Subject: FEDERAL UNION, INC.
700 Ninth Street, N.W., Washington D. C.

Summary of Information:

1. The basic plan for organization of FEDERAL UNION, INC. came into existence in 1939 in support of a program outlined by Clarence K. STREIT in his book "Union Now." He advocated a federal union of 15 leading democracies. STREIT said the union should have as its basis the constitution of the United States. (B-2)*

2. FEDERAL UNION, INC. was originally known as Inter-Democracy Federal Unionists. STREIT was elected chairman of the national organizing committee. (B-2)*

3. In 1946 the officers of the group were STREIT, president; A. J. G. PRIEST, chairman; Brice TOOL, secretary, and John Howard FORD, treasurer. (B-2)*

4. The official publication of FEDERAL UNION, INC. is the monthly magazine "Freedom and Union" with offices at 700 Ninth Street, N.W., Washington, D.C. The organization proposes to set up a United States of the Democratic World, a federation of democratic states for common benefit and protection. The government would be modeled after that of the United States of America. It would guarantee its members the benefits of a constitution and a bill of rights. The world federation would be governed by the people of the member nations. (B-2)*

5. FEDERAL UNION, INC. says it aims to:
   a. Increase the productive power of every individual
   b. Use the increased productive power to provide greater economic security against unemployment, illness and old age
   c. Bring about a rising standard of living for all
   d. Obtain rising annual wage incomes
   e. Seek the same benefits for all workers in other countries (B-2)*

6. The aims are based on the idea that Federal Union will introduce a new economic era, industrialize new areas, expand markets, eventually eliminate tariffs and raise the standard of living. (B-2)*

7. On 23 June 1941 in Chicago, Ill. former Senator Rush D. HOLT of West Virginia appeared before a gathering of the Citizens Committee to Keep America Out of War and demanded that the Department of Justice investigate the sponsors of the "Union Now" plan. He said the whole idea was in the same category with Communist and Nazi subversive activities. The principal speaker at the meeting was Rev. Gerald L. K. SMITH of Detroit. SMITH approved HOLT's stand and said it would be "treason to return to British rule." (B-2)*

8. On 30 June 1941 it was reported that FEDERAL UNION, INC. had decided to limit its membership to United States citizens after hearing that the Federal Bureau of Investigation had made inquiries about several members. (B-2)*

9. A reliable report dated 15 August 1942 indicated the organization was subversive. A publication issued and distributed by the Massachusetts Committee of Federal Union advocated pacifism and internationalism and was considered Nazi-inspired. It preached neutrality in Latin America. (B-2)*

10. The third national convention was held 12 to 14 November 1943 in Peoria, Ill. Among the speakers were William C. BULLITT, Will ROGERS, Jr. and Howard J. McMURRAY. The keynote speech of the convention was delivered by A. J. G. PRIEST, who said "The people will have to surrender some part of each nation's complete sovereignty to a world government. Furthermore, since there must be a world court, a world legislature seems necessary as well and it is equally as possible that only a world executive can give effect to world legislation and can direct a world police force." ROGERS urged a closer alliance with England. The theme of BULLITT's address was that the European problem was the central problem of the war and some effort should be made to organize the European nations in a world peace movement. (B-2)*

11. An investigation indicated FEDERAL UNION, INC. reportedly plans to propose that the American people request The President and Congress to invite citizens of Canada, Eire, the Union of South Africa, Australia, and New Zealand to form with the United States a provisional Federal Union modeled broadly on the United States constitution. MID 201
ROBINSON, Allen

26 March 1947
(Date)

Subject: Allen ROBINSON

Summary of Information:

BORN: 15 December 1897, Callery, Pa.

1. SUBJECT was employed from July 1914 to July 1918 by the Guarantee Trust Company, Butler, Pa. He enlisted in the United States Army 19 July 1918 as a private in the Coast Artillery, 318th Sapper Engineers. He served in the United States, France and Germany and was honorably discharged with the rank of corporal 17 June 1919. He attended Duquesne University, Pittsburgh, Pa., from September 1920 to May 1925 and was graduated with an LL. B. degree. From August 1919 to August 1926 he was employed as an accountant in charge of books and as passenger car specifications manager for the Packard Motor Company of Pittsburgh. From August 1926 until December 1933 he practiced law with Robert M. McCREADY at Pittsburgh. He left his law practice to accept a position as assistant code attorney in the Food Codes Division of the National Recovery Administration. Shortly afterward he became division attorney in the Food Division of NRA. He resigned 18 October 1935 to become senior attorney in the Office of the General Counsel of the Securities and Exchange Commission. His position was supervisory. (B-2)

