TRADE AT HOME! KEYNOTE OF TALK BY H. M. BUTTS

Campaign of Education on
Buying Here Is Big Need,
Speaker Points Out

Glendale trade must be Glendale made. That was the spirit of a talk made by H. M. Butts of the Monarch Auto Supply company, 121 South Brand boulevard, before the Glendale Chamber of Commerce directors yesterday noon as representative of the Merchants' Credit association.

"We must educate people to buy in Glendale, to bank in Glendale and to build Glendale in every way possible as long as they live here. As a credit association, we feel that we need the help of the Chamber of Commerce in putting across a 'Trade at Home' campaign."

Frank H. Pilling, secretary of the association, echoed the sentiment expressed by Mr. Butts and a committee will be named by President V. M. Hollister, Chamber to cooperate with them.

The committee named by the merchants consists of Mr. Butts, C. J. Hetz, Ole Andresen, J. A. Robinson and W. E. Page, while the Chamber's committee includes H. S. Webb, Dan Kelly, Fred Deal, Harry MacBain and George B. Karr.

Much Rubbish Removed
Dr. Jessie A. Russell of the civic committee reported the success of Clean-Up Week which was admittedly slow in starting, and she made her hearers take notice when she told of the city's trucks handling thirty additional loads or sixty tons more rubbish as a result of the campaign.

President Hollister remarked that several tons of rubbish still had to be handled and part of it would be found in the back yard of his home where it was awaiting the city's trucks.

A communication from the Riverside Chamber of Commerce seeking endorsement of their efforts to obtain an enlarged Cleveland national forest to protect the big horn and other wild animals, won the approval of the board.

On motion of R. L. Kent the secretary was instructed to co-operate in giving publicity to the county Sunday school and state W. C. T. U. conventions. E. F. Sanders and Peter L. Ferry were named a committee to attend a meeting of the Hollywood Chamber of Commerce today.

BROADWAY SCHOOL WINS FIRST PRIZE

Judges Award Honors in Wild
Flower Display Held at
Municipal Library

The pupils of the Broadway school have the honor of being awarded first place in the wild flower display which closed at the public library on Harvard St. last night and in which the various schools of the city were competing. The display was arranged at the judges' meeting which deliberation and after several ballots had been taken, none of them being unanimous.

The displays were all very fine and attracted much attention and praise. The honors went to the Broadway school on account of the great variety of flowers on display and also because of the fine specimens they had secured, it was stated.

The Colorado street school was awarded second place, having a very good display and running close to the Broadway school display in number of variety and beauty of specimens. The Intermediate school had a display of unique flowers mounted on cards. Their display was very creditable, but somewhat short on variety, it was stated. The Columbus avenue school exhibit was good and was classified. The wild flower display is a splendid educational feature and it is hoped that a similar display next year will have a larger number of the schools participating.

Judged By Three
The judges for the occasion were O. Spencer, president of the library board; Mrs. John Robert White, president of the Federation of Parent-Teacher associations of Glendale, and L. T. Rowley, representing the schools.

Mrs. Sarah McLean Mullen greatly assisted in the arrangement and classification of the displays.

A prize is also to be awarded to the person naming the largest number of flowers on display as soon as the answers can be examined by those in charge.

KLAN LIST IS WITHHELD

SAN FRANCISCO, May 10.—District Attorney Matthew Brady indicated today that the list of 256 names of San Francisco and Oakland members of the Ku Klux Klan as disclosed in lists seized by the Los Angeles authorities will not be made public until full investigation has been made. He was giving his attention to the list today and said a grand jury inquiry might result later. Dr. Samuel E. Burke, grand master of the Masonic grand lodge of California, has issued a letter to Master Masons in his jurisdiction forbidding their joining the Klan.

Complete Survey Shows American Business Has 'Turned Corner' and Is Well Upon Its March Toward Increased Prosperity, Claim

NEW YORK, May 10.—A nation-wide survey of American conditions shows that trade and business have "turned the corner" and have left depression far behind, it was announced by John E. Egerton of Nashville, Tennessee, president of the National Association of Manufacturers, at the association convention here today. The advance, Mr. Egerton said, is stable, sane and definite. Business is on the up grade, he continued, in all the basic industries.

"There is a general tenor of bright prospects for the future," declared Mr. Egerton. "In all the replies there was lack of pessimism." Secretary of Commerce Hoover presided at the morning session and delivered an address on the "Re-establishing of legitimate trade associations."

Mr. Hoover spoke of the need of constructive efforts to build up the progress and prosperity of the people and the nation. The time has come, he said, for the law to come to the assistance of industry to end the uncertainty over the length to which industrial enterprises might go in the way of expansion. This does not imply, he added, any alteration of the purposes of the restraint of trade acts.

PROGRESSIVE CLUB ENTERTAINMENT BY GETS CHARTER AT BURBANK CHORAL FINE BANQUET CLUB ENJOYED

Enthusiastic Meeting Is Held
and Excellent Program of
Songs Is Provided

"Ooing over the top" with over thirty charter members, the Glendale Progressive Business club made its official debut among the organizations and clubs of the city at the Chamber of Commerce banquet hall last night, about fifty Glendale business and professional men being present.

President William B. Kelley was an ideal toastmaster and kept the program chock full of pep and interest by a skillful blending of speeches and musical numbers.

Dr. Henry R. Harrower was the first speaker of the evening and in an interesting and enthusiastic manner gave an idea of the possibilities of the Progressive Business club in Glendale.

Frank P. Glendon of Los Angeles, district governor of the Progressive Clubs of Southern California, was then called upon to explain the plan of the club and present the charter to the Glendale organization.

Others Make Talks
Among the other speakers were Harry Girard, Mayor Spencer Robinson, Councilman Sam Davis, Postmaster D. Ripley Jackson, A. L. Knox, efficiency expert; H. H. Harris, attorney and R. F. Kitterman of the First National Bank of Glendale.

Harry A. James added to the enjoyment of the occasion with a number of his "English Stories," and during an excellent club lunch, anecdotes and goodfellowship gave visitors and members alike a real idea of the social feature of the progressive spirit.

Much of the enthusiasm of the evening was due to the musical numbers furnished by an excellent jazz orchestra, solos and a duet by Spencer Robinson and Harry Girard, the Welsh national anthem by Dr. Henry Harrower, and the "Progressive Quartet," composed of Ripley Jackson, Dr. Henry Harrower, Spencer Robinson and Harry Girard.

