NARBERTH, PA., SATURDAY, JULY 25, 1925

PRICE THREE CENTS

FIREMEN SOLICIT OUTSIDE SUPPORT

Send Letters to Merion and Wynnewood Home Owners.

TO BUY NEW EQUIPMENT

In an effort to secure wider cooperation in its aims, the Narberth Fire Company is making an appeal by letter to residents of sections adjacent to Narberth served by the local company.

A letter has been prepared by Mr. A. P. Redifer, and is being sent to residents of Wynnewood and Merion. Certain parts of these two towns were awarded to Narberth for protection by the township commissioners recently.

It is the aim of the fire department to interest these people in the local company by calling to their attention the merits of the equipment and the saving in insurance made possible by this protection. The letter being mailed is as follows:

"The fire insurance rate on your property is governed by the district classification established by the Philadelphia Suburban Fire Underwriters' Association.

"About two years ago a reclassification increased insurance rates in this suburban territory. The Narberth Fire Company, in conjunction with the Borough Council, took steps to obtain a better classification for Narberth and vicinity. New fire mains and additional fire hydrants were installed. An American-La France chemical and pumping engine and an Autocar chemical and hose truck were purchased at a cost of over \$16,000. The purchase of an American-La France ladder and chemical truck at a cost of \$9800 has been arranged for. The active firemen were placed under the instruction of a veteran Philadelphia fireman and paid day and night men were engaged, so that a fireman is on duty at all times to receive alarms.

"The Narberth Fire Company has always responded to alarms in territory contiguous to Narberth, but, in order to render more efficient service and meet the requirements of the Philadelphia Suburban Fire Underwriters' Association, an agreement was entered into with the Board of Commissioners of Lower Merion Township under which a definite district outside the borough was assigned to the Narberth Fire Company to be covered on first alarms. The district is included in these boundaries.

"Beginning at the intersection of the Pennsylvania Railroad with City Line avenue, along the line of the Pennsylvania Railroad to Rockland avenue, to Merion road, to Montgomery avenue, to Old Gulph road, to Hag's Ford road, to Mill Creek road, to Old Gulph road, to Mill road, to Wynnewood avenue, to Montgomery avenue, to Penn avenue, to Wynnewood road, to Lan-

CONTINUED ON THE FOURTH PAGE

TENNIS TOPICS

The big tournament starts today. "Clay Court Champion of Pennsylvania" is a title worth having and a record entry list, including some of the best players in the Philadelphia district, assures some good tennis for Narberth during the coming week.

The league match with Overbrook scheduled for last Saturday was postponed until a later date. This gave the ambitious members a chance to play ladder matches and much climbing was done both ways, up and down.

Jean Allen, Jr., now has a doubles partner. Mr. and Mrs. Allen are receiving congratulations upon the birth of a son on Friday last.

Bill Kirkpatrick announces that he is a candidate for tax collector. If he is as good a collector as he is a tennis umpire he should win in a walk.

More entries for the big tournament have been received from the home club members than last year. Here's hoping the big cup will stay in Narberth this year.

Some people hunt trouble. No sooner does Bill Evans get the clay court championship out of the way than he takes charge of another tournament for the Brookline Square Club.

PAVING KING RETURNS

Mr. and Mrs. Robert Fellows Wood and Mr. and Mrs. Edward A. Muschamp are expected home Tuesday from Europe.

Mrs. Wood is librarian of the Community Library. Mr. Wood has been much in the public eye during past months as head of the street paving movement. Mr. Muschamp, founder of Our Town, is well known as a writer and advertising man.

WOODSIDE AVENUE IS NOT PACIFIED

Proclaim Freedom of Press in New Communiqué to the Editor.

NO ATTACK ON SUPLEE

Dear Mr. Editor:

It was something of a shock to read in last week's issue of Our Town that the publication of the Woodside Avenue Improvement story had been questioned.

We naturally assumed that your paper was the proper medium for such an article; and even now doubt the right of anyone to hinder publication of what may properly be considered an item of local or general borough interest—unless we are indeed in a state of war.

Our one regret lies in the fact that there are some who have read into our complaint a criticism of Mr. George Suplee. As this has been referred to in a letter which we have all individually received in this morning's mail, we take this opportunity of saying that we have never for one moment held Mr. Suplee responsible.

