# CARMEL PINE CONE

The Year, \$1.50

ISSUED EVERY THURSDAY

The Copy, 5 cents

Devoted to the interests of Carmel-by-the-Sea, Pebble Beach, Carmel Highlands, Carmel Valley

AUGUST 22, 1918

CARMEL-BY-THE-SEA, CAL.

VOL. IV, NUM. 29

## All Americans Can Serve

Every man, woman and child in this country, who wants to serve the country, can serve it and serve it in a very simple and effective way, says Secretary McAdoo.

That service is to lend your money to the government. Every 25 cents loaned to the government is a help at this time and practically every man, woman and child, by making some trifling sacrifice, some denial of a pleasure, or giving up some indulgence, can render the government that support.

Monterey Sav. Bank  
Same Bld'g Same Management

## Taxes Reduced

At a special meeting of the Carmel Sanitary Board, on the evening of August 15, the assessment rate for the year 1918 was fixed at 30 cents on each \$100 of valuation—lower by 15 cents than in 1917. The board ordered the purchase of three outstanding sanitary bonds at par and accrued interest to September 1, 1918. The bonds expire in 1927, 1928 and 1929. This will save the taxpayers about \$900 in interest, and also dispose of the surplus in the Sanitary Bond Fund.  
I. B. Waterbury, President.

## Pine Needles

Mrs. Pottle, who is Juliet Wilbur Tompkins, the famous writer, was a guest at Pine Inn for a few days last week. She was accompanied by her two sisters.

So far, at primary elections held in Eastern and Southern States, every candidate for re-election to Congress who voted against declaring war on Germany, has been defeated for re-nomination.

Miss M. F. Potter and Miss C. A. Potter left Thursday for a month's outing at Carmel.—Saratoga Star.

Miss Margaret Williamson, one-time local school teacher, is here from Davis on a visit.

In an eight-day period the Carmel Fire Department by prompt and efficient work has saved from destruction property valued at \$5000.

Dr. Charles Peake motored from San Jose to Carmel for a week-end business trip.

The close unity of France and the United States was exemplified when at last week's Forest Theatre plays the entire audience arose at the playing of La Marseillaise.

Joe De Amaral and wife are rejoicing over the arrival of a new baby last Saturday. This time it's a girl.

Local auto owners, when they go to Pacific Grove, can often do a service for a friend there. Leave word at the Pine Cone office when you contemplate a trip to the Grove.

Professor M. S. Wildman, of the Department of Economics of Stanford University, and family came to Carmel this week.

Mr. and Mrs. John N. Hilliard, the Misses Hilliard, and Miss Mary Hunter were Mary Austin's dinner guests at the Monte Verde recently.

## Still in the Ring

To the readers of the Pine Cone: I had intended calling on you all personally before next Tuesday's Primary, but a recent automobile accident now makes that impossible.

I am slightly "knocked out," but I'm still "in the ring," and with your help will be the next Coroner and Public Administrator.

J. A. PELL

Vote for Osburn  
For District Attorney

Camping parties in and about Carmel are quite numerous just now, August, rather than July, seems to be the favorite camping month hereabout.

Young men who have reached the age of twenty one since June 5 last must register next Saturday. Uncle Sam needs them to crush out the unspendable war lord.

Mr. and Mrs. R. W. Hutchinson are guest here of Miss Isabel and Mr. Alexander Logie. These visiting folks arrived recently from India, where Mr. Hutchinson for many years was in the jute products business.

Just at present Carmel is the Mecca of office seekers. The town is full of 'em. The troubles of a number of these gentlemen will be over after next Tuesday's primary election.

Mr. and Mrs. George Wilson and Miss Ellen Nelson from Carmel were in Saratoga over the weekend.—Ex.

The south coast country is coming into its own. Parties are made up almost daily for the Big Sur, and for glimpses of the wonderful intervening country. Many, too, who have learned of the sale of Palo Colorado Canyon are desirous of seeing the big trees there before it is too late.

E. A. Kincaid, instructor in Economics in the University of California, and family are visiting here. They are occupying the Grabill cottage.

Mr. and Mrs. Fred Leitig, Miss Black, and Tom Heardon leave today on a two weeks' trip to Lake Tahoe.

## It Will Succeed

An enterprise long desired by residents and visitors—a book store—is about to be established here by Herbert Heron. No one is better equipped than he to conduct an establishment of this kind.

His general knowledge of books and his particular acquaintance with the requirements of Carmel admirably fit him for the business.

The opening will be on next Wednesday afternoon, August 28, at 1 o'clock.

Telephone It—News items and Advertisements may be given the Pine Cone by phone. 602 W 1.

## Benefit Movie Night

Carmel has not been slow nor small in her responses to the many recent calls for money for various worthy objects, such as the Red Cross, the Y.M.C.A., Knights of Columbus, Armenian Relief, Belgian Babies, etc., nor will the townspeople and their friends fail to respond to the efforts of the Manzanita Club to make tonight's Moving Picture Benefit for Walter Basham a grand success.