2. According to a report dated 10 March 1942 and forwarded to the Attorney General by the House of Representatives' Special Committee Investigating Un-American Activities, SUBJECT was listed as a member of the Washington Committee for Democratic Action. The WDCA was reportedly a Communist-front organization. It was reported by another agency in 1942 that SUBJECT's name did not appear in the active indices of the WCDA. Investigation indicated that SUBJECT had no connection with any un-American organization, and the people interviewed reported SUBJECT was a loyal and patriotic American. In interviews 18, 20 and 26 February 1942, SUBJECT maintained the investigation was unjustified. (B-2)

MEMORANDUM FOR Mr. Alvin W. Kremer
Security Officer
Library of Congress

Subject: Security Checks

1. Reference is made to your letter of January 31, 1947, in which you requested that the Security Advisory Board attempt to obtain security checks on two (2) employees of the Library of Congress for the handling of OSRD classified material.

2. As you know, the Board no longer has direct channels to investigative agencies for the purpose of obtaining these checks. As a result, an attempt was made to secure these two (2) checks through other channels.

3. The name of Ethelyn N. SHUNATONA has been checked with the central files of two (2) investigative offices and no derogatory information was revealed. It was possible to check the name of Leander Braxton SMITH with only one (1) investigative office, however, and even though no derogatory information was revealed in that office, this security check should not be considered either complete or conclusive.

MEMORANDUM FOR The Security Advisory Board.

Subject: Security Check of Personnel of Library of Congress.

Reference: (a) SAB Confidential memorandum, Serial No. 279, relative to subject matter, dtd. 4 February 1947.

1. In the absence of identifiable information in the files of the Office of Naval Intelligence, on personnel for whom a name check is desired of the Federal Bureau of Investigation, by a non-military federal agency, it is impracticable for such a request to be made of such Bureau via the Office of Naval Intelligence.

2. Therefore, since the Office of Naval Intelligence has no identifiable information on the employee named in Enclosure (A) to reference (a), it is suggested that the Library of Congress make a direct request to the Federal Bureau of Investigation for the "name check" desired.

Mr. A. Devitt Vanech
Security Officer
Department of Justice
Washington 25, D.C.

Dear Mr. Vanech:

Representatives of certain federal departments and agencies are designated from time to time to serve on the Information Management Group, Civil Affairs Division, War Department. In this capacity they must have access to classified information. The Civil Affairs Division consults with the Security Advisory Board to determine whether these individuals have received satisfactory security clearances or not. Since the Board has no direct channels to obtain these clearances from investigative agencies, it must of necessity depend upon the assistance of the Security Officers.

On April 23, 1946, the Security Advisory Board requested from you this type of clearance for certain designated Justice Department representatives. Since no answer was received to this request or to a follow-up request of September 26, 1946, we were forced to notify the requesting office that we were not able to secure clearances on these representatives.

The Civil Affairs Division has notified us that Mr. John F. Baecher has now been designated to represent the Department of Justice. Would you be so kind as to furnish us with a letter of security clearance on Mr. Baecher in order that we may notify the Civil Affairs Division of his suitability? If you do not desire to furnish the requested letter, could you please notify us of your wishes in this respect?

Baecher

Sincerely yours,

Ruth C. Barton

1. Following the refusal of the Federal Bureau of Investigation to conduct further name checks for the Security Advisory Board, the Secretary submitted to you in December a list of names of employees of the National Bureau of Standards on whom you were kind enough to secure MID checks.

Subject: Security Clearance for Employee of Bureau of Standards

1. Following the refusal of the Federal Bureau of Investigation to conduct further name checks for the Security Advisory Board, the Secretary submitted to you in December a list of names of employees of the National Bureau of Standards on whom you were kind enough to secure MID checks.

2. The Acting Administrative Officer of the Ordnance Development Division, National Bureau of Standards, has informed me that he is very anxious to have an FBI name check made on one of these individuals, Mr. Paul J. Selgin. The reasons for his anxiety seemed sufficient to justify the submission of his request to you.

