### Not Cabinet's Place to Involve Country in New Hostilities

Toronto, Aug. 9.—Discussing the possibility of Canada being again involved in war as the result of the Polish situation and the possibility of Britain's taking part in the fighting there, The Globe says to-day editorially:

"If the Canadian people are again to become an active factor in the settlement of affairs, it must be in constitutional and regularized fashion. Loose talk of sending one or two Canadian divisions to Poland when the call comes is bound to produce disorder in the country. The Government of Canada has no delegated power to participate in war or to make peace without the consent of the elected representatives of the people assembled in Parliament.

### WORK POINT SERGEANT ACCUSED OF STEALING FROM MESS COMRADES

Robert J. Williams Brought Back From Seattle; Committed to Higher Court

Robert Jardine Williams, sergeant in the Garrison Sergeants' Mess at Work Point Barracks was committed for trial to-day after a preliminary hearing in the city police court before Magistrate Jay. The accused is charged with stealing the sum of \$557.91, the property of the Garrison Sergeants' Mess, while he was acting in the capacity of caterer to that organization.

Williams, it is alleged, received the money in payment for canteen bills from the various sergeants and other non-commissioned officers at Work Point, and neglected to turn over all the money that he had received in this connection. On the night of July 31 it was stated Williams cleaned up the canteen, and after destroying incriminating evidence of his alleged delinquency, it is charged that he absconded.

Smart Police Work.

On information received from the local detective office, the Seattle police arrested Williams as he stepped off the boat, and he was brought back to Victoria by Constable Andrew of the Esquimalt police. He denied the charge on being questioned by the constable in Seattle, and reserved his defence after the hearing in the city court to-day.

E. V. Finland acted for the prosecution, and called a number of the warrant and non-commissioned officers from the Work Point Mess, who, by paying their monthly bills at the canteen, giving the money, which varied in amounts from \$21 to \$6 cents, to the accused, Williams.

Sergeant Major White, mess secretary for the current period, testified that the accused had not turned over the money thus collected.

Col. C. B. Russell, D. S. O. officer commanding the garrison at Work Point barracks, took the witness stand and told the court that this was the second occurrence of money being missing from the messes at the barracks. On a previous occasion a sergeant had rifled another mess and got away with the money. He had not been in receipt of any complaints as to the conduct of the accused until after the last occurrence on July 21, when the man was noted to be absent.

The accused made no statement, but reserved his defence. Magistrate Jay, after hearing the evidence, then committed Williams for trial by the higher court.

### Barry Said To Be Boer, and Back Near Ranch

#### Further Light Is Shed on Events of Last Week's Chase

Barry, or Reis, the man who recently assaulted S. A. Stoddard in his jewelry store here, thought to be ragged and hungry, was staving about Parksville, Vancouver Island, near his ranch, according to information which reached Mayor Porter, Chairman of the City Police Commission, today. The Mayor's information concerning the fugitive appears to prove incorrect the rumors that Barry had been seen near Union Bay or had escaped from the Island altogether.

When last seen by a man who was terrified to stop him, Barry appeared desperate, exhausted and ragged. He was still wearing the white tennis shoes which he had on when he committed his attack here, but they were torn to ribbons, as were his other clothes, as a result of the mad chase through the bush.

Though Mayor Porter has withdrawn City Detectives Carlow, Macdonald and Heather from the pursuit, Provincial Police are still searching for Barry, confident that he is in the woods near Parksville, where he lived before the crime. To catch him in the woods he knows so well, however, is a task of the utmost difficulty and so far has baffled his pursuers.

Many Reports.

Numerous reports regarding the whereabouts of Barry continue to pour into the police and a great deal of time has been consumed in tracing up all the clues. The other night a Chinese cook working at a Cumberland house was stopped by a man who told he was Barry. He told the Chinaman to leave a pail of food outside the house for him. The Chinaman's story was investigated, but led to no results. Last week a resident of Cumberland was travelling along the Island Highway in an automobile was halted by a man answered Barry's description. The other report came from a farmer named Cairns, who averred that he caught a stranger milking his cow. When the man, who was backing away, saw some others approaching, he took to his heels and disappeared over a long railroad trestle.

