Narberth will be represented on the program at the County Institute at Norristown: Miss Larzelere will speak on "Civics in the Grades," while Principal Melchior will give an address entitled, "Professional Growth of High School Teachers as Essential for Efficiency." He will also talk to the grammar school section on "Vocational Training."

Incidentally, "Professional Growth" seems to be the slogan of the faculty of our school. A faculty meeting is held once a week. Nine of its members are studying at the University of Pennsylvania, their object is not to obtain "credits" but for "greater efficiency." Pupils are being taught the necessity of efficiency by the means of good magazines. Stop in some day and inspect the school library and the magazines.

Great progress is being made in the Literary Society, which is composed of the High School Department. There is usually a debate on the program and the cleverness with which they argue on current topics is remarkable.

School on a Basis of Self-Government.
An election by the student body was held on Friday, October 15. The following persons were elected:

Editor for Our Town—Charles McCarter, Jr.
Assistant Editor—Estelle Cohic.

Bulletin Board Overseer—Edith Humphreys.

Room Inspectors—August Witherow and Mildred Harris.

Platform Overseers—Margaret Mayer and Agnes Rose.

Committee of Order—Marion Haws and Helen Duff.

Librarians—Hilda Smedley and Margaret Eyre.

Plants—Marion Trotter and Madeline McCoy.

The object of this plan is to teach responsibility to the students and needless to say the new positions are a source of great interest to those concerned.

The chapel exercises are now in the hands of the High School students. This is to help the individual when in public meetings or gatherings. It certainly is a splendid idea. Also Principal Melchior introduced this year a series of moral lessons. A new one is put in each room every week.

Events of Interest.

Friday, October 22, we will celebrate our Annual Arbor and Bird Day. The Arbor Day exercises will be held from 10.30 A. M. until noon. Bird Day exercises will be held from 1 o'clock to 2. All are cordially invited.

Be sure and keep open the evening of November 12, for the juvenile operetta, entitled, "Snow White and the Seven Dwarfs." Come and hear the little ones.

The students will welcome as usual their institute vacation from October 21 to November 1. Of course, we are sorry to see our teachers leave for a

DO YOU PATRONIZE NARBERTH ENTERPRISES AS MUCH AS YOU CONSISTENTLY CAN?

Let us make it a plan, from to-day on, to buy everything that we can from our home stores, where quality and prices will admit of our doing so.

Such action makes for the good of any community.

Very few towns as small as Narberth can boast of so many well-equipped and up-to-date enterprises. They must have our support to succeed, and we need them in our growing town.

HUNTERS, SPARE THE GRAY SQUIRRELS.

Article By Prominent Townsman Appeals to Common Sense of Men and Boys to Protect Our Gray Squirrels Old Ordinance To Be Enforced.

Surely the men and boys of Narberth who are accustomed to hunting wild game will not kill the beautiful gray squirrels that are inside the borough or even in the woods and trees close to the borough limits.

Many of our citizens have been encouraging the increase of these desirable little animals by feeding them and protecting them from their natural enemies, and no doubt they would go to the limit in protecting them from their unnatural enemies, the hunters, if they were discovered killing them or even shooting inside the borough limits. All birds and animals within the borough are protected by an ordinance, copy of which follows:

Ordinance No. 50, Borough of Narberth, Montgomery County, Penna.

An ordinance to prevent the firing of guns, pistols, rifles or any other fire-arms, and to prevent the shooting of song or other birds or rabbits, squirrels or opossums within the corporate limits of the Borough of Narberth.

The Council of the Borough of Narberth does ordain:

Section 1. All persons are prohibited from firing any guns, pistols, rifles or other fire-arms when in the Borough limits, under penalty of ten dollars (\$10) for each and every offense; one-half of the penalty to be paid to the informer.

Section 2. No person shall hunt or kill any song or other birds, nor destroy their nests, nor hunt or kill any rabbit, squirrel or opossum under penalty of ten dollars (\$10) each for every offense; one-half the penalty to be paid to the informer.

Passed this twentieth (20th) day of October A. D. 1896.

RICHARD H. WALLACE,

President of Council.

Attest:

A. P. REDIFER,

Clerk of Council.

Approved this twenty-third (23rd) day of October A. D. 1896.

A. H. MULLER,

Chief Burgess.

The enforcement of this law should not be necessary. Our men and boys should want the birds and squirrels to live among us. There is no prettier sight than gray squirrels among the trees in the parks, the children always enjoy seeing them, and now that we will soon have a park which is being constructed close to where some of the squirrels are located, every effort should be made to protect them.

To show with what determination violators of this ordinance will be followed up was demonstrated Monday afternoon when a man was seen firing a rifle, presumably at squirrels, in the upper section of Narbrook Park. Officer Hill was taken with two citizens to that locality within ten minutes after the shots were fired and five minutes later the Ardmore patrol with two officers appeared on Sabine avenue.

