TO-DAY'S REPORTS LESS FAVORABLE

THE POPE'S CONDITION GROWS MORE CRITICAL

The Pontiff is Unable to Undergo Long Examination—State of Depression Increases.

Home, July 8.—The only non-English Pope now seems to prefer the role of an agonized martyr.

The Pope on awakening during the early hours of the morning did not speak. He was somewhat irritable, and it seemed as though the blankets and other bed-clothes were too heavy, so he kicked them off at the luminous risk of taking a fresh cold, which would be absolutely fatal.

The churches this morning were more crowded than is usual with supplicants interceding for the recovery of the Pope, repeating the propitiatory infirmo prayer.

An instance of the strain prevalent owing to the Pope's illness is the case of a Roman who went to the Vatican and shouted: "I am the Pope's nephew. The Pope is dead, we are all lost, we must all die."

The arrival of telegrams from all parts of the world addressed to the Vatican has been so numerous that the minister of posts and telegraphs has been obliged to recall clerks who had gone on their summer vacation, besides establishing a special service in the transmission, delivery and replying to dispatches to and from the Vatican.

The noble guard, who had been sent as bearers of the Red Hat to the Papal Nuncio at Vienna, has been recalled to Rome because of the illness of the Pope.

The noble guard sent to Lisbon to present the Red Hat to Cardinal Aguiar, the Papal Nuncio there, will remain until the Red Hat will be conferred upon him if the Pope does not die meanwhile.

Morning Bulletin. Rome, July 8.—The physicians in attendance upon the Pope at a quarter to ten o'clock this morning posted the following bulletin:

"The night passed tranquilly enough, although the Pope had no restorative sleep. The pulse was frequent but regular. Breathing was not as free as last night. The condition of the Pope does not permit of a long examination, but it seems that the pneumonia tends to solve itself and the pleuric liquid is not re-accumulating. However, the general condition of the patient is not tranquilizing because of the state of depression which at intervals increases."

(Signed) LAPPONI, MAZZONI.

Rome, July 7.—8.50 p. m.—Notwithstanding the sensational dispatches published in London, the day has passed without any attack of fainting, although the Pope has grown steadily weaker, and is now gravely prostrated.

The passing of Capt. W. J. Sayward is worthy of more than a brief note. The deceased gentleman, who was a native of the state of Maine, had entered his 88 year before-death claim. He came to California in 1850, having made the passage round the Horn.

In 1860 Capt. Sayward owned and commanded the brig Sloop Anchor, making many voyages to Victoria with merchant cargo and taking return cargoes of lumber. In 1864 Capt. Sayward purchased the ship Scyllia and loaded her with wheat for Liverpool.

BELIEVED TO BE IN HIDING HERE

A YOUNG MAN WHO FLED FROM SEATTLE

He is Charged With Safe Cracking—The Pseudo Advance Agent's G aft Has Been Checked.

It is reported that Floyd D. Wismer, a well known young man of Seattle, who is wanted there for safe cracking burglary is in the city. He is known to have been in the Terminal City and is believed to have come to Victoria.

The local police are investigating the rumor, and if it proves to be well founded the fugitive stands little chance of getting away. The crime with which Wismer is charged is blowing open the safe of the C. B. Smith Corning & Roofing Works of Fourth avenue on Saturday, June 27th.

The police say that Briggs was the tool of Wismer. For a month past, it is said, he had been plotting to blow up the safe in the dark to conceal the real burglary.

Briggs has no criminal record known to the police. Wismer, however, is said to be wanted for forgery. Wismer comes from Toronto; his father is said to be a university professor in the East, and it is asserted he has a brother who is a minister. Two years ago Wismer came to Seattle and attempted some newspaper work.

Ground Plan of Proposed Big Block Between Government and Broad Streets.

Through the courtesy of J. Musgrave, one of the leading promoters, and J. C. M. Keith, the architect, the Times today is enabled to publish the first illustration that has appeared in print of the proposed new arcade. The building, it will be seen, is an extensive structure, from Government to Broad streets, and of such a design as will altogether improve, and make more symmetrical the aspect of one of the most important business sections of the city.

Mention was made in the Times a few weeks ago of an English syndicate being formed for the purpose of taking the project in hand. The property involved is that lying on both sides of Trounce avenue, on the one hand the Green-Worlock estate, and on the other the Mus-

grave estate. From the Government street to the Broad street front the building will measure two hundred and forty feet, and the frontage on each street will be one hundred and thirty-two feet. Mr. Keith has been working on the plans for some time, and those which accompany this description have been virtually decided on, although in some minor details, alterations may yet be made to suit the convenience of tenants.

