National Liberal Committee To-day Is Starting Campaign

Mackenzie King Meets Representatives From All Parts of Canada In Ottawa; Swearing In of New Ministers Is Awaited.

The first campaign meeting of the National Liberal Organization in Ottawa and the expectation of the swearing in of Premier Meighen's new Cabinet were the two principal topics of conversation among observers of political developments in Ottawa to-day; according to dispatches from the national capital.

All parts of Canada were represented at the Liberal Committee meeting, at the close of which it was expected a statement outlining the work of the committee would be made public. It was stated in Ottawa that the new members of Premier Meighen's Cabinet might not be sworn in till the latter part of this week.

Ottawa, Sept. 12.—(Canadian Press)—Liberal members of Parliament and prominent supporters of the Liberal Party from all parts of Canada, including a large number of women, met this morning in the office of Hon. Mackenzie King, leader of the Liberal Party, in the Parliament Buildings. The occasion was the calling of the National Liberal Organization Committee for the purpose of discussing plans for the forthcoming campaign.

Quebec, the Maritime Provinces, Ontario and the West, including British Columbia, were all represented at the meeting, which is expected to continue during most of the day. The women in attendance are the heads of various Liberal women's associations and these are given the same voice in the planning of the campaign as are the men present.

It is expected that at the close of the day's meeting a statement will be issued covering the work of the committee.

New Ministers. Ottawa, Sept. 12.—The swearing in of the new Cabinet, which had been expected to-day or to-morrow, may not take place till towards the end of the week. Cabinet-making is understood to be well in hand and there is every likelihood of an early announcement of the line-up.

Minister of Trade. According to current reports, Mr. Stevens is likely to succeed Sir George Foster as Minister of Trade and Commerce. There is, however, no official confirmation of the report, but his entry into the Cabinet is regarded as a certainty.

JAPAN'S PROPOSALS TO CHINA LEADERS

Five Clauses in Suggested Treaty With Republic

Tokyo, Sept. 12.—The Japanese delegates to the conference with representatives of the Far Eastern Republic of Siberia in Dairen have advanced five proposals, according to special dispatches from Dairen to-day. They are:

1. Organization of syndicate of Japanese traders to do business in Russia.
2. Establishment of a joint Russo-Japanese bank.
3. Recognition of Japanese superior fishery, forestry and mining rights in Siberia.
4. Lifting of the embargo on export of gold and fur and a re-arrangement of the customs tariffs.
5. Free navigation of the Amur and Songari rivers.

The correspondents believe there is a likelihood of an agreement being reached on these proposals.

New World Court Is to Be Created To-morrow

Geneva, Sept. 12.—President Van Karnebeck announced to-day that both the Assembly and the Council of the League of Nations will begin voting for judges of the permanent International Court of Justice at 10 a. m. to-morrow. The election of half a dozen judges is expected on the first two or three ballots. The principal powers—Great Britain, France, Italy, Japan and the United States—are conceded one each, and the election of Dr. Ruy Barbosa of Brazil, endorsed by Bolivia, Chile and Venezuela, besides his own country, is also looked for on the first ballot. The completion of the list of fifteen judges, however, will require prolonged balloting, in the opinion of most observers.

Moore As Judge. Geneva, Sept. 12.—Many delegates to the assembly of the League of Nations in session here, predicted to-day that John Bassett Moore would be elected judge of the Court of International Justice by a large majority on Wednesday. It was declared that nearly all of the votes from South American countries would be cast for him, and that he would get the support of Great Britain, Japan, Italy, France, Canada and China.

Troops. Vienna, Sept. 12.—Dispatches from Prague, Czechoslovakia, state that in view of the large concentration of Hungarian troops in the vicinity of Pressburg, at the boundary between Hungary and Czechoslovakia, the latter country has been compelled to reinforce its troops in the neighborhood sufficiently to hold the Danube bridgehead.

Rumors that leading supporters of Charles Hapsburg, former Emperor of Austria-Hungary, are assembling at Steinhilber, West Hungary, still are in circulation here.

TURK PLOTTERS WILL BE TRIED

Must Appear Before an Allied Courtmartial

British Warships' Guns Turned on Constantinople

Constantinople, Sept. 12.—Allied authorities here have invited the Turkish Government to surrender the men involved in the revolutionary plot, discovery of which was announced here yesterday. These persons must be turned over to the Allies within a week or the Government will be held responsible. The conspirators will be tried by an Allied courtmartial.

General headquarters is under guard by British troops, while Gordon Highlanders have raided premises of various Nationalist organizations. The guns of British warships anchored in the Golden Horn and the Bosphorus have been directed against Stamboul, the Asiatic section of the city. British troops are proceeding to disarm the population.

Acquittal of Both Commissioners Pleases Enthusiastic Crowd

On a motion for dismissal on the ground of no evidence, advanced in the County Court to-day by Stuart Henderson, on behalf of Police Commissioners Dr. Ernest A. Hall and Joseph North both were dismissed by His Honor Judge Lampan without any evidence being called in their behalf.

The trial created an unusual interest in the County Court, three rows of extra chairs being necessitated, with the space in the public gallery beyond being crowded to the doors, and the doors themselves propped open with a long queue in the lobby.

When the Police Commissioners were dismissed, their friends rushed to congratulate them and scenes of quiet satisfaction were staged, with mutual handshakes for the acquitted officials.

Mr. Henderson with J. B. Clearhise appeared for the accused and J. S. Brandon for the Crown. The trial was without interest save in the evidence of Charlie Bo, who claimed the protection of the court for any evidence he might be forced to give that might incriminate him on his own trial, he being now on bail to appear at the Fall Assizes. He gave the names of several of the citizens and a plea for all were to open after first stating that he could not remember any of the men in question.

When the case was called the charge against the accused alleging that they "did attempt to procure Chief of Police John Fry to disobey the Municipal Act" in that he failed to prevent the Chinese from operating their Chinese lotteries in this city. The charge was brought under the Municipal Act and the Criminal Code.

Mr. Brandon addressed a large meeting of Vancouver retailers at luncheon yesterday. Mr. Brandon's remarks were a forceful description of the work of his association and a plea for all retailers to support it and make use of its machinery in carrying on various phases of their businesses. He told of the fight of the executive against alleged abuses contained in the Board of Commerce, High Court of Living Commission, Customs Board and other government legislation.

Speaking of retail prices, Mr. Brandon declared that competition would always regulate prices without the aid of government machinery. The profit made in recent years would no more than help merchants over the present contingency and retailers would be lucky if they broke even at the close of the present year with the replacement prices made necessary by falling costs.

In order to offset misleading impressions regarding retailers and their businesses, the speaker advocated that the Retailers' Association maintain its own press bureau.

To-morrow they will speak at a dinner at the Windsor hotel, Nanaimo.

BOLSHEVIKI SAY THEY FOUND PLOT

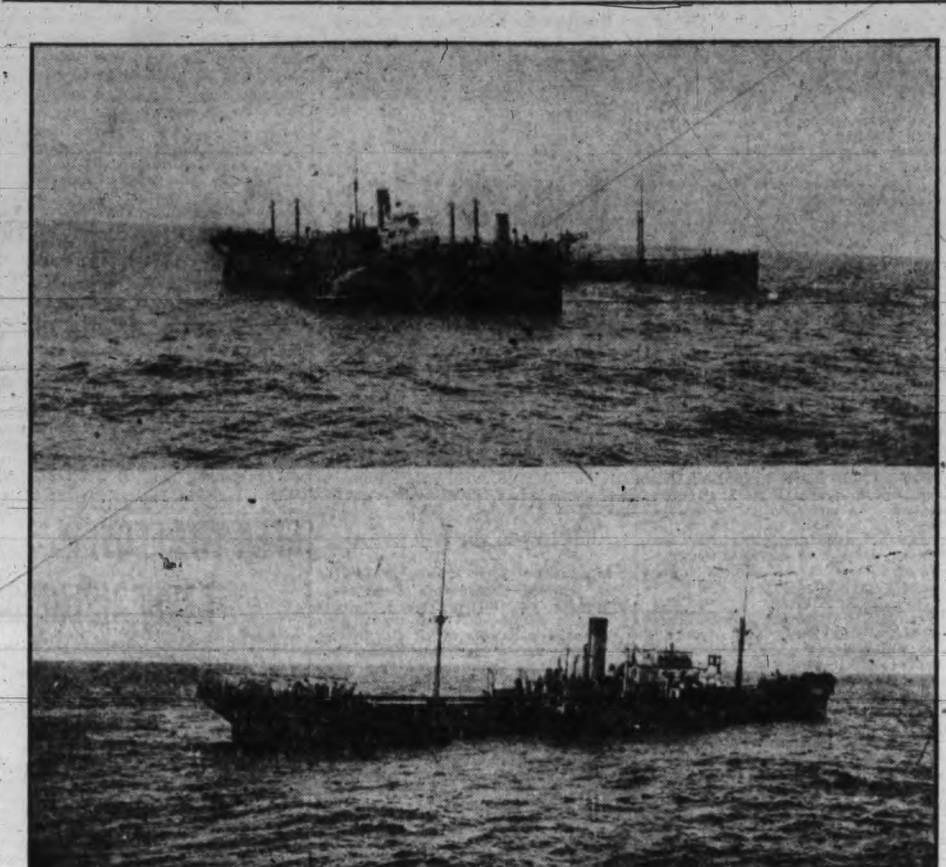

Allege Russian Relief Committee Planned Revolution

London, Sept. 12.—Revelations in Moscow following the arrest of members of the Russian Relief Committee are said to prove the committee was plotting to overthrow the Soviet Government under the cloak of carrying on relief work, says a dispatch to The Daily Herald from the Russian capital. An extraordinary commission is said to have discovered letters showing the conspiracy was widespread. One of these is said to have outlined a scheme for reorganizing Russia under a supreme ruler with a federal duma, regional and parish dumas and local governments.

PROHIBITION IN BRITAIN URGED

London, Sept. 12.—Appeals to English women to demand prohibition in Great Britain were made by Mrs. Norman Sargent, of the Wesleyan Church, and other speakers at this morning's session of the World's Methodist Conference.

RETAIL BODY LEADERS HERE

Merchants' Association Heads to Speak To-night

In the course of an extensive tour J. A. Banfield, president of the Retail Merchants' Association of Canada, who is a leading Winnipeg furniture dealer, and E. M. Trowern, of Ottawa, the Dominion secretary, arrived in the city this afternoon.

This evening they will speak at a meeting at the Dominion Hotel at 8 o'clock.

Mr. Trowern has made a special study of the effect of the sales tax, and will be glad to meet retailers to discuss phases of the effort made by the Association to correct misunderstandings in the interpretation of the statute.

Mr. Banfield addressed a large meeting of Vancouver retailers at luncheon yesterday. Mr. Banfield's remarks were a forceful description of the work of his association and a plea for all retailers to support it and make use of its machinery in carrying on various phases of their businesses.

He told of the fight of the executive against alleged abuses contained in the Board of Commerce, High Court of Living Commission, Customs Board and other government legislation.

To-morrow they will speak at a dinner at the Windsor hotel, Nanaimo.

CHICAGO BEGGAR WOMAN DIED WORTH \$100,000

Chicago, Sept. 12.—"French Sall," eighty-four years old, who died yesterday in a dreary attic room, was found to-day to have securities declared to total \$100,000 hidden in her room. For years she begged from the well-to-do near her home and dispensed philanthropy to the poor. Her identity is not known.

SAYS WITNESS CHANGED TESTIMONY

The District Attorney Makes Charge in Arbuckle Case.

San Francisco, Sept. 12.—A statement expressing the conviction that perjury had been committed by one of the chief witnesses for the prosecution at the grand jury investigation last night of the death of Miss Virginia Rappe, film actress, for whose alleged murder Roscoe C. (Fatty) Arbuckle is under arrest, was issued here to-day by District Attorney Matthew Brady.

TO FINISH DRYDOCK DR. TOLMIE SAYS

Victoria's Member Home; Willing to Run Again If People Want Him

Disillusion will likely take place at Ottawa at the end of this week and not later than next Tuesday, nomination day for the West York by-election.

This was learned to-day on the arrival of the Hon. S. F. Tolmie at his Victoria office.

Dr. Tolmie would mention no likely date for the election, but was anxious to know where the talk of it being during the last week in November came from.

The Minister was secluded all morning, and met only two or three of his chief political supporters for further consideration of the matter.

The nearest he got was when he said this: "If the people of Victoria want me to represent them again at Ottawa, I'll be pleased to undertake that duty. If they don't, it's all the same to me. I won't worry. I'll be back at work on my farm twelve hours afterwards."

Friends of Dr. Tolmie said to-day they have not seen him looking so well for a long time.

He said it was too early to-day to give out anything about the appointment of a campaign manager or organization forces.

The Hon. S. F. Tolmie, Minister of Agriculture and representative of Victoria in the House of Commons, returned to Victoria late yesterday to announce that the Dominion Government will see that the big Esquimalt drydock is pushed through to completion according to the original plans.

"It was hard work to get that dock here," he said, "but I know, but it is now being built at the very best place on the Coast," said Dr. Tolmie.

He explained that the drydock work will greatly relieve unemployment here this winter.

Before Christmas Shopping. He said Premier Meighen would soon announce the date of the general election. It is planned to have it over with before Christmas trade gets under way.

RAILWAY BOARD TO ANNOUNCE RATE RULING TO-MORROW

Ottawa, Sept. 12.—Members of the Board of Railway Commissioners were in conference to-day on the question of reduced railway freight rates. An announcement by the Board is expected to-morrow.

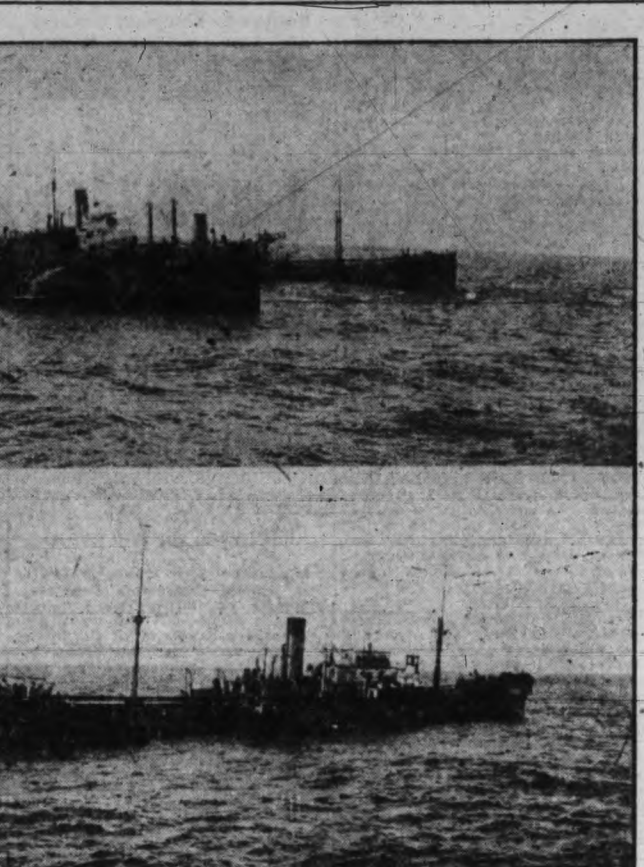

To Free B. C. Liquor From Federal Duties

The Hon. J. W. de B. Farris, Attorney-General, announced to-day that action has been started by the Province of British Columbia in the Exchequer Court against the Federal Government with regard to the imposing by Ottawa of a duty on liquors purchased by the British Columbia Liquor Control Board. The writ was issued in Ottawa last Friday by A. V. Pineo, legislative counsel, the papers having been prepared here in advance.

In view of the uncertainty of Hon. Mr. Farris being able to go to Ottawa to attend the hearing, Eugene LeFleur, K.C., one of the most eminent counsel of Montreal, has been retained by the Provincial Government. It was explained that the case must go before the Exchequer Court, which exists for the purpose of dealing with cases arising between governments, provincially and federally. Mr. Justice Casella will probably preside. An early date will be arranged if possible.

Hon. Mr. Farris explained that the point involved is under Section 125 of the British North America Act and

Canadian Importer, Cripple of Sea, Towed Into Port

Thrilling Story of Rescue of Canadian Government Merchant Ship From Perils of the Pacific Told On Arrival Here To-day.

