VOL. 52

VICTORIA, B. C., TUESDAY, AUGUST 15, 1911

NO. 38

ON THE FIRING LINE

Pulsebeats of the Warriors
Shown by Tongue and Pen From
Ocean to Ocean in Canada's
Greatest Conflict.

Nothing could be more clearly emphasized by the Conservative party than its inalienable affection for the policy of high protection. While a thousand expedients are resorted to in order to defeat reciprocity, what is really aimed at is the stiffening of the present tariff on imports coming into Canada and the maintenance of the blockade tariff against exports of the wheat, fruit, lumber, fish, mineral and other products of the Dominion. No one could be more emphatic in frank declaration of this policy than Premier McBride who, after denouncing an open market as dangerous to the country said: "We can play the game of Uncle Sam and raise our own tariff still higher." There can be no doubt that a vote for a Conservative will be a vote for still more costly foodstuffs and a vote for a Liberal will mean freer trade and the cheapening of food.

A CONSCIENTIOUS CONTRACTOR

(Halifax Chronicle.)
Mr. R. L. Borden has proved himself one of the most conscientious of Government contractors. The Government of Canada agreed to pay him Nine Thousand Five Hundred Dollars a year to "oppose." He has scrupulously earned each dollar of his salary. He has opposed absolutely everything which the Government proposed.

BORDEN THROWN OVERBOARD.

(Montreal Herald.)
It would have been wiser for him to stick to his principles, and being for reciprocity, to vote and work for it. The Quebec farmer, like other farmers, must have his chance now that it offers. Afterwards, anything might happen. Men who have already thrown Mr. Borden overboard might as well have thrown his anti-reciprocity policy after him.

RUSHING FROM UNDER.

(Toronto Globe.)
When the general election came Mr. Borden was to rally round him the strongest provincial leaders of the Dominion, as Laurier did in 1896. He was also to call to his aid the leaders of the financial and business interests of the country. That was the programme. What is happening? Mr. Borden is quite willing to give Mr. Laurier in northern Ontario, but the Hon. W. J. Hanna, who was named as one of the on-to-Ottawa statesmen some time ago, is very busy working out reforms of the prison system of Ontario, and is loath to seek "the bubble reputation" in the federal arena. Were there a real expectation of victory would all these gentlemen stand from under? Not for two minutes. They are waiting for the psychological moment when the Conservative party—thrice defeated under the leadership of Mr. Borden—will call for new leaders. When that day comes the Hon. Richard especially will be less coy than he is to-day. Meanwhile Mr. Borden has Colonel Sam Hughes and Major Currie to lead the attack.

TAKES BORDEN'S MEASURE.

(Kenora Herald.)
Everywhere Mr. Borden is under fire for his cheap estimate of the Canadian people. He does not appear to realize the seriousness of the charge virtually made against Canadians that if they are allowed to begin freely buying and selling farm produce, the outcome will be the political absorption of Canada by the United States. Of course Mr. Borden views with apprehension the possibility of further extension. But if reciprocity is, according to his view, going to prove so very disastrous to Canadians, he should not worry over further extension.

NOT A PARTY ISSUE.

(Calgary News-Telegram.)
The News-Telegram has no interest in any party, nor any party has any interest in the News-Telegram. If the Conservative party were the author of this measure this paper would be found supporting it. Outside of reciprocity this paper has no partisan interest, but we cannot bring ourselves to believe that reciprocity is not good. We think it should be a national measure, not a party measure. We think it will win and we think that it will prove its worth so surely that it will become a national policy, supported by all parties. We favor it, not because it is with the neighboring republic, but because it is to accomplish a reduction of the tariff, an institution in which we never could see any good for anyone but the manufacturer.

HARD WORKED.

(Calgary Albertan.)
Don't get away from the fact for half a minute that the men opposing reciprocity are working for the high tariff interests of the country.

THREE THOUSAND TROOPS ON DUTY

BAYONET CHARGE ON LIVERPOOL

Volleys Fired Over
Rioters as Warning
Salutary Effect

London, Aug. 15.—Liverpool, the storm centre of the strike which is menacing the trade of Great Britain, was under arms to-day. In addition to her police and reinforcements from the surrounding cities, 3,000 troops of infantry and cavalry under General MacKinnon Wood, were quartered in the city, prepared to back up the police in maintaining order.

The riot in Great Homer street, while not directly connected with the strike, has had a good effect in its outcome, as the rowdy element was subdued. The trouble began when a constable arrested a man for having assaulted a woman. Riots followed and the police reserves could not control the mob, which vented its fury in wrecking nearby shops. Then 200 troops arrived and were made targets for various missiles hurled from roofs and windows of nearby buildings. Several soldiers and policemen received severe wounds.

A bayonet charge was ordered and when this failed to clear the streets, an order to fire into the air was given. Two volleys were discharged over the heads of the rioters with great moral effect.

A number of the rioters were wounded by the bayonet charge, but none were hit by the bullets. Many of the mob were arrested.

This forenoon things were quieter. The response to the midnight appeal by the strike committee for a general strike of all transport workers, including the railway men, was not unanimous, and trucks continued to move in the streets under guard, while partial forces were at work on some of the docks. However, the Cunard steamer Caronia, due to sail from Liverpool for New York to-day with other liners, was still in the stream, unable to get away.

There was little change in the situation at London. A few more dock laborers returned to work, and the carters employed by one of the big railway lines resumed their duties. The settlement made with these men was not permanent and a resumption of the general strike, particularly on the docks, was possible at any time. The grievances of the men are not serious compared with those on which they received concessions from their employers, but the men felt that the moment was opportune to get everything they wanted.

The number of railway strikers throughout the country increased to—
(Concluded on page 2.)

NELSON LAWYER HAS DISAPPEARED

H. A. Stewart Was Last Seen
on Thursday—Search
Proves Futile

Nelson, B. C., Aug. 15.—Disappearing on Thursday last as completely as if the earth had suddenly opened and swallowed him, H. A. Stewart, the well known local lawyer, in spite of the systematic search by the city and provincial police and scores of friends, has not as yet been found. Yesterday O. G. Brand, Sergeant Ellis, and others spent hours diving in the lake, it being feared that the missing man, who lived across the lake, might have been drowned while on his way to the boat which he kept tied up there when in the city.

That he had not been overtaken by a sudden squall or some other mishap and drowned while crossing the lake is practically proved as his boat is still in its usual place and no other boats were missing.

Mr. Stewart was last seen, as far as can be ascertained, about 11 o'clock on Thursday morning, when he paid a butcher an account.

Many theories have been advanced as to the reason for the strange disappearance, which is all the more remarkable as Mr. Stewart has been in Nelson for some years, is known by many hundreds of people in Nelson, and nearly all these have been exploded one by one as investigated.

His city residence was visited and found to be empty. The waterfront has been searched, the bottoms of the boats, where a body might possibly have become entangled, have been examined by divers, his closest personal friends and business men with whom he has had relations, have none of them been able to provide any clues; points in the surrounding districts have been telegraphed to; ravines beneath bridges in the city have been examined, and the city in general has been gone through with a fine tooth comb, all without the faintest trace of the lost lawyer being discovered.

Premier McBride has committed the Conservative party of Canada to the construction of a tariff wall as high as Haman's gallows.

"NOODLES" FAGAN GIVES ONE OF HIS TALKS

Tells Newsboys How to Sell Papers—Must Keep Clean, Be Honest and Always Smiling—His Philosophy of Smiles.

HER LITTLE BOY.

(By "Noodles" Fagan.)
Who was it shared your pains and griefs when you were a little boy?
Who was it shared your pains and griefs and filled your life with joy?
Who was it watched you day and night and kissed your cheek away?
Who taught you, "Now I lay me down," at the closing of each day?
Who was it took you to her heart when the first big sorrow came?
Who was it faced the world with you when your pathway led to shame?
Who was it said, "My boy, be strong, be honest, brave and true?"
Who was it took you in her arms in the days so dear to you?
Who was it stood beside you, boy, in sunshine and in rain?
Who was it loved you to the last, though you filled her heart with pain?
Who is it sits in reverie, the old familiar light?
Who is it calls you little boy—my little boy, good-night?

Noodles Has Big Reception.

"Noodles" Fagan, the world-famous newsboy, who is spending a week in this city as the guest of the Times, had a big reception yesterday from his fellow newsboys and was overwhelmed with demands for "Speech, Noodles, speech," at the corner of Broad and Fort street, on his way from the Empress.

"Keep your face and hands clean. Think you can remember that, fellows? That's important. 'Be polite to customers. Don't forget that. In selling papers to ladies, always raise your hat, and when receiving the price of the paper, from anyone, always smile and say 'thank you.' That smile's important, too. Keep a smile close to you all the time. 'Be on the corner as soon as the extra is out. 'Remember, you have the news of the world under your arm. Remember, you are just as much business men as the leading business men in Victoria. 'Don't be afraid to tell the public what you have. But remember, boys, never shout or yell a head unless it is true. 'Remember, that an honest boy who tells the truth always wins prestige with the newspaper-buying public. 'Don't be smoking cigarettes," he told the boys. "You save your pennies. Maybe you'll get enough to start you to college some day. 'I'm pleased with the cleanliness of you boys and your politeness in answering questions. Always keep your papers clean. 'You residence district boys always get your papers under the door or, if you can't do that, ring the bell and give it to the maid. Make your collections promptly. Do everything you can to make your route larger every day."

(Concluded on page 10.)

CANDIDATE FOR YALE-CARIBOO

LIBERALS NOMINATE DR. McDONALD OF VERNON

Hon. Charles Murphy Selected at Convention for Russell County

Kamloops, B. C., Aug. 15.—Dr. K. C. McDonald, of Vernon, was unanimously selected as the Liberal candidate at the Yale-Cariboo convention here last night, 196 delegates and proxies being present. Dr. Wade, A. D. McIntyre, and James Murphy were also placed in the nomination, but the ballot favored Dr. McDonald and a resolution to make his nomination unanimous carried amidst intense enthusiasm. Dr. McDonald opposed Hon. Price Ellison in the Okanagan last provincial election, giving him a hard run. He is a fighter and full of energy and enthusiasm.

The convention was the most harmonious and enthusiastic ever held in Yale-Cariboo, and a vigorous campaign is assured. Vigorous speeches were made by Dr. McDonald, Dr. Wade, A. D. McIntyre and J. Murphy. Resolutions were adopted endorsing the Laurier government policy, particularly respecting the navy plan and reciprocity. Sir Wilfrid Laurier's stand at the Imperial conference was also endorsed. Dr. McDonald starts immediately on an active campaign.

Ottawa, Aug. 15.—Sir Wilfrid Laurier and R. L. Borden left the capital last night. Sir Wilfrid went to Simcoe and Mr. Borden to London, where they will open the campaign. With the premier is Hon. Rodolphe Lemieux, while he will be joined at Simcoe by Hon. Geo. J. Graham and Hon. Mackenzie.

TO-DAY'S BASEBALL

NORTHWESTERN LEAGUE

At Seattle—First inning: Victoria, 0; Seattle, 0.
Second inning: No runs.
Batteries—Lake and Grindle; Seaton and Whaling.
At Tacoma—First inning: Spokane, 0; Tacoma, 0.
Second innings: No runs.
Batteries—O'Loughlin and Spiegman; Higgins and Spencer.

NATIONAL LEAGUE

At Pittsburgh—St. Louis-Pittsburgh game postponed on account of rain.
At New York—Philadelphia-New York game postponed on account of rain.
At Boston—R. H. E.
Boston 9 15 0
Brooklyn 9 14 1
Batteries—Barger, Rucker and Bergen; Erwin, Weaver, Mattern and Kling.

AMERICAN LEAGUE

At Philadelphia—Boston-Philadelphia game postponed on account of wet grounds.
At Chicago—R. H. E.
Detroit 1 9 4
Chicago 6 13 1
Batteries—Summers and Stange; Scott and Payne.
At Washington—R. H. E.
New York 6 11 0
Washington 1 5 1
Batteries—Quinn and Sweeney; Groom, Walker and Street. (Called at end of eighth inning on account of rain.)

TWO WOMEN KILLED.

Oakland, Cal., Aug. 15.—Mrs. F. J. Todd, wife of a prominent physician of this city, and Mrs. C. B. Peterson, the young bride of the chauffeur driving the car, were killed and three others were injured, one perhaps fatally, when the automobile in which they were riding collided with a street car in North Berkeley last night.

TRADE OF EMPIRE.

London, Aug. 14.—In the House of Commons yesterday Chancellor Lloyd George stated that the royal commission to investigate trade resources in the development of the Empire had not yet been appointed. This was due to the lack of correspondence from Dominion premiers who were being consulted regarding the personnel of the commission.

HEAT WAVE IN GERMANY UNBROKEN

Many Deaths From Sunstroke Reported—Forest Fires Are Raging

Berlin, Aug. 15.—The hot wave has claimed many victims. Sunday was the hottest August 12 since the establishment of the weather bureau here in 1848. The local observatory reported 99 degrees Fahrenheit in the shade but the temperature in the streets was about 97 in the shade. At Frankfurt-on-Main, it was 95 degrees. In this city 34 cases of sunstroke, four of which proved fatal, were reported. A cab driver became insane from the heat. There were several fires due to spontaneous combustion. A number of forest fires broke out in the vicinity of this city, and a great conflagration is raging on the moors at the Balgo-German frontier. Soldiers of both countries are fighting the fire.

WILL PRESERVE EARLY CHURCH.

Pictou, Ont., Aug. 14.—This has been a memorable day for Methodist in Canada. There was a unique demonstration to mark the taking over for future preservation of the historic chapel on Hay Bay, the first church built in Upper Canada. It was erected in the summer of 1786 under the direction of William Loepp, pioneer Methodist minister in Canada, the first itinerant Methodist preacher. It was enlarged and rebuilt in 1834 and used until 1869, since when it has fallen into disuse. The last general conference, however, voted to have this cradle of Methodism bought back, and preserved as a relic.

A Liberal Convention

Will be Held in Institute Hall, View Street, TO-MORROW

AT 8:15 P. M.
All Liberals of Ward Associations will be admitted if card of membership is produced.

The Liberals of Saanich Electoral District

Will meet at Royal Oak Hall

THIS EVENING AT 8 O'CLOCK
To elect delegates for a nominating convention called to select a candidate for Saanich Electoral District at the forthcoming Dominion Elections.

Ward Three Liberal Association

A SPECIAL MEETING will be held TO-NIGHT in the Liberal Committee Rooms, Cormorant Street

Full attendance of all Ward III. Liberals is requested.
A. B. FRASER, President.
T. J. W. HICK, Secretary.

LIBERALS MEET TO NAME CANDIDATE

CONVENTION TO-MORROW NIGHT IN INSTITUTE HALL

Proceedings Will Open Sharp at 8:15 p. m.—Well-Known Speakers

The Liberals of the City of Victoria will gather in Institute Hall, View street, to-morrow evening to nominate a candidate to redeem the constituency on September 21. Every Liberal voter in the city is invited to attend the convention and exercise his right in the selection of a candidate. Admission to the convention will be by card of membership in the ward association to which the voter belongs, but in case anyone forgets his card or has mislaid it the secretaries of the associations will be on hand to vouch for them.

The doors will be open at 7:45 p. m., and at 8:15 sharp Joshua Kingham, president of the Victoria Liberal Association, will take the chair. In the intervening half-hour the popular band of the Fifth Regiment will play some of its choicest selections.

Addresses will be delivered by the candidate nominated by the convention, by W. W. Baer, Duncan Ross, former member for Yale-Cariboo, and other well-known speakers.

J. A. D. MCURDY HAS NARROW ESCAPE

Biplane Set on Fire by Striking Electric Wires—Aviator Jumps Clear of Wreck

Chicago, Ill., Aug. 15.—J. A. D. McCurdy fell forty feet when his biplane caught fire from coming in contact with the electric wires at the North End of the park. He was not seriously injured.

McCurdy was landing near the Chicago Yacht Club when the edge of his plane struck an electric wire leading to the clubhouse. The light canvas and wooden plane caught fire and was a mass of flames when it reached the ground. The plane was destroyed. McCurdy threw himself clear of the wreck. McCurdy broke fifteen or twenty strands of high power electric wires running to the clubhouse, which dangled among 20,000 spectators. Electricians declared that any one of the wires carried sufficient power to cause death.

Pictou, Ont., Aug. 14.—This has been a memorable day for Methodist in Canada. There was a unique demonstration to mark the taking over for future preservation of the historic chapel on Hay Bay, the first church built in Upper Canada. It was erected in the summer of 1786 under the direction of William Loepp, pioneer Methodist minister in Canada, the first itinerant Methodist preacher. It was enlarged and rebuilt in 1834 and used until 1869, since when it has fallen into disuse. The last general conference, however, voted to have this cradle of Methodism bought back, and preserved as a relic.

CANDIDATE FOR

YALE-CARIBOO

(Continued from page 1)

King. With Mr. Borden as Attorney-General Fox, of Ontario.

Ottawa, Aug. 15.—Hon. Charles Murphy was unanimously nominated at the Liberal convention for Russell county to-day. A party which threatened to be avoided by the voluntary withdrawal of George McLaughlin, who had been put forward as candidate by opponents of Mr. Murphy. The latter's election by a majority of over a thousand is assured.

At the opposition convention for Wright county, held at Hull last night, Conservatives and Nationalists combined forces and nominated Louis Cousineau, a Hull advocate, Nationalist. Several other candidates were nominated but they all withdrew. E. B. Devlin is Liberal candidate.

Montreal, Aug. 15.—George Francis Johnston was last night made the unanimous choice of the Conservatives of St. Lawrence Division to oppose Robert Bickerdike.

Calgary, Aug. 15.—At the Conservative convention R. B. Bennett, M. P. P., was formally nominated for the Commons. This creates a provincial legislative vacancy.

Other nominations announced to-day: Sherbrooke, Que.—Mégantic county, Dr. Fiedelle, Liberal. Lunenburg county, N. S.—Dr. D. Stewart, Conservative. Antigonish—Dr. J. J. Cameron, Conservative. Guysboro, N. S.—G. A. R. Rowlands, Conservative. St. Peter's, N. S.—J. A. Gillic, Conservative.

Vancouver, B. C., Aug. 15.—Following conferences with the members of the executive of the Vancouver Conservative Association yesterday afternoon and last night, George H. Cowan, who has represented the constituency of Vancouver in parliament since the last general election, decided to permit his name to go before the Conservative nominating convention, which will be held in this city on August 22.

KILLED BY LIGHTNING.

Quebec, Aug. 15.—Wilfrid Cole, 14, was killed at St. Gideon by lightning when assisting to unload hay. A horse also was killed.

THREE THOUSAND TROOPS ON DUTY

(Continued from page 1)

day and in some places the passenger service was discontinued.

At Manchester the streets were as quiet as were those of London last week, all the carriages having gone out. The only strike won thus far by the employers was at Glasgow, where the street railway strike has continued.

To-day Premier Asquith held a conference with the other members and labor leaders, when the whole question was discussed.

There was also a conference between the ministers and representatives of the Employers' Association interested in the great staple trades.

The employment of soldiers, while heartily approved by the Unionist party, threatens to involve the government in a warm conflict with their own supporters. The Laborites and the ultra-Radicals are opposed to lending military assistance to the police in quelling riots.

Shipments Reduced. New York, N. Y., Aug. 15.—Local officers of the trans-Atlantic steamship companies and forwarding agents have been advised to cut down the receipt of consignments to the barest limits on account of the labor disturbances in England. For this reason the Campania, which sails to-morrow, and the Cedric, which leaves Thursday, will have light loads.

No new orders are to be taken here except at the shipper's risk. The chances are that the goods will be brought back to this port.

Forwarding agents and exporters have informed their correspondents at Buffalo and other main points that consignments should be detained if possible, but in the majority of cases shippers decided that it was too late to stop carriage and took chances of having their shipments returned, or hoped that the strike would be over by the time they reached the other side.

Sailings Cancelled. Montreal, Aug. 15.—The dock laborers' strike on the other side is beginning to take a serious effect on the shipping trade on this side of the water. Exporters are unwilling to ship perishable cargo. James Thom, manager of the White Star-Donaldson line here, was in receipt of a cable from their agents to the effect that the situation was becoming more serious every hour, and that it "was bad for cargoes. Consequently," said Mr. Thom, "the cable practically means that we will have to shut down on exporting cargoes from this side until the trouble has been righted."