The missing boat, referred to in the chase last week, belonged to Mrs. Phillips, of Parksville, and was stolen from the beach and the presumption was that it was Barry who stole it. It was this incident that led to the tracking of a harmless fisherman all the way to Oyster Bay, where he accounted for himself satisfactorily.

Barry is a Boer.

During the last few years further details about Barry's life and habits have come to light. It has been learned by the police that he was born in South Africa of Boer parents

### VANCOUVER ISLAND NEWS

The Late Mrs. Bate.

Nanaimo. Messrs. Patterson, Chandler and Stephen, of Vancouver, have erected a beautiful white marble memorial cross at the City Cemetery in memory of the wife of ex-Mayor Bate. The design is most striking, a type apart from the ordinary cross. The floral carving is fine work, and in general appearance the stone is a fitting and imposing memorial, standing nine feet high.

Gold Badge to Dr. C. T. Hilton.

Port Alberni.—A presentation of a gold badge was made to Dr. C. T. Hilton at the regular semi-monthly meeting of the Alberni District Major R. J. Burde, M.C., performing the ceremony on behalf of his fellow members. Major Burde referred to the war record of Dr. Hilton and to the work he had done in assisting to establish the G. W. V. A. in this district, he having been the first president and continued in that office for two years. In the war zone and at home Dr. Hilton had endeavored hard, not only by his own personal practical and sympathetic interest in his physical comfort and material welfare, but also by his aid in the establishment of the G. W. V. A. in this district. Since the termination of the war there had been much to do in the way of re-establishment and he felt it his duty to respond, as far as possible, to every call made upon him in this connection. ### COOLER WEATHER FOLLOWS VERY WARM SUNDAY TEMPERATURE

Cooler temperatures are predicted for the next few days, according to Superintendent Napier Denison, of the Gonzales Heights Observatory.

This morning the thermometer registered 69 degrees in the shade.

Those who were expecting the record temperature of July 7 to be broken in the heat wave yesterday are doomed to disappointment. The maximum at Gonzales Observatory is set at 84 degrees yesterday, which is 7.3 degrees lower than on July 7, the warmest day here in 1920.

However, Victoria was four degrees warmer than Vancouver, and two degrees ahead of Seattle, however lagging behind Portland, where the temperature reached 88, maximum.

Through Canada yesterday the records yesterday were very high. Kamloops and Cranbrook with 96 and 95 respectively appear to have been the warmest places in British Columbia. Calgary 89 degrees, at Winnipeg 84, Toronto 85, and Montreal 90 show the condition of the warm wave, while right across Canada, at the Atlantic seaboard Halifax registered 82 degrees.

## DRUGS ARE FOUND IN POLICE VISIT

### Lum Joe Woun Is Charged With Being in Possession of Other Cases

Lum Joe Woun, charged with having drugs in his possession appeared in the city police court today, after having been arrested by Detective Poppo and Siciliano, at 1415 Store Street on Saturday night, where a large quantity of morphine and cocaine was found on the premises. The captured drugs were not found on the person of the accused, but in his room, and consisted of some 31 packages of cocaine, and six of morphine.

W. C. Moresby appeared for the accused and entered a plea of not guilty to the charge. Chief Langley, acting in the capacity of prosecutor, asked for a remand until to-morrow, which was subsequently granted. Mr. Moresby pressed his demands for bail and was finally granted bail for his client in the sum of \$500 on two sureties.

Lum Joe Woun is a young man of pleasant appearance and speaks excellent English. He stated that he has done three years in jail, being sent there in 1915 for procuring.

Smashed the "Medicine."

Charles Suttle, on a charge of being intoxicated while in charge of an automobile, was fined \$50.

Accused caused the court some moments of laughter when Sgt. Fry and Constable Burnett told the circumstances of the latter case. Accused it appeared was in charge of a heavy truck, and was attracting a large crowd by his efforts to start the machine in a down town street. Sgt. Fry noticed the rdn get off the truck and reel around it to the rear, where he saw the police.

