The study must consider information from local community groups that have concerns or ideas for the future use of the developmental center. The legislative management shall report its findings and recommendations, along with any legislation required to implement the recommendations, to the sixty-fourth legislative assembly.

SECTION 15. LEGISLATIVE MANAGEMENT STUDY - NORTH DAKOTA HEALTH CARE. During the 2013-14 interim, the legislative management shall consider studying the immediate needs and challenges of the North Dakota health care delivery system, implementing the healthy North Dakota initiative, examining Medicaid reform, and the feasibility of developing a plan for a private health care model that will comply with federal health care reform in a manner that will provide high-quality, accessible, and affordable care for North Dakota citizens. In performing the study, the legislative management may consider population shifts, facility needs, personnel needs, rural access, regulatory public health functions, and vulnerable populations; determine the scope of the weakness in the current health care system; take into account the ongoing impact that federal health care reform under the federal Affordable Care Act is having on state delivery of health care and on state delivery of Medicaid; and consider how to forge partnerships with federal payers and regulators in order to work toward addressing medical reimbursement system reform. The legislative management shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the sixty-fourth legislative assembly.

SECTION 16. LEGISLATIVE MANAGEMENT STUDY OF THE NEED FOR A COMPREHENSIVE SYSTEM OF CARE FOR INDIVIDUALS WITH BRAIN INJURY. Consideration should be given to input from the department of human services traumatic brain injury advisory committee and stakeholders from the private and public sectors, including individuals with brain injury, families impacted by brain injury, educators, treatment providers, and service providers. The legislative management shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the sixty-fourth legislative assembly.

SECTION 19. LEGISLATIVE INTENT - DEPUTY DIRECTOR POSITION. The removal of the full-time equivalent position in the administration and support division does not preclude the department of human services from employing a deputy director. The department may use an existing full-time equivalent position for the purpose of a deputy director position.

SECTION 20. LEGISLATIVE INTENT - ELECTRONIC HEALTH RECORDS. Because the electronic health records system is needed for the state hospital to maintain accreditation, the reduction of the funding in the information technology division does not preclude the department of human services from procuring an electronic health records system if the department can initiate the project within its 2013-15 biennium appropriation for the information technology division or field services division.

SECTION 21. APPROPRIATION. There is appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of \$1,243,082, or so much of the sum as may be necessary, and from special funds derived from federal funds and other income, the sum of \$159,349,321, or so much of the sum as may be necessary, to the department of human services for the purpose of funding the following initiatives, for the biennium beginning July 1, 2013, and ending June 30, 2015. Increases for classified state employees are not to be the same percentage increase for each employee. Probationary employees are not entitled to the market and performance increases. However, probationary employees may be given all or a portion of the increases upon completion of probation, at the discretion of the appointing authority. Employees whose overall documented performance level does not meet standards are not eligible for any salary increase.

Each agency appropriation is increased to provide additional funding of \$95 per month for each eligible employee to maintain existing health insurance benefits. As a percentage of the average state employee monthly salary, this amount represents a 2.35 percent increase.

If it is determined upon audit by the tax commissioner that the tax due was twenty-five percent or more above the amount reported on the return, notice of determination of

tax due must be given not later than six years after the last day on which the return was due or six years after the return was filed, whichever ~~was~~ later. Notice of determination of tax due for any reporting period for which a taxpayer failed to file a return must be given not later than six years after the due date of the return, but if fraudulent information is given in a return or the failure to file a return is due to the fraudulent intent or willful attempt of the taxpayer in any manner to evade the tax, the time limitation provided in this section for giving notice of the determination of tax due does not apply. If any manufacturer, wholesaler, domestic winery, domestic distillery, microbrew pub, or direct shipper files a fraudulent return, there must be added to the tax an amount equal to the tax evaded or attempted to be evaded and such manufacturer, wholesaler, domestic winery, domestic distillery, microbrew pub, or direct shipper is also guilty of a class C felony. All such taxes and civil penalties may be collected by assessment or distraint, and no court of this state may enjoin the collection of any such tax or civil penalty. Any manufacturer, wholesaler, domestic winery, domestic distillery, microbrew pub, ~~or~~ direct shipper, licensed alcohol carrier, or licensed logistics shipper may have its license suspended or revoked for violation of any of the provisions of this title after a hearing conducted similar to that prescribed by this law.

HOUSE BILL NO. 1164

(Representative N. Johnson)
(Senator Campbell)

AN ACT to create and enact a new section to chapter 6-03 of the North Dakota Century Code, relating to a standard of conduct for directors of financial institutions.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new section to chapter 6-03 of the North Dakota Century Code is created and enacted as follows:

Standard of conduct for directors of financial institutions.

1. A director shall discharge the duties of the position of director in good faith, in a manner the director reasonably believes to be in the best interests of the financial institution, and with the care an ordinarily prudent person in a like position would exercise under similar circumstances. A person who so performs those duties is not liable by reason of being or having been a director of the financial institution.
2. A director is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, in each case prepared or presented by:
 - a. One or more officers or employees of the financial institution whom the director reasonably believes to be reliable and competent in the matters presented;
 - b. Counsel, public accountants, or other persons as to matters the director reasonably believes are within the person's professional or expert competence; or
 - c. A committee of the board upon which the director does not serve, duly established by the board as to matters within its designated authority, if the director reasonably believes the committee to merit confidence.
3. Subsection 2 does not apply to a director who has specialized knowledge concerning the matter in question that makes the reliance otherwise permitted by subsection 2 unwarranted.
4. A director who is present at a meeting of the board when an action is approved by the affirmative vote of a majority of the directors present is presumed to have assented to the action approved, unless the director:
 - a. Objects at the beginning of the meeting to the transaction of business because the meeting is not lawfully called or convened and does not participate thereafter in the meeting, in which case the director shall not be considered to be present at the meeting for any purpose;

- b. Votes against the action at the meeting; or
- c. Is prohibited from voting on the action:
 - (1) By the articles;
 - (2) By the bylaws;
 - (3) As the result of a decision to approve, ratify, or authorize a transaction that meets the standards and follows the process stated in section 10-19.1-51 for a business corporation; or
 - (4) By a conflict of interest policy adopted by the board.
- 5. A director's personal liability to the financial institution or its shareholders for monetary damages for breach of fiduciary duty as a director may be eliminated or limited in the articles. The articles may not eliminate or limit the liability of a director:
 - a. For any breach of the director's duty of loyalty to the financial institution or its shareholders;
 - b. For acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;
 - c. For illegal distributions which a director who is present and not disqualified from acting has voted for or failed to vote against;
 - d. For any transaction from which the director derived an improper personal benefit; or
 - e. For any act or omission occurring prior to the date when the provision in the articles eliminating or limiting liability becomes effective.
- 6. In discharging the duties of the position of director, a director may, in considering the best interests of the financial institution, consider the interests of the financial institution's employees, customers, suppliers, and creditors; the economy of the state and nation; community and societal considerations; and the long-term and short-term interests of the financial institution and its shareholders, including the possibility these interests may be best served by the continued independence of the financial institution.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

²⁶ **SECTION 1. AMENDMENT.** Section 6-08-16 of the North Dakota Century Code is amended and reenacted as follows:

6-08-16. Issuing check or draft without sufficient funds or credit - Notice - Time limitation - Financial liability - Penalty.

1. A person may not, for that person, as the agent or representative of another, or as an officer or member of a ~~firm, company, copartnership, or corporation~~ an organization, make, draw, utter, or deliver any check, draft, or order, or authorize an electronic funds transfer, for the payment of money upon a bank, banker, or depository, if at the time of the making, drawing, uttering, electronically authorizing, or delivery, or at the time of presentation for payment, if the presentation for payment is made within fourteen days after the original delivery thereof, there are not sufficient funds in or credit with the bank, banker, or depository to meet the check, draft, electronic funds transfer, or order in full upon its authorized presentation. Violation of this subsection is:
 - a. An infraction if the amount of insufficient funds or credit is not more than fifty dollars;
 - b. A class B misdemeanor if the amount of insufficient funds or credit is more than fifty dollars but not more than two hundred fifty dollars, or if the individual has pled guilty or been found guilty of a violation of this section within three years of issuing an insufficient funds check, draft, or order;
 - c. A class A misdemeanor if the amount of insufficient funds or credit is more than two hundred fifty dollars but not more than five hundred dollars, or if the individual has pled guilty or been found guilty of two violations of this section within three years of issuing an insufficient funds check, draft, or order; or
 - d. A class C felony if the amount of insufficient funds or credit is more than five hundred dollars, or an individual has pled guilty or been found guilty of three or more violations of this section within five years of willfully issuing an insufficient funds check, draft, or order.

²⁶ Section 6-08-16 was also amended by section 1 of Senate Bill No. 2251, chapter 104.

If the holder of the check, draft, electronic funds transfer authorization, or order or the holder's agent or representative uses the automated clearinghouse network to collect the collection fees or costs, that person shall comply with the network's rules and requirements. If the state's attorney or holder determines the person identified as the issuer of the instrument did not make, draw, utter, or deliver the instrument in violation of this section but instead is the victim of fraud, that state's attorney or holder shall provide the holder or ~~its~~ the holder's agent or representative written notice of the fraud and upon receipt of the notice that holder or ~~its~~ the holder's agent or representative may not collect fees or costs under this subdivision.

