BERLIN TRIES NEW REPARATIONS SCHEME

U.S. Army, With New Staff, to Be Ready For Speedy Moves

General Pershing Put At Head of New Organization; Secretary of War Says Purpose Is to Keep Country Always Prepared.

Washington, April 21.—Organization of a war staff headed by General Pershing to take charge of field operations of the armies of the United States in time of war was announced to-day by Secretary Weeks.

"Instant preparation in time of peace for active military operations" was given by the Secretary as the reason for the new organization.

The organization headed by General Pershing will be entirely separate from the office of the Chief of Staff, Mr. Weeks said, which will continue to direct the activities of the military establishment in time of peace. General Pershing will have a skeletonized staff which will correspond to that at Chaumont during the world war and which will concern itself entirely with problems of strategy, tactics and war organization.

MEXICO MAY HAVE MAY DAY DISORDERS

Radical Elements Are Planning Demonstrations

Mexico City, April 21.—Elaborate preparations for May Day celebrations throughout Mexico are being made by radical elements in some quarters there is apprehension that the observance of the day may lead to disorders.

The Government authorities, while inclined to look on the demonstrations as mere outlets for radical enthusiasm, are prepared to meet any emergency.

Linn A. E. Gale, an American radical, expelled from Mexico April 1 as a pernicious foreigner, has returned to this city, according to an apparently well-authenticated report.

DISTURBANCES IN SOUTHERN ITALY

Trouble in Northern Area Has Spread

Rome, April 21.—Disorders in which extreme Nationalists and Communists have been engaged, and which have been for the most part confined to Northern Italy, have spread to the southern provinces, according to The Epoch.

A dispatch to that newspaper from Bari states that a party of Nationalists, fighting the central Italy, encountered a party of Communists at Orta Nova and that in the fight which ensued six Communists and three Nationalists were killed.

A NEW RECORD FOR GRAND OPERA

San Franciscans Gave \$29,577 in One Night

San Francisco, April 21.—San Franciscans, April 21.—San Francisco theatre-goers set a new world record for opera attendance here when 7,800 crowded the Auditorium to hear Mary Garden and other grand opera stars of the Chicago Grand Opera Company in "Ethel." The box office receipts were \$29,577, a record higher than that of Saturday night, when \$26,497 was taken in, the latter amount being at the time announced as the largest amount ever recorded for any one theatrical performance.

ONTARIO MILLING COMPANY FAILS

Toronto, April 21.—Andrew Motherwell Company, Ltd., millers and manufacturers of food products and feeds, Dundas, Ont., have made an assignment to Oleser Wade, of this city. The firm's assets are said to be \$300,000 and its liabilities \$220,000. The company's difficulties are due to heavy losses sustained through the general decline in grain prices.

YAKIMA INDIAN LEADER MURDERED

Yakima, Wash., April 21.—Discovery of the body of Sam George, Yakima Tribe leader, in a shallow grave in the widest part of the Indian reservation, led to the impalement of an Indian coroner's jury late yesterday at White Swan and the finding that George met his death through murder. Old Chief Tecumseh was leader in summoning the jury and putting white men on the trail of a man who is believed to be the slayer and who is one of the 100

HEAD OF NEW U. S. WAR STAFF; GEN. PERSHING

Washington, April 21.—Organization of a war staff headed by General Pershing to take charge of field operations of the armies of the United States in time of war was announced to-day by Secretary Weeks.

"Instant preparation in time of peace for active military operations" was given by the Secretary as the reason for the new organization.

The organization headed by General Pershing will be entirely separate from the office of the Chief of Staff, Mr. Weeks said, which will continue to direct the activities of the military establishment in time of peace. General Pershing will have a skeletonized staff which will correspond to that at Chaumont during the world war and which will concern itself entirely with problems of strategy, tactics and war organization.

"We are going to have a skeletonized General Headquarters established in the War Department," said Secretary Weeks. "Its purpose will be to keep us instantly prepared for active military operations. The details will be given out later, but General Pershing will be at the head of the activities."

Before the world war, Secretary Weeks said, Marshal Joffre had been similarly selected to command the armies of France if war came, and had been a condition which was instantly available.

France's Example. Before the world war, Secretary Weeks said, Marshal Joffre had been similarly selected to command the armies of France if war came, and had been a condition which was instantly available.

RAIN-MAKER IS GIVEN BANQUET

Gets Ready to Operate Near Medicine Hat

Medicine Hat, Alta., April 21.—Rain-maker Hatfield arrived in this city last night from California and was banquetted at noon to-day by the Southern Agricultural Association. A number of Medicine Hat's prominent business and professional men were present and expressed confidence in Mr. Hatfield's undertaking.

The lovers used in connection with this preparation are being erected fifteen miles northeast of the city at Chappie Lake. Hatfield does not claim to be able to bring moisture from a clear sky but claims he can tap passing rain clouds.

NAMING OF U. S. AMBASSADOR TO BRITAIN DISPUTED

Washington, April 21.—Senator Harrison, Democrat, Mississippi, charged to-day in the Senate that the appointment of George Harvey by President Harding as Ambassador to Great Britain was a "reward for his efforts" to discredit the Wilson administration.

Washington, April 21.—The past week's bank clearings here were \$12,517,324.

TORONTONIANS TO HAVE CHEAPER MILK

Toronto, April 21.—It is expected that the retail price of milk in this city will drop on May 1 to fourteen pints for one dollar, one pint more than at present.

Counsel Declares Coal Should Be Controlled

This is the proper time to take measures to control the provincial coal industry," said F. T. Congdon, K.C., counsel for the public in the coal probe, which was concluded in Vancouver yesterday afternoon. Commissioner Henderson has until Saturday to present his report to the Lieutenant-Governor-in-Council, and attached to his report will be the technical reports of the engineer and the accountant. At the conclusion of the hearing members of the Vancouver Citizens' Committee thanked Commissioner Henderson for his courteous hearing of the case.

In his summing up during the final argument he counsel, Mr. Congdon, suggesting the control of the coal industry, said it was not of a complicated nature, but comparatively a new business and simple in its make-up. "It was a shocking thing to think that the Province was enormously rich in the product, and yet the actual cost to the people was \$15 a ton.

Coal was a vital matter to the public. There was a desire and a necessity for cheap coal, for it entered into every phase of the national life. Mr. Congdon went on to compare the average cost of production in the different Provinces and contended that this comparison did not reveal British Columbia in a favorable light.

"It is a suspicious thing to my mind," said counsel, "that the price of coal on Vancouver Island is always

the same; there is a difference in cost, but the product price never varies; in spite of the fact that we have one company in 1920 making 73 cents a ton profit and another 43 cents.

Carrying Charges. Criticizing the cost of transportation from Vancouver Island—\$1.55 a ton—counsel stated the dealers would have been far better employed in standing out for reduced costs in this direction. They would have conferred a better service to the public than devoting themselves wholly to the uniformity of high prices.

There was no greater attraction to any port than cheap bunker coal, counsel went on. Cheaper coal in the interior would influence Island prices. Contrary to the evidence given by certain witnesses, the larger the export trade, the cheaper was the commodity to the domestic consumer.

With Hammers. One of the strangest anomalies counsel knew of was the fact that the public bought lump coal at a huge price only to break it up with a hammer. General Leckie, said Mr. Congdon, was recommending the grading of coal. The dealer had to take any kind of coal the operator shoveled at him and the poor consumer in turn had to accept whatever the merchant chose to deliver to him. "I myself," said counsel, "don't know what coal to order and when it is delivered I don't know if it's what I did order."

ASKS GOVERNMENT ABOUT AUTOMOBILES

Quebec Member Inquires About Ottawa Motor Cars

Wants Information Regarding Government Garage

Ottawa, April 21.—(Canadian Press)—The cost of Government automobiles in Ottawa is the subject of a series of questions filed by Rich Lanctot, member for Laprairie-Napierville, Quebec, to be asked of the Government in the House of Commons. Mr. Lanctot asks how many automobiles are kept here by the Government and how many chauffeurs are employed; what Ministers and Deputy Ministers use these cars; what other officials use them, and for what purpose; if any have been used on Sundays, and for what purpose; if the Government has a garage in Ottawa; what it cost for maintenance during the past year and when, for whom and at what price the Government purchased this garage.

CITY JAIL CHARGES NOT TO BE DROPPED

But Police Commission May Run Into Snag

Charges that conditions in the Victoria city jail form a "sanitary outrage" have not been dropped, even though City Building Inspector Barf has informed the Chairman of the Police Commission that all is well in the jail, it was learned to-day.

Mr. Barf's report on the question, framed at the request of the Police Commission, has been in the hands of the Commission for some days and will be considered at the Commission's meeting to-night. Mr. Barf states in his report that there is no need for alterations in the jail, and that conditions are perfectly sanitary. It became known to-day, however, that the matter will not be dropped on account of Mr. Barf's advice.

No Statement. Police Commissioner Dr. Ernest Hall, who made the "sanitary outrage" charges, would not discuss the matter this morning. "I have not seen Mr. Barf's report on the jail officially," he said, "but I would point out that Mr. Barf was not asked to report as to whether conditions in the jail were satisfactory or not. He was asked to suggest how the present conditions would be altered. However, I understand the matter will be discussed to-night."

Another development in the jail controversy occurred to-day when attention was drawn to the fact that the Police Commission has no control over the actual jail buildings. The matter is in charge of the City Council. On this account it may be impossible for the Police Commission to make the changes it desires if the Mayor and aldermen choose to turn down its recommendations, which will come before the Commission to-night will be estimates. The Commission has been asked by the City Council to set out in detail the manner in which an addition of \$10,000 to the estimates for salaries is to be spent.

WILLIAM HAYWOOD NOW IN RUSSIA

Says He Will Return to American Prison

Chicago, April 21.—Federal officials to-day received confidential information that William D. Haywood, secretary of the Industrial Workers of the World, who was scheduled to begin a sentence at the Leavenworth, Kansas, penitentiary this week, fled from the United States and is either in Moscow or Riga.

Charles F. Cline, District Attorney, announced that a search had been started for Haywood. "He is not in Leavenworth, Chicago or New York and we have been privately informed that he has landed either at Moscow or Riga," said Mr. Cline.

"Personal Mission." Otto Christensen, attorney for Haywood, said he had been informed that Haywood sailed from New York on the liner Cedar II, about April 1, and landed at Riga, about April 16. He said he thought Haywood had gone to Russia on a personal mission, and that he was not fleeing from the penitentiary sentence.

