The inspector of the election shall take such oath or affirmation before some officer authorized to administer oaths and the inspector shall have the authority to administer and certify all oaths or affirmations taken by other members of the election board and shall administer all oaths or affirmations required during the progress of the election.

Immediately after the polls are closed, the board shall publicly open and proceed to canvass the ballots cast and shall declare the result of their canvass. § 3. AMENDMENT.] That Section 8 of Chapter 9 of the Session Laws of 1937 is hereby amended and re-enacted to read as follows:

§ 8. ADOPTION OF LAND-USE REGULATIONS.] The supervisors of any district shall have authority to formulate regulations governing the use of lands within the district in the interest of conserving soil and soil resources and preventing and controlling soil erosion. The supervisors may conduct such public meetings and public hearings upon tentative regulations as may be necessary to assist them in this work. The supervisors shall not have authority to enact such land-use regulations into law until after they shall have caused due notice to be given of their intention to conduct a referendum for submission of such regulations to the occupiers of lands lying within the boundaries of the district for their indication of approval or disapproval of such proposed regulations, and until after the supervisors have considered the result of such referendum. The proposed regulations shall be embodied in a proposed ordinance. The supervisors shall supervise such referendum, shall prescribe appropriate regulations governing the conduct thereof, and shall publish the result thereof. All occupiers of lands within the

district shall be eligible to vote in such referendum. Only such land occupiers shall be eligible to vote. No informalities in the conduct of such referendum or in any matters relating thereto shall invalidate said referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

The supervisors shall not have authority to enact such proposed ordinance into law unless at least three-fourths of the votes cast in such referendum shall have been cast for approval of the said proposed ordinance. The approval of the proposed ordinance by three-fourths of the votes cast in such referendum shall not be deemed to require the supervisors to enact such proposed ordinance into law. Land-use regulations prescribed in ordinances adopted pursuant to the provisions of this section by the supervisors of any district shall have the force and effect of law in the said district and shall be binding and obligatory upon all occupiers of lands within such district.

Any occupier of land within such district may at any time file a petition with the supervisors asking that any or all of the land-use regulations prescribed in any ordinance adopted by the supervisors under the provisions of this section shall be amended, supplemented or repealed. Land-use regulations prescribed in any ordinance adopted pursuant to the provisions of this section shall not be amended, supplemented or repealed except in accordance with the procedure prescribed in this section for adoption of land-use regulations. Referenda on adoption, amendment, supplementation or repeal of land-use regulations shall not be held more often than once in six (6) months.

The regulations to be adopted by the supervisors under the provisions of this section may include:

5. Provisions for such other means, measures, operations and programs as may assist conservation of soil and water resources

and prevent or control soil erosion in the district, having due regard to the declaration of policy set forth in Section 2 of this act.

The regulations shall be uniform throughout the territory comprised within the district except that the supervisors may classify the lands within the district with reference to such factors as soil type, degree of slope, degree of erosion threatened or existing, cropping and tillage practices in use, and other relevant factors, and may provide regulations varying with the type or class of land affected, but uniform as to all lands within each class or type. Copies of land-use regulations adopted under the provisions of this section shall be printed and made available to all occupiers of lands lying within the district.

§ 4. AMENDMENT.] That Section 9 of Chapter 9 of the Session Laws of 1937 is hereby amended and re-enacted to read as follows:

§ 9. ENFORCEMENT OF LAND-USE REGULATIONS.] The supervisors shall have authority to go upon any land within the district to determine whether land-use regulations adopted under the provisions of Section 8 of this act are being observed.

It is the intention of this act that the foregoing schedule of license charges and fees shall constitute the maximum to be charged and collected, but the North Dakota Poultry Improvement Board shall have authority, if it determines that any or all of such fees or charges are excessive or unduly burdensome, or that a lesser schedule of fees will produce all income necessary for carrying on the work of the board, to reduce the license charges and fees of any or all of such occupations.

The annual license fees for the ensuing year, plus all other fees previously accrued, must be paid before any license is issued, and all accrued fees other than license fees must be remitted at the time of making the reports hereinafter required. Failure to pay any fee or license charged within ten (10) days after the same shall become due shall constitute a violation of this act.

terly reports on the first days of the months of January, April, July and October to the North Dakota Poultry Improvement Board, except that hatcheries and record of performance breeders shall report annually on the first day of January. Such reports shall contain the information required to determine the fees payable for the preceding reporting period, together with such other information as may be required by the board and shall be accompanied by remittance for the amount of fees then due. Failure to make any such report within ten days after the same shall become due, and failure to remit for fees within ten days after the reporting date herein set forth, shall constitute a violation of this act.

§ 7. SPECIAL FUND.] All license charges and fees collected under this act shall be deposited in the State Treasury in a special fund to be known as the Poultry Improvement Fund, and shall be disbursed upon proper vouchers approved by the president of the North Dakota Poultry Improvement Board, and said fund shall constitute the sole source of funds for the carrying out of the provisions of this act, and said fund and the affairs of the board shall be audited in the same manner and by the same officer as other similar public funds and boards of the State of North Dakota.,

§ 8. PURPOSES OF FUND.] The Poultry Improvement Fund may be expended under the direction of said North Dakota Poultry Improvement Board for the payment of any and all expenses incident to the fulfillment of the purposes of this act, including assistance in the promotion, co-ordination, assist with financing of State, county or district poultry shows, and any other instrumentality or agency designed for the welfare and improvement of the poultry industry in North Dakota.

§ 9. ANNUAL REPORT.] The said board shall make an annual report to the Governor of all its proceedings and transactions for the preceding year, on or before the 1st day of January of each year, and said reports shall be published as one of the official documents of the State of North Dakota.

§ 10. PENALTY.] Violation of this act shall constitute a misdemeanor and be punishable by a fine of not to exceed \$50.00 for each offense, and as additional or alternative penalties, the board may revoke any license issued, and may by injunction restrain the continuance of any operations covered by this act.

§ 11. REPEAL.] All acts or parts of acts in conflict herewith are hereby repealed.

FARM PRODUCTS

An act to amend and re-enact Chapter 3 of the Session Laws of 1933; defining unfair discrimination in the purchase of certain farm products; prohibiting such discrimination; providing a penalty therefor; and repealing act in conflict herewith; and declaring an emergency.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. DEFINITION.] The following words, terms and phrases shall, for the purposes of this act, be given the meaning hereinafter subjoined to them.

§ 2. (a) The term "person" means an individual, firm, co-partnership, corporation or association.

(b) The term "farm products," as used in this act, shall mean and include butter, milk, cream, butterfat, cheese, and other dairy products, honey, eggs and poultry.

(c) The term "bona fide competitor" shall be deemed to be a duly licensed dealer in any farm product maintaining a place of business in the same trade territory.

§ 3. Any person engaged in the business of buying any such farm products, for manufacture or sale, who shall discriminate between different sections, localities, communities, cities or villages of this State, by purchasing any such farm products at a higher price or rate in one locality than is paid for such products of the same kind, quality and grade by such person in another section, locality, community, city or village, or than is paid to another person of the same community, after making due allowance for the difference, if any, in the actual cost of transportation paid from the locality of purchase to the locality of manufacture or sale, shall be deemed guilty of unfair discrimination, which is hereby prohibited and declared to be unlawful. It shall not be unfair discrimination for any person to pay in any section, locality, community, city or village, a price equal to that actually paid on the same day by any bona fide competitor in such section or locality, for farm products of the same kind and grade, provided such price is paid in a bona fide and good faith effort to meet competition, and in such case the burden of proving such facts shall be upon the defendant.

§ 4. Proof that any person has paid a higher price for any such farm products in one section, locality, community, village or city, than in another, or has paid another person a different price for the same kind and quality product in the same community, after

due allowance for the cost of transportation has been made, shall be prima facie evidence of a violation of this act.

§ 5. The Commissioner of Agriculture and Labor, the State Dairy Commissioner and his deputies, assistants and agents, and the state's attorneys, sheriffs and peace officers of the respective counties, shall enforce the provisions of this act, and in so doing shall have all the powers conferred upon each of them by the provisions of law.

§ 6. If complaint shall be made to the Commissioner of Agriculture and Labor, or to the Dairy Commissioner, that any person is guilty of unfair discrimination, either of them shall forthwith investigate such complaint, or may, upon his own initiative, investigate whether this statute has been violated, and in either event, for that purpose, either of them may subpoena, supervise and control witnesses the same as the district court, administer oaths, take testimony, and if, in his opinion, sufficient ground exists therefor, he may prosecute an action in the name of the State in the proper court to annul the corporation or the existence of the corporation violating the provisions of this act. If any corporation is adjudged by the courts to be guilty of unfair discrimination, such court may vacate the charter or revoke the authority of such corporation to do business in the State of North Dakota, and may permanently enjoin it from transacting business in this State.

§ 7. Any person violating the provisions of Section 3 of this act shall, upon conviction thereof, be fined not less than fifty dollars (\$50.00), nor more than five hundred dollars (\$500.00), for each offense, and in default of the payment of such fine be imprisoned in the county jail for not less than three (3) months, nor more than one (1) year.

§ 8. The authority hereby extended to the Commissioner of Agriculture and Labor and the Dairy Commissioner shall be considered as their duties only, and shall not be construed to preclude any other prosecuting officer or any interested party from instituting proceedings, civil or criminal, for the enforcement of any of the provisions of this act.

§ 9. REPEAL.] Chapter 3 of the Session Laws of 1933 is hereby expressly repealed, but nothing in this act shall be construed as repealing any other act or parts of acts, but the remedies herein provided for shall be cumulative to all other remedies provided by law.

STATE HAIL INSURANCE DEPARTMENT

An act making an appropriation for the operation and maintenance of the State Hail Insurance Department, for the biennium beginning July 1st, 1939.

Minot, North Dakota,
March 18, 1939.

Hon. James D. Gronna,
Secretary of State,
Bismarck, North Dakota.

MY DEAR SECRETARY :

I transmit herewith, Senate Bill No. 255 entitled "An act making an appropriation for the operation and maintenance of the State Hail Insurance Department, for the biennium beginning July 1st, 1939."

I have approved this act in part; as to certain items in this bill I have withheld my approval.

I believe that the legal business of the State should and must be conducted through the office of the Attorney General of the State of North Dakota.

For this reason, I disapprove of the item of \$3,000.00 appropriated for the services of an attorney. I also disapprove of the item of \$3,200.00 set up for the payment of a secretary and further of the item of \$3,000.00 allowed for extra clerkhire, for the reason that these appear to me to be unnecessary.

As to the rest of Senate Bill No. 255, I approve thereof.

Respectfully yours,

✓

Should the board of directors, secretary or person in charge of such association refuse to permit the State Examiner to take possession as aforesaid, the State Examiner shall communicate such fact to the Attorney General whereupon it shall become the duty of the Attorney General at once to institute such proceedings as may be

necessary to place the State Examiner in immediate possession of the property of such association. Upon taking possession of the effects of the association as aforesaid, the State Examiner shall prepare a full and true statement of the affairs and condition of such association, including an itemized statement of its assets and liabilities and shall receive and collect all debts, dues and claims belonging to it, and pay the immediate and reasonable expenses of his trust. When the condition of such association has been fully ascertained, and it shall appear that the affairs of said association are in fact in an unsound condition, the State Examiner shall at once notify, in writing, the board of directors of such association of his decision, giving them twenty days in which to restore the affairs of such association to a sound condition. Meanwhile, the State Examiner shall remain in charge of the books, records, and assets of every description of such association, attend, or be represented, at all directors' and shareholders meetings held, suggest such steps as he may deem necessary to restore such association to a sound condition; and if same is not done within such twenty days, he may report the facts to the Attorney General, and it shall thereupon become the duty of the Attorney General to institute proceedings in the district court of the county in which such association has its principal place of business, for the appointment of a receiver. Such receiver shall be authorized to collect all moneys due such association, and to do such other acts as are necessary to conserve its assets and business, and he shall, after having furnished a good and sufficient surety bond, proceed to liquidate its affairs. He shall have general power and authority, except as otherwise limited by the terms of this Act, to do any and all acts, to take any and all steps necessary, or, in his discretion desirable, for the protection of the property and assets of such association and the speedy economical liquidation of its assets and affairs and the payment of its creditors, or for the reopening and resumption of business of said association where that is practicable or desirable. C., and if such association has such insurance protection, the Federal Savings and Loan Insurance Corporation is empowered at its option to act as receiver or co-receiver in the liquidation of the association, and shall be appointed as such receiver, or as co-receiver with the State Examiner. Said commission shall be provided with suitable office space and equipment and shall be provided with all necessary copies of the existing codes and session laws, and may purchase all necessary office supplies.

§ 6. COMPLETION OF WORK.] The work of said commission shall be done as quickly and expeditiously as possible, commensurate with the best results to be obtained; provided, however, that the report of said commission shall be completed and available for filing and delivery to the members of the legislature not later than January 1, 1941. If the proposed revision code is enacted by the legislature, said commission shall continue until such code is printed and bound according to contract; provided, further, that, if in the opinion of the commission, it is feasible to have the laws adopted by the Legislative Assembly of 1941 included and incorporated into said revised code, such commission may continue until such work is fully completed.

§ 7. OATH OF OFFICE.] The members of said commission, before entering upon the duties of their office, shall subscribe to an oath of office to be prescribed by the Supreme Court and said oaths of office filed in the office of the Clerk of the Supreme Court.

§ 8. CONTRACTS.] The Supreme Court shall have control over the making of all contracts and over the disbursement of all monies appropriated by this act, and no contract shall be made or be binding

§ 9. REPORT.] Not later than January 1, 1941, the Code Revision Commission shall determine upon a style of printing and binding to be used in the code and rules, if adopted, and it shall advertise for bids for the printing of the report to be made to the legislature of 1941. Such report shall contain or have appended the proposed code and rules, with temporary bindings, and shall contain a table indicating the place in such proposed code and rules where the existing laws may be found, and indicating the existing laws which are amended or repealed. The advertisement of bids for the printing of such report and for the binding and delivery of said code of laws and rules of practice and procedure, when and if adopted, shall be made in four principal newspapers of the State once a week for four successive weeks before the letting of a contract. The Code Revision Commission shall accept the lowest bid which, in its opinion, is the best bid consistent with quality of printing, paper, binding, expeditious service and to the best interests of the State and which is approved by the Supreme Court, and such printing is declared to be of a special nature and is not subject to the provisions of the printing laws of the State except as the Supreme Court may determine.

§ 10. APPROPRIATION.] There is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, the sum of \$35,000.00, or so much thereof as may be necessary to carry out the provisions of this act; and such fund shall be known as the Code Revision Fund and shall be disbursed upon vouchers approved by the chairman of the Code Revision Commission and the Chief Justice of the Supreme Court.

House Concurrent Resolution No. 91—(Bingenheimer, Page, Saumur
and Wambheim)

LEGISLATIVE POWER, INITIATIVE AND REFERENDUM

A concurrent resolution providing for the amendment of Section 25 of Article 2 of the Constitution of the State of North Dakota, relating to the legislative power of the State, and the initiative and referendum.

Be It Resolved by the House of Representatives of the State of North Dakota, the Senate Concurring:

That the following proposed amendment to Section 25 of Article 2 of the Constitution of the State of North Dakota is agreed to and that the same be submitted to the qualified electors of the State for approval or rejection, in accordance with the provisions of Section 202 of the Constitution of the State of North Dakota, as amended.

§ 1. AMENDMENT.] That Section 25 of Article 2 of the Constitution of the State of North Dakota is hereby amended and re-enacted to read as follows:

§ 25. The legislative power of this State shall be vested in a legislature consisting of a Senate and a House of Representatives. The people, however, reserve the power, first to propose measures and to enact or reject the same at the polls; second, to approve or reject at the polls any measure or any item, section, part or parts of any measure enacted by the legislature.

The first power reserved is the initiative. Fifteen thousand electors at large may propose any measure by initiative petition. Every such petition shall contain the full text of the measure and shall be filed with the Secretary of State not less than ninety days before the election at which it is to be voted upon.

The second power reserved is the referendum. Fifteen thousand electors at large may, by referendum petition, suspend the operation of any measure enacted by the legislature, except an emergency measure. But the filing of a referendum petition against one or more items, sections or parts of any measure shall not prevent the remainder from going into effect. Such petition shall be filed with the Secretary of State not later than ninety days after the adjournment of the session of the legislature at which such measure was enacted. No initiative or referendum petition shall be circulated or filed during a regular or special session of the legislature.

Each measure initiated by or referred to the electors, shall be submitted by its ballot title, which shall be placed upon the ballot by the Secretary of State and shall be voted upon at any State-wide election designated in the petition, or at any special election.

called by the Governor. The result of the vote upon any measure shall be canvassed and declared by the board of canvassers.

All initiated measures providing for the expenditure of public funds shall prescribe in such act when initiated a special levy or tax and the method by which such funds shall be raised to carry into effect the purpose of the measure so initiated.

Any measure, except an emergency measure submitted to the electors of the State shall become a law when approved by a majority of the votes cast thereon. Such law shall go into effect on the thirtieth day after the election, unless otherwise specified in the measure.

If a referendum petition is filed against an emergency measure, such measure shall be a law until voted upon by the electors, and if it is then rejected by a majority of the votes cast thereon, it shall be thereby repealed. Any such measure may be submitted to the electors at a special election if so ordered by the Governor or if the referendum petition filed against it shall be signed by thirty-five thousand electors at large, such special election may be called by the Governor and shall be held not less than one hundred nor more than one hundred thirty days after the adjournment of the session of the legislature.

The Secretary of State shall pass upon each petition, and if he finds it insufficient he shall notify the "committee for the petitioners" and allow twenty days for correction or amendment. All decisions of the Secretary of State in regard to any such petition shall be subject to review by the Supreme Court. But if the sufficiency of such petition is being reviewed at the time the ballot is prepared, the Secretary of State shall place the measure on the ballot, and no subsequent decision shall invalidate such measure if it is at such election approved by a majority of the votes cast thereon. If the proceedings are brought against any petition upon any ground, the burden of proof shall be upon the party attacking it.

If more than one measure, initiated or referred, is to be placed upon the ballot, the Secretary of State shall place all measures proposing amendments to the Constitution in one group and other measure in another group and shall number all measures consecutively.

No law shall be enacted limiting the number of copies of a petition which may be circulated. Such copies shall become a part of the original petition when filed or attached thereto. Nor shall any law be enacted prohibiting any person from giving or receiving compensation for circulating the petition, nor in any manner interfering with the freedom in securing signatures to petitions.

Each petition shall have printed thereon a ballot title which shall fairly represent the subject matter of the measure and the

names of at least five electors who shall constitute the "committee for petitioners" and who shall represent and act for the petitioners.

The enacting clause of all measures initiated by the electors, shall be: "Be it enacted by the people of the State of North Dakota." In submitting measures to the electors, the Secretary of State, and all other officials shall be guided by the election laws until additional legislation shall be provided.

If conflicting measures initiated by or referred to the electors shall be approved by a majority of the votes cast thereon, the ones receiving the highest number of affirmative votes shall become the law.

The word "measure" as used herein shall include any law or amendment thereto, resolution, legislative proposal or enactment of any character.

The veto power of the Governor shall not extend to the measures initiated by or referred to the electors. No measures enacted or approved by a vote of the electors shall be repealed or amended by the legislature, except upon a yea and nay vote upon roll call of two-thirds of all the members elected to each house.

This section shall be self-executing and all of its provisions shall be treated as mandatory. Laws may be enacted to facilitate its operation, but no law shall be enacted to hamper, restrict or impair the exercise of the rights herein reserved to the people.

Senate Concurrent Resolution No. 148—(Stucke, Holl and Morrison)

RECALL

A concurrent resolution providing for the amendment of Article 33 of the Constitution of North Dakota, relating to the recall.

Be It Resolved by the Senate of the State of North Dakota, the House of Representatives Concurring:

That the following proposed amendment to Article 33 of the Constitution of the State of North Dakota is agreed to, and that the same be submitted to the qualified electors of the State for approval or rejection in accordance with the provisions of Section 202 of the Constitution of the State of North Dakota, as amended:

§ 1. AMENDMENT.] That Article 33 of the Constitution of North Dakota is hereby amended and re-enacted to read as follows:

The qualified electors of the State or of any county, or of any

congressional, judicial or legislative district may petition for the recall of any elective congressional, State, county, judicial or legislative officer by filing a petition with the officer with whom the petition for nomination to such office in the primary election is filed, demanding the recall of such officer. Such petition shall be signed by at least thirty per cent of the qualified electors who voted at the preceding election for the office of Governor in the State, county or district from which such officer is to be recalled, and shall contain a statement of the grounds on which the removal or recall is sought, which statement is intended solely for the information of the electors. Any insufficiency of form or substance in such statement shall in no wise affect the validity of the election and proceedings held hereunder. The signatures to the petition need not all be appended to one paper, but the statement shall appear at the head of each separate paper or part of the petition, and shall be followed by the signature, legal residence, and date of signing of each petitioner written by the petitioner in ink or indelible pencil, and by the affidavit of the person in charge of the paper or part that the signatures have all been made in his presence by the persons whose names they purport to be, and are legal signatures to the best of his belief. The petition shall be filed within sixty days after the date of the earliest signature thereon, and the officer with whom such petition is filed shall call a special election to be held not less than forty nor more than forty-five days from the filing of such petition.

Upon the sample ballot there shall be printed, in not more than two hundred words, the reasons set forth in the recall petition for demanding the recall of the officer, and upon the same ballot in not more than two hundred words the officer may justify his course in office.

There shall be printed on the recall ballot, as to every officer whose recall is to be voted on thereat, the following question: "Shall (individual name of person against whom the recall petition is filed) be recalled from the office of (title of the office)?" following which question shall be the words "yes" and "no" on separate lines with a blank space at the right of each, in which the voter shall indicate by placing a cross (X) his vote for or against such recall. On such ballots, under each such question there shall also be printed the names of those persons who may be nominated in the manner as provided by law in primary elections as candidates to succeed the person recalled, in case he shall be removed from office by such recall election, but no vote shall be counted for any candidate for such office unless the voter also voted on the question of the recall of the person sought to be recalled from such office. The name of the person against whom the petition is filed shall not appear on the ballot as a candidate for the office.

If a majority of those voting on the question of the recall of any incumbent from office shall vote "No" such incumbent shall

continue in such office. If a majority shall vote "Yes" such incumbent shall thereupon be deemed removed from such office, upon the qualification of his successor. The canvassers shall canvass all votes for candidates for such office and declare the result in like manner as in a regular election. If the vote at any such recall election shall recall the officer, then the candidate who has received the highest number of votes for the office shall be declared elected for the remainder of the term. In case the person who received the highest number of votes shall fail to qualify within ten days after receiving the certificate of election, the office shall be deemed vacant and shall be filled according to law.

After one such petition and special election, no further recall petition shall be filed against the same officer during the term for which he was elected. This article shall be self executing and all of its provisions shall be treated as mandatory. Laws may be enacted to facilitate its operation, but no law shall be enacted to hamper, restrict or impair the right of recall.

COPYRIGHT

CHAPTER 115

S. B. No. 284—(Committee on Delayed Bills)

COPYRIGHT ACT

An act relating to copyrights and public performing rights in musical compositions and dramatico-musical compositions, requiring lists thereof to be filed, regulating the issue of licenses with respect thereto, prohibiting discrimination, providing for service of process, levying a privilege tax, providing penalties, and repealing inconsistent acts.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. As used in this act, "person" means any individual, resident or non-resident, of this State, and every domestic or foreign or alien partnership, society, association or corporation; the words "performing rights" refer to "public performance for profit"; the word "user" means any person who directly or indirectly performs or causes to be performed musical compositions for profit; the term "blanket license" includes any device whereby public performance for profit is authorized of the combined copyrights of two or more owners; the term "blanket royalty or fee" includes any device

whereby prices for performing rights are not based on the separate performance of individual copyrights.

§ 2. It shall be unlawful for any person to sell, license the use of, or in any manner whatsoever dispose of, in this State, the performing rights in or to any musical composition or dramatico-musical composition which has been copyrighted, and is the subject of a valid existing copyright, under the laws of the United States, or to collect any compensation on account of any such sale, license or other disposition, unless such person:

(a) Shall first have filed with the Secretary of State a list in triplicate describing each such musical composition and dramatico-musical composition, the performing rights in which said person intends to sell, license or otherwise dispose of in this State, which description shall include the following: The name and title of the copyrighted composition, the date of the copyright, the number or other identifying symbol given thereto in the United States copyright office, the name of the author, the name of the publisher, the name of the present owner of the copyright to said composition, and the name of the present owner of the performing rights thereto. Additional lists of such copyrighted compositions may be filed by any such person from time to time, and shall be subject to all the provisions of this act. No payment or filing fee shall be required by the Secretary of State for filing any list under this act.

(b) Shall simultaneously file an affidavit which shall describe the performance rights to be sold, licensed or otherwise disposed of and shall state that the compositions so listed are copyrighted under the laws of the United States, that the facts contained in the list to which said affidavit relates are true, that affiant has full authority to sell, license or otherwise dispose of the performing rights in such compositions; and the affidavit shall set forth the name, age, occupation and resident of the affiant; and if an agent, the name occupation and residence of his principal.

§ 3. The list provided for in the preceding section shall be made available by the Secretary of State to all persons for examination, and taking copies, in order that any user of such compositions in this State may be fully advised concerning the performing rights therein, and avoid being over-reached by false claims of ownership of said performing rights, and also avoid committing innocent infringements of said works. A duplicate of any list so filed by any such person shall at his request be certified by the Secretary of State at the expense of the person or persons making the request and shall by the Secretary of State be given or delivered to such person, who shall exhibit the same on demand of anyone to whom such person seeks to sell, license or otherwise dispose of said performing rights.

§ 4. It shall be unlawful for two or more owners of the copy-

rights of musical compositions or dramatico-musical compositions to associate or combine together in any manner, directly or indirectly, for the purpose of issuing blanket licenses for the public performance for profit of their compositions upon a blanket royalty or fee covering more than one, or all, of such compositions owned or controlled by the members of such association unless each individual copyright owner included in such association, or such association in behalf of each individual copyright owner, also shall make available to each user of such compositions within the State, at the option of the user, the right to perform publicly for profit each such copyrighted musical composition owned by him or it at a price established for each separate performance of each such composition. To this end, there shall be filed with the Secretary of State, either as a part of the list required by Section 2 hereof or as a separate document by such copyright owner, or by such association in behalf of such owner, a schedule of prices for the performing rights to each separate performance for profit of each such composition contained in such list, together with an affidavit of the copyright owner of such compositions that the price so stated has been determined by such copyright owner acting for himself and not either directly or indirectly in concert or by agreement with the owner or owners of any other copyrights. Such schedule of prices may contain reasonable classifications determined by use and function, or either, of the users of said compositions, with separate price for each classification, provided that there is equal treatment of all persons within each classification and that there is no unreasonable discrimination between classifications. Any copyright owner or such association acting in his behalf, may at his election fix one price which shall be applicable to each rendition of each of such compositions owned by him except to the extent that he elects to name specific compositions and to fix other prices for each rendition thereof; and said prices shall remain in force and effect until a new schedule of prices with respect to the performing rights to such compositions has been similarly filed in the office of the Secretary of State, at any time, at the election of such owner or such association acting in his behalf, changes in prices to become effective seven days from the date of filing thereof. Provided, however, it shall be unlawful for any person selling, licensing the use of, or in any manner whatsoever disposing of, or contracting to dispose of, in this State, the performing rights in or to any musical composition or dramatico-musical composition, to make any charge, or to contract for or collect, any compensation, as a condition of using said performing rights, based in whole or in part, on any program not containing any such composition; and any such charge or contract for compensation shall be valid and enforceable only to the extent that it is based and computed upon a program in which such composition is rendered. The schedule of prices provided for herein shall be made

available by the Secretary of State to all persons for examination and the taking of copies.

§ 5. Any person issuing a blanket license for performance rights shall file with the Secretary of State within thirty days from the date such blanket license is issued a true and complete copy of each such license issued or sold with respect to performance within this State, together with the affidavit of such person that such copy is a true and complete copy of the original and that it sets forth each and every agreement between the parties thereto with respect to performing rights.

§ 6. At the time of filing the information required in Sections 2 and 3, the owner of said performing rights shall likewise execute and deliver to the Secretary of State, on a form to be furnished by the Secretary of State, an authorization empowering the Secretary of State to accept service of process on such person in any action or proceeding, whether cognizable at law or in equity, arising under this act, and designating the address of such person until the same shall be changed by a new form similarly filed; and service of process may thereafter be effected in this State on such person in any such action or proceeding by serving the Secretary of State with duplicate copies of such process; and immediately upon receipt thereof the Secretary of State shall mail one of the duplicate copies by registered mail to the address of such person as stated on the authorization last filed by him.

§ 7. No person shall be entitled to commence or maintain any action or proceeding in any court with respect to such performing rights, or to collect any compensation on account of any sale, license or other disposition of such performing rights, in this State, except upon pleading and proving compliance with the provisions of this act.

Copies, certified by the Secretary of State as such, of each or all of the lists, license agreements, affidavits and other documents filed with the Secretary of State pursuant to the requirements of this act, shall be furnished by the Secretary of State at his direction and at the expense of any person requesting the same. Such certified copies shall be admitted in evidence in any action or proceeding in any court to the same extent as the original thereof.

§ 8. From and after the effective date of this act there is hereby levied, and there shall be collected, a tax, for the act or privilege of selling, licensing, or otherwise disposing of performing rights in such compositions in this State, in an amount equal to three per cent of the gross receipts of all such sales, licenses or other dispositions of performing rights in this State, payable to the State Treasurer, for the benefit of the General Fund of the State, on or before the fifteenth day of March, 1940, with respect to all such gross receipts for the portion of the calendar year 1939

after the effective date of this act, and annually thereafter, on or before the fifteenth of March of each succeeding year, with respect to the gross receipts of the preceding calendar year. The State Treasurer shall adopt and publish rules and regulations not in conflict herewith, as well as a form of return and any other forms to carry out the provisions of this section.

§ 9. It shall be unlawful for any person, without the consent of the owner thereof, if said owner shall have complied with the provisions of this act, publicly to perform for profit, in this State, any such composition, or for any person knowingly to participate in the public performance for profit of such composition, or any part thereof.

§ 10. Any violation of this act shall constitute a misdemeanor, to be punished as provided elsewhere in the laws of this State.

§ 11. All laws or portions thereof whether general, special or local, which relate to the same subject matter as this act and which are inconsistent with the provisions of this act, are hereby superseded by the provisions of this act to the extent that such inconsistency exists.

Nothing contained in this act shall be so construed as to impair or affect the obligation of any contract or license which was lawfully entered into prior to the effect date of this act.

§ 12. If any section, sentence, clause or word of this act shall be held to be unconstitutional, the invalidity of such section, sentence, clause or word shall not affect the validity of any other portion of this act, it being the intent of this legislature to enact each of the provisions of this act insofar as they conform to the Constitution of this State and of the United States.

Approved March 15, 1939.

Whenever twenty per cent (20%) of the electors of any county of this State, having a population of less than four thousand (4,000) according to the last preceding official State or Federal census or thereafter, as determined by the vote cast for the office of Governor at the last preceding election of State officers, shall so petition the board of county commissioners of such county, it shall be the duty of said board to submit to the electors of the county the question of the disorganization of such county. If the said board is so petitioned more than ninety (90) days prior to the next State-wide election, it shall submit the question at such State-wide election; otherwise it shall be submitted at the State-wide election next following.

§ 2. Such petition shall be filed with the county auditor of

such county, who shall then note thereon the date of filing, and shall forthwith and not later than ten (10) days thereafter, send a written notice thereof by registered mail to the State Examiner.

Such notice shall also state that the State Examiner's audit is on file in the county auditor's office.

§ 5. The ballots in such election shall be in substantially the following form, to-wit:

Shall the county of (naming the county) be disorganized and become an unorganized county?

Yes-----
No -----

§ 6. The votes polled upon the question of disorganizing the county shall be canvassed and returned in the manner provided by law for other votes polled at the same election. Within ten (10) days after the filing of the findings and certificates of the canvassing board on the question of disorganization, the county auditor shall send a correct and duly certified abstract of the votes polled to the Secretary of State, and if a majority of all the legal votes cast in the count[y] is in favor of disorganization, the Secretary of State shall forthwith notify the Governor and the Governor shall without delay issue his proclamation announcing and declaring the result of the election, and on and after January first after the date of such proclamation, the county shall be an unorganized county.

§ 7. After the result of such election is proclaimed, but not

before December 15 nor later than December 31, following, the Governor, by proclamation, shall designate an adjoining organized county to which the unorganized county shall be attached for the purposes hereinafter stated and which shall become effective on January 1 following. Provided, however, that if before such December 15, the county commissioners of the unorganized county shall, by resolution, designate the organized county to which the unorganized county desires to be attached, and if such organized county shall also before such date, by resolution, agree to such attachment, the Governor, shall, by proclamation, declare that the unorganized county is attached to such organized county, effective January 1, following.

§ 8. Whenever a county becomes an unorganized county, it shall be attached to an adjoining organized county, pursuant to the aforesaid Governor's proclamations for all judicial, record, and taxing purposes, and for all purposes, of, or connected with, county government; and to that end, the officers and employees of said adjoining organized county, including the board of county commissioners, the judge of the county court, the county superintendent of schools, and all other officers and employees, shall possess the same powers and jurisdiction with respect to, and within such unorganized county, as they possess with respect to, and within their own county, except as such powers are limited by this act. Provided, however, that each elected officer of the organized county shall, for the services so to be rendered, receive from the unorganized county the sum of \$30 per annum for each one thousand (1,000) in population, or major fraction thereof, of the unorganized county. The unorganized county shall be in the same judicial district as the organized county to which it is attached.

§ 9. All appointive positions in the service of the county, and the offices of justice of the peace, judge of the county court, and county superintendent of schools and other elected county officers shall be deemed to be county officers for the purposes of this section. All county offices of organized counties shall be deemed to be, and are hereby declared to be, abolished when such counties become unorganized counties; provided that payments equivalent to the salaries and other compensations customarily paid to the holders of such offices shall be paid to them until such time as their successors would, except for the abolition of the offices, have qualified and succeeded to their duties. Anyone re-elected to any office shall also be deemed a successor to such office. If any such officeholders possess an indefinite term of office, such payments shall not continue beyond one month after such county becomes an unorganized county. In the event that any person is duly elected to a county office that is abolished before the commencement of the term of office for which he was elected, he shall receive a payment equiv-

alent in amount to one month's salary of the office to which he was elected.

§ 10. Within fifteen (15) days following the Governor's proclamation provided in Section 7 herein as aforesaid, the county officers of the county to be disorganized, including the judge of the county court, justices of the peace, and the county superintendent of schools, shall remove all files, records, books, papers, equipment, fixtures, furniture, and other personal property, to the courthouse of the adjoining organized county designated in the aforesaid Governor's proclamation; provided that if the absence of any of such items from the courthouse of said adjoining organized county would not inconvenience the public, such items shall be disposed of by the said county officers as directed by the board of county commissioners of such adjoining organized county. During the said fifteen day period, all monies and property of whatsoever nature shall be delivered to the custody of the proper officers of said adjoining organized county. Title to all files, records, books, papers, equipment, fixtures, furniture, other personal property, monies, and other property possessed by the unorganized county upon the date of its disorganization, or thereafter acquired by it, or in its name, shall be vested in the said adjoining organized county as trustee for the said unorganized county, with the right to use the same for the benefit of the unorganized county in the same manner provided by law for organized counties. Separate accounts and books shall be maintained for the monies and properties held in trust, and for the monies and properties of the said adjoining organized county.

§ 11. All actions or suits of every nature that have been filed or are pending in any of the courts of the unorganized county on January first following the Governor's proclamation, aforesaid, or that may thereafter arise or be instituted, shall be transferred, brought and tried in the courts of the adjoining organized county to which the unorganized county is attached. Any actions pending in any county justice court in the unorganized county shall be transferred to and tried before the justice of the peace in such adjoining organized county whose office is located nearest to the courthouse of said unorganized county. All official and judicial notices relating to matters within such unorganized county shall be posted, according to law for organized counties, within such unorganized county, and published notices shall be published in a newspaper within the unorganized county, if there be one, otherwise to be published in the official newspaper of the organized county to which the unorganized county is attached.

§ 12. The adjoining organized county to which the unorganized county is attached shall levy sufficient taxes within such unorganized county in the same manner provided by law for the levy

of taxes in organized counties and subject to the limitations therein imposed, to pay the unorganized county's debt, and the cost of such public services as shall be necessary to supply in such unorganized county. Nothing in this act shall be construed to impose any financial obligations or burden upon an organized county by reason of the attachment of an unorganized county to it, but all expenses incidental thereto shall be charged to such unorganized county. All monies, funds, revenues, property and all benefits that shall accrue from any source whatever to the unorganized county before or after disorganization shall be held by such organized county as trustee, as aforesaid, and expended only for the benefit of the unorganized county. And all funds of the disorganized county shall be kept separate and apart from any funds of the organized county to which it is attached. The officers and employees of the organized county to which the disorganized county is attached shall be automatically bonded in the State Bonding Fund as provided by law, for the benefit of the disorganized county in an amount for which the corresponding officers of the disorganized county would be required by law to be bonded if the county were not disorganized. The premium for such bonds shall be charged against the disorganized county. The condition of such bond shall be that such officer or employee as principal shall faithfully and impartially discharge and perform the duties of his said office or employment relating to said disorganized county, including such duties as are or may be imposed upon him by law, and shall render a true account of all moneys and property of every kind that shall come into his hands as such officer or employee and pay over and deliver the same according to law.

§ 13. The unorganized county shall continue and remain in the same legislative district it is in at the time of disorganization and shall have the same representation.

§ 14. If the petition for disorganization described in Section 1 of this act is signed by more than fifty per cent of such qualified electors, no election shall be held, but, in lieu of such election further action on such petition shall be by judicial proceedings as hereinafter provided. The county auditor shall notify the State Examiner as provided in Section 2 hereof and in addition thereto shall certify thereon that said petition contains more than fifty per cent (50%) of such qualified electors and shall transfer and file the same so certified with the clerk of the district court of such county within ten (10) days of the date of filing of the petition.

§ 15. The State Examiner shall make the audit and statement provided in Section 3 hereof and within the time so provided file the original of such audit and statement in the office of the said clerk of court and a duplicate copy thereof in the office of the county auditor of such county.

§ 16. The clerk of the district court, after the filing of the petition and within 5 days of the receipt of such audit and statement by the Examiner shall, by registered mail notify the district judge of his district whose chambers are nearest the county seat of such county, that such petition, audit and statement have been filed. The district judge so notified shall, within 10 days after receipt of such notice, make an order setting forth the date, hour and place in such county for the hearing of such petition. Such order shall be published by the clerk of the court of said county in the official newspaper of the county and in such other newspaper, if any, as the judge may direct in said order, once each week for four successive weeks prior to said hearing, the last publication of which shall not be less than 5 days prior thereto. The clerk shall also cause such notice to be posted by the sheriff in four conspicuous public places in the county not less than 20 days prior to said hearing. The proof of the publication and posting of such notice shall be filed with the clerk of the district court.

§ 17. At such hearing, the admission of evidence, order of proof and procedure shall as nearly as may be, be the same as provided by law for the trial of equity cases. Any qualified elector, taxpayer or creditor of said county may appear in person or by counsel and contest the petition provided he has on or before 10 days prior to the date set for said hearing filed with the clerk of said court his objections to the petition, setting forth his grounds therefor.

