

### RHEUMATISM FOR OVER 16 YEARS

#### No Return of the Trouble Since Taking "Fruit-a-tives"

103 Church St., Montreal.

"I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good.

Then I began to use "Fruit-a-tives," and in 15 days the pain was easier, and the Rheumatism much better. Gradually, "Fruit-a-tives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

P. H. McHUGH.

### ELECTRIC ROADS AFFECTED BY BILL

#### Measure Introduced at Ottawa Puts Them Under Provincial Control

Ottawa, May 18.—(Canadian Press)—First reading was given in the House of Commons yesterday afternoon to a bill which seeks to bring the control of electric roads under the jurisdiction of Provincial Government, rather than under control of the Dominion Railway Commission.

Last year a clause was put in the Railway Act placing the Quebec Central Railway under Federal control, but it was found later that the clause took in all electric lines. This new bill, Hon. J. D. Reid explained, was to place electric lines back under the jurisdiction of Provincial Government.

Replying to W. F. Maclean, Toronto, Mr. Reid said no provision had been made to extend the jurisdiction of the Railway Commission with regard to telephone companies.

Estimates.

Ottawa, May 18.—Supplementary estimates to cover expenditures made during the last fiscal year were tabled in the House yesterday afternoon by Sir Henry Drayton, Minister of Finance. They totalled \$19,051,199, and included a vote of \$8,993,867 for soldiers' civil re-establishment (outside service); \$400,000 for reconstruction of the Port Colborne elevator;

### MISSIONARIES WERE ROBBED IN CHINA

#### Houseboat Was Held Up on Yangtze River and Looted

Hankow, May 17.—Chinese bandits recently held up and robbed two missionary families of the Church Mission Society traveling by houseboat on the Yangtze from their post in Szechuan to Shanghai. The robbery occurred in Hupoh province near Ichang.

The victims were Mr. and Mrs. Caldwell and Mr. and Mrs. White-side, who were compelled to bring their craft to land when the bandits fired from the shore. About twenty robbers boarded it, and looted everything that took their fancy. A celluloid doll belonging to an infant was rolled away when the walls of the child touched the hearts of the robbers.

### CONFERENCE OBJECTS TO SUNDAY TRADING

#### Amendments Resulting From Govt.-Opposition Conference Debated Yesterday

Ottawa, May 18.—The Methodist Conference went on record yesterday as heartily endorsing the action of the People's Prohibition Association in asking for the passing of amendments to the present Prohibition Act as opposed to Government control of liquor.

There was considerable discussion on Sabbath observance, with the result a resolution was passed urging the Federal and Provincial governments to enforce the act more strictly.

The Conference also urged that Sundays be made a close season for game birds and fish.

The report of the Sabbath observance committee, read by Rev. R. C. Scott, secretary, stated that "we view with alarm the tendency among the people of British Columbia to devote the hours of the Sabbath to mere recreation and selfish amusement." It condemned the laxity of the enforcement of the Lord's Day Act in many parts of the Province, and deplored the amount of petty trading that went on in defiance of the law. Mention was made of the fact that a great part of the trading was carried on by aliens.

### FRANCHISE BILL AGAIN DISCUSSED

#### Amendments Resulting From Govt.-Opposition Conference Debated Yesterday

Ottawa, May 18.—Results of the conference between the Solicitor-General and members of the Opposition in regard to section 32 of the Franchise Bill were announced in the House yesterday afternoon. The section relates to the preparation of voters' lists. It is the section which aroused so much criticism when the bill was last before the House.

Continuing consideration of the bill in committee, the House yesterday afternoon again took up the clause.

Hon. Hugh Guthrie then submitted amendments which he said were the result of suggestions made at the conference, and generally speaking the suggestions were pretty fully met.

Provincial Lists.

The amendments provided that where, in rural districts, provincial lists in any province were not more than two years old, these provincial lists would be adopted as the basis of the Dominion franchise. In this regard there were two additional provisions:

First, a person not included in the provincial list might still apply under Section 63 to be added on election day and might vote.

Second, a person not on the provincial lists might apply to the revision office before election day to have his name added.

In cities, towns and villages, or what were known as urban polling districts, the procedure laid down in the bill would be very nearly followed. In rural districts where no polling lists less than two years old were available, then the whole list would be prepared as in urban districts.

Mr. Guthrie explained that the amendments he had brought in were a concession to certain members of the Opposition, and it had been understood that they met in a general way the objections to clause 32.

To Avoid Expense.

The clause now provided that where satisfactory provincial lists existed, they should be accepted for Federal elections, and unnecessary expense was done away with. Members from Ontario and Quebec were now making further suggestions to meet conditions peculiar to these provinces.

"We cannot have a patchwork Franchise Bill," he said. "We can not apply to the whole Dominion a law aimed to meet conditions in a single constituency, and if the amendments are not satisfactory to either side of the House, we had better drop them and go back to the original provisions of the Act," added Mr. Guthrie.

Hon. W. L. Mackenzie King hastened to assure Mr. Guthrie that the Opposition was not finding fault with the amendments as brought in.

Mr. Guthrie said that what he wished to point out was that the amendments pleased nobody. They went as far as was consistent with uniform legislation. It was not possible to adopt everybody's suggestion. It was absurd to base Federal legislation on the possible action of Provincial Legislatures. Provision had been made that lists where they were satisfactory would be accepted, such as in Nova Scotia and British Columbia.

Opposed.

J. A. Sexsmith, Peterboro, East, was absolutely opposed to the use of provincial or municipal lists. He knew of cases throughout Ontario where scores of men had been left off either list, and the Federal Government was surely big enough, and the electors of Canada were surely willing to pay for it, to have entirely new and up-to-date lists of their own.

Considerable applause from the Government supporters followed this remark.

Mr. Mackenzie King reviewed the circumstances which led up to the conference at which the first amendment was agreed upon. The second amendment was intended merely as a basis of discussion. Personally he was satisfied with the first amendment.

Left Over.

Mr. Guthrie said that the first amendment went quite far enough. It provided for the adoption of bona fide provincial lists, but the Dominion Government in Ontario preferred to make acceptable in the province of Ontario municipal lists which he did not consider suitable for Federal elections, although they might be acceptable to Premier Drury. In face of the opposition which had developed on the Government side of the House to the amendments he had just introduced, he could not press them and it might be better to let them stand over until everybody had considered them thoroughly.

H. S. Clements said that without enumerators, half of the people in the rural districts of British Columbia would lose their vote. He was strongly against doing away with enumeration in the rural districts.

### \$100 OFFERED BY GRATEFUL PATIENT

#### Vancouver Lady Astonishes Local Distributor by Offering Large Gratuity

Mr. W. Y. McCarter, of the W. Y. McCarter-Burr Co., was astonished last Friday when a lady entered his office in the Dominion Building, Vancouver, and offered him \$100. Behind this circumstance is a story which is both interesting and instructive.

The lady who made the offer is well known in Vancouver. For a long time she has been suffering from illness and, despite the best medical aid, could obtain no relief. She was finally advised by a friend to try effective. For Rheumatism, Asthma, Kidney trouble and many other diseases it is a treatment which is unequalled and no sufferer should neglect to obtain information concerning its work and the many who suffered from disease such as they are suffering from who have found relief through its use. The distributors have recently issued a booklet, "The Road to Health," which gives full facts as to the remedy and testimonials from grateful sufferers who have tried it. Ask your druggist for a copy or, if he cannot supply you, write the distributors.

Wonder Health Restorer is offered at Ivel's Pharmacy, Victoria, and is also on sale at most drug stores throughout the province. The W. Y. McCarter-Burr Co., Ltd., 616 Hillside Avenue, Victoria, Phone 4955, are distributors for British Columbia.

### BRITAIN SENDING SUPPLIES TO POLAND

London, May 18.—A question concerning materials which are being shipped from England to Poland was raised in the House yesterday.

Mr. Hon. Andrew Bonar Law, Government spokesman, said they formed part of the supplies purchased by Poland last year, and that they were being shipped by the Poles because they were the property of the Polish Government.

Mr. Bonar Law admitted that Great Britain had sold Poland some surplus stores last October, and said that it would have been a breach of faith by Great Britain if the dispatch of ammunition had been prevented.

Fruit crop forecasts at Penticton predict a lighter yield of apples than at first expected, and apricots will also be light. Peaches, plums and cherries promise a heavy crop.

### A Cure for Pimples

"You don't need mercury, potassium or any other strong mineral to cure pimples caused by poor blood. Take Extract of Noto-druggist calls it "Mother Seigle's Curative Soap—and your skin will clear up as fresh as a baby's. It will sweeten your stomach and regulate your bowels." Get the Genuine. 50c. and \$1.00 Bottles. At drug stores."

## Converted to Chiclets

Thousands of people have been converted to the healthy habit of chewing gum by the daintiness of candy-coated Chiclets.

Chiclets are "Really Delightful"—in flavor, in size, in form.

They are as much at home on *Milady's* dressing table as on the office desk.

They offer an aid to digestion, a relief for tired nerves, a help to good teeth, all in a most tempting way.

Now you can get Chiclets in *two* delightful flavors.

—an Adams product, particularly prepared  
The Original Candy-Coated Gum

Pink Chiclets—Adams new, delicious Fruit Flavor—in the pink packet, ten for 5c.

And the most demanded chewing gum in Canada—white Chiclets, peppermint flavor, in the yellow and gold packet—ten for 5c.

**IMPERIALS MUST GO  
UNLESS CHANGE MADE**

Two British Volunteers From California, Refused Admission to Canada

As an explanation of one of the main reasons for the existence of the Imperial Veterans in Canada as an organized body, Provincial President Crossland last night informed the Victoria members, meeting in the Y. M. C. A., that two Imperial men who recently arrived in British Columbia will shortly have to go to California, against their will and solely because of official red tape and regulations, which will not allow them to settle in the land they fought for.

These two men, both British subjects, according to President Crossland, after several years of actual fighting, were demobilized on board the Carmanian and repatriated to California, where they had been residing at the time of the outbreak of war. They found that they were strongly discriminated against in that state. "The Californians felt they had won the war, and they had no particular use for these men, while the strong propaganda against immigrants, which is now being carried on in that state made these men so uncomfortable that they simply had to get out," said Mr. Crossland.

The two came from British Columbia, but were refused admission at Blain, and the only reply to their demonstration of parchments and other Imperial army discharge sheets was "Well, you chaps should have come direct from the Old Country if you want to get into Canada."

**RUMORS SPREAD AS  
NO IMPERIALS CAME**

Imperial Veterans Hear Details of Kelowna and Vernon Employment Fiasco

The regular meeting of the Victoria Unit of the Imperial Veterans in Canada, held last night in the Y. M. C. A., was addressed by Provincial President P. J. Crossland, of Vancouver, who spoke on the situation existing in the Kelowna and Vernon districts through the non-arrival of the expected large immigration of Imperial ex-service men, who had been relied on to relieve the labor shortage on the fruit farms, and for whose benefit large preparations had been made by farmers, the Imperial Veterans' Association, and the Provincial Government.

Mr. Crossland said that Victoria had been flooded with rumors regarding the fiasco, and that stories alleging officials of the Imperial Veterans had made attempts to hold up the agricultural associations of the interior for sums aggregating \$1,500 were in circulation here and on the Mainland.

The speaker then gave full information from official documents and correspondence, showing that the Imperial Veterans, and the Soldier Settlement Board had been to great trouble to assure that, as soon as the expected influx of men began to arrive in the Spring, they would be properly looked after. The farmers who were prepared to accept men had all been listed and even a hotel had been tentatively arranged for their accommodation.

**DARKEN GRAY HAIR,  
LOOK YOUNG, PRETTY**

Sage Tea and Sulphur Darkens So Naturally That Nobody Can Tell

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wynth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wynth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

**Gouraud's Oriental Cream**

Sole U.S. and Canadian Agent: FERRI, HOPKINS & SON, Montreal

of a six months' holiday in Victoria and other coast cities.

Lieut. E. A. Maude, of Mayne Island, is visiting Victoria, and is stopping at the Dominion Hotel.

Mr. and Mrs. G. Franklin have gone

to Vancouver for a few days to visit friends in Mount Pleasant.

Hon. Frank Oliver and Mrs. Oliver, of Edmonton, are expected in the city shortly. At present they are staying at the Hotel Vancouver in the terminal city.

Capt. and Mrs. R. H. Ley are at Shawinigan Lake, where they will spend the summer months.

Mr. Noel Bagshaw was the weekend guest of his sister, Mrs. Cyril Beeston in Vancouver.

Mrs. and Miss Tombs, of the Quamichan Hotel, Duncan, are staying at the Dominion.

Dr. R. H. Barker is in from Happy Valley, and is registered at the Dominion.

Mr. and Mrs. W. A. Caswell, of Regina, are staying at the Empress Hotel.

R. J. Lowrie is down from Courtenay and is a guest of the Dominion Hotel.

Mrs. C. F. Mattice, of Portland, is registered at the Empress Hotel.