Miss Marjorie Imler to Receive Diploma

Mrs. Adelaide H. Imler and Miss Cora Hickman, both of 335 West Park avenue, expect to leave Los Angeles Saturday morning via train for Berkeley, where they will attend the commencement exercises of the graduating class of the University of California, of which Miss Marjorie Imler, their daughter and niece, respectively, is a member. They expect to arrive in San Francisco shortly before midnight Saturday.

The various functions which will be held in conjunction with the graduation ceremonies will be the annual senior "extravaganza" on Saturday night, the baccalaureate sermon Sunday evening, the farewell night Tuesday night, "Pilgrimage" night Wednesday morning at 10 o'clock. Both the baccalaureate sermon and the commencement exercises will be staged in the mammoth Greek amphitheater.

Following Miss Imler's graduation she will accompany her mother and aunt on a number of visits to friends and relatives living in San Francisco, Oakland and other cities in the northern part of the state. They will return to Glendale about May 25.

MEETS DEATH UNDER TRAIN

Death came suddenly to William Spencer about 9 o'clock last night when he slipped under the wheels of a northbound freight train just north of the Southern Pacific station. Mr. Spencer was about 23 years of age. He had been staying recently at the Franklin Hotel, Los Angeles, and is believed to have lived formerly in Salt Lake City. Together with H. M. Williams of 2432 South Wilson street, Alhambra, he came to Glendale last night on the Pacific Electric. They intended to board a freight here for Fresno where they expected to obtain employment. Mr. Williams got on safely but Mr. Spencer slipped. The inquest will be held at 9:30 tomorrow morning. The body is now at the undertaking parlors of L. G. Scovern.

AT GLENDALE HOSPITAL

Victor Daniels of 324 West Colorado street was operated upon yesterday morning at the Glendale Sanitarium and hospital.

Robert Mayer, small son of L. C. Mayer of 1030 Orange Grove avenue, is getting along nicely at the Glendale Sanitarium and Hospital following a mastoid operation yesterday.

PROGRAM OF MUSIC AT TUESDAY CLUB HOLDS INTEREST

Los Angeles Trio Presents Fine
Concert; Announce Section
Meetings for Month

What many consider the biggest musical treat of the year was afforded the members of the Tuesday Afternoon club yesterday at its meeting at Masonic Temple yesterday afternoon when an exceptionally fine program of music was given by the Los Angeles Trio, with May MacDonald Hope, pianist; Calmon Luboviski, violinist; and Olga Bronson, violoncellist. Mr. Luboviski appeared with great success in concert before the members of the Glendale Music club last November and it was an added pleasure to the music lovers of Glendale to have the privilege of hearing him again.

An interesting feature in connection with the concert, which had not been announced, was the fact that the violin upon which Mr. Luboviski played was one of the famous old makes, valued at \$7,500, and which had been made a gift to him. Mr. Luboviski has toured Europe, appearing as violin soloist with many of the leading orchestras under the direction of such famous conductors as Strauss and Nikisch.

Mr. Bronson's masterly playing was a delight to hear. The ability of Mrs. Hope as an accompanist would be hard to equal, giving a very sincere interpretation of the compositions which is so often lacking in ensemble playing.

Program in Detail
1. "Andante and Scherzo" (Brandt Byus), by the trio.
2. "Sonata A Minor" (Greig), first movement, by Mr. Bronson and Mrs. Hope, violin and piano.

Violin solos: a. "Nocturne No. 2" (Chopin). b. "Praeludium and Allegro" (Paganini-Kreisler). By Mr. Luboviski, accompanied at the piano by Mrs. Hope. As an encore Gosses' "Gavotte" was played.

"Trio D Minor, Op. 32" (A. Arensky), by Mrs. Hope, Mr. Luboviski and Olga Bronson.

BOY OF 17, IN COURT, IS DECLARED 'MASTER BANDIT'

LOS ANGELES, May 10.—Declared by the police to be a boy "master bandit" with experience in holdups all over the country, Jack W. Wathen, 17, was arraigned today before Judge Pat R. Parker on a charge of robbing two women. In Honolulu, it is said, he confessed to having staged a \$20,000 plantation robbery in which he took the entire sum just before it was to have been given to the employees. Wathen also admitted in an alleged confession that he has "pulled jobs all over the country."

PROMINENT LABOR HEADS ARE PLACED UNDER ARREST

CHICAGO, May 10.—Fred (Frenchy) Mader, president of the Chicago building trades council, "Big Tim" Murphy, and "Con" Shea, all prominent in labor circles, were arrested this afternoon at the order of Chief of Police Charles C. Fitzmorris, in connection with the slaying last night of two policemen in the bomb war that has gripped the city. As the three were seized, scores of policemen rushed to raid union headquarters with orders to arrest scores of business agents for the unions and other men supposed to be leading the campaign of terror. As the afternoon progressed scores of labor agents were rounded up. It was expected that by nightfall more than 200 would be in custody.

CANDIDATES FOR U. S. SENATE NEED NOT FILE REPORT

WASHINGTON, May 10.—Something akin to a political sensation was caused today when it became known that Attorney General Harry M. Daugherty has handed out an opinion to the effect that under existing law the thirty-five candidates for election to the senate this year need not make any returns on their campaign expenditures, either for the primaries or for the regular elections in the fall. The returns are required under the corrupt practice act of 1911 but the attorney general construed the supreme court's decision in the Newberry case as invalidating that portion of the law affecting senators, because the method of their election has been changed since the passage of the act. They were formerly elected by state legislatures and now by direct vote of the people.

RUSSIAN REPLY TO ALLIED NOTE SUDDENLY HALTED

GENOA, May 10.—The Russian delegates today unexpectedly halted delivery of their reply to the allied memorandum of conditions for recognition of the Moscow soviet government after reports had been circulated that the answer was in the hands of the allied delegates. The Russians had gone so far as to give out the greater part of the contents of the answer which strengthened the belief that it was being handed to the allies. All was in readiness for the ceremony of delivery when George Tchitcherin, head of the Russian delegation, had a conference with Signor Schanzer, the Italian foreign minister, which put a different complexion on some matters. It was understood that the reply was to be revised somewhat. This was regarded as a favorable development.

SURPRISE SHOWER GIVEN

Mr. and Mrs. Leo Goode, who recently moved into their new home at 1600 East Elk avenue, were the guests of honor at a surprise shower given by a group of more than twenty guests. The party had been arranged by Miss Annie L. McIntyre and Mrs. W. J. McIntyre, who acted as hostesses for the evening.