The building will be constructed of brick; the elevation to Government street being of pressed brick and stone. The alley, as it is now, will be widened in the centre from 20 to 33 feet, and in the middle a fountain will throw its ever refreshing waters. Overhead the roof will be raised to a high level, giving to the whole a harmony of effect and a

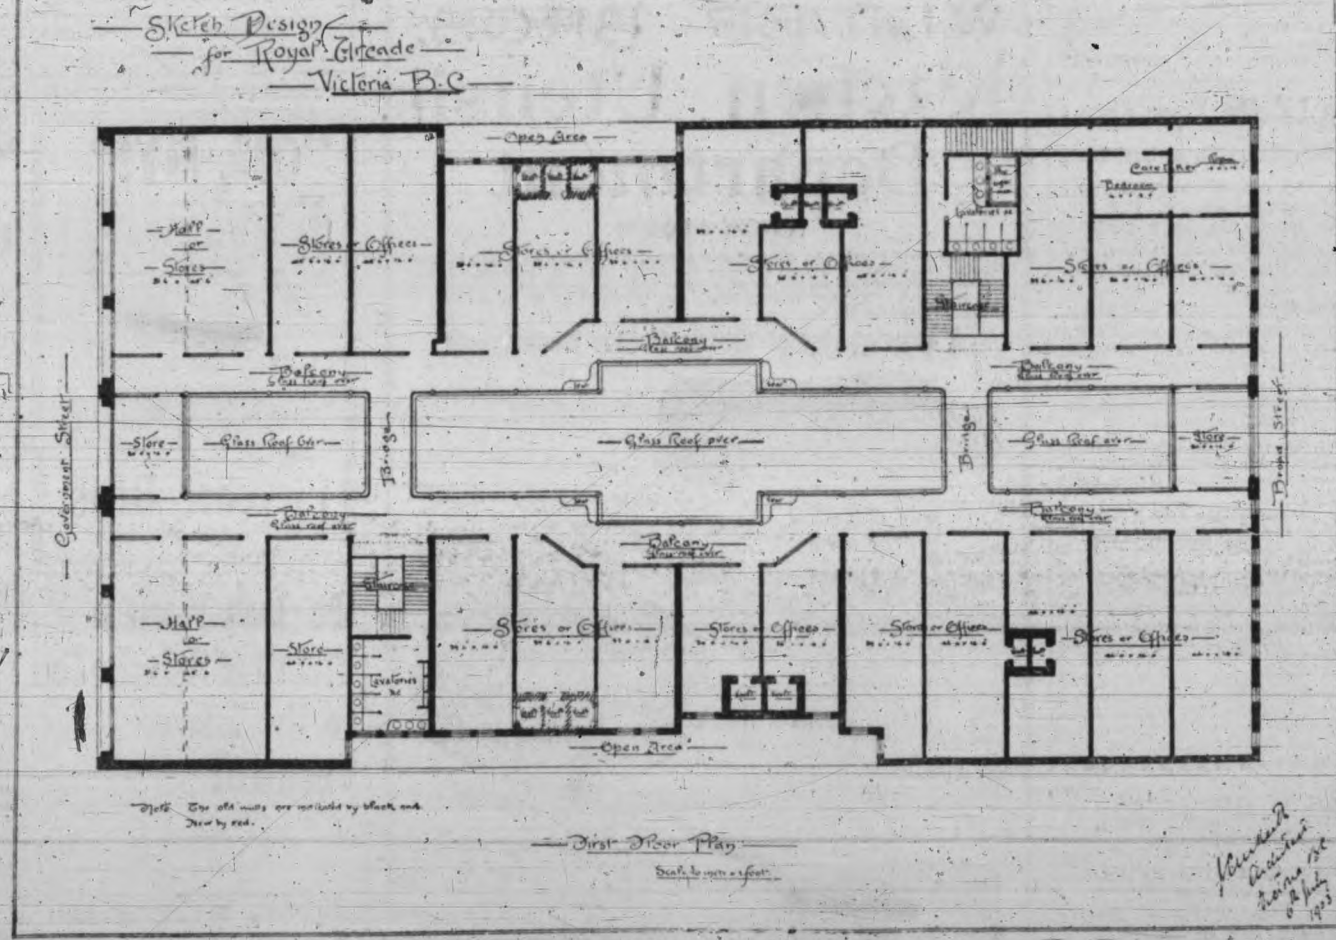

most imposing appearance. The building will be divided into stores and offices. To stairs there will be a balcony eight feet wide, which will run along the front of the stores. This will have an open iron railing. Ornamented iron columns will support a roof of iron and glass, which will extend over the centre and balcony, giving much more light than the present offices of Trounce avenue now have.

A feature of the big building will be the passage for freight, which will be provided at the rear of the stores on each side so that the arcade proper may be kept exclusively for pedestrian traffic. These passages will lead from Broad street.

For some distance down the avenue from Broad street the buildings now standing will be employed. On the

Government street half of the alley all structures will be substituted with new work. Across the arcade bridges will be constructed, connecting the balconies in order to admit of free communication between the offices or stores in the second story of the building. Heavy plate glass windows will form a conspicuous feature of the architectural arrangement of the arcade while a tile and cement pavement will be provided for the ground floor.

The company having the project in hand met on Monday last, when building operations were discussed and favorable headway made. Already there has been considerable demand for office room, among others from the C. P. R. Company, who have been making inquiries regarding room for their telegraph and ticket offices.