Charles F. Peterson, of Tacoma, is a guest at the Empress Hotel.

Senator Shafer, of Vancouver, was in the city yesterday.

J. Abernethy, of Toronto, is staying at the Empress Hotel.

Mr. and Mrs. Albert Emilie, Leland Apartments, were hosts on Thursday night, when three tables of bridge provided a pleasant evening's entertainment. The first prizes were carried off by Mr. and Mrs. Helmsing, while Mr. and Mrs. Capes captured the consolation awards. Covers were laid for fourteen at the supper table.

Other guests at the dinner were Misses Mrs. Dixon, the Misses Thomas, Mr. de Carteret, Mr. de Carteret, Jr., and Mr. Campbell.

Leslie Grossmith, the well known entertainer, for whom George J. Dyke of this city has recently made arrangements for his appearance at Vancouver Island, has been removed to Nanaimo Hospital. He fell from a ladder at Parksville. Mr. Grossmith has therefore been obliged to cancel his engagements, in consequence of the accident.

Women journalists all over Canada are making preparations for the triennial conferences of the Canadian Women's Press Club, which meets in Montreal on October 5, 6 and 7. A number of writers in British Columbia have signified their intention of going. The conference is the first held in the past five years, the last having been postponed on account of the war.

Lady Kindersley, wife of Sir Robert Kindersley, Governor of the Hudson's Bay Company, and her daughter, Miss Kindersley, are the guests to-day of the Women's Canadian Club in Vancouver at a luncheon in their honor. Many social events have been arranged for the distinguished visitors.

Lieut. Theodore P. Crowther, R.N.R., formerly of Liverpool University, Calgary, and then a qualified accountant with Grant & Maskill, of Vancouver, has been appointed assistant secretary of the provincial division of the Navy League of Canada. His headquarters will be in the St. Bart-Peace Block.

Hon. J. H. Turner, former Premier of British Columbia, and ex-Agent General for this Province, recently celebrated his eighty-seventh birthday. He is living at "Langlois," Wolsley Road, East Molesey, near London, England.

The University Players of B. C. who delight in Victoria people with their presentation of "Green Stockings," have completed a successful tour of the Mainland. The play was staged in eight cities in the Province, and the talented company was much feted.

Lady Kindersley and daughter were the recipients of lovely bouquets of roses and carnations presented by Mrs. Johnston, wife of the Mayor of New Westminster, on Monday afternoon, on behalf of the ladies of the Royal City.

Hon. Walter Scott, ex-Premier of Saskatchewan, and now of Victoria, has been making a world tour for the benefit of his health. He is now in London, arriving at the metropolis from Paris last week.

Mr. and Mrs. Daniels have returned from their honeymoon trip to Victoria and left on Thursday evening for their future home at Keremees.

Miss Ida Morris, L.R.A.M., late provincial musical supervisor in Victoria, has returned to Vancouver after several months in England.

Mr. F. H. Mileston, of the B. C. E. staff in Chilliwack, is spending part

## ARE PREPARING FOR NATIONAL CHAPTER

Miss A. B. Cooke Receives Instructions From Victoria Municipal Chapter

Consideration of the proposed amendments to the constitution of the Imperial Order Daughters of the Empire occupied the attention of a special meeting of the Municipal Chapter at headquarters on Monday night. Miss A. B. Cooke, educational secretary, who will represent the chapter at the 20th annual meeting of the National Chapter in Calgary next Monday, was instructed in regard to the chapter's votes.

The delegates from all parts of Canada will be entertained at a reception at the Fairview Hotel, when members of the I.O.D.E. in Calgary will be hostesses. The delegates will also be guests at tea at the Calgary Golf and Country Club. Several other societies are assisting the entertainment of the visitors.

The conference will close with a week-end trip to Banff, which will include a luncheon to be given by the Mount Banff Chapter, a tea at the home of Mrs. P. J. Nolan and dinner at the Banff Springs Hotel.

Of special interest will be the address on Tuesday evening by Mrs. Arthur Murphy, well-known as "Janey Canuck."

**CHILDREN'S FLOWER SERVICE AT ST. PAUL'S**

The children's flower service held in St. Paul's Church on Sunday was largely attended, and proved to be a very pretty event. Every child brought a nosegay, from a modest bunch of wild flowers to rich hot house blossoms.

The children and parents entered thoroughly into the spirit of the service, and took very evident pleasure in the thought their gifts were going to help cheer the sick and lonely.

Short and appropriate addresses were given by the rector, the Rev. the Work, Point Military Hospital where there was but one patient who was frankly delighted, and cheered to think the children had remembered him.

A large basketful was left at the altar.

At the close of the service, which lasted a brief hour, the flowers were taken and distributed. Some went to the Work, Point Military Hospital where there was but one patient who was frankly delighted, and cheered to think the children had remembered him.

A large basketful was left at the altar.

## The BEEHIVE

STATUS OF THE TEACHER.

Nanaimo—Prof. Sedgwick, of the University of British Columbia, gave a public lecture on "The Status of a Teacher" to a good audience in the G. W. V. A. Hall Saturday evening. The lecture being given under the auspices of the Nanaimo District Teachers' Association, with the president, E. S. Martin, in the chair. The standing of the teacher is lower than essential, the lecturer said, because of the relatively poorer pay and shorter training. There were never so few men teachers in the history of education as to-day. Not one graduate of the University of British Columbia had decided on teaching as a profession. Increased remuneration and at least one additional year in the Normal School were absolutely essential. The lecturer contended for the teacher's right of free speech as a citizen upon social, political and religious questions. Prof. Sedgwick advocated raising the school age to sixteen full time and to eighteen part time, as in England. For the teachers themselves a higher standard of professional ethics was urged by

**"Y" ANNUAL MEETING**

Charles W. Bishop Will Address Gathering on Friday Evening; Electing Directors.

The annual meeting of the Y. M. C. A. will be held on Friday evening in the Association building. A very lengthy programme, which will commence at 6.30 o'clock with a banquet, is now being arranged. Six directors are to be elected for a term of three years.

An inspiring address will be given by Charles W. Bishop, M. A., of Toronto, general secretary of the National Council of the Y. M. C. A. of Canada. During the war Mr. Bishop supervised not only the work of the National Council in Canada, but also of the extensive and effective work of the "Y" overseas. It is expected that he will have an important message to give.

All members of the Association are invited to the gathering, which promises to be one of the most successful in the history of the organization.

**KIWANIANS FEATURE NOVEL PROGRAMME**

Interable Singing Creates Considerable Merriment at Weekly Event

To-day was stunt day with the Kiwanians, and from the commencement of the luncheon until the conclusion, something new and original was the keynote of the proceedings. No speaker was arranged for the occasion, and the members filling three large double-sided tables at the Dominion, yielded themselves up to the enjoyment of community songs and stunts.

In the attendance prize a new departure was followed instead of the five names being picked from the hat and one chosen, as is the rule, five names were picked and five were chosen only—the first four were presented with a necklace of lemons apiece. A. G. Smith, R. W. Day, G. W. Newton and D. Campbell starred in this class, while the real prize, a useful fountain pen presented by Kiwanian Dibble, went to John Dane.

Introductions were the order of the day and one by one the Kiwanians arose to their feet and told the assembly where they had been born, how long ago in this country, and a reflection of information invaluable to Burke or a Who's Who. The introductions showed that ten guests were being entertained by the club.

Musical novelties were next in order, and under the leadership of Mr. Harold Digson, the Kiwanians tried singing "Tipperrary" and "Old Kit Bag," by table en masse, by single table, and by mixed doubles. The result created a furor of merriment that did not subside until the close of the proceedings.

Harold Cross spoke on behalf of the juniors at the Y. M. C. A. who wished to play baseball and could not afford the playing kit necessary. He asked that individual members of the club assist the lads with equipment.

Songs, recitations, narratives, comical and serious, engaged the attention of the members until a late hour. The luncheon was voted one of the greatest successes held by the Kiwanis Club.

medium dark complexioned, wearing soft fedora hat and smokes long straight pipe. From the number of complaints made the adventurer has found profitable picking with his novel scheme.

**Benefits Saanich Residents.**—Much pleased comment is being made by people residing in the territory served by the B. C. Electric Interurban line, on the great improvement in travelling facilities which has come into effect with the recent changes in the time table governing train schedules. The institution of the late train is being especially commented on, as the departure at 11.30 p. m. permits out-of-town people to see the city's theatrical entertainments without fear of missing the car.

**Endorses Elk Lake Park.**—Alderman Todd, speaking to a luncheon of the Kiwanis Club to-day at the Dominion Hotel, outlined the project of a park at Elk Lake, and told of the advantages accruing to the community from such a pleasure ground in that vicinity. To further the idea, an excursion of public officials and citizens has been arranged for the half holiday to-morrow, when a party will leave town in cars for Elk Lake. After viewing the actual site and discussing the idea on the ground, the party will indulge in a picnic, returning to town later. The Kiwanians were interested in the remarks of the alderman, many promising attendance.

**FIGHT DUST FOR DRIVERS' SAFETY**

First of Speed Demons Arrives With Car For Saturday Races

With the Willows track well soaked by the rain on Sunday, Carleton H. Willis and other officials in charge of the automobile races next Saturday, placed a gang with a big tank wagon on the track to water it continuously until the gong for the first race sounds.

This is the precaution that the race officials are taking this year to make sure that the track is not too dry.

Higher speed and more powerful cars than ever before make it necessary to take this precaution as the presence of dust with the cars flying around at a terrific speed would endanger the lives of the drivers.

It will cost hundreds of dollars to rid the race track of dust alone.

The first of the speed fiends to arrive in Victoria is Jack Ross, of Seattle, the demonaical accelerator pusher. He brought with him his sixteen-valve Stutz, with which he covered 120 miles an hour on the Los Angeles Speedway. A mechanician accompanies him. Ross came over early to get acclimatized so that his nerves will be equal to cope with the thrills of Saturday. He will take special treatment from now to the end of the week so that he will be hardened for any test.

Other drivers will arrive to-morrow with their cars.

**BYLAW WILL TAX SIGNS, BALCONIES, AWNINGS IN CITY**

City to Levy Wide Charges on Overhead Contrivances

Measures at present under consideration by the civic authorities will force owners of down-town buildings to pay charges on overhead contrivances such as awnings, balconies, hanging signs, clocks and many other things to be specified in a by-law which City Solicitor H. S. Pringle has been instructed to prepare.

In its Private Bill of 1919 the City secured power to levy charges on overhead contrivances, and underground areas, cellars and so forth. The power to tax the latter is being utilized in the Underground Area By-law, a measure which was considered by the City Council last night, after it had lain on the table for about five months, following the launching of strong protests against it by indignant property owners.

The power to tax the overhead contrivances, however, has not been put into effect, yet.

What the by-law which Mr. Pringle has been instructed to prepare will include is not known yet, and has not received the consideration of the civic authorities. However, as the city's powers in this direction are very wide, it is thought that charges will be made extensively.

Decision on this bill will rest, as a great extent, with the Legislative Committee, which will instruct Mr. Pringle further.

The aldermen expect a storm of protest against the new measure which, they fear, will be even more unpopular than the tax on underground areas. They feel, however, that they are amply justified in levying the proposed charges.

**Stomach and Liver Trouble**

Once the liver fails to filter the poisonous bile from the blood, there is a clogging up and poisoning of the whole system which causes many troubles to arise. Therefore, upon the liver, more than any other organ of the body, depends the general health.

Carelessness and neglect, and oftentimes, wilful disregard of nature's laws will put the system out of sorts. The bowels become constipated, the liver inactive and the stomach upset. To bring the system back to its normal state, you should take Milburn's Laxa-Liver Pills. They live upon the liver, get the bowels back to their proper condition and tone up the stomach.

Mrs. G. L. Cackett, Enchant, Alta., writes: "I have used Milburn's Laxa-Liver Pills and have found them good for both stomach and liver troubles. I have told others about your valuable medicine and they have used them with good results."

"They are also good for headaches," Milburn's Laxa-Liver Pills are 25c. a visit at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**BUTTER SLUMPS; DAIRY OUTPUT INCREASES THROUGH ADVENT OF GRASS FEEDING**

Dairy Output Increases Through Advent of Grass Feeding

Butter to-day had the greatest drop it has had this Spring on the wholesale market. Practically all grades slumped three cents a pound. The reason for the break is the greater dairy production now that outdoor feeding is practically unlimited. Dairy prices here for some reason have been holding firm until now, despite the fact that prices in the Seattle and other American markets have been breaking for the last four weeks. Milk and cream prices here have not yet shown any tendency to fall, although there has been a decrease all along the coast with the advent of grass feeding.

Strawberries have fallen \$1 a crate to \$6, because of the increase of production in California. Asparagus and tomatoes are also quite a bit cheaper. Because of a sudden scarcity, Florida grapefruit jumped from \$9.50 to \$12 a crate. Australian onions are up \$1 a hundred weight to \$10. There is a large supply of Berman's Crystal Wax onions which are still selling at the old price of \$6.50.