Immediately on seeing the constables he took a bottle from his pocket, and dashed it into fragments on the pavement saying, "That's good gas—now the evidence has all gone." Asked by Magistrate Jay what was in the mysterious bottle, Suttle stated that it was medicine. "But surely you do not throw medicine away like that?" queried the court to which there was no audible response.

"Driving a truck while under the influence of liquor is apt to be dangerous to other people—I must fine you \$50," concluded the magistrate.

James Smith accused of being in possession of a bicycle knowing the same to have been stolen, was remanded until to-morrow, after Arthur Grease produced character evidence on his behalf. The boy had been industrious and never of any trouble to his parents, stated Mr. Grease and was apparently in the act of returning the bicycle when he was accosted by the owner. It was a foolish caprice, and not done with criminal intent he held. A remand was granted.

**SEALING NOT TO BE RESUMED YET**

Abrogation of Treaties Will Not Affect Agreement, Says Sir Charles Tupper

That resumption of pelagic sealing in Alaskan waters on the Pacific Coast is not likely until the treaty made between Great Britain, the United States, Russia and Japan in 1911 shall have expired, is the opinion of Sir Charles Hibbert Tupper, who as Minister of Marine and Fisheries, represented Canada at the treaty of arbitration at Paris in 1902-1903.

Recently the point has been raised that the resumption of pelagic sealing on the Pacific Coast is among the possibilities which may be effective in the abrogation of commercial treaties provided for in the United States Merchant Marine Act. Sir Charles, while he confessed that he had not recently studied the act, affirmed that the treaty was, hardly one which could be abrogated under this heading, and he could not see how the act would have any effect on the agreement as made between the four nations.

Sir Charles added the information that under the treaty the United States were to decide when the seal-herds would be ready for killing, and kill them themselves, dividing the profits among the other countries. There was to be no pelagic sealing north of 55 degrees north latitude. In regard to Russia's claims, although she has fallen from her former status as a nation in the eyes of the world, Sir Charles said that she would have to be recognized as a participant to the treaty now, just as in 1911 when it was made.

Overhaul of Mont Etna Terminates Busy Repair Period at Esquimalt

The floating of the French steamship Mont Etna from the Esquimalt drydocks marks the completion of a busy period of repair work by the firm of Yarrows, Ltd.

Four of the Canadian Government Merchant Marine ships, the Canadian Importer, Canadian Inventor, Canadian Exporter and Canadian Prospector, have been docked for cleaning, painting and inspection. The biggest repair job last month was performed on the G.T.P. steamship Prince Albert, involving the replacing of several new plates. The damage was sustained when the Prince Albert collided with the Prince John some months ago at the entrance to Skidegate Inlet.

The C.P.R. steamship Princess Charlotte was docked for painting and repairs to propellers. Deck repairs were made aboard the American barkentine "Aha" and the barkentine "Conqueror" was hauled out for cleaning, painting and repairs. The tall shaft of the steamer Quadra was drawn and the vessel overhauled. Electric welding work was done on the coasting steamer Cascade and the tugboat Muriel, and minor engine-room repairs were effected on the tugboat Sebastian.

The Government lighthouse tender Estevan has been launched from the Lang Cove ways after being cleaned and painted and the vessel is now lying alongside the wharf undergoing minor repairs.

The Canadian Australasian liner Tahiti, Captain Todd, is due here from Sydney, N. S. W. August 17, and is posted to sail outwards August 28. Of the freight steamers of the company, the Waitemata is due at Vancouver August 19, and the Waituna, September 4.

**MINING DIRECTOR RETURNED TO-DAY FROM ORIENT TRIP**

F. M. Sylvester, of Granby Mining Co., Made Round Trip on Empress of Japan

F. M. Sylvester, of Vancouver, formerly managing director of the Granby Consolidated Mining and Smelting Company, was a passenger by the liner Empress of Japan which reached port at noon to-day from the Orient.

