4 VF launched as part of TCAP over Okinawa.

After being relieved as TCAP the four VF were directed to make a strafing attack against small boats along the beaches of Ic Shima. Six strafing runs were made against five small beats and all were peppered with .50 cal. holes to such an extent as to be worthless for further use.

Upon completion of this attack the flight discovered another small boat on the beach of Sesoko Shima. This beat was also beavily strafed and seriously damaged.
