MEMBERS OF BOTH BODIES TO HOLD MEETING NEXT FRIDAY NIGHT, SOUTH GLENDALE

With the object of effecting one strong organization the Glendale Improvement association and the South Glendale Improvement association will meet jointly at the old Tropico city hall in the assembly room over the branch library at 8 o'clock, Friday night, according to the announcement of Harry C. Levey, chairman of the former organization.

Our purposes and aims are the same," he told a representative of The Glendale Evening News. "With one chairman and one united citizenry, I believe that we can accomplish things for the good of Glendale avenue and vicinity."  
Among the aims of the associations is that of the electrifying of the Salt Lake route's feeder line into Glendale which traverses Glendale avenue. Since this idea was first brought forth by Mr. Levey through the columns of The Glendale Evening News about two weeks ago, much comment has been aroused and the possibilities which present themselves seem to be overwhelming in favor of such a move on the part of the railroad company.

**What Herman Nelson Says**  
Along this line Herman Nelson, manager of the Glendale avenue branch of the Los Angeles Trust and Savings Bank, says:  
"The establishment of the Plaza terminal in Los Angeles would be one of the biggest things that has ever happened for Glendale. I can see where our freight which now passes through this city and later is switched back here would be brought into the heart of the town direct. And it would be a logical thing for the establishment of a (Continued on Page 6.)"

## Today's World News In Brief

(By United Press to Glendale Evening News)

**NUMBER OF CIVILIANS KILLED IN IRISH OUTBREAKS**  
DUBLIN, May 25.—Many civilians were killed here today in fighting between members of the Irish republican army and black and tans, following capture of the customs house by the Sinn Feiners.

**UNION PACIFIC GETS L. A. AND S. L. RAILWAY COMPANY**  
NEW YORK, May 25.—The Union Pacific has acquired half of the stock and bonds of the Los Angeles and Salt Lake Railway company, owned by the Senator Clark interests, it was learned here today. With this transaction, the entire road becomes the property of the Union Pacific as they had previously purchased the other half interest.

**SUCCESS OF UNIONIST CANDIDATES APPEARS CERTAIN**  
BELFAST, May 25.—Although official figures were lacking, a triumph of unionist candidates for the Ulster parliament was considered certain today. Despite the furors in yesterday's elections in which more than a score of persons sustained injuries, Sinn Fein candidates apparently drew little support.

**HARDING CONFIDENT HE HAS APPROVAL OF PEOPLE**  
WASHINGTON, May 25.—President Harding returns here from New York today confident that his program of pruning the government payroll is backed by popular approval. His declaration in New York that ruthless economy must be enforced regardless of the chances of offending of some politicians, brought such instantaneous chorus of approval that he is expected to lose little time in applying the knife to Washington red tape.

**ALLIES DEMAND POLAND CLOSE SILESIAN FRONTIER**  
PARIS, May 25.—The allies today demanded that the Polish government close her Silesian frontier. In a note to Warsaw the allied council of ambassadors pointed out that Germany has closed her frontier and demanded that Poland follow the example. The council denied a request from Berlin that the Germans be permitted to reclaim anti-tank guns left in Upper Silesia.

**PROMINENT MAN DENIES CHARGE MADE BY WOMAN**  
LEBANON, Mo., May 25.—Elmer McComb, president of the Lebanon chamber of commerce and first vice president of the Christian church, left for Los Angeles today to answer the charge of Miss Erie Mullicane, that he was the father of her murdered baby. McComb denied the charges. He was induced to go to Los Angeles by his brother, Dr. Albert McComb, who went to Baxter Springs, Kan., last night to acquaint his brother with the charges against him.

**FIGHTING IN UPPER SILESLIA CONTINUES TO INCREASE**  
OPPELN, May 25.—Savage fighting is developing in Upper Silesia. The struggle is no longer confined to armed bands, but Polish and German residents of the same communities engage in death struggles with whatever weapons they find. Barbarities were charged on both sides. German leaders declared that after one fight they had found three Germans, their bodies slashed with knife wounds and their eyes gouged out. Polish leaders charged worse mutilations have been found on their dead.

**ENGLAND AND FRANCE ARE DRAWN CLOSER TOGETHER**  
PARIS, May 25.—Great Britain and France appeared today to have been drawn closer together after their threat of separation in the Silesian situation. It was believed certain that Premier Briand will be given a vote of confidence to carry out his policy which he expressed yesterday as "considering the welfare of the allies before taking up France's internal politics." Press comment today indicated that Briand can depend on a vote of confidence by a large majority. Leaders of important groups in the chamber were said to have pledged their support.