New York, April 21.—The American Civic Liberties Union to-day issued a formal statement asserting it had been informed "Big Bill" Haywood, I. W. W. leader for whom the Department of Justice is searching, was on his way to attend an international trade union conference in Moscow in June, but would return as soon as it was ended to begin his sentence in Leavenworth penitentiary.

EARTHQUAKE RECORDED

Los Angeles, April 21.—An earthquake shock was felt here at 7:37 o'clock this morning.

No record of the tremor is recorded at the Gonzales Observatory here. It is thought to have been a slight disturbance.

SHERIFF FORGOT TO HANG NEGRO; LATTER TO SERVE FOR LIFE

Shreveport, La., April 21.—The death sentence of Lonnie Eaton, the negro sheriff of Ouachita Parish, forgot to hang, has been commuted to life imprisonment. Eaton was convicted of murder several months ago. The date was set for the hanging, but the sheriff forgot all about it until the legal date had passed.

YOUTHS HELD UP CHICAGOAN AND GOT AWAY WITH \$25,000

Chicago, April 21.—Five youthful automobile bandits held up the vice-president of a real estate firm to-day and escaped with \$25,000.

FATHER OF SEVEN CHILDREN KILLED BY SEATTLE AUTO

Seattle, April 21.—Police to-day were searching for occupants of an automobile which last night ran down and killed John H. Graves, aged thirty-eight, of Lake Burien, a suburb, and slightly injured his stepdaughter, Lila Porter, sixteen. Persons who were on the street in the vicinity of the place where the accident occurred said that an automobile passed them traveling at high speed and that the persons in the car were apparently intoxicated. Graves was the father of seven children.

CONFERENCE AT BARCELONA ENDS; HITCH DEVELOPS

Barcelona, Spain, April 21.—Conventions relative to waterways, railroads and recognition of the flags of nations without seaboard, were signed at the closing session of the International Conference on Communication and Transit here yesterday. Several delegations did not sign the conventions because they had held they did not possess plenary powers, and it is asserted that the agreements will be thus without effect for world purposes.

Gabrielle Hanotiau, president of the conference, in his closing address referred regretfully to the absence of United States delegates.

Plan Permanent Market For B. C. Timber in Egypt

Efforts to build up a permanent market for British Columbia lumber in Egypt are to be made by Major R. E. Fisher, who recently visited British Columbia in connection with the order for 2,000,000 feet of ties which he placed with British Columbia for the Egyptian Railways.

"I wish to express my heartfelt appreciation of the kind hospitality I have received at the hands of the Ministry of Lands," says Major Fisher in a message to the Hon. T. D. Pattullo, Minister of Lands.

BUBONIC PLAGUE BEING FOUGHT IN ALEXANDRIA

Alexandria, Egypt, April 21.—Bubonic plague has broken out here and cases averaging thirty-five are being reported daily. A quarantine is being imposed and vessels are leaving the port in order to avoid being held here.

METEOR EXPLODED AND METAL FELL

People in Georgia State Saw Unusual Sight

Macon, Ga., April 21.—A meteor passed five miles west of Southern Georgia about 9 o'clock Wednesday, exploding and showering hot metal as heavy as iron.

The meteor was seen in Macon, it was reported by Cordele and at Pitts, east of Cordele, and also at Albany, southeast of here.

At Pitts more than a dozen heavy explosions were heard. Then there was a sharp crackling in the air for several minutes and red-hot metal, some pieces weighing six pounds, fell. In the wake of the falling fragments was a trail of black smoke. The sky was cloudless. The majority of the pieces fell in open fields.

METHODIST CHURCH NEEDS \$3,500,000

Requirements of Missions Work Are Great

Toronto, April 21.—One of the most critical periods in the history of the Methodist Church in Canada for fifteen years faces the church to-day as the result of existing financial stringencies. The missionary needs of the church require not less than \$3,500,000 within the next four years to complete the budget of \$2,000,000 voted in 1917, and almost \$1,200,000 is now required to do the work of \$8,000,000 in 1918 because of the depreciation in the purchasing power of the dollar and a meeting of the General Board of Missions of the Methodist Church will be held here next week to consider the situation.

GREAT QUANTITY OF SWEETS EATEN BY U. S. SOLDIERS

Coblenz, April 20.—American soldiers, whose predilection for sweets has often caused Frenchmen to gasp with amazement, are still world champions in this respect. It is shown by figures compiled at the Cafeteria, the largest restaurant in Coblenz, under the management of the U. S. C. A. During the past year American soldiers ate at that restaurant alone 233,128 puddings; 475,848 tarts and cakes; 310,874 cookies and doughnuts; 61,121 cream puffs and eclairs; 624,904 dishes of ice cream; 366,351 chocolate sundaes; 61,378 pies; 223,737 apples and other fruits; 282,741 glasses of lemonade, and 43,792 oranges.

AMERICAN PLANE FOUND IN MEXICO

San Antonio, Mexico, April 21.—A United States army aeroplane, mentioned in recent Mexico City dispatches as having been found in the vicinity of Vera de las Bodegas, North Coahuila, Mexico, is believed to be the one lost in Mexico last February by Lieut. Alexander Pearson, Jr., officers said to-day.

WESTMINSTER CLEARINGS

New Westminster, April 21.—The bank clearings here during the past week were \$596,465.

Aeroplane Work Is On The Increase in Canada

Vancouver, April 21.—Colonel Robert Leckie, Director of Civil Flying Operations, arrived here this morning from Ottawa. He is engaged in an inspection of Canadian Air Board stations.

"During my trip across Canada I observed that more than ever aviation is being put on a sound basis," said Colonel Leckie. "The business men are coming to recognize flying as essential from a commercial standpoint. The joy-riding phase is fast dying out, and people are recognizing that aviation is a means of transportation as natural and almost as commonplace as street cars and taxicabs. The outlook is very hopeful for big developments this season in flying."

Colonel Leckie announced that there would be no aeroplane sub-station established at Kamloops, as had been planned.

WILL SEE GREAT SAWMILL AT WORK

Governor-General and Party Visit Vancouver

Vancouver, April 21.—When the Governor-General and the members of his party arrive in Vancouver from Nanaimo at 4 p. m. to-day, they will proceed, accompanied by a guard of honor, to the police station, where the Duke will unveil a tablet erected to the memory of policemen who lost their lives overseas.

Following this ceremony, the party will visit the business section at the foot of Dunsmuir Avenue, to see British Columbia's largest sawmill, Lord Harrington, Mayor of Buxton, particularly desired to inspect a sawmill and Eric Hamber opened the mill for their inspection. At 5 p. m. the party will leave the city on the Canadian National Railway.

WORLD DISCUSS THEIR DIFFICULTIES

U. S. Farmers Urge Industries Hold a Conference

Washington, April 21.—President Harding was asked to-day by the National Farmers' Union convention here to call a conference of representatives of basic industries to meet with representatives of the railroads, labor and agriculture in an effort to correct the industrial evils with which the whole country is suffering.

The request was embodied in a memorial presented to the Executive of the White House by delegates who were accompanied by a number of Senators and Representatives. The President was asked to assume vigorous and determined leadership in the work of bringing out of a chaotic condition an industry which must be restored to its pristine glory if anything like normal conditions are to prevail in the workshops and factories of our land.

HIGHER EXPRESS RATES OPPOSED

Washington, April 21.—The California Railway Commission opposed today application of the American Railway Express Company for an increase in rates in that state. A brief filed with the associate Commerce Commission declared commodities involved were moving by motor trucks at lower than present express rates.

NIAGARA FRUIT PROSPECTS GOOD

Hamilton, Ont., April 21.—Fruit growers in the Niagara belt are considerably relieved as a result of the continued mild weather. The trees are responding nicely to the warm sun, and the buds, even those farther advanced, are in a satisfactory condition. The chief loss from last year's early cherries, which suffered badly.

WOUNDS WIFE AND KILLS HIMSELF

Winnipeg, April 21.—Mike Timchuk last night called upon his wife, from whom he was separated, and after a quarrel shot her in the head and breast. The man then disappeared and this morning his body was found. He had committed suicide. The woman is expected to recover.

SAYS RESIGNATION FORCED BY THREATS

San Francisco, April 21.—The directors of the Pioneer Mining and Ditch Company, owning valuable Alaska properties, were prevented from considering the resignation of R. H. Cross, an attorney, from the hotel to-day through an injunction action in which Cross said the resignation was forced by threats against his life by Jafet Lindberg, Alaska Tacoma and San Francisco capitalist.

GERMANS BALK AGAIN AND ASK MR. HARDING TO BE A MEDIATOR

Paris, April 21.—The German Government has refused to transfer the gold reserves of the Reichsbank, the German imperial bank, to the Coblenz and Cologne branches of the bank, as demanded by the Reparations Commission, it was announced here to-day.

Berlin, April 21.—The German Government has formally asked the President of the United States to mediate in the reparations question.

The note embodying the request was forwarded Wednesday by Loring Fiesel, the American Commissioner in Berlin, to the State Department in Washington.

The note was signed by Chancellor Fehrenbach and Dr. Walter Simons, the German Foreign Minister.

The appeal pledges Germany to accept the mediation without reservations and to fulfill absolutely any award President Harding may make after examination and investigation into the subject.

At Washington, April 21.—Secretary Hughes conferred briefly with President Harding at the White House this afternoon, but would not reveal the purpose of his visit nor confirm or deny that a communication had been received from the German Government regarding reparations.

Earlier in the day it had been denied at the State Department that any such proposal had come from Berlin and after Mr. Hughes had left the White House it was said by officials there that nothing of the kind had come to the President direct.

Privately, Paris, April 21.—Premier Briand and Premier Lloyd George plan strictly private conferences at the meeting to be held at Hythe, England, Sunday. No other will be present except one secretary for each. Philippe J. L. Berthelot, general secretary of the French Foreign Office, will probably act in that capacity for M. Briand.

It had been expected that Marshal Foch, for France, and Field Marshal Wilson, for Great Britain, would attend the conference, but it was stated here to-day that neither of those military representatives would go to Hythe in this meeting, to which Premier Briand is expected to communicate the British Prime Minister the measures France proposes in case Germany has not by May 1 taken an acceptable position on the reparations question.

