Independent and Progressive

Baldwin Directory Company, Inc., publisher of this city directory and the world's largest independent publisher of city directories, is in no way connected with any national association, combination or directory "trust". Its policies are laid down with a view to serving the individual directory subscriber and the general public. It is a progressive company, constantly on the alert to improve its service.

The ABCD type of city directory was originated by the Baldwin Directory Company, Inc. While many publishers have been content to rest on their laurels, issuing the same type of directory used thirty years ago, the Baldwin organization has led the way to the production of a modern city directory to meet modern selling and credit conditions.

Newspapers, chambers of commerce, merchants' associations and individual business concerns are invited to write for particulars concerning this type of directory service. In the future, as in the past, Baldwin directories will stand for the highest ideals in public service.

INTRODUCTION

Baldwin Directory Company, Inc., publisher of your city directory, takes pleasure in presenting the 1936 edition to the general public. A large force of trained enumerators and solicitors worked diligently in the preparation of this volume and we are confident that the result is an authentic and useful city directory.

We have faith in the continued growth of your city and we believe that our directory will take its place as one of the vital instruments for the advancement of the community. Subsequent editions will be issued promptly and regularly.

This volume is an example of the ABCD type of city directory as originated and developed by the Baldwin Directory Company, Inc. In the modern business world with its greatly changed sales and credit systems, the old type of directory has become completely obsolete. In adapting the directory to modern conditions the Baldwin organization is the pioneer. The excellent city directory which your city now has is the result of the progressive spirit of this company and its accurate interpretation of modern business requirements.

SEVEN DIVISIONS OF THE BOOK

The principal parts of the Baldwin Directory are as follows:

1. **The Miscellaneous Directory** contains a great deal of useful information concerning the national, state and local governments. In it are listed the names of members of congress and the state legislature, city and county officials.

2. **The Buyers' Guide, Civic Section and Professional Blue Book** is made up of the advertisements of the leading business firms of the city, announcements of churches, clubs, lodges, associations and schools, and professional card of public-spirited lawyers, physicians and dentists. The display spaces have been carefully grouped and indexed under headings which are descriptive of the business engaged in by each firm. The Buyers' Guide, when properly arranged and distributed, is of tremendous value in the building of business in the community.

INTRODUCTION

3. **The Resident Directory** contains most of the data concerning the individual. The wife's name is given in parentheses, and the number of dependents under 16 is shown as well as the ownership of homes. This is followed by position, place of employment and home address.

4. **The Householders' Directory** contains a complete directory of streets and avenues, properly located, gives the names of all householders arranged as they come upon the streets and avenues, indicates ownership of property.

5. **The Business Directory and List of Nationally Advertised Brands** contains the names of all business firms, professional people and non-profit organizations, properly classified. In this division are also listed the names of nationally advertised brands of merchandise, with the name of the local agents and distributors.

6. **The Numerical Telephone Directory** contains telephone numbers arranged in numerical sequence.

SPECIAL ABCD FEATURES

The following valuable information which appears in the ABCD type of directory is not to be found in the old-style city directory.

- Number of dependents under 16;
- Designation of home ownership.
- Telephone Numbers on Street Guide.
- Numerical Telephone Directory.
- Nationally Advertised Brands.

In addition to these valuable features, the ABCD type of directory is more conservatively styled, printed on better paper and more beautifully bound arranged for more convenient use and contains a much more complete civic section. Directory stands are maintained in the business district for the use of the general public.

THE HOUSEHOLDERS' SUPPLEMENT

After including every conceivable feature which would tend to make the directory as useful and attractive as possible, the originators of the ABCD type of directory made one more bold stroke — they established a guaranteed **home** circulation for all advertising matter by issuing the Householders' Supplement and delivering it to the homes of the community. Every advertisement which appears in a Baldwin directory also appears in the Householders' Supplement, making the Baldwin Directory "America's greatest dollar-for-dollar advertising medium" today.

Hotels—3, with total of 250 rooms.

Railroads—namely, the Atlantic Coast Line, north and south; Southern, to the middle and extreme west; Atlantic and North Carolina operating east from Goldsboro to the port terminals at Morehead City. These terminals are used for both coast-wise and transatlantic transportation.

Highways—Goldsboro is the "hub" of a network of hard-surfaced highways being the junction of national highway No. 70 from the Atlantic Coast on the east to the Pacific Coast on the west, No. 117 reaching from Maine to Florida and a number of other state and national highways.

Airports—Goldsboro has a municipal airport which is in direct route for north and south air transportation.

Amusements and Recreation — Goldsboro has two moving picture theatres, a high school auditorium, a

municipal auditorium in the City Hall, parks, playgrounds, public and private swimming pools, golf courses, and indoor gymnasiums. Playgrounds are maintained under professional supervision in every section of the city.

