DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Application for the permission to
set up machine tool

To: The Commanding Officer,
Ishikawa Military Government Team

Name and address of Applicator
Name: Kokoku Kogyo Kabushiki Kaisha
Address: No.Ha-1 Nishi-izumi-machi,
Kanazawa City
Date 8)Sept1948

Now we intend to set up machine tool in the forth factory of this Company, for the reason of follows, so that we applicate you for the permission of it.

1. Name of machine

Name	Type	Number	Note
Lathe	14 feet	1 set	

2.Place to be set up
The forth factory of this Company.(See the attaches map of disposition)

3. Object of use
Cutting of longer particles of Cotton ~~weaving~~ Spinning machines.

4. Reason why it must be set up
So far, small particles of Cotton ~~weaving~~ Spinning machine occupy our all acceptive orders, sothat we able to produce it by eight feet lathe exist actually. But, morever, anew we want to working-up longer parts,but to produce it , it must be necessity one set of fourteen feet lathe. We desire to set up the lathe as such. We beg your permission.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Detail of Boiler

1. Class and type:
   Maruzen patent Lancashire boiler.

2. Maximum permissible pressure:
   9.5 Kilograms per square centimeter (121 lbs per square inch)

3. Construction:
   As shown in the annexed diagram.

   a. Grate area: 1.86 square meters (30.7 square feet)

   b. Heating surface: 78 square meters (840 square feet)

   c. Boiler body: Soft steel, 2120 millimeters (6.95 feet) in maximum internal diameter, 7475 millimeters (24.5 feet) in overall length, and 16 millimeters (0.63 inch) in thickness.

   d. Furnace flue: Soft steel, 875 millimeters (2.88 feet) in maximum internal diameter, and 9 millimeters (0.35 inch) in thickness.

   e. End plates: Soft steel, dish type, 19 millimeters (0.75 inch) in thickness.

   f. Tie plates: Soft steel, 11 millimeters (0.43 inch) in thickness.

   g. Stays: None.

   h. Joints in body:
      Longitudinal, double tie butt joint with two rows of rivets 22 millimeters (0.87 inch) in diameter and 90 millimeters (3.54 inches) pitch.
      Circumferential, lap joint with one row of rivets 22 millimeters (0.87 inch) in diameter and 57 millimeter (2.24 inch) pitch.

   i. Joints in furnace flue:
      Longitudinal, electric welding.
      Circumferential, Adamson type with one row of rivets 19 millimeters (0.75 inch) in diameter and 50 millimeters (1.97 inches) pitch.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

j. Flue pipes and water tubes: None.

k. Manhole:
One, 380 millimeters (1,24 feet) in diameter.
Mud hole; One, 300 millimeters by 380 millimeters(11.8 inches by 13.7 inches)

l. Drain pipe: Cast steel, 63 millimeters (2.48 inches) in diameter at drain cock.

m. Safety valves:
One dead-weight, 63 millimeters (2.48 inches) and one compound (spring), 63 millimeters (2.48 inches)

n. Safety plug: None.

o. Maximum reading of pressure gumge:
16 kilograms per square centimeter (228 lbs per square inch)

p. Water surface indicaters: Two Clinger type guage glasses 19 millimeters (0.75 inch) internal diameter.

4. Maker:
Kabushiki Kaisha Maruzen Tekkosho.
Date of manufacture: March, 1940.

5. Location of welds: As shown in the annexed diagram.

6. Welding performed by: (Not stated)

7. Hydraulic pressure test: (Not stated)

8. Date and place of inspection: (Not stated)

9. Inspecting official: (Not stated)

(Stamped indorsement:

APO 301 (Kanazawa, Honshu)

23 July 1948

SUBJECT: Release of Land and Building

THRU: Liaison Office, Ishikawa Prefecture

TO: Kokoku Kogyo KK, Kanazawa, Code No. 15-15

1. Under provisions of Par. 4 OD 21, Hq Eighth Army, dated 30 March 1948, the buildings and land as requested in attached application, is hereby released to the rightful owner.

2. This headquarters has no objection to the installation of a steam boiler in released buildings, provided proper authorization has been received from the prefecture Construction Board.