"A Kiss for Susie," with Vivian Martin as the star, is a first class Paramount picture, and besides, a good comedy has been booked.

Let us jam the house twice to-night.

### Mary Austin to Lecture

After a two-months season here of drama, music, stereopticon pictures, etc., affairs which in a measure may be placed in the non-essential class—the Carmel public and visitors will welcome the announcement that our fellow-townswoman, Mary Austin, is to lecture on "The New Principle of Nationality" at Arts and Crafts Hall tomorrow evening.

Whether in her writings or public speaking, Mrs. Austin always has a "message," and in this case those who attend will not only receive an intellectual treat, but will assist a worthy cause as well; i.e., contribute to the Armenian and Syrian relief fund.

**For Sale** HOTPOINT copper-lined electric heater. Inquire at Pine Cone office.

WEEKLY GREETING

No man who loves America, no man  
 who really cares for her fame and  
 honor and character, or who is truly  
 loyal to her institutions, can justify  
 mob action.—Woodrow Wilson.

Red Cross Notes

The Fourteenth Division of the  
 A. R. C. includes chapters in Ar-  
 gentina, Bolivia, Brazil, Canal  
 Zone, Chili, China, Costa Rica,  
 Cuba, Egypt, Dominican Repub-  
 lic, Guam, Guatemala, Haiti, Ha-  
 waii, Nicaragua, Paraguay, Japan,  
 Peru, Philippine Islands, Porto  
 Rico, Spain, Sweden, Switzerland,  
 Uruguay, Venezuela, and the Vir-  
 gin Islands. From these far-  
 flung places the Red Cross re-  
 ceives goods manufactured from  
 native raw materials at the rate in  
 value of \$1,500,000 annually.

In our second War Fund Drive  
 we looked to the 14th Division for  
 \$300,000. The response totaled  
 \$1,485,577, ranging from Arabia's  
 gift of \$50 up to Hawaii's \$677,000.  
 Of course it is not the value of the  
 goods, or the number of dollars  
 involved, but rather the effect such  
 a relationship must have upon the  
 American who has been so long  
 away from home that he may have  
 begun to believe himself a "man  
 without a country." The Red  
 Cross brings such an one home, at  
 least in spirit, and makes him re-  
 alize a new sense of obligation  
 and responsibility. It makes of  
 him a better man, gives him a bet-  
 ter standing where he lives, and  
 affords a channel for better inter-  
 national friendships and under-  
 standings. It offers a medium  
 through which humane as well as  
 patriotic forces may best find ex-  
 pression.

Circus tents are to be used in  
 France for temporary warehouses  
 away from Paris, for the purpose  
 of decentralization and better dis-  
 tribution.

Plain SEWING and mend-  
 ing. Mrs. A. J.

Recorder's Notice

Owing to the amount of work in  
 this office it is impossible for me to  
 make a personal campaign, as I  
 should like to do.

I have been in this office for two  
 and one half years and feel that I  
 know how the office should be con-  
 ducted, and will gladly refer to any  
 and all with whom I have had any  
 dealings since I have been in the  
 office as to the manner in which the  
 office has been conducted and the  
 work turned out; too much stress  
 cannot be placed on the care re-  
 quired. I have been fortunate in  
 having good deputies since I have  
 been in the office, and it is my in-  
 tention to have good deputies as  
 long as I remain.

If elected I promise to keep the  
 office in as good shape as it ever  
 has been. Before you swap horses,  
 be sure you are going to make an  
 improvement.

Respectfully soliciting your sup-  
 port. F A Abbott, Recorder.

## Economy Is Watchword of Norris

To the Voters and Taxpayers of Carmel:

It will be impossible for me to see you all in my campaign for District Attorney, and I take the liberty of addressing you through the Pine Cone.

I desire to thank you for your generous support in the past, and to express the hope that my conduct in office has been such as to

show my appreciation.

I have tried hard to make good in the office and I believe the result of my efforts has proven such.

The records show that more than twice the number of convictions were obtained before juries in the Superior Court during the three and a half years of my incumbency than were gained during the preceding four years; also that the running expenses of the office were reduced more than fifty per cent, thereby saving more than \$8000.

This is the day of economy, and I believe my efforts along that line will be appreciated. The above comparison is not made to reflect on my predecessor but merely to show that I have the interests of the taxpayers at heart.

If I am re-elected to the office of District Attorney my efforts will still be concentrated upon fair dealing, economy, and efficiency.

Walter E. Norris

## Church Edifice Dedicatory Address

At the services attending the dedicatory exercises of the new Christian Science edifice here, Mrs. Caroline B. Silva spoke as follows:

It is sixteen years since Christian Science came to Carmel, and now this completed building stands as a proof of the healing power of Divine Science. Today we dedicate this building to the "Known" God whom we worship.

The definition of Church in the Christian Science text book is as follows:

"Church—The structure of truth and love; whatever rests upon and proceeds from Divine Principles. The Church is that institution which affords proof of its utility and is found elevating the race, rousing the dormant understanding from material beliefs to the apprehension of spiritual ideas, and the demonstration of divine Science, thereby casting out devils, or error; and healing the sick."

