"Point Divi, in lat. 15° 57' 40" N. long. 81° 15' 00" E. bears
"from Masulipatam Flag Staff S. 6° E., distant 11½ miles
"This point is very low with a narrow sandy spit extending
"from it about 2½ miles in a S. E. direction. In rounding
"this point with a fair wind during the day vessels ought
"not to come under 6 fathoms till to the Northward of
"it. Between Point Divi and False Point Divi the Coast

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that from and after the 15th of March 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., distant 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,

Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude 20° 19½' north and longitude 86° 47' east, and a buoy is placed in 21½ fathoms on the Pilot's Ridge, in latitude 20° 49½' north, and longitude 87° 42' east, the buoy therefore bears from False Point Light House north 59° 49' east true, and distant 59½ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the north east of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessel in the darkness of the night.

The Eastern Channel Light Vessel is in latitude 21° 04' north and longitude 88° 14' east, and therefore bears from the buoy on the Pilot's Ridge, north 63° 26' east, true; and distant 32½ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* color.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the North East Monsoon, the cruising grounds where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

No. 313 of 1851.—In continuation of G. G. O. No. 230, of the 23rd June 1849, the Hon'ble the President in Council is pleased, at the recommendation of the Military Board, and with the concurrence of the Most Noble the Governor General, to publish the following additional rules for the repairs of Tents with European Corps:

1st. The petty repairs on a march, the Bills for which will be passed on Regimental or Detachment Orders, are not to exceed (1) one Rupee for each Tent within the space of one month—the amount will be paid by the Commissariat Agent with the Regiment or Detachment on the receipt of the Commanding Officer; the repairs being executed under the orders of the latter, and the Bill submitted by him to the Military Board for Audit.

2nd. In the case of repairs of a more extensive nature, the Commanding Officer is to convene a Committee to examine the Tents and specify the extent of repairs required, and on the report of this Committee an Estimate will be framed for the probable cost of the repairs. If the urgency of the case requires that these repairs should be done immediately, the Survey Report and Estimate are to be submitted to the Officer Commanding the Station or Camp, who will direct the Deputy Pay Master or Commissariat Officer to advance to the Commanding Officer the requisite amount, and will transmit the Documents to the Military Board for approval, stating the reasons why the repairs were required to be made immediately.

3rd. If the repairs are not required to be executed at once, the Survey Report and Estimate will be submitted direct to the Military Board by the Officer Commanding the Corps or Detachment, and the Board will authorize him to apply to the Commissariat Officer or Deputy Pay Master for the necessary advance.

4th. In either case, the Estimate is to be so framed as to show the quantity of materials and the number of workmen that will be required to execute the repairs stated in the Survey Report to be requisite; and in order to ensure, as far as possible, the amount being sufficient, 10 per Cent. will be allowed for unforeseen Contingencies. The Station Price Current of labor and materials, under the signature of the Officer in charge of the principal Bazar, is to accompany the Estimate.

5th. The repairs are to be executed, with due regard to economy, as early as possible after receipt of the advance, and a Bill will be submitted to the Military Board, on the completion of the work, corresponding in form with the Estimate. Any considerable deviation from the amount of the Estimate is to be accounted for in a letter accompanying the Bill. A Survey Report is also to be sent showing the opinion of a Committee as to the manner in which the Tents have been repaired, and the reasonableness of the charge.

6th. Any surplus of the advance is to be paid into the Office whence it was received, and the receipt taken for the same will accompany the Bill.

7th. When Commanding Officers have Quarter Masters, all the details connected with the repairs of the Tents are to be conducted by the latter under the orders of the former, according to the usage of the service; all Bills and other Documents signed by the Quarter Master bearing the Commanding Officer's Countersignature.

8th. The advances made under this Order will be included in the accounts of the Pay Department for recovery: they are to be made by the Commissariat only at Stations where there is no Pay Office, the receipt being sent to the Pay Office for adjustment.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that *from and after the 15th of March 1852*, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., distant 22 miles.

By Order of the Superintendent of Marine.

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude $20^{\circ} 19\frac{1}{2}'$ north and longitude $86^{\circ} 47'$ east, and a buoy is placed in $21\frac{1}{2}$ fathoms on the Pilot's Ridge, in latitude $20^{\circ} 49\frac{1}{2}'$ north, and longitude $87^{\circ} 42'$ east, the buoy therefore bears from False Point Light House north $59^{\circ} 49'$ east true, and distant 59 $\frac{1}{2}$ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring

it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the north east of the Light Vessel stationed during the South West Monsoon in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude $21^{\circ} 04'$ north and longitude $88^{\circ} 14'$ east, and therefore bears from the buoy on the Pilot's Ridge, north $63^{\circ} 26'$ east, true; and distant $32\frac{1}{2}$ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 p. m. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruising ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

(Signed) H. L. THOMAS,
Master Attendant.

NEW PILOT STATION

FOR THE

• S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that from and after the 15th of March 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and

that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., distant 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,

Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude $20^{\circ} 19\frac{1}{2}'$ north and longitude $86^{\circ} 47'$ east, and a buoy is placed in $21\frac{1}{2}$ fathoms on the Pilot's Ridge, in latitude $20^{\circ} 49\frac{1}{2}'$ north, and longitude $87^{\circ} 42'$ east, the buoy therefore bears from False Point Light House north $59^{\circ} 49'$ east true, and distant 59 $\frac{1}{2}$ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the north east of the Light Vessel stationed during the South West Monsoon in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude $21^{\circ} 04'$ north and longitude $88^{\circ} 14'$ east, and therefore bears from the buoy on the Pilot's Ridge, north $63^{\circ} 26'$ east, true; and distant 32 $\frac{1}{2}$ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the North East Monsoon, the cruising ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 6th June 1851, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. V. OF 1851.

For relief of certain sufferers by the Insolvency of Sir Thomas Turton, Baronet.