GENERAL PLANS FOR NEW HIGH SCHOOL DECIDED UPON

Architects Need at Least Three
Months to Complete Details;
Ready by September, 1923

Plans for Glendale Union High school's new plant at Verdugo Road and Broadway will be rushed to completion as rapidly as possible.

Announcement to this effect was made by Architect John C. Austin of Los Angeles. Together with Architect George M. Lindsey of 708 East Broadway, he has been employed by the high school board of trustees.

"I am going to push the plans right through," stated Mr. Austin. "We have a large organization and we can put it to work. I should like to get the plans completed in ninety days from now. That will mean some hard work. It can be done, however, and we will do it if we can get the items approved as we go along. The board has appointed Mr. Moyle to work with us so that we won't have to wait for any information at all."

The general layout has been definitely settled, all except the athletic field and that will be placed so that we will get the most from the ground at the least cost.

Much Detail in Plans
"The first thing we have to do is to get the room locations. We have to adjust the rooms to suit the conditions as we find them after analyzing the situation. Where the time is consumed is not in the general planning, but in the detail work. For instance, we have to plan for every cabinet, every faucet and every light in the laboratories. Los Angeles High school had fifty-three large pages of details and in addition there were the specifications.

"Funds for construction probably will not be available for about five months. Mark Keppel, county superintendent of schools, says that four months is the shortest time he has ever known between the passage of a bond election and the sale of bonds.

"When the plans are finished, construction ought to start in three weeks. Of course, it will be necessary to advertise for bids. The state

SCIENTIST WRITES OF BRAZIL TRIP

J. Dufferfield Jones Tells of
Experience With Rain, Mud,
Bad Roads and Auto

Letters were received yesterday by friends from J. Dufferfield Jones, scientist, who is enjoying a year of travel in foreign countries. These letters, written from Lage, Brazil, bring interesting incidents of his sojourn in South America, and state that at this point he was as far from civilization as if he were in the heart of Africa.

Expecting to make the trip to Lage from Florianopolis, a distance of 264 kilometers, or 165 miles, by automobile, over motor roads, he left January 29, anticipating a trip of two days. But the wettest season on record had turned the roads into a succession of mud holes, and after having their machine extricated from deep mud by means of oxen a number of times, during the first twenty kilometers, a spring was broken in the auto, which necessitated a return to the starting point.

After a delay of ten days, Mr. Jones set out upon the journey in a carriage drawn by four horses, arriving safely at the end of four days over roads that were covered with stone similar to cobblestones, excepting where there was deep mud. He was the guest of Americans, Mr. and Mrs. J. E. Bickstath, a family who were his friends and neighbors many years ago for a period of six years at Castro. In company with this gentleman he expected to make the return journey by means of a buckboard, leaving April 4, for Rio Janeiro. From there he hoped to leave by steamer May 6.

Mr. Jones states that he has had a delightful trip, but has seen no place with attractions that compare with Glendale, and he is looking forward with the greatest pleasure to his return early in November to his home at 118 Fairview street.

FRANKLIN CLUB IS FORMED

The Glendale Evening News was represented last night at a banquet at the Avis Hotel, Pomona, by H. C. Pennock of 1616 South San Fernando road, manager of the job printing department. A chapter of the Franklin Club was organized.

The meeting was attended by eighty-five printers from every section of Southern California. The speaker of the evening was Reynold E. Blight, pastor of the Church of the People in Los Angeles, who spoke on "Co-operation." Victor Hecht, sales manager of the Zellerbach Paper Company of Los Angeles, also spoke. Officers elected were: Ed Pickering, Santa Ana, president; F. O. Frye, San Diego, vice president; C. E. Stewart, San Bernardino, secretary; and Walter D. Clark, San Bernardino, treasurer.

**Morvich Money Isn't
Put Up by Kentucky**

By DAVID J. WALSH
International News Sports Editor
NEW YORK, May 10.—That much
exploited East vs. West element of
Mr. Kipling's fond fancy lies as
heavy as a bootlegger's conscience
over the running of the Kentucky
derby at Churchill Downs on Satur-
day.
You could load a wagon to the
gunwales with ten dollar gold pieces
and even then might not be able to
balance the eastern money that will
ride with Morvich, the unbeaten, in
this race. Yet should you attempt
to tell a gentleman from Kentucky
that Morvich is as sure as slow poison,
he will look at you more in pity
than in anger. Hardly a nickel of
Kentucky money has gone down on
the great colt from the Block stable
and probably very little will follow
between now and the race hour Sat-
urday.

Kentucky and the west in general
have conceived a marked fancy for
the Bardley entries. Busy America
and By Gosh, with Deadlock and the
filly Startle, getting quite a play here
and there.

Stur Rider and John Finn were
once held in high esteem east and
west, but both have been taken in
recent races at Lexington, like Bryan
takes grape juice and therefore are
no longer regarded highly.

The confidence of the west in E. R.
Bradley, who ran one two last year
with Behave Yourself and Black
Servant, is almost childlike in its sim-
plicity. They really seem to believe
that he will repeat last year's per-
formance and place his 1922 choices
one two in Saturday's classic. The
owner himself is equally confident.
He is strongly backing his entries.
It is said, and offering to "lay" Mor-
vich. That will sound like rank
heresy to the east.

As the day of the race approaches,
it becomes more and more evident
that it will be Morvich against the
best. My Play, full brother of Man
o' War, is one of those attractive
long shots. He probably will go to the
post with the wise money riding
elsewhere.

**Babe Ruth Able to
Leave Hospital Today**

NEW YORK, May 10.—Babe Ruth
has completely recovered from an
operation for the removal of his ton-
sils and will be able to leave St. Vin-
cent's hospital today, according to
the verdict of physicians there. Mrs.
Ruth, who was operated on at the
same time, has also improved consid-
erably and will be discharged from
the hospital within a week. She
thus will be able to witness the slug-
ger's 1922 debut at the polo grounds,
May 20.

