Liquor Profits Biggest Item in B. C. Revenue

Income Tax Runs Second As Producer With \$2,000,000; \$50,000 For Songhees Reserve; Much Money Spent Here For Upkeep of Institutions.

Of the \$17,010,595 estimated revenue for the next year in the British Columbia estimates presented by the Hon. John Hart, Minister of Finance, profit on liquor sold under the Government Liquor Act is put down as the largest item of \$2,500,000.

Other revenue estimates are: Automobile licenses, \$750,000 against \$650,000 last year; amusement tickets tax, \$350,000; income tax, \$2,000,000; personal property tax, \$860,000; real property tax, \$1,050,000; wild land, coal and timber land tax, \$975,000; poll tax, \$235,000; succession duties, \$700,000; timber licenses, \$1,350,000; land sales, \$550,000; timber royalties, \$950,000; timber sales, \$300,000.

What Legislature Costs. Legislation will cost the Province \$109,870 this year, an increase of \$700 over last year.

Includes seasonal indemnities for forty-seven members at \$1,600 each, \$7,000 for mileage and \$1,500 allowance for the Leader of the Opposition, \$2,470 for officials of the House and attendants, and \$17,100 for supplies.

Premier Oliver has cut down the expense of his office \$200 this year to \$13,880, including his own salary of \$7,500 and the cost of a secretary, stenographer, office supplies and travelling expenses.

Notes For Victoria. The largest item for Victoria in the estimates is \$200,000 for the Johnson Street bridge. This is a revote from last year.

There is also a vote of \$50,000 for Songhees Reserve. Prince Rupert is getting \$200,000 for new Government buildings. For capital expenditure on mental hospitals, \$227,100 is being asked.

B. C. House Upkeep. Maintenance of British Columbia House, London, will cost \$79,300. This includes a salary of \$3,000 a year to M. C. Wade, Agent-General; \$12,125 ground rent, \$12,125 interest on mortgage and \$16,000 rates and taxes. It is expected that the Province will receive \$51,200 in rents from B. C. House this year instead of \$37,800 last year.

Fruit Pests and Movies. Compensation and supplies for tubercular cattle will take \$20,000 this year, the Hon. E. D. Barrow, Minister of Agriculture, estimates. For agricultural fairs \$41,000 is being set aside, \$15,000 for the control of fruit pests and diseases, and \$30,000 as grants to settlers as aid in buying stumping powder for land clearing.

It will cost the Province \$15,522 to censor moving pictures this year. Provincial police cost for the year is estimated at \$400,601, which includes \$246,227 for salaries.

Mothers' Pensions, Motor Numbers. Administration of the Mothers' Pensions Act will cost \$43,680. The statutory expenditure on these pensions will amount to \$100,000. The license number plants will cause the Province an outlay of \$17,000.

For summoning and paying witnesses attending trials \$29,000 is being set aside, for grand and petit jurors \$27,500, and for prosecutions and interpreters \$34,000.

Dr. Baker's Outlay Cut. Dr. A. R. Baker's Moving Picture Department will cost \$29,000. Last year there was no original estimate for the activities of this department, but at the end of the year the outlay under special warrants had risen to \$25,000.

Fifty thousand dollars is being earmarked for the destruction of wolves. (Concluded on page 4.)

URGE GRANTING OF NO MORE DIVORCES

10,000 in Ottawa District Petition Parliament

Ottawa, March 19.—A petition protesting against the passing of legislation to provide divorce courts and urging abolition of divorce on the ground that divorce is a moral and social evil which should not be legalized, has reached the Commons yesterday, having been presented by Dr. J. L. Chabot, member for Ottawa.

The petition, which is that of Rev. L. N. Dubois and others, bears more than 10,000 signatures of persons residing in Ottawa and its vicinity.

GENERAL AND THREE OTHERS ARRESTED

Poles Accuse Them of Plotting Against Life

Warsaw, March 19.—General Nicola Peremkin, commander of the Third Russian Anti-Bolshevik army, two members of his staff and a woman giving her name as Countess Janina Zamzajska, have been arrested by Polish army intelligence operatives. They are accused of complicity in a plot against the life of Boris Savinkoff, Minister of War in the Kerensky Cabinet established in Petrograd in 1917 and leader of Russian Social Revolutionaries in Poland.

JAPAN IS FIRM ON YAP QUESTION

Insists She Be Allowed to Retain Mandate

Declaration Made by Foreign Minister Uchida

Tokyo, March 18.—Japan will stand firmly on her mandate over the island of Yap, Viscount Uchida, Foreign Minister, declared at a meeting of a Diet committee to-day. Representative Uchida asked whether the attitude of the United States, Great Britain and the League of Nations Council regarding Yap did not affect Japan's interests and whether Japan intended to insist on her rights under the mandate.

Viscount Uchida replied in the affirmative to the latter question. Agitation in U. S.

Representative Uchida said that American anti-Japanese agitation was spreading to other states besides California, declaring this probably was due to California agitators communicating with persons similarly disposed in other states.

He charged John F. Stevens, of Chicago, head of the American Railway Mission in Siberia, with carrying on an anti-Japanese movement. Viscount Uchida replied that he knew nothing of the allegations against Mr. Stevens, but said the Government was adopting every possible means to prevent the passage of laws similar to those adopted in California.

Britain and Russia. The Foreign Minister asserted that the trade agreement between Great Britain and Soviet Russia was only a temporary measure. Hitherto, Mr. Uchida said, Japan had kept in touch with the Soviets, but it might be necessary to map out a policy conforming to that of other countries. He believed the Moscow and Chita Soviet Governments should be dealt with separately.

Den Members of the House of Representatives will visit America this Summer, it was announced.

MR. CHAMBERLAIN UNIONIST LEADER

Selection in London Monday Is Predicated

London, March 19.—(Canadian Associated Press)—Election of Rt. Hon. Austen Chamberlain as chief of the Unionist Party seems assured, as opposition will not be forthcoming. It is presumed he will act as Government Leader in the House of Commons, and sooner or later resign the portfolio of Chancellor of the Exchequer, which he is now holding, for a less exacting office.

The convention to select a leader of the Unionist Party has been called for next Monday. The leadership is vacant through the retirement from active politics of Rt. Hon. Andrew Bonar Law.

LAKE NAVIGATION TO OPEN APRIL 1

Grain at Fort William to Be Moved

Toronto, March 19.—Canada sent about sixty lake freight-carrying vessels to the ocean trade during the war and only two or three have returned. The others will never return, for they are either at the bottom of the sea or have been burned or sold. The great majority went down through the activity of German submarines.

Captain J. F. Foote, a well known marine insurance agent, estimates the loss will run up to \$10,000,000 and may be a great deal more. The Canada Steamship Lines, Ltd., sent eighteen vessels to the ocean. Six of these ships have returned and are now being put into shape at Kingston, Collingwood and Midland.

On April 1. Captain Foote said last night that navigation would open for steel vessels on the Great Lakes on April 1, from which date insurance would be underwritten. At present, he said, the outlook for the vessels was very uncertain. There was a good deal of grain at the head of the lakes to be moved, but so far there had been no indication of a heavy movement of iron ore, which formed much of the business in the early part of the season.

The mild winter would interfere, too, with the coal-carrying business. There were many vessels at Lake Erie ports loaded with coal waiting for the opening of navigation to take their cargoes to the head of the lakes and to Lake Michigan ports.

MANY INJURED BY BIG EXPLOSION IN GERMANY

Erfurt, Prussian Saxony, March 19.—Many persons were injured last night by the explosion of a munitions depot at Scherborn, a town four miles northeast of this city.

FAVOR DR. CLAY

The Clerk of the Victoria Presbytery is advised to-day that several Albertan Presbyteries have endorsed the nomination of Rev. Dr. Clay, Minister of St. Andrew's, Victoria, as Moderator of the General Assembly, the highest post in the church in Canada.

Welsh Place Bought by Memorial Association

London, March 19.—Craig y Nos Castle in Wales, the house of the late Madame Adeline Patti, has been sold to the Welsh National Memorial Association, but the residue of the estate, comprising farms, sheep runs, mountain pastures, limestone quarries, ground rents and cottages will be sold later.

When the castle was purchased by Madame Patti it only had limited accommodation, but to enable her to have her friends around her and to entertain on a considerable scale, which she was very fond of doing, she had extensive improvements carried out which cost her nearly £100,000.

Included in the alterations was the construction of a small theatre with a seating capacity of about 300 people.

LAUNCH SEARCHED AT SAN FRANCISCO

San Francisco, March 19.—The launch Lloyd C. Houston, eleven days before, was seized at the harbor entrance to-day by the coastguard cutter Tulare, following receipt of information that she was bringing a quantity of liquor to this city. The launch was taken to a Government dock, where a crew of searchers was put to work.

The Houston also visited Port Angeles before coming here. She is said to have been purchased here recently by Seattle interests.

To Give Municipalities Chance to Finance If Voters Reject By-laws

School Boards which are met year after year with the problem of ratepayers refusing to vote money for necessary improvements and buildings will now have a limited way opened to them of financing, through amendments to the Public Schools Act, given their second reading in the Legislature last night and elucidated by the Hon. J. D. MacLean, Minister of Education.

"For districts where by-laws for new schools have been turned down by the ratepayers, we are proposing that if the School Board desires they may provide a building fund by means of a small levy each year to create a reserve fund out of which funds can be provided so that when new buildings are required there will be money to start the building or for other school requirements," said the Minister. "The annual levy for the reserve fund is limited to one mill."

Just Business Sense. "This is a matter of ordinary business sense. The ordinary business man lays up a reserve each year so that when the time comes for extension he will not have to borrow a large sum all at once."

Ion. Dr. MacLean explained that provision is also made in any district where there are fifteen pupils ready to attend a High School, a High School may be established there. Under the old act 20 pupils were required. Provision is also made for the opening of a superior school where High School subjects are taught in any district where there are eight pupils ready.

Mere High School Provisions. "Neither of these two sections will increase the cost of education to the people of the Province," Hon. Dr. MacLean said.

Other provisions, he said, are that two additional municipalities may unite for High School work and that fees may be charged by one municipality for education provided children of another municipality.

It is provided that districts may levy an assessment for the building of a school instead of having to rely on voluntary contributions as at present.

To Make Up Lost Time. Where there has been an epidemic and schools have been closed, power is given to the municipality to open part of a school in the summer months so that the pupils anxious to (Concluded on page 3.)

YOUTH CONFESSES HE KILLED CHUM

Virgil Decker Clears Up Indiana Mystery

Warsaw, Ind., March 19.—Memories of his early religion revived by a letter urging him to confess his sins and seek forgiveness, combined with the softening influence of the Tippecanoe given by Mrs. C. B. Moon, wife of the sheriff, has resulted in a confession from Virgil Decker, eighteen years old, in which he declared that alone was responsible for the death of his chum, Leroy Lovett, a nineteen-year-old youth of Elkhart, Ind.

Since his arrest Tuesday at Marion, Indiana, on a charge of having murdered Lovett, the Decker boy had insisted that he had no part in Lovett's death. The Decker confessed he had struck his chum on the head with an iron bar as he was sleeping in a cottage on the Tippecanoe river near here and several hours later returned to the cottage with a horse and buggy, taking Lovett's unconscious form to a nearby railroad crossing, where it was struck by a train.

By the Devil. "The devil drove me to it," Decker told Sheriff C. B. Moon, after signing his confession, and would add no other explanation.

He denied that the transfer of his own clothing to Lovett's body had been part of a plan to cover up the insurance totaling nearly \$30,000, payable to Fred Decker, his brother, in event of the death by accident of Virgil Decker.

BERT L. TAYLOR DIED IN CHICAGO

Chicago, March 19.—Bert Leston Taylor, noted humorist familiarly known as "B. L. T.," the initials with which he signed his daily column, "A Line o' Type or Two," on the editorial page of The Chicago Tribune, died of pneumonia at his home here to-day.

He was born in Goshen, Mass., in 1866, entered newspaper work in Plainfield, N. H., and edited The Duluth News-Tribune for three years before coming to Chicago. He founded his Tribune column in 1901, but two years later went to New York to contribute to Fun, The Sun, and other publications. He returned here in 1903 to resume the conduct of his column. Among his better known writings were "The Well in the Woods," "The Pipsmoke Carry," "The Charlantans," "Moteley Measures," and "A Line o' Verse or Two."

BULLET IN BRAIN, BUT HE RECOVERED

Toronto, March 19.—"I thought it was pretty well understood that sending a bullet through the brain was likely to hurt a man," remarked Colonel George T. Denison, police magistrate, when Robert Howland, colored, was remanded in the police court here yesterday to answer a charge of attempting to commit suicide. Howland had sent a bullet crashing through his brain following a row with a woman, but he recovered.

BIG RAID MADE BY SINN FEINERS

Six British Soldiers Killed Near Cork

Heavy Casualties Suffered by Attackers

Belfast, March 19.—A great ambush by "Irish Republican" forces near Kinsale, County Cork, this morning, in which six Crown soldiers were killed and five wounded is reported. The attackers suffered heavy casualties and the battle still is in progress.

Cardinal Bourne's Letter Denounced

London, March 19.—Irish Roman Catholics adopted a resolution at a mass meeting last evening protesting against the pastoral letter issued in February by Cardinal Bourne in which the Cardinal denounced disloyalty to the British Government and orders in Ireland. The resolution warned Cardinal Bourne that while dutiful Roman Catholics will obey the church in matters relative to faith and morals, no ecclesiastical dictation or interference in political matters will be tolerated.

HOW RESERVE FUND WILL AFFECT TAXES

City and Adjacent Municipalities Will Have to Find About \$65,000

A special mill rate for schools, to create an emergency building fund, as proposed in an amendment to the Public Schools Act, would involve the following additional levies in Victoria and District:

Table with 2 columns: Location and Amount. Victoria: \$45,000; Saanich: 10,777; Oak Bay: 4,863; Esquimalt: 4,572.

This information was gathered by The Times to-day following the tabling of a bill last evening in the Legislature by the Minister of Education.

Municipal opinion is distinctly unfavorable to the amendment. The Times gathered, the attitude being that while almost every municipal council is at loggerheads with the school board of its district on school expenditure the new reserve fund will be asserted add to the liability to taxpayers for school purposes.

The figure named above for Victoria is for 1920, the tax rate for 1921 not having been struck. The other figures are based on 1921 assessment figures.

TWO MINES ARE TO CLOSE DOWN

Spokane, March 19.—The Hercules and the Tamarack Custer, two of the biggest silver-lead mines in the Idaho Coeur d'Alenes, will close down to-morrow, letting about 700 men, according to information received here. Metal market conditions are said to be the cause of the action.

ENGINEER KILLED IN NOVA SCOTIA

Pictou, N. S., March 19.—The short line express No. 39 from Oxford Junction to Pictou ran into an open switch at Urquhart's Siding last night. The engine turned over and crushed to death Engineer John J. Ferguson, of Pictou, and badly injured Dick Armour.

NEW YORK TO HAMBURG.

Washington, March 19.—Regular passenger and freight service between Hamburg and New York is to be inaugurated May 3 by the Royal Mail Steamship Packet Company of Great Britain, according to a report to the Department of Commerce, France, from Consul Broy, at Cherbourg.

ST. LOUIS BARS H. FORD'S PAPER FROM STREETS

St. Louis, March 19.—Chief of Police O'Brien said he was preparing to issue an order to-day prohibiting street sales of the "Dearborn Independent," Henry Ford's paper. Charles H. Daux, city counsel, yesterday ruled that sale on the streets constituted a law violation, punishable under defamation and criminal libel statutes and the disturbance of the peace ordinance.

ALASTRIN EPIDEMIC AMONG JAMAICANS; 300 CASES FOUND

Kingston, Jamaica, March 19.—Alastrin, a contagious disease similar to a mild form of smallpox, is again raging on the island of Jamaica, fully 300 cases having been reported. The disease is found mostly in the country parishes.

Excitement in Silesia Over Vote To-morrow

Oppeln, Upper Silesia, March 19.—Captain Lenche, who was an adherent of Dr. Wolfgang Kapp during the short-lived revolution in Berlin last March, and who was head of the press section of the Foreign Office during Mr. Kapp's regime, was arrested yesterday by Italian occupation troops. It was alleged he was at the head of a military organization aiming to uphold German claims in Silesia by force if necessary, should the plebiscite on Sunday go in favor of the Poles.

He was released later, however, on offering to procure proof that he was a reporter for a German newspaper. Coincided with the arrest of Captain Lenche came reports from Gleiwitz that two Poles had been shot and killed by plebiscite police while urging interference with the plebiscite in favor of Poland.

Bermuda Assembly Rejects New Trade Pact With Canada

Agreement Drafted at Ottawa Defeated in House of Assembly by Sixteen Votes to Eleven; Agreement Was Ratified by Other Assemblies.

Hamilton, Bermuda, March 19.—A motion to ratify the Canada-West Indies trade agreement was defeated in the House of the Assembly yesterday by a vote of 16 to 11.

Ottawa, March 19.—(Canadian Press)—Confirmation of the report that the Canada-West Indies trade agreement was defeated yesterday in the Bermuda Assembly has not been received as yet at the Department of Trade and Commerce.

To date a number of the island assemblies have ratified the agreement but the effect of Bermuda's refusal to join is causing considerable speculation as to whether the agreement will now be effected with the individual islands, or whether it now becomes dead.

POLISH-RUSSIAN TREATY SIGNED

Poland as Bridge Between Europe and Russia

Riga, Latvia, March 19.—After months of negotiations, peace finally was signed last night by representatives of Poland, the Ukraine and Russia.

After the signatures had been affixed, M. Dombaki, head of the Polish mission, declared it was the desire of Poland to be the bridge between Europe and Russia. Future relations between Poland and Russia, he added, would depend on the execution of the peace treaty.

Good Relations. Adolph Joffe, head of the Soviet Russian delegation, expressed the conviction that good relations would be established between Russia and her neighbors, because Russia was first to recognize the right to self-determination of small nationalities.

"Soviet Russia's enemies," he said, "have endeavored to represent her as an aggressive state, but the signing of this treaty shows her peacefulness."

Mr. Meirvitch, the Lettish Foreign Minister, said he hoped on behalf of his country for the economic collaboration of Russia and her neighbors.

DAYLIGHT SAVING NOT FOR RAILWAYS

Canadian Roads Will Not Adopt Plan

Montreal, March 19.—Daylight saving time has not been adopted and will not be adopted by the railways of Canada this year, as far as is known at present. A special federal enactment would be necessary before the railway board could make this change in time, and such an enactment has not been asked.

This statement was issued this morning by the Railway Association of Canada to clear up a misunderstanding which arose out of an appeal issued by the railways to various municipalities asking if they did adopt daylight saving time, to make it effective all at one time. The railways suggested that this should be May 1 and October 2, as these are the dates on which the railways make their usual Spring and Autumn timetable changes.

WANTS STATES TO TRADE WITH RUSSIA

Senator Borah Speaks of Britain's Course

Washington, March 19.—(Canadian Press)—The trade agreement recently signed between Great Britain and Soviet Russia is to all intents and purposes a recognition by the British Government of the Russian Soviet Government, according to Senator Borah, one of the peace treaty irconcilables. He said the United States should follow the example of Great Britain and without delay resume trade relations with Russia, as he regarded the action of Great Britain as of vast benefit to the people of that country.

DRIVER SOUGHT.

Seattle, March 19.—Efforts to trace the driver of an automobile which last night ran down and severely injured W. L. Horn, twenty-three years old, at Eastlake Avenue and Boston Street, are being made by the police.

EARNINGS OF G. T. R.

Montreal, March 19.—Grand Trunk Railway earnings for the week ended March 14 were \$1,841,416; last year, \$1,758,784. Increase, \$82,732.

RETURN FROM 148,000.

Seattle, March 19.—A total of 148,000 residents of Washington, Alaska have filed income tax returns, David J. Williams, collector of internal revenue for the district, announced to-day.

U. S. BANKS.

New York, March 19.—The actual condition of clearing house banks and trust companies for the week shows that they hold \$2,440,000 more in excess of legal requirements. This is a decrease of \$21,245,990 from last week.

League's Credit Plan Worked Out

To Give Aid to Impoverished European Countries

London, March 19.—Sir Drummond Fraser, the Manchester banker and financier, has been appointed by the Economic and Finance Committee of the League of Nations as organizer of the scheme of international credits proposed by Dr. Termeulen, the Dutch financial expert, at the Brussels financial conference last October. Sir Drummond's first task will be to visit impoverished countries for the purpose of making a report on the extent to which they can take advantage of the plan.

Briefly the scheme is to finance essential imports into these countries by the issuance of gold bonds secured by assigned assets in the importing country.

AID PLAN DOES NOT PLEASE AUSTRIANS

Complaining About Scheme Arranged by Allies

Vienna, March 18.—The plan of the Allies to assist Austria as outlined in dispatches from London to-day was greeted without enthusiasm by this afternoon's newspapers. In general the journals expressed disapproval of the stipulation that the League of Nations shall administer the internal resources of revenue.

Under the Austrian plan of relief the revenues from the customs and tobacco monopoly would be administered by the Financial Committee of the League of Nations as security for payment of sums advanced to Austria and due from her under the peace treaty.

ATTORNEY-GENERAL SUE FOR \$50,000

Action Brought Against Minister of Ontario

Dunnville, March 19.—It was announced this morning that Walter Robb, solicitor, has been instructed to bring an action for libel against Hon. W. E. Raney, Attorney-General of Ontario, on behalf of Frank Lalor, M. P. for Hamilton, and David Hastings, the local magistrate who has been under suspension since last December. The writ will be issued in the Supreme Court on Monday and the sum of \$50,000 will be asked for. The action is the result of statements alleged to have been made to a delegation which waited on the Attorney-General some months ago asking that Mr. Hastings be reinstated and a copy of which is alleged to have been issued to the Toronto press at the time.

Not Commissioner.

Toronto, March 19.—R. U. McPherson, C. C. of this city, has not been offered the post of Commissioner of Provincial Police, which is being created by the Ontario Government, Attorney-General Raney stated last night. Mr. McPherson was the Crown counsel at the recent investigation of former Police Magistrate David Hastings' administration of the Ontario Temperance Act at Dunnville.

DECLARES PAPER

PRICE TOO HIGH

Vancouver Sun Refuses to Sign Contract

Vancouver, March 19.—(Canadian Press)—Charges that British Columbia paper manufacturers are making exorbitant profits, ranging as high as 400 per cent., were made by R. J. Cromie, publisher of The Vancouver Sun, in an interview today. The Sun, said Mr. Cromie, had refused to sign a contract at prevailing rates and would continue to wage a campaign for lower prices even if such action should bring about suspension of publication.

Refused to Sign. Declaring that the Powell River Pulp & Paper Company had given him the option of signing a nine-months' contract at \$5.50 per hundred pounds or three months at \$5.70, Mr. Cromie said:

"In view of price deflation throughout the country and in view of known and published manufacturing costs of under \$50 a ton, I absolutely refused to sign any contract. The management then told me if I would not sign a contract I would probably find myself without paper."

"Having previously been compelled to sign a contract with this company under duress, I refused, and dissatisfied to bring this whole business to a show-down, even if it involves suspension of publication as threatened. I have only two days' supply on hand."

Given By Province. "My justification of such a position is that British Columbia has given this company hundreds of thousands of acres of timber lands free taxes. Having received enormous subsidies, these companies now brazenly and impudently claim the right to charge profits ranging from 200 per cent. in the case of dailies to 400 per cent. in the case of small weeklies and labor papers. "These enormous profits are eventuated by the people."

1,000 Per cent. "Now, enjoying as they do an absolute monopoly of the newspaper business, what is to prevent these companies from becoming disaffected with 400 per cent. profit and demanding 1,000 per cent.? Surely there must rest on the Government a positive duty to protect the public by exercising some form of regulation," stated Mr. Cromie.

JAPANESE MINISTRY UPHOLD ON VOTE

Honolulu, March 19.—The Japanese House of Representatives defeated overwhelmingly today a motion declaring a want of confidence in the Hara Ministry, based on six charges connected with the alleged South Manchuria railway scandals, a Tokio cable message to The Nippon Jiji, a Japanese language newspaper here, says.

A RECORD.

New York, March 19.—A world record for receiving radio messages, 432-5 words a minute with two typographers, was set today by B. G. Seutter, an operator employed by The New York Times. The former record was 47 words a minute with three errors.

FRENCH ARMY SERVICE PERIOD YEAR AND HALF

Paris, March 19.—The army committee of the Chamber of Deputies yesterday eliminated the Government's reservation from the service clause of the army bill and approved eighteen months' service with the colors, beginning with the class of 1922. The committee called on the Government to report the results to Parliament at the end of 1925, with a view to further reducing the length of service. The Government's reservation in the service clause made reduction of the time with the colors dependent upon circumstances.

TESTIMONY AT COAL INQUIRY AT NANAIMO

Nanaimo, March 19.—To the Coal Commission here yesterday G. W. Bowen, vice-president and general manager of the Canadian Western Fuel Company, said that the output of the mines had been increasing lately, that there was a great deal of coal in the market, and that if the market was broader so that the plant could work at capacity, the cost of production would be reduced. He spoke of the irregularities of the field in which the company was working, but said nothing to indicate that he attached much importance to this circumstance as having any great relation to cost. As a matter of fact, it was plain the prospectors were always ahead of the miners, so that the miners were able to devote their efforts to digging coal and not rock, as stated by Mr. Graham.

