AGED CHINAMAN FOUND HANGING IN ATTIC HOME

Friends Discover Body of Lee Poy Early This Morning

Found dead in his rooms at 2.30 o'clock this morning by two friends, Lee Poy, an aged Chinaman, who has been suffering for many years from asthma of an acute nature, is alleged to be a suicide. Police headquarters had a brief report on the case this morning, culled from the medical testimony of Dr. A. D. Bechtel and from the statements of the two Orientals who are said to have found Lee Poy hanging in his lonely room. He was dead when the doctor made an examination.

MURDERER ENDED LIFE IN CALIFORNIA

C. H. Schwartz Shot Himself When Police Entered House to Arrest Him

Oakland, Cal., Aug. 10.—With Charles Henry Schwartz dead by his own hand and his "too perfect" crime plot in complete collapse, police here today worked to establish legal proof of the identity of the insurance hoax victim as G. W. Barbe, a wandering minister of the gospel. Having the positive suspicions of three persons that it was Barbe, who was killed, authorities feel identification is virtually certain.

AUTO DEATH

Windsor, Ont., Aug. 10.—Roland Wright, forty, a retired business man of Harrow, was instantly killed and Alfred C. Taylor, thirty-three, a jeweler of Harrow, was perhaps fatally injured early to-day when an automobile driven by Wright fell fifteen feet through a steel bridge seven miles north of Harrow.

CHICAGO HAD \$1,000,000 FIRE

Chicago, Aug. 10.—Lumber covering an area of two blocks went up in smoke and a tank containing 800 gallons of oil exploded when the yards of Hazle Brothers & Company here were destroyed by fire last night. It is estimated the loss totals \$1,000,000.

MAUDE, PACIFIC LONE SAILOR, IS RETURNING HERE ABOARD STEAMER

Commander Eustace Denman Maude, a retired officer of the British navy, who left Victoria May 5 alone in a 25-foot ketch to sail to England, is today on his way back to this city aboard the Canadian Government lighthouse tender Berens, which is towing his little craft the Half Moon.

A wire received by A. W. R. Wilby, Federal Marine agent in Victoria, from Captain G. A. Maude, son of Commander Maude, at noon to-day said Captain Maude had joined his father and expected to be picked up by the Berens at Quilleyto River at 3 p.m., it being the intention that the Berens, which is not fitted with wireless, will make port to-night.

FIRST NEWS TO-DAY

First news that the Half Moon and her sailor had been found reached The Times at 9.42 a.m. today in a wire from Capt. G. A. Maude. The lone navigator, seventy-seven years of age, though nearly blinded by the glaring sun during his 101-day voyage, is well, it is reported.

LANDED AT VILLAGE

Previous wires from other sources had stated the Half Moon yesterday had put into the village of Push, an Indian village South of Cape Flattery. Mrs. G. H. A. Maude, wife of Commander Maude, and his daughter, Miss Victoria B. Maude, left Victoria March 18, traveling by the Chicago and Milwaukee Railroad, for passage to England on the liner Orduna, in the company of the Old Country.

TORONTO BANK THUGS QUICKLY ARE CAPTURED

In Custody Soon After Taking \$1,500 From Branch; Clerk Gets Credit

Toronto, Aug. 10.—Quick and daring action on the part of John Cremer, an Imperial bank clerk, and Police Constable Blachford about noon to-day resulted in the capture of two bank bandits who had just held up the staff of the Imperial Bank branch at Kingston Road and Balaam Avenue here and escaped with \$1,500.

Cremer followed the bandits out of the bank and fired at their fleeing automobile. The car stopped and the men ran down a lane. Blachford rushed up and arrested them.

One of the men gave the name of Percy White. The identification of the other is not definite at present.

FIRE FIGHTERS SAID TO HAVE FLAMES UNDER CONTROL AFTER FRANTIC ALL-NIGHT EFFORTS; OUTBREAK IN HEART OF BUSINESS DISTRICT ACCENTUATES EXCITEMENT

The whole city of Ladysmith was threatened and every available man was called out by a raging timber fire closing rapidly in on the city throughout the whole day Sunday to an early hour this morning before it was under control. The fire extended the whole length of the city on the south side and was only about 200 yards from the edge of the town. Ladysmith was enveloped in dense smoke and the heat from the raging flames so close to the city was insufferable. While every man available rushed out to fire fighting duties women and children packed belongings, prepared to fly from the city if the fire fighters were unable to stay the rush of the great tongues of flames which sprang nearer and nearer to the city.

FORTY FAMILIES DRIVEN FROM COMOX BY FOREST FIRE SPREAD OVER FRONTAGE OF TWO MILES

Courtenay, Aug. 10.—Forty families who live at headquarters were taken out last night after the fire which wrecked twenty homes at Camp 3 of Comox Logging Company and nothing but the front line of fighters is now left.

But for a change in the wind headquarters would have gone last night. A train stands on the track at headquarters loaded with office records and everything that is considered most essential ready to pull out at any moment although the situation at present is more favorable than it has been for twenty-four hours.

Two-mile front. But the fire has a two-mile front, and a flicker from one wild swept tail end of it would put headquarters out of existence, if the wind which is blowing West now were to change. A dozen hoses are playing on the buildings, wetting them down, and a very stubborn fight will be made with every prospect of success.

Headquarters is twelve miles from Courtenay, where ashes are falling thick. The wind usually rises in the early afternoon, and dies at night, the critical time is usually about 4 or 5 p.m.

Since the burning of camp three of the Comox Logging Company on Saturday there have been no further advances in any of the fires in this district. The blaze which swept camp three out of existence under the pressure of a northwest wind advanced rapidly towards headquarters, the central camp of the Comox Logging Company on Sunday night and swept close to the town. All night a train was held there ready to take all the residents out if it could not be held, but the shifting of the wind relieved the situation.

EVERY AVAILABLE MAN. The Courtenay fire brigade went out to help, and all available men were pressed into service.

Constant vigilance is being maintained to prevent the leaping of the fire. All operations in the woods have been suspended to fight fire. Apart from this one point the fires are in much better shape early this morning. The blaze which has been burning on the Comox Peninsula has not jumped the long fire trail which

On Friday evening, persons said to be friendly to the Continuing Presbyterian cause cut out the lock of the church, replacing it with a fastening chain and padlock which fastened the door in two places. On Saturday evening, Mr. Lancaster, to make sure the Continuing Presbyterians could not enter the church by unhooking the padlocks attached to the chains, put two new locks on the door.

The result of the injunction was that the Continuing Presbyterians remained outside yesterday morning when the Unionists gathered for service.

There was a very large crowd in front of the church when about two minutes before 11.30 o'clock, the usual hour for service, Mr. Lancaster came from the manse, nearby, armed with p. s. snippers. Amid a deadly silence he cut the logging chains and, unhooking the two locks, threw the church open. The majority of those present entered, filling the church to capacity.

Argument on the injunction is to take place in Toronto next Friday.

THE EASTERN LUMBER COMPANY lost acres of green timber and a locomotive bridge near their plant went down. Everything in the Ladysmith district, like the rest of the Island, is as dry as tinder and this combined with the humidity, made the situation very grave. With the fire department out the excitement was increased by a blaze which broke out right in the heart of the business district. The Foresters' Hall is on one side of the building and the Abbotsford Hotel on the other. The Mutual Trading Company building carries a general stock of groceries and other merchandise and in the top floor was a quantity of paper and other inflammable material. From the burning grass the fire swept right to the upper part of the building.

SAVED BUILDINGS. The flames leaping up from the roof of the building and visible miles away started reports that the fire had made its way to the heart of the town. But for the strenuous efforts of the fire brigade and willing helpers the building would have gone up in short time and with it the adjoining buildings and a section of the business district. Every effort was turned, however, to suppressing the flames, which were under control before the other two buildings were touched.

It was 3 o'clock on Sunday morning before the fire fighters were able to relax the building and visible miles away started reports that the fire had made its way to the heart of the town. But for the strenuous efforts of the fire brigade and willing helpers the building would have gone up in short time and with it the adjoining buildings and a section of the business district. BOWSER SAYS "NO" BUT CONSERVATIVES CONTINUE SIEGE

Mainlanders Seek to Force Old Leader to Run Against Hon. J. H. King

"Bunerana," the Rockland Avenue home overlooking a large part of the city, where W. J. Bowser, K.C., former Conservative leader, has been living quietly since he retired a year ago, was the centre of another telegraphic anlong distance telephone barrage this morning, when Vancouver Conservatives launched a new offensive in their efforts to bring the veteran chieftain out of his retirement and force him into the arena of Federal politics at the opposition of the Hon. J. H. King, Minister of Public Works.

The turning of the party to its old leader reached its first climax Saturday, when various Mainland Conservative leaders were deputed to offer the nomination for the Federal constituency of North Vancouver to Mr. Bowser. They put it up to him here in Victoria, but Mr. Bowser declined it. The leaders Saturday night had to report back to their cohorts that they had failed to induce Mr. Bowser to come out of his "splendid isolation."

Over Sunday the Vancouver forces were rallied for a more determined attack on the political recalcitrant, demanding that they would agree to nothing but a favorable report.

EXPECT VANCOUVER TO ADOPT CENTRAL WATER GOVERNMENT

Victoria Settles Question While Vancouver Wavers on Water Distribution

Point Grey Representatives Demanding Separate System Despite Government

While Victoria has assured itself of permanent control of water distribution not only in the city but in all surrounding districts Vancouver is nearing a crisis in her waterworks affairs. Out of the present hopeless lack of agreement between Vancouver and its neighbors on water problems, it is believed, the Terminal City will end by establishing a central water authority somewhat like that created by Victoria's purchase of the Esquimalt waterworks.

In the opinion of Government water officials here who are most closely in touch with the Vancouver situation, the creation of a metropolitan water board controlling water distribution all over Vancouver is the logical way out of Vancouver's present difficulties. In the end, they believe, this scheme will be adopted.

At the moment, however, Vancouver and Point Grey Municipality are deadlocked and Point Grey representatives are coming here to-morrow to ask Hon. T. D. Pattullo, Minister of Lands, for permission to establish a waterworks system of their own.

This permission will not be granted as Mr. Pattullo and the Government are of the opinion that the establishment of separate waterworks systems in and around a big centre like Vancouver is undesirable. Mr. Pattullo is strongly in favor of the metropolitan water board idea.

It is understood here, however, that the Point Grey representatives have not been deterred by Mr. Pattullo's expressed desire for a metropolitan board and will press for a separate Point Grey system when they meet the Minister to-morrow. Meanwhile they are preparing arguments against any water scheme which would give the Vancouver city authorities permanent domination of all Greater Vancouver's water supply.

