Note:

(1) The adding cost of French circular, circular plain, circular interlock, circular rib, flat rib cuffs and circular rib cuff fabric in this table are confined to cotton yarn, spun rayon yarn and spun rayon mixed cotton yarn, and in case of using yarns other than above, the following rates for original adding cost shall be increased there to:

(a) Fabrics in which spun silk yarn, yarns through worsted spining or rayon yarn used 10% increase of adding cost in this table.
(b) Fabrics in which woolen yarn, noil yarn, sundry fiber yarn, waste fabric yarn, throstled yarn, oil yarn, regenerated yarn or regenerated silk yarn by parachute band used 15% increase of adding cost in this table.
(c) Fabrics in which raw silk yarn used 50% increase of adding cost in this table.
(d) Fabrics in which boiled raw silk yarn used add 30% increase of adding cost in this table.

(2) Fabrics of plain work among French circular fabrics in which 2 or more yarns in parallel used 5% increase of adding cost in this table.

(3) Circular plain, circular interlock, and circular rib fablics in this table in which 2 or more yarns in parallel used 20% increase of adding cost in this table.

(4) Circular rib top or flat rib top fabrics in which single yarn, not paralleled, used 10% increase of adding cost in this table.

(5) Fancy work fabric among plain and circular rib (except broad rib), 20% increase of adding cost in this table.

(6) Fancy work fabric among French circular and circular interlock (except broad rib) 10% increase of adding cost in this table.

(7) In the adding cost of broad rib fabric among circular rib, circular interlock and circular plain in the case of 20% or more and less than 40% needles, 10% shall be added to the adding cost in this table, and in the case of 40% or more needles, 25% increase of the above.

(8) The adding cost of lining piled fabrics among French circular shall be calculated respectively by the adding cost in this table, on the standard of the surface yarn.

(9) In the adding cost of lining piled fabrics among circular rib, 30% shall be added to the adding cost in this table, on the standard of the surface yarn.

(10) In the adding cost of fancy net work fabric among circular plain 100% shall be added to the adding cost in this table.

(11) In the adding cost of tuck stitch necked fabric among circular plain (30–50 loops), 100% shall be added to the adding cost in this table.

(12) In the adding cost of striped fabric among circular plan (30–50 loops), 80% shall be added to the adding cost in this table.

(13) Circular fabric of fleecy work when surface yarn 30 S and lining yarn 10 S are used, shall be the standard one. Therefor, when finer surface and back yarn are used, 15% shall be added to the adding cost in this table, and when coarser surface yarn and back yarn are used 5% shall be reduced from the additional amount in this table.

(14) In the adding cost of circular plain fabric with specially large loops for meat wrapper, 20% shall be added to the adding cost in this table.

(15) In the circular fabric or pile fabric using dip dyed yarn, the following rates for original adding cost shall be increased thereto:
(a) The adding cost of the plain fabric in using dip dyed yarn with one color, 10% increase of the adding cost in this table.
(b) The adding cost of the plain fabric using dip dyed yarn with two colors, 20% increase of the adding cost in this table.
(c) The adding cost of the plain fabric using dip dyed yarn with 3 or more colors 5% increase of the adding cost in this table in proportion to each increase of color.

(1) Adding costs of warp knit fabric in this table are confined to the knitting cost for finished fabric for half, atlas or mesh work, which are knitting on Tricot type warp loom with two yarn guide bars, therefore for designs differed from these specification, adding cost of proposed fabrics shall be varied as follows:

Single atlas fabric vandyke with single yarn guide bar.....reduce 20% of adding cost in this table.

Those other than the above.....reduce 50% of addidg cost in this table.

Plain fabric vandyke with two yarn guide bars.....reduce 5% of adding cost in this table.

Satin work with two yarn guide bars.....add 5% of adding cost in this table.

Tuck work with two yarn guide bars.....add 10% of adding cost in this table.

There yarn guide bars.....add 20% of adding cost in this table.

Tuck work with three yarn guide base or pile work.....add 30% of adding cost in this table.

Double work.....add 60% of adding cost in this table.