**TAKE SALTS TO
FLUSH KIDNEYS**

Eat Less Meat if You Feel Blad-
der-achy or Have Bladder
Trouble
Meat forms uric acid which ex-
cites and overworks the kidneys in
their efforts to filter it from the sys-
tem. Regular eaters of meat must
flush the kidneys occasionally. You
must relieve them like you relieve
your bowels; removing all the acids,
waste and poison, else you feel a dull
misery in the kidney region, sharp
pains in the back or sick headache,
dizziness, your stomach sour, tongue
is coated and when the weather is
bad you have rheumatic twinges. The
urine is cloudy, full of sediment; the
channels often get irritated, obliging
you to get up two or three times dur-
ing the night.
To neutralize these irritating acids
and flush off the body's urinous
waste get about four ounces of Jad
Salts from any pharmacy; take a
tablespoonful in a glass of water be-
fore breakfast for a few days and
your kidneys will then act fine and
your kidneys disappear. This
famous salt is made from the acid of
grapes and lemon juice, combined
with lithia, and has been used for
generations to clean and stimulate
sluggish kidneys and stop bladder ir-
ritation. Jad Salts is inexpensive;
harmless and makes a delightful ef-
fervescent lithia-water drink which
millions of men and women take now
and then, thus avoiding serious kid-
ney and bladder diseases.—Adver-
tisement.

**High School Teachers
to Play Pasadena Nine**

Glendale baseball fans will be
given a treat tomorrow afternoon
when the faculty team of the local
high school will be pitted in a regu-
lar contest against a squad composed
of instructors of the Pasadena insti-
tution of higher learning. The game
will be played on the high school dia-
mond and it is expected that several
hundred persons will be on hand to
witness the novel affair.
It is reported that the Red and
Black performers are "out after
blood" as the result of the opening
game of the series last week, which
was capped by the Crown City ag-
gregation by a count of 5 to 2. As
last week's contest was staged on
the Pasadena field the local impar-
ers of knowledge are confident, in
view of the fact that the game is to
be played here, that Thursday's odds
will favor Glendale.

**Carpentier and Lewis
Contest to Be Speedy**

LONDON, May 10.—Thursday
night's fight between Georges Car-
pentier and Ted "Kid" Lewis prom-
ises action from the very tap of the
bell. It was unanimously predicted
by sporting writers today. Each
will attempt to wind up the contest
before the sixth round. Jack Dem-
psey, the world's heavyweight cham-
pion, may second Lewis.

Daily HEALTH-AGAIN TALKS

By Dr. Otey

If you knew this was your last day of life and I came to you and could by a miracle grant you ten years more, what wouldn't you give?

What would you give? Would you give a half hour of your time three times a week for a while and a small portion of your earnings or a pittance of your accumulated savings?

You would? Would you, really? Well! I cannot give you that ten years if you wait till your last day, but it is reasonable to expect ten years of added active life (beyond what you can otherwise have) if you have osteopathy put into condition and maintain your every organ and function at 100 per cent efficiency.

Osteopathy adds years to your life and life to your years. I mean this seriously and literally. Now, I wish to thank my reader audience for the attention they have given these weak attempts to carry the truths of Osteopathy to the reading public. These daily talks will be temporarily discontinued pending the time when we have caught up with our work. We will not take more cases than we can do justice to. If you have any unsolved health problems, bring them in and let us help you solve them.

If you would have Osteopathy (that is a little out of the ordinary) lengthen the autumn of your life into a long and glorious Indian Summer, phone Glendale 2201 for appointment at the office or at your home.

E. L. Osborn of 406 West Wilson avenue has returned from a two and a half months' trip to Mexico.

Mr. and Mrs. S. A. Kelly and family of Hollywood were recent guests at the home of Mr. and Mrs. A. H. Kresling of 525 East Elk avenue.

Mr. and Mrs. James Whitaker of 814 South Maryland avenue are spending a two weeks' vacation at Catalina Island.

Mr. and Mrs. James Nance of 1006 East Elk avenue enjoyed an automobile ride last Sunday to San Fernando, Newhall, Tujunga and several other towns north and west of Glendale.

Miller W. Fishel of Catalina Island is spending several days in this city visiting with friends and former neighbors. He is the guest of his brother-in-law and sister, Mr. and Mrs. A. B. McIvlin of East Orange Grove avenue.

John L. Frost of Los Angeles was recently a visitor with friends in this city. Mr. Frost, who is a student at the College of Osteopathic Physicians and Surgeons of Los Angeles, leaves today for Berkeley, where he expects to take a special course of study during the coming summer session.

Mr. J. F. Knox of 425 South Central avenue is very much interested in the municipal regulation requiring all dogs to be muzzled. She recently represented Glendale and Tujunga at a conference of the Anti-Vivisection society of Los Angeles. She strongly opposes the placing of cages on the canines.

"Our Local Government" was outlined to members of Miss E. C. Magnuson's civics classes at Glendale Union high school yesterday by City Manager W. H. Reeves. He was much impressed by the intelligent questions asked by the students and declared that they seemed to have a good grasp on municipal affairs.

W. B. Nelson of 1303 North Brand boulevard has as his guest his mother, Mrs. Willard Nelson, Sr., of Oneida, Ill. Mrs. Nelson is in her eighty-fifth year and has been a prominent club worker and organizer. She took great pleasure in attending the session yesterday afternoon of the Tuesday Afternoon club as a guest.

Mr. and Mrs. Frank L. Fox of 345 North Kenwood street entertained with a family dinner party at their home Sunday in celebration of the birthday anniversary of their niece, Miss Alice Merritt of Glendale. Those present included Dr. and Mrs. Donnell of Long Beach, S. T. Woodsum, Mr. and Mrs. Joseph Woodsum of Redlands, Miss Alice Merritt and Mr. and Mrs. Frank L. Fox.

Rev. and Mrs. E. H. Willistord, former residents of this city, who are now residing in Houston, Tex., will leave that city on or about July 10 for a several weeks' visit to Glendale and other points in the southland, according to word received yesterday by friends of the former pastor of the First Congregational church of this city. The trip will be made via automobile and is expected to take about ten days.

Mrs. Charles Wouters and Mrs. George B. Fleming, sisters of W. E. Hewitt of this city, who gained quite a large acquaintance while wintering here, arrived safely in Baltimore, Monday, after a trip through the Panama Canal on the Hawkeye State which was reported aground. In their message to Mr. Hewitt they failed to mention the little mishap which caused quite a deal of concern for friends and relatives.

Director Peter L. Perry and Assistant Secretary E. F. Sanders are delegates to a conference held by the Hollywood Chamber of Commerce today for the purpose of considering plans to widen Cahuenga Pass, also to obtain a direct highway to Wilmington and San Pedro from the foothill section and the back country. All San Fernando valley Chambers of Commerce were invited to participate in the meeting.