The steamer Teutonic, which left Liverpool on Saturday has also been affected by the strike of the dock hands, as she was only able to take on board coal sufficient to bring her across the Atlantic at a little over half speed. Other steamship companies have also been more or less affected by the trouble, and several of the vessels have not sailed on schedule time. The sailing of the Sardinian from London has been cancelled altogether.

CHARGED WITH MURDER.

Lethbridge, Aug. 15.—George Whitford was this afternoon committed for trial charged with the murder of Victor Thomas in October, 1907. The widow of the deceased gave evidence at the preliminary hearing. She told of Whitford's efforts to get her to leave her husband and his explanations of the disappearance of Thomas. She had said to Whitford, "God will not let you go very far. It will all be found out some day."

WARD TWO LIBERALS WELL ORGANIZED

Staunch to the Party of the People, Its Voters Will Do Their Duty

That stalwart Liberal section of the city Ward Two, in the fore-front of the present fight. A gathering of the old-time workers and the younger men assembled in the Liberal rooms last night, at a general meeting of Ward Two Liberal Association, and transacted much business in connection with the campaign.

The association unanimously elected P. W. Dempster as president, Hugh Petticrew as first vice-president, J. Clark as second vice-president and James F. Wilson as secretary. Joshua Kingham, R. L. Dwyer and other speakers addressed the meeting, dealing with the political issue of the day—reciprocity, and congratulating Ward Two Liberals on their enthusiasm and advanced state of organization.

STRUCK UNCHARTED SHOAL

Halifax, Aug. 14.—That H.M.S. Cornwall struck an uncharted shoal when she went to the relief of the Niobe is the report of Captain Bankhouse of the Canadian government steamer Petrel, who was detailed to investigate. Captain Bankhouse notified the authorities that he found the shoal with seventeen feet, low water, not on the chart and that this shoal was touched by the Cornwall as shown by the course given by Captain Ley of the warship, as having been steered by him. Charts show no shallow water there. No vessel drawing as much as the Cornwall, twenty-seven feet, has ever been in these waters before. The mariners here say in view of the discovery the Canadian government should ask that Captain Ley and his officers be exonerated. The Cornwall, which went into dry-dock yesterday, is said to be badly damaged.

C. P. R. DIVIDEND.

Montreal, Aug. 15.—C. P. R. directors met yesterday and declared a quarterly dividend of 2 1/2 per cent, but, contrary to expectations, there was no mention of a new stock issue.

SIXTY ACRES for Subdivision

There is a steady demand for big lots in the suburbs which will give breathing room to the occupants. The sixty acres we offer to-day, if cut up into acre lots, would attract buyers immediately. The property is on the 2 1/2 mile circle, has good road frontage and will soon have city water and electric light. The terms of sale are very easy.

CHARGED WITH SHOOTING.

Lethbridge, Aug. 15.—George Southwick, 56, is in jail on a charge of shooting Ross Reid, aged 16. Southwick had taken a fatherly interest in the girl, whose parents are poor, and it is believed the shooting was done when he was temporarily insane. He had also several vials of poison in his pocket when searched, saying he intended to commit suicide.

RETURN TO WORK.

Calgary, Aug. 15.—Following a conference on Saturday afternoon with William Frost, manager of the Alberta government telephone, the striking linemen and cablemen returned to work this morning, their overdue cheques arriving from Edmonton.

TWO CHINESE KILLED.
Hanford, Cal., Aug. 15.—Two Chinese were shot dead and three were seriously wounded by two unidentified white men in a farm house occupied by Chinese, two and a half miles west of Hanford.
Seven Chinese, living on a small ranch leased from Geo. Eccles, a farmer, were seated at their supper table when two white men suddenly appeared through a side door and ordered the Chinese to throw up their hands. Before the frightened Chinese could obey the men began firing, killing two instantly. Three others were wounded, and with the other two who escaped the fusillade, ran from the house.
NOTED IRISH SHOT DEAD.
London, Aug. 15.—Dr. John Sellar, an Irish rifleman, noted at Bletley for many years, died yesterday.

HON. R. LEMIEUX MEETS H. BOURASSA

STORMY MEETING AT ST. HYACINTHE

Minister Charges Nationalist
With Seeking Offices From
the Government

Montreal, Aug. 15.—The meeting of Hon. Rodolphe Lemieux and Henri Bourassa at St. Hyacinthe on Sunday resulted in one of the most passionate political assemblies that the province of Quebec has seen for very many years past. There were 24,000 people present. The big majority, journeyed down by special trains from Montreal. In one of the bitterest and most violent attacks that have ever been made on the public platform, Mr. Lemieux repeated to Mr. Bourassa's face that he has sought the position of Minister of the Canadian commission in Paris and the deputy speakership of the House of Commons. Mr. Bourassa denied the first two, and with regard to the latter, he said that he asked for it, only on condition that he might keep with his liberty of action as a member of parliament. The passion of Mr. Lemieux was further aroused by an accusation made by Armand Lavergne in his speech that at the instance of Simon Lapointe, acting on behalf of Sir Wilfrid Laurier and Mr. Lemieux, Mr. Justice Tardieu had been ready to settle the contested election petition of Joseph Girard of Chicoutimi and Saguenay.

"That is vite calumny," declared Mr. Lemieux, and he and Mr. Lavergne continued to shout at one another with such heat that the cheering and jeering audience thought at one time that the verbal duel would lead to fistfights. Mr. Lemieux demanded proof of the allegation, and Mr. Lavergne promised that the proof should be stated in Monday's issue of Mr. Bourassa's paper, the Devoir.

None of the speakers had a good hearing after the opening speech of Mr. Lemieux, and when he had finished there was a combined rush for the platform. A number of the people in the front ranks were crushed, but none were seriously hurt. Mr. Lemieux platform, and others rescued several women who were on the border of collapse.

The front railings of the platform were pulled down by the struggling crowd and a rush to gain a position by the side of the speakers and the result was a overcrowded platform that the rest of the speeches were reported under physical difficulty.

For a time it looked as though the meeting would be broken up, but at length order was restored.

"It was alleged by the opposition newspapers," said Mr. Lemieux, "that I would not come to this meeting because I was afraid of what? Afraid of whom? Afraid of Mr. Bourassa, for example? I know that the irresponsible Nationalists have made of their leader a second Chanticleer, who believes that the sun will rise at his crowing. But his crowing never made me tremble. After twelve years of continuous insults, I come forward to defend, not myself, but the Prime Minister and my colleagues, Mr. Brodeur, I myself care little for the dirty insults of the Nationalist or his followers. You call us idiots, bought men, and salary-men, but, proud aristocrat, you yourself did not disdain the fat palms in the past."

Mr. Lemieux then repeated his accusation that Mr. Bourassa had sought the three positions above named. The position he had taken was one of hatred for Sir Wilfrid Laurier, whom he desired to drag down at any cost, but in this he would fail. Sir Wilfrid Laurier would live in history for the statesman-like work he had done in the rebuilding of Canada.

"Talk politics," shouted somebody in the audience, and Mr. Lemieux proceeded to refer to the dissolution of parliament as having been brought about by the obstruction of the opposition. He justified the reciprocity pact and praised Sir Wilfrid Laurier for the work he had done in establishing the Canadian navy.

He was confident the Liberals would go back to power and they would put an end to further obstructions by the opposition, through the adoption of the law of the cloture.

Mr. Bourassa, in reply, said the audience would be astonished to know that one with a disappointed ambition, a dunce and a fool should be able to raise the banner of such a diplomatic aristocrat as Mr. Lemieux. He would not reply to his insults by following him into the gutter and throwing mud at him, or telling them the history of his side to his own family, but he would reply in a very few words to the

THINKING THEMES BY DR. FRANK CRANE

Some rare people have the priceless gift of Appreciation. It is hardly to be acquired. Real appreciators are born, not made. I know a man of this kind. He is a very successful public man, a preacher. His thought is quite mediocre, his delivery not happy, his personal appearance not imposing. He is not a thinker nor a student. In fact, he is rather an ordinary man. But he is an Appreciator. When he meets you he makes you feel that of all mortals you are the man he most wants to see. When he leads you on to tell him how your liver is acting, how your chicken is thriving, where you got that suit of clothes, and how your boy is doing in school, he seems absolutely hungry and thirsty to know. Really he doesn't care, but he looks as if he cared, which is quite sufficient. Each time he encounters you he gives you the impression that he has been lying awake nights worrying about you since the last time you met. When he leaves you, he leaves the impression that if you do not keep him posted about your precious self he is going to lose flesh. As a matter of fact he is selfish, unreliable and a devotee of the great clay idol Success. But nobody will ever know it. If you want to succeed, with a capital S, and to get on with a capital G. O., learn the art of Appreciation.

accusations against himself as a place hunter.

Mr. Bourassa thereupon denied ever asking for the position of Canadian commissioner in Paris or that of postmaster of Montreal. He admitted asking for the deputy speakership, but only on the condition that he maintained his liberty of action as a member of parliament.

Mr. Bourassa proceeded to a discussion of his opposition to Sir Wilfrid Laurier, whom he charged with a change of front in relation to his navy and Imperialistic policy since 1907. He condemned the navy as established under the Liberal regime, and as for reciprocity, while he was not against it, he said it was not of the importance of the navy and all the advantages it promised could have been obtained if the government had waited for the tariff changes which the Democrats of the United States were pledged to give.

WOUNDED NEGRO

BURNED TO DEATH

Taken From Hospital by Frenzied Mob—Negro Killed in Oklahoma

Coalsville, Pa., Aug. 15.—The work of a frenzied mob Sunday night, when it dragged a wounded negro from a hospital and burned him to death for the killing of Edgar Rice, a policeman, on Saturday night, has aroused the greatest public indignation. Everything possible will be done to bring the ringleaders to justice.

Thousands of persons journeyed out to the scene of the burning. Every sort of vehicle was brought into use and the prices to take the people to the place quickly went up.

There was nothing left of Ezekiel Walker, the victim, but his ashes, all the unburned portions of the hospital cot, that formed part of his pyre, having been gathered up by souvenir hunters.

Riddled With Bullets.

Durant, Okla., Aug. 15.—Although little condemnation is offered here for the mob who burned to ashes the body of the negro who attacked Mrs. L. R. Campbell, the county officers said that every effort will be made to apprehend the leaders. Mrs. Campbell died at noon yesterday in a hospital at Sherman, Texas, where she was sent after identifying the negro who attacked her. All negroes have been warned to leave Durant and nearly all left yesterday. A posse of fifteen men found the negro 12 miles southwest of here, when a running fight ensued. It is estimated 150 shots were fired at the negro before the mangled body was picked up. The corpse was then brought to this city. A mob of five hundred persons met the posse at the outskirts of the city and the body was taken from the officers and carried to the home of Mrs. Campbell. The dead negro's body was then taken to a vacant lot near the centre of the city and burned on a pyre, made of dry goods boxes.

Wholesale Charges.

Shake-Up in Portland Police Department as Result of Recent Exposures.

Portland, Aug. 15.—Confirmation of the rumor of the wholesale change in the local police department, while unobtainable officially, was practically secured unofficially yesterday. The change will not be made all in one day, however, but will follow one after another, sufficiently fast to thoroughly renovate the department within a very few weeks at the outside, and perhaps within a very few days.

Both Mayor Rushlight and his police commission declined to make any statement for publication. It was learned, however, from a man close to the mayor, that there are in your numbers fifty officers who are under suspicion of having received money for shielding vice, or of having in other ways demonstrated their incompetency as officers.

According to this information, as fast as evidence is gathered about any officer, he will be relieved of his star. Ever since Mayor Rushlight went into office, police officers have been in a turmoil. Charges of alleged graft were made against certain members of the force, while others were openly charged with

Incompetency. The charges of alleged craft not only involved the police, but at least one detective and a newspaperman, who are alleged to have participated in certain alleged extortions from habitues of the north end.

MAY MAKE HIS HOME IN CANADA

Marquis of Queensberry Will Pay Visit to Porcupine District

London, Aug. 15.—The Marquis of Queensberry, in many ways the most striking member of the British peerage, sailed Saturday on the Mauretania, He intends to visit the Porcupine gold-fields. The Marquis declares that this country is played out so far as the House of Lords is concerned. He blames his order for having blighted no constructive streamship along democratic lines. If successful in the Porcupine he will send for his two sons, aged fifteen and thirteen, to join him. "I am going where the man, not the title, counts," declared the Marquis upon his departure.

DELICACY AS AN ANTIDOTE.

St. Petersburg, Aug. 15.—The Russian bacteriological institute has found that caviar is an antidote for cholera. The discovery was the result of a protest against the Turkish government's exclusion of Russian caviar from Turkish territory, for fear of cholera infection. The institute, after Turkey's ban, experimented with a pot of caviar, which had been infected with cholera bacilli. In four days' time, they found all the cholera germs in the caviar had been destroyed.

MARRIAGE AND DIVORCE.

U. S. Senators and Representatives Are in Favor of Federal Law.

Washington, D. C., Aug. 15.—The storm of protest which has been raised over the approaching marriage of Col. Jacob Astor and Miss Madeline Force, has brought about an agitation of the members of the Senate and House of Representatives looking to a federal law regulating marriage and divorce.

REGINA FAIR CLOSED.

Regina, Sask., Aug. 15.—The Dominion fair closed on Saturday. The total paid attendance was \$30,442.

NA-DRU-CO LAXATIVES

are new and entirely different from ordinary preparations. They accomplish their purpose without disturbing the rest of the system, and are therefore the ideal laxative for the nursing mother, as they do not affect the child.

Compounded, like all NA-DRU-CO preparations, by expert chemists. It is unsatisfactory we'll gladly return your money.

RECIPROCAL TARIFFS.

It is scarcely to be expected that the Conservative press will do much to educate the public as to the details of the tariff schedules which will be in operation when the reciprocity agreement is ratified and comes into force. The classification of the various imports and the modifications of tariff which are to take place are such as to make the agreed schedules self-explanatory and the whole scheme unobjectionable in any of its parts.

The opinion prevalent among many of the uninformed is that reciprocity means the abandonment of the tariff upon manufactured articles, and their protest against the pact is based on the fancy that the manufacturing industries of Canada are to be submitted to the competition of the established and entrenched manufactures of the United States. How far this is from the truth will be apparent when it is stated that the tariffs on manufactured articles coming into Canada from the United States are practically unaffected. In some instances where the duty on similar articles has been higher on Canadian manufactures going into America, the United States duty has been reduced by the reciprocity bill and made to equal the duty of Canada.

The tariff schedules provide for the classification of exports and imports from and into Canada under four heads and proceed from the free list to more complicated designations of dutiable articles. We present these classifications according to their respective schedules.

Schedule A specifies the "Articles of growth, product or manufacture of the United States to be admitted into Canada free of duty when imported from the United States, and reciprocally, articles of the growth, product or manufacture of Canada to be admitted to the United States free of duty when imported from Canada." The list under this schedule appears elsewhere in the Times from day to day and it includes chiefly those products of Canada which enter largely into consumption as articles of every day food.

Schedule B has the same proviso as to reciprocal exchange between the two countries and states that the rates in Canada are to be identical with the duties of the United States. Chief in this list are fresh meats and refrigerated meats, excepting game, bacon and hams not in tins or jars, and all kinds of dried meats, smoked, pickled or preserved. Upon all these the uniform duty is 14 cents per pound, the former tariff of the United States being reduced from 2 cents—in some cases 4 cents—per pound. All the articles of foodstuffs under this schedule consist of the partially manufactured classes, and though the duty varies with the articles it is the same whether for export or import. This schedule also includes other manufactured articles such as wagons, portable engines, agricultural machinery, cutlery, paving blocks, asbestos and a large number of necessities of that class upon which the agreed duty is equal both ways.

Schedules C and D consist of articles of growth, product or manufacture of Canada to be admitted into the United States at specially mentioned rates when imported from Canada, and likewise other special articles to be imported into Canada from the United States at the special rates agreed upon and so tabulated. In these schedules most of the articles placed under special tariffs are of a kind which one country must import from the other and few, if any, of them may be said to be competitive articles of commerce.

Thus it will appear that the rights of no industry have been sacrificed in the classification of the articles that are to be governed in their importation or exportation by the new lists. There is no industry in Canada that can be brought into competition with a rival industry of the same kind in the United States. In the early days of the attempts of the Conservative governments of Canada to negotiate reciprocity with the United States the republic refused reciprocity in natural products unless unrestricted reciprocity was granted. For any Conservative government to have granted this would have been a complete abandonment of the National Policy and the consequent dissolution of the high tariff principles for which the Conservative party has always stood.

President Taft has stated that he is offering Messrs. Fielding and Patterson the trade in everything, "but the Canadian ministers did not feel that they could safely go that far." The government of which Sir Wilfrid Laurier is the head is, therefore, the first Canadian government that has ever been able to secure the consent of the government of the United States to a reciprocal measure which, while granting free interchange of the articles common to commerce as foodstuffs, preserves a reasonable measure of protection to Canadian industries. It is in the preferential tariff with Great Britain that the walls against competition are taken down, and here again the Liberal government has been the first to weaken the protective policy in favor of Great Britain.

How eminently fair this policy is in its effect upon the welfare of consumers may best be told, not by what Liberals say of it, but by the objections raised against it by the opposition. These object to the free trade granted under reciprocity on natural products or foodstuffs because it does not go far enough and they object to the Liberal preference because they allege it endangers Canadian manufactures. They thus nail their colors to the mast of high protection whether the lowering of tariffs is to favor the consumer of natural products or of manufactured articles. They are unalterably sworn to high taxation and for the first time in the history of Canadian government the people are to have an opportunity to pronounce in favor of the freer trade principles of the Liberal party. There can be no doubt as to the decision of the Canadian people when the day for balloting arrives.

ANNEXATION.

The talk of annexation is very desultory, but it continues. We think all Canadians should resent it. It implies some sort of superiority on the part of the United States, a superiority that does not exist. It implies that there is something in the institutions of the United States that Canadians would like to enjoy, but are prevented from sharing because of their existing political condition. It suggests that there is a prestige attaching to citizenship of the United States which Canadians do not enjoy as citizens of the Empire. It presupposes that Canadians desire these things and therefore in their heart of hearts are ready to be annexed. This superiority, these features of United States institutions, this imagined prestige are non-existent. There is not an intelligent Canadian to-day who believes his country has anything to gain by annexation. It is surprising, therefore, how we listen to or read this talk about annexation with absolute complacency. We treat it with indifference. When a United States public man emits some nonsense on the subject, we simply smile. When a British paper talks about it, we attribute it to ignorance. The time has come when we should actively resist any suggestion that annexation to the United States is within the scope of possibility. We are as Canadians desirous of seeing the most friendly relations established between the two countries, but we propose to maintain our independent national existence within the Empire, and to work out our destiny in our own way.

Let the consumer have his turn. The British preference was the first tangible cementing of the empire ever done in Canada. The Liberals did it and the ultra-loyal Tories opposed it.—Calgary Albertan.

R. L. Borden has built another platform—out of the ruins of his former two. R. L. is a most industrious artisan. But it is a pity his labors are so ill-directed and so little appreciated.

Mayor Lee of New Westminster said at the Conservative picnic that it was much more comfortable to be a big load in a little puddle than a little one in a big puddle. Mayor Lee is a big load in a little puddle; ergo, vote against reciprocity. Q.E.D. That's all he said.

The average Tory spicer likes to work up a cheer by quoting Sir John A. Macdonald as saying: "A British subject I was born, a British subject I will die." And just to think of it, Sir John was advocating reciprocity with the United States in the very speech in which he worked off that expression.—Calgary Albertan.

Mr. John Jardine, M.P.P., told the people that if Canada endorsed reciprocity the people of the Dominion would lose their identity. Uncle John need have no personal fear. Whoever party or age he belongs to, he is not likely to lose his or an opportunity at anything else that he may desire. His identity will certainly be well preserved amid the crash of matter and the wreck of worlds.

Now we have the positions of the two parties in the Dominion contest clearly defined, thanks to Premier McBride. The Liberal policy means a very substantial reduction in taxation. Mr. McBride says if the Conservatives are returned the Canadian tariff will be made equal to the tariff of the United States. No statement could more clearly indicate the nature of the opposition to reciprocity. The "interests" are dictating the policy of the Conservative party.