Mr. Bowen was asked a number of questions about the relations of operators and dealers. He said the Canadian Western Fuel Company had no interest in any retail dealer or transportation company. It did not attempt to dictate city prices, he said, but was concerned only with the wholesale trade. All its coal was sold at Nanaimo. He said he followed the policy of having only one agent in smaller cities, but had several in Vancouver, because he did not think that field could be covered by one agency. He said they sold to Seattle and foreign buyers at the same price as to Vancouver buyers, and denied that there was any ownership or other relationship with the Western Fuel Company of San Francisco and the Canadian Western Fuel Company.

CATTLE EMBARGO INQUIRY DISCUSSION

London, March 19.—(Canadian Associated Press)—Lord Bledisloe, a prominent agriculturist, today advocated the appointment of three high court judges as members of the commission which will investigate the cattle embargo complaints. He objects to representation on the commission of interested parties or countries as appears to be contemplated from Premier Lloyd George's statement that Scotland might supply a member.

IRISHMAN IS JAILED FOR LIFE

Dublin, March 19.—The death sentence against John Leonard, a taxi-cab driver, who was found guilty of being implicated in the murder of Police Inspector Swaney last August, has been commuted to penal servitude for life. It was alleged at the time of the trial that Leonard's car was used by the assassins.

RAIN IS NEEDED.

Paris, March 19.—A prolonged drought in France and Western Europe is beginning to cause alarm among those who judge the situation by the levels of rivers, such as the Rhine and Seine, which are remaining unacceptably low. Information, however, shows that the crops have not yet suffered by the weather having singularly favored Spring seedling. Official crop reports just received by the Ministry of Agriculture from the principal cereal districts indicate a satisfactory condition, depending, however, on an early rainfall.

BRITISH LEVY ON GERMAN GOODS

London, March 19.—The House of Commons last night passed the third reading of the reparations bill. The bill provides for a levy of 50 per cent. on German goods, but this provision will not be effective until March 31. Rt. Hon. J. Austen Chamberlain, Chancellor of the Exchequer, replying in the House of Commons to an argument that the German reparations bill, to be effective, must be applied by all the Allies, said the bill might operate either as a penalty or as a means of collection of reparations. Which of these characters the measure took on, he asserted, depended upon the execution by the Germans.

If the Germans wished to draw penalty upon themselves, Mr. Chamberlain said, they could draw it, but if they wished to avoid penalty and pay a portion of their debts for reparations the bill would not act as a punishment, but as a method of collection. It was not improbable that before long the bill would be acting in the second method, the Chancellor declared. Even if Great Britain stood alone in this matter, Mr. Chamberlain said, he believed the exclusion of Germany from British markets would cause her to accept the bill to give satisfaction to their demands. "The proceeds of the bill, the Chancellor added, would be applied to the disposal of any surplus would be left over for distribution by the Allies."

DUNCAN SCENE OF SUCCESSFUL EVENTS

Duncan, March 19.—The A. O. T. Club held another enjoyable evening, the hosts and hostesses being Mrs. W. R. Powell, Mr. and Mrs. McNichol and Mr. and Mrs. Wm. Truesdale. The refreshments and all details came up to the usual good standard of former evenings, making a delightful success. Mr. Green, Jr. and Mrs. Green and Mrs. Gidley were visitors of the evening. Mrs. James Greig won ladies' first prize; A. H. Peterson, gentlemen's first prize; Mrs. Grant Colbourne, ladies' consolation, and Dr. Swan, gentlemen's consolation.

For Hospital. A committee composed of Misses M. Burchett, Maude Dove, I. and E. Sherman, Bobbie Stephens, E. Hopkins, M. King, K. Townsend and V. Lamb and Mrs. Wade arranged a pleasant entertainment, making music in St. John's Hall in aid of the Duncan Hospital. Songs were rendered by Mrs. Shepherd, Mrs. Wilfred Christman and Mr. and Mrs. Hopkins. Mrs. Wade being accompanied. Prizes for bridge were awarded to Mrs. Hadden, ladies' first prize; S. R. Kirkham, gentlemen's first prize; Mr. H. H. Stevens, consolation prize, and Mrs. Martin, ladies' consolation. Prizes for five hundred: Mrs. Winder, gentlemen's prize; Mrs. Peterson, ladies' consolation prize; Whan, gentlemen's consolation prize. Dainty refreshments were served. The King's Daughters Hospital will benefit by the sum off \$40.

ELECTION NEAR, SAYS STEVENS

Toronto, March 19.—H. H. Stevens, M. P. for Centre Ward, in addressing the Ward Six Conservative Association here last night, said that the citizens of Canada would soon be called upon to choose in the matter of government. An election was near, he said, and the voters would have to decide whether they wanted a stable Government or a vacillating policy such as that of Hon. Mackenzie King, the Liberal Leader. Undoubtedly, he said, the big issue would be free trade as against protection. Speaking on behalf of the Meighen Government, Mr. Stevens said: "We say there must be adequate protection for Canadian industries to maintain them in Canada in a prosperous condition. Mr. Stevens added that some tariff increases might be expected."

FRANCE MUST HAVE MONEY FROM GERMANY

Paris, March 19.—If Germany pays, France will emerge from her financial difficulties notwithstanding the colossal burdens left by the war; if she does not pay, the problem is insoluble. This statement was made in the Senate yesterday by Henry Cheron in presenting the Senate Finance Committee's report on the 1921 budget. The French debt, which in August, 1914, stood at 27,000,000,000 francs, he explained, amounted on March 1 of this year to 397,000,000,000 francs, to which must be added in the future pensions and war damages, estimated at another 218,000,000,000 francs. France thus far, said M. Cheron, had paid out 38,000,000,000 francs on Germany's account; consequently there would be 180,000,000,000 francs more with interest to be added to her obligations if Germany did not pay.

PARLIAMENT CAN STOP APPEALS

Dominion Legislators and the Privy Council Resignation of Sir H. Ames Was Discussed

Ottawa, March 19.—When the estimates of the Department of Justice were being considered by the House of Commons last evening, the Minister of Justice, Mr. Doherty, wanted to know when Canadian appeals to the Judicial Committee of the Privy Council would be stopped. "Now that we have reached the status of nationhood," Mr. Vien pressed, "cannot we dispense with that tribunal?" "Canadian appeals to the Privy Council will cease," the Minister of Justice replied, "just as soon as the Parliament of Canada makes up its mind that it does not want them."

Criticism. Ernest Lapointe, Quebec East, asked why it was that Conservative law-suiters were always expected to handle Government cases in Quebec City.

A. B. Copp, Westmorland, also criticized the system by which officers in the Department of Justice received a bonus in addition to their salaries. The salaries of the Department totalling \$190,832, an increase of \$5,153 over the preceding period, were passed on with contingencies of \$250,000, all an increase of \$10,000.

Two items, miscellaneous expenditure, \$12,200, and Supreme Court, \$20,000, were also mentioned. The Exchequer Court estimates of \$80,334 showed a decrease of \$500 compared with 1920 estimates. The estimate of \$42,300 for the administration of justice in the Yukon Territory, a decrease of \$3,000 compared with last year, was approved.

Penitentiaries. After several minor items from the Department of Justice, the House went into the estimates for penitentiaries, which show an increase of \$275,900 compared with last year.

Replying to many questions, Mr. Doherty said there had been an increase in the number of penitentiary inmates in the eastern provinces, but not in the West. Most of the convictions in the last few months had been for crimes of violence. Last year the penitentiaries had cost the country \$1,098,600; this year the estimate was \$1,371,600. The cost per inmate was \$1.61 a day.

Commission. Opposition members were again critical of the creation by Order-in-Council of the Purchasing Commission. They raised the question of purchasing for penitentiaries. The House, declared Frank Cahill, Pontiac, had twice refused to authorize creation of such a commission.

The Minister of Justice explained that the Purchasing Commission was a body with supervisory powers. He urged that the Government required no special authority for this creation. Mr. Vien retorted that appointments to the Purchasing Commission should have been made by the Civil Service Commission, and not by the Governor-in-Council. Such appointments did not, he claimed, comply with the laws. Mr. Vien suggested establishment of a special store for the purchase of supplies.

To Montreal. The Minister replied that purchases were now being made in a systematic manner. At this, A. B. Copp mentioned the case of the Dorchester penitentiary. Meat purchased in Westmorland County, in which the Dorchester penitentiary is situated, had been shipped, he said, to the Montreal market. At Montreal dealers had purchased the meat and shipped it back to Dorchester.

Mr. Doherty pressed an inquiry and information. Goods for the Dorchester penitentiary, he added, were purchased by contract. Prison Act. First reading was given the bill to amend the Prison and Reformatory Act. The Minister of Justice explained that the amendment would advance the age at which a minor could be sent to a penitentiary from sixteen to eighteen years. Another amendment would make necessary changes in the reformatory regulations in Nova Scotia.

Livestock. While the House was discussing the estimates of the Department of Agriculture, an item for \$1,000,000, labeled "livestock," was explained by the Minister of Agriculture as being used largely in the "breeding up" of livestock standards throughout the Dominion. Dr. Tolmie surprised the House when he remarked, while emphasizing the importance of this work, that only ten per cent. of Canadian cattle are fit for export to European markets, due to their low grade. The Government, by loaning bulls and assisting cattle clubs, was seeking to improve herds.

Dr. Clark, of Red Deer, attacked what he termed the indiscriminate distribution of pamphlets. The estimates of the Department of Agriculture were passed in committee.

Sir H. Ames. Hon. Mackenzie King, Leader of the Opposition, called the attention of the Prime Minister to the fact that the resignation of Sir Herbert Ames, member for the St. Antoine Division of Montreal, which was announced in the House on Thursday, was dated February 14, 1921. This was the day on which the House opened, and Mr. King asked for an explanation of the fact that questions by the Opposition on March 2 and 3 asking if Sir Herbert Ames had resigned.

Mr. King added that Sir Herbert Ames was in Europe on the date on which his resignation was witnessed in Ottawa by W. S. Middlebro (North Grey) and H. P. Whidden (Brandon). Mr. King asked how it happened that Sir Herbert Ames's resignation had been witnessed in Ottawa by the two members mentioned when Sir Herbert Ames was overseas on that date. He also wished to know why the resignation had been withheld from the Speaker for a month after the date it was witnessed.

Premier Meighen replied that he had no knowledge of a public statement attributed to Sir Herbert Ames that his resignation was in the hands of the Speaker. Prior to going to Europe, Sir Herbert Ames had written his resignation and had left instructions that it was to be deposited with the Speaker. Those instructions had been strictly adhered to.

Changing Conditions

IN these times of changing conditions, prudent people naturally prepare for what the future may hold for them by conserving their resources, saving every dollar possible, reducing expenses, cultivating a growing Savings Account.

Opportunities are always offering to those who have saved the small Capital necessary to take advantage of them.

The Manager at any of our Branches will be pleased to receive your account. A small sum and a few minutes will secure you a Savings Pass Book.

The Test of Blue Ribbon Tea Is the Test of the Hostess

OVER the tea cups presides the hostess in her hour of trial. Not only upon how she serves her tea—but what tea she serves—is approval given or withheld. Blue Ribbon is served, always, by the perfect hostess—it is her test—the test of her tea—and Blue Ribbon is the perfect tea. Perfect in time and place, in flavor and aroma, the rare excellence of Blue Ribbon is due to matured growth and scientific blending. There in the cup—after the last, delicious sip—you see the test of its quality—the pure, clean appearance of the leaves. For they, too, are perfect. And Blue Ribbon gives more cups to the pound.

BLUE RIBBON TEA

NO EXPORT TAX ON ARGENTINE WHEAT

Buenos Ayres, March 19.—Wheat exported during the present year will not be subjected to an additional export tax. President Irigoyen declared yesterday. An agreement has been reached, he said, between local exporters and the Government to fix weekly minimum prices in Argentina. The uncertainty regarding the levy of an additional tax, such as was suddenly imposed last year, is said to have been one of the causes of the recent weakness in the wheat market here.

TO GIVE MUNICIPALITIES CHANCE TO FINANCE IF VOTERS REJECT BYLAWS

(Continued from page 1.)
make up for lost time may attend. This attendance, however, is only voluntary on the part of the children. Any district may levy taxes for the building of a residence for its teacher.

Favors College Work.
David Whiteside asked whether the Department of Education has under consideration the extension of High School work to include a first year University course.
"I have always favored decentralization in all educational matters," replied Hon. Dr. MacLean. "I believe in carrying on as much of your educational work in the neighborhood of the child's home as possible. Many of our High Schools are capable of taking on university work, and from the letters I have received many are anxious to do so."
Thomas Pearson said that he has

always had a great deal of respect for the Minister of Education for the way he is carrying out the educational work of the Province, but he pointed out that municipalities would oppose giving School Boards the power to collect one mill for a building reserve fund as the municipalities are forced to pay the School Boards the money whether the municipality is able to collect it or not.
Mr. Pearson also said that School Boards are indulging in the erection of a class of buildings too expensive, and which will last longer than they are needed under conditions of rapid growth of population. He declared that expert architects have given evidence that frame buildings will last 70 years and cost only one-third what some of the present permanent structures cost. He declared that the Department should have some supervision over the class of schools erected. He also said that Government assistance in education has not been keeping pace with the increased cost of education and the rise in teachers' salaries.
Kenneth Duncan adjourned the debate.

B. C. to Lead World In Mine Safety Under New Sloan Regulations

The Hon. William Sloan, Minister of Mines, moved the second reading of his amendments to the Coal Mines Regulations Act just before the House adjourned Friday afternoon.

He explained that it is proposed to make compulsory the use of safety lamps approved of by the Department of Mines and to do away with all naked lamps. Ninety-eight per cent of the coal mined in British Columbia is already mined by safety lamps, he said.

Hon. Mr. Sloan related the development of the safety lamp from the time Sir Humphry Davy took up the problem of combating coal mine fires and in 1815 produced the Davy safety lamp, with the flame enclosed in a gauze screen, up to the latest Edison electric safety lamp, with which there is no danger from fire or an explosion when the glass is broken.

Electric Lamp Danger Proof
"The coal miners were not enamored with the idea of the oil safety lamp because it does not give a good light," Hon. Mr. Sloan went on. "But the Edison safety lamp is now in great favor with miners. It gives a good light and is supplanting all other forms of lamps on this continent."
Hon. Mr. Sloan said that eighteen of the nineteen great mining disasters on this continent were caused by open lights.

Mark New Era in Mining
"These amendments to the act mark a new era in the security of mining in this Province," Hon. Mr. Sloan went on. "B. C. will be the first country in the world to recognize the necessity of putting all underground workings on a safety lamp basis."

Thomas Uphill of Fernie wanted to bring in some amendments to the act, but was informed that he could not do so until the act reaches committee stage.
Mr. Uphill then brought up the question of the appointment of checkweighmen, whose appointment are

now controlled by the company, he said. He declared that the men should have a say in the appointment of these officials.
Wants Searcher Searched
Dealing with the clause providing for the search of men entering the mines for matches, tobacco and cigarettes, Mr. Uphill urged that this be extended to make it the right for search and to be searched "so that no one can put up a 'plant' on a man." He explained that the men to be searched should have the right to search the searcher, who might have matches or tobacco to slip into the pocket of the other in order to "get something on him."

As for the appointment of officials to inspect for dust and rotten mine supports, he said the men have to appoint men who are under the control of the corporations to make these inspections.

Inspection Not Impartial
"A man who is subject to the influence of a company cannot give a fair and honest report," Mr. Uphill went on. "If he sees any condition that should be reported, he knows that to report it is a matter of his bread and cheese which is of paramount importance to him."
Mr. Uphill asserted that there has never been a proper enquiry into the Fernie disaster of 1917 in which 34 persons lost their lives.
Hon. Mr. Sloan's amendments were given their second reading and will be put into committee at an early sitting of the House.

HOTEL MAN WANTS "LIQUOR GUESTS" RESTRICTED

Tells the Government Regulation Necessary to Prevent Abuses

Another suggestion about amending the Liquor Control Act came today from an hotelman of Victoria.
They ask that only bona fide guests, with baggage and personal effects in their rooms, and properly registered at the hotel office be entitled to have liquor in their rooms.

Their recommendations include that "whenever a guest shall bring liquor into the hotel, it will be necessary for him to record the quantity in a record book provided by the government, in the hotel office, and open to inspection by the police or regular Government officials. Failure to comply with this regulation shall involve confiscation of the liquor and a fine.
Another recommendation is to the effect that no liquor shall be consumed in the hotel other than in guest rooms, and no one shall be entitled to consume liquor in a hotel except regularly registered guests. No more guests shall be permitted to register than sufficient to occupy the actual ordinary sleeping capacity of the bed or beds in the room.

HOUSE SUSPICIOUS OF DENTISTS' BILL

More Information About Plans Asked Before Measure Is Advanced

Amendments to the Dentistry Act, introduced by M. A. Macdonald, were brought before the Legislature last night when Mr. Macdonald said he had no special interest in the bill, but was merely relieving other Government members of the burden of seeing the bill through the House.

"Then it is surely unfair on the part of the Premier to be obstructing the bill," stated Mr. Bowser. (Laughter.)
Capt. Mackenzie wanted the whole bill referred to the select committee appointed to consider various "professional" bills.
M. A. Macdonald laughingly remarked that since the second member for Vancouver was apparently expecting good things from this committee he had better go slowly.
Too Many Extractions Feared.
Premier Oliver looked upon the amendments with considerable suspicion, he said. He had no objection to dentists pulling teeth, he remarked, but he did object to permitting them to make too heavy extractions from the people's pocket-books.

W. A. McKenzie was afraid the dentists' council would make qualification standards so high that it would work a material hardship upon applicants.
Mr. Bowser: Has Dr. Baker passed upon these amendments?
M. A. Macdonald: Perhaps my friend would like a moving picture of them.
W. A. McKenzie voiced the wish that the same restrictions should apply to "foreigners" practising dentistry in British Columbia as applied to Canadians practising in the United States. Dr. K. C. MacDonald, the dentist member of the House, agreed.
Capt. Mackenzie was of the opinion that it was a hardship upon professional men trained in Great Britain to have to spend time qualifying under the Provincial laws before being allowed to practice, when it was well known that these men were well qualified under British laws.
Additional information was asked for by several members, and the sponsor of the bill agreed to furnish it. Progress was reported.

Store Hours 9 A.M. to 6 P.M. Wednesday 1 P.M.

Noteworthy Displays of Distinctively Designed Easter Apparel

What a happy Easter this is going to be, with no price barrier to dampen the ardor with which women are wont to choose apparel for the all-important occasion.

Styles are smart, varieties are large; qualities, colors, workmanship—everything is just as it should be; even prices are an agreeable surprise.

SUITS

Assembled here in infinite variety are the most approved suit styles; garments the vogue of which is pronounced and permanent. Priced at **\$29.00** to **\$95.00**

COATS

Modified draping has a place among the new top coats. The sleeves of these coats are set in enlarged arm holes. The collars of a number of the models are convertible; other coats feature models of the shorter type, belted and plain. Priced at **\$16.50** to **\$125.00**

DRESSES

Of taffeta, crepe de Chine, Georgette, satin and serge, offer choice of many smart and becoming modes and colors. Exceedingly favorable prices are an added incentive toward selection. Prices range **\$22.50** to **\$97.50**

BOUSES

The new over effects are very much in vogue, and in the fabrics of these stunning blouse modes there is almost as much diversity as in the colorings and smart styles. However, one notes that beautiful Georgettes and crepes de Chine are well in the lead; **\$7.50** to **\$25.00**

Accessories

May mean nothing or a whole lot to the costume. It depends upon the care with which they are chosen. Those below are representative of our moderately priced Spring stocks.

Hosiery

We have much to offer in the way of smart hosiery this season. Plain clocked and lace insert styles, a pair **\$1.25** to **\$4.50**

Gloves

You may have your choice of silk, fabric or kid. Gloves in a wide range of styles at **\$1.00** to **\$6.50**

New Neck Fixings for Easter Of Unusual Smartness

Spring sees high and low neckwear vying for favor, and just what so many new suits demand are the attractive high and low collars attached to alluring gumps, vestees and jabots. Here you will find an excellent assortment from which to make selection, and the prices will be found most reasonable.

French Marabou Capes and Stoles

Presenting an Unusually Fine Assortment of Imported French Marabou Capes and Stoles in black, grey, brown and natural, in many smart and becoming styles. This week will be an opportune time to make selection, while such an excellent showing is available. Prices range from **\$7.50** to **\$25.00**

Can Germany Pay?

Germany must pay, say the Allied bayonets in Dusseldorf, Duisburg and Ruhrort; Germany must pay, said Premier Lloyd George, speaking for the Allies at the London Reparations Conference; Germany must pay, agree the newspaper editors in this country, as well as in France and England. But can Germany pay? Is Germany ready to make an honest effort to pay? Most editorial observers comment on the lack of accurate post-war statistics on German trade and finance. Every careful newspaper reader has been puzzled by the contradictory stories coming from Germany. One investigator reports marvelous recovery, and another, apparently equally reliable, describes Germany as a land of hunger and poverty and complete industrial collapse. The view of The Kansas City Times is that "Germany is a dishonest bankrupt hiding her assets and dodging her obligations while pretending to hand over her all." Germany, says The London Economist, "has been letting her state finances fall into disorder with a view to showing an economic weakness. Her state services have been run at a loss, and she has used the printing press with a freedom that has aroused the admiring envy of British inflationists. But her industry is in much better shape than her state finances, and on her industry her power to pay is ultimately based."

The leading article in THE LITERARY DIGEST this week, March 19, deals with all phases of the reparations problem, and presents the views of European and American editors. The article is illustrated by a map showing the cities and other territory in Germany now occupied by the Allied armies.

"HOARDINGS" BILL KILLED BY HOUSE

The bill to regulate advertising "hoardings," or sign-boards, met a sudden death in the Legislature on Friday afternoon.

M. B. Jackson, sponsor of the measure, said the bill aimed to prevent the spoliation of the natural beauty spots of the Province through the display of obscene advertising signs. He referred particularly to those in Active Pass, on the steamship route between Vancouver and Victoria.

Mr. Bowser: Let the passengers look out the other side.
Mr. Jackson: There are signs on both sides.
Major Burde: Then let them look at the sky.

Mr. Bowser contended that it paid to advertise. He said that much of the property legally owned by individuals had little value except for the purpose of selling space to sign-painters. This property was privately owned, he said, and it was contrary

to British justice to deprive them of their rights.

Mr. Jackson held that the principle was not reactionary, since restrictive legislation was in force in Great Britain, New Zealand and many of the United States.

Mr. Bowser moved that the committee rise. The motion was carried, the effect being the "killing" of the measure.

VANCOUVER BILL SENT TO PRINTER

Premier Oliver late last night, in referring to the Vancouver City Bill, pointed out that he had some fear regarding the constitutionality of municipalities imposing same were unless the bill permitting same were duly printed and introduced into the Legislature in the customary manner, with the sanction of the Crown.
For that reason he asked that the Vancouver Bill be printed before further consideration was given to it. It was pointed out that the sections of the act dealing with taxation

should be printed in italics so as to draw the attention of the House to them.

Should Proceed Carefully.
M. A. Macdonald, sponsor of the bill, agreed to this.

David Whiteside, chairman of the private bills committee, pointed out that the word "license" in the bill included powers of taxation, so that it would be well to proceed carefully.

The bill, therefore, will be printed before receiving further consideration. Since it is now in the hands of the King's Printer, little delay is anticipated, and the completed bill should be ready for Monday.

The Vancouver Private Bill, embodying a revision and consolidation of the city's charter was reported to the Legislature yesterday afternoon by David Whiteside, Liberal member for New Westminster. "The Private Bills Committee has been under difficulty in reference to this bill," Mr. Whiteside said. "It involves the principle of unlimited powers of taxation in certain respects which the committee would not feel at liberty to recommend to the House. And yet we found it impossible to arrive at definite principles of taxation. We submit this report with considerable diffidence and throw it on the mercy of the House."

WHY NOT?
What is the use of attempting to correct conditions in Russia by telling more than one hundred million people that until they have altered their form of Government the rest of the world will give them its cold shoulder?

Our morning contemporary objects to the trading pact into which Great Britain and Soviet Russia have just entered. It regards the undertaking as a departure unworthy of British tradition and has little faith in the desire or ability of the Moscow regime to live up to its provisions.

What is the position? Does our contemporary suggest that because Russia's form of government—as sanctioned by her own people—is distasteful to the rest of the world she should be treated more severely and with less trust than the nation which sent Europe to war and now steadfastly refuses to pay one small part of the penalty of her guilt?

It should also be remembered that for twelve months the Soviet has endeavored to escape the condition which prohibited the continuance of propaganda against the British Empire. She has now agreed to put an end to it. Until she breaks faith it is sufficiently British in principle to see whether she wants the business of the outside world more than a more expansive seeding ground for Bolshevism.

FOLLOWED THE REST.
Conditions arising out of the war and the varying fortunes of the nations which became involved in the struggle forced half the world to look to the United States for the financial assistance essential to its recovery. Great Britain became a debtor instead of the creditor nation and for the time being Wall Street took the role of the world's credit centre. Canada could not go to the Motherland for her loans. She was forced to go to the United States. All the Provinces followed suit. British Columbia had no alternative. Most of her recent loans have been floated across the border and payments will have to be made in New York funds—most of them in the region of five years' time.