Mr. and Mrs. W. L. Jencks of 409 North Maryland avenue entertained as their guests at a dinner party given recently at their home Mr. and Mrs. Ernest F. Bent of Pasadena, Junior and Mrs. Steere of Los Angeles and Mr. and Mrs. Harry Chamberlin of Boston. Mr. Jencks spent several days at Big Bear recently and brought back several fine specimens of salmon trout. On Sunday Mr. and Mrs. Jencks attended the dedication of the new Methodist church at Artesia.

Miss Helen Lundgren, Miss Lillian Lundgren, Mrs. F. W. Van Booskirk, Siegfried Lindstrom and Bernhard Lindstrom motored from Oakland to Glendale, arriving Monday and returning yesterday. Miss Lillian Lundgren remained as a guest at the home of Mrs. F. W. Harper, 508 Fairmont street. Miss Helen Lundgren will leave shortly as a missionary to Africa. Siegfried Lindstrom leaves Saturday for Japan, where he will be employed with a large importing and exporting company in Tokio. He is a graduate of the University of California, and, having been born in Japan, is very proficient in the Japanese language.

The second four-room bungalow being erected at 370 Arden avenue by I. N. Howe of 225 East Garfield avenue is well on the way to completion.

Mr. and Mrs. H. S. West of 121 West Park avenue are in Riverside today attending the department convention of the G. A. R. and Women's Relief Corps.

Mr. and Mrs. F. E. Blodgett, who have been residing at their ranch in Ducor, are house guests at the home of Mr. and Mrs. W. S. Gamble of 125 West Los Feliz road.

A very enjoyable mountain trip Sunday was had by Waldo Yard, Stillman Chase, and Jim Thompson. They left early Sunday morning in the latter's new Metz and motored to Camp Baldy where they spent the day in hiking and fishing. In the boys report that the roads are in poor condition.

Several high school students enjoyed fishing trips over the last week-end. A trip to Matillija Springs in Ventura county was taken by Wilfred Cline, Bob Bradbury and Samuel Thompson in the latter's car. The party left Saturday morning and returned Sunday night. Wilfred Cline was the lucky one, catching the limit of twenty-five trout.

The Glendale Girl Scouts, Troop No. 1, held their regular meeting yesterday afternoon at the Congregational church with good attendance. After the scout ceremony and penny march, a business meeting was held, with Dorothy Potter presiding. Evelyn Hunt was awarded a merit badge for cooking. Special guests were Mrs. W. S. Ingram and Mrs. A. A. Chapman.

The girls' indoor baseball team of the high school, of which Dorothy Cotton is captain, will play the opening game of the inter-school schedule at Burbank High school, May 11; the second game of the series will be with Covina High school, to be played at Covina; the third game with Hollywood High school, at Glendale; the fourth with Anaheim High school, at Anaheim; the last game with Citrus Union High school, at Azusa. The Glendale team is coached by Miss Florence Knight and Miss Lillian Shattuck, of the high school faculty.

The Woman's Home Mission society of the Casa Verdugo Methodist church, of which Mrs. C. E. Goetz is president, will meet Thursday afternoon at the church parlors. A special feature of the program will be an address by Mrs. M. M. Northrup, corresponding secretary for Woman's Home Missions of the Southern California Conference, and organizer of auxiliaries. After the program, afternoon tea will be served. Mrs. O. E. Goetz, Mrs. Charles Walker and Mrs. Dickerson will be hostesses for the afternoon.

Mr. and Mrs. G. E. Murphy and daughters, the Misses Edna, Vera and Lois Murphy of 421 North Central avenue expect to leave Monday for a sojourn of several months at Dighton, Kansas, their former home. The family have been residents of Glendale for the past six years and resided in Long Beach a few years previous to coming here. Mr. Murphy has, however, retained his farming property in Kansas, and spent several months there during the past year's harvesting season. They will remain in the east six months, or possibly a year.

The girls' interclass indoor baseball schedule opened Monday at the high school, with the Sophomore-Freshmen game, resulting in a score of 2 to 18 in favor of the Sophomores. Charlotte Hawkins captained the Sophomores, and Barbara Kranz, the Freshmen. The Junior-Senior game will be played today; the Freshmen-Junior game is scheduled for Friday; the Sophomore-Senior game for next Monday; the Sophomore-Junior, next Tuesday; and the Freshmen-Senior for the following Monday. This will complete the schedule.

Miss Helen Lundgren, Miss Lillian Lundgren, Mrs. F. W. Van Booskirk, Siegfried Lindstrom and Bernhard Lindstrom motored from Oakland to Glendale, arriving Monday and returning yesterday. Miss Lillian Lundgren remained as a guest at the home of Mrs. F. W. Harper, 508 Fairmont street. Miss Helen Lundgren will leave shortly as a missionary to Africa. Spectacular Film on T. D. L. Screen Today

A massive, spectacular romance is at the T. D. & L. this week. "The Sheikh's Wife"—one of the biggest French pictures we have had—a thriller that will make you suitors look quite drab. Personally, we are keen about cavemen—when they shave. We imagine Valentine disappeared more than one romance male when he appeared as the Sheikh. The Arab Prince is more bad news for the sterner sex. Girls, he's choice!

However, "The Sheikh's Wife" is every bit as interesting as its famed and far-reaching predecessor, "The Sheikh." There is a capital story based on the love of an English girl for an Arab Prince. A story that has every thrill an unusual combination like that can produce. The girl loves the dusky Arab, and plots and plans for his affection. That she eventually succeeds goes without saying.

"The Sheikh's Wife" is one of this year's best caveman films. A temporary relief from the everyday drawing room dramas. A picture you will enjoy.

Women of Glendale Interested in This

Elizabeth Arden Venetian toilet preparations will be handled exclusively in Glendale by A. G. Spohr at the Rexall store, corner Broadway and Brand boulevard, it is announced. This is considered a decided acquisition for the women of Glendale and each purchaser of these preparations will be presented with a little book entitled "The Quest of Beauty."

French Olympic Games Board Gives Warning

PARIS, May 10.—The French Olympic games committee has served an ultimatum on the government to the effect that the 1924 Olympic games will automatically go to Los Angeles, Calif., if the necessary appropriations are not passed by June 1.

"We believe the Hupmobile to be the best car of its class in the world."—Advertisement.

GENERAL PLANS FOR NEW HIGH SCHOOL DECIDED UPON

(Continued from Page 1)

law is very definite about that. The board will have to give the work to the lowest responsible bidder.

Ready September, 1923

"We ought to have ten months to build the plant after the plans have been approved. It ought to be ready before September, 1923.