Emerging like a spectre from the abyssal depths of the Pacific through a bank of Flattery fog, virtually given up for lost, and all hope abandoned for the safety of her complement, the derelict Canadian Importer, carrying a six degree list and groggy, but still waterborne, cheated the ocean of its anticipated prey and defiantly limped into port to-day with her crew of undaunted British seamen still at the post of duty.

In the Grey Dawn. At grey dawn a remarkable spectacle was to be observed as the big Canadian freighter and her two tugboats loomed through the heavy bank of fog in the Straits and rounded the Race Rocks with her convoy.

SINN FEIN REPLY PUBLIC TO-MORROW

Note Sent to Government to Be Published

Dublin, Sept. 12.—The reply of the Dail Eireann to the proposal of Premier Lloyd George for a conference at Inverness September 20 on the question of an Irish settlement may be given out to-night or to-morrow, it was said here to-day, but it was indicated as more probable that the publication would be deferred until midday to-morrow.

Arrangements for to-morrow's meeting of the Dail Eireann, called last week after Mr. Lloyd George's letter was received, have been completed.

Had a Discussion. London, Sept. 12.—Premier Lloyd George, who is in Gairloch, Scotland, to-day received Harry Boland, secretary to Eamonn de Valera, and Joseph McGrath, another Sinn Fein leader, and discussed with them some points with reference to the conference suggested in the British Government's last communication to the Sinn Fein, says an official statement issued here to-night.

McGrath and Boland are returning to Dublin with Mr. Lloyd George's views for further consideration by the Dail Eireann, the statement adds.

Londonderry. Dublin, Sept. 12.—Officials of the City of Londonderry voiced here to-day the desire that their city should be associated with Southern rather than with Northern Ireland. The Mayor of the city and an influential deputation of its elected public representatives put before Eamonn de Valera their objections to the Ulster Parliament having jurisdiction over their municipality.

Londonderry's business relations, it was pointed out, are closer with County Donegal, in the Southern area, than with the County of Londonderry, in the Northern group, on the edge of which the city is situated.

Armagh. On Friday a delegation from South Armagh will come to Dublin to protest against its being included in the Northern Parliament. As a constituency in the Imperial Parliament, this district was not contested by the Unionists and it is noteworthy as being one place where the Nationalists defeated the Sinn Fein.

ALLIED COUNCIL MEETING PROPOSED

Britain Said to Have Made Far East Suggestion

Paris, Sept. 12.—Great Britain has proposed to France and Italy that a meeting of the Allied Supreme Council for the discussion of questions pertaining to the Far East be held early in October, says L'Honneur Libre.

Australasia. Melbourne, Sept. 12.—Referring to the approaching disarmament conference in Washington, Lord Northcliffe, who now is touring Australia, said in a speech at a civic reception here that it was undesirable that Australia and New Zealand should be totally unrepresented at a conference which might decide their fate. Nations would be represented at that conference which, as compared with Australia, were not interested in the Pacific, he added.

Lord Northcliffe said he would be delighted to do anything he could to bring Australia's participation clearly before the United States, as it was possible the United States did not realize the importance of Australia.

Enlargement. Washington, Sept. 12.—Admission of Belgium and Poland to the discussion of the Far Eastern questions at the disarmament conference has been agreed by two of the great powers involved, as compared with

DOG SHOW

At the forthcoming Dog Show, held in connection with the Exhibition, there is to be a Green Class, open to all dogs, 6 months old and older, which have never before been exhibited in a Dog Show and whose owner has never exhibited at a Dog Show, irrespective of whether they have a pedigree or not.

This is a great chance for the boys and girls of Victoria. It costs only 50 cents to enter each animal and 60% of all the entry fees will be divided between the first three winners.

We want every boy and girl in Victoria to enter his or her pet and make this show a howling success, so, in addition to the above money prizes, we, together with The French Remedy Company, will give a cash prize of \$20 to the first prize winner.

Entries must be all in by the 14th inst. See Captain Harbour, Secretary of the Show, at 1204 Wharf Street.

PRAIRIE THRESHING IS DELAYED

Unfavorable Weather Is Experienced in Three Provinces

Winnipeg, Sept. 13.—(Canadian Press)—Harvesting on the prairies has been held up by rain and snow in most districts, and it will be well on towards the end of this week before operations are resumed generally. Prospects to-day are for fair and cool weather, with a tendency toward moderating. Details of the situation in each province are given in the weekly report of the Canadian Pacific Railway.

Saskatchewan. Cutting is completed in Saskatchewan with the exception of fifteen to twenty-five per cent. of late sown crops in the north. Threshing has had to be suspended because of rain and snow, and temperatures two degrees to ten degrees below freezing have been reported. There has been no damage from frost, but the excessive moisture may cause reduction in grading. It is said that many districts are short of help as the result of men "jumping their jobs," and due to the high wages demanded in some cases. The situation will improve with the arrival of further help from the east and with the release of workers in Manitoba when the earlier harvest in that province is completed.

Alberta. Practically all grain in Alberta has been cut, but snow and rain and low temperatures have combined to stop threshing, which will not be resumed for four or five days. Threshing is sixty per cent. done in the central and southern districts, and twenty to thirty per cent. in the north. Unusually heavy rains have fallen along the E. D. & B. C. line and there has been some damage to uncultivated grain from frost, but most of the crop is too far advanced to suffer injury. Seventy-five per cent. of all grain is cut.

Saskatchewan Crp. Regina, Sept. 12.—A wheat crop averaging fifteen to twenty bushels an acre, some points reporting forty-five bushels to the acre, is indicated by the weekly Saskatchewan crop report compiled by the statistics branch of the Department of Agriculture.

From all over the province there are reports of labor shortage, rain and snow.

AN IMMIGRATION CASE AT VANCOUVER

Vancouver, Sept. 13.—Argument was heard yesterday by Mr. Justice Murphy on an application by M. A. Van Roggen for a writ of habeas corpus directed to the Dominion immigration authorities, instructing them to admit to Canada a fourteen-year-old Chinese boy, Jung Yen. The lad was ordered deported because coming within an Order-in-Council banning Oriental labor. Mr. Van Roggen said his client had been attending school in China and intended resuming his studies at a school in Vancouver. He intended residing here with an older brother. Counsel attacked the board's finding because the board's judgment was controlled by the Minister of Immigration, and the latter had promulgated regulations by which admission was refused Chinese youths, although otherwise eligible and intending to attend school in Canada, unless the immigrants were accompanied by or were coming to their fathers here.

The application was adjourned till Tuesday.

GOLD STATEMENT OF REICHSBANK

Berlin, Sept. 12.—The gold reserve of the Imperial Bank of Germany, according to the bank's statement for the week ended September 7, remained unchanged from the previous week at 1,223,750,000 marks, although the note circulation was further increased by 654,805,000 marks to 80,727,526,000.

The gold reserve had stood at 1,091,540,000 marks since early in the year until August 31, when the payment of 1,099,000,000 gold marks to the Allies forced the Government to sacrifice part of the Reichsbank's reserves and the bank statement accordingly then showed a depletion of 67,835,000 in foreign gold coin.

The whole bullion Sept. 7 stood at 1,044,230,000 marks, or a decline of only 128,000,000 marks, as compared with the previous week. The Reichsbank has fixed the price for gold purchases in the week ending September 13 at 54,500 marks per kilogram fine, with proportionate figures for foreign gold coin.

In addition to the Reichsbank's notes there are 10,947,600,000 marks paper in loan bank bills in circulation which do not figure in the bank statement, but pass on equal footing with currency. They represent advances made by the Government to loan banks and are covered partially by stocks of merchandise.

The foregoing shows that Germany possesses only one mark in gold to cover ninety marks in paper in circulation.

SINGLE TAX IN EDMONTON CALLED COMPLETE FAILURE

Edmonton, Sept. 12.—Edmonton's single tax system is declared a complete failure in a special report on taxation and assessment placed before the City Council by the commissioners to-day. It suggests many revolutionary changes in the city's financial system, such as making all property taxable, with no exception, even for churches.

CHARLES HAPSBURO PAYS NO TAXES

Geneva, Sept. 12.—The Swiss Federal Council has accorded extraterritorial rights to Charles Hapsburg, former Emperor of Austria-Hungary, whereby he will be exempt from taxation.

NEWFOUNDLAND PREMIER HEARD

Addressed Washington Committee on New U.S. Tariff

Washington, Sept. 12.—After disposing of the tax revision bill, the Senate Finance Committee will resume consideration of the Fordney tariff measure. Senator Penrose said to-day that additional hearings would be held and that while there was no disposition to rush the measure, the committee wanted to get along with its work on it.

Sir Richard A. Squires, Premier of Newfoundland, appeared before the committee informally yesterday to discuss the duties on codfish, herring and codfish oil. He expressed the opinion that the rates in the Fordney measure were so high as to be practically prohibitive. Sir Richard was informed that the Committee did not have the tariff bill before it at this time but that it would be pleased to consider any statement he might care to file.

The conference between the Committee and the Newfoundland Premier was arranged by the British Embassy through the State Department.

Later Sir Richard had a talk with Secretary Hughes at the State Department regarding the effect upon the Newfoundland fishing industry of the proposed United States tariff rate.

SEEK TO RECOVER LARGE HOLDINGS

Americans in Syndicate Dealing With Hapsburg Property

New York, Sept. 12.—Rene Viviani, former Premier of France, has been retained as counsel in an endeavor to recover estates of Archduke Frederick of Austria and his son, Archduke Alois, it was announced yesterday by J. L. Repligle, a member of an American syndicate which has taken over the management and a one-third interest in the estates. The American syndicate, as part of the mixed tribunal of the League of Nations on the ground that the confiscation of the estates was a violation of the Treaty of St. Germain.

Plans of the syndicate to enter into an arrangement with the Archduke Frederick and his son were formulated two years ago. Mr. Repligle declared. These plans were furthered in Geneva about a year and a half ago in the organization of the General Real Estate and Trust Company.

Over \$400,000,000. Archduke Frederick and his son retained a two-third interest in the company and the American group purchased one-third. A pre-war inventory of the properties placed the total value at more than \$400,000,000. The American syndicate, as part of the agreement, took over the management of the estates. The great steel plant at Bergunbotten, Sweden, in Czechoslovakia, employing more than 20,000 men, is one of the holdings.

BISHOP STRINGER IN VANCOUVER

Vancouver, Sept. 13.—Conditions in the Yukon generally are rather quiet, but everywhere people are optimistic, declared Bishop Stringer, Yukon, who reached Vancouver on the steamer Princess Royal yesterday.

Chief interest in mining circles of North, he said, centered in Mayo district, where the new silver mines are causing a stir. Last month Bishop and Mrs. Stringer tramped over that district, visiting many people and carrying on the work of the church. This district gives every promise of a bright future, and the people are very optimistic. Already two or three large companies have begun to buy up options, and although it is still a period of prospecting, there is every reason to believe that there is a reasonable basis for the optimism, explained the Bishop.

U. S. SENATOR SPEAKS OF GAS WARFARE

New York, Sept. 13.—Preparedness for a war with chemicals would cost but a fraction of the figure required to maintain a large standing army, dreadnoughts and battleships, declared Senator Lenroot of Wisconsin at the opening of the seventh national exposition of chemical industries.

As a member of the Senate Committee on Military Affairs, Senator Lenroot said he had learned that thirty per cent. of the casualties in the late war were caused by German gases.

Declaring he hoped a limitation of armaments would be agreed upon at the forthcoming conference in Washington, the Senator said:

"It would be a folly for any nation to rely upon any international agreement that poisonous gases should not hereafter be used in war."

"Although heretofore generally condemned as cruel," he continued, "results showed that casualties from gases were no more cruel than those from any other method of attack."

KATO GIVES VIEW ON JAPAN'S NEW SHANTUNG PLANS

Tokio, Sept. 12.—Viscount Kato, who was Foreign Minister when Japan's twenty-one demands on China were formulated, declared yesterday that Japan's latest overtures for the restoration of Kiao-Chau savored of anxiety to settle the Shantung problem prior to the Washington conference by offering as lenient terms as possible through fear of intervention by a third party.

"The cabinet's attitude on Shantung," he said, "is a silent but eloquent confession of diplomatic incompetency."

Building Up Canada Never in the history of life insurance in Canada has a policyholder lost a dollar through the failure of any life insurance company. The premiums received by a life insurance company form a trust fund and are very carefully guarded. These trust funds, amounting to seven hundred million dollars, are invested by the insurance companies in Government securities, agriculture, transportation, industrial and other enterprises, which go to develop Canada and make it a better place in which to live. The development of life insurance is presenting an enlarged opportunity of performing this two-fold duty for Canadians, protecting the home and building up the nation. Your life insurance serves you in two ways. Life Insurance Service "CONSERVE THE HOME AND STABILIZE THE NATION"

and quench it at Bill Lark's saloon. That is to say, he can go there if he doesn't value his life very highly, for Bill Lark's saloon is not a healthy spot. Bill has handled his crowd of boisterous customers pretty well for some time, but one night a gambler springs a surprise on him, and Bill finds hanging over him a death sentence imposed by chance and a deck of cards. And Bill is in love. How shall he use his last five days? He uses them well. He defeats a band of robbers who hold up the stage coach, and he wins a bride and a right to live.

It is a story teeming with action. Julius C. Furthman wrote the scenario, which is founded on the novel by Ridgwell Cullum, the celebrated writer of Western stories.

Mr. Russell's support includes such well-known players as the beautiful Louise Lovely, E. A. Warren, Bill Ryno, Henry J. Hebert and Joe Bay.

VARIETY

Douglas Fairbanks will be seen as a dyed-in-the-wool Greenwich Village in his new production, "The Nut," now showing at the Variety Theatre. The young fellow whose hobby is invention, he adopts all the eccentricities and Bohemianism attributed to the people of this famous quarter.

The incorporation of a number of clever novelty features make this vehicle different from any other. The outstanding element in the picture is the remarkable love story that runs through it. As a wealthy young fellow with a hobby for invention, the hero falls so desperately in love with a girl that he really touches her heart with the mishaps he encounters in his efforts to win favor in her eyes. Everything happens to him from losing his clothes to being suspected of murder. How he at last works out his problem furnishes one of the most remarkable endings ever presented, and for that reason the theatre management believes the public will be nutty about "The Nut."

CAPITOL

"Two Weeks With Pay," the latest Bebe Daniels picture, which came to town last night for a week's run at the Capitol Theatre, is the sprightly tale of a working girl's vacation. Miss Daniels is seen in a dual role, that of the little salesgirl and a famous film actress for whom she is mistaken. But it is in the adventures of Pansy, the salesgirl, that the audience is interested.

It would be awfully hard on the store keepers and office executives of the land if all vacations ended so triumphantly for the girls and so badly for business as did Pansy's little two weeks. But from Pansy's standpoint, her vacation was a huge success, even though it started rather inauspiciously in a mud puddle.

PRINCESS

"The Girl of the Golden West" a bright beautiful comedy drama full of adventure and romance, and with the company doing its best work the production will be mounted in excellent fashion, and with all that time and careful attention can do to make it a complete success.

Miss Page has in the part of "the girl" as especially good acting part which cannot fail to appeal to the hearts of all her friends. Mr. Coots as the "road agent" will also be seen to advantage, and Byron Alden as the sheriff has another dandy acting part well suited to him. Lee Jaxon and Jimsey Mullaly are to be seen in some comedy love scenes which are very sure to make a hit. Miss Dooley will be in the cast this week and Miss Dean, Mr. Elton and Mr. Thom are also playing good parts.

Do not forget the children's contest, "Beans in a Jar." See them in Hibben's window on Government Street, and send your guests in party.

"The Girl of the Golden West" will begin to-morrow night and continue the balance of the week, with a matinee on Saturday.

MADMOISELLE OF ARMENTIERES.

Canada is rapidly coming to the front as a theatrical producing country and no entertainment coming from abroad is more worthy of patronage than "Mademoiselle of Armentieres" which is an all-Canadian attraction, written, organized, equipped, financed and acted by Canadians. Each and every one of the members of the company having seen service in the Canadian Army in France, the length of each man's service averaging two years and over.