Mr. Hart has been roundly censured by the Opposition because he got in the world's procession and raised American funds for use in British Columbia. But his recital of the exchange situation and its relation to post-war recovery of trade by Great Britain as compared with a less favorable showing on this side of the Atlantic took much of the point out of the arguments advanced by his critics from time to time. During the course of his budget speech he quoted figures to show that Great Britain had reduced her adverse trade balance of \$783,786,825 in 1918 to \$378,767,136 in 1920. And students of commerce predict a continued reduction of the unfavorable amount.

What has happened in the United States? In 1918 her ledger showed a credit of more than three billions of dollars. Last year it had dropped to less than three billions although it had risen in 1919 to nearly four and three-quarter billions. The natural inference is that money will be a good deal cheaper in five years' time than it is at present, and if Canadian money is not quite recovered its normal standard it is feasible that the pound sterling will have increased in value to such an extent as to permit of refunding British Columbia's loans in London with profit on the lower rates of interest usually prevailing in the United Kingdom.

It is obvious, therefore, that Mr. Hart did what the rest of the world did and he has a reasonable chance of coming out on the right side.

SAVING DAYLIGHT.
Although there is yet time it is unfortunate that nobody has had the courage to file a resolution to recommend a discussion in the Legislature upon the question of daylight saving as a policy for the whole Province. It is true that Vancouver decided against the proposal by its referendum in January; but it may be supposed that many people in the Terminal City voted in the negative expecting Victoria to follow the same course as it did last year. Defeat by such a small margin and the fact that the capital city will put its clocks ahead during the Summer months should be sufficient to warrant a discussion in the House in order that it might be possible to eliminate confusion by a Province-wide procedure. In any case the City Council would do well to set the date upon which the new time is to be adopted here.

NO NEED AT ALL.
There is not the slightest need for the Government of this Province to take over the Sanatorium at Balfour or to consider such a course as essential to the success of the proposal which the Hon. J. D. MacLean outlined to the Legislature on Thursday. By acquiring Tranquille British Columbia will become possessed of an establishment which is famous throughout Canada and on the other side of the Atlantic. But it should be remembered that the institution in question never was intended for the advanced or hopeless case of tuberculosis. Its chief concern is the incipient case whose recovery may be brought about after a period of reasonable treatment. The incurable patient is provided for by the hospitals of the Province and special wards are set apart for the purpose. One dollar per day is the per capita grant from the Provincial Treasury in respect of all such cases.

It goes without saying that the returned soldier patient in British Columbia is a direct charge upon the Dominion Government which pays the Province for his treatment. This arrangement has been in existence ever since the first Canadian soldier returned to British Columbia for care. That understanding will have to be continued under the new policy at Tranquille. In the meantime it is reasonable to suppose that the Government has in mind one central institution in which it may treat all cases except those in whose behalf no special climatic or expert institutional care would be of any particular value.

Two institutions would involve the Province in too much expense. One management and centralized control in a matter of this sort is highly desirable.

QUITE WRONG.
If The Seattle Times desires to object to the Anglo-Russian trade agreement there is no reason why it should interpret the resignation of Mr. Bonar Law as the proof that the proposal is not popular with the whole of the Lloyd George Cabinet. It should be clear to our contemporary across the line that the relationship which has existed between the Prime Minister and the Government Leader in the House of Commons is such as to preclude the possibility of these two—above all other internal combinations which may have grown up by reason of the liberal leaving of the two schools of political thought—developing divergent policies where a question of international importance is at stake. Mr. Bonar Law's leadership of the Conservative Party prior to his admission into the Coalition Cabinet was far from the reactionary type. Nor would his Scotch-Canadian descent permit him to say an enthusiastic "Amen" to the Toryism as promulgated, for instance, by The Morning Post.

BETTER HOUSING.
British Columbia is wise to make provision for taking advantage of a Federal appropriation to continue the better housing campaign throughout the Dominion. It is safe to assume that this Province would gladly use another million dollars under the arrangement which the Better Housing Act conferred upon the municipalities. As far as Victoria is concerned the City Council appears to be quite satisfied with the bargain and the two score houses which have been added to the city's dwellings represent the acquisition of two score of contented citizens who have more than an ordinary right to take an interest in the development of the community.

NOTE AND COMMENT
After months of negotiation Russia, Poland and the Ukraine are at peace. This is another little test case for Lenine's good faith.

Mr. Austen Chamberlain's elevation to the position of Government Leader in the British House of Commons seems to be assured. Mr. Lloyd George and the son of the Right Honorable "Joe" in double harness is another example of political elasticity under stress of exceptional conditions.

When the Province takes over the King Edward Sanatorium at Tranquille it will close a chapter of magnificent work by a semi-private organization and remind every former patient of the debt still owing to the Anti-Tuberculosis Society of British Columbia.

Appeals to the Privy Council from Canada will stop just as soon as the Parliament of this country makes up its mind that it does not want them was the substance of a reply given by the Minister of Justice yesterday. The Privy Council has dropped the hint on more than one occasion that Canada should be able to settle her own legal troubles.

In the town of Bismarck in North Dakota state officers will be issued with machine guns to make their campaign against whisky smugglers on the Canadian border more effective. This is a nasty shock to the long-cherished idea of three thousand miles without a fortification.

"The stars incline, but do not compel."
HOROSCOPE
SATURDAY, MARCH 19, 1921.
(Copyright, 1921, by The McClure Newspaper Syndicate.)

The Sun rules strongly for good today, according to astrology. Mars, Jupiter and Saturn are adverse, but Mars is most auspicious sway under the sign of the Bull, which tends to push applications for appointments to positions of political claims are more or less directed.

While the planetary direction should be favorable to most persons who seek employment, there is a slant forbidding to soldiers, who may not be lucky today.

Mars threatens the peace of the United States in the sense that the country will be disturbed by rumors of possible wars.

Movement of troops is foreshadowed, but it is not clear whether for riotous protection of property after a catastrophe or active operations against a foe.

ARMY OFFICER IS VICTIM OF TRAGEDY

Capt. Kennedy Smith Found Dead; Letters Left to Wife and Lawyer

Captain George Kennedy Smith, 1072 Newport Avenue, was found dead in his garage at 8.30 o'clock this morning with the top of his head blown away. Letters to his wife, lawyer, and a nurse who is taking care of his wife, were found on the body, giving rise to the fact that the unfortunate man had taken his own life while in despondency and under the impression that he was going insane.

Nurse Makes Discovery.
The nurse at the residence, Miss Moore, went down into the basement shortly after 8.30 this morning, and saw a revolver lying on the floor in front of the furnace. Looking for Captain Smith, she went to the garage at the rear of the house, and there found the body of the man dead on the floor in a pool of blood. The revolver, a heavy army Colt, was lying alongside the body, and the bullet had entered the forehead through the mouth and penetrated through the top of head, death apparently being instantaneous.

A Sad Occurrence.
The occurrence is extremely sad from every viewpoint. Captain Smith had a brilliant record, but was badly shell shocked during the actions in the latter stages of the war. He had been despondent for some time past, and troubled by doubts as to his and his wife's illness, it is understood.

Letters State Case.
Letters addressed to Mrs. Smith, his wife; Carew Martin, his lawyer, and to the nurse, Miss Moore, told of the reason for his suicide, and that he was despondent and without hope. He feared that he was going insane, and was in a state of great mental distress.

VANCOUVER ISLAND NEWS
Masquerade Ball.
Nanaimo—Nanaimo Encampment No. 4, I. O. O. F., gave a most successful masquerade ball on Tuesday night, there being a large number of dancers present.

Officers Are Elected.
Nanaimo—Loyal Order of Moose Lodge No. 1052 has elected the following officers for the ensuing session: Past Dictator, Bro. Fred Higgins; Dictator, Bro. D. Kirkbride; Vice-Dictator, Bro. W. Archibald; Prelate, Bro. W. Hancock; Secretary, Bro. Wm. Fulton; Trustees, Bros. Davies, McKinnel and Nash.

Orange Plants.
Mayne Island—Mr. Hales is making some interesting experiments with some orange plants. He planted orange pips some weeks ago, and after careful cultivation has produced some beautiful little plants. These plants grow about two feet high. There is no blossom, but the foliage is lovely.

St. Patrick's Night.
Nanaimo—St. Patrick's Night was fittingly celebrated Thursday evening at St. John's Hall, when young ladies formed themselves into a committee and arranged a most successful card party, the funds to be in aid of the local King's Daughters Hospital.

Museum, Hospitals, Charities.
For the Provincial Museum in Victoria, \$10,668 will be needed. Cost of the Mental Hospital at New Westminster will be \$255,620; of the hospital at Esquimalt, \$227,536; of the Colony Farm and Nursery at Esquimalt, \$96,532; of the Mental Home at Colquhoun, \$48,068, and the Provincial Home at Kamloops, \$47,145.

Registration of voters last year cost \$70,000. This year \$10,000 is allowed for this. For the Tranquille Sanatorium, \$355,000 is being set aside.

Columbia Records For April

- On Sale at This Store on Monday
Hear six, ten or a score of these splendid new Columbia Records. They are the "hits" of the hour—the musical successes that all the big orchestras from coast to coast are playing NOW. Play them for your home-folks while they are new and interesting.

LETTERS

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the writer wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

ENTIRELY SATISFACTORY.
To the Editor.—Whereas at the recent meeting of the Shareholders of the Victoria Shipowners' Ltd., statements were made on the floor of the meeting to the effect that no member of the management or directors returned soldiers were largely responsible for the present condition obtaining in the company's affairs, and whereas it is popularly believed that the directors of the company were responsible for these statements, we, the undersigned directors of the company, wish to state that no member of the management or directors ever thought of making any such statements. Further we wish to go on record to the effect that our knowledge of the increased cost of the employment of returned men had any bearing on the increased cost; on the contrary, we believe that their employment was in every way desirable, with the very few exceptions to be expected in engaging a large number of men.

CLARENCE HOARD, President.
MONTAGUE D. HARRISON, Vice-President.
R. P. CLARK, A. G. LIGHTWOOD, Secretaries.

AGAINST PLURAL VOTING.
To the Editor.—The Bill amending the Provincial Franchise Act now before the House proposes in addition to perpetuating plural voting to segregate the candidates in groups under party names on the ballot papers. This is retrograde upon retrograde.

This grouping of names was an American device to entice electors to vote a straight party ticket and so carry some unscrupulous, objectionable partisans into office. In progressive states it has in recent years been abandoned. Is B. C. to adopt this cast-off discarded device?

I believe in the principle of "one man, one vote," for which the Liberals of Canada so long and at last successfully contended. Having a single vote in the Kamloops Riding, I most emphatically object to electors of Victoria City and Vancouver City having respectively four and six votes. Are they that much more intelligent than the rest of the voters in the Province? The way they threw away their votes in the P.R. voting because they could not write the figures 1, 2, 3, 4, etc., is hardly in their favor. Are they in any other way that many times more important than other Provincial voters?

The only reason I can see for this plural voting was to disfranchise party minorities, however large. Occasionally, not proving entirely effective, the proposed intensified form of it is offered to make it wholly so. The plural voting plan has so far prevented a large labor minority whose numbers entitle them to at least one member in each of the two cities from having any at all. The present proposal if passed will double-lock the parliamentary door to them. An honest fair franchise act would allow such representation. Responsible representation of labor in Parliament is highly desirable. Such at this time it has proved in England, where in spite of 1,500,000 registered unemployed wage-earners, it is keeping the ranks from being stampeded towards Bolshevism.

MESSAGE FROM MARS TO BE REPEATED

Victoria Dramatic Society Responds to Requests
In response to many requests the Victoria Dramatic and Operatic Society has decided to give a repeat performance of its recent successful production, "The Message From Mars." The drama will be repeated on Monday and Tuesday, March 23 and 24, at Pantages Theatre, under the direction of Major P. deaux, and with the same cast as before. The production will be one of the biggest attractions of the Easter holidays and it is anticipated that crowded houses will greet the players at both performances.

NEW SUPERINTENDENT AT JUBILEE HOSPITAL
At the regular monthly meeting of the Board of Directors of the Royal Provincial Jubilee Hospital last night Dr. Patterson was selected to succeed Dr. Rogers, resigned, as Medical Superintendent.

It was reported that all Chinamen in the laundry department had been replaced with white men at the recommendation of the house committee. The secretary was instructed to send a letter of condolence to Miss Jessie Mackenzie, Lady Superintendent, in her recent bereavement.

KOREEN MAKES HIT

Hundreds of people take advantage of special offer of box of Chocolates with each purchase. If you have not got your chocolates yet, order at once. You cannot afford to miss this offer.

TESTIMONIAL 1003 Russell St., Victoria, B. C. Dear Sir: In reply to your enquiry I might say I am delighted with the result obtained by the use of "KOREEN."

As I stated previous to using your treatment I was almost entirely grey owing to the effects of the 'flu and my hair seemed to have lost its strength and vigor. It is now only three weeks since I commenced the treatment and as any person can see my hair has returned to its natural color and seems to be thicker and better than ever. I will be pleased to give any information and show any people who are interested.

Yours Truly, (Mrs.) ANNIE FISH.

Lake; D. J. Jenkins and Mrs. Jenkins, and Capt. A. F. Yates, of Nanaimo, are new arrivals at the Dominion Hotel.

Rev. Arthur Barber, of Calgary, Alberta, superintendent of all Indian missions in Canada for the Methodist Church, arrived here this morning, and is the guest of his sister, Mrs. A. F. McLeod, and mother, Mrs. M. A. Barber, at 428 Helmcken Street.

In company with Rev. C. M. Tate, he will visit the missions in Saanich and Esquimalt, and will preach at the James Bay Methodist Church to-morrow evening, the service beginning at 7.30 o'clock.

Miss Lena Cotsworth, who for some years has had charge of the gymnasium classes at St. Margaret's School, is leaving next Thursday for a few weeks' holiday in California, and will return about the beginning of May to take an appointment as inspector of physical culture work in the public schools of Vancouver.

Mrs. E. Crow Baker, of Gorge Road, has returned home after a visit of the past three months in Southern California with her sister, Mrs. Herbert Ross, of Vancouver. She has as her guest for a time, her niece, Miss Marion Ross, who came over from Vancouver this week.

Mrs. W. C. Nichol, wife of the Lieutenant-Governor, will be the guest of honor at a reception to be given by the Women's Canadian Club at the Empress Hotel on Tuesday afternoon at 4.30. An attractive musical programme is being arranged and tea will be served.

Capt. and Mrs. C. C. Cator arrived in the city yesterday from Vancouver and will remain over the week-end. Capt. Cator is taking part in the golf match at Oak Bay to-day for the Rithet Cup.

Mrs. John Oliver, wife of the Premier, has returned home after visiting in one of the greatest dominions of our Canadian colleagues, and they maintain that she has no justification for promoting appeals for them, not only without their sanction but in direct opposition to their expressed wishes. Further, the British nurses desire to know under what authority Lady Harvey is taking money from the public in Canada, also who is responsible for the auditing of its accounts.

"ISABEL MACDONALD, Secretary, Royal British Nurses' Association, London."

Dr. G. H. Worthington, J. H. Long and Mrs. Long, E. A. Lee, F. W. McLaine, and L. E. Webster, of Vancouver, are registered at the Dominion Hotel.

Mr. and Mrs. D. Lorne Cameron and Mrs. P. Torrance came over from the mainland city yesterday and will remain here for a brief stay.

Dr. John Sandilands, M. D., C. M., arrived in the city on Thursday from Peru and intends taking up his residence in British Columbia.

Mrs. Lawrence Ashburnham arrived yesterday afternoon from Cowichan and will be a guest at the Balmoral Hotel for a week.

Mrs. E. P. Young, of Seattle, Washington, is visiting the Rev. Mrs. Howlands at the Hotel Douglas for the week-end.

Mrs. B. Gray, of Victoria, has been visiting Mrs. H. G. Barbour, in Kitilano, Vancouver.

Mr. W. Vesey has returned home from a brief visit to California.

N. M. Mouna and family, of Ganges, is at the Dominion Hotel.

ST. JOSEPH'S NURSES PLAN BIG DANCE

The various committees of the St. Joseph's Hospital Alumnae Association are working energetically in order to insure full success for their dance on April first. The decoration committee is planning an artistic scheme embodying the Association colors, red, white and gold. Heaton's orchestra has been engaged for the occasion. In order that the ballroom may not be overcrowded the number of tickets has been limited. These may be obtained from members of the Association.

BRITISH NURSES ANGRY WITH LADY HARVEY'S "BEGGING CAMPAIGN"

The following is a copy of a letter sent to the Canadian press by Miss Isabel Macdonald, secretary of the Royal British Nurses' Association, in regard to certain activities of Lady Martin Harvey during her Canadian tour. It will be remembered that while in Victoria Lady Harvey took up a collection for the cause at the Royal Victoria Theatre, the collection amounting to \$454.

"To the Editor:—The members of the Organized Societies of Nurses in England will be grateful if you will give publicity to their views on a matter on which they feel most strongly. It has been brought to their notice that Lady Harvey is taking upon herself to beg for our British nurses from the public of Canada. Lady

Has Care of Soldiers' Graves for I.O.D.E.

MRS. MORTIMER J. APPELEY

Harvey has disregarded the considered opinion and strongly expressed views of our nurses on the begging campaign which she has carried on in their name in England, and our English nurses feel deeply wounded that, in violation of the self-respecting principle which forms the backbone of any profession, Lady Harvey should now institute a similar campaign in direct opposition to their expressed wishes. Further, the British nurses desire to know under what authority Lady Harvey is taking money from the public in Canada, also who is responsible for the auditing of its accounts.

VANCOUVER OBSERVES ST. PATRICK'S DAY

Skating Carnival and Irish Fusiliers' Ball Brilliant Events

Vanouver, March 18.—With the naval ball on Tuesday a thing of the past, society centered its interest for the rest of the week chiefly on the carnival at the Arena on Thursday night under the auspices of the Connaught Skating Club, and the Irish Fusiliers' dance which took place the same evening. Both were in the nature of St. Patrick's Day celebrations, and there were also numerous tea parties and dinners to commemorate Ireland's patron saint.

DIOCESAN BOARD IS ADDRESSED BY MRS. BURNS, OF QU'APPELE

The Women's Auxiliary of the Columbia Diocesan Board met yesterday at the Connaught Seaman's Institute, with Mrs. W. H. Belson, the president, in the chair. A welcome was extended to Miss Turner, who recently returned from England, but who will leave again for the Old Country next week. Mrs. Holt, Mrs. Spinks and Miss Barton were also welcomed as life members of the Diocesan Board.

Reports took up much time at morning and afternoon sessions, satisfactory progress being revealed in the various branches of work. Rev. H. T. Archbold, rector of St. James's Church in his noon-hour address commended the value of meditation as well as work as a vocation. In the afternoon Mrs. Burns, wife of the late Bishop of Qu'Appelle, congratulated the women of Canada on their organization of mission work among men in Holy Orders. Since her return from England a few months ago she had visited forty-three parishes in the Dominion.

Arrangements were completed for the Anglican Theological fete to be held at Bishop's Close, preceding the annual meeting of the Board on May 12, 13 and 14. The St. James W.P.A. entertained the members at luncheon and at afternoon tea.

White de Chine tailleurs combined with black silk velvet are among the most chic creations. They are quite eccentric, but when worn by the right kind of figure exceedingly smart. They are, of course, intended for Southern wear only.

Silver gray is at present the most popular shade.

For Lady Bourinot

Mrs. H. E. C. Carry entertained on Thursday at tea in honor of Lady Bourinot, who is leaving shortly for her home in the East. Mrs. W. E. Burns, Mrs. W. S. Buttar, and Mrs. Gordon Fleck assisted the hostess in serving tea and loaves. Other guests included Lady Piers, Lady Bury, Mrs. A. D. McRae, Mrs. C. G. Henshaw, Mrs. C. C. Cator, Mrs. Snyder, Mrs. F. W. Peters, Mrs. Langford, Mrs. Herbert Hulme, Mrs. Mason Rooke, Mrs. Max Reid, Mrs. Lorne Mackenzie, Mrs. J. A. Russell, Mrs. O'Farrell, Mrs. Dubois Phillips, Mrs. Sherwood, Mrs. Duncan Macdonald, Mrs. Harold Kerr, Miss Katie Snyder, Miss Beth Roberts, Mrs. Washburn, Mrs. Montzambert, Mrs. E. T. Rogers, Mrs. Chesley Janion, Miss Geraldine Cambie, Mrs. Leslie Wright, Madame Ukita, wife of the Japanese Consul, Mrs. Lohia Russell, Miss Sheila Russell, Mrs. Cave-Brown-Cave, Mrs. Henry Macaulay, Mrs. Herchmez, Mrs. H. W. Brodie, and others.

Mrs. O'Farrell, who has been entertaining a great deal lately, gave a smart luncheon at the Hotel Vancouver on Thursday, followed by two tables of bridge. Her guests were Lady Bury, Mrs. Herbert Drummond, Mrs. A. D. McRae, Mrs. Robert Mackenzie, Mrs. L. G. Phillips, Mrs. Stuart Cameron, Mrs. W. E. Hodges, Mrs. Mayne D. Hamilton and Mrs. Charles Meek.

It is quite indispensable when a flimsy blouse or waist is worn. Many styles to choose from and all sizes.

The "Numode" reshapes you in individual pack, fresh, clean and hygienic. Best dealers sell the "Numode". Prices are most reasonable.

Dominion Corset Co., Quebec, Montreal, Toronto. Made also in the D & A, Golden and La Doré Corsets.

I. O. D. E. worker, who is leaving shortly for Africa, was the guest of honor at a tea given on Wednesday. Other guests included Mrs. Robert Leighton, Mrs. W. G. Murrin, Mrs. Colin Kennedy, Mrs. Rutherford, Miss Ruth MacLean, Mrs. G. E. Mitchell, Mrs. J. L. McTaggart and Mrs. H. T. Lockyer.

"Killarney" the home of Mrs. J. Z. Hall, was en fete for St. Patrick's Day, when the hostess entertained for the members of the Woman's Auxiliary of St. Mark's Church. Mrs. Hall, was made a presentation of a handsome beaded sachel in token of the esteem of the members of the auxiliary.

Mrs. H. Cecil Akroyd and Mrs. H. Kenworthy, who have been spending the winter months at Glencoe Lodge, were guests of honor at an informal bridge given at the Jericho Country Club on Thursday. Other guests included: Mrs. W. E. Graveley, Mrs. W. G. Swan, Mrs. A. K. Smith, Mrs. Harold Cave, Mrs. Clifford Gladman, Mrs. Hugh Campbell and Mrs. C. E. Rand.

Pretty Wedding. A pretty wedding of the week was that of Miss Anna Maude Wharton, daughter of Mr. Thomas E. Wharton of Vancouver to George Langton of Brentford, Middlesex, England. The travelling suit has been much favored by brides this Spring in place of the conventional wedding gown, and on this occasion, Miss Wharton wore a becoming tailored beaver duvetyn, smartly embroidered. A hat of brown mohair, trimmed with white ribbon and French flowers completed the costume. The bridesmaid, Miss Pearl Wharton, sister of the bride, was attired in a pretty frock of sand tulle, with Georgette hat to match. Little Miss Myrtle Hay, cousin of the bride was a dainty flower girl in

pale pink silk, and carrying a basket of pink carnations tied with tulle. The couple left for a honeymoon on Vancouver Island, and on their return will reside in Vancouver.

Previous to the dance at the Jericho Country Club on Friday night, several small dinner parties were arranged. Mrs. Havemeyer, who was one of the hostesses, entertained Mrs. and Mrs. Norman Whittall, Mrs. D. Marpole and Mrs. T. Taylor.

Among other hostesses of the week were Mrs. Austin Taylor, who gave a dinner on Thursday in honor of out of town guests, Mrs. Angus Stewart, Mrs. Peter Lamont who gave a tea in honor of Mrs. Keith of Enderby, Mrs. Bear of Toronto, who is a visitor from Toronto, and Mrs. McGivern of Shaughnessy Heights.

Suffrage Re-Union. In club circles one of the outstanding events of the week was the luncheon held at the Citizens' Club on Thursday by the Pioneer Political Equality League. It was somewhat in the nature of a re-union of the members of suffrage societies, for when the franchise was extended to women, some of the organizations working for the vote, disbanded. The Pioneer Political Equality League still remains, and its primal object, will be to inaugurate an educational campaign for the benefit of the woman voter. Mrs. Walter Smith, a veteran suffrage worker, has been chosen president, and under her guidance the league hopes to become a valuable source of influence in civic and provincial affairs.

The after-luncheon discussion was of a most interesting character, and the hope was freely expressed that similar functions would be a frequent occurrence. Short addresses were given by Mrs. Dora Macaulay, school trustee, Mrs. Cecil Cotton, Mrs. C. R. Townley and Miss Lily Laverock.

OVER 2000 YEARS OLD THE TEMPLE OF CONFUCIUS

Visitors to the City of K'uhfow, China, seldom miss viewing the tomb and temple of Confucius, on the edge of the K'ung Cemetery, yet few realize that its famous gateway has defied the storms and climatic changes of all these centuries. And, while ancient landmark after landmark has gone down into oblivion, this structure, built principally of wood, proclaims to the world the efficiency of the Chinese secret of wood preservation—Tung Oil.

BAPCO FLOOR VARNISH

is based upon this Tung Oil and a fossilized gum from the far South. When a floor or piece of furniture, or any woodwork is finished with it, it becomes proof against heel-marks, acid, alcohol, hot or cold water. Five colors and natural finish. Your dealer can get Bapco for you. Just try it.

