GLENDALE MAKES STATE BUILDING RECORD!

PERCENT IN JUNE SETS HIGH MARK

City Leads Every Other Community In Comparison With Same Period Of 1923, Figures Establish

Glendale registered the greatest gain of any city in California in building permits issued this June as against last June, according to the current survey of S. W. Straus & Company, a national bond investment concern, thus chalking up another record that "tells the world" this city is growing as fast as ever.

The total of building permits issued in Glendale for June, 1923, was \$900,051, according to official figures in the office of H. C. Vandewater, building superintendent. The total for June, 1924, was \$1,000,785, the figures show—a gain of 11 per cent.

Nowhere in the state is there another city that can show such a gain for this June over last June. The closest contender for Glendale's new and outstanding honor is San Diego, with an increase of 9 per cent. Los Angeles building for June, 1924, fell off 31 per cent; that of Long Beach fell off 55 per cent; that of San Francisco fell off 7 per cent.

Makes State Record

Comparing the figures of June this year and June two years ago, it is seen that Glendale has made another state record, perhaps even a national record, showing an increase of 173 per cent for June, 1924, over June, 1922. The closest contender for this honor is San Diego again, with an increase of 150 per cent for the corresponding period. No other city in California comes within sight of that record.

From these figures it is seen that Glendale stands practically unique among cities of the state, which show an average falling off of 28 per cent this June from last June, according to the Straus survey.

Following is a list of comparison (Turn to Page 7, Col. 3)

WATER FIGHT IN LITTLE TUJUNGA

Cecil B. DeMille In Suit, Faces \$35,000 Damages Over Irrigation

LOS ANGELES, July 11.—A battle over water rights in the vicinity of Hansen Heights, back of Burbank in the Little Tujunga canyon, is being written into official court record here.

Cecil B. DeMille brought suit against F. C. Desmond, the latter filing an amended answer and cross-complaint today asking \$35,000 damages, alleging that DeMille has divested him of water rights belonging to his ranch.

It appears there is not enough water in the Little Tujunga this year for both of the litigants and the question of riparian rights must be threshed out again.

In the meantime DeMille has taken the water, it is set forth by Desmond, whose walnut orchard has suffered from lack of irrigation. He seeks an order restraining DeMille's employes from further encroaching on his rights.

WOMAN BADLY HURT

LOS ANGELES, July 11.—Police were searching here today for an unidentified "hit and run" motorist who ran down Mrs. Marguerite McIntosh, 42, of Long Beach. She suffered severe injuries and may die.

PIONEER IS DEAD

LOS ANGELES, July 11.—Sotenes Sepulveda, 72, a relative of Pio Pico, last of the long line of Mexican governors of California, is dead here today.

LATEST NEWS

RUTH HITS OUT HIS 24TH HOMER

NEW YORK, July 11.—Babe Ruth made his twenty-fourth homer of the season today in the first inning of the game with the White Sox. Earlier in the inning Hooper of the White Sox had crashed out a homer.

ORDERS ON JAP EXCLUSION READY

WASHINGTON, July 11.—Regulations forbidding the immigration of Japanese from Hawaii to the United States are to be issued this evening by the department of labor, it was learned today.

HULL NOT CANDIDATE FOR CHAIRMAN

NEW YORK, July 11.—Cordell Hull, chairman of the Democratic national committee, will not be a candidate again for that honor "under any circumstances," he said this afternoon, following a conference with John W. Davis, Democratic presidential nominee, at the home of Frank L. Polk, former under-secretary of state during the Wilson administration.

MULTI-MILLIONAIRES GET JAIL TERMS

CHICAGO, July 11.—Terry Druggan and Frank Lake, multi-millionaire brewery owners, were today sentenced to serve a year in jail and pay fines of \$1,000 each for contempt of court in violating a federal injunction which had ordered one of their establishments closed for a year. Later a writ of supersedeas was granted staying execution of sentence until September 1, when the federal circuit court of appeals will hear arguments to set the sentence aside.

Claims Wife Failed To Pay Him Salary After Wedding Day

LOS ANGELES, July 11.—When Albert Pierce married Ida B. Jefferson May 3 of this year, after being in her employ as a secretary, who handled correspondence of the woman practitioner's patients, several things happened not in the list of marital blessings, it would appear from suits filed today by Pierce.

First, she did not pay him the \$200 monthly salary promised, he alleges. Therefore he sued for \$600; second, she is charged with having said he stole \$1700 of her jewelry on June 21. For this alleged slander Pierce wants \$10,000. And because of these little difficulties he also sues for divorce.

REPUBLICAN FORCES IN SESSION

Delegates of Ninth District Meet In Pasadena to Name Congressman

PASADENA, July 11.—Indications at 3 o'clock this afternoon were that Major Walter F. Lineberger, incumbent, would be endorsed as Republican candidate from the Ninth Congressional district for Congress, by the conference that is being held at the Hotel Green by delegates from every part of the district.

By A. S. HALL
Special to The Evening News.
PASADENA, July 11.—Republicans of the Ninth Congressional district met at the Hotel Green here today to nominate a candidate to make the race for Congress in the coming election, the meeting being called to order by Galen H. Welch, chairman of the Republican County Central committee at 11:05 a. m. Rev. Leslie W. Learned, D. D., pronounced the invocation.

G. L. Buck, secretary, read the call for the conference, and after Chairman Welch had spoken briefly on the history of the organization, W. Knight of Pasadena nominated A. L. Rowland as temporary chairman and G. L. Buck as temporary secretary.

Name Committees
Mr. Rowland, who was a delegate to the Republican national convention at Cleveland, spoke of the natural resources of the Ninth Congressional district, following which the committees on credentials, resolutions and permanent organization were appointed, with one member from each of the seven assembly districts on each committee.

Mrs. Opal Greenwalt of Glendale was appointed on the committee on credentials, William Corvill of Burbank was named a member of the committee on permanent organization, and William G. O'Brien of Highland Park was selected for the committee on resolutions.

(Turn to Page 7, col. 5)

Cowmen Blame Range Fire on Incendiary

SAN JOSE, July 11.—Rumors are current in stock raising and cattle dealing circles here that the great fire which has swept over 200,000 acres of range and grazing land in the hills back of Madrone, was of incendiary origin as a result of ill feeling among disgruntled employes of several large ranch concerns of the district. A report that the fire was started by a cowpuncher discharged from one of the ranches was being investigated.

Resume Work After Two Weeks' Shutdown

LANSING, Mich., July 11.—The Motor Wheel Company has resumed operations at its plant here after a two weeks' shutdown. The Reo plant now is closed for a vacation period and the Automobile Body Company and the Federal Drop Forge Company will remain closed until the middle of the month.

DAVIS PLANS BATTLE ON COOLIDGE

Middlewest and West to Be Scenes of Attack In Political Warfare

By DAVID LAWRENCE
Special Correspondent of The Glendale Evening News, Copyright, 1924
NEW YORK, July 11.—John W. Davis of West Virginia and Governor Charles W. Bryan of Nebraska, may be called a surprise ticket because it came after an unprecedented deadlock, but it is the logic of American politics.

Without organization and management the two men who were selected to lead the Democratic party won their honors. The delegates, unbosomed and uninfluenced, took their ballots after they had been released from the shackles of pledges and instructions and almost unanimously came to their decision. But the reputations of both men—their achievements in the past, their integrity and their principles—had long been known to the delegates. John W. Davis was second choice in the minds of most of the men who came here pledged to McAdoo, and a great many of those who supported Smith.

Advance Advertising
In line with the formula set forth in these dispatches in the early days of the convention, when A. Mitchell Palmer's theory about second choice was explained, the nomination went this year as it did in 1920 and in 1912, to the men with the greatest second choice strength before the convention assembled.

Mr. Davis was about as widely advertised a personality as any before the convention. Governor Bryan of Nebraska had made a profound impression in the west as a progressive.

The leaders knew that Mr. Bryan had carried Nebraska for the Democrats in the last election by 50,000, and that this year he had been nominated for governor in the primaries, not only by the Democratic party, but by the Farmer-Labor party. He must now withdraw from the gubernatorial race.

QUIZ JURORS ON KLAN ACTIVITIES

Bitter Legal Battle Looms As Three Face Trial In Dynamite Murder

SANTA BARBARA, July 11.—Alleged connection of the Ku Klux Klan in the case of W. J. Crawford, wealthy rancher, William Downs and Taylor Downs, who were charged with the dynamiting of his death J. J. McGuire, eccentric blacksmith, has been the outstanding feature of the examinations of jurors now completed.

With the impelling of the last juror, both defense and prosecution were prepared today to begin the long legal battle over one of the most unusual murders in the history of this district.

William Downs has charged that following the dynamiting of McGuire, a certain man, claiming to be a kleege of the Ku Klux Klan, urged him to join the order to insure himself "against unfair prosecution."

Later, Downs says, he submitted to an examination preliminary to initiation into the Klan, at which a lie detector was used. When he was questioned at the district attorney's office, Downs claimed he saw the same men and the same lie detector.

RESCUES CHILD

SAN FRANCISCO, July 11.—From the top of a telephone pole on which he was working, a lineman saw 11-year-old Samuel Aletto capsize on a play raft and sink in the bay. He climbed down and rescued the child.

JUDGE TAKES BRIDE

LOS ANGELES, July 11.—John C. Pollock, judge of United States district court of Kansas, and Mrs. Beulah B. Haas, both of Kansas City, were married here today.

Northwest Section Seeks Additional School Facilities

The need for additional schools in the northwest section of Glendale was stressed last night by P. J. Hayselden, secretary of the City Planning commission, speaking before the regular monthly meeting of the Fourth Street Improvement association, held in the Grand View school, President J. H. Randall, presiding.

"You have a vast and rapidly growing territory and are entitled to the program you have outlined," Mr. Hayselden said.

This program contemplates:

1. The purchase of a senior high school site and the construction thereon of a first unit building, this to come out of the money to be received from the sale of the Harvard school to the city for a civic center.

2. Construction of an intermediate school (which later can be converted into a junior high school) on the site already provided at Glenwood road and Kenilworth avenue.

3. Enlarging the Grand View school and providing new grammar schools, one south of San Fernando road, one between Grand View school and Central school and one between Grand View school and the extreme northwest territory towards Burbank.

At the close of the meeting a resolution was adopted approving this program.

Boulevard Progress

Appropos of the prospective Pasadena-Glendale-Burbank boulevard, via Fourth street, Mr. Hayselden said:

"After going over this route four times the Planning Commission is heartily in favor of it. There are many problems to be worked out, but decided progress is being made."

One of the chief problems in (Turn to page 5, col. 5)

British Armada Turns Prows Toward England

SAN FRANCISCO, July 11.—Bound for the Panama canal, where it will split in several sections, the British special service squadron weighed anchor this morning and steamed through the Golden Gate, after three days crowded full of entertainment.

At the canal the Hood, Repulse and Adelaide will cross to the Atlantic, bound for Halifax, N. S., after which they will sail direct to England, reaching there, according to their schedule, by September. The four remaining vessels, the Delhi, Danae, Dragon and Dauntless, will sail around Cape Horn, after which they will head for England.

Coolidge at Capital After Son's Funeral

WASHINGTON, July 11.—The president and Mrs. Coolidge returned to Washington today from Plymouth, Vermont, where yesterday afternoon they buried their youngest son, Calvin Coolidge, Jr.

Colonel John Coolidge, the president's father, accompanied them, coming to the capital for the first time since his son became president. The presidential special reached the Union station here at 7:15 a. m. and the president and Mrs. Coolidge motored immediately to the White House.

In careworn faces and drooping figures, both gave evidence of the suffering which they have undergone during the last week.

Communist Attorney Implicated In Mutiny

MANILA, July 11.—In what authorities declare to be the latest outgrowth of the mutiny of Philippine scouts, Private Tamayo was found dead in his cot at the Sternberg army hospital today with knife wounds in his breast.

El Debate, a native paper, declared today that an American lawyer of communist tendencies was implicated in the outbreak of the scouts.

AFTER NEW PLAYERS

LOS ANGELES, July 11.—E. Van Buren, scout of the V-E non club of the Pacific Coast league, left here today for Texas to sign new Vernon players.

SAVE PRISONERS FROM LYNCH MOB

Accused Bank Robbers and Slayers Spirited Away As Violence Looms

WILLOWS, Cal., July 11.—Accused of looting the Bank of Tehama at Red Bluffs, near here, and of slaying Samuel Hermanson, a forest ranger, Fred Johnson, 22, and Earl Williams, 28, both of Omaha, Neb., are held by the local authorities after having been hurriedly rushed here from Red Bluffs when a mob threatened lynching.

The bandits, after coolly holding up the Red Bluffs bank, securing \$2,000, fled in an automobile stolen from a jitney driver. When it became disabled they commandeered Hermanson's car and later shot him to death when he tried to stop them.

Lynching Threats
The thugs were arrested at Lyman Springs by three citizens and were returned to Red Bluffs, where threats of lynching were heard from a crowd of several hundred persons who gathered in front of the jail.

Police believe Johnson and Williams are the same men who robbed the North Sacramento branch of the California National bank on June 9 and the California Trust and Savings bank in the same city on July 1.

Church Bombing Laid To Liquor Interests

JOLIET, Ill., July 11.—The bomb which this morning wrecked the church of the Rev. Henry E. Rompel, Joliet's "three-run pastor," known throughout the state for his activities in prohibition enforcement, was hurled at the instigation of the country's bootlegging fraternity, police investigating the explosion declared. The blast, which shook the entire town, caused damage estimated at nearly \$100,000.

Mr. Rompel and his wife are on a European tour and only a caretaker was in the parsonage, adjoining the church. He was unhurt. The church, the Ottawa Methodist Episcopal, is in the heart of Joliet's business section.

Labor Board Summons Brotherhood Chiefs

CHICAGO, July 11.—Subpoenas for the appearance of eighty general chairmen and officials of the Brotherhoods of Locomotive Engineers and Firemen before the United States railway labor board July 24, the date of the postponed hearing on the age controversy between the Brotherhoods and western railroads, were in the hands of United States marshals today. The Brotherhoods to date have ignored the board in the controversy and have failed to file an answer to the carriers' complaint.