Mr. Sylvester, who is still a director of the company, some months ago resigned from active association with the big mining organization, and in the interests of his health booked a round-trip passage to China.

"I greatly enjoyed the trip," said Mr. Sylvester, "and am much benefited in health from the ocean cruise."

With the exception of five days at Hongkong, I stayed with the ship, and therefore I am not in a position to discuss conditions in the Orient," he added when asked for his impressions. "There appeared to be a great deal of activity at the Chinese ports we touched at, but in Japan, which is still suffering from the post-war slump, conditions were not so rosy."

Mr. Sylvester expressed the opinion that Japan was not seriously inconvenienced by the Chinese boycott.

**Other Travelers.**

Bound to London, England, from the Orient were: Mr. and Mrs. J. Joseph, who have been touring the Far East; Major and Mrs. R. W. Bruce were also bound to England. Other passengers were: Major F. W. Prince, of Bristol, N.H.; L. S. McLennan, of Vancouver, and Captain J. A. C. Smith, of Paschland, B.C.

The Empress of Japan brought in 165 saloons, 60 second cabin and 500 Chinese steerage passengers. Of the Chinese passengers aboard, 403 are routed through to Havana, Cuba; 121 to Vancouver and 29 disembarked here.

Capt. W. Dixon Hopcraft, R.N.R., commander of the Empress of Japan, reported an excellent passage.

**Typhoon Season.**

This is the typhoon season off the China coast, and the liner was under typhoon signals while at Hongkong. Reports came in from all directions of vessels encountering typhoon weather, but the Empress always hung on the fringe of them.

The Empress of Japan, after landing passengers and 175 bags of mail here, left about 1.30 p.m. for Vancouver.

**TOYAMA MARU FOR PACIFIC SERVICE**

Another Vessel of N. Y. K. Fleet Will Arrive Here in October

W. R. Dale, local agent for the Great Northern Railway, has been advised that the Toyama Maru will be the third vessel of the "T" class of liners to be pressed into the Victoria-Seattle service by the Nippon Yusen Kaisha.

The Toyama is now bound from Yokohama to Hongkong to load and is expected to reach this port from the Orient about the middle of October.

The Toyama Maru is a vessel of 7,085 gross tons and is slightly larger, although of the same type as the Toyohashi Maru and Tajima Maru. Under the subsidy arrangements with the Imperial Japanese government the Nippon Yusen Kaisha proposes to operate seven mail liners in the North Pacific trade.

Repairs to the big passenger liner Suwa Maru, which are now under way at Nagasaki, will take about three months to complete. The Suwa Maru is due to leave Nagasaki November 27 and should arrive here December 12.

The next arrival of the N. Y. K. fleet will be the Tajima Maru which is due to make port next Wednesday.

**NAVAL BRIGADE IN CAMP TO-DAY**

Members of Local Brigade, With Band, Greet Visitors and Escort Them to Camp

Picked boys from the naval brigades of British Columbia open camp to-day at Selkirk water.

For the next two weeks the budding sailors will live under canvas on the Gorge Road estate of J. Rylands. From the waters of the Gorge the camp site with its white tents and background of green sward and trees, presents an inviting picture.

The boys from the Mainland arrived by the afternoon boat to-day from Vancouver and were met by the sub-divisions of the Victoria Boys' Naval Brigade with band and escorted to camp.

The camp will be fun on naval routine and instruction given to the boys in seamanship, swimming, boat pulling, etc. The following cities will be represented: Victoria 8, Nanaimo 8, Vancouver 12, Trail 2, New Westminster 2, total 32 cadets.

Entertainment will be provided every night at the camp, the programme being as follows:

Aug. 9, welcome night, address by Mr. Hart, late president (3 W.V.A.). Aug. 10, sea yarns by Chief Warrant Officer Saunders, R.N. (forty-one years in the Royal Navy); Aug. 11, singing, director, Ernest Down; Aug. 12, old-fashioned English games.