"I think the site is the handsomest that I have had to build on yet. It is a site that doesn't require a great deal of complicated construction. Some school boards have bought sites which are beautiful and at the same time require costly preparation before they can be built upon. Take the Lincoln high school in Los Angeles, for instance. It cost \$40,000 to bring it down to grade.

"The Glendale High School board used good judgment in the selection of the site and you can build on it as cheaply as on any ground in the vicinity.

"The buildings will be of the Spanish renaissance style. So many people confound that with Mission. It isn't. Mission style is just what the old priest remembered of the architecture in Spain. Then they tried to beautify the buildings. Age has done more than anything else to beautify them.

Practically fireproof

"Concrete and brick will be the principal materials. The plant will be practically fireproof. Very few buildings are absolutely fireproof. Window casings, doors and some class room floors will be of wood. However, all of the corridors and stairways will be absolutely fireproof.

"I think that in deciding on the style of a building and on its finish one should select material which will leave the most money in the community and where the most local labor can be employed. That is what we expect to do. I think that we will absorb practically all of the surplus labor in Glendale.

"Of course, we will employ none but skilled mechanics and we will see that the work is done properly just the same as we would for private individuals."

Plans are now being made under Mr. Austin's direction for \$800,000 worth of school buildings in Long Beach.

"Cost of building has dropped 20 per cent in the past year to my knowledge," he stated. "Two years ago we built a unit to the Long Beach High school which cost \$250,000. About five months ago we finished a duplicate unit which cost \$173,000."

Mr. Austin also is supervising the construction of the new Citrus Union High school between Glendora and Azusa and the John Muir Junior High school in Los Angeles.

WOMEN GRANTED PARDONS

CHICAGO, May 10.—Six women, four of them with babies, were liberated from the county jail on pardons granted by Governor Len Small. The women and their children had been in jail since Thursday when they were arrested for violation of an injunction against picketing a plant where a strike was in progress. The alleged offense was committed two years ago at a time when none of the women were married. The case has been in the courts since that time, the circuit court of appeals recently sustaining the sentences imposed. Arrest of the women followed.

CABINET & FIXTURE COMPANY'S TRADE INCREASES FAST

Investment of About \$150,000 With Score of Employees Help to Glendale

Business growing by leaps and bounds is the only way to describe the Pacific Cabinet & Fixture Company, which was brought into existence recently by R. P. McMullen and Harvey D. Van Heuklyn, both woodworkers of considerable experience.

Their plant at 819 Milford street, near the San Fernando road and in the industrial district, represents an investment of more than \$150,000. Two buildings cover part of three lots owned as a site for this industry and at the present increase in volume it will not be long until more than a city block will be occupied by this firm.

Upwards of twenty men are employed—all of them skilled woodworkers and expert cabinet makers—and the weekly payroll, overtops the \$800 mark. This payroll formerly had been spent in Los Angeles because of a lack of an almost exclusive fixture concern here. However, screens, windows, special doors and sash—in fact everything that a regular mill does not do in hardwood or hardwood finishes are made by the Pacific Cabinet & Fixture Company in Glendale.

Faith In Home Industry

While Glendale provides a large share of the business, orders are being taken for jobs all over Southern California and gradually the manufactured product will be shipped to all points along the coast. For the present time no "stock on hand" limits the sales territory. Mr. McMullen states the company is finishing the fixtures today for the new Brand Department store which has shown its faith in home industry.

A visit to the plant will reveal the work divided into three separate processes, the milling and machine room where the wood is made ready for the cabinet workers who assemble the work and then there is the finishing department where painting is done. It will be worth your while to investigate this industry.

I. C. Leggett Urges Action on New Street

An expression of appreciation of the activities of the school bond committee of the Chamber of Commerce was voiced last night at a brief session of the high school board of education.

Dinner was served to its members by Mrs. Frank Eiffer of 800 East Windsor Road supervisor of the high school cafeteria.

Miss Wilhelmina Hobusch, head of the sewing and millinery department, was granted an eight weeks' leave of absence at the commencement of next term in order to continue studies which she expects to take up this summer in Paris.

Miss Aileen Renisen, who is now studying music abroad, will be writing and assured that there will be a position awaiting her on the local faculty next term, according to a decision of the board.

I. C. Leggett of 1122 East Wilson avenue appeared before the board and requested speedy action in regard to cutting the street through to the east of the new high school site. The board stated that it would be ready to act definitely as soon as title to Mr. Leggett's portion of the school property had been obtained.

Miss Rita Camargo and A. Marquez Wed

A pretty wedding took place this morning at the Holy Family Catholic church when Miss Rita Camargo, daughter of Mr. and Mrs. F. Camargo of 119 North Belmont street, was married to Antonio Marquez of West Vine street. Both the bride and bridegroom are Spanish Californians, having been born in Glendale and attended the public schools here. Mr. Marquez served in the navy during the world war.

The church had been decorated for the occasion with roses and greenery. The bride was attired in cream colored serge and wore a white hat and corsage bouquet of pink roses. Preceding the wedding, which was a simple ring ceremony with Rev. James S. O'Neill officiating, Mrs. Frank Patch sang "I Love You Truly" and "Oh Promise Me." The wedding march from "Lohengrin" was played on the organ by Miss Alberta Bowling, who also played Mendelssohn's wedding march after the ceremony.

Almond, Fruit Land Sales Total \$26,500

Smith - Babcock - Hamilton, 204 East Broadway, who have recently taken on the agency for Paso Robles almond and fruit lands, have reported aggregate sales totaling \$26,500 in the past two weeks. R. S. Ledger of Paso Robles is spending the greater part of this week in and around Glendale.

R. Goff has recently affiliated himself with the insurance department of Smith-Babcock-Hamilton. Mr. Goff is a newcomer in Glendale and is much enthused over the wonderful growth of the city. Mr. Goff is an old insurance man having had thirty-three years' experience in various forms of insurance in the eastern states.

'Virginia Courtship' at Glendale Theatre

All the joys of going barefooted, of getting up "shows" and of playing pranks on scandalized elders add to the fun of "A Virginia Courtship," in which May McAvoy, Realart star, will be seen here today and tomorrow at the Glendale Theatre.

Miss McAvoy has the delightful role of a little daughter of Dixie in the days before the Great War of 1914. She is seen first as a tomboy, the very light of life to two older people, her guardian and his spinster sister.

How little Prudence brings about the flowering of several blighted romances, and at the same time finds her own happiness, forms a tender and touching story, which withal has moments of grimmer action and breathless suspense.