**STEEL STOCK AGAIN UNDER PRESSURE ON N. Y. MARKET**  
NEW YORK, May 25.—Steel stocks were again under pressure at the opening of the stock market today. The first sale of U. S. Steel up 3/4 at 82 3/4, but it sold off immediately to 82 1/2. Crucible Steel dropped to 68 after opening 1/8 down at 68 3/4. Bethlehem B got down to 57 in early trading. The rest of the list was little changed from the close of yesterday. Mexican Petroleum was 3/4 up at 148 and Studebaker showed a gain of 3/4 at 74 1/4. U. S. Rubber opened 1/2 up at 71 1/2 but soon dropped to 69 1/2. Tobacco stocks, which were strong at the close yesterday, averaged a drop of 1/2 point. Baldwin was up 3/4 at 79 3/4. Rails also were inactive.

**LEADERS HOPE TO PUT THROUGH THEIR NAVY BILL**  
WASHINGTON, May 25.—With Republican insurgents beaten on the important items of increase, Republican leaders in the senate today hoped to put through their navy bill virtually as the naval affairs committee reported it. They were confident that on another roll call the \$1,500,000 for the Alameda naval base would be restored. Much work has been done among the insurgent Republicans to convince them they did wrong in voting against this project. The insurgent movement, however, has not collapsed in spite of the fact that regular leaders were able yesterday to force through the increase in navy personnel from the 100,000 fixed by the house to 120,000, at an added annual cost in pay of more than \$20,000,000.

**ONLY TWO AMERICANS LEFT IN GOLF TITLE BATTLE**  
HOYLAKE, England, May 25.—Fred J. Wright and Dr. Paul Hunter were the only Americans in the chase after the British amateur golf title at the conclusion of the fourth round here today. Bobby Jones, last of America's "big three," and Cyril Tolley, British champion started the day with two terrific jolts by being put out. Jones went down before Allen J. Graham of the Royal Liverpool club, six up and five to play, and Tolley, the British title holder, was forced out of the running by Beddar, the Midland champion of 1919, three up. Captain "Bill" Fownes, who assumed the role of an American hope yesterday by defeating the United States champion, Chick Evans, fell before his teammate, Fred Wright, 3 up and 2 to play.

T. E. Hurd Shows That Meat Prices Go Down

T. E. Hurd, of the Acme market, declares that the high cost of living has dropped an average of 33 per cent in the past year, so far as meat products are concerned—and he produces the figures to prove it. Further, he declares that 62 cents today will buy what \$1 did a year ago in a meat market. Here are his comparative figures, with the percentage of reduction:

Bargains Offered At Hatz Specialty Shop

Underselling coast wholesalers to the retail trade of Glendale is the record being established by Hatz specialty shop at 132 South Brand boulevard. Mr. Hatz is enabled to do this through New York connections which gives him the advantage of the buying power of 300 coast houses. While that statement seems stereotyped, a visit to the Hatz store today or tomorrow during the month-end sale will prove a revelation to Glendale women. Organic dresses in the brighter sport shades are being featured with fringed silk sweaters and silk jersey dresses. One Pasadena woman is making a habit of buying each new creation from Hatz as fast as it is unpacked. She says that his store is "a discovery" which she is telling her friends in the Crown City about.

CLEANUP SALE TONIGHT The ladies of the Holy Family Catholic church who recently held a May festival at La Ramanda will hold a cleanup sale tonight in the Odd Fellows' hall, 111 East Broadway. Candies, aprons, ice cream, cake, etc., will be on sale. The members of the altar society will have charge.

Secretary Wallace says prices will range about 50 per cent higher than before the war. The last government report showed the general price level to be 63 per cent higher than the pre-war level, so that the head of agriculture must look for a welcome drop.

The Alpha Omega class of the Central Christian church met last night at the home of Miss Kathryn Weisling, 621 East Colorado boulevard. About twenty members were there. A business meeting was held first, after which games were played and refreshments served. The Alpha Omega class extends a cordial invitation to any girl from the age of 20 and up to join their class.

## LOCAL MEN SURE METCALF-HINCKLEY OIL COMPANY STOCK 'ONE BEST BET'

### Many Glendale Citizens Interested in Chances of Corporation in Fields at Huntington Beach

By GIL A. COWAN  
"Metcalf-Hinckley Oil!"  
What is it? Where is it? Who is it?