MELODRAMA THRILLS AT ROYAL VICTORIA

"Should a Husband Forgive?" Will Be Presented This Week

"Should a Husband Forgive?" the much-heralded William Fox special which opened at the Royal Victoria Theatre to-day, is one of the best melodramas seen here in a long time. The story holds one's interest every moment and the tenseness of the situations gives thrill after thrill.

R. A. Walsh, a master of big spectacular productions, in this picture has tapped to the utmost his exceptional ability. He has taken a real, human interest story and woven it into a wonderful play. It deals with a young girl, who has been brought up amid racing people and horses, and who, left alone in the world is beset by evil men. She falls in love with a Southern boy, who eventually forsakes her when gossip tells him she has a past. Despite this she saves him from financial ruin by riding his horse to victory, after learning of a plot which would have made him a pauper. The all-star cast is headed by Miriam Cooper and includes Mrs. James K. Hackett.

ALICE LAKE AT DOMINION ALL WEEK

Beautiful Young Star of "Shore Acres" Had No Stage Training

Strange though it may seem, Alice Lake, the beautiful young star of "Shore Acres," the picture which will be the feature attraction at the Dominion Theatre, beginning to-day had no stage training prior to her screen debut. Out of motion pictures, Miss Lake's only dramatic work was her dancing at the Waldorf-Astoria Hotel in New York. Here she did society dinner dances with a partner when the after-the-show crowds came in.

"Where did I learn to dance?" Miss Lake repeated in answer to a question. "Well, I never took any lessons, I guess I'm a natural born dancer, for I just went to the Waldorf-Astoria and applied for a position."

Alice Lake flashed like a meteor across the silver sheet, in a manner so extraordinary as to stamp her as one of the great "finds" of the screen. A few short years ago she was attending Erasmus Hall High School in Brooklyn, wearing long curls and openly worshipping the heroes and heroines of the silent drama, among whom she has now taken rank as one of the most talented and brilliant of all.

Prior to her first appearance for Metro in "Blackie's Redemption" as leading woman for Bert Lytell, her chief claim to recognition had been her work in comedies with Roscoe ("Fatty") Arbuckle and for Mack Sennet. It was a little more than a year ago that Maxwell Karger, Metro Director General, attending a motion picture theatre in Los Angeles, saw Miss Lake doing a travesty on a melodrama. She burlesqued it with such skill that Mr. Karger came to the conclusion that she should be able to enact drama seriously with the best actresses on the screen.

Work and Other Things. Mildred Davis, Harold Lloyd's pulchritudinous leading lady of the species blonde, has a natural fondness for dogs (puppies preferred), chocolates, making pictures and work! She likes work because it is the only thing that will enable her to reach the ambitious goal she has set for herself, but she likes the ceteras because she can't help it. Just how much she loves her work can be seen when Harold Lloyd's newest side-splitting Pathe two-reeler "Haunted Spooks," is shown at the Dominion Theatre this week.

## "HIS WIFE'S MONEY" IS COMEDY DRAMA

Variety's Film Stars Eugene O'Brien in Thrilling Story

"His Wife's Money," the new Seznick picture starring Eugene O'Brien, which comes to the Variety Theatre for a six-day engagement, beginning to-day, is properly described as a comedy-drama. Its story is such as to permit of the painting of real life with plenty of light and shade, and as a consequence there is both wholesome comedy and gripping drama. The picture public is always interested in the "big things" which producers for the screen find it possible to use in telling their stories. An early incident of "His Wife's Money" shows a disabled motor boat with a beautiful girl its lone occupant, snatched from sure destruction as it hangs on the very brink of a precipitous waterfall. Deep in the bowels of the earth, later in the action, there is shown a terrific explosion which successfully uncovers a rich vein of ore which means a fortune for the hero. Still later is shown a money mad stock exchange in New York in the throes of a "bear" movement that means ruin and disaster for hundreds of frenzied operators.

## "DEADLIER SEX" IS WHOLESOME DRAMA

New Photoplay With Blanche Sweet in Leading Role

He had exactly one hundred thousand dollars in cash in his pockets—a fortune! Yet, he couldn't spend a cent of it! He did not know that he was the victim of the carefully laid plot of a girl to teach him that the world was full of finer things than money.