3. This does not permit the use of any additional Reparation machinery.

BY ORDER OF THE COMMANDING OFFICER:

JOSEPH D. GILMORE
Major, FA
Economics Officer

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

2 March 1948

To : The Commanding Officer
Ishikawa Military Government Team

APPLICATION FOR THE PERMISSION OF EXEMPTION OF BUILDING AND SITE FROM THE REPARATION CUSTODY DESIGNATION

1. Name of Applicant :
Kokoku Kogyo Kabushiki Kaisha
2. Location of Company
No. 44 1 Nishiizumi-machi, Kanazawa City, Ishikawa Prefecture
3. The representative of Company :
Inei Morita
4. Outline of history of Company :
a. Date of establishment :
23 December 1944
b. Capital
2,000,000 yen (Paid up)
c. Products during the wartime:
Aircrafts shell (trial production only untill the end of the war)
d. Reparation Designation by G.H.Q.:
Designated as reparation plant, and 162 machines and equipments were inventoried as reparation on 13 August 1946.
e. Present Products authorized by G.H.Q.:
Accessories of Cotton Spinning Machine and Farm Implements
f. Permission to reconverted operation:
Reconverted operation for the production of the above was authorized by Ishikawa Military Government Team on 6 December 1946.
5. Outline of history of plant buildings (Reference to the attached plan):
Toko Seiren Kabushiki Kaisha Nishikanazawa plant was converted to the present factory in accordance with the provisions of the enterprise adjustment regulation of January 1944.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

6. Building and Site under Application for the Exemption from Reparation Designation:
   Part 'c' in the attached plan, and no reparation machine and equipments are is placed in it.
7. Reason for Application for Exemption:
   In accordance with applicated 1 January 1946, this factory has been carried on glossing and dyeing of export silk,rayon and Habutae textiles as Toko Seiren Kabushiki Kaisha Nishikanazawa branch factory which had oldest history of a dyeing and glossing of export silk and rayon textiles in this prefecture. And,therfore, we had been desired eagerly to recovering of textiles manufacture which are most necessary at present and exhibit the technique experienced in long times.
   We have started work in part 'b' which is authorized for application on 9 December 1946, but it become necessary a boiler to carry on work ,and we desire to set a boiler in the place , the part 'a' which was already ~~applied~~ authorized. The place was boiler room befor the war and the foundation exist now.
   The time so want of material that we hope to utilize it and to make recovering the textile manufacture.
   The above mentioned 102 reparation machines and equipments are placed and supervised in the part 'a', which is clearly separated from the part 'c' by stockades, consequently the exemption will cause no trouble on the caustody of the machines and equipments under reparation designation.

Attaching herewith the plan of the company's buildings and site, We hereby honorably solicit your kind consideration and prompt authorization.

Application for Permission to Install a Steam Boiler

To : Kanazawa Labor Standard Supervision Office.

Class of business: Refining, dyeing, and printing of textile fibers, yarns, and fabrics.

Name of business: Soko Seiren Kabushiki Kaisha.

Location of business: 1 "Ha" Nishi-izumi-machi, Kanazawa-shi.

Applicant's name and address: Kahachiro Nishi, President, Soko Seiren Kabushiki Kaisha, 44 Nagamachi Kawagishi, Kanazawa-shi.

Surrounding of the Site: As shown in the annexed diagram.

Coustruction and floor space of the boiler room: As shown in annexed diagram, 72 tsubo (285 square yards)

Purpose of installation: Dyeing of fabrics.

Maximum daily operation: 24 hours.

Fuel, kind and maximum daily demand: Coal 8.208 metric tons (9.05 short tons)

Method of firing: Hand firing.

Setup of boiler and construction of foundation and smoke duct: As shown in the annexed diagram.

Kind, structure, number, and arrangement of boiler and accessories: One steam accumulator, 548,731 cubic centimeters capacity (19.4 cubic feet) As shown in the annexed diagram.

Method of feeding: Plunger pump, 30 koku (1430 gallons) per hour capacity.

Construction of combustion chamber: Horizontal grate, natural draught.

Structure, class, and measurement of smokestack: Reinforced concrete, 1.45 meters (4.76 feet) in diameter at the mouth, 36 meters (118 feet) in height. As shown in the annexed diagram.