The policemen were unable to apprehend the culprit as he must have made a very quick get-away.

WEEKLY HEALTH LETTER FROM GEORGE W. BRADEN

Physical Director, Central Branch Y. M. C. A., Philadelphia, To Contribute To Our Town—An Extract
By Dr. Chas. E. Baker

How a President Kept "Fit."

I first met Mr. Taft when he was Secretary of War back in 1906, while I was on a trip to Washington, and he sent for me to see if I could assist him in reducing his flesh and otherwise to get him into good physical condition.

By carefully following a program consisting of exercise and dieting, he gradually succeeded in not only getting into a splendid condition of vitality and strength, but reduced his weight to about 260 pounds, which amount he carries with ease, as he is a man of unusually large frame.

One of the chief assets of his character is his great will-power, together with his ability to concentrate his mind on anything he undertakes, for once he "set his hand to the plow," he went straight to the finish.

I returned to my home in Madison, Wis., and two years later, when he was elected to the Presidency, I received a letter from him, asking that I come to Washington and look after his health. Thus it came about that I was associated with him in this way for the four years of his administration.

At 7 o'clock each morning, with the exception of Sunday, the President would get out of bed, don a sweater and light trousers and was ready for work.

The first ten or twelve minutes was given up usually to breathing exercises; i. e., exercises which bring the upper portion of the body into play, breathing forcibly through the nostrils at the same time. After a few minutes' rest, then a run around the room for about five or ten minutes, starting in very slow, then gradually increasing the speed till a rather fast, but steady, pace was maintained, then toward the close gradually slowing down to a walk.

Such an exercise was good, not only for his "wind," but also strengthened materially the action of his heart.

Another short rest, then about fifteen minutes were given to abdominal exercises, which sought to bring into play the parts of the body wherein lie the vital organs. These included the "lying-down" exercises, which are so advantageous to professional men or those engaged in sedentary occupations. Following these he would rest for a while, sometimes sitting down and then again indulging in a slow walk around the room.

We finished the hour with about ten minutes of what might be called "big league stuff," consisting sometimes of two or three rounds with the boxing gloves, or we went to the mat for a wrestling match, in which latter case, as may be imagined, I had not a ghost of a show, for what could a man of 145 pounds do with one who had nearly twice that weight?

The first dozen times or so we boxed I had little or no difficulty in keeping

out of harm's way, on account of the fact that this was a new art to Mr. Taft, while I had donned the gloves off and on for years, but gradually he began to get his bearings and then I had about all I could do to "cover up" at the proper time, for when his good right did land with all the force of his weight back of it, it was almost "good night for me." Once my nose was the recipient of one of his "taps" and right then and there I freely shed my blood for my country's good if not my own, while on another occasion I was forced back into a corner and a "haymaker" to my jaw nearly put me to sleep, and I carried around a stiff neck for a day or so.

This sort of thing brought out the perspiration as nothing else would, and after a short rest he was ready for a cold bath and then for a day's work.

This daily program Mr. Taft kept up for the four years he was in the White House, not because he enjoyed getting up in the morning at 7 o'clock and exercising an hour, but because he was in better shape, mentally as well as physically, for the work of the Presidency. In other words, he could do more work and better work with less fatigue during the rest of the day because of sticking to such a regime.

But even this amount of exercise could not keep Mr. Taft's weight where it ought to be, largely because of the fact that he always has had a keen appetite, which, of course, the exercise only served to make keener, hence it was only by bringing into play his great will power and following a restricted diet that he managed to keep anywhere near to normal weight.

During the last year of his administration so many things happened which put to the severest test his great good nature that I advised him to "ease up" the check on his eating, so that he was weighing more on March 4, 1913, than at any time during his term as President, but he kept his hour of exercising up to the very last day, and when he stepped out into private life he was, with the exception of overweight, a "fit" man for any work, and a splendid example to every business and professional man in the country of the way in which it pays to "stop and look after your health."

BIDS WANTED FOR WYNNEWOOD ROAD

Pennsylvania State Highway Department, Harrisburg, Pa. Sealed proposals will be received at said office until 10 A. M., November 4, 1915, when bids will be publicly opened and scheduled, and contract awarded as soon thereafter as possible, for the reconstruction of 1756 lineal feet of bituminous or cement concrete pavement, 16 feet wide, situated in Narberth, Borough, Montgomery county. Plans and specifications may be seen at office of State Highway Department, Harrisburg; 1001 Chestnut street, Philadelphia, and 903 Hartje Building, Pittsburgh, Pa. Full particulars and information on application to R. J. Cunningham, State Highway Commissioner.

SCHOOL QUESTION OF VITAL IMPORTANCE DISCUSSED BY MR. LOOS

Unsatisfactory Present Condition Necessitates a Change—Proper Facilities Imperative—Opinion of Present Board Who Have Welfare of Community at Heart

Present Condition a Serious One.