—There was a large attendance at the funeral of the late Mrs. Eliza Merritt yesterday afternoon. It took place from the residence of Fred Davey, Burnside road, at 3 o'clock, the services both there and at the grave being conducted by Rev. J. P. Westman. The pall-bearers were: N. Shakespeare, Capt. Warren, D. Spencer, sr., Capt. McCulloch, W. B. Deaville and S. Johns.
—Rev. R. B. Blyth, pastor of the Congregational church, has received a reply from Rev. W. J. Hendry, missionary superintendent for the British Columbia and the Northwest Territories, that he will be present on Sunday, July 19th, to assist in the formal opening of the new church. Mr. Blyth is arranging for other noted speakers to be present. On the Monday evening following it is intended to hold a social to celebrate the opening.
—Dr. J. Fletcher, botanist and entomologist at the Central experimental farm at Ottawa, is coming to Vancouver Island to conduct a series of meetings under the Farmers' Institutes. He will arrive on the 15th. On the 16th he will, in company with D. C. Anderson, deputy minister of agriculture, hold a meeting at Metichon, and on the 18th another will be held at Duncan. Dr. Fletcher will also make a study of plant and insect life in the province before he returns.
—Another of the popular concerts given under the auspices of the Tourist Association will be held at the Douglas Gardens this evening. Last night's programme was very much enjoyed. The Fifth Regiment band furnished exceptionally good selections and were repeatedly cheered. This evening Walter S. North will give a cornet solo, "Violents," taken from "The Chinese Honeymoon." Frank Leroy was enthusiastically cheered for his illustrated song, "The Altar of Friendship."

—In Los Angeles on the 31st inst. the death occurred of Mrs. Chambers, wife of Rev. T. F. Chambers. Mrs. J. E. Miller, a daughter, resides in this city.
—The installation of officers and banquet of the United Service Lodge, A. F. & A. M., will take place on the 15th July, 1903, at 7 p.m., at the Masonic Temple, Esquimalt.
—Correspondence dealing with the acquisition of the Esquimalt dry dock and with the placing of a steamer on the route to Hardy Bay were the only matters dealt with at the special meeting of the chambers of commerce last evening.
—A dispatch from London says President Loubet has bestowed the decoration of Grand Officer of the Legion of Honor upon the Lord Mayor of London, Sir M. Samuel and Admiral Sir Lewis Beaumont, the former commander of the British Pacific squadron at Esquimalt.
—A copy of the prize list of the Kamloops industrial exhibition to be held on September 23rd, 24th and 25th, has reached the Times. The workmanship in connection with the compilation of the pamphlet is of the very best. Entries for the exhibition will close at 10 a.m. on September 22nd.
—In consequence of the strike now on in Vancouver considerable work in the Terminal City, it is expected, will likely be turned over to Victorians. Mention was made a few days ago that on the Princess Victoria, and now comes news of negotiations being underway with a Victoria firm for the furnishing of the free library.
—Evans & Hastings, the job printers of Vancouver, have issued a pretty souvenir of the meeting of the Presbyterian General Assembly in Vancouver, containing some five half-tone views of Vancouver and delegates, churches, etc. The design is exceedingly neat and tasty, and the letterpress in the best style of the firm which publishes it.
—The County court will open tomorrow in the court house, with Mr. Justice Drake presiding. Among the cases coming up are the following: Malcolm and Purvis vs. Gordon; Graham vs. Gordon; Nichols vs. Donagan; Ferguson vs. Huxon; Wing On vs. Ah Sam; Lawson et al vs. Brackman-Ker; James vs. Cockerell. An application for a new trial will be made by the defendant in Stewart & Co. vs. Dunsmuir. The list of cases adjourned from last court, which may come up for hearing now follows: Vancouver Granite Company vs. Smith; Lamb vs. Newell; Ah Hing vs. Grieve; Price et al vs. Falconer; Corporation of City of Victoria vs. McHugh; Wong Tim Jia vs. Wong Fung; Mason-Risch Piano Company vs. McKay; Siddall vs. Carthew; Fletcher Bros. vs. Cheeke et al. There is also the usual list of garnishee and judgment summonses to be disposed of.
—Lodge Pride of the Island, Sons of England, held their regular meeting last evening in the A. O. U. W. hall, after which a social time followed, when medals were presented to H. T. Gravlin and F. Dykes by Bro. Lieut. Colonel Beech on behalf of the lodge. The latter referred to the services rendered to the lodge by the recipients during the past eight years, and complimented them on receiving such medals, showing clearly how the brethren appreciated their work. Bros. Gravlin and Dykes, in replying, stated they had worked not for the medals but for the good of the order, and in doing so had made a great many sacrifices at times when other members were enjoying themselves at picnics, etc., but they felt pleased to be associated with an order which had done so much in helping to relieve the sick and providing for the widows and orphans of deceased members, and in advocating the principles of the order which had attained such a standing throughout the Dominion. Refreshments, followed by musical selections, songs, etc., brought a very enjoyable evening to a close.