"Mademoiselle of Armentieres" or "P. B. I." as the production is perhaps better known by, will appear here at the Royal Victoria for two days, starting next Monday, and to all those who have not seen this popular soldier play a most enjoyable and happy entertainment is assured.

What Navy League Does In Canada For Growth of National Consciousness

Below is reproduced an article prepared by Aemilius Jarvis, Dominion president of the Navy League of Canada, addressed to the members of the Navy League throughout the country, respecting the league's future work and lines of activity.

It has been prepared following a conversation which Mr. Jarvis had with President E. W. Beatty, of the Canadian Pacific Railway, while in Halifax recently. This written statement sets out in detail the points of the conversation.

A glance at the constitution of the Navy League shows that the League was established primarily for the following objects:

1. Relief work among the sailors and their dependents.
2. Sailors' Institute work.
3. Boys' Naval Brigade work.
4. Education and propaganda work with the object of creating in Canada a sea-conscious spirit.

It was probably inevitable that, under the stress of war conditions, emphasis should have been placed on the first three of these objects. This was natural, and a glance at the following short summary under each heading will show how the League has discharged its stewardship.

Relief.

The relief work of the League is now fairly well crystallized. Practically all the applications are now in that can be submitted from dependents of merchant seamen who were killed on war work. The fund out of which pensions to these are being paid may require augmentation at some future date. At present the capital is being slowly depleted as the interest is not quite sufficient to cover the monthly pension fund, but it is anticipated that some of the pensions will lapse.

Temporary relief from time to time to sailors of all sorts who are in need will be a constant problem, but it is one which should come under provincial jurisdiction—purely in all these cases the need is usually urgent, and does not permit of the matter being taken up by correspondence with Dominion headquarters.

Institutes.

The Institute problem is well in hand. The League promised the parents of the boys we are training that conditions into which they are asked to send their boys should be made as favorable as the rigorous life of a sailor can be made.

In all of Canada's representative ports, in both salt and fresh water, institutes are being operated. Those that were firmly established have been endowed and assisted. In ports where no accommodation, or only inadequate accommodation, could be had the League has erected, remodelled or otherwise established adequate sailors' hostels.

The initial cost of establishing these in Canadian ports was very heavy, but generous support has practically eliminated the problems of establishment. There remains the responsibility of their maintenance. This should not be heavy when the work is properly systematized. In a number of ports the local interest and the revenues from the Institutes themselves should render them self-supporting. Where this is insufficient the League must face the burden of any deficit.

Boys' Naval Brigades

The Boys' Naval Brigades work of the League has a two-fold value:

1. Creating a sea-trained personnel in Canada so that on short notice merchant ships can be manned, and from which our Naval Volunteer Reserve can be drawn in times of national crisis.
2. Their educational value is spreading a sea-conscious spirit in the communities in which they are training, often a great many miles from the sea.

The League is training at the present time approximately 2,000 boys from coast to coast. This number it is estimated is insufficient for present contingent needs.

Apart from training ships, the cost of training a boy in the Boys' Naval Brigade is about \$50 per year per boy, requiring \$120,000 per year for the maintenance of our brigades at their present strength.

The question of training ships is felt to be one that should have the cooperation with Dominion headquarters.

Importance of Sea Power.

As sea power has been the predominant principle in our empire building, so an organization whose responsibility it is to stress sea power must play a predominant part in empire education. We need a strong social and commercial bond. The Navy League must solve that need. We need an organization that will contain within itself as much as possible all those things that are necessary to civilization.

We wish to have in the Navy League the very heart of the loyalty of the people. We must stand on guard against the attacks of sedition-mongers of every kind and description, so that it should be made a dangerous thing for a man to be

peril unity desire to express themselves positively and not merely negatively.

This significance of the Navy League is pertinent because we are part of an island empire. The foundation principle underlying all British institutions, whether commercial or otherwise, is the principle of sea power. Other nations in the medieval melting pot had an equal chance for world empire. Some had a better chance. Britain recognized, achieved and held the power of the sea and has maintained ever since a guiding control in the world's destinies.

With this secret as the basis of Empire the Navy League comes to Canadians not as a mere passive society charged with the welfare of

HEALTH MESSAGE TO THE WORLD

Take "Fruit-a-lives" And Make Yourself Well

"Fruit-a-lives," the marvellous medicine made from fruit juices and tonics, is the most beneficial medicinal agent that has ever been given to mankind.

Just as oranges, apples, figs and prunes are nature's own medicine, so "Fruit-a-lives"—made from these fruit juices—but concentrated and intensified—in the greatest Stomach and Liver Medicine, the greatest Kidney and Bladder Medicine—the greatest Blood Purifier—the greatest remedy for Headaches, Constipation, Indigestion, Nervousness and Bad Complexion—in the world.

To be well, take "Fruit-a-lives." 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

known as a disloyal citizen. Membership in the Navy League should proclaim to the world that the member has taken his or her stand on the side of right, liberty and justice, which things have been made possible to the world by the British traditions of the sea.

The Navy League is passing through a crisis. In this we are but a reflection of the country at large. The special enthusiasm of the war is gone and exhaustion has come in its stead. The sense of individual responsibility to one's country, which flares up into a consuming passion in times of crisis, grows cold without a crisis to stimulate it. We forget that steady and consistent regard for our citizenship responsibilities during times of peace would to a large extent prevent these devastating crises with their loss of manhood and national energy.

Vision Wanted

We should have a vision to correspond with our geographical immensity and our wonderful natural resources, and a national spirit as strong in peace as in war. We have

not lacked the moral courage necessary to win great triumphs in war. We must not fail in the greater moral courage necessary to win the greater battles of peace.

British history presents to us as empire builders a long succession of pioneers in locomotion and transportation. Progress has not been limited to one generation or one century. There is a world of difference between the medieval cathedrals that Europe has bequeathed to the world and the modern system of locomotion. But they have this in common: No man's name has been linked with their achievement; they are the work of generations.

Pioneer work of the spectacular kind should be no longer necessary to promote the growth of our mercantile marine, but there is a world of equal importance to be done. There is the need to drive home to thinking men and women the necessity to foster and develop the waterborne facilities of the Dominion, so that our Merchant Marine shall balance our splendid railroad system.

Making of Great Nation.

According to Bacon, "three things are necessary to make a nation great and prosperous:

1. Fertile soil.
2. Busy workshops.
3. Easy conveyance of men and commodities from place to place.

The first of these is a gift of Providence. The second depends directly upon the last, and in its development we have to recognize that the railroad system can only be one-sided. In the Canadian Pacific Railway policy this weakness was overcome by the Canadian Pacific Ocean Services. Our transportation system to be adequate must enable us to trade beyond the confines of our own borders, since no nation can become great on a policy of internal trade. Without ships a nation gains only one-half of its natural profits.

There probably has never been a time in history when conditions were more unsettled or the future more uncertain. Talk as we may, our modern social systems from finance to religion are on the defensive; and it seems to be in the nature of things that offensive movements attract more readily than defensive. Hard though the saying is, a nation will arrive ultimately exactly where its past decrees it should arrive.

No Royal Road.

There is no royal road to leadership among nations any more than there is a royal road to leadership among men. Great Britain won her right to leadership in world affairs in the hard, bitter school of experience. Her existence to-day at the head of world matters is the best possible proof we now have that our empire building has been founded upon basic truths.

To-day we are being urged to lay open our rich store of experience, our treasure houses of political, constitutional and industrial achievements, with prodigal hospitality for the enjoyment of strangers and foreigners. We are asked to assume

RAILWAY BOARD OF CONCILIATION

Ottawa, Sept. 13.—(Canadian Press)—Isaac Pitblado, K. C., Winnipeg, has been appointed by the Minister of Labor to act for the railway companies on the board of conciliation which is to settle the dispute with regard to wages. Mr. Pitblado will confer with David Campbell barrister, also of Winnipeg, the nominee for the employees, with a view to agreeing upon a chairman. If the decision is not made within five days, the appointment will be made by the Minister of Labor.

HIS DEATH WARRANT.

"John," said Mrs. Brown, sitting up suddenly in bed, "there's a burglar in the place."

"Nonsense!" replied her husband growling.

"I'm quite right," she returned. "I can hear him distinctly crossing the floor of the room below. Now—excitedly—he's lighting one of those cigars I gave you for your birthday. I heard him pick up the box and put it down again."

"Then John sat up and listened.

"By love, Mary, you're right!" he answered. "He is! He's actually smoking one of those—er—those cigars."

Then he nestled once more comfortably beneath the blankets.

"Go to sleep again, Mary," he said complacently. "We'll find the poor wretch in the morning."

Victoria Daily Times
TUESDAY, SEPTEMBER 13, 1921.

CONFERENCE DELEGATES.

Lord Northcliffe has expressed his dismay to the people of Australia over the fact that neither it nor its sister Dominion of New Zealand will be represented at the forthcoming conference at Washington.

MOTOR ACCIDENTS.

According to a recent publication of statistics there were no fewer than twelve thousand fatalities in the United States last year accountable to automobile accidents.

THAT EMBARGO.

Although it may be some time before the report of the Royal Commission is made public it is gratifying to observe that Dr. Tolmie is of the opinion that the British embargo on Canadian cattle will be removed as a result of the recent inquiry by Lord Finlay and his associates.

NIPPED IN THE BUD.

Irrespective of the outcome of the little war that is going on between the Nationalist Forces of Turkey and the armies of King Constantine it can be expected that Mustapha Kemal Pasha will seize every opportunity to give the Allied officers in Constantinople as much trouble as he can.

ECHOES OF AGADIR.

While the interest of this country in the Spanish-Moroccan imbroglio may be of a very detached variety the trouble in question provides echoes of Algeria and Agadir.

NOTE AND COMMENT

Coal Mines in the Newcastle district are closing down owing to the lack of foreign trade.

The Swiss Federal Council has accorded extra-territorial rights to former Emperor Charles of Hungary whereby he will be exempt from taxation.

Can Lord Northcliffe's speech in Melbourne be interpreted as a bid for the Antipodean representation at the Washington Conference? He has promised to place the case of the two Dominions before the people of the United States.

NATIONAL LIBERAL COMMITTEE TO-DAY IS STARTING CAMPAIGN

No Announcement. Ottawa, Sept. 13.—(Canadian Press)—Premier Meighen had nothing to announce in regard to cabinet reorganization or appointments to-day.

Manitoba Farmers. Winnipeg, Sept. 12.—No action has been taken by the United Farmers of Manitoba in the direction of formal co-operation with Labor in the Federal election.

Manitoba Farmers. Winnipeg, Sept. 12.—No action has been taken by the United Farmers of Manitoba in the direction of formal co-operation with Labor in the Federal election.

POLITICS 1,250,000 New Voters. Women and Old Parties. Few Speaking Tours. Front Porch Campaigns Best. Printers' Ink Effective.

Canadian political parties are beginning to cultivate sedulously the women voters of the country, of whom it is estimated 1,250,000 have been added to the lists.

The Montreal Gazette points out that already the Prime Minister has promised that if his Government be returned to power he will have the British North America Act so amended that women can be nominated for the Senate.

Our women voters will be influenced by moral considerations, although in the United States it has been found that women voters are not unwilling to back the old parties for the sake of political favor in the form of good jobs.

Those who are interested in better citizenship are hopeful that moral and uplifting influences will mark the casting of the vote by the element in our population which must always be on the side of the angels.

Premier Meighen says that he will make a Coast-to-Coast speaking tour despite the fact that nation-wide personal stumping by political leaders is going out of fashion and favor.

In the old days, before news papers had achieved wide circulation and the "movie" had begun to reproduce before the million sights and spectacles as they occurred, national speaking tours by political leaders were a necessity.

In the last three presidential campaigns in the United States, the successful candidate was the man who did not make a country-wide speaking tour, but left publicity work largely to his organization and contented himself with issuing a few considered statements to delegations which called upon him.

President Wilson won both his election campaigns by that method, and the famous "front porch" campaign of President Harding is well remembered.

In the second campaign of President Wilson, his opponent, Mr. Justice Hughes, now Secretary of State in the Harding Cabinet, engaged upon one of the longest speaking tours in American history.

Hughes ranged the country from side to side. He might better have stayed at home for, while he is a compelling speaker—somewhat after the manner of our own Sir George E. Foster—it was during his visit to California that he ran foul of Senator Hiram Johnson of that State and thus wrecked his campaign.

The snub administered by Hughes to Johnson resulted in such a poor Republican vote in California that the west lifted Wilson back into the White House. Had Hughes not been so energetic, Republican harmony might have been retained.

The Toronto Telegram says that the habit has grown in recent years of using national advertising campaigns to "put across" political arguments.

The advertising columns of the daily newspapers are called into service because of the great audience reached in this way, an audience accustomed to following press advertising, but little given to paying attention to the pamphlets and statements to which political publicity was formerly confined.

picture show and the motor car are deadly. The psychology of the nation is much more intensive than it used to be. The people are liable to sudden changes of sentiment in a sense never demonstrated before.

ACQUITTAL OF BOTH COMMISSIONERS PLEAS ENTHUSIASTIC CROWD

Chief Fry stated he had wanted to arrest Bo but that he was told not to, the Commissioners wanting to wait and secure all the operators of the houses and charge the bribery.

His Honor Judge Lampman interposed. "It must be shown some crime was committed before anyone could be charged with failing to prevent crime or to procure any such omission," he stated.

There may be some charge of inciting men to commit crime, but that is not the charge here, and there is no evidence that proves the present charge. I could not make out what the crime was when the case was in the police court, and there has been nothing new brought up here.

SAYS WITNESS CHANGE TESTIMONY

"Mrs. Sidi Spreckles, former wife of John D. Spreckles, Jr., told men in a conversation over the long distance telephone that when Virginia did not think she was going to die she kept repeating to her: 'Don't let Henry. To me his meaning meant that here he had done her best to defeat the attempt made by Arbuclike and had failed. She did not want me to know because she knew I would do it.'"

Lehrman said Mrs. Maude Belmont, who went with Miss Rappe to Arbuclike's suite, had telephoned him that she had gone because Miss Rappe, having been invited to the party, did not trust Arbuclike and wished her to go along with her.

"After we got to the suite and had a few drinks, Arbuclike jumped up and seized Miss Rappe."

"Miss Rappe never went out on moving picture studio parties," said Mr. Lehrman. "She was never invited to her life. She didn't like to drink. It made her sick."

Lehrman wired Mrs. Belmont, friend of Miss Rappe, to have Miss Rappe's body shipped to Los Angeles for burial. Miss Rappe, with an aunt, had been living at Lehrman's Los Angeles residence for several months. During that time Lehrman was in New York.

Lehrman, when interviewed, wore a pair of cuff buttons presented to him by Miss Rappe with his inscription: "To Henry, my first and last sacred love, Virginia."

Production of a picture in which he is directing Owen Moore at Great Neck, L. I. prevents Lehrman from journeying to the Pacific Coast to lead the fight against the liquor tax. In this case, Mrs. Maude Belmont, he said, would assume the lead in assisting the state.

Only With the Edison Is This Possible

No other photograph can stand the acid test of direct comparison with the living artist. No other photograph has even attempted it.

KENT'S EDISON STORE Phone 3440 1004 Government St.

Ozone is decidedly the most important element in tissue building. The function of breathing is the most intensely vital of all bodily functions.

age 34; height five feet, ten inches; complexion ruddy; hair light brown; inclined to be stout.

"Yes," Arbuclike permitted the flicker of a smile to lighten his dolorous expression. "Yes, a little corpulent. Weight 265," he said.

Born in Chicago. Miss Rappe, who was 25 and a native of Chicago, had been prominent on the stage and as a model since 1912.

In 1915 she started Paris by appearing on the streets with fur anklets, pink pantalettes showing below skirts and carrying armfuls of fruit instead of flowers.

Her parents are dead. She lived in Los Angeles.

Arbuclike spent yesterday afternoon at a coroner's inquest in San Francisco in the death of Miss Virginia Rappe.

He spent last night in a jail cell. Mrs. Belmont did not testify at the opening session of the inquest, the district attorney saying that her appearance previous to the grand jury session would handicap the authorities.

have been shipping cattle across the line either way free of duty. Now the United States has put a duty of 30 per cent. on cattle, and Canada has cancelled its free import regulation.