You will recall, Mr. Editor, that in discussing the conditions with you, we very definitely expressed ourselves as being satisfied with Mr. Suplee's handling of the job, handicapped as he was. And we also most fully appreciate the necessity for economy in borough expenditures.

What we have objected to, and what we still do not understand, is why it has been necessary to take the best part of the summer for a relatively small undertaking, and during that time to turn a short stretch of street into an unsightly and almost impassable mess.

In the letter above referred to we are promised that the committee "will be ready to build the roadway during the first week of August." If it is finished by the end of the first week of August, this improvement of Woodside avenue will have taken close to three months since the delivery of the pipes.

That is why we, to again quote the letter, "hurl severe criticism," not at Mr. Suplee, but at whoever is entitled to it.

Are we unreasonable?

And, in closing, Mr. Editor, so that your readers will appreciate that we are all in agreement, we attach our several signatures, along with our thanks for your courtesies and our hopes that in spite of the risks of your profession you will be permitted to live to a ripe old age.

Yours for the freedom of the press.

Sincerely and alphabetically,
F. M. Blackstone, E. H. Connell, Arthur N. Edrop, Henry Fleer, R. J. McClain, Mrs. J. E. Nidecker, J. Raymond Sharp, J. P. Yergy, J. G. Atherholt.

(Messrs. E. A. Muschamp, Warren D. Wright and R. Z. Hartzler being away, could not sign. Owing to a death in the family, Miss Pevely was not consulted. So this makes it unanimous.)

JAMES P. ROWBOTHAM

On Tuesday, July 14, James P. Rowbotham died at Reading, Pa., after a short illness.

Mr. Rowbotham moved into the Borough of Narberth in June, 1908, and purchased a home on Wayne avenue, where he lived until the death of his wife in January, 1923, when he went to live at Wyomissing, Pa., with a relative.

In October, 1908, he was elected a Deacon of the Baptist Church of the Evangel, Narberth, and held this office until June, 1923, when he moved from the borough.

He was a faithful worker in the church and rarely missed a service and was loved by all who knew him.

COACH FORSTBURG MAY LEAVE HIGH

Refuses to Confirm Rumors of Resignation to Coach Delaware.

GRIGSON ALSO WILL GO

Lower Merion High School may have to seek a new athletic director for next season. Frank M. Forstburg, holder of the position for three years, has been elected a coach at the University of Delaware, according to current reports which he will neither deny nor affirm. He will be one of the two physical directors and coaches to succeed William J. McAvoy, resigned.

McAvoy recently resigned at Delaware to become head coach at the University of Vermont.

Football at Delaware will be coached by Forstburg. Another man will be elected to the physical department at Delaware and it is not yet known whether Forstburg or the other new man to be elected will get the title of head coach.

Forstburg first gained recognition when his Lower Merion High football team went through the 1922 season undefeated. His eleven repeated this performance in 1923.

Coach Forstburg would neither deny nor affirm the story that he was to go to Delaware University when reached early in the week. It is understood that he is under a three-year contract at Lower Merion.

During Forstburg's stay at Lower Merion he has produced three good football teams and with the aid of Coach Grigson had three championship track squads in basketball and baseball, however, the Main Liners made a mediocre showing, with the possible exception of this last season.

Just who will succeed Forstburg is not definitely known at Ardmore. He enjoyed great popularity and his resignation came somewhat as a surprise. He had not been active in coaching basketball, baseball or track during the last year.

Mr. Forstburg would be the second Lower Merion coach to leave. The resignation of Coach Herbert Grigson was announced two weeks ago by Superintendent S. E. Downs. Mr. Grigson, who just completed his first year at Lower Merion, leaves to take a position in the city.

A BITTER BATTLE

Glory "Tigers" Beaten by Playground "Elephants."

In the third game of a series between the Glory "Tigers" and the Playground "Elephants," the boys of the playground won by the score of 20 to 10. Stalker started in the box for the Tigers but was relieved by Campbell in the second. A home run by John Eidenberg in the fourth was the first run made off Campbell. Pete Eidenberg relieved his brother John in the first. The features of the game were the home runs by J. Eidenberg and "Greese" Burgess and the fielding of Burgess.

SCHEDULE THIS WEEK

Ashland at Berwyn.
Cynwyd at Narberth.
Ardmore at Paoli.