The situation regarding school facilities in Narberth has reached an acute stage, demanding the serious consideration of every parent and taxpayer in the borough.

It will be recalled that after the defeat of the School Loan last year, a committee of citizens was formed to consult with the School Board, with a view to getting all interested parties together on some practical work—this committee, the signers of which agreed to vote for a loan approved by the School Board that would provide for the erection of necessary additional school buildings within 1000 feet of the railway station. This document, signed by about 73 voters, was presented at a joint meeting of the committee and the School Board, held this fall. The board was informed that about 200 voters had signed, but that all of the papers had not been turned in. After a thorough discussion of the matter, it was agreed by both bodies, that it would be wise to let the whole subject go over until immediately after the election on November 2. At that time, an entirely new loan could be prepared, to be submitted to popular vote after three months' notice. Immediately after the coming election, it is the intention of the board, I understand, to state the needs of the schools, and present its plans.

Outside Accommodations below Standard.

As for the necessities of the case, none of us who have been in touch with the condition of things, needs information. The first grade, now housed in the Y. M. C. A. building, affords a good illustration. There are at present 55 pupils crowded in a small, low-ceilinged room, and after January 1 next, 10 more will be admitted, having reached the proper age. The amount of air space per capita is far below the legal limit, and there is no room for indoor play, except such as has been provided by the courtesy of the Women's Community Club, which occupies the adjoining room. Of course, there is no outdoor playground unless it be in the streets. The Narberth Fire Company has very generously offered the use of the auditorium (Elm Hall) without payment of rent, other than the additional cost of light and heat. This however presents difficulties, because when entertainments are given in the hall, time is needed during the day for making preparations, rehearsals, etc. This would interfere with the school seriously. The board has also had under consideration the residence at Forrest and Windsor avenues (Northwest corner.) This might be temporarily fitted up for the first grade, as a makeshift until better accommodations can be provided.

Proper Facilities Imperative.

I very sincerely hope that our citizens will ever keep in mind the fact that the School Board is best qualified in every way, to devise the most practicable and economical plan to provide proper school facilities. They are giving the matter their best thought, and are in daily touch with the situation. Mr. McCarter, the president of the board, has had very many years of experience, and no one can for a moment question his devotion to the best interests of the school as well as of the borough. When these gentlemen submit a plan, it may be depended upon as embodying the results of the most careful study of the situation in its every phase. They have absolutely no personal interests to promote, being only concerned in providing the best facilities consistent with the means available and the character and location of the present plant. Remember that they are elected for this very purpose, and yet our voters have twice rejected

EDITORIAL NOTES

OUR TOWN will gladly print any news item about any subject that is of interest to Narberth folks, but in order to meet the printing schedule, all "copy" —manuscripts—must reach the editor by 6 P. M. Monday each week.

Only ten more weeks till Christmas. Do your shopping early.

Our Supplement of last week was not very large. But Our Town boasted a "Supplement," just the same.

Thanks for the many phone-call expressions from our readers concerning our last week's issue. Every one of them was encouraging, and we're going to do better.

Very few country town publications can boast of a corps of eleven editors, each covering some particular field of news. But Our Town is not jealous of any of the New York nor Philadelphia papers.

The new schedule of trains as published in our last week's issue is quite a ready reference. Many of our readers have saved the time table, as it deals directly with trains between Narberth and Philadelphia only.

The very excellent photograph taken of our Foot Ball Boys, copy of which Our Town produced as its Supplement last week, was taken by Gilbert Parker, of Narberth. The original copy, as given Our Town, is most excellent in detail.

The Editor of Our Town has had Volume 1 of Our Town bound in buckram, and it makes quite a book of interesting reading. What has taken place in our borough during the past year is surely on record, for Our Town covered the happenings from week to week very thoroughly.

Several copies of our last issue reached the Post Office so poorly addressed that our Postmaster was unable to distribute them. If your paper didn't reach you, just tell us about it, and we'll send you a copy, with the promise that the printer will be more careful in the future.

Our Classified Advertisement Column is a new department, having many advantages. Just look it over, and in it you will find suggestions that may be of help to you in finding some little want; to dispose of some article; or to find that lost "something" of yours.

Up to the time of going to press there have been several replies sent to the Classified Advertisement Department, which goes to prove that it can be used to advantage.

One of our townsmen, in commenting upon the merits of Our Town, remarked:

"The paper contains entirely too much sporting and church news."

We agreed that, at times, we might have had more of a variety of news, but after thinking the matter over—and over—this thought came forcibly to us:

"It is true, that Our Town has not had a great variety of news at times, but the young men who furnished the sporting items and the pastors of our churches who furnished the church news are among the few of the faithful to send in the best they had, from week to week."

"Then why haven't you sent us what you consider proper items for Our Town?" we asked, "for surely they would have been gladly accepted, and were always needed."