The military and economic experts considering this subject met to-day at the offices of the Inter-Allied authorities and agreed, it was afterwards stated, on points of detail regarding the military and economic organization of the territory in the Ruhr region, occupation of which is proposed in case of German recalcitrance.

Unacceptable. Paris, April 21.—Germany's proposals relative to reparations had not been received by the French Government up till this forenoon, but officials here declared they expected they would be the same as those published in German newspapers.

For this reason they said they believed the Berlin Government's terms would be "insufficient and unacceptable."

A Plan. Louis Loucheur, Minister of Liberated Regions, has completed a plan for the economic penalties to be placed upon Germany in default of her payment of reparations. The Echo de Paris declares that this plan includes a tax of 10 gold marks on each ton of coal and a smaller tax on lignite, and perhaps manufactured goods. A tax of forty per cent. payable in foreign money, would be levied on all exports. Germany would be allowed to manufacture certain products, and deliver certain materials to the Allies, the value of these products to be credited to the reparations account.

TREASURE WAS UNEARTHED BY A PLOUGHMAN

Salem, Va., April 21.—Harry Cameron, aged 25, ploughing on his uncle's farm here for \$10 a month, unearthed a small metal pot which contained treasure worth \$14,983. About \$13,000 was in gold, \$600 in silver and the balance in old currency.

CALLS G.T.R. PLAN A "TALL ORDER"

London Times's Idea of Ottawa's Demand

London, April 21.—(Canadian Associated Press)—The statement of the Canadian Prime Minister in the controversy between the Dominion Government and the Grand Trunk Railway management has been published pretty fully in the press here.

Commenting on the demand of the Canadian Government that the railway be handed over to its control without delay, the financial editor of The Times says it is a tall order to ask owners of property to surrender it before payment is made, and adds that it is not hard to understand the "Grand Trunk" board's hesitation in agreeing to part with control of the road. The Times thinks it strange that Premier Meighen made no reference to the relation of railway rates to the main problem at issue, declaring that if the Government had permitted an increase in rates early enough to meet the increase in operating expenses, there would have been no necessity for some of the mistakes which has been rendered to the railway.

Other prominent London papers made no comment on Mr. Meighen's statement.

## TWO LEARNED MEN CALLED BY DEATH

Prof. Bertrand Russell and George F. Wright

New York, April 21.—The death in Peking of Professor Bertrand Russell, English sociologist, mathematician and philosopher, who arrived in China late in 1920 for a lecture tour, was reported in a dispatch printed in The Japan Advertiser of March 29, a copy of which was received here today. The dispatch stated that Prof. Russell died March 28 of pneumonia. He was the author of many sociological and mathematical works.

American Death.

## ONLY FOURTEEN, BUT A MOTHER

Chicago, April 21.—Held too young in years to be a wife and mother, although she is actually both, and too old in experience to go back to school with other children, she may progress far enough to go to work under Illinois statutes, Mary Prohownik, with her baby, was presented to Juvenile court officer Wednesday.

In July, 1919, when Mary was thirteen, she left her home here and went with Steve Danko to Detroit, where they were married and their baby was born. Mary's parents took her away from her husband and brought her to Illinois. She could not work because, although now fourteen, she had only reached the third grade. Another law barred her from school because of motherhood. She was taken to a police detention home and her parents obtained custody of the baby.

Mary wants to go to Detroit to her husband, but under the law she is too young to do so without her parents' consent. She will be allowed to see her child each night.

### CARLIST FACTION IN HUNGARY WANTS MONARCHY AGAIN

Geneva, April 20.—Carlist circles in Lucerne declare the Hungarian Government will shortly dissolve Parliament on the ground it no longer represents the will of the people. New elections will then be held, the issue being return of Charles Hapsburg, former Emperor of Austria-Hungary. They assert that the result will be similar to that in Greece preceding the return of King Constantine.

Strasbourg, April 20.—Baron Zorn von Bulach, former Secretary of State for Alsace-Lorraine, died yesterday of apoplexy. He resigned his post in 1914.

## CANDIDATES FOR NEW PARLIAMENT

People of the North of Ireland Will Vote

Dublin, April 21.—Official lists of candidates for the North of Ireland Parliament, which has been created by the Irish Act put into operation April 19, have been completed. There are forty-two Unionist, fourteen Nationalist and nineteen Sinn Fein candidates selected, and from them will be elected the occupants of the fifty-two seats in the Parliament.

Joseph Devlin has been chosen for the West Belfast-County Antrim-county Armagh constituency, but in the event of his election is pledged to ignore the summons to attend meetings of the body.

Donegal.

It may sound contradictory, but Donegal, the most northern county of Ireland, has been the first to select a candidate for the south of Ireland Parliament. He is Major R. L. Moore, master of the Londonderry Orangemen, and he was selected yesterday as the official Unionist nominee.

The seeming singularity of the situation is explained by the fact that Donegal is not included among the six counties named by the Home Rule Act to make up what is known as Northern Ireland, which will elect a separate parliament.

Enough Food.

Dublin, April 21.—There has been neither a failure of crops in Ireland nor a stoppage of food imports sufficient to cause scarcity, according to a statement on conditions issued by Dublin Castle.

In fact, the statement said, food supplies are rather greater than normal. It added that there is no shortage in money, and that Ireland as a whole is less affected by trade depression than either England or Scotland.

Referring to unemployment, the Castle statement said that while unemployment was serious in the linen and shipbuilding industries of the north, it was not comparable with the unemployment in England.

Sinn Feiners.

A statement given out by the Dail Eireann (so-called "Irish Republican Parliament") called in question many of the statements of the official communiqué. It said: "The mediocrity of the Crown official" had been ignored in the official communiqué, and that destruction of property and widespread suffering of the population, likewise had been passed over in silence.

Concerning unemployment it gave 751,394 cases of distress and poverty and asserted that the gravity of unemployment in Ireland was concealed by the official statement.

## GAS MASKS FOR BATTLESHIPS

West Point, N.Y., April 21.—A plan for the protection of battleships at sea against an enemy's poisonous fumes by the installation of a "gas mask" for a whole ship was outlined in an address to officers and students of the Military Academy here by Prof. W. Lee Lewis, head of the chemistry department of the Northwestern University, and inventor of the deadly gas "Lewisite," perfected just as the war closed.

"We face the possibility in the naval warfare of the future of a most piercing toxic and tear shells, smoke screens, toxic smoke clouds and invisible toxic fumes," said Prof. Lewis. "We also may consider in this connection parallel defensive measures, such as a gas mask for a whole battleship."

"An entire ship might be protected from gasses and smoke by a gigantic gas mask canister, or series of canisters, over the ship's ventilating system."

"Future battles will not be to the strong, but to the superior intelligence."

## ONTARIO M. P.'S RAISE THEIR PAY

Toronto, April 21.—Shortly before last night the members of the Ontario Legislature endorsed an item of \$7,000 in the further estimates providing for a special bonus to themselves.

Premier Drury said he did not like the principle of members voting themselves to themselves immediately after an election. He thought the proper time was immediately before an election. East year and this year, however, circumstances had been unusual. The sessions had been prolonged and the cost of living higher.

## TWO MEN LOST LIVES IN WELLS

Regina, April 21.—Provincial police have been notified of the deaths of two men in wells in two different districts of the Province.

While digging a well on his farm six miles south of Grayson, George Lake was asphyxiated by gas Monday evening.

Everett E. Andrett, a well-digger, encountering a large stone while digging on a farm eleven miles south of Wolseley, took a stick of dynamite for its removal. The charge exploded before he reached the top of the shaft. No bones were broken and it is believed he met his death by asphyxiation.

## SASKATCHEWAN HOTEL DAMAGED

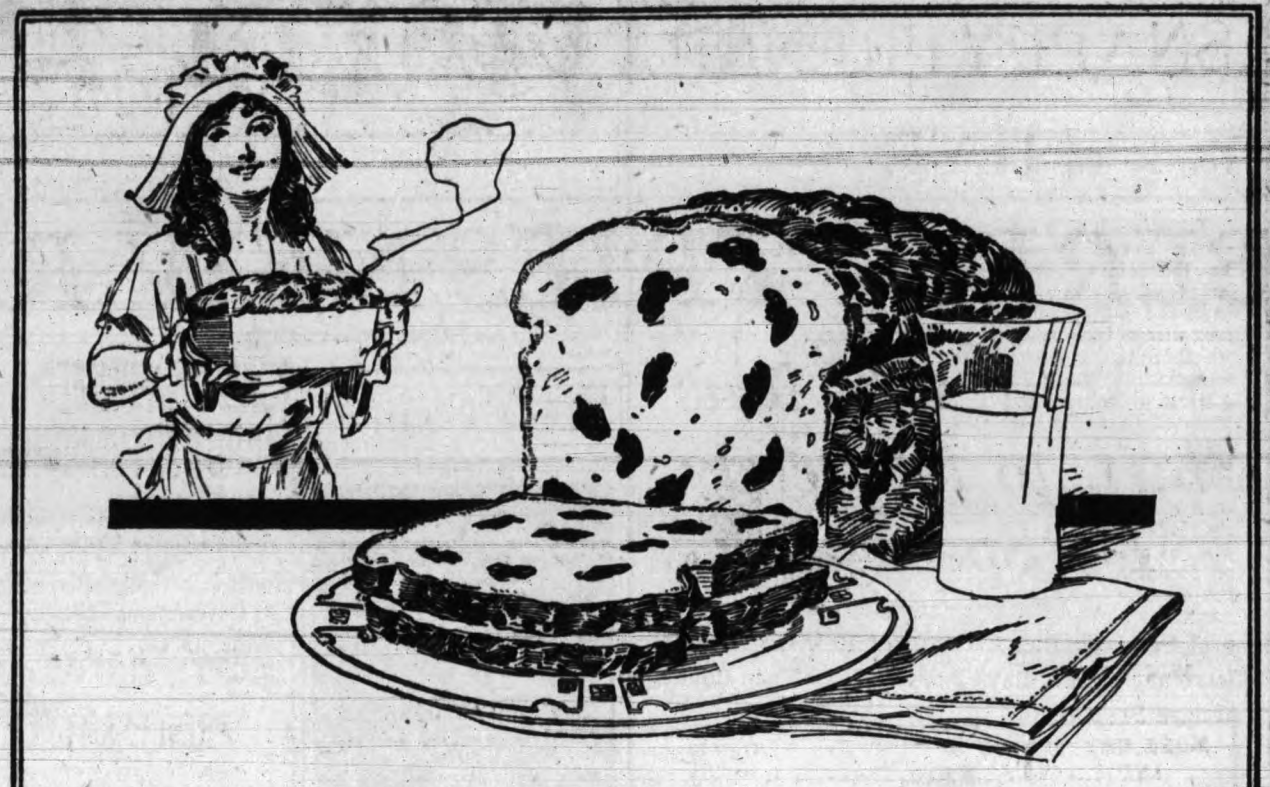

Swift Current, April 21.—Guests at the Empress Hotel here were forced to make hurried exits from the building when fire broke out at 11 o'clock last night. A passerby noted flames escaping from the basement and turned in an alarm. The cause of the fire is unknown.