The making of a postdated check knowingly received as such, or of a check issued under an agreement with the payee that the check would not be presented for payment for a time specified, does not violate this section.
4. A notice of dishonor may be mailed by the holder, ~~or the holder's agent or representative,~~ of the check upon dishonor or by the holder's agent or representative upon dishonor. SENATE BILL NO. 2057

(Political Subdivisions Committee)
(At the request of the Public Finance Authority)

AN ACT to amend and reenact section 6-09.4-10 of the North Dakota Century Code, relating to the reserve fund for public finance authority bonds.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 6-09.4-10 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-10. Reserve fund.

1. The public finance authority shall establish and maintain a reserve fund in which there must be deposited all moneys appropriated by the state for the purpose of the fund, all proceeds of bonds required to be deposited therein by terms of any contract between the public finance authority and its bondholders or any resolution of the public finance authority with respect to the proceeds of bonds, any other moneys or funds of the public finance authority which it determines to deposit therein, any contractual right to the receipt of moneys by the public finance authority for the purpose of the fund, including a letter of credit or similar instrument, and any other moneys made available to the public finance authority only for the purposes of the fund from any other source or sources. Moneys in the reserve fund must be held and applied solely to the payment of the interest on and the principal of bonds and sinking fund payments as the same become due and payable and for the retirement of bonds, including payment of any redemption premium required to be paid when any bonds are redeemed or retired prior to maturity. Moneys in the reserve fund may not be withdrawn therefrom if the withdrawal would reduce the amount in the reserve fund to an amount less than the required debt service reserve, except for payment of interest then due and payable on bonds and the principal of bonds then maturing and payable and sinking fund payments and for the retirement of bonds in accordance with the terms of any contract between the public finance authority and its bondholders and for the payments on account of which interest or principal or sinking fund payments or retirement of bonds, other moneys of the public finance authority are not then available in accordance with the terms of the contract. The required debt service reserve must be an aggregate amount equal to at least the largest amount of money required by the terms of all contracts between the public finance authority and its bondholders to be raised in the then current or any succeeding calendar year for the payment of interest on and maturing principal of outstanding bonds, and sinking fund payments required by the terms of any contracts to sinking funds established for the payment or redemption of the bonds.
2. If the establishment of the reserve fund for an issue or the maintenance of an existing reserve fund at a required level under this section would necessitate the investment of all or any portion of a new reserve fund or all or any portion of an existing reserve fund at a restricted yield, because to not restrict the

yield may cause the bonds to be taxable under the Internal Revenue Code, then at the discretion of the public finance authority no reserve fund need be established prior to the issuance of bonds or the reserve fund need not be funded to the levels required by other subsections of this section or an existing reserve fund may be reduced.

3. No bonds may be issued by the public finance authority unless there is in the reserve fund the required debt service reserve for all bonds then issued and outstanding and the bonds to be issued. Nothing in this chapter prevents or precludes the public finance authority from satisfying the foregoing requirement by depositing so much of the proceeds of the bonds to be issued, upon their issuance, as is needed to achieve the required debt service reserve. The public finance authority may at any time issue its bonds or notes for the purpose of providing any amount necessary to increase the amount in the reserve fund to the required debt service reserve, or to meet such higher or additional reserve as may be fixed by the public finance authority with respect to such fund.
4. In order to assure the maintenance of the required debt service reserve, there shall be appropriated by the legislative assembly and paid to the public finance authority for deposit in the reserve fund, such sum, if any, as shall be certified by the industrial commission as necessary to restore the reserve fund to an amount equal to the required debt service reserve. However, the commission may approve a resolution for the issuance of bonds, as provided by section 6-09.4-06, which states in substance that this subsection is not applicable to the required debt service reserve for bonds issued under that resolution.
5. If the maturity of a series of bonds of the public finance authority is three years or less from the date of issuance of the bonds, the public finance authority may determine that no reserve fund need be established for that respective series of bonds. If such a determination is made, holders of that respective series of bonds may have no interest in or claim on existing reserve funds established for the security of the holders of previously issued public finance authority bonds, and may have no interest in or claim on reserve funds established for the holders of subsequent issues of bonds of the public finance authority.

The industrial commission may determine that this section is inapplicable in whole or in part for bonds issued under section 6-09.4-24 or under the public finance authority's state revolving fund program.

- 3-4. In an action under subdivision b of subsection 1 involving a corporation that is not a publicly held corporation at the time the action is commenced and in which one or more of the circumstances described in that subdivision is established, the court, upon motion of a corporation or a shareholder or beneficial owner of shares of the corporation, may order the sale by a plaintiff or a defendant of all shares of the corporation held by the plaintiff or defendant to either the corporation or the moving shareholders, whichever is specified in the motion, if the court determines in its discretion that an order would be fair and equitable to all parties under the circumstances of the case.

- 4-5. In determining whether to order equitable relief or dissolution, the court shall take into consideration the duty which all shareholders in a closely held corporation owe one another to act in an honest, fair, and reasonable manner in the operation of the corporation and the reasonable expectations of the shareholders as they exist at the inception and develop during the course of the shareholders' relationship with the corporation and with each other. For purposes of this section, any written agreement, including an employment agreement and a buy-sell agreement, between or among shareholders or between or among one or more shareholders and the corporation is presumed to reflect the parties' reasonable expectation concerning the matters dealt with in the agreement.
- 5-6. In deciding whether to order dissolution, the court shall consider whether lesser relief suggested by one or more parties, such as any form of equitable relief, a buyout, or a partial liquidation, would be adequate to permanently

relieve the circumstances established under subdivision b or c of subsection 1. Lesser relief may be ordered in any case when it would be appropriate under all the facts and circumstances of the case.

- 6-7. If the court finds that a party to a proceeding brought under this section has acted arbitrarily, vexatiously, or otherwise not in good faith, it may in its discretion award reasonable expenses, including attorney's fees and disbursements, to any of the other parties.
- 7-8. Proceedings under this section must be brought in a court within the county in which the principal executive office of the corporation is located. It is not necessary to make shareholders parties to the action or proceeding unless relief is sought against them personally.

Determination of postfertilization age - Abortion of unborn child of twenty or more weeks postfertilization age prohibited.

1. Except in the case of a medical emergency, an abortion may not be performed or induced or be attempted to be performed or induced unless the physician performing or inducing the abortion has first made a determination of the probable postfertilization age of the unborn child or relied upon such a determination made by another physician. In making the determination, the physician shall make those inquiries of the woman and perform or cause to be performed the medical examinations and tests as a reasonably prudent physician, knowledgeable about the case and the medical conditions involved, would consider necessary to perform in making an accurate diagnosis with respect to postfertilization age.
2. Except in the case of a medical emergency, a person may not perform or induce or attempt to perform or induce an abortion upon a woman when it has been determined, by the physician performing or inducing or attempting to perform or induce the abortion or by another physician upon whose determination that physician relies, that the probable postfertilization age of the woman's unborn child is twenty or more weeks.

SECTION 4. AMENDMENT. Section 14-02.1-07 of the North Dakota Century Code is amended and reenacted as follows:

All abortion facilities shall keep the following records of the:
 - (1) The number of women who availed themselves of the opportunity to receive and view an ultrasound image of their unborn children pursuant to section 14-02.1-04, and the number who did not; and of

each of those numbers, the number who, to the best of the reporting abortion facility's information and belief, went on to obtain the abortion. Records must be maintained in the permanent files of the hospital or abortion facility for a period of not less than seven years.

(2) Postfertilization age:

(a) If a determination of probable postfertilization age was not made, the basis of the determination that a medical emergency existed.

(b) If the probable postfertilization age was determined to be twenty or more weeks and an abortion was performed, the basis of the determination that a medical emergency existed.

b. The medical records of abortion facilities and hospitals in which abortions are performed and all information contained therein must remain confidential and may be used by the state department of health only for gathering statistical data and ensuring compliance with the provisions of this chapter.

c. Records must be maintained in the permanent files of the hospital or abortion facility for a period of not less than seven years.

2. Reporting:

a. An individual abortion compliance report and an individual abortion data report for each abortion performed upon a woman must be completed by her attending physician. The abortion data report must be confidential and may not contain the name of the woman. The abortion data report must include the data called for in the United States standard report of induced termination of pregnancy as recommended by the national center for health statistics.

b. All abortion compliance reports must be signed by the attending physician within twenty-four hours and submitted to the state department of health within ten business days from the date of the abortion. All abortion data and complication reports must be signed by the attending physician and submitted to the state department of health within thirty days from the date of the abortion. If a physician provides an abortion-inducing drug to another for the purpose of inducing an abortion and the physician knows that the individual experiences during or after the use an adverse event, the physician shall provide a written report of the adverse event within thirty days of the event to the state department of health and the federal food and drug administration via the medwatch reporting system. For purposes of this section, "adverse event" is defined based upon the federal food and drug administration criteria given in the medwatch reporting system. If a determination of probable postfertilization age was not made, the abortion compliance report must state the basis of the determination that a medical emergency existed. If the probable postfertilization age was determined to be twenty or more weeks and an abortion was performed, the abortion compliance report must state the basis of the determination that a medical emergency existed.

c. A copy of the abortion report, any complication report, and any adverse event report must be made a part of the medical record of the patient at

the facility or hospital in which the abortion was performed. In cases when post-abortion complications are discovered, diagnosed, or treated by physicians not associated with the facility or hospital where the abortion was performed, the state department of health shall forward a copy of the report to that facility or hospital to be made a part of the patient's permanent record.