Whereas, under an Act of Parliament passed in the fortieth year of the Reign of King George the Third, entitled "an Act for establishing further Regulations for the Government of the British Territories in India, and the better Administration of Justice within the same," Sir Thomas Edward Mitchell Turton, Baronet, as Registrar of the Ecclesiastical Court at Fort William in Bengal, was empowered to administer to the Estates of all British Subjects dying intestate within the said Presidency of Fort William in default of any claim made and established on behalf of any next of kin or Creditor to the deceased; And whereas the said Sir Thomas, on or about the 25th day of February 1848, resigned the Office of Registrar of the said

Ecclesiastical Court, then being insolvent, and unable to pay several large sums of money due to the owners of sundry Estates to which he had administered or had assumed to administer under the power vested in him by the said Act, and also other sums of money due to the owners of sundry Estates of which he had taken charge as such Registrar, although on account of the small value thereof or otherwise, no Letters of Administration of the last mentioned Estates were granted to him, and also other sums of money belonging either to suitors of the Supreme Court of Judicature at Fort William in Bengal, or other persons for whose benefit a trust was created in the said Sir Thomas, by reason of his holding the office of Registrar of the said Court, on its Ecclesiastical, Equity and Admiralty sides, or as Curator under Act XIX. 1841, or as Official Trustee under Act XVII. 1843;

And whereas, in order to know the deficiency of the said Sir Thomas in respect of the said several particulars of charge, certain Commissioners were appointed by an order under the seal of the Supreme Court of Judicature at Fort William, bearing date the 8th March 1848, to enquire and report thereon to the Court;

And whereas the said Commissioners made their report to the said Court, bearing date the 25th January 1849, and now filed of record in the said Court, whereby they reported fully on the several matters committed to them as aforesaid, setting forth in the body of the said Report, and also in certain Schedules thereunto annexed marked (A,) (B,) (C,) (D,) (E,) and (F) respectively the names and titles of the several Estates, suitors and other persons to whom upon the account taken by them, money or securities for money appeared to be due by the said Sir Thomas;

And whereas, it is deemed expedient that the said sufferers by the insolvency of the said Sir Thomas Edward Mitchell Turton be reimbursed their several losses out of the accumulated produce of certain unclaimed Estates, now in the custody and management of the Administrator General, due provision being made for securing the interests of the rightful claimants thereunto, if any shall hereafter appear; It is enacted as follows:

I. The net proceeds of all Estates to which the Registrar of the said Ecclesiastical Court has administered in right or under colour of his office under the said Act of Parliament, and which from the official books and accounts of the said Registrar appear to have been in the custody or control of the said Registrar ready to be distributed before the first day of January 1836, and to have been since that time unclaimed and now to continue unclaimed in the custody or control of the Administrator General in Bengal in right of his office under Act VII. 1849, and also from time to time the net proceeds of all Estates to which the said Registrar or the said Administrator General under the said Act VII. 1849 has administered, or to which the said Administrator General shall hereafter administer, and which shall in like manner appear to have continued for fifteen years in his custody or control unclaimed shall be transferred and paid, as the same respectively accrue, to the Sub-Treasurer of the East India Company at Fort William in Bengal, and be carried to the account and credit of the East India Company for the general purposes of Government, and the receipt of the said Sub-Treasurer shall be a full indemnity and discharge to

the said Administrator General for any such payment.

II. If any claim shall be hereafter made to any part of the net proceeds of any Estate so transferred and paid to the account and credit of the East India Company, and established to the satisfaction of the Administrator General and Accountant to the Government of Bengal for the time being, the said Accountant shall direct the Sub-Treasurer to repay, and the Sub-Treasurer shall thereupon repay the principal sum so paid or represented by the Securities so transferred, or so much thereof as shall appear to be due to the claimant out of the monies of the East India Company in his custody. If the claim is not established to the satisfaction of the said Administrator General and Accountant, the claimant may apply by petition to the said Supreme Court against the East India Company and Administrator General, for the time being; and, after taking evidence either orally or on affidavit in a summary way as the Court shall think fit, the Court shall make such orders on the petition as justice requires, which shall be binding on all parties to the suit.

III. The Accountant to the Government of Bengal is authorized and required from time to time to direct the Sub-Treasurer to pay, and the Sub-Treasurer shall thereupon pay, out of the monies of the East India Company in his custody, such sums as will be sufficient to pay off and discharge to such persons as shall appear to be entitled thereto, as the lawful representatives of the Intestates and others named in the Schedules (A,) (B,) (C,) (D,) annexed to the said report, and also to the suitors and other persons entitled to the Equity Deposits and Trust monies in the suits and under the trusts named in the Schedules (E) and (F) annexed to the said report, and other deposits and trust monies (if any) paid or entrusted to the said Sir Thomas by order of the said Court, and to the net proceeds of the estate of Ramnarain Coondo, of which the said Sir Thomas was Curator under Act XIX. 1841, the several principal sums of money which, upon the final adjustment of the accounts of their several claims and estates, shall appear to have been due to them respectively from the said Sir Thomas on the 25th day of February 1848, and to be then still due and unsatisfied; and also the balance due by the said Sir Thomas to Government in respect of Court fees received by him as Registrar of the said Court, but not accounted for by him to Government.

Secy. to the Govt. of India.

Fort William, Home Department, Legislative,
the 6th June, 1851.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 6th June 1851, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information:

ACT No. VI. OF 1851.
Respecting certain land in Bombay called
Foras Land.

Whereas the East India Company are legally entitled to the freehold reversion of the several lands heretofore paying a render called Foras, the

outline whereto is delineated in a plan deposited in the office of the Secretary to the Government of Bombay and authenticated by the signatures of the Right Honorable the Governor and Members of the Council of Bombay and numbered 1, subject to certain tenancies therein at will, or from year to year; and whereas it is considered expedient as of grace and favor that the rights of the said East India Company in all of the lands included in the said plan, save those marked upon the said plan as to be taken, or as having already been taken for public roads, tanks and other public purposes, the outline of which lands so to be or having been taken is also delineated in another plan numbered 2, also deposited and authenticated as aforesaid, should be extinguished save as hereinafter mentioned, It is enacted as follows:

I. The lands comprised in the said plan No. 2 shall, from and after the first day of July, in the year 1851, be vested in the said Company free from all rights therein of all other persons, for the purpose of constructing public roads, tanks and other public purposes.

II. From and after the said first day of July, the rights of the said Company in all of the said lands mentioned in the said plan No. 1, except those mentioned in the said plan No. 2, shall be extinguished in favor of the persons who shall then hold the same respectively as the immediate rentpayers to the said Company, saving the rents now severally payable in respect of such lands, which shall continue payable, and recoverable by distress or by any means by which land revenue in Bombay is or shall be recoverable under any Act or Regulation, and saving also all rights of forfeiture and escheat, in respect of want of heirs or representatives, or of felonies committed, or otherwise in respect of attainder.