A little moral is evident in this instance.

When you're not doing anything, to help the good cause along, don't knock the fellow who has been doing the best he could do, and who, by the way, was really helping very much, indeed.

In our Post Office Box, this week, was a returned copy of Our Town, on which was marked:

"Don't want the Paper."

We immediately got in touch with this person, and further to repeat that he didn't want Our Town we could learn no more.

Our Town is your paper, and published for the welfare of the community, and it should be read and supported by every man, woman and child in Narberth.

Some one asked us, the other day, if Our Town would consider a suggestion as to the betterment of our publication, as he thought, perhaps, that Our Town might consider him a "knocker" if he were to tell us that he thought one or two little changes here and there might be well. "Why, dear man," we said, "tell them to us right now. You are the first one, for a long time, who even stated that he had a suggestion to offer."

We want your suggestions, too. Just write them on a postal and send them to Our Town.

Our Town has on hand a quantity of envelopes addressed as follows:

EDITOR OUR TOWN,
Narberth, Penna.

They are to be used for news for Our Town, and we will gladly send you some for the asking, if you will promise to send us one now and then containing something or other of interest to our readers.

Teach the child self-respect, just as you train a plant into better ways. Instill better things into it, just as a plant-raiser puts better characteristics into a plant. Above all, bear in mind repetition, repetition the use of an influence over and over again. Keep everlastingly at it. This is what fixes traits in plants—the constant repetition of influence until at last it is irrevocably fixed and will not change. You are dealing with something far more precious than any plant—the priceless soul of a child.

Luther Burbank.

Centuries ago, when Hannibal was asked where he learned the art of war, he replied with pride, "I learned it in the tents of my fathers." So let us look forward to the time when our sons and daughters, when asked where they learned the art of self-control, how to be strong, how to be sweet, will answer with the same glow of pride, "In the home of my father."

A WORD OF APPRECIATION.

The Directors of the Narberth Civic Association are to be heartily congratulated on having secured the services of Mr. Harry A. Jacobs as Editor of Our Town. The first number of Volume II, which appeared this week, is highly creditable to the new editor, who thus early shows that he will be a worthy successor to Mrs. Blackall and Messrs. Cole and Muschamp. These first editors, who so cleverly guided their literary craft among the perilous rocks and treacherous shoals of its maiden voyage, now crave a well-earned rest from their arduous duties. They deserve, in addition, the hearty thanks of all of us, who have so much enjoyed the weekly visits of the bright and newsy little sheet. Mr. Jacobs brings to his task, with many other qualifications, a fine enthusiasm which means much to the continued success of our real, live, home town paper.

I am especially pleased with the plan for giving a regular space in Our Town to contributions by a school editor and assistant, elected by the student body. This is a splendid idea, particularly in view of the announcement that these articles will not be censored by the Faculty. How interesting it would be, for instance, to have an article from the school editor, reflecting the opinions of the student body on the present school "plant"—its advantages and disadvantages, suggestions for improvement, ideas on location, playground, etc., etc. Such an article would be very apropos just now.

A. J. Loos.

A PERSONAL LETTER.

The following letter to the Editor, while personal in nature, is published solely to show our readers that—

If outsiders are interested in the welfare of Narberth, as shown in this letter, how much greater should we, as residents of Narberth, show our interest and enthusiasm in things that are ours.

Ebensburg, Pa., Oct 15, 1915.

Mr. H. A. Jacobs,

Editor Our Town, Narberth, Pa.

Dear Mr. Editor—Number one, volume two, of Our Town reached me this morning. I was so pleased with the contents and spirit which seems to be backing its continued publication, I decided immediately to become a subscriber. You will please fine one year's subscription enclosed.

Although not a resident of Narberth, yet for a number of years I have felt a strong interest in the welfare of your beautiful town, incited, no doubt, by my many visits there.

The people of Narberth will surely rally to the good cause and make the continued publication of your interesting paper a fact indeed. When one stops to consider how little time and money is required to accomplish this, it really looks like an easy matter. Let a man omit but one after-theatre supper, and then note how his wallet is bulging with the price of one year's subscription to Our Town, and a very good balance besides, which, without doubt, could be advantageously absorbed by the treasury of the foot ball team, or some equally worthy organization.

As to the literary support, your paper requests: Just think of the many able men and women in Narberth who could be of so much help to you if occasionally they would devote one hour to penning for publication an article dealing with some subject of local interest.