MAUDE, PACIFIC, LONE NAVIGATOR, RETURNING TO VICTORIA ON STEAMER

Blinded by Glare. Callan Bay, Wash., Aug. 10.—Commander Eustace Maude, a retired officer of the British navy, who departed from Mayne Island, B.C., thirty miles North of Victoria, April 30, on a lone voyage to England in a twenty-five-foot ketch, the Half Moon, landed yesterday at La Push, an Indian village thirty-five miles South of Cape Flattery, partly blind. He was reported as far South as Santa Barbara, California, July 7 and was sighted from the Washington coast last Friday, headed North, flying a distress signal.

Commander Maude said the constant glare of the sun's rays on the water had blinded him, who was unable to take observations or read his compass, which had forced him to return home. While nearly totally blind, he kept his course by the sun and stars.

Commander Maude was hit on the head by the boom of his mainsail during his voyage and for many days was in a semi-conscious state. Captain G. A. Maude, his son, who left Victoria on the Canadian light-house tender Berens Saturday in search of his father, was notified by wireless of the Half Moon's arrival at La Push. The lone voyager declared he would make another attempt to reach England in the next future.

Commander Eustace Maude sailed from Victoria in the 25-foot ketch Half Moon during stormy weather on May 5. The little craft was first sighted off Callan Bay. Then a steamship bound for San Francisco from Australia sighted her some 600 miles West of San Francisco. That was a month ago. Since then she had not been heard of until her appearance last Friday afternoon off Destruction Island, forty miles South of Cape Flattery.

The lighthouse keeper at Destruction Island, seeing Commander Maude's ketch upside down, a signal of distress, rowed out to the ketch. The aged navigator was uncommunicative, however, declining to answer questions asked by the lighthouse man. He then set a course for the North and sailed away.

Commander Maude had planned to make the voyage from Victoria to England in the Half Moon by way of the Panama Canal, across the Atlantic, up the coast of Africa, Spain and France, and thence across the English Channel to his home town.

Forty Families Driven From Comox by Forest Fire. (Continued from page 1) has been cut from Little River on the Straits clean across to Sandwick, a mile from Courtenay.

The fire, which broke out in slashing west of the town of Courtenay, caused much anxiety on Saturday night and part of Sunday to the Canadian Collieries Company, whose powerhouse on the Funnelidge River was menaced.

A big gang of men fought the fire off the wooden flume and the electric power line, which runs from Comox Lake to the powerhouse. The fire jumped the river and ran in the direction of number eight camp, but being held this morning. By desperate fighting the flume and electric transmission lines have been maintained uninjured, and the danger should now not be so great, but conditions are such that there will be a big increase over the betts for a corresponding day last year. This is accounted for largely by the big half-holiday crowds attending the races on Wednesday, which Wednesday's results have to be compared, was not a half-holiday.

RACING WAGERS SLUMP AGAIN AT MAINLAND TRACK

Three Days' Bets Show Drop From \$356,079 to \$312,924 in Year

British Columbia racing wagers continued on their downward course in Vancouver last week, according to figures compiled by taxation officials here to-day. These figures, covering three days of racing at Lansdowne Park, reveal a decline in total wagers for this period from \$356,079 last year to \$312,924 this year.

The daily wagers this year were as follows: Wednesday, \$121,750. Thursday, \$92,226. Friday, \$98,948. On the three corresponding days last year the bets were: First day, \$101,245. Second day, \$105,632. Third day, \$150,202.

AMATEUR RADIO IMPRESSED AS AID BY POLICE CHIEF

Flint Police Department is Directed by Chief Cole While Absent

Flint, Mich., Aug. 10.—Chief of Police James E. Cole of this city has the distinction of being perhaps the first police head in this country to care for the daily routine of his position by means of radio during a long period of absence from the city. While Chief Cole attended the recent Indianapolis gathering of the International organization of police chiefs in Victoria, B.C., at the corner of Mainland Street and Esquimalt Road, he has been ordered to-morrow morning at 10 o'clock at Thompson's Funeral Parlor, with Coroner E. C. Hart taking the hearing.

The deceased, known to many friends in this city as "Bumble," was twenty-two years of age, with seven years of motoring experience to his credit, including days on the race track with a fast machine, and is known to have been an excellent driver. He had a reputation in this regard. On Saturday afternoon he was driving along the Esquimalt Road, having stopped shortly before the accident to pick up a woman, Mrs. Leslie Cook, whom he was carrying in to Victoria, in a somewhat manner unbecoming to a police officer, and crashed into a telephone pole. The driver struck the pole with terrific force, the pavement, suffering minor injuries.

Both were rushed to the Jubilee Hospital. The man died shortly after his arrival there. The woman is said to be progressing favorably this morning. Constable Bishop rushed to the scene of the accident immediately on being notified of the disaster. He rushed the injured man to the hospital, perceiving the serious condition he was in, and saw that Mrs. Cook was attended to properly. The gravity of the dying man's condition was apparent at that time. Constable Bishop said at the hospital Dr. E. B. Barty made a hurried examination and notified the man's parents, 1172 Bank Street, immediately afterwards, for it was feared then that he would not live.

The parents of the deceased are Mr. and Mrs. Symons of Bank Street, who, with two other sons, William and Harry, and one daughter, Mrs. Vinal, all of this city, mourn the death of their son.

Removal of producers' marks of origin from canned goods to be prohibited.

Removal of producers' marks of origin from canned goods to be prohibited. The grant by the British Government, to which reference is made, will amount to about \$1,000,000 a year. It represents the difference between the advantage the Dominions were presumed to get under imperial preference scheme and the modified form in which the proposals were finally adopted by the British Parliament following the defeat of the Baldwin Government and its subsequent return to power. The grant has been indicated by the Baldwin Government, but it has not yet passed the British Parliament as a formal vote.

PREPARING IN U.S. FOR COAL STRIKE. Huges Cessation of Work September 1 Might Be Avoided Abandoned. Men Say Negotiations Useless Unless Owners Recognize Wage Claims.

Atlantic City, N.J., Aug. 10.—Hope that the anthracite operators and miners of the United States might reconcile their differences in time to avert a suspension September 1 has faded. John L. Lewis, president of the United Mine Workers of America, informed Samuel D. Warriner, chairman of the anthracite operators' conference, that further negotiations were useless unless the operators abandoned their opposition to wage increases and adoption of the check-off system.

Mr. Lewis' communication was in reply to Mr. Warriner's comment last Thursday on the original Lewis letter, which had preceded the breaking up of the scale conference on the previous Tuesday.

Although the miners steadily counselled against false hopes on the strength of it, considerable interest developed here in what tone Mr. Lewis would take in replying. No further exchange between the two sides appears likely soon.

Duncan News

Special to The Times
 Duncan, August 10.—Mr. and Mrs. W. H. Elkington left Duncan today for Nelson to attend the marriage of their youngest son, Gerald Erlam Elkington and Miss "Peggy" Way, daughter of Capt. and Mrs. Way, Queen's Bay, B.C.
 Capt. Eric Elkington, who is here on leave, also accompanied his parents to attend his brother's wedding.
 Visitors in Duncan for the tennis tournament included Miss Bryan, Lady Smith, Miss Miller, Victoria, Misses R. and H. Richards, James Island, Mrs. Rose, Vancouver, F. L. Baker, H. McLean, D. S. Montgomery, A. P. Wilke, Vancouver, C. Hodgson, G. Cunningham, R. G. Christie, H. S. Flett, C. H. O'Halloran, Victoria, and P. H. Hanna, Nanaimo.
 The Misses Richards of James Island, "hiked" to Duncan and camped by the Cowichan River for the tennis week. New to Duncan courts, they were a welcome addition to the tournament, and it is hoped they will come back next year.
 Duncan, Aug. 10.—Time did not permit the completion of the men's doubles event in the Duncan Lawn Tennis Club Tournament which was scheduled to end on Saturday. The final match in this event was played

on Sunday between N. R. Staples and P. L. Kingston, and N. Corfield and W. E. Corfield, all local players. The former pair won in three straight sets, 6-2, 7-5, 8-4.

Duncan players are this year the island champions. Mrs. Christmas, after some very hard fought matches, defeated all comers, P. L. Kingston doing the same in the men's singles. Kingston showed great improvement and played a splendid game throughout the tournament. Besides the singles, he won the mixed doubles, partnered with Mrs. Armstrong of Hongkong and England, and with N. R. Staples won the men's doubles.

Mrs. Christmas also won the ladies' doubles partnered with Miss Geoghegan and partnered with her husband, W. E. Christmas, stood a good chance of winning the mixed doubles, but unfortunately had to scratch in that event. H. S. Flett, Victoria, won the men's consolation singles, and Miss R. Richards, of James Island, a very promising young player, won the pearl necklace presented by W. Wilkerson of Victoria, defeating Miss Mary Waldon, 11-9, 6-7, 6-3.

At the conclusion of Saturday's play Mrs. A. H. Lomas, wife of the president of the club, presented the handsome cups to the winners, and also the beautiful challenge cup donated by G. P. Davis, M.P.P., and won by N. R. Staples, a few weeks ago.

Men's Singles
 Semi-final round—Kingston beat

Staples, 1-6, 6-8, 8-2; N. T. Corfield beat G. Cunningham, 6-2, 8-10.
Final round—F. L. Kingston beat N. T. Corfield, 6-2, 6-4, 6-7, 6-4.

Ladies' Singles
 Semi-final round—Mrs. Christmas beat Miss Connolly, 4-6, 6-0, 6-2; Miss Bond beat Mrs. Finlayson, 8-6, retired.

Final round—Mrs. Christmas beat Miss Bond, 7-5, 6-4.
Ladies' Doubles
 Semi-final round—Mrs. Armstrong and Miss Geoghegan beat Mrs. Finlayson and Miss Connolly, w.o.
Final round—Mrs. Armstrong and Miss Geoghegan beat Mrs. Christmas and Miss Bond, 8-6, 6-2, 6-2.

Mixed Doubles
 Semi-final round—Mrs. Armstrong and Kingston beat Mr. and Mrs. Christmas, w.o.; Miss Geoghegan and Baker beat Mrs. Dawson-Thomas and Cunningham, 11-9, 6-1.
Final round—Mrs. Armstrong and Kingston beat Miss Geoghegan and Baker, 6-4, 6-1.

