ADVOCATE QUALITY SEEDS

Compare Quality as well as Price

The more concerned you are about returns the more careful you will be about the seed you plant. Good quality should be constant year after year and the buyer should decide the character, training and experience of the grower or dealer furnishing the seed upon which he must depend for his crop.

Funk Bros. are ready to cooperate with you to the best of their ability on seed as well as farm experience.

FUNKS PAR-POST SEED CORN TESTING SERVICE

This service is rapidly gaining in popularity. One landowner has ordered over 18,000 envelopes. He uses this service each year and has had excellent results. The saving in transportation charges on corn to be tested is tremendous.

Many farmers test several hundred ears of their seed lot each year to obtain disease free seed for their seed plot and to obtain a check on their present seasons seed supply.

PLEASE SEND ME NUMBERED ENVELOPES FOR TESTING.....
HUNDRED EARS OF CORN **AT 2 CENTS PER EAR.**