Those three questions are uppermost in the mind of the investor who is called upon to place his or her money in a venture of this type these days.

Believing the last should be first, let me explain to you that the men who are promoting the Metcalf-Hinckley Oil company now operating in the Huntington Beach oil field are the friends and neighbors of Glendale citizens.

John N. Metcalf, who acknowledges that he is a corporation lawyer, has had vast experience in the oil business in an advisory capacity as well as being an operator, actively engaged in the game for all it is worth. He is known to old residents as an attorney here at one time. He is the president of Metcalf-Hinckley.

Ralph L. Hinckley, the vice president and treasurer, probably is best known here as having been the principal in the Glendale Hardware company until he transferred his interests to Hollywood where he is now engaged in the wholesale and retail dealing in hardware and plumbing supplies. Not alone has he been successful in that venture, but with A. W. Beach, a Glendale capitalist, they operated and later sold the Hinckley-Beach Canning company plant at Burbank to Libby, McNeil and Libby of Chicago for a handsome profit.

**Others on Directorate**  
Among others on the directorate are Mr. Beach, who needs no introduction to local people for he is with us every day, and D. H. Smith, manager of the Brand boulevard branch of the Los Angeles Trust and Savings bank. Then there is Guy B. Hinckley, capitalist, and D. W. Wick-ersham, an experienced oil operator, who has made quite a fortune in the game.

There is little need to speak further of the personnel, the company being composed of men of financial standing and reputation that is seldom equalled in the most solid of banks. Suffice to say, there is not one cent of promotion stock being used to influence any of these directors as is ofttimes the case.

Answering the second question, where is Metcalf-Hinckley oil? This company has royalty leases on choice property in the Huntington Beach field—land which must be seen to be appreciated. To say that it is good, doesn't seem emphatic enough. It might be stated this way:

The writer has seen worse chances, but never a better chance for getting big production with a proposition so safeguarded and so reasonable to purchase. Par of 10 cents a share is "no price" for Metcalf-Hinckley as it stands today with room for five wells in the heart of production of a new and wonderful field. It is not beyond the realm of possibilities that this stock will triple within ninety days, if it does not become a "ten to one" pay proposition.

**Location of Property**  
But to revert to the location of this company's property. Two tracts are under lease on the anticline to the ocean above Huntington Beach. This property is protected by residential restrictions on one side, by a grammar school on another and a high school on another, while the Eden Syndicate which owns adjacent leases is co-operating with Metcalf-Hinckley as Mr. Eden is the principal of the Orange County Drilling company which has the contract for the wells to be put down within a few feet of the Pantages and Huntington Central producers, not to mention many others a block or so away.

It is not a question in my mind of Metcalf-Hinckley's lease having oil, it is simply a question of their getting at it with a hole. And it is for exactly that reason they are offer-

ing their shares at an attractive price.

There are no faults visible in the Huntington Beach coastal anticline near Metcalf-Hinckley's property in which an oil sand strata, 200 to 700 feet in depth, is reported encountered from 1900 to 3600 feet. Such a field compares only with that at Montebello, Los Angeles county, and some geologists believe that the Huntington Beach field connects with them at Richfield.

Then there is another consideration in the purchase of Metcalf-Hinckley stock at this time. Through the foresight of Mr. Metcalf the company has secured a lease on eighty acres of land a little farther from the center of the field, but out where the Union Oil company plans on drilling immediately. It is likely looking property and if Union strikes oil on their ninety nearby acres there is no question about the future of these Glendale men's venture.

**Field Is Growing Fast**  
Illustrative of the rapidity with which the Huntington Beach field has grown since last fall when Standard Oil company's Bolsa Chica well on lease No. 1 was brought in on October 27 for 20,000 barrels and today still is flowing at the rate of 1800 barrels daily, the writer could not realize that this oil field was the same barren territory he passed through six months before en route to the Orange county fair.

The Huntington Beach Union high school, the Holly sugar refinery, a grammar school, a cannery—all have been swallowed by a veritable forest of 120 oil rigs. Land that the Huntington Beach Land company then had been selling for lots is selling for lots more today. Prices on property have jumped from \$500 for 50-foot frontages to \$5000. So rapidly were the wells encroaching upon the live little beach city that restrictions were placed on 420 acres.