Circular Milanese work.....add 10% of adding cost in this table.

Flat Milanese work.....add 40% of adding cost in this table.

Warp knit fabric knitted on Russel type warp loom.

Plain work or lace work.....reduce 15% of adding cost in this table.

Single atlas fabric vandyke with single yarn guide bar.....reduce 30% of adding cost in this table.

Those other than the above.....reduce 55% of adding cost in this table.
Sation work with two yarn guide bars.....reduce 10% of adding cost in this table.
Tuck work with two yarn guide bars.....reduce 5% of adding cost in this table.
Three yarn guide bars.....add 2% of adding cost in this table.
Tuck work with three yarn guide bars or pile work.....add 10% of adding cost in this table.
Four yarn guide bars.....add 20% of adding cost in this table.
Two yarn guide bars with needles.....add 20% of adding cost in this table.
Jacquard.....add 55% of adding cost in this table.
Three or more yarn guide bars with heavy needles.....add 35% of adding cost in this table.
Warp knit fabric in use of dip dyed yarn at 50% or more.....add 20% of adding cost in this table.
Warp knit fabric in use of dip dyed yarn under 50%.....add 10% of adding cost in this table.

(2) Adding cost of warp knit fabric of fulling work shall be 15% increase of adding cost in this table.
(3) Adding cost of hydrochloric fulling work shall be 25% increase of adding cost in this table.
(4) In the case of warp knit fabric with finished width other than in this table, 1/54 of adding cost in this table shall be added or reduced respectively in proportion to the variation of 1 inch.

(c) Plush knit fabric

(E) General remarks on the calculation of adding costs.

(1) Adding costs of knitted goods manufactured from yarns or fabrics other than those in these tables (A-D) shall be adopted from the item most approximate to the adding cost therein in consideration of knitting, processing and other condition of production, and in case when 2 or more approximate adding costs are proposed, the cheapest amount shall be adopted.

(2) Adding costs of those mixed together with different yarn other than those in these tables shall be conformed with adding costs for higher component of yarn and in case of same rate of component, average of two adding costs will be adopted.

(3) Adding cost of knitted goods not mentioned in these tables shall be conformed with sum thereof most approximate value in these table.

(4) When two or more items of higher or lower grade are in this table, grading shall be confined to the total rates of lower or higher grade.

II. Controlled amount for knit fabric dealers shall be the amount added 5% of the producers' controlled selling amount.

III. Controlled selling amount of knitted goods (underwears, outerwears, hosiery and gloves) for wholesalers shall be the amount added 12% of the producers' controlled selling price.

IV. Controlled selling amount of knitted goods (underwears, outerwears, hosiery and gloves) for retailers shall be the amount added 18.3% of the wholesalers' controlled selling price.

V. The minimum fractions on the controlled amount based on these tables shall be omitted at the unit of 10 *sen* (fractions less than 10 *sen* will be counted by reckoning fraction of 5 *sen* and over as a unit), and after adding above amount to the sum of commodity tax, the new sum shall be adjusted at the unit of 10 *sen* (counting fractions of 5 *sen* and over as 10 *sen* and disregarding the rest).

VI. Packing and transportation charges are not included in the controlled selling price of knit fabric both for producers and dealers.

VII. Controlled selling price for the knitted goods producer shall include wrapping charges, but not packing and transporting charges.

VIII. Controlled selling price for the knitted goods wholesaler shall include wrapping, packing and transporting charges. However, in case the goods are transported by means of other than railroad, it shall include wrapping and transporting charges, but not packing charges.

IX. Among the goods mentioned in this table, the selling price of those which are not assessed by the Prefectural Price Assessement Committee or those to which assessement certif-

icates are not affixed shall be the amount reduced the cheaper controlled amount of the most similar kind of goods in this table by 90%.

X. Even in the goods whose price calculated in accordance with the provisions of this Notification, in case the Prefectural Price Assessement Committee has assessed the lower grade price within the limit of the controlled price in this table pursuant to the standard fixed by the Director-General of Price Board, the assessed price shall be the controlled amount of the goods concerned.
