Shin Sekai Eiga Co.,Ltd.

The Chief of the Cabinet's Secretariate Esq.

July, 28, 1947.

Dear Sir:

In connection with your instructions No.419 dated July, 12, 1947, we beg to reply as follows:

Our company lost the head office and the factory in the fires following the air-raid during the war-time. We only rember that the change of provisions and formation of our company and the revision of the office regulation was carried out two or three times, but as we lost the exact documents in the fire, we made this report based on the work-report sheets of every financial year which was saved from the fire, refering to men who know the actual state of those days.

On this occasion we want to state as to the relations between the Asahi Film Producing Co.,Ltd(A), the Asahi Eiga Co.,Ltd(B) and the Shin Sekai Eiga Sha(C). The company(B) was founded in August, 1943, when on the recommendation of Information Bureau the many cultural film companies were united into one company based on the company(A). And then the title of the company(B) was changed to the title of the

company(C) on January, 1947. The company(C) and the company(B) are one and the same company.

The documents of the provisions of business were burned out during the war-time. Although we inquired into it, we could not find it out after all.

Yours very truly,

Shin Sekai Eiga Sha.

T. Yokoto

Managing Director

The post of president is still vacant since Mr.Ishii resigned as president of the company.

In August 31,1937 when the company was foundedp we set about the work taking over 35 employees together with equipments from P.C.I. As to the office regulations at that time we only remember that there were Business Department and Producing Department, but we regret to say that the details is unknown because loss of documents in the fires.

Our head office removed to Tamachi, Shiba ward in May, 1938 when we made the office regulations again, but details is unknown owing to loss of documents in the fire. The abovementioned list shows the actual state in December 1941. We made it on the basis of our remembrance. We believe it is correct on the whole.

The Asahi Film Producing Co.,Ltd.