Sidney News

Special to The Times
 Sidney, Aug. 10.—An excellent concert was given in Berquist Hall on Friday by Mr. Drury Fryce's concert party, who have been touring the island's this week. Mr. Fryce's violin solos, and the songs by Mrs. Warn, the soprano, and accompanist, and Miss Ida New, the contralto, were greatly appreciated by the audience.
 Pending identification of the bodies, no reason for the presence of the men on the track can be known, though police are working on the presumption that they were bound

PASSENGER TRAIN KILLED THREE MEN

Russians Stepped on Track Before Locomotive in Western Ontario

Winnipeg, Aug. 10.—Three unidentified Russians were instantly killed Saturday morning when they were struck by C.P.R. passenger train No. 3 at a point 161 miles East of Winnipeg near Ingolf, Ont.
 The men stepped from one railway track to another to avoid an east-bound freight train, and stepped directly in the path of No. 3. A fourth Russian realized the nearness of the passenger train in time, and was picked up unharmed after he had jumped clear of the train. He is in a hospital in Kenora, suffering from shock, and totally unable to give an account of the accident or identify the dead.

INVESTIGATION HELD

C.P.R. officials here announced last night that members of the local investigation department of the railway had proceeded to Ingolf, and were investigating the accident in party, who have been touring the island's this week. Mr. Fryce's violin solos, and the songs by Mrs. Warn, the soprano, and accompanist, and Miss Ida New, the contralto, were greatly appreciated by the audience.
 Pending identification of the bodies, no reason for the presence of the men on the track can be known, though police are working on the presumption that they were bound

per harvest fields of the prairie, and were walking toward Telford, near the scene of the accident, to board a train for Winnipeg.

MOZART FESTIVAL AT BADEN-BADEN

Berlin, Aug. 10.—The Metropolitan Opera Company and the Manhattan Opera Company of New York and the Chicago Grand Opera Company will share honors with the National Opera of London, the Opera Comique of Paris and the Opera of Berlin, Wiesbaden, Frankfurt, Stuttgart and Karlsruhe in the Mozart festival plays at Baden-Baden, which will be held from August 14 to 22.

The Metropolitan will be represented by Helen Kanders, Ellen Dailowsky, Mrs. Bymonde Delunco and George Meador. The Manhattan Opera Company will contribute to the ensemble of stars, Theodore Latterman and Ottilie Metzger-Latterman. The Chicago Company will have Lucille Chalfant and Edward Lankow on the programme.

Palmolive complexions do not come from other sorts of "olive oil" soaps

WE have led millions of women to expect fine complexions from olive and palm oils, as used in Palmolive Soap.

They have gained added beauty and fresh, clear skins. But some credit those results to olive and palm oils alone. Any "olive and palm" soap may claim to be a soap like Palmolive.

They are mistaken. Olive and palm oils have been used for ages. Cleopatra used them—Roman beauties used them. Castile soap—the real castle—attained its fame on olive oil alone.

But olive and palm oils in those forms never brought great results. Palmolive Soap has brought new beauty to millions. It has thus become the leading toilet soap of the world.

It is made in five countries to supply the world demand. And one is France—the home of fine cosmetics.

Just because Palmolive, based on 60 years of soap study, gives to these oils a new effect on the skin.

It has multiplied beautiful complexions. Now many times as many women keep their youth and charm.

There are soaps at 25 cents and over, which approach Palmolive in results. We know of two. But Palmolive sells at 10 cents—no more than ordinary soaps. Enormous production brings you this modest cost.

Now countless "olive and palm" soaps are offered for like purpose. Some have artificial colors, some are over-fatted. They will cleanse, if you want mere cleansers. But don't expect such soaps to bring Palmolive results to the skin. That is impossible.

Note the unnatural "too green" color of Palmolive imitators. What does that suggest? Men don't paint nature to improve it.

Olive and palm oils—nothing else—give Palmolive its delicate, natural color. Olive and palm oils—no other fats whatsoever—are used in Palmolive.

No "super-fattening," no "super-anything"—the only secret to Palmolive is its blending. And that is judged one of the world's priceless beauty secrets.

Wash, launder, cleanse with any soap you wish—but when beauty is at stake, take care. Use Palmolive, a soap you know is safe to use. Palmolive is nature's formula to "Keep That Schoolgirl Complexion."

Soap from Trees

The only oils in Palmolive Soap are the soothing beauty oils from the olive tree, the African palm and the coconut palm—and no other fats whatsoever.

That is why Palmolive Soap is the natural color that it is—for palm and olive oils, nothing else, give Palmolive its green color!

The only secret to Palmolive is its exclusive blend—and that is one of the world's priceless beauty secrets.

Note carefully the name and wrapper. Palmolive is never sold unwrapped.

8,000 SHARED IN BANQUET IN LONDON

Free Masons Marked Raising of \$826,014 for Erection of Home

London, Aug. 10 (Canadian Press Cable)—Eight thousand British Free Masons were seated Saturday evening at tables at Olympia, "the Madison Square Garden of London," at what is said to have been the world's largest banquet. Two thousand waitresses, many of whom had been brought from the provinces, were required to attend the guests.
 The Duke of Connaught, grand master of the United Grand Lodge of the work of raising £826,014 toward the £1,900,000 memorial fund for the erection of a home for English Free Masons in London.
 The Duke said that in view of the efforts which were being made, he anticipated little difficulty in completing the fund.
 King George, from the royal yacht at Cowes, sent a message of thanks to the brethren for their message of loyal devotion.

EX-SOLDIER WAS GIVEN BRISTOL JAIL TERM

London, Aug. 10 (Canadian Press Cable)—A remarkable story was related in the Bristol police court, when Harold Robert Hanson, aged thirty-seven, who gave his address as 81, John N.B., was sent to prison for twenty-one days on a charge of false pretences. He stated he formerly was a soldier, born in Denmark, but he had lived the greater part of his life in Canada. He claimed to be a naturalized Britisher.
 He was also charged under the Aliens Act.
 Hanson protested against his arrest, saying he had been twice wounded in the war and that it was an injustice that he should now be charged as an alien. The police stated that Hanson, since the war, had served as a coastguard in the United States, but that he had been discharged for wearing badges to which he had no right. They also claimed that while in Cardiff, Wales, recently, he had boasted officers of the United States ship by inviting them to dine at a hotel, where they found on their arrival no dinner had been ordered.

PARIS BUS FARES PUT AT HIGHER LEVEL

Paris, Aug. 10.—The progressive increases in street car and automobile bus fares in Paris seem finally to have reached the straining point. As a result of the increase in first class fares on auto buses, passengers are now flocking into the second class, at a lower fare.
 The first class fare has been increased to one franc for a continuous ride from Paris suburbs to the centre of the city. The same ride second class costs eighty centimes. Passengers are now fighting for places in the second place compartments of the buses and there is a question whether the total revenues of the company will not be decreased rather than increased because so few persons are riding at the higher first class fare.

YOUTHS CAPTURED DURING GUN FIGHT

Philadelphia, Pa., Aug. 10.—In a running gun battle early yesterday police captured two Toronto youths who are said to have terrorized the eastern section of this city. The young men, who are alleged to have confessed to a series of holdups, described themselves as "Frank Clancy, alias Ward, nineteen, and James Clancy, alias Quinn, also nineteen."

NEW ZEALANDERS DESIRE BOMBAY BUSINESS PROFITS

Bombay, Aug. 10 (Canadian Press Cable via Reuter's)—The Bombay municipal corporation has received a letter from the Government of New Zealand urging New Zealand should be exempted from the operation of the resolution passed in March, 1923, by the Bombay corporation, boycotting Dominion banks and insurance companies as a protest against the treatment of Indians overseas. The letter points out that Indians in New Zealand labor under no difficulties.

DR. C. M. MACINNIS STRESSES CANADA'S PLACE IN EMPIRE

Winnipeg, Aug. 10.—The growing importance of Canada as one of the leading units of the Empire was stressed by C. M. MacInnis, Professor of Colonial and Economic History in the University of Bristol, England, who spoke through here on his way to Calgary, the place of his birth.
 "To my mind, nothing can stop the North American Continent from becoming eventually the chief influence of the future, and I feel that in the years to come there is every likelihood of Canada becoming the centre of the British Commonwealth of Nations, with the necessary political power transferred to her," he said.
 Professor MacInnis graduated at Dalhousie and Oxford Universities. He lost the sight of both eyes as the result of wounds received during the Great War. This handicap did not prevent him from taking up his present position. He is the author of "The British Commonwealth and Its Unsolved Problems."
 "There may be some who would advocate that Canada should go forward as an independent nation, outside the British Commonwealth. I fail to see this line of reasoning, for the fact that Canada is within the Empire appears to me one of the chief reasons of her strength," declared Prof. MacInnis.
 "It will continue the vision, that Canada would consider more than she does at present the advisability of taking a share of the responsibility in the distant parts of the Empire. For that reason I would welcome more of the colonial services being thrown open to Canadians. The Secretary for the Colonies and Overseas Dominions is alive to this fact and I hope it will materialize."
 He also emphasized the importance of the Pacific in the future affairs of the world.

PALESTINE BURIAL

New Britain, Conn., Aug. 10.—For the second time in history a Jew of the United States will be buried in Palestine. The body of Louis Gans, founder of the New Britain Zionist Organization, is to be taken from its resting place in this city and sent to Jerusalem for burial among the remains of the ancient rulers of the Kingdom of David. Mr. Gans was sixty years old at his death, and had devoted his entire life to the success of the Zionist movement.

RANGERS WATCHING BISON IN THE NORTH

Edmonton, Aug. 10.—Reports brought in by Northern travelers who watched the buffalo from Wainwright National Park unloaded in the home of the wood bison at La Butte on the Slave River are that rangers have experienced a difficult time keeping the animals within the bounds allotted to them in the North. Just as soon as they left the scores, the plain buffalo headed straight for the South, it is declared, and there is much speculation among the old-timers in the North as to whether a great many of the herd will return to their old stamping grounds at Wainwright.

Sheridan Lawrence, veteran Northman of Fort Vermilion, who stopped in Edmonton on one of his periodic visits to civilization, stated there was little likelihood of the animals ever reaching Wainwright. He admitted there appeared to be a homing instinct in the plains buffalo and that it was possible they would head for the South. But as all the animals sent out from Wainwright were young, he believed they would not attempt the long return trek as might be the case with the older animals. This characteristic has been noticeable among the Klondike horses, said Mr. Lawrence, the older animals trying to make their way southward, while the young failed to betray such an instinct.

So many obstacles lie in the path of the plains buffalo, should they return, added Mr. Lawrence, they will be compelled to give up the attempt. Landed on the west side of the Slave River, in the Par North, there would be the Peace and Birch Rivers, the Birch mountains and numerous creeks and muskies that would prove insurmountable obstacles and force the buffalo to remain in the country to which they were transhipped.