PERSONAL.
Thos. Kiddie, manager of the Tye-smelter at Ladysmith, is in the city, a guest at the Vernon. To a Times reporter this morning he said that the smelter, which has been closed down since the 15th of last month, would likely resume operations about Wednesday morning next, when sufficient coal will have accumulated. The smelter generally runs in three months stretches, and so far has treated from four thousand five hundred tons to a thousand tons per month. Its capacity, which was originally intended to be one hundred tons per day, but which as a matter of fact is over one hundred and fifty, exceeds the capacity of the tramway that conveys the ore from the mine. This will undoubtedly be enlarged in the near future, in fact the matter is now under consideration. The prosperity and progress of the smelter reflect the prosperity of the mine with an extraordinary accuracy. When operations were commenced it was not expected that an increase in the capacity of the tramway would become necessary for a considerable time to come. So exceptionally successful, however, has been the development of the mine under a judicious expenditure of capital that before very long the tramway will be capable of carrying at least two hundred tons daily.
W. H. Lee, manager of the Puget Sound Iron Company's properties on Texada Island, is registered at the Vernon. He is a veteran in mining matters and enterprises connected with mining, having been identified with General Warner in the construction of the first blast furnace in Alabama since the great civil war. It was in 1872 when this was established. Mr. Lee is a veteran of the great American industrial conflict, and was wounded in one of the many actions which marked it. Nothing is being done in the development of his company's properties just now, owing to the death of the principal promoters, Messrs. Irving M. Scott, Prescott and Godall, all of whom passed away recently.
J. Charles Green and Mrs. Green, of San Francisco, are at the Dominion. Mr. Green of the firm of Varnum & Green, the well known bill posting and advertising firm of San Francisco. They have a monopoly of this business in the Bay City, and their sphere of operations include the whole Pacific Coast. Mr. and Mrs. Green are accompanied by Mr. and Mrs. Steve A. Pierce. Mr. Pierce is a member of the firm. They are at the Dominion.
Ludon Agassiz, formerly of this city, and for the past several years a prominent young attorney of Seattle, with Mrs. Agassiz and family, have been visiting old friends here during the past week, preparatory to taking a trip to Europe. They left last evening for the East, expecting to sail from New York about the 17th inst. for Liverpool. Their many friends here wish them a very pleasant trip.
Dr. Tilton E. Tiltman and Miss Josephine Tiltman, of San Francisco, are visiting their sister, Mrs. A. P. Briggs. They will remain in Victoria for several weeks before continuing their trip to Europe. Dr. Tiltman will spend the next two years in visiting the clinics of the principal cities abroad.
J. A. Dickie, who sold out his grocery business here on July 1st to Wm. Burt, goes East in a day or two, but expects to return to Vancouver, where Mrs. Dickie, recently milliner at the Westside, has accepted a position with one of the large houses in the Terminal City.
C. Franklin, W. R. Ross and Mrs. Ross, L. W. Garretson and Mrs. Garretson, Mrs. F. K. Ewing, W. Russell and family, G. D. Phillips, J. M. Phillips, N. C. Phillips, Jr., and C. G. Fowler, are a party of tourists from San Francisco, Los Angeles and Seattle, guests at the Vernon.

To Advertisers

During the summer months the Times is published on Saturdays at two o'clock, p. m. Owing to this fact advertisers must have their copy in the hands of the printer before nine a. m., Saturday mornings, and preferably on Friday evenings. The same applies to notices of church services.

City News in Brief.

—Carpets taken up, cleaned and laid. Smith & Champion, 100 Douglas street.
—Have your Upholstery and Mattresses repaired at Smith & Champion's.
—Going to Vancouver or Westminister? Take the Terminal railway at 7:00 a. m. daily.
—A new shaft and door factory is in course of erection at the Sayward mills. This is the building previously alluded to as about to be built on the west side of the sawmill, but which is now going up on a wharf close to the Point Ellice bridge.
—Henry Logan, George Wilson, Ellen McCullaghan and Dorothy Eldridge, of Vancouver College, have won four out of seven matriculation scholarships open for competition. These are worth from \$100 to \$125 tenable for a year. The standing is won in competition with the matriculants of the whole Dominion so that Principal James C. Shaw is justly proud of the showing.

—A new weekly has made its debut in the provincial journalistic field—the Liberal, published in New Westminster every Saturday. Its publisher is a veteran newspaper man, John Kennedy, who announces that: "Believing thoroughly in the British system of responsible government, through two great parties, and firmly persuaded that Liberalism, both in this province, the Dominion, and the Empire at large, has a mission and a future not accorded to its glorious past. The Liberal, while conceding a place and a use and virtues and accomplishments to other parties, is proud to declare itself an exponent and an advocate of Liberal principles, policies and parties, so long as these remain true, in enunciation and operation, to the real spirit of Liberalism, reserving to itself the independent right to criticize all apparent deviations or aberrations." The Liberal is a newsy publication containing information on all matters of public interest admirably condensed.

"DABSTERS."

People Who Do Things By Piecemeal.
Many people are convinced coffee is the cause of their sufferings and stop its use from time to time to get relief. During these periods when they are not drinking coffee they feel better. They are getting well in small instalments.
"How much better it is to stop short on the coffee and shift to well made Postum and get well once and for all. As soon as this is done the destroying effects of coffee are stopped and a powerful rebuilding agent is set to work. Health comes back by bounds, and so long as the right food and drink are used and improper food is left alone the cure is permanent.
A lady of Resford, Me., says: "I was always a great lover of coffee and drank it so steadily that I would have to stop it at times on account of sickness in my head, gas in the stomach and other troubles. I would leave off the coffee for a few weeks until I felt better, then would go to drinking it again.
"I continued this for years and paid dearly for it, until about a year ago I read a Postum Cereal article and bought and carefully prepared some. It filled the places of coffee from the start so far as flavor and taste go, and it has righted my stomach troubles. I have improved so that my friends notice the change. I have exchanged sickness and misery for health and happiness. Through Postum I have got well at once." Name furnished by Postum Co., Battle Creek, Mich.
"I've sold Postum with a dash of lemon—a delightful 'cooler' for warm days. Send for particulars by mail of extension of time on the \$7,500.00 cooks contest for 735 money prizes.

