguishable from nominatives, are not found in Tacitus; 2. the repetition of *urbes* and *urbi* is objectionable; 3. *fecundissima* with *urbes* is otiose: the destruction of a city would not be a greater calamity because its surroundings were fertile.

Haustae, by sea : obrutae, by Vesuvius.

13. **incendiis:** Juvenal, *Sat.* iii. 7, mentions fires as one of the principal dangers which threatened residents in Rome. There was a destructive *incendium* in 80.

14. **Capitolio:** when the Capitol was taken by Vitellius' adherents, *v. iii. 71.*

15. **pollutae caerimoniae,** by Vestals who disregarded their vow.

magna adulteria, sc. in which persons of high rank were concerned. (This is Orelli's rendering, and is better than that of Heräus, who translates *magna* by 'terrible' or 'scandalous.') For this sense of *magnus* cp. Juv. v. 14, *fructus amicitiae magnae cibus* (friendship with the great); and *Hist.* ii. 53, *ut magnis inimicitiis claresceret.*

16. **scopuli:** the rocky islands which were the prisons of 'exiles' or *relegati*, e.g., Seriphus and Gyarus in the Aegaean, Planasia in the Tyrrhene sea (where Postumus Agrippa was murdered, *v. A. i. 7.*)

17. **omissi honores:** this is actually made a charge against a man in Domitian's time: D. C. lxvii. 13.

19. **praemia delatorum:** *A. ii. 32*, the property of Libo is divided among his accusers: those of them who are of senatorial rank are rewarded by praetorships. Mr. Mayor has a good note on *delatores* (Juv. iv.). *A. iv. 30*, they are called *genus hominum publico exitio repertum.*

21. **procurationes,** lit., agencies: the accusers are made *procuratores Caesaris*. There were three kinds of *procuratores*, all belonging to the *equestris ordo*, and generally selected from the imperial freedmen:—1. those who administered the smaller provinces (cp. i. 11, *quaeque aliae procuratoribus cohidentur*); 2. those who controlled the entire finance in

imperial provinces, or certain departments of finance—especially the *aerarium militare*—in the other parts of the empire; 3. *procuratores rei privatae* or *fisci*, who managed the imperial household. (Nipperdey on *A.* xii. 60.) That *procuratores* had sometimes the right of jurisdiction appears from *A.* xii. 60, *audita vox principis, parem vim rerum habendam a procuratoribus suis judicatarum ac si ipse statuisset.*

interiorem, ‘at court.’

22. *agerent verterent*, probably should mean ‘held absolute sway,’ being a traditional or conventional phrase like ‘*agere ferre.*’ They ruled with a power which excited hatred and alarm. Heräus would make *verterent* stronger than *agerent*: ‘they caused commotion, nay ruin’: and *vertere* would bear this sense; cp. iii. 61. *versa fides.*

24. *per amicos*: cp. Juv. iii. 116, *Stoicus occidit Baream, delator amicum.*

III.

3. *comitatae*: observe the common omission of the copula: we should translate ‘there were instances of,’ etc.

4. *secutae maritos*: as Fannia the wife of Helvidius Priscus twice accompanied her husband into exile.

8. *ipsa necis necessitas*: *ipsa necessitas* is reading of M. Heräus reads *ipsae neces*: he says *supr. necessit.* means ‘the last stern necessities,’ *ipsae neces* ‘death itself.’ If ms. reading is maintained the sense is ‘men had to meet their doom: that doom they did meet bravely.’

10. *caelo terraque*: this local ablat. is a construction borrowed from poetical usage, and frequent in Tacitus: cp. 55, *suggestu*, 68, *medio*.

13. *iusta indicia*, ‘sufficient proofs.’

14. *non esse*, etc., ‘that the gods were less solicitous for our happiness than the punishment of our crimes.’ For the thought cp. Lucan iv. 807:

“Felix Roma quidem civesque habitura beatos,
si libertatis superis tam cura placeret
quam vindicta placet.”

IV.

1. **repetendum**, sc. I must recal attention to an earlier time.

3. **quis habitus**: cp. *A. i. 48*, *quis finis*.

4. **in toto orbe** as distinguished from '*toto orbe*' seems to mean 'at any given point in the different parts of the world': without the preposition the meaning would be 'over the whole extent of the world.'

6. **fortuiti**: isolated incidents are governed by blind chance, at any rate in relation to their immediate causes: but the general course of history is guided by certain fixed laws and principles. Cp. *i. 86*, *a fortuitis vel naturalibus causis*.

8. **gaudentium impetu**: a good instance of the way in which an English abstract substantive is rendered by the Latin participle: so in the *Agric.*, *inlecebrae peccantium=temptations of vice*.

Laetus is used here, as often, in the sense of *laetitiae causa*.

9. **urbanum militem** here, as in 5, means all the soldiers in Rome, not the *cohortes urbanae* only.

11. **imperii arcano** is used in a different sense from *arcana imperii* (*A. ii. 36*). Here what is meant is the secret of succession.

alibi quam Romae: Tacitus often uses *quam* where Cicero would use *ac* or *atque*: cp. *aeque quam*, *ii. 84*.

13. **ut erga principem**: both Tacitus and Cicero often employ *ut* in the sense of 'as is natural,' 'as one would expect' (like *ως* in Greek). In Tacitus it is generally followed by a preposition: cp. *i. 34*, *ut in magnis mendaciis*.

14. **primores equitum**: the *equites industres* (*A. ii. 59*) or *insignes* (*A. xi. 5*). These were members of the equestrian order who possessed the senatorial census of 1,000,000 *testeres*.

pars populi integra, that is, the respectable middle class, including the clients or employés of great families.

17. **circo ac theatris**: cp. *Juv. x. 80*, *duas tantum res anxius optat, Panem et Circenses*.

18. **per dedecus N. alebantur**, sc. they subsisted on Nero's bounty, and disgraced him.

V.

1. **longo C. sacramento imbutus**, ‘long accustomed to swear allegiance to the Caesars.’

3. **arte et impulsu**, ‘pressure craftily employed’: the expression is a kind of hendiadys.

4. **donativum**: a largess of 7500 drachmae per man had been promised by Nymphidius Sabinus, who pretended that Nero meditated flight from Rome into Egypt (Plutarch).

7. **praeventam gratiam**, sc. *praeventos se esse in gratia*; others had been beforehand with them in winning the imperial favour. This is a bold use of *praerenire*, of which there appears to be no other instance. The construction is something like that of *cessati agri* in Ovid, Fast. 4. 617 (sc. *agri in quibus agricolae cessaverant*).

9. **N. Sabini**: v. Introd.

12. **plerisque**, ‘many,’ as often in Tacitus.

13. **senium**: Galba was seventy-four.

19. **pro re p. honesta**, etc., sc. it was creditable to him as an emperor, but dangerous to him as a man.

20. **nec enim ad hanc formam**, etc., may perhaps mean ‘his general conduct did not accord with words like these.’ The words thus form an introduction to the details of Galba’s régime in the next chapter. Another meaning suggested is ‘the expression was an anachronism’ (cp. 18, *severitas cui iam pares non sumus*), and certainly *enim* has more force thus.

VI.

1. **Vinius**: for his character v. ch. 48; according to Suetonius he was *cupiditatis immensae*.

Laco, according to Suetonius, was *arrogantia socordiaque intolerabilis*; cp. 24.

2. **odio flagitorum**, etc., is generally supposed to mean, ‘they ruined his character, because he was blamed for the crimes of the one and the supineness of the other.’ The full expression then would be *odio flagitorum alter onerabat, alter contemptu inertiae destruebat*: it is a condensed phrase

like in primam postremamve aciem prorumpebant aut relabebantur (ii. 41). But it is also possible, and perhaps better, to translate, ‘Galba bore the burden of their crimes, and was despised for his supineness in tolerating them.’

4. tardum iter : Galba left Spain early in July and reached Rome in September.

6. Turpiliano, known as a not unsuccessful governor of Britain under Nero.

8. tanquam innocentes, ‘executed because they were innocent’ (Orelli); but this implies too pessimistic a view of Galba’s character. Heraeus translates ‘as if innocent,’ i.e., they were commonly thought to be innocent. Probably *tanquam* refers to *indefensi*: they were so secure in their innocence that they did not attempt a defence.

9. trucidatis tot milibus : v. Introd.

11. legione Hispana, the *septima Galbiana*, raised by Galba in Spain. It was afterwards united by Vespasian with the *prima Germanica*, when the legion so formed was called *Gemina*.

ea quam e classe : Nero had formed this legion out of the élite of the *épißárai*, or marines. It was variously called *prima classica*, *prima Adjutrix*, *prima classicorum*. It was not the men of this legion, but their former comrades (the remaining marines) who were decimated by Galba.

13. numeri, ‘detachments’; it is a generic word including all such terms as *vexilla*, *cohortes*, *alae*.

15. Caspiarum, sc. *portarum*: a pass between Media and Hyrcania leading to the S.W. coast of the Caspian Sea. Pliny, *N. H.* 6. 11, calls it *portae Caucasiae*; the *portae Caspiae*, properly so called, being S. of the Caspian, N. of Teheran.

16. Vindex : v. Introd.

17. ut...ita, ‘although...yet’: as often in Tacitus; cp. next chapter. *Sicut...ita* is sometimes used in the same way.

prono favore, sc. not showing a decided preference for any one side; cp. 13, *prona in eum aula*.

VII.

2. Macer was governor of Africa, and so held the keys of one of Rome’s principal granaries. He attempted to make

himself master of the situation by preventing the sailing of corn-ships, and so starving the city out.

Capito, governor of Lower Germany.

3. *turbantem*, used intransitively, as 85, *militibus nihil in commune turbantibus*.

8. *foedum ac maculosum*, a combination occurring again ii. 30; cp. 52, *sordes et araritia F. Capitonis*.

10. *nequiverint*: Tacitus often combines past tenses in *orat. obl.* with the present and (as here) perfect subjunctive. Cicero avoids this usage altogether; but it is found in Caesar and Livy.

11. *dolum*, sc. the plot against his life.

ultra, with Tacitus, generally implies that something happens beyond or even contrary to expectation; often that the tables are turned, the condition of things exactly reversed. Hence, if one word is to translate it, ‘actually’ is often adequate; cp. 9, *infirmitate retinentis ultra accendebantur*, ‘his efforts to check them were so feeble as to be actually an incentive to violence’; 41, *obtulit ultra jugulum*, ‘so far was he from shrinking that, of his own accord, he offered his neck to the blow’; 71, *exemplum ultra imputavit*, ‘far from denying his loyalty he actually made a merit of it.’ In the present passage the sense is, that the order of things was reversed; the conspirators accuse Capito of their own crimes; the defendant becomes a plaintiff.

12. *an*, ‘or perhaps,’ a meaning which it frequently bears in Tacitus.

15. *perniciem*: M. *pmittit la*. Halm reads *parem invidiām*. Orelli reads *inviso semel principe seu bene seu male facta premunt. iam adferebant venalia*, etc., but this involves an impossible use of the ablative absolute.

17. *subitis avidae*, ‘greedily taking advantage of their sudden elevation’: cp. v. 15, *prosperis feroce*s.

tanquam apud senem, ‘as was natural at the court of an aged emperor,’ *ws γέροντος βασιλεύοντος*. *Tanquam* is used by Tacitus exactly like *ws*, to express the thought in the mind of the agent, the reason he gives himself for action.

18. *eadem mala*, sc. the same evils as before.

VIII.

1. *tanquam*. ‘as far as could be seen, considering the size

of the population' (Heräus); 'as might be expected in so large a population' (Orelli). The latter seems the best rendering; it is equivalent to $\omega\varsigma \epsilon\nu \pi\lambda\eta\theta\epsilon\iota \tau\sigma\sigma\acute{\nu}\tau\omega$.

3. Hispaniae, Tarragonensi.

4. C. Rufus, one of the historians of the period; he was consul in the reign of Caligula and a prominent member of Nero's court. Probably his *historiae* embraced the period from Caligula to Vitellius. He is occasionally mentioned by Tacitus as a source of information, e.g., A. xiii. 20, *Plinius et Cluvius...referunt*. For the part he played in 69, cp. i. 76; ii. 58. 65.

pacis artibus is ablative of quality: cp. A. i. 27, *is ante alios aetate et gloria belli*. *Bellis* is ablative on the analogy of *lascivia inexperti*, A. xvi. 5; but Dräger thinks it is a dative.

Rufus was more of a statesman than a general.

5. *super memoriam* v., 'besides that they cherished the memory of Vindex' (who was fighting for Galba).

6. *recenti dono R. civitatis*. Individual Gauls had already, under Claudius, received full civic rights. But not till now had any Gallic community been *publice donata* (51) with the franchise, which was now granted to those states which had joined Vindex.

7. *levamentum*, 'abatement' (of $\frac{1}{4}$).

9. *pari dolore...metiebantur*, 'they viewed with equal indignation the measure of,' etc.; cp. 53.

12. *metu tanquam*, 'they feared to be punished for having taken sides against Galba. *Tanquam* = because, as they knew: cp. 7.

IX.

1. *superior exercitus*, composed of three legions, the *quarta Macedonica, unetvicesima Rapax, duoetvicesima primigenia*. Their headquarters were at Mainz, and Windisch in the canton of Aargau.

H. Flaccus, *legatus pro praetore*; with the rank of *consularis* as governor of a Caesarian province.

4. adeo here introduces an *a fortiori* fact: its general

use is to introduce a statement which either justifies or is itself justified by what precedes. Cp. iv. 80, *aequalium quoque, adeo superiorum intolerantis*, ‘he could not endure an equal, and so much less a superior’; or Juv. iii. 272,

“ Possis ignavus haberi
et subiti casus improvidus ad cenam si
intestatus eas. Adeo tot fata, tot illa
nocte patent vigiles te praetereunte fenestrae.”

In Cicero *adeo* sometimes means ‘nay more’: *Verr.* ii. 3, *adducitur atque adeo attrahitur*.

5. *ultro* : cp. 7.

inferioris Germ. legiones : I. Germanica (at Bonn), V. Alauda, XV. Primigenia (at Vetera near Wesel), XVI. Gallica (at Novaesium, Neuss).

6. *sine consulari*, after Capito’s death.

A. Vitellius: this is the first mention of the future emperor.

donec is used by Tacitus indiscriminately with indicative or subjunctive, but apparently nowhere else with the imperfect indicative.

8. *id satis videbatur*, sc. to Galba, who thought the soldiers would be pacified by the arrival of a commander of such good family.

Brit. exercitu: composed of the legions II. Augusta, IX. Hispania, XX. Valeria.

9. *nihil irarum*: the outbreak mentioned in ch. 60 seems to have been due to the quarrels of their superiors rather than to any mutinous spirit among the men.

12. *Illyrico*: the legions were the XIII. Gemina and (later) VII. Galbiana in Pannonia: XI. Claudia, XIV. Gemina Martia Victrix in Dalmatia: VII. Claudia, VIII. Augusta, III. Gallica in Moesia.

13. *excitae*, sc. they had marching orders (against Vindex): cp. ii. 66, *exciti*.

14. *cunctantur*. Classen reads *cunctatur*, which makes better sense: as the legions do not appear to have left Illyricum. Nero’s hesitation to march against Vindex apparently suggested to the soldiers that Verginius’ star would be in the ascendant.

17. *nec vitiis nec viribus*, sc. they were not contaminated by each other’s vices, nor could they unite their strength.

X.

2. *quattuor legiones*: III. Gallica, IV. Scythica, VI. Ferrata, XII. Fulminata. The first however was now in Moesia: cp. 79.

3. *Mucianus*, thrice consul: since 67 he had governed the consular province of Syria.

4. *iuxta*, 'equally': as often in Tacitus.

famosus, 'notable': in Cicero the word more frequently means 'notorious.'

4. *insignes amicitias*, 'friendship with distinguished persons'; cp. 2, *magna adulteria*.

5. *ambitiose* practically means 'with ambitious designs.'

6. *Claudii iracundia*, probably because of his relations with Messalina.

7. *secretum Asiae*, perhaps Lycia, of which Muc. is mentioned by Pliny as *legatus*. *Repositus* is the reading of M.; but *sepositus* is a word often used in this connection by Tacitus: cp. 13, (*Othonem*) *specie legationis in provinciam sepositum*.

9. *artibus* means 'qualities,' as often in Sallust and Tacitus. *mixtus*: he was a combination of good and bad. Cp. *Agric.* 4, *locum Graeca comitate et provinciali parsimonia mixtum*.

10. *vacaret*. Writers of the silver age prefer the subjunctive in clauses expressing 'indefinite frequency,' where Cicero and Caesar would use the indicative: cp. 49, *ubi in bonos incidisset*.

expedierat=*ad bellum profectus erat*: cp. 88, *multos...secum expedire jubet* (Otho, when setting out for the seat of war). Halm reads *se expedierat*, unnecessarily.

11. *palam*, 'his outward behaviour' ($\tauὰ \ ἐν \ δῆμασιν$): the adverb is used adjectivally: cp. *A.* xiii. 6, *honestis an secus amicis*; and *deinceps reges* (Livy).

male audiebant, κακῶς ἤκουεν.

12. *collegas*, the governors of adjacent provinces.

13. *et cui*, 'c.' For the form of the sentence (a relative clause taking $\tauὸν$ place of an epithet) cp. Juv. iii. 49, *quis nunc diligitur nisi onscius et cui servens aestuet occultis animus semperque tacet*?

16. *tribus legionibus*: V. Macedonica, X. Fretensis, XV. Apollinaris.

19. *suo loco*: sc. *proprio loco*: cp. Liv. xxii. 39, *neque suam occasionem hosti des*.

21. *post fortunam*, 'after his elevation to power': cp. ii. 59, *fortuna principalis*.

XI.

2. *copiasque* : legiones XXII. Deiotariana and III. Cyrenaica.

quibus coerceretur, 'intended to preserve order.'

3. *loco regum*: the *eques* held the position occupied formerly by the dependent kings of Egypt. This governing *eques*, though endowed with full powers, was a servant of the emperor and not an ordinary provincial governor: in rank he was the equal of the *procuratores* who administered smaller provinces. Tacitus says (*A.* ii. 59) that Augustus, recognizing the importance of Egypt as one of the storehouses of Rome, jealously guarded the country by forbidding senators or *equites* to enter it without special permission.

6. *insciam legum*: accustomed to an absolute monarchy, the Egyptians could not be governed according to strictly Roman ideas.

7. *domi retinere*, sc. *domui Caesarum peculiarem servare*, by making the governor a servant of the emperor. Halm reads *domui*.

T. Alexander: an Egyptian Jew. We hear of him in ii. 79 as one of the first adherents of Vespasian.

9. *legiones* is the ms. reading, and the plural might, without much difficulty, precede the singular *contenta* (ms.), the word agreeing with *Africa* and *ac legiones* being a kind of parenthesis. There was now one Roman legion (III. Augusta) in Africa, i.e., E. Algeria. But Cl. Macer had raised a body of national troops: cp. ii. 97, *cohortes delectae a Clodio Macro*; and there are coins which bear the names of two legions, III. Augusta and Macriana Liberatrix.

10. *domini minoris*: Macri.

11. *duae Mauritaniae*, the western province (Tingitana) and the eastern (Caesariensis). Mauritania was a kingdom till A.D. 41, when its king Ptolemaeus was put to death by Caligula: the country was then divided into two imperial provinces.

12. *procuratoribus*, in smaller provinces: cp. 2. Writers of the silver age use the dative of the agent habitually: by Cicero and Caesar its use is limited to cases where the action is directly in the interest of the doer: e.g. *ad Att.* i. 19. 4, *suspicio Pompeio noram quandam potentiam quaeri*.

15. *inermes* prov., i.e., most of the senatorial provinces or some of those governed by *procuratores*: cp. ii. 81, *inermes legati*.

16. *cuicunque*, in the silver age sometimes as here equivalent to *cuius*: cp. 15, *adsentatio erga quemcumque principem*.

XII.

1. kal. Ian. of 69. The legions only declared themselves Jan. 1.

2. *procuratoris*: here, the finance officer.

4. *rupta reverentia*: cp. Liv. xxviii. 27, *rumpere religionem*. Elsewhere the expression used is *exuere reverentiam*.

8. *agitantis*, ‘considering,’ ‘debating’: cp. iv. 59, *de supremis agitantem*.

non sane: from these words there is a parenthetical preface to the end of 13, where the story is resumed.

11. *fessa aetate*: cp. A. i. 46, *Augustum fessa aetate*.

iudicium, ‘sober conviction’: cp. 32, *neque illis iudicium aut veritas*.

12. *prout quis amicus*, etc., sc. they spread rumours about the elevation of some friend or patron.

13. *ambitiosis*, ‘interested’: it was for their interest that the reports which they circulated should be true.

14. *in T. Vini odium*, ‘to gratify their hatred of Vinius’: cp. Ov. *Met.* xiv. 71, *in Circes odium sociis spoliarit Ulixem*.

15. *auctu*: M. has *actu*, of which the meaning is much the same.

quippe, etc. ‘Galba’s very easiness of temper whetted the appetite of his courtiers, caused by their elevation to power: his weakness and credulity lessened the danger while it increased the reward of crime’: cp. Cic. *in Verr.* ii. 2. 134, *hiante araritia*.

XIII.

2. *Vinium...Laconem...Icelo*: these three were called Galba's *paedagogi* (Suetonius).

divisa in, 'divided between': cp. iii. 58, *curam delectus in consules partitur*: Plaut. *Aul.* i. 2. 30, *dividere nummos in viros*.

4. *anulis*, sc. the golden ring, the sign of equestrian rank: cp. ii. 57, *honoravit Asiaticum anulis*.

5. *Marcianum*: Μαρκιάνος "Ικελός, Plut. 9. 7.

6. *rebus minoribus*: earlier writers would say *in rebus*: cp. 7, *subitis avidae. Sibi*, sc. each was guided by his own interest.

7. *circa*, 'with respect to': a meaning confined to the Latin of the silver age: cp. A. xi. 15, *publica circa bonas artes socioria*.

13. *vidua*, 'unmarried,' not necessarily widowed: cp. Liv. i. 46.

14. *subisse*, sc. *mentem Galbae*: he thought it would be useless to have deposed a Nero only to make room for an Otho.

16. *incuriose*, in indolence: *petulanter*, in vice.

17. *eo* in the Latin of the empire often means 'for that reason': cp. 27, *eo prius exploranda*.

19. *deposuerat*: v. Suetonius, *Otho* 3.

20. *amoliretur*, 'get rid of': cp. A. ii. 42, *amoliri iuvenem statuit*.

21. *Lusitaniam*: although that province was generally governed by *praetorii*, and Otho was only *quaestorius*.

22. *in partes*, sc. *Galbae*; *partes* here, as always in the Histories, the party of opposition to a reigning emperor.

24. *spem acrius rapiebat*, 'eagerly indulged the hope.'

XIV.

Here the thread of the story is taken up afresh.

3. *quonam vis erumperet*: cp. Cic. *ad Att.* ii. 21, *quonam dominatio sit eruptura*.

6. *comitia imperii*, 'imperial election,' i.e., the choice of a successor: on the analogy of *comitia consularia*, etc.

7. **Celso**: a faithful adherent of Galba and afterwards of Otho (cp. 71). His high character seems to have gained for him not only security but honour in these troublous times, notwithstanding the prominent part that he played. In 63 he was *legatus legionis*, and *iterum consul* as late as 105: *his armis illa quoque tutus in aula*.

8. **D. Geminus**: known as one of three commissioners appointed by Nero in 62 to manage the provincial revenues.

9. **Pisonem**: his full name was Lucius Calpurnius Piso Frugi Licinianus. He was son of M. Licinius Crassus Frugi, and by his mother Scribonia connected with the Pompeii: his father by adoption was L. Calpurnius Piso Frugi.

11. **Rub. Plautus**: whom Juv., viii. 39, addresses as a type of the highborn *fainéant*: *Tecum est mihi sermo, Rubelli Plaute: tumes alto Drusorum stemmate, tamquam feceris ipse aliquid propter quod nobilis esses*, etc.

13. **prospera**, 'favouring.'

16. **ex aestimatione recta** = *recte a estimantibus*.

deterius interpretantibus, 'those who took a less favourable view.'

18. **quo suspectior...adoptanti placebat**, sc. *eo magis placebat*. Tacitus and Livy generally either use *quo* with comparative and *eo* with positive, or omit *eo* altogether: as ii. 11. 'That side of his character which made him an object of suspicion and anxiety to some, was a recommendation to Galba.'

XV.

3. **lege curiata**. Adoption of adults (*arrogatio*) could theoretically be only ratified by the *curiae*, summoned by the *Pontifices*. Since 286 B.C. the *curiae*, being politically abolished, had been represented at the ceremony by 30 lictors.

4. **moris**, 'customary.'

5. **egregium erat**: the apodosis is in the indicative, being by itself true without reference to the protasis. 'It is a distinguished honour to,' etc., 'and that honour would be mine': cp. 16, *si immensum imperii corpus stare sine rectore posset, dignus eram*, etc. Cp. also Plaut. *Trin.* 119, *operam dare fuerat aequius*.

7. *Lutatiae*: Galba being on his mother's side descended from Q. Lutatius Catulus.

11. *maiores nostri*: Galba's father was a Caesarian, Calpurnius Piso a prominent Pompeian: and Pompeius himself was an ancestor of Piso.

13. *Marcellum*: the *miserandus puer* of the sixth book of the *Aeneid*. He was the son of Octavia and Claudius Marcellus, and husband of Augustus' daughter Julia.

18. *neque ipse imperium ambitione accepi*, sc. I was not elected by favour, apart from merit, but *ab aestimantibus* (16). 'Mon élection n'a pas été un arrangement de famille' (Buronuf). It was not a job, as we should say.

The thought is:—I might have chosen a successor from my own family: but I have preferred to act otherwise, because, 1. I was not elected in that way myself; 2. I have so high an opinion of your merit.

19. *documentum sit*: the *copula* takes the number of the predicate sometimes when the subject is an abstract idea or can be equally well expressed by a *quod* clause, as here: the equivalent would be *quod meas necessit. tibi postposui*: cp. Cic. *ad Fam.* vi. 12, *est unum perfugium doctrina ac litterae.*

21. *frater*: Crassus Scribonianus.

25. *adversam*: cp. 48.

30. *pessimum veri*, etc., 'self-interest, the bane of sincerity.'

31. *etiam utilitas. ego*, etc. M. has *utilitas. etiam*. *Et iam ego* (Puteol.) gives a good sense: i.e., 'not only will this be true in the future: now, this moment, we are surrounded by flatterers.' Halm reads, *etiam si ego*.

35. *quemcumque*: cp. 11.

sine affectu, sc. flattery requires no feeling.

XVI.

2. *res publica*, here 'republican' or 'constitutional form of government.'

12. *ultra aestimatur*, etc., sc. if a man is born in the purple he is accepted as a ruler, without farther consideration of merit or demerit: but in adoption we are free to exercise our

judgment and choose the best man. *Sit ante oculos Nero* refers back to *nec tua juventa quam bonum principem*: remember Nero, who was ruined by his own vices, in spite of his hereditary right to the throne: how much more keenly criticized shall we be, who have been elected for our merits!

15. *una legio*: VI. *Victrix*.

19. *cum invidia*: Cicero would say *in invilia*: ‘critically regarded.’

20. *duae legiones*: cp. 12.

27. *utilissimus idem*, etc., sc. you will rule best by trying to put yourself in your subjects’ place: absolute despotism without consideration for the feelings of others is here impossible.

30. *quae regnantur*: cp. *Aen.* vi. 794, and *A.* xiii. 54, *in quantum Germani regnantur*.

XVII.

2. *statim intuentibus*, sc. *paucis statim intuentibus et mox omnium oculis conjectis*. *nihil in voltu*: Plutarch says ἀνεμπλήκτως ἐδέχετο.

5. *de se*: as if *Piso* was the subject of the sentence.

8. *in castris*: the praetorian camp established by Tiberius to the N.E. of the city (on the site of which are the modern barracks).

10. *ut...male adquiri*: in *orat. obl.* *ut* in the sense of ‘as’ is frequently followed by the accusative and infinitive. Even Cicero once uses this construction: *pro Cluent.* 132, *ut mare ventorum vi agitari*.

13. *publica expectatio*: a phrase curiously at variance with the usual tendency of Latin to employ concrete where we use abstract words: cp. ii. 46, *non exspectavit militum ardor vocem imperatoris*.

14. *supprimentes*, ‘by attempted contradiction.’

XVIII.

2. *quartum Idus*: an imperfect inscription appears to commemorate Piso’s adoption on this day.

4. *observatum* does not seem to be used in a technical sense, like *servare* in the phrase *servare de caelo*; but means simply ‘such phenomena had once been carefully regarded, and led to the dissolution of the comitia: but now,’ etc.: cp. Cic. *de Divin.* ii. 43, *Jove tonante fulgurante comitia populi habere nefas.* Piso’s adoption was a case in point: Plutarch says ἐβρόντησε καὶ κατήστραψεν.

6. *contemptorem*, etc. Notice the change of construction from an attribute to a complete sentence: cp. A. xiii. 15, *venenum accepit tramisitque...parum validum, sive temperamentum inerat.* Either Galba regarded all as mere chance, or he was blinded to his doom.

9. *exemplo...et more*: *more...et exemplo*, M. According to the ancient method of levying troops, one man was first chosen, and in his turn chose a comrade, who selected another, and so on.

11. *ultra adseverat*: so far from trying to hide it he actually called attention to it.

12. *quartam et duoetv. legiones*: in cases like this there is in Latin the same variety as in English: we can say the 4th and 22nd legion or legions. Tacitus prefers to use the plural.

Duoetvicesima is everywhere the reading of M.: Orelli always alters it (I do not know why) to *duodevicesima*.

13. *in officio fore*=‘return to their allegiance.’

17. *tanquam...perdidissent*, sc. they saw that they had lost it.

usurpatam etiam in pace: e.g., a largess is given on the occasion of Nero’s assuming the *toga virilis*: A. xii. 41. .

XIX.

5. *multi voluntate*, etc.: the construction proceeds as if *savor aderat* were *farebant*. ‘Many really wished him well: his enemies were foremost in proffering their homage: those who were neither friends nor foes—the majority—met him with spontaneous flattery.’ The meaning ‘spontaneous’ for *obvius* is justified by *obvia comitas*, A. ii. 2. The ms. reading is *multi voluntate effusius qui noluerant medie*, but *medie* is not found elsewhere in Tacitus.

effusius, avec empressement. For *medii* cp. iv. 8, *mediis patrum adnitentibus retinere morem.*

6. *spes agitantes*, sc. thinking only of their own prospects.

9. *in publico* = *palam*, in the sight of all men : cp. 86, *rapti e publico plerique*. This use of *publicum* is not unknown to Cicero and Caesar : cp. *in Verrem* ii. 4, *jacui et pernoctari in publico*.

14. *maiore praetexto* : sc. the deputation would be more imposing were the dignity of a member of the imperial house united with the senate's authority. *Praetextus* = $\pi\rho\delta\sigma\chi\eta\mu\alpha$: Louandre translates *solemnité*. *Illi* is really a nominative absolute, attracted or supported by *hic...laturus* : one would expect *cum illi auctoritatem senatus...laturi essent, hic dignationem Caesaris.*

17. *consilio intercessit*, ' raised objections to the plan.'

20. *ambitu*, sc. the use of illicit or personal influence, in order to gain permission to go or stay.

XX.

The investigations and troubles described in this chapter of course date from a time much anterior to Piso's election, as the events related could not possibly have taken place within the three days which intervened between his adoption and his death. We can only suppose that Tacitus mentions the financial difficulty here because it increased Galba's unpopularity, and thereby led to Otho's accession ; but, from whatever cause, he has chosen to speak of it as not arising till after January 11. (Or is the historian describing a state of things which began now and continued through the reign of Otho ?)

4. *bis et vicies milies*, 2,200,000,000 *sest.* = about £20,000,000. A good deal of money must have gone out of Italy besides : e.g., Nero $\tau\hat{\eta}\Pi\theta\iota\eta\delta\epsilon\kappa\mu\nu\pi\alpha\delta\alpha\epsilon\tilde{\epsilon}\delta\omega\kappa\epsilon\nu$ (D.C.) : this particular sum, however, Galba recovered : cp. also Plut. ix. 16.