Ben Turpin in "Bright Eyes" will provide some hilarious comedy while the always interesting news reel and Asop's Fabies modernized complete the big program at the comfortable playhouse.

Miss Anna Fundell Bride of W. A. Keyt

Miss Anna Fundell, formerly of Davenport, Iowa, and William A. Keyt, formerly of Omaha, were married at 10 o'clock this morning at the home of Rev. D. S. Andrewartha, pastor of the Pasadena Methodist church, and former pastor of the church which the bride attended in the east. The only witnesses to the ceremony were Mr. and Mrs. C. R. Olson of 332 North Louise street, Glendale, with whom the bride resided last summer.

Following the ceremony a wedding luncheon was served at Ye Old Oak Tree Inn on Verdugo Road this afternoon, after which the bridal couple left for an extended motor trip to various California cities. Upon their return Mr. and Mrs. Keyt will be at home at 515 West Doran street, where the former has built and furnished a home. They have a large circle of friends here who will both be surprised and pleased to learn of their marriage.

Miss Judson Harris Tells of Conference

"The Victorious Life Conference in session at the Presbyterian church had a rich day yesterday," remarked Miss Judson Harris of 138 North Belmont street this morning.

"The attendance from elsewhere is growing and the interest in the messages of the speakers is very deep."

"Dr. A. Ramsay of Pasadena in the afternoon gave the second in his series of talks upon the Epistle to the Ephesians. His unfolding of the riches of that book is of wonderful breadth and depth and constitutes a privilege to every one hearing it."

Rev. Robert C. McQuilkin of Philadelphia spoke upon themes of the victorious life. All that he says is of such clearness and such soundness upon the foundation of the Bible that it carries most convincing weight.

"Both speakers will be heard this afternoon and Dr. Ramsay tonight. There is special music at each service. No one should miss hearing these addresses."

Sunday School Class Likes Glendale Theatre

What's this?
Fifty members of the adult class of the Congregational Sunday school of Pasadena motored to Glendale last night and attended the Glendale Theatre.

Several of the party expressed surprise that Glendale should boast such a beautiful playhouse.

Yet the question remains:
How come?
Which?—you say!
And if so—why?

Questions on Radio and Their Answers

Question: What radio equipment would be needed to hear the broadcasting stations at San Francisco, or any other station about 150 miles away on a 300-foot antenna?—G. R. T., Glendale.

Answer: A good regenerative type of receiver with a detector and at least two stages of audio frequency would be needed.

Question: Would a steel windmill twenty-five feet from the antenna obstruct messages?—A. D. K., Tropic.

Answer: Partially, but probably not enough to bother you at all.

Question: Please tell me if you can use a mineral detector instead of a crystal detector and if you use the same parts with each?—K. E., Glendale.

Answer: Yes; mineral and crystal have been used interchangeably in radio parlance. (Note—Recommendations of places to buy radio apparatus cannot be made in this column.)

Question: Please tell me how three spider-web coils can be hooked up to a galena detector.—D. R. A., Glendale.

Answer: Connect them in series with a tap switch to select one, two or three. Use a variable condenser in the ground, and connect up like a slide tuning coil.

Question: What is the extreme range of bed-springs antenna in miles?—J. H. E., Glendale.

Answer: No two would work alike, but with a crystal detector it might be expected to work perhaps one mile. With more sensitive apparatus this could be increased.

Question: Please tell me if a medium priced crystal detector will usually receive the broadcasting stations from Los Angeles so as to be able to really enjoy it, or are one of these crystal detectors nothing more or less than a toy?—A. M. G., Glendale.

Answer: You will make absolutely no mistake in buying a good crystal detector, but be sure it is a good one; go to the trouble of erecting an aerial and do not fool with bed-springs, electric light sockets or any other makeshifts. You will hear these broadcasting stations in Los Angeles very clear and you will not be sorry you bought it. There are crystal receivers on the market put out for the one purpose of separating the unsuspecting public from a price about ten times as much as they are really worth and as a general rule these receivers are just about the next thing to being worthless, but you must not judge a real crystal receiver with these imitations. About the only drawback to a good crystal detector is that you can not hear the long distance stations and you can not attach a loud speaker to it, but their good points to overcome this lie in the fact that they are small and compact, no batteries, cost absolutely nothing to run them, and they are convenient to carry around from place to place and you can buy a real good one from \$15 on up to \$25, where a good receiver of the vacuum type runs from \$100 on up.

Radio Possibilities Unlimited, Is Belief

By GEORGE VAN SANDS
Radio Editor The Evening News

Radio, experts say, will always have a permanent place among man's utilities. Even though the years bring no improvement, radio will still perform a function that will soon come to be considered as indispensable as electric light or rapid transit. But to expect the future to be barren of changes and betterment would be to deny the intelligence of the vast army of enthusiasts who are daily conducting experiments with their transmitting or receiving sets.

It is the confident prediction of some of the closest students of radio that the modern wonder will be in the same class with the "one-lung" automobile that made the world marvel a quarter of a century ago. The comparison of the first automobile with the luxurious cars that pass up and down in front of The Evening News office will give the fans a conception of the differences to expect in radio equipment and transmission within the next two decades.

Possibilities are unlimited; selectivity may be a field for experiment. Some day sets may be tuned to wave lengths, using the millimeter as a unit of measurement instead of the meter that we use as a standard on our sets today. Some day we may be able to cut out all interference. Then, too, there is the study of tone quality of radio sets. Some sets today give remarkably clear and accurate tones, while others produce inferior music. Perhaps inventors may be able to produce transmitting sets which can send with equal clarity soprano and baritone voices, string and wind music, and receiving sets which will get those sounds without buzz, jar or disturbing vibration.

While one of the high officials of the telephone company at a conference called in Washington a short while back was credited with the statement that radio would never take the place of the present telephone, whose wires reach into every city, town, village and hamlet all over the world, it is well to remember that even more disparaging statements were made relative to practically every one of the inventions used by us today, including the very same telephone that this official respects. And we can all appreciate the fact that this official is not likely to proclaim from the housetops that radio is to be the thing that will junk the present-day telephone, regardless of what his actual belief might be on the subject.

RACE WAR IS NOW FEARED

FAIRFIELD, Texas, May 10.—As the result of finding another negro lynched here, Governor Neff was asked to send rangers to Freestone county. Rumors of revenge on white people are current but as yet all of the negroes in this locality have been quiet. The lynching followed the burning of three negroes at Kirwin Saturday for the murder of Eula Ainsley, 17-year-old school girl.