Besides the 30 per cent. duty imposed by United States, Canadian farmers are faced with the lowest prices on beef cattle since 1914. Last year 325,000 head of cattle were exported to the United States and the year before, 599,000 head.

Expect End of Embargo. The situation has been made worse by the scarcity of feed in the Maritime Provinces, parts of Quebec and Ontario.

It is also likely that the British Government will remove the embargo on Canadian cattle as a result of the recent visit to London of Premier Meighen and himself, Dr. Tolmie said. The commission will issue its report before long.

Plans to Help Canadian stockmen by an increase in the consumption of meat by the people of this country were discussed at a meeting in Toronto last Wednesday between Dr. Tolmie and packers. It was estimated that if each person in the country could be induced to eat just a small fraction more meat every day, there would be a market for 175,000 more cattle at home every year.

SHANTUNG TERMS ARE MADE PUBLIC

ties relating to the leased territory of Kiaochow (Japan), under this, would relinquish rights acquired under 1915, 1917 and 1918 agreements.

"Preferential rights in the Kaohsu-Hsueh-Tehr and the Chefoo-Weishan railways shall be transferred by Japan to the joint management of the new banking consortium. (These are projected railways).

"The Tsing-Tau customs shall be recognized as part of the Chinese customs in the same manner as during the German regime.

Public Works. "Regarding the disposal of public buildings and properties, the principle is recognized that these are relinquished to China, but a mutual agreement shall be entered into for the future maintenance of all public works."

"Details for the carrying out of the above provisions and other matters relating thereto shall be further settled by delegates appointed by the Chinese and Japanese Governments."

"When the Chinese Government gives public notice of the formation of a special police force to guard the Kiaochow-Tsinan railway, the Japanese Government shall announce immediately the withdrawal of its troops and transfer responsibility for the protection of the railway to China."

BENGER'S Food

It gives digestive rest with full nourishment and doctors agree that this in itself is one of the finest nerve restoratives.

Benger's is the Food that is always made with fresh milk, which it greatly enriches and changes into a delicious food cream. While being so highly nutritious that athletes train upon it, Benger's is so delicate that it will not disagree with the most sensitive stomach.

Benger's Food is obtainable from all Chemists, Stores and Dealers. POST FREE.—The booklet of Benger's Food contains a variety of dainty recipes for sick persons. Every household with an invalid should write for a copy to BENER'S FOOD, LTD., 25, Abchurch Lane, LONDON, E.C. 4, ENGLAND. Branch Offices: NEW YORK, U.S.A., 97, Beekman Street. STURBEY, N.S.W., 117, Pitt Street.

To Speak Sunday.—Representing the Victoria Presbyterian, Mrs. A. D. MacKay, of Winnipeg, Manitoba, and experienced and effective speaker, will address the congregation of St. Paul's Presbyterian Church, Victoria, West, next Sunday morning at 11 o'clock. This service will be of special interest to the women of the church.

Guild of Health.—Rev. T. E. Rowe will lecture on Divine Healing in the Cathedral Schoolroom on Wednesday evening at eight o'clock. Mr. Rowe will be in the schoolroom for consultation on Wednesday morning from 10.30 to 12 o'clock.

Women Endorse Stand Taken by Commissioners

Local Council "Appreciates Efforts to Enforce Laws," High Price of Milk Again Discussed.

That this Council appreciates the efforts made by the Police Commissioners towards the enforcement of the law in this city was the wording of a resolution passed unanimously at yesterday's meeting of the Local Council of Women, which resumed its sessions after the two months' vacation. Miss Crease presided and there was a fair attendance of members.

The discussion brought to light many interesting views, and while the meeting was unanimously in favor of the stand taken by the Police Commissioners in their efforts to quell the alleged evils existing in Chinatown, there was a pronounced feeling that efforts should also be directed against the gambling indulged in by Occidentals in the form of poker and bridge parties for money stakes. The speaker who introduced the subject emphasized the need which exists for women to take a stand on the subject of the Police Commissioners' work, and deprecated the prevailing attitude of citizens of the city as "dirty business. We will stand aside."

The sentiment of the meeting was finally crystallized into the resolution set out above.

Want Special Classes Continued.

The Council's long-standing interest in the special classes of the city schools found expression in the discussion which followed the announcement of Miss Winn's resignation and pending departure for France. Much regret was expressed at the loss of the city's educational service, by Miss Winn's departure, and the Council decided to support the Women's University Club in its effort to carry on the special classes before the school board to urge that the work of the special classes be carried on under competent expert direction, and that the mental tests be continued in the schools as under Miss Winn's regime.

Mr. W. de Macedo has returned from Yakima, Wash., where he spent the Summer with the U. S. Bureau of Entomology, working on "Coddling Moth" investigations. He will spend a short vacation here before returning to Oregon Agricultural College, where he has been lately appointed an instructor in English, and also an assistant editor of the monthly college magazine, The Oregon Countryman.

Forty-seven entries for the Nurses' Training Classes will take the Autumn lecture course which commences at the Provincial Royal Jubilee on Thursday of this week. Of the number twenty-seven are Victoria girls while others come from Nelson, Ladysmith, Vernon, Kelowna, Armstrong, Alton, Arm, Peachland, Trail, Fort William, Ont., Wilmer, Kamloops, Sidney, Union Bay, Kemptville, Ont., Portage la Prairie, Winnipeg, Saskatchewan, Regina, Duncan and Nanaimo.

The complete course is as follows: Children's Diseases and Infant Feeding—Dr. Wasson. General Surgery—Dr. George Hall. Abdominal Surgery—Dr. H. E. Ridewood. Mental Diseases—Dr. Ernest Hall. Anatomy—Dr. J. F. Grant. Pathology, Bacteriology and Pathological Anatomy—Dr. W. Walker. Medicine—Dr. D. M. Bailey. Pediatrics—Dr. R. Bryant. Surgical Technique—Dr. Bryant. Gynecology—Dr. Lewellyn Jones. Physiology—Dr. Miller. Materia Medica—Dr. J. W. Lennon. Obstetrics—Dr. Forrest Leader. Infectious Diseases—Dr. A. G. Rice. Eye, Ear, Nose and Throat—Dr. M. J. Keyes. Solutions and Percentages—Mr. T. W. Hall, druggist. Dietetics—Miss Baker (Grad. Worcester, Mass., and Johns Hopkins Hospital). Instructors of probationers—Miss L. Gregory Allen. Massage—Miss Jones.

Agnes Deans Cameron Chapter.—Mrs. L. H. Hardie, the regent, presided at yesterday's meeting of the Agnes Deans Cameron Chapter. It was decided to present a picture of the King and the "Burial of an Unknown Warrior" to the South Park School on Armistice Day. The Chapter has decided not to undertake the refreshment room at the Fall Fair this year, but will work instead towards a sale of work to be held in the early Fall. To this end sewing meetings will be held at the homes of the various members. Mrs. David Miller has generously offered her home for a silver tea on September 27. Much regret was expressed over the resignation of Mrs. J. H. Macfarlane, educational secretary, who is leaving the city. The Chapter voted a donation to the Boy Scouts.

Marquette Chapter Busy.—Three new members were enrolled at the meeting of the Marquette Chapter, I. O. D. E., held yesterday afternoon at the home of the regent, Mrs. Edward H. King, with seventeen members present. The Chapter has decided to change the hour of its meeting to 7.45 on the first Monday in each month. We planned for the Winter will include the provision of milk for the children of the special class, for which the Chapter will lay aside \$100 per month. To raise the funds necessary for the carrying out of this work, the Chapter will hold a series of monthly card parties during the Winter the first of which will be held at the home of Mrs. Burrell, 845 Bay Avenue, on October 1. The members voted a donation to the field day of the Boy Scouts on Saturday.

Youngster began running around the barn chasing a rat. When he got behind the barn he forgot all about the rat, for there, looking at him from behind a barrel, he saw a strange dog. Youngster barked.

"Hush! I know where there is a bone," whispered the stranger. "Come over here."

Youngster wagged his tail in a very friendly manner and ran up to the stranger. "Where is it?" he asked, thinking the newcomer was a most generous fellow.

"Right under that pile of grass and leaves and twigs," was the answer. "You will have to walk right on it and paw it over, but it is under there somewhere, I feel sure."

Youngster did not wait to hear any more. He ran straight to the heap and began pawing, while the stranger looked on with great interest, for it was Mr. Fox, you see, and he wanted to find out for sure if there was a trap set for him, and if so he must go around the other way that night when he came to call.

Youngster had not pawed long before something snapped and held him fast by one front paw, and it hurt so that Youngster's cries must have been heard for a long distance.

"Just as I suspected," said Mr. Fox, with a bound he was off, for Mrs. Old Dog and all the hens and chickens and Mr. Rooster came running around the barn to see what in the world had happened.

The master came, too, and he opened the cruel trap and set Youngster free, but the paw was very painful for some time, and while he sat in the sun holding it up, his mother told him many things about the world that tourists are bound to appreciate," contributed Mrs. Shippam.

Not Exceeded By Rockies.

"While there are higher peaks in the Rockies than you have adjacent to you, the country from which the rise is also higher. Relatively you peaks in the Selkirk are just as high as those in the Rockies, for they are just as attractive as famous peaks in the Rockies. Do not let anyone belittle them."

Dr. Best has had four seasons of mountain climbing in Canada, and Mrs. Shippam has had two. Both also have pursued this exhilarating pastime in both the United States and Alaska, and are also familiar with the Swiss Alps. While the United States boasts many organizations that are addicted to the mountaineering it has no Alpine club of its own, and when these visitors get back to Minneapolis they will take up the organizing of a branch of the Mountaineering Club of Canada. New York is the only state at present with such a branch.

Next year these visitors will come back with reinforcements, and will play among the crags and glaciers of what may by that time be called Kakanee park.

Says Nelson Needs Jolt.

"You have the nucleus of a very important organization in your Kakanee Mountaineering Club," declares Dr. Best. "The people of Nelson should join it en masse, both for the benefit they will gain from following the cult of the great outdoors and in order to give it support, for the results of its endeavors will be very far reaching. Make no mistake about this—the time will come when great numbers of tourists will come here especially to see the mountaineering attractions and the people of Nelson can considerably hasten or retard the arrival of that day."

Are Naturalists.

Persons so conversant with the outdoors could not help but be naturalists. The two women, for instance, have a hobby for studying birds, and in many cases have spent hours in getting one photograph of nestlings. Dr. Best is also an authority on mushrooms, and belongs to a university society, the students of which have gathered several specimens of the ink-y-top Coprinus, a relative of the Shaggy-Mans Coprinus, growing on the Grand Road. For many years he commanded her interest, particularly crustaceans of the Cambrian period which she has found in the Rockies. These pebbles of hers are from three to six million years old. She and her husband are both physicians and specialists in the treatment of her anastomosis were doctors. After giving up active practice, which was unnecessary in her case, she devoted five years to voluntary practice among the poor, as a memorial to her mother.

WOMEN CLIMB TO KOKANEE HEIGHTS

Have Visited Lofty Peaks in Interior

Dr. Cora J. Best, of Minneapolis, retired physician, writer, lecturer and mountain climber, who was one of the members of the Kakanee Mountaineering Club's expedition to the glaciers accompanied by Mrs. Audrey F. Shippam, of Ann Arbor, Mich., wife of Major Shippam, of the United States coast artillery, have been interviewed by The Nelson News. Mrs. Shippam is an artist, with both brush and camera, pursuing these activities in pastime, and such glimpses of the glorious Kokanee ice field as she was able to obtain on the recent trip will be preserved in permanent and artistic form.

"We are very enthusiastic over your magnificent peaks, the immense glacier that we visited, your beautiful lakes and the many wonderful vistas that tourists are bound to appreciate," contributed Mrs. Shippam.

FOR CHILDREN THE SANDMAN STORY FOR TONIGHT

YOUNGSTER'S LESSON

Youngster wasn't a little puppy. He was past that age, but still he was a young dog and had many things to learn. Mrs. Old Dog, his mother, tried her best to teach Youngster the things that a useful dog should know, but Youngster thought he knew enough.

If his mother told him not to run after the master when he started off with a gun he did not pay any attention, and often got a whipping from the master for not going back when he told him to.

Then, too, Youngster would jump up on folks when they came to the farm, and Mrs. Old Dog told him many times never to make friends with strangers, and besides with your own friends it was very bad manners indeed to jump and put muddy paws on people's clothes.

One day his mother told him that he must be very careful not to go back of the barn, for the Master had placed a trap there for Mr. Fox to step on when he came to visit the barnyard.

But Youngster let this advice go in one ear and out of the other, as he did much of the other warnings that his mother gave. He began to play and forget all about it.

Youngster had heard a great deal about Mr. Fox, but no one had said how he looked. He thought of course he would know this bad fellow when he met him, and of course, Youngster intended to catch him and show his mother and the master how smart he was in spite of all they said about him—that he was a silly puppy and did not seem to learn a thing.

It was late in the afternoon one day when his mother was sipping as usual and some of the hens were sitting under bushes in the shade that

Hudson's Bay to Have Prominent Men at Opening

E. W. Beatty, K. C., president of the Canadian Pacific Railway, and other prominent C. P. R. officials, together with Sir Augustus Nanton, a director of the Hudson's Bay Company, and chairman of its Canadian advisory committee, Lieutenant Governor Walter C. Nichol, Mayor R. J. Porter and others will be present at an opening luncheon to be given Monday by the Hudson's Bay Company in their splendid restaurant which will form one of the big features of the new building on Douglas Street, according to an announcement by Herbert E. Burbridge.

Messrs. Gibson and Braidwood, assistant stores commissioners, will also attend.

WE SHOULD THINK OF OTHERS

Hub: "That Mrs. Gaussip asked me if I'd heard what old Baga said to me, and I told her I hadn't and I didn't want to hear."

Wife: "Aren't you just a trifle selfish, dear? Think what a pleasure it would have been to her to tell"

The Woman Hater. By RUBY M. AYRES. Author of "The One Who Ferret," "The Phantom Lover," "A Bachelor Husband," etc. CHAPTER V. As soon as he had spoken, Greyson realized that he had made a mistake.

THREE FOLD VIEW OF HIGH SCHOOL Functions Described to Parent-Teachers' Association. Mrs. Angus Galbraith gave an interesting talk to the High School Parent-Teachers' Association on Friday evening.

Adolescent Age. "As parents we have full control of our children until they go to school, and while they are attending the public school we have with the teacher full control, but when our children enter high school they are looked upon no longer as children, but as young men and women, and as such are thrown more or less on their own resources."

Dancing. "As to dancing, I would not condemn it altogether in the school, if not carried to excess, but when it interferes with the pupils and their studies it causes trouble between the parent and pupil and teacher and pupil."

PAINFUL DIARRHOEA CRAMPS IN STOMACH. Mr. Fred Funston, Craik, Sask., writes: "A year ago last harvest I was taken with a sudden attack of diarrhoea which completely laid me out, and in a few hours I had to quit work."

Blue Ribbon Tea. For a moment it seemed as if she was going to deny it. Then all at once she laughed. "Yes, I did. I knew you would be surprised."

or woman entering this institution should be made conversant with the rules that exist; and that every pupil should cultivate a progressive measure of self-government, following which obedience and truth should never be lacking.

Sensible Dress. "See to it mothers that your daughter is sensibly dressed, avoid the Georgette blouses and silk skirt silk hose and high heeled pumps, let them be a thing of the past in school life."

Appeal to Boys. "Fathers, see to it that your sons are neatly and well clothed, but avoid extravagant suits, silk shirts, and silk collars, they cause dissatisfaction in the heart of the poorer boy."

Vancouver Island News PREMIER VISITS COBBLE HILL SHOW. Fine Exhibit Under Auspices of Shawigan Farmers' Institute.

Cobble Hill, Sept. 11.—The Cobble Hill Fall Fair on Saturday, under the management of the Shawigan Farmers' Institute, was opened by the Hon. John Oliver. Other speakers were Kenneth Duncan, M.P.P., and C. E. Whitney.