Victoria rhubarb is coming in in large quantities. It is wholesaling at 7 cents a pound.

**LARGE SUM INVOLVED IN NEW BAILEY CASE**

City Faces Five Claims Advanced by Cameron Interests

If John R. Green, solicitor for the Cameron Investment & Securities Company, Ltd., succeeds in his suit against the Corporation over the Bailey expropriation case, the citizens of Victoria will have a pretty heavy bill to foot. It was stated by the Civil Legal Department to-day.

The writ which Mr. Green has filed in the Supreme Court Registry sets forth the plaintiffs claim for (1) an order compelling the city to pay for a mortgage on the Bailey land; (2) for damages for trespass by the defendant (the city) on the land; (3) for an injunction restraining the public from walking on the land which includes a part of the sidewalk of Pandora Avenue; (4) for an order that the defendants restore the land to the plaintiffs in the same condition which existed when the alleged trespass was committed, and (5) for damages.

The first claim that the Corporation be forced to pay off "the mortgage held by the plaintiffs" on the land, "the mortgage" dated March 8, 1913, made by Manly unto Stanley O. Bailey and assigned to the Cameron Investment & Securities Company, Ltd. is not thoroughly understood by the civic authorities at present. It is presumed, however, that the Cameron interest claim that the city should pay for the mortgage in question is about securing the Bailey land in return. This, of course, the city is not prepared to do. It is estimated that the payment on the mortgage, including interest which has accumulated, would amount to something over \$20,000. As the civic authorities understand it at present, they would, if the claims advanced in the writ are upheld by the courts, have to pay the mortgage and then buy from the owners the strip of land on Pandora Avenue over which the dispute has arisen. This probably would involve a total cost of something over \$30,000, it is stated.

Regarding the claims for trespass by the city, it is pointed out that the city's sidewalk has lain on the land for years, and the public has been walking along the sidewalk constantly. As a matter of fact, if the plaintiffs had not brought the present action against the city, it was the intention of the aldermen to allow the Cameron interests, if they wished, to fence off this land, leaving only a portion of the sidewalk along which the public could walk. It was considered improbable that the Cameron interests would go the length of doing this.

In demanding that the city restore the land in the same condition which prevailed before the dispute, the plaintiffs ask that the city restore all buildings, fences and other appurtenances thereof.

**WAGE PEAK REACHED, SAY EMPLOYERS**

Plan to Break Vicious Circle of Price Increases

Chicago, May 18.—Commenting on the decision of woollen manufacturers in the East to close their shops if their employees insist upon higher wages, employers of labor in and around Chicago say this action is a step to break a cycle in which American people are running without getting anywhere. Prices advanced so fast that wages cannot keep up, and the only remedy is to halt the "merry-go-round" and readjust affairs. There is no disposition discovered here to reduce wages, but employers generally are opposed to any further advances.

The cooks and waiters, on strike, are demanding increases averaging 35 per cent, but their demands also include a closed shop, and will deprive the employer of the power either to "hire or fire" any employee. The American Railway Express Company has just defeated a strike called by an outlaw union to force higher wages. The bakers have won their fight for higher wages and the result will be an 18-cent loaf of bread and corresponding increases in the price of pies.

In a quiet way many large employers, chiefly manufacturers, are reducing their forces. It is said several thousands have been laid off at the steel mills. Some concerns have notified their employees that any demands for increased wages at this time will mean the closing down of the plant until the country gets back to something like normal conditions.

**A Gift**

A 10-Day Tube of Pepsodent is sent to all who ask. See coupon.

**This 10-Day Test**

Has shown millions the way to white teeth

All statements approved by high dental authorities

This is how millions have found the way to whiter, safer teeth. You see the results on every hand—perhaps in teeth you envy. Send now for this simple ten-day test and see what your own teeth show.

The method is embodied in a dentifrice called Pepsodent—a tooth paste considered ideal by authorities. It is believed that its use will create a new dental era.

**Why teeth discolor**

There is on your teeth a viscous film. You can feel it with your tongue. It clings to teeth, enters crevices and stays. That film is the teeth's great enemy. It dims them and destroys them.

The tooth brush fails to end it, for the ordinary tooth paste cannot dissolve it. So for months between your dental cleanings it may do a ceaseless damage.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea—a trouble which few escape.

Dental science has for years sought a way to fight that film. Five years ago the way was found and convincing tests have proved it. Now leading dentists everywhere advise it, and millions of people have been led to employ it.

**The PEPSODENT COMPANY,**  
Dept. A, 1104 S. Wabash Ave.,

Only one tube a family.

**VANCOUVER ISLAND NEWS**

**Former Soldier Dead.**

Northfield.—The death has occurred at Tacoma of William Edmond Running, a native of Northfield, age twenty-six. He served overseas with the C. E. F. attached to the Ordnance Corps, and returned early in 1919 broken in health and recuperative power gone. An insistent decline followed, and ended with a peaceful death on May 12. He was a member of North Tacoma I. O. O. F., Rebekahs and Encampment and Machinists' Local No. 3.

A. O. F. Elect Officers.

Ladysmith.—The following officers were elected for the female Court of the Newcastle Court, A. O. F., for the ensuing year: J. P. C. Ranger, Sister W. Joyce; C. R. Sister I. E. Lowe; S. C. R. Sister A. Jones; treasurer, Sister D. Gourlay; secretary, Sister G. Davidson; S. Woodward, Sister A. Nelson; J. Woodward, Sister K. Peterson; S. Beadle, Sister Knight; J. Beadle, Sister Harrison; trustees, Sisters E. Wallace, Carmichael and Knight. The installation of these officers took place at a special meeting on May 14.

B. Y. P. U. Meeting.—The B. Y. P. U. of Emmanuel Baptist Church held their regular meeting last night. Rev. Wm. Stevenson gave a very interesting address entitled "Una and the Red Cross Knight Modernized," which was much enjoyed by all. A violin solo was given by Miss Lillian Parfitt, and Miss Gladys Thorpe rendered a vocal solo.

Moreover, Poslam will not, can not, injure and it takes only a little to prove its benefits.

Sold everywhere. For free sample write to Emergency Laboratories, 245 West 47th St., New York City.

Poslam Soap is a daily treat to tender skin. Contains Poslam.

It appears that the forms of the chisel were perfected 2,500 years ago, and that the beauty of workmanship in Bronze Age chisels has never been exceeded.

### CLEANLINESS IS HEALTH

By the use of Gillett's Lye, house cleaning is made a pleasure instead of a drudgery. It softens the water and cleans thoroughly whether the dirt is visible or invisible. Destroys all bacteria and infectious germs, removes obstructions from drain pipes, closets, sinks, etc. Refrigerators are made delightfully fresh and clean by using one teaspoonful of Gillett's Lye dissolved in two gallons of water.

**"GILLETT'S LYE EATS DIRT"**  
Made in Canada.

**QUITE UNINTENTIONAL.**  
A tramcar collided with a milk cart and sent can after can of milk splashing into the street. Soon a large crowd gathered. A very short man coming up had to stand on tip-

toe to see past a stout woman in front of him.  
"Goodness!" he exclaimed. "What an awful waste!"  
The stout woman turned round and glared at the little man, and said, sternly:  
"Mind your own business!"

### ACCIDENTAL DEATH SAYS CORONER'S JURY

Street Car Motorman Exonerated From Blame For Death of Daniel McNeil

That Daniel McNeil came by his death accidentally when he was run down by a street car on Douglas Street on last Saturday night was the verdict of the coroner's jury which yesterday afternoon investigated the fatality.

The hearing took place at the Thomson Funeral Parlors, and the evidence showed that McNeil stepped in front of the car when it was almost up with him. Motorman P. Leech was exonerated from all blame, having sounded his gong and put on his brakes when some distance from where McNeil was standing, apparently waiting to board the car.

The late Mr. McNeil was unmarried and about 55 years of age. He was a boilermaker and had lived in

### ALUMNAE BODY FOR ST. JOSEPH'S

Proposal to Form Association Among the Graduates

Definite steps are now being taken to form an alumnae association among the graduates of St. Joseph's Hospital Training School. Circulars have been issued calling a gathering of graduates on May 26. Those initiating the organization believe that such an association might be a real power in the great work of reconstruction, and a body which will represent the ideals and principles which serve to mould noble, true-hearted women. It is hoped that the association will unite with some tangible tie for all time those who lived happily together for the three years of their training, and bind them to the Sisters whose every effort was for their good.

The St. Joseph's Hospital Training School has graduated 143 nurses. Of these the following served with distinction in the war: Miss Anna Sennett, Miss Monica Green, Miss Thora Bloomquist, Miss May Kirk, Miss Hazel McDonald, Miss Lillian Garrar, Miss Evelyn Butler, Miss Agnes Duffy, Miss M. McCullough (Mrs. C. McDonald), Miss Edna Gray, Miss Violet Walker, Miss Jessie McViolet (Mrs. J. McWaters), Miss Ethel Saunders, Miss Oonagh Packenham, Miss Martha McBride, Miss Jennie Morris, Miss Fanny Pugh, Miss Christine Budge, Miss Christine Blackadder, Miss Dorothy Keene (Mrs. Peel), Miss M. Sangster, Miss Gwendolyn Hutchinson (Mrs. J. Dewar), Miss Myrtle Starrett, Mrs. F. L. Willison, Miss Louise Thompson, Miss Elizabeth Thomas, Miss Mina Craighead, Miss Emily Hall, Miss Edith Anderson (Mrs. F. Coombs), Miss Winnifred Howard, Miss J. Middleton (Mrs. R. Hogarth), Miss Beatrice Mason, Miss Dorothy Winter, Miss Beryl Gamble.

this city for many years, much of the time as an employee of the Victoria Machinery Depot. Lately he had been working at Morrison's blacksmith shop on Yates Street.

Letters indicated that his parents had some years ago lived in North Sidney, N.S., and a sister resided in Boston, but otherwise little is known as to his family.

The local boilermakers' union is arranging for the funeral, which will be held at 2 o'clock to-morrow afternoon from the Thomson Funeral Chapel.

### ALUMNAE BODY FOR ST. JOSEPH'S

Proposal to Form Association Among the Graduates

Definite steps are now being taken to form an alumnae association among the graduates of St. Joseph's Hospital Training School. Circulars have been issued calling a gathering of graduates on May 26. Those initiating the organization believe that such an association might be a real power in the great work of reconstruction, and a body which will represent the ideals and principles which serve to mould noble, true-hearted women. It is hoped that the association will unite with some tangible tie for all time those who lived happily together for the three years of their training, and bind them to the Sisters whose every effort was for their good.

The St. Joseph's Hospital Training School has graduated 143 nurses. Of these the following served with distinction in the war: Miss Anna Sennett, Miss Monica Green, Miss Thora Bloomquist, Miss May Kirk, Miss Hazel McDonald, Miss Lillian Garrar, Miss Evelyn Butler, Miss Agnes Duffy, Miss M. McCullough (Mrs. C. McDonald), Miss Edna Gray, Miss Violet Walker, Miss Jessie McViolet (Mrs. J. McWaters), Miss Ethel Saunders, Miss Oonagh Packenham, Miss Martha McBride, Miss Jennie Morris, Miss Fanny Pugh, Miss Christine Budge, Miss Christine Blackadder, Miss Dorothy Keene (Mrs. Peel), Miss M. Sangster, Miss Gwendolyn Hutchinson (Mrs. J. Dewar), Miss Myrtle Starrett, Mrs. F. L. Willison, Miss Louise Thompson, Miss Elizabeth Thomas, Miss Mina Craighead, Miss Emily Hall, Miss Edith Anderson (Mrs. F. Coombs), Miss Winnifred Howard, Miss J. Middleton (Mrs. R. Hogarth), Miss Beatrice Mason, Miss Dorothy Winter, Miss Beryl Gamble.

# \$50—NO BENEFIT

This money might have been saved by Mr. Z. D'Muro of 722 Papineau Ave., Montreal, had he only known of Zam-Buk sooner. Writing to the proprietors of Zam-Buk, a short time ago, he said:

"For over a year I suffered with eczema which nothing seemed able to cure. I had treatment from three doctors, which cost me \$50, but none of them were able to cure me. I suffered intensely from the irritation and pain, and I thought I should never get relief, until one day a friend told me about Zam-Buk and I started using it right away. From the very first application I felt better. Zam-Buk relieved the irritation and seemed to cool and soothe the sores. Gradually the sores began to heal and, with perseverance, Zam-Buk completely rid me of the disease."

