RESOLUTION,

Requiring the Secretary of State to compile and print, once in every two years, a Register of all Officers and Agents, civil, military, and naval, in the service of the United States.

RESOLVED, by the Senate and House of Representatives of the United States of America, in Congress assembled, That, once in two years, a Register, containing correct lists of all the Officers and Agents, civil, military, and naval, in the service of the United States, made up to the last day of September, of each year in which a new Congress is to assemble, be compiled and printed, under the direction of the Secretary for the Department of State. 2. RESOLVED, That the Secretary of the Navy subjoin to the list of the persons employed in his Department, the names, force, and condition of all the ships and vessels belonging to the United States, and when and where built.

3. NOTE.—Postmasters are compensated by commission on postages collected: and the amount of commission for one year, ending March 31st, 1821, has been stated, although the Postmasters may not have been so long in office. In some cases, the offices have not been established a year, or no accounts have been rendered; in such, the compensation is left blank. In many instances, no return has been received from the Postmaster as to the place of birth. The *gross* amount of commissions is stated without deducting the expenses of clerk-hire, office-rent, &c. excepting at Offices marked thus, * where the Postmaster has exhibited an annual statement of his receipts and disbursements for the year ending Sep. 30th, 1821. But in no case can the *nett* compensation of the Postmaster exceed 2,000 dollars per annum.
