#### **REGISTRATION CLOSES SEPT. 26TH**

Only Three Weeks Left in Which to

be Enrolled on Voting List.

[San Jose Mercury]

Only three weeks remain for County Coroner and Public the registration of voters for the general elections this fall. September 26th is the last day upon which citizens may become enrolled upon the voting list.

Up to the present time the registration has been rather slow. There are still several Assemblyman for Fifty-fifth District, Dr. G. B. Pratt. The sum \$85.50 was contribu-some of them are likely to miss some of them are likely to miss the performance of this important political duty entirely if they do not attend to it soon.

At the election this fall not only the entire State ticket is to be elected but the county officers as well. The election promises to be warmly contested, and every person who is otherwise qualified to vote should see to it that his name is properly upon the register.

The old registration was cancelled the 1st of January, as it is Union Labor Party, while the latter party nominated the pres-quence no one will be allowed to quence no one will be allowed to vote this fall who has not registered since that date. Persons who have registered since the first of the year but who have since moved from the precinct in which they were living when they registered must have their names transferred to the new precinct. Promptness in attending to this matter is desirable from the standpoint of the voter, who is thereby secured against any fortuitous circumstance which might arise at the last minute to prevent his registration. It is also desirable from the standpoint of the county clerk and his deputies, who can handle the voters better if they do not all crowd in at the last Register early, even minute. though it be a little inconvenient.

Mrs. Frances Doolittle, Miss Mary Lewis, and Miss Florence Kennedy are occupying a cottage at Pacific Grove.

Mrs. Benjamin Campbell and Mrs. Clark enjoyed a visit from their brother Zack Rucker of Pleasanton a few days ago.

L. D. Downing with his wife and son leave this Saturday for Wells, Nevada, where Mr. Downing has valuable mining claims. May success attend them and our people will be glad to have them return at no distant date.

Among the new students at high school are Miss Orpha Shell recently from Lakeport, Russell Seaman from San Francisco, and Misses Eula and Lula Shermantine from Pacific Grove. These all represent families who have been led to settle here on account of our school advantages. They should be given so warm a welcome that they will decide to make their residence permanent.

The Rev. A. H. Needham, pastor of the Methodist church, will go to Conference Monday, having closed his first year's work. He goes to Conference with a fine record for the church in all departments, the collections for benevolences being especially gratifying. It is hoped and ex-pected that Bishop Moore will return Dr. Needham to this appointment. Mrs. Needham will go to Conference with her husband.

overdue paper without com-plaint. We have been swamped with work and unable to get help, so busy are printing houses everywhere. We have also had to wait for paper which has put us back further, paper houses being full of orders and fuller of that haughty spirit which accompanies such prosperity. We can only promise for the future that we will work night and day to catch up and with the prospect of securing a compositor we hope soon to succeed.

W. H. Blodgett has bought a house and two lots in East San lose and will move there with his family at once. They have lived in the community continuously since coming here from Wisconsin 10 or 12 years ago, and have been an important factor in church and social life. Mr. Blodgett has the profound respect of all who know him in a business way, or otherwise, for his qualities of extreme honesty liberality, and his wife and and daughter are great favorites so-They can ill be spared cially. from the community, and may be assured that their leaving is a matter of genuine sorrow to their many friends.

#### High School Starts Well.

The high school opens with brighter prospects than ever this year; the registration is much heavier than last year at this time. The freshman class already numbers 24 and the senior 20. Pupils are enrolled from Willow Glen, Saratoga, Union, Moreland-all outside districtsand their tuition is a material help to the school's finances. Several families have moved into the district in order to receive school privileges.

Among the students are the two sons of County Treasurer Ernest W. Conant and the son of Supervisor Mitchell.

The faculty has lost Prof. E. A. Powers whose work was considered of unusual value, but Theodore Cutting qualified es-pecially for the work of teaching English when attending Stanford and will doubtless keep the school up to its present high standard. Otherwise the teaching is in the same capable hands as last year: Prof. Smith, Science and Mathematics; Miss Catton, History, German and Botany; Miss Shepard, Latin and the Commercial Department. This last has from 15 to 20 students, who are taking this work in addition to the regular course.

The Board of Trustees met on Tuesday evening, all members being present.

The clerk then took up the secroll call was passed, all members

Largely as a result of the action of the Trustees on the liquor question another very desirable family will locate in our town. Mr. W. H. Blodgett of Campbell has purchased a home on Adams street and will move into it at once. After several years ac-quaintance with Mr. Blodgett and his family we can heartily commend them to the confidence of the people of East San Jose. He is a contractor and builder.

Pastor Coyne recently made a trip to San Francisco in interest of the building project, which he reports is progressing very satisfactorily. It is expected that the new improvements, including that to the parsonage, will cost between five and six thous-and dollars. All people of the 3:18 pm, Daily. community whether members of the church or not should lend a most generous financial support to this movement, as an attractive church edifice will do much toward bringing in a desirable Fresh Milk and Cream class of residents.