These are the games that will be played this Saturday afternoon in the Main Line Baseball League.

MAIN LINE LEAGUE

Ardmore Caseys Down Berwyn for First Time in Season.

Narberth climbed to first place in the second half of the Main Line League last Saturday by bringing home nine scalps from Paoli. The statistics were 9-5.

Townsend, of Princeton fame, held the railroaders to eight scattered hits, while he and his teammates were rolling up 20 safeties. The stellar hurler led the batting with four out of five tries successful.

Hardt, who relieved Verny Fleck in center field rang the bell twice in his two times at bat. John Dickie landed three safe and strolled to first on a gift as his record in five starts.

Buckley and Verno were the only westerners to land safely more than once. Paoli used up three pitchers in a vain attempt to stop Bill Crowell's rampaging Narbites.

Connecting for twenty-two safeties off the offerings of Hums-worth, Bala-Cynwyd rolled up the score of 11 to 1 against Ashland in the League game played at Cynwyd Saturday. Babb held the losers to three hits. Features were the fielding of Lacy and the all-around play of Ordiorne and Bate-man.

Berwyn lost its first game of the Main Line League season Saturday when Joe Cullinan's Ardmore Knights of Columbus team took them into camp in an eleven-inning fray, 7 to 6. It was also pitcher Bobby Paist's first defeat of the season after eleven straight victories.

The game was a most spectacular one, the lead see-sawing from one team to the other throughout the game. In the tenth Berwyn scored a run only to have the Knights tie it up again. And in the eleventh, a double by Jack Murray and a two-baser by Manager Cullinan put the game in the win column for Ardmore. Features were the hitting of Murray, with five hits, the hitting of Cullinan, Farnum and Redmond, and the fielding of Murray, Vockel and Dorsaneo.

Jupiter Pluvius got careless on Wednesday and spoiled what promised to be a good twilight game. Newton Coal's negro aggregation came out to do battle, but had to run for cover before the festivities were scheduled to begin.

This team, always a popular attraction, will be scheduled for a date later in the season.

Next Wednesday, Autocar will be the visitors, and on Thursday the fast Dunkirk team will be on hand. Both these games promise to draw big crowds.

400 Phones Disconnected.

Four hundred Narberth phones, located on the north side, were put out of commission last Thursday, when a steam shovel working on Sabine avenue tore up a cable.

The excavator was digging the bed of the new street being laid, and because of an error in judging of location of several conduits, came in contact with the cable.

A crew of workmen from the Bell Telephone Company were obliged to work for most of the day Friday, and had to lay an entirely new cable in order to restore the telephones to service.

Big Apartment for Ardmore.

The plans of the Merion Construction Company, as made public Friday, call for the construction of what will be the largest apartment house in Ardmore, and one that will be second to none along the Main Line. According to specifications received a building to cost in the neighborhood of \$1,000,000 will be erected on the site on Cricket avenue and Sheldon lane, formerly known as the School Gardens.

Bake Sale at Dando's, on Saturday morning, August 1, by the Ladies' Aid of Holy Trinity Lutheran Church. Good home-made cakes and pies.

MEDALS FOR GAS COMPANY WORKERS

Employees Who Have Performed Meritorious Service Will Be Honored.

COUNTIES PARTICIPATE

Heroes and heroines of the workaday world, men and women who forget self and subordinate personal safety in order to maintain gas, electric or street railway service, are to be honored by The United Gas Improvement Company. Announcement to that effect was made Monday by John L. Mather, manager of the Main Line District of The Counties Gas & Electric Company, which is one of the companies in which The United Gas Improvement Company is a large stockholder.

The Samuel T. Bodine Meritorious Service Award, named after the president of the United Gas Improvement Company, will be given to employees for "extraordinary effort, without regard to self, toward maintaining uninterrupted service, or toward restoring interrupted service, or in some manner indicating exceptional fidelity to the public interest."

One of the distinctive features of the award conditions is that the honor shall not be conferred merely for the saving or the risking of human life. The feature of service to the public must be present.

Further, according to the announcement, the act of heroism must occur in the territory of the company, although, in the discretion of the Meritorious Award Service Board the award may be given for an exceptional act elsewhere.