CANADIAN FAILURES

Toronto, Aug. 10.—Twenty-eight commercial failures were reported throughout Canada, last week, compared with twenty-nine for the corresponding week of 1924, according to the report of R. G. Dun & Company. Three were in Manitoba and one in British Columbia.

BEDTIME STORY

Uncle Wiggily and The Bean Bag

Copyright, 1925, by McClure Newspaper Syndicate. (By Howard R. Garis)

None of the little rabbit boys and girls who lived in Uncle Wiggily's hollow stump bungalow felt like doing anything except, perhaps, eating ice-cream cones. The reason for this was that it was very hot in Woodland where the bunnies lived. Even Uncle Wiggily, himself, was so warm that he only twinkled his pink nose very slowly.

"Oh, but let's do something!" cried Tooter, who, with his brother Scooter, was sitting under the shade of a big mushroom. "Let's play tag! Come on, Jingle!" he called to his sister.

"It's too hot to play tag," she answered. "I wish I had another ice cream cone!"

"Don't eat any more ice cream cones!"

The fox jumped up and caught the bag

now," warned Nurse Jane Fuzzy Wuzzy who, with Uncle Wiggily and the rabbit brood, looked after the small bunnies. "You have had enough ice cream for a while."

"Well, then," said Scooter, "let's play hop scotch or hide and seek or something like that. It isn't any fun just sitting around this old mushroom!"

"It's too hot to play any game that makes you run and jump," said Wee-wee. "If there was only some game we could play while we sat in the shade it would be nice."

"What would be nice?" asked Uncle Wiggily, who, just then, came hopping up the path. He had been Nurse Jane needed in her kitchen.

"We want a nice game that we can play in the shade," answered Wixie, who was Wee-wee's twin brother.

"Why not play the bean bag game?" asked the bunny rabbit gentleman, and still he twinkled his pink nose, very slowly, for it was still quite warm.

"The bean bag game would be lovely, but we have no beans," said Jingle. And her brother Nipper said, "I have here some beans I bought for Nurse Jane," spoke Uncle Wiggily.

"I have here some beans I bought for Nurse Jane," spoke Uncle Wiggily.

"I have here some beans I bought for Nurse Jane," spoke Uncle Wiggily.

"I have here some beans I bought for Nurse Jane," spoke Uncle Wiggily.

gily, "and I can easily make you a bag out of some soft birch bark."

So Uncle Wiggily did this, and soon, with the bean bag, the little bunnies were having lots of fun. They could sit in the shade of the trees, the bushes or the big mushroom and toss the bean bag from one to the other. They did not have to run about after it, and they could keep cool and have jolly good times. Uncle Wiggily watched the rabbit children, and smiled beneath his pink, twinkling nose, and he was just thinking that perhaps he had better take the rest of the beans to Nurse Jane, who wanted to make an apple pudding, when, all of a sudden, Mr. Longears saw the Fuzzy Fox creeping out of the bushes.

The Fox had been hidden behind a great rock on the side of the hill, and had seen the rabbit children tossing the bean bag to and fro. Not knowing anything about bean bags, the Fox said to himself, "This sum will be the unfortunate lepers on the Philippine Islands, with a special view to the establishment of a modern lazaretto in the near future. This drive has been actually underwritten by Mrs. Kern and her associates."

The second drive is one for \$2,000, 000 under the auspices of the Guardian Association for work among juvenile delinquents in the Philippines. General Wood is sponsoring the drive and Mrs. Kern and associates will put in a visit to Dr. and Mrs. B. A. Hopkins.

IN WOMAN'S DOMAIN

WOMAN VISITOR MAKES BUSINESS OF CHARITY WORK

Mrs. Kern of Boston to Raise \$5,500,000 for Charities; Maintains Three Offices

Of the many professions which have been entered by women of recent years, few are more novel than that pursued by Mrs. Mary Frances Kern, a passenger on the incoming liner President Grant which arrived in Victoria yesterday from the Orient. Mrs. Kern is a charity drive organizer, conducting campaigns for big philanthropies, and her undertakings are on such a big scale that she maintains offices in New York, Chicago and Toronto.

Mrs. Kern is en route for her home in Boston after a business trip to the Orient and the Philippines. She is accompanied by her private secretary, Miss Laura Kennedy. She has recently undertaken to collect upwards of \$5,500,000 on behalf of three charity organizations, a stupendous task which apparently has no terrors for Mrs. Kern.

As an outcome of her present tour, this busy American woman has arranged to make a drive for \$1,500,000 for schools sponsored by General Wood, Governor of the Philippine Islands, where Mrs. Kern has been spending some time. This sum will be applied to the alleviation of the lot of the unfortunate lepers on the Philippine Islands, with a special view to the establishment of a modern lazaretto in the near future. This drive has been actually underwritten by Mrs. Kern and her associates.

The second drive is one for \$2,000, 000 under the auspices of the Guardian Association for work among juvenile delinquents in the Philippines. General Wood is sponsoring the drive and Mrs. Kern and associates will put in a visit to Dr. and Mrs. B. A. Hopkins.

Rev. Dr. Gordon officiated. The bride was given away by her father and was unattended. She wore a gown of blue pink georgette, with coffee-colored lace yoke, her small mohair hat being of similar material. Her flowers were roses. Mr. Jack Lowry acted as his cousin's best man. Mrs. Murray, mother of the bride, was gowned in pale grey georgette, heavily beaded, and wore a rose-trimmed hat. Mr. Armour and his bride left later for various points of interest in the West, and will spend part of their honeymoon on the Pacific Coast, visiting the bridegroom's parents in Vancouver. Going away the bride wore a grey and blue sports suit with small blue felt hat and an Alice blue cloth coat, trimmed with grey fur. On their return to Montreal they will reside at 321 Elm Avenue, Westmount.

JOHN F. CORDROY DIED IN PORTLAND

Portland, Ore., Aug. 10.—John F. Cordroy of Portland, veteran theatrical manager known throughout the Pacific Northwest, died at his home here yesterday.

DEATH CALLS TO LOCAL ARTIST

Miss Margaret Kitto Passed Yesterday After Long Illness

Art circles on Vancouver Island have suffered a severe loss in the death of Miss Margaret Kitto, daughter of Mrs. Kitto and the late Francis Bowyer Kitto, who passed away yesterday at her home, 320 Heywood Avenue, after a long illness.

Miss Kitto had been an active member of the Island Arts and Crafts Society since its inception, and at the time of her death was a vice-president. She was widely known for her charming work in water color and oils, showing an individuality which made her work distinctive. Her studies of Victoria's golden broom were especially popular, and for many years she was an exhibitor at the various exhibitions arranged by the Island Arts and Crafts Club. She will be much missed in local art circles.

The funeral will be held from the family residence on Tuesday at 2:15 p.m., proceeding to Christ Church Cathedral where service will be conducted by the Dean of Columbia at 2:30.

The talent was excellent, and Major Watt adjudicated the singing events. Mr. Hollins had charge of the elocution, and Mr. June and Mr. Thomas managed the boys' work of art contest. The girls' work was in the hands of Mrs. Evans, Mrs. Gurney and Miss Bird. The essays were a strong feature.

"The women of Mumbles Head" was recited by Miss Edwards, a gold medalist at Vancouver. Mrs. Mason was the accompanist of the evening, and the following are the awards of the competition: five years—1, Lillian Williams; 2, Edith Williams. Recitation, eight years—1, Iris Evans.

Solo, eight years—1, Trevor Lewis. Recitation, twelve years—1, Gladys Kinsey. Solo, 16 years—1, Miriam Williams. Recitation, 17 years—1, Phyllis Williams. Pianoforte solo, 16 years—1, Dawn Evans. Contralto solo, 16 years—1, Myra Lewis.

CHANGE IN TRAPPING RULES IS URGED

Regina, Aug. 10.—Discontinuance of the Fall and Winter trapping of muskrat in Saskatchewan is urged by eighty per cent of the correspondents of the provincial game guardian. Recommendations have also been made to stop trapping of beaver south of the Churchill River. Muskrat pelts are more valuable in the Spring when the quality of the fur is better, than in the Fall or early Winter, with a result that

prices are almost doubled for the Spring catches. The standard of the furs shipped from Saskatchewan, it is held and would be considerably enhanced by the enforcement of such a law. Saskatchewan trappers realized approximately \$1,927,912 during the last season. Muskrats were far in the lead with \$1,906,848, on a purchase price of one dollar a pelt. Total royalties collected by the province amounted to \$84,118, of which \$50,343 was collected on muskrat pelts, \$5,083 on beaver skins, \$5,384 for coyote skins and \$5,199 on red fox pelts.

BROWNING PLANNING NO MORE ADOPTIONS

Wealthy New Yorker Greatly Disappointed by Mary Louise Spas

She Is Writing Her Story for \$500; May Appear in Movies

New York, Aug. 10.—Mary Louise Spas has kicked off her Cinderella slipper and left her foster father, Edward W. Browning, to make her own way in the world by writing her story for a newspaper for \$500, and probably acting in the movies. She did not even say goodbye last night. The clothes she wore were those given her by Mr. Browning. She took them, she said, only because she had nothing else to wear. She left the fifty frocks, strings of pearls and other articles bought in her recent shopping tour of Fifth Avenue. "I spent \$20,000 trying to make that girl my foster-daughter," said Mr. Browning, who is a wealthy realtor. "You have a hard time being honest in this world. If you are somebody's sure to double-cross you. Shall I adopt another? Absolutely never. I am through trying to do good for people. She is the smartest actress in New York."

BARRISTERS ARE TO MEET IN WINNIPEG

Annual Gathering of Canadian Bar Association Set For August 26-28

Winnipeg, Aug. 10.—Elaborate preparations are being made for the annual meeting of the Canadian Bar Association, which is to be held in Winnipeg August 26 to 28, inclusive. It is expected about 400 judges and barristers from different parts of Canada will be in attendance. Among the prominent visiting delegates will be the Right Hon. Lord Buckmaster, Chief Justice of the United Kingdom, who was Lord High Chancellor of Great Britain in 1916 and 1918. Lord Hewart, Chief Justice of the Commonwealth of Australia, who is expected to attend but was obliged to withdraw owing to pressure of duties at home. Canadians who will take part in the program include: Hon. Ernest Lapointe, Minister of Justice; Sir James Aikins, Lieutenant-Governor of Manitoba; Rt. Hon. F. A. A. Martin, Chief Justice of Canada; Chief Justice Martin, of Montreal; Mr. Justice Rinfret, of the Supreme Court of Canada; Wallace Nesbitt, K.C., Toronto; Hon. R. B. Bennett, Calgary; Mr. Justice Chisholm, Halifax; Hon. W. P. Jones, K.C., Woodstock, N.B.; Judge Coatsworth, Toronto; Eugene Lafleur, K.C., Montreal; E. Read, K.C., Deseronto; The Dalhousie Law School and G. H. Barr, K.C., Regina. The Batonnier of Paris, Maître Fourcade, one of the most eminent advocates in France, may attend as representative of the bar of Paris. There will be also distinguished representatives from the United States, the names of whom have not yet been announced. An imposing programme has been prepared, which includes the names of some of Canada's leading jurists on the speakers' list. A number of social functions have been planned, including a reception by Lady-Governor James Aikins, a reception given by the association and garden parties.