3. If you should find it possible to have this name check made, the necessary information on Mr. Selgin is as follows:

Subject: Security Clearance for RFC Employees

Enclosure: List of Personnel

1. The Reconstruction Finance Corporation has requested the Civil Affairs Division of the War Department to allow thirteen (13) officials of the U.S. Commercial Company, a subsidiary of the Reconstruction Finance Corporation, to attend and participate in overseas tele-conferences in connection with the operations of the U.S. Commercial Company. The usual procedure on such requests is that the Civil Affairs Division addresses a request to the Security Advisory Board for the necessary security clearances on these employees of a civilian agency. If the agency has access to F.B.I. checks, these clearances can of course be handled within the agency itself. The Reconstruction Finance Corporation does not have access to F.B.I. checks and is limited to conforming with other provisions of SAB 3 in offering security clearances for these employees.

2. In view of the fact that these employees will have access to War Department classified material, checks of the F.B.I. subversive files of the individuals listed on the enclosure is requested.

Attention: Miss Ruth C. Barton

Dear Sirs:

This refers to your communication of December 18, 1946 regarding a security clearance of Arnold L. Zempel, an employee of this Department.

Although we have been unable to secure from the Federal Bureau of Investigation information as to whether Mr. Zempel is listed in their subversive files, I have determined that in an exhaustive investigation made by the Treasury Department prior to his employment by the Bureau of Internal Revenue on July 29, 1946 a check of the F. B. I. records revealed no information reflecting upon his loyalty.

In view of this, and since inquiries to the Bureau of Internal Revenue and associates in the Department of Labor have developed no information causing me to question his reliability or loyalty, it is recommended that he be authorized to receive classified information from the Civil Affairs Division of the War Department.

Enclosures: Lists of Employees of N.A.C.A. Having Access to Highly Classified Information.

1. Reference is made to your letter of October 31, 1946, enclosing lists of employees in N.A.C.A. field laboratories for security checks as specified in SAB 3, corrected under date of October 4, 1946.

2. A check of investigative sources reveals no reason why all individuals listed in the enclosures to your letter of October 31, 1946, should not receive classified information, with the exception of those persons whose cases have been personally referred to you for decision. This clearance assumes that other conditions of SAB 3 have been met to your satisfaction.

3. It is regretted that the Board is not yet able to recommend to you any means by which you may secure security checks on the employees of the Washington office of NACA, who have, or may have, access to highly classified information.

4. Copies of all personnel records submitted to this office as enclosures to your letter of October 31, 1946, are returned herewith.

Miss Ruth C. Barton, Secretary,
Security Advisory Board,
State-War-Navy Coordinating Committee,
Washington, D. C.

Dear Miss Barton:

This will acknowledge your letter of December 13 regarding Miss Thelma E. Ward who it has been requested be permitted to serve as an alternate to Mrs. Esther G. Crews, a representative of the Information Management Group.

Miss Ward was appointed to the Board's staff December 18, 1939, and resigned her position as of the close of business September 19, 1943, to accept a position with the Foreign Service Division of the State Department. Miss Ward later served overseas with the State Department and was reappointed to the Board's staff on October 8, 1946, after her return from overseas.

The pre-employment investigation made on Miss Ward prior to her entering on duty as a member of the Board's staff was satisfactory and we have had no occasion to question her integrity or loyalty as a citizen. It is presumed that the State Department also made an investigation before employing Miss Ward for duty with the Foreign Service Division.

It is recommended that Miss Ward be allowed to serve as an alternate to the representative of the Information Management Group.

Very truly yours,

Elliott Thurston

Elliott Thurston,
Assistant to the Chairman.

MEMORANDUM FOR Mr. E. T. Anderson
Acting Chairman, Security Advisory Board

Subject: Information Received from Investigative Sources

1. Reference is made to your request for a report from the Secretary on the details of the original arrangement made with investigative sources by which security checks would be made on certain federal employees through the medium of the Security Advisory Board. Further reference is made to your request for a report on the action taken by the Secretary with respect to this arrangement since its termination.

2. The undersigned, acting in her official capacity as Secretary of the Security Advisory Board, made an arrangement with certain investigative agencies through which security checks on employees of certain government agencies could be secured. It was understood between the investigative sources and the Secretary that any derogatory information which was found to exist on any individual and furnished to the Board would:

a. Remain in the files of the Security Advisory Board until such time as the arrangement with the investigative sources would be terminated and then be returned to an agent of the investigative agencies;
b. Be shown to no one outside the Board membership, with the exception that at the discretion of the Board or the Secretary, it might be shown to the Security Officer of the agency concerned in paraphrased form;
c. Be given in its original form or the paraphrased form to no one. (This included Security Officers.)

3. The arrangement with the investigative agencies by which these checks could be made has been terminated, but any derogatory information which might have remained in the files of the Board would still have fallen under the terms of this bond of secrecy.