- d. The state department of health is responsible for collecting all abortion compliance reports, abortion data reports, complication reports, and adverse event reports and collating and evaluating all data gathered from these reports and shall annually publish a statistical report based on data from abortions performed in the previous calendar year. All abortion compliance reports received by the state department of health are public records. Except for disclosure to a law enforcement officer or state agency, the department may not disclose an abortion compliance report without first removing any individually identifiable health information and any other demographic information, including race, marital status, number of previous live births, and education regarding the woman upon whom the abortion was performed.
- e. The state department of health shall report to the attorney general any apparent violation of this chapter.

- b. Expressly waives, in a separate signed record, the right to financial disclosure beyond the disclosure provided; or
- c. Has adequate knowledge or a reasonable basis for having adequate knowledge of the information described in subdivision a.
5. 6. A court may refuse to enforce a term of a premarital agreement or marital agreement if, in the context of the agreement taken as a whole:
- a. The term was unconscionable at the time of signing; or
- b. Enforcement of the term would result in substantial hardship for a party because of a material change in circumstances arising after the agreement was signed.
7. The court shall decide a question of unconscionability or substantial hardship under subsection 6 as a matter of law.

CHAPTER 123

SENATE BILL NO. 2122

(Judiciary Committee)

(At the request of the Uniform Commission on State Laws)

AN ACT to create and enact chapter 14-09.3 of the North Dakota Century Code, relating to the Uniform Deployed Parents Custody and Visitation Act; to amend and reenact sections 14-09-06.2 and 14-09-06.6 of the North Dakota Century Code, relating to best interests and welfare of the child factors and limitation on postjudgment modifications; and to provide for application.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 14-09-06.2 of the North Dakota Century Code is amended and reenacted as follows:

14-09-06.2. Best interests and welfare of child - Court consideration - Factors.

1. For the purpose of parental rights and responsibilities, the best interests and welfare of the child is determined by the court's consideration and evaluation of all factors affecting the best interests and welfare of the child. These factors include all of the following when applicable:
 - a. The love, affection, and other emotional ties existing between the parents and child and the ability of each parent to provide the child with nurture, love, affection, and guidance.
 - b. The ability of each parent to assure that the child receives adequate food, clothing, shelter, medical care, and a safe environment.
 - c. The child's developmental needs and the ability of each parent to meet those needs, both in the present and in the future.
 - d. The sufficiency and stability of each parent's home environment, the impact of extended family, the length of time the child has lived in each parent's home, and the desirability of maintaining continuity in the child's home and community.
 - e. The willingness and ability of each parent to facilitate and encourage a close and continuing relationship between the other parent and the child.
 - f. The moral fitness of the parents, as that fitness impacts the child.
 - g. The mental and physical health of the parents, as that health impacts the child.
 - h. The home, school, and community records of the child and the potential effect of any change.

- i. If the court finds by clear and convincing evidence that a child is of sufficient maturity to make a sound judgment, the court may give substantial weight to the preference of the mature child. The court also shall give due consideration to other factors that may have affected the child's preference, including whether the child's preference was based on undesirable or improper influences.
 - j. Evidence of domestic violence. In determining parental rights and responsibilities, the court shall consider evidence of domestic violence. If the court finds credible evidence that domestic violence has occurred, and there exists one incident of domestic violence which resulted in serious bodily injury or involved the use of a dangerous weapon or there exists a pattern of domestic violence within a reasonable time proximate to the proceeding, this combination creates a rebuttable presumption that a parent who has perpetrated domestic violence may not be awarded residential responsibility for the child. This presumption may be overcome only by clear and convincing evidence that the best interests of the child require that parent have residential responsibility. The court shall cite specific findings of fact to show that the residential responsibility best protects the child and the parent or other family or household member who is the victim of domestic violence. If necessary to protect the welfare of the child, residential responsibility for a child may be awarded to a suitable third person, provided that the person would not allow access to a violent parent except as ordered by the court. If the court awards residential responsibility to a third person, the court shall give priority to the child's nearest suitable adult relative. The fact that the abused parent suffers from the effects of the abuse may not be grounds for denying that parent residential responsibility. As used in this subdivision, "domestic violence" means domestic violence as defined in section 14-07.1-01. A court may consider, but is not bound by, a finding of domestic violence in another proceeding under chapter 14-07.1.
 - k. The interaction and interrelationship, or the potential for interaction and interrelationship, of the child with any person who resides in, is present, or frequents the household of a parent and who may significantly affect the child's best interests. The court shall consider that person's history of inflicting, or tendency to inflict, physical harm, bodily injury, assault, or the fear of physical harm, bodily injury, or assault, on other persons.
 - l. The making of false allegations not made in good faith, by one parent against the other, of harm to a child as defined in section 50-25.1-02.
 - m. Any other factors considered by the court to be relevant to a particular parental rights and responsibilities dispute.
2. In a proceeding for parental rights and responsibilities of a child of a servicemember, a court may not consider a parent's past deployment or possible future deployment in itself in determining the best interests of the child but may consider any significant impact on the best interests of the child of the parent's past or possible future deployment.
 3. In any proceeding under this chapter, the court, at any stage of the proceedings after final judgment, may make orders about what security is to be given for the care, custody, and support of the unmarried minor children of

the marriage as from the circumstances of the parties and the nature of the case is equitable.

SECTION 2. AMENDMENT. Section 14-09-06.6 of the North Dakota Century Code is amended and reenacted as follows:

14-09-06.6. Limitations on postjudgment modifications of primary residential responsibility.

1. Unless agreed to in writing by the parties, or if included in the parenting plan, no motion for an order to modify primary residential responsibility may be made earlier than two years after the date of entry of an order establishing primary residential responsibility, except in accordance with subsection 3.
2. Unless agreed to in writing by the parties, or if included in the parenting plan, if a motion for modification has been disposed of upon its merits, no subsequent motion may be filed within two years of disposition of the prior motion, except in accordance with subsection 5.
3. The time limitation in subsections 1 and 2 does not apply if the court finds:
 - a. The persistent and willful denial or interference with parenting time;
 - b. The child's present environment may endanger the child's physical or emotional health or impair the child's emotional development; or
 - c. The primary residential responsibility for the child has changed to the other parent for longer than six months.
4. A party seeking modification of an order concerning primary residential responsibility shall serve and file moving papers and supporting affidavits and shall give notice to the other party to the proceeding who may serve and file a response and opposing affidavits. The court shall consider the motion on briefs and without oral argument or evidentiary hearing and shall deny the motion unless the court finds the moving party has established a prima facie case justifying a modification. The court shall set a date for an evidentiary hearing only if a prima facie case is established.
5. The court may not modify the primary residential responsibility within the two-year period following the date of entry of an order establishing primary residential responsibility unless the court finds the modification is necessary to serve the best ~~interest~~interests of the child and:
 - a. The persistent and willful denial or interference with parenting time;
 - b. The child's present environment may endanger the child's physical or emotional health or impair the child's emotional development; or
 - c. The residential responsibility for the child has changed to the other parent for longer than six months.
6. The court may modify the primary residential responsibility after the two-year period following the date of entry of an order establishing primary residential responsibility if the court finds:

- a. On the basis of facts that have arisen since the prior order or which were unknown to the court at the time of the prior order, a material change has occurred in the circumstances of the child or the parties; and
 - b. The modification is necessary to serve the best interestinterests of the child.
7. The court may modify a prior order concerning primary residential responsibility at any time if the court finds a stipulated agreement by the parties to modify the order is in the best interestinterests of the child.
 8. Upon a motion to modify primary residential responsibility under this section, the burden of proof is on the moving party.
 9. ~~If a motion for change of primary parental responsibility is filed during the time a parent is in active duty service, the court may not enter an order modifying or amending a previous judgment or order, or issue a new order, which changes the child's placement that existed on the date the parent was called to active duty service, except the court may enter a temporary order concerning residential responsibility which is in the best interest of the child. The temporary order must explicitly provide that residential responsibility must be restored to the service member upon the service member's release from active duty service, unless the court finds by clear and convincing evidence that restoration of residential responsibility would not be in the best interest of the child. If an original decision concerning primary residential responsibility is pending and the service member is alerted for active duty service, or is absent for active duty service, the court may not issue a permanent order until the return of the service member from active duty. The court may issue a temporary order concerning primary residential responsibility in the best interest of the child for the time period of the active duty service. This section does not prevent a service member from consenting to a modification that continues past discharge or release from active duty service or to agreeing to a permanent order before release from active duty service. For purposes of this section, "service member" means a member of the national guard or a reserve unit of the United States armed forces and "active duty service" means an order to active duty under United States Code title 10.~~

 - j. If the agreement must be filed pursuant to section 14-09.3-10, specify which parent is required to file the agreement.