The morning paper says the electors of Canada will on September 21st "set

the course" for Canada's future. Undoubtedly! And if they set the course according to Mr. Borden's compass it will have Captain Bourassa the French-Canadian nationalist as first or second officer, who on his watch at the wheel will undoubtedly steer the ship of state on the rocks of complete separation from the Mother Country. Mr. Borden will steer clear of increased British preference, for he says so, and every other possible quarter-master will steer in the direction of higher taxation of foodstuffs. The Times asks its readers to consider these things.

We have read somewhere recently that the Canadian trade returns from 1909 to 1911—which should have been stated as 1910—show that Canadian reports of cattle to the United States increased by only \$48,360 while the importations into Canada increased over half a million dollars. This would look very bad being, as it is, the usual Tory half truth. The total export of living animals from Canada into the United States in 1910 was valued and paid customs duties at \$130,227,604, while for the same period Canada imported only \$23,165,779. In other words Canada exported only 10 per cent. less than four times as much livestock as was imported. That is the difference between a half truth and the whole truth.

The morning paper can find no better reply to the declaration of the Sound mill-men that they will be compelled, under reciprocity, to remove to British Columbia than to say that it is an election story. How could it be an election story when the Times could publish a couple of columns of similar matter from many Washington mill and lumber men? The Colonist is anxious to protect Premier McBride's pet revenue raising export royalties, as these will be of no use after these mills move to British Columbia. There is no doubt that if reciprocity passes the mills will come. What will Premier McBride do when three or four of his sources of immense revenue are decreased simply by following the Liberal principle of letting the people handle their own money? What is the use of having three or four million dollars of surplus in the treasury which no one but the "elect" can get at? Elevators to be built at Vancouver and sawmills at Victoria if reciprocity carries. Mr. McBride says he looked up his lumber, but the measure did not bring us any mills. Sir Wilfrid Laurier said take down the tariff, and the mills are coming. According to the Colonist Mr. McBride has furnished the best occasion for reciprocity and the Colonist already wants him to have the credit.

ANNUAL FAIR.

Horticultural Society Will Occupy Largest Tent Ever Constructed in British Columbia.

What is perhaps the largest tent ever constructed in British Columbia will be brought into use at the Victoria fair and horse show this year. It is 100 feet long by 30 feet wide, and will be set aside for the Horticultural Society's exhibit. It may easily be imagined that the society, with so much space at its command, will not spare any pains to outlive in variety, quantity and quality, its displays of previous years. D. Spencer & Co. and Weller Bros. have engaged their usual stands in the main building and are uniting their efforts with those of the others in an attempt to make this fair a banner one in the history of the B. C. Agricultural Association.

The association reports the receipt of a large number of entries in fruit.

BOARD OF TRADE.

Meeting Will Be Called at Early Date—Committee Considering Important Matters.

For several weeks the committees of the board of trade council have been considering several important matters and will, in all probability, be ready to present their reports at a meeting to be called at an early date.

The railway committee has under consideration telegraph rates in British Columbia which, as was mentioned some time ago, are thought by some to be exorbitant. The members of the committee are also inquiring into the proposed location of the Canadian Northern railway's station at Sooke. A map of the location will be shown at the next meeting.

Ottawa, Aug. 15.—Lieut.-Col. Brown of Ottawa, has been named chief executive officer for the annual matches of the Dominion Rifle Association which will be held at Rockcliffe ranges from August 21 to 26.

Wednesday In The Mantle Dept.

A Showing of New Ready-to-wear Apparel for Women, and a Clean Up Sale of High Grade Muslin Dresses at \$2.50 and \$5

For a Quick Clearance---Dresses \$5.00 and \$2.50

Do you wish to secure a handsome Muslin Dress that will be most useful to you for all kinds of social functions during the winter, for about one-quarter of the real value? If so, this is your opportunity.

We are compelled to make this huge reduction in order to make room for our Fall and Winter costumes and Coats that are arriving daily. The carpenters are still busy on the alterations and we keenly feel the want of our available floor space, consequently we are making these concessions to make a speedy clearance.

You will find a very wide range to choose from, chiefly in white, but there are still a few in pale colors richly embroidered and trimmed with lace insertion and tucks.

Some have high necks and long sleeves, while others have three-quarter or peasant sleeves and the popular Dutch necks.

All these Dresses must be cleaned out on Wednesday and if you want one you will have to shop early.

Store opens at 8.30 a.m. Two prices to clear, \$5.00 and \$2.50.

SEE THE DISPLAY IN THE VIEW STREET WINDOWS

Dressing Gowns and Dressing Jackets in a Variety of New Designs

A large shipment of Pure Eiderdown Dressing Gowns and Dressing Jackets has just been unpacked and made ready for sale. They come in a wide range of popular colors and neat designs, some strictly plain models, while others are richly embroidered in colors. You can choose from many new shapes of sailor, shawl or military collars, long or peasant sleeves, some trimmed with plain silks. All full-length gowns. At prices starting as low as, each \$5.00

DRESSING JACKETS, three-quarter length, made of pure eiderdown, in similar styles to the gowns. Prices up from \$2.00

The First Showing of Long Tweed Coats in New Styles

These come in a variety of styles, chiefly semi-fitting, single-breasted effects, with notched collars and full length sleeves, some with military and shawl collars and long sleeves, with turnback cuffs. There are also a few in a very effective All the coats now being shown are the latest Parisian and New York styles for this season, and come in a variety of colors and new effects in heavy tweeds. There are a few very handsome models in black velvets, richly trimmed with plain silk, and have a very dressy appearance. Prices start as low as \$17.50

Men's Suits in Fancy Tweeds and Worsteds at \$12.50

A THREE-PIECE SUIT that is not wonderful value at \$12.50 must be a very poor suit indeed and not worth wearing. Our business, which is growing every day, has not been built up on shoddy garments and we don't intend to try to sell such goods—it would never pay us. See our window displays and judge for yourself whether these suits are worth your money and consideration. We think they are. In fact these are the last few that we have left. This is your opportunity. A three-piece suit, well tailored, made of high grade tweeds or worsteds, in light and medium shades of fawns and greys, single breasted styles are not often sold at such a low price as \$12.50

New Fall Costumes in Tweeds and Cloths

Already our alteration rooms are busy with the new Fall goods and our new Ready-to-Wear Department will shortly be ready for the display of the large consignments of new Costumes, Coats and Dresses that we are daily expecting to arrive. In the meantime, however, we will place on Special Sale on Monday, 100 Sample Costumes—only one of a kind—in all the latest styles for the coming season. They come in a choice selection of Tweeds and Cloths, in colors black, blues, greys, browns and greens, chiefly with plain tailored three-quarter, semi-fitting coats; others have large shawl or sailor collars and pleated skirts. Special sale price \$18.50

A Clean Up Sale of Soiled Damasks etc.

19 TABLE CLOTHS, floral design, full bleached damask. Size 2½x2 and 3x2. Value up to \$5.75. Special \$3.50
13 DAMASK LINEN CLOTHS, fully bleached, rich floral pattern. Size 2½x2 and 3x2. Value up to \$11.50. Special sale price \$5.50
PILLOW SLIPS, all ready to use. Special, per dozen \$1.50
SHEETS, all ready to use. Per pair \$1.50
WHITE MARCELLA QUILTS, special price, each \$2.00
EIDERDOWN COMFORTERS, 8 only, made of rich mercedized art sateen. Special, to clear \$5.75
EIDERDOWN COMFORTERS, covered in brocade satin and silk. Values up to \$18. Special \$12.75
FLANNELETTE SHEETS, 100 pair of White and Grey Flannelette Sheets are to be cleaned out at, per pair \$1.00

Make the Dresses for Your Children and Save Money

In the Dress Goods department you will find a large quantity of remnants of high grade dress goods that are alive with interest to the thrifty housewife, while in the staple department the latest editions of the Ladies' Home Journal Pattern Book are now on sale. This combination makes it easy for you to make a dress that will be exactly to your individual taste and save a considerable expense.

Surely these are points that should command your close attention. The instructions on the patterns make dressmaking a simple and interesting occupation, and the remnants are marked at prices that will please you. Teach the girl to make her own clothes and she will appreciate it in the future. You will never have a better opportunity than now.

Have You Ever Seen Better Bargains Than These in Any House Furnishing Sale in Victoria?

Higher Efficiency In Architecture

We have performed an economic service for builders by gathering together in one organization men who understand every phase of building, from the comparatively simple problems of the home builder to the complexities of design and the structural problems involved in the building of apartment houses, factories, hotels and office blocks. In these studies not only is the highest efficiency aimed for and attained, but an effort is made to meet clients on a basis of integrity and fair dealing which ensures moderate cost and lasting satisfaction.

E. Stanley Mitton

ARCHITECT
Board of Trade Building,
Victoria, B. C.
Herbert T. Whitehead, Res. Man.

Original and effective photographs, sketches and plans for apartment houses, office buildings and residences of every style and size are on display in these studios. You are cordially invited to inspect them.

LOCAL NEWS

On the application of the B. C. Electric Railway Company the provincial executive has granted increased powers in the matter of conservation of water for power purposes in the Jordan river watershed.

Dr. W. K. Chung, Canton University, who is a visitor to Victoria, as told in the Times a few days ago, was shown through the High School and the George Jay School, he said. The visitor was keenly interested in the domestic science room in connection with the Girls' Central School. He took many notes of all he saw.

Architect Watkins, who is preparing the plans for the new High School, states that a call for tenders will be issued in the course of a fortnight or thereabout. At present an engineer is putting in the details required for the installation of the heating and ventilation plant. A special meeting of the school board will be called this week to appoint teachers on the staff of the city schools to replace J. Spouse, who has been transferred to the High School, and A. J. Cunningham, whose resignation was received at last meeting.

Building permits have been issued by the building inspector B. O. Finlayson, dwelling on St. Lawrence street, \$1,049; H. Stadhagen, addition to Art Glass Works on Pandora avenue, \$350; R. P. FERRY SERVICE

Victoria-Vancouver.

Princess Victoria leaves Victoria daily at 2:15 p. m., except Sunday, arriving at Vancouver at 6:45 p. m.; Princess Royal leaves Victoria daily at 11:45 p. m., arriving at Vancouver at 7 a. m.

Prince George leaves Victoria on Thursdays at 10 a. m., and Prince Rupert on Mondays at 10 a. m.

Princess Charlotte leaves Vancouver daily, except Tuesday, at 10 a. m., arriving at Victoria at 2:30 p. m.; Princess Royal leaves Vancouver at 1 p. m. daily, arriving at Victoria at 4:30 p. m.

Victoria-Seattle.

Princess Charlotte leaves Victoria daily, except Monday, at 5 p. m., arriving at Seattle at 10 p. m.; Princess Victoria leaves Seattle daily, except Monday, at 9 a. m., arriving at Victoria at 1 p. m. On the tie-over day the steamer Inokoma, of the Alaska-Puget Sound Navigation Co., fills the schedule.

Prince George leaves Victoria on Wednesdays at 9 a. m., and Prince Rupert at 10 a. m., and Seattle leaves Seattle on Wednesdays and Sundays at midnight.

Vancouver-Seattle.

Princess Victoria leaves Vancouver daily, except Sunday, at 10 p. m., arriving at Seattle at 7 a. m.; Princess Charlotte leaves Seattle at 11:30 p. m. daily, except Monday, arriving at Vancouver at 5 a. m.

After August 22 all members of the Master Plasterers' Association will cease employing Chinese labor on their contracts. This is in accordance with the terms of an agreement which was made last spring between the employers and men.

Chief Davis has received a cheque for \$25 from the municipality of Saanich as an appreciation of the services of the Victoria brigade at a fire which recently destroyed a house in Cloverdale. The money goes into the firemen's fund.

There will be a meeting of the Victoria Branch of the British Columbia Equality League at the league rooms on Yates street to-morrow evening at 8 o'clock. The object of the meeting is to hear an address on "The Justice of Women's Suffrage," by Michael Hallward. All those who are interested in the educational campaign of the movement for the enfranchisement of women are cordially invited to attend.

The annual Sunday school picnic of Grace Lutheran church will be held at the beach at the end of the Esquimalt car line to-morrow. The children and their parents and friends will meet at the end of the car line at 10 o'clock and then proceed to the beach, where the day will be spent with games, races and other amusements. The children were somewhat disappointed in not having the picnic at Goldstream, as was at first planned, but the place chosen is a splendid substitute and all are looking forward to a good time to-morrow. Parents are requested to bring baskets for the noonday and evening lunches.

WEATHER BULLETIN.

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, Aug. 15—5 a. m.—The high pressure area on the Coast is moving eastward across the Rockies to the prairie provinces, and the low area is now central north of the Great Lakes. Rain has fallen at Prince Rupert and rain and thunderstorms have occurred in Southern Alberta and Saskatchewan, but fair weather with normal conditions are general both on the Coast and in the prairie provinces.

Forecasts.

For 24 hours ending 2 p. m. Wednesday, Victoria and vicinity—Southerly winds, generally fair, with stationary or higher temperature.

Lower Mainland—Light to moderate winds, chiefly cloudy, with showers to night or Wednesday.

Reports at 5 a. m.

Victoria—Barometer, 30.12; temperature, 53; minimum, 52; wind, 6 miles S.; weather, cloudy.

Vancouver—Barometer, 30.12; temperature, 54; minimum, 51; wind, 4 miles S. E.; weather, cloudy.

Kamloops—Barometer, 30.00; temperature, 59; minimum, 48; wind, 2 miles W.; weather, clear.

San Francisco—Barometer, 30.10; temperature, 52; minimum, 52; wind, 4 miles S. W.; weather, clear.

Edmonton—Barometer, 30.14; temperature, 42; minimum, 40; wind, 4 miles W.; weather, part cloudy.

Winnipeg—Barometer, 30.06; temperature, 58; minimum, 52; wind, 4 miles N. W.; weather, cloudy.

"It's the Water"

"DO IT IN VICTORIA" A POTLATCH PLANNED

Red and Yellow Snipers Out,
and Excursions From Sound
Are Being Negotiated

In red letters on a yellow ground Victoria was last night plastered with the sign, "Do it in Victoria." At a first glance it looks like drink someone's beer, eat someone's chewing gum, or some other mercantile advertisement. A man who went in early to-day to buy soda water for a lime-kiss throat says that one of these signs was pasted in the place where he entered, and with his tongue slightly loosened he asked the gentleman behind, pointing to the "Do it in Victoria" snipe, as it is known in the bill board business: "What portendeth it?"

"Dunno," was the answer, "but that noise that rides the horse and calls the ball game came in here and pasted that up last night. He had a bundle of them and a paste-pot. Asked him what it was and he said: 'Potlatch.'"

Is Victoria to have a Potlatch?

Why not? Augustus Claude Reginald Murphy, the gentleman who did the spelling for the aviation flight at the fair grounds, and whose lusty lungs emit the information that "there will be a ball game at the ball park at 4 o'clock, everybody come," was not in evidence this morning, and his version of the "Do it in Victoria" sign is as yet buried in silence, but the occupant of a store on Fort street who has his window graced with a "Do it in Victoria" sign, red letters on yellow ground, said confidently this morning that another sign bearing the date September 11 to 16 will follow the one now exhibited on the objects on vacant lots. Beyond that information he is dumb, but does not deny that a potlatch in Victoria the week after fair week is being planned.

This information fixes the fact that the "Do it in Victoria" sign has nothing to do with the annual fair at the exhibition grounds September 5 to 9. The rest of the future will have to unfold. What gives more credence to the fact that a Potlatch for Victoria is being planned is the fact that last week negotiations were started with steamship companies to run excursions to Victoria from Bellingham, Portland, Tacoma, Seattle and Everett, to Victoria during the week Sept. 11-16.

E. & N. TRACK Laid

The track of the Esquimalt & Nanaimo railway has now been laid as far as Alberni yard, the finishing rails having been put down on Saturday night. When the ballasting is completed the line will be ready for the run right through to Alberni.

The "Androck" Bread Toaster.—For any kind of stove. It distributes the heat evenly. Flame does not come in contact with bread. Toasts 4 slices at once. Simple and handy. 25c, at R. A. Brown & Co.'s, 1202 Douglas street.

No human head was impressed on coins until after the death of Alexander the Great. All images before that time were of deities.

EVERYTHING READY FOR GROCERS' PICNIC

Over Two Thousand People Are Expected—Programme of Sports Arranged

Nearly eight hundred tickets have been sold for the "Grocers' picnic," which is to take place on Thursday at Goldstream, and it is confidently expected that two thousand will be distributed before the great day. Many are the special features of the programme. The entertainment has been arranged to suit everyone.

Beginning with the baseball match in the early morning, between the wholesale and retail grocers, and ending with a dance in the evening, the programme will put in the shade not only any ordinary affair of the kind, but even any Grocers' picnic in the past history. The total value of the prizes for the Tombola will be over \$1,000. The detailed programme, and list of officials follows:

- 1—Baseball game, Wholesale vs. Retail Grocers.
- 2—Girls, 5 years and under.
- 3—Boys, 5 years and under.
- 4—Girls, 8 years and under.
- 5—Boys, 8 years and under.
- 6—Girls, over 8 years and under 12.
- 7—Boys, over 8 years and under 12.
- 8—Girls, over 12 years and under 16.
- 9—Boys, over 12 years and under 16.
- 10—Three-legged race.
- 11—Young ladies' race, 16 years and over.
- 12—Fat Men's race.
- 13—Married Ladies' race.
- 14—Tug-of-War, Wholesale vs. Retail, eight-man team.
- 15—One hundred and fifty yards, Retail clerks.
- 16—Travelers' race.
- 17—Retail grocer drivers.
- 18—One hundred yards, open.
- 19—Biscuit race.
- 20—Shoe race, boys under 16 years.
- 21—One hundred yards, wholesale employers and managers.
- 22—One hundred yards, retail employers and managers; first, silver cup, valued at \$25, by Wilson Bros.
- 23—Baby show, finest baby girl under 2 years.
- 24—Finest baby boy, under two years.
- 25—Bean guessing contest.
- 26—Most comical and best sustaining character on the grounds; open for ladies and gentlemen. These characters must be on the grounds on arrival of second train.
- 27—Tombola drawing—Four hundred prizes.
- 28 p. m.—Dance on the pavilion.

The officers are: Starter, S. J. Shanks; announcer, N. Pollock; judges, P. G. Cudlip, R. Toneri, A. E. Shanks, H. O. Kirkham, A. McNeill, Alex. Poole, R. H. Branchley, E. G. Bailey, A. Thornton; clerks of the course, E. B. Jones, J. Dinmore.

DEATH BY ACCIDENT.

Jury's Verdict in Case of Man Run Down on Track.

Accidental death was the verdict given by the jury which sat yesterday afternoon to inquire into the circumstances surrounding the death of Gus Gullin. Shock and loss of blood were given as the specific causes. The man had been attending at St. Joseph's hospital following his injuries by the Sidney train on Thursday. Although it was necessary to amputate the right leg and left foot he was expected to live, but on Sunday he suffered a relapse.

W. Walker, fireman, and H. Walton, engineer on the train, told that they had just passed Saanichton and were rounding a curve when they saw Gullin and his companion walking in the middle of the track, 150 yards ahead. In spite of the warning of the whistle and bell, neither of the men on the track was aware of the train until it was within a few feet of them. Then Gullin's companion turned and saw the engine bearing down on them and, leaping to one side, tried to pull himself out of the way. The latter fell and his legs were broken. Both the dead man and his companion were trespassing on the private property of the company.

The following were the jury: Charles Marks (foreman), John McDonald, C. McAdam, Charles Sweetser, H. Strand, and J. Allan.

PASSING SHOW

Empress Theatre.
It is a hard matter to make a selection as to which is the best turn showing at the Empress theatre this week, and opinions will vary between the six cycling girls, Phila, and Maximo. Then of course there is "Noodles" Fagan, and a couple of bright college youths, Shriner and Wills, who sing college and rag-time songs.

Both Maximo and the Yaufrman cycling girls were slightly handicapped by the stage yesterday at the opening performance but have overcome the difficulties of getting used to the small stage. The cycling girls have been a sensation in all cities and were not long started on their drill performance before they were favorites here. But when the solo riding commenced there was a riot of applause, and the star performer was without an equal for speed. The six girls executed many pretty poses in a clean-cut act, nicely costumed. They scored heavily all through.

Phila means Josephine Gasman, the noted white woman singer of coon melodies, who was raised in the South and who adopted the young colored children she has singing and dancing here. About the act there is nothing lacking of gorgeous bright-colored costumes, skilful dancing, or good voices that does not make the act go with

vim and speed. Master Bill Bailey's "Take a Look at Me Now" and other songs hit the audience in the right place.