Local Golfers May Go After the Punch Bowl

Victoria Golf Club Trying to Secure Team of Eight Men to Visit Portland Next Month—Annual Match Will Be Very Good This Year

It is quite possible that Victoria will be represented in the famous Punch Bowl Golf competition which is to be staged at the Waverley Country Club links, Portland, on October 8.

A. V. Macan, captain of the Victoria Golf Club, is trying to secure a team of eight golfers to make the trip. As yet Victoria has never achieved the honor of winning the trophy, and very seldom has entered a team. It is hoped, however, that a strong eight will be sent to Portland next month in an effort to lift the bowl.

The Conditions.

The conditions of play, briefly, call for eight-man teams from the respective clubs of the Pacific Northwest Golf Association to play 36 holes scratch play against bogey. The low aggregate score wins the trophy for the club. Three wins—not necessarily consecutive—are required for the bowl to pass to the permanent possession of a club.

The punch bowl play is considered by the majority of golfers of the district the best test of club golfing strength ever conceived. No comparisons are possible in 29-man team matches, where only old rivalries are fought out, and even the four-man team match for the Davis Cup is strictly a test for the experts of the respective clubs.

Waverley, from a sentimental standpoint, is entitled to win the bowl and started the thing going. However, there will be enough other high class teams at Portland October 8 who will lay sentiment aside when they tackle bogey.

Waverley put up the first bowl and Seattle Golf Club won it. Then Seattle put up a bowl and Vancouver Golf and Country Club won it. Then Vancouver put up a bowl and Seattle won the first leg on it at the Burnaby links and took it home, only to lose it the next year to Waverley. Then Waverley successfully defended it last year on its home links, thus registering its second win. One more win and it is Waverley's, and then Waverley will have to put up another bowl.

Waverley Hopes to Win.

From what was said last year, after they had registered a second victory for the bowl, it appears they rather fancy the idea of buying the fourth bowl—the second for them. Furthermore, they rather fancy their chances, too.

On the other hand, Sam Russell, captain of the Seattle Golf Club, remarked the other day that he expects to put into the field on October 8 the strongest eight-man team that has ever scrapped for the punch bowl. It was not strong last year.

All golf clubs of the P. N. G. A. are urged to have an eight-man team ready for the punch bowl. Aside from the fine golf promised, Waverley is famous for its hospitality.

TENNIS TOURNAMENT AT VICTORIA COURTS

The Victoria Lawn Tennis Club, taking advantage of the splendid weather for the grass court game, has organized an American tournament which will commence to-morrow afternoon. Entries have been received to make three divisions, two of mixed doubles and one of ladies' doubles. The following are the pairs in the various divisions:

- Division A.
Mrs. Meredith and J. Hutchinson.
Miss Lawson and H. E. Mogg.
Miss M. Leeming and T. H. Leeming.
Miss Barton and H. T. Matson.
Mrs. Vickery and J. S. Proctor.
Mrs. Unsworth and J. Cunningham.
Miss M. Mason and P. Vickers.
Mrs. T. H. Leeming and A. W. Idiens.
- Division B.
Mrs. H. B. Mogg and W. H. Cartwright.
Miss Peeg and J. Edwards.
Mrs. Rickaby and G. L. Foulkes.
Miss Watson and H. S. Beckton.
Miss Wright and C. N. Milligan.
Miss McNeill and A. F. Mitchell.
Miss Clarke and G. J. Stannier.
Miss Mason and G. Cunningham.
- Ladies' Division.
Mrs. Hickins and Miss Hodgins.
Miss Cony and Miss McCulloch.
Mrs. Sharp and Miss Archibald.
Mrs. Sayer and Mrs. Beckton.
Miss Fulton and Miss Douglas.
Miss Swan and Miss Alexander.
Miss H. Leeming and Mrs. P. N. A. Smith.

All the above named players are requested to be at the courts to-morrow at 8 o'clock, ready to play.

Times Latest Sporting News

BURNS IS A REAL TOUGH SCRAPPER

Has Never Been Knocked Off His Feet in Over 70 Battles; Has Met Big Men

Has Started Hard Training for His Bout Here With Charlie Martin Next Week

Charlie Burns, ex-lightweight champion of Canada, who has sought vainly for over a year to induce the present holder of the title, Clonie Tait, to meet him. Burns is admittedly the toughest lightweight ever known in this country. It was said of him in Australia that he would break the heart of the average lightweight because it took the punch of a welter to make any impression on him. Burns fights here a week from Wednesday as a headliner in the Veterans of France tournament and from him Burns got the idea of body-fighting.

Whatever truth there may be in that opinion, it is a fact that Burns not only has never been knocked out, but he has never even been knocked off his feet. His capacity to assimilate punishment is remarkable. Charlie has taken part in over seventy battles since he became a professional, fighting lightweights, welter and middleweights. He was a protégé of Battling Nelson, one of the greatest lightweights the world has ever known. Burns is a human torpedo who rushed at his opponents, simply demolishing them by the whirlwind fury of his attack. From him Burns enjoyed many a lesson and from him Burns got the idea of body-fighting.

Burns is essentially a long distance fighter, relying on remorseless punishment to bring his man down. In Australia he fought a series of 20-round battles with good success. He has fought in every state in the northwest of the United States, meeting Abe Attell in Chicago.

Some of His Victims.

This last year Burns fought Hector Macdonald, of the C. E. F., for the title of lightweight champion of B. C., drawing in the first battle and winning decisively in the second. Next he fought and defeated Macario Flores, the Filipino, who was billed as the Knock-out Wonder of the Coast. Finally, he fought the Holliday, the former Vancouver lightweight, to a draw in a 10-round bout. In the first five rounds Burns had a big margin, but in the fifth round he had the misfortune to dislocate a bone in the back of his right hand pretty much in the same way as Carpenter dislocated his right thumb in his battle with Dempsey.

Holliday, the former Vancouver lightweight, to a draw in a 10-round bout. In the first five rounds Burns had a big margin, but in the fifth round he had the misfortune to dislocate a bone in the back of his right hand pretty much in the same way as Carpenter dislocated his right thumb in his battle with Dempsey.

He promises Victoria fans action from the tap of the gong. Curiously enough, Burns has never fought in Victoria, which he says is a double incentive to him to put forth his best. He has never met Charlie Martin but he has heard that Martin is a good boy, which, Burns says, is so much the better.

MILE PACED IN FAST TIME BY SINGLE G

Eleven-Year-Old Pacer Steps Heat in Two Minutes; Two-Year-Old Does Well

Syracuse, Sept. 13.—Single G, 11-year-old pacer owned by W. B. Barefoot of Cambridge City, Ind., won the Champion Stake, free-for-all pace in the Grand Circuit meeting in straight heats here yesterday, stepping the second heat in two minutes flat, and equalling the fastest time on this track. Best time, 2:02.

King Etawah, driven by Ben White, in winning the Merchants' Cup, the two-year-old trot, equalled the record for the year for his class when he negotiated the mile in 2:09 in the third heat. Qui-distanced in the first heat, King Etawah finished gamely, taking the last two from Edith Worthy. Best time, 2:11½.

BOXING BIFFS

New Orleans, La., Sept. 13.—Happy Littleton, southern middleweight, has received an offer from Tex Rickard to meet Johnny Howard in a bout at Madison Square Garden on October 7, according to Littleton's manager. The telegram making the offer said that Downey, Wilson or O'Dowd would not talk terms, and should Littleton make a good showing in the East, Rickard would force a championship fight with the southern champion. Littleton meets Mike Gibbons here on October 31.

Philadelphia, Sept. 13.—Rain yesterday caused a postponement until tonight of the scheduled eight-round bout between Lew Tendler, Philadelphia lightweight, and Sailor Friedman, Chicago.

St. Paul, Minn., Sept. 13.—The ten-round bout between Mike Gibbons, of St. Paul, and Young Fisher, of Syracuse, New York, middleweights, scheduled to be held at the baseball park here to-night, was postponed until Tuesday night on account of rain.

Syracuse, N. Y., Sept. 13.—Rocky Kansas, of Buffalo, knocked out Miter Mitchell, of Syracuse, in the eighth round of a one-sided bout here last night.

Columbus, Ohio, Sept. 13.—Charlie O'Donnell, Cleveland lightweight, last night knocked out Eddie Shannon, of Detroit, in the third round of a scheduled twelve-round bout.

RICKARD AS JUDGE

Cleveland, O., Sept. 13.—If Tex Rickard comes to attend the 15-round bout between Johnny Kilbane, featherweight champion, and Danny Frush, Baltimore, September 17, as he has said he will, he will be asked to be one of the judges. It was announced to-day by members of the Cleveland boxing commission.

Fine Rugby Season Looked Forward To

Four Teams, Bays, Wanderers, V.I.A.A. and Old Boys, Expected to Enter City Senior League This Winter; Meeting of Victoria Rugby Union to Be Held Tonight to Prepare For Best Season in History.

Four rugby teams are expected to enter the Victoria Rugby Union this winter and compete for the Barnard Cup, emblematic of the city-championship. The Bays, last year's winners; the Wanderers, who were in a tie with the Bays for the leadership when forced to retire on account of numerical weakness; the V. I. A. Cardinals, and the Old Boys are expected to figure in the league.

In order to clear the decks for action and find out just exactly where the Victoria Rugby Union stands, H. J. Gillespie, one of the loyal supporters of the game here, has called a meeting for this evening at 8 o'clock, in room 518, Belmont House. All clubs are requested to have representatives at the meeting.

Make a Fresh Start.

Owing to the mysterious disappearance of Harry Boyd, former secretary of the union, no one knows exactly the status of the union. At the meeting to-night all books will be gone over and a fresh start made. The representatives will talk over the prospects for the season and adopt the best plans for a successful league.

It is expected that a large number of new faces will appear on the grid-iron this winter. All the clubs are recruiting a great deal of young blood, which it is expected will add plenty of pep and ginger to the game. Many of last year's High School students are considered ripe for senior company, and they will be given every chance to make good.

Must Beat Vancouver.

Victoria has one set purpose in going in strong for rugby this year. All the players are keen on trimming Vancouver in the inter-city series. Last year the Capitals got away to a very bad start, losing the first game here by an overwhelming score. After a re-arranging of the line-up of the local fifteen went over to the Terminal City and played the Mainlanders off their feet, but were beaten by a fluke touch. In the third game of the series played here Victoria won, and in the last and deciding game in Vancouver the locals struggled to a draw.

Rugby officials were firm in their belief at the close of the season that Victoria possessed just as brilliant an array of material as Vancouver, which had the whole of the Mainland and the University of British Columbia to draw from.

Stick to Schedule.

In drafting the schedule for the local series it is not expected that the officials of the union will allow the interferences which occurred last season and caused a premature conclusion of the league. In order to have the local rep team in top form the league brushed aside the league schedule and arranged games between two all-star elevens. This caused many players to remain idle on Saturdays, and also resulted in their loss of interest in the game. With one or two exceptions it is expected that the officials will see that the schedule is strictly adhered to this year.

"Boss" Johnson will lead the Bays in their quest of the senior rugby championship of Victoria this year. He was appointed at a meeting of the club held last evening. "Boss" is one of the best ruggerers that this city has developed. He has played half-back, three-quarters and full-back. It is in the latter position that he excels, and in the last two inter-city games last year he showed that he was the best "full" that has ever worn the Capital colors.

The J. B. A. A. decided to organize two rugby teams, a senior and intermediate. The captain of the intermediate has not yet been selected.

Will Be Strong.

Bobbie Travis, secretary of the club, informed the meeting last night that the Bays have plenty of material this year.

"We'll be stronger than last season," commented "Bob". The Bays intend to start training in earnest. They will work out in their gymnasium until called to practice out-door. The Bays will perform their field work at Oak Bay Park.

Dallas, Texas, Sept. 13.—Fort Worth clinched the Texas League pennant yesterday by defeating Wichita Falls, 5 to 1. The victory gave Fort Worth at six and one-half game lead over Wichita Falls, the runner-up.

TAIT WINS SHOOT

The shoot held by the Esquimalt Gun Club for the R. H. Pooey Challenge Cup was won by E. L. Tait after a three-cornered tie between Tait, Stevenson and Bennett, each of whom broke nineteen targets out of 25. Tait won the shoot-off with a score of 11 out of 15. W. N. Lenfestey came next after these three shooters with a score of 18. The gate that was blowing during the shooting was against very good scores being made, but there was a large turn-out of shooting men, some thirty-two taking part, and during the day there were nearly 1,500 targets trapped. The club will hold its final practice shoot to-morrow afternoon at 2:30 o'clock, when all shooters will be welcome to come and take part.

RAIN HALTS TENNIS

Philadelphia, Sept. 13.—The entire schedule of the third day's play for the national lawn tennis singles championships on the courts of the Germantown Cricket Club here was today postponed until to-morrow because of heavy rain.

CLOSED SEASON FOR FOOTBALL ARRANGED

B. C. F. A. Decides Soccer Shall Be Played Between Sept. 15-June 15

Clubs Only Allowed to Carry 25 Players on Roster; Select Referees

Vancouver, Sept. 13.—British Columbia soccerites at a special meeting of the association held here over the week-end defined their playing season and hereafter football will be restricted to the period between September 15 and June 15, except in those parts of the province where climatic conditions make it impossible to do so. This step, which was unanimous, was decided upon in the interests of the game, it being felt that the continuity which has taken part during the last few years was a detrimental factor to its progress, and also to be in line with the observed practice of the Old Country and also to avoid interference with other sports.

Important legislation was enacted in connection with the registration of players, which heretofore was conducted by the various leagues, but which will be taken care of by the provincial association this year. Clubs are now only permitted to carry twenty-five players on their roster at one time, and registrations must be in the hands of the secretary not later than one day prior to the game in which the player participates. Proof of mailing one previous day will be considered sufficient. Transfers will not be permitted after February 28 and as only one local, one district and one inter-provincial transfer is allowed a player in the season, the "release" of previous years will be eliminated.

The registration of A. S. Milne from the council of the association was accepted by much regret. Tom Nelson of North Vancouver being named as his successor.

To Examine Referees.

A special committee to conduct the examination of referees and to draw up the official list of same was named as follows: J. Mesher, Victoria; R. Adam, Nanaimo; and D. Leith, B. B. Grieve and a nominee from the Mainland Referees' Association from Vancouver.

The playing season will be started next week both in the Fraser Valley and the Upper Island, while in Victoria and the mainland activities will start one week later. The Capital City will host four leagues this year, the Senior and Intermediate District League, the Wholesalers' League and also a Wednesday League.

PITTSBURGH DROPPED A POINT YESTERDAY

Pirates Broke Even in Double-Header With Boston, But Lost Ground

New York, Sept. 13.—By breaking even in a double-header with Boston yesterday, Pittsburgh lost a single point in their efforts to oust the New York in the National League. The latter had a nine point margin over Pittsburgh to-day. No other major league teams played yesterday.

National League.

| | |
|--|----------|
| Pittsburgh (1st game) | R. H. E. |
| Boston | 4 9 1 |

Syracuse 2-4; Buffalo, 6-5.
Syracuse 1-6; Baltimore, 11-3.
(No other games scheduled.)

WILL LEAD J. B. A. A. RUGGERS THIS YEAR

BOSS JOHNSON who was elected last night as captain of last year's city rugby champions. "Boss" looks for a big year.

PROTEST GAME

Sporting Editor The Times.—May we ask you to publish a few facts regarding the Saturday game between the C. P. R. teams of Vancouver and Victoria, which was reported won by the Vancouver Club.

Umpire Abbott in the seventh inning ordered back two men who crossed the plate while the Vancouver pitcher was peevish and arguing about a decision, although no time had been called.

The umpire has since admitted his error, as runs should have counted according to rules in which case Victoria had nine runs to Vancouver's eight. This and other facts are to be submitted to the trustees of the Lee Mong Kow Cup and game claimed by us.

Americans Enter Two Schooners For Annual Race, While Nova Scotians Hope That "Bluenose" Will Be Able to Outstrip Defender

Gloucester, Mass., Sept. 13.—The schooner Elizabeth Howard, owned by W. W. Howard, of New York City, was a last minute-American entry on Sunday for the international fishing vessel races off Halifax beginning October 22. The entry list, which has closed, already bore the name of the schooner Mayflower, built by a Boston syndicate as the other representative of this country.

A Real Race.