§ 18. If the court from the audit and evidence introduced shall find that the existing taxable valuation of the said county is so reduced that the limit of levy as provided by law will result in an annual deficit; or that for any other reason it appears that the continuance of the county organization would not be for the best interests of the citizens, taxpayers, and creditors, it shall enter its decree disorganizing such county, which decree, based on the findings aforesaid, shall be filed with the clerk of the district court. If the court finds otherwise it shall enter its decree denying the petition.

§ 19. Any elector, taxpayer, or creditor feeling aggrieved by the decision of the court may within twenty days after the filing of the decision and decree, appeal therefrom to the Supreme Court by filing with the clerk of the district court a notice of appeal, specifications of error, and an appeal bond, the amount and the sureties thereon to be fixed and approved by the court, and on said appeal the petition, and the objections together with a certified transcript of the record of the testimony taken on the hearing, shall constitute the judgment roll and statement of the case, and the matter shall be heard de novo in the Supreme Court.

§ 20. Upon the expiration of the time for appeal as provided

in Section 19, if no appeal has been taken, or upon final judgment on appeal, the clerk of the district court shall forthwith submit a certified copy of the judgment and decree in said action to the Secretary of State, who shall forthwith notify the Governor thereof, and all further proceedings therein shall be had as if an election had been held and as provided in Sections 6 to 13 inclusive, of this act.

§ 21. If the dissolution by court proceedings as provided in Sections 14 to 20 inclusive of this act is declared unconstitutional or invalid, or if the final judgment and decree shall deny the petition for disorganization, the question whether such county shall be disorganized shall automatically be submitted to the voters of such county at the next State-wide election in the same manner as if a petition signed by more than 20% and less than 50% of such electors of said county had been filed, and all further proceedings shall be in accordance with the terms and provisions of Sections 1 to 13, inclusive of this act.

§ 22. If any provision of this act, or the application of any provision to any person or circumstance, is held invalid, the remainder of the act, and the application of such provision to other persons or circumstances, shall not be affected thereby.

§ 23. All acts or parts of acts in conflict herewith are hereby repealed.

§ 24. This act is hereby declared to be an emergency measure and shall be in full force and effect from and after its passage and approval.

Approved March 16, 1939.

§ I. AMENDMENT.] That initiated law entitled: "An act reducing and fixing allowances for mileage and travel expense of county officials and their deputies, and repealing all acts and parts of acts in so far as they conflict herewith, and taking effect July 30th, 1932, excepting as to elective officials as to whom it shall take effect and be in force upon their election and qualification to office hereafter," adopted and approved by the electors at the June 29th, 1932 primary election, be, and the same is hereby, amended and re-enacted to read as follows:

CHAPTER 124

H. B. No. 353—(Public Welfare)

ADMINISTRATION OF COUNTY POOR RELIEF

An act to amend and re-enact Sections 13 and 14 of Chapter 97 of the Session Laws of 1933, as amended by Chapter 119 of the Session Laws of 1935, relating to the administration of county poor relief; and declaring an emergency.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. AMENDMENT.] That Section 13 of Chapter 97 of the 1933 Session Laws as amended by Chapter 119 of the 1935 Session Laws, is hereby amended and re-enacted to read as follows:

§ 13. WHEN RESIDENCE UNCERTAIN. ACTION TO DETERMINE.] If anyone within the description of the poor persons specified in this act shall be found in any county and the county welfare board of such county shall be unable to ascertain and establish the place of legal residence of such person, it shall proceed to provide for such person in the same manner as other persons are hereby described to be provided for. When the question of legal residence of any poor person who is likely to become a public charge or has become a public charge is an issue between the county commissioners of two or more counties, and when an agreement cannot be effected, the county commissioners of the county in which said person is then residing may bring an action in the district court against the county or counties in which legal residence of such poor person is alleged to be to determine the issue. Such poor person shall also be

made a party defendant. The summons in such action shall be in the form prescribed for summons in civil actions except that the defendants shall be required to serve an answer to the complaint within fifteen (15) days after the service of the summons upon such defendants. When it appears from the pleadings in said action or is made to appear to the satisfaction of the court during the course of trial that some county other than the ones named in the title of the action is or may be the legal residence of such poor person, or that some person is legally responsible for the care of such poor person under Section 10 of this act, then the court shall cause such county or persons to be brought into the action and made a party thereto. The court shall have full power in such action to make determination fixing the rights and liabilities of the counties and of the several persons that may be parties of such action. The court may order the return of the person to the county of his legal residence or may order that such person be allowed to remain where he is and upon order that the county of his legal residence pay for his support in the same manner and like amount as if he remained in the county of his legal residence. In such cases the court shall determine the maximum amount of subsistence relief which shall be paid by the county of such person's legal residence, which shall not in any case be more than the poor person would require if he resided in the county of his legal residence, and which may at the discretion of the court be modified from time to time. Such relief, not to exceed the maximum amount as determined by the court for subsistence needs, shall be furnished by the county of physical residence and billed to the county of legal residence each thirty day period and shall be promptly paid by the county of legal residence within thirty (30) days after receipt of statement. In the event that the county of legal residence shall neglect to pay the county of physical residence, within thirty (30) days from the date of receipt of statement, or in the event that the said county is financially unable to make such payment for subsistence needs, or emergency medical or other needs, the county of physical residence shall give notice to the Public Welfare Board of such failure and shall forward to the Public Welfare Board a copy of the order or judgment of the district court in said case, and that it will thereafter be the duty of the Public Welfare Board to deduct from the next State grant for direct relief which may be sent to the county of legal residence the amount due the county of physical residence and to remit such deduction to the county of physical residence. Such action shall be tried to the court without a jury on ten (10) days notice served by either party. When an action is brought for the purposes herein provided, the county welfare board of the county in which the poor person is located shall contribute to the support of such poor person during the pendency of said action, subject to reimbursement by the county where it is finally determined such poor person has legal residence, if such action is decided favorably to the county

contributing to the maintenance of such poor person. After the determination of the residence of a poor person, either by the court or by agreement between the county commissioners of the counties involved, the county commissioners may enter into a contract with regard to the abode and keep of said poor person.

That the action shall not be finally closed until such time as such poor person has become a resident of the county bringing such action, or has returned to the place of his legal residence. He may become a resident of the county bringing such action by maintaining himself and his family in said county for a period of twelve successive months as provided by Section 4 of Chapter 97 of the Session Laws of 1933, as amended. That such poor person may, after residing in such county for twelve continuous months without receiving public aid of any kind, make application to the court for an order closing the case and an order declaring him to be a resident of the county bringing such action, for relief purposes, and the court, after a hearing on said application and upon being satisfied that said poor person has complied with all of the laws providing for the gaining of residence for poor relief purposes in said county, shall make its order adjudging such poor person to have established his residence for poor relief purposes in the county originally commencing such action and shall thereupon close the case.

It is further provided that if such poor person shall, after the first or any subsequent hearing request relief for subsistence purposes in excess of the amount determined by the court and when satisfied that the amount fixed at the first hearing or any subsequent modification of such amount is a fair determination of the maximum amount required to support such poor person in the county of his legal residence, that the court shall, on motion of the county of physical residence and proof of request for additional subsistence relief, direct the removal of said person to the place of his legal residence.

§ 2. AMENDMENT.] That Section 14 of Chapter 97 of the 1933 Session Laws, as amended by Chapter 119 of the 1935 Session Laws is hereby amended and re-enacted to read as follows:

§ 14. POOR PERSON CONVEYED TO PLACE OF RESIDENCE ON ORDER TO SHOW CAUSE.] Whenever any poor person who is likely to become a public charge or has become a public charge is found in any county other than that of his legal residence, and such poor person refuses to voluntarily remove to the county of his legal residence, it shall be the duty of the county welfare board to make investigation and ascertain whether or not the county commissioners of the county which is claimed as the legal residence of such poor person will concede such legal residence in that county; and if it is found that such county commissioners will concede such legal

residence, but no agreement regarding the abode and keep of such poor person can be reached, then the county commissioners in the county where such poor person is found may make application to the district court for an order directed to such person and to be executed by the sheriff to cause any such poor person to be sent and conveyed at the expense of the county to the place where such poor person belongs, if the same can be conveniently done; and if such poor person cannot be so removed, such person shall be relieved as herein provided. Such application to the district court for an order for removal shall be made upon written notice and order to show cause served upon such poor person and upon the county claimed to be the legal residence of such poor person and such poor person shall be entitled to a hearing thereon before an order of removal is issued. Such application shall state that the person has or is likely to become a public charge and that the county of his legal residence concedes his legal residence therein. Upon said hearing the court shall have the same power as provided for in Section 13.

Any person who has been removed to another county pursuant to an order and who returns to such county and any person who knowingly aids and abets such poor person in so returning shall be in contempt of court.

Provided further that if the county commissioners of the county of such poor person's legal residence concede such residence, then the county commissioners of the two counties shall have the authority and power to make a contract with regard to the abode and keep of said poor person, according to the provisions of Section 13 hereof and without bringing the matter into court.

If any such poor person shall be a legal resident of another State, the county in which he shall be found may, in like manner, procure an order of the court causing his removal to the State of his legal residence. Provided, however, that if the county of such poor person's claimed legal residence refuses to acknowledge such residence and its liability for poor relief to such person, then the action provided for in Section 13 of this act shall be brought.

§ 3. EMERGENCY.] This act is hereby declared to be an emergency measure and shall be in full force and effect from and after its passage and approval.

Approved March 14, 1939.

VALIDATING COUNTY POOR RELIEF
WARRANTS AND LEVIES

An act validating, ratifying, and confirming warrants, and other instruments or obligations evidencing or representing indebtedness, or evidencing or representing the borrowing of money, or evidencing or representing a charge, lien or encumbrance on specific revenues of any county heretofore issued and levies heretofore made by boards of county commissioners in any county of this State for the purpose of financing poor relief, under the conditions specified in this act, and validating all proceedings heretofore taken by any board of county commissioners in connection with the issuance of emergency poor fund warrants and the making of emergency poor relief levies under the provisions of Chapter 98, Laws of 1933, as amended by Chapter 120, Laws of 1935, or under any assumed, implied or purported authority of said statutes; and declaring an emergency.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. This act may be cited as the "Poor Relief Validating Act of 1939."

§ 2. All warrants, and other instruments or obligations evidencing or representing indebtedness, or evidencing or representing the borrowing of money, or evidencing or representing a charge, lien or encumbrance on specific revenues of any county, issued under the authority of Chapter 98, Session Laws of 1933, as amended by Chapter 120, Session Laws of 1935, or issued under any assumed, implied or inferred authority contained in such statutes, are hereby ratified, approved and confirmed, and in all things declared valid notwithstanding any lack of power to issue such warrants and/or the failure of any of the public officials, or the governing body of any county to do the acts or pass or adopt the proceedings required by the laws of North Dakota, and notwithstanding any defects or irregularities in such proceedings, and all such warrants, instruments, and obligations shall be binding, legal, valid and enforceable obligations of the public body issuing same, subject to the limitations and specifications set forth herewith:

LIMITATIONS. The validation of warrants or other obligations for emergency poor relief as set forth in this section are hereby approved provided the following conditions existed and/or the following actions taken by the board of county commissioners:

a. The appropriation for poor relief purposes was not sufficient to meet the expenditures required by law, and,

b. If the unexpended and unobligated balances in all other funds (exclusive of sinking and interest funds set aside to retire bond issues or funds set aside to retire any other outstanding indebtedness) were transferred to the county poor fund, and,

c. If the transfers above authorized were insufficient to meet the emergency, and,

d. If an emergency existed, created by unusual and unanticipated demands for the relief of the poor, or demands beyond the capacity of the county to pay from other resources, and,

e. If the board of county commissioners passed a resolution authorizing the expenditure of an amount in excess of the budget appropriation.

Provided all the above listed conditions existed when the issuance of emergency poor relief fund warrants was authorized, and the above listed actions were taken, the validity of the warrants is hereby validated and affirmed.

§ 3. All tax levies heretofore made by the governing body of any county for the purpose of providing funds for the payment or retirement of emergency poor relief warrants issued under the conditions set forth in Section 2 of this act and under the authority of Chapter 98, Session Laws of 1933, as amended by Chapter 120, Session Laws of 1935, or made under any assumed implied, purported, or inferred authority of said statutes, are hereby ratified, approved and confirmed, and in all things declared valid notwithstanding any lack of power to make such levy in the year in which the levy was actually made.

§ 4. It is hereby affirmed and recognized that the provisions of Chapter 98, Session Laws of 1933, and Chapter 120, Session Laws of 1935, were intended to provide a means for the financing of poor relief expenditures of any county when other resources of the county were inadequate.

It is further affirmed that it is a matter of common knowledge that in a number of counties in North Dakota the total amount which can be raised by an 8 mill levy, plus other general revenues of the county, is insufficient to provide adequate funds for poor relief after making provision for the financing of the primary functions of county government. It is further recognized that emergency poor fund warrants issued on the security of a prospective future tax levy are not readily negotiable.

It is further affirmed that the provisions of Chapter 98, Session Laws of 1933, as amended by Chapter 120, Session Laws of 1935 were intended to provide a means of financing poor relief when the ordinary sources of revenue were insufficient and that it was the intent of said legislation to provide a means to replenish the poor fund when the regular sources of county revenue were insufficient to meet necessary relief requirements.

§ 5. EMERGENCY.] This act is hereby declared to be an emergency measure and shall be in full force and effect from and after the date of its passage and approval.

Approved March 1, 1939.

RESIDENCE FOR POOR RELIEF PURPOSES

An act amending and re-enacting Sub-sections 1 of Chapter 97 of Session Laws of 1933 and 4 of Section 4 of Chapter 97 of the Session Laws of 1933, as amended by Chapter 119 of the Session Laws of 1935; providing the loss of residence upon moving to another State and declaring an emergency.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. AMENDMENT.] That Sub-section (1) of Section 4 of Chapter 97 of the Session Laws of 1933 is hereby amended and re-enacted to read as follows:

SUB-SECTION 1. The residence of a married woman follows that of her husband if he has any within or without the State. If a woman has a residence within the State her marriage to a man who has no residence within the State shall not endow such man with residence within the State for poor relief purposes; however, such marriage between a woman who has residence within the State and a man who has no residence within or without the State shall not divest such woman from residence within the State for the purposes of poor relief until she acquires a new residence elsewhere. Provided further, that should a husband desert his wife within one year after such marriage, in such case the wife may reacquire such residence as she had in this State at the time of her marriage.

§ 2. AMENDMENT.] That Sub-section 4 of Section 4 of Chapter 97 of the Session Laws of 1933, as amended by Chapter 119 of the Session Laws of 1935, is hereby amended and re-enacted to read as follows:

SUB-SECTION 4. Each male person and each unmarried female over the age of twenty-one years, who shall have resided one year continuously in any county in this State, shall thereby gain residence in such county. If any person who has not theretofore acquired residence within the State or settlement within a county within the State becomes a recipient of any type of poor relief or public assistance or becomes

an inmate of any hospital, poor house, jail, prison or other public institution, or receives any aid or relief, from the poor fund of any county and/or from funds provided by the State and/or by the Federal Government, then such period of time under which residence can be acquired shall begin with the date of the last type of aid or poor relief or other assistance which was given, or the date of discharge from any such institution.

§ 3. That if any person shall voluntarily move from this State with the intent to acquire residence within another State, then his residence in this State for poor relief purposes shall be lost, destroyed or defeated in the same manner and upon like conditions as the residence of a person in that State voluntarily moved to this State would be so lost, destroyed or defeated, provided, however, that in no case shall more than one year of voluntary absence from this State be required to lose residence in this State for poor relief purposes.

§ 4. EMERGENCY.] This act is hereby declared to be an emergency measure and shall be in full force and effect from and after the time of its passage and approval.

§ 6. The State Food Commissioner and Chemist shall have authority to promulgate rules and regulations for the interpretation of the provisions and intent of this act and the same shall have the force and effect of law.

§ 7. Every person, firm or corporation shipping or transporting heating oil or diesel fuel into this State for sale or consignment or with intent to sell or consign the same, shall pay to the State Food Commissioner and Chemist an inspection fee of one-twentieth ($1/20$) cent per gallon for each and every gallon of heating oil and diesel fuel so shipped or transported into the State, or that is held for sale within this State, provided nothing in this section shall be construed to require the payment of an inspection fee on any shipment or consignment of heating oil or diesel fuel when such inspection fee has already been paid by another dealer.

On the first day of each calendar month it shall be the duty of each and every receiver or consignee of any of the aforementioned products to send to the State Food Commissioner and Chemist a correct report of all shipments, consignments, or receipts, during the preceding month, and such report shall include the following: (a) the number of gallons of heating oil and diesel fuel received, (b) the grade or class of each shipment or consignment, (c) the date received, (d) consignor, and (e) the person, firm or corporation transporting or delivering the same to consignee. Failure on the part of the consignee or receiver of such heating oil and diesel fuel to send such report and remittance as above specified shall be a violation of the act and punishable under it.

§ 8. Every person, firm or corporation importing any heating oil or diesel fuel for sale or consignment within this State or having

same in his possession with intent to sell, shall, before so doing, deposit with the State Food Commissioner and Chemist a surety bond payable to the State of North Dakota in the penal sum of five hundred (\$500.00) dollars or twice the amount of inspection fees due for any calendar month to guarantee to this State a truthful report of receipts of heating oil and diesel fuel herein required and the payment of fees herein required in Section 7 of this act. The said bond shall be approved as to its sufficiency by the State Food Commissioner and Chemist.

All inspection fees shall be due on the first day of each calendar month for the preceding month, and said fees shall become delinquent when ten days past due, and the person, firm or corporation bonding such delinquent, may, after twenty days, be called upon to make good the bond for the fees so delinquent.

Provided however, that where a person, firm or corporation who ships or transports heating oil and diesel fuel into this State for sale or consignment or with intent to sell or consign the same, also ships or imports kerosene or gasoline for like purposes and is required to furnish a bond under the provisions of the North Dakota Petroleum Products Inspection Act, to guarantee to the State a truthful report of receipts of gasoline and kerosene and the payment of the inspection fees upon such gasoline and kerosene that then, if such bond is furnished in the penal sum of five hundred (\$500.00) dollars or twice the amount of the inspection fees due for any calendar month for gasoline and kerosene and for heating oil and diesel fuel, and is conditioned so as to be applicable to and cover any and all inspection fees that may become due for the inspection fees upon the heating oil and diesel fuel as well as upon the kerosene or gasoline, that then no additional bond shall be required under this act.

§ 9. All fees received by the State Food Commissioner and Chemist as provided for in this act shall be promptly forwarded to the Treasurer of the State of North Dakota, for deposit in the General Fund.

§ 10. This statute is not intended to apply to the inspection of kerosene, gasoline or tractor fuel oil or in any manner change the existing laws, as regards the inspection and sale of kerosene, gasoline and tractor fuel in this State, but is intended to apply only to heating oil and diesel fuel.

§ 11. The primary object sought to be accomplished by this enactment is to regulate the sale of heating oil and diesel fuel, to prescribe the specifications of such heating oil and diesel fuel and to provide for the inspection thereof. The provisions relating to the manner in which this is to be accomplished do not form an inducement for the enactment, and it is hereby declared that if any of the provisions of the act contravene the provisions of the Constitu-

tion, the remaining provisions would have been enacted by the Legislative Assembly, even though such provisions had been eliminated from the act. Hence, if any of the provisions are found to be violative of the Constitution, the remaining provisions shall not be affected by such invalidity but remain in full force and effect.

§ 12. Any person, firm or corporation violating or failing to comply with any of the provisions of this act or any rule or regulation issued pursuant thereto, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than twenty-five (\$25.00) dollars and not more than one hundred (\$100.00) dollars or by imprisonment for not less than ten days and not more than thirty days or both at the discretion of the court.

If lands are bought on contract, the contract owner shall be deemed the party responsible

for the payment of the hail indemnity taxes and the record or title owner, in such case, shall not in any way, determine as to whether or not such insurance should be carried. Where the cropper is a tenant, he shall, in making application for State hail insurance, secure the owner's consent in writing to such application but such consent may be filed on separate forms or letter to be made a part of the application. Provided, that an owner may make regular application for insurance on his proportionate share of crop. Provided that applications for hail insurance may be approved where the records of the county auditor show unpaid hail indemnity taxes for one year of the last preceding four years. CHAPTER 165

S. B. No. 40—(Thatcher, Young, Guthrie, Lemke and Morrison)

MORATORIUM FROM FORECLOSURES AND EVICTIONS

An act providing for relief in certain cases during the emergency declared to exist, from foreclosure of mortgages or other liens on real estate, and execution sales of real estate, and cancellation of contracts for the sale of real property, eviction of tenants from real estate, and for postponing certain sales and extending the period of redemption from certain sales, and relating to the jurisdiction and procedure for such relief, and for the right to possession during the extended period, and limiting the right to emergency actions for deficiency judgment, and for extending the expiration of certain periods of redemption to thirty days after the passage of this act; and providing that the act shall not be applicable in certain cases set forth in this act; repealing all acts inconsistent herewith and declaring an emergency.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. In any proceeding for the foreclosure of any mortgage or other lien upon real property, or the cancellation of any contract for the sale of real estate by advertisement or publication of notice, the mortgagor, lienee or assignee of either, or the owner in possession of such property, or any one claiming under said mortgage or lienor, or any one liable for the mortgage debt, or the vendee or his assignee of such contract for the sale of said premises, may, at any time after the publication of notice for the foreclosure of such mortgage or other lien, or the cancellation of a contract, apply to the court of the county wherein such proceedings are being had, or are pending, by filing with the court his affidavit, setting forth such reasons, consistent with the provisions of this act, as the party applying for such order may have for postponement thereof, with a prayer that the foreclosure or cancellation, if any, shall be had by action in the court. If it appears to the court that granting of the relief, as prayed for in such affidavit, would be equitable and just, then and in that event the foreclosure or cancellation proceedings by advertisement or publication of notice may be postponed by the court by ex parte order, which may be served upon the attorney or agent of the mortgagee or assignee, or vendor or assignee, or upon the party foreclosing or cancelling said contract, and the party seeking to foreclose such mortgage or other lien, or cancel such contract, shall proceed, if at all, to foreclose such mortgage or other lien, or cancel said contract, by action in the court of the county having jurisdiction thereof and shall tax as a part of the costs in said action the expense incurred in publishing such notice.

§ 2. When any mortgage or other lien has been foreclosed by action, the court shall, on the coming in of the report of sale, on the request of any party who has been personally served with a

summons or who has appeared, cause notice of hearing thereon to be served on the parties to the action, who have appeared, and fix the time and place for hearing on said report. Before granting an order confirming said sale, the court shall, if it appears upon due examination that the sale price is unreasonable and unfairly inadequate, or that justice has otherwise not been done, order a re-sale. If the sale is confirmed, the sheriff or his deputy shall forthwith execute and deliver the proper certificate of sale, which shall be recorded within twenty days after such confirmation. Upon the hearing of the motion for an order confirming the sale of the premises involved in the foreclosure of mortgages or other liens by action, in case the evidence is insufficient to establish a fair and reasonable market or rental value of such property, the court shall receive any competent evidence, including evidence tending to establish the actual value of the property involved in such mortgage foreclosure proceedings for the purpose or purposes for which said property is or can be used. The court shall also receive any evidence tending to show to what extent, if any, the property has decreased in actual or market value by reason of the economic conditions existing at the time, or prior to such sale.

§ 3. When any judgment has been entered for the cancellation of a contract for the sale of real estate, or eviction or ejection of any tenant from the possession of real estate, the court having jurisdiction thereof shall, at the request of any party to the action, cause notice of hearing to be served upon the parties thereto, who have appeared therein, to show cause, if any they have, why a stay of execution should not be granted. Before granting such request on the part of any party to said action, the court having jurisdiction thereof shall receive any competent evidence of the reasonable rental value of said property, taxes levied and assessed against the same, the interest on the indebtedness, if any, due thereon, and the purpose or purposes for which said property is or can be used.

§ 4. (a) In case the parties to any such foreclosure action, or other action heretofore set forth in this act, shall agree in writing upon terms of compromise settlement thereof, or of composition of the mortgage or other indebtedness, or both, the court shall have jurisdiction and may by its order confirm and approve such settlement or composition, or both, as the case may be.

(b) The court shall have the same jurisdiction to postpone the enforcement of judgment by execution sale, or to order re-sale, or give other relief where such judgment is rendered in an action to collect a debt or obligation secured by real estate mortgage or other lien, the foreclosure of which might be effected under the terms of this act, as is conferred by this act, with regard to the mortgage or other lien, or the cancellation of a contract, or the enforcement of an obligation for rent.

§ 5. Where any mortgage or other lien upon real estate has

been foreclosed and the period of redemption has not yet expired, or where sale is hereafter had in the case of real estate mortgage or other lien foreclosure proceedings, now pending, or which may hereafter be instituted, prior to the expiration of two years from and after the passage and approval of this act, or upon the sale of any real property under any judgment or execution where the period of redemption has not yet expired, or where such sale is made hereafter within two years from and after the passage and approval of this act, the period of redemption may be extended for such additional time as the court may deem just and equitable, but in no event beyond July 1, 1941; or where stay of execution has been granted against the cancellation of a contract or the ejectment of a tenant from premises, for such additional time as the court may deem just and equitable, but in no event beyond July 1, 1941. Provided that the mortgagor or the owner in possession of said property in the case of mortgage foreclosure proceedings, or the lienor or person in possession of said property in the case of foreclosure of such a lien, or the judgment debtor in the case of sale under judgment or execution, or the tenant in case of judgment of eviction, or the vendee in case of a contract of sale of real property, shall, prior to the expiration of the period of redemption, or in case of judgment or eviction or cancellation of land contract within the period of time described in Section 4 hereof, apply to the court having jurisdiction of the matter, on not less than ten days written notice to the mortgagee, the lienee, judgment creditor or plaintiff, or the attorney of either as the case may be, for an order determining the reasonable value of the income of said property, or if the property has no income then the reasonable rental value of the property involved in such sale, cancellation or eviction, and directing and requiring such mortgagor, lienor, vendee, tenant or other judgment debtor to pay all or a reasonable part of such income or rental value in or toward the payment of taxes, insurance, interest, mortgage, or judgment indebtedness, at such time and in such manner as shall be fixed and determined and ordered by the court; provided, however, that in fixing the rental value of farm lands, the court shall thereupon hear said application and after such hearing shall make and file its order directing the payment by such mortgagor, lienor, vendee, tenant or judgment debtor of such an amount, at such times and in such manner as to the court shall, under all circumstances, appear just and equitable, and provided that upon the service of notice or demand aforesaid, that the running of the period of redemption shall be tolled until the court shall make its order upon such application. Provided, further, however, that if such mortgagor, lienor, vendee, tenant, or judgment debtor or personal representative shall default in the payments, or any of them, in such order required on his part to be done, or commits waste, his right of redemption from said sale shall terminate thirty days after such default, and holders of subse-

quent liens may redeem in the order and manner now provided by law beginning thirty days after the filing of notice of such default with the clerk of court, and his right to possession shall cease, and the party acquiring title to such real estate shall then be entitled to immediate possession of said premises. If default is claimed by allowance of waste, such thirty day period shall not begin to run until the filing of an order of the court finding such waste. Provided, further, that the time of redemption from any real estate mortgage or other lien foreclosure, or judgment, or execution sale heretofore made which otherwise cannot expire less than thirty days after the passage and approval of this act, shall be, and the same hereby is extended to a date thirty days after the passage and approval of this act, and in such case the mortgagor, lienor, vendee, tenant or judgment debtor, or the assignee or personal representative of either, as the case may be, or the owner in possession of the real property may, prior to said date, apply to said court for, and the court may thereupon grant, the relief as hereinbefore and in this section provided. Provided, further, that prior to July 1, 1941, no action shall be maintained in this State for a deficiency judgment until the period of redemption, as allowed by existing laws or as extended under the provisions of this act, has expired; provided, however, that the provisions of the act shall not be construed as a repeal of Chapter 155 of the Session Laws of 1933 or any other similar enactment.

§ 6. Upon application of either party, prior to the expiration of the extended period of redemption as provided for in this act, and upon the presentation of evidence that the terms fixed by the court are no longer just and reasonable, the court may revise and alter said terms in such manner as the changed circumstances and conditions may require.

§ 7. The trial of any action, hearing or proceedings mentioned in this act shall be held within twenty days after the filing by either party of notice of hearing or trial, as the case may be, and such hearing or trial may be held at any general or special term, or in chambers, or during vacation of the court, and the order of the court shall be filed within five days after trial or hearing. No more than five days' stay shall be granted, and review by the Supreme Court may be had by certiorari, if application for the writ shall be made within 15 days after the filing of such order.

§ 8. Every law and all the provisions thereof now in force insofar as inconsistent with the provisions of this act, are hereby suspended until July 1, 1941. No extension of the period for redemption, nor any postponement of sale judgment on execution shall be ordered or allowed under this act which would have the effect of extending the period of redemption or enforcement of judgment beyond July 1st, 1941.

§ 9. This act as to mortgage or other lien foreclosures shall apply only to mortgages or contracts or liens made prior to the passage and approval of this act, but shall not apply to mortgages, liens, contracts or leases made prior to the passage of this act which shall hereafter be renewed or extended for a period ending more than one year after the passage of this act. Neither shall this act apply in any way which would allow a re-sale, stay, postponement, or extension to such time that any right might be adversely affected by the statute of limitations.

§ 10. The provisions of this act shall not apply to any mortgage, lien, contract or lease while such mortgage is held by the United States or any agency, department, bureau, board, instrumentality or commission thereof, as security or pledge of the maker, its executors or assigns, nor shall the provisions of this act apply to any mortgage holder as security or pledge to secure payment of a public debt, or to secure payment of the deposit of public funds, nor shall the provisions of this act apply to notes and obligations incurred under Title I and to insure mortgages issued under Title II of the National Housing Act, including the Land Bank Commissioner, a Federal Land Bank, a Federal Intermediate Credit Bank, a Production Credit Association, a Bank for Co-operatives, and a Regional Agricultural Credit Corporation.

§ 11. It is hereby declared that if any of the provisions of this act in any manner contravenes the provisions of the Constitution, the remaining provisions would have been enacted by this Legislative Assembly even though such provisions had been eliminated from the act. Hence, if any of the provisions are found to be violative of the Constitution, the remaining provisions shall not be affected by such invalidity, but shall remain in full force and effect.

§ 12. This act is declared to be an emergency measure and shall take effect from and after its passage and approval.

§ 8 PROOF REQUIRED UPON CERTAIN CONVICTIONS.] (a) Whenever the commissioner is required under any law of this State to suspend or revoke the operator's or chauffeur's license of any person upon receiving record of the conviction of such person for any offense under the motor vehicle laws of this State, the commissioner upon receiving such record shall forthwith without notice or hearing suspend or revoke the license of such person as required.

(b) In any event hereinbefore stated the commissioner shall also suspend any and all of the registration certificates or cards and registration plates issued for any motor vehicle registered in the name of the person so convicted as owner except that he shall not suspend such evidences of registration in the event such owner has previously given or shall immediately give and thereafter maintain, for a period of three years, proof of financial responsibility in the manner hereinafter specified in this act with respect to each and every motor vehicle owned and registered by such person.

(c) The suspensions or revocation hereinbefore required shall remain in effect and the commissioner shall not issue to any such person any new or renewal of license or register or reregister in the name of such person any motor vehicle until permitted under the motor vehicle laws of this State and not then unless and until said person gives proof of his financial responsibility in future as hereinafter provided in this act.

(d) This act shall not apply to any such judgment rendered against this State or any political subdivision thereof or any municipality therein.

§ 10. SUSPENSION EFFECTIVE UNTIL JUDGMENT SATISFIED AND PROOF GIVEN OF FINANCIAL RESPONSIBILITY.] (a) The suspensions required in Section 9 shall remain in effect and no other motor vehicle shall be registered in the name of such judgment debtor nor any new license issued to such person unless and until such judgment is satisfied or stayed and the judgment debtor gives proof of financial responsibility in future, as hereinafter provided, except under the conditions as herein stated in the next succeeding sections.

§ 11. PAYMENTS SUFFICIENT TO SATISFY REQUIREMENTS OF ACT.] Every judgment herein referred to shall for the purposes of this act be deemed satisfied.

1. When five thousand dollars (\$5,000.00) has been credited upon any judgment or judgments rendered in excess of that amount for bodily injury to or the death of one person as the result of any one accident; or

2. When, subject to said limit of five thousand dollars (\$5,000.00) as to one person, the sum of ten thousand dollars (\$10,000.00) has been credited upon any judgment or judgments rendered in excess of that amount for bodily injury to or the death of more than one person as the result of any one accident; or

3. When one thousand dollars (\$1,000.00) has been credited upon any judgment or judgments rendered in excess of that amount for damage to property of others in excess of one hundred dollars (\$100.00) as a result of any one accident.

Credit for such amounts shall be deemed a satisfaction of any

such judgment or judgments in excess of said amounts only for the purposes of this act.

Whenever payment has been made in settlement of any claims for bodily injury, death, or property damage arising from a motor vehicle accident resulting in injury, death, or property damage to two or more persons in such accident, any such payment shall be credit in reduction of the amounts provided for in this section.

§ 12. SUSPENSION WAIVED UPON PAYMENT OF JUDGMENT IN INSTALLMENTS.] (a) The commissioner shall not suspend a license or registration of a motor vehicle and shall restore any suspended license or registration following nonpayment of a final judgment when the judgment debtor gives proof of financial responsibility in future and when the judgment debtor obtains an order from the trial court in which such judgment was rendered, permitting the payment of such judgment in installments and while the payment of any said installment is not in default.

(b) A judgment debtor upon 5 days notice to the judgment creditor may apply to the trial court in which the judgment was obtained for the privilege of paying such judgment in installments and the court in its discretion and without prejudice to any other legal remedies which the judgment creditor may have may so order, fixing the amounts and times of payment of the installments.

(c) In the event the judgment debtor fails to pay any installment as permitted by the order of the court, then upon notice of such default the commissioner shall forthwith suspend the license and registration certificates and registration plates of the judgment debtor until said judgment is satisfied as provided in this act.

§ 13. DUTY OF COURTS TO REPORT CONVICTION AND JUDGMENTS.] (a) The clerk of a court or the judge of a court which has no clerk in which any person is convicted of any offense under the laws of this State which requires the commissioner to suspend or revoke the operator's or chauffeur's license of any person shall, when such conviction has become final, or in such other event as stated in Section 8 (e) hereof, forthwith forward to the commissioner a certified record of such conviction or of the proceedings upon such charge.

(b) The clerk of a court or the judge of a court which has no clerk shall forward to the commissioner a certified record of any judgment for damages, the rendering and non-payment of which judgment requires the commissioner to suspend the operator's or chauffeur's license and registrations in the name of the judgment debtor hereunder, such record to be forwarded to the commissioner immediately upon the expiration of 30 days after such judgment has become final and when such judgment has not been stayed or satisfied within the amounts specified in this act, as shown by the records of the court.

§ 14. REQUIRED SUSPENSION AND PROOF UPON SECOND JUDGMENT NOT SATISFIED.] Whenever, after one judgment is satisfied and proof of financial responsibility is given as herein required, another such judgment is rendered against the judgment debtor for any accident occurring prior to the date of the giving of said proof and such person fails to satisfy the latter judgment within the amounts specified herein within 30 days after the same becomes final, then the commissioner shall again suspend the operator's or chauffeur's license of such judgment debtor and the registration of any vehicle registered in the name of such judgment debtor as owner and shall not renew the same and shall not issue to him any operator's or chauffeur's license or registration of any vehicle while such latter judgment remains in effect and unsatisfied within the amounts specified herein.

§ 15. ACTION AGAINST NONRESIDENT.] (a) All of the provisions of this act shall apply to any person who is not a resident of this State, and if such non-resident has been convicted of an offense which would require the suspension or revocation of the license of a resident or if such non-resident has failed to satisfy a judgment within 30 days after the same became final, which would require suspension or revocation hereunder in respect to a resident, then in either such event such non-resident shall not operate any motor vehicle in this State nor shall any motor vehicle owned by him be operated within this State by any person and the commissioner shall not issue to such non-resident any operator's or chauffeur's license or register any motor vehicle owned by such non-resident unless and until such non-resident shall give proof of financial responsibility and shall satisfy any such judgment all as required with respect to a resident of this State.

(b) The commissioner shall transmit a certified copy of any record of any such conviction of a non-resident to the motor vehicle commissioner or State officer performing the functions of a commissioner in the State in which such non-resident resides and shall likewise forward to such officer a certified record of any unsatisfied judgment rendered against such non-resident which requires suspension of such non-resident's driving privileges in this State.

§ 16. OWNER MAY GIVE PROOF FOR CHAUFFEUR OR MEMBER OF FAMILY.] Whenever the commissioner determines that any person required to give proof hereunder by reason of a conviction is not the owner of a motor vehicle but was at the time of such conviction a chauffeur or motor vehicle operator, however designated, in the employ of an owner of a motor vehicle or a member of the immediate family or household of the owner of a motor vehicle, the commissioner shall accept proof of financial responsibility given by such owner in lieu of proof given by such other person so long as such latter person is operating a motor vehicle for which the owner has given proof as herein provided. The commissioner shall

designate the restrictions imposed by this section on the face of such person's operator's or chauffeur's license. No such license shall be reinstated or any new license issued until otherwise permitted under the laws of this State.

§ 17. SURRENDER OF LICENSE AND EVIDENCES OF REGISTRATION.] (a) Any person whose operator's or chauffeur's license or registration plates have been suspended as provided in this act and have not been reinstated shall immediately return every such license, registration certificates, and registration plates held by such person to the commissioner. Any person willfully failing to comply with this requirement is guilty of a misdemeanor.

(b) The commissioner is hereby authorized to take possession of any license, registration card, or registration plate upon the suspension thereof under the provisions of this act or to direct any peace officer to take possession thereof and to return the same to the officer [office] of the commissioner.

ARTICLE III.

REQUIRED PROOF OF FINANCIAL RESPONSIBILITY.

§ 18. AMOUNT OF PROOF REQUIRED.] Proof of financial responsibility shall mean proof of ability to respond in damages for any liability thereafter incurred resulting from the ownership, maintenance, use, or operation of a motor vehicle for bodily injury to or death of any one person in the amount of five thousand dollars (\$5,000.00), and subject to said limit for any one person injured or killed, in the amount of ten thousand dollars (\$10,000.00) for bodily injury to or death of two or more persons in any one accident, and for damage to property in the amount of one thousand dollars (\$1,000.00) resulting from any one accident. Such proof in said amounts shall be furnished for each motor vehicle registered by such person.

§ 19. ALTERNATE METHODS OF GIVING PROOF.] Proof of financial responsibility when required under this act may be given by the following alternate methods: either by proof that a policy or policies of liability insurance have been obtained and are in full force and effect or that a bond has been duly executed or that deposit has been made of money or securities all as hereinafter provided.

§ 20. CERTIFICATE SHOWING INSURANCE POLICY OBTAINED.] (a) Proof of financial responsibility may be made by filing with the commissioner the written certificate or certificates of any insurance carrier duly authorized to do business in this State, certifying that it has issued to or for the benefit of the person furnishing such proof and named as the insured a motor vehicle liability policy or policies, or in certain events an operator's policy, meeting the requirements of this act and that said policy or policies are then in full force and effect. Such certificate or certificates shall give

the dates of issuance and expiration of such policy or policies and certify that the same shall not be cancelled unless 10 days' prior written notice thereof be given to the commissioner and shall explicitly describe all motor vehicles covered thereby, unless the policy or policies are issued to a person who is not the owner of a motor vehicle.