7. *relicta* : notice the ablative absolute describing something contemporaneous with the action of the principal verb : 'intending to leave them,' etc. : cp. 2, *urbs incendiis vastata, consumptis antiquissimis delubris.*

super...erant: *tmesis*, as in *Aen.* ii. 567, *jamque adeo super unus eram.*

8. *erga aliena*: so (*A.* iv. 20) *diligentia erga pecuniam*. These favoured persons were as lavish of Nero's gifts (*aliena*) as they had been of their own money: Plutarch calls them as a class ἐφημέροι καὶ σατυρικοὶ τοῖς βίοις.

10. *faenus*, 'capital,' as *A.* vi. 17, *duas quinque fenoris partes in agris per Italiam collocaret*.

11. *instrumenta*, slaves, etc.

triginta: Suetonius says 50. *numero*, the number of those from whom money was to be exacted.

13. *ambitu*, 'extent of their power' (Orelli). But it probably means 'intrigue,' i.e., the intrigues of the recipients of Nero's bounty, in order to elude the commission.

onerosum, 'cumbrous in its working.'

hasta, the symbol employed at state sales of property, and so used at sales which, as here, were enforced by the state-appointed commission.

sector: *sectores vocantur qui publica bona mercantur* (*Gaius*). The word is applicable here on the same grounds as *hasta*. For the origin of the expression *v.* Mayor's note on *Cicero Phil.* ii. 39.

14. *auctionibus*: M. has *actionibus*; sc. trials, *cognitiones*.

18. *urbanae cohortes*, the three cohorts which ordinarily garrisoned Rome.

19. *vigiliae*, otherwise called *cohortes vigilum*: there were seven, forming the town fire brigade.

20. *formidinem*, M. Halm reads *formidine*.

XXI.

3. *luxuria etiam principi onerosa*: Suetonius (*O.* 5) says, *neque enim dissimulabat nisi principem se stare non posse, nihilque referre ab hoste in acie an in foro sub creditoribus caderet*. Otho was πεντακισχιλίων μυριάδων δόφλήμασι βεβαπτισμένος ("dipped," in fact), according to Plutarch, *G.* 21.

5. *fingebat et metum*, 'he pretended to fear, in order to give himself an additional incentive to ambition.'

6. *praegravem*, 'inconvenient.'

7. *Lusitaniam*: cp. 13.

9. *qui proximus destinaretur*, sc. by public opinion.

12. occidi Othonem posse: Heräns puts these words in brackets, after Ritter and Urlichs, who suppose them to be a gloss. They are in all the mss.

proinde here, as usual, introduces a call to action made necessary by a given situation: cp. 56, *proinde aut bellandum*, etc.

13. dum G. *auctoritas fluxa*: *esset* is only omitted by Tacitus (except in indirect questions, when it is as often omitted as not) when it is followed by another subjunctive in the same construction: as by *coaluisset* here.

14. *coaluisset*: cp. iv. 55, *coalita libertas*: ‘consolidated.’

15. *transitus rerum*, ‘the moment of the transfer of power.’

XXII.

2. *animus*: Plutarch, *G.* 25, calls him *λταύβς πρὸς τὰ δεινὰ καὶ ἀτρεστος*.

3. *quam in privata domo*=*quam pro pr. domo*, ‘than seemed the house of a private citizen.’

4. *adulteria matrimonia*, M. Halm reads *adultera matrimonia*. Ritter and Urlichs would omit *matrimonia* on the ground that it is a gloss interpolated after *adulteria*: which does not seem likely.

7. *ut aliena exprobabant*, ‘taunted him with another’s possession of them.’

8. *mathematicis*, ‘astrologers’: also called Chaldaeii, as *A.* ii. 27. We hear of their expulsion, ii. 62, *pulsi Italia mathematici*: and *A.* ii. 32, *facta et de mathematicis magisque Italia pellendis SCta*. They were often tools of the *delatores*: cp. the story of Libo in the *Annals* (ii. 27). [On the subject of astrologers at Rome v. Mayor’s note on *Juv.* xiv. 248].

novos motus, ‘changes.’

10. *potentibus infidum*, ‘not to be relied on by the great.’

12. *secreta Poppaeae*: the astrologers had shared the secret counsels of Poppaea. They are called contemptuously *instrumentum*, part of the vilest furniture of the palace: *instrumentum* generally means the furniture of a house, or the inanimate stock or ‘plant’ on a farm.

14. *Ptolemaeus*: Suet., *O.* 4, calls him Seleucus: but probably confuses him with Vespasian’s astrologer Seleucus,

mentioned ii. 78. Plutarch agrees with Tacitus in the name Ptolemaeus.

Othoni comes, a common use of the dative in Tacitus and Livy, rare in earlier writers : cp. iii. 6, *Antonio comes*.

16. coniectura iam et rumore, a kind of hendiadys : ‘basing his conjectures on the common talk about Galba’s age.’

XXIII.

1. nec deerat is closely connected with *sceleris instinctor* : ‘nor was Ptolemaeus slow to incite his master to crime.’ *Non deesse* is used by Tacitus in four constructions : 1. as here ; 2. as iii. 54, *nec duces hostium augendae famae deerant* ; 3. as i. 36, *nec deerat Otho protendens manus adorare volgus* ; 4. as A. xiv. 39, *nec defuit Polyclitus quo minus*, etc.

4. repens is a word found in Tacitus alone : in other authors *repentinus* is its equivalent. The sense is that the idea of crime may have been a late addition, conceived on the spur of the moment.

6. in itinere, in agmine : *in itinere*, on the way from Spain, whether with or apart from the men : *in agmine*, when marching with the column (Orelli). Nipperdey reads *in itinere et agmine*.

8. Neron. comitatus, ‘their companionship under Nero’s régime.’

14. Achæiae : the official name for the province of Greece. These praetorians had been accustomed to accompany Nero on his tour as an *artiste*, when, as Heraüs says, they formed a regular *claque* for the crowned virtuoso. In order apparently to make his picture of the soldiers’ discontent more complete and striking, Tacitus has chosen to speak of the luxurious *praetoriani* as if they had actually shared the hardships of the troops who escorted Galba from Spain : there is no reason to suppose that they were then with him.

16. Notice that *eniterentur* is properly only used with *Pyrenæum et Alpes* : it governs *spatia* by zengma.

XXIV.

2. faces addiderat, ‘fired the fuel of their discontent.’

3. *Tigellini*: one of Nero's favourites and confidants. Juvenal (i. 55) takes this man as a type of the imperial favourite of whom it is dangerous to speak evil:

“Pone Tigellinum: taeda lucebis in illa
Qua stantes ardent qui fixo gutture fumant,” etc.

On his character and death, *v. 72*.

6. *per speciem convivii*, etc. Nero had commuted the imperial *convivia publica* for a gift of money: and patrons in general adopted the practice of giving a small sum to their clients (*sportula*, 25 *asses* or 6½ *sest.*, according to Martial and Juvenal, *passim*) in place of the hitherto customary meal. In the present instance Pudens chooses to consider himself under an obligation to give a dinner to the guard: and commutes this dinner for an extravagantly large gift of money—25 *denarii* or 1 *aureus*, about 17s. This is, so to speak, a *publica* or official *larytio*, because it is given in place of the necessary dinner.

The custom of placing soldiers on guard during dinner originated with Claudio: ἐν τε τοῖς συμποσίοις πάντως τινὰς στρατιώτας συνόντας εἰχε, καὶ τοῦτο μὲν ἐξ ἐκελου καταδειχθὲν καὶ δέντρο δει γλυνεται (D. C. ix. 3).

10. *animosus*: cp. *animose emere* or *liceri*, to bid high.

11. *speculatores*: an imperial bodyguard chosen from the *praetorians*, called in Greek λογχοφόροι or δορυφόροι; *speculatorum lecta corpora*, ii. 11. Sometimes they were employed for carrying despatches: cp. ii. 73.

13. *per socordiam praefecti*, ‘permitted to do so by the,’ etc. *Per* often means ‘with the consent of,’ as in the phrase *per me licet*. Cp. Cic. in *Verr.* ii. 4. 61, *per senatum agere quae voluerant non potuerunt*.

XXV.

1. *tum*, i.e., after Piso's adoption: Jan. 11 or 12, one may suppose.

2. *tesserarium*: οὕτω καλοῦνται οἱ διαγγέλων καὶ διοπτήρων ὑπηρεσίας τελοῦντες (Plut. *G.* 27). Among the duties seems to have been the announcing of the countersign (*tessera*). We may translate ‘orderly’: but the post of *tesserarius* is apparently not temporary.

3. *optio* does not exactly correspond to any officer in the

English army. He seems to have combined the functions of paymaster, lieutenant, and adjutant. According to Festus and Vegetius he is a subaltern who represents the *decurio* or *centurio* in case of necessity. We may translate ‘lieutenant.’

6. *manipulares*: ‘company officers.’ The Roman soldier is called *manipularis*, as belonging to the maniple or century, and is thereby distinguished from the officers of the cohort or legion, from centurion upwards. *Gregarius*, on the other hand, is the term for privates.

8. *suspensos*, undecided, *μετεώρους*.

9. *primores militum*, who would correspond more or less to English non-commissioned officers. But the distinction between commissioned and non-commissioned rank is not obvious in the Roman army.

10. *Nymphidi*: Galba would suspect them, as having got promotion from Nymphidius.

11. *desperatione...donativi*, sc. *amissa spe d.*

13. *in commune*, ‘alike,’ as often in Tacitus. *mutandae militiae*, lest they should be drafted into the legions and so sent to the provinces.

XXVI.

1. *ea tabes*: ‘the infection of mutiny spread to the legions.’

2. *legionum*: there was really only one legion, with detachments from two others.

4. *etiam apud integros dissimulatio*: sc. even those who had no grudge against Galba were prepared to shut their eyes to the active disaffection of others. *dissimulatio* often = intentional ignoring; as iv. 8, *primos Civilis conatus per dissimulationem aluit*.

5. *postero Iduum die*: the reading of M. is *dierum*, but the last syllable may have originated in the *re* of *redeuntem*. According to Halm and Heräus *Ian.* should precede *die*. Reading them *postero Id. Jan. die* Heräus understands it to mean ‘the next day, that is, the Ides’ (the 13th). But ‘next’ to what? we have no antecedent date sufficiently definite for *postero* to refer to it. It seems best then to translate ‘the day after the Ides,’ the 14th, xix. Kal. Febr. That it is possible so to translate is rendered probable by Halm’s (Latin)

note on Cic. *pro Sulla* 18. Tacitus' chronological arrangement is not so careful, but that *multa erumpentis seditionis indicia per conscos oppressa* may be referred to the whole period between Piso's adoption and Jan. 15.

6. *rapturi fuerint*. When the subjunctive depending upon an unfulfilled condition is governed by a conjunction, e.g., *ut*, *cum*, etc., or belongs to a dependent question, the tense used is the perf. subj. in combination with the future participle: cp. A. iii. 53, *quodsi mecum consilium habuissent, nescio an suasurus fuerim*. Of course in the passive this is impossible, and the pluperf. subj. is then used: cp. Cic. *pro Sest.* 62, *dubitatis quin ei vis esset allata?*

7. *sparsa militum castra*, as we see from 31.

14. *elusit* sometimes means 'parried': Hor. *Ep.* i. 17, 18, *mordacem Cynicum sic eludebat*. Here it rather means 'made light of.'

15. *ignarus mil. animorum*, never having been a soldier: cp. Suet. *G.* ix. 14.

XXVII.

2. *pro aede Apollinis*, on the Palatine.

3. *tristia*, 'betokening misfortune,' as *laetus* has the opposite sense: 62, *laetum augurium*.

4. *domesticum hostem*, 'an enemy within the walls.'

12. *emi sibi*: cp. 11, *procuratoribus cohibentur*.

praedia apparently here means a house, as well as landed estate.

13. *per Tiberianam domum*, behind (west of) the Palatium. Probably there was a thoroughfare through it as there appears to have been through the palace of which the ruins still overlook the Forum. The Velabrum was the quarter of the town lying between the Tiber, the Forum, and the Aventine. Perhaps to avoid suspicion, Otho takes a somewhat circuitous route in order to reach the *mil. aureum*: a more direct way would have been along the west side of the Forum.

14. *miliarium aureum*, just beneath the Capitol: the central point apparently where the principal roads converged. Plin., *N. H.* 3. 9, speaks of *mensura currens a miliario in capite Romani fori statuto*.

17. *mucronibus*, poet. for *gladiis*.
 19. *miraculo*, ‘curiosity’ = *admiratio*: as iii. 25, *hinc per omnem aciem miraculum et questus*.
 20. *clamore et gaudiis* (there is the best ms. authority for *gladiis*, an expression which would be very like the familiar ‘in tears and a sedan chair’), a hendiadys, meaning ‘shouts of joy.’ *Gaudiis* seems to be equivalent to *gaudio*. Cp. ii. 70, *clamore et gaudio*.
-

XXVIII.

2. *magnitudine*: for ablat. corresponding to the participle *metuens*, cp. *A.* ii. 38, *siluit Hortalus pavore an...retinens*.
 3. *si contra tenderetur*: cp. iv. 16, *mox contra tendere*.
 6. *praesentia*, ‘present safety’; *dubiis*, ‘danger.’
-

XXIX.

2. *fatigabat*, ‘was assailing the gods with his prayers’: sc. he was sacrificing victim after victim in the hope of obtaining a favourable omen. *Fatigare* in this sense is commonly used in poetry and picturesque prose: cp. *Lucr.* ii. 1237, *nequidquam divom numen sortesque fatigant*; *Livy* i. 11, *precibus fatigata*.

alieni imperii deos, ‘the protecting deities of an empire which had already passed from him.’

incertum quem, a phrase like *nescio quis*.

4. *simul ex tota urbe*, sc. *aderant rem nuntiantes*.

9. *integra*, ‘unimpaired’ (by failure). His authority was to be reserved for the last emergency, without having its prestige weakened by any unsuccessful appeal.

10. *pro gradibus* means not ‘in front of the steps,’ but ‘standing out on’ them. *Pro* often has this meaning in *Tacitus*: cp. 36, *pro vallo castrorum* (on the rampart). *Plutarch* does not mention this speech of *Piso’s*.

12. *sextus dies*, according to Roman computation, which includes the terminus both *a quo* and *ad quem*. *Piso* speaks on Jan 15: he was adopted on the 10th.

13. *ignarus futuri et sive*. One would expect either *et utrum...essem* or the omission of *et*, so as to make *sive...essem* a parenthesis. But there is no reason why *ignarus* should not stand in connexion with a *sive* clause : the regular construction is of course *ignarus sum utrum sit annon* ; but you can say *sive es*, *sive non es*, *ignarus sum* (however it be, I am ignorant about it).

15. *quo...fato*=with what result : sc. whether my election was a calamity or the reverse for my family.

16. *meo nomine*, 'in my own person,' 'for my own sake' : used in this sense both by Cicero and Tacitus.

17. *cum maxime*, 'at this moment' : frequently thus used by Tacitus : cp. 84.

19. *patris vicem doleo* : cp. Hor. *Epod.* 17. 42, *Infamis Helenae Castor offensus vicem*. It is like the Greek $\chi\alpha\rho:\nu$ or $\delta\iota\kappa\eta\nu$.

22. *incruentam urbem*, Galba's massacre of the troops at the Mulvian bridge having taken place $2\frac{1}{2}$ miles from the city.

XXX.

2. *modestiae*, here 'morality,' $\sigma\omega\phi\rho\sigma\acute{\nu}\eta$.

relatu, a word only found in Tacitus.

6. *mereretur imperium*, 'was he to,' 'could he deserve' : the dubitative subjunctive referring to past time : as often in Cicero, e.g. *pro Sest.* 42, *haec cum viderem quid agerem?* cp. such phrases as *tibi uni peteres*, Phil. 2 (sc. *petere debebas*) and the familiar *tu dictis, Albane, maneres*, in the *Aeneid*.

7. *imponit*, a word in this sense of the silver age : cp. Juv. iv. 103, *facile est barbato imponere regi*. There is no tautology here : the sense is, 'those who are deceived by his seeming liberality are wrong in their expectation : for he will only know how to squander,' etc.

11. *penes ipsum sit*, 'are his.'

13. *bonis artibus*, 'by good means' : cp. Sall. *Catil.* 2 *imperium facile iis artibus retinetur quibus initio partum est*.

15. *si res p. et senatus*, etc., i.e., if the state is too helpless to act, you at any rate should : for it is your interest, etc.

18. *aliquando*, 'now and then' : cp. ii. 32, *etiam si aliquando obumbrentur*.

20. minus triginta: with the usual license of ancient authors, Tacitus supposes Piso to know the number of the conspirators because it is known to the historian and the reader.

24. ad vos...pertinebunt, 'you shall bear the brunt of,' i.e., suffer from. *Pertinere* is a word which almost always depends upon the context for its rendering.

27. *proinde*: another reading is *perinde*, with the same sense.

XXXI.

4. nullo adhuc consilio: not yet decided whether to fight for Galba or not.

rapit signa: M. has *par signas quod: quam* has been inserted by Freinsheim. Each maniple had a *signum*, hence the plural: cp. iv. 16, *cohors signa transtulit*. Orelli read *parat signa*.

6. electos Illyrici exercitus: cp. 6.

Vipsania porticus: built by M. Vipsanius Agrippa between the Pincian and the Campus Martius, otherwise called *Nep-tuni* or *Argonautarum* after its paintings: cp. Mart. 167. 1, *qua vicina pluit Vipsanis porta columnis*. It seems to have been customary to quarter soldiers in the temples or *porticus*.

7. *tendentes*, 'quartered': cp. 55, *isdem hibernis tendentes*.

8. *primipilaribus*, ex-centurions of the first maniple of the front rank of the legion; = *primi pili honore perfuncti* (*A.* xiii. 36): who seem to have been thereby admitted to equestrian rank.

9. *Libertatis atrio*: perhaps on the Aventine. It contained the first public library at Rome, founded by Asinius Pollio.

diffidebat, M.: 'Piso' then is the subject. *Al. diffidebatur*.

14. *si=ει πως*: 'in the hope that,' etc. A common Graecism in Tacitus: cp. *A.* i. 48, *si recenti exemplo sibi ipsi consulerent*.

et neendum=et nondum: as once in Pliny. *Necdum* stands for *nondum*, ii. 18, *certum erat neendum venisse Caecinam*.

17. *quia non ordine*, etc.: sc. his loyalty (and consequent unpopularity) was due not to his rank as tribune, but to his friendship with Galba: *e Galbae amicis=Galbae amicus*, is

parallel to *ordine militiae*, and represents a similar ablative of causation : *ordo militiae*, in sense of military rank or commission, occurs several times in the *Histories* : cp. 52, *redditi plerisque ordines*. et=and therefore.

21. *infestis pilis*, ‘with javelins threateningly brandished’: cp. iii. 85, *Vitellium infestis mucronibus...ad Gemonias propulere*.

Germanica vexilla, ‘detachments from the German legions.’ Bodies of men serving away from their legion, *sub vexillo*, under a standard of their own and not under the legionary eagle, are called indifferently *vexillarii* or *vexillum*. Very often, as A. i. 17, 26, 36, 39, 44, the word is applied to detachments of soldiers who have served their time and now form a kind of reserve. In the present instance the *vexilla* are troops detached by Nero from the legions stationed in Germany.

23. *Alexandriam praemissos*, sent on to Alexandria before Vindex’ revolt : on the news of which they were recalled.

24. *rursus* : Döderlein conjectured *reversos*.

XXXII.

3. *servitilis* : cp. *servitia* in this chapter and iii. 84, *infima servitiorum*.

4. *ut si* : cp. 62, *ut si adesset imperator*. Cicero uses *ut si* in this way.

6. *iudicium* : cp. 12. *veritas*, ‘sincerity.’

7. *postulaturis* means that they were actually about to demand, not merely that they were ready to do so (which latter sense would be supported by Horace’s *Septimi Gades aditure mecum*).

pari certamine, ‘with like eagerness.’

sed tradito more, sc. *postulabant* : ‘they were only acting in accordance with the tradition.’

8. *adclamationum* : Cicero uses this word almost always in the sense of ‘expressions of dissent’: but in Livy and later authors it means ‘applause.’

15. *si ratio sit*, ‘if it should seem advisable : cp. iii. 22, *confectum algore atque inedia hostem postera die profligare ac premere ratio fuit*.

16. *regressum*: the reading *regressus* produces the tautology, ‘the power of returning would be in another’s power’: hence *regressum* has been plausibly conjectured, *regressus* being supposed to have arisen from *regressū* (*regressum*), followed by *si*.

XXXIII.

4. *cunctatione*, etc. According to Orelli, *terentium tempus* refers to those who hesitated to join Otho: which is not satisfactory. Rather the meaning is that Otho is taking advantage of the idle procrastination of Galba’s followers to make himself perfect in the part he wishes to play.

7. *dum...cludit*: even Cicero occasionally uses *dum* with the present indicative in clauses depending on an accusative and infinitive; Tacitus very often.

8. *ianua ac limine tenus*: not venturing outside his door, a prisoner within his own door: cp. *A. xv. 45*, *ore tenus=ore tantum*.

9. *toleraturus*: M. has *toleraturos*, which Orelli adopted.

11. *indignatio elanguescat*, *indignatione languescat*, M. Halm reads *relanguescat*.

12. *proinde intuta quae indecora*, ‘cowardice then is danger.’ Nipperdey reads *perinde*: the meaning would then be, ‘any course that is cowardly is proportionately dangerous.’

14. *Othoni invidiosius*, sc. it would put Otho in the wrong, set his conduct in an invidious light.

16. *Icelo*: Plutarch, *G. 26*, says, Κέλσου καὶ Δάκωνος ταρορμώντων.

XXXIV.

1. *speciosiora suadentibus*: on the other hand Suetonius says that Galba *nihil amplius quam continere se statuit*, resolved to keep on the defensive: and he does not mention the mission of Piso.

4. *infensus T. Vinio*. Piso's supposed hostility to Vinius would make him more zealous in carrying out a plan which Vinius had deprecated. Either he was actually Vinius' enemy, or the wish that he should be was father to the thought in the minds of Laco and his friends.

9. *credua fama*, report was credulous, i.e., those who passed it on were credulous. Some suppose *credua* to mean 'easily believed': but there is no authority for this sense of the word.

10. *arbitrabantur*, ms. It is hard to suppose that if Tacitus had meant 'many thought, at the time, of an intentionally falsified report,' he would have omitted *tamen* or some such word. Hence Urlichs reads *arbitrantur*, and supposes that Tacitus is speaking of his authorities: as he does now and then, e.g., ii. 101.

XXXV.

2. *populus tantum et imperita plebs*: if there is a distinction between *populus* and *plebs*—although the words seem often to combine into a conventional phrase—*populus* is the middle class, *plebs* the lower orders and proletariat.

in plausus: some word like *erumpere* must be supplied from the idea of blind headlong impulse contained in *ruere*.

7. *ausurus*: the positive can be coordinated with *quisque* and a superlative, though it could not stand with *quisque* alone. Cp. 88, *levissimus quisque et futuri improvidus*. Notice *intus* used in the sense of *intro*.

nimii verbis: Tacitus uses the plural after *quisque* with superlative in several passages: but the singular as a rule.

10. *thorace, lorica linteal* (Suet.).

11. *resistens*: the reading of M. is *sistens*. Walther, followed by Heraeus, retaining the ms. reading, connects *levaretur* with *turbae*, a construction like *procuratoribus cohabantur*, 11: *sistens* would then stand by itself and mean 'holding out': but this seems improbable.

14. *quis iussit? quo auctore?* are the words as given by Suetonius.

15. *minantibus...adversus blandientes*: for the change of expression cp. ii. 49, *non noxa neque ob metum*.

XXXVI.

2. *agmine et corporibus* together form one idea: 'not content with having carried him in procession on their shoulders.'

5. *vexillis* seems to be here equivalent to *manipulis*.

11. *conplecti armis*. Whether *armis* means *armatis brachiis* or is from *armus* must remain doubtful: probably it is the abl. of *armus*, as we do not hear that the soldiers had *arma* till 38 (*rapta statim arma*).

12. *praeire sacramentum*, 'dictated the oath.'

14. *adorare volgum, iacere oscula*: the gesture of *adoratio* seems to have included the touching of the lips with the right hand: cp. Appuleius *Met.* 4. 28, *Psychen admoventes oribus suis dexteram primore digito in erectum pollicem residente ut ipsam prorsus deam Venerem religiosis adorationibus venerabantur*. This however hardly justifies us in assuming that *adorare* is derived from *ad os*.

16. *classicorum*, M.: inferior mss. have *classiariorum*.

18. *in commune*: cp. 25.

pro vallo, 'standing on the vallum': cp. 29.

XXXVII.

3. *sustineo*, 'I cannot bring myself to' assume, etc.

7. *auditisne*: cp. 32.

10. *promisit*, sc. has promised our common destruction.

tot milia, an exaggeration, as in 6: the same may be said of Dion's estimate (64. 3) of 7,000 killed. Suet., *G.* 12, says only *decimavit*, out of a total not exceeding 10,000.

13. *feralem introitum*, 'the ghastly horrors of his entry.'

17. Ob. Sabinus was *quaestor aerarii* in 56 under Claudius: cp. *A.* xiii. 28.

18. C. Marcellus, apparently *quaestor* and subsequently *proconsul* of Sicily. Under Nero he escaped condemnation for complicity in the supposed treason of Cassius and Silanus: cp. *A.* xvi. 8.

Nothing is known of Betuus Chilo, except that the name is mentioned in an inscription. As to the remaining names, *v. 5, 6, 7.*

22. *quae castra*, etc., ‘what camp has escaped the pollution of slaughter, or what he calls a salutary chastisement?’

26. *contumelias vestras* = *contum. in vos illatas*.

28. **Polyclitus**, a freedman of Nero’s, sent in 61 to report on Suetonius Paulinus’ administration of Britain: *A. xiv.* 39.

29. **Vatinius**, a buffoon at Nero’s court, originally a shoemaker of Beneventum (the *Benerentannus sutor* of *Juv. v.* 46). *A. xv.* 34, *Vatinius inter foedissima ejus aulae ostenta fuit, sutrinæ tabernæ alumnus, corpore detorto, facetiis scurrilibus, primo in contumelias assumptus: dehinc optimi cujusque criminatione eo usque valuit ut gratia, pecunia, vi nocendi etiam malos praemineret.*

Aegiali: *aegialii perierunt* M. **Aegialius** does not sound like either Greek or Latin. The name **Aegialus** is found in an inscription *temp. Augustus*. Various emendations are suggested: e.g., *et si qui alii perierunt*. Heraus reads *et Tigellini cupierunt*.

XXXVIII.

4. *notabili tempestate*: cp. 18, *foedium imbribus diem*.

11. *una cohors togata*: the soldiers of the cohort on guard, being in the city, were in mufti, exchanging the sagum for the toga: but they retained their weapons. Cp. *Mart. vi.* 76, *ille sacri lateris custos Martisque togati* (of Fuscus the *praefectus praetorii*).

detinet, not actually ‘keeps him prisoner,’ but ‘is a moral hindrance to his escape.’

12. *cum signum meum acceperit*, sc. when I take the command. It was customary for the emperor to give the countersign (*signum*) to the officer commanding the guard: cp. *A. i.* 7, *signum praetoriis cohortibus ut imperator dederat*: *xiii. 2*, *signum more militiae petenti tribuno dedit optimae matris*.

13. *inputet*, sc. who can best deserve my gratitude. *Imputare* is really a ‘business’ term, meaning ‘to put down something to a man’s account’: so, to make a merit of services performed, to reckon them as a debt to be repaid, ‘score them up’ against the recipient of the benefit. It is a word of frequent occurrence in silver age authors, especially

Tacitus: cp. 55, *neque enim erat cui imputaretur*, 'there was no one whose gratitude was worth securing'; 71, *exemplum ultro imputavit*, 'made a merit of his loyalty.'

15. *aperire*: *aperiri*, Nipperdey.

16. *sine more et ordine militiae*, 'without check or discipline.' Cp. Virg. *Aen.* vii. 378, *sine more furit. ut...distinguerentur* explains *ordo militiae*: 'discipline, which should have caused the soldiers to assume their distinctive armour.' The legionaries took the praetorian *lanceae*, while the praetorians took the *pila* of the legionaries.

18. *miscentur auxiliaribus galeis*, 'they took promiscuous possession of the auxiliaries' helmets.' This is one of the frequent cases where the sense of 'confusion' in *misceri* can only be rendered by altering the form of the sentence: cp. *resonantia longe litora misceri* (Virg. *Georg.* i. 360), *i.e.*, the shores are full of confused noises.

XXXIX.

4. *adsecutus erat*, 'had overtaken.' Piso had been *praemissus in castra* (34), but returned without daring to face the soldiers. Marius Celsus had been sent to the Illyrian troops: 31.

6. *redire...petere*: M. *peteret*. *Censeo* can be followed by the gerundive, or infin. (active or passive): cp. ii. 10, *dari tempus, edi crimina...more tamen audiendum censem*; Hor. *Ep.* i. 2. 9, *Antenor censem belli praecidere causam*.

The reading of M. might be justified by 32, *non eundum ad iratos censem*: *daret malorum paenitentiae...spatium*. Halm reads *redire...petere*.

7. *rostra occupanda*: sc. the Rostra Julia, erected by Augustus near the temple of Saturn: considerable remains of these *rostra* still exist. Cp. Middleton, *Rome* in 1885, pp. 157 seqq. For a similar forestalling of opponents by taking possession of the Rostra cp. Cicero's account of the riots during his exile, when *Fabri*...*templum* (sc. the Rostra) *aliquanto ante lucem occupavit* (*Pro Sestio*, 35).

13. *ad postremum*, sc. if he was not prompted by these motives, the only remaining alternative is, etc.

14. *initio caedis orto*: cp. ii. 79, *initium coeptum*.

16. *diffugia*: $\delta\pi\alpha\xi\epsilon\iota\rho\eta\mu\acute{\epsilon}\nu\omega$

XL.

2. *basilicis*: buildings in the Forum (basilica Julia, basil. Pauli) used for the transaction of legal and other business. Parts of the basilica Julia still exist: it extended along the Sacra Via from the slope of the Capitol to the Vicus Tuscus. *Templis*: e.g., the great temples of Saturn and of Castor, the lofty columns of which are still the Forum's most imposing ornament.

5. *non tumultus, non quies*: Orelli quotes a similar passage from Xenophon (*Agesil.* 2), *καὶ κραυγὴ μὲν οὐδὲμιλα παρῆν, οὐ μὴν οὐδὲ σιγὴ φωνὴ δέ τις ἦν τοιαύτη οἴαν ὄργη τε καὶ μάχη παράσχοιτ' αὐ*.

7. *occupare pericula*, 'anticipate the danger.'

8. *Vologeses*, one of the Arsacid kings of Parthia, *temp.* Claudius: *Pacorus*, his brother, viceroy of Media.

12. *rapidi equis*: *rapidi* is the reading of M.: it is justified by ii. 40, *citus equo*: *rapidis* would spoil the structure of the sentence.

14. *religio*, 'the sacredness.' *Religio* is the subjective feeling of reverence, and sometimes almost the holiness which is the object of that feeling: but it is never entirely objective. It is veneration; or that which is venerable, considered in relation to the venerating mind. Cp. Cic. *in Verr.* ii. 4. 5, *religio sacrarii*; Virg. *Aen.* viii. 349, *iam tum religio pavidos terrebat agrestes dira loci.*

XLI.

2. *vexillarius*, here 'standard bearer,' as iii. 17. Each maniple had its standard, called *signum* or *vexillum*: so that the bearer is variously called *signifer* or *vexillarius*. Here, however, we should expect *signifer*: for the praetorian cohorts' standards (each cohort had one) were known as *signa*.

4. *Galbae imaginem*: a figure of the emperor carved in relief on a medallion attached to the *signum*.

7. *Curtii lacum*, according to Livy i. 12, called after Mettius Curtius, the Sabine chief, in memory of his having been almost engulfed in this *lacus* when leading the Sabines to battle against Romulus. According to another tradition it marked the spot where Curtius closed the portentous

chasm which had opened in the Forum by flinging himself into it (Dionys. 2, 41). In the time of Augustus it appears to have been an enclosed space containing an altar (Suet., Aug. 57), and is thus described by Ovid, *Fast. vi.* 403 :

“Curtius ille lacus siccas qui sustinet aras
nunc solida est tellus, sed lacus ante fuit.”

(Middleton, *Rome in 1885.*)

trepidatione, ‘alarmed haste.’