14-09.3-07. (202) Nature of authority created by agreement.

1. An agreement under sections 14-09.3-07 through 14-09.3-10 is temporary and terminates pursuant to sections 14-09.3-22 through 14-09.3-25 after the deploying parent returns from deployment, unless the agreement has been terminated before that time by court order or modification under section 14-09.3-08. The agreement does not create an independent, continuing right to caretaking authority, decisionmaking authority, or limited contact in an individual to whom custodial responsibility is given.
2. A nonparent who has caretaking authority, decisionmaking authority, or limited contact by an agreement under sections 14-09.3-07 through 14-09.3-10 has standing to enforce the agreement until it has been terminated by court order, by modification under section 14-09.3-08, or under sections 14-09.3-22 through 14-09.3-25.

3. If an agreement is modified under subsection 1 during deployment of a deploying parent, the modification must be agreed to in a record by both parents and any nonparent who will exercise custodial responsibility under the modified agreement.

14-09.3-09. (204) Power of attorney.

A deploying parent, by power of attorney, may delegate all or part of custodial responsibility to an adult nonparent for the period of deployment if no other parent possesses custodial responsibility under law of this state other than this chapter, or if a court order currently in effect prohibits contact between the child and the other parent. The deploying parent may revoke the power of attorney by signing a revocation of the power.

14-09.3-10. (205) Filing agreement or power of attorney with court.

An agreement or power of attorney under sections 14-09.3-07 through 14-09.3-10 must be filed within a reasonable time with any court that has entered an order on custodial responsibility or child support that is in effect concerning the child who is the subject of the agreement or power. The case number and heading of the pending case concerning custodial responsibility or child support must be provided to the court with the agreement or power.

14-09.3-11. (301) Definition.

In sections 14-09.3-11 through 14-09.3-21, "close and substantial relationship" means a relationship in which a significant bond exists between a child and a nonparent.

14-09.3-12. (302) Proceeding for temporary custody order.

1. After a deploying parent receives notice of deployment and until the deployment terminates, a court may issue a temporary order granting custodial responsibility unless prohibited by the federal Servicemembers Civil Relief Act [50 U.S.C. appendix sections 521 and 522]. A court may not issue a permanent order granting custodial responsibility without the consent of the deploying parent.
2. At any time after a deploying parent receives notice of deployment, either parent may file a motion regarding custodial responsibility of a child during deployment. The motion must be filed in a pending proceeding for custodial responsibility in a court with jurisdiction under section 14-09.3-03 or, if there is no pending proceeding in a court with jurisdiction under section 14-09.3-03, in a new action for granting custodial responsibility during deployment.

14-09.3-13. (303) Expedited hearing.

If a motion to grant custodial responsibility is filed under subsection 2 of section 14-09.3-12 before a deploying parent deploys, the court shall conduct an expedited hearing.

14-09.3-14. (304) Testimony by electronic means.

In a proceeding under sections 14-09.3-11 through 14-09.3-21, a party or witness who is not reasonably available to appear personally may appear, provide testimony, and present evidence by electronic means unless the court finds good cause to require a personal appearance.

14-09.3-15. (305) Effect of prior judicial order or agreement.

In a proceeding for a grant of custodial responsibility pursuant to sections 14-09.3-11 through 14-09.3-21, the following rules apply:

1. A prior judicial order designating custodial responsibility in the event of deployment is binding on the court unless the circumstances meet the requirements of law of this state other than this chapter for modifying a judicial order regarding custodial responsibility.
2. The court shall enforce a prior written agreement between the parents for designating custodial responsibility in the event of deployment, including an agreement executed under sections 14-09.3-07 through 14-09.3-10, unless the court finds that the agreement is contrary to the best interests of the child.

14-09.3-16. (306) Grant of caretaking or decisionmaking authority to nonparent.

1. On motion of a deploying parent and in accordance with the laws of this state other than this chapter, if it is in the best interests of the child, a court may

grant caretaking authority to a nonparent who is an adult family member of the child or an adult with whom the child has a close and substantial relationship.

2. Unless a grant of caretaking authority to a nonparent under subsection 1 is agreed to by the other parent, the grant is limited to an amount of time not greater than:
 - a. The amount of time granted to the deploying parent under a permanent custody order, but the court may add unusual travel time necessary to transport the child; or
 - b. In the absence of a permanent custody order that is currently in effect, the amount of time that the deploying parent habitually cared for the child before being notified of deployment, but the court may add unusual travel time necessary to transport the child.
3. A court may grant part of a deploying parent's decisionmaking authority, if the deploying parent is unable to exercise that authority, to a nonparent who is an adult family member of the child or an adult with whom the child has a close and substantial relationship. If a court grants the authority to a nonparent, the court shall specify the decisionmaking powers granted, including decisions regarding the child's education, religious training, health care, extracurricular activities, and travel.

14-09.3-17. (307) Grant of limited contact.

On motion of a deploying parent, and in accordance with the laws of this state other than this chapter, unless the court finds that the contact would be contrary to the best interests of the child, a court shall grant limited contact to a nonparent who is a family member of the child or an individual with whom the child has a close and substantial relationship.

14-09.3-18. (308) Nature of authority created by temporary custody order.

1. A grant of authority under sections 14-09.3-11 through 14-09.3-21 is temporary and terminates under sections 14-09.3-22 through 14-09.3-25 after the return from deployment of the deploying parent, unless the grant has been terminated before that time by court order. The grant does not create an independent, continuing right to caretaking authority, decisionmaking authority, or limited contact in an individual to whom it is granted.
2. A nonparent granted caretaking authority, decisionmaking authority, or limited contact under sections 14-09.3-11 through 14-09.3-21 has standing to enforce the grant until it is terminated by court order or under sections 14-09.3-22 through 14-09.3-25.

 - c. Provide for liberal communication between the deploying parent and the child during deployment, including through electronic means, unless contrary to the best interests of the child, and allocate any costs of communications;
 - d. Provide for liberal contact between the deploying parent and the child during the time the deploying parent is on leave or otherwise available, unless contrary to the best interests of the child;
 - e. Provide for reasonable contact between the deploying parent and the child after return from deployment until the temporary order is terminated, even if the time of contact exceeds the time the deploying parent spent with the child before entry of the temporary order; and

If a court has issued an order granting caretaking authority under sections 14-09.3-11 through 14-09.3-21, or an agreement granting caretaking authority has been executed under sections 14-09.3-07 through 14-09.3-10, the court may enter a temporary order for child support consistent with the laws of this state other than this chapter if the court has jurisdiction under chapter 14-12.2.

14-09.3-21. (311) Modifying or terminating grant of custodial responsibility to nonparent.

1. Except for an order under section 14-09.3-15, except as otherwise provided in subsection 2, and consistent with the federal Servicemembers Civil Relief Act, [50 U.S.C. appendix sections 521 and 522], on motion of a deploying or other parent or any nonparent to whom caretaking authority, decisionmaking authority, or limited contact has been granted, the court may modify or terminate the grant if the modification or termination is consistent with sections 14-09.3-11 through 14-09.3-21 and it is in the best interests of the child. A modification is temporary and terminates pursuant to sections 14-09.3-22 through 14-09.3-25 after the deploying parent returns from deployment, unless the grant has been terminated before that time by court order.
2. On motion of a deploying parent, the court shall terminate a grant of limited contact.

14-09.3-22. (401) Procedure for terminating temporary grant of custodial responsibility established by agreement.

1. At any time after return from deployment, a temporary agreement granting custodial responsibility under sections 14-09.3-07 through 14-09.3-10 may be terminated by an agreement to terminate signed by the deploying parent and the other parent.
2. A temporary agreement under sections 14-09.3-07 through 14-09.3-10 granting custodial responsibility terminates:
 - a. If an agreement to terminate under subsection 1 specifies a date for termination, on that date; or
 - b. If the agreement to terminate does not specify a date, on the date the agreement to terminate is signed by the deploying parent and the other parent.
3. In the absence of an agreement under subsection 1 to terminate, a temporary agreement granting custodial responsibility terminates under sections 14-09.3-07 through 14-09.3-10 sixty days after the deploying parent gives notice to the other parent that the deploying parent returned from deployment.
4. If a temporary agreement granting custodial responsibility was filed with a court pursuant to section 14-09.3-10, an agreement to terminate the temporary agreement also must be filed with that court within a reasonable time after the signing of the agreement. The case number and heading of the case concerning custodial responsibility or child support must be provided to the court with the agreement to terminate.

14-09.3-23. (402) Consent procedure for terminating temporary grant of custodial responsibility established by court order.