Community Building—At the close of the World War, the citizens of Goldsboro and Wayne County, of which Goldsboro is the County Seat, desired to pay tribute and to memorialize the young men of our city and county who served in the war, and, immediately following the signing of the Armistice, Goldsboro business interests launched a campaign to provide a memorial building. This building was erected at a cost of \$100,000, was financed entirely through public subscription by patriotic citizens of Goldsboro and Wayne County, and was the first memorial to be erected in the United States, following the close of the war, dedicated to World War heroes. This building, today, has provided recreational and educational facilities to the entire citizenship of Wayne County. It has a spacious auditorium and gymnasium where school athletics and dramatics from every section of the state are staged. It also contains a spacious heated swimming pool with a special director in charge. Our Associated Charities, Boy and Girl Scouts, American

Legion, American Red Cross, Dramatic Clubs, and other civic and social activities have headquarters in this building. The entire building is under the supervision of a trained staff of directors in athletics, dramatics, etc.

Hospitals—Goldsboro has two public hospitals, one of which is financed and operated by the City of Goldsboro and the County of Wayne, and the second being a branch of the State Orthopaedic Hospital. Goldsboro is the home of North Carolina's Odd Fellows' Orphanage, which provides for scores of motherless and fatherless boys and girls. The State Hospital for the Colored Insane, which is the largest in the world, is also located in Goldsboro.

Education — Goldsboro maintains, through its tax system, 11 public graded schools valued at \$2,000,000. These schools provide, annually, educational facilities for 5,021 children. 123 school teachers were employed for the year 1936. Our High School is one of the most modern and well equipped buildings of learning in North Carolina. It is beautiful in architecture and equipped with the most complete libraries, science, manual training and domestic science laboratories, such as one would expect to see in a much larger city. It

boasts of spacious class rooms and an auditorium with a seating capacity of 1,500. It has a modern stage, with adequate stage scenery, dressing rooms, and every equipment needed to stage dramatic and educational programs. Our school system includes in its activities, athletics of every nature, including basket-ball, foot-ball and base-ball.

Our primary and grammar schools are located in various sections of the city, where they are most convenient to the students attending them.

While the State of North Carolina provides an 8 months school term, our city has just held an election for a special school supplement which will provide the children of Goldsboro with a 9 months school term. Graduates from the Goldsboro High School are equipped to enter any of our state colleges or universities.

City Statistics—Miles of paved streets, and sidewalks—30. Miles of gas mains—20. Sewers—35. Number of water meters—3,000 (in many cases several families are using the same meter); light meters—4,034; gas meters—1,200. Capacity of water works (municipal) 2,500,000 gallons; daily average pump—900,000 gallons; miles of mains—35. Value of plant—\$1,500,000. Fire department has 18 men with 2 stations and

10 pieces of motor equipment and is approved and recognized by the National Fire Insurance Underwriters. Police department has 20 men with one station and is equipped throughout with motor vehicles.

GENERAL REVIEW

Goldsboro is the county seat of Wayne County, one of the leading manufacturing and agricultural counties of North Carolina. It is the home of thirty well-established manufacturing plants. The agricultural resources are practically unlimited, and Wayne County produces, annually, an average of thirty thousand bales of cotton, fifteen million pounds of tobacco, and tons of grain, hay and other food crops to say nothing of live stock and poultry. Goldsboro is the marketing center for these commodities, which makes it a prosperous city and a desirable one in which to locate.

The population of Goldsboro in 1910 was 6,107; in 1920—11,296; in 1930—14,985, and today Goldsboro has 17,778 residents. The city is the shopping center of nearly 200,000 people residing within a radius of twenty-five miles.

Goldsboro, due to the nature of its surrounding territory, its geographi-

cal location and its unsurpassed facilities, is rapidly developing into a commercial center. Recently several large manufacturing plants have located distributing branches here. Twenty-six passenger trains run to and from the city daily, which naturally is advantageous to the commercial traveler doing business in eastern North Carolina.

Goldsboro was incorporated in 1847 with a population of 100 people. In the years that have elapsed since then, Goldsboro has pursued the even tenor of its way, and its citizens have been content to enjoy and prosper under its advantages until it has secured a foundation on which to create a citizenship that can withstand the storm of panics, short crops and the greed of politicians. In the building of this city to date, ideal citizenship has been kept constantly in mind, and with the greater duration there comes the charm of contact with a hospitable, democratic class of citizens whose ideals are based on character rather than bank account. Our city has given to our state and nation many prominent men. Goldsboro has supplied two governors of North Carolina, the first being Willis Brogden, and the second being Charles B. Aycock. Governor Aycock during his administration launched the great educational movement in North Car-

olina, which was responsible for the fact that, today, our state is one of the foremost educational states in the union. It is the home of many colleges and universities that are attended, annually, not only by students from every section of this state and nation, but by students from many foreign countries. Goldsboro has supplied the state of North Carolina with supreme court judges, superior court judges, some of the state's greatest educators and several national cabinet members.