Let Shelly's 4X BREAD save the hours you spend in baking. Have Shelly's 4X BREAD delivered to your door daily. You will find it light, sweet and even. Fine in texture, crisp in crust, baked to a glorious golden brown. Now's the time you start your spring programme. Order your Shelly's 4X Bread today.

Shelly's

Canon Hinchliffe Wants Common People Relieved of Crushing Tax Burden

Financial assistance for the municipalities of British Columbia, so as to relieve the common people of the present crushing burden of taxation was advocated by the Rev. Canon Hinchliffe, Conservative member for Victoria, when he opened the Budget debate in the Legislature yesterday afternoon.

Canon Hinchliffe pronounced himself as delighted with the manner in which the Finance Minister had handled his Budget speech. Indeed, if the people of British Columbia could have heard the speech, he believed, they would have been so intoxicated with the way Hon. Mr. Hart had "reduced millions of his taxes" they would have forgotten that they had to raise these millions.

"I am glad I haven't got to plead against increased taxes, for the Minister says he contemplates no great increases," Mr. Hinchliffe went on. "But I do appeal on behalf of the laboring man, the man who has nothing to offer but his labor. After all, the working man and not the capitalist or merchant is the real tax payer, for when a merchant realizes that he has more taxes to pay doesn't he simply raise his prices to secure the necessary money? Thus the working man not only pays his own taxes but those of the man above him as well; and the man who is paying the taxes is to-day in a very sad plight indeed. He can turn only to the Government—the Liberal Government—for redress and, according to the Government's manifesto before the election, he has the right to turn to the Government.

Aid For Municipalities
"The petitions of various municipalities for aid is an evidence that the tax payers are seeking redress," he proceeded. "But I see little in the estimates that would lead me to think that there is to be any large amount of amelioration at the present time."

The conditions of the workers would not be so serious, said Mr. Hinchliffe, if they could be sure of constant employment. "Provision had been made by the government to assist men to find work," he admitted, but the measures so far enacted did not get down to the root of the trouble. They did not remove the worker's continual fear of illness, old age and loss of employment. The Government certainly had done something to remove these fears by enacting the Workmen's Compensation Act and inaugurating mothers' pensions. "But with the example of other countries before it the Government of this Province—especially as it is a Liberal Government, pledged to protect the interests of the workers—should be taking steps to insure that a man who pays the taxes is relieved of all fear in regard to old age, illness and loss of work," he urged.

Mr. Hinchliffe admitted that work-

ing men often were improvident but the vast majority of them, he said, never had an opportunity to save. It was argued that men should get out on the farms, but such work lasted only for a few months of the year and entirely removed a man from the benefits of the Workmen's Compensation Act. "In fact, most men work in shipyards, factories, offices where there is no opportunity to become proprietors and where they can save nothing against the day when they will be thrown aside just as useless as a sucked orange," he went on. "These men are looking to this Government, whose manifesto said that working men always were heard with sympathy and consideration. I hope that the cry of the people through the municipalities will receive not only sympathetic consideration, but that it will be found possible to improve conditions."

Returned Men in Civil Service

The Canon congratulated the Government on the fact that among the permanent civil service employees there were 352 returned men and 610 civilians, and that out of sixty temporary employees thirty-seven were ex-servicemen. "This is to the credit of the Government but only as it should be," he observed.

Certain cases, however, required explanation, he said. It had been stated that no civil servant who had gone overseas was receiving less at present than he would have been receiving had he remained at home, but the Canon, on looking over the estimates for one department, a number of cases of ex-servicemen who were receiving less to-day than other men who had entered the service with them and who had not joined the army. Mr. Hinchliffe cited several of such cases in detail. Men who had gone overseas, he thought, should get the regular salary increase this year even if the other civil servants did not receive it.

Mr. Hinchliffe praised Hon. Dr. J. H. King, Minister of Public Works, on his attitude towards the unemployment problem last winter. Dr. King, he said, had done everything in his power to relieve the prevailing need.

The Canon also congratulated Hon. Mr. Hart on the optimistic tone of his Budget speech. "There is absolutely no reason why, if the men who have charge of the affairs of the Province, handle their work properly, British Columbia should not be one of the most prosperous places on earth," he concluded.

At the request of Hon. Dr. J. D. Maclean, Provincial Secretary, Mr. Hinchliffe promised to supply the names of the returned men whom he had mentioned as receiving smaller salaries than other civil servants in their class.

United Farmers Present Wants to Legislature

Representing the interests of the United Farmers of British Columbia, W. F. Laidman appeared before the House Committee on Agriculture Friday and submitted a list of resolutions passed at the annual convention of his organization. President R. A. Copeland was not able to be present.

United Farmers are recommending to the committee that the Government be asked to provide for the establishment of a hydro-electric commission to develop power and light in the North Okanagan district and other parts of the Province.

Recommendations in connection with roads include suggestions that men be appointed to watch the roads during the Spring freshets; that graders be used frequently in order to prevent washouts; that all gravel used be screened or crushed; that a certain proportion of the appropriations for roads be set aside for permanent improvement, such as hard-surfacing, and that work should be done by contract wherever possible.

Tax Proposals

Exemption from taxation on amounts above the \$1,000 now exempt is asked in order that "farmers may keep more stock, own more implements and thus increase production."

Another resolution asks that all lands not comprising school districts be taxable for school purposes, it being pointed out that at present there are large areas of revenue-producing property upon which no taxes are paid.

A request is made that farm help be placed under the Workmen's Compensation Act. Mr. Laidman stated that the farmers were unanimous on this point.

Town Hemmed by Indians

The Oriental question was again raised, Mr. Laidman pointing out that in view of the coming Imperial Conference it was desirable to have someone thoroughly acquainted with the problem in British Columbia appointed on the personnel of any commission invited to the conference.

Rural credits on the amortization plan are urged, to enable farmers with limited means to proceed with the development of their property.

Application is made for the cancellation of the Spallumcheen Indian Reserve, which contains thousands of acres and hems in the town of Endorby. It is pointed out that the development of the district is being handicapped through present conditions, and that there are few Indians left on that reservation.

Wants Gophers Extinguished

Changes in the game laws so as to provide more suitable open seasons were advocated, and the matter will be referred to the Game Conservation Board. It was said that Dr. Baker had consented to the changes asked.

Steps towards the extinction of gophers are asked for, as well as the inauguration of some plan of land-clearing and settlement in the Columbia Valley, under Government supervision.

Reduction in freight-rates is the final request of the United farmers. The committee received the resolutions and will consider them further on Saturday and Monday.

RHEUMATIC PAINS HAVE DISAPPEARED

As a Result of Treating the
Trouble Through the Blood.

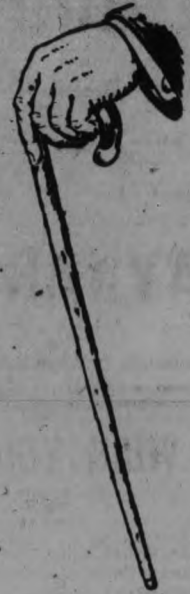

The chief symptom of rheumatism is pain. The most successful treatment is the one that most quickly relieves and banishes the pain. Many rheumatic people suffer pains that could be avoided by building up the blood; when rheumatism is associated with thin blood it cannot be corrected until the blood is built up. Mr. Ed. Hall, Main-a-Dieu, N. S., suffered from rheumatism for years, but was more fortunate than many victims of the disease for he found a remedy that so built up his entire system that he is now free from rheumatism. Mr. Hall says: "I was taken down with rheumatism, and at times was under the treatment of several of the best doctors in Cape Breton, but they held out no hope for my recovery from the trouble. I was confined to bed for three years and a helpless cripple from the trouble. I could not move, and had to be turned in sheets. My legs and fingers were drawn out of shape, and sores developed on my body as the result of my long confinement to bed. I was in this serious condition when a friend advised the use of Dr. Williams' Pink Pills and I began taking them. The first benefit I felt from the pills was an improved appetite, and then I began to feel stronger, and was finally able to get out of bed and go about on crutches. I continued taking the pills for months, slowly but surely getting new strength, and finally I was able to lay the crutches aside. I will always be lame, as the result of my long stay in bed my left leg has shortened somewhat, but otherwise I am feeling fine and able to do my work as Fishery Overseer. I may add that when the rheumatism came on I weighed 140 pounds, and when I began going about on crutches I only weighed 87 pounds, and now I am at normal weight. There are many here who know and can vouch for the truth of these statements."

You can get these pills through any dealer in medicine, or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Are You "TOO OLD" at Fifty?

How to Regain Health In Later Years

IN the past, it has been customary to expect certain afflictions with advancing years, and it was believed there was no remedy for them. Such ideas are fast changing, as a result of the wonderful accomplishments of medical science. When a man or woman nears the age of 50, their vital force often depends upon the proper action of the kidneys. Many people are inclined to regard backache, headaches, painful urination, swollen joints and pains in the sides as a sign of age—and something of little importance. Yet, these complaints can be remedied by affording the kidneys some assistance to enable them to properly perform their natural functions. That is the reason so many people of middle life write telling us they would not be without

Gin Pills FOR THE KIDNEYS

The letter of Mrs. Hugh McLeod is typical of thousands of others reaching us from all parts of Canada. She says: "I am 51 years old, and the mother of eight children. Five years ago, I was troubled with backache and dull pains across the abdomen. I used a box of Gin Pills, and feel so much better that I will continue to use Gin Pills."

Mr. E. G. Woodford writes: "Your

remedy I find, at 60 years of age, to give me perfect relief."

You should give Gin Pills a trial. They will bring you surprising relief from many of the troubles of age, by helping to keep the kidneys and bladder in good condition. Try a sample, and you will never want to be without them. On sale everywhere—60c a box—remember, you get your money back, if they do not relieve you. A sample can be obtained by writing:—

National Drug & Chemical Co. of Canada, Limited
Toronto, Ont.

Gin Pills sold in the United States are the same as Gin Pills sold in Canada.
United States Address: Na-Dru-Co., Inc., 202 Main St., Buffalo, N.Y.

Winter Motoring Wisdom

IMPERIAL Premier Gasoline and Imperial Polarine will give you motorists the service and mileage that you have a right to expect during the winter.

Imperial Premier Gasoline has a uniform chain of high, low and medium boiling points. This insures perfect starting, smooth acceleration, full power and "More miles per gallon."

It is straight-distilled and free from all impurities. If better gasoline could be made, Imperial Oil Limited would make it.

Imperial Polarine is the ideal winter lubricant. It does not lose its lubricating efficiency in cold weather, neither does it run thin under extreme engine heat.

It maintains the proper piston ring seal, prevents overheating, eliminates carbon trouble and keeps your motor out of the shop.

Use the grade of Polarine recommended by the Imperial Chart for your car. "Automotive Lubrication" is a booklet containing this chart. Ask for your copy.

Programme for Concert—The assisting artists for next Sunday's G. W. V. A. band concert at the Royal Victoria Theatre will be two of Victoria's most popular artists, T. Kelway and E. Butterworth, who have kindly volunteered their services for the benefit concert. Mr. Kelway, tenor, will sing in Verdi's "Celeste Aida" from the opera of that name, and Mr. Butterworth, baritone, will sing one of Fred Sanderson's Old Country folk songs "Up From Somerset." Messrs. Kelway and Butterworth will be heard again by special request in that wonderful duet "El Pel. Clis" from Verdi's opera "Otello." Every seat will be free for this concert. A collection will be taken up between Part I. and Part II. of the programme by the ladies of the Auxiliary to the G. W. V. A. The proceeds will go towards providing some much needed new uniforms and new band parts for the coming Summer season. His Honor the Lieutenant-Governor and Mrs. Nichol have kindly consented to be present. It is to be hoped that a very full house will greet the band on this, the final concert of the Winter season.

Daffodil Tea.

The school-room of the Reformed Episcopal Church presented a gay appearance yesterday afternoon on the occasion of the daffodil tea given under the auspices of the Ladies' Aid. Mrs. D. O. Lewis, the president, acted as general convenor, and the stalls were in the hands of the following ladies: Home-made candy, Miss Munro and Miss Stewart; Easter novelties, Mrs. Duncan McTavish; plain work Mrs. Gladstone and Mrs. Pointifex; fish pond, Miss Lillian Martin; flowers, Miss Criddle; fancy work, Miss Helmecken, Miss Newberry and Mrs. Bray; home-cooking, Mrs. Owen and Mrs. Lupton. During the afternoon a dainty tea was served under the superintendence of Miss Fawcett, who was assisted by a number of young ladies.

MERIDAC 4TH STORE ANNIVERSARY

Saturday, March 19, 1921

We take this opportunity to thank you for the very generous public support which we have enjoyed during the past year, and as a token of our appreciation we take pleasure in announcing that on Saturday, the anniversary of the opening of our Yates Street Store, we will give away absolutely free to each purchaser your choice of the following:

A half-pound box of Best Assorted Chocolates.
A full-sized tube of Johnson's Shaving Cream.
Or a 1/2-oz. bottle of Dufort's Perfume.

For the benefit of our many friends who do not find it convenient to come to our Yates Street Store the above souvenirs will be procurable at any of the four Meridac Stores.

MERRYFIELD & DACK.

This Ice Cream Is Made From a French Recipe

BOURDEAUX Ice Cream is distinctive in its flavor—decidedly high grade in quality. It is made from pure whipping cream and is flavored with fresh fruit—more delicious ice cream is not served elsewhere in Canada to-day.

Try a dish—you'll like it.

Columbia Musical Club.

The fortnightly social of the Columbia Musical Club will be held on Monday at the studios of the Columbia School of Music, 1106 Broad Street. Seats will be reserved for members who phone 7378 before Monday morning.

To Speak to-morrow—Prof. Ernest Weltner,

who is in the city from the Weimer Institute in Nevada, Mo., will fill an engagement with Dr. Butler at the New Thought Temple, 365 Pandora Avenue, and will speak Sunday at 7:30 p.m., and will also lecture on Monday, Tuesday and Wednesday at 8 p.m. The general subject will be studies in mind training, for health, happiness and prosperity.

C. G. I. T. Girls Entertainment—Group B,

Canadian Girls in Training, of Wesley Church, under the leadership of Mrs. G. Guy, entertained the new group from Emmanuel Baptist Church last evening in the church parlour. The programme under the intellectual standard was "Glimpses of Shakespeare's Life and Favorite Quotations," by Madge Daniels and Marie Strickland, and "Tennyson's Life and Love Poems" by Joyce Rees and Hilda Guy. Relay races followed in the Social Hall, after which the girls and their leaders gathered round the tables prettily decorated in the class colors of blue and gold, and enjoyed a dainty supper.

Retail Clerks' Association.

The Retail Clerks' Association held their weekly whist drive as usual on Tuesday last in the large hall at their Broad Street meeting place. A brand new electric iron on display as the ladies' first prize caused the competitors to marshal their skill from the commencement. Mrs. Fenn was the fortunate winner of the first prize among the ladies. Mrs. McKay came second, Mrs. Gupit third, while Mrs. M. Morley captured the consolation trophy. Among the gentlemen, J. O. Connor took first place, A. S. Wilson

CLOSER PRESSURE ON TAX ARREARS

Delinquent Taxpayers Face Crisis This Fall

The city will hold its tax sale this year in December, a little later than last year, when the sale began on October 1.

All taxes in arrears, local and general, that have not been carried into capital account to be paid in ten instalments up to December 31, 1919, will have to be paid.

When people have taken the ten payment plan the general and local improvements to the end of 1920 must be paid, and also the instalment due on December 15, 1921.

This places Victoria in line with the working of the Municipal Act in general, and will bring the city up to the mark of other municipalities.

In 1919 the city sold for 1913 and 1914 taxes. In 1920 for 1915 and 1916, and at the next tax sale proposals in arrears for 1917, 1918 and 1919.

The percentage of taxes paid in Victoria is about seventy-five per cent, and counting out the dead property, or that taken over by the city, it will average over eighty-two per cent.

SCOTTISH RIFLE SHOOT

The second match in the Canadian Rifle League series was shot off last night, being refereed rather than appointing. In the men's class, Sgt. W. H. Hood, P. Hardinge and H. W. Burton just missed the possible 100 points, making 99 points each.

The shoots for next week will be held on Monday and Wednesday evenings.

The Divinity of Art.

Mr. Shallock will address the Metropolitan Brotherhood in the Metropolitan Church Sunday afternoon at 3 o'clock, subject "The Divinity of Art." The meeting will be open to all and a special invitation is extended to those who are interested in art.

By Day Labor.

City Engineer F. M. Preston announces that he will put in an estimate of the cost of building by day labor the highway section of Johnson Street bridge superstructure. His bid will be considered in competition with tenders from private concerns.

McBride Conservatives Meet.

The McBride Conservative Club held its regular meeting in the Metropolitan House last night, when Thomas Pearson, M.P.P. for Richmond, and J. A. Catherwood, M.P.P. for Dewdney, spoke. President G. A. Okell gave an address on the history of the conservative party. After discussion of various subjects at future meetings, resolutions will be forwarded to Conservative members of the Legislature to keep them in touch with the thought of the party as a whole.

Eagles' Social.

At the regular meeting of the Victoria Eagle No. 12, Fraternal Order of Eagles, held Wednesday, March 16, there was a class of six initiated and ten applications for membership. The social to be given by the Esquimalt Eagles will be unique in the way of an Eagle social. It will take place at the Eagles' Rooms, Figgar Street, on Wednesday, March 23. Wray Vico-Pres. J. Ball is chairman of the committee, which assures a good time to all brothers and friends who attend.

Used Whistle Tongue.

In the Saanich police court to-day Jedda Singh was charged with assaulting Punter Singh on information laid by the latter. It was stated that the informant was struck over the back of the head by the accused, who was said to have used a whistle tongue of a wagon for the purpose. When all parties were in court, and a large number of Hindus had gathered, the informant begged leave to withdraw the charge, which was done, with the costs of the proceedings to come out of the pocket of the informant.

Colwood Women's Institute.

The monthly meeting of the Colwood and Luxton W. I. was held in the institute room on Wednesday, March 16. Some thirty members and friend were present. The president announced the placing of a Government Travelling Free Library in Mr. Phillips' store, Colwood, for the benefit of the residents of Colwood and the neighborhood. The members agreed to start an institute stall similar to those run by the English Institutes, at their next meeting, and to contribute towards having a framed enlarged photograph of their late president, Mrs. Bigg, placed on the walls of the Colwood institute room. The District nurse, V. O. N. Miss Gurney, read the monthly report. After the business meeting Mrs. Schofield gave a short but most instructive address, her subject being "Public Health and Child Welfare." She described the work done along these lines in England and Canada, and showed the great need for still further interest of her community work along all branches of public health work. A very hearty vote of thanks was accorded Mrs. Schofield, after which Mrs. Anderson gave an interesting demonstration on smoking. The president, Mrs. Neal, handed in her resignation at the next institute meeting. The meeting will be held shortly to arrange the matter of appointing a successor. The next institute meeting will be held in Luxton Hall on April 20, when the members are holding a bus show, and Professor Stevenson will speak. All residents who are interested are heartily welcomed to this meeting.

RESULTS REMARKABLE SAYS NEW YORK MAN

Prominent Rochester Citizen Tried Ten Years to Get Relief, but Tanlac Is Only Thing That Helped Him.

One of the latest to testify regarding the powers of Tanlac, the celebrated medicine which has been accomplishing such remarkable results is James J. Beasley, 102 Elmford Avenue, Rochester, New York. Mr. Beasley has been chief record keeper for the Department of Water Works, city of Rochester, for thirty years, and is a well known and highly respected citizen. In referring to the remarkable recovery of his health by the use of Tanlac, Mr. Beasley said: "I have been trying for ten years to find relief from a case of dyspepsia. Nothing ever helped me to amount to anything until I got Tanlac. This is saying a great deal. I did everything it seems that a man could do to find relief. Of course, I was hardly ever sick enough to go to bed and was most always able to keep going, but I just never felt right. At times, during those ten years, my stomach would become sour like vinegar. I would have an uncomfortable bloated up feeling after eating that would last for hours. I suffered a great deal from nausea. At times my heart would flutter and palpitate and I would become alarmed over my condition. My nerves were on edge all the time, and I became irritable, nervous and restless. I had no strength or energy. In fact I wasn't like myself at all. Even a week or two ago it was an effort for me to get out of my chair and I felt as stiff and clumsy as an old work horse."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

James J. Beasley Of Rochester, New York.

He has accomplished in my case. I have relieved me entirely of indigestion. I never have that distressing feeling any more after eating, and I feel perfectly well every day. I will always feel grateful for what this wonderful medicine has done for me and I am only too glad to give my heartiest endorsement."

Suggest Teaching Esperanto.—The Esquimalt Parent-Teachers' Association met in the Lamson Street school last night, when Mrs. A. Wicks gave an interesting address on Esperanto. The address showed how the new language has spread all over Europe, and it was suggested that Esperanto be placed on the school curriculum. E. J. Elton proposed that the members should discuss this subject at a further meeting. An invitation was extended to the parents to visit the school on the Third Thursday in every month and watch the children at work. Miss Morrison, nurse-inspector to the school, was introduced to the gathering and received a hearty ovation. Miss Morrison was with Number 5 Canadian General Hospital at Salonica during the war, Miss Morrison, in a few well-chosen words, strongly recommended that the children should all have a half-pint bottle of milk each day with their lunch, each having their own bottle, so that they could drink it either through a straw or straight from the bottle, which would not give the trouble of washing up cups or glasses.

at the Theatre

PRINCESS

The evening performance to-day is the last chance to see that beautiful play, "The Country Cousin." It is full of heart interest and dainty humor, the plot is splendid, the situations good, and it is an altogether delightful entertainment. The next play chosen is that justly without croak drama in "Kick In," so full of mystery, thrills and romance. It is this up-to-the-minute play that it keeps the audience in a state of "thrill" excitement from start to finish. "Kick In" is by Willard Mack, who is so well known both in moving pictures and in the spoken drama that many will need no other recommendation for his powerful drama, "Kick In," which will open Wednesday, March 23.

ROYAL VICTORIA

Making believe that you are married to a man who is not your husband is mighty dangerous business, even if you have the best of intentions. Constance Talmadge demonstrates this fact in "Dangerous Business," her latest picture, which will be the attraction at the Royal Victoria Theatre again to-day. She finds herself in a peck of trouble, but leave it to Constance to extricate herself from any kind of difficulty.

DOMINION

Albert Capellani, the director who produced "The Inside of the Cup," the powerful Paramount-Cosmopolitan picture which has been shown at the Dominion Theatre all week is a French director of exceptional directorial capacity. He is a Parisian, 46 years old, and has been identified with motion pictures in Europe and this country since 1902. He directed Mme. Nazimova in "Out of the Fog," "Eye for Eye" and "The Red Lantern." His latest production, "The Inside of the Cup," manifests his genius in every sense. It is a beautiful picturization of Winston Churchill's celebrated novel, the publication of which in 1913, occasioned a world-wide controversy. The leading players include William P. Carleton, Edith Hallor, David Torrence and Jack Bohn.

PANTAGES

Every wrong has a definite compensation. That is the theme of Robert Brunton's sensational mystery drama, "The Devil to Pay," adapted from the novel by Frances Nimmo Greene, and showing at Pantages Theatre Monday and Tuesday. A banker, respected by his town-folk and protected by strong political interests, commits a felony and sends a trusting employee to the gallows to cover his guilt. After the execution he believes himself cleared in the eyes of the world. But soon a law of compensation begins to work out. A mysterious voice calls him on the phone—haunts him implacably day after day, morning and night. It is the voice of the dead man!

COLUMBIA

Pearl White, who has thrilled crowded houses all week at the Columbia Theatre in her big special, "The White Moll," presented by William Fox, will bring her engagement to a close to-night. Written by Frank L. Packard, author of "The Miracle Man," the story of "The White Moll" carries an even stronger appeal than that noted production. The plot centres around Rhoda, a reformed crook, who turns settlement worker. She becomes interested in a released convict who is being forced back to his old life by the gang of which he was a member. Her experience in saving him and laboring to reform other gangsters constitute a truly remarkable story. Richard C. Travers is the capable leading man.

VARIETY

A great many people—those who believe that actors always lead the life they portray on the screen—are disappointed when they meet Priscilla Dean playing in "Outside the Law." They expect to find a hellcat, a spitfire, an "off look" in her eye and a temper that is just straining to burst its bounds. Instead they see a healthy, normal young girl, with fine, clean-cut features, a sparkling pair of eyes, a smile that seldom comes off, displaying the most perfect set of teeth that any human being was ever blessed with. "Outside the Law" now playing at the Variety, is her latest production and her first since "The Virgin of Stamboul" was written especially for her by Tod Browning, who has directed her in most of her screen successes.

MAY YOHE COMING.

May Yohe, formerly Lady Francis Hope, the fascinating musical comedy actress who captivated London at the Lyric Theatre in "Little Christopher Columbus," singing "Honey, My Honey," the late King Edward's favorite song, will appear at Variety Theatre next week.

Also in addition to the special attraction, Mae Marsh is billed in a special feature, "The Little Fraud Lady."