III. As between such rentpayers and other persons, such extinguishment shall enure for the benefit of the persons beneficially entitled to the lands thereby affected, and not of any mere Trustee or other person in whom the legal estate only is or may be vested.

IV. Nothing herein contained shall exempt such lands from being liable to any future general taxes on land in Bombay, or from being subject to Act XXVIII. 1839 and Act XVII. 1850.

V. After the said first day of July as soon as shall be convenient, the Governor of Bombay in Council shall appoint fit persons, not exceeding five in number, to be Commissioners under this Act, for the purposes hereinafter mentioned (with such salaries or remuneration as to the said Governor in Council shall seem fit); any three or four of whom met together, (two being Officers of Government), may do any act which by this Act the Commissioners are empowered to do; and in case of the death, resignation, removal or absence of any such Commissioner, the Governor in Council shall appoint another in his room.

VI. A duplicate of the said plans, authenticated by one of the Secretaries to the Government of Bombay, shall be lodged with the said Commissioners and shall form a record of their office.

VII. From and after the said first day of July the said Commissioners shall proceed to estimate the value of the several portions of land and the improvements thereon comprised in the said plan No. 2, and of the increase which will be incurred in executing this Act, and to

assess the amount of such estimate in such way and in such proportions as to them shall seem right to and upon the lands mentioned in the said plan No. 1, and the fund to be raised by such assessment shall be denominated the "Foras Land Assessment Fund"; and for the purpose of framing such estimate and making such assessment the said Commissioners may summon as witnesses any persons whomsoever, whether interested or not in the said lands, and examine them on oath or otherwise as they may see fit, or proceed upon a mere estimate, according to the best of their judgment, without evidence.

VIII. Any person summoned as a witness, and refusing or without lawful excuse neglecting to appear and give evidence according to the terms of the summons may, on proof thereof, be fined by any Magistrate of Police for every default a sum not exceeding ten Rupees, to be paid to the said Commissioners for the said Foras Land Assessment Fund, and may be committed to prison in default of payment.

IX. The said estimate and assessment when completed shall be signed by the said Commissioners and form a record of their office.

X. After the completion of the said estimate the said Commissioners shall make out and sign certificates, which shall, by numbers, or in such other way as to the said Commissioners may seem more convenient, refer to the several portions of land mentioned in the said plan No. 2, and shall shew the estimated value of the land and improvements thereon to which the same refer, which certificate shall give to the holders thereof a right to demand payment of the sums for which the same are in the body of the same expressed to be granted, from and out of the said "Foras Land Assessment Fund", after the said Commissioners shall, by public advertisement in the Bombay Government Gazette, have advertised that they are ready to redeem the said certificates.

XI. The persons who shall have been the rentpayers to the said Company on the said first day of July of any land mentioned in the said plan No. 2, or their representatives or assigns shall be entitled to be the first holders of the certificates relating to the same lands.

XII. When the said certificates shall have been completed, the said Commissioners shall distribute the certificates to the persons entitled thereto; or, if it shall appear to them doubtful to whom any certificate should be delivered, may deposit it with the Prothonotary of the Supreme Court of Judicature established at Bombay by Royal Charter, which Court may adjudicate upon the right to every certificate so deposited, and may direct how such right shall be tried.

XIII. The delivery to any person by the Commissioners of any certificate shall not confer upon him any right to retain the same as against any person having a better title thereunto, who shall be at liberty to sue for and recover the same, and all benefits thereto belonging, in the said Supreme Court, by such proceeding as the said Court shall direct.

XIV. When the said assessment shall have been completed, the Commissioners shall give notice thereof in the Government Gazette, and after the expiration of three weeks next following the publication of such notice shall proceed to collect the assessments, and if necessary to levy them by distress and sale of any goods found on

the said lands, or by sale of the lands assessed; and the said Commissioners shall keep accounts of the sums received for assessment, and pay the same from time to time into the Bank of Bombay.

XV. The said Commissioners, subject to the approval of the Governor of Bombay in Council, may employ such Surveyors, Accountants and Clerks as to them shall seem fit, and incur such other charges and make such disbursements from the said Foras Land Assessment Fund as may be necessary for executing the provisions of this Act.

XVI. The Commissioners may receive any portion of the assessment from any person, but any receipt granted by them for the same shall not affect the title to any lands in respect whereof the same shall have been paid; and, when the said Foras Land Assessment Fund, or such portion thereof as to the said Commissioners shall seem adequate, shall have been recovered, the said Commissioners shall redeem the certificates on demand by the holders thereof.

XVII. When, on the sale of any land or goods for satisfaction of any assessment, more money shall be raised than is required to pay the amount to be levied, the Commissioners shall pay the overplus to such person or persons as shall appear to them to have been entitled to the land or goods sold; or, if they are doubtful to whom they should pay the same, may pay such overplus to the Accountant General of the said Supreme Court, and any persons claiming to be entitled thereto may sue for and recover the same by such proceeding in the said Supreme Court as the said Court shall direct.

XVIII. The Commissioners shall not be liable for the amount so paid to any person, in case another person having better title thereunto shall afterwards appear, but the same may be recovered from the party who received the same or his representatives at the suit of the person entitled thereunto.

XIX. The said certificates shall be transferable by endorsement.

XX. The said Commissioners, at any time after the said first day of July may grant a warrant to any person or persons to take and deliver to the Officers of the Bombay Government any of the lands mentioned in the said plan No. 2, which warrant shall confer on such person or persons the same powers and rights which the Sheriff has for executing a writ of possession issued by the said Supreme Court.

XXI. The said Commissioners, with the consent of the Governor of Bombay in Council, to be signified in writing upon the said plan No. 2, under the hand of one of the Secretaries to the Government of Bombay, at any time before the completion of the assessment, may alter the plan No. 2 lodged with the said Commissioners, and corresponding alterations shall be made in the plan No. 1 lodged with the said Commissioners, and the Governor of Bombay in Council shall thereupon cause the like alterations to be made in the plans deposited in the Office of the Secretary to the Government of Bombay; and, if any such alterations shall be so made, the plans so altered shall to all intents and purposes of this Act be considered as the plans referred to by this Act. Provided always that, if any difference shall at any time appear between the plans deposited with the Commissioners and the plans deposited in the office of the Secretary to the Government of Bombay, the latter shall be deemed the original and authentic plans referred to by this Act.