Acts of heroism will be placed before the board by the managing officers of the various companies. They will take note of such acts as are worthy of consideration and forward a statement of the facts with papers, photographs, statements of witnesses and affidavits to permit the board to pass intelligent judgment.

Two classes have been made of the cases to be honored: Those which should be awarded medals and those which should receive honorable mention. A bronze medal, together with a certificate, suitably engraved, to set forth the reasons for the award, will be given. In case the act qualifies for honorable mention, a certificate, similarly engraved, will be awarded.

Presentation of the award will be made at the discretion of the board. When the award is to be made locally it will be forwarded to the managing officer of the company in which the employee works and the presentation will be made with appropriate ceremony.

Many acts of heroism by public utility employees have occurred in the last few years. Men have risked their lives on water and land, through fire and flood, to keep the service intact. It is to recognize such acts that the United Gas Improvement Company has established the award, Mr. Mather stated.

Shoots Dog.

Officer Leon E. Wiley, of the Narberth police force, was called to the south side Tuesday by residents who had been annoyed for some time by the actions of a stray dog. The animal had been attacking children and it was feared that the animal was mad.

Wiley shot the dog and the body was sent to the University Hospital for examination. If it is found that it was infected with rabies, a move will be started to enforce a general quarantine on all Narberth dogs.

THINK, DRIVER, THINK!

It ought to be a disgrace for anyone to have an accident at a railway crossing. It can not happen unless the driver deliberately takes a chance. Human life is so dear that any driver could well afford to stop at a crossing and go out and look for himself rather than take any chances. Public sentiment ought to brand as foolhardy and criminal any driver who risks human life at a railroad crossing.

CORNERSTONE TO BE LAID SUNDAY

Hope to Complete New Catholic School Building by September.

FORREST AVENUE SITE

The cornerstone of the new St. Margaret's School will be laid tomorrow, Sunday afternoon, at 4 o'clock by Right Rev. Monsignor C. F. Kavanagh, formerly Chancellor of the diocese and now rector of St. Katharine's Church at Wayne. Rev. John J. Mellon, rector of the Cathedral of SS. Peter and Paul, will preach the sermon and will proclaim the spiritual and patriotic value of school training accompanied by religious direction.

The children of the parish, together with the members of the Sodality and the men of the Holy Name Society, will form the procession, which shall be part of the ceremonies, and it is expected that there will be a numerous attendance.

The new building is located on Forrest avenue, immediately adjoining the church property on Narberth avenue, and when completed it shall contain eight large classrooms, with provisions for increasing the capacity as the need warrants. It is planned to have it ready for occupancy in September, but if any delay occurs arrangements will be made so that the pupils will not lose any appreciable time in starting the next school sessions.

For many years the children of St. Margaret's went to school in a separate building, which was reserved for them on the grounds of Merion Convent, and as the parish grew the need arose for enlarged and more convenient accommodations. Several years ago the residence which occupied the site of the present new school was converted into a number of classrooms, but even this improved condition failed to keep pace with the increasing number of children who were presented for admission, with the result that the decision was made to erect the building which is now underway and which is described as being of the most modern type for school purposes. As in former years, the faculty will consist of the Sisters of Mercy and the graduates shall be eligible for admission to the various high schools conducted under Catholic auspices.

NEWS FROM THE COMMUNITY PLAYGROUND

Weekly Track and Field Meets Being Held on Fridays.

The results of the pentathlon last Friday, resulted in a win for Frances Pugh. George Stalker and Kennett Knight were tied for second place with Llewellyn Brooks third. Pugh won only one first place, but his consistently good performance in all other events gave him the lowest score for 10 points to win. This Friday afternoon a deathlyoon will be held. The following events will be included:

- 75 yards.
- 440 yards.
- Shot put.
- Hurl ball.
- Standing broad jump.
- High jump.
- Running hop, step, jump.
- Pole vault.
- Running broad jump.
- Javelin throw.

The extensive program of the playground has been handicapped by a lack of attendance. All kinds of apparatus consistent with safety and modern playground practices, have been provided. Children of all ages will find something to their taste. Miss Evers and Mr. Oerlein urge parents to allow their children to attend.

BRIDGE OPEN AGAIN

Repairs on the Bowman avenue bridge in Merion have been completed and that thoroughfare is now again open to vehicle traffic. The bridge was closed for a month. Some inconvenience was caused southside residents who had to detour to either Rockland avenue or the City line bridges.