The last thing he remembers was being in his office and poring over the books of Mary Willard's railroad. When he woke up he was completely surrounded by sky, river and pine-clad hills. At first he thought he was in Central Park.

Then he began his efforts to spend his money. Miles from civilization, for no sum could he get anyone to take him to the nearest railroad or telephone! He burned his breakfast and had to pay for another by splitting wood! The mosquitoes annoyed him, yet his fat roll of bank notes would not purchase some old man's quilted netting! No one in those hills seemed to care for money.

Such was the sorry plight of the hero of Blanche Sweet's new photoplay, "The Deadlier Sex," which is showing on the Pantages screen to-day and to-morrow only on the Pantages screen. Beginning Wednesday afternoon another fine bill of Pantages vaudeville will hold the boards.

## BAND OF CROOKS PLOT OF FILM PLAY

"Loot" From Magazine Story Is Presented at the Columbia

"Loot," the famous Saturday Evening Post mystery story from the pen of Arthur Somers Roche, will be shown at the Columbia Theatre to-day, Tuesday and Wednesday. The Universal Film Company has made of this well-known story an intense and enthralling mystery drama.

ma. William C. Dowlan was the director.

While new to Universal Pictures, Ora Carew and Darrell Foss, stars in "Loot," are well known in the movie world. Miss Carew first flared into cinema prominence as a Mack Sennet star, later leaving the comedies to play opposite Wallace Reid. Before joining the Universal forces she was featured in her own company.

Darrell Foss is one of the best known leading men in the cinema world, having received his first training with Ince, later appearing as a leading man for such stars as Alma Rubens, May Allison and Nasimova.

A capable supporting cast was selected for this feature, including such well-known players as Joseph W. Girard, Frank Thompson, Alfred Allen, Wadsworth Harris, Arthur Mackley, Helen Gibson, Gertrude Astor and Frank MacQuarrie.

The plot deals with the workings of a band of crooks, directed by the famous "Shadow," to obtain the priceless "Shahin" jewels. One of the big scenes is the tremendous jewelry store robbery, which Director Dowlan obtained after arrangements had been made with the Los Angeles police force to hold up street traffic for nearly an hour.

## "IN WALKED MARY" HAS NOVEL THEME

Southern Girl Is Well Portrayed by June Caprice at Romano

The action of "In Walked Mary," the Pathe feature to show at the Romano Theatre to-day, is as dashing as the title, and, jodging by the way it has been received in other places, June Caprice in this latest comedy drama walks right in and takes possession of the hearts and affections

## ARMY AND NAVY VETERANS FOLLOW SPORTS WITH SMOKER

As a finale to their first annual sports day, the Army and Navy Veterans' Association were hosts at an enjoyable smoker at the Hamley building on Saturday evening, when a large number of guests were entertained with a varied programme of music and comedy that attracted merited applause. Brigadier-General R. P. Clark was in the chair, and nearly 300 guests were routed during the evening. President D. J. Clark assisted the chairman in the arrangement of the southern section of Vancouver Island, and several of the Gulf Islands as well, it was decided by resolution that the Institutes would do well to remain in their present state, rather than amalgamate with the United Farmers, as had been suggested.

## FARMERS' INSTITUTES PLAN CONVENTION OF ISLAND MEMBERS

At a meeting of Farmers' Institutes held on Friday, embracing all the associations of the southern section of Vancouver Island, and several of the Gulf Islands as well, it was decided by resolution that the Institutes would do well to remain in their present state, rather than amalgamate with the United Farmers, as had been suggested. C. E. Whitney Griffiths rendered a report covering the Kelowna convention, which led up to the above action on the question of amalgamation.