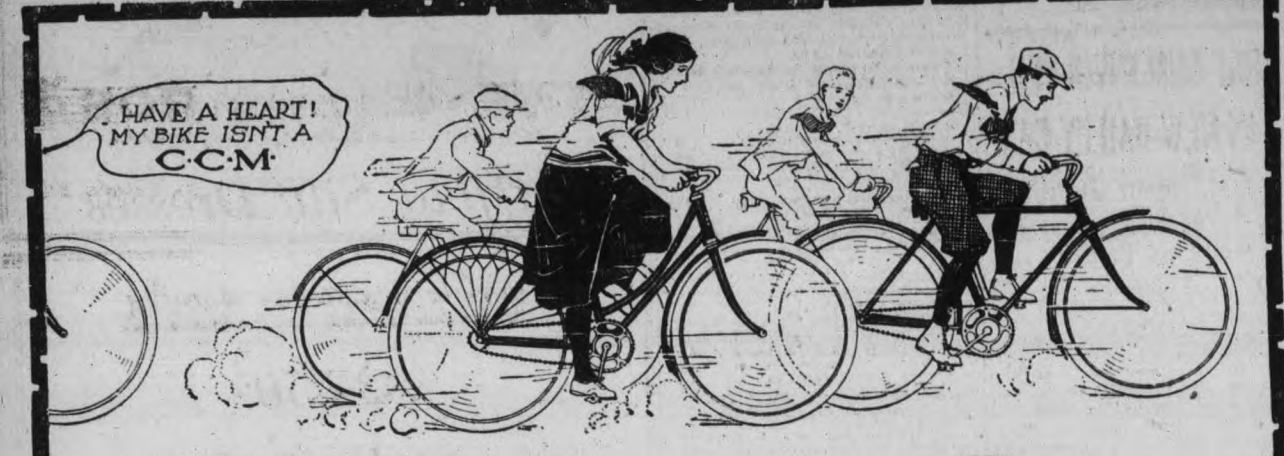

"I would like to be able to tell all sufferers from eczema to stop experimenting with useless remedies and use Zam-Buk. By using this balm in the first place they would save themselves needless suffering and expense."

Zam-Buk should be in every home, not only for skin troubles, boils, rashes, pimples, abscesses and ulcers, but also for cuts, burns, and scalds, for which it is indispensable. Get a box to day! It will keep indefinitely and still retain strength and purity. All dealers, 50c. box.

## THEN Zam-Buk CURED HIM

FREE

Send this coupon, name of paper, and 1c. stamp (for return postage) to Zam-Buk Co., Toronto, and they will send you free trial box. 421

## The Importance of an Easy-Running Bicycle for the Boy

A "BUNCH" of joyous boys and girls on a bicycle ride! How they do breeze along the smooth, level stretches! What fun! What exhilaration!

But pity that poor boy on the hard-running bike. How he has to pull on the handles and push on the pedals to keep up with those on the easy-running C.C.M. Bicycles. It's no joy ride for him.

And the strain is always there, to some extent, even when he only runs errands on his hard-running bike.

Overtaxing the strength of a growing boy or girl is to be avoided. It might lead to serious consequences.

Be safe. Buy your boy a C. C. M.

C. C. M. Bicycles for boys and girls are built of the same high grade materials and with the same skilled workmanship as the adult models.

They have the same special construction that gives the easy-running direct line drive—

The same case-hardened polished bearings that turn so smoothly.

The same strong, safe "Fish-mouth" reinforced frame.

And, of course, they have the new Hercules Positive Drive Brake—the Coaster Brake without a side arm.

There's a light, strong, easy-running bicycle waiting for your boy or girl at the C. C. M. dealer's right now. He will be glad to show it to you.

Also ask to see the new 18-inch Curved Bar Model—the bicycle the boy won't outgrow.

### MANY TO EXPLORE NEW NATURE RESORT

Motor Outing Party Under the Mayor to Inspect Elk Lake Park

Plans were completed to-day for the big motor "picnic" and outing party that is to jaunt to Elk Lake to-morrow afternoon to go over the site for the proposed new nature resort, country hotel, boat racing course and fresh water swimming tanks, that are being campaigned for by D. E. Campbell and the Island Automobile Association.

All persons interested in the scheme, those who think they may have suggestions, newcomers who want to explore a new retreat around the city, and even those who just want to go out for an afternoon's adventure, will line up with their cars in front of the City Hall a few minutes before 2:30 o'clock.

As the half hour strikes, Mayor Porter and the city officials will come out and give instructions regarding the tour to the throng. Headed by the Mayor in his private car, the procession will then start north along Douglas Street.

For those who prefer that they may need a little refreshment when they get to the lake, there will be a cauldron of boiling water. This is being provided by caretaker Lehman. It was at first proposed that the affair be a general picnic, but the Mayor suggested that the refreshments be confined to tea drinking, as the weather is too cool to sit on the grass or spend the evening in the woods.

The officers and members of all public bodies and clubs in the city have been invited to participate along with the Mayor and councillors of Saanich and ex-aldermen of Victoria.

### THE "PERKS" REDUCED.

Agent—"I have called, sir, to show you our new patent cash-register; prevents all speculation, sir; makes it utterly impossible for any assistant to steal a penny."

Mr. Slowgo—"Don't want it."

Agent—"You don't?"

Mr. Slowgo—"No, sir. The man next door put in one of them things last Monday and before night the whole staff had struck for higher wages."

### EVERYDAY EXPRESSIONS; HOW THEY ORIGINATED

Every man hopes to find his El Dorado, but perhaps not many of us know just what the term means. Of course the popular understanding is fortune in some form, and the name has been most often applied to discoveries of mines or treasure trove. But the real El Dorado was reputed to have been an Inca king, the term being of Spanish origin, signifying "gilded man."

As we look back in the light of modern knowledge it is hard to conceive the state of mind which fired so many adventurers of the early days in the American continent with the hope of finding great treasures. The Spaniards achieved remarkable things in uncovering the hoards of the South American Indians. Sir Walter Raleigh, Drake, Cortez and a hundred more engaged in daring expeditions, always beckoned on by the lure of treasure. To all of them El Dorado was their final aim. The name commonly was understood to be that of a city, but investigation of sixteenth century annals shows that the real El Dorado frequently had himself smeared with oil and rolled in gold dust. So that when we go in quest of El Dorado we in reality seek that "gilded man."

Eureka is another term which many of us use with little thought of the way it came into the language. Eureka has an entertaining history. Properly it should be eureka, a Greek word meaning "I have found it." We are indebted to so less celebrated a personage than the great Archimedes for our frequent usage of the term.

Archimedes, as every reader of ancient history will remember, was known as the master philosopher and mathematician of old Syracuse. It seems that Hiero, then ruler of the city, delivered a quantity of gold to a certain goldsmith with instructions that it be made into a votive crown. When this man's handiwork was completed Hiero became suspicious of the crown's weight and instructed Archimedes to determine whether the gold had been mixed with alloy, but to not mar the crown in his experiments. That was an able difficulty considering the laboratory facilities of the time. But Archimedes set himself to the task. It is related that during his cogitations he ordered a bath made ready and found the tub filled to the brim. Stepping inside the philosopher noted that the water ran over the sides.

On the instant Archimedes discovered one of the great principles of science, namely that any object immersed in water must displace its own bulk. He immediately tested this possibility and found his surmise correct. An ancient writer describes his emotions as follows: "When the idea flashed across his mind the philosopher jumped out of the bath, exclaiming 'Eureka, Eureka,' and without waiting to dress ran home to try the experiment."

It is further set forth that Archimedes took the crown made for Hiero, with another of exactly the same weight in gold, and placed first one, then another, in a tub of water. As the crown in question actually had silver mixed with the gold, and as silver is of greater bulk than gold, it displaced more water than the pure crown. From these incidents we thus obtained a valuable scientific fact and an expression used every day the world round.—James C. Young.

The tomb of the 15th century poet, John Gower, a contemporary of Chaucer, in Southwark Cathedral, is showing signs of dilapidation, and the Cathedral authorities appeal to literary men and others to subscribe funds for the renovation of the monument. The tomb, which dates from 1408, contains an effigy of the poet, whom Chaucer called "the moral Gower."

Whatever you do, eat Kellogg's

W. K. Kellogg

If you are a nurse your breakfast ought to be a good, strengthening one. You have a task that tries body, brain and nerves. You must have good sleep and good food to keep you fit for your responsibilities.

That's why you should eat Krumbles. It is the food for workers who use both brain and muscle.

Krumbles gives you all the nourishment held in whole wheat.

We use the whole wheat—bran and all. We cook it, shred it and toast it. We give it a flavor that makes it doubly good. And we put it in our "wax-lite" package which brings it to you just as fresh and fine as it leaves our ovens.

Ask your grocer for Kellogg's Shredded Krumbles—the only Krumbles made.

Krumbles is made in the same Kitchens at Toronto as Kellogg's Toasted Corn Flakes and Kellogg's Krumbled Bran.—Always wrapped "Waxlite".

## BRIEF LOCALS

**Bread Baking.**—Rennie & Taylor and D. W. Hanbury, bakers, for selling bread at a weight less than that advertised on the label, were each fined \$20 in court this morning. H. Boyle appearing and entering a plea of guilty. Counsel explained that due to the strike the bakers were still using unskilled help and that the inexperienced hands were not always capable of determining the adjustments necessary to give the correct weight in the baked loaf.

**Another Sentence.**—D. McLines, who yesterday was sentenced to six months' imprisonment in the County Court by special trial, was to-day given another four months' sentence to run concurrently. McLines and Mrs. McLines were charged with receiving money they knew to have been stolen. Mrs. McLines being released on suspended sentence.

**Hurt in Auto Crash.**—H. J. Holman and Mrs. Spiers were severely bruised, and three others were much shaken in the early hours of Sunday, as a result of a skid of Mr. Holman's automobile on the sandy surface of the Saanich Road near the Experimental Farm, the car turning completely over, being much damaged. Mr. Holman and Mrs. Spiers were still in St. Joseph's Hospital in the Cameron & Calwell ambulance, and have progressed so well that Mrs. Spiers will leave her home in Section 12 this afternoon. Mr. Holman expecting to be well enough to leave the hospital to-morrow.

**Buy's Home Here.**—John Galt, of Winnipeg, president of the Union Bank of Canada, has bought the house of F. Nation, 1320 Rockland Avenue, for \$30,000. The house was built about fifteen years ago. Half an acre of garden surrounds the house.

**Information Tit-Bits.**—For the benefit of ex-imperialists with pension and other problems requiring attention, the Imperial Veterans have opened an office at 103 Union Bank Building, where Secretary R. Pearce will be in attendance every evening. A large amount of information on subjects ranging from pension qualifications to sick pay and repatriation allowances has been collected.

**Asks for Representation.**—The Imperial Veterans in Canada have applied to the Central Service Council for representation on that body. The members were last night informed that the application has been referred to the various bodies now representing the organization.

**Plan "Dry" Meeting.**—A public meeting to support "dry" laws and their efficient enforcement is to be held in Victoria on May 27, according to plans made yesterday afternoon at the meeting of the executive committee of the People's Prohibition Party in the James Bay Methodist Church.

**Conservative Meeting.**—Organization of the new Victoria Conservative party will be completed at a meeting in the Arcade Block to-night. Following the defeat of the old guard element headed by W. H. Edie, George A. Okell and J. A. Aikman at the complicated meeting at the Alexandra Club three weeks ago, a committee of fifty was elected to make plans for the new organization and to do away with the ward organization. The recommendations of this committee will be dealt with at to-night's meeting.

**Picnic Planned.**—It is announced that the Belmont Avenue Methodist Sunday School has secured permission from the City Council to hold a basket picnic at Elk Lake on July 1. The place is an ideal one for a day's outing.

**To Start Work on Parks.**—After hearing complaints on the matter from the Victoria West Brotherhood, the City Council last night ordered the City Engineer to proceed with work on the Victoria West Park, as provided for in the annual estimates.

**Curfew Agitation.**—The City Council last night decided to permit a delegation from the Local Council of Women to meet the Streets Committee next Friday to urge the enforcement of the Curfew By-law.

**To Press For Higher Salaries.**—Members of the Fire Department will be given another opportunity to impress upon the City Council the necessity for higher salaries. The Council last night decided to meet a delegation from the firemen at the Streets Committee meeting Friday. At the last Streets Committee meeting the Mayor and aldermen decided to allow a special committee to confer further on the salary question with the firemen, but apparently this meeting, much to the disappointment of the firemen, has never taken place.

## Night Coughs Prevent Sleep WEAR OUT THE SYSTEM

The dry, hacking cough, cough day and night is very wearing on the system. The constant coughing disturbs the rest and keeps the lungs and bronchial tubes in such an irritated and inflamed condition they get no chance to heal.

You will find in Dr. Wood's Norway Pine Syrup a remedy without an equal for curing coughs and colds, soothing the lungs, loosening the phlegm, strengthening and healing the breathing organs and softening them against serious pulmonary disease.