(b) The commissioner shall not accept any certificate or certificates unless the same cover all motor vehicles registered in the name of the person furnishing such proof as owner and an additional certificate or certificates shall be required as a condition precedent to the subsequent registration of any motor vehicle or motor vehicles in the name of the person giving such proof as owner.

§ 21. RESTRICTIONS IN OPERATING MOTOR VEHICLES WHEN CERTAIN TYPE OF POLICY ISSUED.] (a) When a certificate is filed showing that a policy or policies have been issued covering all motor vehicles owned by the insured but not insuring such person when operating any motor vehicle not owned by him it shall be unlawful for such person to operate any motor vehicle not owned by him or not covered by such certificate. In such event the commissioner shall designate the above restriction upon the operator's or chauffeur's license of such person.

(b) In the event the owner of a motor vehicle or motor vehicles desires to be relieved of the foregoing restriction and to be permitted to drive any other motor vehicle he may have such restrictions removed upon filing a certificate showing that there has been issued to him a policy of insurance insuring him as insured against liability imposed by law upon such insured for bodily injury to or death of any person or damage to property to the amounts and limits as provided under Section 23 of this act with respect to any motor vehicle operated by him and which otherwise complies with the requirements of this act with respect to such type of policy. Such policy is hereinafter referred to as an operator's policy.

(c) When the person required to give proof of financial responsibility is not the owner of a motor vehicle then an operator's policy of the type and coverage described in the preceding paragraph shall be sufficient under this act.

§ 22. CERTIFICATE FURNISHED BY NONRESIDENT.] (a) The nonresident owner of a foreign vehicle may give proof of financial responsibility by filing with the commissioner a written certificate or certificates of an insurance carrier authorized to transact business in the State in which the motor vehicle or motor vehicles described in such certificate is registered or if such nonresident does not own a motor vehicle then in the State in which the insured resides and otherwise conforming to the provisions of this act and the commissioner shall accept the same upon condition that said insurance carrier complies with the following provisions of this section.

1. Said insurance carrier shall execute a power of attorney authorizing the commissioner to accept service on its behalf of notice or process in any action arising out of a motor vehicle accident in this State.

2. Said insurance carrier shall duly adopt a resolution which shall be binding upon it, declaring that its policies shall be deemed to be varied to comply with the law of this State relating to the terms of motor vehicle liability policies issued herein.

3. Said insurance carrier shall also agree to accept as final and binding any final judgment of any court of competent jurisdiction in this State duly rendered in any action arising out of a motor vehicle accident.

(b) If any foreign insurance carrier which has qualified to furnish proof of financial responsibility as hereinbefore required defaults in any said undertakings or agreements, the commissioner shall not thereafter accept any certificate of said carrier, whether theretofore filed or thereafter tendered as proof of financial responsibility so long as such default continues.

§ 23. MOTOR VEHICLE LIABILITY POLICY.] (a) 1. A motor vehicle liability policy as said term is used in this act shall mean a policy of liability insurance issued by an insurance carrier authorized to transact business in this State to or for the benefit of the person named therein as insured which policy shall meet the following requirements:

2. Said policy shall designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby intended to be granted.

3. Said policy shall insure the person named therein and any other person using or responsible for the use of said motor vehicle or motor vehicles with the express or implied permission of said insured.

4. Said policy shall insure every said person on account of the maintenance, use or operation of said motor vehicle or motor vehicles within the continental limits of the United States or the Dominion of Canada against loss from the liability imposed by law arising from such maintenance, use or operation to the extent and aggregate amount, exclusive of interest and costs, with respect to each such motor vehicle, of five thousand dollars (\$5,000.00) for bodily injury to or death of one person as a result of any one accident and, subject to said limit as to one person, the amount of ten thousand dollars (\$10,000.00) for bodily injury to or death of all persons as a result of any one accident and the amount of one thousand dollars (\$1,000.00) for damage to property of others as a result of any one accident.

(b) When an operator's policy is required it shall insure the person named therein as insured against the liability imposed by

law upon the insured for bodily injury to or death of any person or damage to property to the amounts and limits above set forth and growing out of the use or operation by the insured within the continental limits of the United States or the Dominion of Canada of any motor vehicle not owned by him.

(c) Any liability policy or policies issued hereunder need not cover any liability of the insured assumed by or imposed upon said insured under any workman's compensation law nor any liability for damage to property in charge of the insured or the insured's employees.

(d) Any such policy may, however, grant any lawful coverage in excess of or in addition to the coverage herein specified or contain any agreements, provisions or stipulations not in conflict with the provisions of this act and not otherwise contrary to law.

(e) Any motor vehicle liability policy which by endorsement contains the provisions required hereunder shall be sufficient proof of ability to respond in damages.

(f) The department may accept several policies of one or more such carriers which together meet the requirements of this section.

(g) Any binder pending the issuance of any policy, which binder contains or by reference includes the provisions hereunder shall be sufficient proof of ability to respond in damages.

§ 24. ADDITIONAL REQUISITES OF MOTOR VEHICLE LIABILITY POLICY.] No motor vehicle liability policy or operator's policy shall be accepted as proof of ability to respond in damages hereunder unless and until all of the following requirements of this section shall be complied with.

(a) A copy of the form of such policy shall be filed with the Commissioner of Insurance who shall within 30 days approve or disapprove the same. If the Commissioner of Insurance approves the same within such time or fails to take action for 30 days the form of policy shall be deemed approved. If within said 30 days the Commissioner of Insurance disapproves such form of policy upon the ground that it does not comply with the requirements of this act he shall give written notice thereof and his reasons therefor to the carrier and said policy shall not be accepted as proof of financial responsibility under this act. Any said form of policy shall specify the name, address, and business, if any, of the insured, the coverage afforded by the policy, the premium charged therefor, the policy period, and the limits of liability and shall contain an agreement that the insurance thereunder is provided in accordance with the coverage defined in this act as respects bodily injury and death or property damage or both and is subject to all the provisions of this act.

(b) Every motor vehicle liability policy and every operator's

policy accepted as proof under this act shall be subject to the following provisions whether or not contained therein.

1. The liability of the insurance carrier under any such policy shall become absolute whenever loss or damage covered by such policy occurs and the satisfaction by the insured of a final judgment for such loss or damage shall not be a condition precedent to the right or obligation of the carrier to make payment on account of such loss or damage.

2. The insurance carrier shall, however, have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in the policy.

3. No such policy shall be cancelled or annulled as respects any loss or damage by any agreement between the carrier and the insured after the said insured has become responsible for such loss or damage and any such cancellation or annulment shall be void.

4. The policy may provide that the insured, or any other person covered by the policy, shall reimburse the insurance carrier for payment made on account of any loss or damage claim or suit involving a breach of the terms, provisions, or conditions of the policy; and further, if the policy shall provide for limits in excess of the limits specified in this act, the insurance carrier may plead against any plaintiff, with respect to the amount of such excess limits of liability, any defenses which it may be entitled to plead against the insured, and any such policy may further provide for the pro-rating of the insurance thereunder with other applicable valid and collectible insurance.

5. The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of this act shall constitute the entire contract between the parties.

§ 25. WHEN INSURANCE CARRIER TO ISSUE CERTIFICATES.] An insurance carrier who has issued a motor vehicle liability policy or policies or an operator's policy meeting the requirements of this act shall upon request of the insured therein deliver to the insured for filing, or at the request of the insured shall file direct with the commissioner, an appropriate certificate showing that such policy or policies have been issued, which certificate shall meet the requirements of this act.

§ 26. NOTICE REQUIRED BEFORE CANCELLATION.] When an insurance carrier has certified a motor vehicle liability policy under this act it shall give 10 days' written notice to the commissioner before cancellation of such policy and the policy shall continue in full force and effect until the date of cancellation specified in such notice or until its expiration.

§ 27. ACT NOT TO AFFECT OTHER POLICIES.] (a) This act shall not be held to apply to or affect policies of automobile insurance against liability which may now or hereafter be required by any other law of this State, and such policies, if endorsed to conform to the requirements of this act, shall be accepted as proof of financial responsibility when required under this act.

(b) This act shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance, operation, or use by persons in the insured's employ or in his behalf of motor vehicles not owned by the insured.

§28. FILING A BOND AS PROOF OF FINANCIAL RESPONSIBILITY.]

(a) A person required to give proof of financial responsibility may file with the commissioner a bond meeting the requirements of this section.

(b) Such bond shall be executed by the person giving such proof and by a surety company duly authorized to transact business in this State or by the person giving such proof and by two individual sureties, each owning real estate within this State and having an equity therein in the amount of such bond, which real estate shall be scheduled therein, and the commissioner shall not accept any such real estate bond unless it is first approved by a judge of a court of record.

(c) The commissioner shall not accept any such bond unless it is conditioned for payments in amounts and under the same circumstance as would be required in a motor vehicle liability policy furnished by the person giving such proof under this act.

(d) No such bond shall be cancelled unless 10 days' prior written notice of cancellation is given the commissioner but cancellation of such bond shall not prevent recovery thereon with respect to any right or cause of action arising prior to the date of cancellation.

(e) Whenever a judgment is obtained against the principal of any such real estate bond upon a liability covered by the conditions of such bond and a notice to that effect is filed in the office of (the proper clerk or court of the county or city) where such real estate is located, then such bond shall constitute a lien upon such real estate.

(e) (*Alternate*). Before any said real estate bond is accepted by the commissioner it shall be recorded as other instruments affecting real property in the county or counties wherein any real estate described therein is located. Any liability covered by the conditions of said bond shall constitute a lien upon such real estate effective as of the date said bond is so recorded.

(f) If a judgment is rendered against the principal of any such surety or real estate bond upon a liability covered by the

conditions of such bond and such judgment is not satisfied within 30 days after it becomes final, then the judgment creditor may, for his own use and benefit and at his sole expense, bring an action or actions in the name of the State against the company or persons who executed such bond including an action or proceeding to foreclose any lien that may exist upon the real estate of a person who has executed such bond, which foreclosure action shall be brought in like manner and subject to all the provisions of law applicable to an action to foreclose a mortgage upon real estate.

§ 29. MONEY OR SECURITIES DEPOSITED AS PROOF OF FINANCIAL RESPONSIBILITY.] (a) A person may give proof of financial responsibility by delivering to the commissioner a receipt of the Treasurer of this State showing the deposit with said Treasurer of money in an amount or securities approved by said Treasurer and of a market value in a total amount as would be required for coverage in a motor vehicle liability policy furnished by the person giving such proof under this act. Such securities shall be of a type which may legally be purchased by savings banks or for trust funds.

(b) All money or securities so deposited shall be subject to execution to satisfy any judgment mentioned in this act but shall not otherwise be subject to attachment or execution.

(c) The State Treasurer shall not accept any such deposit or issue a certificate therefor, and the commissioner shall not accept such, certificate unless accompanied by evidence that there are no unsatisfied judgments against the depositor registered in the office of the county clerk of the county where the depositor resides.

§ 30. TRANSFER AFTER SUSPENSION OF REGISTRATION.] This act shall not prevent the owner of a motor vehicle, the registration of which has been suspended hereunder, from effecting a bona fide sale of such motor vehicle to another person whose rights or privileges are not suspended under this act nor prevent the registration of such motor vehicle by such transferee.

§ 31. PERSON HAVING GIVEN PROOF MAY SUBSTITUTE OTHER PROOF.] The commissioner shall cancel any bond or return any certificate of insurance, or the commissioner shall direct and the State Treasurer shall return any money or securities to the person entitled thereto, upon the substitution and acceptance of other adequate proof of financial responsibility pursuant to this act.

§ 32. IF PROOF FAILS COMMISSIONER MAY REQUIRE OTHER PROOF.] Whenever any evidence of proof of ability to respond in damages filed by any person under the provisions of this act no longer fulfills the purpose for which required, the commissioner shall, for the purpose of this act, require other evidence of ability to respond in damages as required by this act, and shall suspend

the operator's license, chauffeur's license, and registration certificates and registration plates of such person pending such proof.

§ 33. WHEN COMMISSIONER MAY RELEASE PROOF.] The commissioner shall upon request cancel any bond or return any certificate of insurance, or the commissioner shall direct and the State Treasurer shall return to the person entitled thereto any money or securities deposited pursuant to this act as proof of financial responsibility, or waive the requirement of filing proof of financial responsibility in any of the following events:

1. At any time after 3 years from the date such proof was required when during the 3-year period preceding the request the person furnishing such proof has not been convicted of any offense referred to in Section 8 of this act; or

2. In the event of the death of the person on whose behalf such proof was filed, or the permanent incapacity of such person to operate a motor vehicle; or

3. In the event the person who has given proof of financial responsibility surrenders his operator's or chauffeur's license, registration certificates, and registration plates to the commissioner, but the commissioner shall not release such proof in the event any action for damages upon a liability referred to in this act is then pending or any judgment upon any such liability then outstanding and unsatisfied or in the event the commissioner has received notice that such person has within the period of 3 months immediately preceding been involved as a driver in any motor vehicle accident. An affidavit of the applicant of the nonexistence of such facts shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the department.

Whenever any person to whom proof has been surrendered, as provided in the foregoing paragraph, applies for an operator's or chauffeur's license or the registration of a motor vehicle within a period of 3 years from the date proof of financial responsibility was originally required any such application shall be refused unless the applicant shall reestablish such proof for the remainder of such period.

§ 34. COMMISSIONER TO FURNISH OPERATING RECORD.] The commissioner shall upon request furnish any insurance carrier or any person or surety a certified abstract of the operating record of any person subject to the provisions of this act, which abstract shall fully designate the motor vehicles, if any, registered in the name of such person, and if there is no record of any conviction of such person of a violation of any provision of any statute relating to the operation of a motor vehicle or of any injury or damage caused by such person as herein provided, the commissioner shall so certify. The commissioner shall collect for each such certificate the sum of two dollars (\$2.00). Such record shall not be

admissible as evidence in any action for damages or criminal proceeding arising out of a motor vehicle accident.

ARTICLE IV.

§ 35. OPERATING WITHOUT GIVING PROOF WHEN PROOF REQUIRED.] Any person whose operator's or chauffeur's license or registration card or other privilege to operate a motor vehicle has been suspended or revoked and restoration thereof or issuance of a new license or registration is contingent upon the furnishing of proof of financial responsibility and who during such suspension or revocation or in the absence of full authorization from the commissioner drives any motor vehicle upon any highway or knowingly permits any motor vehicle owned by such person to be operated by another upon any highway except as permitted hereunder shall be punished by imprisonment for not less than 7 days nor more than 6 months and there may be imposed in addition thereto a fine of not more than five hundred dollars (\$500.00).

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. AMENDMENT.] That Section 1 of Chapter 195 of the Session Laws of 1935 be, and the same is hereby amended and re-enacted to read as follows:

“§ 1. A municipality may issue bonds under the provisions of this act for the purpose of funding and refunding its existing in-

debtedness at any time prior to July 1, 1941. The terms "governing body" and "municipality" as used herein shall be deemed and construed to mean the same as such terms are respectively defined in Chapter 196, Laws of 1927. The terms "floating indebtedness" and "bonded indebtedness" shall collectively be deemed to include orders, certificates of indebtedness, bonds, contracts and warrants and other instruments evidencing a general municipal indebtedness, issued and outstanding prior to January 1, 1939."

§ 2. AMENDMENT.] That Section 2 of Chapter 195 of the Session Laws of 1935 as amended by Chapter 176, Session Laws of 1937 be, and the same is hereby amended and re-enacted to read as follows:

"§ 2. (a) Any municipality may by resolution of the governing body propose or accept and adopt a plan for funding and refunding floating indebtedness and/or bonded indebtedness or any part thereof existing prior to January 1, 1939. Such resolution shall recite the plan in detail and contain such provisions not inconsistent with this act as shall be found to be for the best interest of the municipality, its creditors, and its taxpayers. The plan may contemplate the issuance of bonds to refund any or all outstanding bonds, including bonds which are not due or about to become due, may provide that bonds may be exchanged in whole or in part for unmatured bonds with the consent of the holders thereof, and may provide for the execution and sale or exchange and delivery of bonds from time to time as needed to meet maturing obligations. Any such plan may provide for the issuance of one series of bonds or more than one series. The governing body may fix a time limit within which creditors may surrender obligations for payment or exchange and may thereafter extend such time if it is found beneficial to the municipality to do so. The plan may require the consent of any specified percentage or amount of the holders of the obligations included in such plan before it shall become effective. Any municipality may take any action authorized by any present or future bankruptcy or similar law enacted by the Congress of the United States designed to assist in the compounding or compromising and refinancing of indebtedness, including the payment of fees and expenses necessary to make use of such act and approved by the court having jurisdiction thereof."

(b) Option or Redemption. All bonds hereafter issued under this act and which bear interest at the rate of $4\frac{1}{2}\%$ or less payable semiannually and mature serially in twenty years or less, in annual installments of not less than 5 per cent of the principal amount of the bond issue, commencing not later than the third year, may be issued without option of payment and redemption prior to maturity or with such provisions as to prior payment and redemption as the governing body shall adopt.

§ 3. AMENDMENT.] That Section 5 of Chapter 195 of the Session Laws of 1935 be, and the same is hereby amended and re-enacted to read as follows:

“§ 5. Bonds issued hereunder may be sold or exchanged for outstanding bonds or other indebtedness, or part sold and part exchanged in such manner as the governing body shall determine, but none shall be sold or exchanged upon such terms that the annual interest cost of the proceeds, computed to maturities of the bonds of the series according to standard tables of bond values now in general nationwide use by financial institutions and insurance companies, will be more than the interest rate on the bonds or other indebtedness funded or refunded thereby, or exceed six (6) per cent per annum, provided that except as to bonds heretofore contracted to be sold no bonds shall be sold or exchanged hereafter until the municipality has first advertised for bids at a public sale in the manner prescribed by Section 17 of Chapter 196, Laws of 1927 or acts amendatory thereof; provided, further, that it shall be unlawful for any municipality as herein defined or for the governing body thereof, to issue any bonds for any purpose under this act without first being authorized so to do by a vote of the qualified electors of such municipality, which election shall be held and conducted as provided in Chapter 196 of the Session Laws of 1927 or acts amendatory thereof, excepting, however, that this proviso shall not apply to funding bonds which have been contracted to be sold by any such municipality prior to January 1, 1939, nor shall it apply where the funding or refunding bonds bear the same or lower rate of interest than the bonds refunded. The officers may use the proceeds of bonds sold to purchase the outstanding bonds, for the refunding of which such bonds were issued, at the best price obtainable, not exceeding par and accrued interest to date of purchase, or may use such proceeds to pay a certain percentage of all bonds or other indebtedness surrendered for exchange and deliver bonds in exchange for the remainder of said bonds or indebtedness. Prior to or contemporaneously with the delivery of bonds, an equal par value of outstanding bonds or other indebtedness shall be surrendered and cancelled. Insofar as any exchanges are made, the outstanding obligations shall be taken at not more than face amount with accrued interest and the bonds delivered shall be valued at not less than the face amount with accrued interest.”

§ 4. VALIDATION.] All proceedings heretofore taken by any municipality for the funding or refunding of indebtedness, purporting to be taken under the provisions of Chapter 195, Laws of 1935, as amended, which could have been validly taken under this act, are hereby legalized and validated.

REQUIREMENTS FOR SCHOOLS OF NURSING FOR REGISTRATION.] Any school of nursing shall be entitled to registration as an accredited school of nursing which meets the requirements of the board for such school upon payment of a fee of \$25.00 to the secretary-treasurer or treasurer of said board. In the event that any such school shall subsequently become disqualified by failure to comply with terms and requirements for registration, the board shall have the power to revoke its registration. A school may be reinstated by the board as an accredited school of nursing by showing that it meets the requirements for such schools, and upon the payment of a fee of \$25.00.

§ 7. AMENDMENT.] That Section 506a9 of the 1925 Supplement to the Compiled Laws of North Dakota for 1913, as amended by Chapter 208, Session Laws of 1927, is hereby amended and re-enacted so as to read as follows:

§ 506a9. QUALIFICATIONS OF APPLICANTS; REQUIREMENTS FOR REGISTRATION; RENEWAL.] Any person desiring to practice professional nursing in this State shall make application to said board as provided in Section 506a8 of the 1925 Supplement to the 1913 Code, and shall pay to the secretary-treasurer, or treasurer at the time of making application for registration the sum of \$15.00 as an examination fee, and shall present herself at the next regular meeting of said board for the examination of applicants, and upon satisfactory proof that said applicant (1) is of the age of twenty-one (21) years or over; (2) is of good moral character; (3) has received the preliminary education required by Section 5 hereof, provided that any student in training at the time this act takes effect shall be required to show completion of only eight units of high school work or its equivalent; (4) has graduated from or is within three months of graduating from an accredited school of nursing furnishing instruction in a systematic course of theory and practice of nursing meeting the minimum requirements of the board, which course may be received in one or more hospitals and/or institutions of higher education as may be approved by the board; said board shall proceed to examine said applicant.

If the applicant shall attain a general average of at least 75

The annual fee shall be \$2.00 for such permits, which may be renewed for reasons satisfactory to the board. Registration must be renewed annually, and a fee of \$1.00 is required for the renewal certificate. On January 1, the secretary-treasurer, or secretary of the board shall mail to all registered nurses an application form for re-registration. Re-registration must be completed before February 15 of each year, and the application and fee (\$1.00) must be in the hands of the secretary-treasurer, or secretary of the board by that time. The nurse must be prepared to show the certificate upon request. The failure of any such license holder to renew her registration annually shall suspend the right of such person to practice professional nursing in the State. Re-registration may be obtained by complying with the provisions of this law and the payment of the required fee of \$1.00. A penalty fee of \$1.00, in addition to the registration fee, shall be levied for failure to complete re-registration on time.

§ 8. AMENDMENT.] That Section 506a11 of the 1925 Supplement to the Compiled Laws of North Dakota for 1913, be and the same is hereby amended and re-enacted so as to read as follows:

Pending the issuance of a certificate, the board may at its discretion issue to the applicant, upon the payment of a fee of \$2.00 a permit to practice professional nursing in the State until such registration is completed, provided that such temporary permit shall expire at the end of one year, and can only be renewed for reasons satisfactory to the board.

§ 9. AMENDMENT.] That Section 506a12 of the 1925 Supple-

ment to the Compiled Laws of North Dakota for 1913, be and the same is hereby amended and re-enacted so as to read as follows:

§ 506a18. BOARD MAY REVOKE CERTIFICATE FOR CAUSE.] The board shall have the power to revoke any certificate issued by said board in accordance with the provisions of this act for the following reasons: gross incompetency, dishonesty, or any act derogatory to the morals or standing of the profession of nursing, as may be determined by said board, provided that such revocation shall be by a majority vote of the entire board after due consideration of the specific charges, which shall be made in writing, under oath, and filed with the secretary-treasurer, or secretary of the board. A certified copy of such charges and notice of the hearing of the board shall be served on the person whose certificate is sought to be revoked at least thirty days prior to the hearing on the same. The board shall be authorized to furnish a list of the names and addresses of those whose certificates have been revoked to the board of nurse examiners of other States, upon written request of such board.

§ 11. AMENDMENT.] That Section 506a19 of the 1925 Supplement to the Compiled Laws of North Dakota for 1913, be and the same is hereby amended and re-enacted so as to read as follows:

Be It Enacted by the Legislative Assembly of the State of North Dakota:

(c) Authors and writers engaged in photography for the sole purpose of illustrating their own manuscripts.

§ 3. CREATION OF BOARD.] There is hereby created a State

Board of Photographic Examiners, to consist of five members who shall be appointed by the Governor within ten days after the taking effect of this act, each of whom shall be a practicing photographer who shall have been engaged in the practice of professional photography in the State for not less than four consecutive years.

(a) Of the members first appointed to the board, two shall be appointed for one year, two for two years, and one for three years. Thereafter, the terms of all members shall be three year terms, except that appointments to fill vacancies happening in any manner shall be for the unexpired term only. The Governor shall appoint the five original members of the board from a list of seven or more candidates nominated by the professional photographers' association of this State, an organization having nominal dues, membership in which is open to all professional photographers in this State, without restriction. All vacancies thereafter shall be filled by the Governor from nominations made by the professional photographers' association of this State, which shall submit, on each occasion, a list including the names of at least double the number of candidates required.

(b) Members of said board, before entering upon their duties, shall take and subscribe to the oath of office provided for State officers and the same shall be filed in the office of the Secretary of State.

§ 4. ORGANIZATION; DUTIES OF OFFICERS; MEETINGS; COMPENSATION.] (a) Within thirty (30) days after the appointment of the members thereof, the board shall organize by electing one (1) of its members as president, one (1) as vice-president, and one (1) as secretary and treasurer. The board shall make such rules and regulations as may be necessary to the performance of its duties. A majority of the board shall constitute a quorum.

(b) It shall be the duty of the president to preside at all meetings. In the absence or incapacity of the president, the vice-president shall assume his duties. It shall be the duty of the secretary-treasurer to keep a record of all proceedings of the board, which shall be open at all times to public inspection. He shall have custody of all funds and shall hold, use or expend such funds only in the manner hereinafter provided. He shall give such surety bond as the board shall from time to time prescribe, in not less than double the amount of money he would hold at any one time, and the premium shall be a charge against the board.

(c) The board shall hold public meetings at least once each year and as often and at such places as it may deem necessary.

(d) Each member of the board shall receive as compensation five dollars (\$5.00) for each day he is present at and engaged in a session of the board, and/or is actively engaged in the duties of the board or of his office, in addition to actual and necessary traveling expenses and hotel bills incurred in connection with the

performance of such duties. In addition thereto, the secretary-treasurer shall be allowed an annual expense account not to exceed one hundred dollars (\$100.00) for stenographic assistance.

(e) The secretary-treasurer shall receive and be responsible for all fees and other revenue coming into the possession of the board, and shall be the custodian thereof. All expenses, salaries and compensation paid by said board under the provisions of this act shall be paid out of moneys in the hands of the secretary-treasurer of the board, and none thereof shall in any event be paid out of the Treasury of the State of North Dakota. Disbursements shall be made by the secretary-treasurer from such moneys only upon warrant duly signed by the president of said board, attested by the secretary-treasurer, and any moneys in the hands of the secretary-treasurer of the board at the end of the fiscal year shall be kept by him for the future maintenance of the board, to be disbursed only upon warrant as aforesaid. The secretary-treasurer shall keep a complete record of receipts and disbursements, together with vouchers, receipts and other evidence of such receipts and disbursements as may be required by said board, and shall at such times as may be required by said board, furnish to it a complete statement of such receipts and disbursements, under oath.

§ 5. AUTHORITY TO GIVE EXAMINATIONS. CERTIFICATES AND LICENSES.] (a) The board shall have authority to examine applicants who desire to practice photography in the State; to collect fees for such examinations, and to issue certificates of registration and license to practice photography to such as qualify as to competency, ability and integrity. The board shall adopt rules for the issuance of temporary certificates pending an examination, which shall be null and void after the next ensuing examination by the board. For the advancement of the profession, the board shall also provide for temporary certificates to apprentices.

(b) In giving examinations, the board may take testimony, under oath, which may be administered by any member, as to technical qualifications or the business record of the applicant, and the board shall grant or refuse a license to practice to the applicant in accordance with the provisions of Section 8 hereof.

§ 6. FORMS OF TECHNICAL EXAMINATIONS.] The board shall provide two forms of technical examinations, covering respectively portrait and commercial photography, and shall provide separate certificates for each such branch of photography. A certificate for any one branch shall not permit practice of the other branch, but a person may hold certificates in both branches. An applicant may take the examination in one or more such branches of photography, and if taken at the same meeting of the board, one examination fee shall suffice.

§ 7. REPORTS; REMOVAL OF MEMBER.] (a) The board shall

make an annual report of its proceedings to the Governor, not later than the fifteenth (15th) day of December of each year, which report shall contain an account of all moneys received and disbursed, from what source received, and for what purpose paid out.

(b) After a full and complete hearing of charges, the Governor, on a majority vote of the remaining members and himself, may remove any member of the board for continued neglect of duty, incompetency, or unlawful or dishonorable conduct.

§ 8. EXAMINATIONS; FEES; LICENSES.] (a) Every person desiring to commence the practice of photography in this State after this act takes effect, shall file an application, under his true name, for a license to so practice, together with an examination fee of twenty-five dollars (\$25.00), with the secretary of the board. He shall appear before the board for examination within one year, and present such references and credentials as the board may require, and shall give satisfactory evidence as to competency and fitness to practice photography, based on technical knowledge and business integrity.

(b) If the applicant successfully passes the examination, he shall be registered by the board as a qualified photographer and receive a license signed by each member, authorizing him to practice photography. Such license shall not be transferable.

(c) No company, firm, corporation or association shall practice photography under an assumed or fictitious name, unless the name of the concern, together with the name of each person working under such name, or in any way associated with such concern shall be prominently and continuously displayed in the place of business of such concern. Said sign shall be conspicuously printed in plain type in the English language, on a card not less than twelve (12) by fourteen (14) inches, and shall be framed under glass.

(d) Fees paid for examination shall in no case be refunded, but an applicant who fails in the first examination may take a subsequent examination in branches in which he failed, and the fee for such re-examination shall be ten dollars (\$10.00). Should the applicant again fail, and desire to again come before the board for a third examination, he may make application as in the first instance, accompanied by the regular examination fee of twenty-five dollars (\$25.00).

§ 9. LICENSE TO BE RECORDED.] Each recipient of a license to practice photography shall record the same in the office of the register of deeds of the county in which he practices photography, and shall keep such license conspicuously displayed in his camera room.

§ 10. FEES.] (a) Every person licensed to practice photography, who maintains an established place of photographic business,

and who is not merely an employee of an established business, shall pay an annual fee of five dollars (\$5.00) for an establishment license.

(b) Every person licensed to practice photography, who is an employee of an established photographic business, shall pay an annual license fee of three dollars (\$3.00).

(c) All fees shall be paid to the secretary on or before July first (1st), and he shall give a receipt for the same.

(d) The annual establishment fee shall include the issuance of certificates covering portrait and commercial photography when issued to the same person, provided he is qualified to hold the same. The annual employee fee shall cover issuance of both certificates if applicant is qualified to hold same.

(e) The secretary shall notify by mail every licensee, at his last known address, that his license fee is due on July first (1st) of each year after this act takes effect, and that his license will be revoked unless said fee is paid in full on or before October first (1st) of the same year, and thirty (30) days prior to said date shall send a second notice to all who have failed to make payment.

(f) A photographer whose license is revoked for non-payment of the annual fee may make application to the secretary for reinstatement, accompanied by a fee of ten dollars (\$10.00), and if the board shall find the applicant to be guilty of no violation of this act other than default in payment of annual dues, he may be immediately reinstated.

§ II. REVOCATION OF LICENSE.] The board shall have power to revoke the license of any photographer who, in the opinion of the board, is guilty of fraudulent practices, or of willful misrepresentations, or for professional inactivity within the State for a period of one (1) year, unless given further time by the board, or who is convicted of a crime involving moral turpitude. Before any license shall be so revoked, the licensee shall be given notice in writing, mailed to his last known address, advising him of the charges, and at a date and place specified in said notice, not less than ten (10) days after service thereof, he shall be given a public hearing, and shall have the right to be represented by counsel and to present testimony in his behalf. In the conduct of any such hearing the board shall be governed by the usual rules of evidence, and all testimony shall be taken and a record of the hearing made and filed with the secretary of the board. Any individual, co-partnership, association or corporation, whose license is revoked as the result of such hearing, or to whom a license shall be refused as result of the examination following original application for such license, may commence an action in the district court of the county of his or its residence against the board for the purpose of obtaining relief from such act of the board.

§ 12. PHOTOGRAPHERS PRACTICING AT TIME LAW TAKES EFFECT.] The board may, without examination, upon application in writing to the secretary, accompanied by the fee prescribed in Section 10, which fee shall be deemed to be payment in full to July 1, 1940, and such proof of the qualifications of the applicant as the board may require, issue a photographer's license certificate and identification card to every photographer who has been continuously engaged in the practice of professional photography in this State for a period of at least one (1) year prior to the passage of this act, provided such application is made within sixty (60) days after the effective date of this act.

§ 13. UNLAWFUL TO PRACTICE WITHOUT A LICENSE.] (a) From and after thirty (30) days following the organization of the board, and notification by the board of the requirements of this act with respect to the filing of application for license, it shall be unlawful for any person or firm not licensed as prescribed herein to practice photography, either directly or indirectly, or by agent or employee, or for any person representing himself to be qualified to practice photography in the State.

(b) A person shall be regarded as practicing photography who is a manager, proprietor or conductor of a place in which photographs are made and offered for sale or who is an employee therein within the meaning of the provisions of this act.

§ 14. MISDEMEANOR TO PRACTICE PHOTOGRAPHY WITHOUT LICENSE.] Any individual, co-partnership, association or corporation who or which shall engage or attempt to engage in the practice of professional photography or act in the capacity of a professional photographer in this State either as manager, proprietor or conductor of a photographic establishment, or as an employee therein within the meaning of the provisions of this act, without first having complied with the provisions of this act, or whose license shall have been revoked or suspended, or who shall violate any provisions of this act, or who shall obtain or attempt to obtain a license certificate and/or identification card for money other than the required fee, or any other thing of value or by fraudulent misrepresentations, shall be guilty of a misdemeanor, and, upon conviction thereof in any court of competent jurisdiction shall be sentenced to pay a fine for each such offense of not less than fifty dollars nor more than three hundred dollars or any individual so convicted may be sentenced to imprisonment for not less than thirty days nor more than one year, or both fine and imprisonment may be imposed, and each day such violation continues shall be considered a separate offense.

§ 15. SAVING CLAUSE.] If any provision of this act shall be held to be unconstitutional or invalid or unenforcible, such unconstitutional, invalid or unenforcible provision shall be con-

sidered severally from the remainder of this act although contained in sections containing other provisions and shall be excluded from this act and the fact that such provision shall be held to be unconstitutional, invalid or unenforcible, shall in no wise affect any other provision of this act, although contained in the same section; the Legislative Assembly hereby declaring that all sections of this act or parts thereof are independent sections and parts of sections and that it would have passed the remaining sections of said act and each provision thereof notwithstanding the unconstitutionality, invalidity or unenforcibility of any other portion thereof.

REGULATING ADOPTION PROCEEDINGS

An act amending and re-enacting Section 4444 of the 1925 Supplement to the Compiled Laws of North Dakota for 1913, relating to the consent of parents or guardians of children involved in adoption proceedings, relating to the giving of consent therein by the State Board of Administration, or its successor, providing service of notice of such adoption proceedings upon such parents, guardians and/or said Board of Administration, or its successor, and providing for exceptions thereto; providing for method by which decrees of adoption may be attacked and time when such proceedings therefor may be commenced; specifying the procedure by which custody of children involved in such proceedings may be changed; and declaring that an emergency exists.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ I. AMENDMENT.] Section 4444 of the 1925 Supplement to the Compiled Laws of North Dakota for 1913, is hereby amended and re-enacted to read as follows:

§ 4444. CONSENT OF PARENTS OR GUARDIANS OR STATE BOARD OF ADMINISTRATION, OR ITS SUCCESSOR; CUSTODY OF CHILDREN.] Except as herein provided no adoption of a minor child shall be permitted without the consent of its parent or parents, but the consent of a parent who has abandoned the child, or who cannot be found, or who is insane or otherwise incapacitated from giving consent, or who has lost custody of the child through divorce proceedings or the order of a juvenile court, may be dispensed with, and consent may be given by the guardian, if there be one, or if there be no

guardian by the Board of Administration, or its successor. In case of illegitimacy the consent of the mother shall suffice; provided, however, that her consent may be dispensed with for any of the reasons hereinbefore stated.

When the parents of any minor child are dead, or have abandoned it, and cannot be found, and such child has no duly appointed guardian in the State, the court shall order a hearing, with three weekly published notices to be given, the last publication to be at least ten days before the time set for the hearing. In every such case the court shall cause such further notice to be given to the known kindred of the child as shall appear to be just and practicable; provided, that if there be no duly appointed guardian, a parent who has lost custody of the child through divorce proceedings, and the father of an illegitimate child who has acknowledged its paternity in writing, or against whom paternity has been duly adjudged, shall be served with notice in such manner as the court shall direct in all cases where the residence is known or can be ascertained.

In all proceedings in which a decree of adoption has been duly entered by the court, the validity of such decree may not be attacked except by proceedings brought for that specific purpose by a party interested therein. Such proceedings must be commenced within one year from the date of entering of the decree of adoption, or in all proceedings in which the decree has heretofore been entered, within one year of the time when this act takes effect.

In all proceedings brought in accordance with this act in which the validity of a decree of adoption is drawn in question, the court having jurisdiction of such proceedings shall determine as to the facts which existed at the time when the hearing on the adoption proceedings was had, and if the court determines that the facts which were necessary for the validity of such decree actually did exist at such time the court shall sustain the decree of adoption or shall enter a new decree of adoption nunc pro tunc as of the date when the original decree of adoption was entered.

In all proceedings heretofore or hereafter instituted for the purpose of changing the custody of a child involved in adoption proceedings, the same shall be brought by separate proceedings and the court having jurisdiction thereof shall consider the welfare of the child as being the dominant factor. No such change of custody shall be ordered by the court unless the court finds as a fact that the welfare of the child requires it, and the burden of proving such fact shall be upon the party bringing such proceedings.

§ 2. SAVING CLAUSE.] If any provision of this act shall be held to be unconstitutional or invalid or unenforcible, such unconstitutional, invalid or unenforcible provision shall be considered severally from the remainder of this act and shall be excluded from this act, and the fact that such provisions shall be held to be unconsti-

tutional, invalid or unenforcible, shall in no wise affect any other provision of this act, although contained in the same section; the Legislative Assembly hereby declaring that all parts of this act are independent, and that it would have passed the remaining provisions of said act, and each thereof, notwithstanding the unconstitutionality, invalidity or unenforcibility of any other provision or part thereof.

§ 3. EMERGENCY.] This act is hereby declared to be an emergency measure, and shall be in full force and effect from and after its passage and approval.

Approved March 13, 1939.

VALIDATING CHAPTER 86—S. L. 1937

An act clarifying, confirming and validating Chapter 86 of the Session Laws of 1937, which is an act making an appropriation to be expended in providing public assistance to the needy aged, the needy blind, and to dependent children, and for providing child welfare services and services to crippled children in coordination with and supplementary to funds made available for like purposes in North Dakota by the Federal Government; and declaring an emergency.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. WHEREAS, there exists a question as to the validity of the appropriation made by Chapter 86 of the Session Laws of 1937, a part of Section 1 of which reads as follows: "There is hereby appropriated from the State Public Welfare Fund created and established by House Bill No. 199 pending in this Legislative Assembly, the sum of \$2,600,000 or so much thereof as may be necessary to be expended by the Public Welfare Board in providing public assistance for the needy aged, the needy blind and to dependent children, and for child welfare services and services to crippled children"; and, because of the use of the following words: "there is hereby appropriated from the State Public Welfare Fund," in Section 1 of Chapter 86 of the Session Laws of 1937, the State Treasurer and the State Auditor have been in doubt as to their authority to pay money from the General Fund of the State of North Dakota to meet such appropriation;

VALIDATING OLD AGE ASSISTANCE PAYMENTS

An act amending and re-enacting Sections 2 and 11 of Chapter 211 of the Session Laws of 1937 and validating payments heretofore made to certain non-citizen old age assistance clients, declaring an emergency.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. AMENDMENT.] That Section 2 of Chapter 211 of the Session Laws of 1937 is hereby amended and re-enacted to read as follows:

§ 2. ELIGIBILITY FOR ASSISTANCE TO THE NEEDY AGED.] Assistance shall be granted under this act to any person who:

(a) Is a citizen of the United States, or has resided thirty years in the United States, five years of which shall be continuous and immediately preceding the date of such application:

(b) Has attained the age of sixty-five years, provided, however, that if at any time the laws of the United States shall authorize funds for old age assistance granted by the United States to the State to be paid to a person less than sixty-five years of age, then the State agency shall have authority to reduce the age of an applicant for old age assistance to such lesser age;

(c) Has resided in North Dakota for at least five years during the nine years immediately preceding the application for old age assistance, and has resided therein continuously for one year immediately preceding application;

(d) Has not sufficient income or other resources to provide a reasonable subsistence compatible with decency and health;

(e) Is not an inmate of, or being maintained by, any municipal, State or National institution at the time of receiving assistance;

(f) Has no child or other relative of sufficient financial ability to support the applicant and responsible under the law for the support of the applicant;

(g) Has not at any time before or after making application for old age assistance made an assignment or transfer of property for the purpose of rendering himself or herself eligible for old age assistance under this plan;

§ 2. That Section 11 of Chapter 211 of the 1937 Session Laws is hereby amended and re-enacted to read as follows:

§ 11. COUNTY APPROPRIATION.] The board of county commissioners in each county in this State shall appropriate annually such sum as, in its judgment, may be needed to carry out the pro-

visions of this act, including expenses of administration based upon a budget prepared by the county welfare board, after taking into account State aid, and shall include in the tax levy for such county the sum or sums appropriated for that purpose. Should the sum so appropriated, however, be expended or exhausted during the year and for the purpose for which it was appropriated, additional sums shall be appropriated by the board of county commissioners.