Goldsboro has an ideal climate, being the dividing line between the frigid climate of the North and the enervating climate of the tropics. Here are found nine months of summer, with only three of autumn or winter temperature, none unpleasant.

Here one is within a daylight journey of New York, Philadelphia, Baltimore, Washington, Savannah, Atlanta and Jacksonville.

Here one is within a thirty-hour ride of Boston, Quebec, Montreal, Toronto, Buffalo, Cleveland, Cincinnati, Detroit, Chicago, St. Louis, Louisville, Memphis, New Orleans, Mobile and Palm Beach, embracing an area containing a population of over seventy million.

Here one is within a few hour's ride of the finest surf bathing on the Atlantic Coast on the beaches or Wrightsville, Morehead City and Beaufort; and here one can live in the warmth of a genial sun and yet be in touch with the life of the nation.

Health conditions are ideal, the death rate averaging less than nine to a thousand. The city owns its splendid water system, furnishing at a minimum cost the purest of soft drinking water. Goldsboro has seven social and civic organizations working in harmony and for one special purpose, which is to build a city which meets the requirements of every class of people. Living conditions, from a health stand-point are beyond criticism and living conditions from a financial stand-point are within the means of all. Electric power, gas, telephone and water rates are equal to those of the average city. Being located in an agricultural district, country produce is plentiful and reasonable in price. All roads leading into Goldsboro are hard-surfaced. Hotel facilities are ample. Board and room in private homes is available and modern apartment houses have been provided.

Wayne County ranks high in agriculture. Here are grown hay, alfalfa,

field peas, cabbage, beets, beans, English peas, truck garden products, strawberries, dewberries, huckleberries, melons, peaches, plums, cherries, apples, pecans and numerous products of the soil. This is the land where three crops can be grown on the same soil during the year, and a land which, by reason of its freedom from rocks, is easily and economically tilled. Here can be produced from one acre of land, 1,500 pounds of tobacco, or 1,500 pounds of cotton.

Thirty years ago Goldsboro was a village of very few inhabitants. The soil, always unusually fertile, had scarcely begun to yield the wealth that is now pouring out in such abundance. The production of tobacco, now a great industry, was then only being introduced in this section. The contrast between the Goldsboro of that day and 1936 is amazing. Population has greatly increased. Manufacturing industries employing hundreds of workers at a good scale of wages now occupy acres that were then open fields.

Today Goldsboro is an ideal location for factories. The diversified industries now here are in a flourishing condition, developing to a marked degree each year, and the combination of climate, location,

transportation, health, hospitality and other favorable conditions will produce a substantial and steady growth in population and wealth, justifying the judgment of investors and homeseekers who locate here.

Wayne County has good roads of great importance to the farmer and the motorist, and adding to the pleasure and convenience of all who reside in this section.

It is recognized today that the great South, with its amazing number of undeveloped resources and possibilities of development, its superior conditions for agricultural production, and its healthful and charming climate, affords the best field of opportunity. The only debatable question is: Which Southern state and what location in that state offers the best combination of the particular conditions one desires.

Wonderful is the South, and great beyond our dreams will be its future, but in all these Southern states there will be none to compare in the rapidity of its growth with the pre-eminently well-favored state of North Carolina.

Write or wire our organization for detailed information about Goldsboro.

WAYNE COUNTY

A section that offers attractive possibilities and opportunities to home-seekers, regardless of their trade or profession, Wayne County is located in the great agricultural section of North Carolina. While its major industry is agriculture, Goldsboro is the county seat and is the center of a great manufacturing section. Goldsboro, due to its transportation facilities, hydro-electric power, all-American white and colored, male and female labor and its access to numerous raw materials including lumber, clay, cotton and numerous farm commodities, ships its manufactured products consisting

of lumber, furniture, agricultural implements, stock seed, cotton seed oil products, grits, meal and numerous other commodities to every state in the nation. The preface in the front of this book gives more detailed information regarding Goldsboro and Wayne County and we invite your attention to this preface. It will give us a great deal of pleasure to furnish detailed information to anyone interested in locating in our section, where our summers are pleasant, our winters are mild and our hospitality makes everyone who locates with us feel at home.