Mrs. Fred Fairburn, Copper Cliff, Ont., writes:—"I caught a heavy cold, got a sore throat and had a terrible hacking cough that I could not get rid of. I could not sleep at night, I had tried quite a few remedies, but they did not seem to do me much good until I took Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles my cough was all gone. It seemed to loosen the cough right away so that I could spit up the phlegm that gathered in my throat, and also took that hot, raw, burning fever out of my bronchial tubes. I feel that Dr. Wood's is no equal.

Price 50c. and 10c. at all dealers. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

## HIGHER PLACEMENTS THROUGH DOMINION

**Want No Shining on Sundays.**—The City Council last night referred to the Police Commissioners a petition from Norman Bowden and eight other operators of shoe shining stands asking that these establishments be closed on Sundays. Some of the aldermen felt that a bylaw on the question should be put through if the number of names on the petition was sufficient to warrant such a measure, but Alderman Todd, restricting his experience with the Lord's Day Act, insisted that it was a matter for the Police Commissioners, who could consult with the Corporation General as he had done when he was Mayor. He sincerely sympathized with the Commissioners, he said.

**In the Saanich Police Court.**—Yesterday afternoon James Slater was fined \$100 for driving a car on North Douglas Street, while under the influence of liquor. Mr. Slater, it is alleged, had three people walking on the road, knocking them down. Mrs. Cambray and her husband were the unfortunate ones, and as a result Mrs. Cambray was taken to hospital for attention.

**Saanich Council to Meet.**—The Saanich Municipal Council will meet in special session to-night, to discuss the status of the sewerage and water by-laws which are to be laid before the ratepayers shortly. The best method of procedure regarding the building of new health centres will also be discussed.

**Open Air Dancing.**—Preparations are being made by Prof. Helman for a large turn-out to-night for the inaugural dance at the Belvedere Dancing Pavilion on the Stadium grounds to the rear of the Empress Hotel. Dancing will commence at 8 o'clock, and the pavilion will be open every evening during the summer months.

**Services Club Opening.**—The official opening of the United Services Club, in the Fort Street premises until recently occupied as a soldier's hostel of the Knights of Columbus, will take place to-morrow afternoon, with the ladies of the Women's Auxiliary to the Great War Veterans' Association in charge of the arrangements.

**First Band Concert.**—Alderman E. B. Andrews, Chairman of the Civic Parks Committee, announced to-day that the band concert of the first band concert of the season to take place in Beacon Hill Park on the day of the Hudson's Bay pageant.

**Presentation of Pictures.**—The presentation of a set of I. O. D. E. historical pictures which had been arranged to take place at the North Quadra School on Wednesday under the auspices of "J" Unite Chapter, has been postponed.

## RUDDY CHEEKS, SPARKLING EYES, NOW IN HEALTH

Thousands of Vigorous, Happy Girls and Women Endorse the Treatment

**BRINGS KEEN APPETITE GOOD SPIRITS**

Women who are all played out, droopy, pale, nervous, and irritable with certainly be greatly interested. So will folks who are embarrassed with pimples, rashes, and pallid complexion.

The real joy of living is best known to those who keep the blood pure and the system toned, by the use of Dr. Hamilton's Pills, a soothing tonic laxative that puts health, vim and sprits into those who lack these qualities.

You will be stronger, better nourished, in better spirits, and sleep better after using Dr. Hamilton's Pills.

The wonderful medicine will do you good in a hundred ways. It will put spring in your step, an attractive brightness in your eyes, and on glow and bloom of a June rose. All this is possible because Dr. Hamilton's Pills bring about vigorous digestion, perfect assimilation, pure blood, and a proper working of all the organs.

The benefits from Dr. Hamilton's Pills come about in a natural, soothing, easy way, and girls and women of all ages are advised to try this old-time family remedy, which is sold by all dealers in 25c. boxes.

## PRAIRIE TOURISTS PASS UP VICTORIA FOR LACK OF LINKS

Mayor Informed People Go to States Because of Lack of Facilities

Shortage of housing accommodation and golf links is keeping the bands of Prairie people away from Victoria and Vancouver in the winter months, according to a letter received by Mayor Porter from the Board of Trade of Regina, which has been giving the matter careful consideration for some months.

"For some time past, may I say two years," says the letter from the Board of Trade, "there has been a great deal of talk in the Prairie Provinces of the desirability of our people being able to spend the winter months in Canada. Every one is prepared to state that Victoria and Vancouver offer as favorable a climate as any of the winter resorts of the United States. As a result of this, the matter was given consideration at the last meeting of the Board of Trade of the city of Regina, which is the Capital of the Province of Saskatchewan, and at this meeting a great deal of information was obtained from our citizens who have just returned from the Coast.

"It is felt that Vancouver and Victoria should avail themselves of this splendid opportunity of securing all the trade offered by the Prairie States in hand at an early date two things:

- (1) Making provision for the housing accommodation.
- (2) Providing golf links where our people may become members and enjoy the benefit of the pleasure and exercise of the game.

"There is an impression in this country that, owing to golf links accommodation an effort is being made by the golf clubs of the Pacific Coast to prohibit people from the Prairie Provinces from taking a membership."

Enclosed with the letter to the Mayor is a resolution passed by the Regina Board of Trade which states that Canadians wintering in United States winter resorts last winter spent upwards of \$20,000,000. The resolution states that the "only reason why Canadians do not spend the winter months in Victoria and Vancouver and other Canadian Pacific Coast centres is for lack of the necessary housing accommodation, and in conclusion urges the civic authorities of Victoria and Vancouver and the Government of British Columbia, "to give this matter their most serious consideration with a view to making provision for the accommodation of these people and to saving the country this enormous sum of money."

Naturally Mayor Porter has instructed civic officials to assure the Prairie people that no discrimination, so far as he is aware, is being practiced against Prairie visitors on local golf links. It will be pointed out, moreover, that before next winter Victoria it is hoped, will have a municipal golf links which will provide accommodation for everyone.

**Argument For Municipal Links.**—"This letter is one of the very best arguments for a municipal links that I have ever seen," commented Alderman Joseph Patrick, father of the golf links plan, to-day. "It shows that we must have a links to provide for our visitors, otherwise they will go elsewhere. When these people leave home for a vacation they expect to find amusement, and they certainly will take their vacation in some place where such amusement is provided. This letter merely strengthens what we have been saying all along—that a municipal links is an absolute necessity, as the present links are overcrowded."

## To Uphold Control of Liquor Through Government Bureau

To-morrow evening at 8 p. m. a meeting will be held in the board room, No. 418 Belmont House, of those in favor of Government control of the liquor business, with the object of ascertaining what measures may be necessary to ensure the execution in accordance with this view at the coming referendum.

## LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article the shorter the chance of its appearing. All communications must bear the name and address of the writer, but not for publication unless the writer wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

## STATE CONTROL

To the Editor:—Those people who are in favour of the name of beer, wines and whisky (called alcohol by fanatics) must exert themselves during the next few months if they do not want this country cursed with bootleggers, prohibition and drug peddlers. We are up against a stiff fight as these extremists are banded together to defeat the moderation party. The bootlegger and drug peddler are all for prohibition and will place their business on a nice firm basis.

Those of us who are in favour of State Control are described in the Prohibition Notices which have been appearing in the local papers as the cause of crime, prostitution and vice and I leave it to the average man if this isn't the rankest kind of bigotry that ought to be hounded out of the country. One would think that the prohibitionist had a monopoly on decent living.

I think it is a pity that our papers do not come out openly on one side or the other. What good can they do if they adopt the spineless attitude of our politicians. I would

## RETURNS FROM MAINLAND

Mrs. V. S. MacLachlan Has Been Looking Into Health Matters.

Back in the city this morning from the Mainland, Mrs. V. S. MacLachlan, Provincial Secretary of Women's Institutes, reports having addressed five institute centres. Accompanying her was Miss McRae, head of the Saanich branch of the Victorian Order of Nurses.

A visit was paid to Dr. M. T. MacEachern, superintendent of the Vancouver General Hospital, in connection with the Saanich Memorial Health Centre, in which Dr. MacEachern is greatly interested. Mrs. MacLachlan spoke to institute members on public health nursing, public health centres, and health in the schools. She also made a plea for better organized play out of school hours.

Miss Jessie Forshaw, provincial organizer of the Victorian Order of Nurses, addressed several of the meetings on the development of the Order's work, a campaign in the interests of which is being conducted on the Mainland. Miss Forshaw will return to the city to-morrow morning.

## For Fifty Years Canada's Greatest Piano

# The GERHARD HEINTZMAN

Half a century ago the first Gerhard Heintzman pianos were produced—and accepted as instruments that marked the highest standard of excellence of their day. To-day the recognition of Gerhard Heintzman quality is nationwide. At Provincial and Dominion exhibitions it has been awarded highest honors on many occasions.

A Gerhard Heintzman piano affords opportunity for safe investment—the excellence of its tone quality will give the utmost satisfaction.

## Waterman's Ideal Ink

To assure owners of Waterman's Ideal Fountain Pens a constant supply of the best ink, we produced an ink that is free from sediment, insures a free and even flow, with no loss.

Next we assured permanency of impression. Documents written with Waterman's IDEAL Ink will not fade.

And what is the result? Waterman's has become the ink for all purposes, including those associated with the old-time inkwell. It is non-corrosive—even to steel pens!

Best of all is its uniformity! No matter when or where you buy a bottle of the genuine Waterman's Ideal Ink it is identical in quality, color and consistency with the established record.

## REVIVE BYLAW

After Months of Delay Council Gets to Work on Underground Area Measure.

After shelving the new ordinance for nearly five months, the City Council last night revived the Underground Area By-law—a measure which provides for the taxation of cellars extending under the streets.

Certain minor objections regarding clauses in the by-law were advanced, but generally the aldermen agreed on the measure. It will be considered further at the next meeting of the Council.

## TO CHOOSE DELEGATES

The most important business which will be brought before the Great War Veterans at to-night's meeting in their new quarters on Fort Street will be the selection of delegates to the Provincial Convention. A large turnout of the members is hoped for, as this is the first important business meeting to be held in the present building.

## MERRY-GO-ROUND FOR SALE

## Speeding Case.

In the Provincial Police Court, this morning Dr. Vye was fined \$20 for exceeding the speed limit on the Island Highway at the Malahat drive. Inspector Murray conducted the prosecution, Chief Langley giving evidence.

# Victoria and Vancouver Meet in Opener To-day

## Two Southpaws, Rapp and Lawson, Will Most Likely Engage in Pitchers' Duel; Interesting Opening Ceremonies Arranged to Thrill Spectators; Record Crowd Is Expected.

FINALLY Victoria is receiving her annual baptism of professional baseball this afternoon. The ceremony has been unavoidably held off this year, but will be performed with all the zest and good humor which usually marks such proceedings in this city.

At 3:30 o'clock the stentorian tones of the umpire will announce the fateful words "Play ball" and the Pacific International League will get underway. Victoria is meeting Vancouver in the initial struggle and it promises to be an exceptionally keenly contested affair. The Beavers are strutting about with an air of superiority due to the fact that they have managed to crawl to the top of the ladder through their two weeks of baseball before home crowds. But Bill Leard's will probably take a few falls out of Bob Brown before the week is over.

### Rapp and Lawson.

It looks like a southpaw duel this afternoon. According to the advanced dope Rapp, the port-sider, who has made a record for himself already, will pitch for the Beavers while the famous "Lefty" Lawson who has nothing but victories to his credit will do the flinging for the Capitals. It should be a pretty game to watch, provided the fielding is errorless and snappy. The infield is in perfect condition and the players will have no excuses for muffs or bores.

The game is being preceded by an automobile parade through the city. The G.W.V.A. is taking the lead followed by cars conveying Hon. William Sloan, Minister of Mines, Mayor Porter and other dignitaries. The

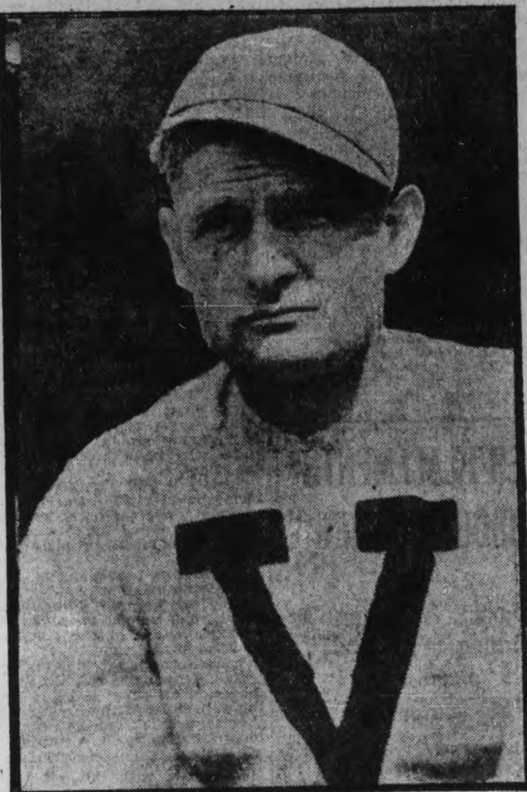

Vancouver players are to share a tally-bo and the Capitals are being provided with a car apiece. The umpire is also having a place of honor. Following will be the motor cars of the Island Automobile Association and other independent cars.