Students Blamed as Fire Sweeps Messina

MESSINA, Italy, July 11.—Fifteen hundred persons were made homeless, thirty-six injured and 220 buildings were destroyed in a fire which started in a high school here today. The authorities believe the fire was started by students as a protest against the severity of their professors. The flames spread rapidly from the high school to a large number of wooden buildings which had been erected after the earthquake.

Put Auto In Jail To Stop Speeding Plan of Justice

LOS ANGELES, July 11.—W. S. Baird, township justice, has inaugurated a new ruling in dealing with speeders sentenced in his court. In lieu of fines or imprisonment they may agree to impounding their cars in a public garage for the duration of the sentence imposed upon them.

The judge believes this hardship will be more effective in curbing recklessness than either the payment of cash or serving of time, which works a hardship in many instances on wage-earners and members of the family.

SAUGUS FIRE IS BEYOND CONTROL

Flames In Santa Barbara Forest Sweep Towards Antelope Valley

BULLETIN
SAN FRANCISCO, July 11.—So serious has the forest fire menace become in California that 1,000,000 acres of national forests were closed to campers this afternoon by an order issued by District Forester Paul G. Redington. The closed areas are scattered all over the state, embracing the most hazardous sections.

LOS ANGELES, July 11.—Additional fire fighters were being rushed today to the Santa Barbara national forest near Saugus, where a fierce forest conflagration is reported beyond all control.

Eating its way along a two-mile front in Pine Canyon between Elizabeth and Hughes Lake the fire was fast approaching Antelope Valley.

Several ranches have been burned, cattle and animals perishing, and residents in summer homes have been forced to flee, leaving behind their belongings.

The fire is now out of control. It was deliberately set, forestry officials charged here today. Guards are being rushed to patrol the Los Angeles aqueduct, furnishing the city with its domestic water supply, which lies directly in the path of the advancing flames.

Former employes of Radium Hot Springs resort, where the dis- (Turn to Page 7, Col. 7)

ATTEMPTS TO DIE

KELSO, Wash., July 11.—Rudolph Otto, held in the county jail here on a charge of murdering his wife, Helen Otto, 16, attempted to commit suicide today in his cell by taking poison, believed to be cyanide of potassium. His condition is serious.

YANK FLASH BEATEN BY BRITON

Liddell Wins 400 Metre Dash From Fitch and Sets New World Mark

COLOMBES STADIUM, France, July 11.—Great Britain handed America another bitter disappointment this afternoon in the Olympic stadium when E. H. Liddell won the 400-metre dash in a new world's record time of 47 3-5 seconds. It was the third time in two days the record was smashed.

H. Fitch of the Chicago A. A. was second. G. M. Butler of England, third; Johnston of Canada, fourth, and J. Coard Taylor, former Princetonian, fifth.

U. S. Hopes Smashed
America was confident of winning the event after Fitch set a new world's record of 47 4-5 seconds in the first semi-final today. Liddell won the second semi-final heat but took 48 1-5 seconds to cover the distance and few expected him to furnish sturdy opposition to the United States flier.

Fitch was in second place all the way, but was never able to cut down the gap that the flying Scot opened at the start and gradually widened.

Imbach tripped and fell in the stretch and failed to finish. He was running fourth at the time.

Taylor Injured
Taylor also fell in the stretch when he was pressing Butler for third place. He got up, however, and hobbled across the line to add two points to the American total.

Taylor pulled a tendon in the trials yesterday. He limped to the starting line this afternoon and could not get the kinks out (Turn to page 5, col. 3)

INSURANCE FIRMS HUNTING RANCHER

Man Believed Dead In Fire Sought In Mexico by Four Companies

SAN FRANCISCO, July 11.—Agents of four life insurance companies are seeking Samuel W. Cheyney, wealthy rancher in Mexico, it became known today, following declaration of Samuel Hale, attorney for one of the companies that Cheyney is not believed by them to have burned to death at Oroville, this state, last January. Cheyney carried insurance totalling approximately \$100,000.

Identification of the charred body was made at the time by a dentist. Insurance companies, in refusing to pay the policies for which they are now being sued, claim to have a mass of evidence tending to show Cheyney is alive.

The case, according to insurance officials, is similar in many respects to that of Alex Kells, Lodi butcher, who was recently hanged for murdering an itinerant laborer and burning the body after placing personal effects on the laborer so that it would be identified as his own, in an insurance plot.

Youth Pays Penalty Of Crime on Gallows

MONTREAL, Que., July 11.—Walter Muir, 21 years old, New York youth, was hanged at 8:35 o'clock this morning at the little jail at Valley Field, for the murder of Henry Lavellette, whom he shot during a quarrel last September.

Muir went to the gallows courageously a few hours after he had said a pathetic farewell to his mother, Mrs. May Muir, a widowed dressmaker, who came to Valley Field from New York to see him just before he died.

She had tried desperately, but ineffectually, to obtain executive clemency for her son.

Official Minutes Of City Council

Following are the minutes of the Glendale City Council as prepared by the city clerk.

Following are the minutes of the City Council of Glendale for the session of July 10, 1924:

Council assembled at 10 o'clock a. m. Present: Gilhuly, Hall, Kimlin, Robinson. Absent: Davis. Minutes of July 3 read and approved.

Councilman Hall introduced a resolution entitled, "A Resolution adopting Map of Tract 4889 and accepting, on behalf of the public the avenues, streets, alleys, and public places shown thereon," which was read, and on his motion, seconded by Councilman Kimlin, the same was numbered Resolution No. 2484 and adopted.

Canvass Votes
On motion, Councilman Hall and Councilman Gilhuly were appointed tellers to canvass returns of election, special municipal election held July 8, 1924, who proceeded with said canvass, whereupon on motion of Councilman Hall, seconded by Councilman Gilhuly, the following resolution was adopted:

Whereas, on the 8th day of July, 1924, a special municipal election was held in the city of Glendale, at which special municipal election the proposition hereinafter set forth was submitted to the qualified electors of said city and voted upon, and the returns of said election have now

been presented to and canvassed by this Council:

Now, therefore, be it resolved by the Council of the city of Glendale, that from said returns, and as a result of the canvass thereof, this council hereby finds and declares the result of such election:

The whole number of votes cast at said election in the city of Glendale was 1801. The proposition voted upon at said election, and the number of votes cast in each special municipal election precinct in said city, and also in the whole city of Glendale, for and against said proposition, were as follows:

Proposition: Shall the city of Glendale incur a bonded debt of forty-seven thousand dollars (\$47,000.00) for the purpose of acquiring, constructing and completing the following municipal improvement, to-wit:

The extension of the public library system of the city of Glendale as follows, to-wit: The acquisition, construction and completion of public library buildings, fixtures and equipment therefor, consisting of the acquisition, construction and completion of an addition to the main library building and the necessary fixtures and equipment therefor:

Votes Cast in Special Municipal Election

Precinct No.	Yes	No.
1	114	78
2	118	59
3	87	97
4	111	59
5	111	59
6	111	59
7	111	59
8	111	59
Total in City of Glendale	596	395

And it appearing that two-thirds and more of all the voters voting at said election did not vote for said proposition as therein set forth, it is hereby resolved that said proposition incurring a bonded debt did not carry at said election.

The city clerk is hereby directed to enter this resolution in full in the minutes of this Council as and for a statement of the result of said election.

California Synod
Rev. Edmunds addressed the council, calling attention to California Presbyterian synod, held in Glendale, July 23 to 31, and asked for financial assistance in entertaining guests. On motion of Councilman Hall, seconded by Councilman Kimlin, the sum of \$200 was ordered appropriated from the advertising fund for the purpose of advertising the city of Glendale in the entertaining of visitors to the city attending the California, Nevada and Arizona Presbyterian synod, meeting in Glendale July 23 to 31, and that said sum be paid to the committee in charge of such entertainment.

Corrals
Hugh Cornwell, Peter L. Ferry and others addressed the council, asking that they be given a permit under the provisions of Ordinance No. 216, to keep and maintain corrals in the city of Glendale.

W. E. Howell addressed the council regarding alleged nuisance at 614 East Acacia, and filed a petition signed by property owners, protesting the granting of a permit to maintain corral at that address. Same was, upon motion, ordered filed.

On motion of Councilman Hall, seconded by Councilman Kimlin, it was so ordered that all applications be made in writing, stating location, kind of stock, number, details, and that same be filed with the city clerk and referred to the health officer for investigation and recommendation.

On motion of Councilman Hall, seconded by Councilman Kimlin, a temporary permit of one week to operate and maintain corrals subject to the provisions of Ordinance No. 216, was granted to each person in violation thereof in the city of Glendale.

Union Pacific Grounds
This being the time set for continued hearing on the application to set aside as commercial district lots 2, 4, 6, 8 and 10, block 34, town of Glendale, the clerk reported no protests received and there were no protestants present. On motion of Councilman Hall, seconded by Councilman Kimlin, duly carried, the city attorney was instructed to draft the necessary amendment.

Central, Garfield to Windsor
This being the time set for hearing to set aside as commercial district, lots 23, 24, 25, 26 of tract 393; lots 34 and 35 of tract 121, and east 150 feet of Lot 22, Imler tract, the clerk reported no protests received and there were no protestants present. On motion of Councilman Hall, seconded by Councilman Kimlin, duly carried, the city attorney was instructed to draft the necessary amendment.

Bonds, Hill Drive
The clerk informed the council that this was the time, hour and place where all persons interested might appear and state their objections, if any, against any action of the council of the city of Glendale to determine the aggregate amount of unpaid assessments for the improvement of Hill drive in said city, and providing for the issuance of bonds therefor, and prescribing their denomination, as more particularly described in Resolution of Intention No. 2170, passed by the said council on the 8th day of November, 1923, and the clerk also reported to the council that he had not received any written protests or objections up to the time set for the hearing. Whereupon the mayor asked if there were any interested persons present who desired to be heard, and all interested persons having been given full opportunity to show cause why said bonds should not be issued in accordance with the determination of the council, and all objections having been heard and considered, on motion of Councilman Gilhuly, seconded by Councilman Hall, duly carried, all protests were denied. Whereupon

upon Councilman Kimlin introduced a resolution entitled, "A resolution of the council of the city of Glendale, California, relating to the issuance of street improvement bonds pursuant to Resolution of Intention N. 2170, determining the amount of unpaid assessments, prescribing the denomination of such bonds, and providing for their issuance," which was read and, on his motion, seconded by Councilman Hall, the same was numbered Resolution No. 2435 and adopted.

Bonds, Justin Avenue
The clerk informed the council that this was the time, hour and place where all persons interested might appear and state their objections, if any, against any action of the council of the city of Glendale to determine the aggregate amount of unpaid assessments for the improvement of Justin avenue, Tenth street, Kenneth road and Fourth street in said city; and providing for the issuance of bonds therefor, and prescribing their denomination, as more particularly described in Resolution of Intention No. 2225, passed by the said council on the 20th day of December, 1923, and the clerk also reported to the council that he had not received any written protests or objections up to the time set for the hearing. Whereupon the mayor asked if there were any interested persons present who desired to be heard, and all interested persons having been given full opportunity to show cause why said bonds should not be issued in accordance with the determination of the council, and all objections having been heard and considered, on motion of Councilman Kimlin, seconded by Councilman Gilhuly, duly carried, all protests were denied. Whereupon Councilman Hall introduced a resolution entitled, "A Resolution of the Council of the City of Glendale, California, relating to the issuance of street improvement bonds pursuant to Resolution of Intention No. 2225, determining the amount of unpaid assessments, prescribing the denomination of such bonds, and providing for their issuance," which was read, and on his motion, seconded by Councilman Gilhuly, the same was numbered Resolution No. 2486 and adopted.

Improvement of Viola
The clerk notified the council that this was the time, hour and place fixed for hearing protests or objections against the proposed improvement, or the extent of the district for the improvement of Viola avenue and Stocker street in the city of Glendale as particularly described in Resolution of Intention No. 2404, passed by the said council on the 24th day of June, 1924, and the clerk also reported to the council that he had not received any written protests or objections up to the time set for the hearing. Whereupon the mayor asked if there were any interested persons present who desired to be heard, and all interested persons having been given full opportunity to show cause why the proposed improvement should not be carried out in accordance with the said Resolution of Intention, and all objections having been heard and considered; on motion of Councilman Kimlin, seconded by Councilman Gilhuly, duly carried, all protests were denied. Whereupon Councilman Gilhuly introduced a resolution entitled, "A Resolution of the Council of the City of Glendale ordering certain improvements to be made on portions of Viola avenue and Stocker street, within the city of Glendale," which was read, and on his motion, seconded by Councilman Hall, the same was numbered Resolution No. 2437 and adopted.

