The copy filmed here has been reproduced thanks to the generosity of:

Library of the Public  
Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives  
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

An honest, Hibernian, who was present at the ceremony of  
 laying the foundation of the new Court-House and Prison at  
 Leeds, observed with a great deal of native simplicity, that it was  
 high time to build a new gaol in Leeds, "for," said Pat, "it is  
 a disgrace to any decent man to be put in the old one."

A M U S E M E N T.

Two Irishmen who were badly wounded at the Battle of Barrosa, happened to lie in the field near each other; and while the Surgeons were examining their wounds, one of them made a great outcry; when the other, with considerable *non-chalance*, sang out "What are you at 'at; what a roaring you keep! do you think there's nobody *kilt* but yourself?"

A person in —, boldly advertises, that he is in possession of, and will employ the BLACK ART to get his living. The civil magistrates have not deemed it advisable to interfere, since the fellow applies his art only to *bobbs* and *shoes*, and in such a way, that he puts his customers on a respectable *footing*, without any injury to their *soles*.

A M U S E M E N T.

A man going into a barber's shop to be shaved, popped his head through one of the squares of the window which was made of oiled paper, and asked, "Is tonsor *within*?" Strap, pushing his pate through another square, answered, "Just gone *out*, Sir."

That; what a roaring you keep! do you think there's nobody *kilt* but yourself?