Maximo is an eccentric wire-walker, following on the wire all the erratic stunts of the early morning drunk on his way home. He shows astonishing power of control on the wire and does not lack admirers for his work. "Noodles" Fagan everybody knows. His performance, however, consists of song and story, in which he is helped along by his two children. He was very popular last night and got innumerable recalls. A special notice referring to his visit will be found on another page.

Shriner and Wills were given a very large hand for their singing of college songs. These two were amateurs who were looked because they made good at a private performance. The boys are vacationing and making good money with their piano and singing and act. The Empresscope pictures and orchestra music completes the Empress bill, which is good all through, for the week.

CROQUET TOURNAMENT.

Boys Are Confident

Spike shoe wearers on the mainland and Island are busily engaged these days drilling into shape for some of the tests they will undergo during the next few weeks. With the British Columbia championships trailing right on the big J. B. A. A. meet which is to be held on week from Saturday, local and mainland athletes alike will have but little rest.

At the big meet to be held by the James Bay Athletic Association on Saturday next a big crowd is looked for, as it is about the only meet of the season that will bring together on a local track the cream of provincial athletes. Representing the J. B. A. A. will be some of the old-timers who have been wearing J. B. A. A. colors to

victory upon repeated occasions. Harry Beasley, track team captain, will be seen in the century sprint as well as the 220-yard dash and in both of these events will go up against Frank McConnell, the peerless sprinter of the Vancouver Athletic Club. There is also a rumor about that Brooke Vail will take a chance in the J. B. A. A. meet.

John P. Sweeney, the prominent J. B. A. A. miler, who last year won that event at the P. N. A. meet, will compete. Sweeney is now living at Shawigan Lake and it is reported that he is training hard at his summer resort, not only for the J. B. A. A. meet but also the British Columbia championships. Other milers who will probably compete at Oak Bay are Carl Raine, the Vancouver Y. M. C. A. star, McDonald, the Vancouver Athletic Club middle distance man, and Hoult, of Columbia College, New Westminster. Tom Davidson, the University of California athlete may also be a starter while Day, of Victoria, is also expected to run. With this group of milers facing the starter there should be one of the best 1,760-yard races seen on a local track in years.

While the official entries of mainland athletes has not yet been received yet a good contingent of them are expected. John H. Gillis, Duncan Gillis, McDonald, Frank McConnell and

Archie McDiarmid will doubtless be down.

Notwithstanding the fact that they will have to go up against the best in the province, the local athletes are far from feeling shaky, but are training hard and are confident of victory. The results of the J. B. A. A. will be a good criterion of the winners of the B. C. championships at Vancouver. At any rate the Bay meet will be the best of this season and if there is not a big attendance it will not be because the talent at the meet was lacking. Entries for all events close on the 14th and should be sent to Harry Skuce, secretary J. B. A. A.

McCREERY DRIVEN OUT IN THE SECOND

Helmcken Fares Little Better—
Islanders Hit Sage Hard in
Eighth

McCreery was batted out of the box in the second inning at Seattle yesterday, and Helmcken, who relieved him, fared little better, the Giants winning from the Islanders 13 to 7. Sage was effective until the eighth inning, when Victoria hit him hard and scored six runs. The score:

TIGERS WON IN ELEVENTH.

A two-bagger by Pete Morse, with Burns on first, after Nelson's error, gave the Tigers an exciting but poorly played game at Tacoma yesterday afternoon, 5 to 5 in eleven innings. Lynch was put out of the game for disputing a decision. Both pitchers worked well, but their support was poor in the tight places. The score:

TENNIS MATCHES

Now Well Under Way—Brilliant Playing Developed.

The annual handicap tournament of the Victoria Lawn Tennis Club is now well under way. Some of the matches played have brought out brilliant playing, while, in almost every case, they have been hard fought. The complete results to last evening were:

Men's Doubles.
McCallum and Gillespie beat Kiggell and Forest, 6-0, 6-2.
Poulkes and Pollok beat J. and T. Leeming, 3-6, 6-4, 7-5.
Arbuckle and Marten beat Matterson and Gallagher by default.
Howcroft and Carmichael beat C. Schwengers and J. Leeming, 5-6, 6-4, 7-5.

Mixed Doubles.
Mrs. Crow-Baker and Eberts beat Miss Felton and F. Pemberton, 6-3, 6-4.
Miss Schmitz and Ward beat Mr. and Mrs. Elliott, 6-3, 8-6.
Miss Bodwell and Matthews beat Mrs. Genge and Dickson, 6-4, 2-6, 6-2.
Mr. and Mrs. Hinckley beat Miss L. Little and C. Martin, 7-5, 6-3.
Miss Bell and McCallum beat Mrs. Schwengers and Howcroft, 6-3, 8-6.
Miss Kennedy and Cane beat Miss Holden and Halifax, 6-3, 6-2.
Mr. and Mrs. Pollok beat Mrs. Thomas and Hewatson, 6-4, 1-6, 6-2.
Mrs. Kennedy and J. Lawson beat J. and Miss E. Dunsmuir, 6-4, 3-6, 6-3.
Miss Coombe and Martin beat Miss Brown and Carmichael, 6-4, 6-4.
Miss McCallum and McCallum beat Miss Jewell and Marshall, 6-1, 6-4.

Lots are Going Quick in Richmond Park

Twelve Lots Sold and Several Reserved in First Three Days

Ask the man who knows Richmond Park what he thinks about it.

His opinion will favor Richmond Park, either as a homesite or an investment.

You can't improve on Richmond Park from a residential standpoint.

The purchase of lots in Richmond Park now will lead on to fortune.

Get a plan and price list and study it out yourself.

We will take you over the property if you wish.

LAST Wednesday Richmond Park was put on the market, and on Saturday twelve lots had been sold, and some reserved. An unusual feature of practically all of these sales was, that almost without exception every buyer is going to build a home. One of these is already started, while others are being planned to the individual requirements of the buyers by our Construction Department.

**From
\$800
On Easy
Terms**

THESE homes will be finished in the near future and will tend to enhance values quickly. It would seem, from present indications, that lots will sell quickly in Richmond Park, and that the improvement of property will follow quickly. The present prices of lots leave every opportunity for profitable re-sales in the near future. Get your plan to-day.

SOME FEATURES OF RICHMOND PARK

It is within the city limits.

It is surrounded by the best residential section in Victoria.

It has sewers on three streets.

It has water which can be piped as required.

It will have well graded streets.

Street grading has already started.

It has a building restriction of from \$2,000 to \$4,000.

It is close to the Oak Bay car line.

MANIFESTO ISSUED BY R. L. BORDEN

DEALS CHIEFLY WITH RECIPROCITY

Opposition Leader Says Pact Would Tend to Separate Provinces

Ottawa, Aug. 15.—Prior to his departure for London last night to open his campaign, R. L. Borden issued a manifesto following on the statement he made at the dissolution of parliament. He dwelt chiefly on the reciprocity question, stating that the proposed pact tended to segregate and separate the provinces and shattered the hope and ideal of reciprocity within the Empire, and that it would be a direct and serious menace to Canada's international lines of water communication, which, with the danger to ocean shipping and ports, made Canada a commercial appendage of the United States. Its tendency and aim, affirmed Mr. Borden in his statement, were complete commercial union between the two countries to the exclusion of the rest of the Empire. It also had the effect of opening up Canadian markets to twelve foreign countries and all British possessions without reciprocal compensation, in reference to which Sir Wilfrid had sent to these foreign nations a polite invitation to forego and renounce these rights to Canadian markets, a suggestion which was so foolish that it required no answer. It further made an absurd pretense of bringing relief to the farmer by exposing him to competition with the world in everything he sells and by continuing the existing burden of taxation of everything he buys. It would also destroy the distinctive character and reputation of Canada's staple products by merging them in those of the United States, and thus they would become known as American and not Canadian products. The pact would also bring Canada under the control of the gigantic American trusts, further asserted the Conservative leader, reducing prices to producers without corresponding reduction to consumers. The former statement of the prime

minister was then reviewed by Mr. Borden. He affirmed that Sir Wilfrid had attempted to represent the opponents of the treaty as casting doubt upon the loyalty of the Canadian people, but there was no foundation for such a statement, as the loyalty of the Canadian people was undoubted. The people of Canada, however, could escape the consequence of their own acts and it places itself under the commercial control of the United States. Its political independence if retained would be but a shadow and not a substantial reality. Three chief contentions, continued Mr. Borden's affirmation, had been put forward by the prime minister. He stated that at all times during the past forty years it had been the constant effort of all political parties in Canada to make with the United States an arrangement for a free exchange of natural products between the two countries. Mr. Borden denied this and affirmed that Sir Wilfrid had repudiated it in parliament and on platform many times during the past ten years. The prime minister's second contention was the supposed advantage of the "free American market." Mr. Borden affirmed that the opposition had repeatedly demanded in the House a detailed and systematic statement of these advantages governing the whole industrial and commercial situation in Canada, but the demand had not been complied with. Mr. Borden stated that the main facts had, however, been brought out in other ways, and on looking at the result of the whole discussion asserted that the government and its friends had totally failed to make out a case. In his opinion the opening up of the markets of Canadian farmers to the United States, the British Empire and twelve other countries would far outweigh any possible advantages accruing from the free entry of Canadian farm products to the United States. Thirdly, the prime minister had endeavored to rebut arguments that the reciprocity pact would lead to annexation. It could not be definitely foretold, but it was a fact beyond the possibility of a doubt that the leading public men of the United States, its press and the bulk of its people believe that it will so result and will support it mainly for that reason. Mr. Borden affirmed that he could quote pages in support of his contention if necessary, but it was the plain fact that in entering upon this treaty the people of the United States believed they were accomplishing the first step towards annexation. Mr. Borden's manifesto then went on to criticize the national transcontinental railway and to criticize the naval programme, stating that in the latter case Canada's duty to the Empire could not be properly or effectively fulfilled by such a measure, and scoring it as an unfortunate blunder on the part of the government. The platform of the Conservative party then followed Mr. Borden's manifesto. In substance it is as follows: The Conservative party gives its pledge to carry out following policy if returned to power. 1. A thorough re-organization of the method by which public expenditure is supervised. The increase in

what is known as ordinary controllable expenditure from \$21,500,000 in 1894 to nearly \$74,000,000 in 1911 is proof of extravagance beyond any possible defence.

2. Granting of the natural resources to prairie provinces.
3. Construction of the Hudson Bay railway and its operation by an independent commission.
4. Control and operation by the state of terminal elevators.
5. Necessary encouragement for establishing and carrying on the chilled meat industry.
6. Establishment of a permanent tariff commission.
7. Granting of substantial assistance towards the improvement of our public highways.
8. The extension of free rural mail district.
9. Extension of civil service reform.
10. Granting of liberal assistance to the provinces for the purposes of supplementing and extending the work of agriculture education, and for improvement of agriculture, and, lastly, "We pledge ourselves to a course of policy and administration which will maintain the independent and unimpaired control of our own affairs by the parliament of Canada, a policy which, while affording no just cause of complaint to any foreign nation, will find its highest ideal in the autonomous development of Canada as a nation within the British Empire."

SEATTLE CLUB'S TENNIS TOURNEY

Play Commenced To-day—
Well Known Racquet-Wielders Who Will Compete

Seattle, Aug. 15.—With the largest entry list of all the tournaments ever held here for the championships of Washington, the 31st annual tennis tourney of the Seattle Tennis Club will start to-day at the club grounds on Madison street. There are 70 entries in the men's singles and 44 in the women's singles have been received, beating last year's mark by nearly a third and well over the highest total ever received. Among the notable players who will compete is Miss Mary Brown, who came up from California with Miss May Sutton to compete at the Tacoma tournament. Miss Brown is looked upon as a coming champion and last week played very close to Miss Sutton. Joe Tyler, Captain Foulkes, Nat Emerson, the last named winner at Tacoma, Sam Russell, M. W. Judd, are among some of the best known men who will compete. Play to-day will start at 10 o'clock this morning and owing to the large number of entries eight matches will have to be settled, keeping the courts busy until dark.

MARINE DEPARTMENT RELEASES STEAMER

Leebro No Longer Required—Quadra Leaving in Few Days for Work in Gulf

After being engaged for the past few months by the marine and fisheries department in establishing and fixing aids to navigation in British Columbia waters, the steamer Leebro, Captain Hunter, owned by Leeming Bros., has been released by the department. She was chartered when the Quadra was laid up for an overhauling, and now that the larger vessel has returned to the work she has been given up. The Leebro returned last week from a lengthy trip to northern waters, and during the time she was there did much to improve the lighting of the coast.

Within a few days the steamer Quadra, Capt. Hackett, will leave port to engage in recharging the buoys and beacons in the Gulf of Georgia. Chief Officer McDonald, who has been a faithful officer aboard the steamer for a long time, has placed his resignation in the hands of the department. It is his intention to enter into the business of life of Victoria, forsaking the sea for the present at least. The promotion to the office vacated by him will be made in order of seniority amongst the other officers in the employ of the marine department.

Capt. Walbran gives out the following notice to mariners regarding the establishment of new lights: "Two gas lighted beacons, each showing a white light, have been established at the east and west ends of Houston-Stewart channel. The eastern one is situated on a prominent point eastward of Point Langford, on the northern side of the strait, and the light on the western end is on the middle and highest part of Flat Rock Island. The lights have been established for the benefit of local traders and the whaling stations."

NOTICE TO MARINERS

The navigating officer of the U. S. S. West Virginia reports to the branch hydrographic office at Port Townsend that on two recent trips through Georgia Strait and Haro Strait, the black can buoy, marking Rosenfeld reef, off East Point, Saturna Island, was not visible although a careful lookout was kept for it. The ship passed about one mile from the reef on each trip.

STOWS AWAY THEN SEASICK.

Girl in Love With Engineer Comes Out of Hiding and Captain Marries Them.

Nome, Alaska, Aug. 15.—When the schooner Redfield, from Seattle for Nome, arrived off Cape Flattery, the captain found a seessick girl 16 years of age aboard. She confessed she had stowed away to be near her sweetheart, the engineer of the schooner. His virtue of authority vested in him as commander of the vessel on the high seas, Captain McKenna pronounced the engineer and the stow-away man and wife. The girl dried her tears and the couple arrived here after a happy voyage.

The average height of an olive tree is 30 feet. One found at Bologna had a record age of five centuries, and it was 30 feet in circumference.

SOCKEYE RUN ABOUT OVER FOR THIS YEAR

Princess Beatrice Reaches Port From the North Saturday—Mary in From West Coast

Officers aboard the C. P. R. steamer Princess Beatrice, Capt. Locke, which arrived here on Saturday from northern British Columbia ports, stated that sockeye fishing on the Skeena and Naas is about over. The fishermen are returning to the canneries with but small catches and as the humpbacks are now plentiful in the rivers it is expected that within a very brief time no more sockeyes will be taken.

The Beatrice brought south 1,200 cases of salmon which she discharged at Vancouver. She also had a good cargo of general freight and brought seventy-three passengers south. Considerable foggy weather fell to the lot of the steamer and while in the far north she encountered rather cold weather.

Shortly after the Beatrice arrived in Vancouver the Charmer limped into the harbor from Nanaimo with her air pump out of commission. It was impossible for the injured vessel to make the return trip so the Beatrice was placed on the run and this accounts for her late arrival here from the north. The Beatrice is now taking on cargo for her next trip to the north and is scheduled to get away to-morrow night for the Queen Charlotte.

Yesterday the steamer Princess Mary, Captain Gilliam, arrived in port from the north. She had several passengers and much freight. The officials of the C. P. R. announce that the steamer Tees will return to the service this week, but will not sail until to-morrow, being one day behind her schedule.

NIPPON YUSEN LINER ARRIVING HERE LATE

Tamba Maru Expected at Noon To-day but Will Not Dock Until Thursday Morning

Just about daybreak on Thursday morning, the Nippon Yusen Kaisha liner Tamba Maru will arrive at the William Head quarantine station from Yokohama and other Oriental ports. A wireless report was received from her this morning stating that she would not be able to reach port to-day as was expected. All former reports received here from the steamship stated that she would dock at the outer wharf about 1 o'clock this afternoon. No cause was given in the message as to the delay.

Since the Maru was 1,600 miles off the coast of Vancouver Island the wireless stations here have been in constant communication with her. If the liner had arrived here to-day she would have made one of the fastest trips from the Orient that any of the steamships of the line have accomplished. The big liner has about three thousand tons of general freight for Sound points and will discharge several hundred tons here. She is also bringing across a large number of passengers, including many Chinese for this city.

At 2 o'clock yesterday morning the operator at Esteria was in communication with the Weir liner Kumeric, which passed out from Cape Flattery on August 8 for Yokohama. When spoken by the Dominion station she was 1,600 miles at sea.

More than 23,000 bales of hemp, constituting a record shipment for a trans-Pacific liner, is aboard the Weir liner Oretic, Capt. Findlay, which left Yokohama on August 11 for this port. She loaded the big consignment at Manila and it is bound for the Eastern States. The Oretic will on her arrival here make her first call at this port. Although she reached the Sound some time ago on her maiden trip she did not call here, but proceeded from William Head on to Vancouver. She will dock at the outer wharf on August 30th.

William Allen, local agent for the Osaka Shosen Kaisha, has been notified that the Canada Maru left Yokohama on Aug. 8 and that she will arrive here on Aug. 23. She has 300 tons of cargo for Victoria and 35 Orientals.

COAL STEAMERS ARRIVE.

Two British Vessels Carrying Fuel for U. S. Government Reach 'Frisco.

San Francisco, Cal., Aug. 15.—The British steamers Collingham and Wakefield have arrived in port from the Atlantic coast with coal for the government. Both vessels are at present on the disengaged list but with the active demand on the part of lumber business and grain shippers they will probably be fixed very soon. These vessels with the British barque Torridal, also here in port, are practically the only unchartered foreign vessels on the coast. All others that are due to arrive in the near future are already under charter.

About two-thirds of the cargo which the British steamship Lucerne, of the Waterhouse line, takes from this coast will be loaded at Portland. An order for an additional consignment of lumber to go out on her will bring the total of that product up to 2,000,000 feet. In addition to the lumber the Lucerne will clear from Portland with 30,000 barrels of flour.

One day behind her schedule the steamer Tees, Capt. Gilliam, will leave this port to-morrow night for Clayoquot and other west coast points. Many passengers have been booked on the vessel and she will take a good cargo of freight.

WEEKLY SERVICE STARTS SHORTLY

ALBERT AND HENRIETTE FOR NORTHERN POINTS

G. T. P. Inaugurating New Run in Three Weeks' Time Former Here for Overhaul

Following a most extensive overhaul at the B. C. Marine Railway yards, the Grand Trunk Pacific steamer Prince Albert, Capt. Duncan McKenzie, will inaugurate, with the steamer Henriette, a weekly service to Prince Rupert and northern British Columbia ports. Capt. C. H. Nicholson, superintendent of the G. T. P. S. S. Co., who is spending a few days in this city, stated yesterday that he expected the Albert would be ready to enter on her new schedule in about three weeks' time.

Early yesterday the Prince Albert arrived at Esquimalt from the north after being relieved on the Queen Charlotte Island run by the new steamer Prince John. Capt. McKenzie brought the vessel south, having gone north on the Prince Rupert two trips ago to assume command of her. Immediately on her arrival at the naval harbor, the Albert was hauled out on Buller's ways and a large gang of men put to work clearing her hull of weeds and barnacles, which she had picked up while on the run north.

For about a week the steamer will be in the hands of the B. C. Marine railway having several good coats of paint applied to her exterior and her inside fixtures renovated. When the vessel is ready for sea she will be in excellent shape for her new run. She has splendid passenger accommodation and every time she leaves here she will take passengers north. The Henriette, however, will only be used as a cargo boat, as she is not equipped with any accommodation at all.

For some time past the Henriette has been operating in the service, but she has been found to be inadequate to handle the immense amount of freight being shipped north and south. When the officials of the company decided to purchase the Prince John it was their intention to put the Prince Albert on the run to northern ports. In the new service one steamer will leave this city every Thursday.