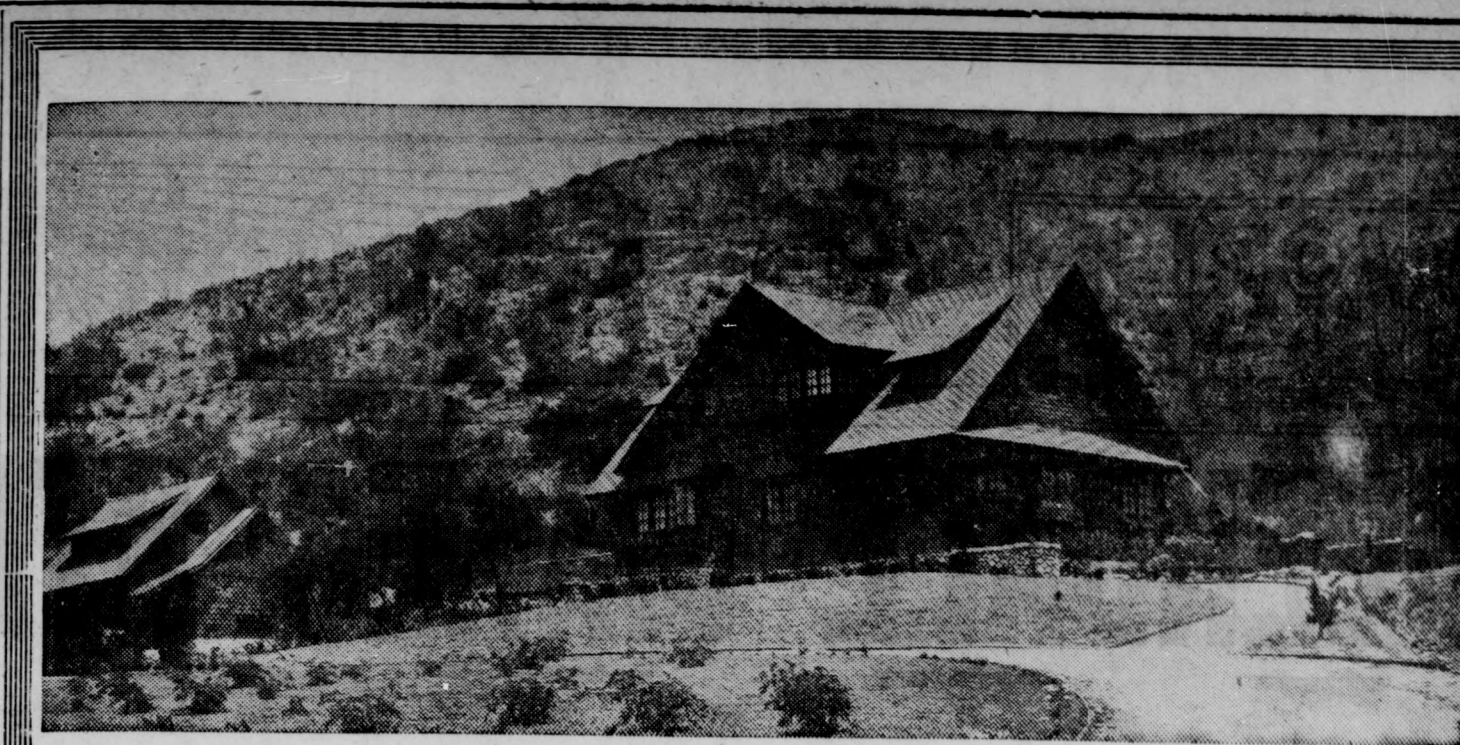

Improvement of Grover
The clerk notified the council that this was the time, hour and place fixed for hearing protests or objections against the proposed improvement, or the extent of the district for the improvement of Grover avenue, Fourth street and San Fernando road in the city of Glendale as particularly described in Resolution of Intention No. 2465, passed by the said council on the 24th day of June, 1924, and the clerk also reported to the council that he had not received any written protests or objections up to the time set for the hearing. Whereupon the mayor asked if there were any interested persons present who desired to be heard, and all interested persons having been given full opportunity to show cause why the proposed improvement should not be carried out in accordance with the said Resolution of Intention, and all objections having been heard and considered; on motion of Councilman Kimlin, seconded by Councilman Gilhuly, duly carried, all protests were denied. Whereupon Councilman Gilhuly introduced a resolution entitled, "A Resolution of the Council of the City of Glendale ordering certain improvements to be made on portions of Grover avenue, Fourth street and San Fernando road within the city of Glendale," which was read, and on his motion, seconded by Councilman Gilhuly, the same was numbered Resolution No. 2488, and adopted.

Electrical Permit
On motion of Councilman Gilhuly, seconded by Councilman Hall, Phillip Heating and Ventilating company was granted permit to conduct the business of electrical contractor in the city of Glendale.

Oakmont Heights
A communication from Oakmont Heights Syndicate regarding proposed tract No. 7319 and referring to drainage of same, was read and upon motion of Councilman Hall, seconded by Councilman Kimlin, duly carried, same was referred to the city attorney and city engineer to investigate and recommend proposed proceedings.

Demands
On motion of Councilman Hall, seconded by Councilman Gilhuly, petty cash demand of V. B. Stone, city manager, in the sum of \$88.43 was allowed and ordered paid.

On motion of Councilman Gilhuly, seconded by Councilman Hall, demand of Mrs. Clara Hamilton in the sum of \$5 for election board pay was allowed and ordered paid.

For Lease or Sale

Beautiful Verdugo Canyon Home

Two acres of ground, wonderful view. A beautiful two-story residence, a little over one year old; built by day labor—no contract work.

9 large rooms; 4 bedrooms and sleeping porch; 2 cellars; double two-story garage. Domestic supply of pure soft spring water piped to house, in addition to city water for irrigation. Electricity, gas, phone and radio.

Furniture all new and good quality; will be sold with the house if desired. Curtains, carpets and drapes go with house at the sale price.

Will sell furnished or unfurnished; \$5000 cash will handle it. The balance on a straight mortgage; and at the price of \$20,000 is the best buy in Glendale today.

Will lease one to three years with carpets and hangings at \$1500 per year, or furnished complete, except linens and dishes, at \$2500, and owner will take care of the grounds.

This property will be shown from our main office any week day; or from our branch office, which is open every day including Sunday, at the corner of Opeche Way and Canada Boulevard, Verdugo Woodlands.

Sycamore Flood Waters

The city attorney submitted written report regarding assessment district for the placing of a top on storm drain to take care of Sycamore canyon flood waters in the southeast section, in which he reported that said district should consist of the property abutting on the proposed improvement or not more than a block at least in width. On motion of Councilman Kimlin, seconded by Councilman Gilhuly, the city attorney and city engineer were instructed to draft the necessary proceedings in accordance with said report.

Rossmoyne Oak Grove Park

A written agreement signed by the president of the Haddock-Nibley company, in which they give to the city of Glendale to be used as a neighborhood park, property contained in the oak grove in Rossmoyne tract, was read and, upon motion of Councilman Kimlin, seconded by Councilman Hall, same was accepted with appreciation and ordered filed.

Huntington Lake Resort

The city manager prepared a report of investigations as to drought conditions in the Huntington Lake district. On motion of Councilman Kimlin, seconded by Councilman Hall, duly carried, same was approved and ordered filed.

Ordinance Adopted

Moved by Councilman Kimlin, seconded by Councilman Gilhuly, that certain ordinance entitled, "An ordinance of the city of Glendale, California, granting permission to the city of Los Angeles to lay, construct, maintain, repair, replace and use main sewers and lateral sewers in, across and along certain streets in the city of Glendale," which was introduced June 29, 1924, be amended to read as it now stands in the hands of the city clerk.

Resolution Adopted

Councilman Kimlin introduced a resolution entitled, "A resolution of the council of the City of Glendale adopting a certain plan on file in the office of the city engineer of the city of Glendale," showing land to be condemned for the widening of Tyler street, which was read and, on his motion, seconded by Councilman Hall, the same was numbered Resolution No. 2439 and adopted.

Resolution Adopted

On motion of Councilman Hall, seconded by Councilman Gilhuly, duly carried, meeting was adjourned.

TOURIST WRITES OF TRIP ABOARD

Mrs. C. H. Meadows Tells Of Motor Journey to Historic Spots

Mrs. Charles H. Meadows, who with Mr. Meadows is enjoying an extensive trip abroad, writes her sister, Mrs. Charles A. Parker of 212 North Orange street, that they have just been taking a motor trip through the north of England and Scotland.

English scenery is delightful, Mrs. Meadows says, and they have found historic scenes and picturesque spots of great interest.

While in London Mr. and Mrs. Meadows visited with Mrs. Prosser Penn, nee Miss Ina Whittaker, formerly of Glendale. They were luncheon guests at the Penn home, Edenbridge, Tyeberg.

Previous to reaching England, Mr. and Mrs. Meadows toured through Italy, France, Switzerland and Ireland. They are to go

Symphony Orchestra Members Will Picnic

Mrs. Charles H. Toll, honorary president of the Glendale Community Symphony orchestra, attended the rehearsal last night at the Tuesday Afternoon clubhouse. Announcement was made of plans for the picnic the orchestra and Choral club are to have tomorrow at Santa Monica. Those attending will leave the Harvard High school at 3 o'clock. A beach supper will be enjoyed on the Pacific Palisades beach.

Police Take Speeder To Court, Fined \$25

J. L. Chamberlain of Los Angeles was arrested this morning for failure to appear in the Glendale police court on July 7. He was fined \$25 by Judge Frank H. Lowe and paid the money.

by steamer from Liverpool to Belfast and sail for the United States July 18. Upon reaching this country they will travel extensively, arriving in Glendale October 1.

I. O. O. F. INSTALL LODGE OFFICERS

Record Attendance Present As Van Nuys Members Conduct Ceremony

The largest gathering in the history of Glendale lodge, I. O. O. F. No. 388, is the report coming from the meeting last night in the lodge hall on West Broadway.

Featured by the installation of officers by District Deputy Grand Master Carl E. Wilde and staff of twenty well drilled officers from Van Nuys lodge No. 442, the affair proved of great interest from the opening event to the final informal hour.

Compliments in profusion were given Mr. Wilde and his staff, both for their splendid appearance and perfect work. It was the first installation conducted by Mr. Wilde. Special mention should be made of the expert direction of the drill team by A. S. Booth.

List of Officers
 Officers installed are H. W. Hollenbeck, noble grand; Nels H. Johnson, vice grand; E. Rich, treasurer; Charles M. Stabley, financial secretary; Howard E. Stanley, secretary; R. H. Neimeyer, warden; Ed Meyers, conductor; D. C. Stevens, right supporter of the noble grand; James McBryde, left supporter of the noble grand; Dan Hall, chaplain; H. W. Groutage, right supporter of the vice grand; George M. Mummaugh, left supporter of the vice grand; J. A. Cope, right scene supporter; Brother Collingwood, left scene supporter; L. P. Tronsier, inside guard; R. L. Walcott, outside guard.

Following the installation there were several speeches, among which was one given by the newly installed vice grand, Nels H. Johnson, who quoted the secret work of the lodge after only one week's study.

Tells Year's Plans
 District Grand Master Wilde gave a talk on Odd Fellowship and outlined his plans for the coming year. He complimented Glendale lodge on its growth, stating that it now leads the district in the number of new members. Later refreshments were served.

Announcement was made that Mr. Wilde will hold a meeting July 31 in the Glendale lodge rooms.

A lion rarely appears in the open during the day.

W. L. Twining Escapes Death From 'Cyclone'

Lots of times you have to go away from home to find out what is happening right around you.

Witness a letter received this morning by W. L. Twining, realtor, 108 West Broadway, from Lloyd Evans, an English friend in Brussels, Belgium, in which is enclosed a clipping from a Brussels newspaper that tells of a frightful cyclone that struck California a short time ago and spread death and destruction all over the place.

The story carries a line saying that the dispatch originated in San Francisco, and tells of Los Angeles and other important cities being devastated, fifty-two persons being killed, more than 100 injured, and millions of dollars' worth of damage being done to property.

That's bad enough, but there's still more of it. Whole villages, the thriller reads, were flooded by the waters that came in the wake of the cyclone and farms were simply washed away.

The letter that reached Mr. Twining carried fervent hopes that he and all his friends had escaped in the general devastation, and he is now working on a reply that will set his friend's fears at rest and that will give in detail his opinions of Brussels newspaper correspondents.

Hart Company Gets Quick Action by Ad

That The Glendale Evening News classified advertisements have strong pulling power, is the opinion of the Hart Realty company at 205 West Broadway, which had a convincing experience last week.

On Wednesday, July 2, the Hart company inserted an advertisement in The News describing a bungalow home bargain. Friday being the Fourth of July no immediate action was anticipated, but Saturday, July 5, found O. E. Von Oven of the Hart company closing a deal which made R. H. Whitehead, recently from Dallas, Texas, the owner of the attractive little home.

Representatives of the Hart company declare business conditions good and that the month of June set a fine record.

Adventist Conference To Be at Long Beach

Announcement is made that the biennial session of the Southern California conference of Seventh-Day Adventists will be held Wednesday and Thursday, July 23 and 24 in the Civic Auditorium at Long Beach. Many of the church people from Glendale will be in attendance.

Dr. A. W. Truman of the Glendale Sanitarium, is to conduct the morning worship Saturday, July 12, at the Seventh-Day Adventist church on North Isabel. Elder R. W. Parmele, pastor of the church, will speak at the same hour in the Adventist church in Burbank.

Evangelist to Speak At Church Services

Dr. French Oliver, evangelist, is to speak tonight at the "Family Night" pre-communion service at the Glendale Presbyterian church.

Communion is to be observed at 6 o'clock Sunday night at the church. The service will be preceded by a retreat and other service tomorrow.

TRAFFIC ARRESTS STIR MOTORISTS

Cities Fatten Revenue With Unjust Fines, Declare Angry Autoists

Several of the municipalities in Southern California are getting "in Dutch" with motorists, according to complaints reaching the legal department of the Automobile Club of Southern California, says M. E. Towman, manager of the club's Glendale branch. Irate auto drivers have been coming to the club headquarters in increasing numbers, all with the same story of being made victims of traffic rapacious revenue collecting systems countenanced by town authorities.

A favorite subject of the typical complaints lodged are several towns in proximity to Los Angeles, which places have extensive city limits. It is alleged that the motorist is inside the town limit, some distance before any restriction is encountered. In the absence of a large and prominent sign the motorist does not slacken his speed to conform with the 20 mile limit while apparently going along country roads, and as a result, is arrested and made to pay a fine for a technical breach of the law.

The direct charge has been made to the legal department of the automobile club that these situations are not the result of chance, but have been carefully studied and are utilized to fatten the town treasury. It is even alleged the officers making the arrests are forced to go to the extreme limit of legal technicality in apprehending motorists, as it is demanded of them that they produce sufficient revenue to the town to pay for their own salaries and overhead.

Threaten Boycott
 It is charged that these customs prevail in quite a number of Southern California towns, and the result will be a boycott of these communities on the part of the motoring public. Those familiar with automobile traffic of the present time point out that it must be a rich community, indeed, that can afford to antagonize motor travel. This was made apparent throughout the state some months ago when the hoof and mouth disease quarantine regulations caused partial

HIGHWAY SYSTEM TO BE DISCUSSED

Banquet at Oakmont Is Planned to Enlist Glendale In Traffic Projects

Representatives of the Greater San Fernando Valley association met this morning at the Glendale Chamber of Commerce to arrange for a banquet at the Oakmont Country club next Wednesday night, July 16, when the plans that are now under way for the construction of a system of highways throughout the valley and linking up outside points will be explained and their importance to Glendale will be stressed.

Those present at the meeting were George B. Karr, one of the Glendale directors of the association; O. J. Renfrew, secretary; Fred Deal, member of the executive committee of the Associated Chambers of Commerce of the San Fernando Valley; Thomas W. Watson, chairman of the City Planning commission; and Secretary E. F. Sanders of the Chamber of Commerce. L. T. Rowley, the other Glendale director, is absent from the city at present.