### Opening Ceremonies.

Soon after the players arrive at the Stadium the aeroplane Pathfinder 11 will appear over the grounds and entertain the fans with a few daring stunts. Later the machine will be piloted to within fifty feet of the ground when baseballs will be dropped to the players, who will endeavor to win a new hat by catching them.

William Sloan, who is substituting in the box for the Premier

## THE PILOT OF THE CAPITALS

BILL LEARD

When the Caps' manager takes the field he is there to win a ball game. He is a regular hustler and if he thinks the umpire has "pulled a bone" he loses no time in checking him up. Over in Yakima last week Leard tried to show the umpire the error of his ways on two occasions and, as a result, was asked to leave the park.

who has been called out of town, will throw the first ball. His Worship the Mayor has been living in fear and dread ever since he heard that Mr. Sloan was to do the pitching. Mr. Sloan has issued instructions that precautions be taken to protect the Mayor from a broken finger or bruised shins as his curve balls are very deceptive even to an experienced catcher.

**Opening of Stadium.**  
The opening of the Stadium will also be celebrated this afternoon. This new park has been constructed in twenty-one days and is a record undertaking for this city. The diamond is in beautiful condition, the burlt clay providing a most desirable surface.

Advance tickets have been selling rapidly for the game and it is expected that there will be at least 5,000 people in attendance. The weather has not been all that it might have been, but as long as the rain holds off the game will be played.

On every afternoon this week the fans will be able to watch the two teams in action.

## FOUR SENIOR TEAMS IN LACROSSE LEAGUE

West, Nationals, Sidney and One Other Expect to Enter; Meeting To-morrow

There is every likelihood of four fast teams entering the Victoria and District Lacrosse League this season. The Wests, Nationals and Sidney have made known their desire to fight for the city championship and the league directors are attempting to arrange for a fourth team. This will make the largest and most successful league that the city has had for some time.

A meeting of the league will be held to-morrow night at 8 at Strath's Clothing Store when officers for the ensuing year will be elected, and the season's prospects discussed.

**Creates a Boom.**  
Strong efforts are to be made this year to create a boom in lacrosse circles. The National game received a set-back during the war-days owing to most of the players dropping their sticks for rifles. Last year a revival was noted, but this year the lacrosse enthusiasts want to see a great turning of the tide of support to the great game.

Steps are to be taken at the meeting to-night to arrange for the promotion, if not this year, at least next, of lacrosse in the schools. Intermediate and Junior leagues are to be formed from which material may be drawn for the future senior and city representative teams. Lacrosse is recognized as one of the few games which develop an athlete. It tests the sprinting and staying qualities of a man, makes him live a clean life in order to stand the fast pace on the field, and gives him a chance to use his head and produces faster thinking and action than any other game.

A number of the old-time lacrosse players are behind the league in its patriotic endeavor to re-establish Canada's own game.

THE RACING HOMER

The Victoria Racing Pigeon Club held their race from Portland, Ore., an air line of 204 miles, during the last week-end. Birds were liberated at 11 a. m., Saturday. The first bird arrived in Victoria in 4 hours 22 minutes and 36 seconds. The flying time and yards per minute are as follows:

	Hrs.	Min.	Sec.	per Min.
H. Simpson...	5	23	9	1,117.08
W. Bryan...	5	22	38	1,114.74
J. H. Bland...	5	22	18	1,128.60
P. Miller...	5	24	20	1,111.41
F. Bossom...	5	23	56	1,098.71
J. Webber...	5	40	45	1,055.14
A. McKinty...	5	43	57	1,045.82
D. Dougan...	5	45	13	1,044.82
T. Crossman...	6	9	10	874.76

The next race is on Saturday from Salem, Ore., an air line of 250 miles. Any fancier wishing to join the club should apply at the clubroom at the Great War Veterans' Building, on Fort Street any Monday at 8 p. m.

## J.B.A.A. Pick Tentative Crews for Big Regatta

### Wickson, Day, Moore and Armbrister Get Seats in Senior Shell; All Oarsmen to Settle Down to Serious Training for N.P.A.A.O. Championships at Shawigan Lake.

When the J. B. A. A. boating committee met last evening they were confronted with a difficult task. Owing to the large number of oarsmen out for rowing honors this year and the remarkable showing put up by all the crews which competed in the club regatta on Saturday last, the picking of the tentative crews for the N. P. A. A. O. regatta was far from being an easy task.

There is no end of material on hand for the junior and 140-lb. crews, and no less than two junior and three 140-lb. crews were chosen to commence training at once. A number of the oarsmen competed in club regattas last year, but quite a number who have just started rowing this year are included in the crews.

One senior crew was chosen to start training and it is their intention to get right down to business and round into shape as soon as possible. **Train in Lapstreaks.** All the crews will be started out in lapstreaks and after a three weeks' course of instruction and coaching the final crews will be picked from all those in training and put in the shells.

Every man rowing has an equal chance to catch a place in the final crews, and it is up to each individual oarsman to put forth his best efforts to obtain a seat in the representative boat of his class. For all those oarsmen whose names are not included in the crews picked last night, a club regatta will be held on June 19 over the harbor course. A list was posted in the club to-day and all members wishing to row are asked to sign, placing the time at which they can row opposite their name. Oarsmen picked in the tentative crews who do not catch places in the representative crews will be formed into other crews and allowed to compete in the club regatta also.

The crews picked so far are all for the four-oared events. The scullers will be started in training at once.

**New Oars Arrive.**  
The new shell oars that the club have had on order from England have arrived, and will be useful additions to the rowing equipment of the Club. The club speed-boat "Blue Bird" was used for the first time this year at the regatta on Saturday last and proved a most useful boat. The training facilities of the club have been increased tremendously since the acquisition of this boat, and club officials look forward to being able to turn out first-class well trained crews.

**The Crews.**  
The tentative crews chosen are as follows: Senior—(a) Wickson, (3) Day, (2) Moore, (b) Armbrister, (3) Moore, (b) Travis, (3) Moses, (2) de Carteret (b) Simpson. Junior—(a) MacLachlan (3) Monteith, (2) Greig, (b) Woodward, (2) Hartley, (2) Riddell, (b) Watson. 140 Pounds—(a) Ablett, (3) Temple, (2) Cummins, (b) Pauline. 140 Pounds—(a) Johnson, (3) Henhall, (2) Duhan, (b) Robertson.

Absolutely no changes are to be made in the above crews without the sanction of the club coach.

**Standings of Clubs in the Victoria City Cricket League** (By Veritas)

	P.	W.	L.	D.	Pts.
Congos	2	2	0	0	4
Garrison	1	1	0	0	2
Ince's	1	1	0	0	2
Jacobs	1	1	0	0	2
A. & N. Veterans	1	0	1	0	0
Albion	2	0	2	0	0
Victoria	2	0	2	0	0

It will be observed that for the time being Victoria and Albion share between them the distinction of figuring at the bottom of the chart. Anyone who follows cricket with any degree of enthusiasm, however, knows that these two well-known teams are capable of better things and it will not be long ere they change places with some of the others.

The season is only young yet, and there is plenty of cricket material with which to strengthen up the weak spots in any team or teams. Followers of the game may rest assured that the Cricket League this year is one team, and some of the most interesting matches that have taken place for many seasons will be seen in Victoria this summer.

**ROYAL OAK TENNIS.**  
The formal opening of St. Michael's Tennis Club at the vicarage, Royal Oak, will take place on Saturday afternoon, commencing 2:30 o'clock. Members and intending members are requested to keep the date in mind. The court is in good condition and the club gives promise of being a great success. The secretary-treasurer, Miss Little, will be glad to receive the names of intending members.

**SEMI-PROS GET LEN WARNICKER.**  
Len Warnicker, one of the snappiest infielders around Victoria before he started college work in Portland, is now being signed up by the Portland semi-pro baseball team for this season. He is the son of J. B. Warnicker, of Victoria.

## Baseball Accessories

Gloves, masks, bats, baseballs everything for the youngster or senior league player can be obtained at this completely equipped sporting goods store.

## RATHER SHAKY, HIS WORSHIP STILL WILL FACE BASEBALL MUSIC

### "Nerves" Afflict Mayor, But He Is Ready For Mr. Sloan's Hottest Pill

Mayor Porter is all ready for the great ordeal of his career—ready, but rather shaky, he announced this morning.

Though suffering with a bad attack of anticipatory "nerves," His Worship is going to stand the test like a "dead-game sport." When Hon. William Sloan winds up to pitch the first ball in the opening ball game to-day he will find the Mayor behind the bat ready for the smokiest delivery that can be delivered, and the crookedest curves that can be heaved. Nor will the Mayoral backstop take refuge behind huge pads or a mattress as he has been advised to do by his friends. Not at all. He will rely entirely on the quickness of his eye and the sureness of his good left hand to catch that first ball before it can catch him.

### SHIPS REVERTING TO COAL SYSTEM

Wholesale Re-conversion of Tonnage Caused by Shortage of Fuel Oil

### PLANS FOR EMPRESS OF CANADA MAY VARY

Vancouver Island Coal Ports Benefiting From the Present Situation

In view of the uncertain situation created by the shortage of fuel oil the larger shipping concerns which adopted the new method of steam generation for the propulsion of ocean ships are seriously considering the re-conversion of tonnage to the coal-burning system.

When the Canadian Pacific Ocean Services Ltd., placed the order for the 22,000-ton liner Empress of Canada with the Fairfield Shipbuilding Company the plans included the installation of oil-burning equipment, but with the curtailing of the fuel oil supply it is not improbable that the company will reconsider its original decision and arrange for the equipment of the greater as a coal burner. The Empress of Canada will be launched this Fall and will set out on her round-the-world cruise from Liverpool to Victoria, B. C., next March, arriving here in June.

Shipping Board Vessels. Probably the ship-operating concern most heavily hit by the oil shortage on the Pacific is the United States Shipping Board, or the independent companies operating the ships of this fleet.

The Far East has held a large number of American steamers on the other side of the Pacific, and numbers of them are being converted as coal-burners as fast as the Far Eastern shippers can handle the work. Some of the United States Shipping Board vessels have been forced to travel many miles out of their course by way of Honolulu in order to get oil tanks replenished to permit the continuance of the voyage to this coast. Numbers of American ships are now bound from the Orient to Atlantic ports via British Columbia, coaling ports, the reason for this being the scarcity of coal at San Francisco.

May Alter Plans. The Union Steamship Company of New Zealand proposes to have the Canadian-Australasian liner Makura converted to an oil-burner and under the present arrangements the Makura is to be withdrawn from the service next month and go to San Francisco for conversion. Whether the latest developments in the oil situation will affect this plan remains to be seen. The liner Tahiti, which is to temporarily replace the Makura in this service, has been at San Francisco since the early part of the year, being equipped as an oil-burner.

### DESPERATE FIGHT AGAINST ELEMENTS

Exhausted Crew of Schooner Rosamond Manned Pumps Night and Day

San Francisco, May 18.—The story of a desperate fight against the elements of a four-masted schooner Rosamond, battered and leaking badly, was told in San Francisco.

For weeks the exhausted crew, living on scanty rations, had manned the pumps with day and night shifts in a game struggle to keep the waterlogged craft above the waves. The Rosamond left Port Angeles, Wash., sixty-one days ago, bound for Capetown, South Africa. Her owner, the Pacific Freighters Company, believed she was well on her way and was resting easy when word came that the schooner was in a sinking condition off Moss Beach, twelve miles south of here. She had been swept thousands of miles off her course in a giant circle by a hurricane and had drifted, luckily, almost within sight of her home port. But lacking wireless equipment, she was unable to make known her plight.