When the Albert enters the run the Grand Trunk Pacific will be operating five vessels to the north, including the two crack three-funnel steamers, and will be giving the finest service to the northern cities that is possible. The Rupert and George only call at Prince Rupert and Stewart, but the two smaller boats will visit all way points. Capt. Nicholson made the initial round trip on the Prince John to the Queen Charlotte Island, and yesterday he stated that the new steamer was given a fine reception at every place she called. It seemed to be the universal opinion of everyone who boarded the craft that she was just the boat for the run.

SHIPPING INTELLIGENCE

August 14.

ESQUIMALT NOW VERY BUSY REPAIR CENTRE

Many Vessels in Hands of B. C. Marine Railway—Many Ships Also at Anchor

While Victoria's waterfront is at present rather dull, at Esquimalt harbor things are extremely busy and the B. C. Marine Railway yards are a hive of industry. All the wharfage space there is occupied by steamers and many others are lying in the stream awaiting attention. There is also a large fleet of vessels in the harbor, which help to make the place look all the busier.

Ship-carpenters and iron-workers are working industriously on the new C. P. R. transfer, which took the water a few days ago. It is expected that this new craft, which will be used in carrying the cars from Vancouver to Nanaimo, will be ready to leave the yards in a very short time. The transfer is being rushed to completion and builders are establishing a record for the construction of the vessel.

Yesterday the C. P. R. steamer Tees was lying in the docks, having just completed her overhauling, and alongside her was moored the Dominion Government dredger Fruhling, which has come from the Fraser river to have some repairs made and also to be painted and cleaned. The Amor is also at the docks waiting to be overhauled and repaired and the G. T. P. steamer Prince Albert occupies the ways.

Lying in the stream is H. M. C. S. Rainbow, H. M. S. Shearwater, H. M. S. Egria, the cable steamer Restorer, and the Salvage steamers Maude and Salvor, besides many smaller craft.

At the Victoria Machinery Depot in the upper harbor the new Lobnitz dredge is just being completed and is lying at the docks, while the new C. P. R. tug Colima and the Pilot are being overhauled. The Turpel yards are equally as busy, several tug-boats on the ways and other craft alongside being repaired.

BRONCHO BUSTING TO BE BIG FEATURE

Bad Actors From Grand Prairie
—Rosy Prospects for the Horse Show

Judging from the present outlook the broncho-busting competitions at the Victoria Fair and Horse Show will be a bigger feature this year than ever before. Besides those horses which, as was mentioned on Saturday, are expected from Medicine Hat, the Agricultural association has received word from T. H. Jones, of Grand Prairie, to the effect that he is sending over five of the wickedest, most mean-spirited devils that ever man be strode.

It is a little early as yet for the entries in any of the departments, but the management states that the number already received for the horse show augurs well for a display in high-class horse flesh exceeding their most anticipations. Those already at hand include several from as far off as Boleslevin, Manitoba, while quite a few have been received from local men and from Seattle, Vancouver, Regina, Duncan and Westholme. Miss Galbraith and Miss Farrell are among the exhibitors from Seattle. In the harness class, especially, the association looks for a greater representation than in any previous year.

Those intending to enter the Vancouver Exhibition to be held during the week previous to the local fair must be reminded that the time is drawing close and that they must get their entries in as soon as possible. Word has been received from the Vancouver Exhibition stock and poultry raisers who have, to date, signified

their intention of competing for the prizes.

It is expected that there will be a grand display in the local stock and poultry show, entries in the different classes having already begun to pour in in great numbers.

In the horse races the association is planning to hold two running and three harness events every day. A large marquee is being constructed for the Horticultural Association's exhibit, this being necessary owing to the lack of room in the main hall occasioned by the engagement of a large amount of space by the Vancouver Island Development League. The league is arranging a display designed to give the visitor an insight into the island's resources.

HAVE YOU A BAD SORE?

If so, remember these facts—Zam-Buk is by far the most widely used balm in Canada! Why has it become so popular? Because it heals sores, cures skin diseases, and does what is claimed for it. Why not let it heal your sore?

Remember that Zam-Buk is also rather different to the ordinary ointments. Most of these consist of animal fats. Zam-Buk contains no trace of any animal fat, or any mineral matter. It is absolutely herbal.

Remember that Zam-Buk is at the same time healing, soothing, and antiseptic. Kills poison instantly, and all harmful germs. It is suitable alike for recent injuries and diseases, and chronic sores, ulcers, etc. Test how different and superior Zam-Buk really is. All druggists and stores at 50c. Use also Zam-Buk Soap. Best for baby's bath. 25c. tablet.

—Wm. Stewart, men's and ladies' tailor, over Terry's Drug Store, Douglas Street.

Some of the women officials employed by the Williston, Eng., board of guardians have applied for bicycles. The board adjourned the consideration of the request, one of the members remarking that aeroplanes would soon supersede bicycles.

PAVING COMPANY LAYING ASPHALT

Start Was Made Saturday on
Queens Avenue Immediately
Pea Gravel Scheme Passed

Immediately the right was accorded the Canadian Mineral Rubber Company to use pea gravel instead of crushed rock in the composition of the asphaltic binder to be laid atop of the concrete base in the paving scheme which they are at present carrying out, a start was made upon this very important phase of the work. On Friday evening the city council conceded to the company the privilege of inserting in the contract specifications, a clause making the use of pea gravel possible, and on the following morning the paving company commenced asphaltic operations on Queen's avenue.

When the council was deliberating on the subject one of the company's representatives indicated that if the pea gravel was allowed to be used the contract would be completed by the first of the new year, although even if it falls by a short margin it is not likely that any pungent criticism will be levelled at it on that account. Viewing the statement in a reasonable light it is practicable to conceive of the streets of Victoria, at present torn up and rendered impassable in many places, assuming an aspect of placidity and completeness in the early days of the coming year.

Since the order has gone forth in favor of the use of pea gravel the great asphalt plants which are located at Spratt's wharf have been placed in very active service. The production of asphalt is an extremely interesting study, and the combination apparatus of which the machines consist are of such a nature as to render the examination of the process a comparatively easy one. Almost every hour of the day it is possible now to see the asbestos-lined dump-carts leaving the wharf with their loads of burning material—when the asphalt is laid its heat approximates 300 degrees—and a few paces to the north will bring one to the scene of operations. Every time-saving and labor-saving device figures in the company's equipment. The rule of the "automotive" prevails everywhere, with the result that the utmost celerity is attained in conjunction with the least possible resistance.

On Saturday the company laid somewhere in the neighborhood of 1,500 yards of asphalt and yesterday they laid a similar amount. It must not be imagined, however, that that represents the company's limit of asphalt production. It is claimed that once the plants are in full swing it will be possible for them to lay between four and five thousand yards per day, and if there is anything in that claim then the promise of a completed job by the beginning of the year should assume a more than speculative aspect.

—Remember at 10 o'clock p. m. on Wednesday, Aug. 16th, T. R. Morrow, Trustee, closes sale of 50 cent shares of British Pacific Coal Co. You can buy 100 shares with \$10 cash. Next issue is 75 cents the share. On sale Thursday morning, office 604 Broughton Street.

Lovely Fruitlands

Beautifully situated on Cook street, close to 1 1/2 mile circle and ten minutes' walk from street car. From a health standpoint this location is unsurpassed and commands glorious views; it is unrivalled from a picturesque standpoint.

To be continued in our next is a saying oft times repeated, but when we sell all our Fruitland Lots you will not be able to repeat values anywhere else around our city. Every lot a picture. From twenty-five to thirty four-year-old bearing fruit trees on each lot. City water—but no city taxes. Our Auto leaves for property at 10 a. m. and 3 p. m.

Rebuilding Furniture Sale

Stupendous Sacrifice of Fine Furniture at Profitless Prices

THE BUILDERS ARE CLAMORING

WE MUST CLEAR OUT OUR STOCK AT ONCE

AN UNFORTUNATE ERROR IN AN OLD SURVEY RESULTED IN THE HOLDING UP OF OUR NEW BUILDING FOR TWO MONTHS, and in the meantime goods, intended for our new and enlarged store, have been accumulating, until we were at our wits' ends to know where to store them. We have now made up our minds to offer them to the public at sacrifice prices, for we must clear out the whole of the stock at our store at once. The builders are tearing things to pieces so as to rebuild the walls and notify us they will not be responsible if our goods are damaged by rain. So now is your supreme opportunity to buy House Furnishings at extraordinarily low prices, and at the same time help us to get our new store rushed to completion. We are growing—we need the room. This is the result of our "Square Deal" method of business.

ABOUT BASEBALL

First Baseman Fisher, or "Bridegroom," as he is called by the Tacoma fans, made the first home run ever batted out in the Tacoma ball park on Sunday afternoon. For this feat there awarded to the same, Fisher one new hat, one new knife and five pounds of smoking tobacco.

"Kitty" Broadhead has resigned from his position as manager of the Seattle ball club. It is reported that Dugdale made his position so unpleasant that he quit voluntarily. There are several reasons for the trouble, but the real cause was revealed when it became known that Tighe's contract called for a bonus if the club finished in as good as third place. The Giants have been going well of late and "Bug" is afraid they will finish third. Raymond is now being given the honor of managing the team at the same salary he has been receiving.

The Tigers have bought the little black bear cub formerly owned by Eddie Golsen, the Victoria ball club's groundsman. He is reported to be a real sure-enough mascot for the Bengals, although his work in the tallman line, when in Victoria, was not worth a hang. He was called "Pete" when here, but Ed. Kennedy or "Windy" swears that from now on he will be known as "Mike."

Billy Kelly, who with Marty O'Toole

formed the famous "Phenacyan" battery in the American Association, has been sold to the Pirates for \$12,500. This makes the battery cost Barney Dreyfus \$35,000, a record figure in baseball. O'Toole will fling and Kelly catch for St. Paul until the end of the season unless the team, by some chance, loses the opportunity to grab the pennant before that time. In that case they will at once report to the Pirates.

George Ort, Seattle's first baseman, who assaulted Umpire Baumgarten on August 3, appears in the game again, the term of his suspension having expired. In addition to his suspension, Ort was fined \$100 for not being permitted under the league rules.

The Tacoma Ledger says: With so much a punishment in the case of Ort, believe that President Lindsay will let the game within a few days. The local club will need the dependable left hander in the final struggle for the pennant, and President Lindsay should "vote square" and treat this club as well as he has the Giants. The Tacoma fans do not believe in rowdy baseball and believe that all players should be punished for assaults upon umpires, but the punishment should be equal in all cases. At this stage of the pennant race the Tigers will need a consistent pitcher like Annis, and the fans do not believe that President Lindsay will be more strict in his case than that of Ort, who was far more guilty. The Tigers have the best kind of a chance for the

pennant and, with Annis back in the game, things will look rosy.

Mundorf, third baseman of the Portland club, will be recalled by San Francisco at the end of the present season.

Lon McCallum, the big pitcher for the Indians, who formerly played with Tacoma, may never pitch again. He has been in Seattle for the past week taking treatment for a muscular injury and the trouble has not responded readily to treatment. "I do not know whether I will ever be able to pitch again," said McCallum, on Saturday, "but my physician has promised to give me a definite answer in a day or so."

The present management of Northwestern League affairs is nothing but a huge joke. It has now been practically proven that a player may strike an umpire during a game with impunity and that he need fear no punishment other than a trifling fine, which, if he is a valuable man, his club will always stand good for. The president of the league is quoted as having said, when he heard of the Ort incident, that the next man who struck an umpire during a game would be suspended from the Northwestern League for life. That, of course, would be going altogether too strong, but at the same time, in view of the fact that Ort has now been reinstated and that the announcement of Annis' return to the game is expected daily, it goes to prove that the threats of the president carry about as much weight as a doct's mother's oft-repeated "if you do that again." President Lindsay has placed himself in such a position that he can hardly refuse to reinstate Annis, for if he does he will lay himself open to a charge of showing partiality. Both Tacoma and Seattle are in the race for first place, and the loss of Annis or Ort would seriously handicap their respective teams. "Extenuating circumstances" were found in Ort's case and there is no doubt that the same thing can be done for Annis. Already twelve men have appeared who are willing to swear that Umpire Baumgarten was not struck on the jaw but merely pushed with the open hand. It is not hard to guess who these twelve men are.

SPORT NOTES

Bror Florman, who is promoting the European tour of the best western and eastern amateur lacrosse teams, which will include exhibitions at the Olympic games in Stockholm, is in town. Vancouver has now practically clinched the western championship. Westminster is completely out of it, but the locals have a chance if they win all their games. The Terminal City stick-wielders have already commenced to discuss the glorious prospect they have ahead of them—a trip over Europe, from the most southern point to the most northern, from the east to the west and extending over a period of about nine months. They will play in Madrid at the special request of the king of Spain and will journey into parts of Finland.

The standing of the teams is: Goals

	W.	L.	Drn.	F.	A.
V. A. C.	5	1	1	50	27
New West	2	4	0	22	48
Victoria	1	3	1	21	24

The five days' race meet of the Seattle Blood-horse Association started this afternoon at 2 o'clock with a card of two harness events and three running races. There are many horses at the track and the entry list is large enough to ensure a good field in each event. Some of the best known thoroughbreds in the west will compete, including the class of those that took part in the recent Vancouver meeting.

The articles of agreement for the boat race for the championship of America, between Jack Hackett and Eddie Duran, has been received duly signed by the former and seem to meet the demands of the Toronto sculler. The conditions call for a race of three miles with turn on the Rainy River, on Thursday, Sept. 7. The referee, who is to be mutually agreed upon, is to name the starter. The race is for \$1000 a side.

F. C. Thompson, theological student in Princeton seminary, won the all-around amateur athletic championship of the United States on Marshall Field Saturday afternoon, duplicating his performance of a year ago when he was an under-graduate in Occidental College. He scored a total of 6,709 points against a field of eight other contestants. J. W. Donohue, Los Angeles Athletic Club, and E. Schobinger, Chicago Athletic Association, being his most dangerous contenders. Thompson won first place in the sixteen-pound shot put, 850 yard walk and 55 pound shot put and tied for first place in the running high jump. He won second place in the 220 yard hurdle and running broad jump and finished third in the mile run. He also broke the all-around amateur championship record for the 850 yard walk.

CRICKET

Word comes from Salmon Arm that they have formed a cricket club. Geo. Lingford, Hotel Montebello, is president.

Anyone holding a season ticket may, by presenting same at the Times business office, receive a Pacific Coast Cricket Association pocketfolder, containing lists of grounds, rules and hours of play, list of matches and other information regarding tournament week.

Beginning Saturday next with the United Service game on Jubilee hospital grounds, August 19, cricket will be continuous practically up to September 9, when it ends with a match combined Victoria clubs against Victoria C. C. Tournament week, August 21 to 26 inclusive; Kelowna team plays August 28 to 31 inclusive; Frankford C. C. of Philadelphia, September 1 and 2.

Victoria XI. to play in last test game August 19 at 2 p.m. is as follows: L. S.

"NOODLES" FAGAN GIVES ONE OF HIS TALKS

(Continued from page 1)

How He Became "Noodles." Almost all the newsboys in Victoria are now familiar with the history of "Noodles" Fagan, but they never tire of hearing him tell of his varied experience.

"Noodles" slept in a dry goods box in New York City when he was a youngster. He did not know what the inside of a comfortable home looked like.

The newsboys' hero got his name in a peculiar fashion. One day, half starved and cold, with papers unsold, he stood shivering on a street corner. A kindly disposed man saw him and took the little fellow into a nearby restaurant. There he purchased him a steaming bowl of noodle soup. In his haste to empty the bowl the boy spilled half the contents down the front of his jacket. He was christened "Noodles" following this incident, and the name has always clung to him.

"Noodles" enjoys talking to the newsboys as much as they enjoy listening to him. He never forgets that he was once one of them.

How to Succeed. "Nothing is too hard for a newsboy to accomplish," he told his hearers yesterday. "A newsboy cannot aim too high. Lots of rich men—once sold papers. You can become rich, too, if you live right. Keep your faces clean, love your mothers, and be honest. Then you will have no difficulty in selling papers."

"Noodles" Fagan, who has smiled his way into all the courts of Europe and not a few Asiatic monarchies, gave a lesson in smiling after his "act" at the theatre, and he made the audience practice.

"Smile, smile, smile," said "Noodles." "Do it like this." The audience grinned in delighted obedience.

"Now, keep on smiling," continued "Noodles," and the sound of the listeners' laughter mingled with the noise of their applause.

"I think they ought to teach smiling in the public schools," said "Noodles." "Children ought to be brought up to smile. You've no idea what a difference it makes. The man who has smiles on his face has strength in his soul. It shows character—a smile does."

Brings Happiness. "It's always best to greet strangers with a smile. And haven't you fellows noticed how happy it makes your-

V. York (captain), J. W. D. York, C. Coates, J. H. Gillespie, S. Gillespie, A. Martin, M. Cane, G. L. Wright, J. C. Barnacle, H. A. Collinson and F. G. Gallier.

For Monday, August 21, the first tournament game vs. Burrard, Victoria will place the following team in the field: L. S. V. York (captain), F. A. Sparks, M. Cane, J. W. D. York, A. Martin, G. L. Wright, J. H. Gillespie, S. Gillespie, J. C. Barnacle, F. Gallier and H. A. Collinson.

The matter of umpires which at first seemed such a simple matter is becoming serious. Applicants have no registered in overwhelming abundance, possibly because each one thinks there are plenty of others who like themselves would gladly volunteer. As the others seem to think along the same lines, the result is a stand off. Eight umpires are required for each day, surely there are three times that number of experts who would enjoy the honor of being lords of the situation whose decision is final.

The courtesy extended to the ticket sellers and interesting problems they are requested to propound in connection with cricket week is bolstering up the fond hope of the committee that

a brass band for the final match may not be an impossibility.

Fort Fraser Investments

Why They are Sure Winners

Thousands of Canadians, Americans and others from distant lands—all of them people of moderate means at one time—have become comfortable for life through British Columbia investments. By no means is this period of highly profitable investment past. It has but fairly commenced for the vast interior of the province is yet without railway communication and within its great tracts lie thousands more fortunes.

Farming, mining, stock raising, will all be developed as if by magic when the Grand Trunk Pacific opens up this land within a year. The Canadian Northern railway and a half dozen smaller lines are to invade the interior as well.

It is the central and north-centre of British Columbia that will prove the backbone of wealth and resource eventually. Here is where the natural wealth lies. Railways will turn these resources into ready cash.

Fort Fraser is a natural centre for the whole interior section—an area of thousands of miles. It is located upon the navigable Nechaco, the head of river traffic, and upon the Grand Trunk Pacific line to be opened next year.

No towns of recent establishment in Western Canada possesses the natural advantages Fort Fraser does. It is ideal from all points of view, as to water and rail transportation, as to geographical location.

Fraser Lake nearby is a giant in waterpower facilities, the city site is charming residentially, building is cheap, there are numerous pleasuring advantages not had in prairie towns, the climate is warm in summer, bracing in winter.

If you are going to place your funds—small or great—in any really prospect, buy Fort Fraser. It is the only important town over the mountains and lies in the very lap of the best land in British Columbia. Furthermore, it is a gateway to the Peace River country.

A few lots bought here at from \$100 or \$150 upwards, on the very easy terms offered, will unquestionably prove a sound and most profitable investment, and one that the most moderately-minded person can indulge in.

MONTREAL

Queen Charlotte Island COAL AND OIL

THE CORNET COAL, MINERAL & OIL LANDS COMPANY, LIMITED (non-personal liability), has purchased the rights to FIVE COAL & PETROLEUM LEASES, containing about 3,200 acres of COAL AND OIL lands situated on LOUIS INLET, West Coast of Graham Island, which show excellent indications of large deposits of both Coal and Oil.

For a short time 25,000 shares are offered for public subscription at the par value of 25 cents per share; 3/4 cash on application and the balance in three equal monthly payments. Get in on the ground floor. This is going to be good.

Important Features

LOUIS INLET is a land locked harbor capable of affording anchorage to any vessel on the Pacific seaboard.

The LEASES front on deep water, thereby offering every advantage to the building of wharves, bunkers, etc.

The CAPITAL is low, being only \$250,000, 400,000 shares in the treasury for development purposes.

NO PERSONAL LIABILITY.

The OIL indications are highly satisfactory and COAL has been found within half a mile of the property.

BORING is being done on the claims immediately behind our holdings. OIL is expected to be found at any moment.

Speaking of the opportunities of Graham Island, Mr. J. W. Coover, a Civil Mining Engineer of Portland, who for the past two months has been inspecting various properties on the Island, public in an article in the Vancouver World under date of July 2nd, in which he says in part:

I would like to have stayed a month longer, for, taken as a whole, Graham Island is the most wonderful undeveloped country I have ever seen.