XXII. No action at law or other proceeding shall be brought in any Court whatever against any Commissioner under this Act for any thing done or omitted to be done by him as a Commissioner thereunder; and a certificate in writing under the hand of one of the Secretaries to the Government of Bombay shall be evidence that any such act or deed of commission or omission complained of was done by the Commissioners in execution of their powers as such Commissioners under this Act.

XXIII. On the close of the business of the said Commission the records thereof shall become and be made a record of the Bombay Government.

XXIV. If, at the closing of the said Commission, there should appear to be any unappropriated balance of the said Foras Land Assessment Fund, the same shall be paid to the Municipal Fund of Bombay; and, if the said Foras Land Assessment Fund should prove insufficient to answer the charges upon it, the deficient amount shall be paid from the said Municipal Fund, upon an order or orders to be signed by the said Commissioners, countersigned by one of the Secretaries to the Government of Bombay.

MARINE COURT.

At a Court assembled on Monday, the 26th day of May, One Thousand Eight Hundred and Fifty-one, under Act No. XXIV. of 1845, Mr. Mate Pilot Douglas Sandeman was tried on the following charge—

For grounding through carelessness or negligence the Brig *Paolina* on the bank in the Western Gut of the James and Mary Shoal in the River Hooghly on the 5th May 1851, whilst the said vessel was in his pilotage charge, in consequence of which she was wrecked and became a total loss.

By order of the Superintendent of Marine,

(Signed) JAMES SUTHERLAND, Secretary.

Fort William,
The 21st May 1851. }

FINDING.

The Court having maturely weighed and considered the evidence brought forward in support of the prosecution, together with that adduced on the defence, are of opinion that the defendant Mr. Mate Pilot Douglas Sandeman is *Not Guilty* of the charge preferred against him, and do accordingly acquit him the said Mr. Douglas Sandeman of all and every part of the same.

NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that from and after the 15th of March 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., distant 22 miles.

By Order of the Superintendent of Marine,

JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude $20^{\circ} 19\frac{1}{2}'$ north and longitude $86^{\circ} 47'$ east, and a buoy is placed in $21\frac{1}{2}$ fathoms on the Pilot's Ridge, in latitude $20^{\circ} 49\frac{1}{2}'$ north, and longitude $87^{\circ} 42'$ east, the buoy therefore bears from False Point Light House north $59^{\circ} 49'$ east true, and distant $59\frac{1}{2}$ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the north east of the Light Vessel stationed during the South West Monsoon in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude $21^{\circ} 04'$ north and longitude $88^{\circ} 14'$ east, and therefore bears from the buoy on the Pilot's Ridge, north $63^{\circ} 26'$ east, true; and distant $32\frac{1}{2}$ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 p. m. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the North East Monsoon, the cruising ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

Ordered, that the Act be promulgated for general information.

ACT NO. V. OF 1851.

*For relief of certain sufferers by the Insolvency of
Sir Thomas Turton, Baronet.*

Whereas, under an Act of Parliament passed in the fortieth year of the Reign of King George the Third, entitled "an Act for establishing further Regulations for the Government of the British Territories in India, and the better Administration of Justice within the same," Sir Thomas Edward Mitchell Turton, Baronet, as Registrar of the Ecclesiastical Court at Fort William in Bengal, was empowered to administer to the Estates of all British Subjects dying intestate within the said Presidency of Fort William in default of any claim made and established on behalf of any next of kin or Creditor to the deceased; And whereas the said Sir Thomas, on or about the 25th day of February 1848, resigned the Office of Registrar of the said Ecclesiastical Court, then being insolvent, and unable to pay several large sums of money due to the owners of sundry Estates to which he had administered or had assumed to administer under the power vested in him by the said Act, and also other sums of money due to the owners of sundry Estates of which he had taken charge as such Registrar, although on account of the small value thereof or otherwise, no Letters of Administration of the last mentioned Estates were granted to him, and also other sums of money belonging either to suitors of the Supreme Court of Judicature at Fort William in Bengal, or other persons for whose benefit a trust was created in the said Sir Thomas, by reason of his holding the office of Registrar of the said Court, on its Ecclesiastical, Equity and Admiralty sides, or as Curator under Act XIX. 1841, or as Official Trustee under Act XVII. 1843;

And whereas, in order to know the deficiency of the said Sir Thomas in respect of the said several particulars of charge, certain Commissioners were appointed by an order under the seal of the Supreme Court of Judicature at Fort William, bearing date the 8th March 1848, to enquire and report thereon to the Court;

And whereas the said Commissioners made their reports to the said Court, bearing date the

25th January 1849, and now filed of record in the said Court, whereby they reported fully on the several matters committed to them, as aforesaid, setting forth in the body of the said Report, and also in certain Schedules thereunto annexed marked (A,) (B,) (C,) (D,) (E,) and (F,) respectively the names and titles of the several Estates, suitors and other persons to whom upon the account taken by them, money or securities for money appeared to be due by the said Sir Thomas;

And whereas, it is deemed expedient that the said sufferers by the insolvency of the said Sir Thomas Edward Mitchell Turton be reimbursed their several losses out of the accumulated produce of certain unclaimed Estates, now in the custody and management of the Administrator General, due provision being made for securing the interests of the rightful claimants thereunto, if any shall hereafter appear; It is enacted as follows:

I. The net proceeds of all Estates to which the Registrar of the said Ecclesiastical Court has administered in right or under colour of his office under the said Act of Parliament, and which from the official books and accounts of the said Registrar appear to have been in the custody or control of the said Registrar ready to be distributed before the first day of January 1836, and to have been since that time unclaimed and now to continue unclaimed in the custody or control of the Administrator General in Bengal in right of his office under Act VII. 1849, and also from time to time the net proceeds of all Estates to which the said Registrar or the said Administrator General under the said Act VII. 1849 has administered, or to which the said Administrator General shall hereafter administer, and which shall in like manner appear to have continued for fifteen years in his custody or control unclaimed shall be transferred and paid, as the same respectively accrue, to the Sub-Treasurer of the East India Company at Fort William in Bengal, and be carried to the account and credit of the East India Company for the general purposes of Government, and the receipt of the said Sub-Treasurer shall be a full indemnity and discharge to the said Administrator General for any such payment.