12. deprecatum. *Deprecari aliquid* may mean either ‘to attempt to avert by prayer,’ e.g., *deprecari poenam*, or, as here, ‘to attempt to obtain’: cp. Cic. *ad Fam. xii.* 24, *pacem deprecari*.

Plutarch and Suetonius follow the second version of Galba’s words: the latter however mentioning both accounts.

13. agerent : the expression appears to be a reminiscence of the introductory formula of a sacrifice, *hoc age*.

16. evocatum. *Evocati* are usually veterans who remain in the army after serving their time. In the time of Cicero and Caesar they form a separate division, and later they seem to rank higher than the ordinary *gregarius*.

But it is possible that Terentius was one of the *evocati Galbae*, a special bodyguard: Suet., G. 10, says that Galba *delegit equestris ordinis juvenes, qui manente aureorum anulorum usu evocati appellarentur excubiasque circa cubiculum suum vice militum agerent.*

17. quintae decimae : there was a detachment of this legion at Rome, the headquarters being at Vetera, on the Rhine: cp. 31, *Germanica vexilla*.

18. hausisse : a poetical expression used in this connexion by Lucretius, Virgil, and Ovid: apparently after Homer’s διὰ δ’ ἐντερα χαλκὸς ἀφυσσεν (*Il. xiv.* 517).

Further details in Suet. G. 20 as to the treatment of Galba’s body.

XLII.

5. conscientiam : M. reads ablative, but accusative is necessary.

6. *huc potius inclinat*, ‘gives grounds rather for the belief that.’

7. cuius causa erat : cp. the opening words of 6.

8. aedem divi Iulii : the Heroon or temple of the deified Julius, built by Augustus B.C. 42, according to the *Monumentum Ancyranum*. It stood near the side of the *Via Sacra*, opposite the temple of Castor : we have evidence of this partly from existing remains, partly from notices such as Ovid's couplet :

“ Fratribus assimiles quos proxima templa tenentes
divus ab excelsa Julius aede videt.”

Vide Middleton, pp. 178 seqq.

primo ictu in poplitem, sc. *vulneratus*, which can be supplied from the following *transverberatus*.

XLIII.

2. Semp. Densus : Dion Cassius and Plutarch (the latter however giving a slightly different name) say that he defended Galba.

3. custodiae additus : cp. *A.* i. 6, *tribunus custodiae adpositus*.

6. quanquam, used with a participle, like *kaiπερ* : cp. 63, *quamquam omni comitate exceptos*.

7. aedes Vestae, of which remains exist at the south angle of the Forum. It was a small circular building, apparently like the round temple which still stands near the Tiber (till lately, erroneously called *Tempio di Vesta*). It is this *aedes Vestae* in the Forum to which Horace alludes (*Od. i. 2. 13*),

“ Vidimus flavum Tiberim retortis
Litore Etrusco violenter undis
Ire dejectum monumenta regis
Templaque Vestae.”

Martial's description (i. 71, 3),

“ Vicinum Castora canae
Transibis Vestae virgineamque domum,”

exactly tallies with the site of the still visible remains, the *virginea domus* being the recently excavated *atrium Vestae*. *Vide* Middleton, p. 181, etc.

8. publici servi : the slave who had the charge of the temple, *ιερόδοουλος*. *Contubernium* is the regular name for the

residence of such a slave with his family: his wife is *contubernalis*: cp. iii. 74, *disjecto aeditui contubernio*.

9. *caerimoniis*, 'its sacred associations,' as we should say.

11. *ardentis*: *ardentes* M.: the genitive is justified by Plutarch (*G.* 27), who says that Otho bade the soldiers bring him Piso's head: *τὴν Πεισωνὸς μοι κεφαλὴν δείξατε*.

e Brit. *cohortibus*: cp. 6, *multi ad hoc numeri e Germania ac Britannia*.

14. *trucidatur*: *trucidatus* M. But as *protractus* has preceded, *est* could hardly have been omitted. Halm reads *trucidatus est*.

XLIV.

5. *recordatio*, etc.: sc. the recollection that Galba had been an emperor, and Vinius his own friend, may have saddened even his cruel heart.

10. *legionis classicae*.

13. *libellos*, 'petitions.' Hence the office of *a libellis* at court.

17. *mumentum ad praesens*, etc.: the accusatives are in apposition with the preceding sentence—a construction imitated from the Greek: cp. *A.* i. 27, *manus intentantes, causam discordiae et initium armorum*. The sense is: it is a traditional custom whereby emperors seek to ensure their own safety, and to form a precedent for their successors in case they themselves should fall by a like fate.

XLV.

1. *alium populum*: the populace in Juvenal's words (x. 72), *sequitur fortunam ut semper et odit damnatos*.

4. *exosculari* appears to be stronger than the simple verb, as *expostulare* is a strengthened form of *postulare*.

13. *quaeri*, 'that the object was,' etc.

XLVI.

1. *deinde*, 'thenceforward': cp. Livy, i. 5, *ut in quadraginta deinde annos tutam pacem haberet*.

4. *vigilibus*: cp. 20.

7. *suspectus consilia fovisse*: so iv. 34, *suspectus bellum malle*.

8. F. Sabinus, brother of Vespasian.

11. *vacationes*, here 'price of exemption from duty': elsewhere=the exemption itself: cp. *vacationem emere (infra)*. It had become customary for soldiers to buy leave (*commeatus*) or exemption from the centurions.

14. *dum...exsolveret*: sc. so long as the money was paid, no centurion cared how many of his men were off duty, nor how high the price was, or how procured. *vaga=vaga erat*.

16. *pensi habere*: cp. A. xiii. 15, *neque fas neque fidem pensi habere*.

20. *exhaustus*, 'impoverished.'

24. *volgi largitio*, objective genitive: 'liberality to the rank and file.'

25. *fiscum*. The imperial treasury already supported all military expenses: the *aerarium* paying for the civil administration of senatorial provinces.

26. *rem haud dubie utilem*: for the construction cp. 44. This practice was made an enduring rule of the service by *boni principes*; and Vitellius too *vacationes centurionibus ex fisco numerat*, 58.

31. *libertum*, 'his freedman': the man was a *libertus Caesaris* or *Augusti*, and Otho apparently exercised his right as *patronus*. Emperors inherited freedmen enfranchised by their predecessors as part of the palace furniture: they were *liberti* of the reigning emperor. Hence *libertus* in the present passage, not *libertinus*: for a freedman as belonging to a class is *libertinus*; in relation to his patron, *libertus*.

XLVII.

2. *vocat senatum praetor*, both consuls being dead: cp. Cic. *ad Fam.* x. 12. 3, *praetor urbanus...qui, quod consules aberant, consulaire munus sustinebat more majorum*.

5. *nomen Augusti*, first assumed by Octavianus, B.C. 27.

omnes principum honores: the most important of the other *honores* would be the *proconsulare imperium*.

8. *omisisset* offensas, etc., ‘the shortness of his reign left it uncertain whether he had intended to pardon or delay the punishment of his enemies.’

11. *concedi...permisit*, a construction of the silver age.

12. *Verania*: cp. Plin. *Ep.* 2. 20, *Verania Pisonis*.

XLVIII.

4. *diu exul*: cp. 21, *longo exilio efferatus*.

9. *maternus avus*. Dion Cassius (47. 7) says that a T. Vinius was proscribed by the *triumviri*. Hence we might conjecture *paternus avus*: but the maternal grandfather might have received the name by testament or adoption.

10. *legatum C. S. habuerat*, ‘served under C. S.’, probably as tribune. Sabinus, *cos.* A.D. 26 (*A.* iv. 46), was *legatus pro praetore* in Pannonia under Caligula. He and his wife were prosecuted for the incident here mentioned: both anticipated condemnation by suicide (D.C. 59. 18).

11. *situm castrorum*, the internal arrangement or disposition of the camp: cp. Plin. *N.H.* xxxv. 4. 23, *situs Carthaginis*=a map or plan of Carthage.

13. *temerasset*: the Romans seem to have held that it was a violation of propriety for a woman even to watch the evolutions of troops: cp. *A.* ii. 55, *nec Plancina se intra decora feminis tenebat, sed exercitio equitum, decursibus cohortium interesse*.

14. *principiis*: the central part of the camp, containing the quarters of the general, his staff, and the higher officers, before which were planted the eagle and standards of the legion. Thus the *principia*, as containing the *aquila*, had in a manner the sanctity of a temple: cp. *A.* i. 39, *illic signa et aquilam amplexus religione sese tutabatur*.

17. *cursu inoffenso*, he held various offices in their usual order, without interruption.

19. *scyphum aureum*: *ποτήριον ἀργυροῦν* (Plutarch).

21. *proconsulatu*: the ablative is harsh: *proconsule* has been suggested. Gallia Narbonensis was a senatorial province.

23. *in abruptum tractus*, ‘raised to a dangerous elevation’: for this sense of *abruptus* cp. *praeceps*: Virg. *Aen.* ii. 460, *Turrim in praecipiti stantem*.

(But Louandre translates, *entrainé dans l’abîme*, and Heraus, *auf den Weg des Verderbens getrieben*.)

27. *firmavit*, ‘caused his last wishes to be regarded.’

XLIX.

3. **dispensator**, *οἰκόνομος*, home steward and keeper of accounts. Argius = *Ἀργεῖος*.

5. *suffixum*, i.e., *praefixa contis* (44).

6. **Patrobii**: cp. ii. 95, *Patrobii et vetera odiorum nomina*.

10. *alieno imperio*, ‘happier as a subject than as a ruler.’

12. *medium ingenium*, sc. his character was a mean between vice and virtue, rather free from the first than distinguished by the second: ‘negative.’

16. *sine reprehensione*, sc. he trusted them with unquestioning confidence.

si mali forent: *si* with subjunctive, expressing indefinite frequency in past time, is a construction almost unknown in earlier prose authors. But it is consistent with the general tendency of the silver age to extend the use of the subjunctive.

18. *metus temporum*, ‘the dangers of the time.’ It was thought that Galba was wise in avoiding a too active life in days so evil: cp. *Agric.* 6, *sub Nerone...inertia pro sapientia fuit*. As to *obtentui*, cp. ii. 14, *obscurum noctis obtentui fugientibus*.

20. *apud Germanias*: *apud* is constantly employed by Tacitus and later writers in the sense of *in* with the ablative. In the earlier period this use is generally confined to the popular speech: yet Cicero says once *apud villam*. Galba commanded against the Chatti, A.D. 40.

L.

3. *novus de Vitellio nuntius*, sc. about his election by the legions of Lower Germany. The news would be about a week

en route, travelling by the road from Mainz to Strasburg, thence to Vevey, Martigny, and Aosta: so that it cannot have been long known at Rome, as the movement on the Lower Rhine only began Jan. 1. The two legions mentioned by Galba as insubordinate (16) are those of Upper Germany.

6. *exercitum descivisse crederetur*: *exercitus desc. credetur* (ms.) would be an extension of the personal construction of the passive with an infinitive and predicate; it is not uncommon in silver age writers: cp. ii. 74, *secuturae sperabantur*; A. vi. 50, *creditus est mortalitatem explevisse*; vi. 3, *incusabatur facile toleraturus*.

9. *quis aliqua pars et cura rei p.*, ‘who had any stake or interest in the maintenance of the state’: the lower class of the people according to Juvenal (x. 77), *ex quo suffragia nulli Vendimus, effudit curas*.

11. *saevae pacis*, sc. the bloodstained reign of Nero.

14. *Pharsaliam*, etc. It has been proposed to read *Pharsaliam ac Mutinam, Philippos et Perusiam*, which would be a more regular, and, at the same time, more chronologically correct arrangement. Perusia was the scene of a battle in which Octavianus defeated L. Antonius, B.C. 40.

15. *loquebantur* is followed by an accusative, as iv. 12, *caesos exercitus...non ut mala loquebantur*.

19. *rem publicam*: republican form of government, as 16, *a quo respublica inciperet*.

21. *inter duos=quoniam duo essent*: cp. 1.

22. *deteriorem fore*, sc. the conqueror would be the worst, from his greater power to do harm.

26. *solus omnium ante se*: a Greek idiom: cp. *Agric.* 34, *ceterorum Britannorum fugacissimi*. ‘Adam the noblest man of men since born’ (Milton).

LI.

1. *expediam=exponam*.

2. *Vindice*: cp. 6 and Introduction.

4. *expeditionem et aciem* is the ms. reading, and makes good sense: ‘they preferred to march against the enemy’ (cp. *expedire*, 88) ‘and fight.’ But the balance of the sentence is better preserved by reading with Lipsius *expeditionem quam otium* or with Heräus *expeditionum et aciei*.

7. **ingenium** is frequently used by Tacitus in connexion with inanimate things, as here.

11. **supererant**, ‘abounded.’

sed ante bellum begins a sentence really subordinate to the following, *tum adversus Vindicem*: ‘whereas before the war... now on the other hand.’

14. **seque et Gallias expertae**, sc. discovering their own strength and the provinces’ weakness.

17. **nec deerat pars G.** : i.e., they were further encouraged by the provincials nearest to the Rhine (Belgae).

20. **Sequanis Aeduisque** in east and central France. The capital of the Sequani was Vesontio (Besançon), of the Aedui, Augustodunum (Autun).

21. **deinde prout**, etc., ‘the wealthiest of the remaining communities.’ *Deinde* is used here locally, as 46 temporally, *omnia deinde* (thereafter) *arbitrio militum actu*.

23. **hauserunt animo**, ‘they dreamt of’: cp. *Aen.* x. 648, *animo spem turbidus hausit inanem*.

26. **publice donatos**, sc. se, to be supplied from *sibi* above. These communities had received from Galba the Roman franchise (8) and additional territory (53). *Publice* means that the gift was to the State, not to individuals alone: cp. 66, *publice armis multati=civitas armis multata*.

27. **volgatum...creditum**, participles used as substantives, as in *Liv.* iv. 49, *temptatum a L. Sextio tribuno plebis ut rogationem ferret...per intercessionem collegarum discussum est*.

28. **decumari...dimitti**: infinitives of the intention, ‘that there was a plan to,’ etc.

promptissimum, ‘most energetic.’

29. **atroces nuntii**, ‘alarming news.’

31. **pro Nerone fide**: Nero having sent them *quadragies sestertium* to repair the damage done by a great fire (*A.* xvi. 13).

LII.

4. **cum cura adierat**, ‘had diligently inspected.’

5. **redditi plerisque ordines**: that is, officers who had lost their commissions from unwillingness to join Galba were now reinstated.

notae: Marquardt says that troops thus punished—besides undergoing other penalties—were docked of their pay, had rations of barley instead of wheat served out to them, and were obliged to encamp outside the *vallum*.

7. **sordes et avaritiam**, sc. Vitellius altered the arrangements by which Capito had consulted his own interest: e.g., he deprived officers of commissions bought from the late general: *integre*, ‘honestly,’ ‘impartially.’

9. **nec consularis**, etc.: i.e., the soldiers judged of his acts as those of a future emperor rather than a *legatus*.

11. **humilis**, ‘undignified.’ Suet., *Vit.* 7, relates a detail of the emperor’s *comitas*.

13. **ei parendi**: the ms. reading is *imperandi*: and perhaps the army which elects a ruler can be said to rule. Nipperdey proposes *imperi dandi*: others *imperi parandi*.

15. **modesti**, ‘loyal,’ ‘law-abiding,’ ‘orderly’: *modestus* and *modestia* are several times used by Tacitus to describe docile and well-disciplined troops. In Cicero too the words have a political rather than an ethical meaning: *modestus homo* is a peaceable and law-abiding citizen.

16. **sed profusa**, etc. The sense is: but among all, Alienus Caecina and Fabius Valens were the most reckless and boundless in their ambition.

Caecina commanded a legion in Upper, Valens in Lower Germany.

20. **Verg. cunctationem**: cp. 8, *nec statim pro Galba Verginius*.

25. **precarium imperium**: sc. his power depended on the goodwill of others. This is the original meaning of *precarius*: cp. Cic. *pro Caelio* 11, *tibi respondeo prerecio* (sc. if you will allow me). Ulpian says, *precarium est, quod precibus petenti utendum conceditur tam diu quam diu is qui concessit patitur*.

30. **collegium Caesaris**, ‘his rank as the emperor’s colleague’: the elder Vitellius was censor together with the emperor Claudius (Suet. *Vit.* 2).

31. **dignationem**, ‘dignity,’ *ἀξίωμα*.

LIII.

6. **Baetica**, the southern province of Spain, comprising the modern Andalusia and Granada: it was a senatorial province,

and thus part of its finance was still administered by a *quaestor*, as in republican times.

8. *flagitari*, ‘prosecuted,’ on the analogy of *postulari*.

11. *discordiae*, here ‘disaffection.’

14. *vexillis*, here = *manipulis*, as 36, *medium inter signa Othonem vexillis circumdarent*.

15. *Treveri*, on the Moselle, in Gallia Belgica : their capital was *Augusta Treverorum* (Trier).

Lingones, settled on both banks of the upper Seine, near Langres and Dijon.

16. *damno finium* : cp. 8, *Galliarum civitates...quaedam etiam finibus ademptis*. In both passages *fines* means ‘the extent’ of the territory.

18. *paganos*, ‘civilians,’ as ii. 14, where *paganus* is opposed to *miles* : *paganorum manus...inter milites*.

LIV.

2. *civitas Lingonum* may mean ‘the community’ or ‘the capital,’ a meaning which the word already bears in Latin : cp. iv. 65, *muros civitatis* = the walls of the city.

3. *dextras* : cp. ii. 8, *dextras concordiae insignia* : cp. Xen. *Anab.* ii. 4, δεξιὰς παρὰ βασιλεως ἔφερον. Such tokens of friendship (right hands made of bronze) are to be seen in the collection at Lyon.

4. *compositi in*, ‘assuming an appearance of.’

13. *nisi ipsi consulerent*, M. Halm reads, *ni sibi ipsi*, a plausible correction : so Heräus.

14. *per tenebras et inscitiam*, ‘under cover of darkness and their comrades’ ignorance.’ For *per inscitiam* cp. 24, *per socordiam praefecti*. In both passages the preposition governs a substantive which is a cause only contributing to, without actively producing, the given result.

17. *circumdatis cohortibus alisque* : as *circumdatis* presumably means ‘surrounding,’ the relative position of the troops is unusual : the legions customarily encamped round the auxiliaries (*Dict. of Antiq.*, ‘castra’).

19. *acrius volvens* : cp. 64, *bellum volvebat*.

20. *in pace* appears to be scarcely necessary for the sense of the passage: the meaning is, that the disloyal find it easier to unite for a warlike than for a peaceful object.

For the headquarters of the German armies *v. 9.*

LV.

2. *kal. Ian. sacramento.* Since the time of Tiberius it had been customary to administer the oath of allegiance to the army on Jan. 1 of every year: it is this formality which is here referred to, as the necessary *sacramentum* on the occasion of Galba's accession had been already administered: cp. 53, *in eo ipso sacramento vexillis inferioris Germaniae prae-ventus erat.*

Sacramento is ablative. *Adigere* is used by itself in the sense of 'to administer an oath': iv. 31, *adigente Flacco... dixit sacramentum.*

3. *primorum ordinum = centurionum primorum ordinum:* sc. the centurions of the front rank; cp. Caes. *B.C.* vi. 6, *primi ordines.* *Ordo* is a common equivalent for the century, and thus is sometimes used to denote its commander.

6. *quae piget inchoare*: cp. ii. 80, *quod in tali re difficilimum est, prima vox.*

ipsis, sc. in their own minds, apart from outward expression.

12. *isdem hibernis*: for the *ablat. loci* cp. ii. 45, *isdem tentoriis.*

16. *obliterata*, 'forgotten,' 'obsolete.'

20. *suggestu*, ms. reading. There seems to be no particular reason for inserting a preposition, such as *e*, *de*, or *pro*. Döderlein says, *prope dixerim nihil non ausum esse Tacitum* as to the omission of prepositions. The construction here is not much harsher than *Britannia acciverat*, iii. 15.

21. *cui imputaretur*: *v. 38*: 'whose gratitude was worth winning.'

LVI.

2. *non compescere ruentes*, 'made no attempt to crush open mutiny.'

9. *prioris sacramenti*: the oath of allegiance sworn to Galba soon after Nero's death.

10. *unde plures erant, omnes fuere* the difference of tense may be expressed by translating, 'all found themselves eventually on the side which originally had a majority.' *unde*=*a quibus partibus*.

11. *Colon. Agrippin.* : Cöln, originally a colony of veterans sent, 50 A.D., to *oppidum Ubiorum* at the instigation of Agrippina.

17. *occupari nutantem fortunam*, 'to seize the opportunity while fortune was yet doubtful'; 'to avail himself of the crisis.'

LVII.

3. *equitibus legionis*. Tacitus draws the same distinction (A. iv. 73) between *equites legionum* and *alarius eques*. Each legion had 120 horsemen attached to it (under the Republic 300). These *equites legionis* were provincials; but, unlike the auxiliary cavalry, were armed in Roman fashion.

8. *scires*=‘it was easy to see that,’ etc.

9. *ardorem...aequabant*: cp. iii. 17, *solum aequabant*, ‘were on a level with the ground.’

12. *principes coloniarum aut castrorum*, the civil and military authorities, who had already wealth in abundance (*praesentia ex affluentii*) and everything to hope from victory.

16. *balteos*: sword belts, often ornamented with gold or silver studs. *Phalerae* were small plates of silver or gold, fastened together in various ways and attached to the breast.

insignia armorum, ‘military decorations’: cp. A. i. 24, *in signibus fulgentes*.

17. *instinctu et impetu*, ‘enthusiasm.’

18. *avaritia*, sc. they hoped to receive back their gifts with interest; or perhaps the meaning is that avarice prompted them to keep their money and give their armour.

LVIII.

2. *ministeria principatus*. The earliest emperors being in theory only citizens of the State and not surrounded with the

traditions of monarchy, it would have been considered a degradation for a freeborn Roman to occupy a place in their household. He would have been a servant in the house of one who was theoretically his equal. Hence the court and household offices during the first century of the empire were occupied by imperial freedmen. Their duties, however, were not confined to the actual service of the palace, but extended to the administration of the imperial revenues and the whole management of all business with which the emperor was directly connected : they had the control of the departments of finance, correspondence, and petitions ; and under the weakest emperors—more especially Claudius—the freedmen were the real rulers. With the development of monarchy the more important of these ‘places about the court’ so increased in dignity that they became the desired goal for the ambition of freeborn *equites*. But although Vitellius first introduced the change, these offices were not regularly and invariably held by *equites* until the reign of Hadrian, who, according to Spartianus (*Hadrianus* 22), *ab epistulis et libellis primus equites Romanos habuit*.

3. *vacationes* : cp. 46.

6. *raro* : *paro*, M. : Orelli read *partim*.

7. P. *Propinquus* : whose despatch was the earliest intelligence at Rome of the mutiny (12).

9. *classis* : Drusus, the father of Germanicus, had first stationed this flotilla on the Rhine. It is often mentioned in inscriptions, always under the name *classis Germanica*, as here.

13. *occidere palam* : cp. 45 for the same statement about Otho.

15. *stratis militum odiis* : cp. Aesch. *Prom. Vinc.*, *στροφέσας δργήν*. The ms. reading is *statis*, whence others read *sedatis*.

ut *piaculum*, sc. he was made the scapegoat.

17. *manifestior*, ‘more obviously guilty.’

LIX.

1. *Iulius Civilis*, leader of the subsequent Batavian revolt. In iv. 13 he is called *Claudius Civilis*, whence it is suggested that his name was *Claudius Julius Civilis*. Instances of a double gentile name are not unknown : e.g., *Roscius Caelius*

(60) : the son of Antonius the triumvir was called Julius Antonius.

4. Batavorum cohortes : we hear of them first as serving in Britain, in Nero's reign, A.D. 61. The *quartadecima legio* was stationed by Nero in Britain, thence transferred to Dalmatia, as we learn from ii. 11 and 66.

6. prout inclinassent, grande momentum, etc., 'whose decision for friendship or hostility would be of great importance,' 'would be a great weight in the scale.'

momentum=the moving or deciding influence : cp. Lucan iv. 819, *momentumque fuit mutatus Curio rerum*; sc. his change turned the scale.

9. **fidei crimine** : the thought is the same as in 31, *fidus principi suo et desciscentibus suspectior*.

13. **Italica legione** : *prima Italica*, formed by Nero.

14. **Tauriana** : the corps may have been called after its founder, Statilius Taurus : perhaps the same man as the proconsul of Africa mentioned *A. xii. 59*.

nec...mora, commonly used by Tacitus and the poets without the copula.

15. **Raeticis copiis** : cp. 68, *Raeticae alae cohortesque*.

LX.

1. **Treb. Maximus**, *consul suffectus* in 58, and governor of Britain (*legatus Caesaris*) since 64. According to *Agric.* 16, he was a weak and indolent ruler.

3. **R. Caelius** preceded Agricola in the command of the 20th legion (*Valeria Victrix*).

4. **olim**=*iamdudum*, πάλαι ; it is commonly thus used by Tacitus, more especially in apposition clauses : cp. ii. 94, *olim anxii odiis*.

8. **cum interim...ventum** : *cum interim* is used with the indicative several times in Tacitus : e.g., iv. 42, *cum interim... exortus est*.

9. **modestia**, 'discipline.'

LXI.

1. adjuncto Brit. exercitu : it seems strange that Vitellius should have been joined both by the army and by the *legatus* whom it had driven away.

4. Cottianis Alpibus, the mountains between Mont Cenis and Monte Viso ; the actual route would traverse Mont Genevre.

6. Poeninis : Caecina was to cross the Great St. Bernard, descending upon Aosta.

7. aquila quintae legionis : sc. he took the main body of the 5th legion (*Alauda*), and detachments (*electi*) from the other three.

8. cohortibus alisque : sc. *auxiliariorum*, as in 60.

13. tota mole belli, ‘the main force of the attack.’ *Moles belli* is a common expression in Tacitus : cp. for instance iii. 15, *immensam belli molam* (if the reading is right).

LXII.

2. dum Galliae trepidant : the subjunctive expresses that the alarm of Gaul is the reason urged by the soldiers.

4. ignavae pacis moras, ‘delays suggested by a cowardly quiescence’ : sc. they would not be delayed by fear of breaking a peace that only cowards would keep.

7. facto : cp. Sall. *Catil.* 43, *facto non consulto opus esse*.

8. fortunam principatus...praesumebat, ‘anticipated his elevation.’ *Fortuna* in the Histories frequently means ‘high dignity, more especially the imperial dignity : cp. 10, *post fortunam* ; ii. 59. 81, *fortuna principalis*.

9. medio diei. Genitives of this kind, dependent on a neuter adjective in the singular (or, more frequently, in the plural) are common in Tacitus : cp. the same expression iii. 11 ; ii. 14, *obscurum noctis*.

10. sagina gravis. Vitellius is described (ii. 71) as *luxu et saginae mancipatus emptusque*, and by Suetonius (*Vit.* 13) as *homo non profundae modo sed intempestivae quoque et sordidae gulac*.

cum tamen, with indicative, as occasionally in Cicero : cp. also *Aen.* ix. 515, *cum tamen omnes ferre libet subter densa testudine casus.*

13. *intenti*, 'alert,' 'eager': cp. *Aen.* v. 138, *intenti expectant signum.*

14. *Caesarem*: hence Vitellius has only the title 'Augustus' on coins : cp. ii. 62.

15. *laetum augurium*, nominative in apposition to the following sentence. More frequently the phrase in apposition takes the form of an accusative at the end of the clause : cp. e.g. the last words of 44. For the incident cp. the story in *A.* ii. 17, where we are told that Germanicus' army was preceded by eight eagles.

21. *magnae et prosperae rei*, 'a great success.'

LXIII.

2. *Divodurum*, Metz.

4. *raptis repente*: M. has *raptisae repente*, but *-ae* is probably an unerased *lapsus calami* for *re-* of the following word. Gronow read *derepente*, a word not elsewhere found in Tacitus.

The ablative absolute is irregular, the nominative of the main verb not being identical with the agent implied in *raptis*: we must suppose it to be a construction *κατὰ σύνεσιν*, as though *subitus pavor eos terruit* were *subito pavore torrentur*. Heraeus puts a full stop after *terruit* and alters *et* (after *rubie*) to *iere*.

8. *temperavere ab*, 'abstained from': cp. *Aen.* ii. 9, *quis talia fundo...temperet a lacrimis*; in 69, *temporo* is said to be used with the ablative alone.

12. *quaeque alia placamenta*: loosely connected with the ablative absolute preceding : cp. ii. 4, *Titus spectata opulenta...quaeque alia Graecorum genus incertae vetustati adfingit*; i. 23, *inserendo querellas...quaeque alia turbamenta volgi*. 'Their women and children threw themselves prostrate in the roads ; they resorted to every method that could be employed to avert the enemy's anger, in order to gain peace though not at war.'

13. *tendere* is appropriate, because it is a word habitually connected with the offerings of suppliants, such as are suggested by *placamenta*.

LXIV.

2. Leuci, between the Marne and Moselle, near Toul.
3. in gaudium aut formidine : cp. 20, *per artem et formidine*.
6. Lingonum : v. 54.
8. intemperie, ‘unruly conduct. cohortium, Batavarum.
10. iurgia, ‘high words,’ rixae, actual violence : cp. Juv. iii. 288, *miserae cognosce proæmia rixæ, si rixa est ubi tu pulsas, ego vapulo tantum*; and v. 26, *jurgia proludunt : sed mox et pocula torques saucius*.
18. cohortem duodecimam : there were 9 praetorian and 4 urban cohorts, numbered in the Roman ‘Army List’ 1 to 13 : next to these came at least 19 *cohortes civium Romanorum*. A 32nd is mentioned.
19. solitis sibi : the reflexive pronoun refers to the subject of the infinitive *relinqui*, as if the sentence were *placuit ut in solitis sibi hibernis relinquenterentur*.
-

LXV.

1. Lugdunenses et Viennenses. Lugdunum (Lyon) was a colony founded B.C. 43, the original colonists being certain Romans who had been expelled from Vienna ; owing to its origin and its situation, the town attained to great prosperity, and was at this time regarded both by Romans and Gauls as the central point and capital of the three Gallic provinces. The first inhabitants having been Romans, the townsmen can contrast themselves with the people of Vienna (Vienne), a Gallic town which had—apparently under Caligula—acquired the rights of a *colonia civium Romanorum*. They were alike in status, but different in origin and nationality. Vienna was the ancient capital of the Allobroges, and subsequently the residence of the governors of Gallia Narbonensis.

2. proximum bellum, Vindicis.

3. multæ in vicem clades : sc. *fiebat*, the verb being omitted, as occasionally happens in all Latin authors : cp. 84, *vos quidem istud pro me*.

6. *occasione irae*: his anger supplied him with a pretext; it is implied that avarice was the real reason.

8. *uno amne* (Rhodano): ‘the single stream which severed them united them in mutual hostility.’

Notice the chiastic order of the words.

18. *si fortuna contra daret*, ‘in the event of a reverse’: cp. A. xv. 13, *quotiens fortuna contra daret*.

LXVI.

2. *perpulerant* seems to be used absolutely, meaning ‘they had brought matters so far.’

6. *vestigia* apparently means ‘feet’: cp. *servitia* for *servi*, and *ποδῶν βάσεις* for *πόδες*.

8. *trecenos sest.*: about £2 7s.

11. *privatis et promiscuis*, sc. individuals had to contribute all kinds of supplies.

14. *sordidus* is said to mean ‘poor’: but it might possibly mean ‘sordid,’ ‘avaricious.’ Valens had long been avaricious and had at length suddenly obtained the means of gratifying his passion. Cp. Cic. *in Verrem* ii. 3, *iam pridem improbi, repente Cornelii*.

17. *Allobroges*, in Northern Dauphiné and Savoy. *Vocontii*, in Southern Dauphiné and Provence.

18. *itinerum spatia*, etc.: he would make long marches when the towns on his route, in order to avoid having soldiers billeted on them, paid him not to stop.

19. *adversus*, here=with, in respect of: cp. A. xi. 17, *beneficentia adversus (=to) supplices*.

21. *Lucus Augusti*: Luc, in Dauphiné.

23. *pecuniae materia*, possibility of making money: *facultas pecuniae sumendae*.

LXVII.

1. *plus praedae*, etc. M. has ‘*plus praedae ac sanguinis p. Caecina*.’

3. **Helvetii**, in W. Switzerland : between the Jura, Lake of Geneva, Rhone, and Rhine.