No Solicitation
 The banquet will be held at 7 o'clock next Wednesday night, with each guest paying for his own dinner, and it is strongly emphasized that no attempt will be made to solicit memberships to the association or funds of any kind.

The object of the meeting is to "sell" the plans that are being made for the building of Riverside drive, Victory, San Fernando and Sepulveda boulevards to the people of this city and to enlist their support and co-operation in developing a system of traffic arteries that will result in benefit to Glendale and all other valley towns, and that will afford access to other southland cities and relieve the present traffic congestion on the existing highways.

Issue Invitations
 The program, as tentatively outlined, will include Mayor George E. Cryer of Los Angeles, Supervisor Henry W. Wright, Hugh Pomeroy, secretary of the regional planning commission, and a number of others whose names are not yet definitely decided upon. Mayor Spencer Robinson will be asked to preside and the members of Glendale's official family will also be invited. Invitations are being mailed out to a representative list of Glendale men and women asking them to attend the banquet, and anyone who does not receive an invitation can attend the banquet by notifying the Chamber of Commerce by Monday afternoon.

Club Members Will Study Bible Symbols

A club composed of persons interested in Bible symbolism was formed yesterday and will meet at 2:30 o'clock every Thursday afternoon at 113 South Orange street. Mrs. Adaline Becker is the teacher.

Included in the club membership are Mesdames William Watters, Alice Burns, G. S. Adamson, Elmer McQuivey, Otis E. Young, Ethel Baker, Esther M. Ward, C. R. Newton, Anna Bastian, Ella P. Tatlow and Miss Weagley.

Alleged Bootlegger Demands Jury Trial

Salvatore Murreto, who was arrested at Los Feliz and San Fernando roads July 8 for transporting twenty gallons of whiskey in an automobile, pleaded not guilty yesterday afternoon, and demanded a jury trial. The trial was set for 10 o'clock Thursday morning, July 22. Murreto's \$500 cash bail was returned at his request and a \$1000 property bail accepted.

Glendale Artist Is Heard on Radio Bill

Glendale radio sets brought to Glendale last night the voice of a talented Glendale singer, Mrs. Bernice Center of 638 West Lexington drive, who sang three songs from the KFI broadcasting station. Mrs. Center has a rich contralto voice. Last night she sang "Lunji del Cara Bene," "Until" and the old song, "Juanita."

Radio outfits are being installed in the Institute for the Blind in Sydney, Australia.

outlined, will include Mayor George E. Cryer of Los Angeles, Supervisor Henry W. Wright, Hugh Pomeroy, secretary of the regional planning commission, and a number of others whose names are not yet definitely decided upon. Mayor Spencer Robinson will be asked to preside and the members of Glendale's official family will also be invited.

Invitations are being mailed out to a representative list of Glendale men and women asking them to attend the banquet, and anyone who does not receive an invitation can attend the banquet by notifying the Chamber of Commerce by Monday afternoon.

KLAN TO GATHER FOR BIG PICNIC

Southland Klaverns to Send Strong Delegations to Rossmoyne Meet

Rossmoyne will be the scene of a large Ku Klux Klan picnic Saturday and Sunday, billed as a public naturalization, according to handbills distributed about the city today. Klansmen from all klaverns of southern California are expected to be present and to participate in the parade to be staged on Brand boulevard, starting at 6:30 o'clock Saturday night.

The big outdoor naturalization is scheduled for 7:30 o'clock Saturday night, and is open to the public, according to the handbills. A lecture by realm lecturer will follow the naturalization, the announcement says.

Saturday Program
 The program for Saturday is announced as follows: 8:00 a. m. to 5:30 p. m.; barbecue from 11 a. m. to 3 p. m.; games and foot racing from 1 to 3 p. m.; competitive drill by teams; ball game at 2:30 p. m.; to play off the morning game; assemble at 6 p. m. for the parade; parade 6:30 to 7:30 p. m.; outdoor naturalization 7:30 p. m.; lecture by realm lecturer after naturalization; dancing all afternoon and until a late hour at night, except during the parade and naturalization.

The Sunday program will include hiking trips, horseback riding, barbecue, lecture and religious service at 10 a. m.; assemble in robes at 7 p. m.; attend Protestant churches in Glendale.

Gather at Temple
 The headquarters will be in the Egyptian Temple, according to the handbill, and Rossmoyne tract has been donated for the occasion by Haddock & Nibley. There will be plenty of tents provided for all who desire to remain over Saturday night, it is said.

The Glendale headquarters, where reservations for tents, camp sites or hotel rooms are to be made is given as Rooms 215 and 216, Lawson building. These offices, it was learned, are occupied by C. Douglas Gulick, real estate and insurance man.

Population of Tientsen, China, is now 1,000,000, and construction of buildings is active in an effort to catch up to the growth of the city.

A girl who has gone wrong through neglect.
An officer who is doing his level best.
To change the styles of women's clothes.
A situation that needs cleaning up.
Your family to accept your judgments.
To develop a friendly feeling about the shop.

OBLIGATIONS OF PUBLIC OFFICIALS

One of the best tests of the character of a man is the way he fulfills his obligations to the public when he holds office. When a man assumes such a position he takes an oath and becomes the servant of the people. If he is honest and courageous he lets nothing personal creep into the conduct of his office. When his duty to the people—those he has taken oath to serve—is in the balance, friendships and personal gain must be ignored. We have heard of sheriffs arresting members of their own families, judges sentencing to imprisonment or death, persons who had been dear friends to them. This would be a hard thing to do, but if a man is honest and regards his oath as sacred, it is the only course he can pursue.

It is deplorable that in many places, and Glendale is not immune from this evil, a man can so entrench himself behind power or wealth or personal influence, or all three, as to be above the law; that the sworn servants of the public will wink at conditions that are detrimental to a large number of people rather than compel one citizen to conform to the laws of the city and the laws of decency. It is a pity that public officials should regard as a personal matter a thing that is of public concern; that they should consider themselves justified in turning a deaf ear to the pleas of the people, meeting their petitions for a square deal with silence, if not ridicule, rather than dethrone one who has it in his power to mete out favors of one kind or another.

There is no reason for any man—no matter how wide his acquaintance or influence, or how great his wealth or power—to expect or demand privileges that would not be granted to the humblest citizen; there is no reason for those who hold office, and take the people's money in payment, to favor one citizen more than another; there is no reason why one man should be allowed to break the law and other men be held to account for the same thing.

The official who laughs and says he cannot do anything when the people ask for simple justice, is not taking a manly course. His character stands revealed. The one who is fearless in the discharge of his duty, no matter whom he may offend or what personal loss he may suffer, will never lose anything by being true to himself and true to the people he is pledged to serve. Even those he offends will be compelled to admire and respect him.

Public officials assume authority that they were never meant to have when they wink at law-breaking for personal reasons.

"WHAT'S IN A NAME?"

So many of our cities, streets, rivers, mountains and canyons here in the southwest bear names that carry us back to the days of Spanish and Mexican occupation. These names are musical, historical and unusual. They are peculiarly our own, for they would be very inapt in any other part of the country. So we should keep them and cherish them.

Many of those who are opening streets and tracts now are not so careful to select names that are both euphonious and apt. It seems that more subdivisions are being opened and more new streets established than there are appropriate names, hence some of this nomenclature is all but ridiculous.

The answer to the oft-asked question, "What's in a name?" might be, "A great deal." People will not buy in an undesirable location just because it has a high-sounding name. On the other hand a name that is ill-fitted to the location and ridiculous might repel buyers from desirable property.

In one section not a thousand miles from Glendale where a subdivision was recently opened very small lots were sold and homes built that are mere shacks set amid the most squalid surroundings. This subdivision has a high-sounding name that would lead one to believe it was made up of magnificent estates. Another subdivider gave his high, slightly and high-priced property a silly name. He soon saw his mistake and remedied it, although the experience cost him a great deal of money.

SEEKING TO SAVE NIAGARA FALLS

Saving Niagara Falls from itself is the picturesque task to which American engineering genius has dedicated itself. As a first aid to nature, they plan to check the destructive corrosion that is rapidly pushing back the rocky ledge at the top of the falls.

Engineers estimate that 80 per cent of the water passing over the combined crest of the American and Canadian falls is concentrated in the comparatively narrow throat of the Horseshoe falls. The rock walls over which the water rushes at that particular place are therefore receding faster than the normal rate of six feet a year, while the cutting of the outer edge is correspondingly retarded. In a very short time, engineers maintain, this will destroy the beauty of contour of that part of the falls.

To modern engineering this is not a hopeless outlook. They are at work now devising means of forestalling the destructive forces and of maintaining for many years to come the beauty and grandeur that might otherwise be lost.

GOOD HIGHWAYS NECESSARY

Civilization follows well-beaten trails. These trails the pioneers blazed. In Mexico today, as in the United States yesterday, the mule-pack is giving way to the well-laden auto, as roads follow slowly in the wake of a stable, civilized government.

Good connecting highways in the United States came after the great railroads. In the neighbor countries to the south of us the highways are preceding a far-reaching railroad development. Railroads there will undoubtedly be, in addition to the few already constructed, but the highways will have led the way.

In their round-the-world flight, American aviators are making out air routes which will precede both railway and paved highway. The need of communication between all parts of the world is speeding up the normal process of development. It is well, too, for air and land and water routes are first aids to the distribution of mutual understanding and good will as well as to commerce and civilization.

One thing about those aviators who have accidents in the air, they make a decided impression when they land.

Don't bet on a short-winded horse nor a long-winded speaker.

WITH BUSHNELL AT LA FOLLETTE CONCLAVE

The Great Creators

By DR. FRANK CRANE

The great creators are the great minds. Labor does not create. Capital does not create. It is mind that creates. Even the creator of the world, that First Cause which reason forces us to suppose was not a banker nor a laborer, was a Thinker. For God, we are informed, "is a Spirit," and a spirit is pure mind, not pure hands, not pure possessions. The real wealth of a country, therefore, lies not in its laboring class, but in its thinking class. We could name half a dozen Thinkers who have added more to the wealth of the world than any hundred millionaires or any hundred thousand toilers. Take Edison, who devised many things, and Bell, of the telephone, and Elias Howe, who invented the sewing machine, and Whitney, who conceived the cotton gin, and Fulton, who thought of the steamboat, and Ford, who developed a great automobile industry; these men have added more to the wealth of the world than all the Croesuses, Rothschilds, Rockefellers, Carnegies and Monte Cristos put together. Some time ago the Wall Street Journal said:

"Once a Scotch boy gathered some pieces of silver together—not many—the result of some years of saving from his labors as a plowboy on his father's farm. He walked to Edinburgh, where he invested his silver in linen and laces, beads, ribbons and gaudy things, attractive to a peddler. He trudged to London. He arrived in dirt and in rags, and—with a big idea. "This big idea has since proved itself the backbone of the economic world. It is the center, the nucleus of world rebuilding now. William Patterson was the lad's name, and from his idea grew the Bank of England, which laid the foundation of the commercial prosperity of England and made a safe, sure and secure financial center for the commercial enterprise of the entire world." And every man, in every business, everywhere, so long as our economic system lasts, is, whether he knows it or not, more indebted to this man's one idea for his own comfort and happiness than to all of his own best exertions. The great minds are the creators of the wealth of the world. The rest of us, reapers and users.

Horoscope

After the early hours of the morning the planetary influences are not important, according to astrology. Uranus is mildly adverse and Jupiter faintly helpful. Great confusion on political issues is probable, if the influence of Uranus is rightly interpreted. Much distortion of facts is foretold. Poison thoughts of many sorts will be let loose in the world during the next four months, astrologers prophesy, and both men and women who seek popularity will suffer severely from misrepresentation. During this period of world development mob prejudice will be easily aroused and individual evolutions will be imperceptible, the seers declare. Great growth of power on the part of secret organizations is prognosticated and again religious persecution may become common in public affairs. There is a sign read as indicating international difficulties in which England will become deeply involved. Peace is to be preached as never before, and women are to lead in a world movement to assure the abolition of war, which may become suddenly imminent. Warning is given that all should conserve their means, for September is to bring a troublesome situation in the world of business, where there will be much watchful waiting. Leadership will develop rapidly during the remaining months of this year, and new names will become famous in science, mechanics, teaching, art and architecture. A period of cyclones foretold from the early part of this month may cause great losses in certain states. This month should be especially favorable for all who seek health resorts. Many drowning accidents are to mar the holidays at beach resorts east and west. Persons whose birth date it has the forecast of a busy, successful year. They should beware of accidents. Children born on this date probably will be most useful in the world's work. Many philanthropists and nurses are born under this sign of Cancer. An alarm clock phonograph that will arouse sleepers by music has been invented.

Today's Poem

THE MAIDEN AND THE LILY
A lily in my garden grew,
Amid the thyme and clover;
No fairer lily ever blew,
Search all the wide world over.

Its beauty passed into my heart;
I knew 'twas very silly,
But I was then a foolish maid,
And it a perfect lily.

One day a learned man came by,
With years of knowledge laden,
And him I questioned with a sigh,
Like any foolish maiden—
"Wise sir, please tell me wherein lies—
I know the question's silly—
The something that my art de-
fies,
And makes a perfect lily?"

He smiled, then bending plucked
The flower,
Then tore it leaf and petal,
And talked to me for full an hour,
And thought the point to settle—
"Therein it lies," at length he
cries;
And I—I know 'twas silly—
Could only weep and say, "But
where—
O doctor, where's my lily?"
—John Fraser.

He smiled, then bending plucked
The flower,
Then tore it leaf and petal,
And talked to me for full an hour,
And thought the point to settle—
"Therein it lies," at length he
cries;
And I—I know 'twas silly—
Could only weep and say, "But
where—
O doctor, where's my lily?"
—John Fraser.

He smiled, then bending plucked
The flower,
Then tore it leaf and petal,
And talked to me for full an hour,
And thought the point to settle—
"Therein it lies," at length he
cries;
And I—I know 'twas silly—
Could only weep and say, "But
where—
O doctor, where's my lily?"
—John Fraser.

He smiled, then bending plucked
The flower,
Then tore it leaf and petal,
And talked to me for full an hour,
And thought the point to settle—
"Therein it lies," at length he
cries;
And I—I know 'twas silly—
Could only weep and say, "But
where—
O doctor, where's my lily?"
—John Fraser.