There are few screen stars as dear to the hearts of film fans as Mae Marsh. Delightful, mischievous, lovable Mae Marsh, whose appealing wistfulness and quaint personality made her performance as the little sister in "The Birth of a Nation," an unforgettable one. But before joining the ranks of film actresses Mae Marsh studied art. She was very clever with paint and brush, also as a sculptress. Critics who viewed her accomplishments predicted that she would some day win fame as an artist. In order to concentrate and put all her energy into this fascinating work she chose as a profession, Miss Marsh secluded herself in a little log cabin in the woods. Here she worked day after day, and almost shut herself entirely from the outside world. Then quite by chance she accompanied her sister to a moving picture studio and immediately became interested. Watching the actors perform in front of the camera fascinated her, and forgetting her firm resolution to be an artist, she longed

Cabaret—Winter Garden.

for a chance, no matter how small, to test her ability as an actress. Thus proving the inconsistency of youth.

Her notable career started when a small part was assigned to her. She worked faithfully and gradually rose to success until her name was a by-word with "movie" fans. Mae Marsh, to them meant a real little actress who could make them smile and bring tears to their eyes. They were assured of splendid entertainment when they went to see her in a production. Her ardent followers were many, and they missed her during her absence from the screen.

FINAL G.W.V.A. BAND

CONCERT TO-MORROW

Lieut.-Governor and Mrs. Nichol to Attend; Splendid Programme

The Lieut.-Governor and Mrs. Nichol will attend the final concert to be given by the G. W. V. A. Band at the Royal Victoria Theatre to-morrow.

The programme will be entirely composed of numbers which are being played at the request of patrons of these concerts, and Bandmaster Miller has never got a finer programme together.

Every seat for the occasion will be free. Between Part I. and Part II. of the programme a collection will be taken up by the Women's Auxiliary to the G. W. V. A., the proceeds to go towards obtaining some much-needed uniforms and new band parts for the coming Summer season.

It is hoped that a very full house will greet the band in their final concert.

The complete programme follows:
Part I.
March—"On the Quarter Deck"
K. Alford
Overture—"William Tell"..... Rossini
Solo—"Celeste Aida," from Opera
"Aida"..... Verdi
T. Kelway, Tenor.
Serenade—"Sizilietta"..... F. Von Blon

Part II.
Gardas from the Opera "The Ghost of the Burgoon"..... L. Grossman
Valse—"Thoughts"..... K. Alford
Solo—"Up From Somerset".....
E. Butterworth, Baritone.
Rhapsody—"Slavonic"..... Friedman
"God Save the King."

TO GIVE PROGRAMME OF ITALIAN MUSIC

Ladies' Musical Club Arrange Attractive Concert For Next Wednesday

Italian music of the old and modern schools has furnished the inspiration for the attractive programme to be given as the next of their series of monthly recitals by the Ladies' Musical Club at the Empress Hotel on Wednesday afternoon, March 23, at 3.30.

The programme will be presented by artists who have each achieved a wide measure of popularity with Victoria music-lovers and the concert promises a delightful treat for those privileged to hear it. Miss Mary Izard, the violinist who has recently met with much success in Vancouver and Prince Rupert, will contribute selections. Mrs. S. Macleure, pianist, who recently emerged from her long retirement to enter again the activities of the Club, will present several numbers including an interesting Liszt arrangement of an old Venetian air; also a Busoni arrangement of a Pastoral of 1757 by Scarlatti.

Miss Kate Hemming, the well-known contralto will sing two groups of arias and songs, and Mrs. Bertram Mayell, a more recent addition to the ranks of Victoria's vocalists, will sing an interesting group.

The complete programme follows:
Violin—Sonata—G. Minor (Tartini movements)..... Tartini
Miss Mary Izard.
Aria—"Ah Rendimi" ("Mitrane")..... Rossini
Miss Kate Hemming.
Piano—Pastoral Gondollera (Venezigis), arr. by Liszt..... Scarlatti
Mrs. S. Macleure.
Songs—
(a) Ave Maria..... Cherubini
(b) Mattinata..... Tosti
(c) Lullima-Causerie..... Tosti
Mrs. Bertram Mayell.
Violin—
(a) Aria..... Tenaglia
(b) Minuet..... Porpora-Kreisler
Miss Mary Izard.
Songs—
(a) Caro Mio Ben..... Giordani
(b) Il Segreto..... Donizetti
Miss Kate Hemming.

MRS. D. MCCONNAN TO

GIVE RECITAL HERE

Popular Dramatic Soprano in Interesting Programme March 31

All are looking forward with pleasure to hearing Mrs. Douglas B. McConnan in recital on March 31 at the Empress Hotel. Mrs. McConnan has spent two and a half years with Madame Bennett-Brock studying the art of singing and a great many music-lovers are very interested in following this serious student in her work.

Knowing the talent of this lady, Victorians may expect to spend an enjoyable evening hearing a programme which will comprise English, French and Italian songs and arias. As is generally known, Mrs. McConnan has scored many successes in the past with her clever acting and singing and her work in "The Caliph of Bagdad" will be long remembered by those who had the privilege of seeing it.

During the war Mrs. McConnan devoted her time to Red Cross and other patriotic work, taking leads in most of the successful musical plays and revues. She is a great favorite with Victoria audiences who will anticipate with much pleasure her appearance in the new role of recitalist.

THE AUTOMOBILE

WANT LIMELIGHT ON PARKING RULES

Local Motorists Invited to Ball
in Vancouver

Arrangements for the membership drive of the Victoria Automobile Club have now been completed, and the committee will be called together on Monday to give it the official start. All the present members are co-operating in this drive, and success is now assured. In order to make this club a strong and influential body at the start of this motoring season it was decided to go out after this membership, thereby not only enlarging the influence of the organization but also allowing for the more rapid development of the service desired.

The club has been constantly in

touch with the city officials with reference to the proposals for changes in the traffic and parking regulations as suggested in a report submitted some weeks ago. The large number of prosecutions instituted lately caused the club to take further action on behalf of the motorists.

Realizing that a great deal of the trouble was being caused through lack of knowledge of the parking regulations as they now stand, the City Council was asked to give the by-law more publicity and also to clearly mark the areas where parking is prohibited. This suggestion has been recommended by the Council to the Police Commissioners and it is expected that some immediate action will be taken along these lines.

An invitation to attend the first annual ball of the Vancouver Automobile Club has been extended to the members of the Victoria Club. The ball is to be held on April 4, in Lester Court, and there is no doubt it will be one of the events of the season.

Vinegar and salt remove tarnish from copper.

ACME AUTO REPAIR SHOP GETS AGENCY

Traffic and Day-Elder Trucks
to Be Handled by Local
Concern

After serving truck owners for two years and gaining for itself an enviable reputation for efficient workmanship and square dealing, the Acme Auto Repair Shop, 741 Fisguard Street, has made arrangements to handle the sales and service in Victoria of Traffic and Day-Elder trucks.

This important connection is the result of a visit to Vancouver made by Harry Cook of the Acme, last week. During his visit Mr. Cook took advantage of the opportunity of looking over the truck situation from every angle. On this subject Mr. Cook said:

"We are certainly pleased to an-

nounce our association with the Hayes-Anderson Motor Co. Ltd., of Vancouver, in the sales and service of Day-Elder and Traffic trucks.

"After seeing for myself, I am convinced that our line of trucks represent, unquestionably the best value for the money obtainable. Moreover, I am sure, after visiting the B. C. distributor in Vancouver, that we are in a position to guarantee the very best service to Traffic and Day-Elder owners.

"Loss of time means loss of money to the busy truckman. Our idea of 'service' is to render the kind of prompt and intelligent co-operation which results in the truck staying on the road continuously. We would like to get into touch with truck purchasers with a view to talking over their hauling problems and exchanging ideas which would be mutually beneficial."

A South country professor was holidaying in Scotland one Summer, and, meeting on the road a fat Jamie, the "materal" of the village, he enquired, "How long can a man live, Jamie, without brains?" "I dinna ken," said Jamie, and he looked him up and down for a minute, and then asked, "How oot' may ye be yersel'?"

THIEVES USE MAILS TO ENLIGHTEN OWNER

Apologize for "Borrowing"
Car and Recite Their
Experiences

An interesting case of a theft of an automobile in which the thieves afterwards notified the owner where his car was located and added a postscript advising him to be more careful and to always lock his car thereafter is reported from Seattle. The car was taken to Mount Vernon and there abandoned because something went wrong with it and the thieves "borrowed" a Ford with which to get back home.

The letter which was addressed to the owner of the car by the thieves reads as follows:

"Dear Sir:
"We are returning your license certificate which we found in the car. We went for a little ride, but at Mount Vernon something went wrong with the engine, so we were forced to leave it across from the depot. We had a hard job getting back, but at night we borrowed some farmer's old 1910 Ford. It made 15 miles on high and then it almost fell apart, but it made walking a pleasure.
"We sincerely regret that we were unable to take your car back with us. We are sure that you will find it there in good condition. Nothing is wrong or busted with it except that a tire was punctured and we fixed it.
"To end this we wish you good luck and I hope you will excuse the writing.

"P. S.—Always lock your car. It only takes a second and it saves you a few dollars."

SMART TYPES IN NEWEST MODELS

Keen Competition Reveals
Great Advancement in
Engineering

According to the generally accepted rule, when there is keen competition there is greater engineering advancement than in times when sales resistance is nil. The past year has seen a vast amount of development work. It is plain to see that mechanical excellence is beginning to be the chief aim of the builder. Body work is better, to be sure, but for some time the chassis has been neglected so the car may be made better looking. Changes in body lines are but slight compared with 1920, but body detail has been bettered all through. The cars as a whole are larger and one disappointing feature is that the average car is somewhat heavier. There are more four-cylinder cars than there were last year, more sixes as well; the engines show slightly greater power and more attention has been paid to carburetion. The vacuum fuel feed and battery ignition remain standard. Improvements are to be noticed in cooling system and in lubrication. The pistons and the disc clutches have gained again. Hotchkiss drive has made an increase and three speed transmissions located apart from the engine have gained slightly. Frames are stiffer, springs about the same with improved mountings and wire and disc wheels accepted by more makers for standard equipment.

The engine characteristics, as a whole, have changed somewhat. The average power output is greater, around 53 horse-power at 2,270 revolutions per minute. Engine oiling systems have been given a lot

TIRE BARGAINS

A bargain is not always a matter of price—it may be a matter of service.

Goodyear Tires, as we sell them, are genuine bargains. Not because they cost less, but because they wear longer. Definite, personal service supports the exceptional quality of the tires themselves, thus making the Goodyear Tires we sell better tires even than when they left the factory.

Experience for yourself the saving we offer you. We invite your investigation.

of study and a great deal of attention has been given balance and a reduction of engine vibration.

Statistics published by the Wall Street Journal indicate that the consumption of gasoline in Canada has increased greatly since the war. In the first eleven months of 1920, 1,262,000 barrels of gasoline were sent to Canada from the United States, while

in the same period of 1918 the exports of gasoline to the Dominion amounted to only 662,000 barrels. At the same time the quantity of crude oil sent to Canada from the United States increased from 4,238,000 barrels in the 1918 period to 5,040,000 barrels in 1920, or nearly fifty per cent.

Canada has been importing a large number of automobiles from the United States, in the first eleven months

of 1918 taking 1,449 cars and in the 1920 period 2,976 cars.

Exports of automobiles, gasoline and crude oil from the United States to Canada in the first eleven months of 1920, 1919 and 1918, according to the Wall Street Journal, follow:

	Number autos.	Gasoline barrels.	Crude Oil barrels.
1920	2,976	1,262,000	5,040,000
1919	1,730	725,000	4,400,000
1918	1,449	662,000	4,238,000

GRAY-DORT

Watchful Eyes Guard Its Quality

THERE is much more than mere routine to the elaborate system of inspection which guards the supreme quality of the Gray-Dort car.

Built into every car is the pride of an organization over sixty years experienced in the production of satisfactory transportation.

—each skilled craftsman looks upon the Gray-Dort as his personal product, by which he will be judged in the eyes of the world.

The result is a carefulness—a precision—of construction which is matched only by the fineness of the materials with which our men work.

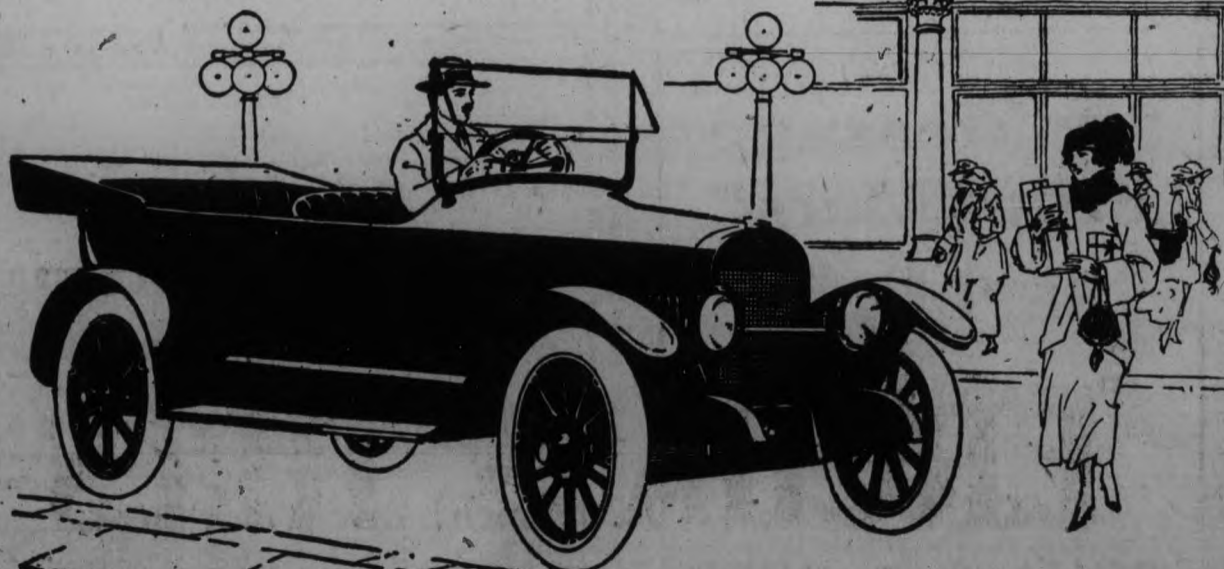

The final result is freedom from ordinary motor car troubles and the long life which comes only with perfect harmony in every working part.

Compared with other cars, the Gray-Dort is worth much more than its fair made-in-Canada price.

The difficulty in securing a Gray-Dort will increase as the season advances. See the Gray-Dort dealer now.

AUTO BRINGS BENEFITS

Country and City Profit by Efficient Means of Transportation.

Twenty-five years ago there were in America only four automobiles. One of these was in a circus, while another was on exhibition as a mechanical freak.

To-day there are 8,000,000 automobiles in use in America. 850,000 of these are trucks.

Iowa and Nebraska have an automobile for every six persons. On any given Sunday the whole population could go joy riding.

There is one car in the United States for every fourteen persons. The rest of the world has to worry with one car to every 2,330.

These stupendous figures kindle the imagination. They are the mani-

festos of a social and economic revolution.

First of all they mean the investment of billions of dollars in a new industry; thus shifting the economic centre of gravity to a new point, necessitating many important financial and industrial readjustments.

Then they mean good roads, which one fact is calculated to change our whole merchandising and transportation system and at the same time profoundly affect the living conditions and character of millions of people.

Apart from the salutary changes which the automobile has brought to country life are its effects upon all life in city as well as country. The great outstanding social result of the automobile is the increased fluidity of life. It has dissolved, as by magic, fixed conditions and habits, and started everybody to moving on. This may or may not be a good thing, but the fact remains to be reckoned with.

EXACTING CARE OF SPARK PLUGS NEEDED

No Expert Knowledge Required If Simple Rules Are Followed

A good hot spark eliminates a multitude of ills to which the motor car's power plant is heir. To explode the mixture of gasoline vapor and air inside the cylinder each time the piston comes to the head of the compression stroke, a spark of sufficient intensity must be made to jump across the gap of the spark plug at exactly the correct time. No expert knowledge is required to insure this if the following of simple rules covering their care and adjustment of spark plugs is observed.

Whether the insulation of the plug be of porcelain or mica, it must be kept free from carbon and from the little checks and cracks that often develop. The carbon may be wiped off with a piece of waste, or it may be scraped off with a knife blade if it is too hard to remove by wiping. Neither emery cloth nor sandpaper should be used for this purpose, because they cut through the glaze and make a rough surface for the accumulation of more carbon.

After cleaning the insulator, the next most important thing is the correct spacing of the spark plug points to provide the gap for the spark to jump across. For the average motor and ignition system this space should be approximately .025 of an inch. If less than this the engine is likely to miss when running light or idle. If more the engine will miss when pulling hard.

Often drivers use a worn ten-cent piece for this spacing, but such coins vary in thickness, and a few of them are thin enough to give the proper spacing for perfect ignition.

After the plug has been screwed into the engine, the bushing which holds the insulation of the plugs should not be tightened. Nor should a pair of pliers be applied to the binding post of the plug. Either of these operations is likely to alter the spark gap spacing, and this will certainly give trouble. Because the plug has just been cleaned and adjusted, the average new car owner will be baffled as to the cause of the trouble.

Dirty spark plugs probably cause more missing or skipping of the engine than any other single thing, so the motor novice should bear in mind these simple pointers on the care and adjustment of the spark plug.

SKIDDING CHAINS AND TRACTOR PROGRESS

Principle Responsible For Use of "Tanks" in War

The marvelous success of the caterpillar type of tractor, as used in the various kinds of "tanks" employed during the World War, was accomplished by nothing more than a development of the familiar skid chain principle.

For many years expert engineers and inventors had struggled with the difficult mechanical problem of constructing a commercial vehicle that would lay its own track, and thus enable it to obtain traction on soft ground, or other yielding and slippery surfaces. But their efforts were unsuccessful until the endless belt principle, such as is used in tire chains, was adopted. Thereafter, the development of the present day "tank" and other caterpillar tractors was rapid, all of which goes to prove that the skid-chain basic principle is the best giver of traction now known in the automobile world.

When you put skid chains on your bare tires you are giving them the benefit of this endless chain tractor principle, which was borrowed from them for use in "tanks," and you should invariably employ them whenever the going is the least bit uncertain from rain or other natural causes. Skid-chains lay their own track of safety from the dangerous skid, as well as give tenacious grip that effectually prevents the useless spinning of wheels and consequent

wastage of power, to say nothing of the great saving in tire wear caused by this slippage.

Remove the endless belt from the irresistible "tank" and all its traction is gone; the powerful motors will be useless on account of the absence of the method by which their power is transmitted into forward motion. And so it is with the motor car using bare tires on slippery paving. The gripping contact of "endless" skid-chains must be employed to furnish the rear wheels with traction, or even this extra power will be wasted in useless and expensive motion that gets the vehicle nowhere.

TAKES NEW QUARTERS

Kilpatrick-Moryson Motor Company Established on Yates Street.

The Kilpatrick-Moryson Motor Company, Limited, has taken over the garage on Yates Street formerly occupied by the Revercomb Motor Company, and adjoining the Revercomb's new garage.

The garage has been taken over to be used as headquarters for the Oldsmobile agency in Victoria. The firm has, in the meantime, been occupying space with the Revercomb people.

Sir Thomas Lipton tells good stories of the road. One concerns a motorist who, driving along a country lane, overtook another man and a dog. The man jumped to one side; the dog was killed. Instantly the motorist leaped from his car, pressed some Treasury notes into the man's hand, and fled. As the vehicle made its way out of sight the recipient gazed at the money in his hand, and said softly to himself: "Now, I wonder who owned that their poor critter of a dog?"

OWNER SHOULD SEE CRANKCASE IS CLEAN

Frequent Draining and Flushing Saves Much Trouble

"The average motorist," says a local dealer, "knows that he should have his crankcase cleaned every so often, but he doesn't know exactly why. It is not the most pleasant job, and he lets it go, usually, as long as he can. After all, the reasons for keeping an automobile crankcase clean are simple, and mighty convincing."

"Lubricating systems of automobiles are almost universally of the circulating type. The amount of oil pumped always exceeds the actual amount required for lubrication by the bearing surfaces. The surplus flows back to the main reservoir to be again circulated by the pump. As the oil circulates, and as it rests in the crankcase, it becomes contaminated by fuel that works past the pistons, by carbon that forms on and falls from the under side of the piston heads, by road dust that is sucked in through the breather pipe, by water, a product of combustion, which may work past the pistons and mix with the oil and metallic particles which are the result of the wear and tear of operation. With the first movement of the engine, the process of oil contamination begins and it increases as operation continues until the oil becomes charged with dirt and loses its lubrication value."

Change Oil Frequently. "To keep the engine running at its

best, change the oil in the crankcase as often as the manufacturer's instruction book says it should be changed. However, it is not sufficient to simply drain out the old oil, for that leaves deposits of dirt and badly contaminated oil in the crankcase to impair immediately the efficiency of the new supply of oil when it is poured into the crankcase. The whole operation must be most thorough.

"Cleaning the crankcase is a troublesome job to the average motorist. For this reason, regular cleaning of the crankcase is often neglected. Modern crankcase cleaning service is a new step toward keeping engines fit for steady service; it means, obviously, better engine performance and longer engine life. Motorists will find attention paid to cleaning the crank case a good investment."

I.O.D.E. PLOT AT ROSS BAY NOW COMPLETE

Mrs. Mortimer Appleby Gives Report of Care of Soldiers' Graves

Of all the causes espoused by the Daughters of the Empire in Victoria few have a more moving appeal than that of the care of the graves of fallen soldiers in Ross Bay Cemetery—a sacred charge which has been carried on by the Order ever since the first returned man was laid to rest in this peaceful "God's Acre" by the sea.

Ever since its inception the work has been under the direction of the special committee of the I.O.D.E. of which Mrs. Mortimer Appleby is the convener, and the work could have been in no better hands for she has brought to it the loving sympathy of the mother whose only son lies in France.

Her yearly report as given before the Municipal Chamber at its annual meeting on Thursday is as follows: "In presenting my fourth annual report of the work of the Imperial Order Daughters of the Empire in Victoria for the soldiers' graves, it is my sorrowful duty to announce that the plot given into our care by the Church of England is full, sixty-two of our heroes being buried there.

We shall now be able to complete and make beautiful this hallowed resting place of our glorious dead, the ground plan of which is in the form of a cross. Grass seed will be sown between the graves and the cross outlined in some fitting manner. We also have in our care the graves of soldiers buried in the Roman Catholic city and other parts of the cemetery.

During the year seven graves have been finished, the remaining twelve in the plot will be completed by Easter. The following Chapters have faithfully decorated the soldiers' graves weekly, throughout the year, the decoration being especially beautiful at Easter, in Memorial Day, Armistice Day and at Christmas: Camosun, Lady Douglas, Navy League, J. Ugit, Florence Nightingale, Agnes D. Cameron, Dr. O. M. Jones, Commodore Broughton, Margaret R. Robertson, Willows Camp, R. Burns McMicking, Valentine Harvey, Lady Alderson and Daisy Chain Chapters.

An "In Memoriam Day" service and decoration of soldiers' graves was held on August 1 at Ross Bay Cemetery under the auspices of the I.O.D.E. and was participated in by the clergy and people of all denominations, and by representatives of all returned soldiers' organizations, who assembled there to pay tribute to the honored dead.

Following this ceremony we received from the Comrades of the Great War a letter of appreciation and a donation of \$100 for the Soldiers' Graves Fund.

The receipts for the year for the Soldiers' Graves Fund are as follows: Comrades of the Great War \$100, Captain Neroutos \$10, Willows Camp Chapter \$15, Commodore Broughton Chapter \$2.50, Lady Douglas Chapter \$37, Herbert B. Boggs Chapter \$15, Margaret R. Robertson Chapter \$27.50, Agnes D. Cameron Chapter \$22, Daisy Chain Chapter \$50, Valentine Harvey Chapter \$22, J. Ugit Chapter \$4.55, Bishop Criddle Ministering Chapter \$300, Gonzales Chapter \$22, R. E. McMicking Chapter \$22.50, Lady Alderson Chapter \$22.50, Camosun Chapter \$25. Total receipts, \$403.95.

In concluding my report I wish to thank those Chapters who have so generously supported this fund and especially the ladies who have weekly decorated the soldiers' graves, and to assure them that their efforts have been appreciated and shown by the grateful letters of relatives, received from all parts of the Empire in

Saanich Memorial Health Centre Nears Completion

Fine New Building on Quadra Street a Conspicuous Landmark; Prevention Rather Than Cure Aim of V. O. N.

Planned to perpetuate the memory of the gallant dead by conserving the health of the living, the new War Memorial Health Centre at Saanich is rapidly nearing completion and should be open to the public within the next six weeks or so.

Commanding Site
Situate on Quadra Street on an eminence which commands a wide stretch of the countryside, the new building with its well-balanced proportions, cheery red gabled roof and stuccoed exterior, is a conspicuous landmark for many miles. As a war memorial it is perhaps ideal—combining dignity with a usefulness and practical

purpose which could never be achieved in a mere monument of stone, however resplendent the monument might be.

And it is unique in that it is the first health centre erected in an area and, as far as is known, the first ever erected as a war memorial.

V. O. N. Headquarters
Its erection marks the consummation of plans long cherished by the Victorian Order of Nurses, for whose magnificent work it will serve as the district headquarters, and a number of public-spirited residents of the municipality, including particularly the ex-Reeve, C. B. Jones and ex-Councillor Dooley, who were leading spirits in the enterprise. It was largely through Mr. Jones's instrumentality that the by-law was passed in Saanich authorizing the necessary expenditure, backed by Mr. Dooley's advocacy.