At any time after a deploying parent returns from deployment, the deploying parent and the other parent may file with the court an agreement to terminate a temporary order for custodial responsibility issued under sections 14-09.3-11 through 14-09.3-21. After an agreement has been filed, the court shall issue an order terminating the temporary order effective on the date specified in the agreement. If a date is not specified, the order is effective immediately.

14-09.3-24. (403) Visitation before termination of temporary grant of custodial responsibility.

After a deploying parent returns from deployment until a temporary agreement or order for custodial responsibility established under sections 14-09.3-07 through 14-09.3-10 or sections 14-09.3-11 through 14-09.3-21 is terminated, the court shall issue a temporary order granting the deploying parent reasonable contact with the child unless it is contrary to the best interests of the child, even if the time of contact exceeds the time the deploying parent spent with the child before deployment.

14-09.3-25. (404) Termination by operation of law of temporary grant of custodial responsibility established by court order.

1. If an agreement between the parties to terminate a temporary order for custodial responsibility under sections 14-09.3-11 through 14-09.3-21 has not been filed, the order terminates sixty days after the deploying parent gives

notice to the other parent and any nonparent granted custodial responsibility that the deploying parent has returned from deployment.

2. A proceeding seeking to prevent termination of a temporary order for custodial responsibility is governed by law of this state other than this chapter.

14-09.3-26. (502) Relation to Electronic Signatures in Global and National Commerce Act.

This chapter modifies, limits, and supersedes the Electronic Signatures in Global and National Commerce Act [15 U.S.C. 7001 et seq.] but does not modify, limit, or supersede section 101(c) of that Act [15 U.S.C. 7001(c)] or authorize electronic delivery of any of the notices described in section 103(b) of that Act [15 U.S.C. 7003(b)].

Upon receipt of the unofficial educational records by a school in the receiving state, the school shall enroll and appropriately place the student based on the information provided in the unofficial records pending validation by the official records, as quickly as possible.
2. Simultaneous with the enrollment and conditional placement of the student, the school in the receiving state shall request the student's official educational records from the school in the sending state. 4. Students must be allowed to continue their enrollment at grade level in the receiving state commensurate with their grade level in the sending state at the time of transition, regardless of age. A student who satisfactorily has completed the prerequisite grade level in the sending state is eligible for enrollment in the next highest grade level in the receiving state, regardless of age. A student transferring after the start of the school calendar in the

receiving state shall enter the school in the receiving state on the validated level from the school in the sending state.

ARTICLE V - PLACEMENT AND ATTENDANCE

1. When a student transfers before or during the regular school calendar, the receiving state school shall initially honor placement of the student in educational courses based on the student's enrollment in the sending school or educational assessments conducted at the school in the sending state, if the courses are offered. Course placement includes honors, international baccalaureate, advanced placement, and career and technical education courses. Continuing the student's academic program from the sending school and promoting placement in challenging courses should be paramount when considering placement. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the course.
2.
 - a. The receiving school initially shall honor placement of the student in educational programs based on current educational assessments conducted at the sending school or based on placement in like programs in the sending school. Such programs include gifted and talented programs and English language learner programs. This does not preclude the receiving school from performing subsequent evaluations to ensure appropriate placement of the student.
 - b. This subsection does not require a school district to create programs or offer services that were not in place before the enrollment of the student unless the programs or services are required by federal law.
3.
 - a. In compliance with the Individuals With Disabilities Education Act [20 U.S.C. 1400 et seq.], the receiving school initially shall provide comparable services to a student with disabilities based on the student's current individualized education program; and
 - b. In compliance with the requirements of section 504 of the Rehabilitation Act [29 U.S.C. 794] and with the Americans with Disabilities Act [42 U.S.C. 12131 et seq.], the receiving school shall make reasonable accommodations and modifications to address the needs of incoming students with disabilities, subject to an existing 504 or title II plan, to provide the student with equal access to education. This does not preclude the receiving school from performing subsequent evaluations to ensure appropriate placement of the student.
4. School district administrators have flexibility in waiving course or program prerequisites and other preconditions for placement in courses or programs offered by the district.
5. A student whose parent or legal guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or a combat support posting must be granted additional excused absences by the school district superintendent to visit with the student's parent or legal guardian relative to the leave or deployment of the parent or guardian.

ARTICLE VI - ELIGIBILITY

1. Eligibility for enrollment:
 - a. A special power of attorney, relative to the guardianship of a child of a military family and executed under applicable law is sufficient for the purposes of enrollment and all other actions requiring parental participation and consent.
 - b. A school district may not charge tuition to a transitioning military child placed in the care of a noncustodial parent or other individual standing in loco parentis who lives in a school district other than that of the custodial parent.
 - c. A transitioning military child, placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a school district other than that of the custodial parent, may continue to attend the school in which the child was enrolled while residing with the custodial parent.

The superintendent of public instruction, school districts, and the North Dakota high school activities association shall facilitate the opportunity for transitioning military children's inclusion in extracurricular activities, regardless of application deadlines, to the extent they are otherwise qualified.

ARTICLE VII - GRADUATION

To facilitate the on-time graduation of children of military families, the superintendent of public instruction and school district administrators shall incorporate the following procedures:

1. School district administrators shall waive specific courses required for graduation if similar coursework has been satisfactorily completed in another school district or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the receiving school district shall provide an alternative means of acquiring required coursework so that graduation may occur on time.
2. States must accept exit or end-of-course examinations required for graduation from the sending state, national norm-referenced achievement tests, or alternative testing in lieu of testing requirements for graduation in the receiving state. If these alternatives cannot be accommodated by the receiving state for a student transferring in the student's senior year, then subsection 3 applies.
3. Should a military student transferring at the beginning or during the student's senior year be ineligible to graduate from the receiving school district after all alternatives have been considered, the sending and receiving school districts shall ensure the receipt of a diploma from the sending school district if the student meets the graduation requirements of the sending school district. If one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with subsections 1 and 2.

ARTICLE VIII - STATE COORDINATION

1. Each member state, through the creation of a state council or use of an existing entity, shall provide for the coordination among its state agencies,

school districts, and military installations concerning the state's participation in, and compliance with, this compact and commission activities. While each member state may determine the membership of its own state council, its membership must include at least the superintendent of public instruction, a gubernatorial appointee who is the superintendent of a school district with a high concentration of military children, a representative from a military installation, one member of the legislative assembly appointed by the chairman of the legislative management, a gubernatorial appointee who represents the executive branch of government, and any other individuals or group representatives that the state council determines appropriate. A member state that does not have a school district determined to contain a high concentration of military children may appoint a superintendent from another school district to represent school districts on the state council.

2. The state council of each member state shall appoint or designate a military family education liaison to assist military families and the state in facilitating the implementation of this compact; provided, however, in North Dakota, the appointment shall be made by the adjutant general of the national guard.
3. The compact commissioner responsible for the administration and management of the state's participation in the compact must be appointed by the governor or as otherwise determined by each member state.
4. The compact commissioner and the military family education liaison are ex officio members of the state council, unless either is already a full voting member of the state council.

The executive committee shall oversee the day-to-day activities of the administration of the compact, including enforcement and compliance with the compact, its bylaws and rules, and other such duties as determined necessary. The department of defense is an ex officio nonvoting member of the executive committee.
 8. The commission shall establish bylaws and rules that provide for conditions and procedures under which the commission shall make its information and official records available to the public for inspection or copying. The commission may exempt from disclosure information or official records to the extent they would adversely affect personal privacy rights or proprietary interests.
 9. The commission shall give public notice of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The commission and its committees may close a meeting, or portion thereof, when it determines by two-thirds vote that an open meeting would be likely to:

The commission shall cause its legal counsel or designee to certify that a meeting may be closed and shall reference each relevant exemptible provision for any meeting, or portion of a meeting, which is closed pursuant to this provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed and the record of a roll call vote. All documents considered in connection with an action must be identified in the minutes. All minutes and documents of a closed meeting must remain under seal, subject to release by a majority vote of the commission.
 11. The commission shall collect standardized data concerning the educational transition of the children of military families under this compact as directed through its rules, which shall specify the data to be collected, the means of collection, and data exchange and reporting requirements. The methods of data collection, exchange, and reporting, insofar as is reasonably possible, must conform to current technology and coordinate its information functions with the appropriate custodian of records as identified in the bylaws and rules.
 12. The commission shall create a process that permits military officials, education officials, and parents to inform the commission if and when there are alleged violations of the compact or its rules or when issues subject to the jurisdiction of the compact or its rules are not addressed by the state or local education agency. This subsection does not create a private right of action against the commission, any member state, or any school district.

 - (3) Planning, implementing, and coordinating communications and activities with other state, federal, and local government organizations in order to advance the goals of the commission.
 - b. The executive committee, subject to the approval of the commission, may appoint or retain an executive director for such period, upon such terms and conditions, and for such compensation as the commission determines appropriate. The executive director shall serve as secretary to the commission but may not be a member of the commission. The executive director shall hire and supervise such other persons as may be authorized by the commission.
4. The commission's executive director and its employees are immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error, or omission that occurred,

or that such person had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities; provided, those individuals are not protected from suit or liability for damage, loss, injury, or liability caused by their intentional or willful and wanton misconduct.