If the financial condition of any county is such that it cannot make an appropriation or levy a tax for old age assistance or cannot legally issue warrants in an amount sufficient to provide the necessary funds to comply with the provisions of this act, the board of county commissioners shall report such fact to the State board. The State board shall make, or cause to be made, a complete investigation of the financial condition of such county and if such investigation shows that any county cannot appropriate funds or legally issue warrants or levy a tax in an amount sufficient to provide the county's share of funds needed for old age assistance in that county, the State board may provide either as a grant or as a loan that county's share of funds for old age assistance or so much thereof as may be necessary, from State funds appropriated to the Public Welfare Board for old age assistance.

It is further provided that any county in which an Indian reservation is located may make application to the Public Welfare Board for payment, out of State funds, of the entire amount of old age assistance grants paid to ward Indians residing in the county and on the Indian reservation.

When such application is made the State board shall make, or cause to be made, a complete investigation of the financial condition of such county and if such investigation shows that the financial condition of the county is such that it would be inequitable to ask the county to contribute its share of the amount necessary to provide old age assistance to ward Indians that the State agency may use funds appropriated to the Public Welfare Fund for old age assistance to pay such part of the costs of old age assistance to such ward Indians as is not paid by the Federal Government. And it is further provided that the State agency may use funds appropriated to the Public Welfare Fund for old age assistance to pay the entire costs of old age assistance, not paid by the Federal Government, in payment of old age assistance grants to those persons who meet the following requirements:

- (1) Who were formerly cared for by the Federal Transient Bureau;
- (2) Whose residence cannot be determined to be in any county in North Dakota or in any other State in the United States;
- (3) Who have resided in North Dakota for five years and who meet all the other State requirements for old age assistance.

§ 3. That all payments of old age assistance grants heretofore made by the Public Welfare Board of North Dakota to persons whose citizenship could not be verified, but who had resided in the United States for thirty years, five years of which were continuous and immediately preceding the date of their approval for old age assistance, and who were otherwise eligible under the Old Age Assistance Act of this State, are hereby validated and confirmed.

§ 4. EMERGENCY.] This act is hereby declared to be an emergency measure and shall be in full force and effect from and after the time of its passage and approval.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. STATE EQUALIZATION FUND CREATED.] There is hereby created a fund to be known as the State Equalization Fund. The State Treasurer shall credit to such fund all sums appropriated by the legislature for that purpose from any source of income whatever, and in the case of direct biennial appropriations, the State Treasurer shall apply one-half of the total appropriation of the biennium to each year thereof, and the amount so applied for each year, plus all accumulations from other sources, shall be construed to the amount available in such fund for the current year.

All monies now in the State Equalization Fund as it was created by Chapter 227 of the Laws of 1937, are hereby transferred to and shall become a part of the State Equalization Fund as hereby re-created.

§ 2. HIGH SCHOOL CORRESPONDENCE WORK.] First, the amount of money appropriated by the legislature for correspondence work for the biennium or so much thereof as may be necessary, accruing to the State Equalization Fund shall be expended by the State Board of Higher Education for high school work by correspondence.

§ 3. VOCATIONAL EDUCATION IN AGRICULTURE, HOME ECONOMICS AND DISTRIBUTIVE OCCUPATIONS IN COOPERATION WITH FEDERAL PROGRAMS.] After setting aside the sum hereinbefore required for high school correspondence work, the amount of money appropriated by the legislature for vocational education for the biennium or so much thereof as may be necessary shall be ex-

pended by the State Board of Higher Education in accordance with the following provisions: Not to exceed \$18,000 per year shall be used for the purpose of matching Federal grants for vocational education in agriculture and home economics and not to exceed \$2,000.00 per year shall be used for the purpose of matching Federal grants for vocational education in distributive occupations. Said sum of \$20,000 per year shall be paid by the State Auditor upon the certificate of the State Board of Higher Education to such school districts and in such manner as may be directed by such certificate. The State Board of Higher Education shall be charged with the duty of administering said funds through the State Director of Vocational Education and the State Supervisors of Vocational Agriculture and Home Economics and said board and its said officers shall do all things necessary to cooperate with the program of the so-called Smith-Hughes Act, George-Deen Act, and other Federal legislation for vocational education.

§ 4. EMERGENCY FUND: \$250,000 PER YEAR OR SUCH PORTION THEREOF AS NECESSARY TO BE SET ASIDE FOR DISTRIBUTION AS AN EMERGENCY FUND.] \$250,000, or such portion thereof as may be necessary, accruing to the State Equalization Fund in each fiscal year from July 1st to June 30th inclusive shall be allocated and set aside as an emergency fund to aid financially distressed schools in the manner hereinafter set forth:

(a) STATE SUPERINTENDENT OF PUBLIC INSTRUCTION TO DETERMINE MONTHLY MINIMUM COST OF MAINTAINING PUBLIC SCHOOLS.] The State Superintendent of Public Instruction shall be charged with the duty of investigating the inquiring into the general subject of public school costs and needs of financially distressed districts within the State. It shall be his duty to prepare the necessary application blanks and forms upon which the information required by him shall be certified to by such school authorities as may be designated by him. From the information so acquired the State Superintendent of Public Instruction shall from month to month determine the minimum amount of money required to operate each of the various classes of public schools.

(b) STATE SUPERINTENDENT OF PUBLIC INSTRUCTION TO MAKE MONTHLY CERTIFICATE TO STATE AUDITOR OF SCHOOLS IN NEED.] From the information obtained as provided in the preceding subdivision, the State Superintendent of Public Instruction shall monthly certify to the State Auditor a list of school districts of the State which are unable to pay for the operation of their schools the minimum amount determined in the manner hereinbefore set forth, after having made the maximum financial effort to do so, together with a statement of the amount of money required by such districts to meet such minimum standards.

(c) MAXIMUM FINANCIAL EFFORT DEFINED.] In determining whether or not a school district has made the maximum finan-

cial effort mentioned above, it must appear: (1) that the district shall have provided the maximum mill levy which means that in addition to having provided for the normal maximum levy, it shall have held an election and increased the normal maximum levy by the 50% increase allowed under the law and made such levy, provided that the governing board may exercise its discretion in judging the good faith of school districts to carry out this provision; (2) that revenues from local taxes, and from State and county sources have been exhausted; (3) that such district is unable to sell in the manner now provided by law certificates of indebtedness in an amount sufficient to maintain adequate school facilities; or that it is either unable to issue further certificates of indebtedness or registered warrants, or if able to issue same, they cannot be marketed; (4) that any school district expecting to apply for aid from the emergency fund must have its budget for the fiscal year approved by the Department of Public Instruction before such grant is allowed; this budget must include an itemized and certified statement of the exact financial condition of the school district as of the current date; (5) that no school district shall participate in the emergency fund unless and until it is shown to have a reasonable teacher-pupil ratio; in determining what constitutes a reasonable teacher-pupil ratio, the Superintendent of Public Instruction shall consider the type and size of the school, its proximity, and the transportation facilities to adjacent schools. To qualify for aid on the emergency fund basis, the following standards shall be used as guides on this teacher-pupil basis: Schools with seven or more teachers should maintain a teacher-pupil ratio of at least twenty-five pupils per teacher; in smaller schools, a teacher-pupil ratio of less than twenty pupils per teacher shall be considered unreasonable. Schools participating in this emergency fund should have a minimum enrollment of twenty-five pupils for four years of high school work, and a minimum enrollment of fifteen pupils for two years of high school work. Schools participating in the emergency fund must not pay transportation charges in excess of the amount that would be allowed under the family system of transportation.

(d) Aid granted to school districts from the emergency fund shall first be applied for the payment of teachers' salaries.

(e) ADMINISTRATION.] The Governor, Attorney General, and the Superintendent of Public Instruction shall constitute the board which is hereby authorized, empowered and directed to carry out and perform the provisions of Section 4 of this act dealing with the distribution of the emergency fund, and to prescribe such additional rules and regulations as they deem reasonable and necessary.

§ 5. HIGH SCHOOL TUITION: WHEN AND HOW PAYABLE.] After setting aside the sums hereinbefore required for high school correspondence work and for vocational training, there shall be paid out of said State Equalization Fund to each public school dis-

trict in this State which during the previous school year offered four or more units of standard high school work, approved by the State Superintendent of Public Instruction as by law provided, and which has employed only teachers duly certified by the State Superintendent of Public Instruction and who have been paid not less than the minimum salary required by law, the sum of \$1.50 per week of attendance for each non-resident high school student who attended such high school during the preceding semester, and be it further provided that high school tuition shall be paid to any school district for any pupil or student who has completed the eighth grade, living in a district having no high school and residing in a county that is on the border line of another State who may be attending a four-year high school in the adjoining State; provided that the term "non-resident high school student" shall include only students who have completed all the work of the first eight grades, who are residents of the State of North Dakota and of school districts which did not, during the preceding school year, offer four full units of high school work, approved by the State Superintendent of Public Instruction, for which the student was prepared, and who had not previously attended high school for four years nor completed fifteen or more full units of high school work. Immediately upon the close of each semester and in any event not later than February tenth and June thirtieth of each school year, the superintendent or principal of each district claiming high school tuition under this act shall certify and the clerk shall attest to the county superintendents of schools a verified claim, giving the name, residence, number of weeks of attendance and number of units of high school work taken by each non-resident student for whom tuition is claimed. The county superintendent of schools shall investigate the propriety of the claim for each student, and determine the residence and other qualifications of each, and on or before February twentieth, or on or before July twentieth as the case may be, shall certify to the State Superintendent of Public Instruction the number of non-resident high school students for which each district is entitled to payment of high school tuition, and shall at that time notify the school districts of the names of any students for which the claim has been disallowed by him, and such district may, if it so desires, on or before August fifth of such year, appeal to the State Superintendent of Public Instruction, who may, if in his judgment the evidence submitted by the district warrants it, change or modify the certificate of the county superintendent of schools, and his judgment thereon shall be final. Immediately upon receiving the certificate of the county superintendent of schools, and in any event not later than March twentieth for the first semester and not later than September first for the second semester, the State Superintendent of Public Instruction shall certify to the State Auditor a list of the districts entitled to payment of high school tuition together with the amount to which each district is entitled. It is the

purpose of this section to assure the payment in full of the said high school tuition before any payments are made on the teacher unit basis or the per pupil basis as hereinafter set forth. Such high school tuition payments shall be the sole and only compensation received by such districts for non-resident high school students, and no district shall charge or collect from any non-resident student, his parents or guardian or the district of his residence, any tuition fees, registration fee, textbook fee, laboratory fee or any other fee or charge which is not also charged of all resident students; provided, however, that this act shall not affect the right of a district to charge and collect from students who are not residents of this State such tuition as may be agreed upon.

§ 6. PAYMENT ON TEACHER-UNIT BASIS.] After the payment for high school tuition and other proper charges against the fund have been provided for, there shall be paid from said Equalization Fund to the public school districts and county agricultural and training schools of the State upon the basis of \$120 for each grade or high school teacher-unit maintained by such school districts and county agricultural and training schools during the preceding year, where the schools have one to four teachers. If the said schools have more than four teachers, each school district shall receive \$100 for each grade or high school teacher unit maintained. If the school term is less than nine months the payments shall be such fractional part of full payment as the number of months the school is actually open is of nine.

§ 7. "TEACHER-UNIT" DEFINED BY STATE SUPERINTENDENT OF PUBLIC INSTRUCTION. EXCEPTIONS.] The State Superintendent of Public Instruction shall, on or before the first day of August after this act shall take effect, define the terms "grade school teacher-unit" and "high school teacher unit" for the purposes of this act and therein fix the number of pupils and teachers required to constitute such "teacher-unit" and shall give notice of such definitions to all county superintendents of schools in the State and such other publicity thereto as shall, in his judgment, be sufficient to appraise the school officers of the State as to the requirements of such definitions. Such definitions may provide for the allowance of fractional credit for partial compliance with the requirements of the definitions. Such definitions shall be framed and formulated with the end in view of efficiency in schools. In defining teacher-unit as applied to consolidated schools, consideration shall be given to the teacher-pupil ratio and to the territory served by such schools. If, in any particular case it shall appear that the then existing definitions or either of them would work an injustice or hardship upon any individual school district, because of any peculiar facts existing in such district, the State Superintendent of Public Instruction may, in his sole judgment and discretion, upon request of such district, modify such definitions, or either of them, as the same shall be

applied to such individual district; and in all such cases the decision of the State Superintendent of Public Instruction shall be final. No aid on the teacher-unit basis shall be paid to any school district unless and until said school district shall have filed with the county superintendent its statement giving the name of each teacher employed, the number of said teacher's certificate, the subjects taught by said teacher, and the monthly salary paid to said teacher and no such aid shall be given to any district for such teachers as were not properly certified and did not receive at least the minimum salary provided by law. The duties imposed upon the State Superintendent by this section are mandatory and no aid upon the teacher-unit basis shall be extended to any district except in compliance with the terms of this and the following section.

§ 8. COUNTY SUPERINTENDENT OF SCHOOLS AND STATE SUPERINTENDENT OF PUBLIC INSTRUCTION TO CERTIFY AS TO TEACHER-UNITS.] As soon after the close of each semester or half year as possible, and in any event not later than February twentieth for the first semester and July twentieth for the second semester, the county superintendent of schools of each county shall certify to the State Superintendent of Public Instruction a list of all public districts in his county and the number of high school and grade school teacher units maintained by each during the preceding semester or half year, and shall also notify each district as to the number of teacher-units so certified. Any school district feeling aggrieved by the certificate of the county superintendent of schools, may, on or before August fifth of such year, appeal to the State Superintendent of Public Instruction, who may, if in his judgment the evidence submitted by the district warrants it, change or modify the certificate of the county superintendent of schools, and his judgment thereon shall be final. Immediately upon receiving the certificates of the county superintendent of schools, and in any event not later than March twentieth for the first half of the school year and not later than September first for the second half of the school year, the State Superintendent of Public Instruction shall certify to the State Auditor a list of all public school districts in the State, together with a statement as to the teacher-units maintained by each. The State Auditor shall thereupon pay for the first half of the school year one-half of the said sum of \$120.00 or \$100.00, as the case may be, and for the second half of the school year one-half of the said sum of \$120.00 or \$100.00 as the case may be, for each grade or high school teacher-unit so certified to him, which payment shall be made from said State Equalization Fund after payment of the amount certified for payment for high school tuition, high school correspondence, vocational education and agriculture, home economics and distributive occupations, and other proper charges against the fund as hereinbefore set forth. Should the balance in said fund prove insufficient to make payment in full of the

amounts shown by said certificates to be due the several school districts, the State Auditor shall pro-rate such balance among the districts.

§ 9. DISTRIBUTION ON PER PUPIL BASIS.] After the payments, and distributions hereinbefore provided, the remainder of the State Equalization Fund or so much thereof as may be necessary, shall be distributed to the school districts of the State on a per-pupil basis, inversely proportional to the assessed valuation back of each pupil in said districts and in the following manner: The county superintendents of schools, on forms supplied by the State Superintendent of Public Instruction, shall on or before the first day of December of each year report to the State Superintendent of Public Instruction the number of teachers employed, their salaries and the number of bone-fide residents students enrolled as of November first in each school and the assessed valuation of the property on which taxes can be levied for the current school year for each school district. Such assessed valuations shall be certified by the county auditors. Where there is more than one school in a school district the report shall be so prepared as to readily indicate the schools belonging to said school districts. In one teacher schools where the enrollment is less than fifteen pupils it shall be considered as fifteen for the purpose of this calculation. From the reports the State Superintendent of Public Instruction shall determine the assessed valuation back of each thus enrolled pupil in the district and from the following table determine the per pupil payment for each district and this payment multiplied by the total bona fide resident school enrollment of all schools in the district shall be the payment to the district. Such payment shall be computed for all districts in the State.

The State Superintendent shall on or before the first day of January of each year estimate the money available for the per pupil distribution for the year, after the payments and distributions provided in the preceding sections have been made, and shall then determine what percentage of its total per pupil payment each school district will receive. Each school district shall then be paid one-half of its thus estimated payment for the year. The balance of the amount due under this section shall be paid on or before September first of each year, when the county superintendent has certified the number of months that the school was conducted, and the enrollment of bona fide pupils who have attended school at least ninety days during the school year. Where the school term is less than nine months the payments shall be such fractional part of full payment as the number of months the school is actually open is of nine. Upon the information thus furnished the State Superintendent of Public Instruction shall correct the previous estimate for the year and authorize such further payment up to the total payment thus computed as the money available for per pupil distribution will permit so that each district will receive the same per cent of the total payment thus computed. Provided, however, that in no case shall such per pupil payments exceed 40% of the salaries paid by such district for teachers for the current year. The State Auditor shall make such payments on certificates furnished by the State Superintendent of Public Instruction.

§ 10. METHOD OF MAKING PAYMENT.] Upon receipt of the certificates of the State Superintendent of Public Instruction as aforesaid the State Auditor shall make said payments for high school correspondence, vocational education in agriculture, home economics and distributive occupations, high school tuition, teacher-unit basis, and per pupil basis by the Auditor's warrant upon the Equalization Fund. Said warrants may be sent by the Auditor direct to the clerks of the said school districts or to the county superintendents of school, which ever may be deemed by the State Superintendent of Public Instruction to be most effective for the efficient administration of this act. Said warrants shall be made payable to the school districts, and shall be delivered to the clerk thereof, who shall make a record of the receipt thereof and deliver same to the school district treasurer, who shall deposit the same to the general funds of their respective districts, and the funds so received shall be available for use by the districts solely for the payment of current expenses. The State Auditor may make the

payments herein provided for by separate warrants or combine such payments, as the convenience and efficiency of his may dictate.

§ 11. STATE SUPERINTENDENT OF PUBLIC INSTRUCTION TO MAKE RULES AND PREPARE BLANK FORMS.] The State Superintendent of Public Instruction may make such rules and regulations governing the certification from county superintendents of schools of the information and evidence required by this act to enable him to make his certificates, and governing appeals from decisions of county superintendents of schools as may be reasonably necessary to accomplish the purposes herein set forth. He shall also prepare and circulate among the county superintendents of schools blank forms for the certificates of the school districts to the county superintendents of schools and of the county superintendents of schools to the State Superintendent of Public Instruction.

§ 12. STATE SUPERINTENDENT OF PUBLIC INSTRUCTION TO SECURE INFORMATION AND MAKE ESTIMATES.] Immediately after the close of each fiscal year the State Superintendent of Public Instruction shall secure from the State Auditor a statement of the balance in the State Equalization Fund as of the close of the year, and he shall thereupon make an estimate as to the probable amount which may be expected to be paid for each teacher-unit and on the per pupil basis, in the State, and shall, on or before July fifteenth give notice of such estimate to each county superintendent of schools, and give the same publicity through the various news channels, so that the same may be available for the school district in making up their budgets for the ensuing year.

§ 13. TRANSFER OF SURPLUS.] If at the close of any biennium the amount remaining on hand in said Equalization Fund exceeds \$100,000, the amount in excess of such sum shall be converted into the General Fund of the State of North Dakota. The appropriations and allocations made herein shall be a first charge and claim upon and against all monies appropriated and coming into the fund hereby created in the order in which said appropriations and allocations are set forth herein.

§ 14. PENALTY FOR FALSE REPORTS.] It shall be a misdemeanor, punishable by fine or imprisonment, or both, for any school official to falsify any report in connection with the administration of this fund.

§ 15. REPEAL.] Chapter 227 of the Session Laws of 1937 and all other acts or parts of acts in conflict herewith are hereby repealed.

(b) Notwithstanding any provision of Section 6(d) of the old or new law to the contrary, no waiting period shall be required of any such individual after the effective date and before the expiration of such current benefit year, and (c) Notwithstanding any provision of the old law to the contrary, the weekly benefit amount and the maximum total benefits payable during such current benefit year shall, if not a multiple of \$1.00, be computed to the next higher multiple of \$1.00, with respect to all weeks of unemployment occurring after the effective date.

(2) Section 2(r), 2(s), 5(b), 5(d)(1) and 5(d)(2) and 6(e) of the new law shall be exclusively applicable with respect to such individual after the expiration of such benefit year.

Each eligible individual who is unemployed in any week shall be paid with respect to such week a benefit in an amount equal to his weekly benefit amount less that part of the wages (if any) payable to him with respect to such week which is in excess of \$3.00. § 5. PAYMENT OF BENEFITS.] Beginning twenty-four months after the date when contributions first accrued under this act, benefits shall become payable from the fund; provided all benefits shall be paid through employment offices in accordance with such regulations as the bureau may prescribe. Such benefits shall be determined as follows:

(a) Individuals with Fixed Rate of Pay. The full-time weekly wage of an individual who most recently in his base period was employed in insured work at a fixed rate of pay per week or longer period, where such fixed report of pay has been reported by his employer, shall be deemed to be such fixed rate of pay computed at a rate per week; and the full-time weekly wage of an individual who most recently in his base period was employed in insured work at a wage rate per hour or longer period of less than a week and for whose occupation in the enterprise in which he last earned wages for insured work during his base period there prevailed customary scheduled full-time weekly hours shall be deemed to be the weekly wage such individual would receive if he were employed at such wage rate for such full time hours. An individual's weekly benefit amount shall be an amount equal to 50 per-cent of his full-time weekly wage as above determined, except that if such amount is more than \$15.00 the weekly benefit amount shall be \$15.00 and if less than \$5.00 the weekly benefit amount shall be \$5.00, and if not a multiple of \$1.00, shall be computed to the next higher multiple of \$1.00.

(b) Weekly Benefit Amount—No Full-Time Weekly Wage. If the bureau finds that the full time weekly wage as defined in Section 5(a) hereof would be unreasonable or arbitrary or not readily determinable with respect to any individual such individual's weekly benefit amount shall be an amount equal to $\frac{1}{26}$ of his total wages for insured work during that quarter of his base period in which such total wages were highest, except that if such amount

is more than \$15.00 the weekly benefit amount shall be \$15.00 or if less than \$5.00 such weekly benefit amount shall be \$5.00 and if not a multiple of \$1.00, shall be computed to the next highest multiple of \$1.00.

(c) Duration of Benefits. Any otherwise eligible individual shall be entitled during any benefit year to a total amount of benefits equal to whichever is the lesser of (1) sixteen times his weekly benefit amount, and (2) one-third of the wages earned by him for insured work during his base period; provided that such total amount of benefits, if not a multiple of \$1.00, shall be computed to the next higher multiple of \$1.00. For the purposes of this section, wages shall be counted as "wages for insured work" for benefit purposes with respect to any benefit year only if such benefit year begins subsequent to the date on which the employer from whom such wages were earned has satisfied the conditions of Section 2(e) or Section 2(f) with respect to becoming an employer.

Any week with respect to which or a part of which he has received or is seeking unemployment benefits under an unemployment compensation law of another State or of the United States, provided that if the appropriate agency of such other State or of the United States finally determines that he is not entitled to such unemployment benefits, this disqualification shall not apply.

(d) Benefit in Seasonal and Irregular Employment. The bureau shall make such studies of season and irregular employment as it deems feasible and present with appropriate methods of handling these claims to the 1941 session of the legislature.

§ 6. BENEFIT ELIGIBILITY CONDITIONS.] An unemployed individual shall be eligible to receive benefits with respect to any week only if the bureau finds that—

(a) He has made a claim for benefits with respect to such week in accordance with such regulations as the bureau may prescribe.

(b) He has registered for work at, and thereafter continued to report at, an employment office in accordance with such regulations as the bureau may prescribe, except that the bureau may, by regulation, waive or alter either or both of the requirements of this subsection as to individuals attached to regular jobs and as to such other types of cases or situations with respect to which he finds that compliance with such requirements would be oppressive, or would be inconsistent with the purposes of this act; provided that no such regulation shall conflict with Section 5(a) of this act.

(c) He is able to work and is available for work.

(d) He has been unemployed for a waiting period of two weeks. Such weeks of unemployment need not be consecutive. No week shall be counted as a week of unemployment for the purposes of this subsection:—

(1) Unless it occurs within the benefit year which includes the week with respect to which he claims payment of benefits, provided that this requirement shall not interrupt the payment of benefits for consecutive weeks of unemployment, and provided further that the week or the two consecutive weeks immediately preceding a benefit year, if part of one uninterrupted period of unemployment which continues into such benefit year, shall be deemed (for the purposes of this subsection only) to be within such benefit year as well as within the preceding benefit year.

(2) If benefits have been paid with respect thereto.

(3) Unless the individual was eligible for benefits with respect thereto as provided in Sections 5 and 6 of this act, except for the requirements of this subsection and of Subsection (e) of Section 7.

(e) He has during his base period earned wages for insured work equal to not less than thirty times his weekly benefit amount.

§ 9. ELECTION AND TERMINATION OF EMPLOYER'S COVERAGE.]

(b) Except as otherwise provided in Sub-section (c) of this section an employing unit shall cease to be an employer subject to this act only as of the first day of January of any calendar year only if it files with the bureau, prior to the 5th day of January of such year, a written application for termination of coverage, and the bureau finds that there were no twenty different days, each day being in a different week within the preceding calendar year, within which such employing unit employed eight or more individuals in employment subject to this act. For the purpose of this sub-section, the two or more employing units mentioned in Paragraph (2) or (3) or (4) of Section 2(f) shall be treated as a single employing unit.

COMPLIANCE WITH THE RAILROAD UNEMPLOYMENT INSURANCE ACT.

§ 3. (a) UNEMPLOYMENT COMPENSATION FUND. ESTABLISHMENT AND CONTROL.] There is hereby established as a special fund, separate and apart from all public moneys or funds of this State, an unemployment compensation fund, which shall be administered by the bureau exclusively for the purposes of this act. This fund shall consist of (1) all contributions collected under this act, together with any interest thereon collected pursuant to Section 14 of this act; (2) all fines and penalties collected pursuant to the provisions of this act; (3) interest earned upon any moneys in the fund; (4) any property or securities acquired through the use of moneys belonging to the fund; and (5) all earnings of such property or securities. All moneys in the fund shall be mingled and undivided.

(b) Accounts and Deposit. The State Treasurer shall be ex-officio the treasurer and custodian of the fund, who shall administer

such fund in accordance with the directions of the bureau and shall issue his warrants upon it in accordance with such regulations as the bureau shall prescribe. He shall maintain within the fund three separate accounts; (1) a clearing account, (2) an unemployment trust fund account, and (3) a benefit account. All moneys payable to the fund, upon receipt thereof by the bureau, shall be forwarded to the Treasurer who shall immediately deposit them in the clearing account. Refunds payable pursuant to Section 15 of this act may be paid from the clearing account upon warrants issued by the Treasurer under the direction of the bureau. After clearance thereof, all other moneys in the clearing account shall be immediately deposited with the Secretary of the Treasury of the United States of America to the credit of the account of this State in the Unemployment Trust Fund, established and maintained pursuant to Section 904 of the Social Security Act, as amended, any provisions of law in this State relating to the deposit, administration, release, or disbursement of moneys in the possession or custody of this State to the contrary notwithstanding. The benefit account shall consist of all moneys requisitioned from the State's account in the Unemployment Trust Fund. Except as otherwise herein provided moneys in the clearing and benefit accounts may be deposited by the Treasurer, under the direction of the bureau, in the Bank of North Dakota, but no public deposit insurance charge or premium shall be paid out of the fund. The Treasurer shall give a separate bond conditioned upon the faithful performance of his duties as custodian of the fund in an amount fixed by the bureau and in a form prescribed by law or approved by the Attorney General. Premiums for said bond shall be paid from the administration fund.

(c) Withdrawals. Moneys shall be requisitioned from this State's account in the Unemployment Trust Fund solely for the payment of benefits and in accordance with regulations prescribed by the bureau. The bureau shall from time to time requisition from the Unemployment Trust Fund such amounts, not exceeding the amounts standing to this State's account therein, as it deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the Treasurer shall deposit such moneys in the benefit account and shall issue his warrants for the payment of benefits solely from such benefit account. Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by State officers of money in their custody. All warrants issued by the Treasurer for the payment of benefits and refunds shall bear the signature of the Treasurer and the counter-signature of a member of the bureau or its duly authorized agent for that purpose. Any balance of moneys requisitioned from the Unemployment Trust Fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which such sums were requisitioned shall either be de-

ducted from estimates for, and may be utilized for the payment, of benefits during succeeding periods, or, in the discretion of the bureau, shall be re-deposited with the Secretary of the Treasury of the United States of America, to the credit of this State's account in the Unemployment Trust Fund, as provided in Sub-section (b) of this Section.

(d) Management of Funds upon Discontinuance of Unemployment Trust Fund. The provisions of Subsections (a), (b), and (c) to the extent that they relate to the Unemployment Trust Fund, shall be operative only so long as such Unemployment Trust Fund continues to exist and so long as the Secretary of the Treasury of the United States of America continues to maintain for this State a separate book account of all funds deposited therein by this State for benefit purposes, together with this State's proportionate share of the earnings of such Unemployment Trust Fund, from which no other State is permitted to make withdrawals. If and when such Unemployment Trust Fund ceases to exist, or such separate book account is no longer maintained, all moneys, properties, or securities therein, belonging to the Unemployment Compensation Fund of this State shall be transferred to the Treasurer of the Unemployment Compensation Fund, who shall hold, invest, transfer, sell, deposit and release such moneys, properties, or securities in a manner approved by the bureau in accordance with the provisions of this act; provided, that such moneys shall be invested in the following readily marketable classes of securities: bonds or other interest-bearing obligations of the United States of America or the State of North Dakota. Provided further, that such investment shall at all times be so made that all the assets of the fund shall always be readily convertible into cash when needed for the payment of benefits. The Treasurer shall dispose of securities or other properties belonging to the Unemployment Compensation Fund only under the direction of the bureau.

(e) Notwithstanding any requirements of the foregoing subsections of this section, the bureau shall, prior to whichever is the later of (i) 30 days after the close of this session of the legislature and (ii) July 1, 1939, authorize and direct the Secretary of the Treasury of the United States to transfer from this State's account in the Unemployment Trust Fund, established and maintained pursuant to Section 904 of the Social Security Act as amended, to the Railroad Unemployment Insurance Account, established and maintained pursuant to Section 10 of the Railroad Unemployment Insurance Act, an amount hereinafter referred to as the preliminary amount; and shall, prior to whichever is the later of (i) 30 days after the close of this session of the legislature and (ii) January 1, 1940, authorize and direct the Secretary of the Treasury of the United States to transfer from this State's account in said Unemployment Trust Fund to said Railroad Unemployment Insurance Account an additional amount, hereinafter referred to as the liqui-

dating amount. The Social Security Board shall determine both such amounts after consultation with the bureau and the Railroad Retirement Board. The preliminary amount shall consist of that proportion of the balance in the Unemployment Compensation Fund as of June 30, 1939, as the total amount of contributions collected from 'employers' (as the term 'employer' is defined in Section 1(a) of the Railroad Unemployment Insurance Act) and credited to the Unemployment Compensation Fund bears to all contributions theretofore collected under this act and credited to the Unemployment Compensation Fund. The liquidating amount shall consist of the total amount of contributions collected from 'employers' (as the term 'employer' is defined in Section 1(a) of the Railroad Unemployment Insurance Act) pursuant to the provisions of this act during the period of July 1, 1939, to December 31, 1939, inclusive."

§ 12. RECIPROCAL BENEFIT ARRANGEMENTS.] (a) The Bureau is hereby authorized to enter into arrangements with the appropriate agencies of other States or the Federal Government whereby individuals performing services in this and other States for a single employing unit under circumstances not specifically provided for in Section 2(h) of this act or under similar provisions in the unemployment compensation laws of such other States shall be deemed to be engaged in employment performed entirely within this State or within one of such other States and whereby potential rights to benefits accumulated under the unemployment compensation laws of several States or under such a law of the Federal Government, or both, may constitute the basis for the payment of benefits through a single appropriate agency under terms which the bureau finds will be fair and reasonable as to all affected interests and will not result in any substantial loss to the fund.

(b) The bureau is also authorized to enter into arrangements with the appropriate agencies of other States or of the Federal Government (1) whereby wages or service, upon the basis of which an individual may become entitled to benefits under the unemployment compensation law of another State or of the Federal Government, shall be deemed to be wages for employment by employers for the purposes of Section 5 and Section 6(e) of this act, provided such other State agency or agency of the Federal Government has agreed to reimburse the fund for such portion of benefits paid under this act upon the basis of such wages or services as the bureau finds will be fair and reasonable as to all affected interests, and (2) whereby the bureau will reimburse other State or Federal agencies charged with the administration of unemployment compensation laws with such reasonable portion of benefits, paid under the law of any such other States or of the Federal Government upon the basis of employment or wages for employment by employers, as the bureau finds will be fair and reasonable as to all affected interests. Reimbursements so payable shall be deemed to be benefits for

the purposes of Sections 5(e) and 3 of this act, but no reimbursement so payable shall be charged against any employer's account for the purposes of Section 4 of this act. The bureau is hereby authorized to make to other State or Federal agencies and receive from such other State or Federal agencies, reimbursements from or to the fund, in accordance with arrangements pursuant to this section.

§ 13. EMPLOYMENT SERVICE.] (a) State Employment Service. The North Dakota State Employment Service is hereby established in the Workmen's Compensation Bureau as a division thereof. The bureau, through such division, shall establish and maintain free public employment offices in such number and in such places as may be necessary for the proper administration of this act, and for the purpose of performing such duties as are within the purview of the act of Congress entitled "An Act to Provide for the Establishment of a National Employment System and for Co-operation with the States in the Promotion of Such System, and for Other Purposes, approved June 6, 1933 as amended. The said division shall be administered by a full time salaried director, who shall be charged with the duty to cooperate with any official or agency of the United States, having powers or duties under the provisions of the said act of Congress, as amended, and to do and perform all things necessary to secure to the State the benefits of the said act of Congress, as amended, in the promotion and maintenance of a system of public employment offices. The provisions of the said act of Congress, as amended, are hereby accepted by this State, in conformity with Section 4 of said act, and this State will observe and comply with the requirements thereof. The North Dakota State Employment Service is hereby designated and constituted the agency of this State for the purpose of said act. The bureau is directed to appoint the director, other officers, and employees of the North Dakota State Employment Service. Such appointments shall be made in accordance with regulations prescribed by the director of the United States Employment Service. The bureau may cooperate with or enter into agreements with the Railroad Retirement Board with respect to the establishment, maintenance, and use of free employment service facilities.

(b) Financing. All moneys received by this State under the said act of Congress, as amended shall be paid into the special "Employment Service Account" in the Unemployment Compensation Administration Fund, and said moneys are hereby made available to the North Dakota State Employment Service to be expended as provided by this section and by said act of Congress. For the purpose of establishing and maintaining free public employment offices, the bureau is authorized to enter into agreements with the Railroad Retirement Board, or any other agency of the United States charged with the administration of an unemployment compensation

law, with any political subdivision of this State, or with any private, nonprofit organization, and as a part of any such agreement the bureau may accept moneys, service, or quarters as a contribution to the employment service account.

§ 14. UNEMPLOYMENT COMPENSATION ADMINISTRATION FUND. SPECIAL FUND.] There is hereby created in the State Treasury a special fund to be known as the Unemployment Compensation Administration Fund. All moneys which are deposited or paid into this fund are hereby appropriated and made available to the bureau. All moneys in this fund shall be expended solely for the purpose of defraying the cost of the administration of this act, and for no other purpose whatsoever. The fund shall consist of all moneys appropriated by this State, and all moneys received from the United States of America, or any agency thereof, including the Social Security Board, the Railroad Retirement Board and the United States Employment Service, or from any other source, for such purpose. All moneys in this fund shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as is provided by law for other special funds in the State Treasury. Any balances in this fund shall not lapse at any time but shall be continuously available to the bureau for expenditure consistent with this act. The State Treasurer shall give a separate and additional bond conditioned upon the faithful performance of his duties in connection with the Unemployment Compensation Administration Fund in an amount to be fixed by the bureau and in a form prescribed by law or approved by the Attorney General. The premiums for such bond and the premiums for the bond given by the treasurer of the Unemployment Compensation Fund under Section 3 of this act, shall be paid from the moneys in the Unemployment Compensation Administration Fund. Moneys received from the Railroad Retirement Board as compensation for services or facilities supplied to said board shall be paid into this fund and the employment service account thereof, on the same basis as expenditures are made for such services or facilities from such fund and account.

§ 10. ADMINISTRATIVE ORGANIZATION.] There is hereby created in the North Dakota Workmen's Compensation Bureau a division to be known as the Unemployment Compensation Division. The North Dakota State Employment Service, as created by Chapter 161 of the Session Laws of 1935, is hereby transferred together with all its records, contracts, agreements and funds, and established as a division of the Workmen's Compensation Bureau and shall with the Unemployment Compensation Division, constitute two coordinate divisions of such bureau, each of which shall be administered by a full time salaried director, who shall be subject to supervision and direction of the bureau. Upon passage and approval of this act the Workmen's Compensation Bureau shall have all of

the powers and duties heretofore placed in the Commissioner of Agriculture and Labor in Sub-sections 5, 6, 7, 8 and 9 of Chapter 161 of the 1935 Session Laws. Each of the three commissioners of the bureau shall be entitled to receive and retain as remuneration for their services under this act, such sums as the United States Government or the Federal Social Security Board may allow to them not to exceed the sum of six hundred (\$600.00) dollars per annum in addition to compensation they now receive as commissioner of the bureau. Each division of the bureau as herein created shall be responsible for the discharge of its distinctive functions. Each division shall be a separate administrative unit with respect to personnel, budgets and duties, except in so far as the bureau may find that such separation is impractical because of the small size of the territory served or of the volume of work performed. The bureau is authorized to appoint, fix the compensation of, and prescribe the duties of the director of the Unemployment Compensation Division, provided that such appointment shall be made on a nonpartisan merit basis, and to appoint, fix the compensation of, and prescribe the duties of the director of the North Dakota State Employment Service Division in accordance with the provisions of Section 13 of this act.

REPEAL.] All acts and parts of acts in conflict herewith are hereby repealed.

EMERGENCY.] This act is hereby declared to be an emergency measure and shall take effect from and after the approval.