The loss is estimated at \$15,000.

WILL MARRY.

London, April 21.—Announcement is made that Lord Sholto Douglas, third son of the late Marquis of Queensbury, will be married next Saturday to Mrs. Bernard Mosselman of Park Lane, this city. She is a daughter of a wealthy Dutchman.

Lord Douglas was given a divorce May 21, 1920, from Loretta Moore, the California dancer, to whom he was married in May, 1899.

## Taste Real Raisin Bread and you'll want it ever after

Go to the right dealers and get real raisin bread—bread that's filled with luscious raisins—delicious, nourishing. Or bake a loaf at home according to the recipe below. Once try real Sun-Maid Raisin Bread and you'll be particular thereafter to have the bread that's full of raisins. Bread filled with raisins brings you natural iron for the blood, and that means rosier cheeks. Iron helps to make healthy men, and pretty women. The blood needs little new iron daily, but that need is vitally important. Insure your full supply of iron by eating raisins every day. Every first-class baker has this bread.

## WANT PEDDLARS OF DRUGS WHIPPED

Vancouver Organizations Discuss the Drug Evil

Vancouver, April 21.—Of the 320 inmates of Oakalla Prison at the present time, 110 are drug addicts. This announcement was made at a mass meeting here last night by Dr. Hoyes, the prison doctor, who claimed that lathes should be administered to the traffickers.

Decision to demand drastic Federal action in dealing with the "dope" traffickers was followed by appointment of a committee to draft amendments to existing laws.

Use of the lash on "dope" peddlers was urged by several speakers.

Chief of Police Anderson emphasized the wide ramifications of the "dope" evil and said that it cost, in some instances, as high as \$460 to secure a case. The cost of keeping addicts in prison was a heavy financial burden.

Mayor Gale urged community action to stamp out the evil.

Condemned.

The practice of certain lawyers in struggling to get "dope" traffickers off on mere technicalities was vigorously scored.

As a result of the meeting it was decided to call at once on the Dominion Government to bring in drastic amendments to the Drug Act that will provide more severe penalties for drug traffickers. A committee composed of civil officials and members of public organizations was formed to draft the amendments, which will be brought before another meeting to be held next Wednesday, and when they have been approved they will be forwarded to Ottawa with the demand that urgent action be taken.

The meeting was called by the Returned Soldiers' Council and invitations had been sent to all civic, provincial and public organizations to send delegates for a discussion of the drug evil.

Many Delegates.

Delegates from practically every city organization, civic, provincial and soldier bodies attended.

The consensus of opinion of all the speakers was that the drug evil had assumed appalling proportions, and that the penalties provided by the Drug Act at present were inadequate.

Many of the speakers demanded that amendments providing the lash for traffickers be made to the laws now in force.

## NOT GUILTY.

Ottawa, April 21.—The unanimity of medical experts called for both the prosecution and defence as to the mental derangement of Philip Konowal, V.C., when he stabbed and killed William Artick in Hull in the Summer of 1919, resulted last night in the jury at the Hull criminal assizes bringing in a verdict of "not guilty, owing to insanity."

Collapsed.

The widow, Mrs. Edna Cowin Cudahy, who was the daughter of General John Clay Cowin, of Omaha, Neb., was said to be in a state of collapse as the result of the tragedy. With her in the house when her husband killed himself were two of their four children, Miss Anna Cudahy, seventeen, and Michael, aged fourteen, their only son. Miss Marie Cudahy was away from the home at the time.

The fourth child is Mrs. Percy Flisser Browne, of Pasadena, who was married only a few months ago.

BACK TO CHINA.

New York, April 21.—One hundred and fifty-four Chinese, traveling in bond to Canada, to proceed from the Pacific coast to China, arrived here from Havana.

## LOAN PLAN FAILED AND HE ENDED LIFE

### "Jack" Cudahy Killed Himself in Los Angeles

Los Angeles, April 21.—Arrangements for the funeral of the late John P. (Jack) Cudahy, son of the late Michael Cudahy, internationally known meat packer and himself for a time manager of the Cudahy Packing Company, of Kansas City, who committed suicide here yesterday, were expected to be perfected to-day.

Cudahy's taking of his own life, according to detectives who investigated the tragedy, followed failure to negotiate a loan of \$10,000 from a Chicago bank.

Yesterday it was declared, Cudahy seemed his usual self. About 10:30 he was said to have gone to his room in the house in the Hollywood District of Los Angeles, where he and his family made their home.

Early in the afternoon Mrs. Cudahy heard a shot and hurried to her husband's room. She found him dead, his head shattered from a gunshot wound. The body lay on a bed, a shotgun close by. The shoe and sock had been removed from one foot, and the detectives later decided he had placed the muzzle of the weapon in his mouth and pulled the trigger with his toes.

That girl, Montana, was a plucky kid! She was just a slip of a blonde thing fighting out her life's problems all by herself, in a young and primitive country, where the lust for gold stripped men of the thin veneer of civilization and showed up their coarser and baser natures. The opening of the picture discloses Blanche Sweet in boy's clothes, a disguise forced upon her by her father, who forces her to rob stage coaches and cheat at cards. Once freed from him she struggles to live down her past and prove her right to the friendship of decent people.

## GRIPPING PLAY AT PRINCESS THEATRE

"The House of Glass," by Mildred Page Players, the Best Yet

A play of such gripping interest as "The House of Glass," presented by the Mildred Page Players at the Princess Theatre for the first time last night assures this popular company a packed house for the balance of this week. It is safe to say that no play has ever been produced here that calls for such heavy acting on the part of every member of the cast.

The characters are splendid and the scenes rich and pleasing. The very difficult parts taken by Miss Page, Miss Berkeley, Byron Alden, James Coots, Austin Elton, Lee Jaxon and Thomas Fadden, are carried with ease and in a most capable manner. From start to finish the audience is held in rapt attention and at times the situation is thrilling. The tragedy that befalls an innocent girl, the womanly courage and self-sacrificing love of one who had been vilely persecuted, is wonderfully portrayed by Miss Page, and the tension over her plight is happily relieved by the bright and many qualities of the character so cleverly represented by Mr. Alden.

At no time during the four acts of this interesting play is the audience at all sure of just what will happen next. The story is cleverly worked up to a very happy climax. The play is well worth seeing and the Mildred Page Players are deserving of every praise for the capable and glove-proving. The musical programme this week includes some operatic selections which were much enjoyed. Mr. Martin, 1819, repeat. Royal won the beautiful picture of Miss Page this week.

## ROYAL VICTORIA

A large element responsible for the success of James Whitcomb Riley's "The Old Swimmer Hole," the first National attraction, now on the screen of the Royal Victoria Theatre and produced by the Royal Victoria Theatre, incorporated, and starring Charles Ray, was that the boys and girls acting in the production easily assimilated the spirit of the play. As a matter of fact, aside from one or two characters, the cast was made up of young people—youth enough, most of them, to easily remember all the pranks, pleasures and vicissitudes of their school days, and indeed a number of them were still attending school. Charles Ray, Lincoln Steedman, Laura La Plante and Marjorie Prevost all remarked that their maturity seemed to depart with the discarding of long skirts and trousers, and there was a general tone of regret among every one who acted in the picture when the cameras clicked off the final scene. As Miss Plante left the studio she remarked: "This is the first time I have felt really serious since I started acting in 'The Old Swimmer Hole,' and now I would like to have a good cry." Miss Prevost added: "Do you know I actually felt afraid of Lon Poff when he was so severe as the old schoolmaster?"

It is this spirit which existed at the studio during the making of this picture that did so much in making the acting so natural and spontaneous.

## DOMINION

Revealing itself as one of the most gripping pictures presented here this season, "The Witching Hour," a Paramount picture of the finest grade, produced by William D. Taylor, caught on in fine style at the Dominion Theatre this week. It is a dramatic offering based on the famous stage play by Augustus Thomas, and as a production, it ranks high.

There are many tense moments in the picture, all of which tend to lift it far above the ordinary screen offering. The much talked of topics of mental suggestion, telepathy and the like, enter largely into the story, but they are handled with such skill as to obviate any possibility of weariness. Elliott Dexter appears as a gambler with hypnotic powers. The support generally is high grade and artistic.

## PANTAGES SHOW IS FULL OF INTEREST

Delightful Vocal Offerings, Good Comedy and Miniature Circus

Vocal offerings amid artistic settings, excellent comedy and a whole troupe of trained animals in circus regalia are the appealing features of the vaudeville bill presented this week for the entertainment of Pantages patrons.

Leroy and Mabel Hart are two talented vocalists who appear to the best advantage in a charming song romance and instantly and enthusiastically establish themselves in popular favor.

A feature of this act which adds greatly to its popularity is the attractive scenic investiture and elaborate costuming. Vocal ability of an exceptional standard is revealed by Mabel Hart who charmingly participates in a number of delightful duets with her clever partner. "Love in the Southland" is an ambitious offering, and the two artists possess the ability to put the act over in a finished manner.

Another popular vocal feature of the current bill is the offering of The Temple Four in which comedy and ensemble and solo singing is most acceptably interwoven. This four are harmony artists with a good reputation over the circuit, and the numbers presented are of the kind that will please even the most captious. The quartette make a specialty of the latest song hits and they are bound to score.

The kiddies, and even the grown-ups, will have a real good time in watching the antics of the dogs, ponies, monkeys, mules and jumping greyhounds comprising the performers in Shaw's Comedy Circus. These intelligent animals are admirably trained and the spectacular work of these four-footed performers gives the audience a new and the most interesting positions on the bill. The world's champion leaping greyhounds give a remarkable exhibition and the circus provides the needed comedy. The circus in miniature will prove a big drawing card during the remainder of the week.