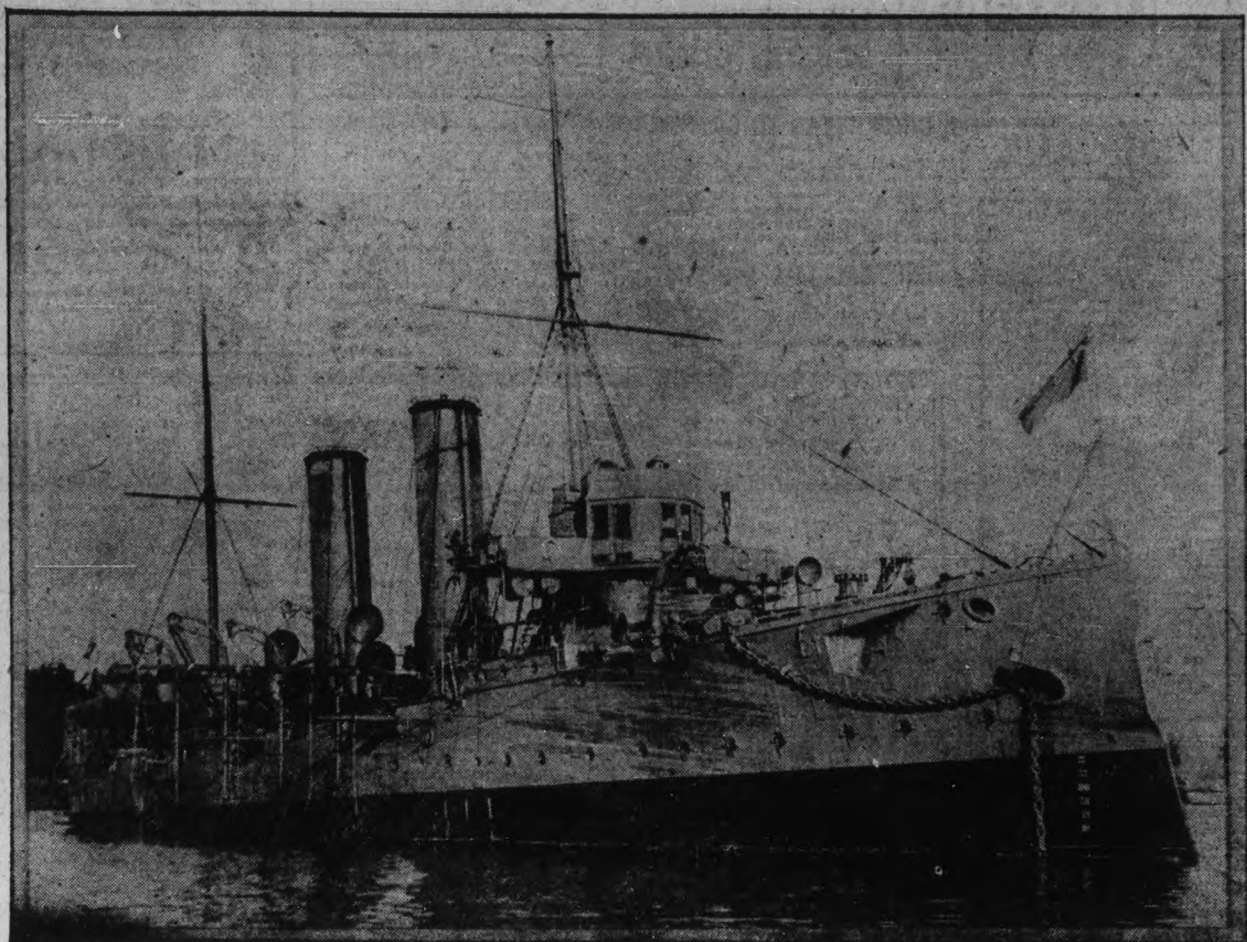

Braving a heavy sea, fishermen from Moss Beach began to shift the schooner and learned of her condition. An emergency call was sent to San Francisco and two tugs, the Wanda and Sea Queen, were ordered to speed to the rescue.

When Capt. Cyrus Ryder, manager of the Pacific Freighters Company, boarded the Rosamond he found the topsails blown away, the heavy deckload of lumber gone and water pouring in through many open seams, but five men were manning the pumps for the exhausted crew of twelve men had been taken aboard the tugs and given food and rest.

After the hurricane had swept the Rosamond off her course and had placed her in desperate trouble, Capt. Brown ordered the deckload of lumber thrown overboard. But under the constant pounding of heavy seas the lumber below deck began to shift.

CHARMER ON WAVES. The C. P. R. steamer Charming was hauled out at the Victoria Machinery Depot last night for overhaul.

### WILL BID OFFICIAL FAREWELL TO CITIZENS NEXT MONTH

H. M. C. S. RAINBOW

### GOVERNMENT BUYS MISSIONARY CRAFT

Power Boat Thos. Crosby Will Be Used by Fisheries Department in B. C. Waters

The Department of Marine has purchased the famous missionary boat, Thomas Crosby, for \$25,000. She will be used by the Dominion Fisheries department in northern waters, particularly in District No. 2, which extends from Cape Caution north to the Alaska boundary.

The boat is named after Dr. Thomas Crosby, a well-known Methodist missionary, whose life work was the conversion of the British Columbia coast Indians to Christianity. Dr. Crosby has been dead some years now, but his name has been chosen for many years past by the Methodist Mission and is a familiar sight on the British Columbia coast.

### RIVER CREWS WILL GO NORTH ON MARY

White Pass & Yukon Men Bound to Whitehorse For Season's Opening

Completing her first round trip in the Alaska service since the inception of the shipping strike the C. P. R. steamship Princess Mary, Captain Slater, is in port to-day from Skagway.

When the Princess Mary clears from Vancouver to-morrow night for the North she will carry the last of the crews for the steamers operating on the Yukon River for the White Pass & Yukon Route. These men include crews for the river steamers White Horse, Casca, Dawson and Tutshi. Captain Jack Williams, of the Casca, will be among the party.

The steamer Casca will sail from Whitehorse on June 8, and on her return from Dawson will take the midnight train excursion to Fort Yukon. This excursion leaves Vancouver on June 12 on the C. P. R. steamship Princess Alice, which is again being placed in the Alaskan tourist service this summer.

The well-known Atlin Inn is being made ready for the season's opening. This year W. J. Garrett, formerly chief steward on one of the Yukon river boats, will have charge of the inn.

Both north and southbound last voyage the steamship's accommodation was crowded to capacity.

### VESSELS' MOVEMENTS

Hongkong, May 15.—Sailed: Str. M. S. Dollar, Vancouver, B. C.

### TAKING FINAL SHAPE

Repair work on the G. T. P. steamship Prince John is proceeding satisfactorily at the Wallace Shipyard, and it is expected that the vessel will be in commission again within two weeks.

LUNCH AT VANCOUVER. The \$890-ton steel steamship Margaret Coughlan, it is announced, will be launched at 6 o'clock to-night from the Coughlan yard at Vancouver.

### LINER NIAGARA RUNNING ON TIME

Canadian-Australasian Ship Cleared From Honolulu on Sunday

Definite information has been received of the departure of the Canadian-Australasian liner Niagara from Honolulu. The Niagara sailed from the Hawaiian port on Sunday and is running right on schedule.

The liner, carrying a large list of passengers and a capacity of cargo of Australasian merchandise, is posted to arrive here May 23.

The C. P. O. S. liner Empress of Russia, now steaming across the Pacific from Yokohama, is due in port May 24.

Agents of the Osaka Shosen Kaisha have yet to hear from the Japanese liner Manila Maru, which is expected in port on Saturday or Sunday.

### HULL OF SCHOONER FUEL FOR BINFIRE

Stripped of virtually all the lumber of her deck housing the hull of the auxiliary schooner Janet Carruthers resting on the beach at Copalis near Aberdeen, will be burned for the metal of her spikes, bolts and sheathing. The hull has been sold to the Western Junk & Wreeling Company, of Aberdeen, and a crew of men will be sent to the beach within a few days to make a bonfire of the vessel.

The engine of the schooner were salvaged some time ago by J. H. Price, the well-known ship-builder, who purchased the vessel and her cargo after she was wrecked for an insignificant figure.

### TANKER IS DUE

The oil-tanker El Lobo is fully due from Loptos, Peru, with a full cargo of oil for the Imperial Oil Company.

### TIME TABLE

May	Date	Time	Time	Time	Time	Time	Time

### ATTEMPT TO HOLD CONFERENCE TO-DAY

Union Steamship Co. Declines to Recognize or Deal With Union

Vancouver, May 18.—Efforts put forth since the first of the week to bring about the settlement of the shipping strike, on coastwise boats have not met with much success. On Monday afternoon, D. T. Bulger, Fair Wage Officer, and J. H. McVeety, of the Trades and Labor Council, got in touch with striking stewards, firemen and deckhands, but there was little inclination to enter into negotiations. Another attempt is being made during the day to hold a conference.

DOMINION

Huckleberry Finn, were he in the flesh to-day, would probably approve of the youngster who impersonates him in the screen version of the immortal adventures of Mark Twain's boy hero. The cinema Huck Finn is in real life Lewis Sargent, whose past career resembles in many respects that of Huck himself. Young Sargent is fifteen years old, freckle-faced and red-headed, and he has been acting in pictures for three years.

He was one of a family of eleven children. His parents were not well off and Lewis went to work helping his older brothers collecting rags and bottles—almost as soon as he donned short pants. A year at this and he had enough saved up to buy a lawnmower, with which he went into business on his own hook, trimming the neighbors' lawns. He abandoned this for the more lucrative and exciting game of selling papers on the streets of Los Angeles. The day when he went to the Los Angeles studio and secured a job as an "extra" at a dollar a day was the luckiest in his life, as it started him on his film career. His work with Lita Lee in "The Heart of Youth" brought him forward as the logical choice for the role of Huck in the Paramount-Artcraft version of "Huckleberry Finn" which will amuse patrons of the Dominion Theatre.

The disadvantage of having a tender heart is made plain to a score of New York boys when Nellie Jones, pretty stenographer in the office of James Crowninshield, smiles her captivating smile at them and then leaves them with only vague memories of what might have been. This is the plot of the lovelorn youths in "A Virtuous Vamp," starring Constance Talmadge and which will be seen at the Royal Victoria Theatre again to-night.

A Sweet, Innocent Thing? However, Nellie Jones' vamping is

of an innocent nature. She is the daughter of an aristocratic family which meets with serious losses as a result of the San Francisco fire. In order to get employment with an insurance company, she is forced to drop her high-sounding name of Gwendolyn Diana Beaufort Armitage-Beaufort Armitage.  
Gwendolyn, alias Nellie, meets with fine success in the business world until she reaches the office of the president of the company and falls in love with him. A shimmy artist, a detective and two snobbish sisters make the picture one of the best of John Emerson's and Anita Loos's many successes.

**VARIETY**  
When the Duke of Loame, last male descendant of his line, married Iris Benson (Olive Thomas), a beautiful daughter of the peasantry, he shattered the fond hopes of Dr. Neuman, a high-born but penniless young physician, who, for selfish reasons, desired an alliance between the young nobleman and his sister, Hilda. Disappointed, his crafty brain set about to devise a means of separating the happy lovers, for he thought that with Iris out of the way, the Duke would seek consolation with Hilda. This is the plot of "The Glorious Lady" now showing at the Variety Theatre. According to the Loame tradition, the Duchess must bear an heir for the perpetuation of the family name, and Neuman causes the Duke to believe that his union will never be blessed with children. To Iris he takes the same tragic tidings. Actuated by her great love, she begs the Duke to divorce her and marry again. This he refuses to do and she forces the issue by publicly shaming herself by feigning drunkenness. The Duke is horrified, but refuses to set her aside. She then leaves him, causing him to believe her unworthy. He is about to begin divorce proceedings when he learns the truth. Denouncing the intriguers, he sets forth in search of her. After many thrilling adventures they are reunited and, her health restored, the Duchess announces the impending arrival of an heir to the House of Loame.

**COLUMBIA**  
Despite the fact that the star, Jack Dempsey, is the world's champion heavyweight pugilist, "Daredevil Jack," now at the Columbia Theatre, is in no way a prize-fight picture nor a picture with pugilistic ability as its reason for existence. It is a virile, red-blooded, American story of adventure in the great outdoors, and its hero is an American college boy, athletic, fearless and a physical giant. Jack Derry, the hero, played by Mr. Dempsey, is working his way through an Eastern college and at the same time doing what he can to help support his mother, who is making a scant living on a small chicken farm in a Western state. Jack's father, once a well-to-do business man, is serving a long prison term for a crime of which he is innocent. Despite his poverty, Jack is popular at the college because he is an all-round athlete and the mainstay of the football team. The added feature at the Columbia this week is "Blind Husbands." A trip to the snow-crowned heights of the Tyrolean Alps awaits the playgoers at this theatre, where the big Universal film story opened yesterday. The film deals with a famous American surgeon and his beautiful wife. Professional care makes the scientist pre-occupied and apparently indifferent to his wife's heart happiness.