6. **initium bello** : cp. *sedem bello legere*, ii. 19 : and 22, *Othoni comes*. Cicero and Cæsar would say, ‘*sedem belli legere*.’

unetvicesimae : 61, *primaetvicesima (Rapax)*. Its headquarters were at Vindonissa, on the borders of the Helvetian territory.

avaritia ac festinatio, hendiadys : ‘impatient greed.’

10. **epistulis** seems to mean a single letter : the plural being used on the (false) analogy of *litterae*. Cp. ii. 55, *recitatae Valentis epistolae ad consules scriptae*.

15. **in modum municipii**, sc. it was properly only a *vicus*, but had grown to the size of a *municipium*,—a somewhat vague description : but cp. A. i. 20, where a town is described as *municipii instar*.

16. **amoeno...usu frequens**, sc. much frequented by visitors who came to enjoy the healing springs and beautiful scenery (the last detail is supplied by *amoeno*). The *locus* is *vicus Aquensis*, Baden, not far from Zurich, on the Limmat.

17. **Raetica** : cp. *Raeticae copiae*, 59.

LXVIII.

3. **non arma noscere**, ‘they were ignorant of the use of arms’ : **non ordines sequi**, sc. they did not know their drill.

7. **Raeticae**, quartered in Raetia : distinguished from the natives, *ipsorum Raetorum juvenus*.

8. **more militiae exercita**, ‘well disciplined’ : cp. A. ii. 22, *more militiae per vexilla et turmas componere*.

10. **medio** : cp. iii. 16, *vacuum medio relinquit iter*.

11. **montem Vocetium**, Boetzberg, in the E. Jura : a hill about half-way between Bâle and Zurich.

16. **Aventicum**, Avenches. Vespasian made it a *colonia*: its full title on an inscription is *Colonia pia Flavia constans emerita Helvetiorum. justo agmine*, a somewhat otiose ex-

pression here. Andresen proposes *infesto agmine, justo* having perhaps arisen from the copyist's omission of the middle syllable : cp. ii. 31, *inhonestus* from the ms. *inhostus*.

17. *Iulius Alpinus*: commemorated in the forged inscription, purporting to be the epitaph of his daughter.

LXIX.

5. *verbis ac minis, hendiadys*. The case is said to be ablative, and *A. xv. 16, lacrimis temperare* is quoted in support. But this is a *petitio principii*, for there is nothing to prove that *lacrimis* is the ablative : and the dative is certainly the commoner construction.

Claudius Cossus. *Cossus* in Republican times is a name of the Cornelian gens. Under the empire, provincials admitted to the franchise generally assumed the gentile name of the reigning emperor : we may suppose that this was the origin of the name *Claudius* in the present instance.

6. *notae facundiae* : cp. *A. xvi. 29, Montanus probae juveniae*.

8. *ut est mos, etc.* The best mss. have *vulgus* and *mutable*. Heraeus reads *mitigavit: mox, ut est vulgus mutable subitis, tam proni in misericordiam quam immodici saevitia fuerant, effusis, etc.* (*x* and *s* appear to be frequently confused in Italian mss.). According to this version, the soldiers were so much moved by Cossus' eloquence as themselves to intercede for Aventicum : which does not seem improbable.

[Almost the whole of this chapter, from *placabilem*, and the following chapters to *incertum* in 75, are wanting in the Med. ms.]

LXX.

4. *Silianam* : if the reading is correct, this *ala* was probably called after Tiberius' general C. Silius, *legatus pro praetore* in Upper Germany.

5. *pro consule*: Asia and Africa were governed by proconsuls. All governors of senatorial provinces have the title *pro consule* even when only *praetorii*: the governor of an imperial province is *legatus pro praetore*, whatever his rank.

7. Aegyptum : Nero had intended to go to Egypt : a plan alluded to 31, *Alexandriam praemissos*.

9. decurionum : cp. *decurio equitum*, ii. 39.

10. obstricti : cp. *A. xiv. 7, Caesarum domui obstrictos*.

14. Mediolanum, etc. : Milan, Novara, Ivrea, Vercelli.

18. Germanorum vexillis may refer to German auxiliary cavalry : cp. below —*praemissas jam cohortes alasque*, and ii. 11, *equitum vexilla*.

19. ala Petriana : mentioned iv. 49 : it was probably called after the raiser of the corps.

20. Raeticis iugis in Noricum, sc. over the Arlberg pass (E. of the Lake of Constance). Noricum comprised the modern districts of Upper Styria, E. Tyrol, Salzburg, and Upper Austria.

21. Urbicum : the best mss. have *urbi* : *urbicus* is a name found *A. xi. 35*.

25. certa : the mss. vary between this and *cetera*.

26. subsignatum, sc. the main body of the legion, the men who remained with the *signa* of the maniples : while the auxiliaries served under special *vexilla*.

27. grave agmen, ‘the heavy marching column’ : *grave*, because accompanied by the baggage, siege train, etc., as opposed to the *expediti* who had been sent on. The plural *legionum* is inaccurate, as there was only one complete legion : but cp. ii. 22, *densem legionum agmen* ; where as here the author is speaking of only one entire legion, accompanied by detachments from others.

LXXI.

2. dilatae voluptates : Dion and Juvenal (ii. 99) give a different account : Dion Cassius says (64. 8) that δέ τε βίος αὐτοῦ καὶ ἡ διαιτα τό τε Σπέρω συνεῖναι καὶ τὸ τοῖς λοιποῖς τοῖς Νερωνεῖοις χρῆσθαι πάνυ πάντας ἔξεφόβει.

5. Celsum : cp. 14, 31, 39, 45.

8. titulus = *laus*.

10. exemplum ultro imputavit : v. 7 and 38.

11. nec Otho quasi ignosceret = *et Otho, non quasi ignosceret*: the negative qualifies not the principal but the dependent clause. Cp. ii. 63, *nec ullis probationibus in paenitentiam versus = et, cum nullas prob. adferret, in paen. versus*.

ne hostem, etc. The best mss. have *ne hostes metueret conciliationis adhibens*, of which the general sense seems to be 'trying to ensure his safety by a policy of conciliation': Dion Cassius says οὐκ ἥθελε καὶ τοὺς ἄλλους ἐκπολεμῶσαι. Halm reads, *ne hostem metueret conciliationes adhibens*: Heraeus, followed by Nipperdey, *deos testes mutuae reconciliationis adhibens*. The reading in the text is Meiser's conjecture.

16. celebrata in volgus, 'generally well spoken of,' 'well received by the mass of the people': cp. A. i. 28, *grati in volgus*.

LXXII.

1. disparibus causis : for the ablative without *de*, cp. 63, *causis incertis*.

2. Tigellini : v. 24.

4. praefecturam praetorii, A.D. 62.

6. crudelitatem mox : if this is the right reading, it is the only instance in which Tacitus places *mox* after the word to which it belongs: though it is sometimes placed between a substantive and an adjective.

vitiis, distinguished from *virilia sclera* : as Cicero distinguishes *robustior improbitas* and *nequissimum genus levitatis* (*Phil. ii. 63*).

Tigellinus was *intimis principis libidinibus adsumptus*, A. xiv. 51.

9. desertor ac proditor : synonyms often joined : cp. ii. 44, *desertorem proditoremque increpant*.

14. quippe tot interfectis, sc. it is not likely that he would have shrunk from adding one to the long list of his victims. *Quippe = utpote*, used with a participle like *ἄτε* in Greek.

18. vices impunitatis, 'a reciprocal guarantee of impunity.' The criminals hope to be sheltered by those whom they have sheltered themselves.

20. invidia, passive : 'unpopularity.'

fora : such as the *forum Augustum, boarium, olitorium*.

22. *seditiosis* : the ms. reading is *seditionibus* or *seditionis*. Orelli adopted the latter, which is justified by such expressions as *circumsteterat publica expectatio*.

23. *supremae necessitatis* : cp. 3, *supremae necessitates*.

LXXXIII.

3. *adversa...fama* : ablative of the attendant circumstance. Translate, ‘by various excuses, bringing open discredit on the emperor who connived at them.’

5. *magistra libidinum* : she occupied probably a position somewhat similar to that of Petronius, who was *arbiter elegantiarum* (*maitre des menus plaisirs*) in Nero’s court.

6. *Macrum*, v. 7. *famem P. R. molita*, sc. by stopping the African corn supplies.

8. *consulari matrimonio* : it is not known who the *consularis* was.

10. *orbitate* : the attractions of rich and childless persons for the fortune-hunter are a favourite theme with satirists and moralists of the empire : cp. Juv. iii. 128,

“Cum praetor lictorem impellat et ire
praecipitem iubeat, dudum vigilantibus orbis,
ne prior Albinam aut Modiam collega salutet :

and Seneca says (*ad Marc.* 19. 2), *in civitate nostra plus gratiae orbitas confert quam eripit*.

LXXXIV.

1. *muliebribus blandimentis*, sc. offers that could only tempt women.

Suetonius and Dion Cassius say that Otho offered Vitellius a share in the empire : Plutarch’s account agrees with that of Tacitus.

5. *primo mollius*, etc., ‘both parties making a foolish and unseemly pretence of the language of friendship.’

7. *in vicem* = *inter se*: a use of the word peculiar to the silver age. Cp. 75, *omnibus in vicem gnaris*; ii. 45, *experti in vicem sumus*.

11. *specie senatus*, ‘on the pretext of senatorial authority.’

13. *per simulationem offici*, ‘with a pretence of courtesy, sc. the men were sent ostensibly as a guard of honour: the real intention being that they should make overtures to Vitellius’ soldiers.

17. *magnificas* = *magniloquas*.

18. *tanto ante*, an exaggeration: Vitellius was elected by his soldiers only 12 or 13 days before Otho’s accession.

LXXV.

2. *ut bello impares*: *ut* is best taken as equivalent to *tanquam, ὡς*.

5. *utrisque frustra fuit*: cp. *Agric.* 13, *conatus frustra fuissent*. Adverbs used as predicates are not uncommon in the Latinity of the empire.

7. *fallentibus*, *λανθάνοντιν*, ‘escaping detection.’ They profited by the fact that the people among whom they were did not know each other and so could not suspect strangers: whereas Vitellius’ soldiers were mutually acquainted and would at once notice a strange face. *Gnaris*: the ms. reading is *ignaris*, which can only be defended on the supposition that it means *ignotis*, and refers to the *insidiatores*: but then the grammar would be doubtful and the sense unsatisfactory.

9. *Titianum*: *Salvius Titianus*, Otho’s elder brother: pro-consul of Africa, A.D. 65.

LXXVI.

2. *Illyrico*: v. 9.

6. *Aquitania*: including Gascony and Guienne.

7. *Iulius Cordus*: who had been governor of Cyprus.

9. *provinciam Narbonensem*, the modern Savoy, Dauphiné, Provence, and Languedoc.

12. *dirimitur*: cp. *A.* ii. 18, *provinciae quae mari dividuntur*, sc. *a nobis*. Virgil uses *dirimo* in the same way by itself: *Aen.* vii. 226, *vel si quem extenta plagarum Quattuor in medio dirimit plaga solis iniqui*.

14. *praetexto sen.*, sc. the alleged authority of the senate. *Praetexto* is the best supported reading: an alternative is *praetextu*, which would mean 'the majesty of the senate': cp. 19.

15. *Iudaicum exercitum*: cp. 10, and ii. 6. Heraüs always reads *Iudeicus*: *Iudaicus exercitus*, he says, would mean *Iudeorum exerc*.

19. *Carthagine*: capital of the Roman province of Africa.

22. *ob laetitiam recentis imperii*, 'in honour of the good news' of Otho's accession.

23. *pleraque*, etc., 'acted in general without delay or restraint': sc. by pulling down Galba's statutes, etc.

LXXVII.

5. *properando*=*properans*: cp. 23, *inserendo*.

6. *consul*, etc. It was usual for a new emperor to hold the consulship as *consul ordinarius* for four months (*i.e.*, the first *nundinium* of the year) from the Jan. 1 which succeeded his accession. Galba and Vinius were now consuls and would have held office till May 1: Otho and Titianus took their place, but only to retain it till the end of February: the second half of the first *nundinium* being conceded to Verginius and Vopiscus.

According to the *acta* of the Fratres Arvales Otho did not assume the consulship till Jan. 26.

10. *Viennensium*: Vopiscus was a native of or a resident at Vienna. The Viennenses had been zealous partisans of Vindex and Galba.

11. *ceteri consulatus*, etc. Otho made no alteration as to the consuls nominated by his predecessors to hold office (as *consules suffecti*) after May 1: the Sabini had been nominated by Nero for the second *nundinium* (May—August), Antoninus and Celsus by Galba for the third (September—December).

Vitellius also regarded these appointments: but he shortened the tenures of office by one half, so that the Sabini were consuls only through May and June, and their successors for July and August. This he did in order to make room for

Caecina and Valens, who were accordingly nominated for September and October; while Quintius Atticus and Caecilius Simplex were to hold office for the last two months of the year. Cp. ii. 60, 71; iii. 68, 73. Eventually there were 15 consuls in this year: the ordinary number at this period being six.

12. **Flavius Sabinus**, not the brother of Vespasian.

15. **honoratis iam**: sc. men who had already held office as praetors or consuls. There is a passage in Seneca which is instructive as enumerating the successive steps of official dignity: *dedit xii. fasces, sed non fecit ordinarium consulem: a me numerari voluit annum, sed deest mihi ad sacerdotium: cooptatus in collegium sum, sed cur in unum?* etc. (*de Ira*, iii. 31). Vacancies in the pontifical and augural colleges had since the time of Augustus practically been filled by imperial nominees: that is to say, the emperor 'recommended' certain persons. Since A.D. 14 the election had indeed in theory rested with the senate, who were to select from a list presented to them by the *collegia*: but in general this procedure seems not to have been followed.

18. **C. Rufo**: governor under Claudius of Pontus and Bithynia, and condemned in 49 for extortion.

19. **P. Blaesus** was proconsul of Crete and Cyrene under Nero, and he too was condemned for a like crime.

22. **maiestatem**, sc. *mai. laesam* or *minutam*. *Minuere maiestatem populi Romani* in Republican times meant to do anything derogatory to the interests or dignity of the State: Cic., *de Invent.* ii. 17, says: *maiestatem minuere est de dignitate aut amplitudine aut potestate populi aut eorum, quibus populus potestatem dedit, aliquid derogare*. Under the empire *minuta* or *laesa majestas* (*lèse-majesté*) is the term applied to offences against the *princeps* as head of the State. The history of Tiberius' reign shows us that the law relating to *maiestas*, and the extension of its application, is the principal weapon of the *delatores*, practising upon the emperor's suspicions. Thus, as Tacitus says here, the charge of *maiestas* brought such odium on the accuser that by calling extortion or any other crime *maiestas* it was possible to arouse public sympathy for the person accused: and so the good laws—in this case the *leges repetundarum*—lost their power.

LXXVIII.

3. **Hispalensibus et Emer.**, the inhabitants of Seville and Merida.

4. familiarum adiectiones: incorporation of new families in these places, which were apparently *coloniae*: cp. Cic. *Phil.* ii. 102, *colonos novos adscribi posse rescripsi*; Liv. xlivi. 17, *eo anno postulantibus Aquileiensium legatis ut numerus colonorum augeretur, mille et quingentae familiae ex SCto scriptae*.

Lingonibus: either these are Spanish Lingones, or the franchise was given to the Gallic Lingones before the news came of their adhesion to Vitellius (53). Lipsius reads *Lusonibus* or *Illurconibus*.

5. Maur. civitates, sc. the revenues of Moorish communities, such as Tingis and Lixus.

7. ostentui (*M. ostentai*): ‘rather showy than permanent.’ Halm reads *ostentata*, on the ground (as Heraüs says) that Tacitus always uses this instead of the participle of *ostendo*. which only appears in the substantive *ostentum*.

9. statuas Poppaeae, pulled down by the people in 62 (*A. xiv.* 61).

12. imagines N. proponerent, sc. exposed to public view. Plin. *N. H.* 35. 4, *tabulam pictam proponere*.

14. tanquam...adstruerent, sc. meaning it as a compliment.

15. Neroni Othoni acclamavit, ‘greeted him with shouts of “Nero Otho.”’ It is the tendency of Latin to incorporate the words of an address or exclamation with the construction of the entire sentence, where we rather allow them to stand separately: cp. Cic. *Phil.* ii. 30, *Ciceronem exclamavit*=he called out ‘Cicero.’ Plut. (*O.* 3) quotes Cluvius Rufus to the effect that Otho sent rescripts to Spain τὸ τοῦ Νέρωνος θετὸν ὄνομα προσγεγραμένον ἔχοντα τῷ τοῦ Οθώνος.

in suspenso tenuit, sc. he neither refused nor formally accepted the name.

LXXIX.

2. sine cura habebantur, ‘were neglected.’

Rhxolani, in modern Bessarabia, probably.

4. Moesiam: the reading of M. *ad Moesiam* can scarcely be maintained: *inrumpere* in Tacitus is usually followed by the simple accusative, as 40, *forum*, 61, *Italiām*, etc. Besides, *ad* in combination with place-names does not mean ‘into.’

Heunce Heraüs alters *ad* to *adacti*: Nipperdey, retaining *ad*, prefixes it to *novem milia*.

5. ex ferocia et successu, hendiadys: 'flushed with victory.'

7. *tertia legio*, whose headquarters were ordinarily in Syria. But the troops had been ordered to Rome on the news of Vindex' revolt, and were now on their way through Moesia: *sub exitu Neronis translata ex Syria in Moesiam* (Suet. *Vespas.* 6).

9. dispersi aut cupidine praedae graves, M. There seems to be no sufficient reason for altering this to *cupidine praedae dispersi aut graves* (Heraüs), or *dispersi cupidine praedae aut graves* (Halm).

15. gladii quos praelongos, etc., 'long two-handed swords.' For the position of the epithet, in the relative clause, cp. Virg. *Aen.* iii. 546, *praecepitis Heleni, dederat quae maxima.*

17. catafractarum pondere, ablative of the attendant circumstance: 'their horses slipped and their mail encumbered them.' Persian soldiers also were sometimes armed cap-à-pie in this manner: Ammian. Marc. 16. 10 speaks of *cataphracti equites, quos clibanarios dictitant Persae, thoracum muniti tegminibus et limbis ferreis cincti, ut Praxitelis manibus polita crederes simulacula, non viros.* Hertzberg (*History of Greece*, vol. 2, p. 233) tells a similar story of the defeat and annihilation of the Franco-Italian chivalry by the Catalans at Orchomenos in 1311: the chargers of the heavily-armed knights sinking in the soft ground, the riders fell an easy prey to their light-armed enemies.

21. facilis lorica = *habili lorica indutus*: cp. 40, *rapidi equis.*

22. lanceis : cp. ii. 29, iii. 27.

25. hiemis ac volnerum : the old reading was *hic miseria volnerum*; M. has *hic mia.*

27. triumphali statua : crowned with laurel and adorned with a *toga picta* and *tunica palmata*. This was the highest distinction which could be accorded to a successful general; for no one except the emperor could now receive the honour of a *triumphus*. Triumphs had been accorded to generals who won a victory *suis auspiciis*; and under the empire armies fought theoretically under the *auspicia* of the emperor.

28. F. Aurelius, grandfather of Antoninus Pius: he commanded the third legion.

T. Iulianus, commanding the seventh legion : cp. ii. 85.

N. Luper, commander of the eighth legion.

LXXX.

2. *sept. dec. cohortem*, a *cohors civium Romanorum*. It was with this cohort that the outbreak originated; but when the soldiers belonging to it reached Rome it would appear that they were joined by the *praetoriani*, of whom Tacitus is evidently speaking in his description of the disturbance in the city, and to whom Otho's speech is addressed the next day. Moreover Suetonius charges the outbreak on the *praetorians*.

6. *vacuus*, 'at his ease,' 'uninterrupted.'

10. *evaluit in tumultum*, 'ended in uproar.' Cp. *A. xiv.* 58, *multa secutura quae ad bellum usque evalescerent*.

cupidinem sui: αὐτὸς γὰρ ἐφέλκεται ἀνδρα σίδηρος, as Homer says.

12. *tanquam...armarentur*, 'imagining that the intention was to arm them.'

14. *in occasionem praedarum*, 'for the chance of plunder.'

16. *obsequia.. abstulerat*, 'rendered it impossible for them to show their obedience.'

19. *urbem petunt*: 16 miles from Ostia.

LXXXI.

2. *celebre*, governing the ablatives, *feminis virisque*.

6. *detegi*: sc. showed that their firmness was not real.

11. *miserat...iuussit*: he had at once sent...and now he commanded them, etc.

14. *rari*, 'very few': cp. *ii. 84*, *rarissimus quisque*.

16. *incertas*, 'obscure': cp. *A. iii. 42*, *incertis latebris victores frustratur*. It might also mean 'unsafe.'

LXXXII.

4. *Martiale tribuno, cohortis praetoria*: cp. *28*.

5. *praefecto legionis, classicae*. This is the earliest mention of a *praefectus legionis*: probably he is the same as the

praefectus castrorum (cp. *A. i.* 20): a kind of ‘Brigade Major.’ His duty seems to have been to command in the absence of the *legatus*, and at all times to superintend the arrangements of the camp. He is also called *praepositus legionis*. Under the later empire the term *praefectus* supersedes *legatus legionis*.

15. *tristitiae*, ‘sullenness.’

18. *mitius aut horridius*: sc. *alter mitius alter horridius*. Cp. *A. i.* 55, *Arminium ac Segestem, insignem utrumque perfidia in nos aut fide* (sc. *alterum perfidia, alterum fide*). *Horridius*=with harshness.

quina milia, about £40.

20. *atque illum*. *Atque* means here, as often, ‘at once’: cp. *Virg. Georg. i.* 202, *si brachia forte remisit, Atque illum in praeeeps prono rapit alveus amni*.

21. *militiae insignibus*: those of *tribuni* were the *tunica laticlavia* or *angusticlavia*, *parazonium*, and golden ring (the *semestre aurum* of *Juv. vii.* 89); among those of centurions, the staff of vinewood is most frequently mentioned.

22. *otium*, ‘discharge.’

sensit invidiam, ‘were conscious of the discredit thus cast upon them.’ *Compositus* here is equivalent to *sedatus*.

LXXXIII.

4. *ambitioso*, ‘courting’ or ‘dependent upon popular favour.’

7. *subita modestia*, ‘sudden assertion of discipline.’

12. *supersunt*: cp. 51, *supererant*.

13. *sed veni*: the predicate is inserted in the second limb of the sentence, as in *A. vi.* 29, *nihil hunc amicitia Seiani, sed labefecit...Macronis odium*. This practice is said to be common in poetry.

14. *modum caritatis*, ‘to set some limits to your affection.’

15. *cupiditate*, ‘passion.’

19. *honestas rerum causas*, ‘honourable motives.’

23. *ratio rerum aut occas. velocitas*, ‘the necessity of forming plans and grasping the swiftly-passing opportunity.’

24. *ita se ducum*, etc. : sc. the whole theory of discipline rests on this principle, that it is expedient, etc.

28. *imperium intercidit* : sc. the general's power is gone, and armies can no more be led. *Intercidit* : perhaps the indicative expresses that the thing does actually happen—not only that it would occur in a certain contingency. But a subjunctive in protasis followed by indicative in apodosis is not uncommon, especially in the silver age.

illic : sc. *in bello*, as opposed to *in urbe*.

30. *consternatio*, 'outbreak' : as ii. 49, *consternatione ac licentia militum*.

31. *crediderim*, potential : 'I can believe.' Cp. *concesserim* (=I can grant), ii. 37.

LXXXIV.

1. *vos quidem istud*, sc. *fecistis*. For a similar omission cp. A. i. 43, *melius et amantius ille*.

8. *confusi...ruamus* : the subjunctive depends on *ut* to be supplied from *ne* ; cp. iv. 52, *ne criminantium nuntiis temere accenderetur, integrumque se ac placabilem filio ostenderet*.

10. *res militares continentur*, 'the wellbeing of an army depends on,' etc. *Contineri* is thus used often by Cicero : cp. *pro Sest. 92, iudicia quibus omne ius continetur*.

16. *caput imperii*, the senate, as the nominally supreme deliberative body. *Decora omnium provinciarum* : sc. the distinguished provincials in the senate.

19. *Germani* : instead of *exercitus Germanici*, as if they were actually foreigners.

20. *depoposcerint* has a potential sense (corresponding to *av* with the optative) like *crediderint* in 83.

21. *cuius splendore...praestringimus*, 'whose lustre throws into the shade,' 'forms a bright contrast to,' etc.

28. *reparari promisca sunt*, sc. *promiscum est ea reparari* ; just as we say, 'they are easy to restore.' This construction in Latin is like the Greek idiom : *ῥάδιά ἔστι ποεῖσθαι ταῦτα* being as good Greek as *ῥάδιόν ἔστι ποεῖν ταῦτα*.

29. *rerum*, sc. of our empire.

30. *auspicato*=with all due solemnity. Cp. Cic. *de Div.* i. 3, *Romulus auspicato urbem condidisse traditur*. Ablatives absolute are used as neuter substantives often in Tacitus and Livy: cp. ii. 49, *explorato iam prefectos*.

LXXXV.

1. *apta* is inserted by Meiser: Orelli read *oratio ad per-*
stringendos. The text in the ms. is confused.

6. *urbi*: M. has *urbis*.

7. *militibus*: Orelli read *et militibus* with M.: which affords no satisfactory sense if the full stop after *obiecerat* be retained. There is nothing to correspond to *et* which precedes *militibus*; we should expect another *et*, introducing the mention of some other disturbing agency. (*Et* before *maligna* simply connects *habitu* and *cura*.) We must then either omit *et* altogether, or (with the Buda ms.) change it into *erat* (*facies belli erat*); or, removing the period after *obiecerat*, make *militibus*, etc., dependent on the clause of which *credebant* is the principal verb.

8. *maligna cura in*, ‘looking with evil eyes on.’

11. *ad studia partium noscenda*, ‘to ascertain the state of party feeling.’

13. *secreta domuum*: cp. 26, *incerta noctis*.

16. *conversis*: apparently when this construction (passive participle followed by accusative of respect) occurs elsewhere in Tacitus, the participle is always in the nominative. Hence some follow the reading *conversi*, making *plurimum trepidationis*, etc., a separate sentence.

17. *curiam*, probably the Temple of Concord.

arduuus...modus, sc. *difficile erat modum servare*.

18. *ne contumax silentium*, sc. *esset*. For a similar omission cp. *A. i. 7*, *ne lueti excessu principis*.

20. *versare sententias* is said to mean ‘they brought forward one resolution after another.’

21. *hostem et parricidam*: the same terms were applied to Catiline by the Senate. *Parricida*=traitor.

22. *vulgaribus convictis*, abuse in general terms, without reference to any special facts.

LXXXVI.

3. *vestibulo Capitolii*: probably the *area Capitolina* or open space on the Capitoline. *Cella Junonis*, in the temple of Jupiter, Juno, and Minerva.

9. *tantum in metu* : cp. *A. i.* 28, *ut sunt mobiles ad superstitionem percursae semel mentes*.

13. *ponte sublicio*, the bridge on piles (*sublicae*) crossing the Tiber from the Velabrum : its modern successor is the Ponte Rotto.

14. *secura casuum* : cp. *securi pelagi atque mei* in the Aeneid.

[From *inopia* to ii. 2, *Cyprum*, there is a lacuna in the Medicean ms.]

17. *penuria alimentorum*. The vegetable market (*forum olitorium*) was overflowed : and the bakers' quarter (*ἐν τῷ τὸν ἐπὶ πράσει διαπωλοῦσι σῖτον*, Plut. *O. 4*) as well. Perhaps also the public storehouses of corn had been swept away.

Inundations of the Tiber were frequent occurrences in the early empire, in spite of all possible precautions : we read of five in the reign of Augustus. The danger seems to have been somewhat lessened by Claudius' improvement of the Tiber mouth.

18. *insulae* were large buildings or isolated blocks of houses, several stories high, and divided into apartments (*meritoria*), which were let to lodgers : *domus*, on the other hand, are the private residences of the richer classes. On the dangers and general inconveniences of the *insulae*, cp. *Juv. iii.* 190-238.

21. *via Flaminia*, leading from Rome through Umbria to Ariminum.

eset obstructum : the gender is ruled by the apposition of *iter belli* to *campus Martius* and *via Flaminia*. The obstruction, Suetonius says, was as far off as the 20th milestone on the road (*O. 8.*)

22. *a fortuitis*, etc. It is best to put a comma after *obstructum*, and to construe *a fortuitis*, etc., with *vertebatur*: lit. 'was turned away from its chance causes into a prodigy,'

i.e., was interpreted as a prodigy, without respect to its accidental or natural causes.

LXXXVII.

1. **lustrata urbe**, on account of the above-mentioned portents. This purification would take the form of an *amburbiale sacrificium*, the victim to be sacrificed being led round the *pomerium*.

4. **classe**, at Fréjus.

5. **reliquos caesorum**, 'the surviving remnant of the decimated troops': cp. 6.

7. **in custodia**: the ms. reading however is *in custodiam*, which is justified by Liv. xxii. 25, *in custodiam habitum*; and Caes. *B. C.* i. 25, *in potestatem habere*.

in numeros legionis, sc. so that they formed the different parts of a legion—centuries, maniples, cohorts. In ii. 11 they are called *classicorum ingens numerus*.

8. **honoratioris militiae**, 'of serving in a more honourable arm' than the marines.

10. **vires et robur**: cp. ii. 11, *plus virium ac roboris*. *Vires* means numerical strength; *robur*, fighting power.

11. **summa**, 'control.'

12. **S. Clementi**: mentioned in an inscription as *praefectus castrorum* in Egypt: possibly commander of the two legions quartered there.

14. **tribunatum, cohortis urbanae**: cp. 20.

15. Moschus had held the same office under Nero and Galba. The *cura navium* in the case of the marine commissariat, etc. The mss. have *Oscus*.

16. **immutatus** ('unchanged'): Orelli read *comitatus*. The mss. have *immutatus*, *imitatus*, *invitatus*. Heraeus now reads *immutato statu*.

17. **Annius Gallus, consul 64 A.D.**

19. **urbanae mil. impiger**, 'active in garrison service.' Cp. ii. 5, *acer militiae*. Genitives of this kind are common in the poets and post-Augustan prose writers.

21. *maturitatem*, ‘ripe understanding’: *ut cuique erat*, as we should say ‘respectively.’

LXXXVIII.

2. C. Dolabella, who had been spoken of as a possible successor to Galba (Plut. G. 23). Vitellius caused him to be put to death (ii. 53).

coloniam Aquinatem, in Latium, the modern Aquino.

3. *obscura*, mean, unbecoming a man of his rank: *i.e.*, he was not actually imprisoned. His *vetustum nomen* is one well known to the history of the closing days of the Republic.

7. *expedire*, ‘to take the field’: cp. 10, *expedierat*.

8. *eodem cultu*, ‘occupying the same position’: *aequab Othonem cultus*. Cp. Sall. *Jug.* 5, *eodem cultu habere*.

10. *motaे curae*: others read *cura*. Whether we adopt the singular or plural, the meaning is the same: ‘general alarm was aroused.’

metu aut periculo=metu periculi.

12. *desides*: *desidia* is want of occupation; *segnitia*, natural sluggishness.

13. *occultare et abdere*, synonymous terms: cp. *latrocinia et raptus* (46) and *desertor ac proditor* (72).

20. *afficta fide in pace usi*, ‘whose credit was exhausted in peace.’ For the thought cp. Lucan i. 180, *concussa fides et multis utile bellum*.

Halm reads *afficta fide in pace anxii*; Orelli, *afficta fide in pace*: the ms. reading is *in pace ac si*.

LXXXIX.

1. *magnitudine nimia*: the unwieldy size of the population is not a very good reason for its being *communium curarum expers* (taking no interest in politics): Heräus inserts *imperii*, which certainly gives a better sense.

5. *quae motu*: the antecedent is of course *pretiis*, not *mala*.

8. *res Caesarum composuit*, ‘consolidated the imperial power.’

11. *pertinuere* is the reading of the best mss. : Orelli read *rei publicae pertimuere*: Heräus, *rem publicam perculere*. The *pacis adversa* would include such evils as, for instance, the power of the *delatores* under Tiberius.