- a. The liability of the commission's executive director and employees or commission representatives, acting within the scope of that individual's employment or duties for acts, errors, or omissions occurring within that individual's state, may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents. The commission is considered to be an instrumentality of the states for the purposes of any such action. This subsection does not protect an individual from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of the individual.
- b. The commission shall defend the executive director and its employees and, subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by a commission representative, shall defend a commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of the individual.
- c. To the extent not covered by the state involved, member state, or the commission, the representatives or employees of the commission must be held harmless in the amount of a settlement or judgment, including attorney's fees and costs, obtained against the individuals arising out of an actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that those individuals had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of those individuals.

ARTICLE XII - RULEMAKING FUNCTIONS OF THE COMMISSION

1. The commission shall adopt reasonable rules in order to effectively and efficiently achieve the purposes of this compact. If the commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this compact, or the powers granted by this compact, then such an action by the commission is invalid and has no force or effect.
2. Rules must be made pursuant to a rulemaking process that substantially conforms to the Model State Administrative Procedure Act of the national conference of commissioners on uniform state laws, as may be appropriate to the operations of the commission.
3. Within thirty days after a rule is adopted, any person may file a petition for judicial review of the rule; provided, that the filing of the petition does not stay or otherwise prevent the rule from becoming effective unless the court finds

that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the commission's authority.

4. If a majority of the legislatures of the compacting states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then the rule has no further force and effect in any compacting state.

ARTICLE XIII - OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION

1. a. Each member state shall enforce this compact to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder have standing as statutory law.
b. Courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.
c. The commission is entitled to receive all service of process in any proceeding and has standing to intervene in the proceeding for all purposes. Failure to provide service of process to the commission renders a judgment or order void as to the commission, this compact, or adopted rules.
2. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or adopted rules, the commission shall:
 - a. Provide written notice to the defaulting state and other member states of the nature of the default, the means of curing the default, and any action taken by the commission, and specify the conditions by which the defaulting state must cure its default; and
 - b. Offer technical assistance to the member state.
3. If the defaulting state fails to cure the default, the defaulting state shall terminate from the compact upon an affirmative vote of a majority of the member states and all rights, privileges, and benefits conferred by this compact are terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default, except that in the event of a default by this state, its total financial responsibility is limited to the amount of its most recent annual assessment.
4. Suspension or termination of membership in the compact may be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate must be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each member state.
5. The state that has been suspended or terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of suspension or termination, to a maximum of five thousand dollars multiplied by

the number of years that the state has been a member of the compact. In the event that this state is suspended or terminated, its total financial responsibility is limited to the amount of its most recent annual assessment.

6. The commission may not bear any costs relating to any state that has been found to be in default or which has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the commission and the defaulting state.
7. The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing party must be awarded all costs of such litigation, including reasonable attorney's fees.
8. The commission shall attempt, upon the request of a member state, to resolve disputes that are subject to the compact and which may arise among member states and between member and nonmember states. The commission shall adopt a rule providing for mediation and binding dispute resolution for disputes as appropriate.

ARTICLE XIV - FINANCING OF THE COMMISSION

1. The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.
2.
 - a. The commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the commission and its staff which must be in a total amount sufficient to cover the commission's annual budget as approved each year.
 - b. The aggregate annual assessment amount must be allocated based upon a formula to be determined by the commission, which shall adopt a rule binding upon all member states.
 - c. The annual assessment applicable to this state may not exceed an amount equal to two dollars multiplied by the latest available number of children of military families in this state.
 - d. This state may not be held liable for the payment of any special assessment or any assessment other than the annual assessment in the amount established by this subsection.
3. The commission may not incur obligations of any kind prior to securing the funds adequate to meet the same; nor may the commission pledge the credit of any of the member states, except by and with the authority of the member state.
4. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission are subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission must be audited yearly by a certified or licensed public accountant and the report of the audit must be included in and become part of the annual report of the commission.

ARTICLE XV - MEMBER STATES, EFFECTIVE DATE, AND AMENDMENT

1. Any state is eligible to become a member state.
2. The compact becomes effective and binding upon legislative enactment of the compact into law by no less than ten states. The effective date may not be earlier than December 1, 2007. Thereafter, the compact becomes effective and binding as to any other member state upon enactment of the compact into law by that state. The governors of nonmember states or their designees must be invited to participate in the activities of the commission on a nonvoting basis prior to adoption of the compact by all states.
3. The commission may propose amendments to the compact for enactment by the member states. No amendment may become effective and binding upon the commission and the member states until the amendment is enacted into law by unanimous consent of the member states.

ARTICLE XVI - WITHDRAWAL AND DISSOLUTION

1.
 - a. Once effective, the compact continues in force and remains binding upon each member state, provided that a member state may withdraw from the compact by specifically repealing the statute that enacted the compact into law, except that in the case of this state, withdrawal from the compact may also be accomplished by statutorily allowing for the expiration of this Act.
 - b. Withdrawal from this compact must be by the enactment of a statute repealing the compact, except that in the case of this state, withdrawal from the compact may also be accomplished by statutorily allowing for the expiration of this Act.
 - c. The withdrawing state immediately shall notify the chairman of the commission in writing upon the introduction of legislation repealing this compact in the withdrawing state, except that if this state elects to withdraw from the compact by statutorily allowing for the expiration of this Act, this state shall notify the chairman of the commission when it becomes evident that the expiration will take effect. The commission shall notify the other member states of the withdrawing state's intent to withdraw within sixty days of receiving the notice.
 - d. The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, to a maximum amount equal to two dollars multiplied by the latest available number of children of military families in this state.
 - e. Reinstatement following withdrawal of a member state occurs upon the withdrawing state reenacting the compact or upon such later date as determined by the commission.
2. This compact dissolves effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one member state. Upon the dissolution of this compact, the compact becomes null and void and is of no further force or effect, and the business and affairs of the commission must be concluded and surplus funds must be distributed in accordance with the bylaws.

ARTICLE XVII - SEVERABILITY AND CONSTRUCTION

1. The provisions of this compact are severable and if any phrase, clause, sentence, or provision is determined unenforceable, the remaining provisions of the compact are enforceable.
2. This compact must be liberally construed to effectuate its purposes.
3. Nothing in this compact prohibits the applicability of other interstate compacts to which the states are members.

ARTICLE XVIII - BINDING EFFECT OF COMPACT AND OTHER LAWS

1. Nothing in this compact prevents the enforcement of any other law of a member state that is not inconsistent with this compact. All member states' laws conflicting with this compact are superseded to the extent of the conflict.
2.
 - a. All lawful actions of the commission, including all rules and bylaws promulgated by the commission, are binding upon the member states.
 - b. All agreements between the commission and the member states are binding in accordance with their terms.
 - c. If any provision of this compact exceeds the constitutional limits imposed on the legislature of any member state, the provision is ineffective to the extent of the conflict with the constitutional provision in question in that member state.

- b. A determination regarding the student's school district of residence made under subdivision a is valid until the September fifteenth following the determination. On that date and each September fifteenth thereafter, the placing agency or the entity funding the student's placement shall determine the district in which the student's custodial parent or legal guardian resides and shall notify the district that it is deemed to be the student's district of residence for purposes of this chapter. If, however, the student is placed in accordance with paragraph 4 of subdivision a and the placement is privately funded, the administrator of the facility or program in

which the student is placed shall determine the student's school district of residence and provide the notification required by this subdivision.

2. The student's school district of residence is obligated to pay:
 - a. All charges for tuition upon claim of the admitting district; and

 - (1) Within five working days after a placement is made under court order;
 - (2) Within five working days after an emergency placement is made; or
 - (3) At least ten working days prior to any other placement.
- b. If the student is voluntarily admitted to a state-licensed child care home or facility, or to a state-operated institution, the student's parent or, if one has been appointed, the student's legal guardian may appeal a determination under section 15.1-29-05 regarding the payment of tuition by filing a petition with the county superintendent of schools. Within fifteen days of receiving the petition, the three member committee established under section 15.1-29-06 shall consult with the boards of the affected school districts and with the student's parent or legal guardian and render a decision regarding responsibility for the payment of tuition charges.~~
- ~~5. If the student's district of residence does not pay the required tuition and tutoring charges, the admitting district or facility shall notify the superintendent of public instruction. Upon verification that tuition and tutoring charges are due and unpaid, the superintendent shall withhold all state aid otherwise payable to the student's school district of residence until the total amount due has been fully paid.~~
- ~~6. a. An amount equal to the state average per student elementary or high school cost, depending on the student's grade of enrollment, is payable to the admitting district or facility as part of the cost of educating the student for the school year. The payment may not exceed the actual per student cost incurred by the admitting district or facility.~~
 - ~~b. The remainder of the actual cost of educating the student not covered by other payments or credits must be paid by the state, within the limits of legislative appropriations, from funds appropriated for the payment of special education contract charges in the case of a student with disabilities or from state aid payments to schools in all other cases. For purposes of this subdivision, "actual costs" includes the cost of a summer program if the program is a condition of placement at a residential facility that has been determined by a placing agency or entity to be an appropriate placement for a student.~~
- ~~7. If a student with disabilities placed in accordance with this section reaches age eighteen and continues to receive special education and related services, the student's school district of residence is deemed to be the same as that of the student's custodial parent until the special education services are concluded. The obligations of the student's school district of residence as provided in subsection 2 and the obligations of the state as provided in subsection 3 are applicable to all students described in this subsection.~~
- ~~8. a. The placing agency or entity funding the student's placement shall provide written or electronic notice regarding an initial placement and all subsequent placements of a student to the superintendent of the student's school district of residence and to the superintendent of the admitting district:~~