Sick Headache— Lack of Appetite.

Its glorious to feel right in the morning—ready for work. But how seldom one does. Sick headache, lack of appetite, disagreeable taste in the mouth—these are the usual morning feelings of most people—even of careful lives. This morning illness shows that the organs of digestion are not working properly. They need a tonic. Take a teaspoonful of
Abbey's Effervescent Salt
in half a glass of water as soon as you rise—you'll be ready to do justice to a good breakfast.

DELTA APPROVED OF JOHN OLIVER'S COURSE

Delta District Liberals Are Holding Enthusiastic Meetings Preparatory to Nominating Candidate.

The electors of Delta have given their approval to the course pursued by John Oliver in the last legislature. It would be difficult to conceive of a constituency doing anything else in view of the service which John Oliver has done this province as a whole by his watchfulness and his determined efforts in exposing the Columbia & Western subsidy matter.

In making the Columbia & Western his principal subject of attack upon the then government in the elections of North Victoria and West Yale, he appeared with Mr. McBride unaware of what was later brought out in the evidence before the commission that it was when Mr. McBride was a member of the government that the order-in-council was passed giving to the C. P. R. the lands which were the subject of the case.

Mr. Oliver said they now had as Premier a man who was partially responsible for these transactions. Coming to the desertion of his Liberal supporters on the opposite side, Mr. Oliver said that Mr. McBride had time and again assured the Liberals in the opposition that before he would in any way jeopardize them, he would retire into private life.

Mr. Oliver pointed out that the success of our system of government depended upon the honor of the men who administered our affairs. Mr. McBride's government could not exist without the support of those who had been backers of those who had been denouncing and fighting.

At a meeting of the Conservative party held in Port Essington, C. W. D. Clifford was endorsed as the candidate of the party at the coming election for the Skeena district.

Next Tuesday and Wednesday the Quintus Indians, from the United States Industrial Indian school at Gravelly, Wash., will play here. This team is one of the fastest on the road and is the best Indian team that has ever taken a tour through the Northwest.

THE GAMES WITH EVERETT. Schuck and his new collection of star ball players, who now represent Everett on the diamond, defeated McKelvey's San Francisco league team on Monday to the tune of 6 to 4.

Chase for the home team. As this is the first game for Chase in that position, his admirers will anxiously watch his performance. He has filled several positions on the team, notably that of catcher, and if his pitching will be as good as his catching he may truly be put down as a wonder.

On Saturday the great Schuck will be on the slab for the visitors and Emerson for the Victorias. This game should be one of the finest pitcher's battles ever seen here and should prove a great drawing card. Friday's game will be called at 6:30 and Saturday's at the usual time, 3 o'clock.

Next Tuesday and Wednesday the Quintus Indians, from the United States Industrial Indian school at Gravelly, Wash., will play here.

Two All exhibitions of baseball between the representatives of well known business houses were provided at the California grounds and Benson Hill last evening. One was between teams of E. G. Fryer & Co. and Lewis & Leiser, and was won by the former team with a score of 17 to 7.

About the same time teams from Waitt & Co.'s and Challenger & Mitchell's establishments were wrestling with each other for supremacy. Fortune finally leaned towards the players from the jewelry store, with a score of 10 to 7.

Another game to-night. The nine from Challenger & Mitchell's establishment, exulting in their victory over Waitt & Co.'s team last night, will play Heller Bros. aggregation this evening in the California grounds.

PROVINCIAL NEWS.

MORRISSEY MINES.

Two men were seriously injured here on Tuesday evening at the Morrissey colliery. They were riding up a steep narrow gauge incline railway on some heavy mine timbers, when the logs loosened from the car and rolled over on the unfortunate fellows. One of them is a young son of Capt. Harper Wilson, of Winnipeg. Their recovery is doubtful.

The plans for the Morrissey Mines branch of the Canadian Bank of Commerce have arrived from Toronto. The structure will cover a ground space of 40 by 150 feet, and will be two stories in height, with basement. The upper story will be used for living apartments by the bank employees.

Over 50 men are at work digging a ditch for the water main to be laid to the town. The pipe will have a drop of 500 feet in three miles, which will give ample pressure for fire protection, and an abundant supply of pure water for all purposes.

VANCOUVER.

A meeting of the Westminster Presbytery was held at Mission City on Monday night when Rev. John Gilliam was inducted into the pastorate. Rev. R. J. Wilson, M. A., pastor of St. Andrew's church, in this city, preached the sermon to the congregation.

At the meeting of the board of school trustees on Monday evening the members of Messrs. Dewar & Carter, of \$74,435, for the erection of the new High school, after the plans of Messrs. Blackmore & Son & Guenther, was accepted, subject to the usual conditions as to bonds, etc.