YOUR PETS AND MINE

By Dr. Raymon M. Staley, Veterinarian of Narberth, Pa.

THE LITTLE STRANGER

Is there a little stranger in your home? Not a real live honest-to-goodness baby, but a pet, a little puppy.

Poor little puppies, it really is a shame and a cruelty to take them away from their mother until they have fully weaned themselves. They should be eating, and properly digesting, the various kinds of foods that are good for little puppies, and essential for their growth and good health, before they are taken away from their mother.

When puppies are properly handled, they receive their first lessons in weaning at about three weeks of age and are entirely independent of the mother dog by the end of the fifth or sixth week. If you are fortunate enough to secure a puppy that has been handled in this manner you will have little or no trouble. If you are not so fortunate, some difficulty may be experienced in getting the little fellow settled on a suitable diet.

The puppy that has been properly weaned will be strong, vigorous and just as full of life and mischief as a little pup should be. He will have a good appetite and your greatest concern must be the possibility of overfeeding.

And right here let me state a truism:

More good healthy pups have been killed with kindness, principally overfeeding, than ever starved to death.

It is best to feed the young puppy small amounts three or four times each day for the first couple of weeks after he has been weaned. Gradually reduce the number of feedings. Feed about the same amount in the morning and at noon, but slightly increase the amount fed in the evening.

When a pup has reached the age of six months he should be receiving but two meals each day and at the end of the year, one good full meal at night will be all that is necessary to keep the animal in the best possible condition.

It is well to start the puppy on a milk or milk food diet. Bread should be fed sparingly and only hard stale bread should be used at any time. Starchy foods, especially potatoes, should be excluded from the diet as should also pastries and candies.

The milk diet may be supplemented by the feeding of puppy biscuits. These should be fed either dry or softened in milk. Meat broth may be used, but not a rich gravy.

If the puppy properly digests these additions to the diet and is ready for heavier food he will so inform you by quickly dispatching your offering and insisting upon having more. You should keep pace with his appetite by supplying more substantial food, including table scraps, i. e., meat, vegetables and plenty of good big bones. Be sure never to overfeed your pet, always have him "get up from the table just a little bit hungry."

Store Robbed.

Small change to the amount of \$5 was taken from the store of H. Ricklin Wednesday night. The burglar secured entry to the place by cutting a panel from the back door.

Settlement has been made by P. J. O'Connell for a plot of ground comprising three acres situated on Fairview road, Narberth, purchased from Harry C. Kirk. The property was held at \$10,000. The purchaser will improve same with a residence.

MANY SEEK ADVICE ON MILK CONTROL

Representatives Come From Afar to Learn Township System.

REVOKE TWO LICENSES

The Lower Merion Township Board of Health has been praised by the State Board as one of the best in Pennsylvania. Special commendation has been given to the Board for its efforts to provide better and purer milk in the township.

Lower Merion was one of the first districts to inaugurate a milk control service and it is known far and wide for its work in this direction. Other sections, contemplating or just installing, milk control systems have sent representatives here to consult with Lower Merion health officials about the ways and means of establishing a service.

Some weeks ago, J. H. Shrader, the director of the Bureau of Chemistry and Food of Baltimore, conferred with the Lower Merion Milk Control Officer relative to the use of powdered milk in standardizing milk not pasteurized.

About a month later C. R. Hostetter, Milk Inspector for Palmetton, Carbon county, Pennsylvania, called on the Lower Merion Board of Health to counsel about milk ordinances about to be passed. Recently the city of Chester, Pennsylvania, determined to have its milk supply pasteurized and accordingly sent its Milk Inspector, H. E. Shroat, to Ardmore to get practical points on the subject of making the milk supply safe and at the same time working no hardship for the producer.

On Monday H. B. Mitchell, milk inspector of Lancaster, Pennsylvania, paid a visit to Dr. George W. Grim, milk control officer of Lower Merion. Both exchanged views on the milk ordinances passed in Lancaster some six weeks ago.

The Lower Merion Township Board of Health last week suspended the milk licenses of two producers. One was that of a dairy near Malvern and in this suspension the Philadelphia Milk Commission joined with the Lower Merion Board. The suspension referred to the production of certified milk.