The racers breeze out into the broad Atlantic, pick their way among the ledges of Sambro, seek of many a tragic wreck, and round a course of thirty-nine and a half miles, they plough their way with full sail, spanning along to the bust of breaking masts and lashing waves.

BOY M'CORMICK IS BEATEN BY BECKETT

Irish Lad Could Not Withstand Punches of English Heavyweight Champion

London, Sept. 13.—Joe Beckett, former heavyweight champion pugilist of Great Britain, defeated "Boy" M'Cormick in their fifteen-round bout here yesterday. M'Cormick was badly beaten and retired at the end of the twelfth round. It was a hard-fought contest. M'Cormick was game and floored Beckett in the seventh round for a count of seven, but was unable to prevail against Beckett's strength. M'Cormick was severely punished and floored three times in the twelfth and was only saved from a knockout by the bell.

BOUT BETWEEN MOORE AND HERMAN IS OFF

New York, Sept. 13.—Cancellation of the proposed 15-round bout between Pete Herman, world's bantam-weight champion, and Roy Moore, of St. Paul, scheduled for September 23, was announced last night. An injury to Moore's right hand was the cause.

GRAND MASTER VISITS.

Right Worshipful Provincial Grand Master of the L. O. L. of Vancouver, Captain C. W. Whitaker, is in town on his annual visit to the Orange Lodges of Victoria. Last night many Orangemen gathered in the Orange Hall, with Worshipful Master D. F. Collins presiding.

Brother W. T. Jago, Grand Organizer of the Order for the Province, who is making one of his periodical trips to the city, accompanied Captain C. W. Whitaker. A detailed account was given of the meeting of the Grand Lodge of British America, which was recently held in Toronto. The proposed Protestant Orphanage to be built in this Province under auspices of the Orange-Association and the Loyal True Blues, was given a strong plea by the visitors.

A large attendance of brethren in Saanich is looked forward to tonight, when Captain Whitaker and Mr. Jago will address Lodge number 1458.

NEWS IN BRIEF

Divine Healing.—The Rev. T. E. Rewe will give an address on Divine Healing in the Sunday School of the Church of Our Lord on Thursday evening at 8 o'clock.

Great War Veterans.—The executive of the G. W. V. A. will meet tonight at 7.30 o'clock, and all members are asked to attend, as important business matters will be discussed.

Proposed Laundry.—The application of J. R. Irwin for permission to use the old tannery, Bay Street, for laundry purposes was last night referred by the City Council to the Building Inspector, Health Inspector and Fire Wardens for report.

Architects' Luncheon.—The regular monthly luncheon of the Victoria Chapter of the Architectural Institute of British Columbia was held on Monday at the Dorothy Tea Rooms. The luncheon was well attended.

Received and Filed.—J. A. Shanks's letter suggesting that Detective Inspector Perdue's declaration that an investigation of his department would be welcomed should be acted upon, was "received and filed" by the City Council last evening.

Arts and Industrial Institute.—The annual general meeting of the Provincial Arts and Industrial Institute of B. C. has been adjourned until Tuesday, September 20, 1921, when it will be held in Mr. Pemberton's office at 8 p. m.

To Speak to-morrow.—Rev. Walter Coates, the young minister who is about to sail for the Orient to take up work in Formosa under the Foreign Mission Board of the Presbyterian Church, will speak at St. Paul's, Victoria West, on Wednesday at 7.30 p. m. Rev. W. W. Macpherson, a member of the Presbytery of Winnipeg, will accompany Mr. Coates.

Instructs Solicitor.—The City Council last night instructed City Solicitor H. S. Fringle to defend any action that might be brought in the civil courts as a result of the intimidation of J. R. Green, solicitor for F. W. Zeigler, that if the latter were not reinstated in the Fire Department action would be brought.

To Meet Thursday.—The regular monthly meeting of the South Saanich Farmers' Institute will take place at the Temperance Hall, Keating, on Thursday evening next, September 15, 1921, at 8.30 p. m. prompt. Claude E. Jeffery, of the Dominion Experimental Station, will give a talk on Poultry.

Esquimalt Tax Sale.—No report of the Esquimalt tax sale held last week was ready for last night's Council meeting, but the Municipal Clerk was given authority until the end of the year to accept bids of the upset price for any of all the fifteen lots the municipality found necessary to take over for unpaid taxes. "We shall have an excellent report next week. I may assure you," said Reeve Lockley to the Council.

Fire Chiefs' Convention.—The Esquimalt Municipal Council last night decided that Fire Chief Dalby should represent the municipality at the Fire Chiefs' Convention, to be held at Victoria on September 27, 28, 29 and 30, and also that the members of the Fire and Light Committee be urged to attend the sessions.

To Address Meeting.—Mrs. S. O. Middleton, of Kansas City, Miss., world superintendent and national director for the American W. C. T. U., and national superintendent of scientific temperance instruction in the public schools and colleges, will speak this evening in the Metropolitan Methodist Church on the work of her department. The meeting will open at 8 o'clock, and Miss Mary Middleton will be the soloist, while Edward Parsons will preside at the organ.

Metropolitan Y. P. Forum.—A successful social evening was conducted last night by the Metropolitan Young People's Forum in the Metropolitan Methodist schoolroom, where over sixty young folk gathered and ushered up for the Fall work. Miss Buckle and Miss McFadden delighted their hearers with songs and recitations. Refreshments were served after various games had been enjoyed. J. A. Wilde presided.

To Invite Professor Laube.—The Real Estate Exchange has requested the Chamber of Commerce to invite Professor Laube, of the Washington University, to speak on the subject of Taxation Distribution before a gathering of Victoria citizens. This was unanimously adopted by the Board of Directors of the Chamber of Commerce at their weekly luncheon in the Dominion Hotel yesterday noon. The Forum Committee of the Chamber will extend an invitation to the Professor.

About Prescriptions

When your doctor prescribes for you carry out his treatment by having your prescriptions dispensed at a

MERRIDAC DRUG STORE

WOMEN'S POLITICAL ASSOCIATION.

The annual meeting of the Women's Independent Political Association which was to have been held on Friday evening, has been unavoidably postponed for a week.

TISDALE CLEARED

Magistrate Jay Dismisses Information; No Evidence Submitted.

The charge against Albert Tisdale, who laid the information recently against two police commissioners, was dismissed by Magistrate Jay in the city police court to-day.

Tisdale was charged with conduct likely to be prejudicial to the morals of a minor and chief Fry, as no evidence was presented on the remand, asked for a withdrawal of the charge.

FOOTBALL MEETING

A meeting of Victoria and District Football Association will be held this evening in Veterans of France rooms. All representatives are asked to attend.

Tolmie Parent-Teachers.—The Tolmie Parent-Teachers' Association will meet in St. Marks Hall on Wednesday evening at 8 o'clock. Business will include the election of officers.

On Mothers' Pensions Board.—Mrs. Carrie A. Barber, prominent social service worker in Vancouver, was today appointed to the Board of Mothers' Pensions. It was announced this afternoon by the Hon. J. W. deB. Farris, Attorney-General.

Suicide by Hanging.—At the inquest held by Coroner E. C. Hart at the Sands Funeral establishment yesterday afternoon on the body of Gar Lock, a verdict of suicide by hanging was returned by the jury. Gar Lock was found when dead some two days in his cabin in the rear of Theatre Alley. He was hanging by the neck by a thin rope noose, thrown over the rafters of his house. Death apparently was self-inflicted. The Chinaman was an elderly man known to have been in ill-health for some time past.

In Police Court.—Chew Quong, charged by the Royal Canadian Mounted Police with being in an opium joint was convicted and fined \$25 with \$5.00 costs. Corporal Small stated there were eight strong doors to the premises, as well as an elaborate system of bells. Opium and smoking gear were found with the accused, another Chinaman escaping. Charles Graves was fined \$15 for speeding. George Cox, charged with vending milk without a license, was remanded until Thursday when John Day will be added to the defendants. Hop Wa and Company was charged with keeping his store open after the legal closing hour on Wednesday, being defended by Cleve White, and pleading not guilty. The accused was fined \$10, with \$2.50 costs.

CO-OPERATIVE PLAN FOR CATTLE SHIPPERS

Readjustment of Canadian Channels is Predicted

Winnipeg, Sept. 12.—In anticipation of the probable closing of United States markets for Canadian cattle, the United Grain Growers, Limited, have decided that it will be necessary to organize an "export cattle company" as a subsidiary of the parent company, The Manitoba Free Press stated this morning in a special article written by its commercial editor. The article continued:

"This would take some time, and as it is highly important that something be done at once to meet the present acute situation in the livestock industry, the company for the shippers on a pool basis. The plan, which has been tentatively worked out, is very much like that employed by the Canadian Wheat Board in handling the 1919 crop."

Investigated.

The decision was arrived at after F. J. Collyer, one of the directors, and F. M. Black, auditor, went to Great Britain and continental Europe and studied the market problem at first hand. The newspaper understands that three things stand out in the report of these men, namely, that the time is not now opportune to attempt a Canadian chilled meat trade with any hope of financial success; that early removal of the British embargo against live cattle is problematical, and lastly, that if Canadian producers are to continue to export for immediate slaughter with a reasonable hope of profit, it must be done by co-operation, whereby the Canadian surplus can be fed to the various British and continental European markets regularly, due regard being paid to the classes and weights called for by these different markets.

WOMAN ELECTED.

Stockholm, Sept. 13.—Miss Kersten Hesselgren, for many years labor leader in Sweden, has been elected in Gothenburg as a member of the first Chamber of the Swedish Parliament. Miss Hesselgren, widely known in America, will be the first woman to hold a seat in this chamber.

SCHWENGERS CASE COMES TO CLOSE

Second Suit—Terminates in Favor of Petitioner

In the Supreme Court to-day the hearing of the action of Schwengers vs. Schwengers came to a sensational close with the evidence tendered by Dr. Forest Leeder, whose testimony threw the assertions of the respondent's counsel in connection with Miss Collins out of court.

Miss Collins was fully exonerated, and an apology was tendered to her in this connection. Counsel for Mrs. Schwengers withdrew the proceedings. The suit, which has occupied the attention of the court now for five days, and for days previously in the first hearing, was thus wound up to-day.

The original decree handed down by Mr. Justice Macdonald still stands with the petitioner awarded his decree. The co-respondent, J. C. Macdonald, pays the costs of the main action, while no costs are set for this present action. The petitioner gets the custody of the male child, while the grandparents, Mr. and Mrs. Jay, have been awarded the custody of the two girls. The petitioner is ordered to contribute \$40 a month to the upkeep of his children, while the petitioner and respondent both have right of access to the children at all times. The terms of the custody of the children were agreed to by arrangement to-day.

B. C. LUMBER HIT BY HIGH FREIGHTS

B. C. Asks Alberta to Join in Fight for Rail Rate Adjustments

British Columbia is asking Alberta to join in the fight for better freight rates, now being waged by G. G. McGeer, as counsel for the Government, the Hon. J. W. deB. Farris, Attorney-General, announced to-day.

Mr. McGeer has gone to Edmonton where he will take up the question as a result of an arrangement made between the Government of the two Provinces. Because of representations made by British Columbia, Alberta is now considering the appointment of a freight expert to investigate freight rates into and out of Alberta.

It is mainly rates on commodities going into Alberta from the coast that the British Columbia authorities are concerned about. At present, it is claimed, discrimination is shown against the West in favor of the East, the freight charges from Vancouver to Alberta points being only a fraction lower than to Winnipeg and other points East.

A better rate on grain from Alberta to Vancouver, for shipment via the Panama route, is also included in the agitation being put up by the coast province.

In support of the campaign for better rates Mr. McGeer is submitting figures to show that the freight on lumber from Vancouver to Winnipeg, a distance of 642 miles, was fifty-eight cents, while to Winnipeg, 1466 miles, it was only seven cents more. On canned goods the tariff is 135% and 11.42 respectively, with an eighty-five cent rate from Toronto to Fort William. Fruit is subject to a rate of \$1.19 Vancouver to Calgary and \$1.25 to Winnipeg.

MISSIONARY WORK IN EMPIRE TRADE

Canadian Paper, Australia and United Kingdom

Toronto, Sept. 13.—In a letter to The Globe, Edward Beck, of the Canadian Pulp and Paper Association, Montreal, comments on the campaign in Canada directed by B. H. Morgan, of the British Empire Producers' Association, for Empire trade preference and declares that Canadian paper manufacturers believe that missionary work on Empire trade ethics is needed more in the United Kingdom than in Canada. Mr. Beck says that Canada's market for paper in Australia has been killed by a new preferential tariff in favor of the United Kingdom imposed at the request of the British who are members of the British Empire Producers' Association. This is Australia's reply, he says, to sacrifices made by Canadian mills during the war and later in shipping paper to that country, sometimes at a loss, in the expectation of maintaining a permanent connection there.

On the other hand, warnings to intending settlers are beginning to appear, asserting the disappointments which often meet Australian settlers in the new land. The complaints are much along the line of those which were familiar years ago when immigration was booming.

Official warnings of the Australian and South African Governments.

BRITISHERS FOR AUSTRALIAN FARMS

Great Migration Proposed. But Warnings Given

London, Sept. 13.—(Canadian Press Cable)—Prominence has been given in some newspapers to the scheme proposed by Sir Joseph Carruthers, formerly Premier of New South Wales, for the establishing of a million farms in Australia for that many British emigrants and their families. The proposition would involve the raising of a joint British and Australian loan of \$20,000,000. It is stated that a similar scheme put forward by Premier Hughes of Australia at the Empire conference received indefinite promise of assistance.

On the other hand, warnings to intending settlers are beginning to appear, asserting the disappointments which often meet Australian settlers in the new land. The complaints are much along the line of those which were familiar years ago when immigration was booming.

Official warnings of the Australian and South African Governments.

SAYS TREATY IS DISAPPOINTMENT

Poincare, French ex-President, Writes of Versailles

Paris, Sept. 13.—M. Poincare, former President of the French Republic, in his forthrightly article in The Revue des Deux Mondes, says that the Versailles Treaty has caused deep disappointment in France. The Chamber shared the responsibility because it ratified the treaty, he writes, but it is useless for France to engage in retrospective recriminations. She should try to make the best out of a bad situation, which was caused by circumstances rather than by men.

According to M. Poincare, neither Washington nor London is sacrificing national interest in order to consolidate the alliance of the former Entente.

"They are English in London and Americans in Washington, and quite rightly. So let us be French in Paris," says the former President.

MRS. M'CLUNG SAYS CHURCH NOT HELPING WOMEN

London, Sept. 13.—Mrs. Nellie McLung, of Edmonton, Alberta, noted Canadian writer and a representative of the Canadian Methodist Church, told this morning's session of the World's Methodist Conference that the church had failed to help women solve their problems.

DIED IN OMAHA.

Omaha, Neb., Sept. 13.—Melville F. Goodrich, former president of the United States Motor Sales Transportation Company of Boston, who was stricken with pneumonia recently while being taken from Los Angeles to Boston on a laundry charge, died in a hospital here to-day.

OBITUARY RECORD

Capt. O'Leary, who reached Victoria from Skagway on the Princess Royal this morning, at the sad news of the death of his brother-in-law, Senator L. G. Power, at Halifax. Senator Power was a prominent Liberal. He was forty-one years of age and leaves to mourn his loss his widow and two daughters.

Miss Gladys Parks, of 2311 Shakespear Street, died this morning at St. Joseph's Hospital at the age of 95 years. She was born in Cumberland and leaves to mourn her loss her parents, Mr. and Mrs. Frank Parks, of Cumberland; two brothers and two sisters. She had been in Victoria for the past two and a half years and was employed in the Provincial Department of Education. The remains are reposing at the B. C. Funeral Chapel and will be sent later to Nanaimo for interment.

The remains of Marjorie Joyce, the infant daughter of Mr. and Mrs. Leslie Sutton, who died on Saturday evening were laid to rest in Ross Bay Cemetery yesterday afternoon.

The death occurred on Sunday at Jubilee Hospital of Capt. Francis P. Clinton, a veteran of the South African and European wars. He was 45 years of age, and born in England, and served in the Imperial forces. During the Great War he was gassed, from the effects of which he never fully recovered. He is survived by his widow and two children, residing at Royal Oak. The funeral, which will be military, will take place from the B. C. Funeral Chapel on Thursday afternoon at 3 o'clock, where services will be conducted. Interment will be made in Ross Bay Cemetery.