**Laurie Ordway is STELLAR ATTRACTION**  
English Character Comedienne Feature of Entertaining Show at Pantages

Pantages patrons are laughing themselves hoarse over the screeningly funny characterizations of Laurie Ordway, the well-known English comedienne, who this week is just forcing herself into the good graces of everybody at the popular Government Street vaudeville house.  
There is an atmosphere of the Tivoli or the Pavilion about Laurie Ordway whose inimitable style is distinctly refreshing. Whether it is in the portrayal of a dejected creature arrayed in wedding finery she naively appeals to Tony Jensen, the musical director, to "Take a Chance." Tony makes an admirable foil for her sallies, and he chorlines with the rest when informed that "It's No Joke to Pave Your Honeycomb Cut Off."  
There is not a dull minute while Laurie Ordway is behind the footlights, and she is undoubtedly the big drawing card of the current variety bill.  
She is assisted at the piano by Irene Fisher.  
Clever tumbling is contributed by the Four Danubes, European casting models, whose exhibition is clean cut and abounds with spectacular stunts.  
The Four Danubes are no strangers to the circuit, but they can always bring something new. They are getting a big hand from appreciative audiences.  
"You'd Be Surprised," is a miniature musical comedy with Billy Zeek, Gladys Randolph and Jack O'Malley in the leads.  
The act is one of the Emille De Reate productions, and is direct from Broadway with six typical De Reate beauties in the chorus. It embraces many comedy features, and the song numbers are of the snappy variety.  
Lowry and Prince entertain with a sparkling dancing and talking act entitled "Fifty-fifty."  
Ed Lowry displays some nimble footwork, and his diminutive partner helps to make the act a success.  
Howard and Helen Savage are crack shots, who give an exhibition of their prowess while visiting "At the Country Club." There is a novelty about the staging of this act that will appeal to the majority. Helen proves her versatility in more ways than one. No one will question her shooting ability when they see her shoot her target on the stage from a point of vantage at the rear of the theatre. And she can sing, too, in addition to displaying the hunting habit to advantage.  
Rucker and Winfred, as colored man and Chinaman, make it their business to keep everybody in a good humor with an amusing dialogue. Interest is held in "The Adventures of Ruth," as depicted by the fourth chapter of the thrilling film serial.

**AMATEURS PROVE RADIO EFFICIENCY**  
Continuous Wave Stations Heard in Hawaiian Islands and Southern States  
A public demonstration of the possibilities of wireless reception was given last night by the Victoria Radio Club in the rooms in the Pemberton Building. The large aerial between the Pemberton Building and the Union Bank was utilized, and the receiving set of H. S. Allen, well-known amateur enthusiast, was connected to the former.  
The set was made by Mr. Allen, and is remarkable for its finish and the results obtainable with its sensitive receivers. Working on the continuous wave principle—using three-electrode vacuum valves—the set under last night's arrangements established a record for amateur work in receiving from stations in the Hawaiian Islands, Maryland, and California. Mr. Allen explained the working of the set which first rectifies the signals received and then boosts them up into audible frequencies by means of the three-electrode valves. The continuous wave signals were received with delight by the guests who were astonished at the clear, piping, tones of the fascinating system used.  
A large attendance of the radio members was on hand, and many guests were shown over the intricacies of the sets in use. Many stations in Europe have been picked up by Mr. Allen with this set.

**WILLIAM FAVERSHAM JOINS SELZNICK CO.**  
First Production Will Be "The Man Who Lost Himself"  
William Faversham has been engaged by Myron Selznick, president of the Selznick Pictures, to appear in star productions.  
William Faversham adds to the Selznick forces, which have already been brought to a high point in motion picture production, a personality that has packed theatres for years. His record of successes in "Who's Who in the Theatre" occupies two full columns, and the favorable criticisms of productions in which he has appeared have filled many hundreds of columns in the press of this country and abroad.  
Myron Selznick, in making known this latest acquisition of the motion picture, announced that the first production in which Mr. Faversham will star is already well on its way to completion. It is called "The Ernest Stackpole." The combination of story and star is augmented by the capable direction of George D. Baker, who has produced for the screen some of the subjects which have taken rank with the best. Among these is "Revelation."  
Prominent in the cast of the Faversham production is Mrs. de Wolf Hopper, who has the role opposite the star. Her appeal in this part is said to be irresistible, and it is predicted by Selznick officials that she will capture individual honors in "The Man Who Lost Himself."  
The initial Faversham subject for Selznick concerns a young American who finds himself stranded in England, dejected and unknown. The manner in which he extricates himself from his predicament affords opportunity for characterization that won for him a pre-eminent position among the great actors of the American stage. The work he does in "The Man Who Lost Himself" is similar in character and treatment to that which he gave the theatregoers of this country in "Lon and Lat and Aig," the biggest comedy hit of its time. There is a deftness of touch and a surety of portrayal of the role when Mr. Faversham plays that made him eminent in the theatre given to the spoken drama.  
A brief resume of William Faversham's career shows that he was born in London, and that before taking up the stage he was in the Yeomanry Cavalry Regiment of Warwickshire. He made his first appearance on the New York stage at the Union Square in "Pen and Ink." Among his later successes are "The Highest Bidder," "The Wife" with Mrs. Fiske; "Sweet Lavender," "The Open Gate," "All the Comforts of Home," "The Squaw Man," "The World and His Wife" and "The Barber of Orleans."  
It is promised that stories in which Mr. Faversham will star for Selznick following "The Man Who Lost Himself" will be of the highest dramatic order. Announcements are expected shortly.  
William Duncan is not superstitious, and is this week starting on the production of the thirteenth episode of his newest serial, "The Silent Avenger." Duncan has been a great factor in gradually placing the motion picture serial on a higher plane with the American public. "The Silent Avenger" will be shown in more than six thousand theatres in the United States and Canada, a full thousand more than showed his previous serial, "Smashing Barriers."  
The boys and girls playing in Booth Tarkington's "Edgar" comedies, written specially for Goldwyn, go to school between scenes, on the lot at the Culver City studios.

**SECOND EXHIBIT PLANNED IN JUNE**  
Textile Fabrics Will Be Shown in the Forthcoming Display  
The public interest in the Loan Exhibition of the Provincial Arts and Industrial Institute shows no sign of slackening off. Numbers of people are visiting the Auditorium of the Provincial Library, where the display is on view. It is hoped eventually to evolve some scheme by which the exhibition may be rendered permanent, but until that can be done the directors of the Institute are making arrangements for a series of exhibitions at which will be shown prints and engravings, water colors, drawings, old furniture and other things of artistic and historic value.  
The next exhibition, which will be opened during the second week in June will consist of textile fabrics, such as embroideries, tapestries, lace, Oriental carpets and rugs, as well as materials made of wood, cotton, flax, silk. It is hoped also to be able to show some of the raw materials of which they are made, and some of the implements used in their manufacture.  
The directors of the Institute will be glad if anyone having technical knowledge of this subject will communicate with the secretary of the Provincial Library, and they will also be glad to hear of any objects that may be suitable for exhibition.

**COUNCIL FILES THE McDIARMID LETTER**  
F. A. McDiarmid's letter regarding his position as solicitor for the Union of B. C. Municipalities was filed by the City Council last night.  
Alderman Todd took the opportunity to reiterate that Mr. McDiarmid should not be the official Jonah for the whole Union. It was absurd to think, he said, that the solicitor could "lean" the whole organization by the nose.  
Alderman Sargent declared that the vote registered by the Vernon convention of the Union on the question of church taxation did not represent more than twenty-five per cent of the municipalities of British Columbia.  
"His attempt to bolster up his effort to keep Victoria from its just taxes by saying he was backed by the Vernon convention is absurd," Alderman Patrick agreed.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN Not Aspirin at All without the "Bayer Cross" For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the same "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

COUNCIL SHIES AT INCREASE IN CITY WATER RATE Wants to Know "Reason Why" Before Deciding on Any Advance ASKS WHAT IS WRONG WITH SOOKE FLOWLINE Before the city aldermen are prepared to adopt Water Commissioner F. M. Preston's recommendations that city water rates be increased about thirty per cent, they want to know the reason why such an increase is necessary. They made this very plain last night when, on hearing Mr. Preston's recommendations, they decided to defer action for a week, and instructed the Commissioner to forward a report on the actual cost of maintaining the water works system, on the actual cost of interest and sinking fund amount on the "unsatisfactory condition of the concrete flowline from Sooke Lake and the cause and cost of repair."

That lumber and shingle mills about Rock Bay in disregard of the law were belching forth burning sawdust and cinders all over the surrounding area and generally making property unsafe and life unbearable; that Vernon W. Stewart, Chief of the Fire Department, perhaps acting on secret instructions from members of the Council, when Mr. Greenhalgh claimed that on account of the burning sawdust and shavings which emitted by "alleged burners" were deluging the district, the water works section was in "great danger of a catastrophe." The writer stated further that a Bay Street house had been damaged to the extent of several hundred dollars when a piece of burning cedar dropped on the veranda and set fire to the dwelling.

Benefiting Consumption. Alderman Andros was loud in his opposition to the proposed increase. It would be far better, he felt, to cut the rates and so encourage people to use more water. In this way the system could be made to pay, he said, stating that such methods had been used with success in one of Winnipeg's public utilities. It was highly necessary to keep Victoria's magnificent gardens beautiful in the summer, he declared. Even with the present water rates, he pointed out, many gardens were allowed to dry up in the summer.

Long-Suffering People. Alderman Todd, however, would not withdraw his statement, and went on to insist that the bylaw be enforced or amended. "I wonder," he said, "why these people are so long-suffering. I wouldn't be. I'd get a lawyer—a good one—Mr. McDermott, for instance, a man who is not frightened of a fight, and I'd get an injunction and I'd keep those mills from running where those conditions prevailed. They'd soon stop their sawdust."

mittee to discuss the proposed paving of Esquimalt Road. The members will be asked by the Council to press upon the Provincial Government the advisability of helping the city to pave the highway. The City Council last night was asked by the Victoria West Brotherhood to act on the Esquimalt Road paving question and so decided to consult with the Victoria members.

FOR SOME ONE ELSE. Johnson—What kind of a girl is she? Jones—The kind that everybody says will make a good wife for somebody some day.—Stray Stories. "DANDERINE" Stops Hair Coming Out; Doubles Its Beauty.

FEELING THAT ITS STAND ON THE MATTER WAS MORALLY IF NOT LEGALLY SOUND, THE CITY COUNCIL LAST NIGHT INSTRUCTED CITY SOLICITOR H. S. PRINGLE TO DEFEND THE ACTION BROUGHT AGAINST THE CORPORATION BY JOHN R. GREEN, SOLICITOR FOR THE CAMERON INVESTMENT AND SECURITIES CO., LTD., OVER THE CELEBRATED BAILEY EXPROPRIATION DISPUTE. "The Cameron Company" are shrewd people," Alderman Johns told the Council. "They knew in the first place that the city had not registered the deed in connection with the Bailey land, and they are taking advantage of it, and I should like to see them lose out. There is moral aspect here." The other aldermen appeared to agree with him. As a matter of fact, the aldermen had decided unofficially to do nothing in the Bailey case, hoping that the other side of the dispute also would remain idle in the matter. If the Cameron Company had done nothing the city's position would have been quite satisfactory. It would not have

ESQUIMALT COUNCIL IN BRIEF SESSION Gorge Bridge Repairs Will Be Ready For Monday; Sawdust Nuisance

The Gorge Bridge repairs are now nearly completed, it was stated in the report of the works committee read last night. The stringers are on, and it is expected that pedestrians will be able to use the bridge by May 24. As already announced, the cost is to be borne equally by Saanich and Esquimalt Municipalities with a bonus of \$1,000 from the Government to help defray the cost. Satisfactory settlements have been reached, and the work is proceeding.

Plan Naval Fleet. The Esquimalt float in the Hudson's Bay Company's pageant came in for some discussion last night and it was decided that the affair be left in the hands of the Reeve, who could call in assistance where necessary. The float is to represent the first frigate to call at this port—the Fligard—and will be mounted on a flat-draw horse-drawn. A determined effort to induce the Reeve and some of the councillors to "man" the ship proved unavailing—Reeve Lockley pointing out that the councillors and himself would do better work on the streets cheering the passage of their float. Some difficulty as to what the navy uniform was at that period has elicited the fact that the only change from the present day clothing was in the cap. Permission to keep pigs was accorded to three applicants last night—testimony to the growing realization of the necessity of reducing the cost of living by individual application. Sawdust Everywhere. Mrs. M. C. Grant, Mr. Dunn, and the Esquimalt Property Owners' Association all sent letters complaining of the sawdust burner of the Cooperage Company. It was alleged by the complainants that burning sawdust covered their property, and destroyed everything in sight. Sawdust in the milk, soot on the washing, and layers of burnt sawdust on the points enumerated. Reeve Lockley endorsed the statements, and remarked that he did not see how the people had managed to stand the nuisance so long. It was said that the Cooperage Company had been asked to place a proper spark arrester in place, but had refused, owing to the cost. A committee composed of Reeve Lockley, Councilor Tribe and Fire Marshal Palmer was appointed to investigate and report. Sewer extension and water rights were also taken up—the sewer work planned for Drake Avenue being the main point at issue. It was stated that the cost of the arrangement giving one resident, who was remote from present facilities, connection with sewer and water would be in the neighborhood of \$1,100. Whether this could be charged to the land that the system crosses was strongly debated, it being finally decided to refer the matter to the solicitor for report and later immediate action. Following the Dairywomen's Convention at Armstrong, some forty-five or fifty representatives of the Dairywomen and Stockbreeders' Associations, and of the United Farmers, will go to Kelowna by motor cars on the evening of June 3 or the morning of June 4, and, in addition to being shown the beauties and resources of the valley, will be banqueted.