And as luck would have it Metcalf-Hinckley's pet leases are right on the edge of this undeveloped territory which affords wonderful protection against encroachment and insurance of continuity of production. As Mr. Metcalf asked several Glendale people who accompanied Messrs. John MacGregor, A. A. Altom and Brooks Miller, the latter of Altom-Miller company, to the property yesterday afternoon:

"What more could we ask?"  
Then it was that someone asked the first question in this article.  
"What is it?"

"Nothing to Conceal"  
To be brutally frank Metcalf-Hinckley are financing the drilling of three wells immediately with the sale of \$200,000 worth of stock at 10 cents a share, par value. They evidently have nothing to conceal, no officers whose records are not above reproach. If the public does not answer their call the directors are ready to sacrifice other investments to put this proposition across.

Now for just a closing word about their fiscal agents, the Altom-Miller company, who have temporary headquarters with the MacGregor Realty Co. at 106-A East Broadway. According to Brooks Miller, who at one time resided in southern Glendale, they have turned down scores of oil issues recently. The reputation of their stock and bond house backs the judgment of the Metcalf-Hinckley Oil company.

It is the writer's advice that all who plan making material investments in the Huntington Beach field, or this concern in particular, to personally visit the lease, to see the actual situation. You will better appreciate the opportunities presented.

Of the score of people present on Metcalf-Hinckley's property yesterday afternoon not one failed to agree with Mr. Metcalf that it is for "one best bet."

**THE U. S. CHAIN TREAD**  
One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.  
The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire line.

**Economy rides on U.S. Tires-**

Not merely for the heavy car, but for the medium and light-weight car—a full selection of size, tread and type.

Your U. S. Tire dealer can give you this service because of the service he gets from his neighboring U. S. Factory Branch. There are 92 of these Branches. Each gets its share of U. S. Tires, so that the dealer is always supplied with fresh, live stock.

U. S. Tires sell as fast as they are made.

There is no over production. No surplus piled up waiting for a "market."

Wherever you buy a U. S. Tire—you buy a tire of current production, as full of life and value as the day it left the makers.

## Economy rides on U.S. Tires-

If you could get together all the car owners you know, you'd probably find that their tire experiences had been much the same.

Most of them have taken their fling at "job lots," "discontinued lines" and "surplus stocks." Soon or late, nearly all settled back on quality first as the one sound assurance of tire value.

As soon as a man forgets the cut-price tag, and comes to the dealer who concentrates on a full, completely sized stock of U. S. Tires—he learns what it means to get fresh, live tires—not once in a while but every time.

Not merely in the big cities, but in his own home town.

### World Famous Prison Is Part Of Picture

The famous Bridge of Sighs in the Tombs of New York, the interior of Sing Sing, world-famous prison—these are admirably shown in Thomas Meighan's new Paramount picture, "The City of Silent Men," which was shown at the Palace Grand Theatre with success yesterday. The same program shows today. This is a remarkable photograph of prison life based on John A. Moroso's novel, "The Quarry." Mr. Meighan has the role of a country mechanic who goes to the big city to obtain work and who falls into the clutches of crooks for whose crime he is sent to state's prison for a long period. He escapes in a sensational way and begins life anew in the west. There are many thrills in the action which is rapid-fire. The leading woman is Lois Wilson and her work, as well as that of the supporting players, is excellent.

Clyde Cook is as crazy as usual in his latest comedy, "The Jockey," and if Clyde can ride, everyone would like to know it for he don't show it in this picture. A news reel rounds out the bill while the music is equal to the pictures.

Tomorrow "The Forbidden Thing," an Allen Dwan production, is the feature.

### 'Dear Katie's' Friend Gets Bid To Banquet

"One must eat," a noted statesman was in the habit of remarking. Even a newspaper reporter has to eat—occasionally. Therefore, when Glen and Dale, the publicity twins for the state Christian Endeavor convention, which meets in Glendale June 25-29, sent an invitation to "Dear Katie's" friend to attend the party and banquet to be held at the First Methodist church Friday night, there was great rejoicing—on the part of "Dear Katie's" friend—at the prospect of a literal rather than a literary feast.

Readers of The Evening News know, of course, that "Dear Katie's" friend is E. C. Hale. His—or her—letters to "Dear Katie" are a regular feature of this paper.

So, when the invitation was received, it was promptly turned over to "Dear Katie's" friend. He—or she—will attend the party, hale and hearty, and partake of the banquet dainties. The invitation:

"Glen and Dale would like to have 'Dear Katie's' friend come to their party at the banquet hall of the First Methodist church, Kenwood and Wilson avenue, at 8 o'clock Friday night. We doubt if 'Dear Katie's' has ever seen such a live bunch of young people in her life. Any messages concerning this party will not need to be censored as was the recent weather. There will be games and a good program of fun for all. Young people of all the churches, whether members of societies or not, are invited to be present by the reception committee of the Glendale C. E. Convention committee.