Mrs. McDonald, wife of D. McDonald, carpenter and contractor, of 209 Prior street, passed away, after a very brief illness on Monday.

The funeral of the late Mr. A. M. McDougall took place on Monday afternoon from the family residence on Melville street. At the house the Anglican church service was conducted by Rev. H. J. Underhill, rector of St. Paul's church, while at the grave the members of the I. O. F. performed the last sad rites, the pallbearers being chosen from members of that order.

The death occurred on Monday afternoon of Mrs. Bowman, a well-known resident of this city, the cause of death being pneumonia.

Thomas, the 7-year-old son of Mr. and Mrs. Powers, of Third avenue, passed away on Sunday, a victim of diphtheria.

News of a sad shooting accident at Otter, near Langley, was received here on Sunday, the victim being Robert Waldon, the 13-year-old son of Mr. and Mrs. Waldon, of 1,235 Hastings street east. The deceased, with his brother, aged six years, were at Otter staying with their uncle for the holidays. On Saturday the younger brother obtained a 22-calibre Winchester rifle from the house. The elder boy, fearing that he might do some damage, tried to take the rifle away from him. In the scuffle that ensued the rifle was discharged, the bullet striking Robert in the back of the head. Medical aid was at once summoned, but the boy passed away about an hour after the sad accident.

At the church of Our Lady of the Holy Rosary, Rev. Father Le Chesne on Monday united in marriage Mr. P. J. McIlroy, C. P. R. bridge foreman, and Miss Kathleen A. Roach, of this city, but formerly of Kingston, Ont. The honeymoon will be spent on Vancouver Island, after which Mr. and Mrs. McIlroy will take up their residence at Arassiz.

On Monday morning a pretty wedding ceremony was solemnized by Rev. G. A. Wilson, at the residence of Mrs. Baker, 1,121 Nelson street, when her daughter, Miss Jennie Baker, was united to Mr. Allan Purvis, also of this city. The bride and groom are well known and esteemed in this city; the former being a daughter of the late Congressman Baker, of California, and of Mrs. Baker, Nelson street, while the groom holds the responsible position of chief clerk to General Superintendent Marpole, of the C. P. R.

W. A. Canyow, the Chinese interpreter, returned from Monday from Ashcroft where he had been summoned by the police to assist in unravelling the Chinese murder mystery that occurred recently at Crow's Bar, a small place about 45 miles from Clinton, in connection with which three Chinamen are now under arrest at Ashcroft. Mr. Canyow says that You Gee, the murdered man, who was mining there, was killed by a blow with a hammer, the body being thrown into the Fraser. The police have secured some important evidence, but so far have been unable to find any motive for the crime. Superintendent of Provincial Police Hussey left here for Ashcroft on Sunday.

Delegates from the Loggers' Association met Premier McBride yesterday with a request that the government suspend the law for six months against the exportation of logs, as there was no sale for logs on this side of the line. Premier McBride asked the loggers to sign a petition and present it to him. The loggers claim that they are in distress owing to lack of demand.

DRIVING CLUB MATINEE.

Second of a Series Will Be Given on Saturday Afternoon.

The Victoria Driving Club will give its second of a series of Saturday afternoon matinees arranged for the summer months on Saturday next. The track is in splendid condition, and a large string of horses are quartered at the track training under the supervision of J. Millington, who will later take in the circuit on the Mainland with the best of these in his care.

The programme arranged for Saturday next consists of four events. A gentle mile driving race, cog race, a free-for-all and an exhibition of W. G. Stevenson's colt "Captain John," the great son of Tennesseean. The exhibition will be a matched half mile with his dam "Fanny Putman," 2:13. Mr. Stevenson has promised the public to show them a half mile better than 1:45, this time being faster than the provincial record for colts, three-year-olds included. "Captain John" is but a two-year-old last month.

Budweiser Is Ideal.

It is the standard of quality by which all other beers are judged.

Commanding the highest price, yet leading in sales, proves that its superiority is recognized throughout the world.

Further proofs of Budweiser's worth are the many imitations, both in name and similarity of label, constantly being placed upon the market by unscrupulous competitors. To guard against deception every cork is branded.

YUKON ROBBERIES.

Several Very Extensive Ones Have Been Committed in Recent Weeks.

Advice from Dawson tell of several big robberies which have recently been committed in the Yukon country. Since the McConnel bench claim standing in the name of Geo. Taylor were relieved of \$6,000 in dust. Max Steinfield and San Levy are reported to have been arrested on the charge of taking between \$800 and \$1,500 worth of dry goods from the warehouse of Isaac Bros. The trial is pending, and in the meanwhile the goods have been recovered. J. W. Stratton has complained to the police of losing \$1,100 on the steamer Caseo while making the trip down the river from White Horse. Jewelry to the value of \$100 and belonging to Mrs. Radcliffe is also said to have been stolen from the Regina hotel.

AN IDEAL PRODUCT.

In every field of production there is some particular line, some certain article that, by reason of its intrinsic excellence, stands above all others and serves as an accepted type for them.

In the bottled beer industry, the ideal product, the recognized standard of quality is Anheuser-Busch's BUDWEISER.