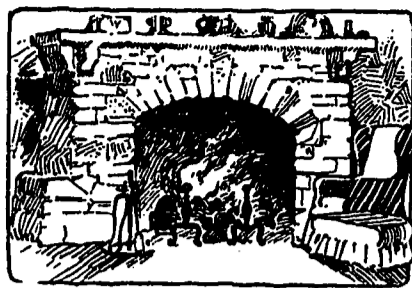

Your town is full of such people, and it is not difficult to look ahead a few weeks and see marked success responding to your efforts. From my knowledge of the residents of your section of the Main Line, I feel safe in prophesying that no one will be compelled to "go down" into the capacious pockets of his jeans to balance the financial end of the publication. Neither will it be necessary for Our Town to burn the midnight "Mazda" while pounding out matter with which to fill space.

If the foregoing seems to approach the condition of being "too familiar," from an outsider who is many miles distant, my only apology is that it is actuated solely from my interest in your welfare.

Thanking you for the copy of your paper, and looking forward to a weekly appearance of it, I beg to remain, Yours very sincerely,

Frank G. Bishop, M. D.

The regular monthly meeting of the Lower Merion School Board was held on Wednesday evening and considerable routine business was transacted.

6.45—Epworth League. Miss Lillian Compton, leader.

7.45—Happy Sunday evening. Fourth of the sermon series on the "Home." Subject, "Should Religious Instruction Be Given in the Public Schools?" The pastor will answer the question, "Are our public schools Godless?"

Congregational service, led by a large chorus choir. The singing of gospel hymns is a feature of the service enjoyed by all. Friends and visitors are cordially invited.

New Members.

Four new members were added to the church membership last Sunday, a total of thirteen received during the present month. During the past fifteen months seventy-one have united with the church by letter and profession of faith.

742 Attend Evening Services.

The attendance of 742 in five consecutive evenings manifests a great interest in the happy Sunday evening services. Vital pulpits themes, hearty congregational singing, special soloists and musicians are solving the problem of the suburban evening service. Ten ushers report the attendance as follows: September 19, 226; September 26, 148 (union service); October 3, 119; October 10, 128; October 17, 121.

11 A. M.—Public worship. Sermon by the pastor. The new quartet will sing.

7 P. M.—Young People's meeting. Leader, Kenneth Hamilton.

8 P. M.—Public worship. Sermon on the "Beatitude for the Meek." The quartet will sing.

A most important church meeting is announced for this Wednesday evening, October 20. There will be the annual election of elders and deacons, and a change proposed in the constitution of the church. The roll of members will be called.

The Autumnal Fete, as noted elsewhere in Our Town, will take place on Friday of this week, at Elm Hall.

On Saturday afternoon the Men's Club will have its annual fall outing. It is to be a "father and son hike." The start will be made from the Y. M. C. A. Building at 2.30. All men and older boys in the congregation invited.

The Ladies' All-Day meeting will be next Tuesday, October 26. The Ladies' Aid Society will convene at 11 A. M. Luncheon will follow, and at 2 P. M. there will be a meeting of the Missionary Society. All ladies are invited.

At a recent meeting of the Young People's Society the following officers were elected for the ensuing year: President, Miss Helen McQuilkin; secretary, Miss Helen Duff; treasurer, Mr. Kenneth Hamilton.

The most excellent music rendered by the new quartet was greatly enjoyed and appreciated at both services last Sunday. The quartet consists of Miss Wilson, soprano; Mrs. Dickinson, alto; Mr. Sparks, tenor, and Mr. Griffith, bass. They are announced to sing again at both services next Sunday.

NARBERTH SCHOOL ON BASIS OF SELF GOVERNMENT

(Continued from First Page)

week of school, but we will try and make the best of it.

Last week we had our regular monthly fire drill which was one of the best we have ever had. The entire school was emptied in less than a minute and in an orderly way.

The boys' basket ball team is looking forward to a very bright season. Manager McCarter and Coach Esheiman have been working hard on the schedule. The girls have also been working hard on their schedule. Regular practice for both teams starts in the first week in November.

Miss La Rue MacGowen, of the U. of P. Settlement House, our efficient physical culture teacher, was welcomed on her return on Tuesday, October 5.

Last Monday we were all glad to see a new flag floating from the pole on the top of our school house.

We want to thank our friends for the hearty co-operation with our request for plants. The student body and faculty certainly appreciate these kind donations as it makes our school look so much more homelike. If our patrons could see what an influence it had on the students, I am sure there would be more plants given.

The faculty of the student body were glad to have with us the president of our School Board, Mr. McCarter, and Treasurer Mr. Ridge, on Columbus Day, October 12. They stayed the entire day and had their lunch in our lunch room.

This reminds me, "How many of our patrons have visited our lunch room, and have seen how it is being run?" Visitors from afar, professional and citizens, have come to study our plan. "Why not you?"

The statistical report shows us the following enrollment:

First Grade	57
Second Grade	40
Third Grade	34
Fourth Grade	38
Fifth Grade	35
Sixth Grade	32
Seventh Grade	26
Eighth Grade	21
Ninth Grade	30
Tenth Grade	23
Eleventh Grade	7
Twelfth Grade	11

"Choosing My Life Work," is the subject of address at school by Dr. Harbold, principal of Millersville Normal School, to be given on Friday, November 19.