12. **Scriboniana** : *Furius Camillus Scribonianus, legatus Caesaris in Dalmatia*, had attempted in 42 to raise a revolt : but the enterprise was crushed *intra quintum diem* (Suet. *Claud.* 13).

19. *moras religionemque*, etc., ‘tried to delay Otho by reminding him that the sacred duty of replacing the shields had not been performed.’ The twelve *ancilia* were taken from the temple of Mars or the *curia Saliorum* (both on the Palatine) on March 1, and carried in the dances of the *Salii*: at the end of the month they were replaced. Otho left Rome about the middle or towards the end of March.

21. **Caecina Alpes transgressus extimulabat** : cp. *A. i. 8, occisus Cæsar aliis pessimum aliis pulcherrimum facinus videbatur.*

XC.

3. **sectionum** : v. 20, *reliquiae sectionum* (cp. Virgil’s *reliquiae Danaum*) means ‘what was left after Nero’s sales of confiscated property’: it is like *reliquos caesorum*, 87. What is here meant is property which had either not yet been sold, or for which the price had not yet been paid. But in general the property had been sold, and the price at once exacted by the officials of the *fiscus*: so that there was very little to give back, and the *donum* was *usu sterile*.

9. *modeste*, ‘with moderation.’

15. **Trachali**, consul in 68. He was saved from punishment for his services to Otho by the influence of his kinswoman Galeria, wife of Vitellius : cp. ii. 60. Quintilian says of him (12. 5), *cum diceret, eminere inter aequales videbatur : ea corporis sublimitas erat, is ardor oculorum, frontis auctoritas, gestus praestantia*.

17. *latum*, ‘copious,’ ‘fluent.’

20. *imperatorem Augustum*: Augustus is called *imperator par excellence*, because after 40 B.C. he commonly bore the title in place of his *praenomen* Caius. Tiberius and Claudius did not imitate him : but their successors commonly used the word as a *praenomen*.

22. *libidine servitii, entraînement pour la servitude* (Louandre) : and this is the best rendering. It is also explained as meaning 'from their slavish humour,' *servitii* being then equivalent to *servorum* : everyone tried to curry favour for himself, just as slaves do (*ut in familiis*).

24. *profectus Otho*, according to Suet. *O.* 8, on March 24 : but it is strange that he should have formally handed over the government to the Senate (*commendata patribus republica*) on March 14, if he intended to remain in Rome for ten days longer.

LIBER II.

I.

2. *initia causasque imperio*, sc. was laying the foundation of a dynasty. Cp. 1. 15, *initia causasque motus* ; and for the dative, 1. 67, *initium bello*.

varia sorte, Lipsius' emendation for the ms. reading, *varie ortum*.

3. *prosperum*, to Vespasian and Titus ; *exitio* to Domitian.

5. *missus a patre* : according to Suetonius, Vespasian suspected Galba of plots against his life : Suet. *G.* 23.

11. *destinandi* : cp. 1. 12.

15. *Achaiae urbe* : by this otherwise unnecessary addition Tacitus means to call special attention to the turning point of Titus' voyage. He had got no farther than Achaia when at Corinth he received the message, etc.

21. *offensam...victoris = offensum iri victorem* : cp. *arma Vitellii = arma sumpsisse Vitellium*.

II.

3. Berenices : sister of Herod Agrippa and great granddaughter of Herod the Great. She was married first to her uncle, then to Polemo, king of Pontus, whom she eventually left, and lived at the court of her brother. She twice visited Titus at Rome : cp. Suet. *Tit.* 7.

7. *moderatior* is the reading of the best mss.: al. *modestior*. *Moderatior* gives the best sense, i.e., that of moral self-control.

8. *laeva maris* : sc. the Mediterranean waters to the left of the direct line from Corinth to Syria.

9. *audentioribus*, as crossing the open sea instead of hugging the shore and crossing from island to island. Cp. *A.* ii. 78, *lato mari pergere in Syriam*.

12. *haud fuerit longum*, ‘it may not be tedious.’ *Fuerit = potest esse* : cp. 76, *a contumelia quam a laude propius fuerit*.

initia religionis, ‘origin of the cult.’

III.

1. *Aeriam* : cp. *A.* iii. 62.

3. *Cinyra* : son of Apollo and Pharnace, according to Hesychius. He is mentioned by Homer (*Il.* λ. 20) and Pindar (*Pyth.* 2. 5). Pliny says that he lived to the age of 160 (*N.H.* 7. 48).

4. *conceptam mari* : *ἀναδυομένην*.

5. *accitam*, ‘came from elsewhere.’

Cilicem : Cic., *de Div.* i. 2, ascribes the development of the science of divination by the flight and cry of birds more especially to the Cilicians.

8. *stirpem antecelleret* : *antecellere* is properly intransitive, but is used *κατὰ σύνεσιν* with the accusative ; also in *A.* xiv. 55, *nondum omnes fortuna antecellis*. In the same way *praecellere* and *praeminere* are occasionally used by Tacitus with the accusative ; and it is a common tendency with him and other post-Augustan writers to give a transitive force to verbs otherwise intransitive. Cp. *I.* 87, *bonos anteibat*.

10. *hostiae* : not a propitiatory sacrifice, but killed in order that the entrails may be inspected.

13. *precibus*, etc., 'prayer and fire alone is employed in the worship at the altars.' *Adolere* is expression belonging to ritual, meaning 'to kindle the fire of sacrifice upon' an altar. Cp. Virg. *Aen.* vii. 71, *castis adolet altaria taedis*. In the present passage *adolentur* is closely connected only with *igne puro*; were *ignis* not mentioned, it would be impossible to say *precibus adolentur*.

14. *in aperto*: Eustathius, in a note on *Odyss.* o. 362, calls the altar *βωμὸς αἱθρίος*.

15. *continuus orbis*, etc. : sc. a conical stone. Tacitus prefers a circumlocutory description to the technical term *conus*, just as he avoids the medical term *podagra* in i. 9, using instead *debilitas pedum*.

This stone may have been either a phallic symbol or some other kind of fetich, a survival of an older cultus, like the Hermae at Athens, or the sacred stone at Mecca. On such fetich stones see Lang's *Custom and Myth*, p. 224, Tylor's *Primitive Culture*, vol. 2, p. 160 foll.

Servius, in a note on *Aen.* i. 724, says, *apud Cyprios Venus in modum umbilici vel ut quidam volunt metae, colitur*. Hero-dian (5. 3) speaks of a sacred stone at Emesa which has a *κονοειδές σχῆμα*.

IV.

2. *quaeque alia* : sc. *auditisque aliis, quae*, etc.

antiquitatibus, 'antiquarian legend,' ἀρχαιολογία.

5. *per ambages*, not in plain words, fearing danger.

9. *secreto*, 'a private interview,' *tête-à-tête*. Cp. iv. 49, *secreto eorum nemo adfuit*.

10. *patrem* : at Caesarea in Judea.

11. *ingens rerum fiducia* : for the method of expression cp. 5, *praecipua concordiae fides Titus*.

12. *profligaverat bellum*, sc. had nearly finished. For this sense of the word cp. Mon. Ancyrr., where Augustus writes, *coepta profligataque opera a patre meo perfeci*.

14. *ingenium montis* : cp. i. 51. The *mons* includes four hills.

16. *tres* : cp. i. 10.

18. *aemulatio et gloria=aemulatio gloriae* : emulation of their comrades' renown.

21. **belli dolor** (Meiser) : the ms. reading is *belli labor* : but besides the awkward repetition of *labor*, it gives no satisfactory sense. *Ardor* and *amor* have been suggested. Andresen prefers *inexperti belli rubor*.

22. **classes** : besides the Pontic fleet, there were ships stationed off the coasts of Syria and Egypt.

reges : Antiochus of Commagene, Agrippa of Judaea, Sohaemus of Sophene. Cp. 81.

V.

3. **diuque** : *diu* in this sense is an archaic form only found in *interdiu* and as here with *noctu* in Plautus and Sallust.

4. **fortuito** : $\tau\hat{\omega} \tau\nu\chi\circ\nu\tau\iota$, anything that offered itself.

6. **si avaritia abesset** = *si afuisset*. Cp. 62, *si luxuriae temperaret avaritiam non timeres*.

8. **dispositu**, etc., ‘a skilful civil administrator.’ For the ablative cp. *jure peritus* (Cic. *pro Client.* 107).

10. **temperamentum**, sc. both could have been fused into an excellent emperor.

14. **in medium**, ‘for their common interest’: cp. 37.

15. **fides**, ‘pledge,’ ‘guarantee.’

19. **adsciscebantur**, ‘were attracted to either side.’

VI.

2. **praecipitibus** : M. *precibus*. Heräus reads *perniciibus*.

3. **tarda mole**, sc. the East was slow in mustering its forces to face the task of a civil war.

5. **validissima civium arma**, ‘the fiercest civil wars.’

8. **haud prosperi exitus** : the sense apparently is that the defeated leaders crossed the sea only to perish; there was no serious fighting in the East.

10. **inspecti** : no member of the imperial house had been in the East since Germanicus, in the reign of Tiberius.

12. *vario eventu* : cp. *A.* xv. 27, *multa Romanis secunda, quaedam Parthis evenisse.*

19. *continua*, sc. adjoining their province.

20. *quicquid...praetenditur*, ‘the line of forts on the Armenian frontier.’

VII.

2. *impetus*, ‘enthusiasm.’

3. *bellum ruere in*, sc. is destructive to ; a conjecture of Meiser’s. In the ms. the only intelligible word is *bellum*. Orelli read *belli exitum*, constructed with *expectari*.

9. *nuper* : Vespasian and Mucian were the last to agree upon the scheme in reference to which the soldiers had long been in accord.

12. *ambiguæ domi res*, ‘the perilous position of their own fortunes.’ *Domi* is substituted for *domesticae* owing to the accompanying adjective : cp. *res angusta domi* (*Juv.*).

VIII.

2. *velut*, in the sense of *tanquam* : cp. *A.* iv. 67, *ea spreta ab illis velut pararent obiciebantur.*

3. *super exitu* : cp. *iv.* 40, *consulendum tali super re principem respondit.*

5. *ceterorum casus in contextu operis*, sc. in the lost books. There seems to have been a general expectation of Nero’s reappearance : the Christians thought that the prophecies of a coming Antichrist referred to him. There was another pseudo-Nero in 88 A.D.

6. *Ponto* : either the ancient kingdom of Pontus (which, in 63 B.C., had been transformed into the province of Bithynia), or what was known as ‘*Pontus Polemoniacus*,’ the territory of the subject prince Polemo, lying west of Trebizond.

8. *propior ad fallendum fides*, ‘which supplied him with ready credentials for his deception.’

11. **Cythnum**, one of the western Cyclades, south of Ceos — the modern Thermia.

12. **commeantium**, ‘going on leave’ (*commeatus*).

15. **dextras** : cp. i. 54.

20. **gliscentem** = *crescentem* : a favourite word with Tacitus and Sallust.

IX.

1. **Pamphyliam** : at first a part of Cilicia, and since 25 A.D. a separate province, with the addition (in 43) of Lycia ; its administration had been united by Galba to that of Galatia.

8. **ut eum...sisterent** : the demonstrative is used instead of the reflexive pronoun. Cp. *A.* iv. 67, *quamquam edicto monuisset ne quis quietem ejus (=suam) intrumperet*. This irregularity occurs occasionally in Cicero and Caesar, and is frequently met with in late Latin.

9. **nutantes seu dolo** : cp. *A.* vi. 12, *una seu plures fuere*.

10. **firmaverunt** = *ad-* or *confirmaverunt* : in accordance with Tacitus’ usual preference for the simple rather than the compound verb.

11. **ex fide**, ‘faithfully.’

13. **oculis, caesiis et hebetioribus** (*Suet. Ner.* 51).

X.

3. **Vibius Crispus** of Vercelli was a celebrated orator and *delator* who had been consul under Nero, and subsequently governed Africa under Vespasian. He died towards the end of the century. Juvenal speaks of him (iv. 81) as one of Domitian’s advisers : *venit et Crispi jucunda senectus, cuius erant mores qualis facundia, mite ingenium*.

6. **delationes factitaverat** : cp. *Cic. Brut.* 34, *accusationem factitare*.

7. **ad cognitionem senatus vocabat**, ‘impeached him before the senate.’ From the time of Augustus the senate had exercised judicial functions in reference to important criminal cases : cp. for instance *A.* ii. 27 and following chapters.

9. **accusatorum causae** : cp. iv. 42, *senatus...occiso Nerone delatores et ministros more majorum puniendos flagitabat*.

10. **senatus consultum varie jactatum**, sc. it was not consistently acted upon, sometimes disregarded.

12. **retinebat**, etc. The reading of M. is *retinebat ad hunc terroris et*, etc. Orelli read *retinebatur. ad hoc terroris et*, which would mean that the decree gained or lost strength, but was never actually repealed. Other editors read, *retinebat adhuc terroris*, which is not satisfactory : Halm's version is better, *retinebatur adhuc terrori. Set propria*, etc.

13. **incubuerat...pervertere** : cp. Virg. *Georg.* iv. 249.

fratris, Vibius Secundus, banished by Nero in 60 for mal-administration in Mauretania (A. xiv. 28). He must have been subsequently accused of *maiestas* by Faustus, but the fact is not elsewhere noticed.

16. **aeque...quam** : v. i. 4.

XI.

3. **quattuor legiones** : v. i. 9.

4. **bina milia** : either '2000 from each,' or = *duo milia* : Orelli thinks the latter more probable : for if 8000 men were to be sent on in advance, why (he asks) should the number be made up by detachments rather than by one entire legion ? On the other hand, *ipsae* points to the detaching of a certain number from each legion : and cp. 83.

5. **septima a Galba conscripta**, i.e., not the *septima Claudia*.

7. **rebellione Brit. compressa**, by Suetonius Paulinus, 61 A.D. : cp. A. xiv. 29, *Agric.* 15. It is not certain how the fourteenth legion came to be stationed in Dalmatia : according to one opinion the men were on their way to the East, for the Albanian war (cp. i. 6), when they were arrested by the news of Nero's fall. Others think that Nero had summoned the legion to Italy from Germany—where it was usually quartered—to serve against Vindex, and the Galba subsequently sent it to Dalmatia. On the whole, the former view is the more probable, as there is no mention of any entire legion quartered at Rome on Galba's arrival there, except the *septima Galbiana* and the *legio classica*.

10. **quo plus**, etc. : cp. i. 14, *quo suspectior sollicitis adop-tanti placebat*.

13. equitum vexilla, *praetorianorum*.
14. legione prima : cp. i. 6.
15. severis ducibus usurpatum, *e.g.*, by D. Brutus before Mutina. For the dative cp. *procuratoribus*, i. 11.
17. V. Spurinna distinguished himself in this war by a courageous defence of Placentia, and was a successful general under Trajan. Cp. Plin. *Ep.* ii. 7.
- Padi ripas : especially the country about Placentia and Cremona.
18. prima consiliorum : Otho's first intention had been to occupy Gallia Narbonensis : cp. i. 87.
21. speculatorum lecta corpora : cp. *Aen.* ix. 272, *lectissima matrum corpora*.
- ceteris cohortibus : as the meaning is 'the remaining parts of the cohorts,' the more usual word would be *reliquis*.
22. veterani e praetorio : *vexillarii* (18). These were soldiers who had served their time in the guard, and were now *exauxorati*, and only called out in special emergencies. Cp. *A. i.* 17.
- classicorum : cp. i. 87.
24. pedes ire is Madvig's conjecture in place of the ms. *pedestre*: it is a probable correction, supported by the fact that in 28 M. has *ire virorum* for *Trevirorum*, with the same confusion between *I* and *T*. Orelli read *pedester*.
25. incomptus : Juvenal however says that the emperor took a looking-glass with him : ii. 102, *res memoranda novis annalibus atque recenti Historia speculum civilis sarcina belli.*

XII.

3. naves : the fleets off Misenum and Ravenna.
9. ambitioso imperio : cp. i. 83.
10. corruptus : M. *corruptius*. The sense is that he was destitute of principle and so relaxed the reins of discipline.
13. rapere, the simple instead of the compound verb *diripere* : cp. *Aen.* ii. 374, *rapiunt incensa feruntque Pergama.*
14. metus, causes of fear, dangers : cp. 19, *metum ac discrimen.*
16. securitate pacis is best taken as abl. *instrumenti*, like *belli malo* : they were undone by their false confidence and (as

the immediate cause) by the horrors of war. But Heraüs takes it as an abl. of the attendant circumstance : ‘confident of peace, they were assailed by war.’

17. *maritimas Alpes* : a small province (governed by a procurator, cp. i. 2) comprising the country about the Var : it was created by Augustus B.C. 14.

18. *M. Maturus* : cp. iii. 42, where he is mentioned as a faithful adherent of Vitellius.

19. *arcere...intendit* : cp. 22, *petere intendit*.

21. *castra*, ‘military service.’

XIII.

2. *Albintimilium* (shortened from *Albium Intemelium*), Ventimiglia.

5. *insontium* : Agricola’s mother was killed at this time : cp. *Agric.* 7.

9. *latere*, infin. of *lateo* : it seems unlikely that it is the abl. of *latus* : though Church and Brodribb think it possible.

XIV.

2. *in verba Vitellii adactae*, ‘which had sworn allegiance to Vitellius’ : cp. 73, *adactum in verba ejus Orientem*. The phrase is properly applied to the administering of the military oath : soldiers *jurant in verba alicuius*. Cp. i. 55, *sacramento adactae*.

4. *coloniarum*, such as *Aquae Sextiae*, Narbo Martius, Forum Julii, Arausio (Aix, Narbonne, Fréjus, Orange).

8. *vacuo mari*, ‘if the seaboard were left unprotected’ : or, ‘because they had no enemy to contend with by sea’ : either sense is satisfactory. Cp. iii. 2, *vacuum Illyricum mare*.

11. *vetus loci auxilium* : Heraüs connects *vetus* with *loci*, translating ‘long familiar with the country’ (*mit der Terrain vertraut*), and comparing *A.* vi. 12, *scientiae caerimoniarumque vetus*. But it is easier to regard *loci* simply as a possessive genitive.

12. *Pannoni nondum sub signis*, sc. serving as a separate detachment under their own *vexillum*. As there were Pannonians (17 *Pannonicorum cohors*) on Otho's side, it has been proposed here to read *Alpini*: but it is quite possible that Pannonian auxiliaries were attached to the German armies before the Vitellian revolt. We see from i. 68 that Vitellius had a cohort of Thracians on his side.

14. *colles mari propinquos*, between Ventimiglia and Fréjus.

15. *exsurgeret*: i.e., form on the slope of the hill, the right flank standing higher than the left.

16. *praetorianus miles*: these are the *plerique e praetorianis* of i. 87: besides these there were 5 praetorian cohorts serving under Spurinna on the Po (11).

19. *Alpinos*, sc. the *Ligurum cohors* mentioned above.

28. *obtentui fugientibus*, sc. darkness sheltered their flight. This is better than 'darkness supplied them with a reasonable excuse for flight,' a translation which has been suggested.

XV.

2. *accitis ex colonia Foroiuliensi*: cp. 14.

5. *sidente*: instead of the (more usual) compound *residente*.

12. *Antipolim*, Antibes: *Albigaunum*, Albenga. *Albig.* *interioris Liguriae* (*oppidum* being omitted) is an imitation of the Greek idiom: cp. A. v. 10, *Piraeum Atticue orae*.

XVI.

4. *procuratoris*: Nero transferred the hitherto imperial province of Sardinia and Corsica to the senate; yet, being a small province, it appears to have been still governed by a procurator.

tanta mole belli, sc. his rashness could not influence the issue of a war between combatants so powerful.

5. *in summam*: Orelli retained the ms. reading *in summa* instead of the more usual *in summam* on the authority of A. xiii. 38, *nihil in summa proficiebatur*; but perhaps *in*

summami is the true reading there also. For *profutura* Freinsheim reads *profectura*, *proficio* being frequently used in this connexion.

7. *si provenisset*, ‘if it had been forthcoming.’

10. **Liburnicarum**: light fast-sailing vessels built on the model of the Illyrian pirate ships, and employed in the Roman fleets since the battle of Actium: cp. Horace, *Eopd.* 1, *Ibis Liburnis inter alta navium, Amice, propugnacula*. They were long and narrow, carrying a triangular sail.

ibi, adverb used as epithet, = *quae ibi erant*. Cp. v. 14, *memoria prosperarum illic rerum*.

12. *ignara*: Halm reads *ignava*.

14. *inconditos*, ‘undisciplined.’

21. *qui P. frequentabant*, his customary visitors, or clients: as distinguished from *comites*, his attendants or staff.

22. *balineis*, ‘at the hour of his bath,’ like *comitiis* or *gladiatoribus*; but Dräger would render it ‘in his bath.’

25. *maioribus flagitiis permixtos*, sc. they were forgotten among greater criminals.

XVII.

2. *ut supra*: i. 70.

5. *faciles occupantibus*, ‘an easy prey to the first comer,’ *τούπιόντος ἀρπάσαι*.

6. *meliорibus incuriosos*: Tacitus uses the dative after *incuriosus*, also *A.* xiv. 38; but generally the genitive.

7. *quantum inter Padum Alpesque*: Otho’s communications with Illyricum were not altogether cut off, as we see by the fact of a detachment of the 13th legion making its way to Cremona (24).

11. *Ticinum, Pavia*.

13. *inritabat*, sc. challenged them to swim across. Cp. iv. 12, where Tacitus speaks of entire squadrons of the Batavian cavalry swimming the Rhine.

14. *contra Placentiam*, ‘opposite Placentia.’

XVIII.

1. *certum erat* is used in two different senses with the infinitives depending on it: ‘Spurinna knew that Caecina had not come, and he was resolved to,’ etc.

7. *ruere*, ‘broke out.’

9. *tribunisque* is followed in M. by *providentiam ducis laudari*, manifestly an interpolation from the next chapter. Some of the copies of M. have altered *laudari* to *laudantibus*.

XIX.

1. *non iam in conspectu*: Meiser inserts *non iam*, as the ms. reading *in conspectu* would be strange, considering the position of Placentia. Perhaps we ought to read *e conspectu*, with Nipperdey (or *in prospectu*, cp. Caes. *B. G.* v. 10). In any case the troops will have crossed to the left bank of the Po, and thus be in the enemy's country.

3. *contundit animos*, ‘discouraged them,’ took the edge off their valour.

9. *robur ac sedem bello*, ‘a strong central point for the war,’ ‘a strong fighting base.’

16. *virtutis haud paeniteret*, ‘their courage was unimpeachable,’ no one had reason to be dissatisfied with it. This sense of *paenitet* is found as early as Terence: cp. *Hautontimor.* act i. sc. 1, *operis quantum fiat paenitet*. [Plutarch does not mention this sally from Placentia at all: he simply speaks of the eagerness of Spurinna's men for fighting.]

XX.

2. *modesto*, ‘well disciplined.’

4. *sagulo*, a mantle or plaid worn by Batavi, Galli, and Nervii: cp. v. 23, *sagulis versicoloribus*, used for sails by the

Batavians : and *Aen.* viii. 660, where the Gauls *virgatis lucent sagulis*.

bracas...indutus, a Graecism frequent in poetry. Cp. *Aen.* iv. 137, *chlamydem circumdata*. Cic., *ad Fam.* ix. 15, speaks of *bracatae et transalpinae nationes*; Suet. *Jul.* 80, *Galli bracas deposuerunt, latum clavum sumpserunt*. Gallia Narbonensis was for some time called *Gallia bracata*, to distinguish it from G. Cisalpina, where this form of dress was unknown.

barbarum tegimen is supposed by Ritter to be a gloss (taken perhaps from *Aen.* xi. 777, *barbara tegmina crurum*) on the ground that, (1) the explanation is unnecessary ; (2) the 'Greek' accus. is not elsewhere found in apposition with another word.

5. *uxorem autem* : M. *uxorem au-* Nipperdey (on *A.* xiii. 35) says that Tacitus never uses *autem* in the narrative, but only in reporting direct or indirect speech : Heraeus reads *uxoremque* after Haase.

6. *insigni* : M. *insignis*, which is better.

7. *gravabantur*, with an accus., as *A.* v. 8, *spem et metum juxta gravatus*. Halm inserts *quod* before *quanquam*.

9. *acribus oculis introspicere*, 'regard with critical eyes.'

14. *iactata*, 'bandied to and fro.' Notice the use of the neut. plur. after *pax et concordia* : cp. iii. 70, *pacem et concordiam victis utilia...esse* ; *A.* xi. 11, *comitatem et temperantiam nulli invisa*.

16. *ut initia*, etc., 'that public opinion would be guided by the issue of the first battles.' For the thought cp. *A.* xii. 31, *gnarus primis eventibus metum aut fiduciam gigni*.

XXI.

2. *aperti*, sc. *non tecti pluteis aut cratibus vineisve*.

5. *confiagrat*, being apparently a wooden structure, like the amphitheatre which collapsed at Fideneae (*A.* iv. 62).

6. *missilem ignem*: the technical term would probably be *falaricas*, fire-bearing missiles mentioned by Livy xxi. 8 and Vegetius.

7. *dum paria regerunt*. M. *dum reportans gerunt*: Orelli followed Gronow's correction *retorta ingerunt*. Heraeus reads *dum retro transgerunt*, sc. *retro trans amphitheatum ingerunt*.

But I do not know what authority there is for this use of *transgero*. Here, as frequently in Tacitus, *dum* with present indicative introduces an action which brings about an occurrence not contemplated by the agent: so *dum regerunt* should be translated 'in throwing.'

12. *in levi habitum*: 'lightly accounted.' Cp. *A.* iii. 54, *in levi habendum*.

15. *absumpta*: *assumpta* M.

16. *pluteos*, plank boardings to keep off missiles: *crates*, 'fascines': *vineas*, sloping roofs supported on posts, under the shelter of which the besiegers approached the walls.

19. *operibus* is not in M.

20. *pudor...gloria*, sc. fear of shame and desire of glory. *Pudor* is frequently used in this sense, when it may be translated 'honour.' As to *gloria*, cp. *A.* i. 8, *jactantia gloriaque ad posteros* (sc. *gloriae cupidine*): and Cic. *de Off.* i. 44, *videre licet plerosque non tam natura liberales quam quadam gloria ductos*.

26. *uberioribus*, etc.: they found mutual taunts a readier incentive than praise.

XXII.

3. *legionum*: Caecina had only one entire legion: but he had also contingents from others. Cp. i. 70, *legionum agmen*.

6. *librato magis et certo ictu*, 'with darts better poised and a surer aim.'

8. *cantu truci*: Tacitus (*Germ.* 3), describing the German war songs, says, *nec tam vocis ille quam virtutis concentus videtur*.

nudis, 'lightly clad': $\gamma\nu\mu\nu\circ s$.

10. *aggerem*: cp. *A.* ii. 81, *peti aggerem jussit*: a mound on which to place towers or engines.

molitur portas, 'strives to burst the gates': cp. *A.* i. 39, *moliuntur fores*.

13. *exsangues*, 'bleeding to death.'

23. *ordines...duxerat*, 'served as a centurion': cp. i. 55, and Cic. *Phil.* i. 20, *quicunque ordinem duxit*.

XXIII.

Aunius Gallus marches to relieve Spurinna by the road from Verona: but Tacitus does not tell us where he had been stationed. Cremona is apparently occupied by the Vitellians: cp. 17.

4. *paucitati*: it seems doubtful whether we should read here the abl. or dat.: M. has *paucitate* corrected to *paucitati*.

5. *obsidium*, after the example of Sallust, the usual form in the *Hist.* and *Ann.* instead of *obsidio*.

9. **Bedriacum**, 20 Roman miles from Cremona, on the Verona road. The scholiast on Juv. ii. 99 says, *Othonis et Vitellii bellum scripsit Cornelius : scripsit et Pompeius Planta, qui ait Bebriacum (sic) vicum esse a Cremona vicesimo lapide*: and on ii. 186, *Bebriacos campos inter Hostiliam [Ostiglio] et Cremnam*. It seems impossible further to identify the locality. Burnouf says its position is uncertain: Mannert, that it lay a mile west of Bozzolo: and Heraus takes much the same view, thinking that it lay between Piadena and Calvatone, i.e., on the south-west bank of the Oglio.

10. *duabus*, sc. the battles between Otho and Vitellius, and between Vitellius and Vespasian: for the second cp. iii. 15-25. This last is commonly called the battle of Cremona: it took place between Cremona and Bedriacum: as, indeed, did the first battle, which was fought at least 16 miles from the latter place.

11. *notus infaustusque*, 'a place of evil name.'

14. *adversam*, sc. the left bank.

20. *prave aestimantibus*, 'putting a bad construction upon.'

21. *animo ignavus, procax ore*: notice the chiasmus.

22. *aliosque quos*, Meiser's correction: *eos quoque* is the reading of M. *Quoque* affords no intelligible sense: whence Urlichs suggests *copis*, as *quoque* might have arisen from *co, piis* being lost or carelessly written. Others omit the parenthesis altogether.

23. *incessebant*: M. has *incesserant*. Orelli says that the pluperfect expresses rapid action: others connect it with *praeposuit* at the end of the chapter: 'Otho gave the command to his brother because the generals had been accused.' Altogether it seems better to read *incessebant* with the Buda ms.

29. **Titianum**. According to Plut. *O.* 7, Titianus did not receive the command till after the next battle: in any case he did not actually undertake it till then.

XXIV.

1. *interea*, sc. before Titianus could supersede Paulinus and Celsus.

3. *senescens fama*, ‘his army’s gradual loss of prestige.’

4. *nuper* : cp. 23.

7. *Valente* : with the army of Lower Germany.

10. *Castorum*, sc. *Castoris et Pollucis*, whose temple we may suppose stood there. Pliny calls the temple of the Twin Brethren at Rome *aedes Castorum*.

14. *curam peditum*. Tacitus, like Sallust, uses *cura* and *curare* sometimes in the sense of military command : cp. *A.* xiii. 20, *mandata ei praetoriarum cohortium cura*; *A.* i. 31, *inferiorem (exercitum) Caecina curabat*. Xenophon uses ἐπιμελεῖσθαι in the same way.

Gallus is not mentioned here, having been disabled by a fall from his horse (33).

15. *tertiae dec. legionis vexillum* : part of the contingent mentioned in 11.

18. *aggerem viae*, ‘the crown of the causeway,’ sc. the road itself as distinguished from the footpaths or *limites* on either side. The *via* is the Postumia, leading from Cremona to a point where its branches diverged to Hostilia on the one hand and Verona on the other.

altis ordinibus, ‘in column,’ ‘in deep formation.’

19. *dextra fronte*, sc. on the right of the attacking column.

22. *cumulus prosperis*, ‘to complete the victory.’

In the formation here described the auxiliaries as usual are posted on the flanks ; next to them on either side of the road are the legionaries ; and on the road itself the praetorian cohorts. The line thus formed is at first straight : but immediately before the attack Paulinus forms his troops *en échelon* ; that is, the auxiliaries at the extremities of the line occupy a position slightly in advance of the legionaries, and these again are nearer the enemy than the *praetoriani* in the centre. [See the Note at the end of the book.]

XXV.

2. *prudens* has here its original sense of *praescius*,

3. *exsurgentes*, sc. *ex insidiis*.

4. *ultro*, sc. they were the victims of the plot which they had prepared for others.

8. *et cui*, etc., sc. he preferred a completed scheme of caution to an accidental success.

10. *fossas*, trenches for irrigation, such as are still in use.
aperiri, ‘to be cleared.’

13. *vineas nexus traducum impeditas*: the vines being planted among trees (still the practice in this part of Italy), and twining about among the trunks and branches.

15. *rex*, ‘prince’: he was the son of Antiochus of Commagene. *Βασιλεὺς* also sometimes means a king’s son. Cp. v. 9, *rex Pacorus*.

XXVI.

8. *praefectus castrorum*: v. on i. 82; and *A. i.* 20.

9. *fratri...proditionem ageret* appears to be equivalent to *cum fratre de proditione ageret*.

11. *sub eodem criminе*: cp. *A. ii.* 33, *sub nominibus honestis*.

18. *nullum retro subsidium foret*, ‘they should have no reserve to fall back upon.’

19. *adverso rumore fuit*, ‘found no favour.’

XXVII.

7. *reverentius*, etc., ‘they yielded a more respectful and temperate obedience.’

10. *repetam*: Tacitus resumes the story broken off at i. 66.