Amusing messages is provided by Ernest Hiatt who styled his act as "Nothing Serious." Hiatt is a real mirth provoker and he naturally makes a real hit.

The Strain Sisters are clever little girls in a melodious act. One of them performs on the concertina, and the other on the flute.

These dainty misses are talented and will win a lot of applause on their present tour. Ralph Cummings and company present a skit entitled "The Typewriter Girl," which abounds with the most amusing situations. Ralph Cummings plays a role which affords excellent scope for his known ability. The bill is well rounded out by another episode in the thrilling serial film "The Double Adventure."

## ROMANO

Huckleberry Finn has reached the screen. Mark Twain's immortal boy hero is the leading figure in an elaborate motion picture version of his adventures, which will be shown at the Romano Theatre for three days, commencing to-day. The cinema "Huckleberry Finn" is declared to follow the text of the original faithfully, taking up the story when Huck and Tom Sawyer discover the robber's treasure in the cave, and following the adventures of Huck through the efforts of Widow Douglas to reform him to his abduction by his no-account father and subsequent encounters with the broken down actors, the "Duke" and the "King."

THAT INQUEST

The rider to the verdict presented at the coroner's inquest yesterday condemning "the practice of the local newspapers in writing articles and commenting on the evidence before the case is submitted to the jury," was scarcely intelligible, for it was neither fair nor accurate.

The rider to which we have referred arose from the comment made by Coroner Hart that one of the newspapers had been taking the jury's duties out of its hands.

We are constrained to ask upon what the coroner based his comment, and to wonder if his conclusions in the performance of his official duties generally are erected upon the same kind of foundation.

The conduct of the inquest itself is open to criticism. It should be reviewed by the Attorney-General's Department.

SAYS COAL MINERS' WAGES TOO HIGH

Montreal, April 21.—That the high cost of coal and transportation are factors demanding adjustment, the beginning of which should be with wages in those branches of industry, was the opinion expressed yesterday by James J. Warren, president of the Consolidated Mining & Smelting Company of Canada, Ltd., at its annual meeting here yesterday.

MRS. PANKHURST TO RETURN TO VICTORIA

Toronto, April 21.—Mrs. Emmeline Pankhurst, the noted English suffragist, is expected to return to the United States for a second time in the past against Bolshevism, is in this city, and after addressing a mass meeting here this week, will speak in several cities in the West.

### PRIMROSE TEA

St. Columba Ladies' Aid Planning Attractive Bazaar For Friday.

The Ladies' Aid of St. Columba Presbyterian Church, Oak Bay, will hold their annual primrose tea on Friday, April 22, in the Church hall. The opening ceremonies are to be performed by Mrs. John Oliver, wife of the Premier, and will take place at 3 o'clock p.m. The hall has been artistically decorated for the occasion, and the stalls arranged to fully display the many articles for sale. The home cooking stall promises to be a big attraction, and the ladies have been very busy making candies for the candy stall.

The primrose tea is one of the annual outstanding social events in connection with St. Columba, and the ladies, under the very able leadership of Mrs. James Kemp are leaving nothing undone that will prevent this year's primrose tea being the most successful ever held in the history of the church.

An exceptionally good musical programme has been arranged. The tennis court which is being erected on the lots adjoining the church by the Young People's Society is nearing completion, and it is to be hoped will be officially opened on Saturday, April 30.

### SOCIAL PERSONAL

Mr. and Mrs. Andrew Gray, of Catherine Street, with their daughter Betty, left yesterday for the east and will sail from St. John, N.B., on S.S. Minnedoua on May 4. They expect to visit relatives in England and France for the next six months. On Tuesday evening Miss Betty Gray was honored by a number of her friends at a farewell surprise party, the guests wearing "hard-times" costumes of every description. Dancing was indulged in until an early hour. The self-invited guests included Mr. and Mrs. Clifford Kilpatrick, the Misses Beatrice McClintock, Agnes, Marjorie and Dorothy Stuart-Robertson, Jocelyn Innes, Ruth McBride, Mary McLeod, Vivian Munro, Jennie and Nellie Turner, Gypsy Ward and the Messrs. Gordon Cameron, W. Merston, G. Bolton, Dick Hall, R. H. Harey, Col. Holmes, B. Wilson, R. McNeill, R. Turner, Arthur Little, Kenneth Raymer, H. Robinson, Ford, Ray Castle, Jack and Tim Matson, and Jimmie Gray.

Mr. and Mrs. H. Cousin, entertained at a delightful children's party at their home, 3173 Davin Street, yesterday afternoon. In honor of the birthday of their little son, Melvin. The rooms were prettily arranged with daffodils and narcissus, while the tea table was decorated in daffodils and greenery. Mrs. S. Humes, Mrs. Alan McGregor and Mrs. E. McDougall assisted the hostess in entertaining the little guests who included: Evelyn Anderson, Billy Stenton, Amy and Peggy McDougall, Beatrice McLeod, Bud West, Doreen Wilson, Beverly and Phyllis Humber, Lenore Cousin and Vera Cousin.

Their Excellencies the Duke and Duchess of Devonshire paid a visit to the delightful gardens at "Benvenuto," Tod Inlet, yesterday afternoon. In the absence of Mr. and Mrs. R. P. Butchart, their daughter Mrs. Harry A. Ross acted as hostess, entertaining Their Excellencies at tea, assisted by Mrs. E. G. Prior and Mrs. C. J. Prior.

Norman Searle, of Union Bay; Mrs. M. Nicolls, Mrs. C. L. Watson and Mrs. L. Vero, of Salt Spring Island; Mr. and Mrs. Hepburn, of Kamloops; Mr. and Mrs. W. G. Pavey, of Revelstoke, and H. P. Harper, of Prince Rupert, are staying at the Strathcona Hotel.

Among the guests registered at the Brentwood Lake Hotel are Lt.-Col. and Mrs. C. C. Stibbard, of Lehigh, Alta.; Major Forster and Mr. J. A. Smith, of Victoria, and Miss Exley, of Saanich, and Miss Grace Hutson, of Vancouver.

A. Dunbar, of Ganges; Mrs. J. D. Stewart and Miss L. Stewart, of Nanaimo; Leroy S. Cokely, of Courtenay; H. A. Mackenzie, of Cobble Hill; C. E. Gordon, of Duncan; W. H. Walsh of Courtenay, are registered at the Dominion Hotel.

Mrs. Martyr spent several months in Victoria before going to Vancouver to make an extended visit to Mrs. Purvis Ritchie, left on the Empress of Japan on Tuesday night to return to her home in China.

A. J. Durbridge and Mrs. Durbridge and Arthur F. Watts, of Fort Angeles, N. C.; Cole, of St. Francisco; C. E. Griffiths, of Portland, Ore.; E. Strowbridge, of Seattle, are new arrivals at the Dominion Hotel.

### FAIR OF NATIONS A HUGE SUCCESS

Three Thousand Visitors Last Night; Chicken Dinner and Bean-Guessing

The Y. W. C. A. Fair of Nations closed at the Armories last evening, a crowd of about three thousand people attending to see the final episode in an undertaking which is freely acknowledged as the most successful ever carried out in the city. While no official returns are yet available, the Central Committee of the Y. W. C. A. executive are intensely gratified at the success of the venture, and the new building fund should derive substantial accretion in consequence of the generous support given by the public.

Bean Guessing. An interesting feature of the closing hours was the announcement of the results of the jelly and bean-guessing competition held in connection with the candy stall at the Agnes Deans Cameron I. O. O. E. booth. The prize for the nearest guess was a five-pound box of chocolates given by Ramsay Bros., and this was won by Mrs. Munn, of 1237 Johnson Street, with the "best guess." The actual number of beans in the jar was 1,349 and Mrs. Munn's nearest guess was 1,350.

The second best guess was made by J. Jarvis, of Maple Street, who registered a guess of 1,351, winning the first box of chocolates given by Messrs. Deane & Hiscocks. The contest netted \$25.80, thanks to the efforts of Mrs. Rathorn and the Misses Gibbons and Wormald.

The Chapter of chocolatees given the splendid sum of \$23.70, made up as follows: Flowers, \$2.15; home-cooking, \$8.50, and candy, including the guessing contest, \$9.05. In this connection it is interesting to note that every one of the dainty little candy containers was made by Mrs. W. A. Cameron.

Chicken Dinner. The chicken dinner arranged by the members of the Stanich Women's Institutes surpassed the rosiest expectations and several hundred would-be diners were disappointed when it was announced, later three hundred guests had been served, that the supplies had given out. It was a veritable feast of Lucullus, delicious country produce being served in dainty and appetizing fashion and generous portions.

### GOVERNMENT GRANT PROMISED TO I.O.D.E. WAR MEMORIAL

Province Will Give \$5,000; Mrs. Herbert Drummond Provincial President

Considerable stimulus to the efforts of the provincial members of the I. O. D. E. in raising funds for the ambitious national war memorial, designed to furnish higher education to the children of fallen soldiers and sailors and to returned men, was given by an interesting announcement made by Mrs. R. C. Boyle, the President, at the final meeting of the Provincial Chapter yesterday afternoon, to the effect that, on the receipt of the necessary correspondence and documents, the Provincial Government would make a grant of \$5,000 to the memorial. The announcement was received with much satisfaction, and a standing vote of appreciation was passed to the Premier and members of the Government.

\$21,164 Raised in B. C.

This came as a fitting corollary to the excellent report given by Mrs. O. L. Boynton of the provincial committee of the War Memorial, who stated that the chapters throughout the Pro-

### FOR CHILDREN THE SANDMAN STORY FOR TONIGHT

MADAM SPIDER AND THE BEE

"It is no use trying to get an honest living in the house these days," mused Madam Spider, as she made her way to the garden. "How folks expect me to live I cannot understand, when they shoo all the flies out the minute one comes in."

Madam Spider chose for her home a bush and began to spin her web, and when she had finished it she sat down by the door and began to sing: Do come into my parlor, it's as cozy as can be; It's the prettiest little parlor that ever you did see; And in my snazzy parlor, I can tell you with just a glance, You pretty flies now passing by most gracefully now dance.

But the flies buzzed a laughing reply, telling her that they were far too wise to come to any dance she might give, and Mr. Bee, who buzzed too near, was the only one she caught. But Mr. Bee had strong legs and he pulled himself free, and in doing so he broke away Madam Spider's web on one side.