The other suspension was that of a producer in Upper Darby Township. The milk control officer had warned this dealer that the filthy condition surrounding the production of milk at his dairy would have to be removed. The M. C. O. called after sufficient time had elapsed for a betterment of conditions and was met by the producer who invited the official to "get to — out of here."

The M. C. O. returned to his office and issued suspension of license. The producer has since sold his dairy.

ODD NAMES FOR CHILDREN

Practical Difficulties in the Way of Little Mr. Ten Million.

English records of recent years reveal that Robert New named his two sons Nothing and Something. Mr. Mixer, Mr. Peel and Mr. Codd named their respective babies Pepper, Lemon and Salt, while Mr. Ware's little girl became China and Mrs. Gentle's, Always. The brothers Pigg bore the Christian names, Black, Brown, Gay and Guiney.

Mr. and Mrs. Million, of Oregon, could never agree upon names entirely satisfactory to both, so, as a matter of convenience, they had resorted to numbers. The Washington official who relates the story says that when the names of subscribers to a Government loan were sent in some years ago, one was that of "Ten Million." It was naturally supposed to be an assumed name, and a letter was sent to the address given, rather sharply stating that bonds could be registered in real names only, and that no further attention would be paid to his subscription unless he gave his true name. An explanatory reply was soon received from Mr. Million, written upon paper bearing the printed letterhead of his own name, and adding those of his brothers and sisters, One, Two, Three, Four, Five, Six, Seven (his partner) and the rest.

As the Million children grew up, most of them, he admitted, had modified their numeral prefixes; the Misses One and Three Million, for example, becoming Una and Trio,

"Send It to the Paper."

Dobbin's Numbers Increase in County

It is true that the tractor tramps uncounted fields and stands to its tasks within unnumbered farmyards. It is true that Mr. Ford's synthetic cow may be less a dream than a determinant of tomorrow. But—listen to the news:

County Clerk Harry S. Shainline has just finished a census of horses and he finds that in Montgomery county are 13,542, of a value of \$636,960. Consulting the records, he finds further that last year there were 11,536, valued at \$18,145. An increase of 2006 horses in the county in one year.

Is it that prosperity sits so fat upon the waists of many that they have taken to the saddle to regain form? At least it is true the saddlers are doing a brisker trade.

Too recent to have been forgotten are the predictions that the telephone would put the telegraph out of business, that the phonograph would kill the piano, that electricity would banish coal, that the movie would sweep away the stage, that the motor would chase the horse over the cliffs of civilization into the sea of disuse.

Mr. Shainline, however, proves that Equus caballus still is with us, and in Montgomery county, is more than holding his own.

This is your paper, and your advice is appreciated.

CORDWOOD

Cordwood—that happy harbinger of cool autumn evenings, with comfort and laughter about a sparkling open fireplace, will soon make its appearance again.

We have been fortunate in securing several cars of the same splendid grade of Oak and Hickory mixed, in 16- and 24-inch lengths, which so pleased our cordwood customers last season.

Your order given now, for delivery about the first of September, will assure you of a supply of these logs, so necessary a part of that fall picture of you, the old armchair, a book and the pipe—entitled, "Quiet Evening at Home."

3 Reasons for a Savings Account

One of our Savings Depositors told us the other day there were three reasons why he deposits regularly in a Savings Account. Here they are:

1. Because it provides me with capital for emergencies or opportunities.
2. Because it enables me to get compound interest to work for me.
3. Because it gives me the habit of thrift.

He also said he had three other reasons for his Savings Account—his Wife and 2 Children

You are invited.

THE FIRESIDE

Baseball today.

Walzer's Bala-Cynwydiacs journey to Narberth to try their luck.

Narberth's population in 1920 was 3704. It is about 04 on any Sunday afternoon these days.

Monday night's rain was badly needed and did a great amount of good to vegetation of all kinds.

A girl's clothes for summer should only weight 24 ounces, says Adele Astaire. A Narberth flapper says such a girl would be terribly overdressed.

Officer De Bona remarks that the evolutionists say man started in a single cell. Many of them often get back there. He ought to know.

Work on the big street paving project is going on apace.