HORSES OF PRAIRIES BOUGHT FOR MEAT IN EUROPEAN LANDS

Regina, Aug. 10.—Old Dobbin, whose market value was considerably under \$100, and tractor, has again come into his own, but this time in a vastly different way. A syndicate of exporters has entered the market in Western Canada for 50,000 horses of all types. To be slaughtered and shipped to Belgium, France and other European countries to satisfy the sophisticated palates of those to whom horse flesh is a genuine treat. Heading the syndicate is George Footmans of this city. He intimated he was prepared to buy all types and sizes of horses, crippled or even in poor condition, as long as they had no organic disease. Due to the heavy costs of transportation, Mr. Footmans pointed out that it was essential to get the animals at a very low price. Wild horses from the range of the south country, are also regarded as a potential source of supply. Mr. Footmans has already secured a fair percentage of the first batch he proposes to ship across the Atlantic. Until the industry has become fairly well established, the slaughtering and packing will be done in temporary quarters under the auspices of local packing firms. Choice of permanent headquarters will depend upon the development of the project. Gaston Footmans, former vice-consul for Belgium in Regina, will handle the European market of the horse flesh. The industry is a recognized one in Belgium, and Mr. Footmans believes it will be possible to market 2,500 pounds of horse meat daily, providing the supply is forthcoming. The Governments of Saskatchewan and Alberta are in favor of the project, according to Mr. Footmans. The chief source of supply will be the South ranges, where thousands of wild horses have actually become a menace to the ranchers. Mr. Footmans figures he will have to purchase the bulk of his 50,000 order at a rate of three dollars a head, in order that the undertaking may prove a paying one.

MacMillan Party Receives Time Signals From U.S. Navy Department

Short Wave Wireless Proves Boom Under Unusual Circumstances

Washington, Aug. 10.—Two-way daylight communication of a low wave length high frequency band has been established between the MacMillan Arctic expedition at Etah, Greenland, and the navy radio station at Bellevue in the District of Columbia.

Announcement was made at the Navy Department yesterday that the communication was "solid" at 3 a.m. every day, the schedule being preceded by a time signal which is apparently the only one the expedition receives with any reliability for correcting navigational instruments.

After the time signal is sent, the announcement makes all messages clear and are ordinarily reported complete at Etah 100 per cent.

The naval station at Great Lakes also has reported a 100 per cent. reception of radio messages from the steamer Peary at Etah.

"A point observed at MacMillan's previous polar expedition," it was said at the Department, "was that ships on the west coast of Greenland cannot be heard with any success by east coast stations as by middle west and even extreme west coast stations."

Announcement also was made that since the arrival of the United States fleet at Australia, two-way radio communication with the west coast has been accomplished in high frequencies, although the traffic from the United States is ordinarily routed by way of intermediate stations in the Pacific.

Considerable traffic from the fleet has been received direct by the high frequency apparatus in Washington.

WORK ON DRYDOCK GATES WILL GIVE EMPLOYMENT DURING WINTER MONTHS

Approximately 200 Men Will be Required by Yarrows Limited, After Work Opens up Fully on Last Stage of Contract; Canadian Steel Arriving Now for First of Two Huge Caissons to be Built.

Work for approximately 200 additional men will be occasioned by the construction of the new drydock caissons by Yarrows Limited here within the next few months when the work gets under full swing, it was learned to-day.

At present steel is coming through from Eastern Canada well and enough is on hand to start construction of the first of two huge water gates to be built. When the material is all on hand the work will open up into full swing and then in the neighborhood of 200 additional men will be required.

Already many more men than can be taken on at present are applying for jobs at the Esquimalt plant.

The two huge gates will absorb approximately 2,000 tons of Canadian-made steel before completion, and will be ready some time in the new year, it is thought. They form the last major part of the drydock project and when complete their mounting will proceed the formal opening of the dock by a very short time.

Both gates will be self-pumping, carrying water ballast, and will be floated in and out of position as occasion demands.

Work on the Princess Beatrice is progressing well at Yarrows Limited, Esquimalt, and she will be let down on Wednesday to go alongside the wharf for final touches before resuming her run.

Rev. G. F. Wiseman, connected with the Catholic Mission at Wu Chow Kwong Si, is on his way to Boston on furlough.

NEWS IN BRIEF

The Canadian Legion will entertain 250 members of the crew of H.M.S. Capetown to-morrow evening at 8 o'clock at a concert in the club-rooms, 1408 Douglas Street. Members of the crew and local artists will provide the programme. Dr. S. F. Tolmie, M.P., will be the guest of honor at to-morrow's weekly luncheon of the Kiwanis Club at the Chamber of Commerce, and will address the club on "The Necessity of Immigration." Inquest on the remains of the late Toynton Symons will be held at the Thomson Funeral Company premises to-morrow at 10 a.m. The funeral will take place on Wednesday from the premises at 2 p.m., the Rev. A. d' L. Nunn officiating. Interment will be at Ross Bay. Only the prompt attention of the Duesch Street fire fighting crew prevented yesterday afternoon prevented fire from destroying the nurses' home of the Royal Jubilee Hospital. A grass fire at the corner of Lee Avenue and Fort Street was blazing shoulder high and attacking a tinder-dry fence at the time the fire fighters arrived on the scene. Two rescues close to the corner were also in great peril for some minutes. To advance Liberal preparations in Ward Seven, Saanich, for Federal elections possibilities, and to discuss possibilities for holding a great Liberal picnic, a meeting of Liberals of the Saanich division was held at 8 o'clock, at 516 Gorge Road. David Ramsay, who is a member of a small organization committee working in the ward, this morning stated that he has not been appointed Liberal organizer in Saanich for the Federal Riding of Nanaimo.

NOVA SCOTIA MINE MEN RESUME WORK

Return to Pits Following Settlement of Strike Which Began March 6 Halifax, Aug. 10.—The Nova Scotia coal strike was officially declared ended last night by District President J. W. McLeod of the United Mine Workers. Whittier blew for a return to work and cutting of coal started in the mines of the British Empire Steel Corporation this morning for the first time since the men walked out on the night of March 6. Not many of the mines will actually mine coal immediately, but most of them will be in a condition to do so in a few days, and in the meantime they will be made ready. Probably some 5,000 men will be back at work within the next few days.

Working to Get More Water to Parched Uplands

Engineers Preston and Fowler, representing Victoria and Oak Bay respectively, together with a third engineer of waterworks experience, are to-day endeavoring to find means of increasing the water pressure to Uplands. On Friday last Mayor Pendray assured Reeve Anson of Oak Bay that if the lack of pressure should prove to be due to causes within the control of Victoria, the remedy will be prompt.

Retail Merchants Discuss Affairs

Vancouver, Aug. 10.—With delegates from all parts of the province in attendance, the eight annual convention of the British Columbia board of the Retail Merchants' Association of Canada opened here to-day. Mayor L. D. Taylor gave the opening address, welcoming the delegates to the city. Daryl Kent, president of the provincial body, also gave a short speech.

Man Says He Lost Sum to Swindlers

Vancouver, Aug. 10.—James Ashton of Manchester, Eng., a director of the Calico Printing Association, was swindled out of \$15,000 while visiting in Vancouver recently, when he entered into what he had been represented to him as a scheme to "beat" bookmakers on the local horse races, according to a report made to the Canadian Pacific Railway investigation department.

GYROS ENTERTAIN NAVAL OFFICERS

Guests Include Lieutenant-Commanders Preedy and Stephens Officers of H.M.S. Capetown were to-day the luncheon guests of the Gyro Club at the Chamber of Commerce, a musical programme of unusual merit, including some of the city's best artists, featuring the occasion. Lieut.-Commander W. Preedy, Lieut.-Commander J. Stephens and Lieut. O. Jones, R.M., were the three guests of honor, and in briefly addressing the Gyros, Lieut.-Commander Preedy remarked that to-day, for the first time, he realized that merit could rest in the word "Gyro." "Hitherto it has always meant to me a compass of sorts, the sort that, as soon as I go to my bunk for a rest, invariably gets out of order," he said, assuring the club that the hospitality of Victoria would long be remembered by the personnel of the Capetown as a feature of a tour destined to cover 17,000 miles of sea patrol, of which over 12,000 has been completed. Mrs. Jesse Longfield, accompanied by Mrs. Clifford Wain, delighted the Gyros with three numbers, her audience utterly refusing to be appeased with only one encore. Mrs. Wain also accompanied Leon Coon in a group of selections which aroused great applause. Some of the most appreciated items of an all-around excellent programme was the luncheon music provided by a jazz quartette, the players being Gyro Harry Holder, leader and saxophone; J. Simpson, saxophone; Arthur Farey, piano; George Farey, banjo, and George Small, drums.

ELEVATOR PLANS SATISFACTORY TO RAILWAY COMPANY

Vancouver, Aug. 10.—Approval of Sir Henry Thornton for the plans of the syndicate represented by Valentine Quinn has been given so far as the erection of a 500,000-bushel grain elevator at the Ogden Point docks, Victoria, is concerned. The plans of the elevator concern are satisfactory to the railway company, Mr. Quinn reports. Details of the plans of the same syndicate for erection of a five-million-bushel elevator on the Fraser River opposite New Westminster were laid before Sir Henry Thornton by Mr. Quinn to-day. A further conference has been arranged for to-morrow morning when it is expected a reply regarding the Fraser River project will be forthcoming. Mr. Quinn states that it is proposed to begin the erection of both elevators in September.

MILLIONAIRE IS THROUGH WITH ADOPTIONS Edward W. Browning, the New York millionaire whose search for an adopted daughter has recently brought him into prominence, is seen above surrounded by candidates for the position. This group does not, however, include the one subsequently chosen for adoption, Mary Louise Spas, who after masquerading as sixteen years of age was found to be twenty-one. Her double-crossing methods were discovered and she is now back in the world again, while her erstwhile foster-father is seeking to annul the adoption.