"We asked for the rangers to quiet down the county and to stop any chance of further violence," Deputy Sheriff Childs said.

Never before could you get so much tire worth for \$10.90

CAR-OWNERS who bought a 30x3 1/2 "Usco" for \$10.90 last Fall have discovered this by now—

Nobody before ever got so much tire value in the neighborhood of ten dollars.

They never had to question the quality—with the makers of U. S. Royal Cords behind it.

They couldn't help admiring the price—spontaneously made to meet the new economy times.

* * *

A tire that would be high value at more than \$10.90. At \$10.90 it is unapproached.

PROGRAM OF MUSIC AT TUESDAY CLUB HOLDS INTEREST

Los Angeles Trio Presents Fine Concert; Announce Section Meetings for Month

(Continued from Page 1)
and Mr. Bronson. Allegro Moderato, Scherzo-Allegro Molto, Elegria-Adagio, Finale-Allegro non Troppo.
Short Business Session
Mrs. C. E. Hutchinson, president, was in charge of the short business session of the club, which preceded the program. Mrs. B. O. Holbrook, general curator, made the following section announcements:

Literary, Monday, May 22, at the home of Mrs. A. M. Williams, 208 South Orange street; music, May 26, at home of Mrs. Walter Jones, 430 West Vine street, at which time an all-American program will be given and election of officers will take place; Shakespeare section, Monday, May 15, at home of Mrs. William Hunter, 105 East Lomita avenue, which will be guest day for the section with Mrs. Frank Card as assisting hostess; parliamentary law, Wednesday, May 17, at the home of Mrs. W. L. Andrews, 1152 Providencia street, Burbank; drama, Friday, May 19, at the home of Mrs. R. K. Snow; arts and crafts, at library, May 11.

Mrs. Hutchinson stated that owing to the fifth Tuesday in May coming on Memorial Day, there would be no meeting of the club at that time. She gave several interesting items in connection with the recent state convention of women's clubs held in Los Angeles and also stated that the federation dues had been changed from 15 cents to 25 cents per member throughout the state.
Mrs. Hutchinson explained in regard to a "Community Property Bill," which measure had been submitted about two years ago but which she stated had been "held up by financial interests." Since that time she stated that the bill had been amended. Mrs. John C. Dunn, secretary, read the amended copy of the bill, which will be read again at the next meeting of the club and vote will be taken as to whether the club members shall indorse its passage.

COMMENT THAT'S ALL

California and Conventions
Glendale Gives Glad Hand
Smile—the World's With You
Trade Here and Succeed

By Gil A. Cowan

CALIFORNIA—the convention country—is to entertain both the Rotarians and Shriners this summer, the former international organization in Los Angeles and the other at San Francisco.

This means that the coast is going to be a live place with some of the biggest business men of the country sojourning here for several days, yes, some several weeks.
The Rotary club's convention comes next month with some 12,000 delegates in attendance. It is to be hoped that the Glendale club will be able to transport half of this number to the fastest growing city in America for at least one brief luncheon period.

In its way Glendale is going to be host to two conventions this month. On May 18 and 19 the County Sunday School Council of Religious Education will be here with 500 people attending.
Probably a similar number will be drawn to the state convention of the W. C. T. U. the last week in May. Both will hold sessions in the First Methodist church.

In addition to their meeting place, however, much more must be provided. The homes of the city must be thrown open to the delegates and their visit here made sufficiently impressive to cause them to return—to LIVE!

Glendale's glad spirit toward the stranger always has resulted in the acquisition of new citizens and now is the time to demonstrate that this still holds true.

Somebody complains of the unusual weather. Nothing unusual about the prevailing elements except that a Californian is so used to sunshine that one or two cloudy days seem like a year in prison.
Proving that things are never so bad here but what they are worse elsewhere. The states of Oregon, Washington and Idaho woke up yesterday morning to find their fruits and vegetables frost-bitten.

The early strawberry crop of Vancouver, Wash., was ruined while snow fell in parts of Oregon, Washington and British Columbia. A foot of snow also fell in Yosemite National park, delaying the official summer opening until May 15.

So why shouldn't southern California smile!

Here is a good bit of news for purchasers of used army goods:

C. E. Barber, an employe of United States Senator Arthur Capper at Topeka, Kans., bought a pair of used army breeches for 95 cents.

He tried on the trousers yesterday morning and found an \$800 diamond in the pocket. Of course, the question arises, "how come?"

By the way, have you bought a lot this week? The spring is an ideal time to buy vacant property. You have all summer to dream of more than air castles in Spain.

Remember a friend of mine who bought a lot one spring, spent his idle moments building a temporary home, spent the next winter quite comfortably and planned a more stately residence. Next spring he got the loan, built and improved the place during the summer and sold out that fall for \$5800—showing a net profit of \$1800 for his idle hours besides a roof over his head. That's what you call thrift.

Trade at Home, better said. Buy in Glendale is going to be officially observed by the Merchants' Association and Chamber of Commerce.

It is good that sentiment finally is being crystallized in the right direction, for Los Angeles institutions are making decided inroads on trade that rightfully belongs here.

Really, one cannot conceive the measures resorted to by the big stores in the wild effort to grab business away from their enterprising neighbors.

Los Angeles has a right to be jealous of its trade, but covetousness has its bounds and, when any organization endeavors to strangle or divert "Trade at Home" it is bound to fail.

Trade must remain at home if Glendale is to succeed.

And Glendale will succeed!

Clean? Scrupulously so!

Your Marinello facial is perhaps more satisfying because of extreme care in sanitary cleanliness.

Grey Eraseror wrinkle masks may LOOK muddy, but in removing grime and black pore clogs—even this facial is more than cleanly.

And resultant in skin-toning effect.

Can You Sleep at Night?

One man was unable to fall asleep at night because he had invested the earnings of a lifetime in a speculative venture which threatened to go on the rocks.

Another used to awake with a start because he feared robbers might discover the hiding place of his savings, which he kept in his home.

A third worried all night because he had no reserve laid away to care for himself and his family, should reverses or sickness come to them.

A Savings Account is a sure cure for these cases of insomnia. The man who owns one can rest the whole night through for he knows his money is absolutely safe, is earning him 4 per cent interest compounded semi-annually, and is at his command should any necessity arise.

Are you bothered with sleeplessness? Then open an account here today and enjoy the peaceful rest that comes with the possession of "money in the bank."