He smiled, then bending plucked
The flower,
Then tore it leaf and petal,
And talked to me for full an hour,
And thought the point to settle—
"Therein it lies," at length he
cries;
And I—I know 'twas silly—
Could only weep and say, "But
where—
O doctor, where's my lily?"
—John Fraser.

He smiled, then bending plucked
The flower,
Then tore it leaf and petal,
And talked to me for full an hour,
And thought the point to settle—
"Therein it lies," at length he
cries;
And I—I know 'twas silly—
Could only weep and say, "But
where—
O doctor, where's my lily?"
—John Fraser.

He smiled, then bending plucked
The flower,
Then tore it leaf and petal,
And talked to me for full an hour,
And thought the point to settle—
"Therein it lies," at length he
cries;
And I—I know 'twas silly—
Could only weep and say, "But
where—
O doctor, where's my lily?"
—John Fraser.

He smiled, then bending plucked
The flower,
Then tore it leaf and petal,
And talked to me for full an hour,
And thought the point to settle—
"Therein it lies," at length he

where—
O doctor, where's my lily?"
—John Fraser.

The Ravings Of a Grouch

I find it rather difficult to hold my temper when I am with certain people. You know who I mean. The man who finds in everything foreign something to worship, something better than we have in our own country. The war should have cured him of this but it did not. He does not talk quite so much about German culture as he did but he always finds in his own country something to condemn and in foreign countries something to admire. I am not saying there is nothing to admire in foreign countries, foreign peoples, foreign civilization and culture, but what I object to is his always comparing the United States unfavorably with other countries.

I am not one to shut my eyes blindly to my own shortcomings and I can see the faults of my country as well as any one. I can see many admirable things, too, in other countries. But I am old-fashioned. I was taught by my parents and my teachers that love of my country was a virtue to be cultivated and lack of patriotism was a shameful thing. But I find that such a conception of patriotism is out of date. We must have world loyalty, international patriotism and just as we give the guests in our homes the best of everything we must accord all the advantages to other countries and think of our own land last of all.

This is a pretty theory and would work out all right if it were paradise and the world was ready to reciprocate, but as far as I can learn foreign nations are quite ready to agree with us when we condemn our own country, they have not much good to say of us. And, of course, if we are not proud of our country we cannot expect them to admire us.

European civilization is old, yes, as compared to ours, but I do not think we are so far behind the old world, at that. We have no great cathedrals centuries old, no wonderful art galleries, and some would say, no literature. As I see it, the world would lag along just the same without some of that old-world literature. And why must we depend upon Europe for standards in art and literature and music? Why are we not capable of having our own ideals in these things? And who has the authority to tell us our standards are below those of Europe.

Our government is not without flaws, but it is infinitely superior to those older governments of Europe. And we have not done so badly in science and invention. I can never be convinced that I should not love my country best of all; that our national life and honor do not depend upon our pride in our country and her institutions, and our willingness to defend them. I can not agree with him who thinks we should allow foreign peoples to dictate to us.

I feel that we have a duty to the generations to come. Our forefathers by untold sacrifice, made this country a pretty good place for the people of my generation. I think he is a pretty poor citizen who would not do as much for posterity.

OLD SORCERER DIES

Kekoowai, an aged Hawaiian on the Island of Molokai, who died not long ago, was one of the famous old sorcerers whom Christianity and the advent of modern educational institutions had failed to displace. According to the Hawaiian belief, he had the power of "anaana," or of praying people to death. There are only a few practitioners yet alive, but their belief still holds among a large number of natives. Many Hawaiians who have adopted Christian faith will nevertheless be considerably disturbed if a "kahuna" should start praying them to death.

STANDARD OIL COMPANY (California)

When delegates to the Democratic convention arranged to place the name of Mrs. Leroy Springs of Lancaster, S. C., in nomination for the vice presidency they did not have in mind that she stood a chance of being nominated. The move was made merely as a compliment to Mrs. Springs for her activities in the Democratic ranks, her efforts in women's activities generally, her beauty and charming manner.

But her friends pointed out that she had a claim on the delegations of at least three states. She was born in Tennessee, lived most of the first ten years of her life in Texas, and then returned to Tennessee, which was her home when she was married to Mr. Springs, a little more than ten years ago. Before her marriage she was Miss Lena Jones, the daughter of Mr. and Mrs. Thomas Meriwether Jones of Pulaski, Tenn.

There are few more accomplished women speakers than Mrs. Springs. She made her first appearance on the platform shortly after this country entered the war, when she was elected head of the Lancaster Red Cross. Then followed her election as president of the South Carolina Federation of Women's clubs, and then she entered politics. In 1922 the Carolina Democracy chose her as their first national committeewoman. To this office she was re-elected recently.

She was sent to the convention as a delegate-at-large. Her husband was also chosen a delegate-at-large. Mrs. Springs was honored on her arrival at the convention by being named chairman to the committee on credentials.

ISHAM JONES, HIMSELF, DIRECT FROM COLLEGE INN, CHICAGO, THIS WEEK AT THE ORPHEUM.

Let us play Isham Jones' Brunswick Records for you

THOSE who have heard Isham Jones and his orchestra on Brunswick records call him King of Jazz. Never before was there such music! Such rhythm; such rare thrills of harmony! Never such gayety of spirit!

Now for the first time he may be heard, with his orchestra, in this city.

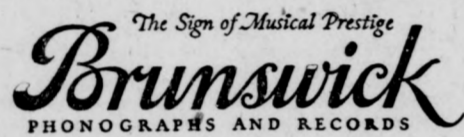

We have all of Brunswick's famous Isham Jones Records. He records exclusively for Brunswick because he says Brunswick reproduces his music most perfectly.

The following is but a partial list of Isham Jones' recent Brunswick Records. Let us play them for you.

- Nobody's Sweetheart 2578
- Blue Evening Blues 75c
- Never Again 2577
- Unfortunate Blues 75c
- The One I Love Belongs to Somebody Else 2555
- Wop Blues 75c

of his leg during the first 200 yards. Finally he found his speed and was closing fast on the leader when he tripped over a stake. Altogether it was not a brilliant day for the Stars and Stripes.

U. S. Holds Lead
The second and fifth places in the 400 metres added seven to the United States total, giving them 184 points to Finland's 105. The English runners in the 400 brought their country's total to 61 1/2, while the others trailed, as follows:

Sweden, 24 1/2; France, 13 1/2; Switzerland, 11; Hungary, 17 1/2; South Africa, 5; Canada, 5; Norway, 4; New Zealand, 4; Denmark, 3.

The 10,000-metre walk semifinals ended with but one American qualified, Harry Hinkle of the Glencoe Athletic club, who earned his place yesterday. Charles Foster of Detroit was disqualified today when the judges decided he was running. The other finalists tomorrow will be Frigerio of Italy, Fradegrada of Italy, McMaster of South Africa, Schwab of Switzerland and Clarke of England. This insures the United States of at least one point.

Other Events
The only other events of the day were in the decathlon. H. M. Osborne of the Illinois Athletic club took a lead in the first two events, turning in the winning time in the 100-metre dash and tying Emerson Norton of Georgetown for second place in the broad jump, which was won by the Estonian entry. Three other decathlon events were to be completed today. Osborne slumped badly in the shotput and finished eighth. H. F. Frieda of the University of Chicago was twelfth and dropped far down in the point score list. Rjola of Finland won the shotput with T. Yrjola second and Norton of the United States third. Kilemberg of Estonia was fourth.

Osborne came back in the high jump, however, winning with a leap of 6 feet 5 inches. This added 1056 points to his total under the Olympic decathlon scoring system. Norton was second with a jump of 6 feet 3 inches and gained 986 points.

Davis Plans Battle On Coolidge Forces

(Continued from page 1)

torial race, but will serve out his term as governor to the first of the year.

Democratic Chance
What the west had sought from both parties has been recognition. The Bryan nomination may not impress the east, but it is an action which western Democrats understand. The failure of the Republicans to select Kenyon of Iowa for vice-president gave the Democrats their chance to name Governor Bryan.

There is no doubt that the final decision to name the Nebraska governor was influenced by the knowledge that the nomination of Davis would be criticized as a Wall Street appointment, for he has been counsel for J. P. Morgan & company and the Standard Oil company. It is true he has been counsel also for Eugene V. Debs, Mother Jones and the Plate Glass Blowers' Union and he has had every conceivable type of client. Perhaps the situation is best expressed by what William Jennings Bryan said to the writer today:

"Of course, I shall support the ticket. You will observe that in everything that I wrote or said before this convention made its nomination I was careful to speak of the high regard which I personally have had for Mr. Davis and for his integrity. I simply said that his conceptions raised a presumption of corporate influence. But I believe every man is entitled to a square deal. And what Mr. Davis has said in his first statement, namely, 'there can be no compromise with reaction,' indicates what his views will be. Also he has said that he would support a progressive platform any political party ever presented to the nation."

Midwest and West
Mr. Bryan said he would campaign actively for the ticket. It is no secret that he was flattered by the selection of his brother for John W. Davis, himself, said he wanted a western Progressive and a dry to be his running mate and indicated his desire to have Governor Bryan named.

Actions like these were convincing of a willingness to raise the Progressive standard. Although Eastern Democrats looked askance they recognized that the battle of 1924 will not be fought in New York and New England but in the middle west.

The Democratic hopes lie in carrying West Virginia, Ohio, Indiana and western states plus the solid south. Al Smith may run again for governor of New York and will wholeheartedly support the national ticket. Former Governor Cox of Ohio will be an aggressive aid in the Davis-Bryan combination in the middle west. He counseled the party leaders in the last two days of the convention to agree on Davis.

Davis Plans Fight
Altogether the reaction of the delegates to the ticket today was in surprising contrast to their depression of several days ago. Many concede that Coolidge is strong in the east and look toward the west for a decision. But the campaign will turn largely on the issues as unfolded by Mr. Davis who will take the offensive. President Coolidge will stay at the White House most of the time and Senator La Follette is too old to wage an active campaign. Mr. Davis will have an opportunity to travel extensively and speak by radio everywhere. He likes campaigning, is a forceful speaker and has a magnetic personality. He is not the kind who is given to demagoguery and the country can expect an intelligent campaign from him.

Newspaper comment even from the Republican press hereabouts gives Davis credit for a courageous record in public service and for genuine ability. But it isn't likely to be a campaign of personalities. The Democrats themselves concede that President Coolidge is highly respected and that Senator La Follette is credited by the west as being a sincere advocate of radicalism. The issues are more likely to be national problems, the record of the Republican congress, the capacity of the Republican party to rule based on the four years gone by and the capacity of the Democrats to govern based on the eight years they were in power.

Provide Local Issues
The struggles of members of the House and Senate for re-election as well as the state contests will furnish local issues which here and there will influence the fate of the national tickets of all parties.

The real fighting ground will be the west. Governor Bryan said today he had not sought the vice presidential nomination because he wanted to finish his work as governor. He has been fighting the oil monopolies and has managed to force a reduction in the price of gasoline. Last winter he went into the coal business for the state of Nebraska and forced down the price of coal. He is somewhat different from his brother in that he has had more administrative experience, but his strength just the same in the west will be largely his reputation for rugged honesty and sincerity—a circumstance that has made the name of Bryan a vote getter beyond the Mississippi for many years.

To relieve the congestion of industrial and agricultural stocks in northwestern India, the government is planning to build several railroads.

American tabulating and sorting machines for accounting and statistical purposes are used in some of the government offices of Poland.

During the Wars of the Roses in England in the fourteenth and fifteenth centuries, the red rose was the symbol of Lancaster, and the white rose of York.

Additional Schools Sought by Northwest

(Continued from page 1)

connection with the proposed improvement of Fourth street is the lowering of the Pacific Electric tracks, which members of the association feel should be undertaken at the time improvements are made. The railroad company is agreeable that the tracks be lowered, it was brought out, provided the cost is not borne by them, beyond a possible 25 per cent.

This cost would be approximately \$40,000, declared Mr. Randall. As the railroad company contemplates putting in storm drains in the near future, and other temporary improvements will bring the cost to \$20,000, therefore why not raise another \$20,000 and do the job right, Mr. Randall argued. It was decided that some such plan as this will be worked out.

Fire Great Menace
The fire hazard in the hills was stressed by Mr. Hayselden and other speakers, and the workings of the Angeles Forest Fire Protective association were explained.

Alexander Mitchell, president of the Foothill Improvement association, was present and outlined the function of the Citizens' Bond committee, stating that at the meeting next Wednesday, July 16, the Civic Center sub-committee will report what price the Glendale Union High School board will take for the Harvard High school property.

Questionnaire Results
The result of the recent questionnaire sent out by the Fourth Street Improvement association showed 93 in favor of the proposed school program, 77 in favor of a library, 95 eager for the Pasadena-Glendale-Burbank boulevard, 70 desirous of beautifying the reservoir at Tenth street and Western avenue, 89 in favor of lowering the Pacific Electric tracks, 81 for a fire alarm system and more hydrants, 90 for house to house mail service, 49 for the widening of Grand View avenue, 58 for the widening of Western avenue, 67 for the improvement of Griffith park, 55 for a park at the foot of Western avenue, 57 for a route to Hollywood via Laskey's road and 50 for the extension of Riverside drive and Victory boulevard.

Lowering P. E. Tracks
Others favored bridges, wigwags, extensions of bus service, representation on the City Council and a variety of things for the benefit of the northwest section. William H. Reeves, former city manager, was present and outlined briefly the way the city dealt with the Pacific Electric company in lowering the tracks on South Brand boulevard.

There were numerous committee reports. At the conclusion of a meeting visiting speakers were offered a vote of thanks for their efforts in behalf of the Fourth Street Improvement association and the community it represents.

At Western Avenue
President Hoover of the newly-organized Western Avenue Improvement association invited all to be present at a meeting of his

News Briefs Of Southland

By Southland News Service.

SHOW FIRE LOSSES
RIVERSIDE, July 11.—Fire losses in the last fiscal year here totaled \$228,000 in round figures, more than half of which was not covered by insurance, according to the report of Chief Joseph Schneider. Delay in calling the department, he claims, made the total staggering for a city of this size.

START WORK EARLIER
ONTARIO, July 11.—While not legislating daylight saving, the city council set a good example here today by having all of the municipal employees report for duty an hour earlier, thus gaining the same effect, it is reported. This system, councilmen believe, can be adopted without confusion.