"I found there a large area of coal lands, containing a bituminous product equal in quality to any coal mined on the Pacific Coast."

"Incidentally I visited the Oil fields on the northwestern portion of the Island, and found there conditions such as I had never before seen, and I have inspected most of the Oil fields on this continent. Never before have I seen surface showings so favorable, and you can say without reservation that if Oil is not found in that field all the knowledge gained by years of experience in this business by all the experts engaged in it, might as well be set aside."

Our property is only a few miles south of the fields referred to by Mr. Coover.

A complete description of the Company mailed on request.

TO DRAFT AGREEMENT APPORTIONING COST

Oak Bay and City Share Cost—New School Sites—Much Building

At the meeting of Oak Bay council last evening Angus Smith, city engineer, and Ald. Moresby were present to confer with the council in regard to the construction of a main trunk sewer through Thames River valley, the outlet of which will be carried out past Mary Todd Island, and it was agreed that the city and municipality solicitors should draft an agreement with reference to the proportion of cost of construction and maintenance to be borne by each, the city and the municipality.

A request from the school trustees that a by-law be laid before the ratepayers, authorizing the purchase of two school sites, one off Cadboro Bay road, comprising two and a half acres, and the other on Monterey avenue south, two and a quarter acres, was granted. The total cost will be \$20,000. It was decided that there shall be no sales of land for arrears of taxes owing to the fact that the arrears are very slight.

A petition was read for the construction of a sidewalk on the west side of Newport avenue, from Saratoga avenue to Beach Drive, through the Golf Links subdivision. The necessary by-law will be prepared forthwith.

Building permits issued by Oak Bay municipality to date for 1911, as compared with the figures for same period in 1910, give a clear insight into the tremendous progress being made by the municipality. The permits for the present year aggregate in value \$72,700, an increase of 300 per cent over those of last year, which amounted to \$70,195. With the exception of two, the Victoria Arena Co.'s skating rink and the Oak Bay Anglican church, all the permits are for dwelling houses. Among these are: A. E. Mallet, dwelling, Prospect street, \$4,600; F. C. Niven, dwelling, St. Patrick street, \$3,500; S. C. Weston, dwelling, Monterey avenue, \$4,000; Victoria Arena Co., skating rink, Cadboro Bay road, \$45,000; M. R. Smith, dwelling, Beach Drive, \$2,400; and P. O. Lever, dwelling, St. Patrick street, \$2,000.

THIS STAKE ROOTED.

To the Editor:—It may interest some of your readers to learn that it is, in forty days, that the first stake was driven where the Sicomose station now stands, and the first survey started, through the Eagle Pass, for our great national railroad, the C. P. R.

GETTING READY FOR SEWER OPERATIONS

Oak Bay Municipality and the City Fix Up Their Differences at Conference

The representatives of Oak Bay municipality and the city of Victoria met last night at Oak Bay school house and amicably patched up their differences in regard to the main sewer which is to run through the municipality to Mary Todd Island. Ald. Moresby and the city engineer attended the meeting on behalf of the city and when they came to report on the subject to the city council it will be found that whatever difficulties may have lurked in that section of the great sewerage scheme for the city have been negotiated with safety.

It had already been decided that the city would pay two-thirds and the municipality one-third of the cost of construction and maintenance and the question which the parties met to consider last night was that dealing with the proposed route of the sewer from Foul Bay to the shore. The question at issue was whether it was more advisable to follow the natural ravine of the country or to follow the streets, both ideas it was decided that the ravine course was the most suitable not only because of its natural facilities for a sewer but also because of its lesser cost.

This main sewer, which will be one of the principal arteries of the entire system, will extend from the Foul Bay road, through the Oak Bay municipality to the foreshore, across the open water space intervening between the bay and the Mary Todd Island, to a point situated at the northeast of the island, where the outlet will be fixed. The total cost of this part of the sewer scheme is estimated at \$64,540, of which sum \$23,485 will be absorbed in the construction of the submerged part of the sewer between the bay and island. Before the meeting broke up the solicitor for the municipality was instructed to draw up an agreement covering the points discussed and agreed upon.

THE POPE'S CONDITION.

Rome, Aug. 15.—The cool air of the early morning helped to refresh the Pope who, when he was visited by his physicians, appeared to be no worse than yesterday. Prof. Marchisiani, the consulting doctor at the Vatican, explained that the Pope's restlessness during the night was due perhaps to the fact that he had slept longer than usual yesterday afternoon. An incident amusing to some but annoying to the sisters of the Pope is related to-day.

The sisters, who have been besieged by newspapermen and photographers, have become inapproachable to those wishing information regarding the Pontiff's condition for public usage. Late yesterday afternoon, a reporter disguised as an inspector for the gas company, entered their home, and after examining the meter and the pipes, humbly inquired about the holy father. The sisters answered candidly. A few hours later they were charged to see every word they had spoken published in the Giornale d'Italia. This morning a genuine clerk from the gas company's office visited the home of the sisters and was immediately overwhelmed by a torrent of Venetian reprobance. He was at a loss to know how he had given them offence.

TERRIFIC FIGHT ON DECKS

Chinese Mix Things Freely Aboard Steamer Harpeke—Two Badly Injured.

San Francisco, Cal., Aug. 15.—The French barque Marchal de Villars has been chartered by George Mackenzie Co. to load lumber at Eureka for a direct port in the United Kingdom at 60c. If she goes to Cork for orders she will receive 62c. 6d. The vessel also has the option of loading wheat at Tacoma or Portland. She is already ballasted and will proceed to sea immediately.

That even crews composed of Chinese, usually the most obedient of seamen, can kick up a pretty good row when they get started, is a fact established in the minds of Captain Daniels and the officers of the British steamer Harpeke, which has arrived in port from Newport News via St. Thomas and Corona. While the freighter was at Corona the Chinese proceeded to mix it with one another, with their rice bowls and opium pipes. The deck presented a scene of terrific encounter and there was plenty of blood in the scuppers when the officers got through quelling the riots. Two of the Chinese were so badly injured about the head that Captain Daniels shipped them back to China from the South American port. The Harpeke was laden with 6,536 tons of Atlantic coal which will be discharged in the naval bunkers.

On August 4, in latitude 31.33 north, longitude 120 west, the Harpeke passed three large sparrows, which Captain Daniels said were a menace to navigation. They have been reported to the hydrographic officers.

The American ship Dirigo, which arrived from Baltimore Saturday, reports having spoken the British ship Calgate on June 28 in latitude 6.45 north, longitude 114.55 west, who reported all well. The Calgate sailed from this port on June 13 for Cork with a cargo of wheat.

The French barque Jacobson, which arrived from Antwerp the same day as the Dirigo, with a cargo of general merchandise to Henry Lund & Co., reports having had an exceptionally fine passage until after rounding Cape Horn, when on June 21, a hurricane from the northwest was encountered and the vessel thrown on her beam ends and then she considerably damaged.

MARINE NOTES

Taking a full cargo of general freight and many passengers, the C. P. R. steamer Joan, Capt. Ritchie, left the inner docks this morning for Comox and Nanaimo.

At noon to-day the C. P. R. steamer Queen City left the inner wharf for River's Inlet and other east coast points. She carried a large number of passengers as well as a good cargo of freight.

Carrying many passengers and a large cargo of general freight, the Pacific Coast steamship City of Puebla, Capt. Hanna, will leave the outer wharf to-morrow morning for San Francisco. The Unatilla of the same line, is due to arrive here on Thursday night from the Golden Gate with a large passenger list.

More than 6,000,000 feet of lumber will be shipped to offshore ports from Portland by Balfour, Guthrie & Co., and the L. P. Lee Lumber Company as soon as tonnage for handling the product has been secured. Cut and piled within reach of a ship's tackle half of one of the cargoes is lying at the North Pacific mill. The cargoes are expected to be forwarded on tramp steamers. That to be exported by the L. P. Lee Lumber Company will go to South Africa.

A FOREWORD OF FALL

Jack Frost will soon be tinting trees and redening our cheeks and noses. Summer Suits will soon be laid aside.

This is just an advance note to tell you that some of the new fall styles in Suits and Overcoats are ready—many others will be on display in a few days.

Men, who like to be first in wearing the newest things, should make it a point to watch for our announcements.

Or better still, drop by the Wardrobe every few days.

It's a pleasure to show Fit-Reform Suits to men of taste like yourself, who really appreciate the best there is in hand-tailored garments.

BISHOP DU VERNET DELIVERS CHARGE

Refers to Pressing Needs at
Anglican Synod at Prince
Rupert

Prince Rupert, Aug. 14.—At the opening of the Anglican Synod here Bishop Du Vernet delivered his charge which was in part as follows:

Once more I have to record a serious loss to the diocese through fire. Last September the mission house at "Alcyon" on the Upper Nass river was completely destroyed and our missionary, Rev. J. B. McCullagh, who has labored there for twenty-eight years, was left homeless. Prompt and generous were the responses made to our appeal for aid by friends in England and in Canada. A new building is now being erected which will be a centre for still wider work.

In anticipation of a growing east end in Prince Rupert in the neighborhood of the Cold Store Company, which represents a great fishing industry, we have built a small church at Seal Cove.

One of the great problems we have to face at this stage of our development is how to give regular church services in places scarcely large enough yet to warrant a resident clergyman. I have tried the experiment of working from a centre, but the distances are so great and the means of communication so uncertain that it is a question whether this can be done to advantage. On the other hand not only is there the great cost in giving each little community its own clergyman, but there is the extreme difficulty in securing men willing to devote their lives to a work where the numbers seem so small in comparison with some old established parish.

We need men for the west who have the power of seeing beyond the immediate present. Men who have heard the Voice calling them and have seen the Vision of what is to be. The lonely trail changing into the beaten wagon road, the occasional log cabin giving place to the frequent farm house. The former stillness broken by the screeching locomotive. We need more men, but they must be men of the right kind. Men who are willing to tramp the trail in advance of the train. Men who can find a joy in carrying the Gospel to the lonely settler. Men who with simple reverence can lead in the worship of God a congregation of ten in a neighbor's shack. Men who count it a privilege to be pioneers for Christ and His church.

We are sorely in need of outside assistance in the work of purchasing church sites, erecting churches and building parsonages. It is not reasonable to think that a little community struggling into existence can assume all this financial burden. For this reason we are grateful for the occasional grants for building purposes, small though they may be, received from the C. & C. S. D. and the S. P. C. K. It is in this direction and in the matter of an Episcopal endowment fund that we welcome the formation of the British Columbia Church Aid Society which is affiliated our own Caledonia Missionary Union. We have begun an Episcopal endowment fund for this diocese held in trust by the executive committee of our incorporated synod and we look chiefly to the B. C. Church Aid Society to help us in this important matter.

At our last session of synod we discussed a draft of a constitution for a proposed provincial synod in which diocesan rights were duly safeguarded. We purposely reserved final action in the matter until we knew whether the other synods in this province would unite on the same basis. I am glad to announce that these synods have agreed to this draft with only two or three minor changes so that nothing remains now for us to do but to pass a formal resolution memorializing the general synod asking for the erection of an ecclesiastical province continuous with the boundaries of the civil province of British Columbia. I intend to urge, when the right time comes, that the title of archbishop be not assumed by the metropolitan until such time as there be at least seven diocesan bishops in the province, and also that it be the rule that the upper and lower houses sit together though voting separately; the exception to the rule being when the house of bishops expresses a wish to deliberate in private. This will enable us to get together while still a small body and do effective work without needless formality, allowing at the same time for future expansion.

"MY BACK IS KILLING ME"

'FRUIT-A-TIVES' WILL CURE

Backache means congestion of the kidneys. Dull ache in the back—sharp, shooting pains—headache and nervousness—mean that the kidneys are overworked. The bowels are constipated. The skin is inactive, so that the kidneys are forced to do the work of both bowels and skin in throwing off the waste of the body. The kidneys thus become irritated and inflamed and backache results. The only possible way to relieve the congestion and cure the pain is to force the bowels and skin to do their share of the work. "Fruit-a-tives" is the great fruit medicine, is the best and most scientific Kidney Remedy in the world. "Fruit-a-tives" will always cure Pain in the Back and Kidney Trouble. 50c. box, 6 for \$2.50, trial size, 25c. Dealers, or from Fruit-a-tives Limited, Ottawa.

NELSON HOSPITAL FUND.

Nelson, Aug. 14.—Over \$10,000 of the sum required to be raised locally to obtain the \$30,000 dollar-for-dollar grant which has been promised by the provincial government for the construction of a new hospital has been subscribed in Nelson and district according to an announcement made at the monthly meeting of the hospital directors held in the Y. M. C. A. With the \$15,000 which is to be raised by the city and for which a by-law will be placed before the people as soon as a petition which is now being prepared is completed this brings the actual sum required to only \$15,000, though an effort will probably be made to raise \$10,000, the extra sum to provide for emergencies.

It was suggested by A. T. Walley that a three days' campaign of the hurry-up order, which has hitherto been so successful in Nelson, should be commenced about the first week in October. In the meantime mine owners and lumbermen in the district will be communicated with and asked to assist in the work.

NEW WESTMINSTER Y. M. C. A.

New Westminster, Aug. 14.—The new general secretary of the Westminster Y. M. C. A., W. H. Anderson, who has already made a name for himself in British Columbia as the efficient general secretary of the New Westminster Y. M. C. A., takes over his duties immediately. Although the building will not be ready for occupation for another month, however Mr. Anderson will occupy offices there.

Mr. Anderson was two years in Nelson, and has been engaged in Y. M. C. A. work for the past twelve years. It is the intention of the local committee to appoint a physical director as soon as possible.

FOUND DEAD IN SHACK.

Vancouver, Aug. 14.—An old gardener, Thomas Path, was found dead in a shack at the rear of Mr. Deacon's residence, at 1444 Beach Avenue. Mr. Deacon happened to look into the shack and discovered the old man lying on the floor. He called in a doctor in the neighborhood who declared life to be extinct. But he had complained of feeling ill the day before, but it was thought to be no more than an attack of weakness. Bath came from Seven Oaks, Kent, England, some years ago and leaves a large family in the Old Country.

WILL PROSECUTE SPEED FIENDS.

Chilliwack, Aug. 14.—At a meeting of the Chilliwack township council W. H. DeWolf on behalf of the Sardis citizens made a complaint of certain automobile drivers exceeding the speed limit and being a general nuisance to the public. He cited several cases of near accidents as a result and requested protection from the speed fiends.

The question was left in the hands of the reeve with power to prosecute if the evidence was found sufficient.

CITY OF VICTORIA

A complete list of Local Improvement Works, authorized by By-Law, from time to time, will be found posted on the Bulletin Board at the main entrance to the City Hall.

Lighting Installation

Tenders will be received by the undersigned up to 4 p.m. Friday, the 18th inst., for the installation of a complete system of lighting at the North Ward Park. Plans and specifications can be seen at the Purchasing Agent's office, to whom tenders must be sent.

The lowest or any tender not necessarily accepted.
W. W. NORTHCOTT,
Purchasing Agent,
City Hall, August 12th, 1911.

Municipal Notice

The Municipal Council of the Corporation of the City of Victoria hereby determines that it is desirable:

1. To construct a permanent sidewalk on the east side of "A" street, from Topaz Avenue to Market street.
2. To open up a lane through Block W, bounded by Blanchard street, Johnson street, Quadra street and Pandora street,

NANAIMO TRUSTEES FILL VACANCIES

J. A. Cunningham of Victoria
Appointed Principal of
Public Schools

Nanaimo, Aug. 14.—At a meeting of the board of School Trustees R. W. M. Gibbs of Vancouver, was appointed second assistant of the local High School, Jeffrey A. Cunningham of Victoria was appointed principal of the Public Schools, and Miss Mary B. Cunningham, also of Vancouver was appointed to the teaching staff.

DESTROYING INFECTED COWS.

Nelson, Aug. 14.—"We are destroying them now," said Dr. A. Knight, chief provincial veterinary surgeon when asked as to the action "being taken with regard to the cows condemned by Dr. B. R. Hiley for being infected with tuberculosis germs. None were being sold in the city for beef he said.

"Of course no milk from these infected cows is being sold," he continued. "This is assured because Dr. Hiley is making a daily inspection of the dairies where infected cows are being gradually dried up as far as their milk is concerned. All the sheds are being disinfected and all necessary precautions are being taken for the safety of the public. No infected animals are being sold in Nelson nor will be sold in Nelson for human consumption." Dr. Knight declared emphatically that he questioned on that feature of the question.

VERNON FAIR.

Vernon, Aug. 14.—Owing to the election coming on the 18th day of the fair, it has been decided to advance the dates of the Agricultural Society that the dates of the exhibition be advanced one day, the changed dates being September 18-20.

Imperfect Kidney Action Causes Rheumatism

Rheumatism with its kindred ailments—Lumbago, Wry Neck, Neuralgia, etc., usually results from lodgments of uric acid in the joints and muscles. Now the chief function of the kidneys is to properly filter this poison from the blood.

Only when they fail to do this is Rheumatism probable. Kidney weakness starts in various ways. A sudden chill, after perspiring freely, sometimes settles in the kidneys and an unusual strain may cause it. Poisons which should be filtered out of the system are pumped back into the blood, causing Uric Acid, the real cause of Rheumatism, Lumbago, Wry Neck, Neuralgia, etc.

In the early stages Nyal's Stone Root Compound will stop it. Will start your kidneys working properly so that the Uric Acid is reabsorbed and eliminated.

Always give your Rheumatism with it. Perhaps these early warning twinges have passed unheeded, and your Rheumatism has become chronic. Muscles all started up in knots as it were. Then you'll need Nyal's Rheumatic Cure. Ask your own druggist about these remedies. His opinion is worth while.

Sold and guaranteed by D. E. Campbell, John Cochrane, Dean & Hiscocks, P. W. Fawcett, Messrs. Hall & Co., W. Jackson & Co., F. J. Williams, Victoria.

To Rent—Three-story Warehouse on Wharf Street.

A. H. HARMAN
1317 Broad Street.

GOLDEN OPPORTUNITY AT GOLD-STREAM.

200 Acres—101 acres good land, 100 acres rough but beautifully wooded with commercial trees, about 20 acres cleared and cultivated, good fruit, small, good house on high ground, with grand view of valley; ever-flowing spring water. Although only 15 minutes from Goldstream station, the shooting, including deer and pheasants, is abundant. The rough land makes a splendid sheep-run. A stream runs through the property, which is close to two lakes. Close to school and the new Luxton station. The price, \$50.00 per acre, is only a quarter of that asked for adjoining land.
Terms—\$4,000 cash, balance on time. This is a gentleman's farm as well as a commercial proposition.
There are two trains daily to Goldstream, and the journey occupies only half an hour. Sole Agent.

Block 66, for the purpose of extending Powell street from Michigan street to Superior street.

And that all of said works shall be carried out in accordance with the provisions of the Local Improvement General By-Law, and amendments thereto, and the City Engineer and City Assessor having reported to the Council, in accordance with the provisions of Section 4 of this by-law, upon each and every of said works showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said work and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council.

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas street, and that unless a petition against any proposed work of local improvement is presented to the Council within fifteen days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by by-law in that behalf regulate and determine.

MUNICIPAL NOTICE

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

1. To construct a permanent sidewalk on the east side of Russell street, from Millie street to Esquimalt road;
2. To grade, drain and tar macadamize Dalton street, from Esquimalt road to Wilson street, and construct permanent sidewalks of concrete on both sides of said street, with curbs and gutters, also lateral connections to sewers, surface drains and water mains;
3. To grade, drain and tar macadamize Suffolk street, from Dalton street west to Bowlsby Place, and to construct permanent sidewalks, with curbs and gutters on both sides of said street, also lateral connections to sewers, surface drains and water mains;
4. To grade, drain and pave with an asphaltic pavement the lane to the west and rear of the Victoria, B. C. Board of Trade Building, as shown on a map deposited in the Land Registry Office on the 15th of July, 1911, and numbered 218;
5. To construct a permanent sidewalk of concrete (5 ft. wide) on the west side of St. Charles street, from the Fairfield road southerly to the sea;
6. To grade, drain and pave with an asphaltic pavement, with a concrete curb, the lane from Lillian road to Fairfield road, and construct permanent sidewalks, with curbs and gutters, also lateral connections to sewers, surface drains and water mains, and move poles, if necessary;
7. To construct a permanent sidewalk of concrete on the north side of Richardson street, between Vancouver street and Cook street;

And that all of said works shall be carried out in accordance with the provisions of the Local Improvement General By-Law, and amendments thereto, and the City Engineer and City Assessor having reported to the Council, in accordance with the provisions of Section 4 of this by-law, upon each and every of said works showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said work and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council.