Lightning rod for smokestack: 2 meters (6.56 feet) above top of smokestack.

Boiler connected with smokestack: One Haruzen patent Lancashire boiler.

Estimated date of completion: 1940

10 February 1947

SUBJECT: Application for Removal from the Reparations List, Kokoku Kogyo K.K. 15-15.

THRU : Commanding Officer, Tokai-Hokuriku Mil Govt Region, APO 710

TO : General Headquarters, Supreme Commander for the Allied Powers, APO 500

1. Transmitted herewith in 5 copies application for removal from reparations list of the Kokoku Kogyo K.K. (15-15) No.Ha-1 Nishiizumi-cho, Kanazawa-shi, Ishikawa-ken.

2. The subject plant was established in 1944 by the amalgamation of Soko Seiren K.K. and Tsudakoma Kogyo K.K. After the merger, Kokoku Kogyo had a capital of 2,000,000 yen. Approximately 50% of this capital was invested by the Tsudakoma Kogyo K.K. in the form of machinery, which was engaged in production of high-angle gun shells since 1938. This machinery was transfered from the main plant of Tsudakoma Kogyo K.K. to the Kokoku Kogyo K.K. plant. The other 50% was invested in buildings and land by Soko Seiren K.K. A small operating capital still remained in each 50% of the investment. Before the war the Soko Seiren K.K. was engaged in the process of glossing and dying silk and textile goods. When the amalgamation took place the subject plant was established as a munitions plant, all textile machinery being disposed of, for the production of high-angle gun shells. After the war this plant reconverted to the production of cotton spinning machine repairs and accessories, fishing net machine accessories, and farm implements.

3. On 25 Jan 1946 application for operation and report on industrial facilities was submitted by Kokoku Kogyo-Joint Stock Co. Ltd. Permit was not granted nor was the application forwarded by 90 Military Government Team. A second application was submitted 14 Nov 1946, and continued operation was authorized by I Corps 29 Nov 46. Operational permit was issued for maximum production of cotton spinning machinery, (5 ton per month) and farm implements, (27,000 pieces per month). Maintenance and protection of equipment has been adequate; cooperation with occupation forces has been satisfactory.

4. In view of the fact that the subject plant was organized and established for the specific purpose of full time war materials production and that major conversion was affected, it is subject to criteria of selection outlined in Section III, OD 5/5, dated 24 Sept 46. Recommend enclosed application for removal from Reparation List be disapproved.

1. The Kokoku Kogyo K.K., Code Number (15-15), is listed in SCAPIN 1134, 13 Aug 46., as a plant subject for Reparations Selection within Privately-Owned Munitions Plants. The plant has been inventoried and the inventory sheets forwarded to higher headquarters.

2. The Kokoku Kogyo K.K. was granted permission to operate until such time as the equipment is required for reparations removal. No reconversion or extension of its present scale of operation is permitted.

3. In view of the fact that the plant was constructed in 1944 as a war plant, and produced 100% munitions, this headquarters concurs with the recommendation of par 4 basic communication.

AG 004 - BA 2nd Ind EHN/ckw

Hq I Corps, APO 301, 20 FEB 1947

TO: CG, Eighth Army, APO 343

This headquarters concurs with the recommendation contained in paragraph 4, basic communication. In view of the late date that this plant was established and the nature of its production, it is the opinion of this headquarters that the Kokoku Kogyo K.K. is properly classified as a privately-owned munitions plant. This plant meets the criteria set forth in Operational Directive No. 5/5 for Privately-Owned Munitions Plants. Recommendation is made that the application of the Kokoku Kogyo K.K. for removal from the list of plants subject to reparations be denied.

   Map of disposition machinary----attached paper
   Map of factorixxxxxxys' land and buildings------ attached paper

8. Number of employees

a. At present	men 78	women 11
b. the future	men 120	women 40

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Reason for desireing to release

This factory has been established as Nishi Kanazawa branch factory of Soko Seiren Co., Ltd. which had oldest history of a dyeing and glossing of silk & rayon textiles in this Prefecture, and thereafter, had worked of dyeing and glossing of silk, rayon, Habutae textiles that produced in this district. However, in accordance with provisions of the Enterprise Adjustment Regulation of 1943, we were compeled to convert by military added the manufacture & implements of Tsuda Koma Kogyo Co., Ltd. which had old history as weaving machine industry.