- (1) Within five working days after a placement is made under court order;
 - (2) Within five working days after an emergency placement is made; or
 - (3) At least ten working days prior to any other placement.
- b. ~~If, however, the student's parent or legal guardian voluntarily places the student in a state-operated institution or in a state-licensed child care home, facility, or program, located outside the student's school district of residence, including those defined in sections 25-01.2-01 and 50-11-00.1, and if the placement is privately funded, the administrator of the facility or program in which the student is placed shall determine the student's school district of residence and provide the notification required by this section.~~
 - e. ~~The notice must include any information requested by the superintendent of public instruction for purposes of determining payment responsibility.~~
 - d. ~~The placing agency shall afford the student's school district of residence reasonable opportunity to participate in permanency planning for the student.~~
9. ~~Notwithstanding this section, educational services provided to a student by the youth correctional center are not subject to the payment of tuition and tutoring charges by either the student's school district of residence or the superintendent of public instruction.~~
 10. ~~For purposes of this section, "custodial parent" means the parent who has been awarded sole legal and physical custody of the student in a legal proceeding or, if there is currently no operative custody order, the parent with whom the student resides. If the student resides with both parents, then both are custodial parents.~~

The election board members not participating in the comparing of signatures and entering voters into the pollbook shall remove the ballot or ballots from the secrecy envelope, unfold and initial the same, and deposit in the proper ballot box for tabulation. No annual filing fee is due or may be collected from an entity if its total tax liability pursuant to subsection 1 is in excess of two hundred dollars. The annual filing fee may be reduced by any credits available pursuant to subsections 2 and 5. If the number of eligible persons who apply for licenses issued without charge under this subsection exceeds the number of licenses prescribed for the district or unit in the governor's proclamation less any licenses that are otherwise designated to be issued with a charge under this subsection, the licenses to be issued without charge must be issued by lottery as prescribed in the governor's proclamation. If the number of licenses prescribed for the district or unit in the governor's proclamation exceeds fifty and if the number of applications for these licenses exceeds the number of licenses prescribed for the district or unit in the governor's proclamation, then one-half of the licenses exceeding fifty must be issued by lottery as prescribed in the governor's proclamation and may not be issued to landowners without charge.

The license must include a legal description of the eligible land described in the completed application and may be used to hunt elk within the district or unit in which the land described in the completed application is located. Upon request, a lessee shall provide proof that the land described in the completed application is leased for agricultural purposes. A resident who is eligible for a license under this subsection may transfer that eligibility for the license to a spouse or legal dependent residing customarily with the resident, but no more than one license may be issued under this subsection for any qualifying land. If not otherwise specified in an agricultural lease, the landowner is entitled to receive the license. The governor's proclamation may restrict the districts or units for which preferential licenses may be issued under this subsection. The number of licenses issued under this subsection for each designated district or unit for hunting elk may not exceed fifteen percent of the total licenses prescribed in the governor's proclamation for each district or unit. If the number of applications for licenses to be issued under this subsection in a district or unit exceeds the maximum number of ~~such~~ licenses allocated to that district or unit, the licenses to be issued must be

issued by weighted lottery as prescribed in the governor's proclamation. Licenses to hunt elk may not be issued under this subsection when the total number of licenses prescribed in the governor's proclamation is fewer than twenty. The director may issue special elk depredation management licenses to landowners in designated areas around Theodore Roosevelt national park upon payment of the fee requirement for a resident big game license. The provisions of this section governing the number of licenses issued for each designated district or unit for hunting elk do not apply to special elk depredation management licenses and a person who receives such a license under this subsection is eligible to apply for a license to hunt elk in future years and is eligible to participate in the raffle under section 20.1-08-04.6. Upon request, a lessee shall provide proof that the land described in the completed application is leased for agricultural purposes. A resident who is eligible for a license under this subsection may transfer that eligibility for the license to a spouse or a legal dependent residing customarily with the resident, but no more than one license may be issued under this subsection for any qualifying land. A resident transferring eligibility under this subsection is not eligible to apply for a license to hunt moose in future years but is eligible to participate in the raffle under section 20.1-08-04.2. If not otherwise specified in an agricultural lease, the landowner is entitled to receive the license. The number of licenses issued under this subsection for a district or unit may not exceed fifteen percent of the total licenses prescribed in the governor's proclamation for that district or unit. A person who receives a license under this subsection and who is successful in harvesting a moose is not eligible to apply for a license to hunt moose in future years but is eligible to participate in the raffle under section 20.1-08-04.2. Notwithstanding this subsection, if a person other than the transferee of license eligibility is unsuccessful in harvesting a moose under this subsection, that person may return the unused license to the department and is eligible to apply for, but not transfer, an additional license to hunt moose in future years. A person who receives a second license under this subsection is not eligible to participate in the raffle under section 20.1-08-04.2. If a person receives a license under this subsection, the person's spouse, children, and parents living with the person are not eligible to receive a license under this subsection for the district or unit in which the land described in the completed application is located, unless the person has sold or otherwise transferred the person's rights to the land described in the completed application. The governor's proclamation may restrict the area of land within a unit open for the hunting of moose for which a preferential license is issued under this subsection. If the proclamation restricts the area for issuance of preferential licenses, an applicant must own or lease land within the restricted area to be

eligible to apply for a license to hunt moose upon payment of the fee required for a resident big game license. The license may be used to hunt moose within the entire unit in which the land described in the completed application is located. A successful applicant from a restricted area may not return an unused license to regain eligibility for a license to hunt moose in future years. An individual who has been convicted of illegally taking a moose, elk, or bighorn sheep is not eligible to apply for or receive a license under this subsection.

9. A person who holds a valid license to hunt deer may hunt the same species and sex of deer, for which that person's license is valid, on land in an adjoining unit for which that person would be eligible for a gratis deer license under subsection 3.
10. Fifteen percent of the total mule deer licenses and permits to hunt mule deer made available in the immediately preceding year for the regular gun season must be made available to nonresidents to hunt any deer with bow and arrow.

SECTION 4. AMENDMENT. Section 26.1-36.3-06 of the North Dakota Century Code is amended and reenacted as follows:

26.1-36.3-06. Availability of coverage.

1. a. As a condition of transacting business in this state with small employers, every small employer carrier shall actively offer small employers all health benefit plans it actively markets to small employers in this state, ~~including a basic health benefit plan and a standard health benefit plan.~~
- b. (1) Subject to subdivision a of subsection 1, a small employer carrier shall issue any health benefit plan to any eligible small employer that applies for the plan and agrees to make the required premium payments and to satisfy the other reasonable provisions of the health benefit plan not inconsistent with this chapter and section 26.1-36-37.2. However, a carrier may not be required to issue a health benefit plan to a self-employed individual who is covered by, or is eligible for coverage under, a health benefit plan offered by an employer.

- (2) In the case of a small employer carrier that establishes more than one class of business pursuant to section 26.1-36.3-03, the small employer carrier shall maintain and issue to eligible small employers all health benefit plans it actively markets to small employers, ~~including at least one basic health benefit plan and at least one standard health benefit plan in each established class of business.~~ A small employer carrier may apply reasonable criteria in determining whether to accept a small employer into a class of business if the criteria are not intended to discourage or prevent acceptance of small employers applying for a health benefit plan, are not related to a health status-related factor of the small employer, and are applied consistently to all small employers applying for coverage in the class of business. The small employer carrier shall provide for the acceptance of all eligible small employers into one or more classes of business. This paragraph does not apply to a class of business into which the small employer carrier is no longer enrolling new small businesses.
2. a. ~~A small employer carrier shall file with the commissioner, in a format and manner prescribed by the commissioner, the basic health benefit plans and the standard health benefit plans to be used by the carrier. A health benefit plan filed under this subdivision may be used by a small employer carrier beginning sixty days after it is filed unless the commissioner disapproves its use.~~
- b. ~~The commissioner after providing notice and an opportunity for a hearing to the small employer carrier may disapprove, at any time, the continued use by a small employer carrier of a basic or standard health benefit plan if the plan does not meet the requirements of this chapter and section 26.1-36-37.2.~~
3. Health benefit plans covering small employers must comply with the following:
- a. A health benefit plan may impose a preexisting condition exclusion only if:
- (1) The exclusion relates to a condition, regardless of the cause of the condition, for which medical advice, diagnosis, care, or treatment was recommended or received within the six-month period immediately preceding the effective date of coverage;
 - (2) The exclusion extends for a period of not more than twelve months after the effective date of coverage;
 - (3) The exclusion does not relate to pregnancy as a preexisting condition; and
 - (4) The exclusion does not treat genetic information as a preexisting condition in the absence of a diagnosis of a condition related to such information.
- b. A small employer carrier shall reduce any time period applicable to a preexisting condition exclusion or limitation period by the aggregate of periods the individual was covered by qualifying previous coverage, if any, if the qualifying previous coverage was continuous until at least sixty-three days prior to the effective date of the new coverage. Any waiting period applicable to an individual for coverage under a group health benefit plan

may not be taken into account in determining the period of continuous coverage. This subdivision does not preclude application of an employer waiting period applicable to all new enrollees under the health benefit plan. Small employer carriers shall credit coverage by either a standard method or an alternative method. The commissioner shall adopt rules for crediting coverage under the standard and alternative method. These rules must be consistent with the Health Insurance Portability and Accountability Act of 1996 [Pub. L. 104-191; 110 Stat. 1936; 29 U.S.C. 1181 et seq.] and any federal rules adopted pursuant thereto.