Mrs. Boyd T. Barnard, of Avon road, with Miss Jean Scatchard and Miss Margaret Hottel, both of Germantown, sailed on the S. S. "Pittsburgh" from New York city Thursday, July 16, for a six weeks' trip abroad. They will visit France, Italy, Switzerland, Germany, Belgium and England returning through Montreal.

Mrs. Babson, of Washington, D. C., is visiting her daughter, Mrs. E. Stanton Henry, Jr.

Mr. and Mrs. M. Louis Johnson and daughter, Margaret, have returned from Jeffersonville, Indiana, and have taken a cottage at Ocean City.

Quincey Lee Yowell, local baseball luminary, has signed up with the Waynesboro, Pa., team of the Blue Ridge League. He left on Thursday to join the outfit as an outfielder.

Mrs. W. E. Boryer and Mrs. H. C. Fenno have left for a motor trip through the Adirondacks.

Miss Jeannette E. Gillis is spending her vacation in Ocean City, N. J., and New York.

Mr. and Mrs. William Holmes Durbin are being congratulated on the birth of a daughter, Helen Virginia.

Miss Shirley Boryer is visiting relatives in Washington, D. C.

Miss Edith Bickell has returned to her home after a week's visit with Miss Evelyn Jefferis, of Forest avenue.

Miss Evelyn Jefferis is spending the remainder of July at Golden Glen Farms, Elverson, Pa.

Mr. and Mrs. W. M. Sibley, of Narberth, and Mr. and Mrs. Jesse Dietz, of Brookline, have returned from a motor trip through the Shenandoah Valley where they took a trip through the great Shenandoah Valley caverns, making many sidestops going and coming. The party reports excellent roads and hotel accommodations at reasonable rates.

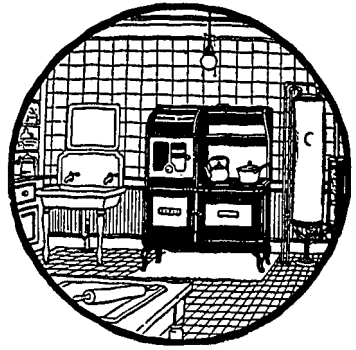

Dudley C. T. Sleater, of 25 Montgomery avenue, Narberth, has returned from a delightful and interesting week-end trip to Norfolk, Virginia.

Mr. Harry Shautun, of Philadelphia, has moved in his new house on Merwyn road, which he recently bought of W. E. Heximer.

Make the Road Safe
Getting in a heavy harvest—sometimes under poor weather conditions—is a big enough proposition without meeting obstacles en route such as uneven roadways and ditches.
Concrete culverts bridge the trouble and also drain wet, marshy places—making the farm more comfortable and healthful.
Your building material dealer will be glad to tell you the many ways you can permanently improve your farm with Atlas Portland Cement.

LIBRARY NOTES

The Junior Department of the Narberth Community Library.

Are your children members of the Narberth Community Library? If so come with them some day and see them carefully make a selection from the numerous books on the shelves, have the book charged and proudly walk out as business-like as their elders. If they are not members send them or bring them down and be convinced what a fine training these youngsters are receiving in the selection and use of books and what a fine habit they are forming in making books their companions.

In the front of the library are the children's books, dozens of them, fairy tales, myths, legends and just stories like The Motor Boys, Tom Swift, Broncho Riders, Camp Fire Girls, Laura Lee Hope's Bobsey Twins, Grace Harlowe's books for girls and the classics of Twain, Dickens and Stevenson. These are just a few, but almost any book that a child would want to read is there. Then there are history, biography and poetry and even a low book shelf for the tiny tots who like pictures and love big print and words of one syllable.

All the children's books are free. The only charge is when they are kept out over two weeks.

The librarians are co-operating with the schools and when the children bring their list of recommended books and stories they are assisted in their selections. As far as possible the library is buying the books recommended by the schools for reading and reference.

Like the grown-ups it is surprising how many children like a quiet hour in the library. For there are little chairs and benches provided for them as well as the best children's magazines. What a privilege it is for the children of the community to have the advantages offered by the Narberth Community Library.

"There's a Catch in This."

Last Sunday three of our town boys journeyed to Cold Spring Harbor to engage in a little deep sea angling. They were Richard Straub, Earle Thompson and Paul Maston.