"GLEN AND DALE."  
If "Dear Katie's" friend survives the feast Friday night, it is more than probable he—or she—will have something to say about it to "Dear Katie" in The Evening News, on Saturday.

**TWO ASSOCIATIONS FOR CIVIC PLANS WORK JOINTLY**

MEMBERS OF BOTH BODIES TO HOLD MEETING NEXT FRIDAY NIGHT, SOUTH GLENDALE

(Continued from Page 1.) Industrial district of undreamed proportions along the San Fernando road rather than to pull the freight through the congested trackage of Los Angeles to Vernon or other points.

"At the same time the establishment of the terminal at the Plaza would throw the classification yards of the Southern Pacific railroad out toward Burbank, thus making this city the home for hundreds of shop workers and switchmen.

**Could Serve Big District**  
"All of this would give the Salt Lake route, if electrified into Glendale, the benefit of patrons who would be employed in the heart of the new industrial center. Such a line also could connect with the yellow cars in taking people to any part of Los Angeles not served by the Pacific Electric.

"By electrifying its line the Salt Lake would be enabled to serve all of Sunland, Tarzana, La Crescenta and La Canada. From Glendale avenue and Broadway the Salt Lake would be able to save many minutes over the Pacific Electric's time into the heart of the wholesale and manufacturing district, as the Salt Lake would make speed on its private right of way.

**Would Gain New Residents**  
"At the same time these two lines could not be considered as competitors as such a move would bring population to Glendale. And as this city grows, the increased traffic means slower service unless there are additional arteries. Again, to illustrate how these two lines would make for more business, we will suppose that a new family is brought to the Glendale avenue district because the father can get to and from work on the electrified Salt Lake route. His daughter, attending the southern branch of the University of California or working in a store in the downtown shopping district, would find it convenient to use the Pacific Electric. In this way both would gain new residents for Glendale."

**Guy F. Maxwell Seeks City Clerk's Position**

Guy F. Maxwell of 202 West Park avenue is seeking the nomination for city clerk at the coming election. He received his education here and is a graduate of the California Technical school at Pasadena. He also graduated from the Vander Naillen School of Mines at Oakland, Calif. Later Mr. Maxwell was instructor of chemistry and metallurgy at the same school for about two years. He later held the position of assistant to the chief chemist with a large mining company in Bisbee, Ariz.

**MRS. HUTCHINSON IS CHOSEN PRESIDENT OF TUESDAY CLUB**

ORGANIZATION TO MEET EVERY WEEK IS DECISION; BOARD INCREASED TO TWELVE

(Continued From Page 1.) walt, parliamentary; Mrs. E. W. W. Hayward, legislative.

Mrs. Bosserman, just before giving her report, explained that she had received numerous inquiries as to where she or how she had been trained to do philanthropic work, and in answer told of a group of girls in Indiana who had been instructed in this work by Jane Addams. She also told the members that there were forty children at the Children's Home in Los Angeles who were to be placed in private homes for adoption.

Mrs. Mattison B. Jones, as federation secretary, reported that the work had been changed to that of a member of the extension committee. Mrs. C. E. Norton, retiring member of the board of directors, was then called upon to report. A motion carried that the auditor's report be accepted.

Mrs. Harry Greenwalt, member of the revision committee, then read certain amendments to the by-laws which had been suggested by members. These were then considered and voted on by the club. Important among the amendments accepted were the following: A motion was carried that the board of directors be increased by three, which will increase it to twelve members instead of nine. One amendment which entailed considerable discussion was the question as to whether the initiation fee should be changed from \$5 to \$10. This amendment did not carry, and the initiation fee will remain at \$5. A motion carried amending the by-laws to raise the annual dues from \$4 to \$6.

**To Meet Every Tuesday**  
A very enthusiastic discussion followed the suggestion that the club meet every Tuesday instead of twice a month. A motion to this effect carried, and the club will meet every Tuesday during the coming club year. A motion was carried that the amendments having to do with finance go into effect the first of July.