## GOVERNMENT ROAD WORK AS A CURE FOR LUMBAGO.

To the Editor.—The other morning I was suffering from a bad attack of

this common complaint, but I had promised to make one to go on a job of minding a new road, so I made up my mind to try it.  
When I got to the job I could not stand upright, and the first thing I had to do was to make a hole with a crowbar and shovel under a large cedar stump for blasting. This done, the rest of the day was all back-breaking, picking and shovelling. There five men and two teams, ploughing, shovelling, etc. and by 5 o'clock the new road over 200 yards was finished, the ground was as hard as iron in places, and at times we could not see each other for dust, because our Pender Island road foreman does not stand any "monkeying."  
I came home, cleaned the dirt off my body and went to bed. The next

morning I was cured, no pain; could stand straight up and ready again.  
This goes to prove that a whole lot of our aches and pains would be far easier cured if we were to treat our bodies like they really are, steam engines. When your vacuum is low or frickey, you have some leak in your air pump. Just clean out the valves and turn on full steam and "let her go."  
Now that I am talking to you Mr. Editor about these beautiful Gulf Islands will you kindly allow me another inch of space?  
These are, as everyone knows, trying times to live through, and especially on these islands, where nearly everyone has to create his own industry and make a living out of it.  
How much better it would be for everyone if we could cut out these old "petty scrapper" about politics, etc., and get down together and join, say, "The Bury the Hatchet Society." We should then stand a fast better chance of gettingty schools, preventing children walking miles everyday in all weathers, wharves repaired, better steamer service at lower rates, to say nothing of buying chicken wheat direct from the grower, etc.  
Then, Mr. Editor, don't you think there would be some truth in the statement "The Gulf Islands have the finest climate and the happiest people in B. C. bar none?"  
LUMBAGO,  
Pender Island, B.C., Aug. 5, 1920.

## You Can Be Cured of Catarrh

The Pure Balsamic Essences of Catarrhones Afford Surest and Quickest Cure.

Catarrhones is certain to cure because its healing vapor is carried with the breath direct to the seat of the chest, nose or throat trouble. Being composed of the purest balsams and pine essences, it immediately allays irritations, facilitates the ejection of mucus, soothes and stimulates the lungs and bronchial tubes. The marvel of the age in curing nose, throat and bronchial troubles, that's what thousands say about Catarrhones. There is nothing so sure to cure, and to those in fear of changeable weather—those who easily catch cold—those who work among lung-chilling surroundings, or where dust, impure air, fog or damp can affect them—let them get Catarrhones and use it several times daily—it will cure every time.  
Large size Catarrhones, sufficient for two months' use, guaranteed, price, \$1.00; smaller size, 50c; sample size, 25c. Sold everywhere.

## FOR NEXT YEAR.

To the Editor.—In a recent issue of The Colonist it was stated that the Vancouver Board of Trade were going to petition the Government for a statute authorizing them to enforce the daylight saving scheme. Should not like steps be taken in Victoria, as it was conclusively proved last June that it is little use looking to the city aldermen to further the wishes of the

majority in this matter, and we do not want to have another Summer sploit as this one is being.

## ARE NOW PIPE BAND CHAMPIONS OF PACIFIC COAST

Comrades of Great War Organization Has Carried Off Signal Honors

At the annual sports of the Caledonia and St. Andrew's Societies, held at Hastings Park, Vancouver, last Saturday, the pipe band of the Comrades of the Great War, Victoria, was successful in winning the Pacific Coast championship and the J. W. Stewart Cup, valued at \$1,500, defeating the following bands: 72nd Highlanders, Vancouver Police Band, Seattle Pipe Band and the Clan McLean Pipe Band, Tacoma.

For several years the Victoria Pipe Band, under the leadership of Pipe Major D. Cameron, has competed for the cup, but it was until this occasion that they have been successful in winning it.

It is a matter of considerable gratification to the St. Andrew's and Caledonia Societies and the winners of last year's contest, that the cup should come to Vancouver Island this year and it is hoped that increased interest will be shown in the Comrades of the Great War Pipe Band now that it has earned the right to call itself the champion pipe band of the Pacific Coast.