Wheat Estimated At 375,404,000 Bushels To-day

Ottawa, Aug. 10.—The Canadian 1925 Spring and Fall wheat crop was estimated in a report issued by the Bureau of Statistics here late this afternoon at 375,404,000 bushels. Last year's yield was 262,097,000 bushels.

CANADIAN LEGION HELD ENJOYABLE PICNIC SATURDAY

The third annual picnic of the Canadian Legion, held Saturday afternoon at Campbell's Corner, Prospect Place, was a great success. About 230 were busy and happy all day at the grounds. The happiness of all was promoted in a variety of ways, boating and bathing, free ice cream, numerous races and sports with good prizes at stake. Several tally-hos and touring cars were used to transport the picnicers to the lake. The sports were in charge of the sports committee under H. G. Thatcher, and were keenly contested. The members of the Women's Auxiliary, under Mrs. Chambers, were in charge of the tea and arrangements for supper. The enjoyment of the picnicers was greatly enhanced by the music of the Naval Brigade Boys' Band under the leadership of Bandmaster Hodgkins. Much amusement and delight was given by a comic race arranged by W. Cobbett. The prize list of the sporting events was as follows: Tiny tots under four years—Prize given to the eighteen contestants in order of finishing. O'Connor; 3, Albert Bainbridge and Alex. Proven. Women's Auxiliary—1, Mrs. Dixon; 2, Mrs. Chambers. Egg and Spoon race—1, Miss Gladys Thorpe; 2, Mrs. McGee; 3, Mrs. Britton. Wheelbarrow race, mixed—1, Miss Gladys Thorpe and Rowland Howard Johnson. Three and needle race—1, Mr. and Mrs. Robb's; 2, Mr. and Mrs. Britton. Tug of war, married vs. single men—Won by the married men. At the close of the race the Legion Commanders, Reese Macnicol, distributed the prizes and the day's enjoyment closed with hearty cheers to all who had contributed to the success of what was declared to be the best picnic the Legion had yet held.

PRESTON TELLS OF NEW ATLANTIC PLAN

Lower Rates for Migrants Agreed to By British Ship Company Scheme Provides for System of Government Control, He Says in Ottawa Ottawa, Aug. 10 (Canadian Press)—W. T. R. Preston, whose report telling of the existence of a powerful North Atlantic shipping combine which was strangling Canadian export trade caused widespread interest, is back in Ottawa with a new proposal from British interests designed to establish control over Atlantic rates. Mr. Preston said the proposal, which had come from "absolutely reliable parties," would involve government control of rates, the transportation of Canadian cattle to United Kingdom ports at \$15 a head and the bringing of immigrants to Canada when the time was ripe at a rate not to exceed 2 1/2 cents per ton. He declined to give the name of the interests from which the proposal had come, stating that if they were divulged the shipping combine would take steps to destroy the plan. Mr. Preston accompanied the remains of Sir William Peterson, who was a party to a contract with the Government for the operation of a fleet of vessels on the North Atlantic to England last June. He attended the Peterson funeral and later gave evidence in regard to the North Atlantic combine before the Imperial Shipping Committee in London. The committee, he said here, had asked him to supplement the evidence with some written evidence which he has in his possession. AT NEXT SESSION The new proposal would not be laid before the Government at present, Mr. Preston said, but he intimated the whole question of shipping rates would be a very live issue during the next session of Parliament. "No matter what the result of an election may be there will be enough members in the House of Commons to make their views on this matter known in no uncertain way," he said. "There will be no pussyfooting. I believe that when an election comes, this question will overshadow any other to which politicians may endeavor to direct public attention." WILL INFORM PUBLIC "Will you be a candidate if there is an election?" he was asked. "I don't know, but at any rate I will have an opportunity to place my case before the public," replied Mr. Preston. Mr. Preston said the Imperial Shipping Committee admitted the existence of a shipping organization which controlled ocean rates.

AUCTION DATA NOW IS READY FOR PURCHASERS

Austin Company issues Detailed Statement of Properties to Be Sold Telling of great real estate bargains to be offered at unreserved auction in Victoria on August 27, the Austin Company has issued a series of news sheets which have been distributed in the larger cities of the Pacific States, by the Charles S. Austin Co. Auctioneers, on behalf of the City. At the City Hall this morning the City Lands Department was busy processing of inquiries, the fact that official material is available regarding the properties to be offered, having spread by word of mouth. Many officers are also experiencing many local inquiries. Four pages of newspaper size are required to give the information of interested prospective purchasers. In addition to a clear map of the city, marked with the properties to be sold, photographs of many of the business and residential properties to be sold are given, while a portrait of Mayor Pendray, in the act of authorizing the auction, is featured on the front page of the broadsheet. Before the sale date arrives it is the expectation of the Austin Company that tens of thousands of descriptive material will be circulated throughout the Pacific Coast and Prairie cities, as already there have been many demands for information as to the first auction sale of Victoria City owned properties.

BRITISH POLICE SEEK RED PROPAGANDISTS

London, Aug. 10.—Communist propaganda aimed at the creation of disaffected army and navy in the ranks of the British army and navy is alleged to have been in progress for some time in several naval centres and garrisons, especially in the Aldershot camp, the principal military centre of Southern England. The newspapers which have given credence to the reports state leaflets advocating subversive doctrines have been posted numerous in the neighborhood of several naval barracks and circulated among the soldiers and sailors, but it is added they only had the effect of arousing indignation among the men. POLICE AT WORK Several newspapers to-day assert the Government takes a serious view of the question and has set the police at work to find the promoters of the propaganda. According to these stories, the police on Saturday and Sunday raided several premises in London, seizing pamphlets of a

Government Change St. John, N.B., Aug. 10.—The Liberal Government of New Brunswick headed by Premier F. R. Veniot, went down to defeat in the provincial general election to-day at the hands of the Conservative led by Hon. J. B. Baxter. Early returns seemed to indicate a "landslide"

TO REMAIN IN SPLENDID ISOLATION "I have no idea of leaving my splendid isolation to enter the Federal field," Mr. Bowser said at noon to-day. "I am willing to assist the Federal party, however, in any way I can, other than becoming the standard bearer in the campaign." The drive by the Mainlanders is continuing this afternoon despite Mr. Bowser's declaration, as the leaders declare they believe they can break down his resistance before the nomination convention, which is set for Tuesday night. The Conservatives say that Dr. King will run in North Vancouver and to match him they must put up their strongest material there. The Vancouver men said that the rally around Mr. Bowser started largely as a result of the public reception accorded him at the Vancouver Conservative picnic two weeks ago, when even old-time Bowserites were surprised at the enthusiasm manifested for the former leader on his first appearance since his retirement. HARRY STONE IN COURT IN VANCOUVER Harry Stone, held by the Provincial Police for investigation in connection with the \$42,000 theft from the Royal Bank of Canada in Nanaimo on December 12 last, will appear before a Vancouver police magistrate to-day for a further remand of eight days. It was learned here to-day, two remands have already been taken since Stone came on Canadian soil. No decision has yet been reached, it is understood, regarding the date of the actual preliminary inquiry which will take place at Nanaimo in due course. Doreen C. Watson, former Seattle dancer, for whom bail was set recently, and six prisoners still in United States cells pending extradition, comprise the list of those held in connection with the affair. The main trials will take place in Nanaimo this Fall if the prosecution can bring it about.

RICHARD BARTHELMESS IN NEWEST FIRST NATIONAL AT THE CAPITOL THIS WEEK

Martin Brown, the famous playwright and author of "Soul Fire," Richard Barthelmess' newest First National picture, which comes to the Capitol Theatre to-day, lives in a charming little white home overlooking the Mediterranean, off Monto Carlo. Here, far from the maddening distractions of Broadway, he creates the plays that have brought him world fame. Brown was an actor for seventeen years, achieving a moderate success but never making a great hit, the goal of all players. He played everything from emotional drama to light comedy. He even spent a number of seasons dancing.

Just as he appeared to be on the edge of gaining fame as a professional dancer, his doctor warned him that his heart was weak and that death lurked just around the corner unless he gave up dancing. The young actor had to make a living and he turned to writing plays. Brown's first play was "A Very Good Young Man." He followed this with the satire "The Eridugious Son." After this came "The Exciters" and then "L'Enfant d'Amour (The Love Child)." It was not until he wrote "The Lady" that success began to smile upon him. This was a big hit, as was his following drama, "Cobra." The tide had turned. Over night he became fa-

mous and wealthy. His next play, "Great Music," which has been adapted by Barthelmess into "Soul Fire," was his latest—and most recent—hit.

So Brown decided to live near the place he loved the most, Monte Carlo. He purchased "Le Petit Chien Bleu" (The Little Blue Dog), perched upon a cliff overlooking Monte Carlo. There he is now at work upon a new play, surrounded by roses, massive shaded trees and tropical blooms, with the waters of the Mediterranean gleaming below.

It is interesting to note that Brown is just now the scene's most popular playwright. "Valentino," has just filmed "Cobra." Norma Talmadge recently scored a remarkable hit in "The Lady," and now Barthelmess has made the success of his career in "Soul Fire."

Two Film Stars Had Narrow Escape in Film at Coliseum

Eminent London Actor Nearly Strangled Partner

When playing in dangerous scenes actors should have some special insurance, says Clive Brook, the eminent London actor, who plays an important part in "Playing With Souls," the thrilling picture made by Thomas H. Ince Corporation for First National.

In a great scene of this picture, which is playing at the Coliseum Theatre, Brook leaps from a bridge representing an embankment of the Seine in Paris to rescue Buster Collier, his son in the play.

"I nearly strangled Collier in that scene," relates Brook, "without any idea that he was in actual danger. My arm was crooked around his throat. He was strangled on his back. He spluttered and said: 'Let me go, let me go! I am choking!'"

"I thought he was only acting until we were taken out of the water. Then I realized what a serious chance we had taken.

"That is why I say actors should have some agreed upon word to carry a serious appeal during the action before the camera.

Colleen Moore in First National Hit At the Playhouse

Star of "So Big" One Time Planned To Be Reporter

Colleen Moore's original ambition was to become a newspaper reporter. Her uncle, Walter Howey, was managing editor of a Chicago newspaper, and had promised to give her a chance at reporting as soon as she finished her convent education. However, when she arrived in Chicago to start her reportorial career, Howey introduced her to D. W. Griffith. The latter, perceiving the great screen possibilities in the girl, induced her to join his film colony. Thus it was that journalism lost to the screen a shining light. Colleen's latest First National picture, "So Big," is now showing at the Playhouse Theatre.