11. *bello Neronis*, against Vindex. Possibly the Batavian cohorts may have left the fourteenth legion in Dalmatia on hearing of Vindex’ revolt: thus openly declaring against Nero and ‘depriving him of Italy’ by hindering the legion from marching to his assistance.’

14. *rettulimus*, i. 59, 64.

20. *e petulantia*, etc., ‘suspected that their turbulence meant treachery.’

XXVIII.

1. *pulsam*: cp. 14.

11. *sin victoriae*, etc. The reading of M. is *victoriae sanitas sustentaculum columnen*. Heraus and Nipperdey consider *sanitas sustentaculum* a gloss on the following word: for Placidus gives these two words as equivalents of *columnen*. *Victoriae columnen* means ‘the completion of their victory’: cp. A. vi. 37, *columnen partium Abdagaeses*.

XXIX.

5. *pretia*: *et pretia* M.

7. *lanceis*: cp. i. 79.

10. *addit consilium, vetitis*, ‘devised the scheme of forbidding.’

obire vigilias, ‘to visit the sentries,’ go the rounds in the camp.

17. *versi*: cp. 63, *versi in paenitentiam*.

18. *aquilis legionis quintae (Alaudae) et primae Italicae*.
Cp. i. 61, 64.

XXX.

3. *tanquam*: *v. i. 8.*

8. *expositos* = *objectos*: in this sense a post-Augustan word.
Cp. iii. 5, *ne inermes provinciae barbaris nationibus exponerentur*.

tanto pauciores: Caecina’s army numbered 30,000 men, Valens’ more than 40,000.

9. *in suam excusationem* is co-ordinate with *attollentis*, as if it were *se excusantes*.

15. *vigore aetatis*: cp. i. 53. *Quodam inani favore* means that the reasons for his popularity were indefinable.

17. *foedum ac maculosum*: cp. the same phrase i. 7. Here the epithets would stigmatize Valens' avarice and debauchery, of which we have instances i. 66 and iii. 41.

18. *inridebant*: Cicero and Caesar would say *inridebat*: in pre-Augustan authors, when the same action under different circumstances is predicated of two subjects, the verb commonly agrees with the nearest subject. For Tacitus' practice cp. 31, *egregiam Otho famam, Vitellius flagitosissimam meruere*.

19. *eandem util. fovere*, sc. they worked for the same ends.

XXXI.

5. *addiderat huic terrorem*, etc., 'made him an object of terror and hatred.'

7. *inhonestus*, the reading of Ruperti and Ritter: the word in M. is *inhostus*: some mss. have *ipsi hostis*. It is a common error in M. to omit the middle of a word.

9. *coniunctis*, at Cremona.

11. *fortunam experiri*: cp. 47, *experti invicem sumus, ego et fortuna*.

13. *rei callidior*, on account of his successes in Britain. For the genitive cp. A. iv. 33, *callidus temporum*.

14. *de toto genere belli censere*, 'to pronounce an opinion on the entire plan of the campaign.'

XXXII.

3. *tumeant*: cp. Plin. *pan.* 28, *tumentibus plebis animis*.

6. *Hispanias*, where there were two legions, VI. *Victrix*, and X. *Gemina*.

9. *nullo maris subsidio*: the fleets being on Otho's side.

13. *tracto...bello=si bellum traheretur*.

20. *obscura nomina*, ‘meaningless names’: cp. Tacitus’ own opinion i. 55, *senatus populique Romani obliterata iam nomina*.

23. *obiacere fl. Padum*: that is, if they recrossed it: for Otho’s army was now on the north or left bank. But Suetonius’ plan of defence doubtless presupposed retirement behind the line of the river.

28. *cum Moesicis copiis*, sc. three legions, III. Gallica, VII. Claudia, VIII. Augusta. These legions had arrived at Aquileia by the day of the battle near Bedriacum. M. has *Moesaicis copiis*: probably *cum* (written *cū*) originally existed before *copiis*, as Tacitus often places it between adjective and substantive.

XXXIII.

6. *Proculus*, an intimate friend of Otho’s according to i. 46.

7. *numen*, the ‘genius’ of Otho: Grk. $\delta\alpha\mu\omega\nu$.

8. *neu quis*, etc. *Neu* is = *et ne*, the *et* connecting two principal clauses: whereas with Republican authors *neu* or *neve* only serves to connect final clauses. It is in Ovid that we find the first instance of this later practice: cp. *Met.* i. 72—

“ *neve foret terris securior arduus aether
affectasse ferunt regnum caeleste gigantas.*”

10. *concesserant in*, ‘had resorted to.’ The pluperf. is used of an action antecedent to the most important event of the chapter, Otho’s departure for Brixellum. Titianus and Proculus guarded themselves against possible opposition by resting their opinion on Otho’s merits as a general.

15. *Brixellum*, Bresello in the Modenese, on the right bank of the Po.

16. *summae*, ‘the supreme command.’ For this sense cp. iv. 25, *Flaccus ei summam rerum permisit*; and i. 87, *summa expeditionis*. M. has *summam* (*summā*), probably a mistake.

21. *et Otho, cui uni*: M. has *et ut Otho cui uni*, whence some read *et Otho ut cui uni*.

22. *in incerto reliquerat*, ‘had left the limits of their respective powers undefined.’ Orelli seems to prefer the sense ‘weakened their authority.’

XXXIV.

2. *ut in civili bello* : cp. i. 4, *ut erga principem novum*.

8. *ne...otium tereret*, instead of *ne otio tempus tereret*. Notice how one reason is expressed by the pres. partic., another by *ne* with subjunct. : cp. A. ii. 62, *inliens Germanos, utque...insisteretur*.

11. *super* is rendered by Heraus ‘on,’ sc. ‘supported by’ anchors. But it is better to take it as equivalent to *insuper* (besides). Louandre translates *on avait de plus jeté des ancles*.

13. *inoffensus*, sc. that the line of ships might rise without being checked by the taut cable.

17. *iaculabantur* : Plut. (O. 10) says that the Othonians set fire to the bridge and drove back their enemies with loss.

XXXV.

1. *insula*, probably opposite to the village of Spinadesco, west of Cremona.

The Othonians engaged were a body of gladiators stationed south of the Po : cp. 23.

2. *molientes* (with which we must supply some word from *perlabebantur*), ‘making their way laboriously.’ The word generally denotes strong effort of some kind : ep. Cic. *in Verr.* ii. 5. 88, *cum etiam tum ceterae naves uno in loco moliebantur*; sc. were doing their best to start : Terence, *Hautontimor.*, *Dum moluntur, dum conantur, annus est* (of women going out for a walk). For exertion in a different connexion cp. Virg. *Georg.* iv. 331, *validam in vites molire bipennem*.

6. *nutantes*, standing unsteadily. Tacitus uses *volnera dirigere* on the model of Virgil’s line (*Aen.* x. 140), *Te quoque magnanimae viderunt, Ismare, gentes volnera dirigere*.

9. *ultra*, sc. not content with a successful defence, they assumed the offensive.

10. *comminus*, ‘with their own hands.’ Virgil uses the word in the same kind of way, *Georg.* i. 104, *jacto qui semine comminus arva insequitur*.

XXXVI.

7. **Fl. Sabinum**, to be distinguished of course from Vespasian's brother of the same name, who was *praefectus urbi* at Rome.

8. *consulem designatum* : cp. i. 77.

rectorem coplis : cp. i. 22, *Othoni comes*.

9. *laeto milite*, etc. M. has *laeto milite et ad*, whence Heräus inserts *modestiore* after *et*. Cp. A. ii. 2, *accepere barbari laetantes, ut ferme ad nova imperia*.

XXXVII.

1. *apud quosdam auctores* : possibly the same authorities as those used by Plutarch : at any rate both historians (cp. Plut. *O.* 9) give substantially the same account of the scheme mooted by the armies and the events narrated in 39 and 40. Plut. mentions one of his authorities, when speaking of Otho's blind decision to fight (which he compares to a headlong leap from a cliff) : *καὶ τοῦτο μὲν διηγεῖτο Σεκοῦνδος ὁ βῆτωρ ὁ ἐπὶ τῶν ἐπιστολῶν γενομένος τοῦ Ὁθωνος*. [See note at the end of the book.]

3. *dubitasse...num*, 'to have intended to' : whereas real doubt is commonly expressed by *an.*

4. *in medium* : cp. 5.

7. *spe Paulini*: subject. genitive. His first consulship seems to have been in 42 ; his second in 66 (A. xvi. 14).

9. *Brit. expeditionibus* : cp. A. xiv. 29-39.

10. *concesserim* : cp. i. 83, *crediderim*.

17. *dissonos*: cp. Livy i. 18, *gentes dissonas sermone moribusque*.

20. *pollutum obstrictumque meritis*, 'disgraced as well as obliged by the services they had rendered him.' Some edd. have *moribus* for *meritis*. For the thought, cp. Cic. *ad Fam.* iv. 9 (speaking of Caesar), *multa victori eorum arbitrio, per quos vicit, etiam invito facienda sunt*.

XXXVIII.

3. *rebus modicis* : *res* here means 'power,' as in i. 29, *res sine discordia translatas*.

4. **facile habebatur**, ‘was easily preserved.’

5. **urbibus regibusve**: as Demosthenes says (*Ol.* ii. 21), *καὶ τῶν πολέων καὶ τῶν τυράννων*.

excisis is the reading of M. But it seems probable that we ought to read *excissis*: *excindere* being a favourite word with Virgil and later prose authors. Cp. *Aen.* ix. 137, *excindere gentem*, and *Livy* xliv. 27, *urbes excindere*.

This reflection on the change of Roman feeling is a reminiscence of Sallust *Hist.* i. fr. 12 (ed. Krüger), *postquam remoto metu Punico simultates exercere vacuum fuit, plurimae turbae, seditiones et aīl postremum bella civilia orta sunt, dum pauci potentes, quorum in gratiam plerique concederant, sub honesto patrum aut plebis nomine dominaciones affectabant.*

7. **tribuni**, such as the Gracchi and Saturninus, who in Tacitus’ judgment would be only *turbulenti*.

13. **et numquam**: earlier authors would say *nec unquam*: Tacitus however frequently uses *et* with a negative, e.g., 32, *et nullo*, 26, *et nullum*. On the other hand, as we have seen, he uses *neu* where Cicero and Caesar would say *et ne*: cp. 33.

14. **quaesitum = certatum**: cp. *A.* ii. 74, *inter Marsum et Sentium diu quaesitum*.

21. **ad rerum ordinem venio**, ‘resume my narrative. Heräus reads *redeo* (*A.* xii. 40, *ad temporum ordinem redeo*).

XXXIX.

1. **honor imperii**, ‘the nominal command’ as opposed to *vis ac potestas*, the real power: cp. *vis ac potestas*, iii. 2.

4. **alienae culpae praetendebantur**, ‘served to screen the faults of others.’

5. **ambigui**: sc. they were an uncertain quantity: it could not be said that they had or that they had not authority.

7. **interpretari**: sc. they preferred to ‘reason why,’ instead of yielding an unquestioning obedience.

8. **ad quartum a Bedriaco**, in the direction of Cremona.

13. **ut...adesset poscentibus**. *Poscere* is used with *ut* by Juvenal: not by Tacitus except here and iv. 5.

15. *trans Padum agentes*, sc. the troops who had accompanied Otho to Brixellum, and the gladiators under Sabinus. For *agentes* cp. i. 74, *quae Lugduni agebant.*

XL.

2. *ad bellandum*, sc. to a campaign, and therefore in full marching order. It is not necessary to read *debellandum* with Grotius.

It is inconceivable that Otho's generals should have contemplated a march under the very eyes of the enemy, exposed to flank attacks. Moreover the distance is not 16 miles, but nearly 23. Mommsen thinks that the real object was a point on the Cremona-Brescia road (so as to cut the Vitellian communications), and that Tac. has simply made a mistake.

7. *vix quattuor milia*: the confluence of the Po and Adda is about seven miles from Cremona; but would not be so far from the camp of the Vitellians, which probably encircled the town.

10. *ubi ... vincerentur*: for the subjunctive cp. i. 10, *vacaret.*

11. *Numida*: African horsemen were often employed as outriders and messengers: cp. Sen. *Ep.* 123, *omnes sic peregrinantur ut illos Numidarum praecurrat equitatus.*

atrocibus, 'pereemptory' or 'threatening': cp. i. 53, *atrocibus edictis.*

XLI.

1. *pontis* may refer to the bridge of boats below the junction of the Padus and Adua: cp. 34.

6. *insidias an proditionem vel, etc.* *Insidiae* would be the intention of an enemy, apparent friends might either mean *proditio* or *honestum consilium*: thus the more real

opposition between the first word and *proditio vel...consilium* is expressed by *an.* Cp. A. xiv. 3, *consultans veneno an ferro vel qua alia vi.*

8. *castra*, apparently encircling the walls of Cremona : cp. iii. 26. There is nothing in Tacitus' account of the battle to show that it was fought at any distance from this camp : we are not justified in assuming (with Heraeus) that it took place four miles from Cremona in the direction of Bedriacum. According to Tacitus it was close to the Vitellian camp, which according to Plutarch (*O.* 11) was 150 *stadia* or nineteen miles from Bedriacum : of more than this we cannot be certain.

17. *arbustis*, here 'vineyards' or groves of trees with vines interspersed : cp. 25.

22. *vocantium* : M. *vo clamantium* : hence *volantium*, *vocitantium*, and *volitantium* are suggested.

23. *in primam*, etc., sc. *in primam prorumpebant, in posteram relabebantur.*

XLII.

5. *dispersus*, sc. *sit* : cp. *quae causa salutandi*. Cp. i. 21, note.

8. *plerisque* may be either ablat. or dative : *metum facere* is followed by a dative, 66.

10. *integris ordinibus* is opposed to *dispersi*, while *fessi* and *pauciores* form the antithesis to *robore* and *numero*.

15. *catervis et cuneis*, ablat. of manner : 'in group and column.' We should rather expect *per catervas*.

viae, Postumiae.

conlato gradu=hand to hand : Livy expresses the same thing by *conlato pede* (vi. 12). Cp. Virgil's *haeret pede pes densusque viro vir*.

18. *inter se*, 'each other' : cp. Cic. *ad Att.* vi. 1, *Cicerones pueri amant inter se.*

XLIII.

4. **Rapaci**, called by Plutarch (*O.* 12) "Αρπαξ. The epithet implies irresistible dash: the legion sweeps away all obstacles like a torrent.

5. **prima Adjutrix**, otherwise *prima classicorum*. It is mentioned in i. 6 as *ea quam e classe Nero conscripserat*.

non ante, except at Castorum (24), where *dextra fronte prima legio incessit*.

7. **principiis** = *primis ordinibus*. Cp. Sall. *Jug.* 54, *Marium post principia habere*. Apparently the standards were carried in the front ranks of the legion. Cp. Plut. *O.* 12, *τὸν ἀετὸν ἀφείλοντο, πάντας ὄμοῦ τι τοὺς προμάχους ἀποκτείναντες*.

quo dolore = *cuius rei dolore*: cp. *quo pudore*, iii. 17.

10. **alia**, sc. on the right wing of Otho's army.

12. **quartadecimani**, sc. the detachment (*vexillum*) of the 14th legion: cp. 66, *Bedriacensi acie vexillariis tantum pulsis vires legionis non adfuisse*.

15. **gladiatorum**, under Sabinus (36).

17. **latus**, sc. the left flank.

XLIV.

3. **inmensum id spatium**: Otho's camp was 16 Roman miles from Cremona: so that, assuming the battle to have been fought 2 or 3 miles from that town, the *spatium* would be 13 or 14 miles.

4. **strage corporum**: according to Dion Cassius, Ixiv. 10, the total loss on both sides amounted to 40,000—probably an exaggeration.

5. **in praedam vertuntur**, sc. there is no profit to be made out of them: *χρῆσθαι οὐκ ἔστι τοῖς ἀλισκομένοις* (Plut. *O.* 14).

9. **multo adhuc die**, 'still in the full light of day': cp. v. 22, *multa luce*.

11. **manibus**, 'rough usage': cp. A. xvi. 26, *manus ictusque per immanitatem ausuri*.

12. **nullo proprio crimine eius**, 'not because they had any special charge to bring against him.'

16. A. Gallus, who had been rendered *hors de combat* by an accident (33), and therefore remained in camp.

20. *praetor miles* : although according to Plutarch (*O.* 12) they had refused to face the enemy.

23. *legionis*, the 21st.

24. *militum quod trans Padum fuerit* : cp. 55, *quod erat in urbe militum*. These troops were with Otho at Brixellum (33).

25. Moesicas *legiones* : cp. 32, *ad fin.* They were now at Aquileia.

26. *si ita ferret*, ‘were it necessary’ : cp. *A.* iii. 15, *se... si ita ferret, comitem exitii promittebat*.

27. *perituros* : the subject is not *hos* specially : it would be represented by the French *on* and German *man* : we should translate ‘death on the field would be more honourable.’

28. *desperatione* expresses the state of mind of those who are at once *truces* and *pavidi* ; it is therefore unnecessary to read *haud pavidi*, or to alter the punctuation so as to connect *pavidi* alone with *extrema desperatione*.

XLV.

1. *ad quintum* : thus one mile from the enemy’s camp. There is no reason to suppose that the Othonians had retreated to the village of Bedriacum : Plutarch’s statement that Gallus addressed the soldiers *ἐν τῇ πόλει* is probably an inaccuracy.

4. *sed expeditis* : *sed* answers what is implied in the foregoing words, *i.e.*, that Vitellius’ soldiers had to wait where they were, unprovided with the requisites for a camp, till the next day.

9. *dubitatum, quo minus* : after *dubitare* in this sense we should expect the infinitive.

11. *impetrassent* : often used by Cicero and Caesar without an object, as here.

14. *misera laetitia*, ‘joy mingled with sorrow.’

isdem tentoriis, *v. i.* 55 (note on *suggestu*).

16. *in ambiguo*, a Graecism : cp. *in incerto*, *i.* 37 and elsewhere.

XLVI.

2. *consilii certus*, ‘firm in his resolve’: the construction would seem to be a genitive of respect, like *destinationis certum*, *A.* xii. 32. *Exitii certus* (*A.* i. 27) and *certus eundi* in Virgil are similar phrases.

maesta, a word generally applicable only to persons, not things.

7. *ire in aciem...flagrabant*: an instance of the very free use of the infinitive common in Tacitus and other writers of the silver age: cp. such constructions as ‘*nec deerat...adorare volgus*,’ ‘*scribitur tetrarchis...iussis obsequi*,’ ‘*incubuerat...deltorem fratris pervertere*,’ etc. *Flagro* is found with the infinitive in poetry.

8. *partium fortunam*: cp. the same expression 54.

furore quodam et instinctu, ‘with wild enthusiasm.’ The expression is best explained as a kind of hendiadys: it may be equivalent to *furore instinti* (cp. Cic. *in Verr.* ii. 5. 72, *quodam furore instictus*): perhaps we should rather say, with Orelli, that each word is the complement of the other: the two form one idea.

According to Plutarch one of the soldiers actually killed himself to testify his devotion to Otho.

13. *maiore animo tolerari*: the ablat. corresponds to a predicate: the meaning is ‘it is a mark of greater fortitude to bear than to bow before calamity.’ Cp. Mart. xi. 56, *fortiter ille facit qui miser esse potest*.

15. *insistere spei*, ‘to cling to their hopes.’

16. *ut flexerat vultum aut induruerat*, ‘as his looks expressed compliance or refusal’: cp. iv. 54, *non vultu aut sermone flecti*; and *Aen.* iv. *num lumina flexit?*

20. *Aquileiam*, Aclar or Aquileia, near Venice.

21. *dubitetur potuisse renovari bellum*: the infin. after a negative expression of doubt is only found once in Cicero, but frequently in Livy and Tacitus.

The rhetorical writers of the early empire generally prefer the charm of striking contrasts and pathetic situations to sober historical truths: and Mommsen holds that Tacitus has in accordance with this tendency altered the picture of Otho’s catastrophe, by the omission of certain essential details, without altogether abandoning the positive tradition. This assumption is based on Plutarch’s narrative. The Greek

historian—who is, according to Mommsen, guided in the main by the authority which Tacitus himself follows, the memoirs of Cluvius Rufus—asserts (*O.* 13) that the officers of the beaten army held a council of war at Bedriacum under the presidency of Marius Celsus. Celsus declares that the die is cast, that fortune has decided against them, and a continuance of useless bloodshed cannot be permitted : and to this the rest agree—among them Otho's own brother the commander-in-chief Titianus. Thereupon Celsus and Gallus personally conclude the capitulation with Caecina : an attempt of Titianus at the last moment to violate the contract is quickly abandoned, and Caecina is admitted to the Othonian camp. Thus far Plutarch. This capitulation then was decisive : for even had the conflict been protracted for a while, Otho could not expect it to terminate favourably for himself, now that he was abandoned by his main army and could only rely on the Illyrian legions and the troops forming his guard at Brixellum. His sole choice lay between death by his own hand and the sword of the executioner. But Tacitus has preferred to represent him as a voluntary martyr to his own unselfish wish to save his people. “We should admire the tragedian,” remarks Mommsen (*Hermes*, vol. iv.), “whose skilful colouring and grouping of facts should enable him so to raise and ennable his hero, without at the same time contradicting tradition. But what would be a merit in the poet is a fault in the historian.”

XLVII.

6. **experti in vicem**, etc. Otho means : I have experienced the humours and caprice of fortune ; and fortune has tried me (and not found me wanting) in prosperity and adversity alike.

7. **nec tempus computaveritis**: the argument is : Do not think less of my use of power because it has been short-lived : it is a short reign that is the surest test of capacity to rule with moderation. Cp. Stat. *Theb.* ii. 446, *non parcit populis regnum breve* (a saying too well illustrated by the history of Roman provincial governorships).

11. **hinc**, sc. from this act of self-sacrifice.

22. **nemine**, an unusual form : also in *A.* xvi. 27.

XLVIII.

3. *irent* depends on *appellatos*: he addressed them and bade them go.

16. *poscente proelium exercitu*: this is only really true of the troops at Brixellum.

17. *remisisse rei publicae*, etc., ‘had spared the State the last calamities.’ Cp. *A. i.* 10 for the *dativus commodi* after *remittere*: *privata odia publicis utilitatibus remittere*.

19. *Servios*, referring to Servius Sulpicius Galba.

20. *familiam novam*: not strictly true according to the technical sense of *novus*: but his family was *nova* in relation to the imperial power.

22. *nimum meminisset*: a crime for which Cocceianus was put to death by Domitian (*Suet. Dom.* 10).

XLIX.

1. *post quae*, for *postea*, as occasionally elsewhere. Cp. *inter quae* for *interea*, *i.* 78.

9. *gelidae* implies a greater degree of coldness than *frigidae*.

10. *duobus*, though omitted in M., is rendered probable by *utrumque*, and by Plutarch’s words (*O.* 17), δυοῖν ὅντων αὐτῷ ξιφῶν.

14. *pectore*: *infra laevam papillam* (*Suet. O.* 11).

17. *ambitiosis precibus*, ‘earnest entreaty’: *ambitiosus* often means ‘zealous’ or ‘importunate,’ generally in demanding something for oneself: cp. *Cic. ad Fam.* xiii. 1, *homo minime ambitiosus, minime in rogando molestus*; *ad Fam.* iii. 7, *ambitiosius facere soleo quam dignitas mea postulat*.

amputaretur: Otho feared reprisals for the treatment of Galba’s body.

21. *non noxa neque ob metum* is best explained as a kind of hendiadys: ‘not because they feared punishment from Vitellius for their offence’ (in serving Otho). Some suppose *noxa* to mean ‘offence against Otho’: ‘they did not kill themselves out of remorse for any offence.’

24. *sepulchrum*: cp. Suet. *Vit.* 10, *lapidem memoriae Othonis inscriptum intuens dignum eo Mausoleo ait*. Plut. (*O.* 18) says he saw the inscription— $\Delta\eta\lambda\omega\sigma\epsilon$ (sc. prob. $\delta\alpha\mu\sigma\sigma\tau\delta$) = *dis manibus* Μάρκου Ὀθωνος.

25. *vitae finem*, April 16, A.D. 69: after a reign of 92 days.

L.

2. *Ferentino*, in Etruria: M. has *Ferentio*.

3. *maternum genus*: cp. Sall. *Jug.* 11, *materno genere impar*. Suet. (*O.* 1) calls Otho's mother Albia Terentia a *splendida femina*, that is, the daughter of an *eques* who had not held any public office.

5. *egregio*: because he willingly faced death in order to save his country from a continuation of civil war. ‘Nothing in his life became him like the leaving it.’ Martial (vi. 32) calls him the equal of Cato: *Sit Cato, dum vivit, sane vel Caesare major: Dum moritur, numquid major Othone fuit?*

11. *celebri luco*, simply ‘frequented,’ not necessarily for religious purposes. The strangeness of the phenomenon consisted in the fact that the bird was undisturbed by the numerous passers-by.

Regium Lepidum (Reggio) was on the via Aemilia between Parma and Mutina, south of Brixellum.

12. *nec deinde*: cp. 85, *nec deinde civili bello interfuit*. Halm reads *neque inde*.

15. *reputantibus*, dative: equivalent to *quotiens quis reputaverit*. As we should say, ‘a comparison of time showed that,’ etc. Cp. Germ. 6, *in universum aestimanti plus penes peditem roboris*; *H.* iii. 8, *magni momenti locum obtinuit reputantibus illic Caecinam genitum*. This construction is not found in Cicero or Sallust, though occasionally in Caesar: it appears to be an imitation of the Greek ethic dative.

16. *competisse*, ‘coincided’: cp. Plin. *N. H.* xvi. 39, *si competant coitus lunae in novissimum diem brumae*.

LI.

3. *modo...nunc*, instead of the usual *modo...modo*: cp. the same combination iii. 85.

5. *per aversam domus partem*, sc. through the *postica* of the house.

7. *cohortium*, sc. the praetorians.

R. Gallus, according to Dion Cassius, lxiii. 27, had been employed by Nero against Galba, but went over to the enemy with the force which he commanded. Later he is mentioned as conducting negotiations between Caecina and Vespasian's brother Sabinus.

9. F. Sabinus had superseded Macer in command of the gladiators posted on the right bank of the Po: cp. 36. Tacitus says nothing of Spurinna, the brave defender of Placentia.

LII.

2. *profecta*: as we learn from i. 88, *multi e magistratibus, magna consularium pars*, were compelled to accompany Otho.

3. Mutinae (Modena) on the via Aemilia.

6. *trahere in deterius*, 'put the worst interpretation on.' Writers of the Tacitean period frequently use neuter comparatives as substantives: *in melius*, *in antiquius*, etc. This is a practice unknown to Cicero: Livy and Sallust say *in majus* occasionally.

10. *excepisse*, 'to have welcomed.'

12. *expedito consilio*: sc. no one had formed any plan for himself. Cp. iii. 73, *neque sua consilia expedire*. With *tutior* we must supply *unusquisque* from the foregoing *nemo*: cp. a similar omission i. 1, *neque amore quisquam et sine odio dicendus*, sc. *sine odio unusquisque dicendus*. For the thought cp. iv. 41, *societate culpae invidiam declinavit*.

13. *onerabat*, 'increased': cp. 87, *onerabant multitudinem*.

ordo, 'the town council.' The senate of a municipium or *colonia*, called *ordo decurionum* or simply *ordo*, was composed of a certain number of life members—generally 100: vacancies among these *decuriones* (later known as *curiales*) were supplied according to the provisions of the *Lex Julia* by elections held every five years.

For a description of municipal government under the Empire, see Dill's *Roman Society from Nero to Marcus Aurelius*.

15. **intempestivo**: because as a senate they must formally recognize either Vitellius or Otho: both of which courses would at present be dangerous.

LIII.

2. **M. Eprium**, often mentioned by Tacitus as a brilliant speaker: *e.g.*, *A.* xvi. 22, *acri eloquentia*. He was the accuser of the Stoic Thrasea (*A.* xvi.), and rose to distinction by such *delationes*. In the *Dialogus* (8) he is spoken of as a power in the State, along with Vibius Crispus: *sine commendatione natalium, sine substuntia facultatum, neuter moribus egregius, alter habitu quoque corporis contemptus, per multos iam annos potentissimi sunt civitatis ac donec libuit, principes fori, nunc principes in Caesaris amicitia agunt feruntque cuncta, atque ab ipso principe cum quadam reverentia diliguntur*. He was twice consul, and retained his influence at court till in 79 he conspired against Vespasian, and was forced on detection to commit suicide.

L. Caecina: not elsewhere mentioned.

3. **nec ceteri**, etc.: sc. it was not that the rest were candid.

8. **Bononiam** (Bologna), south-east of Mutina, on the via Aemilia.

10. **sperabantur**: for the personal construction of *sperari*, cp. 45, *deditio sperabatur*.

11. **recentissimum quemque**, 'all newcomers.' Cp. Cic. *ad Att.* xvi. 7, *homines eo venerunt Roma sane recentes*.

14. **abruptis**, sc. he had renounced all the pleasures of life.

LIV.

2. **se adulantibus offerebat**, 'showed himself ready to listen to flattery,' or, as we should say, 'laid himself out' to be flattered.

3. **atroci**, 'alarming.'

5. *iunctis a Brixello viribus*, sc. *iunctis viribus eorum qui Brixelli erant.*

7. **diplomata**, passports, letters of recommendation: properly, folded papers. These letters (issued by the emperor, and as we may suppose also by governors of provinces) entitled the bearer to receive all possible assistance and furtherance on his journey from the provincial authorities. In the present instance Coenus utilized Otho's diplomata to obtain relays of horses for his journey to Rome. Cp. Plin. *Ep.* 10. 14, *festinationem tabellarii...diplomate adiuvi.*

8. **rapide**: in the positive Tacitus otherwise uses *raptim*, which is here adopted by Halm.

12. **publici consilii facie**, sc. they had left Mutina as a senate, not as so many individuals.

LV.

1. **Ceriales ludi**: the Ceralia, a festival of unknown antiquity, had since 44 B.C. been celebrated by *aediles Ceriales*. They lasted apparently from April 12 to 19 (12-16 according to Orelli), and ended with *ludi* in the Circus. Cp. *A.* xv. 53, *circensem ludorum die qui Cereri celebratur*: and *Ov. Fast.* iv. 389, etc.

2. *cessisse* is the reading of M.: Halm reads *cedidisse*. If Orelli is right in asserting that the Ceralia ended April 16, the news can only have referred to Otho's defeat, not his death, which took place on that same day: and in that case *cessisse* would be appropriate.

4. **sacramento...adactum**: cp. i. 55.

8. **lacum Curti**, cp. i. 41.

9. **cuncta**, sc. the *proconsulare imperium, tribunicia potestas*, and titles of Caesar and Augustus. It is true that Vitellius rejected the first title: i. 62.

12. **quae gaudio fungeretur**, 'to express their joy.' The *gaudium* is a kind of duty of which the performance is undertaken by the deputation: hence *fungeretur*.

14. **non scripsisset**: it was not customary for anyone except the emperor to address an official letter to the con-

suls or senate. Cp. iv. 4, *miserat et Mucianus epistolas ad senatum, quae materiam sermonibus præbueret. Si privatus esset, cur publice loqueretur?*

LVI.

4. *In omnis fas nefasque avidi*: cp. iii. 51, *tantam adversus fas nefasque irreverentiam fuisse*. The sense is, they could be bribed or impelled by their own covetousness to any deed, caring not whether or not it was contrary to divine law. *Fas nefasque* really forms a single and conventional expression, on the component parts of which we need not lay too much stress: cp. of τ^ρ δόρες of τ^ρ δάκρυα in Sophocles' *Antigone*.

5. *venales*, i.e., they hired themselves as bravoës.

9. *obnoxia*: the officers were too much beholden to their men to resist them. Cp. i. 1.

11. *plua ambitionis*: his object in indulging the soldiers was popularity.

13. *tantum*, etc., is the ms. reading and produces good sense. Lipsius proposed to omit *tantum*, making *peditum equitumque* depend on *vis*: another correction is *tanta peditum equitumque vis*. Neither alteration seems necessary.

LVII.

1. *ut ad integrum bellum*, sc. as though the war were not yet decided either way.

2. *reliquas...vires*: according to i. 61, there were only two legions, with their eagles, under Valens and Caecina, the 5th and 21st: of the other five (I., IV., XV., XVI., XXII.), only detachments.

4. *festinatis*, transitively used, as *festinabantur*, 82.

5. *legionum nomina*, 'the vacancies in the legions,' which were now only 'skeleton' battalions.