ANTS EAT UP HOUSE
SAN BERNARDINO, July 11.—Will Brown of the Santa Fe engineering department has returned from Africa with a story for the "boys." He says ants eat up houses there faster than they can be built unless precautionary measures are taken. Wood is the insects' food.

FIGHT FIERCE FIRE
PALMDALE, July 11.—Elizabeth lake district west of this city is a blazing inferno today with upwards of 2000 men recruited

MILK TO SOOTHE BABY
—The Farmer Boy.

Happier, healthier babies are the result when you give the little ones Calla Lily's superior milk. It's rich in the necessary butter fats and comes to you in sterilized bottles.

Oregon Will Retire When Term Is Ended

SAN ANTONIO, Texas, July 11.—President Obregon will retire to private life at the end of his term, according to private advices received here from Mexico City.

With the conclusion of the election last Sunday, in which it is claimed by both General Plutarico Calles and General Angel Flores that they were elected to succeed Obregon, the present chief executive feels that the task which he undertook when he assumed his duties four years ago is about over.

from Los Angeles, San Fernando and Antelope valleys fighting the forest and brush fires which spread rapidly during the night and destroyed several cabins and ranch houses. The withering heat is hurting the fruit and feed crops in the valley and a smoke pall hangs over this community today.

SPRAYS HORSEWOMAN
SANTA ANA, July 11.—Miss Opal Coalsen is a dashing equestrienne of Orange county seat. But a neighbor who doesn't own a horse, evidently, turned the hose on her while she was practicing horseback riding. When the police were called to settle the difficulty, an ancient ordinance was unearthed which makes it a misdemeanor to drive a horse on the city streets faster than a trot. That Miss Coalsen admittedly was not doing, so the case was called a draw.

PREPPING TOM JAILED
NEWPORT BEACH, July 11.—T. Shigari, aged 23, is serving 90 days in the city jail here for his novel celebration of the Fourth of July. Late in the day he was discovered under the girls' bathhouse on the beach. When he failed to explain his presence there, Judge Hall gave the Oriental a snappy lecture on American customs and courtesy and then sentenced him for disturbing the peace.

MELON SEASON ENDS
EL CENTRO, July 11.—The melon season draws to a close here this week with 15,000 carloads, or 400 trains, having been shipped in the most prosperous year enjoyed by the early vegetable and fruit growers. Upwards of 50,000 crates of cantaloupes were destroyed by authorities in their campaign to give the buyers of Imperial valley products only the best, according to County Farm Adviser Harrigan.

Fifty thousand women are employed in the mines of India.

Los Angeles Planning Drastic Parking Law

LOS ANGELES, July 11.—The City Council has approved plans for one of the most drastic parking ordinances ever considered in an American city. If passed there will be no parking on the following streets from 7 a. m. to 6:15 p. m.:

Figueras from Pico to Alpine; Hill from Seventeenth to California; Main from Washington to Alameda; San Pedro from Washington to Aliso; Sunset from Centennial to Main; Marchessault from Main to Alameda; Second from Glendale boulevard to San Pedro; Sixth from Boylston to San Pedro; Eighth from Francisco to San Pedro; Ninth same; Pico from Georgia to Los Angeles street, and Sixteenth from Georgia to Main, as well as other business restrictions.

Convicts Recaptured In Dash From Folsom

SACRAMENTO, Cal., July 11.—Three men escaped but were later recaptured in an attempted jail delivery at Folsom prison it is revealed. Prison authorities refused to divulge the names of those who participated, denying that any had escaped.

The convicts fired the power hose in the yard to distract attention of the guards while they were making the escape. The fire was put out before it caused serious damage.

Those who escaped were said to be captured about a mile outside of the penitentiary.

Olive Grower Claims \$4971.29 1923 Crop

LOS ANGELES, July 11.—R. H. Gibson, Elsinore olive grower, today filed suit against the California Growers' association and the California Co-operative Canneries Inc., for \$4971.29 and interest and costs, alleging that this sum is due on his 1923 crop, which was handled under a co-operative contract. The canneries concern took over the olive growers' association, it is set forth in the suit.

HATS WORN LOW

NEW YORK, July 11.—The little hat, to which fashion still clings despite summer sun, comes now away over the eyebrows. It is trimmed sometimes with uncurled ostrich fronds which hang over the eyes and down to the cheeks.

Kiwanis Club Tenders Baird Warm Welcome

For the first time in two weeks Glendale Kiwanis met this noon at the Tuesday Afternoon club for the regular Friday luncheon.

Despite the fact that only two weeks had elapsed since the last meeting it seemed to most of the members as if weeks had passed since last they met.

The result was that it was indeed a happy occasion, for there were unusual hearty handshakes and greetings. It was, in a way, the time for renewal of friendship and acquaintance.

President A. L. Baird was the recipient of a rousing welcome from the members, today being his first appearance since his return from the Kiwanis International convention held at Denver, Colo., during the latter part of June.

President Baird presided and before introducing the speaker of the day several committeemen and others of the club were called upon for reports concerning the various activities of the club.

P. J. Hayselden made a plea in behalf of the Angeles Forest Protective association, a state organization which is seeking the co-operation of service clubs everywhere in preserving and protecting the natural California forests against fire.

A call for ten volunteer members was made and Kiwanians Bode, Lyons, Singer, Arnold, Adams, Tomman, Ray Bentley, Radke, Wilson and Fairchild responded.

President Baird called attention of the members to the fact that the Presbyterian synod would convene in Glendale beginning Wednesday, July 23; that over 1000 delegates would be in

attendance and that it was up to Glendale to find sleeping accommodations for most of them. He reported to date that approximately 500 had been cared for, but that it was up to each of the Glendale Service clubs to do their part by furnishing the use of the spare rooms in their homes for the accommodation of these people.

Kiwanian T. L. Totman of the reception committee, introduced as new members Don Packer of the Packer Auto company, John Springer of the Glendale Laundry, and W. G. Boyd, Glendale contractor. The new members were given a royal welcome which was emphasized by three rousing cheers and a tiger.

Kiwanian E. R. Gartley reported that fourteen boys of his Boy Scout troop had successfully passed into the second class of the Boy Scout organization. According to Dr. Gartley, thirty-two members are required for a full quota in a company. At this time he said "there is still room for about sixteen more and I wish that anyone who knows of deserving young lads between the ages of 12 and 16 who are anxious to get into the Boy Scouts, would send them around."

Beginning next Monday the Boy Scout troops being sponsored by the Kiwanis club will have their regular meeting place at the City Hall Monday nights.

Kiwanian Basher, of the Los Angeles Kiwanis club, made a brief, peppy report of the Denver convention. His remarks, so he said, "were to place the Glendale Kiwanians in the proper state of anticipation for the report of the convention to be given the club at the regular business meeting the latter part of this month."

Chairman Radke of the underprivileged child committee stated that five girls and two boys had been sent on summer outings by the club.

Frank H. Ohmstead, the speaker of the day was then introduced. He is an engineer of wide repute having at one time been associated with E. H. Harriman, and later chief engineer for Frank H. Johnson, owner of 400,000 acres in the state of Sinaloa. Going to Mexico in 1881 and being there practically every year since that time his experiences were particularly interesting as related to Kiwanians today.

Mr. Ohmstead began by saying "We older men are sometimes disconcerted at world happenings as chronicled in the daily newspapers, but when I come into a meeting such as this and see the patriotism, the love of country, and the real spirit of Kiwanis manifesting itself, it gives me new heart and I feel that the world is really making progress."

Using the thought "that there would be fewer quarrels in the world if we really understood each other," Mr. Ohmstead applied this line of thought in his talk with respect to world contact with Mexico.

COMMITTS SUICIDE

LOS ANGELES, July 11.—Funeral arrangements were being planned here today for Harold Walline, 35, Bishop, Cal., rancher, who shot and killed himself. Financial troubles were believed to have caused Walline's suicide.

Glendale Sets State Record In Building

(Continued from page 1)

Outlining the qualities necessary for a foundation to a real successful life, Rev. W. E. Edmonds, pastor of the Glendale Presbyterian church, in addressing the Optimist club at its weekly luncheon this noon at the Ailey Inn, stated that unselfishness, service to others, and "a sense of duty to our fellow man were the three ideals that should govern the business man in his dealings with others."

Opening with Woodrow Wilson's famous words, "I summon you to comradeship," Rev. Edmonds explained that the need of the day was the intimate associations between men as exemplified by such organizations as the Optimists. He defined an optimist as a man who never allows himself to meet defeat, and then pointed out the necessity of a permanent foundation in life as well as in business.

Worth Doing Well "If you want to respect yourself, do something for the other fellow's good and learn that cardinal principle, 'Whatever is worth doing, is worth doing well.' These two laws were taught me by my mother and have provided me with a permanent foundation on which to build my life. Some of these old ideals as they were taught to us by our mothers would do a great deal in the world today," he said.

He branded selfishness one of the great curses of America, and pointed out the good accomplished by the men's clubs in doing away with this undesirable quality. Giving as examples the philanthropic work of some of the great financial wizards, he urged stone to success.

A plea was made by a representative of the Maude B. Booth Home for Orphans for assistance in their work of supplying two new buildings to take the place of those condemned. The matter was referred to the committee on charities. Dr. C. R. Lusby presented the club with a handpainted collection box which was kept jingling throughout the meeting.

In response to a call for reports of committees by President H. R. Boyer, V. C. Tennis reported that the attendance committee had outlined new regulations governing fines.

Firemen Extinguish Laundry Truck Blaze Truck No. 4 of the Glendale fire department answered a call at the Los Feliz bridge at 10:10 o'clock this morning and extinguished a flaming truck of the California Laundry company of Los Angeles. Damage done to the truck and laundry was estimated at \$30. The blaze is believed to have been caused by a short circuit from a defective wire.

FLYERS IN TURKEY CONSTANTINOPLE, July 11.—The American round-the-world fliers arrived here this afternoon.

Rev. Edmonds Speaker To Optimist Members

Republican Delegates Meeting In Pasadena

(Continued from page 1)

olutions, all of these being from the Sixty-first assembly district. John Robert White, jr., of Glendale, is chairman of the delegation from the Sixty-first district. Tells of Convention Following a brief speech by Ralph Arnold, chairman of the Republican county central committee, who told of the Cleveland convention, Leslie Henry of Pasadena, who is international trustee of the Kiwanis, delivered a strong plea for a stronger stand for the principles of the Republican party and stressed the need for better discipline in the ranks of the party, asserting that the Ninth Congressional district must send to Washington a man who will work with the organization and who will yield due respect to the president as the head of the party and who will not give way to the present tendency shown in so many quarters to adopt insurgent tactics.

The man to be chosen, Mr. Henry declared, must have a strong sense of responsibility and must be prepared to fight the La Follette group and the projects for which they are contending, especially that one which would seek to limit the power and authority of the United States supreme court. "There is too much indifference and too little sense of responsibility among many Republicans today," asserted the speaker.

Attacks Lineberger A letter that was circulated among the delegates, signed only "A Coolidge Republican," attacked Congressman Walter F. Lineberger, accusing him of permitting Samuel Gompers, head of the American Federation of Labor, to dictate to him as to the policies he should adopt, or to nominate President Coolidge and of joining La Follette's wrecking crew. Mr. Henry demanded that the writer of the letter stand up and make his charges against Lineberger in the open, scoring the writer in unmeasured terms.

Chairman A. L. Rowland also declared that the person who circulated the letter was unworthy of consideration, when Leo Coombs raised a point of order that as the conference was then only acting as a temporary organization, it could not take action on the letter. The matter will be taken up again this afternoon, however, when it is expected that some definite action will be adopted.

The delegates met at luncheon in the Hotel Green, with Speaker Frank Merriam acting as toastmaster. The conference convened again at 1:30, when the reports of committees were presented.

White's Address John Robert White, jr., of Glendale, was the first speaker called by Speaker Frank Merriam at the luncheon, and his assertion that "Glendale has 40,000 Republicans and they are all for Coolidge," was loudly applauded. Mr. White told of his meeting with President Coolidge when he was

Forest Fires Causing Big Loss In State (Continued from page 1) strous fire started, were lodged in the Newhall jail, suspected of an arson attempt directed against the resort. Search is being made for others said to be implicated in the plot.

Flames In Sequoia Will Be Controlled SAN FRANCISCO, July 11.—After ten days strenuous battling by 700 men, United States forestry officials today believed the great forest fire burning in the Bull Run district of Sequoia national forest near California Hot Springs would be brought under control by nightfall. The north line of the fire has been checked in two places, reports to District Forester Paul G. Redington stated. However, two breaks in the west line were giving concern. Every available man in Bakersfield has gone to aid in fighting this fire which has already burned over 25,000 acres. Fires in Tahoe national forest and the Yuba Pass region in Sierra county were still raging today.

PLANS PREPARED FOR SCHOOL ROOM

Brick Addition Is Provided
In 1924 Budget of L. A.
Education Board

EAGLE ROCK, July 11.—A brick addition to the Eagle Rock school is provided in the \$7,000,000 budget of the Los Angeles Board of Education. This was taken up as an emergency measure, and is being carried out even before the bonds are sold, which will not be disposed of in all probability until August or September. Plans have been drawn for the addition, and as soon as contracts are let, construction will be in progress. While the actual date of the first work is indefinite, it is probable that the building will be started some time within the next three weeks.

This spacious addition will obviate the necessity of the small bungalows that are now used to care for the overflow of pupils from classes in the regular school buildings. These small frame buildings are reported to be extremely hot during the summer days while school is still in session.

To Present Play
"Idylls of Spring," written by Mrs. Arthur Harrison, of Montiflora avenue, and presented with noticeable success, both from an artistic and financial standpoint for the local P. T. A. is winning considerable success in Los Angeles and other Southern California cities. Tonight and tomorrow, the production will be featured at the Municipal auditorium at Long Beach, for the P. T. A. Federation there. Mrs. Harrison and Mrs. C. D. Wentworth, in charge of the costuming, are busy at the beach city, rehearsing and arranging for the play.

Leaving in separate machines from Eagle Rock, two groups of local residents plan to meet at the Grand Canyon some time in July, according to present plans.

Mrs. W. C. Kell and daughter, Kaleta Bel, and Mrs. Kell's mother, Mrs. A. B. Wilkey, who for the past three years have been residents of Eagle Rock, are planning to make their home in Colorado Springs. They left for Colorado Sunday. Mr. Shaefer, a member of the faculty of the Eagle Rock school, driving the machine. Mr. Shaefer's parents and members of his family will leave shortly for the Grand Canyon where they will meet with Mrs. Kell's family.