The first Christian Science services were held at Pine Inn in May 1902, the first and second readers being the civil engineer who planned Carmel, and his wife. As the village grew, a great many Christian Scientists bought lots and erected summer homes. The work was specially active during the summer months. When Pine Inn was moved to its present location, the meetings were held first in cottages, then, as the attendance grew larger, in the school house, then in Arts and Crafts Hall.

During the period from 1902 to 1910 good healing was done, literature was distributed, a Sunday School and reading room were maintained, and the present lot was acquired, also a building fund started.

In 1910 it was decided that, in accordance with the requirements of the Manual of the Mother Church, the organization of a Church and the conducting of services should be carried out by permanent residents of Carmel, and the lot and a small part of the building fund held in trust until such time as a Society of resident Christian Scientists should be formed.

From 1910 to 1913 small groups of people met in homes to read the lesson; gradually the number increased until, in July 1913, eight Christian Scientists met at the home of one of the members and a Christian Science Society was organized; meetings were held in a private house until the attendance was so great that they were forced to make a change, and Arts and Crafts Hall was rented from Feb. 1st 1914. In November of 1914 the Society's application for a card in the Journal was accepted.

The building fund for this Church was commenced by \$15.00 being contributed by the Sunday School.

Great activity has characterized this little Society, good healing has

## King City Growing

King City is growing fast. More than a quarter of a million dollars' worth of buildings have been erected there the past spring and summer, all being substantial reinforced concrete structures. The building boom began when Hugh R. Osborn, candidate for district attorney of Monterey County, erected a fine reinforced concrete block in that city. Adv.

## To the Public

I wish to announce that I have returned to the Peninsula, and have changed my location from Pacific Grove to Underwood Apartments, Monterey. A demonstration of my work given without charge to those applying for treatments between August 10th and September 9th. Telephone 179-J. Dr. L. L. Phelps, Osteopathic Physician. Adv.

been done, contributions have been made for the relief of Christian Scientists in the war zone, a hearty response has been given to appeals for help-in-prison work, and their quota for Christian Science war relief and camp welfare work has been exceeded every month.

In April 1917 steps were taken with regard to plans for a Church building. The lot and money that had been held in trust were turned over to the Society. The Trustees under the will of Mary Baker Eddy signified their willingness to aid in the building, and in December 1917 the ground was broken for the church.

Now with the building completed and paid for, we meet today to express our gratitude to the love and truth that have guided us; and to dedicate this building as we consecrate our own thought, these words of our revered leader to the Church at Concord, New Hampshire, are equally appropriate for the Church at Carmel.

"May this dear little Church, nestled so near my heart and native hills, be steadfast in Christ, always abounding in love and good works, having unflinching faith in the prophecies, promises and proofs of Holy Writ. May this church have one God, one Christ, and that one the God and Savior whom the Scriptures declare. May it catch the early trumpet-call, take step with the twentieth century, leave behind those things that are behind, lay down the low laurels of vain glory, and, pressing forward in the onward march of truth, run in joy, health, holiness, the race set before it, till, home at last, it finds the full fruition of its faith, hope and prayer."

## Large Attendance at Three Plays

The summer plays each July, given under the auspices of the Forest Theatre Society, have become an established institution—a regular, set yearly affair—an occupies first place in Carmel's things dramatic; it is the annual classic, as it were.

But the Forest Theatre Society must look to its laurels. For the fourth time now the Arts and Crafts Club has come along with an annual dramatic production, and each time has come nearer attaining the distinction of presenting the best show of the year.

In 1915 the club gave us "The Man From Home," in 1916 "The Piper," in 1917 "Androcles and the Lion," and this year, with Garnet Holme as producer, we have just witnessed three splendid one-act plays—"Writing Home," "The Dryad," and "The Cat and the Cherub."

Probably no play that has been presented here has been put on in so finished and artistic a manner as "The Cherub." Every line, every action, the scenes, the costumes, were well-nigh perfect. Many a professional group might well envy the work done by these amateurs.

"The Dryad" was a most delightful comingling of the sublime and the ridiculous. We are much indebted to the folks who came down from San Francisco to enact the characters in this charming little play.

"Writing Home" should for a time at least squelch some of our local calamity-howlers. Just such a pertinent vehicle was needed here to quiet the Never-remembered and the I told you so's with which we are afflicted. The cast did a fine bit of human patriotic work.

The Man  
for the  
Place

## A Grateful Property Owner

R. G. Storie motored down from San Jose last Sunday to look over the damage that his building on Ocean Avenue sustained by Saturday's fire. He arranged with M. J. Murphy to immediately repair all damage to the property.

The fire was caused by a defective coal-oil stove. The owner of the building and both tenants carry insurance.

To the members of the Carmel Fire Department Mr. Storie, desires, through the Pine Cone, to extend his unbounded thanks and appreciation "for" as he puts it, "saving my building from complete destruction."