Upon arrival in Victoria on Sunday afternoon's boat President Macgregor and the Comrades' Pipe Band, along with the Seattle Band, received a great ovation at the C. P. R. wharf and at the Comrades' club rooms. Headed by the president and secretary carrying the cup, and Pipe Major Cameron with his pipers, the procession marched from the wharf via Government, Yates and Douglas Streets to the Comrades' rooms. Moving pictures were taken en route and on arrival at the rooms refreshments were provided for the Seattle Pipe Band and the ladies accompanying them.

Considerable credit is due Pipe Major Donald Cameron and his pipers for being in such a state of efficiency that they were successful in beating some of the best pipe bands on the coast. The Pipe Major is particularly enthusiastic about the work of his drum section, headed by Charlie Simms, and insists that they had a lot to do with the success of the band.

## GENERAL EDUCATION BOARD GIVES SUM TO MILLS COLLEGE

Mills College has received telegraphic news that the General Education Board of New York has given \$250,000 toward the first million now being raised for the endowment of the College.

This special gift to a California institution shows confidence the friends of education of the status of Mills College and should encourage them to participate in the endowment which the alumnae have already brought to \$200,000 since February, 1920. With this gift of \$250,000 from the General Education Board only \$450,000 remains to be raised toward the first million, the interest of which will be used for the increase of faculty salaries.

The General Education Board was founded in 1902 for the purpose of dispensing the gifts of John D. Rockefeller for the improvement of education in America. It is composed of a group of men who have the right after rigid examination to recommend the granting of gifts to institutions which need money for endowment, for buildings and for equipment. During 1920 the Board is distributing \$50,000,000 which Mr. Rockefeller has given with the stipulation that it be used solely for the increase of salaries.

## BUILDING CHECKED BY TIGHT MONEY

Housing Congestion Is Increased by Shortage of Liquid Funds

Added to the difficulties in building arising out of the cost and scarcity of materials, and the high wages demanded by labor, builders in the United States and Canada are confronted with another handicap, the tightness of the money market, which condition is having a depressing effect upon the building trade. This latter difficulty appears to be even more acute in the United States, and is responsible, according to a report from Washington for the housing congestion in every hamlet and city in that country. Building and loan associations, it is reported, have ceased to make any loans whatever, in many cities, and at the banks such high rates of interest prevail on mortgages and real estate notes that homebuilders are unable to carry out their plans. It has been found impossible to obtain anything like the amount of a loan on property such as could be secured in the past, since there is a general feeling prevailing that the real estate market is due for a decline.

It is said that the Federal Reserve Board has no solution to offer for this situation. So long as banks are loaded with government bonds on which the public has not completed payments, officials point out that there is little relief possible in the money market. The trust companies and other sources of funds for some building in the past are said to no longer look upon real estate mortgages as desirable, when they can buy government bonds that yielded 8 per cent. or more and there are plenty of short term notes available that run as high as 8 per cent. The only remedy is for the investing public to absorb the government securities and meanwhile housing shortage and high rents continue.—Financial Post.

THE JEWS LOOK
FOR A NEW ERA
Zionist Conference Believes Golden Opportunity Has Come in Palestine.

London, Aug. 8.—Not since Titus destroyed Jerusalem and scattered the Jewish people to the four corners of the Roman Empire has there been such an important Jewish meeting in the Zionist congress, which has concluded its sessions here. Who can tell that this Jewish conference may not prove the beginning of a new epoch in Jewish history? It is only by that recorded in the Bible that the similarity of this period to the day of Ezra and Nehemiah is virtually an accident. When, on April 24 last, the Supreme Council at San Remo wrote into the Turkish treaty the famous Balfour declaration pledging the signatories in favor of the establishment in Palestine of a national home for Jewish people, the Jewish people, as David Lloyd George then told the Zionist leader, Dr. Weizmann, "were given a start—it was now up to them to make good."

Burdens Rest with Zionists
But here looms up the practical difficulties involved. Britain, the mandatory power over Palestine, through the mouth of its Secretary for Foreign Affairs, announced that no man or woman would be admitted to the country (Palestine) whom the country was incapable of supporting, and indiscriminate mass immigration would certainly not be permitted.