Ethel Clayton Has Splendid Role in "Wings of Youth"

The management of the Capitol Theatre is pleased to announce that in conjunction with the usual picture programme they have been able to secure Theo Pennington, late prima donna of the Brandon Opera Co., Don Gray, Edward Andrews, Victoria Andrews and Alfred Everson, all ex-principals of the same company, who will present excerpts from the Gilbert and Sullivan opera, "Iolanthe." This in itself is one of the most pretentious presentations ever presented under the above conditions. Each member of the company is an artist of great ability, and it is only owing to the company closing their Summer engagement in Vancouver at the Orpheum Theatre that these artists were available in this part of the country.

There is no doubt that this new innovation will be very favorably received by the music lovers of this city.

Wing of Youth Now Showing at Columbia House for Three Days

In spite of long dissertations to the contrary, in spite of Jazz-mania and in spite of perdition itself—mother love is omnipresent in the world, no matter what the age or the community.

This supremacy has been superbly brought out in "Wings of Youth," the William Fox production directed by Emmett Flynn from the story by Harold P. Montanye, which will open a three days engagement to-day at the Columbia Theatre.

In the picture, Ethel Clayton is seen as the mother of three ultra modern daughters, interpreted by Madge Bellamy, Marian Harlan and Katherine Perry. She realizes that her daughters are strangers to her; that they would infinitely prefer spending an evening dancing in the company of strangers than with their mother.

Through the power of her great love she wins back her girls, but not before her mother-heart is torn by the weight of suffering.

Jacqueline Logan and Walter McGrath head an exceptional cast selected for the William Fox supreme attraction. "When the Door Opened" with Robert Cain, Margaret Livingston, Frank Keenan and J. Farrell MacDonald in supporting roles and Reginald Barker directing, this Oliver Curwood novel is certain to make an unusually fine production.

Walter McGrath and Lou Tellen, celebrated villains of stage and screen, have signed long term contracts to appear in William Fox pictures. Mr. McGrath's most recent villainy is in "Havoc." Lou Tellen is the villain of "East Lynne."

Peter B. Kyne's first picture for William Fox will be "Thoroughbred," a story of old Virginia, with George O'Brien in the leading role. The scenario has been prepared by Gerald C. Duffy, and Victor Schertzinger will direct.

NEWSPAPER SERIAL "CHICKIE" OPENS AT DOMINION WITH EVERY PLAYER A STAR

Seldom do movie fans have the opportunity of seeing an all-star cast such as Earl Hudson has selected for the presentation on the screen of Eleanor Meherin's famous newspaper serial, "Chickie," which will be seen beginning to-day, at the Dominion Theatre.

In the cast of this latest First National picture are Dorothy Mackaill in the title role, John Bowers as the poor lover, Hobart Bosworth as Chickie's father, Myrtle Stedman as her friend, Gladys Brockwell as her mother, Olive Tell as the wealthy rival of Chickie, Paul Nicholson as a millionaire who thinks of women usually as playthings; Lora Sonderson, former star in musical comedy, and Louise Mackintosh.

Lovers of screen drama will never forget Dorothy Mackaill in "Mighty Lak a Rose." Following that picture she was swamped with offers from producers. In "Chickie" she portrays the poor typist who longs for a millionaire husband, and with the opportunity to get one, turns it down.

John Bowers has one of the big following among the movie folk ever since he appeared in the picture "Richard the Lion-Hearted" and "Lorna Doone." Recently he won added laurels in First National's "So Big."

Hobart Bosworth needs no introduction to the screen fans. Almost since the industry began he has been one of its outstanding figures. Myrtle Stedman, who recently signed a long time contract with First National, started in pictures in the old Bell days in Chicago, and with long noted for her acting in Westerns. Gladys Brockwell gained her first fame in "vamp" roles; then to show her versatility she turned to character parts for which she is in great demand.

Olive Tell is an actress well known since she starred in First National's "As Men Desire" and again in "I Want My Man." He was the first legitimate stage actor to appear in moving pictures in New York. Lora Sonderson was one of the outstanding hits of the Music Box Revue in New York a year ago.

Crowning the production of "Chickie" is the selection as director of John Francis Dillon, who directed First National's phenomenal success, "Flaming Youth."

FELIX VALYI SPEAKS OF PROBLEMS IN ORIENTAL REGION

Williamstown, Mass., Aug. 10.—Felix Valyi of Paris, editor of The International Political Review, who is attending the sessions of the International Institute of Politics here, predicted in an interview to-day that war between Great Britain and Russia was inevitable within the next generation unless Great Britain abandoned her whiskey and opium trade in the Orient and turned to cultivating spiritual relations with Asia.

Such a war, he said, might mean the downfall of the British Empire. He asserted the east distrusted the League of Nations as a mere instrument of the European powers and that it was drifting toward Bolshevism because of the offer of social equality made by Soviet Russia to Oriental nations.

"The tremendous upheaval in the East, from Morocco to Mongolia, which constitutes one immense movement directed by the same spirit of nationalism, can not be treated by the usual methods of European colonial powers," he said.

TERMS OF BRYAN WILL MADE PUBLIC

Miami, Fla., Aug. 10.—Written by himself shortly before he departed for his last earthly battle, the Scoopes trial, the will of the late William Jennings Bryan, filed here Saturday in the Dade County Probate Court, provides for the needs of the entire family, and in addition perpetuates his fight in the cause of religion by setting aside funds for various churches and for a military school for boys under the supervision of some evangelical church.

Full of characteristic Bryan phrases and idealisms, the last testament of the Great Commoner places these close to him first in the distribution of his worldly possessions, but only a little ahead of the principles which he preached by voice and pen.

Mary Baird Bryan, the widow, it is provided, is to receive all the household furnishings and other personal belongings, in addition to one-third of the entire estate. Next in the final legal document are named the

two daughters and son, Ruth Bryan Owen, Grace Bryan Hargreaves and William J. Bryan Jr., who are to receive one-fourth each of the remaining two-thirds of the estate. The be divided among more distant relatives, and the funds for "the ennobling of the spiritual with the intellectual."

Mr. Bryan stated shortly before his death that his accumulations were less than \$500,000.

Mary Baird Bryan, widow of Mr. Bryan, was named executrix of her husband's estate by Probate Judge W. F. Blanton.

Cameron Wins Times

Cameron Wins Times Swim For Second Year

Vancouver Entry Led Audrey Griffin at Finish by Fifty Yards; Bert Buller Was Third With Jack Kinsman Fourth; Only Seven Finished Out of Thirteen Starters; Cameron Lowered His Record Made Last Year; Audrey Took Early Lead But Failed to Hold it

Johnny Cameron, of Vancouver, retained The Times cup for the through-Victoria swim on Saturday afternoon by defeating his most dangerous rival, Audrey Griffin, of the Victoria Y.M.C.A. by nearly two minutes.

Cameron was forced to set a new record for the distance in order to win. He chopped nineteen seconds off the time made by Audrey Griffin in 1921. Audrey's record was 1 hour, 2 minutes 35 seconds. When Cameron's fingers touched the finishing barge on Saturday, Timekeeper Howard Taylor announced his time as 1 hour, 2 minutes, 16 seconds.

Conditions for the race were ideal. The warm weather of the past few weeks brought the temperature of the water up to a point where it could be stood in comfort by the men. Huge crowds gathered at the starting point, on the docks and bridges along the course, and at the finish at the Gorge Bridge. The majority of the spectators were pulling hard for Audrey to win, but she did not have the power in her trudgeon stroke to offset the tremendous pull of Cameron over her.

Shortly after 2.30 o'clock the thirteen swimmers struck the water on the signal "go" from the starter, Archie Willis. Before the G.T.P. docks were passed it was quite evident that the race would be between Audrey Griffin and Cameron.

The pair kept company until after the C.M.R. bridge was passed, when Audrey made an effort to get in front. She was only able to open up a few yards. When entering the Narrows Cameron threw some more water into his stroke, and from then on increased the lead on his most feared opponent. He finished in good shape, although he was unable to use his crawl for the sprint.

Audrey reached the finish as fresh as a daisy, sprinting smartly. Her time was 1 hour 4 minutes and 6 seconds.

Buller and Kinsman separated before Curtis Point was reached, the former having speed left to close fast. He was clocked at 1 hour, 11 minutes and 20 seconds. Kinsman finished 1 minute and 15 seconds later. The closest finish was between the fifth and sixth swimmers, Jack Clyde of the V.A.S.C. was a little better than his club-mate, W. T. Stanoy, and won the decision by five seconds, Stanoy deserves great credit for his swim.

Dorinda Jones was the only other contestant to finish. She was the youngest, and did extremely well. Six swimmers failed to complete the course. They were: Bill Dickinson and Bill Y. Tomes, O. Smith, Burnett and Duncan, unattached, and Steve Barclay, V.A.S.C.

HUSKY SWIMMERS WHO COMPETED IN THE TIMES AQUATIC CLASSIC

Here are the thirteen stalwarts who braved the harbor waters in The Times annual long distance swim on Saturday afternoon. The swimmers in the above picture reading from left to right are as follows: Back row—Smith, of Dunsmuir, Jackie Clyde, V.A.S.C.; Bill Robertson, Y.M.C.A.; Bill Dickinson, Y.M.C.A.; W. T. Stanoy, V.A.S.C.; Bert Buller, V.A.S.C.; and Jack Kinsman, V.A.S.C.; Front row—Dick Burnett, Langford Lake; Dorinda Jones, V.A.S.C.; Audrey Griffin, Y.M.C.A.; Johnny Cameron, of Vancouver; Steve Barclay, V.A.S.C. and William Duncan, unattached.

Norm Forbes Hurts C.P.R. To Victory Over Up-Islanders

Leading on Nesbitt in the first inning for five hits which accounted for five runs, the C.P.R. obtained an early lead in their game with Nanaimo on Saturday afternoon at the Royal Athletic Park, which they held for the rest of the game, defeating the Up-Islanders in the second game for the island baseball championship by the score of 8-2. The local champions dished up high-class ball, and well deserved their victory. One of the best crowds of the season attended.

FORBES PITCHED GREAT BALL

Norm Forbes, the pitching ace of the C.P.R., hurled a great grand ball for the locals, while his teammates played a championship brand of ball behind him, only one error being chalked up against them. Norm only allowed six scattered hits, while the latter pitcher was not supposed to pitch through being ineligible for the series, but Nanaimo sent him into the box to make a game out of it.