Good water, good malt, good hops and the proper time for maturing are the requisites for good beer.

Budweiser being brewed of thoroughly filtered, soft river water, the very best barley-malt, the highest grade of hops, and having been lagged until properly aged, assures for it that perfect blend, exquisite flavor, rare mellowness and nourishing qualities, foreign to other beers.

Budweiser is bottled only at the home plant of the Anheuser-Busch Brewing Association, at St. Louis.

PATENT SALMON CANS.

A Victorian's Invention is Meeting With Favor in the Old-Country Markets.

S. M. Okell will leave to-morrow for Fairhaven by way of Vancouver. He will be absent for some time superintending the packing of salmon in the porcelain lined jars which are his invention.

The Washington Packing Company's cannery at Fairhaven is putting up 37,500 cases of this method of packing. The demand for this style of packing has been attended with such satisfactory results that it has gained a firm footing in the sea country market. Already, before the fish are packed, almost all of the output to be put up this way is sold. Out of the 37,500 cases to be packed there are 36,000 sold.

(Continued from page 1.)

for the firm to sign. A peculiar feature of the case is the fact that although he had just arrived in town he had his contract all ready to sign, with the name of the local firm typewritten in the body of the instrument. He will be held pending advices from Seattle, where he is said to be wanted for working the same game to the tune of \$10,000. Chief of Police Ford, of Pocatello, has received word from Sheriff J. H. Taylor at Pocatello, Or., saying Fog is wanted there for obtaining money under false pretences.

Another man who was wanted badly in Seattle some time ago, and who was detained for a few days on this side of the line, has been arrested. This is William H. Faxon, who is charged jointly with Col. H. B. Dasher and Mark Hoff with grand larceny in the running of alleged swindling gambling games in the Ranier-Grand hotel. Faxon was arrested at Denver on Saturday, and will be brought to the Sound city without delay.

Hoff, already indicted by the grand jury, visited this city during the moral reform wave in Seattle. The local police were asked to arrest him, but the officer who was charged with the duty was not extraditable, and he could not therefore be held. Subsequently he went East over the C. & N. P.

These matters were dismissed in the police court this morning. He was charged with obstructing Thos. Deasy, an officer of the Indian department, in the performance of his duty. As will be remembered Mr. Deasy was taking a Mexican named Albert into custody when Marshall attempted to draw him in to a cabin. The case was dismissed, because it was shown that under the Indian Act Mr. Deasy had no authority to arrest Albert without a warrant. The Italian, Spida, who refused to pay the road tax when Collector Winsky demanded it of him, now wishes he hadn't been so refractory. Not only was he ordered to pay the tax \$2, but was also fined \$5 and \$2 costs. The next time Mr. Winsky calls on him he will doubtless lose no time in contributing his mite.

SEALERS OFF THE FALKLAND ISLANDS

HAVE JUST FINISHED THEIR SECOND SEASON

Skins Have Been Forwarded to London and Schooners Will Probably Go to Halifax.

A cable message has been received from Lampons, London, reporting the schooners Florence M. Smith and E. B. Marvin with catches of 908 and 1,271 skins, respectively. The skins were carried to London from Montevideo on one of the Pacific mail liners, and the schooners, it is believed, have gone to winter quarters either at Port Stanley or Montevideo. The catches referred to are the results of their second season spent on the southern grounds, and give the Florence M. Smith, Captain Ryan, a total of 2,400 skins, and the E. B. Marvin, Captain Anderson, 3,571 skins for the year. They have now been off the Falkland Islands. There are probably twice what the vessels would have secured in northern Pacific waters for the same time, and although the fur obtained in southern latitudes does not bring the same market value as those taken in this ocean, yet the experiment tried in sending the two schooners to Falkland Islands has been very successful, and will lead to others being dispatched to the same waters next year. In fact an effort is now being made in this city to form a small company for the purpose. Asked this morning if the E. B. Marvin and Florence M. Smith would return to Victoria, Captain Grant, manager of the Victoria Sealing Company, stated that he was yet unable to say whether the sealers will come back to this port or go to Halifax. There is every likelihood, however, that the vessels will make their headquarters at the Nova Scotia capital, as it is claimed by

some that they can there be outfitted more cheaply than here.

EXCURSIONS TO ERISCO. There will be a couple of round trip excursions to San Francisco in August, the fare for which will be \$25 a ticket. They have been arranged for the National Encampment of the Grand Army of the Republic, which meets at San Francisco from the 17th to 22nd inst. Tickets will be good for 60 days, and will call for passage on the Umattilla, which sails from Victoria on the 7th, and the City of Puebla, which sails five days later. The first vessel will start last evening with a total of 255 passengers for Victoria and the cities of the Sound. The Umattilla will carry among others from this city leaving for the Golden Gate this evening H. T. Chapman and wife, A. H. Guthrie, H. Johnson, Mrs. A. E. Smith, Lillian Smith, Mrs. W. J. McGee, Miss McGee, A. Queter, W. Gage, H. K. Smith, Mrs. H. Mansell, Miss E. Wintrol, Miss L. M. Sylvester, Mrs. L. L. Wingate, Miss M. West and Mrs. Johnston.