VALLEY BOOSTERS ATTEND MEETING

Speakers Outline Need of
Improvements, Burbank
Family Reunited

BURBANK, July 11.—The first meeting of the Valley Booster association has come and gone, and everyone who was present feels a little more enthusiastic about local and general conditions. The meeting was held at the Santa Rosa and was in the nature of a banquet.

Among the prominent speakers who addressed the assemblage were: Henry W. Wright, county supervisor for this district; Hugh Pomeroy, secretary of the regional planning commission; Robert Hanley, of the Los Angeles city attorney's office and one of the most enthusiastic of the San Fernando valley boosters for the building of new boulevards across the valley; Mayor J. C. Crawford, of Burbank; Charles B. Wood, of the Burbank Chamber of Commerce; and Earl White, of the Magnolia Park section and member of the Burbank planning commission.

Vacation at Lake.
Wm. W. Weatherly, his family and some Los Angeles friends enjoyed a three day vacation at the Little Bear lake in the San Bernardino mountains, returning Tuesday. They report a very enjoyable time and a big crowd. Mr. Weatherly estimates that there were at least 5000 automobiles at the resort.

Mrs. C. C. Blood and little son Lisle, arrived in Los Angeles Sunday night from Silver City, New Mexico. Mr. Blood met them in Los Angeles and escorted them to Burbank. They are now located at 703 Verdugo avenue. This is the first time the family has been united for more than a year.

Sault Canal Traffic
Less Than Last Year

DETROIT, July 11.—Total June traffic through the canal at Sault Ste Marie amounted to 11,077,069 tons as against 13,749,923 tons last year. The wheat movement amounted to 22,357,582 bushels as compared with 25,505,899 bushels in June, 1923, while other grains totalled 14,149,832 bushels against 11,281,255. Shipments of iron ore were 7,889,906 tons as compared with 9,222,722 last June and the figures on copper this June and last were 7,996 tons and 10,092 tons respectively. The movement of bituminous coal totalled 1,493,759 tons which compared with 2,727,757 tons a year ago. There were 205,342 tons of anthracite moved, a drop of over 90,000 tons from last week's total.

Daily News Letter

By International News Service Correspondents

LONDON, July 11.—The world this year will witness a great effort to bring the airplane speed record up to 300 miles per hour.

With this object in view, most of the great airplane countries of the world are building new machines. England is stated to have two or more machines on the stocks which are hoped to be capable of making new records, while France has been conducting experiments and tests for many months past.

All these machines will take part in the various big airplane races this side of the Atlantic this year, and some prodigious speeds are confidently expected.

At the moment the world's speed record stands at 266 miles per hour. This was accomplished in the United States last year by Lieutenant Al Williams in a Curtis Navy Racer driven by a Curtis D-12 engine.

Sadi Lecointe, famous French speedman who has many times created records, and whose highest speed stands at 234 miles per hour, has just finished his latest machine. It is named the Niouport Delage monoplane, and has a 550-horsepower Hispano Suiza engine. Lecointe has been conducting man yests over a three kilometer measured course, near Marseilles, and has high hopes of extracting 300 miles per hour out of his new machine. It is reported he has already obtained over 250 miles per hour.

In England H. P. Folland, builder of the famous Napier-Gloster and Bamel racers, winners of nearly every English airplane race, is producing a high-speed machine, with his eye to speed records, while at Southampton two racing flying boats,

one with a 450 and the other with a 650-horsepower engine, are stated to be nearing completion.

European airplane constructors, however, believe that the next speed record will again come from the United States, inasmuch as the United States government is taking an active interest in the scientific development and research of the airplane, while the majority of the European governments are acting very negligently toward this branch of the airplane industry, preferring to leave the expense of research work to private manufacturers and individuals.

Different Colors for Earrings Popular Fad

LONDON, July 11.—It is not necessary at the moment to have your ear rings match. Since gray pearls became the fashion, one ear ring is likely to be blue-gray and the other greenish. Gray ear rings are seen on a third of the smart women who dance at such places as the Savoy, Berkeley and Claridge's.

Britain Minting Coin For Russian Soviets

LONDON, July 11.—The royal mint of Great Britain is at present engaged in turning out forty million silver rubles for the soviet government of Russia. Permission to undertake the work was given by the treasury department, with the stipulation that the bullion and the payment for the work should be tendered in advance.

Treasury Sends Out Income Tax Refunds

WASHINGTON, July 11.—Twenty-one hundred income tax refunds, totalling \$46,000, provided for by the new revenue law, as 25 per cent reductions on 1923 incomes, have been mailed out by the treasury department.

Acting Secretary of the Treasury Winston announced that sixty days would be required to make the total refunds, totalling \$1,508,000 which aggregate a sum of \$16,000,000.

Theatres

Compiled by Members of The Evening News Staff

All who have seen "Marion Gray" presented by Murphy's Comedians have voted it a big success, declares Manager J. A. Menard of this popular tent theatre on Stocker street, Casa Verdugo, between Brand boulevard and Central avenue.

"Marion Gray" was an instant and overwhelming hit as a novel and lifted to fame its author, Bertha M. Clay. In its translation to the stage, nothing of its admirable power and feeling has been lost. Those who have longed to see a gripping drama of the heart will find it here.

Bumper Eastern Crop En Route to Market

PHILADELPHIA, July 11.—One of the heaviest crops of perishable fruits and vegetables in recent years is now being moved from Maryland, Delaware and Virginia Peninsula, according to railroad officials here.

The strawberry crop, now just passing its peak, promises to be one of the largest on record. It is estimated that the full crop will run well over 3500 cars.

This year's potato crop, which follows closely on the strawberry movement, promises to compare very favorably with crops of previous years, and it is estimated that 20,000 cars will be required to carry it to the consuming centers. The heavy cantaloupe crop, together with apples, peaches, pears and general produce, will begin moving after the potatoes are harvested.

THE GLENDALE "Excitement," with Laura Plante continues at the Glendale theatre.

THE GATEWAY "The Shooting of Dan McGrew" continues at the Gateway theatre.

THE T. D. & L. "The Goldfish," with Constance Talmadge continues at the T. D. & L. theatre.

Seeks Injunction to Curb Foe's Talking

AKRON, Ohio, July 11.—An injunction to enjoin a man from talking was sought in Common Pleas court here.

Louis H. Knabel, the plaintiff, who does business as the City Window Cleaning company, applied for such injunction against Rudolph Belokavok, charging a rival establishment, charging Belokavok with seeking to take patronage away from the plaintiff by using damaging talk.

The court postponed action upon the application.

Father and Son Held In Extortion Plot

CHICAGO, July 11.—George Peek and his son, Clark, farmers, accused of attempting to extort \$50,000 from Medill McCormick, late yesterday afternoon were held to the grand jury in bonds of \$5000 each.

They are charged with attempting to extort McCormick by threatening to reveal to the public the fact that McCormick had been in their employ as a farm hand.

HYACINTH BLUE

LONDON, July 11.—Hyacinth, blue is beginning to be seen more than heretofore. The color did not "take" well earlier in the season, perhaps because of the cold weather. It is especially beautiful on blondes.

By CHARLIE BROOKS HOWARD R. GARIS

Uncle Wiggily

By HOWARD R. GARIS

UNCLE WIGGILY AND JACKIE'S DRUM
"Boom! Boom! Boomity—oom—boom!" was the noise Uncle Wiggily heard as he was eating breakfast in his hollow stump bungalow one morning.

"My goodness!" cried the bunny rabbit gentleman, nervous like. "What's that?"

"Only Jackie Bow Wow beating his drum," answered Nurse Jane Fuzzy Wuzzy, as she looked out of the window.

Uncle Wiggily went on eating his breakfast while his muskrat lady housekeeper went out where the doggie boy was banging away.

"Will you please beat your drum around the corner, Jackie?" asked Miss Fuzzy Wuzzy. "The noise bothers Uncle Wiggily."

"Oh, all right!" barked Jackie, who was very fond of the rabbit gentleman. So Jackie marched like a soldier down the street, and around the corner, his drum going: "Boom! Boom! Boomity—oom—boom!" all the way. But even as far off as that Uncle Wiggily heard the noise, and the rabbit gentleman, after eating his breakfast of fried watercress with carrot sauce on, said to Nurse Jane:

"I'm going off to the woods. There I shall be away from the sound of Jackie's drum. And, in the woods I may find an adventure."

"I wish you good luck!" said Nurse Jane as she let a cup and saucer go swimming in the dish pan of water, while the pie plate chased the cake of soap.

Off to the woods hopped the bunny uncle, and beneath the green trees he found a cool, shady place where he could sit on a mossy log and twinkle his pink nose as much as he pleased.

It was still and quiet in the woods—it was also warm, for the sun shone down on the trees, though the green leaves made shadows. And, almost before he knew it, Uncle Wiggily fell asleep.

And then the rabbit gentleman began to dream. He dreamed that it was the Fourth of July, and that Sammie and Susie Little-tail, the rabbits, were shooting off firecrackers. Then came Johnnie and Billie Dushytail, the squirrels, throwing torpedoes, which made even more noise than firecrackers.

And then Uncle Wiggily's dream became louder and louder and LOUDER and he heard "Boom! Boom! BOOMITY-OO-BOOM!"

"Oh, my goodness!" cried the rabbit, and he awakened so suddenly that he rolled off the green, mossy log into a bed of sweet fern. And then he heard, very plainly, "Boom! Boom! MOOMITY-OO-BOOM!"

"That's Jackie's drum! It isn't Fourth of July at all!" said the rabbit. "I knew the Fourth had passed! Dear me! Jackie has followed me here with his drum! Can't I ever get away from him?"

Uncle Wiggily sat up, and, through the bushes he saw the little dog boy beating his drum.

"He must have followed me here to the woods to tease me," thought Mr. Longears. "He knew I didn't like the noise of his drum! Uncle Wiggily was just going to call to Jackie to run away and beat his drum down near the five and ten cent store when, all of a sudden, the Bob Cat jumped down out of a tree and sprang toward the rabbit.

ORIENTAL INFLUENCE Seen In Water Togs

NEW YORK, July 11.—The Oriental influence has at last reached the swimming costume. Its latest phase is a Mandarin coat of figured Chinese silk, held in place at the hips by big buttons. Beneath this is worn a modified form of Chinese trousers.

Metal Ornaments on Shoes Here to Stay

NEW YORK, July 11.—It seems impossible to eliminate the gold and silver ornamentation where shoes are concerned. Even some of the new plain black satin pumps have a narrow gold or silver line around the top.

WHITE SOX FANS GOING TO BEACH

Glendale Team to Play At El Segundo Sunday in Last League Game

Hundreds of Glendale baseball fans will journey to El Segundo Sunday afternoon to see the game between the champion White Sox and the beach city team. It will be the final game on the Summer league schedule for both teams, and Carl Sawyer and Casey Smith are training their men for a final victory.

A win for El Segundo would put them in third position in the Summer league and make the team eligible for a cut of the prize money. It would also upset the winning streak of the White Sox, and would be the first victory registered against the pale horse wearers in twenty-three starts.

The two teams have met once before, in Glendale, and the White Sox nosed out Smith's crew by a 3 to 2 score. Bell, former Seattle hurler, allowed the Sox only four hits that day, while Cruze was touched for six bingles. The only runs the El Segundo team made were honored by Chamberlain and Werner.

Lineup of Teams

Bell fanned nine men and walked five in that game. Incidentally Bell will be on the mound for the beach city team Sunday, and reports from the El Segundo camp indicate he has improved greatly in the last few weeks.

El Segundo handed the first defeat to the Catalina Cubs the Islanders suffered this season. Last week end the White Sox beat the Islanders twice.

Reiger will be on the mound for the Sox again. Sullivan will play the secondary position behind the place. Shellenback will be at third, Sawyer at shortstop, Shields at second and Hierogoyen at shortstop. In the outer garden will be Cy Young Charley Dorman and Frency Orsatt.

Smith will do the catching for the El Segundo team. Scanlon will play first, Daniels will hold down the keystone sack, Palmer will back him up at short, Rodax will be at third, Keltns in left field, Werner in center and Chamberlain in right.

BIG GALLERY AT MATCH EXPECTED

Professional Foursome at Oakmont Club Sunday To Draw Crowd

One of the largest galleries ever gathered together at the Oakmont Country club golf course, is expected to be on hand Sunday when a 36-hole exhibition match will be played.

The foursome will be Tom Stephens, professional of the California Country club, and Dick Lineara, professional of the municipal course at Long Beach, against Ed Gayer, professional of the Hillcrest Country club, and Elmer Holland, professional of the Oakmont Country club.

The first round of 18 holes will be played in the morning, starting at 10 a. m., while the second round will start at 2 o'clock. The public is invited to witness this professional foursome, and there will be no charge, according to an announcement made today by officials of the club.

Tilden Beats Kinsey In St. Louis Contest

FOREST PARK, ST. LOUIS, Mo., July 11.—William A. Tilden, II, of Philadelphia, national champion, yesterday afternoon eliminated Robert Kinsey, San Francisco, 6-3, 3-6, 6-3, 8-6 in the feature match of the fifth round of the national clay court tennis tournament here.

TAGGING THE BASES

The race, in both leagues tightened up today. The double victory of the Yankees over the White Sox and the defeat of the Senators by the Tigers placed New York and Washington in a tie for the lead.

The two victories of the Cubs over the Dodgers and the Giants' defeat by the Cardinals cut down New York's lead to 4 1-2 games.

The two leading home run hitters in their respective leagues, Ruth and Fournier, knocked out their twenty-third and eighteenth home runs, respectively.

The Red Sox made it three in a row over the Browns, Fullerton allowing St. Louis but five hits.

Jess Barnes proved very effective and the Pirates again went down to defeat before the Braves, 5 to 3.

Benton's twirling and batting aided the Reds in triumphing over the Phillies, 2 to 1.