Approved March 15, 1939.

STATE LANDS

CHAPTER 216

H. B. No. 142—(Panko)

AUTHORIZING EXCHANGE OF LANDS BETWEEN STATE, COUNTY AND GOVERNMENT UPON INDIAN RESERVATION

An act for an act authorizing the State and counties to exchange tracts of State and county lands within Indian reservations of this State, for tracts of lands owned by the United States Government, providing for appraisals, execution of conveyances, and repealing all acts or parts of acts in conflict therewith.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. The State of North Dakota, through its several departments and agencies, is hereby authorized and empowered to exchange tracts and sections of land on Indian reservations within the State, belonging to the State of North Dakota, and not a part of the original grant of land to the State provided in the Enabling Act, which lands shall be appraised as now provided by law in the case of sale of real property, for lands of like character and value belonging to the United States Government on Indian reservations within this State, subject to the approval of the appropriate department of the Federal Government and to execute and deliver proper conveyances thereof in the manner and form as provided by law, without the necessity of complying with any statute requiring notice of exchange or competitive bidding, and to accept in return therefor a proper instrument of conveyance to the state of the lands for which such lands are exchanged.

Preamble:

WHEREAS, by reason of the adverse economic conditions prevailing in the State of North Dakota during the past decade, hundreds of farmers have been wholly unable to repay to the State, loans of moneys belonging to the Permanent School Funds of the State of North Dakota secured by mortgages upon their farms; and

WHEREAS, many thousands of acres of lands so mortgaged have been acquired by the State of North Dakota through foreclosure of such mortgages or by deeds given by the borrowers in lieu of foreclosure; and

WHEREAS, such lands so acquired by the State of North Dakota are withdrawn from taxation so long as they are held by the State, and all taxing districts are crippled by such withdrawals; and

WHEREAS, it is of the utmost importance that such lands be returned to private ownership as soon as possible; and

WHEREAS, it is evident that this purpose can only be accomplished by the sale of such lands upon easy terms to persons who will reside upon and farm such lands;

Now, Therefore, Be it enacted by the Legislative Assembly of the State of North Dakota:

§ 1. This act is intended to provide for sales of lands acquired by the State of North Dakota upon foreclosure of mortgages given to secure loans of moneys belonging to the Permanent School Funds of the State of North Dakota or by deed given in lieu of foreclosure upon contract providing for payment from the income produced upon the lands sold, and the method of sale herein provided is declared to be in addition to the method or methods now provided by law for the sale of such lands, and this act shall not be construed to repeal or amend any other law now in force in this State.

§ 2. The Board of University and School Lands is hereby authorized and empowered to sell lands described and referred to in Section 1 of this act upon the terms and conditions herein provided as follows, to-wit:

(1) No lands shall be sold under the provisions hereof unless the proposed purchaser agrees to personally reside upon the land purchased or upon lands contiguous to or lying in the immediate vicinity thereof and has farming equipment adequate in the judgment of the Board of University and School Lands to enable him to farm the lands to be bought successfully; and unless said board determine that the proposed purchaser has had sufficient experience in farming to enable him to farm the lands to be purchased successfully.

(2) No more than three hundred twenty (320) acres, or such additional acreage as may be required to make an economic farm unit under the regulations of the Federal Farm Security Administration, shall be sold to any person under the provisions of this act; except in a case where a tract of land containing more than three hundred twenty (320) acres and less than four hundred eighty (480) acres has been acquired through any one mortgage, such entire tract may be sold to one purchaser; and if the greater portion of the tract to be purchased is principally fit only for grazing and stock raising not to exceed one section may be sold to an individual purchaser.

(3) Lands sold pursuant to the provisions of this act shall not be sold for less than the principal sum of the loan through which the State acquired title plus all actual expense incurred by the State in connection with said loan.

(4) Before any lands are sold pursuant to the provisions hereof, said lands shall be appraised by the Board of Appraisers charged with the duty of appraising school lands, and no lands shall be sold for less than the appraised value; provided that lands once appraised need not be re-appraised unless the same be not sold within two years of any such appraisal.

(5) The purchaser shall farm the lands in a good and husbandman-like manner according to the practice of farming in the vicinity in which the land lies and according to the manner of farming of lands of like character, and shall produce therefrom such income as such lands are reasonably capable of producing, having due regard to climatic conditions and to the prices of agricultural products such as said lands are reasonably adapted to raising, including live-stock, dairy products, vegetables, fruits, grain and forage crops.

(6) The purchase price shall be paid by the payment to the State Land Commissioner at the time of the execution of the contract of not less than twenty-five (25) cents per acre and in no case less than the then regular land department's leasing price for lands of like character; and the balance of the purchase price to be paid by the payment of the one-fifth part of the gross income produced by said lands as provided in Sub-section 5 hereof, payments from the various sources of income to be made quarterly on the 1st

days of January, April, July and October each year. All income so paid shall be credited as of the date of actual payment as follows:

First: In payment of interest upon the purchase price of said lands at the rate of three percent (3%), per annum.

Second: The remainder of income paid after deducting interest as aforesaid shall be credited upon the purchase price agreed to be paid for said lands. Provided that the balance of the purchase price shall be due twenty (20) years after the date of the contract.

(7) The Board of University and School Lands shall at the time of execution of the contract and annually thereafter on or before the 1st day of January, furnish the purchaser with a pamphlet so arranged as to enable the purchaser to keep an accurate account and record of the income from the land for the then current year; and such pamphlet, duly verified by the purchaser shall be delivered to the Land Commissioner on or before the 31st day of December of the year the income of which was accounted for therein.

(8) Any and all moneys received by the purchaser for compliance with any law or laws heretofore or hereafter enacted by the Congress including crop insurance shall be deemed and considered to be income received from said lands and shall be disposed of as other income as provided by Sub-section 6 hereof.

(9) It is hereby expressly provided that the purchaser may use not to exceed two acres of said lands for home garden purposes and that no part of the produce thereof shall be considered income and no part of the proceeds thereof need be accounted for as income of said lands so purchased; and provided further that said purchaser shall have the right to use milk, cream, butter and any other dairy products he may make from milk produced on the lands purchased necessary for himself and his family and dairy products so used shall not be considered income from said lands and need not be accounted for as such.

(10) It is further provided that the purchaser may raise a reasonable amount of barnyard poultry and use feed produced upon the lands purchased for such purpose and need not account for any part of the income from such poultry to the State of North Dakota, except if the purchaser shall raise turkeys for market he shall account for the proceeds of all in excess of ten (10) turkeys as income as aforesaid.

(11) Forage and other feed crops raised and fed to livestock on said lands shall be accounted for only as income from the sale of such livestock.

(12) Lands acquired as aforesaid shall be advertised for sale annually in the same manner as lands are now, or may hereafter be advertised by the State Land Department for rental and shall be sold at public auction at the time other lands are leased to the highest responsible bidder whose bid may be approved by the Board

of University and School Lands, but no land shall be sold for less than the minimum as hereinbefore provided.

It is further provided that if any mortgagor or his heirs desire to repurchase his original land lost by him or her through foreclosure or by deed given in lieu of foreclosure, he or they may do so at anytime before such lands are offered at public sales to the highest bidder, that they shall be notified by registered mail by the State Land Commissioner to the effect that they are given the privilege to make such repurchase at the price of the principal sum or remaining balance of such principal sum of the original loan plus all costs, and expenses of foreclosure as provided in Section 2 hereof. Should the former mortgagor or his heirs fail to make such repurchase within ninety (90) days from date of notice by the State Land Commissioner, such lands shall be offered for sale to the highest bidder.

(13) The successful bidder for each tract shall be required to pay the regular appraisal fee of \$12.50 with the application before entering into a contract for the purchase of such lands, the State acting through the State Land Commissioner within thirty (30) days after the date upon which his bid was received, and if the successful bidder shall not make such contract within such time, or if his bid shall not be approved by the Board of University and School Lands, the tract so bid for and all tracts for which there were no bidders, may be sold by the Board of University and School Lands at private sale for not less than the minimum price as hereinbefore provided upon the terms and conditions herein provided.

(14) The State of North Dakota shall have a first lien and hold title to all the produce of said lands, a portion of which is payable on the purchase of lands purchased as herein provided, provided that in case the purchaser is financed to enable him to operate the lands purchased by any Federal agency, the lien of the State may be waived as to personal property only in favor of such Federal agency by agreement in writing, and the Board of University and School Lands is hereby authorized to make such agreement if it so elects.

(15) Upon the making of any contract for the sale of lands as herein provided, the State Land Commissioner shall notify the county auditor of the county wherein the land lies, in writing, of the date of the contract, the name of the purchaser, and the description of the land purchased. The county auditor shall put said lands upon the tax list of his county for taxation provided that said land shall not be subject to taxation until January 1st of the year following the date of such contract.

(16) Taxes levied upon lands purchased on contract pursuant to the terms hereof as authorized by Subsection 15 hereof may be collected by sale of the premises taxed as other taxes are collected, provided that the purchaser at such tax sale, in case no redemption

is made, shall have only such right as he might have acquired by the assignment of such contract to him; and no tax deed shall issue upon any such tax sale so long as the State is the holder of the legal title to said lands and any portion of the purchase price remains unpaid.

(17) Contracts made pursuant to the terms of this act may be assigned by the purchaser only upon the written consent of the State Land Commissioner, and no assignment shall be recognized by the Board of University and School Lands or the State Land Commissioner unless such consent be given.

(18) In case the purchaser shall fail and neglect to fully and fairly account for and pay over to the State Land Commissioner the one-fifth part of the income of said lands as hereinbefore provided, or in case the purchaser fails to pay any taxes levied and assessed upon lands purchased by him pursuant to the provisions hereof before the same is sold for such taxes, the contract shall be voidable, and the Board of University and School Lands may in their discretion declare such contract of sale void, and in case of such declaration, the State Land Commissioner shall notify the holder of such contract of such declaration by written notice mailed to his post-office address, if known to the State Land Commissioner, and, if not known, such notice may be mailed to the post-office nearest the lands described in such contract, and the State Land Commissioner shall send a duplicate copy thereof by mail to the auditor of the county in which such land is situated. Such county auditor shall thereupon strike said lands from the tax lists of his county. Upon such declaration and after the mailing of notices as aforesaid, the State Land Commissioner shall take possession of said land.

(19) The purchase[r], or the heirs, executors, administrators, or assigns of the purchaser may redeem the premises from the effects of such declaration of avoidance made as aforesaid by the payment to the State Land Commissioner of all sums delinquent, and the average of the income for the three years preceding such declaration of avoidance, for each year from such declaration to date of payment in addition to all taxes due and delinquent and the further sum of fifty dollars (\$50.00) which shall be credited upon the principal unpaid, at any time before the resale of said premises. Upon the making of the payments aforesaid, said contract shall be deemed to be reinstated and shall be in full force and effect the same as if no such declaration of avoidance had been made.

(20) When the purchase price and interest has been fully paid, the State shall convey the premises purchased to the purchaser by quit claim deed executed in the name of and in behalf of the State of North Dakota, by the State Land Commissioner and Secretary of the Board of University and School Lands, and attested by the Secretary of State with the Great Seal of the State of North Dakota attached.

county commissioners, said petitioner or petitioners may, at any time within thirty days, after notice of the decision of the board of county commissioners, appeal to the district court of the county in which said property may be situated, in the manner now provided by law for appeals from decisions of the board of county commissioners. Upon appeal the district court shall try the issues de novo, and shall hear the testimony that may be offered by the petitioner or petitioners and the board of county commissioners touching upon the then true and full value, in money, of said property, including all methods of determining value referred to in Section 3 hereof. And the district court shall have full right, authority and jurisdiction and it shall be the duty of such court to fix and determine the proper and legal tax charges for any year or years as may be involved in said petition, from which appeal was taken by the application of the procedure as set out in said Section three hereof.

§ 2346a18. DEDUCTIONS ALLOWED.] In computing net income, there shall be allowed as deductions:

(1) All the ordinary and necessary expenses paid during the income year in the carrying on of any trade or business including a reasonable allowance for salaries or other compensation for personal services actually rendered, and including rentals or other payments required to be made as a condition to the continued use or possession, for the purpose of the trade or business, of property to which the tax-payer has not taken or is not taking title, or in which he has no equity.

(2) Interest paid or accrued within the year on tax-payer's indebtedness.

(3) Taxes paid or accrued within the income year upon property or business, but not including those assessed against local benefits of a kind tending to increase the value of the property assessed. Federal income taxes may be deducted to the extent such taxes represent a tax paid on income taxable under this act, but state income taxes are not deductible.

(4) (1) No losses shall be deducted from the fixed income of the taxpayer derived from salaries, wages, or taxable dividends, but losses actually sustained in the carrying on of any trade or business, sustained within the year and not compensated by insurance or otherwise, may be deducted, provided further that no loss may be allowed in the sale of property purchased and held for pleasure or recreation and which was not acquired or used for profit, but this proviso shall not be construed to exclude losses due to theft or the destruction of property by fire, flood, or other casualty, or a loss sustained in any sale of the residence of the taxpayer. In the case of a taxpayer other than a resident of the State, losses shall be allowed only as to transactions in real property or in tan-

gible personal property having an actual situs in this State, and losses in connection with any business, trade, profession or occupation carried on in this State, provided, however that the aggregate amount which may be deducted in connection with losses incurred in connection with sale or exchange of capital assets shall not exceed the aggregate gains reported from the sale or exchange of capital assets in any year.

Provided, however, that no deduction for loss sustained from any farming or agricultural pursuit as provided in this section shall exceed the sum of five hundred dollars.

(5) Debts ascertained to be worthless and charged off within the income year. In the case of a debt existing on January first, nineteen hundred and nineteen, no more than its fair market value on that date shall be deducted. A worthless debt arising January first, nineteen hundred and nineteen, from unpaid wages, salary, rent or any other similar item of taxable income, is not an allowable deduction unless the income which such item represents has been included as income by the taxpayer in a return rendered under this act.

(6) A reasonable allowance for necessary repairs and a reasonable allowance for depreciation by use, wear and tear of property used in business or trade, and in case of mines, oil and gas wells or other natural deposits, a reasonable allowance for depletion of ores and other natural deposits on the basis of their actual original cost in cash or in the equivalent of cash, and including cost of development, and in case of property acquired prior to January 1, 1919, the fair market value on that date shall be taken in lieu of cost up to that date.

(7) Dividends or income received by any person from stock or interest in any corporation, the income of which has been assessed and paid by a corporation under this act, received by the taxpayer and included in the gross income within the income year; provided that when only part of the income of any corporation shall have been assessed and income tax paid under this act, only a corresponding part of the dividends or income received therefrom shall be deducted; and providing further that such corporation has reported the name and address of each person owning stock and the amount of dividends or income paid each such person during the year.

(8) Contributions or gifts made within the income year to (a) the State of North Dakota, or any political subdivision thereof, exclusively for public purposes, or (b) to any community chest,

corporation, association or trust, or fund, or foundation, organized and operated exclusive for religious, charitable, scientific, literary or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private shareholder or individual; or (c) to posts or organization, of war veterans or auxiliary units or societies of such organizations, if such posts, organizations, units or societies are within North Dakota and if no part of their net income inures [inures] to the benefit of any private shareholder or individual; provided, that such contributions or gifts may be deducted only to an amount which in all the above cases combined does not exceed fifteen percent (15%) of the taxpayer's net income as computed without the benefit of this subdivision.

§ 2. REPEAL.] Section 4 of Chapter 241, Session Laws of 1937, is hereby repealed.

An act amending and re-enacting Section 2093 of the 1925 Supplement to the Compiled Laws of North Dakota for 1913, relating to the manner of listing real and personal property for assessment purposes, and providing that as to general merchandise, or any inventory of goods and wares, the average value of the same for the year preceding the time of the assessment, shall be taken as the value thereof for assessment purposes, repealing all acts in conflict therewith and declaring an emergency.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. AMENDMENT.] Section 2093 of the 1925 Supplement to the Compiled Laws of North Dakota for 1913 is hereby amended and re-enacted to read as follows:

§ 2093. Listing of real and personal property for taxation purposes making special provisions for the assessment of stock of goods, wares, and merchandise. All real property subject to taxation shall be listed and assessed every odd numbered year with reference to its value on April first of that year and shall not be re-assessed in the following year, except by order of the board

of county commissioners or Tax Commissioner. Property assessed in odd numbered years shall be taxed upon the assessed valuation as equalized by the State Board of Equalization in such year and in the following year except as herein otherwise provided. All real property becoming taxable in any intervening year shall be listed and assessed with reference to its value on April first in that year. Personal property shall be listed and assessed annually with reference to its value upon April first of each year. The value of a stock of merchandise whether owned by an individual, co-partnership, association or corporation, for the purpose of assessment for taxation shall be taken to be the monthly average of the inventory on the first day of each month of the year preceding the date of the assessment. Such monthly average shall be determined as follows: an actual inventory taken on or about the first day of any month shall be taken to be the inventory so taken; the inventory for the succeeding month shall be determined by adding to such actual inventory the wholesale cost price of all merchandise purchased during such succeeding month, and subtracting therefrom the wholesale cost price of the merchandise sold during such month except such taxpayers that now have a monthly perpetual inventory system. The inventory for any succeeding month shall be determined likewise by adding to the inventory of the preceding month the wholesale cost price of all merchandise purchased during such succeeding month and deducting the wholesale cost price of all merchandise sold during such month. The average inventory for the tax year shall be determined by adding the inventories so determined as above for each of the twelve months preceding the first day of April for the assessment year, and dividing the total of such twelve inventories by twelve. The dividend thus obtained shall be the average monthly inventory for the assessment year and shall be the assessment value of such stock of merchandise for the purpose of assessment for the assessment year. It shall be necessary for each place of business to keep a copy of all inventories to be available at all times for the assessor and other taxing authorities. In every even numbered year at the time of assessing personal property, the assessor shall also assess all real property that may have become subject to taxation since the last previous assessment, and all buildings or other structure of any kind, whether completed or in process of completion, or improvements on any structures of over one hundred dollars (\$100.00) in value, the value of which has not been previously added to or included in the valuation of the land or lots on which they have been erected, excepting farm buildings now exempt from taxation. Whenever after the first day of April and before the first day of June in any year, it is made to appear to the assessor by the oath of the owner or owners, that any buildings, structure or other improvement or tangible personal property, which is listed for taxation for the current year has been destroyed or in-

jured by fire, flood or tornado, he shall investigate the matter and deduct from the valuation of the property of the owner of such destroyed property, an amount which in his judgment, fairly represents such deduction as should be made; no deduction shall be made on account of damages covered by insurance, or damages amounting to less than one hundred dollars (\$100.00). In case of an abatement by the board of county commissioners and Tax Commissioner of the valuation of any parcel of real estate as assessed in an odd numbered year pursuant to Chapter 227, Session Laws of 1917 (amending Section 2165, 3646; post) or acts amendatory thereof, the valuation as abated shall be the assessed valuation in the even numbered year next following, except as otherwise herein provided.

§ 2. REPEAL.] All acts or parts of acts in conflict herewith are hereby repealed.

§ 3. EMERGENCY.] This act is hereby declared to be an emergency measure, and shall be in full force and effect from and after its passage and approval.

I, _____ County Auditor of _____ County, North Dakota, do hereby give notice that the parcels of real estate hereinafter described were sold for taxes at the annual tax sale of this county on December _____, 19___, and that at said sale said parcels of real estate were sold to this county, and that such sales have not been redeemed from and they are still the property of this county, and that unless redemption shall be made from such tax sale on or before October first from and after the date of such notice, the same will become the absolute property in fee of this county and the former owners thereof and all lien holders and other persons interested therein will be forever foreclosed and debarred

of any and all rights of redemption or other rights in or to such real estate. Following is a list of the real estate sold at such tax sale on which the period of redemption has expired. Opposite each description of real estate appears the name of the record title owner thereof as it appears by the records in the office of register of deeds of such county and also opposite each tract appears the amount which will be required to redeem from the effects of such tax sale at the expiration of the period of redemption, including the amount for which the said land was sold, interest and penalty thereon, subsequent delinquent taxes prior to those of the year 19---, and penalties and interest thereon.

(Here insert description of real estate, names of owners and amounts due.)

Given under my hand and the seal of the county auditor
-----County, This-----day of-----
19-----

County Auditor of -----
County, North Dakota.

Such notice shall be published once in the official paper of the county in which such real estate is situated, the date of such publication to be not later than August first prior to the expiration of the period of redemption. The amounts stated in such notice shall include a charge of fifty cents for each parcel of real estate described therein to reimburse the county in part for the expense of such publication and for the mailing of such notice hereinbefore provided for. There may be included in a single published notice any number of parcels of real estate. The caption of said notice shall be in bold face type, but only one heading shall be necessary for the entire list.

§ 2. AMENDMENT.] That Subdivision 6 of Section 1, of Chapter 266, of the 1927 Session Laws of the State of North Dakota, as amended by Chapter 288 of the Session Laws of 1931 be amended and re-enacted to read as follows:

(6) SALE OF PROPERTY ACQUIRED BY COUNTY THROUGH TAX DEED.] Property so acquired by tax deed shall, under the direction of the board of county commissioners be sold at public or private sale, notice of which shall be given by posting at the front door of the court house thirty (30) days prior to the sale, a description of the parcels to be sold and if the assessed value of such property exceeds \$100.00 by publishing a notice of such sale in the official newspaper of the county, giving a description of the parcels to be sold, such notice to be published once not less than ten (10) days prior to the date of the sale. The description of all parcels of real estate to be sold at such sale shall be included in a single notice.

Before publishing such notice the board of county commissioners shall appraise each lot or parcel of land and fix a tentative minimum sales price thereon. Such minimum sales price shall be sufficient to cover all general taxes, special assessments, penalties, in-

terest and costs which were charged against the property and which were delinquent at the time notice of the expiration of period of redemption was issued plus cost of service of such notice; provided if the fair cash value of the property is less than the aggregate of such general taxes, special assessments, penalties, interest and costs the board shall fix a fair and equitable minimum sales price. The board shall thereupon set a date for hearing objections to the minimum sales price thus determined and the county auditor shall, at least ten (10) days previous to such hearing, mail to the auditor of any city, or the clerk of any village, or of any township board where such lots or tracts of land are located, a notice in writing that at the time and place mentioned therein objections to the minimum price fixed by the board, and specified in such notice, will be heard. At such hearing any member of the governing body of any such city, village or township or any representative thereof, shall be heard with reference to the fair value of such lot or parcel of land, and the board shall thereupon make such modifications and changes in the sales price of such property as it shall deem to be fair and just. The governing body of any such city, village or township may, if dissatisfied with the action of the board, appeal therefrom within ten (10) days after such hearing and determination to the district court and the perfecting of such appeal shall conform to the procedure prescribed by Sections 3298 and 3299 of the Compiled Laws of 1913, or acts amendatory thereof, except that no bond shall be required to perfect such appeal. All such determinations of value which in the opinion of any governing body are too low shall be combined in one appeal and shall be heard de novo by the court without a jury.

The board of county commissioners may fix the minimum sales price at an amount sufficient to cover all general taxes, special assessment taxes, penalties, interest and costs which were a charge against the property and which were delinquent at the time notice of expiration of period of redemption was issued plus cost of service of said notice; provided, such amount shall not exceed the fair cash value of the property. The foregoing provision is intended to cover those cases where general taxes were struck off to the county and special assessment taxes were struck off to the city and were not included in the tax forfeiture proceedings of the county.

None of the foregoing provisions is intended to limit the minimum price which the board of county commissioners is required to fix, at less than their determination of the fair cash value of the tax title which the county is empowered to give.

Such sale shall take place at the county seat on the third Tuesday of November in each year and shall continue from day to day until completed.

Each parcel shall be sold to the highest bidder therefor but not for a sum less than the minimum sales price finally fixed by the board of county commissioners unless the governing body of the

city, village or township where such property is located, by resolution, consents to an amount less than such minimum price.

Such sale may be either for cash or for one - fourth of the purchase price in cash and the balance in equal annual payments not to exceed a period of ten years; provided, however, that any purchaser may at any time within said ten year period pay any or all unpaid installments.

If the sale is for part cash, the purchaser shall forthwith pay the amount of the first installment of the bid to the county treasurer.

Whereupon the purchaser shall be given a contract for deed, setting forth the terms of the said sale executed in the name of the county by the chairman of the board of county commissioners and the county auditor.

Such contract shall be in the usual form and shall give the county the right, upon failure to comply with all the terms and conditions of the said contract by the purchaser, to cancel the said contract in manner and form now provided for by law between private individuals. Upon the execution and delivery of the said contract the real estate described therein shall be placed upon the assessment roll and be subject to assessment and taxation the same as though a deed had been issued therefor.

Such unpaid balance of purchase price shall draw interest at the rate of five per cent per annum upon all unpaid balances. Upon the payment of the balance due upon the said contract the county shall execute and deliver to the purchaser a deed conveying all right, title and interest, in and to such property.

If the sale is for cash the purchaser shall forthwith pay the amount so bid, to the county treasurer.

Upon complying with such requirements, the purchaser shall be given a deed executed in the name of the county by the chairman of the board of county commissioners and the county auditor, conveying all rights, title and interest in and to such property acquired by the county through the tax proceedings, which deed may be substantially in the following form:

If the balance is insufficient to satisfy all installments of special assessment taxes delinquent at time of issuance of notice of expiration of period of redemption, there shall be apportioned to each such fund such proportion of the balance as such item is of the total of all such delinquent installments of special assessments. (c) When the county shall be the purchaser of any tract of real property sold by the county auditor for taxes it shall not be necessary to issue a certificate of sale, but the records in the office of the county auditor, showing that such sale was made, shall stand in lieu of such tax sale certificate and the county shall be entitled to all of the rights granted to it by law as a purchaser of such property at tax sale as fully as if a certificate of sale had been issued.

(d) The owner of a tax sale certificate may pay the taxes upon the property described in such tax sale certificate for any subsequent year at any time after the second installment of taxes becomes delinquent. Upon payment of any such taxes with accrued interest and penalty thereon into the county treasury, the county auditor shall issue to the person entitled thereto a certificate which shall be known as a "subsequent tax sale certificate." Such subsequent tax sale certificate shall describe the premises upon which taxes were paid as subsequent; the number of the original tax sale certificate, that the person to whom the subsequent tax sale certificate is issued has the right to pay taxes as subsequent, either by virtue of being the holder and owner of an unredeemed tax sale certificate or an unredeemed subsequent tax sale certificate. The subsequent tax sale certificate shall also recite that by virtue of the payment of such subsequent taxes the person paying the same will be entitled to a tax deed of said property at the expiration of three (3) years from the date of tax sale at which said property would have been sold for taxes, in case said taxes had not been paid as subsequent, unless the same is redeemed by the payment of the amount set forth in such subsequent tax sale certificate together with interest thereon at the rate of one-half ($\frac{1}{2}$) of one (1) per cent per month from the date of such certificate.

A subsequent tax sale certificate shall have the effect of conveying all the rights, interest, privilege and title which would be conveyed by an original certificate of tax sale issued pursuant to the regular auditor's tax sale. The owner of the subsequent tax sale certificate shall be entitled to a deed three (3) years from the date of tax sale at which the real estate described in such certificate would

have been sold for taxes in case said taxes had not been paid as subsequent upon giving of the statutory notice of expiration of period of redemption. The procedure prescribed by Section 2223 of the Supplement to the Compiled Laws of 1913 shall be followed, and in case redemption is not made, tax deed shall be issued in the same manner and with the same force and effect as though issued under an original tax sale certificate issued pursuant to a regularly conducted tax sale.

At all tax sales made as provided herein, except in case of purchase by the county, the county treasurer shall make out a tax receipt in duplicate and shall write thereon the words "Sold for Taxes." The same record of subsequent tax sale certificates shall be kept by the county auditor as is kept for tax sale certificates.

The owner of the subsequent tax sale certificate may pay the taxes for any subsequent year at any time after they become delinquent and upon such payment the county auditor shall execute to him a subsequent tax sale certificate in form similar to the form set forth with only such change in the wording as is appropriate to state the fact that such payment was made as the owner of a subsequent tax sale certificate and not the owner of a tax sale certificate. Such subsequent tax sale certificate may be substantially in the following form:

SUBSEQUENT TAX SALE CERTIFICATE

-----County, North Dakota.

I, -----county auditor of-----County in the State of North Dakota do hereby certify that at the annual tax sale of real estate held on the-----day of December, 19---the following described real estate was sold for the taxes of the year-----to -----of----- for the aggregate sum of----- (\$-----) dollars, and there was issued to such purchaser tax sale certificate No.-----; and that thereafter, the owner of said tax sale certificate paid subsequent taxes upon said real estate for the year -----which payment was made on-----and it is hereby certified that there is due him on account of subsequent taxes for said year, the sum of----- (\$-----) dollars, together with interest at six per cent (6%) per annum from -----, and that unless redemption be made from this subsequent tax sale certificate within three (3) years from December-----, 19---, he will be entitled after due notice given, to a tax deed conveying to him the said real estate.

Given under my hand and the seal of the county auditor of -----County, North Dakota, this-----day of-----19---

County Auditor of-----County.

§ 2. SUBSEQUENT TAX SALE CERTIFICATES NEED NOT BE ISSUED TO THE COUNTY.] As to all real property upon which the county is holding the original certificate of tax sale or any subsequent tax sale certificate or is entitled to the rights of such holders no further or additional subsequent tax sale certificates need be issued to the said county, but as of the date of the annual tax sale the county auditor shall note upon his records the amount of the subsequent taxes unpaid upon any real property upon which the county is holding such certificate of sale or subsequent tax sale certificate. The entry of such notation upon the records in the office of the county auditor shall have the affect to convey to the county all the rights, interest, privileges and title which would be conveyed by an original certificate of tax sale issued pursuant to the regular annual auditor's tax sale. The county shall be entitled to a tax deed three years from the date of tax sale at which the said real estate would have been sold for such taxes in case said taxes had not been paid as subsequent, upon giving the statutory notice of expiration of period of redemption. In case redemption is not made tax deeds shall be issued in the same manner and with the same force and effect as though issued under an original tax sale certificate pursuant to a regularly conducted tax sale.

§ 3. CERTIFICATES DEEMED TO HAVE BEEN ISSUED.] In all cases where the county has heretofore purchased any tract of real property sold by the county auditor for taxes or where the county became entitled to a subsequent tax sale certificate on real property upon which the county was holding the original certificate of tax sale or a subsequent tax sale certificate, it shall be conclusively presumed that a tax sale certificate or subsequent tax sale certificate, as the case may be, was duly issued at the time when the same should have been issued pursuant to statutes. In the event any such tax sale certificates may not be among the records of the county auditor, the records of his office showing such tax sale purchase or the right of the county to subsequent tax sale certificates shall for all purposes stand in lieu of such actual certificates and the county shall have all the rights provided by law as the holder of a tax sale certificate or subsequent tax sale certificate from and as of the date when such certificate should have been issued.

§ 4. SUBSEQUENT ISSUANCE OF CERTIFICATES AUTHORIZED.] In all cases where the county has heretofore purchased or may hereafter purchase any real property sold by the county auditor for taxes and in all cases where subsequent tax sale certificates should have been issued to the county and in all cases hereafter where the county is entitled to the rights of a subsequent tax sale certificate holder, the county auditor may at any time issue to the county, appropriate tax sale certificates or subsequent tax sale certificates and the records in the office of such county auditor shall be sufficient evidence of the facts to warrant the issuance of such certificates.

Such certificates may be issued by the auditor conducting such tax sale or by a successor. Such certificate, when issued, shall relate back to the date of the tax sale to which it has appropriate reference and shall have the same force and effect as if such certificate had been issued on the date of such tax sale, provided, it shall not be necessary to issue tax sale certificates to the county, except in cases where the county is perfecting title and taking a tax deed, and in cases where assignments have been made or may be made hereafter of the right of the county obtained at the sales of delinquent taxes.

§ 5. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

§ 6. SAVING CLAUSE.] Should any portion of this act be declared unconstitutional, it shall not affect the other part or portions thereof.

§ 7. EMERGENCY.] This act is hereby declared to be an emergency measure and shall be in full force and effect from and after its passage and approval.

Approved March 15, 1939.

(1) The tax provided herein upon tangible personal property, which is sold by a retailer maintaining a place of business in this State, or by such other retailer as the Tax Commissioner of the

State of North Dakota shall authorize pursuant to Subsection (2) of Section 6 shall be collected by such retailer and remitted to the Tax Commissioner of the State of North Dakota, pursuant to the provisions of Section 6 hereof.

(2) The tax herein imposed not paid pursuant to Subsection (1) hereof shall be paid to the Tax Commissioner of the State of North Dakota directly by any person storing, using or consuming such property within this State, pursuant to the provisions of Section 6 hereof.

§ 6. COLLECTION TAX.]

(1) Every retailer maintaining a place of business in this State and making sales of tangible personal property for use in this State, not exempted under the provisions of Section 3 hereof, shall before making any such sales obtain the permit provided for in Section 11 of Chapter 249 of the Session Laws of the State of North Dakota for the year 1937 or any amendment or re-enactment thereof, and shall at the time of making such sales, whether within or without the State, collect the tax imposed by this act from the purchaser, and give to the purchaser a receipt therefor in the manner and form prescribed by the Tax Commissioner of the State of North Dakota, if the Tax Commissioner of the State of North Dakota, shall, by regulation, require such receipt. Each such retailer shall list with the Tax Commissioner of the State of North Dakota the name and address of all his agents operating in this State, and the location of any and all his distribution or sales houses or offices or other places of business in this State.

(2) The Tax Commissioner of the State of North Dakota, may, in his discretion, upon application authorize the collection of the tax herein imposed by any retailer not maintaining a place of business within the State, who, to the satisfaction of the Tax Commissioner of the State of North Dakota furnishes adequate security to insure collections and payment of the tax. Such retailer shall be issued a permit to collect such tax in such manner, and subject to such regulations and agreements as the Tax Commissioner of the State of North Dakota shall prescribe. When so authorized, it shall be the duty of such retailer to collect the tax upon all tangible property sold to his knowledge for use within this State, in the same manner and subject to the same requirements as a retailer maintaining a place of business within this State. Such authority and permit may be cancelled when, at any time, the Tax Commissioner of the State of North Dakota considers the security inadequate, or that such tax can more effectively be collected from the person using such property in this State.

(3) The tax herein required to be collected by any retailer pursuant to subsections 1 and 2 hereof, and any tax collected by any retailer pursuant to said subsections, shall constitute a debt owed by the retailer to this State.

(4) Each retailer required or authorized, pursuant to this section, to collect the tax herein imposed, shall pay the tax in quarterly installments on or before the 20th day of the month next succeeding each quarterly period, the first of such period being the period commencing with April 1, 1939 and ending on the 30th day of June, 1939. Every retailer, at the time of making the return required hereunder, shall compute and pay to the Tax Commissioner the tax due for the preceding period.

(5) The retailer shall, on or before the 20th day of the month following the close of the first quarterly period as defined in the preceding section, and on or before the 20th day of the month following each subsequent quarterly period of three months, make out a return for the preceding quarterly period in such form and manner as may be prescribed by the commissioner, showing the gross receipts of the retailer, the amount of the tax for the period covered by such return, and such further information as the commissioner may require to enable him correctly to compute and collect the tax herein levied; provided, however, that the Tax Commissioner may, upon receipt by any retailer and a proper showing of the necessity therefor, grant unto such retailer an extension of time not to exceed thirty (30) days for making such return. If such extension is granted to any such retailer, the time in which he is required to make payment shall be extended for the same period. The Tax Commissioner if he deems it necessary or advisable in order to insure the payment of the tax imposed by this act may require returns and payment of the tax to be made for other than quarterly periods, the provisions of this act to the contrary notwithstanding. The returns shall be signed by the taxpayer or his duly authorized agent and must be verified by oath.

(6) Any person who uses any property upon which the tax herein imposed has not been paid, either to the retailer or direct to the Tax Commissioner as herein provided, shall be liable therefor, and shall on or before twentieth day of the month next succeeding each quarterly period pay the tax herein imposed upon all such property used by him during the preceding quarterly period in such manner and accompanied by such returns as the Tax Commissioner shall prescribe. All of the provisions of Section 6 with reference to such returns and payments shall be applicable to the returns and payment herein required.

(7) The Tax Commissioner may, when in his judgment it is necessary and advisable to do so in order to secure the collection of the tax levied under this act, require any person subject to such tax to file with him a bond, issued by a surety company authorized to transact business in this State and approved by the Insurance Commissioner as to solvency and responsibility, in such amount as the Tax Commissioner may fix, to secure the payment of any tax and/or penalties due or which may become due from such person. In lieu of such bond, securities approved by the Tax Commis-

sioner, in such amount as he may prescribe, may be deposited with him, which securities shall be kept in the custody of the Tax Commissioner and may be sold by him at public or private sale, without notice to depositor thereof, if it becomes necessary so to do in order to recover any tax and/or penalties due. Upon such sale, the surplus, if any above the amounts due under this division shall be returned to the person who deposited the securities.

(8) The Tax Commissioner shall have the power to adopt and promulgate rules and regulations for adding such tax, or the average equivalent thereof, by providing different methods applying uniformly to retailers within the same general classification for the purpose of enabling such retailers to add and collect, as far as practicable, the amount of such tax.

§ 7. UNLAWFUL ADVERTISING.] It shall be unlawful for any retailer to advertise or hold out or state to the public or to any purchaser, consumer or user, directly or indirectly, that the tax or any part thereof imposed by this act will be assumed or absorbed by the retailer or that it will not be added to the selling price of the property sold, or if added that it or any part thereof will be refunded. Any person violating any of the provisions of this Section within this State shall be guilty of misdemeanor and subject to a fine of not to exceed one hundred (\$100.00) dollars for each offense or to imprisonment for not to exceed thirty (30) days or to both such fine and imprisonment in the discretion of the court.

§ 8. RECORDS REQUIRED.] Every retailer required or authorized to collect taxes imposed by this act and every person using in this State tangible personal property purchased on or after the effective date of this act shall keep such records, receipts, invoices, and other pertinent papers as the Tax Commissioner shall require, in such form as the Tax Commissioner shall require. The Tax Commissioner or any of his duly authorized agents is hereby authorized to examine the books, papers, records and equipment of any person either selling tangible personal property or liable for the tax imposed by this act, and to investigate the character of the business of any such persons in order to verify the accuracy of any return made, or if no return was made by such person, to ascertain and determine the amount due under the provisions of this act. Any such books, papers, and records shall be made available within this State for such examination upon reasonable notice when the Tax Commissioner shall deem it advisable and shall so order.

§ 9. REVOCATION OF PERMIT AND AUTHORITY TO DO BUSINESS.] When any retailer maintaining a place of business in this State, or authorized to collect the tax herein imposed, fails to comply with any of the provisions of this act, or any orders, or regulations of the Tax Commissioner prescribed and adopted under this act, the Tax Commissioner may, upon notice and hearing as here-

inafter provided, by order revoke the permit, if any issued to such retailer, or if such retailer is a corporation authorized to do business in this State, may certify to the Secretary of State a copy of an order finding that such retailer has failed to comply with certain specified provisions, orders, rules or regulations. The Secretary of State shall, upon receipt of such certified copy, revoke the permit authorizing said corporation to do business in this State, and shall issue a new permit only when such corporation shall have obtained from the Tax Commissioner an order finding that such corporation has complied with its obligations under this act. No order authorized in this section shall be made until the retailer is given an opportunity to be heard to show cause why such order should not be made and he shall be given ten days notice of the time, place, and purpose of such hearing. The Tax Commissioner shall have the power in his discretion to issue a new permit after such revocation.