COAL

We desire to call the attention of the

public to the availability of laying in

the months of August and Sep-

tember a large winter supply of coal. Dur-

ing these months roads are in good con-

dition and deliveries, especially to the

city districts, can readily be made. If

the rainy season arrives and the roads are in bad con-

dition, deliveries cannot be guaranteed.

Therefore, the coal dealer's

best advice is to lay in a large supply of coal

before the rainy season sets in. The public will

take care of itself, but if the public will take

precaution of laying in early and

maintaining a reserve supply this trouble

will be minimized.

yesterday afternoon from a two

months' tour of Europe. While in Lon-

don Mr. Higgins argued the Hadding-

ton Island Quarry and other appeals

before the judicial committee of the

Privy Council.

In Christ Church Cathedral yester-

day the wedding took place of Mr.

Colin Powell, of this city and Miss

Lillian Campbell, of Fox Hall, Edeot,

Berkshire, Eng. The bride was given

away by Mr. William Savage. Miss

Maude Harrison acted as bridesmaid

and Mr. Arthur Chappell as best man.

Mr. and Mrs. Powell left by the after-

noon boat for Portland and Seattle.

A quite but extremely pretty wed-

ding was celebrated on Saturday at

"Winston," Esquimalt road, the resi-

dence of Mr. and Mrs. G. L. Walker,

when their eldest daughter, Winnifred,

was united in marriage to Staff-Ser-

geant Robert Glass, P. A. M. C. Rev.

Father Flesser officiated, and the bride

was given away by her father. The

bridesmaids were Miss Olive Walker,

sister to the bride, and Miss Maude

Kemp, whilst the bridegroom was at-

tended by Sergeant G. Rex, R. C. G. A.

The popularity of the bride and bride-

groom was evidenced by the numerous

and valuable presents from their mili-

tary, naval, and civilian friends, in-

cluding Major Hart, the sergeant's

mess, the seamen on the Rainbow, and

numerous other friends. After lunch-

INTERNATIONAL TYPOGRAPHICAL UNION

Annual Convention Opens at San Francisco—Important Questions to Be Submitted

San Francisco, Cal., Aug. 15.—Plenary session of the International Typographical Union, now on strike in Cleveland, Ohio, the order of Scottish Clans, in convention at Boston, and James B. and John J. McNamara, under indictment at Los Angeles for alleged complicity in the wrecking of the plant of the Los Angeles Times, marked the opening session of the fifty-seventh annual convention of the International Typographical Union here yesterday.

An alignment which is regarded by some of the delegates as a forecast of the vote on arbitration, piecework and other important issues, appeared in a vote on the question of allowing proposals to be submitted to the convention by a majority vote of the delegates. The present rules require unanimous sanction. H. A. Sprague, of Spokane, offered an amendment allowing action on a majority vote. President James M. Lynch vigorously opposed the amendment, and considerable acerbity was shown in the debate, in which half a dozen delegates participated. President Lynch was sustained by 135 to 78.

The vote is regarded as significant, as Mr. Lynch has committed himself to a definite programme regarding the new arbitration agreement with the Newspaper Publishers' Association, and a reconsideration of the referendum vote of May 17, by which higher piece rates were prohibited. The Dallas, Texas, union had signed a similar agreement, accepting piece work, previous to May 17. The St. Louis union is under a contract with the St. Louis publishers until February 8, 1912. A recent amendatory agreement substituted for the original St. Louis contract, allowing piece work, and which Mr. Lynch refused to sanction, will be brought before the convention with the Dallas case, for special adjudication. Mr. Lynch has announced that he will stand for a rigid enforcement of the law abolishing piece work, and in the new arbitration agreement for a provision that all new agreements be executed at the option of the local union and the local publishers, and that all international law not affecting wages, hours and conditions be recognized.

Andrew Furuseth, president of the International Seamen's Union, urged co-operation on the part of the union in bringing about the enactment of right Asiatic exclusion laws. When Delegate Gus T. Winberg, of Minneapolis, offered the resolution embodying the telegram to be sent to the McNamara brothers, George Koop, of Chicago, began a vigorous denunciation of what he termed the "Los Angeles persecutors of labor," and moved an amendment voting \$10,000 for the support of the McNamaras. He was interrupted by President Lynch, who informed him that the matter must be referred to the committee on finance. Adjournment was taken until Wednesday.

HAVE YOU A BAD SORE?

If so, remember these facts—Zam-Buk is by far the most widely used balm in Canada! Why has it become so popular? Because it heals sores, cures skin diseases, and does what is claimed for it. Why not let it heal your sore?

Remember that Zam-Buk is altogether different to the ordinary ointments. Most of these consist of animal fats. Zam-Buk contains no trace of any animal fat, or any mineral matter. It is absolutely herbal.

Remember that Zam-Buk is at the same time healing, soothing, and antiseptic. Kills poison instantly, and all harmful germs. It is suitable alike for recent injuries and diseases, and chronic sores, ulcers, etc. Test how different and superior Zam-Buk really is! All druggists and stores at 50c. box. Use also Zam-Buk Soap. Best for baby's bath. 25c. tablet.

EXCHANGING FOODSTUFFS UNDER DIFFICULTIES

Table Showing Volume of Trade in Natural Products With Duties Between the Two Countries.

Some very misleading statistics are current as to the interchange between Canada and the United States of foodstuffs. In spite of the high duties on both sides of the line, there is a considerable exchange, showing that at times and places this is profitable, despite the obstacles placed in the way. We have prepared from official sources a table, herewith reproduced, which shows the Canadian exports to, and imports from, the United States in foodstuffs, with the current rate of duties charged by each country:

Article.	Canadian Duty.	Canadian from U.S.	United States Duty	Canadian Duty Paid
Wheat.....	12c. bu.	\$ 55,139	25c. bu.	\$1,883,647
Barley.....	15c. bu.	99,810	30c. bu.	66,698
Oats.....	12c. bu.	12,822	15c. bu.	534,692
Beef.....	3c. lb.	75,815	15c. lb.	12,552
Eggs.....	3c. doz.	177,677	5c. doz.	13,396
Butter.....	4c. lb.	16,163	6c. lb.	201,968
Lamb.....	25c. p.c.	121,492	75c. to \$1.50 ea.	587,604
Swine.....	25c. p.c.	2,149	\$1.50 ea.	6,307
Potatoes.....	30c. oz.	179,849	25c. bu.	\$9,104
*Green fruit.....		1,205,268		394,711

*Canadian schedules on green fruits are: Apples, bbl. 40c; berries, 2c. lb.; cranberries, etc., 25c; peaches, 1c. lb.; pears, 2c. lb.; bananas, pineapples, etc., free. The United States duties are: 25c a bushel for apples, peaches, pears, etc.; and berries, 1c. per quart.

These statistics of Canadian imports from the United States are taken from a tabulated statement submitted to parliament on March 20, 1911, by Hon. W. Patterson in reply to an inquiry by a member. The figures as to wheat and many other items conflict with those published in Conservative campaign literature, but the above table is official and is correct. It will be seen that the total imports of natural products into Canada for the year 1910 paid duty at \$1,957,396 while the exports to the United States for the same year paid \$3,964,982. The result is somewhat startling. It shows that the balance of trade in duty on natural products amounts to \$2,007,586 in favor of Canada. It will thus be seen that the products which are included in the reciprocity pact and from which the duty is to be removed constitute the chief items of exchange. It will pay the reader to cut this table out and keep it for reference in case of the distortion of facts and publication of false figures so often resorted to by the opponents of reciprocity.

GERMANY'S STAND ON ARBITRATION

Sends Note to United States—Negotiations May Be Opened

Washington, D. C., Aug. 15.—The reply of Germany to the proposition for a general arbitration treaty with the United States was presented to the state department yesterday by Count von Bernstorff, the German ambassador. It is understood to be distinctly favorable to the principles laid down by Secretary Knox, and to preface the negotiation of a treaty with Germany similar to the pending conventions with Great Britain and France, provided the United States senate does not drastically amend those agreements.

All previous efforts to negotiate an arbitration treaty with Germany have failed because of the necessity to refer the question of arbitration to the senate in each case in controversy. It was claimed that a treaty would bind Germany absolutely and irrevocably, while the United States was bound only on condition of the senate's approval.

It is understood that Germany's objection on this score will be met with a clause in the proposed treaty, providing that disputes shall be arbitrated under special agreements in each case, and the special agreements shall be binding only when confirmed by the two governments by an exchange of notes. This will give the German Emperor, as well as the senate, an opportunity to ratify the special agreements.

The senate's threat to modify the pending treaties with Great Britain and France found an echo in the House yesterday, when Representative Barthold of Missouri, made a plea for international peace, denouncing the upper body's opposition to the convention. He said the "Big Stick philosophy of Oyster Bay" wanted to leave the doors open for war.

President Taft has about decided not to press the senate to ratify the arbitration treaties at the special session of congress. After his return from Beverly yesterday, the president learned that an attempt to have the senate act favorably on the pact at this time might result in long debate and finally they might be agreed to only in modified form. He was informed that many senators had taken umbrage at his speech at Mountain Lake Park last week, asking for the moral support of the people to force the senate to act on the treaties. Rather than antagonize senators and render the chance of ratification less certain, the president is understood to have reached the conclusion not to make a fight for them at present.

IS DOUBLE-PEER.

Lord Curzon of Kedleston will not, on being advanced to an earldom of the United Kingdom, be able to vacate his Irish representative peerage, to which he has been elected for life. A vacancy in such representation is only created by death or forfeiture. The late Earl of Charlemont, on being created a peer of the United Kingdom, endeavored unsuccessfully to resign his position as a representative peer. The late Lord Powerscourt was created, when an Irish representative peer, in 1885 a peer of the United Kingdom. He remained, however, an Irish representative peer till his death in 1904, nearly twenty years after he had become the holder of an hereditary seat in the House of Lords.

AUTOMATIC SPRINKLERS

Records of fires in buildings equipped with automatic sprinklers, kept by the National Fire Protection Association, show that out of 11,257 fires the protection was successful in 10,865 cases, or 96.6 per cent. The sprinklers either extinguishing the fire or holding them in check. In 2,386 fires the operation of one sprinkler was sufficient, and 6,146 blazes were put out by three or less before a larger number were opened by the heat. About 50 per cent. of the fires occurred between 6 a. m. and 6 p. m., and 6 per cent. were discovered by employees. The fires occurred in 124 classes of occupancy. The failures or unsatisfactory fires (4.39 per cent.) in buildings equipped with auto-

UNIVERSAL RACES CONGRESS PROBLEM

London Standard Discusses Problems and Projects of Allen Leavellers

The Universal Races Congress, whose sessions open this morning, is one of those enterprises which should be greeted in terms of cautious commendation, said the London Standard on July 26th. From the purely academic standpoint, its work may well prove of considerable value. We live in an age of great intellectual curiosity. Of our own generation it may most appropriately be said that it thinks neither human nor foreign to it, and it may even be surmised that one-half of the world is beginning to have some idea how the other half lives. Congresses such as the present can both satisfy and stimulate our intellectual appetites. What, for example, is the meaning of the term race? How far are racial differences formed or accentuated by the influence of climate? To what extent can they be modified by common language or common religion? What is the mental equivalent of the physical color distinction? Questions such as these are worth consideration. Every one of them will be dealt with in to-day's proceedings, by men well qualified to speak, and the reader who has a taste for history or anthropological inquiry will read the reports of their discourses with profit. It is moreover a good thing that men of learning should meet together now and again and exchange ideas. The professors of to-day are, on the whole, less brutal to those who disagree with them than were the scholars and scientists of the eighteenth century. The reason for this change of tone is to be found not so much in any general amelioration of manners as in the fact that the opponent is no longer a vague figure typifying obscurantism, but a man of flesh and blood, to be met and argued with in a congress hall.

On the other hand, assemblies such as the present are not without their usefulness. A wave of humanitarian sentiment may induce speakers to attempt to obliterate the facts which it is their proper business to discuss. For after all race distinctions are real enough, and have not been invented by fire-breathing politicians. Every Englishman who has lived for any length of time on the Continent of Europe and has come to believe that he really understands the temperament of the people among whom he dwells, is sooner or later shaken out of his conceit by a sudden shock. A chance remark on some fundamental question, uttered by way of platitude, jars upon his whole being, and he realizes that after all Englishmen and foreigners do not think alike. But these antipathies are as nothing in comparison with the suit that separates races. Latin and Teuton may differ violently from one another, but add a Chinaman to their company and they become more or less vaguely conscious of a certain underlying sense of brotherhood, based on the traditions of a common Christianity and a common Roman-Belline civilization. The temperament of the Asiatic is alien to both. His ultimate thought is something unknown and unknowable to Europeans. Take, for example, so sympathetic a writer as Pierre Loti. No man could be more genuinely anxious to interpret the foreign mind aright. Even the Turk, whom most of us scarcely regard as a true European, has found in him a generous and understanding friend. But when confronted with the Japanese, Loti is plainly baffled. Everywhere, and especially in the details of life, he comes across things which he does not understand, and of which he is frankly afraid. And when the practical Loti is beaten, the man of books and theories can avail nothing.

Nor is it superfluous to remind the theorist that the settlement of racial questions does not lie in his hands at all. It is a practical matter. Races do meet and somehow adjust themselves to one another. All that the theorist can profitably do is to observe what happens. He will note, for instance, that inter-racial relations can be perfectly friendly so long as their basis is strictly commercial. There is no great difficulty in the way of a British merchant's employment of a Chinese clerk, or a British Government's negotiation of a Japanese alliance. But the aspect of affairs is changed when the relationship becomes social. It does not surprise us that an American citizen who happens to be white should refuse to sit in the same tramcar with an American citizen who happens to be black. Nor should it surprise us that Canada, which has witnessed the reconciliation of British and French, and extends a very welcome to Scandinavians and Poles, should close her citizenship to the yellow man. This is no manifestation of ignorant prejudice. Citizenship is not a gift communicable without limit. The average Canadian has a sound instinct that for a dozen generations will still be an Asiatic at variance on fundamental matters with the general trend of Occidental thought. Hence his determination to exclude those whom he cannot assimilate. The practical legislator will accept the situation, and will do his best to obviate friction. Therein lies safety. It is the philanthropist whose zeal brings him into conflict with human nature who provokes explosions of fanaticism. The point is one to be borne in mind by the enthusiasts who will doubtless attend to-day's congress. Its members may legitimately endeavor to smooth away certain superficial asperities, but they will do more harm than good if a spirit of unreasoning optimism tempts them to disregard the force of facts.

INVENTING THE LINOTYPE

The biggest invention in printing since Gutenberg pulled the first press proof in 1469, was the linotype. Most printers remember when hand composition was the rule, and many of them know how it was at first laughed at, as most new inventions are. W. D. Eaton tells in August Canada Monthly how he came across it and its inventor. "One evening in the Ebbitt house at

GOOD INVESTMENTS!

60 ACRES WATERFRONT, Metchoin district, close to new Canadian Northern Railway, about 12 miles by road; 35 acres cleared and cultivated, excellent soil; on main road. If you want good land, here is a bargain. Per acre \$250

9 1/2 ACRES, all cultivated, on main road, adjoining the above; school and church on opposite side of street. You can't beat this for soil. Per acre \$250

10 1/2 ACRES, a few yards from the above, on corner; all cultivated; without a stick or a stone. Only \$2,750

222 ACRES of good land, on new B. C. Electric tram line, and on corner, between five and six miles out. Only \$1,300

Cross & Co.

622 Fort Street.

Washington," says Mr. Eaton, "Major W. S. Peabody, a retired army man, told me about a machine in Baltimore that he thought had pretty big possibilities. I went to Baltimore next day and found there the first and rudimentary linotype machine. It was not known as the linotype then. I gave it the name afterward. It was in trouble and a little shop, near the waterfront. The printers wouldn't look at it. "It appealed to me at sight as the first practical thing up to that time produced with a view to substituting mechanical composition for hand work in straight reading matter, and in that I was wholly right, as results have shown. I dropped everything else and worked fourteen months to pull it into the world—and succeeded, though for eight months I had to take laughter for my pains, and then for six months fight for a bargain with the group of people in Washington who owned it, and who, without some such deliverance, would probably have owned it to this day. It was a rocky road that had no turning until I finally won the interest and aid of Melville E. Stone, now general manager of the Associated Press, then editor of the Chicago Daily News. Mr. Stone interested Victor Lawson, his partner. Whitelaw Reid soon joined us, and after that there was little difficulty.

"It turned out to be revolutionary in the printing trade. It is used all over the world now. The inventor's name was Ottmar Mergenthaler. He completed by a process of reversal the discovery of that other inventor, John Gutenberg, who made printing commercially possible, over four hundred years ago; and the two names shall go down in time together. Mergenthaler lived up to about five years ago, long enough to enjoy his success and the solid reward he had earned so well."

UNREWARDED HEROISM.

Man Who Saved Sage's Life Died in Poverty.

Penniless and friendless, William Laidlaw, when Russell Sage used as a shield to save his own life when a bomb was thrown at the money king by Henry Norcross, is dead in New York.

Sage was uninjured by the bomb, but Laidlaw was rendered an invalid for life and never received a dollar for his blighted career and shattered frame from the man whose millions to-day are being given broadcast to charity.

Laidlaw for years fought for compensation in the courts and only dropped his fight against the millionaire when all his means were gone. Once a jury awarded him a \$40,000 verdict, but this was later set aside, and Laidlaw, supported by his sisters, was at last sent to the home for incurables, where he died.

In factories and workshops of the United Kingdom there were 1,063 fatal accidents during 1910, an increase of 134 over 1909.

\$800 on Terms

We have 3 lots on Logan Avenue, next to Harriet Road, close to Burnside car line; also the Gorge waters. Splendid view from each lot. No rocks—all nice and grassy. Water's laid on. On good terms. Price, each \$800

OBITUARY RECORD

The death occurred at St. Joseph's hospital this morning of Thos. Peter Sehl, aged 38, a son of the late Frank Sehl. Deceased was born in Victoria and was well known here. Two sisters, Mrs. Dottridge, London, Eng., and Mrs. C. E. Wilson, of Victoria, and two brothers, Frank J. and Herman J., of this city, survive. The remains have been removed to the B. C. Funeral Parlor, pending funeral arrangements.

Peter Mardick, 47 years of age, died at St. Joseph's hospital yesterday afternoon. Deceased was a native of Austria. He was employed in one of the Canadian Northern construction camps and was badly injured on Saturday by a premature explosion. The remains have been removed to the Victoria Undertaking Parlor, pending funeral arrangements. An inquest will be held to-morrow afternoon at 5 o'clock.

An inquest into the death of Carl Louri, who was injured in one of the Canadian Northern construction camps on August 7, and who died at St. Joseph's hospital last Friday, will be held to-morrow afternoon at 4 o'clock. Deceased was a native of Finland and was 29 years of age. The remains are resting at the Victoria Undertaking Parlor.

LOCAL NEWS

Salmon Are Running.—Get a large fresh salmon for 25c at Brown & Cooper's, 210 Gordon street.

An important meeting of teamsters will be held in the Labor hall on Friday, August 18, at 8 p. m. All teamsters are invited to attend.

In the men's doubles at the Victoria Tennis Club's grounds this morning Dickson and Major Audain, defeated Foulkes and Pollock 2 sets to 1.

The two boys now in provincial police custody in connection with the theft of candy-booth goods at the Gorge will be brought before Magistrate Jay to-morrow afternoon.

An accident at the Canadian Northern railway construction work at Sooke, Monday week caused the death of Carl Louri, a native of Finland, who died at St. Joseph's hospital. The man was killed as the result of a discharge of dynamite used in blasting work. This is the second death recently in the same way, Peter Mardick, an Austrian, dying in St. Joseph's hospital yesterday afternoon as a result of injuries sustained on Saturday.

The first afternoon parlor meeting of the Political Equality League was held to-day at the residence of Mrs. W. A. Gleason, 11111th street. A paper was to be read by Mrs. F. E. Gordon on the status of women in countries where equal franchise has been granted. After the address a discussion will be held and following that the appointment of a local secretary will take place.