LETHBRIDGE HUNGER STRIKER STILL IS REFUSING FOOD

Lethbridge, Alta., Sept. 13.—This is the thirty-eighth day of Captain Janney's hunger strike. His condition has not changed for the worse, though he continues in his determination not to touch food.

SAY WHEAT PRICE HIGHER IN CANADA

Americans Comment on Result of Their Emergency Tariff

New York, Sept. 12.—(Canadian Press)—The Wall Street Journal today, in discussing the emergency tariff bill with particular reference to its effect on wheat prices in the United States, after noting that when the bill was before the United States Congress its sponsors predicted that wheat would sell for twenty-five cents a bushel more here than in Canada, says "never since the tariff law went into effect has wheat in this country, it actually averaged twenty-five cents a bushel higher in Winnipeg than in Minneapolis," the paper says.

"The daily quotation of prices shows there was not a day in July when Canadian wheat sold as low as in this country. It actually averaged twenty-five cents a bushel higher in Winnipeg than in Minneapolis," the paper says.

The newspaper finds that when Canadian grain sold at \$2.10 a bushel during July in Minneapolis, United States wheat sold for \$1.85 in the same market and that the farmers of the United States did not get the tariff increased price, but helped pay for it on all flour they purchased.

Minneapolis millers were simply paying the Winnipeg price plus the tariff and freight.

Figures are given to show that 713,000 bushels of Canadian wheat came into the United States in July.

SUWA MARU TO LEAVE ON FRIDAY WITH ALL SPACE TAKEN

Manila Maru Brings Few Passengers From Orient To-day

With a capacity cargo and all her passenger accommodation booked, the N. Y. K. liner Suwa Maru will leave the Outer Wharves for Oriental ports at 5 o'clock on Friday, making an hour's stop here on her way East.

It is noted that there is at present a very heavy movement Eastward of both freight and passengers, while the inbound traffic is inordinately light.

The Manila Maru of the O. S. K. line is expected to arrive at the Outer Wharves this evening, being due to pass the William Head Quarantine Station at 5 o'clock. She is bringing from Japan and other Eastern ports only a small passenger list, only two first cabin passengers being destined to debark here, while 22 steerage are understood to be leaving the ship at this port.

This is a larger percentage than is usual for the remainder of the list to be carried to the Sound Cities totals but thirty additional.

Freight to be discharged here is also little more than nominal, and greatly in contrast to the vast cargo movements experienced at this time last year.

ONE TIME PRIDE OF PACIFIC GOES BEGGING A BUYER

China Mail Line Denies Rumor of Purchase of Empress of Japan

San Francisco, Sept. 12.—Officers of the China Mail Steamship Company yesterday strenuously denied the statement that they were about to purchase the old steamer Empress of Japan from the Canadian Pacific Railway Company, adding that should they decide to acquire another steamer to add to their fleet it will be a new, modern craft.

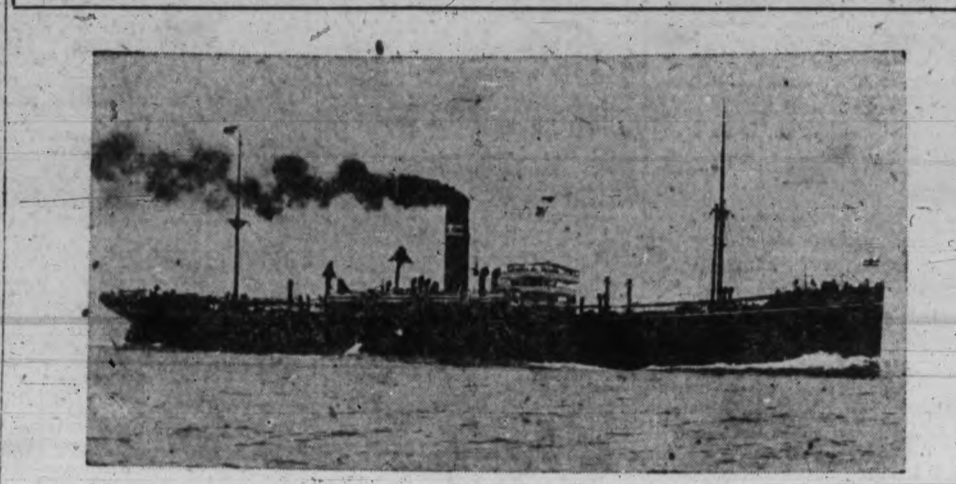

The Empress of Japan has for thirty years been operated in the trans-Pacific service out of Victoria, but has apparently practically outgrown her usefulness or else is now considered too small for that trade, with the result she has been on the market seeking a purchaser for many months.

At one time it was reported the Pacific Steamship Company was negotiating for her to replace the Governor, but this deal fell through, it is reported, because the United States Government refused to grant permission to operate her in the coastwise trade owing to being a foreign-built craft.

Along the Waterfront

SHIPPING NEWS FROM DAY TO DAY

MANILA MARU ARRIVES TO-DAY

The Manila Maru of the O. S. K. line is expected to arrive at the Outer Wharves this evening, being due to pass the William Head Quarantine Station at 5 o'clock.

SPANIARDS GAIN IN MOROCCO

Territory Taken from Moorish Tribesmen, Say Reports

Melilla, Sept. 12.—Occupation of the Suk-el-Arba district and the village of the same name has been effected brilliantly without Spanish losses, it is announced in an official statement issued here regarding the offensive begun yesterday morning. Under cover of the guns of the Spanish warships, infantry and cavalry swept forward and dispersed the enemy. Stocks of corn and other materials fell into the hands of the Spaniards.

Nador, a town southwest of here, which was the key to the Moorish positions around the city, was abandoned by the Moors yesterday morning. The Moors are reported to have suffered heavy losses.

Madrid, Sept. 12.—Moorish tribesmen fled from their positions before Melilla when Spanish forces there began their offensive yesterday, said an official statement issued here this morning. The Moors were disconcerted by the Spanish manoeuvres and the terrific shell fire poured upon them and abandoned foodstuffs and everything belonging to them in their flight.

A number of prominent aviators conferred yesterday with King Alfonso relative to the formation of an aviation squadron composed of foreign pilots who have offered their services to Spain. The King will refer the matter to the Minister of War.

PRIDE OF CUNARD LINE CARRIES LIMIT

Over 2,500 Passengers Arrive at New York on Aquitania

The Cunarder Aquitania arrived at New York on September 9, filled to capacity with 744 saloon, 855 second and 1,997 third class passengers, a total of 2,596 persons, in addition to a crew of 250. She also brought 4,934 bags of mail. The Aquitania left Southampton on September 4.

The Empress of India, chartered by the Cunard Line to accommodate the passengers originally booked for the Mauretania, sailed from New York for Cherbourg and Southampton on Wednesday, September 7, with the following first class passengers: Mr. and Mrs. H. P. Iham, Mr. and Mrs. Hugo Reis, Brazilian Consul in Shanghai; Mrs. Florence Cross and son, Mr. and Mrs. J. J. Jacobson, H. E. Midgley, T. R. Smith, Erdman Harris, Dana H. Porter, Lieut. Beatty, Miss J. G. Fraser, Miss E. Morrison, Mr. and Mrs. Frank H. Scott, Mr. and Mrs. B. Cowell, A. D. Budd.

WENATCHEE AGAIN GOES INTO SERVICE

Greatly Improved Passenger Equipment and Auxiliary Plant Feature Re-entry

According to advices received this morning by Rithet Consolidated, Ltd., from the Seattle offices of the Admiralty Line, the steamship Wenatchee will resume service to Oriental ports on October 15, taking the sailing schedule hitherto laid out for the Keystone State.

Over \$150,000 has been expended in improvements to the Wenatchee during the past few weeks, this including a considerable reconstruction of her passenger accommodation making this identical with the equipment of the Keystone State.

With the re-entry of the Wenatchee into service, the new sailings programme of the Admiralty trans-Pacific fleet until the end of the present year will be as follows: Silver State, September 17; Wenatchee, October 15; Keystone State, November 5; Silver State, November 25; and Wenatchee, December 24.

CLYDE SHIPWORKERS RUSHING COMPLETION OF LOCKKABRINE

First of Squadron of Giant Refrigerator Motorships Soon Ready

First of the six big refrigerator motorships which the Royal Mail Steam Packet Company is having built for operation from this and other Pacific coast ports to Great Britain and Continental Europe, the recently launched 13,900-ton twin screw Lochkabrine is approaching completion on the Clyde, Scotland, according to advices received by the company's coast office.

The Lochkabrine and her five sister ships, all refrigerator carriers of the most modern type, will augment the Royal Mail existing service from British Columbia and Puget Sound ports to the other side of the Atlantic. The Royal Mail S. P. Company is operating a joint service of large freighters in connection with the Holland-American Line. The commissioning of the six motorships will give the service of a fleet of ten big carriers, providing approximately fortnightly sailings. The new vessels, like those now in the service, will be equipped on a large scale with refrigerated and cooled space for apples and other perishable products.

CANADIAN IMPORTER, CRIPPLED OF SEA, TOWED INTO PORT

Water Entered Number 2 Hold and Bursting Bulkhead, Flooded the Engine-room

"We know, however, that the water entered Number 2 hold and bursting the bulkhead, flooded the engine-room."

"At one time there was 25 feet of water in the engine-room and it was gaining upon us at the rate of 2 feet daily."

"We were in a precarious position, I must admit, as there was always the danger of the increased weight of water carrying away the other bulkheads, and then there is no telling what might have happened. But the bulkheads held, and here we are."

"I want to pay a tribute to Capt. A. O. Cooper, of the Canadian Observer," added Capt. Bissett when he broke away from his interviewer with the excuse that he had pressing duties to perform incident to the docking of his ship. "Capt. Cooper persistently searched until he found us, and we owe a lot to him."

RAILWAY PROBLEM PARLIAMENT'S TASK

President of C. P. R. Urges Serious Consideration

Medicine Hat, Sept. 12.—That the railway problem of Canada should receive the most careful and serious consideration at the first session of the next Parliament was a statement made by E. W. Beatty, President of the Canadian Pacific Railway, who with the directors of the system was here from late last evening until 10:30 a. m. to-day.

This problem, he believed, must be considered with reference to the condition of Canada and the needs of the railways. But it will be necessary to see the results of the present situation of railway affairs before deciding what is the best policy to pursue.

Concerning immigration, Mr. Beatty stated that Canada's great need was immigrants of the right type, and that the Government knew the type of immigrant that had made good and also where that type came from. He was emphatic in stating that all rejection of European immigrants should be done on the other side of the Atlantic. It was criminal to bring immigrants to Canada only to be rejected.

He expressed the opinion that there would be but little unemployment in Canada this Fall. There would be much in the Winter but it would probably be for only a short period. The Canadian Pacific Railway was still short of men for the Fall work on the railway.

To a local deputation of members of the Legislature and of the City Council, he stated that the branch from Lethbridge to Weyburn would probably be completed next year.

DIES AT SEA

Hoquiam, Wash., Sept. 12.—The steam schooner Idaho docked here to-day with the body of William J. Tallant, 48, found dead in his bunk in the fore-cabin last Friday morning.

Coroner O. R. Austin, following an autopsy, pronounced the sailor's death due to acute alcoholism. Tallant, according to the crew, fell down the hatch Thursday, but appeared none the worse. No relatives have been discovered.

NEW LIEUTENANT-GOVERNOR

THIRTY-THREE DEGREE LIST

When Observer reached scene, the importer carried a list of thirty-three degrees. It was so steep on deck that he had to scramble up and catch hold of anything at hand," said one of the crew.

After the Cordova left her the importer drifted in the direction of wind and currents, for about 100 miles from lat. 39.49 N., long. 136.25 W., the last position given of the disabled ship.

F. C. Brown, chief engineer, was seriously burned about the body, and was confined to his berth on arrival, attended by the doctor from the Algerine.

The chief engineer was making an investigation in the dark below decks with a naked light, in the course of his duties, when an explosion occurred from a tin of highly explosive and inflammable liquid, setting the unfortunate engineer afire from the waist up. He sustained severe burns about the body, and arms, and suffered great pain. Chief Engineer Brown was the only member of the entire crew to suffer injury.

FOURTEEN DAYS IN OPEN BOAT

Eleven men of the Canadian Importer under Second officer A. Laird had a terrible experience when they set out from the drifting Canadian Importer on August 19 in one of the ship's boats in search of assistance.

Capt. Bissett called for volunteers and there were plenty. The boat was well provisioned and carried several caaks of water, in addition to anchors and a "lugg" sail. For fourteen days and fifteen nights the boat was sailed over the rough waters and kept a course as directly as possible under the circumstances for San Francisco, in the hope of picking up some friendly ship.

When three days out from the importer the boys crew sighted a passing passenger steamer, and in a frantic effort to attract her attention they burned nearly all the regulation flares carried in the craft.

Buoyed up with the hope that help would soon be sighted, the boats crew kept on until August 24. A storm broke over them on August 24 and lasted two days.

WHITE STAR-DOMINION LINE

Regular sailings from Montreal to Liverpool, via Quebec and the scenic St. Lawrence Route—only four days at sea—the White Star-Dominion high standard of service—assure travellers on the *Magenic*—the largest and only steamer carrying first-class passengers from Montreal—the Canada or the *Vedic* the utmost in attention and comfort.

For sailing dates, rates, and reservations, apply to—
White Star-Dominion Line, 619 Second Ave., Seattle, Wn.

BUILDERS ASKED TO RESUME WORK IN CHICAGO

Chicago, Sept. 12.—Members of the Building Construction Employers' Association were planning to-day to replace all union men who have not returned to work by Thursday morning with non-union workmen. This followed action of Judge K. M. Landis, arbitrator, yesterday in cancelling a date for a rehearing of matters in connection with the wage award he announced last week. The date, he announced, would not be fixed until the workers were back on the job.

NEW WORLD COURT IS TO BE CREATED

Not a Candidate. Geneva, Sept. 13.—(H. Hon. Charles J. Doherty, one of Canada's representatives in the League of Nations Assembly, who was nominated by the Dominion Government as a candidate for the International Court of Justice, has declined to stand as a candidate. This became known here to-day when a list of nominees who had withdrawn their names was issued. The list included the name of Mr. Doherty.

POLITICIANS

J. Charles McIntosh, who represented Nanaimo in the last House of Commons, will run again, despite the definite announcement to the contrary credited to him in 'The Sidney Review' this week. This was given out to-day following the return of the Hon. S. F. Toimie.

Mr. McIntosh said that within the next week he would issue a statement as to his intentions. The Nanaimo district comes down to the boundaries of Victoria City and takes in Oak Bay, Saanich and Esquimalt.

M. A. Macdonald, K. C., of Vancouver, is likely to be the only Liberal member of the British Columbia Legislature to run in the Federal election. And even he may not run. This is the inside information given out semi-officially to-day.

Despite the talk in Vancouver, about the Hon. Mary Ellen Smith resigning her office in the B. C. Cabinet and entering the campaign for Ottawa, it was said to-day that there is not much possibility of her running.

A Vancouver person very close to her said this to-day: "The campaign to induce Hon. Mrs. Smith to run into Dominion politics is being engineered by The Sun and people who do not care so much about her, but who are out to embarrass the Provincial Government."

Premier Oliver and Victoria and district Liberal members, will make known their stand on Dominion issues at the opening of the new Victoria Liberal Club this week. The

club will be held in the Dominion Hotel in greater strength than for weeks past, in order to witness the presentation of the Kiwanis Club scholarship to Leslie E. Howlett, the student of the Victoria College who made such a remarkable showing in his first year examinations.

KIWANIS CLUB SCHOLARSHIP FORMALLY AWARDED

Large Attendance Applauds Successful Student

Kiwanians turned out to today's weekly meeting at the Dominion Hotel in greater strength than for weeks past, in order to witness the presentation of the Kiwanis Club scholarship to Leslie E. Howlett, the student of the Victoria College who made such a remarkable showing in his first year examinations.