II. Whereas the East India Company are legally entitled to the freehold reversion of the several lands heretofore paying a render called Foras, the outline whereof is delineated in a plan deposited in the office of the Secretary to the Government of Bombay and authenticated by the signatures of the Right Honorable the Governor and Members of the Council of Bombay and numbered 1, subject to certain tenancies therein at will, or from year to year; and whereas it is considered expedient as of grace and favor that the rights of the said East India Company in all of the lands included in the said plan, save those marked upon the said plan as to be taken, or as having already been taken for public roads, tanks and other public purposes, the outline of which lands so to be or having been taken is also delineated in another plan numbered 2, also deposited and authenticated as aforesaid, should be extinguished save as hereinafter mentioned, It is enacted as follows:

I. The lands comprised in the said plan No. 2 shall, from and after the first day of July, in the year 1851, be vested in the said Company free from all rights therein of all other persons, for the purpose of constructing public roads, tanks and other public purposes.

II. From and after the said first day of July, the rights of the said Company in all of the said lands mentioned in the said plan No. 1,

except those mentioned in the said plan No. 2, shall be extinguished in favor of the persons who shall then hold the same respectively as the immediate rentpayers to the said Company, saving the rents now severally payable in respect of such lands, which shall continue payable, and recoverable by distress or by any means by which land revenue in Bombay is or shall be recoverable under any Act or Regulation, and saving also all rights of forfeiture and eschat, in respect of want of heirs or representatives, or of felonies committed, or otherwise in respect of attainder.

III. As between such rentpayers and other persons, such extinguishment shall enure for the benefit of the persons beneficially entitled to the lands thereby affected, and not of any mere Trustee or other person in whom the legal estate only is or may be vested.

IV. Nothing herein contained shall exempt such lands from being liable to any future general taxes on land in Bombay, or from being subject to Act XXVIII. 1839 and Act XVII. 1850.

V. After the said first day of July as soon as shall be convenient, the Governor of Bombay in Council shall appoint fit persons, not exceeding five in number, to be Commissioners under this Act, for the purposes hereinafter mentioned (with such salaries or remuneration as to the said Governor in Council shall seem fit); any three or four of whom met together, (two being Officers of Government), may do any act which by this Act the Commissioners are empowered to do; and in case of the death, resignation, removal or absence of any such Commissioner, the Governor in Council shall appoint another in his room.

VI. A duplicate of the said plans, authenticated by one of the Secretaries to the Government of Bombay, shall be lodged with the said Commissioners and shall form a record of their office.

VII. From and after the said first day of July the said Commissioners shall proceed to estimate the value of the several portions of land and the improvements thereon comprised in the said plan No. 2, and of the expences which will be incurred in executing this Act, and to assess the amount of such estimate in such way and in such proportions as to them shall seem right to and upon the lands mentioned in the said plan No. 1, and the fund to be raised by such assessment shall be denominated the "Foras Land Assessment Fund"; and for the purpose of framing such estimate and making such assessment the said Commissioners may summon as witnesses any persons whomsoever, whether interested or not in the said lands, and examine them on oath or otherwise as they may see fit, or proceed upon a mere estimate, according to the best of their judgment, without evidence.

VIII. Any person summoned as a witness, and refusing or without lawful excuse neglecting to appear and give evidence according to the terms of the summons may, on proof thereof, be fined by any Magistrate of Police for every default a sum not exceeding ten Rupees, to be paid to the said Commissioners for the said Foras Land Assessment Fund, and may be committed to prison in default of payment.

IX. The said estimate and assessment when completed shall be signed by the said Commissioners and form a record of their office.

X. After the completion of the said estimate the said Commissioners shall make out and sign certificates, which shall, by numbers, or in such other way as to the said Commissioners may seem more convenient, refer to the several portions of land mentioned in the said plan No. 2, and shall shew the estimated value of the land and improvements thereon to which the same refer, which certificate shall give to the holders thereof a right to demand payment of the sums for which the same are in the body of the same expressed to be granted, from and out of the said "Foras Land Assessment Fund", after the said Commissioners shall, by public advertisement in the Bombay Government Gazette, have advertised that they are ready to redeem the said certificates.

XI. The persons who shall have been the rentpayers to the said Company on the said first day of July of any land mentioned in the said plan No. 2, or their representatives or assigns shall be entitled to be the first holders of the certificates relating to the same lands.

XII. When the said certificates shall have been completed, the said Commissioners shall distribute the certificates to the persons entitled thereto; or, if it shall appear to them doubtful to whom any certificate should be delivered, may deposit it with the Prothonotary of the Supreme Court of Judicature established at Bombay by Royal Charter, which Court may adjudicate upon the right to every certificate so deposited, and may direct how such right shall be tried.

XIII. The delivery to any person by the Commissioners of any certificate shall not confer upon him any right to retain the same as against any person having a better title thereunto, who shall be at liberty to sue for and recover the same, and all benefits thereto belonging, in the said Supreme Court, by such proceeding as the said Court shall direct.

XIV. When the said assessment shall have been completed, the Commissioners shall give notice thereof in the Government Gazette, and after the expiration of three weeks next following the publication of such notice shall proceed to collect the assessments, and if necessary to levy them by distress and sale of any goods found on the said lands, or by sale of the lands assessed; and the said Commissioners shall keep accounts of the sums received for assessment, and pay the same from time to time into the Bank of Bombay.

XV. The said Commissioners, subject to the approval of the Governor of Bombay in Council, may employ such Surveyors, Accountants and Clerks as to them shall seem fit, and incur such other charges and make such disbursements from the said Foras Land Assessment Fund as may be necessary for executing the provisions of this Act.

XVI. The Commissioners may receive any portion of the assessment from any person, but any receipt granted by them for the same shall not affect the title to any lands in respect whereof the same shall have been paid; and, when the said Foras Land Assessment Fund, or such portion thereof as to the said Commissioners shall seem adequate, shall have been recovered, the said Commissioners shall redeem the certificates on demand by the holders thereof.