Incidentally we found hanging up in the Teachers' Parlor the following words:

- In Essentials, Unity;
- In Non-Essentials, Liberty;
- In All Things, Charity.

English For Foreigners To Be Great Work Among Italians in Narberth —Bowling League Shaping Into Form — Business Men's Gym Class Active

English for Foreigners.

While Narberth has a comparatively small representation of this class of people, we have asked ourselves the question: Are we doing anything for them? Is the opportunity here to do something for this "stranger within our gates?" as one of our immigration secretaries has put it.

This is the astounding result of our investigation: Twenty-two Italians, living in Narberth, have signified their desire, by giving Secretary Hampton their names, to enter a class in English. Furthermore, a meeting of this group is called at the Y. M. C. A. for Thursday night of this week. This group will be divided into two classes, and will be taught by two Haverford College students.

Had you thought of this? We who are somewhat interested in the immigration problem, have looked to and studied our larger cities, with that splendid thought of social service in mind. How about Narberth? What are you doing to better the existing conditions of our thriving, progressive borough? Think it over.

In next week's issue we will be able to give something more definite as regards this work.

Bowling.

We have made previous mention in our columns regarding the bowling prospects for the winter, but we now have the pleasure of giving something definite.

Last Thursday a meeting was called at the Narberth Y. M. C. A., with the idea of forming a Main Line Bowling League. The following places were invited to send representatives: Ardmore, Bryn Mawr, Berwyn, Wayne and Paoli. All were represented, except Wayne. Narberth was represented by Messrs. Ward and Scanlin.

To say that this group started something is putting it mild. The following gives some idea of the business cleared up: President, Mr. F. M. Harmon, of Bryn Mawr; first vice president, R. G. Savill, Narberth; second vice president, C. G. Kurtz, Ardmore; secretary-treasurer, Charles McRae, of Berwyn. The rules that are to govern the league were drawn up, and a schedule is to be arranged before the next meeting, called at Ardmore on October 25. The league will bowl on Wednesday nights, and is to start November 3. Narberth will bowl at Ardmore at this time.

This is an article that will surely interest all who care for this sport. Here is your chance to put your interest into action. A meeting is called of all interested in bowling at the Y. M. C. A. Building, Wednesday evening, October 27. Full details will be given at that time. "Everybody up" and help Narberth get started right. We are going to win out.

Physical Department.

On Monday night a meeting of unusual interest in reference to the physical side of our Association was held at the Y. M. C. A. This was a joint meeting of the Physical Department Committee, consisting of Messrs. Savill, Stites, Braden, Hoffman and Hampton, and the Sports Council, consisting of Messrs. Ray Jones, foot ball; Walzer, base ball; Ward, bowling; Foote, pocket billiards; Scanlin, tennis; Durbin, gymnasium, and Winne, Narberth Athletic Club (Boys).

The new plan of organization for this department, which was decided upon at the "Fall Get Together," was discussed in detail at this meeting and enthusiastically launched by the above-mentioned committee and council. This plan, which is to develop all events pertaining to the athletic side of our Association, will surely be the means of placing on a more substantial basis this particular department. Further details of the meeting will be given in the next issue.

Business Men's Gym Class.

If you want to see something that will do your heart good, drop in the Y. M. C. A. some Friday night and see that bunch of "older boys" just living again those "care-free" days when they went down to the "old swimmin' ole."

We are mixing in some drills with the recreative games now, and the men all say they can do more on Saturday than any other day in the week. Why? Ask any of the following: Messrs. Rose, Cole, Orr, McCoy, Savill, Atherhoit, Gara, Ludovici, Nash, Foote, Harris or Seymour.

Boys.

Saturday morning, at ten, gymnasium class will start. You are anxious to get together in the old gym and have those good old times. Come, Saturday morning, and start the fall work with a rush.

Community Bible Class.

Tuesday evening continues to be the centre of attraction—for those interested in Bible study. If you are not interested, you ought to be. With such a subject as this, "Only Two Classes" ("Lost and Saved"), it is not amazing the attendance is fine. Come—you will enjoy it.

Presbyterian Men's Club to Go On Annual Hike.

Saturday, October 23, has been selected as the date for the annual hike and dinner of the Presbyterian Men's Club. The party will leave the Y. M. C. A. for Mill Creek and beyond at 3 P. M. sharp. After a two-hour walk in the beautiful and historic Mill Creek district, games and a camp-fire dinner will be enjoyed at the old ivy-covered mansion. The hike will be a "father and sons" affair. Don't forget Saturday, October 23, 3 P. M., Y. M. C. A.

LAST MEETING OF COUNCIL.