The passing of this by-law marked another step in the municipality's progress and strengthened anew the opinion which has frequently been voiced by leading health authorities throughout the Dominion to the effect that Saanich is far ahead of any other municipality in Canada in its public health work.

Attractive Design
Architecturally, the building is most attractive. As remarked above, its cheery red gabled roof and stuccoed exterior suggests an hospitable country mansion rather than a health centre. There is nothing of the "abandon hope all ye who enter here" atmosphere about its inviting portal. If there is a psychological aspect to a building, then all who enter the new health centre must instinctively be cheered, for its cosy entrance hall—as indeed the whole of its interior and exterior—is of the most attractive character, and happily is without the "institutional" air which so often greets one in buildings of this nature.

Bright Airy Rooms
The ground floor includes two case rooms, two airy wards which are marked on the plan as day room, day ward, an office, and operating theatre for minor operations, and bathrooms. From each of the sun-porch wards, a door opens into a brightly lit ward, and children's play room. The top floor is devoted to the quarters for the three nurses, and an extra room is available for the night nurse who may be required later, should the work extend as its sponsors hope, to the basement. At the back is a separate entrance to the building, which, at the present stage, is intended for the accommodation of a bright, airy clinic, which is to be reached from a separate side door thus ensuring that patients in need of necessary traffic, store rooms, the nurses' dining-room, kitchen, parry and a special cool room for the storeroom, and other perishable commodities, while the laundry and furnace room are also included on this floor.

At the present date the building is in an unfinished state and so is without furniture or equipment. This feature is in the charge of the Women's Auxiliary to the Centre, a body of women who with the help of the co-operation of the various women's institutes of the district, have raised the necessary funds and too much praise cannot be given to these devoted women for their services in this direction.

To a query by a Times representative who visited the centre as to the exact work of such an institution, Miss Kelly, the head nurse of the Saanich V. O. N., emphasized that the centre was chiefly for the dissemination of information along the lines of public health and child welfare and that its main object would be prevention rather than cure.

Many years of experience in nursing in hospitals in Canada and in the United States as well as in the capacity of a public health nurse have made her a proponent in the gospel of the conservation of good health, as preferable to the curing of bad health. She is convinced that the best way to achieve a sound nation is to make sound citizens, and that sound citizens are largely the corollary of healthy childhood. To this and child welfare work will be one of the great features of the centre administration, in conjunction with health work in the schools.

Clinics for adults as well as children will be held at the Centre and advice will be given. Minor operations, such as the removal of tonsils, adenoids and the correction of similar defects will also be carried out, but for the present at least it is not intended to undertake major surgical work or treatment at the Centre.

The scope of such an institution is not readily grasped by the lay mind, but it will be generally conceded that in its laudible endeavor to conserve the health of the public and ensure the fitness of the coming generation the Saanich War Memorial Health Centre will have kept faith with the men who "held high the torch" in "Planders" field and whose memory it seeks to perpetuate.

Here Comes the Bride!

White satin and lace create a symphony so exquisite as to strike an answering chord in the heart of the bride to be.

PICTURESQUE POKE

If things are to be Victorian, there should be no surprise at the sporadic poke bonnets that appear. The South is a good place for their launching. Whether or not they succeed is a question of time.

They are sent to the South in modified and exaggerated shapes. Some that are intended for sports, or for morning wear on the beaches, more closely resemble a jockey's cap than a Victorian poke. They are inspired by the Director, and their visors are in different colors from the crown.

The large pictorial poke bonnets are of lace, unlined, and the crown is garlanded with morning glories or oak leaves in dark blue velvet.

FOR SAKE OF VARIETY

Into a drop cake mixture stir two cups of chopped roasted peanuts. Drop on baking pans and bake in hot oven.

Apples are delicious cooked en casserole with lemon, sugar, butter and cinnamon. Serve with lemon sauce.

Never grease the pan for a very rich fruit cake. Line it with ungreased paper. The cake will be less likely to burn.

After peeling artichokes and saltily, to keep them white, place them in water containing a little salt and lemon juice.

For the sake of variety, add a tablespoonful of chopped nuts or two tablespoonfuls chopped dates to your emergency biscuits.

CUTICURA HEALS SKIN TROUBLE

In Pimples On Face, Itched So Had To Rub Them. Burned and Hurt.

"My face was a mass of pimples and I had an unusual amount on my forehead and chin. They were hard and red and later they came to white heads. They itched so I would rub them, and then they started to burn and hurt."

"I saw an advertisement for Cuticura Soap and Ointment and tried them and found they helped me. I purchased more and when I had used three cakes of Cuticura Soap and one and a half boxes of Cuticura Ointment I was completely healed."

COLOR SCHEMES IN TABLE DECORATION

Colored Lace Cloths and Napkins Brighten Effect; Dyed Lace

Tables bereft of covers are still most popular, though for smaller ones, finer lace cloths attract a good many adherents and have much to recommend them, especially in the daytime when polished surfaces do not show up quite so wonderfully as at night, says a writer in the Christian Science Monitor.

If one wishes to be economical it is quite easy to buy wide strips of good imitation flax lace and to sew them together with narrow insertion, bordering them with an edging to match, thus producing a very dainty table cloth at considerably reduced cost. A very pretty touch adopted by some is to dye these strips of lace before making them up, in this way producing most uncommon cloths of bright-colored lace which give a keynote of pleasure to any room, always provided that the surroundings are in keeping with them. Jade green, lemon yellow and royal blue come out best, but one must be careful to be sparing with the dyes, or the shades may be too dark.

Lemon Lace

Wonderfully effective was a table with a lemon lace cloth and serviettes, a deep royal blue bowl in which stood spikes of violet gladioli and white royal blue table glass backed up by black basalt ware plates, which, by the way, were modern reproductions. The same quiet inexpensive decoration looked equally well upon a jade green lace table cloth, while upon a white one plates of fine old blue Plymouth were replaced the black ones, and spikes of white flowers the violet blossoms in the bowl, transforming the table into a study in blue and white.

A striking example of a table delicately forming part of the whole design of a room was to be seen in a country bungalow where the dining room had striped black and white walls, black floor, spindle-backed chairs, a long table for sideboard, and a rather heavy looking central one, both of them white picked out in black, the only relief being emerald green curtains and cushions of the same hue on the chairs. The white top of the dining table had a broad black band turning right round it; in the middle was a high black pottery figure holding up a basket filled with bright tangerine oranges, golden plums or ruddy apples, according to the season. The table mats were black, softened with a narrow fringe edging, the serviettes white, embroidered in a bold white pattern in black, and black table glass, an emerald and black set of china and green-handled knives and forks completed this most original and yet strangely reposeful looking dining room.

Toned Table Mats

Table mats are made in all shades, and serviettes of hemstitched casecloth are used to match the mats and the exquisitely shaded colored glass, which is now being produced in blues, pinks and yellows as well as the ordinary vivid blues and greens and purples which have delighted us for so many years, thus cheering up our oak and mahogany tables in quite a remarkable manner.

For instance, a long oak table in an oak paneled room just rhone because of its yellow mats and centre, its yellow table glass, deepening almost to orange, and the great green glass bowl dominating it all, filled with shaded yellow blossoms. In another house a room with gray walls, putnia striped curtains and mahogany table, had "for best" aluminum tissue mats, bordered with lace of the same, mounted upon putnia chignon; blue and putnia glasses, and a massive putnia goblet containing as a rule, blue and putnia flowers, such as French anemones, completed the scheme.

All-Pewter Table

One more table is worthy of mention, for it was of grey unpollished oak; and here powder blue silk mats set off glasses, alternately powder blue and soft pink in color, with an old Sheffield plate centre piece from the midst of which rose a plant, sometimes bearing powder blue flowers, such as the Spring hyacinths or sometimes pink, when the azaleas were in bloom.

MRS. SPOFFORD TO SPEAK

On Tuesday afternoon, March 22, at 2.30, at Langford Assembly Rooms, the Langford Women's Institute will hold the regular monthly meeting. After the usual routine of business Mrs. Spofford will address the meeting on "Laws Pertaining to Women and Children in B. C." Questions asked in relation to this subject will be in order. The Institute would heartily welcome any lady desirous of attending.

IRONING BOARD HAS IMPROVED PATENT

Invention Is Now Being Applied in Victoria

A very useful household invention has been made by A. E. Price of 637 Port Street. The invention, which has been patented both in the United States and Canada, is an improvement on the old ironing board.

FOOD AND THE ICE CHEST

Milk, butter and foodstuffs which readily absorb moisture should be placed so that the cold air reaches them direct from the ice, passing from them to the food like melons and onions, which give off odors.

KEEP NOTEBOOK READY

A notebook kept in the shopping bag will be found useful when a friend tells you of a new shop or a new recipe. Having something at hand in which to write down the suggestion will save it from being lost entirely.

GABY'S GILDED BED

SOLD AT AUCTION

Luxurious Furnishings of Late French Actress Fetch Big Prices

London, March 19.—The gilded Italian bed which belonged to Gaby Deslys was sold for 295 guineas to a woman, at the auction sale held recently.

Oilcloth on the shelves often is a source of trouble, for dishes will stick. Scrub the oilcloth thoroughly with hot water, into which dissolve a spoonful of borax and strong soap, before putting it on the shelves. Have the water boiling and in about twelve minutes of hard rubbing you will never have any more trouble.

Vapo-Cresolene

A Vapor Treatment for Coughs and Colds

The time for Vapo-Cresolene is at the first indication of a cold or sore throat. It is simple to use, you just light the little lamp that vaporizes the Cresolene and place it near the head. The soothing antiseptic vapor soothes breathing easy, relieves the cough, eases the congestion and protects in epidemics. Recommended by Wharfedale, Galt, and other leading medical authorities.

Wet ashes clean steel knives.

REV. E. W. MACKAY TO FILL VACANT CHARGE

Pulpit of First Church to Be Occupied by Accomplished Scholar

The pulpit of First Presbyterian Church will be preached "vacant," as it is called in Presbyterian usage, by Rev. E. W. Mackay, a personal friend of the former pastor, Rev. John Inkster.

Rev. Mr. Mackay is a native of Cathness, Scotland, and studied in the University of St. Andrews in his native land, and also at Toronto University and Knox College since coming to Canada. In the latter he acted as examiner in Old Testament History, and also gave instruction in Greek and Church History. He has also taken post-graduate course in Glasgow and Edinburgh. Mr. Mackay's work has not been confined to college work, though. A ten-year pastorate in Madoc, and a seven-year one in Smith Falls have given him a deep insight into the active work of the Canadian ministry. Mr. Mackay resigned his Smith Falls charge to superintend the management of five farms, and while doing this he also assisted Professor Law in his work in Old St. Andrew's Church in Toronto. His executive ability being of such a high order, he was invited by the Forward Movement Committee to organize the Presbyteries of Lindsay, Whitby, Peterboro and Kingston. Since then he has been engaged by the Department of Evangelism of the Presbyterian Church in Canada to do special work in Northern Alberta and British Columbia. Rev. Mr. Mackay is a good preacher, and one with a message. No doubt many will take advantage of his presence in First Church pulpit to hear him.

"HOLY WEEK" WILL BE OBSERVED HERE

Services Will Be Held Next Week in Anglican Churches

Next week will be observed as "Holy Week" in all Anglican churches and special services will be held in the city and neighboring parishes. Each day is devoted to solemn commemoration of great events in the last week of the earthly life of Jesus Christ. The observance of "Holy Week" has been described "as the stage upon which, day by day, the holy drama of the passion of the world's Saviour is enacted year by year in the church."

Christ Church Cathedral The following services during Holy Week are announced to take place in Christ Church Cathedral: Palm Sunday—Holy Communion, 8 a.m. Matins, with sermon by the Dean of Columbia on "Meditation." Monday—Holy Communion, 10.30 a.m. Mission service, 7 p.m., with sermon by the Dean on "The Man Who Makes No Mistakes." Tuesday—Holy Communion, 10.30 a.m. Evensong, 8 p.m., address by the Dean. Wednesday—Holy Communion, 10.30 a.m. Children's service, with address, 4 p.m.; Evensong, 8 p.m., address by Rev. T. E. Rowe. Thursday—Holy Communion, 8 a.m.; Evensong, 8 p.m., address on "Preparation for Easter Communion," by the Dean. Friday—Liturgy and Ante-Communion, 8.30 a.m.; Children's service, with address, 9.30 a.m.; Matins, 10.30 a.m., sermon by the Bishop. Three hours' service, 12 noon, conducted by Rev. Dr. Gowen, Seattle. Evensong, 8 p.m., sermon by the Dean. Saturday—Matins and Ante-Communion, 8 a.m.; Evensong, 5.15 p.m. Easter Day—Holy Communion, 5.45 a.m., 6.30 a.m., 7.45 a.m., 9.15 a.m., and after shortened Matins at 11 a.m. St. Matthias' Mission At St. Matthias' Mission, Fowl Bay, two services will be held on Good Friday—Matins, 10.30 a.m., preacher, the Dean. Evensong, 7.30 p.m., preacher, the Bishop. On Easter Day services will be held at 8 a.m., 11 a.m., and 7 p.m., with sermons by the Rev. M. W. J. Bruce. As is the custom in Anglican churches in Canada, all offerings on Good Friday are devoted to work among the Jews undertaken by the Missionary Society of the church. St. John's During Holy Week a Mission will be conducted in St. John's Church by Rev. W. H. Vance, the Principal of the Anglican Theological College of British Columbia. The services will commence on Sunday and Principal Vance will preach both morning and evening. At the evening service the choir of St. John's will render the sacred Cantata "The Daughter of Jairus." Services will be held every Friday there will be service at 11 a.m. and at 8 p.m. Stainer's "Crucifixion" will be given by the choir, and at this service the Mission will be concluded by Rev. Mr. Vance.

St. Columba Presbyterian Church

Corner Mitchell and Granite Sts., Oak Bay.
 REV. THOMAS MACCONNELL, M. A., Minister.
 Morning, 11 o'clock, "OVERCOMING THE WORLD."
 Soloist, Mr. J. G. Brown.
 Evening, 7.30 o'clock,
MILITARY SERVICE
 Conducted by

ST. JOHN'S CHURCH

A Mission Will Be Conducted During Holy Week by
Rev. Principal Vance
 SERVICES ON SUNDAY
 8 a.m., Holy Communion; 11 a.m., Morning Prayer; 7 p.m., the Sacred Cantata, "The Daughter of Jairus"
 SERVICES DURING THE WEEK EVERY EVENING AT 8 O'CLOCK

"NOW AND THEN."

At the Theosophical Society, 101 Union Bank Building on Sunday at 8 o'clock strides in theosophy will be continued. "Now and Then—a Study in Cycle Law" will be the subject under consideration, to be opened with an address by Will Griffiths, F. T. L. The operation of law in the cosmos is rhythmic, and a study of law in relation to time and man throws much light upon history and enables the student to forecast the future to some degree. The meeting is free and open to all, and an invitation is extended for questions and discussion.
 Lecture on "Mysticism."—A lecture on "Practical Mysticism," concluding the series of lectures on "Mysticism" delivered on Monday afternoons in Lent by the Dean of Columbia, will be given by Dean Quantin in Christ Church Cathedral school room next Monday afternoon at four o'clock.
 Confirmation Services—At Grace English Lutheran Church, Blanshard and Queen's, at the morning service to-morrow, Rev. P. E. Balsler, will confirm a class of Catechisms. In keeping with the occasion the church has been beautifully decorated with palms and flowers. At 6.30 the Luther League will discuss the topic, "The Messianic Triumph," while the evening service will be a Young People's Rally service, when the sermon topic will be "The Temptation."

Orange Hall

Subject
"The Woman of Rev. 12 and the Other Woman"
 The remainder of Hole's Celebrated Pictures of the Life of Christ will be thrown upon the screen from 7.30 to 8.00. Come early to secure a seat.
 Meetings Tuesday and Friday as usual, with messages from the Book of Revelation.
 Those who are attending are saying, "This is the real thing." Others are saying they haven't seen anything like it for eighteen years. The meetings will continue through the week under very efficient leadership.

REV. DR. MACKAY TO PREACH SUNDAY TO SPEAK ON HEARTS OF AFRICA MISSION

Attractive Programme for Special Services at St. Paul's
 The Presbyterians of Victoria West are arranging special services in St. Paul's Presbyterian Church on Sunday and Monday.
 At 11 a.m. the veteran Indian missionary, Rev. Dr. Hugh Mackay, of Saskatchewan, will speak of "The Achievement of the Gospel Among the Red Men of the Plain." It would be difficult to find a more competent authority on matters pertaining to the Indians, than this eminent Canadian missionary. Dr. Mackay's brief tour of the Red Men of the Plain, which is about terminated, as within the next few days he and Mrs. Mackay will return to Round Lake, Sask.
 At 7.30 p.m., Aubone Hoyle, Director of Religious Education, First Presbyterian Church, will conduct the service, which appeals very specially to young people. Mr. Hoyle, who was recently appointed by the Presbytery of Victoria, its representative on the Religious Education Council, has had phenomenal success in his work among young people.
 On Monday night under the auspices of the Young People's Society of Christian Endeavor, Rev. David MacLaren, B. A., son of the late Principal MacLaren, Knox College, Toronto, will give his celebrated lecture on "Canadian Missionary Heroes." Mr. MacLaren, who is a specialist in this line of work, for a number of years made Toronto his headquarters, traveling extensively through Ontario and the Maritime Provinces, on a mission of practical social and religious education. Victoria shall henceforth claim this noted lecturer as one of her citizens—a matter of gratification to all who are interested in religious education.

CANTATA ON FRIDAY

The choir of the First Congregational Church has prepared for presentation on Good Friday evening Harold Moore's Passion Cantata "The Darkest Hour," forceful and descriptive composition setting forth the scenes incident to the closing hours of the Saviour's life on earth. The cantata divided into a prologue and four scenes in full of dramatic interest in the delineation of the Christ in the Garden of Gethsemane, the trial before Pilate, the pathos of the suffering Christ at the hands of His accusers, and the tragedy of Calvary. The work in addition to some very fine concerted numbers contains solos for soprano (Narcissa), tenor (Pilate), and baritone (Jesus) which will be taken by Mrs. W. D. Spence, Miss Elsie Hole, N. H. Collins, and E. R. Lock, respectively. The entire programme on Friday evening will be in the nature of a sacred service and a collection will be taken for the choir fund. The choir under the direction of Frederic King will be assisted by Jesse A. Longfield at the organ.
 St. Luke's Church, Cedar Hill—Next Wednesday evening at 8 o'clock, the choir, which has been augmented to thirty-five voices, will sing Stainer's "Crucifixion." The special soloists on this occasion will be Mrs. May Campbell, soprano; Mrs. L. W. Slade, contralto, and R. B. McKenzie and J. W. Petch, tenor and baritone respectively.

AT THE CRYSTAL THEATRE YOUR LAST OPPORTUNITY TO HEAR

Rev. J. T. Little
 Saturday Night at 7.30 and three great services on Sunday 11 a.m. and 2.30 and 7.30 p.m.
THIS WILL BE A REAL TREAT. DON'T MISS THIS FEAST OF FAT THINGS.
 Those who are attending are saying, "This is the real thing." Others are saying they haven't seen anything like it for eighteen years. The meetings will continue through the week under very efficient leadership.

St. Andrew's Church

REV. W. LESLIE LLOYD, D. D., Minister.
 Palm Sunday, March 20, 1921.
 11 a.m.
"THE KING'S TRIUMPHAL ENTRY."
 Soloist, Mr. Melville.
 2.30 p.m.
 Sunday School and Bible Class.
 7.30 p.m.
"UNKNOWN SUBJECTS—SEEK THE KING"
 Soloist, Miss Steenson.

UNITY CENTRE

600 Campbell Building
 Children's Services, 11 o'clock.
 Evening Service, 8 o'clock.
 Speaker, Mrs. Gordon Grant.
 Subject, "LOVE."
 Tuesday, 8 o'clock, Rest and Healing Hour.
 Thursday, 8 o'clock, Social Evening.
 Office Hours: 2 to 4 every afternoon except Saturday, also by appointment.

ADVERTISE IN THE TIMES

With Young Folks at work and play

Y. M. C. A. Boys Plan

Grand Skating Carnival

Monday evening next will be Y. M. C. A. evening at the Skating Rink. Through the kindness of Manager Lester Patrick the use of the skating arena has been secured between the hours of eight and ten o'clock. The boys of the Y. M. C. A. Intermediate and Junior divisions will be hosts to their parents and friends at one of the most novel and merry functions yet held by these enthusiastic members of the local institution.

A special committee composed of Messrs. Jack Neild, Will Hudson and Harold C. Cross have made all arrangements to ensure the success of the affair, which will take the nature of a regular ice carnival. The boys themselves are handling the tickets, which are, of course, entirely free to the members.

A feature of the occasion is the interest which is being taken by the parents and friends of the boys, and not less than eight hundred are expected to turn out to take part in the merriment at the skating carnival. The parents and friends of the boys will be their guests for the evening, and the keenness which had already been evinced by the Juniors and intermediates gives promise of a very entertaining time.

The programme, as formulated at the moment, includes a grand tussle between the school boys and the employed boys in a hockey match that promises both speed and merriment for the spectators. The teams have been practicing hard and the game should prove an exciting one to uphold the interest.

Skating races, of which a number have been planned, will add a touch of variety to the function, and the various classes a number of promising entries have been forthcoming. The races have been so divided as to give all boys a fair chance of shining in the honor lists.

Variety the Keynote

The interest of the contestants in the various events is assured from the commencement, and the committee in charge of the arrangements have paid especial pains to see that the interest of the spectators is similarly upheld. By matching well balanced teams, and with frequent changes in the variety of the entertainment the parent guests are assured a really fine exhibition, with amusement and good cheer all the way from the first to the last item on the programme.

Comedy touches are not lacking, and in this department alone an energetic little body have been hatching a number of novelties that will be appreciated by all on presentation of the grand night. The boys realize that the winter weather is fast disappearing and that this will probably be the very last opportunity they will have to show their parents and many friends how they take to the ice in Canada's national pastime.

The Boys' Work Committee of the Y. M. C. A., consisting of Dr. Raynor, chairman, W. E. Foxwell, Harold A. Beckwith, H. Charlesworth, W. Hudson, Walter Miles, R. E. G. Denny, Jack Neild, Ira Dilworth, and the Rev. R. M. Thompson, together with the special committee headed by Harold C. Cross, secretary of the Boys' Work Department, the local institution, have bent every effort to make the skating carnival stand out prominently in the vision of all who attend.

Numerous and generous prizes have been offered for the various events, and in this connection the co-operation of all who contributed and assisted has met with the warm promise of the committees at work on the project. The actual number of boys in the Intermediate and Junior classes of the Y. M. C. A. numbers nearly 400 and is expected to close on one thousand will be present at the rink to see the boys in action.

Something of the growth and phenomenal success of the Boys' Work Department of the Y. M. C. A. is to be gained from the current report for the month of February, which states that no less than 501 boys are holding memberships in the institution, as compared to but 333 for the same month in last year.

Some 813 boys were attending the gymnasium classes last year, but this year already shows an increase to no mean extent—1,427 boys taking advantage of the facilities for athletic training and the right principles of "keeping fit" the physical in our daily lives.

The report shows, further, that the boys did well at the V. A. S. C. swimming gala, and in other branches of athletics, while no less than 213 boys are taking part in a well defined programme in indoor games carried on in the gymnasium. The feature of showing motion pictures on current topics has proved very popular and some 400 boys attend the Friday evening exhibitions.

In this connection the weekly support of the various lectures created much interest, and during the month past addresses were given by Dr. Raynor, J. B. Wainwright, W. G. Forth, Tracy Strong and others. Two rallies were held, one a Father and Son banquet which proved a great success, and the other a rally of the Canadian Student Ethical Training classes, both being attended with excellent results and of great credit to the earnestness of the boys themselves as well as the care and ability of their instructors.

The committee is now considering arrangements in connection with the next summer camp of the boys which will be held this year at Beaver Lake, or some other equally desirable place. The camp proved a great success last year, and this year it is planned to make an event an outstanding one in the lives of the boys of the intermediate and junior classes.

The Y. M. C. A.—is one of several institutions and organizations in this community which is doing excellent work in the making of excellent future citizens of worthy caliber.

Boys' Naval Brigade Makes Fine Showing

With the arrival of the Canadian squadron on the Pacific seaboard the Boys' Naval Brigade has been treated to a gala of functions in which the boys appeared with wonderful credit to their capable instructors. For many long months the local division has been training week by week in the Ship's Office without immediate hope of a reward more visible than the commendation of their own instructors and mentors.

Now, however, the division has had a chance to get abroad and show the public of what material it is composed and in this it opened the eyes of many. To great credit cannot be paid to the instructors of the boys and to the parent and fostering organization—the Navy League of Canada, Victoria branch.

On Saturday last the entire division paraded to Esquimalt where it was inspected by Captain G. H. G. Adams, R. C. N., C. B. E., who paid a very sincere tribute to the efficiency of the boys and to the results won by their instructors. Captain Adams referred to the members of the Boys' Naval Brigade from the eastern divisions under his command in the Canadian squadron, and told the boys that they, and their successors, would play a very real part in the future development of the Canadian Navy.