The presentation was made by Kiwanian W. J. Willis, Superintendent of the Department of Education, who recited in a few words the manner in which the scholarship scheme originated, and the enthusiasm with which the Kiwanians had adopted Kiwanian Little's suggestion.

"After a careful examination, the committee in charge of the award felt it was wise to offer the scholarship to Leslie Howlett, who had gone through his studies at the first year of the Victoria College in a very successful manner, not only leading the college but standing first of all the first year students," recited Mr. Willis.

"Kiwanians will look back with pride on having encouraged this young man in his studies," he said as he handed the cheque to Leslie Howlett.

H. H. Smith, as Principal of the High School, told of his excellent showing. "His work in entry for the College being one of the best in British Columbia, I think 94 or 95 per cent.," he remarked amid expressions of surprise from the club.

In addition to the scholarship work he has been doing practical commercial work in the city to help himself along. "And a young man who can show in addition to his scholastic work has untold capabilities. I congratulate him and also the club on his winning the scholarship."

Mr. Smith noted that all youth of pleasing appearance, said only a few words in acknowledgment, but those words were prepared to make the necessary sacrifices to attain it.

Western Convention. A special meeting of the club will be held at the Dominion Hotel on Thursday evening at 7.30 o'clock, to complete the programme for the convention of the Pacific Northwest district of Kiwanis Clubs, to be held here on October 14 and 15. All the members are urged to attend.

Kiwanian Harold Lewis, of Vancouver, was a guest at to-day's luncheon and stated that the famous Vancouver Kiwanis Glee Club, with 35 members, will be over for the Convention in a body.

Because of the large post-holiday attendance at to-day's luncheon, President Mark Graham called upon the members to announce themselves, and three minutes of rapid fire chanting followed.

Dan Poupard was named as delegate from Victoria. Kiwanians to take part in the presentation of the Olympic Club, to take place on Thursday next. The first organized prize awarded for some weeks was won by Dr. Burgess.

Miss Irene Bicklighted the club with two violin selections played with great sympathy and was warmly thanked by President Graham.

FORESTS STILL BURN

The total number of fires in British Columbia forests so far this season reached 1141 to-day, P. Z. Caverhill, chief forester, announced. Weather conditions, however, are reported unfavorable for the spread or perpetuation of fires.

The Vancouver and Island district leads with the largest number of fires, 317. The Nelson district is second with 337. Cariboo with 49 has had the least number of fires.

WHOLESALE LIST SHOWS CHANGES

Vegetables Fluctuate; Fruits Also on Decline; Fresh Shipments Arrive

For a downward trend in price the vegetable section on wholesale row secured the greatest number of changes, and some of the prices are very encouraging. Cucumbers, Nos. 1 and 2, are down to 45c and 40c, while a fifty cent drop was registered on corn. Carrots secured a 25c drop with parsnips selling at \$2.25 per sack. Twenty-five cents was the reduction shown on turnips, and cabbage has also dropped a few cents. Tomatoes are being picked up by the retailer at \$2.50 and \$2 a crate. Okanagan onions are once more on the market, being included in the new arrivals. This produce is obtained at \$2.50 and \$2 a crate.

Fruits also play a prominent part this week, and the quotations show that grapes are still falling in price, with the increased demand for this fruit on the market the wholesalers are kept busy supplying the retailer. A shipment of prunes of the Italian variety arrived on wholesale row this week and is selling to the retailer at \$1.20 and \$1.25. Peaches also show a slight encouragement for lower prices. Tokay grapes are taking the place of Muscat grapes, which are off the market, and have already dropped from \$4.50 to \$4.

TEXAS VICTIMS

Dallas, Texas, Sept. 13.—Newspaper reports from portions of Central Texas flood as the result of torrential rains last Friday and Saturday have brought the unofficial list of deaths to nearly 200. Communication with the affected area still was more or less demoralized to-day, but with the high waters in the Colorado, Brazos, San Gabriel and other streams rapidly receding, normal conditions were in prospect.

HUNTING McNEIL ISLAND FUGITIVE

Seattle, Wash., Sept. 13.—On the east side of McNeill Island, prison guards and special policemen last night and this morning centred their efforts to find Roy Gardner, the escaped mail bandit. Excitement followed last night's discovery of a bloody scene on the island, on that part of the island. It was taken as positive evidence that Gardner had not left the island, and that he was wounded, either at the time of his escape or later when pursuing a Warden Thomas Maloney decided to send reinforcements into the heavy timber to the East.

READY TO AUCTION MEN AND WOMEN

"Mr. Zero" Will Sell Their Work Capacity in New York. New York, Sept. 13.—Urban Le-doux, also known as "Mr. Zero," who auctioned off jobless men on Boston Common, is to be auctioned in a similar auction next Monday near the New York Public Library after a parade of unemployed men up Broadway. He said that not only would he but obnoxious men would strip them to the waist and sell their services to the highest bidder, but that he also would auction off the services of any unemployed women who might apply.

CHICAGO MAN SIGNS CONFESSION AFTER MURDER

Chicago, Sept. 13.—After first refusing to sign an alleged confession implicating himself in the slaying of W. C. Church in the slaying of two automobile salesmen, Leon Parks, a garage employee, to-day finally signed the forty-page transcript telling the story of the part he played in the double murder.

AMERICANS MAY DEPORT PRISONERS

Washington, Sept. 13.—Communication of the sentences of four federal prisoners convicted of offences against the war laws, conditional upon their deportation to Soviet Russia, was understood to-day to be under consideration by Government officials.

CANADIAN INVENTOR.

The Canadian Government merchant marine steamer Canadian inventor reported yesterday from Delagoa Bay where she is discharging British Columbia lumber and canned salmon. Further shipments are to be made to that port.

BY-LAW IS JOKE SAYS ALDERMEN

Cabaret Control Hotly Discussed by City Council

With slight amendments, the Cabaret by-law was reported by the City Council last night in committee as complete, and at next Monday's meeting it will pass the final stage.

A Personal Investigation.

Meantime, at the suggestion of Aldermen Woodward and Todd, the aldermen will pay a visit to the cabarets to see for themselves how the places are conducted.

The age limit for members of both sexes permitted on the premises stands at twenty-one years, and all women must have male escorts.

"I would strike out the age limit altogether. Any girl should be allowed in if properly escorted," said Alderman Andros, during the discussion.

"The age limit should apply to boys as well as girls," said Alderman Woodward.

"And see that they are all vaccinated," said Alderman Andros. "It's a joke."

"Certainly, the whole thing is a joke," commented Alderman Todd. "We are making a laughing stock of

PUBLIC IS URGED TO HEED NATURE'S WARNING

Thousands of People Suffer Permanent Loss of Health Because of Neglect—Nature Has Set the Danger Signals for Us and We Cannot Afford to Pass Unnoticed the Warning That She Gives Us.

Good digestion means good health; bad digestion means bad health.

A sound stomach is worth a hundred times its weight in gold. Probably eighty per cent. of all diseases originate in the digestive organs. Dyspepsia, or what is more commonly known as indigestion, is not only one of the most prevalent, but it is one of the most difficult to treat of all present day diseases, and has, for years baffled the skill of leading specialists everywhere.

Stomach trouble is almost always followed by a complication of diseases. One of the first being an overworked liver, with all the symptoms of biliousness, followed in turn with headaches, coated tongue, nausea, dizzy spells, pain in the back, palpitation of the heart and other distressing symptoms. Sooner or later the kidneys will become involved and that is just why these danger signals should be heeded in time. A wise man puts out the fire before there is too much destruction; the same theory should apply to stomach trouble.

Gas in the stomach means fermentation instead of digestion; decay, instead of nutrition for fermentation produces poisons, which are absorbed by the blood, and which frequently bring on the condition known as auto-intoxication or self-poisoning. This is also why we develop acidosis, which brings on so many complications such as rheumatism, hardening of the arteries, high blood pressure and other conditions, which may mean permanent loss of health. Acidosis is one of the main forerunners of Bright's disease and diabetes, hence it is evident that if we have stomach trouble, however slight, we are foolish indeed if we do not take prompt steps to correct it.

If we are not fit as a fiddle in the morning; if we don't feel better than when we went to bed; if our breath is offensive; and we have that bad taste in the mouth; nature has set the danger signals for us and we cannot af-

INDUSTRY ASKS FOR EXEMPTION

Sidney Roofing & Paper Company Wants Encouragement

Inasmuch as the city has offered inducements to other industries to locate in Victoria, and especially in view of the present business conditions, The Sidney Roofing and Paper Co., Ltd., last night applied to the Council for exemption from taxation for the period of three years.

The application was referred to the Industrial Committee for report.

"We think it consistent with our policy to ask for exemption from taxes on this new industry," R. W. Mayhew, the company's manager wrote.

"There are other lines that might be added to our present plant which would greatly increase the payroll and otherwise benefit the city and we believe that action of this kind on the part of the City Council would make our proposition more attractive to prospective investors and would certainly advance the prospects of further undertakings being launched," the letter stated.

Alderman Aitken said that industries should receive every encouragement.

ROYAL YEAST CAKES MAKE PERFECT BREAD

REEVE LOCKLEY GIVES REPORT ON UNION'S PROCEEDINGS

Esquimalt Council Informed Convention Marked Time

Don't you think it very funny, Mr. Reeve, that the Government appoints Mr. McDermid to draft our Municipal Act, and that, when his recommendations are made law, he is found leading the fight against an important clause, the very first time there is any real change," said Councillor Anderson last night when Reeve Lockley was giving the Esquimalt Council his report of the proceedings of the Port Alberni convention of the Union of B. C. Municipalities. The Reeve had reported the almost unanimous support tendered by the Port Alberni convention, when considering the proposal of Victoria for a regulation prohibiting the Parliamentary Agent of the Union from undertaking actions against municipalities while holding office this being a sequel to the church exemption litigation.

Councillor Errs.

Reeve Lockley pointed out that Mr. McDermid's draft Act had not been accepted, and that the convention had believed that such a course as was demanded by Victoria would, in effect, deprive the Parliamentary Agent of his livelihood, as he made nothing from his work for the Union. "Nevertheless, he has been delegated. I would have supported Victoria," interjected Councillor Bridle.

Waited For Government.

Reeve Lockley reported that lack of knowledge of the proposals of the Government for the Fall session of the Legislature were responsible for failure to thoroughly discuss many matters," citing in particular the proposal that the Government take over the schools. He expressed his taking away of local jurisdiction as something to be avoided.

Because only eighteen of the sixty municipalities are affected by the activities of the British Columbia Electric Railway Co. and the British Columbia Telephone Co., Reeve Lockley was glad to report that the delegates felt the interest of members was in the interest of the whole Union, and had therefore decided to ask the Parliamentary Agent to keep an eye on the moves of either company with a view to protecting affected municipalities by expert engineering or legal advice.

Consult Parliamentary Agent.

Reeve Lockley touched upon the subject of re-creation of the Public Utilities Board, and the decision to ask for clearing up of church taxation, stating his intention to recommend to the executive a careful study of the judgment of the Privy Council and also that the Union takes the advice of Mr. McDermid before applying to the Government for amendment to the Municipal Act.

"If only half the recommendations of the Union are accepted by the Government, it means the saving of many thousands of dollars annually to the municipalities," said Reeve Lockley after detailing a mass of minor recommendations approved for submission to the Government.

Esquimalt, B. C., Sept. 12, 1921.

Councillors of the Corporation of the Town of Esquimalt, Esquimalt, B. C.:

Gentlemen:—As your delegates to the annual convention of the Union of B. C. Municipalities held at Port Alberni on August 30, and 31, and September 1, I beg to submit the following report:

The delegates were not in a position to discuss in detail the whole of the questions that were placed before the convention as thoroughly as they might have done had they known what attitude the Provincial Government intended to take at the proposed Fall session; many of the resolutions that were placed before the resolutions committee were matters that had been dealt with last year at Nelson. The most important matters that came before the convention was the question of education and the taking over of schools by the Government, the attitude of the Union as a Union towards the B. C. Electric Railway Co. and the B. C. Telephone Co., the taxation of church sites, the transportation and upkeep of prisoners and many suggestions amendatory to the present Municipal Act and Local Improvement Act.

Schools Question.

On the schools question the report said:

The question of education and the taking over of schools by the Government and other matters pertaining to this important question will be taken up with the Government at the Fall session by the executive of the Union and the Parliamentary Agent, personally. I feel that this question

WILSON HOPE TO WITHDRAW AGAIN

Alderman Todd Dissatisfied With Union of Municipalities

"Next week I am going to move that we withdraw from the Union of B. C. Municipalities," Alderman A. E. Todd said at last night's meeting of the City Council, "therefore I move that this report be laid on the table for one week," he continued in referring to the report of the convention at Port Alberni filed by Mayor Porter and others.

Alderman Harvey seconded the motion and Alderman Fullerton gave notice that he would defend the attitude of the Council in staying with the Union. Good results had been obtained as a result of the Council's membership in the Union. There was a cross fire of comment among the members of the Council before the matter was finally laid over, and it was intimated that there would be a good deal to say regarding various matters with by the convention when the report again comes up for discussion next Monday evening.

AGAIN DISCUSS CIVIC REFORM

City Council Deals With Administrative Suggestions

Alderman Todd's ship of Civic Reform was raked fore and aft with all kinds of projectiles from the other members when the matter came up for discussion at a late hour in the City Council meeting last night. Taunts and ridicule were exchanged among the several members of the Council and finally, as the clock hand approached midnight, Alderman Todd moved that the Council, in committee, rise, but Alderman Sangster offered an amendment that the committee rise and report progress, which was carried, otherwise the proposed legislation being made into law before the morning of the City Hall there was some difference of opinion as to the actual occurrence, both contentions being made that the committee rose and reported progress, the Mayor declaring that the matter still remains in committee. The Mayor's notes showing that the question was killed; that it was Alderman Sangster who moved that the committee rise and report progress, and that Alderman Todd's amendment that the committee rise was carried.

No reduction in the number of aldermen, no remuneration for aldermen, two-year term for aldermen with half the Council retiring each year, school supervision under a committee of the Council and the police department and library similarly treated, were among the points which received a majority of votes in favor.

"It is my earnest hope that sometime in the near future all the municipalities on the southern end of Vancouver Island come under municipal government," said Alderman Todd in advocating the maintenance of the present numerical strength of the Council.

Alderman Todd claimed that with the hearty co-operation of the semi-public bodies of the city, such as the Chamber of Commerce, the present system of municipal government could carry on most successfully in an aggressive, common-sense policy.

Girls, Don't Wash Your Face

Use Liska cold cream instead (you have never used anything like it). Just try it once, and you will never be without it. Soap and water has a tendency to make the skin rough, and does not cleanse the skin as thoroughly as Liska cold cream. To prove it make this test. Wash your face with soap and water, dry thoroughly, then apply Liska cold cream, massage it well into the skin, then wipe off the surplus cream with a soft white cloth; examine the cloth and see how much dirt has accumulated thereon. Liska cold cream cleans, softens and beautifies the skin. For sunburn or after dust, auto trip there is nothing like it. Its fine after shaving too. Let hubby or brother try it. Just compare Liska cold cream with any other you have ever used, and you will need no further argument to convince you that it's the best. It's put up in tubes, the only sanitary way. Try it tonight. You will be delighted. At toilet counters everywhere including: Agents—Owl Drug Co. and Vancouver Drug Co. (Advt.)

HEALTH RECORD OF VICTORIA IS GOOD

Health Officer's Report Submitted to City Council

Victoria still continues to enjoy an excellent good-health record, according to Medical Health Officer A. G. Price's report for the eight months ending August 31.

The report shows: Infectious cases, 159; pulmonary tuberculosis, new cases reported, 68; deaths, 24; patients in Isolation Hospital, 58; discharged, 37. In Jubilee Hospital, city indigent patients admitted, 204; died, 5; discharged, 61. Patients attended at health office, 559; visits to patients homes, 78; other homes, hospitals and jail, 212; children at welfare clinic, 380.

Vital statistics: Births, 677; deaths, 278; marriages, 313.

Wash Day Enjoyment?

Few women like the music of the washboard—others don't. Few like the suds and steam of wash day—others don't. Few like the imperfect work done in the home laundry—others don't.

WE enjoy our work because our customers like the work we do.