TO VIEW BATTLESHIP. It is thought that when her machinery gets running smoothly the new battleship, Chatham, which is now in regular service on the Victoria and Sound route, will be able to make as good time as the Majestic. She left Seattle last night an hour and a half late, and arrived here at 4.30 o'clock this morning. Manager Chas. E. Penbody, of the Puget-Sound Navigation Co., has arranged with Moran Bros., who are building the battleship Nebraska at Seattle, to allow excursionists from this city, admission to the shipyards for the purpose of seeing the extensive work there being done. The building of a great battleship is well worth seeing, and will be a special attraction of the trip.

THE AMUR. The Amur is expected to-day from Skagway, being scheduled to sail for the north again to-morrow night. She is bringing 650 passengers for Victoria and Mainland points. On her voyage leaving to-morrow night, she will have about 100 tons of general supplies for Dawson. The freight will include shipments of 25 tons of groceries to be forwarded by Wilson Bros. to Dawson, 15 tons to be shipped by Turner, Beeton

Charles Thulin, proprietor of the Malaspina hotel, Lund, has presented to the Tourist Association of Vancouver one of the lifeboats of the old Beaver, the first vessel to ply the Pacific propelled by steam. Steamer Bosowitz sailed for northern points last evening, after spending a week or more on Turpel's ways. R. M. S. Empress of Japan arrived at Hongkong from Victoria at 9 o'clock yesterday morning. R. M. S. Alouera is expected to-day from the Antipodes.

COMMUNICATIONS. A CLOSED DOOR TO JUSTICE. To the Editor:—Yesterday afternoon I handed the communication headed "Still Seeking Information" to Mr. Bugle, editor of the Colonist. As the letter did not appear this morning I have to ask you to insert it in to-morrow's Times, as an act of grace towards a large section of Conservatives in Victoria who believe that the affairs of their party are being wiffully mismanaged.

STILL ASKING INFORMATION. Sir:—I really must remove an erroneous impression that seems to have attached itself to your mind. In my letter to you yesterday I did not question your Conservatism, nor did I hint that you are not a supporter of the Conservative government. What I said, was that you are an object of suspicion and distrust to the supporters of the McBride administration, who basing their belief upon the articles printed by you on the 29th and 30th of May, and on the 2nd, 3rd and 4th of June, and upon your failure since those dates to print a single line by way of encouragement or support of the provincial government, openly accuse you of disloyalty to that government. Mark the distinction between "government" and "party," and permit me to say that you owe it to yourself and to your newspaper, which has set itself up as a member and an exemplar to British Columbia Conservatives, to say whether you are for or against the government.

KEEP TO THE FACTS. To the Editor:—I do not know whether I was more surprised or amused at the reference in this morning's Colonist to the relations between the Liberal party in New Brunswick, politics and the federal cabinet. Really a newspaper which seeks to guide its party ought to keep better informed. Every man who has kept the track of event in Canada knows that New Brunswick has been in session for several weeks, and protesting against any infringement of them, ever since 1871, when Sir John Macdonald attempted to coerce the province on the educational question. So high did feeling run at that time that the Liberal press insisted that faith should be kept with the provinces or the Union should be dissolved. I shall not trouble you with the numerous more recent occasions when that province took its stand strongly for its rights under the B. N. A. Act. Some of them can be found in the law reports. At the first Liberal provincial convention held in New Brunswick I had the honor to bring forward a resolution, which was adopted unanimously, declaring that the maintenance of provincial rights in their fullest sense was the dominant plank in the Liberal platform. Of very recent instances where that province has asserted its rights against the Dominion, I may mention the claim to the control of fisheries within the 3-mile limit and the protest, carried to

Society Women

are just as susceptible to the ills of womanhood as are their less favored sisters, but owing to their inherent distaste for advertised articles will resort to all other methods for a cure first.

Yet it is a fact worth recording that Mrs. Pinkham is constantly receiving letters from women of high social position, saying as a last resort and without any faith, they tried Lydia E. Pinkham's Vegetable Compound and were completely cured by it. She actually has thousands of such letters as the following:

Mrs. Ida Roser, grand-niece of the late U. S. President James K. Polk, relates her happy experience with Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM—I have been married for nearly two years, and so far have not been blessed with a child. I have, however, suffered with a complication of female troubles and painful menstruation, until very recently. The value of Lydia E. Pinkham's Vegetable Compound was called to my attention by an intimate friend, whose life had simply been a torture with inflammation and ulceration, and a few bottles of your Compound cured her; she can hardly believe it herself to-day, she enjoys such blessed health. I took four bottles of your Compound and consider myself cured. I am once more in fine health and spirits; my domestic and official duties all seem easy now, for I feel so strong I can do three times what I used to do. You have a host of friends in Denver, and among the best count, Yours very gratefully, Mrs. IDA L. ROSER, 326 E. 18th Ave., Denver, Col.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and always helpful.

No other person has had so wide an experience with the ills of women, nor such a record of success, as Mrs. Pinkham has had. Every sick woman should profit by Mrs. Pinkham's advice. Write to-day. Tell her all. It may save your life.

\$5000 FORFEIT if we cannot forthwith produce the original letter and signature of above testatrix, which will prove its absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.
