(o) RESULTS: (For all hits claimed on ship targets and for land targets of special interest, draw diagram, top or side view or both, as appropriate, showing type and location of hits. For all targets give location and effect of hits, and identify by numbers above. Use additional sheets if necessary).

1 - Three of the 500 pounders were placed on the NE - SW runway leaving the usual craters.

2 - The gun emplacements in Ishigaki town were silenced with rockets; one bomb, and strafing. Several small fires were started in the immediate vicinity of the emplacements, however specific damage was unobserved.

(p) Were Photographs Taken? Yes Photographs of Damage, When Taken, Should Be Attached By Staple.

This division, led by Lieutenant Darwin COSTLEY, arrived over Ishigaki Jima at 0630I for TCAP. Approaching Miyara airfield from the north at 9000', they pushed over in a 60° dive bombing attack. Three of the bombs were released at 2800' all of which hit the main runway.

Next, the division elected to attack some known gun positions in Ishigaki town. Spotting their target at 6000', they made a 45° rocket run, firing at 1000 yards slant range. Strafing runs were then executed.

No enemy air opposition was encountered, and only light meager A/A fire.