- c. A health benefit plan may exclude coverage for late enrollees for the greater of eighteen months or for an eighteen-month preexisting condition exclusion; however, if both a period of exclusion from coverage and a preexisting condition exclusion are applicable to a late enrollee, the combined period may not exceed eighteen months from the date the individual enrolls for coverage under the health benefit plan.
- d.
 - (1) Except as provided in this subdivision, a small employer carrier shall apply requirements used to determine whether to provide coverage to a small employer, including requirements for minimum participation of eligible employees and minimum employer contributions, uniformly among all small employers with the same number of eligible employees who are applying for coverage or receiving coverage from the small employer carrier.
 - (2) A small employer carrier may vary application of minimum participation requirements and minimum employer contribution requirements only by the size of the small employer group.
 - (3)
 - (a) Except as provided in subparagraph b, a small employer carrier, in applying minimum participation requirements with respect to a small employer, may not consider employees or dependents who have qualifying existing coverage in determining whether the applicable percentage of participation is met. For purposes of determining the applicable percentage of participation under this subparagraph only, individual health benefit plans are not included in the definition of "qualifying existing coverage" under section 26.1-36.3-01.
 - (b) With respect to a small employer, with ten or fewer eligible employees, a small employer carrier may consider employees or dependents who have coverage under another health benefit plan sponsored by the small employer in applying minimum participation requirements.
 - (4) A small employer carrier may not increase any requirement for minimum employee participation or any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.
- e.
 - (1) If a small employer carrier offers coverage to a small employer, the small employer carrier shall offer coverage to all of the eligible employees of a small employer and their dependents. A small employer carrier may not offer coverage only to certain individuals in a

small employer group or only to part of the group, except in the case of late enrollees as provided in subdivision c.

- (2) Except as permitted under subsection 1 and this subsection, a small employer carrier may not modify a health benefit plan with respect to a small employer or any eligible employee or dependent through riders, endorsements, or otherwise, to restrict or exclude coverage for certain diseases or medical conditions otherwise covered by the health benefit plan.

4-3. a. A small employer carrier offering coverage through a network plan is not required to offer coverage or accept applications under subsection 1 to a small employer if:

- (1) The small employer does not have eligible individuals who live, work, or reside in the service area for such network plan; or
- (2) The small employer does have eligible individuals who live, work, or reside in the service area for the network plan, but the carrier has demonstrated, if required, to the commissioner that it will not have the capacity to deliver services adequately to enrollees of any additional groups because of its obligations to existing group contractholders and enrollees, and that it is applying this paragraph uniformly to all employers without regard to the claims experience of those employers and their employees and their dependents or any health status-related factor relating to such employees and dependents.

b. A small employer carrier, upon denying health insurance coverage in any service area in accordance with paragraph 2 of subdivision a, may not offer coverage in the small employer market within the service area for a period of one hundred eighty days after the date the coverage is denied.

5-4. A small employer carrier is not required to provide coverage to small employers pursuant to subsection 1 for any period of time for which the commissioner determines that the carrier does not have the financial reserves to underwrite additional coverage and is applying this section uniformly without regard to the claims experience of small employers or any health status-related factor relating to employees and their dependents. 3. For purposes of this chapter, a life or endowment insurance policy or annuity contract not matured by actual proof of the death of the insured or annuitant according to the records of the insurance company is matured and the proceeds due and payable if:

SENATE BILL NO. 2227

(Senators Carlisle, Flakoll, Warner)
(Representatives Grande, Klemin, Amerman)

AN ACT to amend and reenact sections 29-32.1-01 and 29-32.1-09 of the North Dakota Century Code, relating to limitations and summary disposition for postconviction relief proceedings.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 29-32.1-01 of the North Dakota Century Code is amended and reenacted as follows:

29-32.1-01. Remedy - To whom available - Conditions.

1. A person who has been convicted of and sentenced for a crime may institute a proceeding applying for relief under this chapter upon the ground that:
 - a. The conviction was obtained or the sentence was imposed in violation of the laws or the Constitution of the United States or of the laws or Constitution of North Dakota;
 - b. The conviction was obtained under a statute that is in violation of the Constitution of the United States or the Constitution of North Dakota, or that the conduct for which the applicant was prosecuted is constitutionally protected;
 - c. The court that rendered the judgment of conviction and sentence was without jurisdiction over the person of the applicant or the subject matter;
 - d. The sentence is not authorized by law;
 - e. Evidence, not previously presented and heard, exists requiring vacation of the conviction or sentence in the interest of justice;
 - f. A significant change in substantive or procedural law has occurred which, in the interest of justice, should be applied retrospectively;
 - g. The sentence has expired, probation or parole or conditional release was unlawfully revoked, or the applicant is otherwise unlawfully in custody or restrained; or
 - h. The conviction or sentence is otherwise subject to collateral attack upon any ground of alleged error available before July 1, 1985, under any common law, statutory or other writ, motion, proceeding, or remedy.

2. Except as provided in subsection 3, an application for relief under this chapter must be filed within two years of the date the conviction becomes final. A conviction becomes final for purposes of this chapter when:
 - a. The time for appeal of the conviction to the North Dakota supreme court expires;
 - b. If an appeal was taken to the North Dakota supreme court, the time for petitioning the United States supreme court for review expires; or
 - c. If review was sought in the United States supreme court, the date the supreme court issues a final order in the case.
3. a. Notwithstanding subsection 2, a court may consider an application for relief under this chapter if:
 - (1) The petition alleges the existence of newly discovered evidence, including DNA evidence, which if proved and reviewed in light of the evidence as a whole, would establish that the petitioner did not engage in the criminal conduct for which the petitioner was convicted;
 - (2) The petitioner establishes that the petitioner suffered from a physical disability or mental disease that precluded timely assertion of the application for relief; or
 - (3) The petitioner asserts a new interpretation of federal or state constitutional or statutory law by either the United States supreme court or a North Dakota appellate court and the petitioner establishes that the interpretation is retroactively applicable to the petitioner's case.
- b. An application under this subsection must be filed within two years of the date the petitioner discovers or reasonably should have discovered the existence of the new evidence, the disability or disease ceases, or the effective date of the retroactive application of law.
4. A proceeding under this chapter is not a substitute for and does not affect any remedy incident to the prosecution in the trial court or direct review of the judgment of conviction or sentence in an appellate court. Except as otherwise provided in this chapter, a proceeding under this chapter replaces all other common law, statutory, or other remedies available before July 1, 1985, for collaterally challenging the validity of the judgment of conviction or sentence. It is to be used exclusively in place of them. A proceeding under this chapter is not available to provide relief for disciplinary measures, custodial treatment, or other violations of civil rights of a convicted person occurring after the imposition of sentence.

SECTION 2. AMENDMENT. Section 29-32.1-09 of the North Dakota Century Code is amended and reenacted as follows:

29-32.1-09. Summary disposition.

1. The court, on its own motion, may enter a judgment denying a meritless application on any and all issues raised in the application before any response by the state. The court also may summarily deny a second or successive application for similar relief on behalf of the same applicant and may

summarily deny any application when the issues raised in the application have previously been decided by the appellate court in the same case.

2. The court, on its own motion, may dismiss any grounds of an application which allege ineffective assistance of postconviction counsel. An applicant may not claim constitutionally ineffective assistance of postconviction counsel in proceedings under this chapter.
3. The court may grant a motion by either party for summary disposition if the application, pleadings, any previous proceeding, discovery, or other matters of record show that there is no genuine issue as to any material fact and the moving party is entitled to a judgment as a matter of law.
- 2.4. If an evidentiary hearing is necessary, the court may determine which issues of material fact are in controversy and appropriately restrict the hearing.

3. If a claim is presented under subsection 1, ~~no~~ proceeding thereon on the claim may not be commenced more than sixty days after the personal representative has mailed a notice of disallowance, but, in the case of a claim which is not presently due or which is contingent or unliquidated, the personal representative may consent to an extension of the sixty-day period, or to avoid injustice, the court, on petition, may order an extension of the sixty-day period,