However while we had not been started to work perfectly, the war ended, so that not only had produced a little quantities of parts of arms, but also these had been little used for war.

As soon as the war ended, we had believed that the textiles region had to play the most important partfor reconstruction of peacetime Japan, therefor, we had been concentrated our efforts to recovering of textiles manufacture, and so that we had been convertedto the special production of spinning machines and yearn glossing machines (parts of cotton weaving machine) which are necessary for already permitted textiles industries, and since that time, we have been endevoured to improve, and so this improvement have perfected that when we supplied the goods to the Nihon gloss yearn society in central as model, they considered it as excellent and contacted with many companies for a great volumes of such manufactures.

Besides, to make the more contribution for development of textile industries which shall have the greatest relation to collateral materials in future, and together with production of parts and mac-

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

hines which is in close connection with the recovering of textiles manufacture, , as such as cotton weaving machine, towelling machine, ezc., to multiply the very much decreased working-up equipments of textiles it need to produce the adjustment dyeing machine. And then we will be able to self-support all machines, and to exhibit the technique experienced in long times in working-up of textiles, and therefore, we hope that we shall play a part of textiles production. The other side as the production of parts of farm equipment which already permitted to product is perfectly getting on the rail, we swear to you that we should do our best to production of these.

Therefore will you please permit to release this factory from the list of reparation factories by spedial consideration.

I. Chuvilay

Senior managing director

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

9, January, 1948

To : The Commanding Officer

Ishikawa Military Government Team.

APPLICATION FOR THE PERMISSION OF EXCEMPTION OF BUILDING AND SITE FROM THE REPARATION CUSTODY DESIGNATION

1. Name of Applicant:

Kokoku Kogyo Kabushiki Kaisha

2. Location of Company:

No. Ha-1 Nishiizumi-machi, Kanazawa City,

Ishikawa Prefecture

3. Representative of Company:

Ihei Morita

4. Outline of History of Company:

a. Date of Establishment:

23, Dec. 1944.

b. Capital:

2,000,000 Yen(Paid up)

c. Products during the Wartime:

Aircraft's shell (trial production only until the end of the war)

d. Reparation Designation by G/G.H.Q. :

Designated as reparations plant, and 162 Machines and equipments were inventoried as reparation on 13 August, 1946.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

(continued)

e. Present Products Authorized by G.H.q.:

Accessories of Cotton Spinning Machine and Farm Implements

f. Permission to reconverted Operation:

Reconverted operation for the production of the above was authorized by Ishikawa Military Government Team on 6 December, 1946.

5. Outline of History of Plant Buildings (Reference to the attached plan):

Soko Seiren Kabushiki Kaisha Nishikanazawa plant was converted to the present factory in accordance with the provisions of the enterprise adjustment regulation of Jan. 1944.

6. Building and Site under Application for the Exemption from Reparation Designation:

Part 'B' in the attached plan, and no reparation Machine and equipment is placed in it.

7. Reason for Application for Exemption:

The applicant wants to assign the part 'B' to Soko Seiren Kabushiki Kaisha for its new enterprice preparation.

The above-mentioned 162 reparation machines and equipments are placed and supervised in the part 'A', which is separated clearly separated from the part 'B' by stockades, consequently the exemption will

SUBJECT: Application for Operation

TO : Commanding Officer
Tokai-Hokuriku Mil Govt Region
Hq & Hq Detachment
APO 710

1. The enclosed application, in accordance with provisions of Par. 7, CI No. 2 dated 15 Feb 46, is forwarded for your consideration for operation approval on:

Hokoku Kogyo K.K.
#ha-1 Nishiizumi-cho, Kanazawa-shi, Ishikawa-ken

2. Application is in conformity with outline of par. 5, a, CI No. 2 and it follows the form MGI-1.

3. Itis the opinion of this headquarters that the present and planned production of subject plant which consists of accessories of cotton spinning machine @ 5 tons per month and farm implements @ 27,000 pcs. per month is essential to the future economy of the local area.

4. Therefore, in view of the above information, this headquarters recommends that subject plant be granted operational permit.
