PART II
NARRATIVE SUMMARY

Liason was made with Headquarters Company, 7th Marines on 1 September 1970. Through this liasion, coordination and prior planning the movement of Headquarters Company, 5th Marines was made with little loss to the effectiveness of administration and mission of the Company. Movement began on 17 September 1970 of supplies and equipment and the Administrative Sections moved on the 19th and 21st of September 1970. The relocation and turnover of the area was completed on 21 September. Headquarters Company, 7th Marines was relieved and relocated.

The manning level has been increased due to the added responsibilities of the Company, such as security and maintenance of a larger area. The first part of the month consisted of preparing to move and police and maintenance of the area that would be vacated. Work has been started to improve the area and getting all gear properly secured in addition to carrying out the Company mission.

The lack of personnel has made the maintenance and police of the Company area to be slow in accomplishing all of the details that needs to be completed. However, additional personnel have been requested and this problem area should be solved soon.

PART III