"Oh, you worthless fellow," said Madam, "see what you have done. A poor, lone creature, such as I am, never has a chance in this world."

Mr. Bee, safe on a rose near by, answered: "Madam, I have no doubt that you would have enjoyed eating me if I had not got away, for I am far sweeter than the flies you try to tempt into your parlor. But this life is a game of chance, so why not make the best of it, and, after all, why should you come into our garden—you do not belong here?"

"I have just as much right here as you have," snapped Madam Spider. "You worthless gossip, I heard you telling the gossip of the field to the garden flowers and I will tell them that they better not trust you, for I have no doubt that you tell all the secrets the garden flowers tell you to the field flowers."

Madam Spider had started talking and she was so used trying to stop her, so Mr. Bee sat quietly and let her talk, while all the garden flowers listened as well.

"Yes, I am sure you are an old gossip," continued Madam. "I heard you telling Miss Rose, when she asked you to tell her what the sweetest flower in the garden, that she was, and then you whispered to the little pink flowers by the wall that they were."

"To go into the fields, I expect, and tell those pretty daisies that they are the prettiest flowers in the world. How the flowers trust you I cannot understand—for my part I think you are a bad old tattler and fit for nothing but buzzing."

"Have you finished, Madam?" asked Mr. Bee calmly.

"I would gladly finish you if I had you here," replied Madam Spider, almost breaking her web in her anger and excitement.

"No doubt you would," answered Mr. Bee, "but I am not there, and let me tell you, Madam, that though I may be a gossip, as you say, and I tattle as well, I gather only the sweet to carry away with me, and when I gossip I give the sweet—I leave the stinging thing for you to tell."

"Now, which of us do you think is more worth in this garden, you or I? Think it over, Madam; I am far too busy to waste more time with you."

Off flew Mr. Bee to gather his honey, while Madam, thinking sour thoughts, mended her web, but not a fly did she catch, for though she sang her song over and over her voice was far too rasping to coax into her parlor the wise little flies.

John Connell, of Burlington, aged 68, fell off a ladder, while trimming vines and was instantly killed.

Fleet Will Leave Port Next Month For Halifax

Cruiser Aurora and Destroyers Patriot and Patrician Under Orders to Clear From Esquimalt Naval Base on May 18.

On the return cruise to Halifax the Canadian naval squadron will sail from Esquimalt on May 18, it is announced by the Department of Naval Service, according to a telegraphic dispatch received to-day from Ottawa.

Rumors to the effect that the squadron would probably stay on this coast during the Summer are disposed of by the official announcement from Ottawa. While nothing official has been given out, there is considerable talk of the staging of a naval and aerial demonstration between the ships of the Canadian fleet and the big seaplanes from the Government air station at Jericho Beach. Tentative plans for such a demonstration are said to have been arranged between Captain Walter Ross and Major C. McLaurin, superintendent of the Air Base station at Vancouver.

Now At Comox.
At the present moment H. M. C. S. Aurora and the two destroyers Patriot and Patrician are at Comox, where the crews are engaging in target practice at the up-Island ranges. Nanaimo is anxious to see the naval ships, and it is possible that the fleet may put in there before it returns to the base at Esquimalt. After leaving here the fleet will steam for Halifax via the Panama Canal and will later participate with the British squadron in manoeuvres off the West Indies station. It is expected that the fleet will return to Esquimalt in the Fall.

STRONG OPPOSITION TO FUSION OF LINES SO PROJECT SHELVED

Amalgamation Frowned Upon by Nippon Yusen Kaisha and Osaka Shosen Kaisha
The proposal to amalgamate the Nippon Yusen Kaisha, the Osaka Shosen Kaisha, the Toyo Kisen Kaisha, and the Kokusai Kisen Kaisha, is definitely opposed by the two chief shipping companies of Japan, the Nippon Yusen Kaisha and the Osaka Shosen Kaisha. There is no hope for the realization of the project for the time being, says the Japan Advertiser.

ATITUDE IS PLAIN

In order to prevent this movement from causing misunderstandings among their shareholders, the Nippon Yusen Kaisha and the Osaka Shosen Kaisha have declared their opposition to the amalgamation proposal. On more than one occasion the authorities of the Osaka Shosen Kaisha have declared their opposition to the amalgamation proposal, declaring that "for strong companies to amalgamate with weak ones is like taking part in a three-legged race." The attitude of the Osaka Shosen Kaisha, but that of the Nippon Yusen Kaisha has been somewhat vague. It seems that this vagueness is due to the fact that the company was in favor of the amalgamation proposal in principle, but there is now no doubt that it is opposed to it as a practical proposition.

ATITUDE IS PLAIN

According to a responsible official of the Nippon Yusen Kaisha, it has been making all necessary investigations into the matter since the late Baron Kondo, President of the company, agreed in principle to the plea of the Minister of Communication for the combination of shipping companies. These investigations have been both from the standpoint of national policy and of a business concern, and the conclusion reached by the company is that not only will it not be possible in practice to carry out the proposal, but that if it is executed, it will have the effect of weakening the shipping position of the country—just the opposite of the object for which the programme was urged by the Minister of Communication. Above all, the company is opposed to the idea of disposing of the reserve funds of the various companies concerned. These funds represent the harvests of many years of labor and sacrifice, and if they are all disposed of, the position of the shipping companies will become weaker. Far from going to promote the shipping interests of the country, that would give an opportunity for foreign vessels to invade the fields of Japanese ships. In the opinion of the Nippon Yusen Kaisha, the amalgamation proposal is inadvisable from every point of view, and this will be shortly made known to its shareholders.

Councillors Ormond and Simpson were present, and Clerk Cowper. Fisheries Case.—In the County Court today before His Honor Judge Lampan the suit of Bamfield Fisheries versus Sudzuki and others was opened and adjourned until the afternoon session of the court. C. H. O'Halloran appeared for the plaintiff company, and W. C. Moreby for the defendants. The customs made the address especially performance of an agreement alleged to exist between the two parties. By this agreement it was alleged that the defendant undertook to produce 2,000 tons of cured herring on or before February of this year. Lectures on Orient.—An interesting descriptive lecture on Japan and China was given at the Metropolitan Church last night by Mrs. G. M. Jackson, of Winnipeg. A large number of screens were opened and adorned the stage. The address especially entertaining. Mrs. Jackson explained each picture, diverting occasionally to tell of queer oriental manners and the points of difference between the two great peoples of the Asiatic Pacific coast. The lecturer represented the Missionary Society of the Methodist Church in Canada at the recent Dorothy School conferences of world organization in Tokio. Primrose Tea.—A Primrose Tea and Bazaar will be held in St. Colman's Church on Friday afternoon of this week, and will be opened by Mrs. John Oliver, wife of the Premier. The affair will be held under the auspices of the Ladies' Aid, and will open at 8 o'clock and conclude at 5 o'clock. The proceeds will go to the fund for installing a bell in the church tower, and other church purposes, as usual several trips. Cautions and advice have been given in many instances which do not show on this report. Horses, 3; dogs, 1; cats, 1; sheep, 2; cattle, 2; goats, 1; pigs, 1; cases in court, 1; convictions, 1; horses destroyed, 2. Trips to outlying districts include Albert Head, Shawinigan, Saanich, Langford (2). Escorted.—The committee desires to thank its many local contributors and to acknowledge sums of \$10 from J. de N. Kennedy, Toronto, and \$5 from Dr. G. A. Bright, Saanich. "Animal Week" will be conducted throughout Canada from May 1-8, with Humane Sunday, May 1.

PREMIER MASSEY COMING Official word that Premier Massey of New Zealand will arrive in Victoria on Friday, April 22, was received here to-day by Premier Oliver. Premier Massey is travelling on the Niagara. As Premier Oliver at that time will be away on his trip to see his nonagenarian father and his old home in Grey County, Ontario, Attorney-General Farris, who will likely be acting Premier, will welcome the New Zealand Premier. PLAN TO OPEN ONE SIDE OF BRIDGE IN MARCH OF NEXT YEAR New Johnson Street Viaduct to Be Completed by End of 1922 The railway side of the new Johnson Street Bridge should be in operation by March, 1922, if no unexpected obstacles arise, City Engineer F. M. Preston announced to-day. The whole bridge, Mr. Preston states, should be in use by December, 1922, according to present indications. These dates, of course, are only approximate and are based on the present progress which Mr. Preston is making in the construction of the bridge. It is quite within the range of possibility that something may occur to hold up the speed at which work is proceeding. Completion of the foundation work, which is under way now, will be delayed considerably by blasting near the bridge site by the Federal Department of Public Works. It will be impossible for Mr. Preston's department to install the concrete bridge piers on top of piles while blasting is proceeding for the shocks of the explosions might crack the concrete. At present concrete is being "run" at the eastern side of the bridge site in connection with the installation of abutments and approaches. This work probably will be concluded within ten days or so. The first of the three big caissons is being sunk to the harbor bottom so that piles to support the piers may be driven down to bed rock. COLONEL MADE NOTARY Justices of Peace: a Sheriff and Administrators Also Appointed. Lieut.-Col. Charles Corbishley Bennett, of Work Point Barracks, on the military command of officers of Military District No. 11, is made a notary public for the Province, according to an announcement to-day from the Provincial Secretary's office. Other appointments announced are: George Lovel Fraser, of Vancouver, to be commissioner for taking affidavits. Henry Patrick Moran, of Clinton, to be official administrator for the Lillooet electoral district. Caswell, of Dr. Thomas O'Hagan, of Lucerne, to be coroner in B. C. and justice of the peace. Hooper Charles Galer, of Coquitlam, and Hector Ross MacKenzie, of Port Moody, to be justices of the peace. Thomas Alexander Taggart, of Grand Forks, to be sheriff of the Grand Forks and Yale electoral districts.