After the inspection the boys were taken on board the destroyer H. M. C. S. Patriot, where they were treated right royally by officers and all concerned. The boys were inspected by Captain Walter Hesse, R. C. N., C. B. E., Director of Naval Service. Captain Hesse complimented the commanding officer of the division and all ratings down to the latest members on their smart and sailor-like bearing. He referred to the splendid work that the Navy League of Canada is doing along this and other lines, and stated he would look forward to the day when he would have some of the boys of the Naval Brigade

Funny Bunny and the Tiny Tails

Here is a story for the many little people, who, next week, will be enjoying their Easter eggs and chocolate bunnies:

Mother Bunny sat in her chair rocking to and fro and singing: "Alas! alas! I'm old and gray, And have no eggs for Easter Day."

Just then a Funny Bunny came with a hop skip and jump and said, "Oh! Mother, no eggs for Easter, no eggs for the Tiny Tails, that will never do." So saying, he borrowed Mother Bunny's old market basket, and went hippety-hop to the little Brown Hen, who lives in the lane. To her he said:

"Please give me eggs, now that I ask it. Enough to fill my market basket."

The little Brown Hen said: "If you will bring me an ear of corn, I'll fill your basket for Easter morn."

So Funny Bunny went to the little Old Farmer, who lived in the field, and asked:

"Please give me corn, now that I ask it. Enough to fill my market basket."

The farmer replied: "Please give me a meal bag, since I ask it. Enough to fill my market basket."

The Miller laughed until his old fat sides shook, and answered: "Your request sounds rather funny, I will give you meal for money."

Then Funny Bunny sat down on a stone to think. How was he to get some money? It was growing dark and the little Hill Men came out, one by one, to dig for fairy gold. When Funny Bunny saw them, he cried: "Please give me money, since I ask it. Enough to fill my market basket."

Now the little Hill Men were very thirty, and not want to give anything for nothing, so they shouted back:

"With a hop, skip and bound, come measure out our hill. And your empty basket we soon will fill."

Now the Hill Men never dreamed that he would try to do it, and they went on digging for the fairy gold. But Funny Bunny was in real earnest, for he remembered the "Tiny Tails" Mother rocking sadly to and fro, and from the daisies to the apple tree, Skippety-hop-pety-skip went he. My, how fast his legs carried him. For he came back soon singing: "Your hills so long, your hills as wide, As anyone would care to ride."

The Hill Men were so surprised he had answered their question that they all stopped digging and crowded around Funny Bunny. "Click, click, click," they dropped gold into his market basket.

Then Funny Bunny ran with a hop, skip and jump to the Miller and bought a bag of meal, and took the meal to the farmer and bought the corn. Then he took the corn to the little brown hen that lived in the lane and she counted out five dozen beautiful white eggs, filling Funny Bunny's market basket.

Hurrying back he set the market basket down in front of Mother Bunny's door.

"I'm sorry, I cannot stay, But I wish you a happy Easter Day."

Mother Bunny stopped rocking, but before she could say "Thank you," Funny Bunny was hippety-hop-pety-off and away. Mother Bunny painted the Easter eggs and hid them everywhere.

On Easter morning all the Tiny Tails cried, "Oh, and 'Ah," for they found the Easter eggs in their shoes, pockets and in the most unexpected places.

Just then Funny Bunny peeped in at the window and cried as he held the basket: "I'm sorry, I cannot stay, But I wish you a happy Easter Day."

Mother Bunny was so kind to the Tiny Tails that the Hill Men always remembered him.

Then dancing away Funny Bunny sang:

"I really would not think it funny, If you should call me Easter Bunny."

Tantalizing Tongue Twister Teases Tommy

These are the days of the long and wintry rains, and any form of indoor amusement comes as a welcome relief in the monotony of the daily round. Forming sentences with every word beginning with the same letter does not seem a very amusing game for indoor merriment but just try it and see what can be done.

The following "tortuous twister" is given to aid the imagination along these lines. If you evolve a sentence that pleases you send it along to the Editor and share it with us all:

Tim Titus, the tigers' tall trainer, told Tim Turner that they thought the thin tiger trotted through that thorny timber there.

They then tried to trace the tigers' tracks through the timber themselves, trusting to turn the two troublesome things toward their tent. This tangled their tongues, and the two tigers tramped thoughtfully together, trailing their tails.

Tom, thinking they'd turn treacherous, told the trainers to tie them to two trees too tight to tangle themselves. This tried the tigers' touchy tempers terribly. They thought to solve the problem by trying to tear the turf, their teeth tearing, their tongues trembling. Then they tumbled, too tired to try, their tricks, the tigers truly thankful their trying time thus terminated.

THE REFINING INFLUENCE

Casey was reading the morning paper, "An phwat's a chering dish?" he asked of Mike.

"Sure, 'an it's a frying pan that's 'ard got itself into Society," he told Mike.

The Original "Alice in Wonderland"

Alice Liddell, the Original of Lewis Carroll's "Alice in Wonderland," as Painted by John Rae.

News and Notes of Victoria Boy Scouts

There are three more Proficiency Badges a Scout may choose to obtain in addition to the King's Scout Badge.

Rescuer—To obtain the Rescuer Proficiency Badge a Scout, attired in shirt and trousers, and a life preserver, must perform in the water four methods of rescue, and three of release, from the clutch of a drowning person; the drowning person, about the size of the rescuer, to be carried at least ten yards in demonstrating each of the rescue methods.

2. Dive from the surface to the depth of at least five feet and bring up a stone, brick or iron object of not less than five pounds in weight.

3. Demonstrate the Schaefer method of resuscitation and the promotion of warmth and circulation in the nearly drowned.

4. Swim fifty yards and undress before touching ground.

Interpreter—Must be able to carry on a conversation, write out a letter or newspaper, in either Esperanto or any language that is not that of his own country, and be able to carry on a conversation in the dead and dumb alphabet, or be able to read Braille characters for the blind.

Humble Shepherd Boy Now Famous Sculptor

From time to time in the history of art, perhaps more often than in the history of anything else, we get a new instance of the rise to fame of some humble boy, born in a cottage in some obscure place, flashing his genius suddenly upon the world. One of the latest to make his bow in the realms of art is the French shepherd, Paul Darde. Just a few months ago he was tending his father's sheep on the mountain side, where with marble and chisel he whiled away the watching hours. He was discovered and his work immediately exhibited.

"This boy's success was instantaneous. As soon as Paris saw his work, his name leaped to fame, and the French Government has already purchased one of his sculptures, a woman's head, while another, a faun, is attracting world-wide attention.

Darde is by no means the first shepherd to attain fame in the world of art. There was, for instance, Giottto, who 650 years ago, designed some of the greatest glories of Italian Gothic art. Another artist discovered him at the age of ten, scratching a portrait of his pet lamb on a rock by means of a sharp stone, while tending his father's sheep.

Others among the most renowned names in the world of art are Rembrandt, a country miller; Millet, a poor farmer's lad, and Turner, a barber's helper. Their stories can be duplicated over and over again in history and it would almost seem to prove that genius needs the spur of poverty and misery to bring out the best that is in it. At any rate, we can be sure that poverty and lack of opportunity need be no excuse whatever for failure to succeed. If some of the greatest successes the world has ever known have come from the lowliest walks of life, it is plain that a lack of comforts cannot prevent genuine ability from being recognized.

Higgledy-Piggledy

Johnny was on pins and needles And they hurt him quite a bit. "Won't you give me your hand, sister?" He implored, and she gave it.

"Gracious, Johnny, you are careless," She said, turning up her nose, Johnny turned it down, remarking "We'd best go now, I suppose."

"Well, just eat your words," she answered, As she stopped to take a train; "Don't take that, we'll walk," said Johnny, So she put it down again.

When they got home they discovered That the furnace had gone out; "Suck a trick," said Johnny sadly; "Left us cold, without a doubt."

"And," he added, "the clock's going." "Oh," cried sister, "what a shock!" Then she beat the eggs most cruelly, Making really quite a din.

"I'll get supper for you, Johnny," She remarked and started in; Then she beat the eggs most cruelly, Making really quite a din.

Next she seized the cream and whipped it, Heading not its pleading look, All while Johnny, in an agnchair, Quietly devoured a book.

Of a sudden, in the kitchen, The air was rent by a scream; Johnny was at first so startled He thought he was in a dream.

But he ran to help his sister, "Oh," she cried, "my finger's burned!" Johnny ran to get the lotion, But he saw her, as he turned.

Oh, it was a sight so dreadful! Saw her burst right into tears; Johnny felt so very badly That he could not calm his fears.

"Pull yourself together, sister!" He cried, She could not obey; Johnny looked at her in horror, And then burst in the same way.

Awarded Prize in the Latest Contest

Charles Muston, 1135 Empress Avenue, a twelve-year-old boy of local parents, has been awarded the first prize in the Place Names contest, a cash prize of \$2. The contributors to this contest and in very commendable essays but appeared to have encountered some difficulty in handling their subjects, as in a number of cases the essays had to be ruled out on various grounds.

The writer of the winning essay took as his text the historic old city of Quebec, and though he treated the subject from a severely historical standpoint, the contribution is a notable one considering the work and tender years of the author. The essay follows:

Quebec Street

Quebec Street is named after the city of Quebec, Canada. Quebec is the capital of the Province of Quebec. It has a population of about 40,000. It is located at the junction of the St. Lawrence and St. Charles Rivers, and on the Grand Trunk, the Canadian Pacific, the Intercolonial, and other railroads. The city is divided into two parts, called the Upper and Lower Towns. The former is built on the highest part of the plateau, and is surrounded with a wall and strongly protected in other ways. The latter, chiefly given to trade, occupies the base of Cape Diamond, the utmost point of the table-land. Owing to its impregnable character, Quebec has been called the Gibraltar of America. The harbor is large enough to hold a navy and deep enough to float the largest vessels built. The city is the headquarters of the ocean timber trade although it has rivals in Montreal and Three Rivers. Some of Quebec's important manufactures are: Leather, boots and shoes, fur and tobacco. It is the seat of the Laval University and of a Normal School. Owing to its historical connections, beautiful situation, enlivening climate, the city has become a popular resort for tourists.

The site of Quebec, originally occupied by an Indian village named Stadacona, was discovered by Jacques Cartier in 1535, but the city was founded by Samuel Champlain in 1608. Quebec continued to be the centre of French trade and civilization, as well as of Roman Catholic missions in North America, till 1763, when it fell into the hands of Great Britain. Quebec is the oldest city in Canada, and one of the oldest in America.

FOR CHILDREN

THE SANDMAN STORY FOR TO-NIGHT

THE SLIPPER FAIRIES

Once upon a time there were two little silver slippers which were being made in a land across the sea, and when the shoemaker made a hole through which to pass the thread, he popped a little fairy and hid in the toe of one slipper.

Her sister fairy waited until the other slipper was being made, then in the jumped and hid in the toe of it.

All at once they found themselves in a box with many other slippers, and away they sailed in a big ship to another land.

"What shall we do now, sister?" asked one fairy; "I never was so jostled and shaken about in all my life."

"Oh, I think it is great fun," said the other fairy, "and I think we will be able to make some one very happy."

Two happy little fairies snuggled down in the box, but before they went to sleep one fairy said, "Even if we had not hid in them, our shoes would be the best dancer at the party, from what she said when she put us away we know she got her wish."

"I never danced so well in any others."

It clean white lace wash it carefully in pure alcohol, rinse in alcohol, stretch on a Turkish towel. The alcohol will evaporate quickly.

TOGETHER WITH MANY MERCHANDISE PRIZES

py some day, and that is what we fairies most wish to do."

By and by they found themselves in a big shop and were put in a small box and placed on a shelf.

"We are very lucky, sister, to be put in the same box," said one fairy, "for now I am sure we can together make some one happy."

Then one day they were afraid their plan was spoiled, for a hand reached in the box and took out one slipper, with the little fairy inside.

"It was not long, however, before the hand came again and took the other little slipper and the fairy inside soon saw a face and heard a voice say, "I think they are too large, and I do not like the shape of the toes, but I will try them on."

"Oh, dear," thought the little fairy, "I am sure we can never make her happy. I had much rather live in a box."

So when the slipper was tried on the little fairy gave the toes a bit of a pinch and quickly the slippers were removed and thrust back into the box and placed again on the shelf.

The next time the hand took both slippers from the box and the hidden fairies heard a sweet voice exclaim, "Oh, how pretty. I'll take them, please; they are just my size."

Soon the little fairies were on their way to a new home, and when they again peeped from the toes of the silver slippers they found they were in a dainty, rose-colored brocade with many fluffy things around them.

"We must be going to a party," whispered one fairy.

Then a soft, warm foot slid into each slipper and pitter-patter they tripped down the stairs. Both little fairies peeked from the toes and saw a sweet face looking down at them and a sweet voice said "I shall have on the prettiest slippers at the party. How I wish I could be the very best dancer there as well."

The little slipper fairies could hardly keep quiet for what could delight a fairy more than dancing, and what wish could be easier to grant than this?

Away they went to the party, and

ALWAYS READY FOR YOU PEN-DURA HAND BRUSHES

After painting, tinkering with the car, or cleaning stove pipes, etc., it's good to have within reach a Pen-dura Hand Brush. However ingrained or stubborn the grime, grease or dirt, it yields without irritation to the cleansing power of the Pen-dura's searching elastic bristles. Never loose, never mushy, the sterilized bristles of the Pen-dura are vice-gripped by an aluminum binder; while the brush back is highly waterproofed. True, the Pen-dura costs a little more than the "bargain-counter" brush, but divide its price by the length of its life and you'll find the guaranteed Pen-dura cheaper in the end.

For homes, offices, banks, factories, clubs, hotels, garages, etc.

O.S.K. TO INAUGURATE NEW WORLD SERVICE

This Month Freighters Will Be Operated via Calcutta, Suez, New Orleans and Panama

Inauguration of a new round-the-world shipping line has been arranged by the Osaka Shosen Kaisha. The company's Calcutta-New Orleans service has been maintained on the same route as its Japan-Pacific-Panama-New Orleans line for the Calcutta-New Orleans service.

In the new service will not touch at any of the South American and South African ports. The new service will be inaugurated by the Sumatra Maru which leaves Japan towards the latter part of March.

The Osaka Shosen Kaisha has also arranged to improve the South American service, the subsidization of which began last October. The liner Canada Maru, formerly of the North Pacific route, was the first ship for this service, and it is now arranged to maintain a regular service to Rio de Janeiro and Buenos Ayres. Previously this voyage took about four months, but the time will now be reduced to 84 days.

CITY PROSECUTOR HAS FINE CABIN CRUISER

C. L. Harrison, City Prosecutor, has taken the opportunity of the approaching boating season to outfit a fine cabin cruiser that he purchased recently. The cruiser is being beautifully fitted out, and combines comfort with seaworthy features that will make it an ideal craft for cruises in most waters here.

TO-MORROW FIRST VISITORS DAY ON BOARD NAVY SHIPS

Units of Canadian Fleet Will Be Open For Public Inspection at Esquimalt

To-morrow will be "open house" aboard the ships of the Canadian naval fleet and from the interest that is being displayed in the fleet, large crowds will take this opportunity of getting a close-up view of the modern units which comprise the nucleus of the Canadian navy.

H. M. C. S. Aurora and the destroyers Patriot and Patricia will be open to inspection by the general public between the hours of 2 o'clock in the afternoon until 5:30 o'clock.

In order to facilitate inspection, the dockyard officials arranged for the mooring of the Aurora alongside the dockyard jetty. The destroyed Patriot had been moored next to the light cruiser, while the Patricia is tugging at the buoy in the harbor.

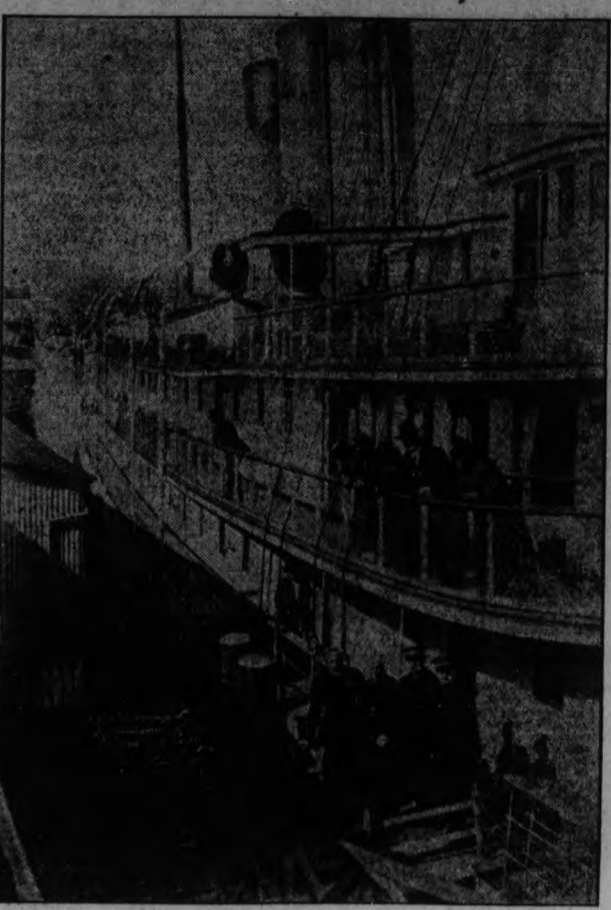

These modern fighting craft will be full of interest to the visitor. Everybody will be permitted to clamber everywhere, with the possible exception of the commander's private quarters aft, or the fighting top perched at the peak of the tripod mast forward.

The mechanism of the guns will be explained by men detailed for the purpose, and the conditions under which the sailors live aboard will attract the visitor.

Every Sunday will be visiting day during the stay of the fleet in port, and the ships will also be open for the public inspection on Good Friday and the next Saturday, between the hours of 2 and 5:30.

To-day members of the local branch of the Navy League went over the ships.

DISEMBARKING FROM GULF FLYER

The picture shows General Bramwell Booth, who reached here on Thursday afternoon from Seattle, coming ashore from the C. P. R. steamship Princess Victoria.

SPECIAL STEAMER FOR VANCOUVER TO-NIGHT

The C. P. R. announce that the steamship Princess Adelaide will leave to-night for Vancouver, running as a special boat at 11:45 from the Belleville Street wharf.

THREE DAYS ON COAST FOR MAKURA

Canadian-Australasian Liner Will Sail on Return Trip on April 2

The Canadian-Australasian liner Makura, according to information received at the local C. P. R. city ticket office, is posted to sail on her return voyage to Australia on April 2. This will give the Makura but three days at Vancouver in which to discharge and load her outward cargo, probably the shortest stay ever made by the Makura on this coast.

Incidentally the Makura holds the record for the longest stay at Vancouver, when she was held up by a strike declared by the members of her crew.

More recently the Makura has been delayed at Sydney, N. S. W., where shipping was completely disrupted for about two months by striking stewards.

Due March 29. She is now on her return voyage here and is now scheduled to reach this port March 29. The liner is now approaching Honolulu and will clear from the Hawaiian port early next week for Victoria and Vancouver.

Three days in which to discharge and load is a tall order, but the Makura can do it, as she is now an oil-burner, and in order to fill her fuel tanks without interfering with the working of cargo.

The Canadian-Australasian Line is endeavoring to get the service back to a monthly basis, and in order to accomplish this the liner Niagara is being held at Sydney, from which port she will be dispatched in about two weeks time.

The Niagara may be expected to reach Victoria towards the end of April.

MRS. TROUP TO SPONSOR NEW C.P.R. STEAMSHIP

When the new coastwise steamship is launched from the Wallace yards in August, Mrs. J. W. Troup, wife of the manager of the B. C. Coast Steamship Service, will act as sponsor, it is understood.

CREW OF STEAMSHIP IS FINALLY RESCUED OFF SPANISH COAST

Bilbao, Spain, March 19.—Twenty-three members of the crew of the steamship Zugazartze, 2,000 tons, were rescued off the Spanish coast on Thursday night after she was wrecked near Laforada Light.

When the vessel submerged, the crew called for assistance, but tugs were unable to approach them on account of heavy seas. They were finally rescued and landed by means of basket cables from the shore.

IT WORKS WONDERS ON COLDS, CATARRH BRONCHITIS, WEAK THROAT

When your throat rattles, your lungs and chest are sore, your throat is stuffed with cold—don't fear consumption—use Catarrhose and get well. It clears the throat, stops hacking, relieves tight chest and soreness in the bronchial tubes. To clear away Catarrh of the nose nothing could be better. Catarrhose is Nature's own remedy—it heals and soothes—removes every form of throat, lung and bronchial trouble. Prescribed by many specialists and used by thousands every day. Get the dollar outfit; it lasts two months. Small size, 50c; trial size, 25c; at all dealers or the Catarrhose Co., Montreal.

REDUCED FREIGHT RATES TO BENEFIT PORT OF SEATTLE

Seattle, March 19.—Coming as another great development in the movement to place Seattle in a position where she will be able to enter the approaching era of prosperity on an equal footing with all other ports and business centres, freight rates on through cargo from the Pacific coast to the Orient were slashed last night to a level that restores Elliott Bay to a parity with New York in the great battle for the trade of Asia.

JAPAN ARRIVES OUT.

The C. P. O. S. liner Empress of Japan, arrived at Hongkong March 17, according to advice received at the local office of the company.

FRUIT STEAMERS FOR NORTH PACIFIC RUN

Refrigerated Space Will Be Feature of Royal Mail Boats

Washington, March 19.—Establishment of a line of fruit cargo steamers between Seattle, Wash., and European ports is in prospect, according to information received from London by the Bureau of Markets. Nine 15,000 ton steamships, each equipped with 3,000 tons of refrigerated space, will be placed on this route by the Royal Mail Steam Packet Co., according to the information.

The fleet of steamers is said to be nearing completion in the Clyde shipyards, and the first is scheduled to leave England May 1.

This new line, it is said, will operate in a joint refrigerator service with the Holland-American Company, which last Fall started carrying of apples to Europe through the Panama Canal.

The ports on the Atlantic side will include Southampton, where the fresh fruits will be discharged, and London, Rotterdam, Antwerp and Hamburg. Plans call for the maintenance of a three weeks' schedule.

MASTER REPRIMANDED AND MATE SUSPENDED

Cobourg, Ont., March 19.—Capt. E. D. Forrest, master of the steamship Ontario No. 2, which was stranded early on the morning of January 23 while on a voyage from Charlotte, N. Y., to Cobourg, laden with coal, was reprimanded, and First Officer Walter Kirk's certificate was suspended for three months by the wreck commission's court, which handed out a finding here yesterday.

PETITION REMOVAL OF DEFAULT DECREE IN SOPHIA CASE

Appeal Filed in U. S. Federal Court by Administrators For Victims

Seattle, March 19.—Petition for removal of the default decree in the petition of the Canadian Pacific Steamship Company for limitation of liability for loss of life in the sinking of the steamship Princess Sophia was filed in the Federal Court yesterday by attorneys and administrators for twenty-three victims of the wreck. The petition is based on the reason that administrators and relatives of the victims were not apprised of the local proceedings nor the issuance of the default decree.

John Black, public administrator for Yukon Territory, petitioned on behalf of thirteen victims, and in his affidavit stated that the remote situation of Dawson precluded him from keeping in touch with court proceedings. He represents the estates of Joseph Abel, Artemiso, G. Bell, Rosabel Chisholm, James Dubois, Robert Hagar, Marnie Hall, John W. Helwinkel, J. R. Maskell, George A. Sangster, Frederick Smith, Augustine Stewart, Theodore Thorsen and Ethel A. Woodworth, Yukon Territory residents who perished on the boat. Other victims named in the petitions are John B. Bell, C. J. Black, Alfred Cartwright, J. A. Clarke, J. L. Clay, J. P. Douglas, Jim Hong, Carl W. Leber, H. M. Swartz and E. A. Wendt.

ALASKA FISHING CONCERNS DECIDE TO TIE UP BOATS

Overstocked Market and Labor Troubles Declared to Be the Cause

San Francisco, March 19.—The cod-fishing companies of the Pacific coast will send no boats into Alaskan or other fishing waters this season on account of an overstocked market and labor troubles, it was announced here to-day by the Alaska Codfishing Company. The Alaska and Union Codfish Companies here have tied up their boats for the season.

Fishing at four stations in the North Pacific coast will be carried on by the Alaska Company, but the usual seasonal activity in the Behring Sea will be missing this year.

Salmon fishing companies still are endeavoring to negotiate a wage scale that will permit them, according to their statements, to send small fleets north this year.

Wonder Health Restorer

The world's unequalled remedy for Asthma, Rheumatism, Stomach Troubles, Kidney and Bladder Complaints, Nervous Diseases, Piles, Skin Diseases, Etc.

What It Is
The private prescription of a great Scotch herbalist, used by him in his private practice for years.

What It Contains
Absolutely nothing but the concentrated juices of herbs which have general and specific medicinal properties.

Ask your Druggist for a copy of "The Road to Health" which tells all about this wonderful remedy—gives the signed statements of those who have used it.

Wonder Health Restorer is sold in Victoria at Ivel's Pharmacy, Merryfield & Dack (all stores), Clearhues' Drug Store, Reley's Drug Store and the Fernwood Pharmacy; in Esquimalt at Lang's Drug Store; in Sidney at Lesage's Drug Store, and at most drug stores. If your druggist can't supply you, write the W. Y. McCarter-Burr Co., Ltd., 646 Hillside Avenue, Victoria. Phone 8550.