Anchoring six miles off of Cape May at McCray Shoals they found the fishing good and hauled in 37 porgies and three black bass before noon. Also other undesirables were caught such as sea robins and sea spiders, which looked better back in the water. The total catch weighed 47 pounds, while the others of the boat's party were equally successful in landing a fair-sized catch.

The sea was calm and the fishing lively until two large sharks came up to the boat and then all fishing ceased for the day.

Baptist Church of the Evangel.

Robert E. Keighton, minister.

9:45 A. M.—Church School.

11 A. M.—Morning worship. Sermon: "Whom Can Jesus Trust?"

7:30 P. M.—Evening worship

This church and congregation are being helped by the union twilight services held at the Methodist Church.

The preacher for this occasion is the Rev. John Van Ness.

Wednesday, July 29.

8 P. M.—Prayer service. This union service will be held in the Lutheran Church, the leader being supplied by the Presbyterian Church.

LETTER FROM FIREMEN

CONTINUED FROM THE FIRST PAGE

caster avenue, to Morris avenue, to Haverford road, to Mill lane, to Delaware County Line, to City Line avenue, to the Pennsylvania Railroad, the place of beginning.

"Your property is located within this district and this circular is sent for your information.

"Until the completion of the Township Building, when a central alarm system will be established, your fire call will be Narberth 350.

In case of fire you are requested to make this call, and, to insure prompt response, wait until the connection is completed, give the man on duty the name and location and state the nature of the fire.

"The Narberth Fire Company is endeavoring to obtain such equipment and render such service as will result in lowering your insurance rate. We are assured that a revised classification will be made and lower rates promulgated this summer.

"The Narberth Fire Company is well trained, prompt and efficient.

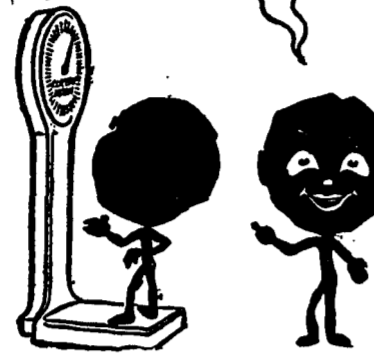

Care is taken to do no unnecessary damage to property and to minimize the loss due to water.

"You are invited to inspect the equipment of the company and to ask for any information you may desire as to its work."

She—"Did you hear the Chimney Swallow?"
Embarrassed Youth—"That wasn't the chimney, Ethel, it was I."

HEAT FOLKS

THE HEAT FOLKS ALWAYS GO OVERWEIGHT THEY BELIEVE IN GOOD MEASURE—THAT OLD FASHIONED TRAIT

THE Heat Folks are up-to-the-minute, Johnny-on-the-spot heat producers—but they steadfastly hold to some old-fashion traits. They work extra hours without overtime. They stay in at night and never go out. They are honest toilers who work without being watched. They are whole-souled little helpers who only stop when the job is done. If you want to hire some model employees, you can't do better than

Announcing

Smart New Motor Cars — new bodies by Fisher—low, racy lines—hood

and body beading—lower running boards and fenders—rich, distinctive new color combinations in enduring Duco—newly designed nicked radiator and special head and cowl lamps—all combine to inspire admiration.

Over 100 Improvements and Refinements

Oakland Six owners everywhere have expressed surprise that a car so powerful and spirited should operate so smoothly and quietly. And yet this car has been still further bettered by more than 100 improvements and refinements—including Oil Filter, perfected full pressure Oiling System, larger Crankshaft and Bearings, Air Cleaner, Four-wheel Brake refinements, still larger Balloon Tires and many other features of advanced engineering which contribute to the outstanding value of the car.

The Harmonic Balancer A vitally important and exclusive Oakland feature, the result of years of intensive research and development by Oakland and General Motors engineers—renders the Oakland Six engine positively unmatched in the absence of vibration at all speeds. It establishes Oakland even more firmly than ever as the outstanding leader in advanced engineering.

~ and New Prices ~ \$70 to \$350 lower Oakland's much lower prices would of themselves make this announcement one of the most important of the year. Considering the many important refinements which have been added to a car already unmatched in appearance and performance, the new prices are all the more impressive.

Come in—see the new Oakland Six—drive it—study the remarkable Harmonic Balancer—get the new lower prices—see why Oakland is more than ever the outstanding leader in its field.