Sonora IS it not remarkable that the Sonora has achieved world-wide popularity in a very few years? In a highly competitive field the Sonora has outstripped all competition. WHY? Because the Sonora is a better phonograph; because its wonderfully clear, "non-scratching" tone shows up the defects of other instruments. Don't fail to hear the Sonora before you decide to buy any phonograph. FLETCHER BROS. WESTERN CANADA'S LARGEST MUSIC HOUSE 1121 Government Street and 607 View Street

Leaves Books to Library.—E. A. Jacobs, the well-known mining expert, who died recently, donated a collection of very valuable mining books to the Victoria Public Library some time ago. The collection forms an addition to the library shelves which will be of great interest and use to mining men. Will Protest to B. C. E. R.—At a meeting of the Trades and Labor Council last night it was resolved to send a delegation to wait on the B. C. Electric Railway in connection with the rate of wages paid to men on the Government Street paving, which it is claimed are below that paid by the city for similar classes of labor. The naming of the delegates to act in this matter was left in the hands of the executive committee. Hear Committee Reports.—The reports of the executive and finance committees, read at the Trades and Labor Council last night, were passed without comment. The finance committee showed a balance at the bank and recommended the sale of surplus furniture and also the passage of all bills, other than of a monthly nature, by the executive, instead of the former arrangement. The executive report suggested that the various locals be asked to bid for the furniture to be so disposed of. Typothetae Hold Dinner.—A dinner under the auspices of the United Typothetae of America is to be held in the Westholme Hotel on Friday evening, commencing at 6.30 o'clock. All printers and those in allied industries are invited to attend as the Victoria survey has been completed and it is to be discussed. Field Secretary E. J. Conrad and Cost Accountant E. L. Peck will deliver short addresses on the local situation in the printing industry. Indoor Season Closes.—The employed boys of the Y. M. C. A. closed their indoor season last night with a banquet at which about fifty were present. Pennants were presented chiefs having the highest averages for the season. The Comets won the intermediate division and the Tuscan the Junior. The club leaders are: Wylie Grant, Comets; Gordon Harris, Tuscan; Dick Lipskey, Tiger; Walter Niles and Will Blankenbach, Crescents; Joe Bowcott, Forwarders.

NEW SUMMONS RULE Government Makes It Easier to Get Judgment Against Companies Not Registered Here. New regulations governing the issuing of writs of summons or other processes against a company incorporated outside the Province and not licensed or registered in the Province, were issued to-day by the Hon. J. D. MacLean, Provincial Secretary. These provide that the process be delivered to the district registrar of the Supreme Court at Victoria, who will insert in four issues of the Provincial Gazette a notice stating the date of delivery, nature of relief sought and the place for entering an appearance. This will be deemed to be the good service on the company. Filing the four issues of the Gazette containing the notice will be sufficient to start proceedings for judgment against the company. The plaintiff shall not be required to prove that the company was duly incorporated under the laws of any foreign state or jurisdiction or had power under such laws to make the contract or incur the liability, the announcement adds. Vicar: "Nothing to be thankful for! Why, think of poor old Hodge losing his wife." Giles: "Well, that don't do me no good, I ain't Hodge."

OBITUARY RECORD The death occurred yesterday morning at St. Joseph's Hospital of Mrs. Fanny Gee, aged 68 years. The late Mrs. Gee was a widow. Her only son died in England during the late war. Other relatives reside in Seattle. The remains are resting at the Thomson Funeral Home pending funeral arrangements, which will be announced later. The funeral of Goo Chow, a native of Canton, China, whose death occurred on the 17th inst. at the Chinese Hospital, took place yesterday afternoon at 2 o'clock from the Sands Funeral Chapel. The Rev. Robert Wilkinson officiated. The hymns sung were "Nearer, My God, to Thee" and "A-Idle With Me." The casket was covered with many beautiful flowers testifying to the high esteem in which the deceased lady was held by her many friends. The following gentlemen acted as pallbearers: Messrs. G. Pretty, N. E. Sadler, L. V. Tickner and J. A. Ewing. Interment was made at Ross Bay cemetery.

CIVIC ORCHESTRA Meeting For Preliminary Organization of Co-operative Musical Asset Called for To-night. Steps towards the organization of a civic symphony orchestra will be taken at the postponed meeting to be held this evening at 7.45 in Fletcher Bros' music store, at which representatives of various public bodies have been asked to attend as well as musicians of the city. Victoria has long been handicapped by the lack of a civic orchestra, and it is to remedy this deficiency in the musical life of the city that a few public-spirited citizens have arranged to-night's meeting. It is hoped that everyone interested in the project will attend to-night's meeting. The Metropolitan Ladies' Aid's 8th annual meeting called for April 22, p.m. at the church. Important business. The situation had reached an acute stage. "You forget, John Henry," she said, "that you must profit by our mistakes." "The only man who profited by our mistakes was the congressman who married us," snapped John Henry.

# California Grapefruit Now At Its Best

ALL RELIABLE GROCERS AND FRUIT STORES HAVE

# SUNKIST GRAPEFRUIT

*In Stock. Here Are a Few of Alice Bradley's GRAPEFRUIT Recipes:*

**Sunkist Grapefruit Funch**

- 5 tablespoons grapefruit juice
- 2 tablespoons Sunkist orange juice
- 1 tablespoon Sunkist lemon juice
- 2 level tablespoons sugar syrup
- Few grains salt
- 1/2 cup White Rock Water
- 4 sprigs mint
- Crushed ice

Mix ingredients thoroughly in a cocktail shaker. Put crushed ice in four cocktail glasses, pour in the mixture and serve at once. Garnish each glass with a sprig of mint.

**Grapefruit Marmalade**

- 1 Sunkist orange
- 1 Sunkist lemon
- 1 grapefruit
- Water
- Sugar

Slice fruit very thinly, rejecting only seeds and core of the grapefruit. Measure fruit, and add to it three times the quantity of water. Let it stand in an earthen dish over night, and, next morning, boil for ten minutes only. Leave until next day, then boil two hours. Measure, add an equal amount of sugar, and boil, stirring occasionally, that it may not burn, about an hour, or until it sheets from spoon. Pour into sterile glasses; let stand covered with cheesecloth, until firm, then cover with melted paraffin.

**Red Cross Cocktail**

- White cherries
- Cubes of pineapple
- Sections of grapefruit
- Maraschino syrup
- Pineapple syrup
- Cherry syrup
- Sunkist lemon juice
- Few grains salt

Arrange in glasses white cherries, cubes of pineapple, and sections of grapefruit. Pour over dressing made by mixing for each cocktail two tablespoons maraschino syrup, one tablespoon each pineapple syrup, cherry syrup, Sunkist lemon juice and a few grains salt. Garnish with pieces of maraschino cherry arranged in the form of a cross, and serve very cold, as the first course at a dinner or a luncheon.

**Champagne on Way For Government Distribution**

So many persons have been troubling members of the Liquor Board to put in pleas for friends or to indicate how anxious they themselves are to serve the Province in some liquor handling capacity that A. M. Johnson, K.C., chairman of the Board, to-day ordered all telephonic communication with members of the Board cut off. Telephone girls were instructed to refuse to put through any connection with the Commissioners. The calls have been so continuous that the Board has been able to do nothing else but answer the telephone.

The Board to-day moved its office from the Attorney-General's Department to a room in another part of the Buildings. When the telephone order went into effect to-day, two men anxious to offer their services to the Board hunted around until they discovered where the Board had transferred its sittings to and then broke into the room. J. H. Falconer, however, took them in charge and got them out and away.

**Framing Regulations.**

The Board is trying to concentrate on framing the regulations under which liquor will be distributed. Discussion as to the utilization of the Drill Hall for offices and a distributing centre still goes on, as the Government has not yet decided what will be done with the Drill Hall.

**Buy by Carload.**

Between 250 and 500 cases of champagne are now on the way to British Columbia, and will be distributed as soon as the Board opens its stores. The original order for champagne was 250 cases, but this was increased recently in order to make a full carload shipment of liquor, and because of the certainty of there being a keen demand for champagne for parties and other functions for the first few months after unrestricted liquor distribution goes on.

It has now been adopted as a practice that wherever possible British Columbia will buy its liquor by carload. All liquor handlers have now discovered that it is the most economical way of buying. Not only does the buyer get the advantage of the carload freight rates, but the danger from pilfering of liquor on the way through "dry" is minimized. Very few less than carload lots arrive without a large part of the original shipment being missing.

**No Fancy Wines Yet.**

Although big quantities of champagne have been ordered and are on the way for the initial celebration, no Burgundies or champagnes of other fancy wines have yet been ordered, it is announced. These will be ordered later after the taste of the public is discovered when the first quantity in connection with the advent of Government Control passes and the people settle down.

**AN IDEAL REMEDY FOR SPRING ILLS**

**Weak, Run Down People Should Try Dr. Williams' Pink Pills.**

Do you find it hard these Spring days to apply yourself to your work? Do you feel tired, without ambition or energy? These are the symptoms of a condition which our grandparents used to meet each Spring with a medical tonic, and medical practice to-day supports their wisdom. During the Winter months the blood frequently becomes weak and thin, especially in those whose work keeps them indoors most of the time.

**ECLIPSE OF THE MOON**

There will be an eclipse of the moon to-night, commencing at 10.2, and continuing until 1.28 o'clock to-morrow morning. The eclipse is generally visible all over the North American continent. A very large part of the moon will be clearly visible, 12 degrees west of the moon.

**REMARKABLE GOAT FARM IN LOWER FRASER DISTRICT**

**Standing Example of What Can Be Done With Pure Bred Stock**

The largest goat farm in Canada is situated just off the paved highway a few miles out from New Westminster, in the municipality of Surrey. It is owned and managed by Mr. and Mrs. H. W. Barker, says The British Columbian, who has had a representative at the farm.

**Playful Antics**

It isn't often a herd of well over a hundred goats can be seen—in fact nowhere else in Canada is it possible, and the goats, especially the kids, are well worth seeing. They do the double-swerve high jump quite casually, they investigate every new thing that comes along, a climb to the top of an automobile is nothing to them, and a truck laden with shingle bolts or lumber, or in fact anything, affords them just the perch they love from which to view the countryside, and upon which to perform diverting antics. Quite a number of the does on this farm yield more milk than the average farm cow and that's going some. And they do not give off an unpleasant odor—in fact the does are absolutely odorless. There are over 120 does here, and the six males are kept in the barn, and are separated from the other buildings. The males have a characteristic odor, but when they are properly loosed after it is nothing like what alleged comic pictures and stories make out. To give this mistaken impression regarding even male goats, list to the testimony of Mrs. Barker. "The buck goat is the most marked animal in the world," she said. "When properly looked after it is docile, clean, dainty and affectionate. He is the member of the family who has an odor, but it is not as strong as you would imagine made out to be by ignorant persons."