XVII. When, on the sale of any land or goods for satisfaction of any assessment, more money shall be raised than is required to pay the amount to be levied, the Commissioners shall pay the overplus to such person or persons as shall appear

to them to have been entitled to the land or goods sold; or, if they are doubtful to whom they should pay the same, may pay such overplus to the Accountant General of the said Supreme Court, and any persons claiming to be entitled thereto may sue for and recover the same by such proceeding in the said Supreme Court as the said Court shall direct.

XVIII. The Commissioners shall not be liable for the amount so paid to any person, in case another person having better title thereunto shall afterwards appear, but the same may be recovered from the party who received the same or his representatives at the suit of the person entitled thereunto.

XIX. The said certificates shall be transferable by endorsement.

XX. The said Commissioners, at any time after the said first day of July may grant a warrant to any person or persons to take and deliver to the Officers of the Bombay Government any of the lands mentioned in the said plan No. 2, which warrant shall confer on such person or persons the same powers and rights which the Sheriff has for executing a writ of possession issued by the said Supreme Court.

XXI. The said Commissioners, with the consent of the Governor of Bombay in Council, to be signified in writing upon the said plan No. 2, under the hand of one of the Secretaries to the Government of Bombay, at any time before the completion of the assessment, may alter the plan No. 2 lodged with the said Commissioners, and corresponding alterations shall be made in the plan No. 1 lodged with the said Commissioners, and the Governor of Bombay in Council shall thereupon cause the like alterations to be made in the plans deposited in the Office of the Secretary to the Government of Bombay; and, if any such alterations shall be so made, the plans so altered shall to all intents and purposes of this Act be considered as the plans referred to by this Act. Provided always that, if any difference shall at any time appear between the plans deposited with the Commissioners and the plans deposited in the office of the Secretary to the Government of Bombay, the latter shall be deemed the original and authentic plans referred to by this Act.

XXII. No action at law or other proceeding shall be brought in any Court whatever against any Commissioner under this Act for any thing done or omitted to be done by him as a Commissioner thereunder; and a certificate in writing under the hand of one of the Secretaries to the Government of Bombay shall be evidence that any such act or deed of commission or omission complained of was done by the Commissioners in execution of their powers as such Commissioners under this Act.

XXIII. On the close of the business of the said Commission the records thereof shall become and be made a record of the Bombay Government.

XXIV. If, at the closing of the said Commission, there should appear to be any unappropriated balance of the said Foras Land Assessment Fund, the same shall be paid to the Municipal Fund of Bombay; and, if the said Foras Land Assessment Fund should prove insufficient to answer the charges upon it, the deficient amount shall be paid from the said Municipal Fund, upon an order or orders to be signed by the said Commissioners, countersigned by one of the Secretaries to the Government of Bombay.

• NEW PILOT STATION

FOR THE

S. W. Monsoon—Distinction of Lights.

NOTICE is hereby given, that from and after the 15th of March 1852, the Pilot Station for the South West Monsoon will be changed to the position described in the following Sailing Directions of the Master Attendant of this Port; and that from and after the date specified, the Eastern Channel Light Vessel will show a *bright red light* instead of a *plain one*, as at present, to distinguish it from the Gasper Channel Light, which bears from it about N. N. W., distant 22 miles.

By Order of the Superintendent of Marine,
JAMES SUTHERLAND,
Secretary.

Fort William, the 6th May, 1851.

Sailing Directions for Vessels requiring Pilots during the South West Monsoon at the New Station, on the North East part of the Pilot Ridge.

False Point Light House is in latitude $20^{\circ} 19\frac{1}{2}'$ north and longitude $86^{\circ} 47'$ east, and a buoy is placed in $21\frac{1}{2}$ fathoms on the Pilot's Ridge, in latitude $20^{\circ} 49\frac{1}{2}'$ north, and longitude $87^{\circ} 42'$ east, the buoy therefore bears from False Point Light House north $59^{\circ} 49'$ east true, and distant $59\frac{1}{2}$ miles.

A vessel therefore after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms) should bring it to bear about *west south west* 10 or 15 miles distant, when she will be in 11 or 12 fathoms, then steer *east north eastward*, when the soundings will gradually increase to 23 fathoms on the eastern edge of the Pilot's Ridge. She should then regulate her course so as to keep between the Ridge and 27 fathoms, when by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the north east of the Light Vessel stationed during the *South West Monsoon* in close proximity to the buoy on the Ridge.

The soundings to seaward of the Pilot's Ridge are in general a greenish or olive coloured mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and on making the former at night, they are strongly recommended to heave to, at a proper distance till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

The Eastern Channel Light Vessel is in latitude $21^{\circ} 04'$ north and longitude $88^{\circ} 14'$ east, and therefore bears from the buoy on the Pilot's Ridge, north $63^{\circ} 26'$ east, true; and distant $32\frac{1}{2}$ miles.

The Eastern Channel Light Vessel burns a blue light every hour during the night, commencing at 7 P. M. and a maroon (or torch) at the intermediate half hours, and her standing Light will from the date above specified, be a *bright red* colour.

The Pilot's Ridge Light Vessel shows one plain standing Light, and burns a blue light every hour, and a maroon at the intermediate half hours, and also fires a gun on sighting any vessel.

During the *North East Monsoon*, the cruising ground where Ships will have to seek for Pilots, will be as heretofore in the Eastern Channel.

Master Attendant.

The following Act is passed by the Hon^{ble} the President of the Council of India in Council on the 6th June 1851, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. V. of 1851.

