GENERAL HEADQUARTERS, FAR EAST COMMAND, APO 500

TO: Commanding General, Ryukyus Command, APO 331

1. Attention is invited to your Quarterly Ammunition Status of Stock Report for period 1 February 1950 to 30 April 1950.

2. It is noted that in some instances ammunition which is indicated in Column 10 as excess to your requirements, is not included in any of the on hand columns.

3. The Ammunition Status of Stock Report is a quarterly report to be prepared by each major command as of 1 February, 1 May, 1 August, and 1 November. Each report must arrive at General Headquarters, Far East Command no later than 1 March, 1 June, 1 September and 1 December.

a. The following instructions are furnished for your information and guidance in the preparation of future reports:

- (1) Columns 4, 6 and 8 will reflect the computed requirements for one (1) Basic Load, forty-five (45) days of supply and one (1) year's training, respectively.
- (2) Column 5 will reflect the total amount of ammunition in the hands of troops.
- (3) Column 7 will reflect the total amount of serviceable ammunition on hand in command depots to be applied against command stock level.
- (4) Column 9 will reflect the total amount of serviceable ammunition on hand in the command for training purposes.
- (5) Column 10 will reflect the total excess or shortage to minimum requirements of serviceable ammunition on hand in the command over or under minimum requirements of forty-five (45) days of supply, plus one (1) Basic Load, plus one (1) year's training requirements. (Total of Columns 5, 7 and 9 less total of Columns 4, 6 and 8).

4. The following comments are made for your information and guidance:

a. Sheet 1 - The items shown on this page are excess to the Far East Command requirements and should be reported in accordance with

paragraph 6, letter, General Headquarters, Far East Command, AG 400 (16 Jan 50)GD, subject, Supply and Servicing Procedures and Salvage Operations, 16 January 1950.

b. Sheet 2 - Item 49 indicates in Column 10 that an excess of 1,273 rounds are on hand but this quantity is not reflected in Column 7.

c. Sheet 3 - The latest Overseas Command Forecast from your command indicates that a requirement exists for ammunition for the 57mm Gun, AT, however this report does not reflect a requirement.

d. Sheet 3 - Item 95 should be refuzed and substituted for Item 91.

e. Sheet 4 - Item 132 - The amount shown in Column 10 should also be included in the amount shown in Column 7.

f. Sheet 5 - Item 161, 162, 163, 164, 165 and 166 should be rechecked for requirements. If disposition instructions are desired, then these items should be reported in accordance with instructions contained in paragraph 4a, above.

g. Sheet 5 - Item 299 shown on Sheet 9 may be substituted for Item 179. The only difference between these two (2) rounds of ammunition is the fuze. A PD fuze may be substituted for a TSQ fuze.

h. Sheet 5 - Item 178 and Sheet 6, Item 184 may be substituted for shortages shown under Item 180.

i. Sheet 6 - Items 185 and 189 show an excess in Column 10 which should also be included in Column 7.

j. Page 6 - Item 188. The shortages shown in Column 10 are believed to be in error as they exceed the total requirement.

k. Page 7 - Item 234 should be inspected and tested for serviceability.

l. Page 7 - Item 251 should be reported as excess in accordance with instructions contained in paragraph 4a, above.

m. Sheet 8 - Item 290. The excess shown in Column 10 may be substituted for Item 292 which is short.

6. Line Items 174, 301, 302, 303, 304, 307, 314, 315, 316, 317 and 318 inclusive should be inventoried and excesses verified. There is a requirement for these items in the Far East Command.