RECORDS BROKEN AS YANKS SCORE

Americans Pile Up Big Lead In Points, 73 Ahead of Finland's Count

By DAVIS J. WALSH
For International News Service.
COLOMBES STADIUM, France, July 11.—Horatio Fitch of the Chicago Athletic association set a new world's record this afternoon for the 400 metre dash in winning his heat in the semi-final of that event. It was the second time in two days that Charles Reidpath's old record of 48 1-5 had been smashed. Yesterday Joseph Imbach of Switzerland traveled the distance in 48 seconds flat, in one of the trial heats. Today Fitch showed the fastest pair of heels ever seen in the 400 metre run and covered the distance in 47 4-5 seconds.

The way the American athletes are piling up points probably will enable them to win the Olympic title. With but three more days to go, the boys representing Uncle Sam go into the events today with 176 1/2 points, 73 1/2 points ahead of Finland, their nearest rival.

Today's program consists of the decathlon 100 metre dash, 400 metre run semi-final; decathlon broad jump; 3000 metre team race semi-final; 10,000 metre walk, trial; decathlon shot put; decathlon high jump; 400 metre run final; decathlon 400 metre run.

Osborne May Win
The Americans look to H. M. Osborne of the Illinois A. C. to score in the decathlon high jump, although the Finns consider Uryjola, their countryman, unbeatable.

The trials of the team race which begin this afternoon, will give the Americans another good chance to score.

It looks as if the Finns will win the team event, as they seem unbeatable at the longer distance, but the Americans are confident they will take second and third place.

In the sword fencing competition Luchetti of Argentina was eliminated with five victories and six defeats.

In the 100-metre dash in the decathlon, H. M. Osborne of the Illinois A. C. earned an American victory by turning in the fastest time of 11 1-5. Thompson of the Argentine had the second fastest time with 11 2-5. H. F. Fried of the University of Chicago covered the distance in 11 3-5, and Otto Anderson of the University of Southern California in 11 4-5.

Finland landed the first three places in the first trial meet of the 3,000 metre run, the unbeatable Nurmi taking first place, Ritola, second, and Tala, third.

AMERICAN BOXERS FIGHT FOR PLACE

Los Angeles Schoolboy to Battle in 126-Pound Class at Paris

By SPIKE WEBB
Coach of the American Boxing Team for International News Service.
PARIS, July 11.—The American boxers fought it out for second places and alternate places on the team today. Fee of San Francisco, weighing 112 pounds, boxed three rounds with McDermott of New York, shading him.

In the 118-pound class, Lazarus of Cornell defeated Marcus of New York.

In the 126-pound class, Fields, a 16-year-old Los Angeles schoolboy, beat Wallach, a metropolitan southerner.

Rini of Cleveland decisively defeated Haggerty of Pittsburgh.

The light heavyweight Mulholland of Butler college beat Gitzil of Yale.

Pacific Electrics to Meet Catalina Cubs

The Catalina Cubs will meet another Summer League team tomorrow and Sunday when the Pacific Electrics journey to the Magic Isle. The Cubs have played four games with the Summer League teams, and have lost all four. Two were won by the White Sox, one by El Segundo and one by the Gilmore Oilers. It is expected a large crowd of P. E. rooters will see the game, as the usual picnic on the island is planned for the same days.

Chevrolet Agency Has Twilight League Team

A team representing the Chevrolet agency, sponsored by C. L. Smith, Chevrolet distributor, has been entered in the Twilight League and will play the games originally scheduled for the Newspaper team, according to an announcement today by R. Ernest Tucker, superintendent of recreation. The games will be played at Harvard High school, and will start at 5:45 p. m.

The Indians came from the rear to defeat the Athletics, 4 to 3.

Coriscan girls are beginning to take an interest in sports.

Washington, 100 20—3 8 1
Whitehill and Bassler; Martina and Ruel. (Called end 5th, dark.)

Seventh game—R. H. E. 2 2
Salt Lake's lone run came in the second on Pittinger's single, a sacrifice by Kallio and Fredrick drive to center, scoring Pittinger.

The Tigers' scored their two runs in the second also. Hannah started the inning by strolling, Murph hit an easy roller to Lindemere, who, in attempting to complete a double play, kicked the ball around infield, both runners being safe. Cook, who Truck at third, Kallio had free and two on Warner, when he slipped him a fast one, Warner connecting with the pill, polling a double to the right field bleachers storing Murph and Cook.

The Seals hung on to first place yesterday, but took a drubbing from the Indians at Seattle yesterday, 7 to 1, when Jim Bagby hurled the Indians to victory and within a few points of the top. Scott and Williams attempted to hold the Indians in check, but failed.

The Angels bid fair to step out of the cellar, provided they continue their winning streak and give way to Portland. The Seraphs made it three straight from the Beavers yesterday at Portland, the score being 7 to 5.

Sacramento slipped into first division yesterday when Canfield pitched the Senators to a 1-to-0 victory over the Oaks at Oakland. Krause was on the mound for Oakland.

MONKEY FUR WORN
NEW YORK, July 11.—Monkey fur is creeping in again here and there. Just now it rims the neck and armholes of silk afternoon gowns.

NET TOURNAMENT AT PLAYGROUNDS

Junior and Senior Boys and Girls Meets Are Held At Harvard High

Tennis tournaments are in full swing at the Harvard High school playgrounds under the direction of the Community Service. Mrs. Robert Kolts, playground director, is supervising the tournament, which has been divided into junior and senior for boys, and a separate tournament for girls.

Entries in the junior boys' tournament, as they have been paired, are: Frank Howe and George Richard Sloan and Philip Caslen, Lloyd Morgan and Leroy Shugait, James Babbitt and Douglas Gennam, Marion Walker and Everett McClellan, James Murray and V. Sloan, Kenneth McCormick and James Steiner, Francis Jones and the first round of winners are: Howe, Allen, Caslen, Morgan, Babbitt, McClellan, Sloan and Steiner. In the second round Howe won from Allen.

Senior Boys' List
Pairings in the senior boys' tournament are: Glenn Case and Gregg Hawkins, Lawrence Reynolds and Harold Murray, Howard Wimmer and R. S. Milton, Bob Stanford and Bertram Foster, William Wilson and Dale Robinson, Roy Smallow and Frank Thompson, Bob Laird and Wayne Maxwell. Case beat Reynolds and Milton in the first round. Murray beat Case in the first game of the second round.

Entries in the girls' tournament to date are: Louise Hoyt, Virginia Clark, Jeanette Zeitlin, Ruth McCabe and Marcia Cleaveland. This tournament will start some time between July 15 and 20, and entries will be received up to July 15.

Croquet Tournament
Jack Coleman was winner in the croquet singles, and Jack Coleman and William Wilson won the doubles in croquet. Croquet tournaments are being held each week.

At the Pacific Avenue school playgrounds, Joseph Van Rensselaer, director, is teaching children how to play golf, while croquet is the main attraction at the Doran Street school playground.

An indoor baseball schedule is being arranged at Harvard High, and all boys interested are asked to report at once.

TUNNEY MAY BOX TOMMY GIBBONS

Win Over Carpentier Would Give Money Value to 'Bout Between Pair

By FAIR PLAY
Special Correspondent of The Glendale Evening News, Copyright, 1924
NEW YORK, July 11.—Wonder what the boxing commissioner of Michigan, Mr. Piles, thinks of decision bouts now? He saw his fellow statesman, Sid Barbarian, lose the decision in a 12-round bout to Jack Zivic over in Brooklyn.

Barbarian is a lefty who is not preferred as an opponent by most of the good light weights. His body wallops and his googie-eyed swings for the jaw were all on exhibition against Zivic, and he should have dragged down a draw verdict.

SHOW NEW CARS AS AGENCY OPENS

Roamer, Barley, Columbia Display Attracts Many To Inspect Models

Glendale motor enthusiasts turned out in force last night to attend the formal opening of the agency for the Roamer, Barley Six and Columbia cars at 1000 South Brand boulevard and to welcome C. H. Watson and Alfred H. Barnes to the ranks of local dealers. The launching of the new firm brings the roster of Glendale automobile houses up to twenty-three.

The models that were on display last night were two Roamer Sports, two Barley Sports, a Columbia Sport and a Columbia sedan, but the pride of the exhibit was the Roamer racer that set a world's record, still unsurpassed, at Daytona Beach, Fla., in 1921, for stock cars.

Greeted by Star
The visitors to the showrooms were welcomed by Miss Ena Gregory, the dainty star of the Hal Roach studios, who is an ardent believer in the Roamer car and who will go out of her way at any time to boost her pet automobile. Flowers, the gift of personal and business friends, were scattered around in profusion, each bouquet bearing good wishes for the success of the new firm.

Among the out-of-town visitors were George H. Reuben, club organizer for W. E. Young company, 1015 South Grand avenue, Los Angeles, Southern California distributors for the three cars; and Mrs. H. H. Sapp, secretary of the W. E. Young company, also assisted the management in receiving the guests. L. E. Thomas, of the Long Beach branch of the Bank of Italy, was also a visitor.

The present display will be kept open for the next ten days, and it is the desire of Messrs. Watson and Barnes that everyone in Glendale who is interested in automobiles call and inspect the models that are being shown.

Washington's Apple Crop Shows Decrease

WENATCHEE, Wash., July 11.—The state horticultural authorities estimate that the apple crop of this district will total 13,336 cars of 756 boxes each. This compares with 18,418 cars last year. The Yakima district production is estimated at 19,000 cars, a reduction of over 25 per cent.

That's All

Will Chapin Forces Facts 'Wicked City' Disappoints Propaganda Hits Southland Climate, Health, Happiness

By Gil A. Cowan

Will Chapin, publicist, admits proudly that he comes from a historic Puritan family. Nevertheless, his brother newspaper man should have been named "Fuller Facts."

Speaking before the Rotary club here yesterday he gave Glendale boosters more cause to have confidence in the future of this southland than a column of type could tell.

And his talk carried the conviction of one who knows. Most apt were his illustrations of the forcible method of drumming facts into the heads of those who are skeptical.

Two wealthy visitors stopped at Hotel Hollywood recently to see the "wicked city," according to one of Mr. Chapin's illustrations.

When they found that there are no bright lights, no carousals, no bread lines, such as have been described in Salt Lake City and Tacoma papers recently, they stopped long enough to look upon homesites costing in the neighborhood of \$25,000.

Two Salt Lake men were lured to Hollywood by stories of "lots on the boulevard now selling for \$100" which induced them into making a personal investigation. The cheapest lot they could find was \$10,000, so they had to return to Utah.

There is no question but what this favored section is subjected to insidious propaganda as a result of its unequalled prosperity in the past two years at the expense of eastern centers.

But when it is noted that Los Angeles this year will add population equal to a city the size of Seattle; that savings bank deposits in the first six months show an increase of \$44,000,000, while New York and other eastern cities show losses—why there is no need for gloom here.

And as Mr. Chapin pointed out the little slack we make get will benefit southern California a hundred fold. It will give this section an opportunity of catching up with its highway and water problems which were fast becoming serious.

Inasmuch as we have every reason to conserve water and build highways, let the campaign go forward at once. Flood control bonds and highway bonds recently have been sold and there is every reason to urge haste in the work.

Forest fires now are ravaging the northern portion of this country. That means less water will be stored in the hills. It will waste away. Fighting those forest fires is hampered by lack of connecting highways. Origin of those conflagrations may be attributed to carelessness.

There is food for thought.

Telegraph operator from Portland, Ore., admits this is a wonderful climate.

Santa Cruz man told me yesterday his wife's health improved greatly in the southland.

Stranger commented Glendale is cleanest American city he ever visited.

There's climate, health and a clean city. Schools, churches, etc., are a matter of what the people make them.

What more can we wish for?

SLASH PRICE ON STOCK OF SHOES

Buster Brown Store Offers Bargains In Mammoth Reduction Event

Tomorrow, Saturday, July 12, will be a gala day at the Buster Brown Shoe store, 122 North Brand boulevard, as it marks the opening of this firm's fourth semi-annual shoe sale.

Since the opening of this popular store, it has been the definite policy to inaugurate two sales a year, one in January and one in July.

During these months special sales events are held, and every effort is made on the part of the management to make them a real merchandise treat to the public at large.

According to W. C. Winkler, proprietor of the store, no certain lines of shop worn shoes are offered, but every pair in the house is placed on sale at drastic price reductions. Even new merchandise arriving at the time of the sale or during the sale is included.

In the advertising columns of this issue of The Glendale Evening News, full details of this event will be found.

Building Falls Off In St. Louis Region

ST. LOUIS, July 11.—The volume of new building construction here in June fell off \$313,000 compared with June, last year. A recent survey showed a 10 per cent shortage of dwellings and a 15 per cent shortage of business buildings.

The United Railways in the first five months of this year carried 435,000 less passengers than in the corresponding period of 1923 and gross earnings decreased \$145,000 in consequence.

Urge Bryan As Mate On La Follette Ticket

ST. LOUIS, Mo., July 11.—Sheridan Carlyle, chairman of the state executive committee of the progressive party of Missouri, sent a telegram to Senator Robert M. La Follette urging him to endorse Governor Charles W. Bryan of Nebraska, the Democratic nominee, as his running mate for the vice-presidency.

"La Follette and Bryan" would carry every state but Pennsylvania, the telegram read.

Backless Suits for Fair Bathers Appear

VENICE, July 11.—Backless bathing suits—1925 models, have been announced. A rosette over the left hip with sheer ribbons running upward over the shoulders to hold what is left of the one-piece creation will give the fair swimmer the "freedom of the seas," it is claimed.

However, the freedom of the seashore may be jeopardized if seashore men are not warned, upturned brim. The hat is composed entirely of navy taffeta ribbon closely pleated and sewn in rows with the edges standing straight out.

NEW YORK, July 11.—One swanky little mid summer hat worn here today is a small, close fitting affair with a narrow, upturned brim. The hat is composed entirely of navy taffeta ribbon closely pleated and sewn in rows with the edges standing straight out.

NEW ORLEANS, La., July 11.—There was a falling off of 6.4 per cent in new lumber orders at the Southern Pine Association mills last week while shipments decreased 6.8 per cent and production 11.7. About 61,600,000 feet were ordered and shipped and 60,000,000 feet produced. Unfilled orders total 189,700,000 feet.

PARIS, July 11.—There is no apparent limit to the wildness of decoration permitted nowadays to an umbrella. Batik designs and colors vie with wooden handles painted in barbaric patterns.

A marvelous and thoroughly tested preparation for cleaning windows, mirrors, showcases, auto windshields, glass of any kind. Try it once and you will never be without it.

A four-oz. bottle will last for months and we deliver any quantity in Glendale.