PERSONAL

Paul Edwards, the baritone, returned to Victoria yesterday from a fishing trip to Campbell River.

F. A. Jones, Esq., returned from Vancouver yesterday, after spending the week-end with Dr. and Mrs. Hayes.

Mrs. P. Nowell Johnson left yesterday for her home in Calgary, after a pleasant visit with Mrs. J. H. Tomlinson, sr., 5100th street.

W. R. Shaw, of Shaw Real Estate Co., will leave on Monday for a short trip to his home in New Brunswick and through principal cities of the east. He will return about the 1st of October.

Bro. Florman, who is in the city promoting the European tour of lacrosse teams, taking in the Olympic games at Stockholm, was yesterday entertained by the Swedish consul in Victoria, Bjornstrom. G. Bjornstrom, and Mrs. Bjornstrom, at their residence, 314 Vancouver street.

TWO KILLED BY EXPLOSION.

Pottsville, Pa., Aug. 15.—Two men were blown to pieces in a powder mill explosion to-day at Crossin's, a few miles from here.

TRAMLINE FOR HILLSIDE AVENUE

COMPANY ANNOUNCES EARLY CONSTRUCTION

Will Extend From Douglas Street to the City Limits, Including Lansdowne Ave.

Hillside avenue will have a tramline, a real, steel-rail line under the aegis of the B. C. Electric Ry. Co. and connected with its other services.

This gratifying news was conveyed to Mayor Morley this forenoon by the local manager of the company, A. T. Goward, who stated that the decision to construct the line had just been arrived at, and that the work would be commenced immediately, so as to synchronize with the paving.

The company's good faith in this matter may be testified by the simple fact that the rails required for the job have already been ordered. It is understood that the rails are coming from England, but on that particular it is impossible to speak with authority.

In the communication received from the company it is stated that Hillside will be raised from Douglas street to the city limits, which, of course, means that the line will extend along Lansdowne avenue also. That such an addition to the tram service of the city will be greeted with the highest appreciation goes without saying. Such a line has been advocated for a long time. The city's development demands it, and now it has come along in a safe way, and the city generally will feel the benefit of it, and that the residents of a growing district will show their appreciation by patronizing the new line generously.

ANNUAL FLOWER SHOW WAS OPENED TO-DAY

Magnificent Begonias Shown by Mrs. Henry Croft Feature of Splendid Exhibition

All this morning many willing helpers were engaged in the delightful task of completing the arrangements for the opening of the tenth annual flower show of the Victoria Horticultural Society at the drill hall, which took place at 2 o'clock this afternoon.

At that time the doors were opened and the judging was at once commenced, but in consequence of the record number of exhibits for the different classes in which first and second prizes were to be given, the judging had necessarily, not concluded by 2.30, when Mrs. Richard McBride formally opened the best show the society has yet offered in the city. There was a very large and fashionable crowd present, and all agreed on the excellence of the exhibits and the charming taste displayed in their arrangement.

In all there were 163 sections of the class, and a large amount of money was allocated for the prizes. In addition to the silver medals and the coronation challenge vase presented by J. S. H. Matson.

General admiration was expressed at the magnificent exhibition of begonias shown by Mrs. Henry Croft, president of the society, which graced the stand immediately in front of the doors, and which unquestionably were the bright, particular stars and features of a splendid exhibition. Mrs. Croft also showed various classes of palms.

The exhibits were arranged both on a broad central stand, long stands extending down both sides of the hall, and also on tables set conveniently along the left of the entrance. At the top of the hall long green floral festoons hung from gallery to gallery across the big hall, surmounted in the centre by a huge, diamond-studded, regal red crown. The colors of the dainty dresses of the editors who crowded along to admire the even finer flints and shades of thousands of delicate flowers whose perfume filled the hall made a delightful blaze of color, and the way the dainty baskets, the decorative bowls and the tall vases all filled with charming flowers were arranged, paid tribute to the care and skill of the many exhibitors.

Amongst the professional class were native ferns of all kinds, which made a splendid showing. The sweet peas, which, owing to climatic conditions here are the finest in the world, were prolific and larger than last year. The collection of annuals was also considerably larger than on the previous occasion, and showed a splendid collection. The dahlias were very good indeed, one class alone showing 24 different varieties.

Roses were fine too, especially considering the time of the year and that they were a second crop. The geraniums shown were quite up to standard, and then there were pansies, poppies, carnations, scabious, phlox, asters, stocks, schizanthus, marigolds, nasturtiums, candytuft, verbena, penstemon, glorioles, nasturtiums and others, making altogether a most successful show. The left side of the hall is devoted to the amateur class; that on the right to the cottage class, while the professional class is in the centre. There is also a class for school children. The show will be continued to-morrow. The following are the officers:—
Honorary president, Hon. T. W. Paterson, lieutenant-governor; president, Mrs. Henry Croft; vice-presidents, Mrs. B. W. Pearce, Mrs. Frank Barnard, Mrs. J. S. H. Matson, the Hon. Mr. Justice Martin, P. B. Pemberton and H. R. Beaven; hon. treasurer, E. E. Billingham; secretary,

WILLIAMS COMPANY HAS ANOTHER WIN

Scores Big Success With Society Comedy Entitled "La Belle Marie"

That "nothing succeeds like success" is a very old saying, but time has not dimmed its significance though it may have replaced it with more fragrant phraseology. Success is the all-star motto of life at the present time, and whether the tendency is up or down in the actual measurements of attainment is merely accidental. What matters is the driving force that gets to where its vision points.

In talking of success it would be difficult to think of a more appropriate example than the Williams Stock Company, which is at present running a short season in the Princess theatre, Yates street, where it has formed a theatrical circle all its own by the virtue of its combined personality and expressive appeal as conveyed to the people in the series of bright dramas which it is presenting weekly.

Coming to the city only a few weeks ago perfect strangers to the traditions of the place and its people they are now figured among the most popular combinations of players that have visited the city. Last night they produced the third play of their repertoire, a society comedy entitled "La Belle Marie," a title which, together with the adjectival appellation prefixed, sufficiently explains its purport; and once more they survived the test of public taste by meeting with the most unqualified approval. The play itself is light as air, but that does not make it easy. On the other hand graceful lines of the play which are entirely independent of the harrowing situations and unexpected denouements make it more difficult for the players to "fill in"; yet this they did, and in such an accomplished manner as to satisfy the demands of the most fastidious theatre-goer.

In a large degree the play pivots round the character of "La Belle Marie," and in this interesting character Miss Pinky Mullally found a splendid medium for the expression of her varied accomplishments. Mr. Van Dyke in the role of George Leighton put up a finished performance, as also did Bryan L. Alden in the difficult part of Earl Leighton. Miss Marguerite Doyle, a charming ingenue, was a fascinating Grace Leighton. Dave Williams in any comedy role is a host in himself.

The other members of the company acted well up to the standard of the principals with the result that the production went off with the smoothness and grace and perfect understanding and mutual sympathy. There will be a matinee to-morrow at 2.30 p. m.

RAILWAY STRIKE SPREADS IN ENGLAND

Flour Dealers in Manchester Report That Supply is Running Low

Manchester, Eng., Aug. 15.—The railway strike spread to-day but there was little other disturbance of a public order. The flour merchants state that the city is within three days of starvation.

Attack Home Secretary. London, Aug. 15.—Winston Churchill, the home secretary, is charged with excessive flabbiness in dealing with the dislocation of trade by reason of fear of offending political supporters.

It is even asserted without contradiction that the post office officials were obliged to get a permit from the strike leaders to move the postal vans so long as the strike lasted.

The London waterworks authorities also had to obtain similar permits in order to obtain a coal supply and to avoid a water famine.

To-day's sailing of the White Star liner Zealand from Liverpool for Boston was cancelled. The Atlantic transport steamer Minnewaska, which should have sailed from London for New York last Saturday, is expected to go away to-morrow. The St. Paul of the American Line will sail to-morrow.

American importers who rely on London for their autumn stock will in many cases suffer from a serious delay in delivery. Since the lock strike commenced the exports for America have been cut down to less than one-fourth the usual quantity.

Favor General Strike. Liverpool, Aug. 15.—At a meeting this evening of the executives of the Amalgamated Society of Railway Servants, the society of locomotive engineers and firemen and the general railway workers' union, a resolution was unanimously adopted, declaring a general railway strike throughout the United Kingdom.

FOREST FIRES RAGING. Halifax, N. S., Aug. 15.—Forest fires are raging on the southwestern shore of Nova Scotia, from Port Clyde, Shubenubut, within eight miles of the town of Liverpool. The fire has been burning for several days.

At Port Clyde twenty-five buildings were destroyed. The fire is not all in flames, but there is a continuous chain of fires, which are doing vast damage. The weather has been so dry during the summer that the fire has penetrated two feet into the ground. It still takes an enormous amount of rain to quench this fire, and until rain does come the conflagration must continue.

THEFT CHARGED AGAINST ITALIANS

FOUR MEN IN CUSTODY;
CASES ARE REMANDED

Fine of \$25 Imposed for Kicking a Horse—Notice of Appeal is Given.

Three Italians, Rocco Moir, M. Sam and G. Desmond, according to the names given by them to the police, were arrested yesterday afternoon and charged before Acting Magistrate Prior this morning in the police court with offences in connection with stolen jewelry. The cases were called; read through an interpreter, and the accused remanded, the two first named till Thursday and the third till to-morrow.

A fourth man, Domenico Bruze, is in custody on suspicion. G. Desmond is charged that he, on the 26th July last, obtained by theft from W. J. Emily a gold watch, a gold pin, two diamond rings and a gold locket, all valued at \$140. Through the interpreter he claimed to have a perfectly good defence to the allegation, but wanted to await the arrival of an Italian from Vancouver, who he says, will clear him of the charge. The magistrate remanded him on the understanding that the case will go on without fall Thursday morning.

M. Sam, the second one to be charged, has to answer to a preliminary in his possession a stolen gold-filled chain and locket knowing them to have been stolen. The articles are valued at \$5. He said the articles were presented to him in his defence Thursday morning. The third man, Moir, had in his possession a gold watch and a locket, valued at \$60, which he is charged with retaining knowing them to have been stolen from Miles C. Lowe. He pleaded not guilty, and his case is to be taken to-morrow morning.

By these arrests the police believe they have at last broken up the rooming house thief gang which has operated in Victoria for some months' past without detection. The accused were arrested in a cabin on Pandora avenue yesterday afternoon, the fourth man being brought from Vancouver last night by Detective Hutchison.

Four foreigners are recently arrested on their charge from rooming houses and sent to serve prison terms, and these now in custody are thought by the police to be members of the same gang. The three men presented before the court this morning each carried a revolver at the time of arrest. Unidentified articles recovered by the police and now at the detective office are: Gentlemen's open-faced gold-filled watch, works number 12476222, case number 3578447; gold-filled, open faced watch, works number 602045, case number 448769; gentlemen's open-faced, gold-filled watch, works number 1559666, case number 3111823 with gold-filled chain; gentlemen's open-faced, gold-filled watch, works number 1288171, case number 7788395 with steel chain; ladies' steel chain purse; cameo stick pin; gold stick pin with small diamond surrounded with six pearls; three gold watch chains with gold clips attached and a number of minor articles of jewellery.

E. C. Anderson, a baker, who admitted to the acting police magistrate this morning that he had hit his horse across the face and kicked it, was prosecuted by the Society for the Prevention of Cruelty to Animals on the information of R. A. Lort, who saw the assault. Anderson was fined \$25 with the alternative of distress or 30 days' imprisonment. D. S. Brandon, who appeared for him, said an appeal would be taken.

R. A. Lort said he was looking out of an office window and saw accused strike the horse on the head with his fist and then brutally kick the animal in the stomach.

The accused said he slapped the horse with his open hand and gave it a soft kick behind the last rib, but did not cause the horse pain.

Asked by the magistrate if the same kick behind his own last rib would have caused him pain, Anderson replied he did not think it would, but anyway

CHEAP BUNGALOW

Just off the Oak Bay Car Line, on good street, with cement sidewalks, we have a beautiful new 5-room bungalow, with large verandah, brick mantle and fireplace, durap, and tiled walls, piped for furnace, dug out, cement basement, and lot all fixed for lawn.

Price \$3,500

\$600 Cash, Balance Rent.

To see this is to buy it.

Next Merchants Bank.

GERMANY OCCUPIES TOWN IN MOROCCO

British Mediterranean Cruiser Fleet Has Been Dispatched to Tuetan

London, Aug. 15.—Interest was taken to-day in the German occupation of Agadir, Morocco, from which position Germany refuses to budge when the announcement was received from Gibraltar that the British Mediterranean cruiser fleet had sailed for Tuetan, Morocco. The French warships La Guenot, Surprise and Corbin have also sailed for Casablanca.

Germany has two or three warships at Agadir and with the warships of Great Britain and France assembled at other Moroccan ports—the Moroccan situation has an ugly appearance.

FORMER JUDGE DEAD.

Charlottetown, Aug. 15.—Edward Jarvis Hodgson, formerly master of rolls in chancery and assistant judge of the Supreme court, is dead, aged 71. He was called to the bar in 1884, and was appointed judge in 1891. He was one of the best criminal lawyers in the Maritime provinces. He was for many years chancellor of King's College, Windsor.

NANAIMO LIBERALS

IN CONVENTION

Express Confidence in the Do-
minion Government and
Ralph Smith

Resolved that the Liberals of Nani-
mo here assembled hereby express
their confidence in the Government of
Sir Wilfrid Laurier and in the issue of
Reciprocity as advanced and that this
meeting further endorses the late
member, Mr. Ralph Smith, and ex-
presses its confidence in his candi-
dature in the coming campaign and in-
structs the delegates elected to support
unanimously his nomination at the
coming convention at Duncan on Aug-
ust 17th, 1911.

The above resolution was carried
with much enthusiasm at a convention
of Nanaimo Liberals held Saturday
night in the Odd Fellows hall after the
meeting had elected twenty-one dele-
gates to the Duncan convention which
will nominate a candidate to contest
this district in the forthcoming Do-
minion elections in the Liberal Inter-
ests, says the Nanaimo Herald.

That Ralph Smith will again be the
standard bearer there is no doubt, as
every section of this district has ex-
pressed itself in this regard, a resolu-
tion having been received by Mr. Smith
from Chemainus. Duncan Liberals
having instructed their delegates to
make him the nominee and other cen-
tres going on record as endorsing Mr.
Smith's candidature and expressing
confidence in his election on September
21.

After the resolution had been carried
Mr. Smith addressed the meeting at
length, dealing with the paramount
issue of the campaign, Reciprocity, and
expressing his pleasure at the pros-
pects of a sweeping Liberal victory
throughout the country.

He was particularly pleased with the
enthusiasm shown by his supporters in
Nanaimo and according to the senti-
ments expressed, the prospects for his
receiving a majority of the vote in this
city were far better than in the two
previous elections. He had always
looked on the worst side of the situa-
tion, for many elections had been lost
by reason of over confidence, but look-
ing on the worst side he saw signs on
every hand of a splendid victory, for
which he was prepared to put up the
fight of his career. It was not a ques-
tion of voting for Ralph Smith, but one
of policy in the interests of the coun-
try, for the benefit of the present and
future generations.

Mr. Smith dealt with the obstructive
methods of the opposition which had
refused to vote supplies which had
compelled the Government to go to the
country before a Redistribution bill
had been passed. He was prepared to
make his fight for Reciprocity which
was one for the masses against the
classes, for the worker against the
capitalist and moneyed interests.

Mr. Smith concluded his remarks
expressing his confidence in a Liberal
victory with a majority larger than
that held by the party in the last
House.

INDIAN REPORTED DROWNED.

Vancouver, Aug. 15.—Bringing news
of a terrible fight against drowning on
the part of two Indians and the sup-
posed death of a third at Hope, B. C.,
Cottrell arrived in the city last night
from a two weeks' stay in the upper
Fraser district.

Mr. Cottrell says that at 6 o'clock on
Sunday evening a canoe manned by
three Indians, living near Hope, was
being paddled rapidly down stream and
when near an elbow of the river was
caught by the current, sank a little and
flipped over. The canoe and the Indians
were washed struggling down the river,
and Luke Gibson, who operates the
ferry across the river from Hope, the
engineer of the ferry, M. Kelley, Wil-
liam and Cottrell, jumped into the
gasoline launch and set out after the
Indians.

When about a mile and a half from
the town Mr. Cottrell says they saw
two of the Indians sitting astride the
canoe, and when picked up they were
found much the worse for liquor.

There probably will be an investiga-
tion.

Constipation

Is an enemy within the camp. It will
undermine the strongest constitution
and ruin the most vigorous health.
It leads to indigestion, biliousness,
impure blood, bad complexion, sick
headaches, and is one of the most
frequent causes of appendicitis. To
neglect it is slow suicide. Dr. Morse's
Indian Root Pills positively cure
Constipation. They are entirely
vegetable in composition and do not
sicken, weaken or gripe. Preserve
your health by taking

TWO DETECTIVES

ATTACKED BY MOB

Lively Fight Follows Attempt to
Break Up "Anarchist"
Meeting

San Francisco, Cal., Aug. 15.—Ef-
forts of the police to break up a meet-
ing of alleged anarchists here showed
set results of three riot calls, the
arrest of ten men, the narrow escape
of two firemen from a hurled knife,
and a detective badly bitten in the
hand.

For several months the "anarchists"
have been holding Sabbath meetings
of which complaint had been made
to the authorities. On Sunday a re-
mark from one of the speakers was
made that caused a complaint to be
lodged with the police. Two detec-
tives were sent to investigate and were
hunted at when they interrupted the
speaker. Thereupon the officers
placed Michael Carniforne and Philip
Perlot under arrest, and started to
take them to jail. With a yell of rage
that brought everybody in the neigh-
borhood on the run, the 200 assembled
"anarchists" charged the detectives,
who were forced to take refuge in a
Broadway fire truck station. A riot
call brought a squad of patrolmen to
the scene and seven other men were
taken into custody. They too were
lodged in the truck house.

As the big outer door was closing
on the retiring police the alleged lead-
er of the "anarchists" created a diver-
sion. Shouting at the top of his voice,
he jerked off his gaudy straw hat,
threw it to the ground, and danced
madly on it. Then whipping out a
large clasp knife, he sprang the blade
and hurled the weapon through the
closing door. It was a 75 foot throw
but the knife, whistling past the ears
of Firemen P. M. Hogan and Jack
Edgar, embedding itself in the wall.
Immediately a number of patrolmen
and the two firemen sallied forth to
catch the knife thrower, but he lost
himself in the crowd and escaped.
Detective William McHugh, who as-
sisted in the general arrests, was
severely bitten in the hand by one of
the prisoners and was rushed to the
central emergency hospital to have the
wound cauterized.

A third riot call was turned in be-
fore the crowd surrounding the truck
house could be dispersed, and the
planners taken to the lockup.

ELECTRICAL STORMS.

Regina, Sask., Aug. 15.—One of the
heaviest electrical storms of the season
occurred in the district Sunday night,
shortly after 8 o'clock, and was follow-
ed two hours later by a second. During
the earlier storm hail as large as good
sized walnuts fell, and it is feared that
considerable damage may have been
done to crops. It was impossible, how-
ever, to ascertain the extent of the
damage of the area covered by the
storm.

The King of Whiskies.

"King George IV"

Liqueur
WHISKY

Each bottle is guaranteed to

THE DISTILLERS COMPANY, LIMITED,
Largest Scotch Whisky Distillers
in the World
EDINBURGH, SCOTLAND.
Agents—R. F. RITHEAT & CO., Ltd., VICTORIA, B.C.

TRAIN JUMPS TRACK.

Four Persons Killed and Thirty In-
jured in Railway Wreck.

Fort Wayne, Ind., Aug. 14.—Four per-
sons were killed and thirty injured
when the Pennsylvania eighteen-hour
limited train No. 28, en route from Chi-
cago to New York, jumped the track on
the western outskirts of the city on
Sunday, while going at 50 miles an
hour. Every ambulance in the city was
called to the scene.

In leaving the rails the engines pull-
ing the passenger train sidwiped a
freight engine and the three piled up in
a mass of twisted iron.

The baggage, smoking and buffet
cars, and two sleepers turned over into
the ditch. Most of the injured were
seated in the diner and smoker when
the accident occurred. The 30 or more
injured are now in the hospitals, and it
is believed that at least four or five
will die.