**Milk in Demand**

Mr. and Mrs. Barker gave particulars of their farm. "Their goats are all of the Saanen and Toggenburg breeds. They run their herd around 125. The number is slightly over and the carrying out is increased another 30 at least within a month. They have a herd of kids which is an endless delight, besides being a source of prospective revenue. They sell all the surplus goats. To give them can produce easily—many people go right out to the ranch from New Westminster and Vancouver to get goats for the purpose of raising babies and invalids. It sells for 40c per quart on this farm are the first pure bred goats ever born in Canada. Goats' milk is immune from tuberculosis—that is, it will not cause diarrhoea, vomiting or the like occurs. Sold everywhere in large 35-cent bottles. Adv.

**AN IDEAL REMEDY FOR SPRING ILLS**

**Weak, Run Down People Should Try Dr. Williams' Pink Pills.**

Do you find it hard these Spring days to apply yourself to your work? Do you feel tired, without ambition or energy? These are the symptoms of a condition which our grandparents used to meet each Spring with a medical tonic, and medical practice to-day supports their wisdom. During the Winter months the blood frequently becomes weak and thin, especially in those whose work keeps them indoors most of the time.

**WITHDRAWS.**

London, April 21.—(Canadian Associated Press)—The Canadian appeal case of the Dominion Sugar Company versus the Northern Pipe Lines Company, which has been pending before the Privy Council, nounced to-day. No other Canadian appeal cases will come before the Privy Council this term.

**SHOULD PUT TWO HOURS IN GARDEN DAILY**

**Some Opinions on Cultivation by Experienced Grower**

Some practical advice to gardeners was given at the meeting of the Victoria Gardeners' Mutual Improvement Association, held Tuesday evening, by President Black.

Mr. Black said in part:

**Appeals to Two Classes**

"There are two classes of individuals to be considered in this," he said. "The first one is the person who is fond of the beauties of nature and the plant life and who sees them in all their beauty after carefully tending to them through their several stages of growing and is rewarded by their fruits or flowers of foliage and beauty. This is a most commendable work and should be fostered."

**THE MAN WHO WORKS HARD SHOULD FOLLOW THIS ADVICE**

Perseverance and will power he should have, but whether he has strength and vigor is another question. Hard working men often have headaches and suffer from biliousness. The occasional use of Dr. Hamilton's Pink Pills keeps a man feeling fit and fine, keeps him always at his best. Headaches, indigestion, poor color are quickly remedied by Dr. Hamilton's Pills. Dr. Hamilton's Pills keep the system clean and pure, tone up the blood, drive away tiredness and lassitude. No medicine for men is better than Dr. Hamilton's Pills. See all dealers, or The Cassiarthozone Co., Montreal (Adv.).

most reliable seed merchants whose seeds are those with high percentage of germinating qualities. This will ensure better results for the labor.

"Soil—it is necessary at all times to have the soil well prepared and in good working order. It is better to do without this no embryo seed can after germinating give good plants, owing to the fact that the available plant food is not sufficiently within their reach, as the soil is not fine enough worked for the soil fluids to operate, as all plants derive their food through the hair rootlets in liquid form.

**From Sword to Plowshare**

Newspaper advertising rallied the men and women of North America for war.

To-day it is rallying them for peace.

It is picking up the broken threads of commerce and weaving the fabric of enduring prosperity.

It is moving the goods from the store to the home and sending the echo of reviving business back to the factory and the farm.

It is putting men to work. It is stabilizing industry. It is restoring good cheer.

Read the advertising in this newspaper and patronize the merchants and manufacturers who advertise.

Incidentals, water and so forth, regard these as a business proposition figuring debt and credit account. Take the memo book and make two separate pages, and when using anything in the garden for the house or selling, mark it in the book at current retail prices or put the small coin into a money container. At the end of the season sum up your totals and you will be surprised at the net gross return from the garden. These seem small technical matters, but it is the small things taken into account that prove up in the aggregate.

**SENTENCED TO DEATH. NO APPEAL POSSIBLE**

The death warrant is passed out every time a corn is raised with Putnam's Corn Extractor. It means the end of the corn. Putnam's lifts out the corn root and branch, and never fails. Refuse any substitute for Putnam's. See everywhere. (Adv.)

When the time for gathering the ripe seeds or vegetables is come use the small things taken into account that prove up in the aggregate.

"When the time for gathering the ripe seeds or vegetables is come use the small things taken into account that prove up in the aggregate.

"Now regarding the keeping or storing of vegetables, many people make a mistake in leaving them in the ground all the Winter especially if the rain comes early this procedure is wrong as it tends to breed all kinds of disease and it does not give the land a chance to rest in order for the next crop.

Mr. Tice's Bulletin

"Now to those of you who contemplate the planting of potatoes I would strongly recommend the reading of Mr. Cecil's Treatise, of the Agricultural Department, very instructive bulletin on potato diseases and culture. This will enable us to

have better results from timely warnings contained in his book. "Do not sow seed too thickly, nor too much at a time, as if too thick the seedlings clump off very quickly if too rank, rather spread the sowing over a longer time in the season, say two weeks apart from each sowing. This will ensure a fresh supply of nice green vegetables at your leisure.

The best time to work the hoe is after a shower of rain as the soil is sometimes packed and needs loosening up so that the capillary can work in the soil.

"In conclusion I may say that these suggestions along these lines have worked out to my material benefit and success in my own experience in the gardening in city gardens. And with the addition of the Pure Seed Act and the Potato Seed Act we may in future look forward to a larger measure of success in the lines of gardening for pleasure and profits and vacant lot cultivation."

Had to Live on Bread and Milk, But After Taking Tanlac Baisley Eats Three Big Meals a Day and Feels Just Great

"For a long time I had to live on milk and whole wheat bread alone, but since taking Tanlac I eat three big meals a day; and enjoy every mouthful," said William D. Baisley, 231 Beverly Street, Winnipeg, a well known and popular telegraph operator for the Canadian Pacific Telegraph Co.

Lecture on Luther.—This evening at 8.00, Rev. R. F. Kibler, the pastor of St. Paul's Lutheran Church, will give the first of a series of lectures on Dr. Luther, under the auspices of the Missionary Service League of St. Paul's Church. Mr. Kibler will discuss "Some of Luther's Gifts to the World." After the lecture, a social evening of games, music and refreshments will be enjoyed.

Social at Sidney.—The monthly meeting of the Sidney Parent-Teachers' Association, which was held last night, took the form of a social gathering, at which a most enjoyable programme was presented.

See, Mama, There is Your Medicine

"YES, dear, that is the medicine which made mama well and I am sure neither of us shall ever forget it." "Are you going to buy some?" "No, darling, I do not need any more. You know how well I sleep now, those terrible headaches do not bother me any more and we are able to take our nice long walks every day."

Dr. Chase's Nerve Food, that day has gone by and I know what it is to be well and happy. "Why don't all the sick people use your medicine?" "Far more of them would if they only knew of the good it would do them. I have told lots of my friends and they nearly all have been benefited just as I was."

LABOR COUNCIL INFORMED OF DRY DOCK CONTRACTS Fair Wage Officer Bulger Makes Clear Cut Explanation of Position

At the request of the Victoria Trades and Labor Council Dominion Fair Wage Officer D. T. Bulger attended the session of the local council last evening and rendered an explanation of the manner in which a fair wage was arrived at.

Careful Scrutiny. If there were 100 men employed, forty of them at \$8.00 a day and the majority at \$7.00, he would say that \$7.00 was the prevailing rate, and vice versa. In answer to queries Mr. Bulger stated he did not take anybody's word for anything, but endeavored always to check up what he was told, by his own observation, guided in all instances by the number of men actually at work.

Acts in Good Faith. Queried as to his attitude to labor Mr. Bulger stood firm in his expression of good faith to organized labor, and explained various matters that had prevented a meeting of the delegates with himself before that date.

Work of Chamber of Commerce Heard by Labor Council. Capt. Gordon Scott Explains Working of Body For Welfare of All in Community

At the invitation of the Trades and Labor Council, Captain Gordon Scott, secretary of the Chamber of Commerce, attended a meeting of that body last night, and delivered a clear and concise account of the organization, functioning, and aims of the revitalized Chamber of Commerce.

Change in Rate. Told that the daily scale at the drydock for the first day had been 40 cents an hour for a nine-hour day, and that next day the scale had been changed to 45 cents an hour for an eight-hour day, Mr. Bulger was asked if he would take steps to see that the rate of the second day was made retroactive.

Chairman Sivertz and Mr. Bulger pointed out that the fair wage clause, as passed and provided for the prevailing rate as struck from time to time, to suit conditions then present.

Direct Action. Delegate Ley seized this remark to state that this "passing of the buck" was an excellent reason for direct action, but he did not advocate direct action, but still

OPERATION WAS NOT NECESSARY

"Fruit-a-lives" Restored Her To Perfect Health

153 Papineau Ave., Montreal. "For three years, I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist who said I must undergo an operation, I refused. I heard about "Fruit-a-lives" so decided to try it. The first box gave great relief, and I continued the treatment. Now my health is excellent—I am free of pain—and I give "Fruit-a-lives" my warmest thanks."

It seemed the only reasonable course open, he stated. Queried as to the resignation of employment at the Loyal office, when Major Bullock Webster was employed to register men, Mr. Bulger stated that that system had been done away with and only men employed were through the Government Labor Bureau.

Without sanction any committee could not speak for the Chamber of Commerce, stated Capt. Scott, in answer to a query in connection with a letter from a committee to the City Council, Mr. Woodward inquiring.

Forum Principle. The forum based on the original forum at Home, was established and functioning well—and about as democratic an organization as could be maintained, held Capt. Scott. At the forum one subject at a time was taken up and thrashed out, with action passed to the directors and a special committee.

Retail Trade. Captain Scott was asked if the discussion on the retail merchants continuing open until 9 o'clock on one night in the week was the expressed suggestion of the whole chamber. He replied that the matter was merely an expression of opinion at the forum, and that he had not yet been broached at a general membership meeting.

Even in cases of commercial organizations taking plural membership, each membership so taken was allocated to one of their employees, who then had an individual right to vote as he saw fit—as an individual and "without any strings on him."

For Community Welfare. Capt. Scott stated in conclusion that the Chamber of Commerce was out for the welfare of the city as a whole, not any one section or party, and would, he felt sure, be more than glad to receive the co-operation of organized labor, in memberships and as individuals.
