REPORT ON ANAESTHETIC LOST BY FIRE

1. Date & Place of Fire:

17th September, 1948

Kō-466, Nagahama, Nagahama-machi, Kita-gun,
Ehime-ken.

Kō-602, Nagahama, Nagahama-machi, Kita-gun,
Ehime-ken.

2. Name, Address, Age and Occupation of Sufferers
Concerned:

AKAWO Nawoshiro (51), Ko-466, Nagahama, Kita-gun.
Doctor (Consumer of anaesthetic, No. 133582)

HAYASHI Seichi (41), Ko-602, Nagahama, Kita-gun.
Doctor (Consumer of anaesthetic, No. 133584)

3. Item & Quantity of Drugs Lost:

Unknown.

4. Information:

It seems that sparks from the chimney of the Yoshu Lumber-mill set fire to the cedar-bark thatched roof of the storehouse of dried sardine, owned by Mr. Takata Jitsuwo at 00:40 p.m. on Sept. 17.

The flames spread over crowded small houses of fishermen and others which were situated in the north-eastern part of Nagahama-machi owing to the strong north-western wind and the shortage of water-supply. The big fire was brought under control with difficulty around 3.00 p.m. Being fanned by the brisk north-western wind, the flames gained headway so rapidly that sufferers fled with only the clothes they wore.

Judging from the circumstances, it was unavoidable that the abovementioned doctors could not save anaesthetics on hand.

- 2 -

Extent of damage is as follows:

Afflicted families	201
Sufferers	788
Totally destroyed houses	185
Half destroyed houses	9
Partially destroyed houses	7
Stricken area	12,884 tsubo
Estimated damage	about ¥1,000,000,000

21 November 1946

SUBJECT: Conference held with Chief of Supply Section,
Prefectural Health Department about Narcotics

TO : Lt. Lawrence

FROM : Sgt. Carson

On 6 June 1946 the last of the former Japanese Military Narcotic Supplies were removed from Ehime Ken. According to the Head of the Supply Section of the Prefectural Public Health Department, there were only 3 occasions on which narcotics were removed; 15 March 1946; 11 May 1946; 6 June 1946. (Ref. Incl 1)

The Ehime Ken Medicine Rationing Company located at Gunchu was the central distribution agency for narcotics until 19 June 1946 when all their narcotic stocks were turned over to 3 wholesale companies located in Matsuyama, Uwajima and Saijo. (Ref. Incl 2)

At the present time there are no narcotics at the Ehime Ken Medicine Rationing Company. Narcotics are sent directly to the 3 wholesale companies from the central agency located in Tokyo.

Each wholesale company turns in a monthly inventory to the Prefectural Public Health Department showing all receipts and expenditures of narcotics.

Each company has been inspected twice by the Prefectural Health Department during the period 19 June 1946 - 20 November 1946.

2 Incls:

- 1 - List former Japanese Military Narcotic Supplies.
- 2 - List Civilian Narcotic Supplies transferred from Ehime Ken Medicine Rationing Co. to 3 wholesale companies 19 June 1946.

Incl:

- 1 - Former Japanese Military Narcotic Supplies removed from Ehime Prefecture.