§ 10. ARTICLES TAXED IN OTHER STATES.] If any article or tangible personal property has already been subjected to a tax by any other State in respect to its sale or use in an amount less than the tax imposed by this act, the provisions of this act shall apply, but at a rate measured by the difference only between the rate herein fixed and the rate by which the previous tax upon the sale or use was computed. If such tax imposed in such other State is two per cent (2%) or more, then no tax shall be due on such articles.

§ 11. RETAIL SALES ACT APPLICABLE.] All of the provisions of Section 5, Subsections 4 and 5 of Section 10, and Sections 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21 and 22 of Chapter 249 of the Session Laws of the State of North Dakota for the year 1937 and any amendment or re-enactment thereof shall apply to this act, all of which sections are by this reference incorporated herein, and the Tax Commissioner of the State of North Dakota is hereby charged with the enforcement of this act and shall administer this act and the taxes imposed by this act in the same manner and subject to all the provisions of and all of the procedure, powers, duties, authorities and restrictions contained in the retail sales tax laws in effect in the State of North Dakota so far as the same may be thereunder applicable hereto.

§ 13. CONSTITUTIONALITY.] If any section, subsection, clause, sentence, or phrase of this act is for any reason held to be unconstitutional and invalid, such decision shall not effect the validity of the remaining portions of this act. The legislature hereby declares that it would have passed this act and each section, subsection, clause, sentence or phrase hereof, irrespective of whether any one or more of the sections, subsections, clauses, sentences, or phrases, be declared unconstitutional.

§ 14. UNLAWFUL SALE OR SOLICITING.] It shall be unlawful for any agent, canvasser, or employee of any retailer, not authorized by permit from the Tax Commissioner of the State of North Dakota to collect the tax as herein provided, to sell, solicit orders for or deliver any tangible personal property in this State. Any such agent canvasser or employee violating the provisions of this act shall be guilty of a misdemeanor and subject to a fine of not to exceed one hundred (\$100.00) dollars for each such offense, or to imprisonment for not to exceed thirty (30) days or to both such fine and imprisonment in the discretion of the court.

§ 15. EMERGENCY.] This act is hereby declared to be an emergency measure, and shall be in full force and effect from and after its passage and approval.

Approved March 14, 1939.

§ 6. Taxes paid in accordance with the provisions of this act on accounts found to be worthless and actually charged off for income tax purposes, may be credited upon subsequent payments of the tax herein provided; provided that if such accounts are thereafter collected by the wholesaler, a tax shall be paid upon the amount so collected.

Said judge, upon the presentation of the report of the duly authorized examining physician that such person is afflicted with tuberculosis of any kind or nature, shall make an investigation and shall require such person to give full and correct answers to a property statement in the same manner as prescribed for admission of patients to the Hospital for the Insane by Section 2560 of the Compiled Laws of North Dakota for the year 1913, and if he finds that such applicant or his legal representatives are actually unable to pay such charges, he shall approve in writing the application of such person. Said judge shall immediately forward to the superintendent of the sanatorium a certificate in writing, giving the correct postoffice address of the parent, guardian or next of kin for such patient and stating that said patient is unable to pay such charges and he or she is a resident of the county in which such application has been approved, or has no residence in any county of this State, together with a copy of said property statement. The county from which such patient has been so certified, or the State at large in cases where no county residence has been determined shall be charged with the maintenance of such patient at the rate of ten dollars (\$10.00) per week during the time that he or she remains in such institution as an inmate. Such charge shall be collected in the manner provided in Section 2568, to 2579, inclusive, of the Compiled Laws of North Dakota for 1913; provided, however, the admission of every patient shall be subject to the final approval of the superintendent and the Board of Administration.

§ 2. EMERGENCY.] This act is hereby declared to be an emergency measure and shall be in full force and effect after its passage and approval.

A. Immediately after an injury sustained by an employee and

during the resulting period of disability, the North Dakota Workmen's Compensation Fund, shall furnish to such employee such medical, surgical and hospital service and supplies as the nature of the injury may require, and may, if such injury causes permanent partial disability, in addition to the specific benefits provided, furnish such artificial limbs, glasses, braces or appliances which in the discretion of the bureau may be necessary to re-habilitate such injured employee.

G. If death results from an injury within six years, the North Dakota Workmen's Compensation Fund shall pay to the following persons, for the periods specified, a weekly compensation equal to the following percentages of the deceased employee's weekly wages; provided, however, that no compensation shall be paid where death takes place more than one year after the cessation of disability resulting from the injury, or, if there has been no disability preceding death, if death takes place more than one year after the injury, and provided, further, that the total amount payable shall not exceed the sum of \$15,000.00 in addition to the amounts paid for compensation and medical and hospital expense during temporary disability, for all claims based upon injuries or disability received upon or after March 7th, 1929.

(a) To the widow, if there is no child, thirty-five per cent. Such compensation shall be paid until her death or marriage. In case of marriage, there shall be paid to her a lump sum equal to 156 weeks' compensation, provided, however, that if prior to such marriage such widow has received a partial lump sum settlement which covers all or any portion of the said 156 weeks following her marriage, the amount of such partial lump sum settlement which covers all or any part of the said 156 weeks following her marriage shall be deducted from such marriage settlement, and the widow shall only receive the remainder, if any, over and above such deduction, and provided, further, that any judgment annulling such marriage shall not reinstate the right of such widow to compensation if the action for annulment is instituted more than six months after such marriage.

(b) To the widower, if there is no child, thirty-five per cent if wholly dependent for support upon the deceased employee at the time of her death. Such compensation shall be paid until his death or marriage.

(c) To the widow or widower if there is a child, or children, the compensation payable under clause (a) or (b), and in addition thereto ten per cent for each child, not exceeding, however, a total of sixty-six and two-thirds per cent for the widow or widower and the children. The compensation payable on account of any child shall cease when such child dies, marries or reaches the age of eighteen, or, if over eighteen and incapable of self-support, becomes capable of self-support.

(d) To the children, if there is no widow or widower, twenty-five per cent for one child and ten per cent addition for each additional child, not exceeding, however, a total of sixty-six and two-thirds per cent, the compensation hereunder not to be for the specific children but to be divided share and share alike. Compensation for each child shall be paid until such child dies, marries, or reaches the age of eighteen, or, if over eighteen and incapable of self-support becomes capable of self-support. Compensation for a child under legal age shall be paid to its guardian.

(e) To the parent, if one is wholly dependent for support upon the deceased employee at the time of his death and the other is not dependent to any extent, twenty-five per cent; if both are wholly dependent twenty per cent to each; if one or both are partially dependent, a proportionate amount in the discretion of the bureau. The foregoing percentages shall be paid only if there is no widow, widower, or child. If there is a widower, widow, or child, there shall be paid only so much of the foregoing percentages as, when added to the total of the percentages payable to the widow, widower and children, shall not exceed the total of sixty-six and two-thirds per cent; provided, that any compensation so payable to the parents, if there is a widow, widower or child, shall not be included in the limitation of \$15,000.00 referred to in Paragraph G.

(f) To the brothers, sisters, grandparents, and grandchildren, if one is wholly dependent upon the deceased employee for support at the time of his death, twenty per cent of such dependent; if more than one are wholly dependent, thirty per cent, divided among such dependents, share and share alike; if none of them are wholly dependent, but one or more are partly dependent, ten per cent divided among such dependents, share and share alike. The foregoing percentages shall be paid only if there is no widow, child, or dependent parent there shall be paid only so much of the foregoing percentages as, when added to the total percentages payable to the widow, widower, children and dependent parents, shall not exceed a total of sixty-six and two-thirds per cent; provided, that any compensation payable to any dependents under this paragraph, if there is a widow, widower, child or dependent parent, shall not be included in the limitation of \$15,000 referred to in Paragraph G.

(g) The compensation of each beneficiary under clause (e) may continue until such dependent parent dies, marries or ceases to be dependent, and the compensation of each beneficiary under clause (f) shall be paid for a period of eight years from the time of the death of the employee, unless before that time, he, if a grandparent, dies, marries or ceases to be dependent, or if a brother, sister or grandchild, dies, marries, or reaches the age of eighteen, or, if over eighteen, and incapable of self-support becomes capable of self-support. The compensation of a brother, sister or grandchild under legal age shall be paid to his or her guardian.

(h) Upon the cessation of compensation under this section

to or on account of any person, the compensation of the remaining persons entitled to compensation for the unexpired part of the period during which their compensation is payable, shall be that which such persons would have received if they had been the only persons entitled to compensation at the time of the decedent's death; provided, however, that nothing herein contained shall be construed to increase the compensation of the children of a widow or widower upon his or her remarriage.

(i) In case there are two or more classes of persons entitled to compensation under this section, and the apportionment of such compensation, hereinbefore provided would result in injustice, the bureau may, in its discretion, modify the apportionment to meet the requirements of the case.

(j) If any person entitled to compensation under this section whose compensation by the terms of this section ceases upon his marriage, accepts any payments or compensation after his marriage, he or she shall be guilty of a misdemeanor.

(k) In computing compensation in case of death, the weekly wages of the deceased shall be considered to have been not more than thirty dollars, (\$30.00) nor less than eighteen dollars, (\$18.00) but the total weekly compensation shall not exceed the weekly wages of the deceased.

(l) In case of death or of permanent total, or of permanent partial disability, and if the bureau determines that it is for the best interest of the beneficiary, the liability for compensation to such beneficiary may be discharged by the payment of a lump sum equal to the present value of all future payments of compensation computed at four per cent discount compounded annually. The probability of the beneficiary's death before the expiration of the period during which he is entitled to compensation shall be determined according to the American Experience Table of Mortality; but in case of compensation to the widow or widower of the deceased employee, such lump sum shall not exceed 416 weeks' compensation. The probability of the happening of any other contingency affecting the amount or duration of the compensation shall be disregarded. The bureau may also grant a partial lump sum settlement based upon the same computations as the complete lump sum which partial settlement shall be a complete discharge of whatever portion or percentage of the annuities is covered thereby.

(m) If death results from the injury within six years the North Dakota Workmen's Compensation Fund shall pay to the personal representative of the deceased employee, burial expenses not to exceed two hundred dollars (\$200.00).

(n) The provisions of this section shall be retroactive and the Workmen's Compensation Bureau upon application, or upon its own motion may adjust compensation previously awarded, or if compen-

sation has been refused may award compensation in accordance with the terms hereof.

(o) Provided, however, that if an injured employee dies and there is due to his estate any sums for medical or hospital attention or other expense payable by the bureau or for compensation where such compensation does not exceed eighty dollars (\$80.00), the bureau may pay to the widow of such employee, if living, or in the event of her death or incompetency, to any adult person who has assumed or paid the expenses of the last illness or funeral expense of the decedent employee the balance remaining due as hereinbefore limited without probate proceedings.

1921 and which appears as Section 396a5 of the 1925 Supplement, be amended and re-enacted to read as follows :

Every employer shall furnish the bureau upon request the information required by it to carry out the purposes of this act. It is further provided that if the Workmen's Compensation Bureau finds that any person, firm, private corporation or any public service corporation, either within or without the State of North Dakota, is an employer within the meaning of this act, it shall determine the date when he or it becomes such, which finding and determination for all purposes of this act shall be prima facie but not conclusive evidence thereof, unless it can be otherwise shown by the employer affected. The bureau shall forthwith give notice of said action to the employer, who shall immediately thereafter furnish the bureau with a payroll covering the period included in said finding, not exceeding twelve (12) months last past, together with an estimated payroll for twelve (12) months next succeeding from the date of such finding, and comply with all provisions of the Workmen's Compensation Act, and all amendments thereto, which information shall be furnished on blanks to be prepared by the bureau; and it shall be the duty of the bureau to furnish such blanks to employers free of charges upon request therefor. The petition shall also set forth and particularly describe the boundaries of said district. The petitioners must accompany the petition with a map of the proposed district. Such map shall show the location of the proposed canals or works by means of which it is intended to irrigate the lands of the proposed district, but canals that merely pass through said lands, and which do not irrigate any of the same, need not be shown. If the water supply be from natural streams, the flow of such stream or streams shall be stated in cubic feet per second.

If the water supply for the district is to be gathered by a storage reservoir, or reservoirs, the map shall show the location thereof and shall state their capacity in acre feet.

Such map shall be drawn to a scale of not less than two inches to the mile. Typical cross sections of the proposed canal or canals, and all canals existing within the boundaries of the proposed district and shown on the map, and of all proposed dams and embankments, shall be given in sufficient detail to show the contemplated method of construction, and the capacity of the typical canals required for the irrigation of the lands within the proposed district shall be stated. Such cross sections shall be drawn to a scale required by the State Engineer, and such map and cross sections shall be certified to by an irrigation engineer. The petition must be accompanied by a good and sufficient bond, to be approved by the State

Engineer, in double the amount of the probable cost of organizing such district, including the cost of the first election therein, conditioned that the sureties will pay all costs in case said organization shall not be approved by the electors.

Within ten days after the filing of such petition, and the approval of such bond, the State Engineer shall file a certified copy of such petition with the board of county commissioner[s] of each county wherein the proposed irrigation district is situated.

The State Engineer shall examine the petition, maps, papers and data pertaining to the proposed irrigation district and shall fix a time and place for hearing such petition. A notice stating that such petition will be heard, and stating the time and place of hearing, must be filed with the county auditor of each county wherein such district is located. Such notice shall be published once each week for two weeks prior to the date of such hearing in the official newspaper of the county wherein the proposed irrigation district is located, and if such district is located in more than one county, then such notices shall be published in the official newspaper of each such county. Prior to such hearing the State Engineer shall prepare, or shall cause to be prepared, a report showing the probable cost of the proposed irrigation works and the practicability and feasibility of the plan of irrigation suggested or proposed by petitioners for the irrigation of the lands within such district. A copy of such report shall be filed with the county auditor of each county wherein the proposed irrigation district is situated and such report shall be open to public inspection. The State Engineer shall also submit such report to the electors of the proposed district at the meeting set for hearing the petition for the organization thereof.

At the time set for the hearing, the State Engineer may, with the consent of petitioners, amend the plan of irrigation proposed in said petition and may, with the written consent of the entrymen, owners or lessees of the additional land affected, enlarge the boundaries of the proposed irrigation district. The State Engineer may adjourn such hearing from time to time and on the final hearing may make such changes in the proposed boundaries as he shall find to be proper and shall establish and define the boundaries; provided however, that the boundaries of the irrigation district proposed in the petition shall not be changed until each entryman, lessee, and owner of land affected thereby has in writing consented to the inclusion of his land in such district.

A copy of such order shall also be filed with the county auditor of each county in which the proposed irrigation district is situated.

(3) Upon making his order establishing such irrigation district the State Engineer shall give notice of an election to be held in such district for the purpose of determining whether or not the electors of the district approve the establishment and organization thereof as an irrigation district. Such notice shall describe the boundaries as established by the State Engineer and shall designate a name for such district, and said notice shall be published once each week for two weeks prior to such election in a newspaper in the county in which the district is situated, and if situated in more than in one county such notice shall be published in a newspaper published within each of such counties. Spoiled or blank ballots cast at such election shall not be counted either for or against the proposed issue.

§ 18. AMENDMENT.] That Section 8247a14 of the Supplement to the Compiled Laws of North Dakota for the year 1913 is hereby amended and re-enacted so as to read as follows:

§ 8247a14. (1). If a majority of the ballots cast at such election are in favor of the proposal to issue bonds as stated in such initial resolution the board of directors shall proceed to sell, issue and deliver such bonds as provided herein.

(2). Every bond shall be a negotiable instrument payable to "bearer" or to the "bearer or registered owner," with interest coupons attached, payable annually or semi-annually at the rate specified in the accepted bid for the purchase of said bonds, which rate shall not exceed the rate specified in the initial resolution; provided however, such rate of interest shall not exceed five per cent (5%) per annum. Each bond shall specify the time and place of payment of the principal and shall be numbered consecutively with the other bonds of the same issue, which shall begin with number one and continue upward, or if so directed by the board, shall begin with any number and continue upward.

(3) The entire issue may be composed of bonds of a single denomination or two or more denominations. Such bonds shall recite that they are payable in lawful money of the United States.

(4) Such bonds shall be executed in the name of and for the district by the chairman and secretary of the board. The interest coupons attached to such bonds may be executed by the lithographed or engraved facsimile signature of such officers. The validity of every bond so executed shall remain unimpaired by the fact that one or more of the subscribing or attesting officers have ceased to be such officer or officers before delivery to the purchaser.

(5). The secretary of the district shall register in a book provided for the purpose an accurate description of every bond issued, specifying its number, date, purpose, amount, rate of interest, when and where payable, and the coupons attached. A verified copy of such record shall be filed in the county auditor's office of each county in which the district is located. When such bonds have been fully registered, the secretary shall sign an endorsement on the back of each bond certifying that such bond is fully registered in his office. No bond shall be valid without such certificate endorsed thereon. All bonds authorized under this act which are not delivered to the purchaser thereof and paid for within three years of their date shall be cancelled. It shall be the duty of the secretary to destroy such bonds by burning them in the presence of at least two electors of the district, and with such witnesses to make and file in the records of his office an affidavit as to the bonds so destroyed and the time and place of such destruction, and to make a record thereof in bond

register. A copy of such affidavit shall be filed with the county auditor of each county in which the district is situated.

(6). No irrigation district shall enter into any contract for the sale of any issue of its bonds without first advertising for bids in the manner herein prescribed. A notice calling for bids shall be published at least once in the official paper of one of the counties in which the district is situated not less than fifteen days nor more than thirty days before the date specified therein for receiving such bids. Such notice may be in any form but shall specify the amount of bonds offered for sale and the date or dates of the maturity thereof. A copy of such notice shall be mailed to the Tax Commissioner at Bismarck not less than ten days before the date specified for the opening of bids. Failure to publish such notice or to send a copy thereof to the Tax Commissioner shall not impair the validity of such bonds but shall render unenforceably any executory contract entered into for the sale thereof.

The notice shall specify that the bids must be sealed and in writing and shall state the time and place when such bids will be received and when such bids will be opened. At the time specified for opening the bids the secretary of the board shall publicly open the bids in the presence of the directors, and after the bids have been opened, shall enter in a permanent record the amount and rate of interest of each bid and the name and address of the bidder. All bids shall be accompanied by a certified check, cashier's check, or bank draft to the amount of not less than two per cent of such bid.

(7). The board of directors shall award the sale of such bonds to the bidder who agrees to purchase them upon the terms most favorable to the district; provided, however, that the board may reject any and all bids. No sale shall be for less than the par value and accrued interest on such bonds. If the board has determined to purchase irrigation works already constructed, the bonds may be issued and delivered at their par value in payment thereof.

(8). Any officer of an irrigation district who accepts from a bidder, or prospective bidder, for bonds a commission or compensation for services of any nature rendered in connection with the issuance, sale or delivery of such bonds shall be guilty of a misdemeanor.

(9). The ownership of all bonds payable to "bearer owner," as authorized in this act, may be registered by the owner or holder thereof. Registration shall be recorded by the secretary of the district in the bond register of the district. After such registration, no transfer thereof shall be valid unless recorded in such register. Such bonds may be discharged from registration by being transferred to "bearer." Registration shall not, however, effect the negotiability of the appurtenant coupons but each coupon shall continue to be transferrable by delivery only and shall remain payable to bearer.

§ 19. DISTRICT IMPROVEMENT WARRANTS.] To finance the

purchase of irrigation works already constructed or to defray the expenses incurred in constructing irrigation works, or any part thereof, the board of directors of the district may, subject to the approval of the electors at a general or special election, by resolution provide for the issuance of district improvement warrants. The word "expenses" as herein used shall be construed to cover every item of cost incurred in connection with such purchase or construction. Such warrants may be used in making payments on such contracts or may be sold for cash at not less than the par value thereof. Assessments levied to raise funds to pay such improvement warrants shall be levied upon the lands of the district benefited by such irrigation works as provided in this act. Such improvement warrants may be issued in anticipation of the levy and collection of taxes over a period of years not exceeding thirty years from date of issuance. After making a contract for the purchase of such irrigation works or for the establishment, construction and completion thereof, or for the construction of any part of such works, the board may by resolution direct the issuance of such warrants in not to exceed the aggregate amount of the contract price of such irrigation works or in not to exceed the aggregate amount of the contract price agreed upon for the construction of such works. Such warrants shall be payable in equal installments over a period of not to exceed thirty years from date of issuance; provided that the maturity of such warrants, or any of them, shall not be less than two years from the date of issuance.

Such warrants shall bear interest at the rate of not to exceed six per cent (6%) per annum but may, in the discretion of the board, bear any rate less than six per cent (6%) per annum, and may have coupons attached representing each year's interest or each half-year's interest. Such warrants shall be signed by the chairman and countersigned by the secretary, shall bear the seal of the district and shall be in denominations of not more than one thousand dollars (\$1,000) each and shall be numbered consecutively with the other warrants issued for the same purpose. Each warrant shall on the face thereof state the purpose for which issued. Such warrants shall be payable in lawful money of the United States.

The secretary of the district shall register in a book provided for that purpose an accurate description of each such warrant issued, specifying its number, date, purpose, amount, rate of interest, to whom issued, when and where payable and the coupons attached. A copy of such record shall be filed in the office of the county auditor in each county in which the irrigation district or any part thereof is situated.

It shall be the duty of the district treasurer to pay such warrants and interest coupons as they mature and are presented for payment.

§ 20. AMENDMENT.] That Section 8247a15 of the Supple-

ment to the Compiled Laws for the year 1913 is hereby amended and re-enacted so as to read as follows:

§ 8247a15. (1). Bonds or improvement warrants issued by any irrigation district, and the interest thereon, and contracts, not payable in bonds or improvements warrants, made and entered into by the district for the acquisition of irrigation works already constructed, or for the establishment and construction of irrigation works, or any part thereof, shall be paid from the revenue obtained from assessments upon the real property of the district and from any other revenues available for that purpose obtained from charges to water users and from the sale of water to any person, firm, corporation, municipality or other irrigation district.

(2). In the discretion of the board of directors, bonds and or district improvement warrants may be secured by a trust indenture by and between the district and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside the State; and the board may vest in such trustee the right to enforce any covenant made to secure or to pay such bonds or improvement warrants.

(3). All money received from any bond issue or from the sale of district improvement warrants shall be placed in a fund and applied solely to the payment of the cost of the works, and there is hereby created and granted a lien upon such money until so applied, in favor of the owners or holders of such bonds or improvement warrants or in favor of the trustee created in connection with such bonds or improvement warrants.

(4). The board of directors is authorized in its discretion to appoint a fiscal agent located in some city within or without the State. Every such fiscal agent shall be an incorporated bank or trust company authorized by the laws of the United States or of the State in which it is located to do a bank or trust company business.

§ 21. AMENDMENT.] That Section 8247a16 of the Supplement to the Compiled Laws of 1913 is hereby amended and re-enacted so as to read as follows:

§ 8247a16. The district assessor shall between the first Monday in March and the first Monday in May of each year, examine each tract or legal subdivision of land in said district including entered and unentered public lands of the United States, subject thereto under any act of Congress, and shall determine the benefits which will accrue to each of such tracts or sub-divisions on account of the construction or acquisition of such irrigation works; and the amount so apportioned or distributed to each of said tracts as finally equalized or confirmed by the district court, as the case may be, shall be and remain the basis for fixing the annual assessments levied against such tracts or sub-divisions in carrying out the purpose of this act. Such assessor shall make or cause to be made, a list of

such apportionment or distribution, which list shall contain a complete description of each sub-division or tract of land of such district with the amount and rate per acre of such apportionment or distribution of cost, and the name of the owners thereof; or he may prepare a map on a convenient scale showing each of said subdivisions or tracts with the rate per acre of such apportionment entered thereon; provided that where all lands on any map or section of a map are assessed at the same rate, a general statement to that effect shall be sufficient. Said list or map shall be made in duplicate and one copy of each shall be filed in the office of the State Engineer and one copy shall remain in the office of the board of directors for public inspection.

Whenever any assessment is made it shall be spread upon the lands in proportion to the benefits received and the whole of the assessment of benefits shall equal the amount of bonds, district improvement warrants or other obligation authorized by this act; provided, however, the assessment of any property in the name of the wrong person shall in no way invalidate the assessment thereof.

The assessor shall also determine and list the amount payable for each tract obligated by contract, if any, to the United States or any department or agency of the United States, or to the State Water Conservation Commission, or to any person, firm or corporation, or to another irrigation district, for the payment of water charges.

§ 22. AMENDMENT.] That Section 8247a17 of the Supplement to the Compiled Laws of 1913 is hereby amended and re-enacted to read as follows:

§ 8247a17. On or before the fifteenth day of May in each year the assessor must complete his assessment roll and deliver it to the secretary of the board of directors. The board shall thereupon fix the time and place when the board will meet to equalize such assessments. The secretary shall give notice of such meeting by posting notice thereof in at least three conspicuous places within the district and by publishing such notice in a newspaper (if any is published) published in each county in which the district is situated. The time fixed for such meeting shall not be less than ten nor more than twenty days from such posting and publication, and until such meeting is held the assessment roll shall remain in the office of the secretary for the inspection of all persons interested.

§ 23. AMENDMENT.] That Section 8247a18 of the Supplement to the Compiled Laws of 1913 is hereby amended and re-enacted to read as follows:

§ 8247a18. Upon the day specified in the notice required by the preceding section, the board of directors shall meet as a board of equalization for the purpose of equalizing such assessments and shall meet and continue in session from day to day, so long as may

be necessary but not to exceed ten days exclusive of Sundays. The board shall hear and determine such objections to the apportionment of benefits and assessments as may come before it; and the board may make such changes in the apportionment of benefits and assessments as shall appear to be just and equitable. The secretary of the board shall be present during the sessions of the board and shall note changes made in the apportionment of benefits and assessments returned by the assessor, and in the names of persons assessed; and within ten days after the close of the session he shall have the apportionment of benefits and assessments, as finally equalized by the board, extended into columns and added.

§ 24. AMENDMENT.] That Section 8247a19 of the Supplement to the Compiled Laws of 1913 is hereby amended and reenacted to read as follows:

§ 8247a19. The board shall then levy an assessment against the lands of the district sufficient to pay the interest on outstanding bonds and or improvement warrants and sufficient to pay any and all obligations of the district due, or to become due during the ensuing year, including payments due, or to become due, under any contract with the United States, or with any department or agency thereof, or under any contract with the State Water Conservation Commission or with any person, firm or corporation, or with another irrigation district. In determining the total of such levy the board shall take into consideration revenue derived from other sources than that obtained from the assessment and taxation of district lands. The secretary of the board shall compute and enter in separate columns of the assessment record the respective sums in dollars and cents required for each purpose, and each purpose shall be denominated a fund. If the board finds it necessary it may levy an assessment for the expenses of organizing the district and for the operation, maintenance and repair of the irrigation works and for the payment of salaries of officers and employees and for general expenses which assessment shall be called the "general fund." The secretary shall compute and enter the sum assessed against each tract for each such purpose or fund and shall thereupon certify to the county auditor of the county in which each such tract of land is situated the amount of such assessment for each purpose, or fund, levied upon each such tract of land by said board. The county auditor shall enter the amount assessed for each fund in a separate column of the tax list of his county. All tax lists when delivered to the county treasurer shall show all assessments levied for each fund on each tract of land within the district. Such assessments or taxes shall be collected by the county treasurer at the same time and in the same manner as other taxes are collected in the county; provided, however, such county treasurer shall receive in payment to the general fund, herein mentioned, for the year in which the assessment is levied, warrants drawn

against such general fund as the equivalent of lawful money of the United States if such warrants do not exceed the amount of the general fund assessment which the person tendering the same owes. Such county treasurer shall also receive in payment of any assessment for any bond fund, or any improvement warrant fund, past due interest coupons on such bonds or warrants, as the equivalent of so much money of the United States if such interest coupons do not exceed the amount which the person tendering the same owes such fund. All such assessments collected or received by the county treasurer shall be paid to the treasurer of such irrigation district upon an order signed by the chairman and secretary of the district, and all warrants and interest coupons received by the county treasurer in payment of assessments, as herein provided, may be turned over, as so much money, to the district treasurer on such orders.

In case the board of directors shall refuse, fail or neglect to cause an assessment or levy to be made for the principal and interest of outstanding bonds, or improvement warrants and for all payments due, or to become due, in the ensuing [ensuing] year to the United States, or to any department or agency thereof, or to the State Water Conservation Commission, or to any person, firm or corporation or to another irrigation district, under any contract entered into by the district, or for expenses incurred in organizing the district, then the assessment of property made for the preceding year shall be adopted and shall be the basis of assessment for the district and the board of county commissioners of each county comprising the district shall, by resolution, make such levy and assessment in the same manner and with like effect as if the same has been made by the board of directors of the district, and the expense incident thereto shall also be levied and assessed against the district. All such taxes or assessments collected by and paid to the county treasurer in his official capacity and he shall be responsible for the safe keeping, disbursement and payment thereof, as herein provided.

§ 25. AMENDMENT.] That Section 8247a20 of the Supplement to the Compiled Laws of 1913 is hereby amended and reenacted so as to read as follows :

§ 8247a20. LIMITS OF WARRANTS BY DISTRICTS.] No irrigation district shall, on account of expenses of operation and maintenance and to pay the current expenses of the district, in any year issue warrants in excess of ninety per cent of the levy of assessments for such year; provided, in case of due and outstanding obligations of the district on account of current expenses and expenses of operation and maintenance contracted prior to the year in which the levy is made, the district board shall have power to make an additional levy, not to exceed one dollar per acre upon all irrigable lands within the district, to create a special fund for the payment of such past due obligations; and provided further, that

whenever the claims or obligations against any fund for any year are fully paid, the board shall have the power to transfer any unused balance to any fund for any preceding or succeeding year.

§ 26. AMENDMENT.] That Section 8247a21a of the Supplement to the Compiled Laws of 1913 is hereby amended and re-enacted so as to read as follows:

§ 8247a21a. ABATEMENT OF ASSESSMENTS.] The board of county commissioners shall have the power with the approval of the Tax Commissioner to abate any assessments made by irrigation districts provided the application therefor is approved by the board of directors of the irrigation district. In case such assessments are made for the purpose of meeting payments due to the United States or any department or agency thereof or to the State Water Conservation Commission, the application shall not be granted unless it also bears the approval of an authorized representative or agent of the United States or of such department or agency, or of the State Water Conservation Commission. And in case bonds or improvement warrants are deposited with a trustee under a trust agreement or trust indenture, the consent of such trustee shall be obtained before abating any assessment for such bonds or improvement warrants. The application for the abatement may be made by the board of directors of the irrigation district instead of by individual taxpayers and any number of tracts of land may be included in a single application.

§ 27. AMENDMENT.] That Section 8247a23 of the Supplement to the Compiled Laws of 1913 is hereby amended and re-enacted so as to read as follows:

§ 8247a23. CUSTODIAN OF FUNDS — PAYMENT OF BONDS; INVESTMENT OF BOND FUND.] The county treasurer shall act as the custodian of sinking funds, or funds created for the payment of bonds or improvement warrants; provided that in case an irrigation district is located in more than one county the board of directors of the district shall, by recorded resolution, designate the county treasurer who shall act as the custodian of such funds, and upon the adoption of such resolution it shall be the duty of the county treasurer so designated to act as such custodian. A copy of such resolution and a copy of each and every contract, trust agreement or trust indenture relating to the issuance and payment of bonds, or improvement warrants, shall be filed with such county treasurer. It shall be the duty of the district treasurer to remit to such county treasurer all moneys received by him in payment of assessments levied for such sinking funds or for the payment of such bonds and or improvement warrants.

The district treasurer shall also remit to the county treasurer moneys raised from water rentals or water charges when directed to do so by the board, and he shall designate the fund or funds to

which such moneys belong; provided that all moneys, from whatever source derived, obligated under the terms of any contract or agreement made and entered into by the district, to meet payments as they become due thereunder, shall be paid and remitted to such county treasurer and shall be credited by him to the proper fund.

Upon the presentation to such county treasurer of bonds or improvement warrants, or the coupons of either, then due and payable, it shall be his duty to pay the same from any moneys in the fund created for the payment thereof. Whenever the fund created for the payment of any series of bonds or improvement warrants shall amount to ten thousand dollars (\$10,000.00) the board shall direct the county treasurer to pay such an amount of such bonds, or improvement warrants, not due, at the lowest value at which they may be offered for redemption; provided, however, that no bond or improvement warrant shall be redeemed at a rate above par. Notice of such proposed redemption shall be advertised at least once in the official newspaper of the county in which the custodian of sinking funds is county treasurer, and in any other newspaper which the board of directors may designate. Such notice shall state that sealed proposals will be received for the redemption of such bonds or improvement warrants at the time and place therein stated. Such proposals shall be opened by the board in open meeting and the lowest bid must be accepted. In case the bids are equal, the lowest numbered bonds or improvement warrants, as the case may be, shall have the preference. If no bonds, or improvement warrants, are presented for redemption the county treasurer, with the approval and consent of the board of directors, shall invest such money in bonds of the United States or in bonds or warrants of the State of North Dakota.

§ 28. AMENDMENT.] That Section 8247a24 of the Supplement to the Compiled Laws of 1913 is hereby amended and re-enacted so as to read as follows:

§ 8247a24. CONSTRUCTION OF WORKS; NOTICE; BOND OF CONTRACTOR.] After adopting a plan of said canal or canals, storage reservoirs and works, the board of directors shall give notice, by publication thereof at least once not less than fifteen days before bids are received, as herein provided, in such newspaper or newspapers as they deem advisable, calling for bids for the construction of the work or any portion thereof; if less than the whole work is advertised, then the portion so advertised, must be particularly described in such notice. The notice shall set forth that plans and specifications can be seen at the office of the board, and that the board will receive sealed proposals therefor, and that the contract will be let to the lowest responsible bidder, stating the time and place for opening the proposals, which at the time and place specified shall be opened in public and as soon as convenient thereafter the board shall let such work either in part or as a whole to the

lowest responsible bidder, or they may reject any or all bids and re-advertise for proposals, or may proceed to construct the work under their own superintendence with the labor of the residents of the district. Contracts for the purchase of materials shall be awarded to the lowest responsible bidder. The person, or persons, to whom a contract may be awarded shall enter into a bond with good and sufficient sureties, to be approved by the board, payable to such district for its use, to an amount equal to twenty-five per cent of the contract price for the faithful performance of the contract; provided, however, in case twenty-five per cent of the contract price shall exceed the sum of fifty thousand dollars, then such bond shall be in the sum of fifty thousand dollars. The work shall be done under the direction and to the satisfaction of the engineer and be approved by the board. Provided, that the provisions of this section shall not apply in case of any contract between the district and the United States or with any department, bureau or agency thereof or with the State Water Conservation Commission.

§ 29. AMENDMENT.] That Section 8247a26 of the Supplement to the Compiled Laws of 1913 is hereby amended and re-enacted so as to read as follows:

§ 8247a26. IRRIGATION PROPERTY—OPERATION—PAYMENT.] The cost and expense of purchasing and acquiring property and of purchasing or constructing the irrigation works and improvements mentioned in this act shall be paid out of funds raised for such purpose or purposes. In case bonds, or the proceeds from the sale of any series of bonds, are insufficient for the purpose or purposes for which they were issued, additional bonds may be issued after submission of the question at a general or special election to the electors of the district; and additional improvement warrants may be issued to supplement such warrants already authorized and issued; provided that bonds and improvement warrants must be paid in the order of their priority.

Any irrigation district may, subject to the approval of the electors at a general or special election, enter into an agreement or contract with the United States or with any department, bureau or agency thereof, or with the State Water Conservation Commission, or with any person, firm or corporation, for the establishment, construction and completion of the necessary irrigation works and may in such contract or agreement provide for the payment of the cost of establishing and constructing such works by the levy and collection of assessments against the lands benefited and or by annual payments from funds raised by the collection of tolls and water charges from persons furnished water for the irrigation of their lands. And for the purpose of defraying the expenses of organizing the district and the maintenance, operation, management, repair and improvement of such irrigation works, including salaries of officers and employees, the board may either collect water rentals

or may levy assessments therefor or may collect such charges and also levy assessments. For the purpose of obtaining financial aid from the United States or from any department, bureau or agency thereof or from the State Water Conservation Commission, the board of directors may agree to conform to the laws of the United States and to the regulations of any department, bureau or agency thereof, or may agree to conform to the regulations of the State Water Conservation Commission and to the supervision of such Federal agency, bureau or department or to the supervision of the State Water Conservation Commission, as the case may be.

If after the levy of the annual assessment for the current year the board finds that because of some unusual or unforeseen cause that funds raised through the collection of such assessment, and from other sources, will not be sufficient for the proper maintenance and operation of the district, and the irrigation works therein, the board shall have the power to borrow additional funds needed to an amount not to exceed fifty cents per acre for the lands within the district and to pledge the credit of the district for payment of the same; or the board may issue and register warrants in anticipation of future collections, and the board shall include in the levy for the ensuing year the amount required to pay such loan or to retire such warrants.

§ 30. AMENDMENT.] That Section 8247a47 of the Supplement to the Compiled Laws of 1913 is hereby amended and re-enacted to read as follows:

§ 8247a47. RE-DIVISION OF DISTRICT; DIRECTORS.] In case of the inclusion of any land within any district by proceedings under this act the board of directors shall, if such district contains, or will contain after the inclusion of such land, five hundred acres or more, at least thirty days prior to the next succeeding general election, make an order re-dividing such district into three divisions as nearly equal in size as may be practicable, which shall be numbered, and one director shall thereafter be elected by and from each division.

§ 31. AMENDMENT.] That Section 8247a51 of the Supplement to the Compiled Laws of 1913 is hereby amended and re-enacted so as to read as follows:

§ 8247a51. WHEN BOARD EXCLUDES LAND FROM DISTRICT.] The board of directors, if they do not deem it for the best interest of the district that the lands mentioned in the petition, or some portion thereof, should be excluded from the district, shall order that the petition be denied; but if they deem it for the best interest of the district that the lands mentioned in the petition, or some portion thereof, be excluded from the district, or if having shown cause withdraws the same, and also if there are no outstanding bonds or improvement warrants of the district and no contract between the district and the United States, or with any department or agency

thereof, or with the State Water Conservation Commission or with any person, firm or corporation, the board may then order that the lands mentioned in the petition or some defined portion thereof be excluded from the district.

§ 32. AMENDMENT.] That Section 8247a52 of the Supplement to the Compiled Laws of 1913 is hereby amended and re-enacted so as to read as follows:

§ 8247a52. If there be outstanding bonds or improvement warrants of the district, or if the district shall have entered into a contract with the United States, or with any department or agency thereof, or with the State Water Conservation Commission or with any person, firm or corporation, the board may then adopt a resolution to the effect that the board deem it to be for the best interest of the district that the lands mentioned in the petition, or some portion of such lands, should be excluded from the district. The resolution shall describe such lands so that the boundaries thereof can be readily traced. The holders of such outstanding bonds, or improvement warrants, may give their consent in writing to the effect that they severally consent that the board may make an order by which the lands mentioned in the resolution may be excluded from the district, and in case a contract has been made with the United States, or any department or agency thereof, or with the State Water Conservation Commission or with any person, firm or corporation, the authorized representative thereof may assent to such change. The assent may be acknowledged by the several holders of such bonds or improvement warrant in the same manner and form as is required in case of conveyance of lands, and the acknowledgement shall have the same force and effect as evidence as an acknowledgement of such conveyance. The assent of an authorized representative of the United States, or of any department or agency thereof, or of the State Water Conservation Commission need not be acknowledged but the authority of such representative to act must be shown. The assent must be filed with the board and must be recorded in the minutes of the board; and such minutes, or a certified copy thereof, shall be admissible in evidence with the same effect as the assent; but if such assent is not given, the board shall deny and dismiss the petition.