A Bruise or a Bump

feels lots better after being bathed with "ABSORBINE J.B."

This antiseptic liniment goes deep into the tissues—makes the affected parts thoroughly aseptic—destroys disease germs—takes out the soreness and heals.

Absorbine

should be in every home in case of accidents; to heal cuts, bruises, lacerations; reduce swellings and soft bunions; relieve pain and inflammation.

It is a vegetable germicide; absolutely safe; pleasant odor; free of grease; does not stain.

DEPARTMENT PAPER IS UNDER FIRE

Former Editor's Work Disapproved; United Farmers Protest

The Department of Agriculture's "Agricultural Journal" has been discussing political questions in its columns recently, and in its March issue carried an article written by a German, according to vigorous protests lodged with the House Committee on Agriculture this morning by representatives of the United Farmers' Association.

J. Y. Copeman, of Cowichan, quoted from the Journal an article by Ernest Sault, of Chinoak, who remarked in commencement, "Though I am a German—"

"As an inhabitant of this country I don't want to read articles by Germans," said Mr. Copeman. "Nothing can compel me to believe that anything written by a German is good for the British race." If the writers of such articles were good Germans, he feared, they would be using the columns of a Government publication to voice views of advantage to their own country, and if they were "bad Germans," it was certainly not right that their ideas would thus find their way into print at the expense of the people, he maintained. "There are many soldiers in this country—and I think that is all I need to say," he remarked.

"This paper costs the Province \$10,000 a year to issue," Mr. Copeman said. "I have before me could hardly be taken as the official paper issued by the Government, but it looks like a publication issued in competition with private interests. There appear in it writings which might cause ill-feeling among many readers."

Editor Given Full Control.
Mr. Copeman went on to read references in the Journal to the importation of Chinese eggs and an appeal against race prejudice in this connection. He referred the Committee also to a statement that the editor of the paper had given absolute control of the policy of the publication, and he objected to a series of sarcasms directed at various people.

"The Journal, he complained, took jobs and borrowed \$1,361,500 from Ottawa under the Soldiers' Housing Scheme, the Hon. T. D. Pattullo, Minister of Lands, has replied in answer to Col. Lister.

"In this sum, \$1,354,700 has been advanced to municipalities as follows: Burnaby, \$25,000; Courtenay, \$35,000; Duncan, \$3,500; Esquimalt, \$21,000; Kamloops, \$60,000; Kelowna, \$25,000; Langley, \$10,500; Matsqui, \$2,000; Nanaimo, \$20,000; New Westminster, \$80,000; North Vancouver, \$10,000; Prince George, \$51,000; Prince Rupert, \$100,000; Saanich, \$44,000; Salmon Arm, \$3,500; South Vancouver, \$50,000; Trail, \$15,000; Vancouver, \$300,000; Vernon, \$20,000; Victoria, \$140,000; West Vancouver, \$25,000. Balance allotted by agreement with Esquimalt, Trail and Port Coquitlam.

Giacomo, Victoria; E. B. Nixon, Victoria; A. Letch, Vancouver; B. A. Clay, Nelson; M. F. Press, Victoria; M. D. McDonald, Victoria; H. D. Estabrook, Victoria; J. Bright, Vancouver; I. M. Shims, Vancouver; M. I. Pearson, Victoria.

ACROSS THE BAY
What the British Columbia Legislature and Its Politicians Are Doing.

WANTS ZINC RECOVERED FROM MILL DUMPS

Continuing the debate on the budget Friday night, Hon. J. Hunter, Conservative, of Slocan, urged the Government to pay more attention to the mining development of the proven districts of British Columbia.

He said that 15 per cent of the people of the country lived in the cities and incorporated towns. This meant, he said, that improvements such as roads were very difficult to secure for those living in outlying districts, and he thought more consideration should be shown them.

Mr. Hunter, who maintained that his riding of Slocan was one of the richest metallurgical fields in the Province, pointed out that there were thousands of tons of zinc to be recovered from the "dumps" around the mills and concentrators in Slocan and in the recovery of this metal. He did not offer any suggestions, he said, as to how this should be done, but he felt that the Minister of Mines could well devote some attention and money to the project.

SKETCHES FROM THE GALLERY; PREMIER OLIVER

DENTAL STUDENTS' FEES INCREASED BY CHANGES IN ACT

In moving the second reading of a bill to amend the Dentistry Act, M. A. Macdonald outlined the proposed changes. "The issue I have before me could hardly be taken as the official paper issued by the Government, but it looks like a publication issued in competition with private interests. There appear in it writings which might cause ill-feeling among many readers."

B. C. Trunk Road Projects

Plans showing the trunk-road system for the Province for which assistance is suggested under the "Canada Highways Act," have been submitted to Ottawa for twenty-five days, according to information received by the House by Hon. J. H. King, Minister of Public Works, in reply to questions from Dr. Rose.

Better Housing Allotments

So far the British Columbia Government has borrowed \$1,361,500 from Ottawa under the Soldiers' Housing Scheme, the Hon. T. D. Pattullo, Minister of Lands, has replied in answer to Col. Lister.

Investigates Elk Herd

To investigate the elk herd at the head of Cowichan Lake, the Game Board sent J. French and a companion into that district, according to information furnished the House by Attorney-General Farris, in reply to questions from Kenneth Duncan.

Nearly Insane From Leg Ulcers

She tells of suffering and brief story of her relief.

Wants Wide Powers for Commission

W. J. Bower, K.C., Leader of the Opposition, urged Premier Oliver in the Legislature yesterday afternoon to make the powers of the judges who will form the Royal Commission to investigate the Vancouver gravel pit deal broad enough to permit them to find out whether the bargain had been improvident. Mr. Bower had no objection to the plan to allow a Royal Commission and not a select committee of the House probe the

SAVING INSTITUTES ARE DOING A LOT OF EXISTENCE IN B.C.

United Farmers Make Claim to Agricultural Committee

The Farmers' Institutes of British Columbia will go out of existence as a result of the plan of the Department of Agriculture to distribute stumping powder through various responsible organizations instead of using the Institutes as the sole agency of distribution, the House Committee on Agriculture was told this morning by W. E. Laidman, Chairman of the Executive of the United Farmers' Association. The Women's Institutes of the Province, he asserted, could easily do all the work performed by the Farmers' Institutes.

"Owes her life to Virol"

No. 45, St. Ann St., Bolton, 24/8/1921.

Dear Sirs,
I have much pleasure in forwarding you a photo of my little girl who I am quite sure owes her life to Virol. From birth she would not take her natural food, and I tried all the patent foods I knew of, but nothing would suit her; then I took her to three different doctors, after that I took her to the London Hospital, when when I heard of Virol in despair I was advised to try Virol. She is now 3 years of age and I think the picture speaks for itself.

Yours faithfully,
(s) G. CONNOLLY.

VIROL

Virol is invaluable for the expectant and nursing mother herself, whilst for children it supplies those vital principles that are destroyed in the sterilizing of milk; it is also a home and travel remedy for all ailments of value. Virol babies have firm flesh, strong bones and good colour.

Sole Importers: **BOVILL, Ltd.**, 37, St. Peter's Street, Montreal.

WANTS ZINC RECOVERED FROM MILL DUMPS

Continuing the debate on the budget Friday night, Hon. J. Hunter, Conservative, of Slocan, urged the Government to pay more attention to the mining development of the proven districts of British Columbia.

Throw Out Sea Island Separation Schemes

The Private Bills Committee of the Legislature yesterday reported to the House that it had decided to throw out a bill which would incorporate Sea Island. "We think it is not well to encourage a portion of a municipality to separate from the other parts," David Whiteside, Liberal member for New Westminster, told the House.

Claims Motion Out of Order

The Hon. T. D. Pattullo, Minister of Lands, told the Legislature yesterday afternoon that R. H. Pooley's resolution calling for an investigation of Peace River oil areas was out of order. "It attempts to dictate the policy of the Government and suggests the expenditure of public money," the Minister asserted. Ruling on the matter was postponed.

SELECT LAXATIVE MEDICINE WITH GREAT CARE

In debility and weakness, medicine should be mild and far-reaching. Many pills and purgatives are too hard, are drastic instead of curative. Excessive action is always followed by depression, and knowing this Dr. Hamilton devised his pills of Man-drease and Butternut so as to mildly increase liver and kidney activity, so as to flush out the system by toning and regulating the bowels. Thus do Dr. Hamilton's Pills eliminate poisons from the body, thus do they restore clearness to the skin, thus do they renew health and strength. To keep your system in healthy good working order, regulate it with Dr. Hamilton's Pills, 25c all dealers or The Catarrhos Co., Montreal.

Rheumatic Pains

Are relieved in a few days by taking 30 drops of Mother Seigel's Syrup after meals and on retiring. It dissolves the lime and acid accumulation in the muscles and joints so these deposits can be expelled, thus relieving pain and soreness. Seigel's Syrup, also known as the "Fruit of Senna," contains no drugs, no other strong drugs to kill or mask the pain of rheumatism. It is a natural remedy, a cause, 50c. a bottle at druggists.

Health

There is no person in the community that OXO cannot help, building up health, increasing vitality, and promoting general well-being.

ROSE WINS FROM THISTLE TO-DAY

England Scores Eight Points in Rugby International

London, March 19.—(Canadian Associated Press)—England defeated Scotland by 8 to 0 in the rugby international game played to-day at Huddersfield. Goals were scored by: Northern Union game played to-day: Huddersfield 10, Wakefield 3. London 5, Halifax 4. Swinton 5, Barrow 2. Glasgow 6, Broughton 4. Dewsbury 27, Keighley 2. Hull-Kingston 45, Leigh 4. Derby County 1, Bradford 0. Huddersfield 1, Aston Villa 0. Bramley 3, Batley 5. Hunstret 7, St. Helena 5.

ENGLISH LEAGUE RESULTS TO-DAY

OLD BOYS OBTAIN DRAW WITH RIVALS

In a very fast game played at the Arena this morning the Old Boys had a hard time holding the University School to a draw. This match opened up the day's sports, which had been arranged by the University Old Boys' Association.

The University school showed a better combination than their older brethren, and held it not but for the splendid work of Jerry Boulton, in goal for the Old Boys, the score against them would have been much higher. The youngsters showed a better combination.

The teams lined up as follows:
Old Boys Pos. University
G. Bolton Goal Hatcher
Macdonald Forward Pritchard
Sutherland Defense Stewart
Chadwick Rover Clark
Hanbury Forward Alivazoff
Ferguson Forward Alivazoff
Matson Forward McParlane

This afternoon the Old Boys and the School are meeting in a rugby game. This will be an exciting affair. To-night the boys are all jaunting out to the Brentwood Hotel to stage a dance.

OBITUARY RECORD

The funeral of the late Mrs. Mary Cox, whose death took place last Tuesday at her home, 153 South Turner Street, was held this afternoon at the funeral chapel, at 3 o'clock. Rev. T. McConnell officiated. The remains were later forwarded to the crematorium where a short service was held at Crematorium by Rev. R. Craig, at 10.30 o'clock on Friday. The interment of the ashes of the late Mrs. Cox were laid to rest at Ross Bay Cemetery in the family plot at 10.30 o'clock. Rev. T. McConnell read the committal service.

The remains of the late Michael Joseph Hastings, whose death occurred on Thursday at St. Joseph's Hospital, were forwarded by the Sands Funeral Co., on last night's boat to Kingston, Ont., for interment.

At Otter Point, at an early hour yesterday morning the death occurred of Leona Emille Fletcher, 17 years 11 months. She was born in Sooke, B. C., and is survived by her mother, two sisters, Mrs. Pappanburgh and Mildred Fletcher at home; also two brothers, Ernest and Frederick. The funeral will take place on Monday, March 21, the cortege leaving the Sands Funeral Chapel at 8.50 o'clock, and ten minutes later mass will be said by Rev. St. Andrew's Cathedral, by Rev. Father D. A. Macdonald. Interment will be made at Ross Bay Cemetery.

Women's Conservative Educational and Social Club

The well known firm of Stanfields, Ltd., with headquarters at the great mills at Truro, N. S., is celebrating this year its jubilee, having commenced in a very small way in Prince Edward Island in the year 1855, when C. E. Stanfield started the first output of the woollen underwear for out of door workers. Since that time the firm has progressed with a constant motto of good value and quality, leading it to a position of supreme importance in the textile industries of the Dominion. Stanfields is an essentially Canadian industry that succeeded by the brains and energy of Canadian men, from the ground up. Recently the Federal Government has honored the firm by appointing its head, John Stanfield, to the Senate.

UNFIT TO LIVE—MUST DIE

This verdict is rendered a thousand times every week—no corn can live, it must pass out, drop off, if Putnam's Extract is applied to corns and warts. Use the old reliable "Putnam's" it never fails, 25c at all dealers.

News of Markets and Finance

FIRM CLOSE IN NEW YORK TO-DAY

(By Burdick Brothers, Ltd.)
New York, March 19.—Further improvement was recorded in prices to-day. There are well defined indications serving to convey the impression that the market has turned for the better. Public buying power is on the increase and the stiffening in security prices during the current week should have a satisfactory influence on enterprise in general.

TO-DAY'S TRADING IN WINNIPEG MARKET

Winnipeg, March 19.—In the absence of any favorable outside news and lack of buying power the local market was weak to-day, both cash and future prices showing a decline. Cash premiums again hardened, but this was due more to scarcity of offerers than to strength of demand. Closing cash prices show declines of 1 1/2 to 2 1/2 cents.

SOMETHING FOR YOU
Mr. Dale

"YOU'RE not looking up to the mark. I know your duties are heavy at present, but you're too valuable a man to have on the sick list. When you're looking better, I have an advance to discuss with you. This box of Milburn's Heart and Nerve Pills will start you on the road to health and strength. They pulled me right back to increased energy and vigor after the most trying time in the history of my business."

Ill health has kept thousands of people at the foot of the ladder who should have been at the top. The direct step to strength is through the Heart and Nerve system. This is the action of Milburn's Heart & Nerve Pills, a scientific medical preparation, used and approved for over twenty-five years by people all over the Country.

Read this testimonial—one of thousands open for your inspection any time.

Mr. M. L. Stewart, Dunvegan, Ont., writes—"I was troubled with a weak heart and was advised by a friend to try

MILBURN'S HEART & NERVE PILLS

so I decided to get a box, and from the first they certainly "did their bit" and I am now completely relieved after using six boxes. There is nothing to equal these pills for those who are troubled with their heart."

Milburn's Heart & Nerve Pills are sold at all drug stores, or mailed direct on receipt of price, 50c. a box, by The T. Milburn Co., Limited, Toronto, Ontario.

CONSTANT UPROAR GREETED SPEAKER

Partisan Feeling Displayed at Lecture on Bolshevism

Pandemonium reigned at the Crystal Theatre last night when a number of apparent Bolshevism sympathizers repeatedly interrupted David Goldstein in his address on Bolshevism, hurling personalities and insults repeatedly and jeering at almost every phrase.

The speaker's nationality, religion and motives were questioned and he was obviously not given a fair chance to deal with his subject, though it was frequently pointed out that an opportunity would be afforded anyone desiring to ask any questions at the termination of the address.

Feeling intense, "I could tear you with these hands as I tore the Fritzes," cried one man. "Yes, and you too, Todd," he added as Acting Mayor Todd, who acted as chairman, tried to pacify the meeting. It required two policemen to restore order and compel the man to sit down.

This occurred at a point where free love was mentioned by the speaker as one of the "advantages" of Bolshevism, as advocated by some of the extremists in Russia.

Majority Orderly.

The majority of those present had attended to listen to the address, but there was enough of the unruly element to create such a furore that the speaker frequently looked as though the meeting would disperse in disorder.

At the very outset of his address, Mr. Goldstein was annoyed by interruptions, which finally became so incessant that he retired with his head to the insulting remarks hurled at him.

"It's a lie," shouted someone, as the speaker made the statement that in Socialism there lurked the aim of world revolution that would shut out God and set up a dictate of the proletariat; break up marriages and substitute free unions, cut down the national banner and raise the red flag of revolution.

"Just imagine the Government of any country being run by men of this character," said the speaker at the end of another prolonged period of interruption. Repeated requests for fair play and for the speaker and Chairman Todd failed to silence the noise.

Laughs at Tragedy.

Reference to the terrible revolution in France, of which yesterday was the fiftieth anniversary, speaker at the feast of Germany, had been betrayed by traitors and a "war picture" of those terrible days which form a blot on history were laughed and jeered at.

Mention of the Church and of God was only another occasion for laughter. After the meeting remarks were heard on all sides from among the majority of orderly people, who had gone to the meeting to hear what Mr. Goldstein had to say on the subject denouncing the "disgraceful" and "unwarranted" intrusion of an element that by its actions certainly had done nothing to maintain a nuisance to those who were there to listen.

Mr. Goldstein recalled the assassination of the Czar and the setting up of a constitutional government in Russia. "But there was a party known as the Bolshevists who were in a minority in the Constituent Assembly and some other Socialist in New York made their way back to Russia. Lenin but with the aid of Germany he was passed through Switzerland and Germany back to Russia."

Overthrew Democracy.

"The Red Guard was formed, the Constituent Assembly was overthrown and a dictatorship set up that took absolute control of the affairs of the country. They overthrew the democratic government that overthrew the Czar."

At this point the uproar became so great that the speaker again was obliged to pause, after which he remarked that in all the 123 places in which he had spoken he had not met with such lack of decency in members of the audience.

"Ever since that event of '71 in Paris the Socialists of the world have been celebrating every March 18 as the first great victory of the working man," the speaker retorted, and if we had a majority of men in Canada like some of you who seem to be celebrating here

HIS LIFE RUINED BY DYSPEPSIA

Until He Tried "FRUIT-A-LIVES" The Wonderful Fruit Medicine

MR. FRANK HALL
 Wyevale, Ontario.

"For some two years, I was a sufferer from Chronic Constipation and Dyspepsia.

I tried every remedy I heard of without any success, until the wife of a local merchant recommended 'Fruit-a-lives'.

I procured a box of 'Fruit-a-lives' and began the treatment, and my condition commenced to improve immediately.

The Dyspepsia ceased to be the burden of my life as it had been, and I was freed of Constipation.

I feel that I owe a great debt to 'Fruit-a-lives' for the benefit I derived from them."

FRANK HALL.
 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-lives, Limited, Ottawa, Ont.

to-night we would have the German flag flying over Canada."

"There's a dance to-morrow," shouted a voice.

"Yes, and they are dancing in hell right now," rejoined the speaker, which occasioned further laughter.

Reading from the Constitution of the Soviet Russian Government, regarding the total expropriation of land, the speaker said that "the land is to be owned by a State autocracy but by a multiplicity of property owners, the land is to be divided into small parcels of decreasing them and hope to see the day that every family shall possess its own home and its own piece of land."

"No better indication of a movement can be found than its influence on the home. I carry with me their own published books to show that Socialists advocate free love. Marriage has no more binding influence in Russia than a man and woman going to a hotel, registering as man and wife and separating the next day," said Mr. Goldstein, while his remark was greeted with deafening uproar.

Refused the Proofs.

The production of printed legislation of the Soviet Government and of literature issued by the Bolshevists and Socialists themselves was greeted with suspicion and ridiculed as not being the genuine article.

Those who wished to hear the lecture became restless and disgusted and great that the speaker again was obliged to pause, after which he remarked that in all the 123 places in which he had spoken he had not met with such lack of decency in members of the audience.

"The Soviet themselves set up the worst kind of an autocracy that ever existed and the starving of the people was due to Lenin and Trotsky and not to the blockade of the Allies," came the answer.

It reached a point where everybody was talking at once and finally, considerably after 10 o'clock, Mr. Goldstein concluded his remarks.

This was a signal for the giving of three cheers for the Red Flag and the singing of a revolutionary song in competition with those who stood to sing the National Anthem.

SOME FIGURES ON GOAT INDUSTRY

Growing Popularity Is Demonstrated in Increasing Numbers in B. C.

Reliable and conservative estimates show that there are now about 5,000 goats in British Columbia with a value of \$200,000. The estimated production of milk for 1920 was 75,000 gallons, which at the low figure, considering the superior value of goats' milk, of 15c per quart, is worth \$45,000.

If to this sum is added the value of the 1920 crop of kids, there is about \$25,000 more, or a total of \$70,000 as the value of production in the goat industry in British Columbia for 1920, which is practically equal to the value of the wool grown in the Province for the same period.

When it is considered that importations of goats from European and Asiatic countries have been practically impossible, owing to severe, though no doubt necessary, quarantine regulations, and other handicaps, and when British Columbians had to depend for new stock on the United States, where there has been a tremendous awakening to the value of the milk goat especially, with a consequent sharp increase in price, the development shown is nothing short of remarkable. Three years ago the estimated number of goats in the Province was only about 1,000, and the steady increase since then has been made in the face of much ignorance and prejudice regarding goats, which is now happily fast dying out.

It is not alone from the mere volume and commercial value of milk production that the goat industry should be judged. The real significance of its development becomes more apparent when it is reflected that the easier availability of the milk of the goat means healthier children and citizens, and the saving of the lives of hundreds of babies who were unable to assimilate any other food. This is the true measure of the value of the goat, surpassing as it does, any merely material calculation.

SAYS A HOLY WAR IS BOLSHEVIK SCHEME

David Goldstein's View of Bonar Law's Resignation

The hour has struck when the workmen of the whole world will know how to arouse hundreds and thousands of millions of peasants and to urge them to resistance; when they will know how to arm themselves; will know how to raise a rebellion behind England's back; will know how to set the robber's house on fire; will know how to poison the existence of every impudent English officer lordling in Turkey, Persia, in India and in China.

The above words were spoken by G. Zinoviev, president of the executive committee of the Communist International, who stands second to Lenin and Trotsky in the Russian Government and who declared that the peoples of the East must declare a holy war against England and France, explained David Goldstein, lecturer for the Knights of Columbus, which for several years has been devoting its energies and its funds to conduct propaganda against Socialist and Bolshevism assaults.

Mr. Goldstein's address on the subject at the Crystal Theatre last night is referred to elsewhere in this issue. Victoria is the 12th city in which he has spoken on his present tour. He has written books on Bolshevism, which have been very widely read.

He was once a terrible insurrectionist and leader in the Socialistic movement in the United States, especially in his home state of Massachusetts, having been its first candidate in Boston for Mayor. He resigned from the society after three years' unsuccessful fight in the ranks, during which time he endeavored to get the society to repudiate their advocacy of violence, he claims.

At last night's meeting Mr. Goldstein was asked why it was that Mr. Lloyd George proposed to enter into trade relations with the Soviet if it were such a terrible institution as painted, and it was in reply to this question that he referred to the statement of Zinoviev during a congress at Baku called by the Bolshevists, at which Communists, Turks, Persians, Parsees, Armenians, Georgians, Kurds, Kirghis, Chinese, East Indians, Arabs, Koreans and other delegates attended to the number of about 2,000.

"While it is not for me to criticize the actions of a friendly Government, I do not think that Mr. Bonar Law's resignation was due to ill health but that it was due to a difference of opinion on the attitude of Mr. Lloyd George toward the Soviet," said Mr. Goldstein.

"You see how unwise it is to give Soviet Russia an equal trade standing with other nations when you consider that they have thousands of men in Russia being trained to go back to their respective lands to propagate principles that would undermine the morale of the countries in which they live," explained Mr. Goldstein.

TO BE DYSPEPTIC IS TO BE MISERABLE

The poor dyspeptic suffers untold agony after every meal, and any one who has dyspepsia knows what joy it would give to eat three square meals a day that did not be punished for it after. Nearly everything that enters the weak stomach acts as an irritant, and even the little that is eaten causes such torture and is digested imperfectly that it does little good. Before you can eat heartily, and not pick and choose your food, you must put your stomach into such a condition that it will manufacture its own digestive ferments.

For over forty years Burdock Blood Bitters has been toning up and restoring weak stomachs to a normal healthy condition so that the food no longer causes distress, but is thoroughly digested and assimilated, and enables one to partake of all the wholesome food required without fear of any unpleasant after-effects.

Mrs. Alice Beckwith, Fesserton, Ont., writes—"I have been a great sufferer from indigestion and dyspepsia for several years. I could not eat anything without almost dying from the pain in the pit of my stomach. Seeing Burdock Blood Bitters highly recommended I tried a bottle, and can gladly say it relieved me. I can eat anything now, and am in perfect health."

B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Vancouver—Barometer, 29.96; temperature, maximum yesterday, 48; minimum, 36; wind, 15 miles W.; rain, .02; weather, clear.

Kamloops—Barometer, 29.88; temperature, maximum yesterday, 48; minimum, 28; wind, 6 miles W.; rain, .02; weather, clear.

Markerville—Barometer, 29.94; temperature, maximum yesterday, 48; minimum, 36; wind, 15 miles W.; rain, .02; weather, clear.

CHILDHOOD CONSTIPATION

Constipation is one of the most common ailments of childhood and the child suffering from it cannot thrive. To keep the children well the bowels must be kept regular and the stomach sweet. To do this nothing can equal Baby's Own Tablets. They are a mild but thorough laxative; are absolutely safe and never fail to relieve constipation and indigestion; colds and simple fever. Concerning them Mrs. Jules Fauquereau writes: "My baby was terribly constipated and suffered day and night. I was advised to give him Baby's Own Tablets and from the first they helped him. Now at the age of thirteen months he is a big healthy, happy boy." The Tablets are sold by medical dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