Mrs. John Robert White, chairman of election board, reported the following returns: Total number of ballots cast, 89; president, Mrs. C. E. Hutchinson, 87; first vice-president, Mrs. A. M. Williams, 84; Mrs. C. H. Temple, 1; Mrs. Mabel L. Rudy, 1; second vice-president, Mrs. Mabel Franklin Ocker, 87; recording secretary, Mrs. O. O. Clark, 86; Mrs. W. E. Halstead, 1; corresponding secretary, Mrs. Mabel L. Rudy, 83; Mrs. O. E. Von Oven, 2; Mrs. W. N. Stamps, 2; treasurer, Mrs. A. M. Hunt, 88; director, Mrs. E. W. W. Hayward, 84; Mrs. A. A. Barton, 1; Mrs. Frank Ayars, 1. It was moved that the additional directors will be nominated at the next regular meeting of the club. The secretary then read the names of officers elected for the ensuing year.

**Objects To Execution Of Dogs By Bullets**  
Editor Glendale Evening News:—Last evening's Glendale News contains an article, "Six Dogs Were Put to Death with Merciful Bullets." Will you permit me to voice my disapproval through your columns of this method of killing the kindest and most humane of all dumb animals?

If the executing of such an ordinance is absolutely necessary, is there not a more humane method of taking away the life of man's best friend?

Chloroform is not such an expensive drug. Why not substitute the peaceful sleep for the bullet?

Glendale, is considered by the traveler and citizen alike, as one of the most progressive and model cities in southern California, and an ordinance such as the one referred to is not in keeping with its reputation and high ideals.

**Modify Program For Alumni Day Reunion**  
Meeting with Miss Jane Snyder at 112 Arden avenue last night, committees planning the Alumni Day reunion for Glendale Union High school decided to modify the program in order to enable a greater number to attend. In the evening a "jazz assembly" will be held and later dancing will be the program with special musical numbers.

**Glendale High School Tennis Players Battle**  
The Glendale Union High school racquet widders this afternoon are having a set-to with South Pasadena's quartet. The winner will play Alhambra for the league championship.

A scrimmage football practice also is being held with Alhambra tonight, according to Coach Normal C. Hayward.

**Watching Scoreboard**

Yesterday's hero—Frank Gibson, Brave rookie, singled in a pinch with the bases full, helping Boston beat St. Louis 7 to 3. Powell hit a homer.

Babe Adams was hit hard and Nehf pitched good ball, the Giants taking their first game from the Pirates 5 to 3.

Ty Cobb made his semi-annual error and Detroit lost to the Athletics 7 to 6.

The Phillies got out of the cellar when Meusel and Lehorveau drove in three runs, beating the Reds 3 to 2.

Mays and Schang were kicked out of the game by Umpire Chilli and the Yanks dropped one to the Browns 8 to 4.

Yaryan, catching for Ray Schaak, drove out two doubles and helped the White Sox beat Washington 6 to 5.

Sherry Smith got the Robins out of a long slump by pitching good ball and hitting a homer, the Cubs losing 6 to 1.

**LOCAL HIGH SCHOOL DROPS GAME TO COVINA TEAM**

GLENDALE UNABLE TO SCORE IN CONTEST; SINGLE THRILL OCCURS IN SIXTH ACT

The Glendale high school baseball team yesterday afternoon continued playing in the Central league season, after a week's lay-off, by dropping a listless contest to Covina by the score of 6 to 0. The game was originally scheduled with Monrovia as the local's opponents, but at the last minute the league president ordered the change.

The tussle was played on the visitors' grounds, with a crowd of about four hundred in attendance. During the first few innings the Glendale athletes acted as though they were really playing ball, but after the fourth round they found themselves and proceeded to lose the game.

**Get Their Only Thrill**  
In the first of the sixth the small groups of Red and Black rooters were given their only thrill when their proteges threatened a batting rally. Two nifty singles in this canto by Tob McNary and Fred Terzo and a walk to Morgan gave them hope for a moment; but it was short lived, as the next two batters were easy outs.

Yesterday's game marked the second game of the last half of the season, with three more games to play. Alhambra has already clinched the pennant and is now engaged in fighting it out in the semi-finals for the Southern California championship. Glendale is in fourth place.

**'Madonnas And Men' At Glendale Today**

"Madonnas and Men," a B. A. Rolfe production, a wonderful feature photoplay is offered at the Glendale Theatre today. Words cannot express the beauty of this pictured story and there is no question but what it will attract record crowds during its four-day run. It is a gigantic masterpiece and combined with the other attractions, Madame Clement will play the "Intermezzo Cavaleria."