6. *riparie*, the left bank of the Rhine.

7. *e Britannico exercitu delecta*: Orelli read *e Britannico delectu*. These 8000 are the *recillarii trium Brit. legionum* of

ch. 100, and we learn from iii. 22 that the three legions were the 2nd, 9th, and 20th. Observe again that *vexillarii* can denote any soldiers serving away from their legion: sometimes as reserve force of veterans who had served their time: here, the élite of the legion. The reading of M. is *delecta*, and *e Brit. exercitu delecta* is certainly easier than Orelli's reading: for I do not know what authority there is for *delectus* in the sense of 'élite,' the meaning which he gives to it.

12. *Asiaticum*: a slave raised by his vices, and notorious even in the annals of the court: he perished eventually with his master.

15. *anulis*: cp. i. 13.

mancipium, a contemptuous name for a freedman: so *scrorum* is used for *libertorum*, i. 7. Tacitus gives full expression to the jealousy and contempt with which the aristocracy of birth and office regarded the social prominence of untitled but really powerful libertini.

LVIII.

1. *utramque Mauretaniam*: v. i. 11.

2. *procuratore*: v. i. 2.

6. *agebat*=had no inconsiderable force to support him: cp. iii. 42, *haud procul inde agebat*.

8. *apta bello manus*, in apposition to *Maurorum numerus* only: they were the predecessors of the modern Kabyles and Bedouins.

10. *Cluvio Rufo, legatus Augusti pro praetore* in Hispania Tarraconensis, the Hither province: in which capacity he was responsible for the external security of the senatorial province of Baetica, where there were no troops.

11. *doctmam*, called *Gemina*: this legion along with the *sexta Victrix* formed the garrison of Spain.

12. *ut transmissurus*, not 'intending to cross,' but 'as if he intended': it was only a feint. Cp. 80, *solito adstantes ordine ut legatum salutaturi, imperatorem salutavere*.

17. *Iubae*, the name of several Numidian princes: one of whom had been placed by Augustus on the throne of Mauritania.

LIX.

5. *ad pulsu litoris*: the genit. is objective, as in *vulgi*

largitione, i. 46. Livy (xxvii. 30) has *litorum adpulsu*: the expression is perhaps modelled on Thucydides' ἐν ἀποβάσει τῆς γῆς (i. 108).

8. *transibat*: M. has *transibant*, evidently a mistake: but Walther accepts it, reading 'transibant. *Impar curis gravioribus exercitum*', etc. Cp. A. xiv. 54, *levissimis quoque curis impar*.

10. *Arare*, the Saône (its later name was Sauonna).

paratu, instead of the older form *apparatus*: cp. i. 23.

11. *egestate*: Suet. (*Vit.* 7) has a story about this *egestas*: apparently the future emperor, when leaving Rome for his province, had to pawn his mother's earrings in order to pay the expenses of his journey.

13. *rector*: he was *legatus Augusti pro praetore*.

14. *par opibus*, sc. his wealth made him equal to the task. *ministeria*: cp. i. 68, *ministeria principatus*.

16. *vernilibus*, coarse, fit only for slaves.

praesto fuere, 'presented themselves': the perfect expresses a single action, as in *unde plures erant, omnes fuere above*.

19. *circumposuit*, 'placed on either side of': cp. 89, *circa*.

22. *fortunae principalis*, 'his position as heir-apparent': v. i. 62.

23. *inter secunda rebus adversis*: for a similar variation cp. 23, *rebus prosperis incertus et inter aduersa melior*.

This son of Vitellius was put to death by order of Mucianus in the next year (iv. 80). Tacitus says here that the honours heaped on him were a kind of compensation for his future fate. For *cedere in* in this sense cp. *Germ.* 36, *fortuna in sapientiam cessit*.

LX.

6. *squalidos* is equivalent to *reos*; Vitellius delayed his decision. It was customary for accused persons, while the verdict was pending, to wear mourning (*toga sordida*) and generally to neglect their outward appearance: cp. Cic. *pro Sest.* 144, *sordidatum et reum*. *Squalor* and *sordes* are the common expressions used to denote this silent appeal *ad misericordiam*.

8. *ultra inputabant*: instead of defending themselves on the ground of having only done their duty to their former master, they actually tried to get credit for treachery.

spatium...itineris : cp. 40.

10. *permixtum vehiculis agmen* : cp. 41, *mixta vehicula et lixae*.

12. *fidem absolvit*, ‘forgave their fidelity’ to Otho.

14. *consulatus*: he was consul with Arrius Antoninus for July and August: he had been nominated by Galba for the last 4 months of the year : *v. i.* 77.

17. *restituit* probably means ‘contradicted the accusation.’ Orelli thinks it means ‘Vitellius refused Caecilius’ offer’; but Tacitus does not assume the truth of the accusation against Caecilius.

19. *Trachalum* : cp. *i.* 90.

LXI.

1. *pudendum dictu*, prefixed to the sentence to which it stands in apposition, like *mirum dictu*, 41. The sentiment accords with Tacitus’ usual aristocratic contempt for low birth.

2. *Bolorum*, who had invaded Gaul with the Helvetii, and after being defeated by Caesar had settled between the Loire and Allier.

3. *inserere sese fortunae*, ‘to thrust himself into prominence.’

4. *simulatione numinum*, ‘pretending a divine mission’ or inspiration.

5. *id*, sc. *id nomen*. Halm reads *nomen id sibi indiderat* and Andresen and Heräus insert *nomen*. Tacitus often uses *indo* with *nomen* : cp. *i.* 51, *hoc enim nomen fastidito Vindice indiderant*.

7. *trahebat*, ‘was plundering’ (Heräus) : cp. A. *iii.* 74, *ne Cirtensum pagi impune traherentur* : and Sallust uses *trahere* in this sense. Orelli thinks the meaning is ‘attracted to his side’: as 86, *Pannonici exercitus Dalmaticum militem traxere*.

gravissima civitas, Augustodunum (Autun).

10. *feris obiectus*: according to Paulus this was one of the punishments of agitators, who according to their rank (*pro qualitate dignitatis*) were either *in furcam sublati* or *bestiis obiecti* or *in insulam deportati*.

LXII.

1. *defectores*, Otho's followers, from the Vitellian point of view : or perhaps they are regarded as rebels from Galba.

3. *lex intestatis*, sc. if they made no will their property went to their legal heirs.

4. *avaritiam non timeres*=*av. non erat timenda*: cp. *palam laudares*, i. 10. *Temperaret* seems to be attracted into the imperfect by *timeres* : we should expect the pluperfect.

8. *conviviorum*, respecting which the *locus classicus* appears to be Suet. *Vit.* 13, whence we learn *inter alia* that Vitellius used to dine out several times a day, no dinner ever costing less than 400,000 sesterces.

12. *Caesaris non recipere*: as i. 62. But apparently he changed his mind afterwards : iii. 58, *quin et Caesarem se dici voluit, aspernatus antea*.

14. *mathematici*: v. i. 22. Suet. (*Vit.* 14) says that he ordered the astrologers to leave Italy before October 1.

15. *Iudo et arena, hendiadys*: 'games in the arena.'

id...perpulerant: for the construction cp. iv. 42, *hoc certe Nero non coegit*. Even Cicero (*de Rep.* i. 2) says *ille civis qui id cogit*.

Writers of the early empire furnish us with abundant evidence that it was not unusual for persons of good family to appear on the stage and in the circus : and the present passage by itself would show that this tendency among the upper classes had an independent existence, even if imperial compulsion may have been at first responsible for it. When Julius Caesar compelled Laberius to act in one of his own *mimi* it was considered a deep disgrace : but public opinion changed, and in Juvenal's day it was a common thing for nobles to appear as low comedians.

“Populi frons durior huius
qui sedet et spectat triscurria patriciorum,
planipedes audit Fabios, ridere potest qui
Mamerorum alapas” (Juv. viii. 189).

The attitude of the emperors towards this custom seems to have been one of alternate sanction and prohibition. Tiberius sternly forbade such performances: Caligula encouraged them. Claudius actually succeeded in checking them. Nero not only compelled others to appear on the stage and in the arena, but was himself an enthusiastic amateur. While the aristocracy frequently performed as chariot drivers, etc., in the circus, it does not appear that it was common for them to risk their lives as gladiators: though instances of this are known. Juvenal says they were ready to sell their lives without any Nero to compel them (*vendunt nullo cogente Nerone*, viii. 193); but elsewhere (xi. 20) he speaks of the gladiators' school as the ruined spendthrift's last resort: *sic veniunt ad miscellanea ludi*.

17. *aemulabantur.. inlicere*: *aemulor* is not elsewhere found with the infinitive: v. 46, note on Tacitean infinitives.

LXIII.

4. *rettulimus*: i. 88.

6. Pl. Varus was subsequently proconsul of the senatorial province of Bithynia, under Vespasian.

7. *praefectum urbis*. Augustus first instituted city prefects, to represent him in his absence, but this *praefectura* was not a standing office till A.D. 26. The duty of the consular who held it was originally to preserve order in Rome itself and the vicinity to the distance of 100 miles: gradually the entire criminal jurisdiction within this limit fell into the hands of the *praefectus urbi*.

9. *cohortem quae Ostiae ageret, septimam decimam civium Romanorum* (cp. i. 80).

10. *nec ullis...probationibus=et quamquam nullas probationes adferebat*: cp. i. 71. The sense seems to be: he produced no evidence to support his charges, and then changed his mind, and in remorse entreated pardon for the friend whom he had accused. *Veniam (amici)*: *scelus (suum)*.

14. L. Vitellii, the emperor's brother.

15. *terruit, ne*, if it is like Horace's *terruit gentes grave ne rediret saeculum*, means 'made him fear, lest.'

16. *ubi formido incessisset*, ‘under the influence of fear.’ *Incedere* is a favourite word with Tacitus for describing the approach or development of some moral agency; cp. *A. i. 55*, *spes incesserat*; *iii. 71*, *incessit religio*; *H. iii. 27*, *incesserat cunctatio*.

18. *inpulit ruentem*, ‘hastened him on the road to ruin.’ Cp. *Cic. pro Cluent. 70*, *praecipitantem impellamus*.

LXIV.

1. *Petroniam*: Vitellius first wife, daughter of Petronius Turpilianus, who had held various high offices under Tiberius.

3. *Flaminiae viae*: *v. i. 86*. From Narnia on this highway a less frequented road led to Interamnium (more commonly called Interamna, the modern Terni) in Umbria.

8. *modestum e proximo*, etc., ‘was brought into stronger relief by an example of moderation in her own family.’

9. *non inmixta tristibus*, ‘who took no part in his dark deeds.’ Galeria Fundana, Vitellius’ second wife, was daughter of an ex-praetor.

10. *Sextilia*, called by Suetonius *probatissima nec ignobilis femina* (*Vit. 3*). Cp. *iii. 67*, *paucis ante diebus opportuna morte excidium domus praevenit, nihil principatu adsecuta nisi luctum et bonam famam*.

14. *evicta*, a favourite expression with Tacitus. Cp. *A. i. 57*, *evicta in lacrimas*; *ii. 37*, *evicta ad miserationem*: and *Aen. iv. 474*, *evicta dolore*. Hence there is no reason to read *ejecta*.

LXV.

4. *Hilarius*: Heraüs says he was probably procurator Augusti in Hispania Tarraconensis, and thus chief finance officer in the province. Inscriptions show that it was not uncommon for freedmen to hold such posts. Notice that Hilarius is *Caesaris libertus*, an imperial freedman (*v. i. 46*), not one whom Vitellius himself had emancipated.

6. *potentiam*: *v. i. 1*.

7. temptasset: Cluvius was supposed to have put out a kind of feeler by omitting the imperial name on the diplomata: if the omission was not objected to he would (it was alleged) insert his own name. Of course the reason of the omission was perfectly obvious: Cluvius did not know who was emperor: when the day of Bedriacum had decided that question he joined the winning side like every one else. We may suppose that the news of the battle had reached him before he took action against Albinus (58).

10. pro se ipso popularia, 'courting favour for himself.' For *interpretari* (without *ut*) in the sense of 'to interpret as,' cp. i. 77, *honori datum interpretabantur*.

12. ultro : cp. i. 7.

14. Arrunti : cp. A. vi. 27, *oblitus Arruntium ne in Hispaniam pergeret decimum iam annum attineri*.

15. ob metum: Suetonius (*Tib.* 63) says that Tiberius similarly detained several provincial governors.

18. Bolanus governed Britain till 71, when he was superseded by Petilius Cerialis. According to *Agric.* 16, he was a good man and a popular governor, but had no authority.

LXVI.

9. veterem...discordiam : cp. i. 64, ii. 27.

10. Augustae Taurinorum, Turin: its old name—before Augustus founded a military colony there—was Taurasia.

17. Grais Alpibus. The route led past Eporedia (Ivrea) to Augusta Praetoria (Aosta): thence ascending the upper valley of the Duria (Doire or Dora Baltea) it crossed the Little St. Bernard—the pass by which Hannibal entered Italy, according to the most probable theory. Thence the road follows the stream La Récluse down into the upper valley of the Isère, and passing Bourg S. Maurice, Tarantasia (Moustiers) and Conflans, leads to Montmeilan, the western gate of this passage of the Alps. Here the road divides: one route traverses the valley of Grésivaudan to Grenoble and Vienne, while the other bends in a north-west direction past Chambéry as far as the lake of Bourget, whence it turns westwards, traversing the Mont du Chat near the village of Chevelu, and eventually reaching Lyon. The legion was

ordered to take this latter road, so as to avoid Vienne, instead of the ordinary Grenoble route: the *flexus itineris* is the divergence towards the north-west from Montmeilan.

19. *Viennenses timebantur*: for the reason see i. 65 *seqq.*

25. *ferebant*: the imperfect expresses the attempt or intention.

LXVII.

3. *honestae missionis*: according to Dion Cassius, lv. 23, each veteran of the praetorian guard received with his discharge a gratuity of 20,000 sesterces.

4. *arma*: and of course their standards as well. Hence Antonius Primus says to the praetorians who had taken service under Vespasian *illuc* (*sc. inter Vitellianos*) *signa armaque vestra sunt*, iii. 24.

8. *suis hibernis*: the headquarters of the 11th legion were in Dalmatia (iii. 50), those of the *septima Galbiana* in Pannonia (ii. 86).

11. *ad curas*: *intentus* is generally followed by the dative or *in* with accusative. For the present construction cp. iv. 2.

LXVIII.

1. *et has quidem partes*: *et quidem partes* is the reading of M., but is objectionable: for Tacitus uses *et...quidem* to mark antithesis (*e.g.*, 36, *et proelium quidem...fuga diremptum*: *Macer ad exitium poscebatur*): and there is no opposition between *partes* and *victores*, for *partes* standing alone as it does must refer to Vitellius' party. Besides, Tacitus has just been describing Vitellius' treatment of the Othonians. Haase suggests *et victas quidem partes*.

2. *ludicro initio*, *sc.* it originated in a pastime. Cp. iii. 83, *ludicrum certamen*; *Aen.* xii. 764, *neque enim levia aut ludicra petuntur praemia*.

ni is not in M. The construction is curious, but the sense plain: the disturbance originated in pastime, but the end

was serious enough—the number of slain increasing men's horror of the whole war. *Belli traxisset* is Meiser's correction : M. has *bello auxisset*, whence Halm reads *Vitellio auxisset*.

4. *Ticini*, whither he had gone from Turin.

6. *tempestivis conviviis* : *tempestivum* is a standing epithet for a luxurious banquet, the Roman idea of luxury being to begin dinner early : any dinner which began before the 9th hour—about 2.30—was *tempestivum*. Cp. Juv. i. 49, *exul ab octava Marius bibit et fruitur dis iratis*. Cicero frequently uses the expression : cp. pro *Murena* 13, *tempestivi convivii... comes est extrema saltatio*.

7. *intentus*, 'alert,' 'smart' : synonymous partly with *severus*, partly with *diligens*. Its opposites are *remissus* and *dissolutus*.

8. *indisposita, temulenta* : according to Suet. *Vit.* 10, it was the emperor's habit *rapinas ac petulantiam omnium in iocum vertere*, and he maintained no discipline either among his troops or his own attendants.

14. *in studia diductis*, 'taking sides.'

19. *agminis coactores*, the rearguard : whose duty it would be to hurry up stragglers.

23. *quanquam... pavidus* : cp. iii. 2, *quanquam rebus adversis*. Cicero does not use *quanquam*, but *quamvis* with adjectives.

25. *quondam ducis*, against Vindex.

28. *fastiditi* : Verginius had more than once refused to accept the purple from the soldiers : as he says in the epitaph which he composed for himself :

"Hic situs est Rufus, pulso qui Vindice quondam imperium adseruit non sibi sed patriae."

LXIX.

3. *pietatem* : in the same way Otho commends the *pietas* of his mutinous soldiers : i. 83.

7. *interno simul externoque bello*, the revolt of Civilis. This might well be called a war at once civil and foreign, because in the first place the Batavians had themselves served in the Roman army, and they were even joined by

some of the legions : secondly, their allies were partly Gauls (Treveri and Lingones), partly Germans, dwelling east of the Rhine. Hence Tacitus speaks of *mixta belli civilis externique facies* (iv. 32), at the siege of Vetera.

10. **Inter inania belli**, ‘as an empty display of force’: cp. *A. ii.* 76, *inania famae*; *Agric.* 6, *inania honoris*.

12. **numeros**, ‘units.’

15. **crebrius redibant**, ‘came round more frequently.’

18. **mellus stetit**, ‘stood on a firmer basis’: with *virtute quam pecunia* we should supply *stans potius*, and translate ‘in whose days the power of Rome stood on a firmer basis, resting as it did on valour rather than wealth.’ Cp. *A. vi.* 30, *magis fama quam vi stare res suas*.

LXX.

1. **inde**, from Ticinum. **flexit**, because Vitellius did not continue his march along the via Aemilia, but turned aside to Cremona on the via Postumia.

munere gladiatorio: cp. 67. Shows of this kind appear to be called *munera*, because they were the successors of the ancient propitiatory gifts or offerings of human victims to the manes of departed friends: civilization abolished human sacrifice, but the name survived: and up to the end of the republican period it was frequently appropriate as applied to gladiatorial displays, these being generally associated with the name of some deceased relative of the exhibitor. *V. Dict. of Antiq.* ‘gladiatores.’

5. **intra quadragensimum pugnae diem**: cp. Suet. *Gall.* 17, *intra sextum adoptionis diem*, ‘within six days from the adoption.’ Expressions like this and *sextum post cladis annum*, *A. i.* 62 (= *sexto post cladem anno*), are scarcely known before the post-Augustan period.

8. **inhumana**, ‘disgusting,’ offensive to natural feeling.

9. **rosa**, used collectively, as often: cp. Hor. *Od. i.* 5, *quis multa gracilis te puer in rosa*, etc.

10. **regium in morem**: even at this period *rex* and *regius* express something foreign and distasteful to Roman ideas. The people treat Vitellius like an Oriental despot.

11. pernicitem ipsis fecere: the sack and destruction of Cremona (iii. 32 seqq.) was a terrible punishment for its welcome to Vitellius.

17. spatia certaminum, sc. the ground where they had fought.

19. varia sors, etc. *Subiret* is used with *sors* and *misericordia* (to which *lacrimae* is a kind of adjunct) in two different senses: ‘they thought of the chances of life and were moved to tears of pity.’ Cp. Ovid *Trist.* i. 3, *cum subit illius tristissima noctis imago*; and *H.* i. 37, *horror animum subit*.

22. laetus ultro: according to Suetonius, Vitellius said *optime olere occisum hostem, et melius civem.*

LXXI.

2. cultu, the apparatus or properties.

5. ingenio, ‘style,’ i.e., the characteristic figures.

6. cantantem: we read of Nero’s performances as a singer in public, *A.* xiv. 14, 15, xvi. 4. Cp. Juv. viii. 224—

“haec opera atque haec sunt generosi principis artes,
gaudentis foedo peregrina ad pulpita cantu
prostitui Graiaeque apium meruisse coronae.”

8. luxu, a form of the dative common in Tacitus. Cp. *A.* i. 10, iii. 30, etc. Vitellius was the bondslave of his appetite, *ut qui in mancipium traditus est.*

10. coartati allorum consulatus: v. note on i. 77. Macer, Marinus, and Costa must have been nominated by Otho or Galba for consulships in the next year, 70.

11. dissimulatus, ‘ignored.’

16. ausus, used absolutely: as 25, *rursus ausi.*

17. actae...gratiae, by the disappointed candidates: they thanked Vitellius for having condescended to shelve their claims, apparently.

LXXII.

1. acribus initis, sc. although it made a great noise at first.

3. **Scribon.** Cam. : according to Dion Cassius, lxiii. 18., a Sulpicius Camerinus was put to death by Helius, one of Nero's freedmen.

5. **Crassorum** : one of the Crassi bears the name Scribonianus, iv. 39. The mother of Piso Licinianus (Galba's adopted successor) and of this Crassus Scribonianus was a Scribonia : if Camerinus' mother was a Scribonia also, as is probable from his surname, then he must have been a connexion of the Crassi.

6. **in argumentum fabulae**, lit. 'for the action of the play,' i.e., to help him to play his part: *pour soutenir son rôle* (Louandre).

8. **errore veri**, 'mistake as to the real facts': the genit. is objective, as in *supersticio nominis*, iii. 58 (superstitious reverence for the name).

13. **in servilem modum** : slaves were tortured and crucified at Rome on the so-called *sessorium* in the Campus Esquilinus, to the east of the city: the *locus servilibus poenis sepositus* of A. xv. 60.

LXXIII.

3. **speculatores** : v. i. 24.

6. **ad nomen eius excitabatur**, 'could be roused by the mention of his name': cp. A. xiv. 57, *erectas Gallias ad nomen. tum*, on receipt of the news.

8. **externos**, sc. external, not to Italy, but to the whole empire: the corresponding expression would be 'the vices of an imperfect civilization.'

proruperant: the pluperfect seems to express immediate action: cp. 25, *subito discursu terga cinxerat eques*. Virgil uses the perfect in the same way (of course in a present signification): cp. *Georg.* iv. 212,

“ Rege incolumi mens omnibus una est:
Amisso rupere fidem.”

(I do not think that *aboleverat* in H. ii. 5 is an instance of this use: though according to Heraus it means *statim abolevit.*)

LXXIV.

4. *fausta omnia*: that the reading of M. *omia* represents *omnia* and not *omina* is abundantly proved, 1. by the frequent recurrence of phrases like *laeta omnia*, *bona omnia*, etc. : cp. 80, *laeta omnia et affluentia exceptit*; 2. by the fact that it is not an omen but its fulfilment that is prayed for.

6. in *Titum pronior* : cp. 5.

7. *praefectus Aegypti* : cp. i. 11.

8. *tertiam, Gallicam.*

9. *suam numerabat* apparently means ‘counted it his own (and available) because it had gone to Moesia.’ Cp. Suet. *Vesp.* 6, *legio tertia quae exitu Neronis translata in Moesiam fuerat.* Mucian was not disappointed: the legion was the first to join him of those stationed in Moesia.

10. *secuturae sperabantur* : v. on i. 50.

18. *esse...progressum*, ‘there is the possibility of gradual advance,’ and, it is implied, of retreat: but we are not justified in inserting *esse regressum* with Halm and Heräus. The sense is: in the plans of ordinary life men can feel their way and be guided by circumstances as to their aims: but the aspirant to empire must either at once scale the height or fathom the abyss.

LXXV.

3. *inexpertas*: cp. i. 8, *bellis inexpertus*: on the other hand
iv. 76, *expertum belli*.

7. *praesenti facinore*, ‘the act of a moment,’ one which could be immediately performed. *ex diverso*=*ex hoste*.

8. *Scribonianum* : cp. i. 89. It is not known to what rank Volaginius was promoted.

LXXVI.

3. *secretos sermones* is explained by Heräus as ‘confidential negotiations’ conducted through the medium of a third party: cp. 5, *consuluere primum per amicos.* *Coram* then means

that Mucianus addressed Vespasian personally, face to face. The word has this sense very often : ep. iv. 65, *coram audire adloquique*; Ter. *Adelphi* 2. 4, *verborum coram in os te laudare amplius*; Cic. *ad Att.*, *cum coram sumus et garrimus quicquid in buccam*. Orelli thinks that *coram* means 'in presence of witnesses': and on the whole this is the best rendering, as we can then give *secreti sermones* its natural sense of 'private confabulations'; and it is moreover probable, from the opening words of 78, that Mucianus spoke in the presence of witnesses. M. has *coronam*, whence some read *et ad coronam*.

5. *an quod inchoatur*, etc. M. has *inchoaturi*, which Halm adopts, reading *an, quod inchoaturi, rei publicae utile, ipsis gloriis, an promptum effectu aut certe non arduum sit*. According to this reading, there are two questions : 1. Is the enterprise likely to be useful and honourable? 2. Is it easy? Orelli's reading assumes the useful and honourable nature of the undertaking, and only asks if it be easy; and on the whole this best suits the context; for in the remainder of the chapter what Mucianus is mainly concerned to prove is the ease of Vespasian's task.

7. *arduum* is more than *difficile*: it means rather 'so difficult as to be impracticable.' A task may be *non promptum effectu* and yet not be *arduum*.

ipse, etc. Two points must be considered : 1. The nature of the advice; 2. The character of the adviser. To emphasize this second question and to place the counsellor directly before us as the subject of investigation, Tacitus uses the personal construction rather than the impersonal *considerandum est an ipse*, etc. It is like the Greek idiom *οἴδα αὐτὸν Βασίλευτον*. Of course we must supply *considerandum* before *enī*, *adquiratur*.

11. *quam salutare* is an ellipse standing for *quod quam salutare sit*. Orelli's reading *tum salutare* (with a full stop at *magnificum*) leaves *juxta...positum est* with hardly anything to refer to. M. has *tanquam salutare*.

12. *nec* instead of *neu* with the perf. subjunct. : ep. 47, *nec tempus computaveritis*. Mucianus says, 'You will see that I do not mean to flatter you, if you think what a very poor compliment it is to choose you as a successor to a Vitellius.'

14. *propius fuerit* : ep. 77, *absurdum fuerit*. *Fuerit* means in these cases 'is perhaps.'

18. *Galbae imaginibus*, sc. his noble birth.

22. **abit et transvectum est**: Tacitus uses two words to express the single thought emphatically, according to the frequent practice of Latin authors. We should say 'it is gone beyond recall,' or something of that sort.

23. **quo posses videt concupisse** seems to mean 'when you could (with impunity) be thought to have been an aspirant.' The sense is : Vitellius will not forget that you have aimed at the throne : you can only save yourself by obtaining it. Orelli, with Walther and Louandre, would supply 'only' with *rideti*, translating : 'the time is past when you could be suspected (and only suspected) of ambition : your aims are clear to every one.' But then the whole weight of the thought has to be borne by an unexpressed word, *tantum* or *dumtaxit*. Another suggestion is to read *non cupisse*. Herius has *concupisse aut non cupisse*.

25. **Gordulo**, one of Nero's generals, executed by his order (D. C. Ixiii. 17).

splendidior origine, and thus a more natural victim : cp. Juv. iv. 96, *sed olim prodigi par est in nobilitate senectus*.

30. **ne Othonem quidem**, etc. The sentence is elliptical; the full expression would be 'Othonem—et ne illum quidem vicit—jam desiderabilem fecit.'

33. **cum interim spargit cohortes**: for *cum interim*, v. i. 60. The date of Mucianus' speech was the end of June at latest : had he already knowledge of Vitellius' doings in Italy after his victory ?

37. **novem legiones** : four in Syria, three in Judaea, two in Egypt.

39. **belli dominator externi**, sc. *Judaici*.

40. **clastrum** : cp. 83, *classem e Ponto Byzantium adigi jussit*, v. 4.

alarum cohortum, sc. auxiliary forces.

41. **tua ante omnes experientia** is explained by Herius as meaning 'that experience in which you surpass all others' : but when *ante omnes* or *alios* is used, the person who surpasses others is generally subj. or obj. of the sentence. It seems simpler to translate here, 'your experience, which is more valuable than all' the *reges*, etc.

LXXVII.

6. **triumphale nomen** : Vespasian had received *triumphalia ornamenta* in the reign of Claudius (43 A.D.) for his success in Britain at the head of the second legion.

9. *clarus*: Suetonius (*Tit.* 4) says that Titus *tribunus militum et in Germania et in Britannia meruit, summa industriae nec minore modestiae fama.*

cedere imperio ei : cp. Cic. *pro Mil.* 75, *nisi sibi hortorum possessione cessissent.*

11. non idem, etc., ‘our relations will be different in prosperity and adversity.’ For this use of the genitive cp. 76, *belli domitor*=conqueror in war.

12. *vincimus* : we should expect *vincemus*.

14. *partiemur* : the reading of M. is *patiemur*, which suits the context better than *partiemur* : for when Mucianus in the next sentence proposes a partition of duties, it is not a continuation, but a correction of what he has just suggested.

tu tuos : *tuos*, M. The following *michi* seems to require an answering *tu*. Heraeus reads *tu tuto exercitus rege*. Nipperdey, *tu tutus*. There is another ms. reading, *tu hos*.

Mucianus has now satisfactorily answered the question proposed by himself as to the feasibility of the enterprise and the character of its proposer. A short peroration follows, closing with the words, ‘after all, war is our only possible course.’

17. *hos* must of course refer to *victi*, contrary to the general usage.

18. *contumaciam* : M. has *contumacia*, followed by Halm.

19. *confecta et tumescentia...volnera*, ‘hidden and festering sores’: the Greek word would be *ὑπούλος*. Cp. Dem. *Phil.* 1. 44, *εὐρήσει τὰ σαθρὰ τῶν ἐκείνου πραγμάτων αὐτὸς ὁ πόλεμος*.

21. *parsimonia*, which in later life became avarice.

22. *inscitia* : v. i. l.

24. *deliberant* : cp. Plut. *Gall.* 4, *τὸ γὰρ ξητεῖν, Νέρωνι εἰ πιστὸι μενοῦμεν, ἥδη μὴ μενόντων ἔστιν.*

LXXVIII.

8. *omina*: Suetonius enumerates a number of these (*Vesp.* 5).

10. *latior* is not an appropriate word as applied to a cypress : hence *laetior* has been suggested. Suetonius, *l. c.*, says *viridior et firmior resurrexit*.

11. *haruspicum*, who were regularly employed in the

country towns as at Rome: an inscription speaks of the *haruspex coloniae*.

12. *consulatus*: he was consul for the last two months of 51.

14. *implesse fidem*, 'to have fulfilled the promise.'

16. *Iudeam inter Suriamque*: dissyllabic prepositions are sometimes placed between two substantives which they govern, as here: cp. iii. 19, *cumulos super et recentia caede vestigia*.

Carmelus, the south-west continuation of Antilibanus, on the Phoenician frontier. *Inspectis...extis* proves that it was not a Jewish, but probably a Canaanite sanctuary: as indeed one might infer from its situation.

18. *aram et reverentiam*, the religious awe of the worshippers standing to them in the stead of a temple or image.

25. *aperiebat*, 'was now discovering the solution of the mystery.'

LXXIX.

2. *Antiochiam* (*Antakia*) on the Orontes, the residence of the *legatus pro praetore* of Syria: *Caesaream* (*Caesarieh*), the seat of the Roman procuratorial administration of Judaea. Its earlier name was *Turris Stratonis*: Herod the Great called it *Caesarea*. Tacitus calls it here *Judeae caput*, because he is speaking of it in connexion with a Roman governor: from the Jewish point of view, *Hierosolyma genti caput*, v. 8. The reading of M. is *hoc Judeae*, not *haec*, which Orelli adopts: ordinary Latin usage attracts the pronoun into the gender of the predicate—an attraction neglected in the case of *illa* because of its distance in the sentence from *caput*.

initium...coeptum: cp. i. 39.

5. T. *Alexandro*: Josephus, on the other hand, says that Vespasian wrote to Alexander informing him of his accession.

quinto Nonas: July 3. Suetonius says *quinto Idus*, which is apparently a mere mistake: for cp. 81, *ante Idus Iul. Suria omnis in eodem sacramento fuit*.

11. *Suria remeans*: cp. A. i. 3, *remeantem Armenia*: iii. 11, *rediens Illyrico*.

LXXX.

5. pauci milites : apparently a guard of honour, whose duty it would be to salute Vespasian.