§ 33. AMENDMENT.] That Section 8247a53 of the Supplement to the Compiled Laws of 1913 is hereby amended and re-enacted to read as follows:

§ 8247a53. OBJECTIONS TO PROPOSED EXCLUSION; VOTE; NOTICE.] If the holders of bonds or improvement warrants, or contracts, assent to the exclusion of such lands, then the board may order an election to be held in the district to determine whether such lands shall be excluded. The notice of such election shall describe the boundaries of all lands which it is proposed to exclude, and shall be published once each week for two weeks prior to such

election in a newspaper published in each county comprising the district and such notice shall be posted at least fifteen days prior to such election in at least three conspicuous places within the district. The ballots for such election shall be in substantially the following form:

“For Exclusion”-----
 “Against Exclusion”-----

Such election shall be conducted in the same manner as general elections of the district are conducted.

§ 34. AMENDMENT.] That Section 8247a56 of the Supplement to the Compiled Laws of 1913 is hereby amended and re-enacted to read as follows:

§ 8247a56. EFFECT OF CHANGE ON OFFICE OR DIRECTOR; VACANCY.] If the lands excluded from any district shall embrace the greater portion of any division of such district, then the office of director for such division shall become and be vacant at the expiration of ten days from the final order of the board excluding the lands, and such vacancy shall be filled by appointment by the other directors of the district. A director thus appointed shall hold office for the balance of the term in which the vacancy occurs.

§ 35. AMENDMENT.] That Section 8247a57 of the Supplement to the Compiled Laws of 1913 be and the same is hereby amended and re-enacted to read as follows:

§ 8247a57. RE-DIVISION OF DISTRICT.] At least thirty days before the next general election of such district the board of directors thereof shall, if such district embraces or contains five hundred acres of land, or more, make an order dividing said district into three divisions as nearly equal in size as practicable, which shall be numbered, and one director shall be elected by and from each division.

§ 36. AMENDMENT.] That Section 8247a59 of the Supplement to the Compiled Laws of 1913 is hereby amended and re-enacted to read as follows:

§ 8247a59. The board of directors of any irrigation district organized under the provisions of this act, shall, before issuing any bonds or improvement warrants of such irrigation district, and in their discretion before making any contract or levying any assessment or taking any special action, commence a special proceeding, in and by which the proceedings of such board and of said district, the making of any contract or levying any assessment or taking any special action shall be judiciously examined, approved and confirmed or disapproved and disaffirmed.

§ 37. AMENDMENT.] That Section 8247a60 of the Supplement to the Compiled Laws of 1913 is hereby amended and re-enacted to read as follows:

§ 8247a60. The board of directors of the irrigation district shall file, or cause to be filed, in the district court of any county in which lands of the district are situated as petition praying that the proceedings had for the issuance of bonds or improvement warrants or, if the board shall deem it advisable, the proceedings had preliminary to the making of any contract, or for levying assessments or taking any special action, be examined, approved and confirmed by the court. The petition shall state the facts concerning the proceedings had for the issuance of bonds, improvement warrants, the making of any contract, levying any assessment, or concerning any special action of the board, as the case may be, and shall state generally that the irrigation district was duly organized, and that the directors were duly elected and qualified, but the petition need not state, unless the board of directors so requires, the proceedings resulting in the organization of the district or the election of the directors.

§ 38. AMENDMENT.] That Section 8247a61 of the Supplement to the Compiled Laws of 1913 be amended and re-enacted to read as follows:

§ 8247a61. DUTIES OF PRIVATE PERSONS, AGENCIES AND ORGANIZATIONS.] It shall be the duty of any and all persons, including corporations, voluntary organizations, and associations, when concerned with any agreement, contract, sale, or purchase, or the construction of any works or project which involves the use and disposition of any water, or water rights under the jurisdiction of the commission, to present to the commission all proposals with respect to the use or disposition of any such waters before making any agreement, contract, purchase, sale, or lease in respect thereof.

§ 15. SPECIAL POWERS OF COMMISSION COVERING PLANS AND APPROPRIATIONS OF WATER AND IRRIGATION.] The Water Conservation Commission is herewith empowered and authorized to make plans, investigations, and surveys concerning the use of any and all waters, either within or without this State, for purposes of establishing, maintaining, operating, controlling, and regulating systems of irrigation works and projects in connection therewith within the State. The commission shall have all necessary powers of purchasing and selling, leasing and assigning, rights and interests in the use or in the appropriation of waters concerned with such systems of irrigation projects or works in connection therewith and shall possess full authority and jurisdiction to exercise and assert actual possession over the corpus of all of such waters, and to secure control and regulation of the diversion thereof subject to rules and regulations and methods prescribed by the commission. This power and authority shall include full right to contract and agree with any person, associations, or agency concerning water rights possessed by them through which the commission may be given full authority and jurisdiction over such water and water rights. In connection therewith the commission may co-ordinate, subordinate, supplement and act jointly or subordinately with the United States and any Federal agencies or department thereof covering or concerning any Federal project affecting water use, works or projects in connection therewith.

§ 16. It is hereby declared that the commission shall have full control over all public waters of the State now unappropriated, whether above or under the ground, to the extent necessary to fulfill the purposes of this act.

In acquiring the rights and administering the terms of this act herein prescribed and established, the commission shall not be limited to the terms of the statutes of the State of North Dakota relating to water rights heretofore enacted; but, in addition thereto, may initiate a right to the waters of this State by executing a declaration in writing of the intention to store, divert, or control the unappropriated waters of a particular body, stream, or source, designating and describing in general terms such waters claimed, means of appropriation and location of use, and cause said notice to be filed in the office of the State Engineer, which right shall vest in such commission on the date of the filing of such declaration. The commission shall also file in the office of the State Engineer copies of its plans and specifications involved in completing all appropriations of water; provided, however, that the State Engineer may, subject to the approval of the commission, grant water rights to any person, association, firm or corporation, or to any municipality in the manner provided by law.

The priority of right shall date and continue from the time of such filing or recording, provided, the means of actual appropriation shall be commenced by actual work of construction with[in] two (2) years from the date of original recording. Change in means or place of diversion or control shall not affect the right of priority, if others are not thereby injured.

It shall be the duty of the commission, if it shall modify its plans in connection with any proposed project, concerning which the commission shall have filed a declaration of intention to appropriate waters, to file in the office of the State Engineer a declaration releasing all or part of the waters affected by such declaration.

Upon completing the construction of works and application to beneficial use of the waters described in such declaration, the commission shall file in the office of the State Engineer a declaration of completion of the appropriation, reciting the matters contained in the original declaration of intention to appropriate.

A certified copy of the record of such declaration of intention to appropriate, or of release of all or part of said waters, or of completion of appropriation, shall be received as competent evidence in all courts and deemed to be prima facie proof of all matters therein recited.

§ 17. The right of the commission to the waters within the State of North Dakota so acquired as hereinbefore provided for the purposes defined in this act shall attach at an from their source and while flowing in the streams, traveling to the means of control as well as when actually confined by such means. The authority and

jurisdiction of the commission shall continue over said waters after they are released for purposes of use and shall continue to such places of use, and the commission through and by officers and agents under its authority may continue to exercise and assert actual possession over the corpus of such waters and prevent the diversion thereof without permission first obtained. The commission may reclaim and possess all waters furnished or supplied by it seeping or overflowing from the previous place of use.

§ 18. Wherever natural streams are employed as a means of diversion of water from the place of confinement to the place of use, the commission shall adopt proper methods and means of determining the natural flow of such streams and when the amount of such natural flow is insufficient to satisfy or fill the needs of appropriators prior in right.

All appropriators of the natural flow of said streams shall maintain headgates and measuring devices at their respective points of diversion for the purpose of enabling the commission or its authorized agents to determine the amount of water being diverted at any time, and authority is hereby conferred upon the commission to adopt and exercise any method or act to prevent the diversion of any waters owned by it without permission first obtained.

Any person owning a water right on said stream may agree with the commission that it shall have control of the diversion of waters due under such right, and, in such event, the commission through its officers and agents may exercise the same authority over the waters due said appropriator and cause them to be delivered to him in the same manner as waters appropriated by the commission.

§ 19. For that purpose of obtaining financial aid from the United States of America, the commission may adjust the plans and operation of any project, created under this act, to conform to the laws and regulations of the Federal Government and the supervision of any board, bureau or commission constituted under such authority, and may exercise such powers whenever conferred.

§ 20. The authority of the commission conferred by the provisions of this act shall extend and be applied to any and all rights to the natural flow of the waters of this State which it may acquire by condemnation, purchase, exchange, appropriation or agreement.

For the purpose of regulating the diversion of such waters, the commission may enter upon the means and place of use of all appropriators for making surveys of respective rights and seasonal needs.

The commission shall take into consideration the decrees of the courts of this State having jurisdiction, which purport to adjudicate the waters of any such stream or its tributaries, and a fair, reasonable, equitable reconciliation shall be made between the claim-

ants asserting rights under different decrees and between decreed rights and asserted rights of appropriation not adjudicated by any court.

The commission, at its discretion, may hold hearings relating to the rights of respective claimants after first giving such notice as it deems appropriate, and make findings of the date and quantity of appropriation and use of all claimants, which the commission shall recognize and observe in diverting the waters which it owns. The commission may police and distribute to the owner of any such recognized appropriation the waters due him upon request of such owner and under terms agreed upon.

The commission, when engaged in controlling and diverting the natural flow of any stream under the authority granted by this act, shall be deemed to be exercising a police power of the State of North Dakota, and water commissioners appointed by any court shall not have any authority or jurisdiction to deprive the commission of any of the waters owned or administered under agreement with respective owners, provided the owner of any prior or vested right contending that the commission is not recognizing and respecting such right may resort to a court of law or equity for the purpose of determining whether or not the rights of said claimant have been invaded and the commission shall observe the terms of such final decree.

On the commissioner's impounding or acquiring the right of appropriation of the waters of any stream, it may divert or authorize the diversion at any point on said streams, or any portion thereof, when the same may be done without injury to any prior appropriator or riparian owner whose rights shall not have been acquired by the commission as provided in this act.

Nothing herein contained shall repeal, amend, or modify any existing acts or statutes pertaining to the appropriation or use of water except as herein otherwise provided, and nothing herein contained shall be deemed to interfere with any vested rights to the use of water.

§ 21. WATER CONSERVATION REVENUE BONDS.] 1. The commission is hereby authorized to provide, by resolution, at one time or from time to time, for the issuance of Water Conservation Revenue Bonds not exceeding a total of three million dollars for the purpose of paying the cost as hereinabove defined of any one or more such public works, the principal and interest of which bonds shall be payable from the special fund herein provided for such payment. Such bonds shall mature at such time, or times, either serially or at one time, in not more than thirty (30) years from their date, or dates, as may be fixed by such resolution, but may be made callable before maturity, if so stated in the resolution and on the face of each bond, at 105 per cent of the par value, on any interest paying date, upon thirty days notice, which shall be published once in a newspaper of general circulation in Burleigh County. The

board shall determine the rate of interest such bonds shall bear, not exceeding five per centum (5%) per annum, the time, or times, of payment of such interest, the form of the bonds and the interest coupons to be attached thereto, and the manner of executing the bonds and coupons, and shall fix the denomination, or denominations, of the bonds and the place, or places, of payment of principal and interest thereto, which may be at any bank or trust company within or without the State. In case any of the officers whose signatures appear on the bonds or coupons shall cease to be such officers before the delivery of such bonds, such signatures shall nevertheless be valid and sufficient for all purposes, the same as if they had remained in office until such delivery. All such bonds shall be and shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the Negotiable Instruments Law of the State. Such bonds shall be secured by the revenues of such works and the funds received from the sale or disposal of water and from the operation, lease, sale or other disposition of the works, property and facilities to be acquired out of the proceeds of such bonds and as hereinafter provided.

2. Provisions may be made for the registration of any of the bonds in the name of the owner as to principal alone or as to both principal and interest. The bonds authorized under the provisions of this act may be issued and sold from time to time, and in such amounts as may be determined by the commission and the commission may sell the bonds in such manner and for such price as it may determine to be for the best interests of the State, but no such sale shall be made for less than par value of each bond. The proceeds of such bonds shall be used solely for the payment of the cost of the works and shall be checked out in such manner and under such restrictions, if any, as the commission may provide. Prior to the preparation of definitive bonds, the commission may under like restrictions issue temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. Such bonds may be issued without any other proceedings or the happenings of any other conditions or things than those proceedings, conditions and things which are specified and required by this act or by the Constitution of the State.

3. Each resolution providing for the issuance of bonds shall set forth the project or projects for which the bonds are to be issued, and the bonds authorized by each such resolution shall constitute a separate series. The bonds of each series shall be identified by a series of letter or letters, and may be sold and delivered at one time or from time to time.

4. Whenever the commission shall find it necessary to insure or guarantee the payment of a part of the principal of any series of Water Conservation Commission Revenue Bonds, in order to sell or market such bonds, it is hereby authorized, and the commission may, in its discretion, enter into an agreement to pledge, hypothe-

cate, obligate, place under trust indenture or agree to deposit in a trust fund, moneys appropriated to the commission for operating or construction costs; provided that the payment of any series of such revenue bonds shall not be thus guaranteed or insured in excess of twenty per cent of the par value of such bonds, and provided further that for the biennial period ending June 30, 1941, the commission shall not thus pledge, hypothecate or place under trust indenture, or agree to pledge, hypothecate or to place under trust indenture, an aggregate amount in excess of fifty thousand dollars and provided further that any agreement to thus pledge, hypothecate, or place under trust indenture any amount in excess of fifty thousand dollars shall be, and is hereby declared null and void, provided, however, that the appropriation or use of said fifty thousand dollars shall not be construed to be the pledging of the credit of the State of North Dakota nor the guaranteeing of any bonds issued hereunder.

§ 22. LIEN UPON BONDS PROCEEDS.] All moneys received from any bonds issued pursuant to this act shall be placed in the Construction Fund and applied solely to the payment of the cost of the works and there shall be and hereby is created and granted a lien upon such moneys until so applied, in favor of the holders of the bonds or the trustee hereinafter provided for in respect of such bonds.

§ 23. TRUST INDENTURE, RESOLUTION AND COVENANTS OF COMMISSION.] In the discretion of the commission any series of such bonds may be secured by a trust indenture by and between the commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside of the State. Each trust indenture or an executed counterpart thereof shall be filed in the office of the Secretary of State of North Dakota. The filing of a trust indenture or an executed counterpart thereof in the office of the register of deeds of the county in which the property covered by said trust indenture is located shall constitute constructive notice of the contents thereof to all persons from the time of such filing and no recording of such trust indenture or the contents thereof shall be necessary.

Either the resolution providing for the issuance of bonds or such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper, not in violation of law, including covenants setting forth the duties of the State and the commission in relation to the acquisition, construction, improvement, maintenance, operation, repair, and insurance of the works, the custody, safeguarding and application of all moneys, and may provide that the works shall be acquired, constructed, or partly acquired and partly constructed and paid for under the supervision and approval of consulting engineers employed or designated by the commission and satisfactory to the original purchasers of the bonds issued there-

for, their successors, assigns, or nominees, who may be given the right to require that security given by contractors and by any depository of the proceeds of the bonds or receipts and revenues of the works, or other moneys pertaining thereto, shall be satisfactory to such purchasers, successors, assigns, or nominees. Such resolution or indenture may set forth the rights and remedies of the bondholders and trustee, restricting the individual rights of action of bondholders as is customary in trust indentures, deeds of trust and mortgages securing bonds and/or debentures of corporations. No enumeration of particular powers hereby granted shall be construed to impair any general grant of power herein contained. All expenses incurred in carrying out such trust indenture may be treated as a part of the cost of maintenance, operation and repairs of the works affected by such indenture.

In connection with the issuance of any such bonds for the purpose of paying in whole, or as supplemented by a grant as aforesaid from the United States of America or any instrumentality or agency thereof, the cost of any works or project, or in order to secure the payment of such bonds, the commission shall have power:

(a) To pledge all or any part of the income, profit and revenue of such works or project, and all moneys received from the sale or disposal of water, use of water, water storage, or other service, and from the operation, lease, sale or other disposition of all or any part of such works or project, and to covenant to pay such income, profit and revenue into the Revenue Bond Payment Fund.

(b) To covenant against pledging all or any part of the income, profit and revenue of such works or project and all moneys received from the sale or disposal of water, use of water, water storage, or other service, and from the operation, lease, sale or other disposition of all or any part of such works or project.

(c) To covenant against mortgaging all or any part of such works or project, or against permitting or suffering any lien thereon.

(d) To covenant to fix and establish such prices, rates and charges for water and other services made available in connection with such works or project so as to provide at all times funds which will be sufficient, (1) to pay all costs of operation and maintenance of such works or project together with necessary repairs thereto, and (2) to meet and pay the principal and interest of all such bonds as they severally become due and payable, and (3) to create such reserves for the principal and interest of all such bonds and for the meeting of contingencies in the operation and maintenance of such works or project as the commission shall determine; and to make such further covenants as to such prices, rates and charges as the commission shall determine.

(e) To create special funds, in addition to those required by this act, for the meeting of contingencies in the operation and maintenance of such works or project and to determine the manner in

which, and the depository or depositories in which, such funds shall be deposited and the manner in which the same shall be secured, and it shall be lawful for any bank or trust company incorporated under the laws of the State to act as such depository and to furnish such indemnifying bonds or to pledge such securities as may be required by the commission on all deposits exceeding the sum of five thousand dollars.

(f) To provide for the replacement of lost, destroyed, or mutilated bonds.

(g) To covenant against extending the time for the payment of the principal or interest on any of such bonds, directly or indirectly by any means or in any manner.

(h) To prescribe and covenant as to the events of default and terms and conditions upon which any or all of such bonds shall become or may be declared due before maturity and as to the terms and conditions upon which such declaration and its consequences may be waived.

(j) To vest in a trustee or trustees the right to enforce any covenant made to secure or to pay such bonds, or to foreclose any trust indenture in relation thereto, to provide for the powers and duties of such trustee, or trustees, to limit the liabilities thereof, and to provide the terms and conditions upon which the trustee or trustees or the holders of bonds or any proportion of them may enforce any such covenant or exercise the right of foreclosure.

(k) To make covenants and do any and all such acts and things as may be necessary or convenient or desirable in order to secure such bonds, or, in the absolute discretion of the commission to make such bonds more marketable, notwithstanding that such covenants, acts or things may not be enumerated or expressly authorized herein.

(l) It being the intention hereof to give the commission power to do all things in the issuance of such bonds, and in providing for their security that may not be inconsistent with the Constitution of North Dakota.

§ 24. MORTGAGE OF COMMISSION.] In the discretion of the commission any trust indenture executed by it as security for a series of such bonds may contain provisions for conveying in trust or mortgaging the works, the project, or any part of such works or project (including all water rights, which are a part thereof), constructed with the proceeds of such bonds or with such proceeds as supplemented by the proceeds of a grant to aid in financing such construction from the United States of America or any instrumentality or agency thereof, and may be in such form, and with such

rights, remedies and provisions as is customary in trust indentures, deeds of trust, and mortgages securing bonds and/or debentures of corporations. Any purchaser at any sale of any works or project pursuant to a judgment or decree in an action to foreclose a trust indenture conveying in trust or mortgaging any works or projects shall obtain title to such works or project free from any trust or other obligation of the commission, the State of North Dakota, or the public thereof, as to its operation, maintenance, use or disposition except the obligation to use all water impounded in such works or project for sale, rental distribution, or other beneficial use.

§ 25. FUNDS.] The commission shall create three funds to be known as "Administration Fund," the "Construction Fund" and as the "Revenue Bond Payment Fund." The moneys in each such fund shall be deposited in such depository or depositories and secured in such manner as may be determined by the commission. It shall be lawful for any bank or trust company incorporated under the laws of this State to act as such depository and to furnish such indemnifying bonds or to pledge such securities as may be required by the commission on all deposits exceeding the sum of five thousand dollars.

The commission shall establish a complete system of accounting to show—the total expenditure of and investment in each project and the total revenue derived therefrom and to prepare periodic reports giving the financial statement of each project and the status of all projects together.

§ 26. CONSTRUCTION FUNDS.] The proceeds of the bonds of each series issued under the provisions of this act shall be placed to the credit of the Construction Fund, which fund shall at all times be kept segregated and set apart from all other funds. There shall be also credited to the Construction Fund all accrued interest upon the bonds and the interest received upon the deposits of moneys in such fund and moneys received by way of grant from the United States or from any other source for the construction of the works. The moneys in the Construction Fund shall be paid out or disbursed in such manner as may be determined by the commission, subject to the provisions of this act, to pay the costs of the works as hereinabove defined. Any surplus which may remain in the Construction Fund, after providing for the payment of the cost of the works, shall be added to and become a part of the Revenue Bond Payment Fund hereinafter provided for.

§ 27. REVENUE BOND PAYMENT FUND.] To identify and distinguish the fund provided and available for the payment of the bonds issued pursuant to this act and there is hereby created and established, as a part of the moneys of this State received and kept by the State Treasurer, a fund to be designated the Revenue Bond Payment Fund. All moneys received by the State Treasurer whether from payments made by the commission or from legislative appro-

priation or from the proceeds of taxes or otherwise, which shall be by law or by other authoritative designation made applicable to the payment of said bonds or interest thereon shall be kept by the State Treasurer in such fund distinct from all other moneys and shall be disbursed by him only for the particular purpose or purposes for which such moneys shall be delivered to him and no other appropriation shall ever be made of the moneys in such fund until such bonds shall be fully paid.

§ 29. The State Treasurer shall pay the interest on said bonds upon presentment to him of the coupons for such interest when due, and shall redeem such bonds upon their maturity by paying the principal thereof, all such payments to be made out of the Revenue Bond Payment Fund without Auditor's warrant. All moneys in such fund, or so much thereof as may be necessary is hereby appropriated for the payment of the interest and the principal of such bonds, and this appropriation shall not be repealed, and no provisions made in this act for the payment of said bonds and interest shall be discontinued until the debt evidenced by said bonds, both principal and interest, shall have been paid.

§ 30. All the property of the commission shall be exempt from taxation.

§ 31. All general administrative expenses of the commission, the compensation and expenses of its employees, and the cost of investigations, planning, surveying, as authorized by this act, shall be paid from the Administrative Fund and also the cost of all preliminary work on any project and all expenses directly chargeable to such project, prior to the receipt of the proceeds of bonds, shall be paid from the Administrative Fund. The amount of all such expenses on account of any project and such part of the general administrative expenses of the commission, its employees and of the cost investigation as shall be properly chargeable, in the opinion of the commission to such projects, shall be reimbursed to the Administration Fund upon the receipt of the proceeds of revenue bonds issued and sold pursuant to this act. No liability or obligation shall be in-

curred under the provisions of this act beyond the extent to which money shall have been provided under its authority.

The commission shall have authority to receive and accept appropriations and contributions from any source of either money or property or other things of value, to be held, used, and applied for the purposes in this act provided.

§ 35. REPEAL.] All acts, or parts of acts in conflict herewith, are hereby repealed.

§ 36. EMERGENCY.] Because of the inability of thousands of citizens throughout the State to find employment and to support themselves and their families in the present depression, and because of serious crop failures, and health hazards, resulting from unprecedented drought conditions, it is necessary to proceed immediately with the construction of the works authorized by this act in order to create employment, assist the growing crops and prevent irreparable injury to the people of the State. Any of the said lands, including lands held in trust for any purpose, may, with the approval of the Board of University and School Lands, be exchanged for lands of the United States, as the Legislature may provide, and the lands so acquired shall be subject to the trust, if any, to which the lands exchanged therefor were subject, and the State shall reserve all mineral and water and water power rights in lands so transferred by the State.

Provided, further, that, when land has been sold on contract as hereinbefore provided, and the purchases [purchaser] or his heirs or assigns, has been unable, at least in part by reason of successive crop failures, to pay for the land purchased within twenty years after the date of purchase and such contract is in default and subject to cancellation, the Board of University and School Lands, may, if so requested by such purchaser or his heirs, or assigns, after declaring such contract terminated, resell the land described in such contract to such purchaser, or his heirs or assigns for the amount of the unpaid principal of the original purchase price plus the amount of unpaid accrued interest, but in no case shall the resale price be more than the original sale price, such contract of resale to be upon the same terms as said original contract excepting that the contract of resale may provide that the purchaser may pay the first one-fifth of the resale price in five equal successive annual installments, the first installment to be paid at the time of execution of the resale contract, and that such resale contract shall bear interest at the rate of three per cent per annum payable annually; and provided further, that this Section shall be deemed self-executing insofar as provision is made herein for resale of lands sold to the original purchaser or to his heirs or assigns.

Senate Concurrent Resolution No. 21—(Olson of McHenry,

A RESOLUTION REQUESTING CONGRESS TO INCLUDE "COST
OF PRODUCTION" IN THE SOIL CONSERVATION ACT,
TOGETHER WITH ITS INSURANCE FEATURES.

*Be It Resolved by the Senate, the House of Representatives Con-
curring:*

§ 1. From and after July 1, 1939, the price paid for spring wheat, durum and winter wheat shall be such a price as will include "cost of production," or \$1.75 per bushel for No. 1 hard spring wheat, \$1.50 for No. 1 durum and winter wheat, and other grades in proportion of such sufficient unsettled price as the Secretary of Agriculture shall deem higher to the producer than the speculative and world markets at the country elevator on that portion of such crops as are consumed within the United States. Each producer shall be entitled to and receive such cost of production price only on that part of his said crops as shall represent his average share of the "home consumption market" covering his production of the previous normal five year period, or on 54% of his allotted acres, as indicated by the A.A.A. records for the base years 1928 to 1932. And in case of deflation of present money value or war prices said cost of production prices shall advance proportionately.

§ 2. The Secretary of Agriculture shall compile data on various crops herein mentioned, from all sections of the country where such crops are produced, and from such data shall determine the average cost of production on average lands under average conditions throughout the United States. From this compiled data on various crops the Secretary of Agriculture shall further determine the number of bushels to be sold at said cost of production price for each State and county, and in turn shall issue books of "wheat stamps" representing each bushel of said cost of production wheat, each State, and in turn each county, to receive "wheat stamps" in proportion to the allotted cost of production wheat for that area.

The county A.A.A. committee shall determine from the data sent them by the Secretary of Agriculture and from its own county A.A.A. records the number of allotted bushels for each producer. They shall also notify each producer of the amount of cost of production wheat allotted him and at the same time deliver to the producer "wheat stamps" of an amount equal to his allotted bushels.

When the producer sells his grain he shall deliver to the elevator man as many "wheat stamps" as bushels sold. The elevator man in turn shall send the miller or other buyer of this wheat, "wheat stamps" in the same amount as he has received representing this cost of production wheat.

No miller shall be permitted to manufacture flour for home

consumption from any wheat other than that which is covered or represented by "wheat stamps". Flour manufactured from wheat not earmarked by "wheat stamps" must be sold in foreign markets. Any miller violating these stipulations forfeits his bond.

§ 3. The producer shall sell all his allotted grain at the said cost of production price and from this the country elevator man shall retain 25¢ from every bushel of grain sold, or such sufficient rate as will cover all losses, as the premium for the insurance adjustment plan. These premiums shall be sent to the Secretary of Agriculture and in case of loss of crops by drought, hail, rust, frost, wind, blight, flood, or insects said losses shall be paid from this fund. (Said insurance shall not be payable on unfit seed or seeding, nor on submarginal land crops.) Appraisals on losses shall be made by the county A.A.A. committee, and no losses shall be considered which are less than 50% of the county average production per acre. If losses occur the producer shall return to the county A.A.A. committee "wheat stamps" for his insurance payments per acre according to the following rates:

50% loss—50% of "wheat stamps"	Insurance	\$4.00
65% " —75% " " " "	"	\$6.00
80% or over—100% of "wheat stamps"	"	\$8.00

In case of farmers producing less than 100 acres they shall be entitled to \$2.00 per acre additional insurance in case of total loss only.

§ 4. The owner and renter shall each receive their share of the cost of production prices on insurance as agreed to between themselves. In event any producer in any one year shall produce more than his share of the home consumption market as represented by cost of production wheat allotted him, such over-production shall be termed as exportable surplus and may be by the producer sold on the world market, stored, fed, or disposed of in any manner as he sees fit, except that none of such surplus shall be sold on any market in the United States for domestic consumption purposes. If a producer stores all or part of his surplus wheat and fails to produce his quota of allotted home consumption wheat in following years he shall be permitted to sell on the home markets from such surplus enough to fill his quota for that year.

§ 5. The producer shall have the privilege of accepting or rejecting this cost of production plan, and shall also have the privilege of sowing as much or as many kinds of grain as he chooses, and this without restrictions except his allotment requirements where he accepts the cost of production plan. In no case shall the allotted acres assigned to one man or one company's interest exceed 1500 allotted acres of wheat.

§ 6. Congress shall appropriate two hundred million dollars (\$200,000,000) as a fund to take place of the insurance in such areas

as are now affected by drought or other causes of crop failure at the present time, said advance payment to be taken out of the producer's allotted bushels sold when he again harvests a normal crop. When the government advances the premium for a farmer, as above stipulated, it shall place such farmer in good standing in respect to this wheat insurance with the same privileges and protection as other producers who advanced their own premium.

§ 7. This insurance adjustment plan shall be operated on as economical, self-supporting, and non-profitting a plan as possible when established.

SUGGESTED AMENDMENTS

1—Wheat to be seeded in what is considered seasonable time and in good workmanlike manner.

2—The Government to have the power to raise the allotted wheat quota for each year if domestic needs require it.

3—Any person or persons imitating or counterfeiting for personal profit or gain said stamps made by the Government shall be prosecuted to the fullest extent of the law.

4—It is the intent and purpose of this act to furnish insurance to those entering the plan regardless of whether individuals have contributed to the insurance fund or not, it being expressly understood that the liability of participants shall have been discharged when and if they market wheat and thereby contribute to the insurance fund.

5—To guard against any unforeseen difficulties in marketing the wheat the Government should establish an available revolving fund sufficient to take care of purchases of any peak marketing and storing of wheat by the producer, in the country elevator. Said revolving fund to be maintained from year to year without depletion, this fund to take care of all handling charges plus freight.

6—*Be It Further Provided*, that the Secretary of State is hereby instructed to forward copies of this resolution to chairmen of committees on agriculture in legislative bodies of the States of South Dakota, Montana, Nebraska, Kansas, Oklahoma, Texas, Idaho, Colorado, Wyoming, and Washington; and to our Congressmen and Senators from North Dakota, and to the President of the United States.

ESTABLISHMENT OF PRICES ON FARM PRODUCTS EQUAL TO
THE COST OF PRODUCTION

*Be It Resolved by the Senate of the State of North Dakota, the
House of Representatives Concurring:*

WHEREAS, the farmers of the United States by producing the food products of the Nation are rendering society a greater service than any other group of citizens, and

WHEREAS, in producing the wealth which sustains life, the producers are forced to work long days and are deprived of the luxuries enjoyed by other professions, and

WHEREAS, the Federal Government has seen fit to allow the importation of millions upon millions of dollars worth of the products of the farm—in fact it would require many millions of acres of American soil to produce this amount of agricultural products, and

WHEREAS, many thousands of farm homes have been lost through mortgage foreclosures, tax deeds and otherwise, and

WHEREAS, the causes of this condition in our farming industry are drouth, importation of farm products, and prices that are far below the cost of production,

NOW, THEREFORE, BE IT RESOLVED by the Senate of the State of North Dakota, the House of Representatives concurring, That this Legislative Assembly of North Dakota respectfully memorialize the Congress of the United States to establish prices on all major products of the farms of this Nation, that will give the owners and tillers of these farms the cost of production, and

BE IT FURTHER RESOLVED, That attested copies of this resolution be sent to both Houses of the Congress of the United States, to each of the members thereof from this State, and to the Secretary of Agriculture, all of Washington, D. C.

Senate Concurrent Resolution No. 106.—(Holl)**REQUESTING FEDERAL INVESTIGATION OF COST OF PRODUCTION OF VARIOUS ITEMS**

A concurrent resolution urging immediate investigation by Congress of manufacturers of farm implements to determine costs of raw materials, manufacture, distribution, ultimate costs to farmer, price spread between farmer and consumer of farm products, determination of farm machinery prohibitions, prohibitions as to flax crops and importation to meet the country's need, and to determine if a trust exists exercising unfair practices to the detriment of the agricultural commonwealth.

Be It Resolved by the Senate of the State of North Dakota, the House of Representatives Concurring Therein:

WHEREAS, the Government of the United States is largely dependent upon agriculture as one of its basic industries, the solvency of which must be assured if we are to continue as a happy and prosperous nation, and

WHEREAS, all attempts by the Government or independent agencies to appreciably narrow the spread between the prices received by the farmer or agriculturist for the products he has to sell and the price said farmer or agriculturist has to pay for the necessary equipment or machinery to the successful operation of said agricultural industry has been of no avail, and

WHEREAS, the farmer or agriculturist for the past many continuous years has been compelled to accept prices for his products much below the cost of production, while at the same time he has been compelled to pay ever-increasing prices for the machinery and equipment essential to the successful operation of said agricultural industry, bringing about a recognized condition where the purchase of new or replacement machinery is almost prohibitive, as for example during the year 1915 a farmer could buy a binder in exchange for approximately 145 bushels of wheat, while during the year 1938 it would require approximately 1050 bushels to replace the same machine, notwithstanding the ever-increasing supply of raw materials essential to the manufacture of machinery and equipment leading toward and actually bringing about a lower market price to the manufacturer, and

WHEREAS, the price spread between what the farmer or agriculturist receives for the products he has to sell and what the ultimate consumer has to pay appears to be sufficient to afford the producer the cost of production, and

WHEREAS, there is an ever-growing belief on the part of the agricultural commonwealth to the effect that an implement trust does in fact exist, exercising unfair practices to the detriment of agriculture, and

WHEREAS, there is entertained a further belief of sinister motives and unfair practices on account of the immensity, financial ability and influence arising therefrom on the part of said farm implement manufacturers by and between said manufacturers and the various Federal agencies, such as the Soil Conservation Department, the Department of Agriculture and the officials whose duty it is to impose duties and tariffs through the prohibition of the use of certain farm implements, such as the mold-board plow etc., making necessary the purchase of new equipment; the forbidding of farmers to raise flax while at the same time permitting large imports of flax from foreign countries to the detriment of the United States farmer; leading to the conclusion that the said United States farmer was sold down the river so that the door would be left open and enable the farm implement manufacturers to sell their wares to the countries favored with such imports to this country, and

WHEREAS, the farmer is anxious to co-operate with the Federal Government on any stable plan to benefit agriculture, but finds it a physical and financial impossibility to keep abreast of the kaleidoscopic changes in policies of the Department of Agriculture requirements, and

WHEREAS, Thomas Jefferson once said, "I have sworn on the Altar of God eternal hostility against any form of tyranny over the mind of man; I am for freedom of speech and freedom of the press; I am opposed to silence by force instead of reason, any complaint or criticism, just or unjust, by our people against the government," and further left with us with this admonition, "Were we directed from Washington when to sow and when to reap, we should soon want bread;"

NOW, THEREFORE, BE IT RESOLVED by the Senate of the State of North Dakota, the House of Representatives concurring, That we petition and urge the Congress of the United States to institute immediately an investigation into all matters contained herein and to enact such laws that will eliminate the abuses complained of to the end that the farmers of this Nation may receive the cost of production for their products and thereby be placed on a parity with other forms of industry, and

BE IT FURTHER RESOLVED, That attested copies of this resolution be sent to both Houses of Congress of the United States, to each of the members thereof from this State, and to the Secretary of Agriculture, all of Washington, D. C.

Joint Memorial Resolution.—(Thorson)

HON. JOSEPH M. DEVINE

Be It Resolved by the Twenty-sixth Legislative Assembly of the State of North Dakota:

WHEREAS, since the close of the Twenty-fifth Legislative Assembly many former officers including 46 men who served in one or both houses of the Legislature, have been called from life,

AND WHEREAS, they all rendered a distinct and lasting service to this State not only in public office but in their private capacities by loyalty to duty and high ideals,

THEREFORE, BE IT RESOLVED, That in the death of these honorable and honored men, we severally and unitedly express our deep appreciation of them, and of the lives they lived, and of the services they rendered, not only in their public life but as earnest, loyal citizens and residents of their respective communities, and that we mourn their departure and express our deepest sympathy for the members of their families.

BE IT FURTHER RESOLVED, That the lessons we can learn from the lives of those who have preceded us are constant devotion to our country and that we must love and defend our country for our country's sake. We must faithfully and courageously discharge the duties which devolve upon us in whatever station or sphere of life we may be placed. We must transmit unimpaired to those who follow us the heritage we have received from those whose lives we memorialize today.

AND BE IT FURTHER RESOLVED, That these memorials be printed in the House Journal of this legislative day and that duly enrolled copies thereof be sent to the present head of the surviving family of each of said deceased.

The death of Joseph M. Devine removed from North Dakota one of its most prominent and useful citizens. He was born in March, 1861, in what is now the State of West Virginia, but at that time a part of Virginia, just at the beginning of the war between the States. He came of an excellent family who were neither rich or not poor, but were a part of that great substantial portion of the citizens of this country on whom rests the responsibility for the stability of our government. Mr. Devine knew the necessity and the benefits of hard work. He worked his way through the University of West Virginia, from which institution he was honorably graduated.

In 1883 he came to Dakota Territory and filed on a homestead in LaMoure County and was engaged in both farming and school

teaching. For fifty-five years he took an active and honorable part in the public affairs of both Territory and State. He served the public in many different capacities with honor and credit to himself and great usefulness to the people.

In 1884 he was elected county superintendent of schools for that county and served ten years in that capacity. In 1896 he was elected Lieutenant Governor of North Dakota and in August 1898 he became Governor on the death of Governor Frank Briggs. In November 1898, he was re-elected Lieutenant Governor. It is said he was a model presiding officer and had the respect and confidence of the entire Senate during the two sessions he was in the chair.

In 1900, Mr. Devine was elected Superintendent of Public Instruction and occupied that office until January 1, 1903. He engaged in business at Minot in 1903, but was soon called to other public positions.

He was secretary of the board of trustees of State Normal Schools from 1911 to 1913. He superintended the construction of the buildings for the Normal School at Minot.

Mr. Devine was appointed superintendent of the State Training School at Mandan which position he held for more than ten years. He was then appointed State Immigration Commissioner and served in that capacity till the office was abolished.

Mr. Devine served the public for more than half a century and at no time did he receive more than a meager salary, but notwithstanding that, he rendered the highest degree of services he was capable of and was always true to every trust. Mr. Devine passed away at Mandan, August 31st, 1938. Mrs. Devine, one son and two daughters survive.

*Be It Resolved by the House of Representatives of the State of
North Dakota:*

WHEREAS, President Franklin Roosevelt in his message to Congress specifically pointed out the unjust and unfair operation of the present Embargo Act which prevents the victims of aggressor nations from obtaining the necessary materials and supplies for proper self-defense; and

WHEREAS, with the lifting of the present embargo Loyalist Spain stands ready to buy for cash and provide necessary transportation for large quantities of agricultural products which now constitute the surplus in our country and aggravates the depression here; and

WHEREAS, such sale of surplus commodities will definitely improve the economic position of our farmers while at the same time it will be of incalculable aid to the cause of democracy in Spain and serve to unite democratic nations against the encroachments of undemocratic and dictatorial forms of government which now seek to displace the form of government which we revere; now, therefore, be it

FORT BERTHOLD ROAD PROGRAM

A concurrent resolution petitioning Congress to make appropriations ample for the road program of the Fort Berthold Reservation.