*For relief of certain sufferers by the Insolvency of
Sir Thomas Turton, Baronet.*

Whereas, under an Act of Parliament passed in the fortieth year of the Reign of King George the Third, entitled "an Act for establishing further Regulations for the Government of the British Territories in India, and the better Administration of Justice within the same," Sir Thomas Edward Mitchell Turton, Baronet, as Registrar of the Ecclesiastical Court at Fort William in Bengal, was empowered to administer to the Estates of all British Subjects dying intestate within the said Presidency of Fort William in default of any claim made and established on behalf of any next of kin or Creditor to the deceased; And whereas the said Sir Thomas, on or about the 25th day of February 1848, resigned the Office of Registrar of the said Ecclesiastical Court, then being insolvent, and unable to pay several large sums of money due to the owners of sundry Estates to which he had administered or had assumed to administer under the power vested in him by the said Act, and also other sums of money due to the owners of sundry Estates of which he had taken charge as such Registrar, although on account of the small value thereof or otherwise, no Letters of Administration of the last mentioned Estates were granted to him, and also other sums of money belonging either to suitors of the Supreme Court of Judicature at Fort William in Bengal, or other persons for whose benefit a trust was created in the said Sir Thomas, by reason of his holding the office of Registrar of the said Court, on its Ecclesiastical, Equity and Admiralty sides, or as Curator under Act XIX. 1841, or as Official Trustee under Act XVII. 1843;

And whereas, in order to know the deficiency of the said Sir Thomas in respect of the said several particulars of charge, certain Commissioners were appointed by an order under the seal of the Supreme Court of Judicature at Fort William, bearing date the 8th March 1848, to enquire and report thereon to the Court;

And whereas the said Commissioners made their report to the said Court, bearing date the 25th January 1849, and now filed of record in the said Court, whereby they reported fully on the several matters committed to them as aforesaid, setting forth in the body of the said Report, and also in certain Schedules thereunto annexed marked (A,) (B,) (C,) (D,) (E,) and (F) respectively the names and titles of the several Estates, suitors and other persons to whom upon the account taken by them, money or securities for money appeared to be due by the said Sir Thomas;

And whereas, it is deemed expedient that the said sufferers by the insolvency of the said Sir Thomas Edward Mitchell Turton be reimbursed their several losses out of the accumulated produce of certain unclaimed Estates, now in the

custody and management of the Administrator General, due provision being made for securing the interests of the rightful claimants thereunto, if any shall hereafter appear; It is enacted as follows:

I. The net proceeds of all Estates to which the Registrar of the said Ecclesiastical Court has administered in right or under colour of his office under the said Act of Parliament, and which from the official books and accounts of the said Registrar appear to have been in the custody or control of the said Registrar ready to be distributed before the first day of January 1836, and to have been since that time unclaimed and now to continue unclaimed in the custody or control of the Administrator General in Bengal in right of his office under Act VII. 1849, and also from time to time the net proceeds of all Estates to which the said Registrar or the said Administrator General under the said Act VII. 1849 has administered, or to which the said Administrator General shall hereafter administer, and which shall in like manner appear to have continued for fifteen years in his custody or control unclaimed shall be transferred and paid, as the same respectively accrue, to the Sub-Treasurer of the East India Company at Fort William in Bengal, and be carried to the account and credit of the East India Company for the general purposes of Government, and the receipt of the said Sub-Treasurer shall be a full indemnity and discharge to the said Administrator General for any such payment.

II. If any claim shall be hereafter made to any part of the net proceeds of any Estate so transferred and paid to the account and credit of the East India Company, and established to the satisfaction of the Administrator General and Accountant to the Government of Bengal for the time being, the said Accountant shall direct the Sub-Treasurer to repay, and the Sub-Treasurer shall thereupon repay the principal sum so paid or represented by the Securities so transferred, or so much thereof as shall appear to be due to the claimant out of the monies of the East India Company in his custody. If the claim is not established to the satisfaction of the said Administrator General and Accountant, the claimant may apply by petition to the said Supreme Court against the East India Company and Administrator General, for the time being; and, after taking evidence either orally or on affidavit in a summary way as the Court shall think fit, the Court shall make such orders on the petition as justice requires, which shall be binding on all parties to the suit.

III. The Accountant to the Government of Bengal is authorized and required from time to time to direct the Sub-Treasurer to pay, and the Sub-Treasurer shall thereupon pay, out of the monies of the East India Company in his custody, such sums as will be sufficient to pay off and discharge to such persons as shall appear to be entitled thereunto, as the lawful representatives of the Intestates and others named in the Schedules (A,) (B,) (C,) (D,) annexed to the said report, and also to the suitors and other persons entitled to the Equity Deposits and Trust monies in the suits and under the trusts named in the Schedules (E) and (F) annexed to the said report, and other deposits and trust monies (if any) paid or entrusted to the said Sir Thomas by order of the said Court, and to the net proceeds of the estate of Ramnarain Coondo, of which the said Sir Thomas was Curator under Act XIX.

1841, the several principal sums of money which, upon the final adjustment of the accounts of their several claims and estates, shall appear to have been due to them respectively from the said Sir Thomas on the 25th day of February 1848, and to be then still due and unsatisfied; and also the balance due by the said Sir Thomas to Government in respect of Court fees received by him as Registrar of the said Court, but not accounted for by him to Government.

I. The lands comprised in the said plan No. 2 shall, from and after the first day of July, in the year 1851, be vested in the said Company free from all rights therein of all other persons, for the purpose of constructing public roads, tanks and other public purposes.

II. From and after the said first day of July, the rights of the said Company in all of the said lands mentioned in the said plan No. 1, except those mentioned in the said plan No. 2, shall be extinguished in favor of the persons who shall then hold the same respectively as the immediate rentpayers to the said Company, saving the rents now severally payable in respect of such lands, which shall continue payable, and recoverable by distress or by any means by which land revenue in Bombay is or shall be recoverable under any Act or Regulation, and saving also all rights of forfeiture and escheat, in respect of want of heirs or representatives, or of felonies committed, or otherwise in respect of attainder.

III. As between such rentpayers and other persons, such extinguishment shall enure for the benefit of the persons beneficially entitled to the

lands thereby affected, and not of any mere Trustee or other person in whom the legal estate only is or may be vested.

IV. Nothing herein contained shall exempt such lands from being liable to any future general taxes on land in Bombay, or from being subject to Act XXVIII. 1839 and Act XVII. 1850.

V. After the said first day of July as soon as shall be convenient, the Governor of Bombay in Council shall appoint fit persons, not exceeding five in number, to be Commissioners under this Act, for the purposes hereinafter mentioned (with such salaries or remuneration as to the said Governor in Council shall seem fit); any three or four of whom met together, (two being Officers of Government), may do any act which by this Act the Commissioners are empowered to do; and in case of the death, resignation, removal or absence of any such Commissioner, the Governor in Council shall appoint another in his room.

VI. A duplicate of the said plans, authenticated by one of the Secretaries to the Government of Bombay, shall be lodged with the said Commissioners and shall form a record of their office.