At a meeting of Council held October 11, the Borough Treasurer, E. P. Dold, was authorized to withdraw the Sewer Construction, Sewer Maintenance and Road Improvement accounts from the West End Trust Company, Philadelphia, and place them in the Merion Title and Trust Company, Narberth.

Warrants were authorized to be issued for payments of various items to repay loans and interest, and various other accounts, amounting to \$6756.72.

The Highway Committee was instructed to get plans and bids for sewer extension on Dudley avenue, North of Sabine avenue.

The Tax Collector Bond for \$40,000 was presented and referred to the Solicitor, and upon his approval of same, it will be executed by the proper officers.

The balance of the evening was taken up examining relative merits of street stone now being furnished the borough.

WOMEN'S COMMUNITY CLUB STARTS FALL SEASON

The Women's Community Club started its fall and winter season Tuesday afternoon, with a tea in the club room in the Y. M. C. A. building. About thirty members were present.

The retiring officers acted as hostesses and Mrs. W. Arthur Cole introduced the new officers to the members. These latter are: Chairman, Mrs. C. T. Moore; and the following managers: Mrs. Roy E. Clark, financial; Miss Grace Haight, library; Mrs. Alexander Chambley, house; Mrs. F. W. Stites, social; Mrs. David D. Stickney, membership, and Mrs. Walter Dothard, athletic.

Mrs. J. Harvey Gordon, of Bryn Mawr, whose husband is an officer in the British Army, was the special guest of honor. She was introduced by Mrs. Wm. Moore, and in a short talk told the club members of the work being done by Queen Mary's Guild, the organization of English women who are making clothing and various needed garments for the soldiers in Europe. Many branches of the Guild are being started in this country and Mrs. Carroll Downes was appointed to take charge of the work in Narberth.

The club membership is growing and the new officers are planning interesting meetings for the coming months. Meetings will be held every Tuesday afternoon from 3 to 5 o'clock, in the club room and all Narberth women are invited to attend.

COUNTY HAS BIG BALANCE.

The County Treasury was enriched to the extent of \$220,855.41 over a general disbursement of \$50,274.92 during the month of September, according to the balance in the hands of Treasurer H. P. Keely, as of October 1.

This large increase is due to the total income during the final days for the payment of county and State tax, which time expired on September 15 last, and the fact that, under a recent law, the entire amount collected for State tax is returned to the county by the State. This year this item amounts to \$238,699.12.

NARBERTH WINS IN BASKET BALL

The Narberth Athletic Club, in their first practice game of the season, defeated the Milton Basket Ball Club of Philadelphia by the score of 33 to 8.

C. Humphreys and "Jack" Jeffreys were the two main assets for the local team, while Eisensteen did the honors for Milton. The line-up was as follows:

- Narberth A. C. Milton B. C.
- C. Humphreys ..forward.....Corson
- * F. Harch ..forward.....Eisensteen
- O. Humphreys ..centre.....Sinbaul
- A. P. Redifer ..guard.....Lavine
- J. Jeffreys ..guard.....Jaslow

Field goals: Narberth—C. Humphreys 10, O. Humphreys 1, Jeffreys 1. Milton—Eisensteen 1, Jaslow 2. Fouls: Narberth—Jeffreys 2, C. Humphreys 1. Milton—Eisensteen 2.

* D. Odell played for Harch in second half.

NARBERTH TENNIS ASSOCIATION.

The tournament of the Narberth Tennis Association is slowly being brought to a close, the semi-finals of mixed doubles being played last week, Miss Mary Rowand and Mr. Stanley Kitchel defeating Mr. and Mrs. W. R. D. Hall two sets to one; Mrs. Lloyd P. Drinker and Mr. W. J. Kirkpatrick defeating Mr. and Mrs. A. T. Grugan, 6-1, 8-6. Final resulted in Mrs. Drinker and Mr. W. J. Kirkpatrick winning from Miss Mary Rowand and Mr. S. Kitchel, 6-3, 6-3.

There are still three matches to be played in consolation mixed doubles. Mrs. E. L. Kanaga and W. Cowin play Miss E. Humphreys and Robert Town; Mrs. Rezo Brooks and Andrew Greene play Miss Mildred Harris and Charles McCarter. The winners of these two matches to play in the finals.

CHILD LIFE CHAPTER.

Members of the Child Life Chapter please remember the next meeting will be the first Friday afternoon in November, in the Community Club Room.

Mrs. Lester Nickerson has kindly agreed to entertain the children of the mothers who wish to attend the meeting, at the home of Mrs. F. H. Harjes, 201 Forrest avenue.

It is hoped that all members will be present, as a very important subject is to be discussed.

SCHOOL QUESTION OF VITAL IMPORTANCE DISCUSSED BY MR. LOOS

(Continued from First Page)
loan bills prepared by them with the
utmost, painstaking care.

Opinion of Present Board.