Wall Street TO-DAY

Last Minute News on Stocks and Financial Affairs

To-day's market tone may be characterized as quite irregular. The oils were under pressure with the call and speculation group headed by American Can featured the afternoon session. They in turn influencing the general market.

The steel tonnage report was outstanding feature in the news. The actual showing of bookings for the corporation was directly at variance with estimates showing about half the drop reported for the June period and the statement was looked upon as being quite favorable, though the unfavorable factor in the steel situation at the present time is the low range of quotations that prevail.

While oils continued under liquidation due to disappointing trade developments in the cutting of gasoline prices, the rest of the market got away from this influence.

Several developments worked to bring this about. The first of these was the Wall Street Journal's stock market edition this afternoon says: Public edition of oil stocks at the opening of the market.

There were isolated cases of individual stock trading, notably the General Railway Signal with more than a ten point move.

Money was not a factor, ruling 4 1/2 percent unchanged. Brokers' volume reported as the opening finding an accumulation of week-end selling orders. While there has been some disposition to sell in a motor share in the opinion of a leading house, interest in General Motors had not waned.

Expectations are rather general that an extra dividend of at least \$1 will be declared. U.S. Rubber followed the trend of the general list, reacting practically from the closing of the market.

NY Air Brake followed this with a gain of over a point to 50 1/2, while strength in Westinghouse was reported at a gain of more than a point to 77.

CHICAGO GRAIN

Chicago, Aug. 10 (By R. P. Clark & Co., Ltd.)—Wheat and corn were in sympathy with declining cables and weakness at Winnipeg and settling in expectation of a decline in the price of the government. Offerings were closely absorbed and prices rallied sharply when early sellers tried to cover. Receipts for wheat estimated at 272,000 bushels, and for corn at 1,116,000 bushels.

Weather conditions were more favorable for harvest in the Canadian crop reports continued exceedingly bullish. We recommend purchases on every setback from the level of 1.116,000 bushels.

Cash prices relatively steady. Primary receipts 688,000 bushels, 1,116,000 a year ago. Country offers supply increased 1,083,000 bushels against 7,726,000 bushels a year ago.

WINNIPEG GRAIN

Winnipeg, Aug. 10—Mild price recessions were experienced on the wheat market here to-day. October delivery slumped 7/8 cent below Saturday's figure closing at 147 1/2. December declined one cent at 144 1/2 while May lost 3/4 at 149 1/2.

Lack of export demand and a tendency on the part of the trade to wait for the Canadian and United States government crop reports to be issued this afternoon were the principal features in the principal factors in the weak situation here.

Liverpool cables were fractionally lower, attributed to improved crop conditions throughout the European wheat sections. With the exception of rye, which scored a moderate advance, the coarse grain commodities declined in sympathy with wheat.

Winnipeg, Aug. 10 (By R. P. Clark and Company Limited)—Wheat: The market was the dullest to-day in many weeks with nothing of feature going on. The trend was lower but the market acted stubborn and reacted from the dips, finally closing about one cent below local support.

Seafood reported a slim demand with sales over the week end very small. The market was a little better but there was a little selling of May that looked like heading sales by strong interests. Sentiment of the market is generally conservative and prices are fairly high and with hedging pressure continuing to hold up unless export demand broadens. The trade were waiting for the Canadian and United States government reports to be issued this afternoon. Showers also in northern Alberta.

Coarse Grain: These markets continued very dull and featureless and no export business was reported. Oats and barley closed lower while rye closed higher. Flax steadily market with very little doing.

Winnipeg, Aug. 10 (R.C. Bond Corporation's direct wire)—Trade light, wheat holding within narrow limits throughout session. Support appeared in the afternoon. Canadian Government reports but difficult to trade in volume. Coarse grains featureless business reported in barley and rye.

WORLD WHEAT PRODUCTION UP

Washington, Aug. 10—Wheat production of eighteen countries in the northern hemisphere reports two-thirds of the world crop, exclusive of Russia and China, is estimated at 2,147,700,000 bushels compared with 2,090,000,000 bushels last year.

The department was informed today that the Egyptian wheat crop is estimated at 55,532,000 bushels, as compared with 24,195,000 bushels last year.

Report completes the total estimates for the North African countries which in the aggregate is placed at 195,000,000 bushels against 163,900,000 bushels last year, an increase of 25,000,000.

Golf Title Games To Be Played In Early September

Toronto, Aug. 10—The four remaining golf championship events will be decided during the first half of September, the seniors holding their events at St. Andrews, N.B., early in the month, and the ladies deciding theirs at Ottawa between September 7 and 18. The Canadian ladies' golf union has sent out the announcements regarding the twentieth open and the fourth closed champions.

In the ladies' open championship, there will be an eighteen-hole qualifying round at the Royal Ottawa Club on Monday, September 14 and thirty-two players returning the best gross scores will make up the championship flight while the next sixteen will make up the first flight. The players who qualify for the flights will meet in match play of eight holes.

Money Market To-day

New York, Aug. 10—Call money steady at 1 1/2 to 1 3/4; ruling 1 1/2; time loans firm; mixed collateral 6 1/2 to 7 1/2; 1-4 months 4 1/2 to 5 1/2; 1-6 months 4 1/2 to 5 1/2.

Prime commercial paper 4. New York, Aug. 10 (By R.C. Bond Corporation's direct wire)—Time money market opened unchanged last week. Money for sixty days nominally a per cent bid, 4 1/2 offered; three and four months 4 1/2 bid, 4 3/4 per cent offered; longer date 4 1/2 per cent bid, 4 3/4 per cent offered.

Commercial paper market moderately active with indications of no new offerings. Interior banks are ready buyers, but city banks are interested only in a routine way. Prime names 4 per cent.

London, Aug. 10 (Canadian Press Cable)—Quite naturally the chief matter of interest on the stock exchange here this week has been the reduction by the Bank of England in the bank rate from 5 to 4 1/2 per cent.

It was entirely unexpected, but it has been pronouncedly favorable. Many people are disposed to regard the reduction by the bank as a political gesture calculated to demonstrate that the gold standard does not necessarily mean dearer money.

The general buoyancy following the bank rate reduction was maintained to the close of business to-night. Among the new issues on the Stock Exchange it is notable that both the Australian loan of \$5,000,000 at 9 1/2 per cent interest, and the South African loan of \$4,000,000 at 6 per cent, have been held to a one cent premium while the recent New South Wales loan of \$5,000,000 at 5 1/2 per cent has gone fractionally above its issue price this week for the first time.

Iron and steel shares are better than they were recently. Rubber shares show little animation, but the price generally are steady.

VIOLENT STORM IN PRINCE GEORGE AREA

Electric Lighting and Telephone Systems Out of Operation For a Time

Residence of H. G. Perry, M.P.P., Struck by Lightning

Prince George, Aug. 10.—An electric storm of unprecedented violence struck here yesterday morning, putting a large part of the electric lighting system and telephone system out of order.

The residence of H. G. Perry, M.P.P., was seriously damaged by a bolt of lightning which passed through his radio aerial into the house. His two sons, who were sleeping on the front veranda, were not injured when the lightning struck their bed, setting it on fire.

CRITICISM OF COAL PLAN CONTINUES

Summer Vacation of British Parliament Does Not Stop Subsidy Discussion

London, Aug. 10.—Dispersal of the Ministers and members of Parliament for a vacation lasting till November seems not likely to stop the criticism of the Government's method of obtaining a truce in the coal mine dispute.

A prominent Conservative writer in a Sunday newspaper bluntly accused the Government of having, "for prudential reasons, financed a Communist triumph." The writer further declared Premier Baldwin had staked his party upon a prodigious hour's work.

A. J. Cook, secretary of the Miners' Federation, who by the miners and the Laborite extremists in general is being hailed as the hero of the hour for his activities in the mine dispute speaking yesterday at Crook County Durham, claimed Labor's victory was the greatest in the history of the labor movement. Its lesson was that Labor could get only what it was strong enough to demand. He predicted a first-class political crisis during the coming nine months in consequence of the government's handling of the coal deadlock.

STATEMENTS REPORTED

"Premier Baldwin" said Cook during his speech, "told me, 'You had us this time, but hereafter we will be prepared.' Chancellor Churchill, on the same occasion, said: 'Remember, Cook, this is not a gift from us, but it is cheaper than a revolution.'"

Mr. Cook said that in reply to the Chancellor, he had declared, "We don't want a revolution. We don't want to destroy one another, and that is what revolution means."

PROFITS IN SIGHT

What is said to be a moderate statement of the Government to the coal mines shows that the loss of £173,000,000, suffered by the South Wales coal mine owners during the first six months of 1925, will on the present basis be changed into a profit of £249,000, and there is a general admission, even by many Conservative newspapers, that the subsidy is only too likely to involve the taxpayers in a loss of £2,000,000 and perhaps £10,000,000, thus completely nullifying all Mr. Churchill's calculations for the next budget.

The Government's idea seems to be that by a large absorption of unemployment in the coal trade there will be a considerable set-off in saving on the unemployment dole, and also that the prospect for cheaper coal, for home and industrial purposes, ought generally to stimulate industry to the benefit of the country all round.

SHARP COMPETITION

Should the subsidy, as many believe, have the effect of greatly stimulating the production of coal, some newspapers foresee fierce competition between British and German coal in foreign markets. FRENCH FORCE LOST 106 MEN IN SYRIA

Paris, Aug. 10.—Premier Painleve, explaining the French had lost 106 men in one of last week's engagements with rebellious tribesmen in the Jebel-Druze district of Syria, declared that "events in Syria are not so grave as certain parties have sought to represent them."

He declared Hoesli, the post which dispatches from British and Arab sources stated had fallen, was still occupied by French troops.

Information contained in a report from General Sarrail, French High Commissioner in Syria, says an agitation among the Druzes growing out of difficulties between the Franco-philic and member troops to be sent to the region to maintain order. A column of 166 men was surrounded and defeated, only sixty men escaping.

The Druzes favor a French governor and their opponents desire a native governor.

The Premier praised the attitude of the British as having been correct and particularly friendly.

Hughes Is Active Now in Australian Political Field

Sydney, Australia, August 10.—William Morris Hughes, who was Prime Minister of Australia during the troublous war and post-war years, is now the most active member of the Federal Parliament. Mr. Hughes last year visited North America on a lecture tour. In five out of the six Australian States Labor has won to office, and most people believe that at the coming Federal election Labor will succeed in ousting the Bruce-Page Government, which is a coalition of the National and Country parties formed to hold off the common enemy. Mr. Hughes occasionally appears as a lecturer. He recently lectured on the Bible, extolling it as one of the books of high inspiration and chief "well of English undefiled."