8. mens, sc. militum. ‘Their fears were banished by confidence of success.’

10. altitudinis : M. has *multitudinis*, whence Orelli read *mutationis*. The sense is plain : ‘as soon as he had mastered the dazzling surprise of his elevation,’ as soon as his eyes were accustomed to the blaze of splendour. Cp. Liv. xxvi. 45, *cum altitudo caliginem oculis offudisset*.

12. laeta omnia, etc., ‘homage came pouring in on all sides.’

id ipsum, the news of what the soldiers did at Caesarea.

14. theatrum ubi illis consultare mos est : Antioch was a Greek town. Cp. Cic. *pro Flacco* 7, *cum in theatro imperiti homines* (sc. Graeci)...*consederant, tum bella inutilia suscipiebant*, etc.

18. arte quadam ostentator : Livy has a similar expression about Scipio Africanus : xxvi. 19, *fuit Scipio non veris tantum virtutibus mirabilis, sed arte quoque quadam ab juventa in ostentationem earum compitus*.

23. mutarentur : *muto* is sometimes used in the sense of ‘to take in exchange’: cp. Hor. *Od.* ii. 16, *quid terras alio calentes sole mutamus*: so also *permuto*: Hor. *Od.* iii. 1, *cur valle permutem Sabina divitias operosiores*?

25. necessitud. et propinq., ‘ties of intimacy and kinship.’

LXXXI.

3. Sohaemus, prince of Emesa in Syria, had in 54 received from Nero the kingdom of Sophene, between Cappadocia and Armenia (*A.* xiii. 7). There was another Sohaemus—possibly father of the man mentioned here—who was prince of the Ituraei in the north of Palestine : cp. *A.* xii. 23.

4. Antiochus, a Seleucid king of Commagene and a part of Cilicia : in 72 Vespasian dethroned him and made his kingdom a Roman province. *Inservientium* requires a dative : the word should probably be *servientium*. The ‘in’ of *ingens* above may have caught the copyist’s eye. (Andresen.)

6. **Agrippa**, Herod Agrippa, brother of Berenice and great-grandson of Herod the Great. After his father's death (in 44) Judaea was incorporated in the empire and administered by a procurator who was officially subordinate to the governor of Syria. Herod Agrippa received from Claudius in 48 the territories of his recently deceased uncle, Herod of Chalcis : while his cousin Aristobulus, son of Herod of Chalcis, was consoled by the gift of Lesser Armenia. This Agrippa, according to Hegesippus iv. 21, was sent to Rome with Titus to interview Galba : cp. *H.* ii. 1. Titus, as we know, turned back on the news of Galba's murder : but Agrippa continued his journey.

18. **nondum additis C. legionibus** : Cappadocia had been a Roman province since A.D. 17, but was governed by a procurator who had no troops : Vespasian placed it under the control of an armed *legatus*, to check the continual inroads of barbarians : cp. Suet. *Vesp.* 8.

19. **summa rerum**, 'the general situation.'

Berytus, Beyrouth : its official name was Julia Augusta Felix Berytus.

22. **lecta decora**, sc. the élite of the army, wearing their most splendid uniforms : *decora* is used for *decori homines*, as *consilia* for *consiliatores* (*A.* iv. 40).

24. **speciem fortunae principalis**, 'the appearance of an imperial court.'

LXXXII.

1. **revocare** : we find on an inscription the words *inter ceteros conveteranos revocatus*. Hence it is not necessary to alter the text to *evocare*.

* 9. **procurationibus** : *v.* on i. 2.

11. **summa**, such as consulships and praetorships.

fortuna pro virtutibus fuit, 'success was their only merit.'

12. **neque** is curiously co-ordinated with *ne...quidem*, which is made to mean 'nor even.' It would however be easy to suppose that *et* has dropped out after *ostenderat*.

15. **militarem largitionem** : *militum largitio* (cp. i. 46, *volgi largitio*) would be ambiguous : so Tacitus uses *militarem* as he uses *comparatio deterrima*, *A. i.* 10, for *comparatio deterrimi hominis*.

19. *claustra Aegypti*: the ‘keys of Egypt’ would be Alexandria and Pelusium.

21. *nihil arduum fatis*, ‘the fact that nothing is too hard for the fates,’ ‘the omnipotence of fate.’ Cp. *A.* iii. 9, *fuit inter inritamenta invidiae...celebritate loci nihil occultum*. We find the same expression of the abstract by the concrete in the sentence *occisus Caesar aliis pessimum aliis pulcherrimum facinus videretur*, *A.* i. 8.

LXXXIII.

2. *agens* : cp. *A.* xvi. 28, *agere senatorem*.

6. *maiora credi de absentibus* : the thought is like *omne ignotum pro magnifico* or *maior e longinquo reverentia*.

7. *vexillariorum* : Orelli approves of an interpretation which makes these comprise the recalled veterans of 82. Heraeus thinks with more probability that they are detachments of picked men taken from the 5 legions remaining in Syria and Judaea. In chapter 57 the three British legions send Vitellius a picked corps of 8,000 men, *i.e.*, about 2,600 per legion, which would be the number supplied in the present instance : $2,600 \times 5 = 13,000$.

8. *classem* : cp. iii. 47, *lectissimas Liburnicarum omnemque militem* (*sc. classicum*) *Mucianus Byzantium adegerat*.

14. *sibi* ought probably to be omitted : it may easily have arisen from *si Brundisium* by a kind of διττογραφία.

LXXXIV.

4. *belli civilis nervos*, a common metaphor : cp. Cic. *Phil.* 5. 5, *nervos belli, pecuniam infinitam*.

5. *verum*, ‘fairness,’ ‘equity,’ as often.

6. *locupletissimus quisque...correpti* : cp. i. 35.

10. *ad optinendas iniquitates*, ‘to maintain unjust decisions’ : on the analogy of the phrase *ius suum obtinere* cp. Plin. *Paneg.* 41, *nunquam principibus defuerunt qui fronte gravi et tristi supercilie utilitatibus fisci contumaciter adessent : et erant principes ipsi sua sponte avidi et rapaces, et qui magistris non egerent*.

haud perinde, ‘not particularly’: there is an ellipse of something like *atque alii* or *atque exspectari poterat*. Cp. iv. 62, *intra vallum deformitas haud perinde notabilis* (sc. *atque extra*).

13. **quod avidius**: Nipperdey and Heraus read *quo*, which is certainly easier to translate.

13. **rarissimus quisque**: cp. i. 81.

LXXXV.

5. **Claudiana**, a title borne by the 7th legion in memory of its fidelity to Claudius at the time of the revolt of Camillus Scribonianus, governor of Dalmatia.

7. **de Othonē**, sc. news of his death.

8. **vexillis**: they were only detachments from the legions. Suetonius (*Vesp.* 6) says that these troops on the news of Otho’s death elected Vespasian emperor *proprio motu*, independently of the Syrian army.

9. **pecunia**, the military chest.

15. **T. Julianum**: cp. i. 79.

16. **causam partium praetendebat**, ‘alleged as a reason the interests of his party.’

19. **montem Haemum**, the Balkan range.

LXXXVI.

1. **tertia decima**, which after building the amphitheatres at Cremona and Bologna had been sent to Poetovio (Petau on the Drave, in Styria): iii. 1.

2. **septima Galbiana**: cp. i. 6.

5. **Primi Antonii**, a free lance, the better qualified to play a prominent part in civil war because he had been once outlawed by society. Martial (x. 23) speaks of him — apparently without irony — as solacing his declining years with the recollection of a well-spent life.

“ Nulla recordanti lux est invisa, gravisque :
nulla subit cuius non meminisse velit.”

For the position of the cognomen before the nomen cp. 91, Priscus Helvidius. This reversal of the order is common in Tacitus and not unknown even to Cicero.

6. falsi damnatus : in the year 61, under the *lex Cornelia de falsis*. He had witnessed the forging of a will : cp. A. xiv. 40.

10. in nullo belli usu fuit, ‘remained unemployed so far as the war was concerned.’

12. strenuus in earlier prose almost always stands either in conjunction with *fortis*, or in opposition to some word like *ignavus* or *imbelligans*.

13. serendae...artifex, ‘a master of the art of calumny.’

seditionibus potens : cp. Virg. *Aen.* xi. 340, *seditione potens* (of Drances).

15. functi, sc. in design : they did not actually march till later : iii. 5.

17. Tampius Flavianus : probably, says Heraeus, the same man who is mentioned by Pliny (*N. H.* ix.) as proconsul of Africa. A cavalry corps bore the title *Tampiana*. This Flavianus was *natura ac senecta cunctatior* (iii. 4). In M. the name is Titus Amplius Fabianus.

19. procurator Pannoniae : cp. iii. 4.

20. natalibus, instead of *genere*, or *origine* : cp. i. 49, *claritas natalium*.

21. inquies cupidine : the ms. reading is *quietis cupidine*, but it does not seem probable that a man like Fuscos made *quietis* his main object : and moreover one would imagine that the *procuratio* of a frontier province would be still less a bed of roses than the senate-house. Hence *quaestus* has been suggested, and affords a good sense : for senators were forbidden by law and etiquette alike to engage openly in commercial pursuits. Of course the restriction was often evaded, but the fact remains that it was harder for a senator to make money than for an ordinary individual : so that Fuscos might well have resigned his rank ‘from desire of gain.’

22. dux coloniae suae, some Roman *colonia* which was his home.

29. ad quartadecimanos, cp. 66 : *primanos*, cp. 67.

LXXXVII.

7. procacissimis...ingeniis stands for *et lixae, quorum in-*

genia procacissima sunt etiam inter servos. *Inter servos* means ‘even where there are slaves to compare them with’: cp. i. 1, *inter infensos vel obnoxios*; and v. 17, *dies gloriosissimus inter maiores* (sc. *si comparaveris cum rebus gestis maiorum*). *Lixae* were undoubtedly free men: *calones*, or soldier’s servants, were slaves.

9. *summa modestia*, here = *aci disciplina*.

15. *amicitarum dehonestamentis*, ‘discreditable connexions.’

LXXXVIII.

8. *vernacula urbanitate*, ‘a coarse practical joke,’ such as would be perpetrated by *vernae*. Cp. 59, *verniles blanditiae*.

10. *accincti*, sc. *gladio*.

11. *non tulit ludibrium*: i.e., they did not see the joke.

17. *in quo Galba iacuisset*: Vitellius’ soldiers seem to have laboured under the delusion that their leader’s object was to avenge Galba.

19. *horrentes*: we are reminded of *Aen.* v. 37, *horridus in iaculis et pelle Libystidis ursae*.

per inscitiam, ‘through awkwardness.’ The rude denizens of the German forests could not pick their way through the crowded streets, or keep their footing on the slippery pavement.

23. *volitabant*, often used by Cicero in the sense of ‘going to and fro,’ with the added idea of an insolent and overbearing mien: cp. *pro Sestio* 9, *cum coniuratio palam armata volitaret*: less frequently by Tacitus with this special meaning.

23. *terrore et...catervis*, hendiadys.

LXXXIX.

2. *paludatus...sumpta praetexta*: Suetonius says (*Vit.* 12), *urbem introiit paludatus*, but this is contradicted at once by Tacitus’ account, and a coin which represents Vitellius approaching the Capitol *togatus*. (It is true that on another

coin he is *paludatus*.) Suetonius may mean that Vitellius entered the porta Flaminia in the military dress: which he might well have done, as that gate was outside the sacred circle of the *pomerium*. The *pons Mulvius* crossed the Tiber about two miles from Rome.

6. *quattuor legionum*: *prima Italica*, V. *Alauda*, XXI. *Rapax*, XXII. *Primigenia*.

7. *circa*, 'on either side': cp. 59.

legionibus aliis: I. *Germanica*, IV. *Macedonica*, XV. *Primigenia*, XVI. *Gallica*: cp. iii. 22.

9. *ut...forent*: for the construction *v. i. 10*.

11. *primi centurionum*, sc. the ten *pili priores* of the front rank: *v. Dict. of Antiq.*, 'Exercitus.'

XC.

2. *alterius*: the genitive of *alius* is seldom used, being generally replaced by that of *alter*.

7. *vacuum curis*, 'thoughtless.'

10. *frustra*, sc. his tenure of the title was short-lived.

XCI.

1. *cuncta interpretantem*, 'suffering nothing to pass without comment.'

5. *Cremerensi Alliensique*: the annihilation of the Fabii on the Cremera (B.C. 477), and the rout of the Romans on the Allia (B.C. 390) by the Gauls.

8. *comitia consulum*, etc.: that is, of the consuls mentioned in ch. 71: these comitia are not to be confused with the November elections, at which Vitellius made arrangements for future years. While the emperor had the right of *commendatio* in the case of candidates for praetorships, apparently he could in theory only 'nominate' consular candidates: this *nominatio*, though of course really tantamount to election, was formally only the representative of the ancient *suffragatio* or pledge of support given by the

candidate's friends. The *celebratio comitiorum* (*celebrans* appears to be much the same as *obiens*) was a revival of the practice of Augustus, who used to canvass for his friends. Suetonius (*Aug.* 56) says, *quotiens magistratum comitiis interesseret, tribus cum candidatis suis circumibat supplicabatque more sollempni*: in Vitellius' time of course the only electing body was the senate.

What follows (*omnem*, etc.) has no reference to Vitellius' canvassing: the historian passes to another detail.

11: *fautor, sc. partium circensium.*

15. Helvidius and Thrasea (whom Heräus calls the Cato of the empire), the only representatives of anything resembling an 'opposition' in the senate, were outspoken Stoics who made Brutus their model both as a philosopher and as a tyrannicide: they were both put to death for refusing to hide their convictions, Thrasea by Nero in 66, Helvidius his son-in-law by Vespasian in 73. Cp. *A. xvi.* 21 (*Nero*) *virtutem ipsam exscindere concupivit, interfecto Thrasea Paeto et Barea Sorano*; and *Juv. v. 36*—

“quale coronati Thrasea Helvidiusque bibeant
Brutorum et Cassi natalibus.”

The opposition was on moral grounds, not political: Caesarism was not inconsistent with the Stoic ideal of government.

17. *non ultra quam*, an elliptical phrase on the analogy of *nihil aliud quam* (*οὐδὲν ἄλλο πλήν*).

21. *in re publica*, 'on a matter of public policy.'

XCII.

2. *a praefectura cohortis*: he had only been praefect of an auxiliary cohort, not even a *tribunus legionis*.

9. *ambitu, sc. multitudine favorem ambientium.*

salutantium, the friends and clients who regularly visited their patron. 'Not only the man of quality, or who was beloved and respected, but also the undeserving, if a wealthy one, wished to see himself everywhere surrounded by an obsequious host of courtiers. Hence numbers of persons were to be found in Rome who used for a pecuniary consideration to form the court, as it were, not of one, but of several persons of wealth and consequence' (Becker, *Gallus*, p. 228).

13. *subitis offensis*, etc., ‘easily moved to sudden anger or unseasonable flattery’: cp. his *verniles blanditiae*, 59.

17. *patriae reddiderat*, after they had been banished by Nero: Otho had decreed the restoration of their property; but this was in most cases impossible (i. 90).

18. *gratum*: notice the rare use of the neuter adjective as an object substantive.

20. *iura libertorum*, ‘their rights in relation to their freedmen,’ otherwise called *iura patronatus*. These rights had lapsed owing to the banishment of the *patroni*, who now received them back again. *Iura libertorum*, as we gather from the Digests, made it binding on the *libertus* to provide sustenance, if necessary, for his *patronus*: ‘*alimenta autem pro modo facultatum erunt praebenda e gentibus scilicet patronis*’: ‘*de alienantis patroni arbiter solet dari arbitraturus quantum sit in facultatibus*,’ etc.

The freedmen *corrumpebant*, i.e., tried to invalidate the imperial rescript, perhaps by asserting that their means were inadequate for supporting their patrons.

22. *per occultos*, etc., appears to be a curious way of saying *apud obscuros homines, penes quos nemo quaereret, aut apud potentiores, in quorum fidem et clientelam ambitiose se contulerant*. *Sinus* is literally the fold of the *toga*: the end of which hung forward over one shoulder, and would, if thrown backward over the other, form a fold or pocket in front. Cp. A. iii. 13, *sinum suum cubiculumque offerebat*; where *sinus* is used in the same metaphorical sense of a hiding place.

23. *ipsis dominis potentiores*: cp. Plin. *N. H.* xii. 1, *Aesernini libertus, sed qui se potentiae causa Caesaris libertis adoptasset*. These men were like Juvenal’s Greeks (iii. 72), *viscera magnarum domuum dominique futuri*.

XCIII.

3. *non principia noscere*: they did not know where was their rendezvous or recognised place for assembling. The *principia*, or *via principalis*, the main street of the camp, ran from the *porta principalis dextra* to the *porta pr. sinistra*, and served as a general rendezvous where the soldiers would be summoned to assemble in case of necessity. Cp. iii. 13, *recurrens in principia miles*; and i. 48, where it means the headquarters.

7. *infamibus*, on account of the *cattiv' aria*, the pestilential atmosphere of the Tiber valley : the Vatican quarter has at all times been the unhealthiest part of Rome. It does not however appear that the climate of the city in general was considered permanently dangerous in ancient times (yet we hear of *intemperies caeli*, 94) : although we read of occasional epidemics, as e.g. in *A.* xvi. 13.

10. *obnoxia morbis*, 'sensitive to disease.'

11. *insuper confusus* : Gerber would read *confusus insuper*, because *insuper* generally follows the word to which it especially refers.

12. *ambitu* seems to mean much the same as *ambitiosum imperium* : those in command sought popularity with the men.

ordo militiae, 'the rules of the service.' Cp. i. 38, *sine more et ordine militiae*.

15. *plus...audebat* seems to mean that Valens was the more active of the two, putting himself forward as the real commander-in-chief.

XCIV.

4. *urbanae militiae*, like *urbanus miles*, i. 4, includes all the soldiers permanently quartered in the city : the urban and praetorian cohorts.

8. *convolsum castrorum decus*, sc. distinctions in the service lost their value : e.g., a place in the praetorian guard was no longer an honour, because no longer the reward of merit. Cp. *A.* vi. 48, *Tiberius...vi dominationis convulsus*.

11. *duces Galliarum*, native Gallic chiefs, apparently : the more usual word would be *principes*.

inerti : the ms. reading is *mortem*, which Heraeus supposes to be a marginal gloss to *supplicium*. Orelli read *marcenti*.

14. *donativom* : delay in the payment having largely contributed to Galba's fall.

15. *liberti principum* : v. i. 46.

20. *pecuniae includere*, 'made ducks and drakes of his money,' as we should say. Cp. *A.* xv. 42, *viribus principis includere*.

XCV.

1. **natalem Vitellii diem** : Vitellius was born either Sept. 7 or 29, A.D. 15 (Suet. *Vit.* 3).

2. **vicatim**, sc. *per singulos vicos*. ‘Augustus made the *vici* subdivisions of the fourteen regions into which he divided the city. In this division each *vicus* consisted of one main street, including several smaller by-streets : their number was 424.’ (*Dict. of Antiq.*)

4. **laetum**, etc. The neuter adjec. substantivally used is here the subject of a sentence, as in 92 (*gratum...etiam plebs adprobavit*) it is the object.

6. **inferias Neroni** : Suetonius confirms this, adding that Vitellius did it *adhibita sacerdotum frequentia*. Nero’s monument on the Pincian was visible from the Campus Martius.

8. **Romulus Tatio** : Tacitus gives the truer account, *A. i.* 54, where he says *ut quondam Titus Tatius retinendis Sabini-rum sacris sodales Titios instituerat*. Heraeus reads, *Titios T. Tatio regi*, alleging the necessity of inserting something to correspond to *sacerdotium* : but it is easy to understand *sacerdotium* again before *Tatio*. Nipperdey and Ritter omit *quod...sacravit* altogether.

10. **nondum...et** : cp. *A. xv.* 40, *necdum positus metus, et rediit haud levius rursum grassalus ignis*. Virgil sets the example for this construction by such sentences as *vix ea fatus erat senior, subitoque fragore Intonuit laevum* (*Aen. ii.* 692).

11. **Polyclitos**, cp. *i.* 37 : **Patrobios**, *i.* 49.

14. **sumptu ganeaque** : cp. 62, and Suet. *Vit.* 13.

15. **abunde ratus**, sc. *esse* : the adverb is used as a predicate. Cp. *i.* 75, *utrisque frustra fuit*. There is the same expression in a fragment of Sallust : *abunde libertatem rati, quia tergis abstinetur*.

19. **Vinios Fabios**, men of good family ; **Icelos Asiaticos**, freedmen : all alike robbed their country.

Marcellus, sc. M. Eprius. Mucianus ‘played the part of the emperor’s colleague’ (83).

XCVI.

1. **tertiae legionis**, in Moesia : 85.

8. **constare fidem** : coins of Vitellius’ time bear the inscrip-

tion *fides exercituum* and *consensus exercituum*. *Constare* is here used in its original sense of remaining firm and unmoved: cp. Virg. *Aen.* iii. 518, *postquam cuncta videt caelo constare sereno*.

10. *exauctoratos*: cp. 67.

13. *id praecipuum alimentum famae*: for the thought cp. the expression in i. 17, *male coercitam famam supprimentes augebant*.

4. *H. Flaccus*, commanding on the left bank of the Rhine (57). On *V. Bolanus v. 65*.

5. *suspectis iam Batavis*, soon to raise the standard of revolt under *Civilis*.

8. *nullo tum ibi consulari*, sc. *legato Augusti propraetore*: *Cluvius Rufus* being an absentee governor (65).

9. *trium legionum*: VI. *Victrix*, X. *Femina*, I. *Adjutrix*.

10. *prosperis Vit. rebus*, etc., 'in the event of his success they would have been rivals in flattery.' The future partic. is used as it is in Horace's *Septimi Gades aditure mecum*; cp. iii. 54, *si liceret, narraturi*. The same thing would be expressed in Greek by the aorist partic. with *ἀνα*. *Ad* here means 'with respect to': cp. *A. i. 40*, *degenerem ad pericula*; and *Cic. in Verr. v. 68*, *nihil tam clausum ad exitum...nihil tam tutum ad custodiam nec fieri nec cogitari potest*.

15. *favorabilem*, synon. with *gratiosum*; cp. *favorabilis oratio*, *A. ii. 36*. Suetonius agrees with Tacitus as to *Vitellius*: not however as to *Vespasian*, who, he says, *Africam integerrime nec sine magna dignatione administravit* (*Vesp. 4*).

18. *contra fuit*: *v. on 95*. The result falsified expectation.

XCVIII.

2. *Valerius Festus*, a relative of *Vitellius*, was *legatus* of the 3rd legion : cp. iv. 48.

8. *fefellere*, ἔλαθον. Cp. 34, *nihil eorum Vitellianos fullebat*.

11. *Pannonicas Alpes*, now known as the Julian Alps, extending from the source of the Save, south-east between the Isonzo, Save, and Kulpa, to Fiume and the Dalmatian coast-range. The road over these mountains from Aquileia

into Pannonia crossed the Adelsberger Pass—the watershed between the Danube and Adriatic—and ran thence north-east past Aemona (Laibach), over the Trogana Pass near St. Oswald, and thence to Petau, where were the headquarters of the 13th legion.

13. *etesiarum*, a north-west wind, blowing for about a month from July 20: cp. Caes. *B.C.* iii. 107, *etesiis tenebatur, qui Alexandria navigantibus sunt adversissimi.*

XCIX.

1. *inruptione hostium* alone depends on *exterritus*: *nuntiis* being an ablat. of attendant circumstance.

3. *expedire*: cp. i. 10, *quotiens expedierat.*

9. *rarum*, ‘broken.’

10. *quantumque hebes*. The older writers would say *hebetior*: but Livy and Tacitus often construct such clauses with the positive in the first section and the compar. in the second alone. Cp. *A.* i. 57, *quanto quis audacia promptus tanto magis fidus*: 68, *quanto inopina tanto majora*. This is really the more correct form of expression: in the present case, for instance, it is not the degree but the simple fact of the soldiers’ inability to bear hardship which makes them the more ready to quarrel.

13. *seu*, ‘or perhaps.’ Observe the co-ordination of the participle with the dependent clause.

17. *pacta*, sc. *pactas condiciones*: cp. iii. 9, *pacta perfidiae.*

C.

3. *primae, quartae, etc.* M. has *in quattuor decum xiii.* The conjecture in the text is based on iii. 22 and ii. 89.

7. *trium Brit. legionum*: v. 57.

9. *exercitui quem ipse ductaverat*: on which v. i. 61, 64. *Ductare* is a word originally belonging to the popular speech (and used by Plautus and Terence), and first introduced into

refined language by Sallust. Quintilian (viii. 3. 44) says, ‘*ductare exercitus*’ et ‘*patrare bellum*,’ *apud Sallustium dicta sancte et antique, deridentur a nobis, si dis placet : quam culpam non scribentium quidem judico, sed legentium.*

13. *legiones* : I. Italica and XXI. Rapax : cp. iii. 14.

14. *Hostiliam* (Ostiglia, on the Po) at the junction of the via Postumia with the road from Verona.

16. *secretum componendae prodigionis*. This genitive, originally a genit. of quality, describes the nature (and thus the object or intention) of the substantive with which it is connected, and eventually attains a final meaning without having any substantive to qualify : cp. A. ii. 59, *Germanicus Aegyptum proficisci cognoscendae antiquitatis* : as the Greeks use *τοῦ* with the infinitive to denote purpose. Nipperdey (on A. ii. 59) traces the development of this construction from the genitive of quality combined with a noun (as in the present instance) to the genitive of purpose standing with a verb. Other instances of the early usage are *condendae urbis locum* (Liv. i. 1) : *sulcus designandi oppidi* (A. xii. 24).

17. *Luc. Bassus* according to a military *diploma* of Vespasian bore the praenomen *Sextus*.

18. *post praefecturam alae* : cp. 92, *praeposuerat praetorianis P. Sabinum a praefectura cohortis*.

21. *ulciscebatur* = ‘he was ready to vent’ his anger.

23. *ut et similes sint* : *et* does not seem to have much force : Urlichs would read *ut et consiliis similes sint*.

CL

1. *Scriptores* : Tacitus’s principal authority was probably Cluvius Rufus : on whom *v. i. 8* and Note A. Other writers of this period mentioned by him as occasional sources of information are the elder Pliny—to whom he alludes in *iii. 28*—and Vipstanus Messala, a military tribune who served under Vespasian against Vitellius. He too is referred to in *iii. 28* and *25*. Pliny’s history appears to have been a continuation of the work of Aufidius Bassus.

4. *corruptas in adulationem causas* : ‘reasons wrongly alleged, to suit their purpose of flattery.’

10. *subruebat* : cp. *iii. 13 seqq.*

NOTE A.

TACITUS' RELATION TO PLUTARCH AND CLUVIUS RUFUS.

Professor Mommsen (*Hermes*, vol. iv.) maintains that for the events of 69 A.D. Tacitus and Plutarch have both not only drawn largely from the same authority, but have made this one work their principal source of evidence : this authority being Cluvius Rufus, who is mentioned by Tacitus and Pliny as the author of *historiae* probably covering a period extending from the reign of Caligula to that of Vespasian. In support of this assumption he points to the general resemblance between the narrative of Tacitus in the first two books of the Histories and that of Plutarch in his biographies of Otho and Galba : and asserts that, while it is extremely improbable that Tacitus copied from Plutarch, a reversal of the process would have been chronologically impossible.

A review of the general relations between the work of the two historians shows that while they differ in method they do not substantially contradict each other as to facts. Tacitus indeed mentions many things omitted by Plutarch, and *vice versa* : but this is because the one is an annalist, the other a biographer. Plutarch devotes 18 chapters to the earlier part of Galba's reign : Tacitus is obliged by the custom of Roman annalists to begin his narrative with the year (in this case 69) and only refers briefly to the events of the preceding autumn. On the other hand the first 11 chapters of the *Histories* allude here and there to provincial matters which Plutarch deliberately passes over, in so far as they do not immediately affect the fortunes of Galba. In general it may be said that Plutarch sets aside all incidents not directly connected with the two emperors : for instance, the Sarmatian raid which is described in *Hist.* i. 79 : while Tacitus as a rule avoids personal details, more especially where they seem to be beneath the dignity of history. Each author aims at a different object. They select different sets of facts : but they select them from the same storehouse. Their narratives are thus not contradictory, but mutually supplementary : where Plutarch's story contains some detail omitted in Tacitus' account, the incident mentioned by the Greek must appear to every practised judgment to be an integral part of that narrative from which Tacitus has borrowed.

This general harmony and absence of directly conflicting testimony is the more striking when we consider that the history of the period embraces a mass of personal anecdotes and military and political details, which could scarcely fail to

give rise to contradictory tradition, were there not throughout some one authority generally relied upon by both historians. Even where Tacitus appears at first sight to refer to more sources than one (ii. 37) the account given by his *quidam auctores* is substantially the same as Plutarch's; and we may infer that here too the two historians are borrowing from the same source, and that Tacitus has only mentioned his authority in order to express his own dissent from that authority's conclusions.

Professor Mommsen's assumption is based not only on the subject matter but on the actual phraseology of the two narratives. Grant that neither author has copied from the other—and we cannot help admitting some one model for the many striking expressions which Plutarch and Tacitus have in common. It is only necessary to mention such phrases as *φοβούμενος αὐτὸς ἦν φοβερός*, paralleled by *cum timeret Otho timebatur* (i. 81), or *flagitia invicem obiectavere, neuter falso* (i. 74), of which the Greek equivalent is *πολλὰ βλάσφημα καὶ ἀσελγῆ χλευάζοντες ἀλλήλοις ἔγραφον οὐ ψευδῶς*. It is not of course to be supposed that the majority or even many of Tacitus' dicta are thus borrowed: but it is probable that Cluvius Rufus was an epigrammatist and maker of phrases after the fashion of his day, and Tacitus found it convenient to appropriate occasionally the work of an artist whose manner resembled his own.

On the other hand, according to a note in Nipperley's Introduction to the *Annals*, Mommsen has no sufficient grounds for the assumption that the *Otho* and *Galba* of Plutarch preceded the *Histories*. It is moreover (the writer asserts) extremely improbable that Tacitus should have copied to any considerable extent from the work of so very recent an author as Rufus: such an hypothesis would be incompatible with Tacitus' reputation among his contemporaries: nor is it credible that the author of the *Annals*—where according to Mommsen himself he is far more independent than in the *Histories*—should have condescended to such an appropriation of ready-made materials.

[It would be strange also that, if Tacitus allows his own genius free play in the *Annals*, he should be contented with a mere transcription when narrating events many of which he himself must have remembered. It must be borne in mind that the *Histories*—though prior in point of time to the *Annals*—are not a juvenile essay, the work of an author who feels himself not yet strong enough to stand alone: they are the production of Tacitus' mature genius.]

NOTE B.

HERÄUS' EXPLANATION OF II. 25.

The object of Paulinus' manoeuvre here described was to outflank the enemy by an *oblique* formation. While Celsus had commenced operations by advancing the cavalry posted on both wings, Paulinus caused the infantry, who were originally drawn up in line, to retreat *en échelon*. The three praetorian cohorts, whose place was on the highway in the centre of the line, must have retired farthest back, so that to a certain extent they formed the rear guard : the legions posted right and left of the road (the 1st and a detachment of the 13th) took up a position slightly in advance of the praetorians, still facing the enemy : while the six auxiliary cohorts on the right and left wings remained so far in advance of the other troops as eventually to be able to take the impetuously pursuing Vitellians in flank (*a lateribus cohortes*). At this crisis of the battle, the cavalry under Celsus having retreated to the rear between the 1st and 13th legions, the legionary troops closed in on the centre, and thus formed an attacking line right across the road and the adjacent fields (*legionum adversa frons*) : while the praetorian cohorts formed a reserve on the highway behind them. At the same time the cavalry corps of 1000 praetorians and auxiliaries (described in 24 as *cumulus prosperis aut subsidium laborantibus*) executing a rapid flank movement, took the Vitellians in rear, so that the enemy was now completely surrounded (*subito discursu terga cinxerat eques*). Thus we see why it was that when the formation was completed the praetorian infantry took no part in the actual fighting : the legionary troops must have closed in so as to form a continuous line at the moment after Celsus and his cavalry had ridden back between their two divisions : so that the praetorians, thus separated from the legionaries by the retreating horsemen, could find no immediate employment in the attacking line ; the gap through which the cavalry had passed being closed by the legionaries coming into direct touch with each other.