I learn that the board, as at present constituted, is still of the opinion that there should be a complete plant on the present site. They will recommend a new four-roomed building, to the east of the present buildings, detached, but connected by a covered archway. This will cost approximately, it is estimated, about \$18,000. A new heating-plant in the present building is absolutely necessary; at a slightly increased cost, one large enough to heat the new building could be installed. This would probably cost \$6000 to \$7000 additional.

The securing of additional room for a playground remains as much a necessity as ever. There was great danger that the opportunity to buy the lot adjoining the present grounds would be lost by its sale for building purposes. Through the prompt action and generosity of Mr. A. C. Shand, who purchased the land, to hold until the School Board wants it, this danger was averted. This action on the part of Mr. Shand, one of our most public-spirited and far-seeing citizens, who is constantly showing his faith in the future of Narberth in many ways, should have great weight with all thinking people. It would not be fair to him, to allow him to carry the burden of holding this lot for any extended time. Had he not taken the step he did, the lot would surely have been sold for building purposes, or advanced to a high and speculative price. Its purchase should be provided for in the new loan.

Growing Demand for Admission.

As for a centrally located, separate school building for the lower grades, this will certainly be needed within the next three to five years, as indicated by the constantly growing demand for admission to the school. The conditions now existing in the first grade, will next year exist in the second, and so on, from year to year through all the grades. Each of the eight grades will require two rooms, and a new building will be needed. This should be located on the south side, and it would be an economy to select a location at this time, and provide for its purchase in the new loan. If this be not done now, the locations will all be gone, or at least very much advanced in price.

Interest of Citizens at Heart.

The School Board is now, and always has been governed in its actions by a high sense of duty and responsibility to the borough, and by what it deems to be for the best interests of our citizens, from an educational and economical point of view. Having ample room on the present school site for the immediate addition needed, and the center of population of the borough being now midway between the station and the present location, their plan, as outlined above, seems to them the only logical one to adopt. The board would certainly be willing to co-operate with those parents who consider their children too delicate to walk to the school in very inclement weather, in providing a satisfactory bus service.

My object in calling attention to this question at this time is, because of the near approach of the November election soon after which the School Board will prepare and file a petition at Norristown, calling for a vote at a specified time and place on the proposed loan. It must not be overlooked, that when this petition is filed, the exact location of the proposed new building or buildings must be specifically stated. If this be not done, it will seriously interfere with the advantageous sale of the bonds. The loan bill having been twice defeated, the utmost care should be taken that this should not happen again. Citizens and board should get together, and agree upon a plan that will surely go through, before the petition is filed, so that our children—our most precious possessions—may have the best equipment we can give them. We already have a splendid faculty, presided over by an ideal principal—an organization of which we may well be proud. Let us add to this an equipment which will fit our children bodily as well as mentally to become citizens of the highest type.

A. J. Loos.

Haverford avenue will be very much improved in its appearance after various signs have been removed from sidewalks as ordered by councils.

OBITUARY.

Mr. George Welker, aged 77 years, died Saturday afternoon at the home of his daughter, Mrs. W. B. Smith, corner of Windsor and Dudley avenues. Mr. Welker had been stricken with paralysis nearly six years ago while visiting Mrs. Smith, and has been an invalid in her home since that time. The body was removed to his former home at Kane, Pa., where interment will be made.

Mr. Henry Russell died on Monday morning, at the home of Mr. C. A. Roberts, on Elmwood avenue. Funeral was held on Saturday at 2 P. M.

ACCIDENT TO NARBERTH BUSINESS MAN.

Mr. John Crist sustained rather serious damages to his automobile while returning from the Philadelphia markets early one morning last week. While rounding the corner at Parkside and Belmont avenues a motorcycle crashed into his car. The rider, who was going at a terrific speed, had presence of mind enough to raise his feet, striking feet first, thereby saving his life; as it was, he was rendered unconscious and was taken to the hospital, where he is reported to be recovering. The motorcycle was wrecked.

TO THE MUSIC LOVERS OF NARBERTH

The Presbyterian Men's Club are continuing their activities by arranging a musical treat for their next monthly meeting.

Try this for yourself. Mark your calendar, at once, on November 8, to be set aside to bring your wife and spend a pleasant evening with us. The program is in charge of a popular musician and we feel confident that you will go home glad for having enjoyed a musical evening with the Presbyterian Men's Club, NOVEMBER 8.

Business has been expanding to such an extent that it is necessary for the Narberth Tailoring Company to seek larger quarters, and it is reported that there will soon be erected a new building in the business section for this purpose.

Mr. Horace R. Hillegas moved into his new home on Elmwood avenue, on Saturday. The house, of Spanish mission design, has Colonial interior furnishings. It is of white cement, with red tile roof, and is indeed very striking in appearance.

Daniel B. Howard, of Carlisle, Pa., spent the week ending October 16 with his brother, William S. Howard, proprietor of Howard's Drug Store, one of Narberth's new enterprises.