Be It Resolved by the House of Representatives of the State of North Dakota, the Senate Concurring:

WHEREAS, the Three Affiliated Tribes of the Fort Berthold Reservation have eight well-equipped government schools, with four busses traveling over ninety miles of poorly constructed roads in all kinds of weather, and

WHEREAS, medical and hospital service at the agency renders appreciable service to the Indians, but the work in the field is made very difficult due to poor road facilities, creating a condition unsatisfactory and dangerous, alike to the field medical service, and the members of the Three Tribes, and

WHEREAS, the construction of roads has enabled the young men of the reservation, just out of school, an opportunity to learn practical work and earn a livelihood, and

WHEREAS, the tribal council favors the construction of all-weather Indian Service roads, to serve as "life lines" to truck trails and fire suppression lanes to remote areas of the reservation, and

WHEREAS, the allotment for the past two years has been forty thousand dollars (\$40,000) per annum, a much smaller amount than allowed in many jurisdictions of smaller area, and it is believed this sum may be curtailed, and

WHEREAS, this fund does not allow for the employment of sufficient labor to operate equipment to advantage, nor employ available man power, and this, not being supplemented by State or other funds, makes it necessary to rely solely upon gratuitous appropriations, now therefore,

BE IT RESOLVED by the House of Representatives of the State of North Dakota, the Senate concurring: That the North Dakota Legislative Assembly urgently recommends that in the interests of health, welfare and education, that a yearly allotment of not less than seventy-five thousand dollars (\$75,000) be appropriated for the road program of the Three Affiliated tribes of the Fort Berthold Reservation, and

BE IT FURTHER RESOLVED: That the Secretary of State is instructed and directed to transmit copies of this resolution to the President of the Senate, the Speaker of the House of Representa-

Be It Resolved by the House of Representatives of the State of North Dakota, the Senate Concurring:

Senate Resolution No. C—(Committee on Agriculture and Livestock)

A RESOLUTION RELATING TO THE ERADICATION OF
GRASSHOPPERS BY ARSENIC POISON

Be It Resolved by the Senate of the State of North Dakota:

WHEREAS, the Senate Committee on Agriculture unanimously agreed on the following: that grasshoppers cannot be eliminated by the spreading of arsenic poison and to the best judgment of the committee less than three per cent (3%) were killed by the use of arsenic poison in 1938;

WHEREAS, the farmers were more willing to cooperate in the spreading of arsenic in 1938 than they will be in 1939, and to the best judgment of the Committee eighty per cent (80%) of the farmers in North Dakota will not be willing to cooperate in the spreading of the bait in 1939, because of the poor results in the 1938 experiment and of great losses to livestock from such poison, and also the killing of upland birds, which are the natural remedy for the eradication of insects;

WHEREAS, several million dollars of the tax payers' money collected by the Federal, State and counties have been spent for this purpose and hardly any benefit has been received therefrom;

WHEREAS, the greatest benefit resulting from the preparation of grasshopper poison goes to the manufacturers of arsenic and other ingredients used in the preparation of the grasshopper poison, all of which is promoted and recommended by the Extension Department of the Agricultural College of this State;

THEREFORE, BE IT RESOLVED, That we recommend that all Federal money appropriated for the eradication of insects be allotted to the States according to amount or degree of infestation, to be spent and used by the State Grasshopper Committee according to their best judgment; and

WHEREAS, the predominating kind of grasshoppers which infested our State last year were the migratory kind which deposit their eggs in the stubble all over the fields, it is imperative that some kind of control work be carried on not only along the edges

WHEREAS, there is a growing feeling in the State that at least some other method be tried to control grasshoppers and other insect pests.

BE IT THEREFORE RESOLVED by the House of Representatives of the State of North Dakota That they earnestly request that a portion of the appropriation for grasshopper control which is allocated to the State of North Dakota be used under the control and direction of the Grasshopper Control Committee of this State in conjunction with the Extension Service to carry on new projects in this State for the control of grasshoppers and other insect pests and that funds be made available in the early spring of 1939.

We will welcome him to our State as a man who brought peace to his country, ended centuries of bloody warfare, ended foreign rule and established a free and independent nation.

The thousands of descendants of those who claimed Eire as their homeland still carry a bit of Ireland in their hearts and will generously welcome him to this State.

INVITATION TO KING & QUEEN OF ENGLAND

Be It Resolved by the House of Representatives of the State of North Dakota the Senate Concurring Therein:

WHEREAS, we have been informed that Their Majesties, the King and Queen of the United Kingdom of Great Britain this summer will honor our country and people with their presence; and,

WHEREAS, there has been established, and is being maintained by the people of the Dominion of Canada and the people of the United States of America, a park situated partly in North Dakota and partly in the Province of Manitoba and known as the International Peace Garden, which park has been established and is being maintained as a constant memorial to the peaceful relations between the United States of America and the Dominion of Canada and the other members of the British Commonwealth of Nations.

Here there are no messengers of death and desolation, no fear of destruction by shot, shell, or poisonous gasses. Trees unselfishly give their shade—flowers their beauty and fragrance to all. Songs of birds, and not the shrieks of shrapnel or boom of cannon, are heard.

THEREFORE, BE IT RESOLVED by the House of Representatives of the State of North Dakota, the Senate concurring, That we respectfully extend to Their Majesties a hearty welcome to our country, and we fervently express the hope that they may find it possible to come to this State and to the garden which our people and the loyal subjects of Their Majesties in Canada have established and dedicated to the principles of freedom, justice, and peace.

BE IT FURTHER RESOLVED That a copy of this resolution, duly authenticated by the signatures of the Governor of this State and of the presiding officers of the Senate and the House of Representatives, and with the Great Seal of the State of North Dakota thereunto attached, be transmitted by the Secretary of State of the State of North Dakota through the proper official channels for presentation to Their Majesties, the King and Queen of the United Kingdom of Great Britain.

INVITATION TO CROWN PRINCE & PRINCESS OF NORWAY

Be It Resolved by the House of Representatives of the State of North Dakota, the Senate Concurring:

WHEREAS, we have been informed that Their Royal Highnesses, the Crown Prince Olaf, and his wife, the Crown Princess Martha, of the Kingdom of Norway, this summer will honor this State and its people by their presence here:

NOW, THEREFORE, BE IT RESOLVED by the House of Representatives of the State of North Dakota, the Senate concurring, That we extend to them a hearty welcome on behalf of the State and its people.

We welcome them as a man and a woman who have raised high the standards of public duty and civic virtue, and by their daily lives have set an example, not only for their own people, but for men and women everywhere.

We welcome them as representatives of a country and a people who have demonstrated their devotion to world peace and the principles of national honor and integrity, upon which any real peace must rest. In a world torn with barbaric strife and warfare, it is heartening to be able to view in retrospect the high example set by Norway and Sweden in 1905. They then demonstrated to the world that intelligent and truly civilized nations can settle fairly, effectively, and permanently, and without the sacrifice of national honor, any and all questions that may arise. As the people of Norway and Sweden today point with pride to the dismantled forts and razed fortifications along their common boundary, and rejoice in the fact that today flowers grow where formerly cannon stood, and birds sing where formerly messengers of death stood ready to bring destruction and woe, so we of North Dakota are proud of the fact that here on our soil, in the heart of the great North American continent, along our northern border, there lies a garden established and maintained through the voluntary efforts of the peoples of the United States of America and of the Dominion of Canada, our neighbor to the north, which garden is dedicated to the principles of good faith and justice between nations, and is a pledge of just and lasting peace.

We therefore respectfully invite Your Royal Highnesses to visit the International Peace Garden, in this State, as representatives of a country that has adopted as a part of its national creed the observation of "good faith and justice toward all nations," and that has constantly cultivated "peace and harmony with all."

BE IT FURTHER RESOLVED That a copy of this resolution, duly authenticated by the signatures of the Governor of this State, and the presiding officers of the Senate and the House of Representatives, and with the Great Seal of the State of North Dakota thereunto attached, be transmitted by the Secretary of State of the State of North Dakota through the proper official channels for presentation to Their Royal Highnesses, the Crown Prince and Crown Princess of Norway.

INVITATION TO PRESIDENT OF THE UNITED STATES.

Be It Resolved by the House of Representatives of the State of North Dakota, the Senate Concurring Therein:

WHEREAS, there has been established and is being maintained by the people of the Dominion of Canada and the people of the United States of America, a park known as the International Peace Garden, situated partly in North Dakota and partly in the Province of Manitoba, which park is dedicated to the principles of freedom, justice, and peace, and was established and is being maintained as a constant reminder of, and memorial to, the peaceful relations that so long have existed between the United States of America and the Dominion of Canada and other members of the British Commonwealth of Nations, and is a pledge that those relations shall continue for all time; and

WHEREAS, the governments of the United Kingdom of Great Britain, and the Kingdom of Norway, are dedicated to the same sacred principles of liberty and justice upon which the government of the United States of America rests, and have adopted as a part of their national creed the fundamental policy of our country, originated by George Washington, to "observe good faith and justice toward all nations" and to "cultivate peace and harmony with all."

THEREFORE, BE IT RESOLVED by the House of Representatives of the State of North Dakota, the Senate Concurring: That we respectfully extend to His Excellency, the President of the United States of America, a hearty invitation to visit the International Peace Garden, and suggest that, if possible, arrangements be made so that the time of his visit Their Majesties, the King and Queen of the United Kingdom of Great Britain, and Their Royal Highnesses, the Crown Prince and Crown Princess of the Kingdom of Norway, also visit the International Peace Garden, and thereby call again to the attention of all men the immutable principles of freedom and justice to which these nations are dedicated; the inalienable right of each individual to life, liberty and the pursuit of happiness; free government of, by, and for free men; and good faith, justice, and peace among all nations.

BE IT FURTHER RESOLVED That a copy of this resolution, duly authenticated by the signatures of the Governor of the State of North Dakota, and the presiding officers of the Senate and the House of Representatives, and with the Great Seal of the State of North Dakota, be transmitted by the Secretary of State of the State of North Dakota through the proper official channels for

**METHOD OF EXPENDITURE OF FUNDS APPROPRIATED FOR
OLD AGE ASSISTANCE FOR THE BIENNIUM BEGINNING
JULY 1, 1939, AND ENDING JUNE 30, 1941.**

Be It Resolved by the House of Representatives, the Senate Concurring Therein, That

WHEREAS, the Public Welfare Board has requested an appropriation of \$7,143,380 for old age assistance on the \$40 a month

minimum basis as provided for by the amendment to the Old Age Assistance Act approved by the electorate on November 8, 1938; and

WHEREAS, it is the judgment of the Public Welfare Board, after a careful survey that this amount would be needed to provide for old age assistance in North Dakota for the biennium on the basis of the \$40 minimum; and

WHEREAS, the Public Welfare Board have estimated that the sum of \$1,414,700 will be necessary to provide for old age assistance for the biennium beginning July 1, 1939 and ending June 30, 1941 on the basis of the Old Age Assistance Act prior to its amendment on November 8, 1939; and

WHEREAS, the Public Welfare Board in estimating the amount necessary for old age assistance during the biennium on the \$30 a month maximum basis have made this estimate assuming that the State is only required to pay 50% of the amount in excess of that furnished by the Federal Government and that the counties are to furnish the other 50%; and

WHEREAS, the initiated amendment approved November 8, 1938 provided that the State shall pay 85% of the amount in excess of that furnished by the Federal Government and that the counties shall only pay 15% of the amount in excess of the amount paid by the Federal Government; and

WHEREAS, the Public Welfare Board has asked for an additional appropriation so as to enable the State to pay on the basis of 85% of the amount in excess of that contributed by the Federal Government instead of 50%; and

WHEREAS, the State Senate, because of excess demands made upon public funds from other sources, does not feel that there are funds sufficient available to appropriate either the amount of \$7,143,380 required to finance old age assistance on the minimum of \$40 a month basis as provided by the initiated amendment of November 8, 1938 or the additional sum requested by the Public Welfare Board to make payments by the State of 85% of the amount in excess of the amount paid by the Federal Government; and

WHEREAS, the 1939 Legislative Assembly has seen fit to appropriate but the sum of \$1,414,700 for old age assistance during the biennium beginning July 1, 1939, and ending June 30, 1941;

THEREFORE, BE IT RESOLVED, That the Public Welfare Board use the sum of \$1,414,700 appropriated by this Legislative Assembly in providing for old age assistance; that the Public Welfare Board is authorized and directed to expend such funds each month as it is necessary to use in excess of the amount contributed by the Federal Government to continue paying old age assistance grants to

needy old age assistance clients on the basis of need, providing, however, that not to exceed 75% of the appropriation so made may be expended during the first eighteen months of the biennium.

IT IS FURTHER RESOLVED, That in the event that the courts should hold that it is necessary for the State to pay 85% of the amount of old age assistance in excess of that contributed by the Federal Government and that the counties shall only be required to furnish 15% of the amount in excess of that contributed by the Federal Government and the Public Welfare Board finds that the amount appropriated by the 1939 Legislative Assembly is not sufficient to provide for old age assistance on the basis of need that the Governor of the State of North Dakota is hereby requested, if in his judgment it is necessary, to call the Legislative Assembly into special session for the purpose of providing such additional funds as may be necessary to provide for old age assistance to the needy aged of this State and for such other purposes as in the judgment of the Governor of this State may be necessary.

PUBLIC RELIEF NEEDS.

A resolution urging the President of the United States and the Congress of the United States to make such adequate provisions for public relief needs in the State of North Dakota as are warranted by conditions as they have been developed in reports to the Governor of North Dakota and to members of the Twenty-sixth Legislative Assembly of the State of North Dakota, by a special citizens committee, and urging that there be no further curtailment at this time of Federal funds for work relief, old age assistance, aid for dependent children, aid to the blind, and for grants in aid to farmers:

Be It Resolved by the Senate of the State of North Dakota, the House of Representatives Concurring Therein:

WHEREAS, the relief needs of the State of North Dakota as they are developed by the inescapable facts are greater at this time than at any time in the history of this State, the Twenty-sixth Legislative Assembly of the State of North Dakota respectfully represents to the President and to the members of Congress of the United States the following facts:

The State of North Dakota has approximately 680,000 people. For more than seven years because of drought, crop failures, insect pests, and other factors over which the people of the State have no control, there has been developed a tremendous burden of tax delinquency, arriving at the point where to discharge its ordinary constitutional obligations to the people of the State, the government of North Dakota is faced with the greatest problem of its history.

On the basis of four members to a family, a population of 680,000 persons is the equivalent of 170,000 families in North Dakota. Of this number there are at present in a relief status, as evidenced by the employment on WPA rolls of 14,300 and by the grant in aid lists of FSA approximately 30,000 families, a total of more than 44,000 families. In addition to this, it is estimated that easily 30,000 more families are reduced to a bare subsistence level of living and are unable to discharge normally their responsibilities as taxpayers. It thus becomes evident that approximately 90,000 families must accept responsibility for a tax burden of more than \$25,000,000 in the forthcoming biennium. While facing further uncertainties of crop production, it is also evident that the burden of relief now indicated can be but slightly reduced in the coming year.

WHEREAS, it is apparent that the current Federal relief appropriations, while going a long way to meet need, are necessarily expended upon an emergency basis, while it is clearly evident that the State has before it is a great problem of rehabilitation, it is respectfully urged upon the President and members of Congress that appropriation of Federal funds to North Dakota be continued on a

basis which will meet insofar as possible, utilizing the best available rehabilitation methods, the needs of the people.

WHEREAS, it is clearly established by the facts that in large sections of North Dakota because of crop failure we now have, what may be termed, stranded populations, and

WHEREAS, it is evident that nothing is to be gained by moving these stranded populations to new areas where their future welfare must necessarily be determined by new agricultural practices with which few of them are familiar, and their welfare will be effected by economic factors which exist throughout the country, and

WHEREAS, it is apparent that the future destiny of North Dakota and its proper development can best be assured by employing the efforts of the people who know the country, its production possibilities, the vicissitudes of its climate and the natural problems it presents, we urge that the most careful attention be given to scientific methods for the rehabilitation of the people where they are.

We urge that more funds be made available for intelligently engineered, and well considered water conservation projects, for the education of the people in new methods of land utilization, and for relief financing which will encourage stranded farmers and town workers to assume their full share of responsibility in rebuilding North Dakota.

We respectfully represent that any curtailment of Federal expenditures in North Dakota under present conditions cannot but result in suffering for individuals, loss of morale to the people and in a lamentable loss of time in obtaining the objectives which must be attained to rehabilitate this State.

NOW, THEREFORE, BE IT RESOLVED by the Senate of the State of North Dakota, the House of Representatives concurring:

That we urge a thorough investigation of the North Dakota relief situation, directed to the end that for the present the best results for the welfare of the greatest number of people be made a practical objective.

WHEREAS, this Legislative Assembly does believe and has gone on record in the proper resolutions asking that our Representatives in Washington, do support the President in this matter; and

WHEREAS, news reports indicate that the efforts of our President to aid the needy and jobless were frustrated, when in the United States Senate, by a majority of one vote, a slash of one hundred fifty million dollars was made; and

WHEREAS, Representative William Lemke from North Dakota did vote against the wishes of the majority of the people of the State of North Dakota in an endeavor to obstruct the passage of said measure by the House of Representatives in Congress; and

RECOMMENDING TO THE PUBLIC WELFARE BOARD METHOD OF EXPENDITURE OF FUNDS APPROPRIATED FOR GENERAL RELIEF FOR THE BIENNIUM BEGINNING JULY 1, 1939 AND ENDING JUNE 30, 1941.

Be It Resolved by the House of Representatives, the Senate Concurring Therein:

WHEREAS, the Public Welfare Board has requested an appropriation of \$3,743,600 for general relief for the ensuing biennium; and

WHEREAS, it is the best judgment of the Public Welfare Board after a careful survey of probable relief needs has been made, that this sum will be necessary to care for the destitute people of this State on a standard compatible with health and decency; and

WHEREAS, the 1939 Legislative Assembly because of excessive demands made upon it from other sources in [is] unable to appropriate the amount requested by the Public Welfare Board and has seen fit to make an appropriation of but \$2,500,000; and

WHEREAS, if during the farming season of 1939, conditions existing in this State during the past 7 years should be reversed

and the State enjoy bountiful crops and these crops may be sold for a fair price an appropriation of \$2,500,000 may be ample to provide for such needs during the biennium;

THEREFORE, BE IT RESOLVED That the Public Welfare Board use the \$2,500,000 appropriated by this Legislative Assembly in caring for the relief needs of the destitute people of this State in a manner compatible with health and decency; that while strict economy should be practiced in the expenditure of such funds that nevertheless the Public Welfare Board is directed to provide for the needs of the destitute people of this State to the best of its ability with the funds appropriated; that in caring for such needs the Public Welfare Board shall not be required to restrict expenditures to such an amount each month as will spread this appropriation over the entire biennium but is directed to expend such funds each month as is necessary to properly care for the needs of the destitute people of this State, providing, however, that not to exceed 75% of the appropriation so made may be expended during the first 18 months of the biennium.

IT IS FURTHER RESOLVED That in the event that the State suffers another crop failure or it becomes evident that the amount of \$2,500,000 appropriated is not sufficient to provide for the relief needs that the Governor of the State of North Dakota is hereby requested, if in his judgment it is necessary, to call the Legislative Assembly into special session for the purpose of providing such additional funds as may be necessary to provide for general relief to the needy and destitute people of this State and for such other purposes as in the judgment of the Governor of the State may be necessary.

REQUESTING CONGRESS TO ENACT LEGISLATION PERMITTING PAYMENT OF SEED LOANS BUSHEL FOR BUSHEL.

Be It Resolved by the Senate of the State of North Dakota, the House of Representatives Concurring:

WHEREAS, it seems to have been impossible to secure legislation necessary to stabilize the market price of farm crops in these United States; and

WHEREAS, the difference in the price of grains when bought for seed and feed, and when sold in the market, has been so great that the farmers who have been compelled to borrow money from the various Federal agencies for the purpose of buying such feed

or seed are frequently required to sell four or more bushels in order to discharge the cost of each bushel purchased; and

WHEREAS, under such conditions it will be utterly impossible for many of our farmers to discharge their obligations to the Federal agencies;

THEREFORE, BE IT RESOLVED by the Senate of the State of North Dakota, the House of Representatives concurring:

That through this resolution we earnestly appeal to the Congress of the United States to enact such legislation as will permit any person now indebted, or who may hereafter become obligated for a Federal seed or feed loan, to discharge such debt by payment in kind, bushel for bushel.

BE IT FURTHER RESOLVED, That one copy of this resolution be sent to the Secretary of Agriculture and one copy to the President of the United States, one copy to each of our Congressmen, one copy to each of our United States Senators, one copy to M. W. Thatcher, 423 E. Leland St., Chevey Chase, Md., these copies to be forwarded to them by our Secretary of State immediately upon the passage of this resolution.

DISTRIBUTION SURPLUS COMMODITIES.

A concurrent resolution relating to the distribution of food commodities by Federal relief agencies.

Be It Resolved by the Senate of the State of North Dakota, the House of Representatives Concurring:

WHEREAS, the distribution of surplus food commodities and clothing to persons in need is necessary to many people in this State, but in many instances the distribution is not made to those who are in the greatest need thereof.

WHEREAS, the present system of distribution is costly to both the United States Government, the State of North Dakota, and the several counties participating in the distribution thereof.

Dakota and offering for sale at points of consumption such commodities.

REQUESTING CERTAIN TAX PAYMENTS BY THE FEDERAL GOVERNMENT

Be It Resolved by the Senate of the State of North Dakota, the House of Representatives Concurring Therein:

WHEREAS, the Federal Government has purchased, and is contemplating the purchase of large tracts of land in North Dakota, which lands were the property of private owners, and as such were assessed and taxed with the other property located in the same taxing districts; and

WHEREAS, when such purchases are completed, the land can no longer be taxed by the State of North Dakota or its subdivisions; and

WHEREAS, the removal of large tracts of land from the tax rolls of the taxing districts of the State of North Dakota, has created a very critical situation in such districts, which are largely dependent upon the property tax for the support of schools and other necessary governmental functions; and

WHEREAS, at the time of such purchases by the Federal Government, such lands were encumbered by a debt representing tax levies due annually to pay the principal and interest on bonded indebtedness, as required by Section 184 of the Constitution of the State of North Dakota; and

WHEREAS, the removal of large tracts of land from the tax rolls through such Federal purchases seriously impairs the value of the contracts represented by outstanding bonds and other evidences of indebtedness, issued by the subdivisions in which such lands are located, contrary to Section 10 and the 14th Amendment to the Constitution of the United States, and contrary to Section 16 of the Constitution of the State of North Dakota; and

WHEREAS, in some instances, the areas left in private hands are insufficient to pay outstanding indebtedness of the taxing districts; and

WHEREAS, it is unjust and inequitable, that the remaining property owners in such taxing districts be compelled to pay the whole of such outstanding indebtedness;

BE IT THEREFORE RESOLVED: That we the Senate and House of Representatives of the State of North Dakota,

Do petition and memorialize the Congress of the United States, to provide funds for the payment of such proportion of the outstanding indebtedness of the taxing districts, in which the Federal Government has made or will make such land purchases, in the proportion that the value of such land so purchased bears to the valuation of the entire taxing district.

BE IT FURTHER RESOLVED, That copy of this resolution be forwarded to the President of the United States, the Vice President of the United States, the Speaker of the House of Representatives of the United States, and each of the United States Senators and Congressmen from the State of North Dakota.

WHEREAS, lands thus acquired became exempt from taxation when the title thereto vests in the Government, and

WHEREAS, representatives of the various Federal agencies acquiring lands in this State represent that the Federal Government will make certain payments in lieu of taxes to the State, and to the local sub-divisions effected, in order that the tax burden ordinarily carried by such lands may not be unfairly shifted to the taxpayers whose lands are not purchased, and

WHEREAS, it is desirable that the State, for the protection of our people, arrive at a definite understanding with the Federal Government concerning such payments in lieu of taxes, and that the various agencies of the government, engaged in such land acquisition programs, be requested to submit to the State definite proposals or commitments in regard to such payments, and the procedure required for securing them, in order that the people of this State may, if found necessary, call upon the Congress to sustain such commitments in the event that the Federal agencies now concerned, or their successors, should, in the future, determine upon a change of policy;

PUBLICATION OF COUNTY WELFARE BOARD PROCEEDINGS

An act requiring the publication of the proceedings of meetings of County Welfare Boards, repealing all acts and parts of acts in conflict herewith, and declaring an emergency.

V E T O

March 18, 1939

Hon. James D. Gronna
Secretary of State
Bismarck, North Dakota

DEAR MR. SECRETARY:

I am transmitting to you herewith Senate Bill 205, entitled, "An act requiring the publication of the proceedings of meetings of county welfare boards, repealing all acts and parts of acts in conflict herewith, and declaring an emergency."

This bill provides for the publication of the proceedings of the county welfare boards, including the names of the beneficiaries of such disbursements, publications to be paid for by the welfare boards. I have made as careful an investigation of the probable expense of

such publications as it has been possible to do in the limited time at my disposal. From such investigation I am convinced that the cost of such publications will be a considerable drain upon the appropriations for the welfare boards, and as no specific appropriation has been set up for such publications, the whole expense will have to come out of the money appropriated by the legislature for relief of our destitute and distressed people, and that the amount available for their needs will thereby be considerably reduced.

While I recognize that the legislature, in passing this bill, had in mind that publication of the proceedings would serve as a deterrent upon chiselers, and that some good would be accomplished, it is also to be borne in mind that the complete publication of all proceedings would of necessity involve the parading of the misfortunes of unmarried mothers and unfortunates in similar positions, a matter to be avoided from a humanitarian standpoint.

For these reasons, I am withholding my approval of this bill.

Very truly yours,

JOHN MOSES

Governor

JM:B

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. It shall be the duty of the County Welfare Board to cause to be published in some legal newspaper in the county designated by the county commissioners, a full and complete report of all its official proceedings at each meeting, including a statement of all receipts and disbursements, the person or persons to whom such disbursements are made and the beneficiaries of such disbursements. Such proceedings shall be published as soon after each meeting as practicable. The board shall pay for such publication at the rate and in the manner now prescribed by law for the payment of publication of legal notices and publications.

§ 2. All acts and parts of acts in conflict herewith are hereby repealed.

§ 3. This act is hereby declared to be an emergency measure and shall be in full force and effect from and after its passage and approval.

APPLICATIONS FOR STATE HAIL INSURANCE

An act to amend and re-enact Section 189b3, 189b5, 189b9, 189b14 and 189b15 of Chapter 137 of the Session Laws of North Dakota for 1933, relating to State hail insurance, providing for the manner of taking applications therefor; defining duty of hail inspectors, adjusters and county auditors; repealing acts in conflict herewith, and declaring an emergency.

Minot, North Dakota
March 18, 1939

Hon. James D. Gronna
Secretary of State
Bismarck, North Dakota

MY DEAR SECRETARY:

I hereby transmit House Bill No. 359 entitled "An act to amend and re-enact Section 189b5, 189b14 and 189b15 of Chapter 137 of the Session Laws of North Dakota for 1933, relating to State hail insurance, providing for the manner of taking applications therefor; defining duty of hail inspectors, adjusters and county auditors; repealing acts in conflict herewith, and declaring an emergency", without my approval.

I believe that the interest and welfare of our people will be amply safeguarded and taken care through the laws now in force, providing for the writing of State hail insurance through the various assessors and can see no good reason for making a change in the system.

For these reasons, I withhold my approval of this bill.

Respectfully yours,

JOHN MOSES

✓

Governor of the State of North Dakota.

Be It Enacted by the Legislative Assembly of the State of North Dakota:

The insurance provided for in this act shall become effective six hours after same is taken by the inspector, adjuster, or the county auditor.

§ 3. Section 189b9 of the 1925 Supplement to the Compiled Laws of North Dakota for 1913, be and is hereby amended and re-enacted to read as follows:

§ 189b9. WRITING THE PROTECTION.] It shall be the duty of the manager, with the approval of the Insurance Commissioner, to appoint such adjusters and inspectors as he deems necessary to solicit and take applications for State hail insurance. Such inspectors and adjusters shall be bonded for faithful performance of their duties with the State Bonding Fund in the sum of five hundred dollars (\$500.00) each.

It shall be the duty of such inspectors and adjusters to solicit and take applications for State hail insurance in such manner and form as may be prescribed by the Insurance Commissioner. They shall be entitled to compensation for their services at the rate of one cent per acre, on approved applications listed and reported by them in accordance with the provisions of this act. Such compensation shall be paid out of the Hail Insurance Fund Operating Account, and the Commissioner of Insurance shall certify to the State Auditor the respective amounts due them, and thereupon the State Auditor shall draw warrants to the State Treasurer for payment of same out of the State Hail Insurance Fund Operating Account.

Applications may be taken by the inspectors, adjusters or by the county auditor at any time before crops are damaged in excess of nine percent by hail, and not later than the 15th day of July of the year for which said insurance is desired. Provided further, that the county auditors may take applications for State hail insurance in their respective counties in the same manner as adjusters and inspectors, and shall be entitled to the same compensation therefor.

All applications shall be made in triplicate and shall carefully describe each piece of land to be insured, describing particularly the quarter section or sub-division thereof, the number of the section, the township and range, with acreage, descriptions and locations of the different kinds of crop to be insured. Each application shall also show the interest of the applicant in such crop and shall be invalid and not subject to approval unless the applicant has stated whether or not the crop has been hailed upon, and the amount of damage. Provided, however, that the applicant, if same be a tenant, may make application as owner's agent, if he has written authority and files such written authority with his application. The information contained in such application shall be furnished by the applicant and shall be binding upon him. Provided, however, that such applicant may amend such application as to kind of crop and location thereof at any time before July 6th by notifying the Hail Insurance Department thereof by registered mail.

At the time of taking the application, the party taking the same shall endorse on each copy thereof, the date and hour of same, and shall forward by mail, within twenty-four hours, the triplicate copy to the county auditor of his county, and the original and duplicate copies to the Hail Insurance Department at Bismarck; all such applications shall be subject to the approval of the Commissioner of Insurance. Immediately upon receipt and checking of the original and duplicate copies in the office of the Hail Insurance Department, the Commissioner of Insurance shall note his approval, or disapproval, on the original and copy and return the duplicate copy to the applicant, which copy thus endorsed, shall constitute the policy of insurance under the provisions of this act, and shall entitle the applicant to the protection thereof. The application shall be the basis

of computing the hail indemnity tax which shall be charged against the land upon which said crops are grown, except as further provided in this act. If, at the time of taking the application, it appears therefrom that hail has fallen upon the crop, it shall be the duty of the adjuster or inspector to appraise the damage thereon, and if in his judgment, the same shall amount to more than nine per cent, such crops shall not be eligible for coverage, but in the event the damage does not exceed nine per cent, the inspector or adjuster shall note the amount thereof upon the application, and same shall be taken into consideration and deducted from any future losses.

§ 4. Section 189b14 of the 1925 Supplement to the Compiled Laws of the State of North Dakota for 1913, as amended by Chapter 137, Session Laws of North Dakota for 1933, is hereby amended and re-enacted to read as follows:

§ 189b14. PENALTY.] Any person making a false or fraudulent affidavit, and any person who shall place or contribute to the placing of a false effective date upon an application for State hail insurance, with the intent to defraud, shall, upon conviction thereof, be deemed guilty of a felony, and be punished by imprisonment in the penitentiary not less than one year, or by a fine of not less than three hundred dollars, or by both such fine and imprisonment.

§ 5. Section 189b15 of Chapter 137 of the Session Laws of North Dakota for 1933 is hereby amended and re-enacted to read as follows:

§ 189b15. AMOUNT OF INDEMNITY.] The maximum amount of indemnity for total loss shall be either \$5.00 or \$8.00 per acre, as the application for insurance may specify. Provided, however, that if the original application calls for \$5.00 per acre insurance, the insured may before loss and before July 15th make application to the Hail Insurance Department for an additional \$3.00 per acre protection. Such application shall be made out in duplicate upon forms prepared and furnished by the Commissioner of Insurance and mailed directly to the Department at Bismarck, and if approved by the Commissioner of Insurance, the duplicate of such application shall be returned to the maker and considered his policy of insurance. Such application shall contain the legal description of the land, the kind of crops and the acreage of same on which additional insurance is desired. The location of such crops shall also be given upon a diagram on the application blank, and such application shall contain a statement to the effect that such crops have not been damaged or destroyed by hail. Provided further, that such application shall be signed by the applicant and shall be acknowledged by the inspector, adjuster or county auditor, and such application may be taken in the office of the Hail Insurance Department in Bismarck. If the applicant is a tenant, the signed consent of the person liable for the taxes authorized by this act must appear upon such appli-

cation, and if the owner makes such application, the written consent of the tenant must appear thereon. If either owner or tenant, in filing such application, acts as agent one for the other, a written authorization shall be attached to the application. Such applications are subject to the approval of the Commissioner of Insurance.

In no event shall such additional insurance become effective before application is on file in the office of the Hail Insurance Department.

§ 6. REPEAL.] All acts or parts of acts in conflict herewith are hereby repealed.

§ 7. EMERGENCY.] This act is hereby declared to be an emergency measure, and shall be in full force and effect from and after its passage and approval.

HIGHWAY CROSSINGS, FARM IMPLEMENTS

An act to amend and re-enact Section 42 of Chapter 162 of the Session Laws of 1927 relating to restrictions as to tire equipment, and repealing all acts or parts of acts in conflict herewith.

V E T O

March 15, 1939

Hon. James D. Gronna
Secretary of State
Bismarck, North Dakota

DEAR MR. SECRETARY:

I am transmitting to you herewith, unsigned, Senate Bill 84, entitled, "An act to amend and re-enact Section 42 of Chapter 162 of the Session Laws of 1927 relating to restrictions as to tire equipment, and repealing all acts or parts of acts in conflict herewith."

While I approve in a general way of the purposes sought to be accomplished through the enactment of this bill, I am unable to approve thereof for the reason that the provisions of Paragraph B-2, Section 42, of the bill as amended, requires the Highway Department to furnish protection for all permanent highway crossings, as further stated in the bill itself. I am reliably advised that in order to comply with these requirements, that the State Highway Department would be put to a tremendous annual expense, and in the absence of any appropriation whatever for such purpose, I can not see my way clear to permit this bill to become law. I therefore withhold my approval thereof.

Respectfully,

JOHN MOSES

Governor

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. AMENDMENT.] That Section 42 of Chapter 162 of the Session Laws of 1927 is hereby amended and re-enacted to read as follows:

§ 42. RESTRICTIONS AS TO TIRE EQUIPMENT.] (a) Every solid rubber tire on a vehicle moved on any hard surfaced highway shall have rubber on its entire traction surface at least one inch thick above the edge of the flange of the entire periphery.

(b) No tire on a vehicle moved on any hard surface highway shall have on its periphery any block, stud, flange, cleat or spike or any other protuberances of any material other than rubber which projects beyond the tread of the traction surface of the tire except that it shall be permissible:

1. To move farm machinery upon any public highway with tires having protuberances which will not injure such highway.

2. Where permanent crossing is established the highway department shall furnish protection for such crossing, so that a farmer who owns or operates land on both sides of any public highway can cross at such protected crossing without removing the stud, flange, cleat, spike, lugs or any other protuberances from farm tractors.

3. For the driver of any motor vehicle to use tire chains of reasonable proportions upon any vehicle when required for safety because of snow, ice or other conditions tending to cause a vehicle to slide or skid.

(c) The State Highway Commission and local authorities in their respective jurisdictions may, in their discretion, issue special permits authorizing the operation upon a highway of traction engines or tractors having movable tracks with transverse corrugations upon the periphery of such movable tracks or farm tractors or other farm machinery.

§ 2. All acts or parts of acts in conflict herewith are hereby repealed.

PROCEDURE FOR REMOVAL OF CERTAIN
PUBLIC OFFICIALS

An act to amend and re-enact Section 686 of the Compiled Laws of North Dakota for 1913, as amended by Section 686 of the 1925 Supplement to the Compiled Laws of North Dakota for 1913, being an act providing for petitioning the Governor to remove certain public officials; providing the procedure therefor; requiring a petition by qualified electors, and prescribing the procedure thereon; further providing for the Attorney General and appointed attorneys to prosecute such proceedings.

V E T O

March 15, 1939

Hon. James D. Gronna
Secretary of State
Bismarck, North Dakota

DEAR MR. SECRETARY:

I am transmitting to you herewith, without my signature, House Bill 174, entitled, "An act to amend and re-enact Section 686 of the Compiled Laws of North Dakota for 1913, as amended by Section 686 of the 1925 Supplement to the Compiled Laws of North Dakota for 1913, being an act providing for petitioning the Governor to remove certain public officials; providing the procedure therefor; requiring a petition by qualified electors, and prescribing the procedure thereon; further providing for the Attorney General and appointed attorneys to prosecute such proceedings."

I disapprove of this bill for the reason that it confuses the procedure to be followed in instituting removal proceedings and unless the entire law relating to the removal of public officials was to be modified and changed, I can see no good reason in adopting this particular bill.

Respectfully,

JOHN MOSES
Governor

JM:B

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. The complaint or charges against any such official authorized to be removed by the Governor shall be entitled in the name of the State of North Dakota, and shall be filed with the Governor. It may be made upon the petition of 5% of the qualified electors of the county in which the person charged is an officer, or by the State's attorney in such county, and such complaint and charges shall be filed by the Attorney General, when directed to do so by the Governor. When the officer sought to be removed is other than the State's attorney, it shall be the duty of the State's attorney or

other competent attorney, upon request of the Governor, to appear and prosecute, and when the proceedings are brought to remove the State's attorney, the Governor shall request the Attorney General, or other competent attorney, to appear on behalf of the State and prosecute such proceedings.

TESTING OF GASOLINE

An act providing for the testing of gasoline, kerosene and other petroleum products used for fuel and power purposes and purchased for resale; repealing all acts and parts of acts in conflict herewith; providing a penalty.

V E T O

March 15, 1939

Hon. James D. Gronna
Secretary of State
Bismarck, North Dakota

DEAR MR. SECRETARY:

I am transmitting to you herewith House Bill 171, entitled, "An act providing for the testing of gasoline, kerosene and other petroleum products used for fuel and power purposes and purchased for resale; repealing all acts and parts of acts in conflict herewith; providing a penalty."

I disapprove of this bill for the reason that the legislature has failed to make adequate provisions for the enforcement thereof; I am reliably informed that the proper enforcement of this bill would entail an additional annual expense of between \$30-35,000 on the part of the State Laboratories Department; no appropriation has been made for this additional work, and in the absence of such appropriation, the State laboratories would be unable to properly enforce the provisions of this bill.

Respectfully yours,

JOHN MOSES
Governor

JM:B

Be It Enacted by the Legislative Assembly of the State of North Dakota:

§ 1. All gasoline, kerosene and other petroleum products used for fuel or power purposes, and purchased for resale shall be tested by sample taken at place of destination within the State & sent to the State chemist as provided by Article 69 of Chapter 38 of the 1925 Supplement to the 1913 Laws of the State of North Dakota, prior to resale of any such products.

§ 2. PENALTY.] Any person, firm, association or corporation exposing for sale or selling any gasoline, kerosene or other petroleum products, to be used for fuel or power purposes, without having first complied with Section 1 hereof, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five (\$25.00), or more than three hundred dollars (\$300.00), or by imprisonment for not less than ten (10) days or more than ninety (90) days, or both, at the discretion of the court.

§ 3. REPEAL.] All acts or parts of acts in conflict herewith are hereby repealed.