VII. From and after the said first day of July the said Commissioners shall proceed to estimate the value of the several portions of land and the improvements thereon comprised in the said plan No. 2, and of the expences which will be incurred in executing this Act, and to assess the amount of such estimate in such way and in such proportions as to them shall seem right to and upon the lands mentioned in the said plan No. 1, and the fund to be raised by such assessment shall be denominated the "Foras Land Assessment Fund"; and for the purpose of framing such estimate and making such assessment the said Commissioners may summon as witnesses any persons whomsoever, whether interested or not in the said lands, and examine them on oath or otherwise as they may see fit, or proceed upon a mere estimate, according to the best of their judgment, without evidence.

VIII. Any person summoned as a witness, and refusing or without lawful excuse neglecting to appear and give evidence according to the terms of the summons may, on proof thereof, be fined by any Magistrate of Police for every default a sum not exceeding ten Rupees, to be paid to the said Commissioners for the said Foras Land Assessment Fund, and may be committed to prison in default of payment.

IX. The said estimate and assessment when completed shall be signed by the said Commissioners and form a record of their office.

X. After the completion of the said estimate the said Commissioners shall make out and sign certificates, which shall, by numbers, or in such other way as to the said Commissioners may seem more convenient, refer to the several portions of land mentioned in the said plan No. 2, and shall shew the estimated value of the land and improvements thereon to which the same refer, which certificate shall give to the holders thereof a right to demand payment of the sums for which the same are in the body of the same expressed to be granted, from and out of the said "Foras Land Assessment Fund", after the said Commissioners shall, by public advertisement in the Bombay Government Gazette, have advertised that they are ready to redeem the said certificates.

XI. The persons who shall have been the rentpayers to the said Company on the said first day of July of any land mentioned in the said plan No. 2, or their representatives or assigns shall be entitled to be the first holders of the certificates relating to the same lands.

XII. When the said certificates shall have been completed, the said Commissioners shall distribute the certificates to the persons entitled thereto; or, if it shall appear to them doubtful to whom any certificate should be delivered, may deposit it with the Prothonotary of the Supreme Court of Judicature established at Bombay by Royal Charter, which Court may adjudicate upon the right to every certificate so deposited, and may direct how such right shall be tried.

XIII. The delivery to any person by the Commissioners of any certificate shall not confer upon him any right to retain the same as against any person having a better title thereunto, who shall be at liberty to sue for and recover the same, and all benefits thereto belonging, in the said Supreme Court, by such proceeding as the said Court shall direct.

XIV. When the said assessment shall have been completed, the Commissioners shall give notice thereof in the Government Gazette, and after the expiration of three weeks next following the publication of such notice shall proceed to collect the assessments, and if necessary to levy them by distress and sale of any goods found on the said lands, or by sale of the lands assessed; and the said Commissioners shall keep accounts of the sums received for assessment, and pay the same from time to time into the Bank of Bombay.

XV. The said Commissioners, subject to the approval of the Governor of Bombay in Council, may employ such Surveyors, Accountants and Clerks as to them shall seem fit, and incur such other charges and make such disbursements from the said Foras Land Assessment Fund as may be necessary for executing the provisions of this Act.

XVI. The Commissioners may receive any portion of the assessment from any person, but any receipt granted by them for the same shall not affect the title to any lands in respect whereof the same shall have been paid; and, when the said Foras Land Assessment Fund, or such portion thereof as to the said Commissioners shall seem adequate, shall have been recovered, the said Commissioners shall redeem the certificates on demand by the holders thereof.

XVII. When, on the sale of any land or goods for satisfaction of any assessment, more money shall be raised than is required to pay the amount to be levied, the Commissioners shall pay the overplus to such person or persons as shall appear to them to have been entitled to the land or goods sold; or, if they are doubtful to whom they should pay the same, may pay such overplus to the Accountant General of the said Supreme Court, and any persons claiming to be entitled thereto may sue for and recover the same by such proceeding in the said Supreme Court as the said Court shall direct.

XVIII. The Commissioners shall not be liable for the amount so paid to any person, in case another person having better title thereunto shall afterwards appear, but the same may be recovered from the party who received the same or his representatives at the suit of the person entitled thereto.

XIX. The said certificates shall be transferable by endorsement.

XX. The said Commissioners, at any time after the said first day of July may grant a warrant to any person or persons to take, and deliver to the Officers of the Bombay Government any of the lands mentioned in the said plan No. 2, which warrant shall confer on such person or persons the same powers and rights which the Sheriff has for executing a writ of possession issued by the said Supreme Court.

XXI. The said Commissioners, with the consent of the Governor of Bombay in Council, to be signified in writing upon the said plan No. 2, under the hand of one of the Secretaries to the Government of Bombay, at any time before the completion of the assessment, may alter the plan No. 2 lodged with the said Commissioners, and corresponding alterations shall be made in the plan No. 1 lodged with the said Commissioners, and the Governor of Bombay in Council shall thereupon cause the like alterations to be made in the plans deposited in the Office of the Secretary to the Government of Bombay; and, if any such alterations shall be so made, the plans so altered shall to all intents and purposes of this Act be considered as the plans referred to by this Act. Provided always that, if any difference shall at any time appear between the plans deposited with the Commissioners and the plans deposited in the office of the Secretary to the Government of Bombay, the latter shall be deemed the original and authentic plans referred to by this Act.

XXII. No action at law or other proceeding shall be brought in any Court whatever against any Commissioner under this Act for any thing done or omitted to be done by him as a Commissioner thereunder; and a certificate in writing under the hand of one of the Secretaries to the Government of Bombay shall be evidence that any such act or deed of commission or omission complained of was done by the Commissioners in execution of their powers as such Commissioners under this Act.

XXIII. On the close of the business of the said Commission the records thereof shall become and be made a record of the Bombay Government.

XXIV. If, at the closing of the said Commission, there should appear to be any unappropriated balance of the said Foras Land Assessment Fund, the same shall be paid to the Municipal Fund of Bombay; and, if the said Foras Land Assessment Fund should prove insufficient to answer the charges upon it, the deficient amount shall be paid from the said Municipal Fund, upon an order or orders to be signed by the said Commissioners, countersigned by one of the Secretaries to the Government of Bombay.