Resident Directory

1936

Containing the full name, husband or wife's name, number of children under 16, designation of home ownership, position and employer and home address of all persons over 16 years of age, residing in Goldsboro and environs

The publishers wish to express their appreciation to the business and professional establishments for the splendid co-operation and valuable assistance given them in the preparation of this volume.

A list of the abbreviations used in this directory will be found on page 52 and a general index on page 3. The information herein contained was taken by trained enumerators in a house-to-house canvass of the city and adjacent territory, and checked with data supplied by employers. The publishers offer it as the most reliable information available but do not assume any responsibility for errors.

For Population of Greater Goldsboro see Page 2

Number of dependents under 16 is indicated after name, and telephone number, if a subscriber, after address.

On the page following are listed abbreviations used in this volume.

EXPLANATION

All people sixteen years or over are listed.

Wives are listed with husbands, the wife being shown in parenthesis as follows: Smith Robt R (Mary L).

The number of children under sixteen years is shown after the wife's name as follows: Smith Robt R (Mary L) 3.

The ®, both in the resident directory and the householders' directory, designates ownership of the home.

In case of a natural widow this fact is shown with the name of the deceased husband in parenthesis, whenever possible, as follows: Smith Mary L (wid Robt R).

The occupation and place of employment are shown as follows: Smith Robert R (Mary L) clk Hub Clothing Co.

The residence of each person is shown, "h" denoting a householder or head of the family, "r" denoting people in the home. Only one person at each home should be shown with the "h." Thus, a circular mailed to each householder will reach every home in the city.

Married women, engaged in some other occupation than housekeeping, are listed individually in addition to their regular listing with their husbands, as follows: Smith Mary L (Mrs Robt R) bkpr Henry Jones & Co r 210 Main.

Names in heavy type denote patrons of the directory and are usually the leading firms in each line of business.

Persons living outside the city limits and receiving mail in the country are marked RD.

The letters BD shown on some entries indicate Buyers Directory.

Colored is shown by a ©. The publishers are very careful in using this, but do not assume any responsibility in case of error.

This directory contains all the regular departments of the modern city directory and many features used by no other publisher in the United States.

A numerical telephone directory will be found in the back of the directory listing each telephone according to number.

A Rural Route Directory will be found in back of this volume.

The classified business directory lists each firm according to line of business.

The numerical street directory lists each street alphabetically and each house according to number with the street intersections as they appear. After each householder's name will be found his telephone number. In case he has no telephone the nearest telephone may be found. The ® denotes householders who own the house in which they live.

The buyers guide carries the printed messages of the city's leading business and professional firms arranged alphabetically according to classifications.

This directory shows the exact population of the city and environs at the present time.

BALDWIN DIRECTORY SERVICE is UNIQUE

No other publisher in the United States offers to the public a directory of the type issued by the Baldwin organization. Business firms using Baldwin Directory service are unanimous in their acclaim of its many unique features.

AMERICA'S FINEST DIRECTORIES

Baldwin Directories offer tremendous advertising value through the new Householders' Supplement which is presented to the homes of the community at no extra cost

The Greatest Directory Advertising

A conspicuous and attractive advertisement can be purchased in any Baldwin Directory at an extremely reasonable price. When making up his budget for publicity the wise advertiser will remember the many special features of Baldwin service. He will take into consideration the large home circulation, the convenient arrangement of the display space, the excellence of the printing and binding and the number of times the directory is actually referred to each day of the year.

The primary purpose of the Baldwin organization is, of course, the supplying of accurate and reliable directory information promptly and regularly at the lowest possible cost consistent with good service. For this reason it is possible to price the advertising space far below the amount which would be charged on the basis of value if the book were primarily an advertising medium. *There is no advertising medium in the South today which offers as much actual advertising value per dollar invested as Baldwin City Directories.*

EVERY BALDWIN DIRECTORY MUST CONFORM
STRICTLY TO THE SPECIFICATIONS PRE-
PARED BY BALDWIN DIRECTORY
COMPANY, INC.

The Baldwin organization is ever on the alert for suggestions and recommendations which may increase the value of its service. At all times it cooperates with the local Chambers of Commerce, Merchants' Associations, newspapers and commercial organizations. Its work is carefully planned and painstakingly executed.

All information supplied is authentic; a double-check system is used to insure accuracy. Trained census managers and enumerators check and re-check all data which appears in the city directory. The information is secured by a house-to-house canvass of the territory covered.

THE HOUSEHOLDERS' SUPPLEMENT

The Householders' Supplement is carefully prepared to meet the requirements of the home. It contains a complete business directory of the city, a civic section with full-page announcements and photographs of the larger churches, clubs, libraries, schools, public buildings and civic institutions and a list of nationally advertised brands of merchandise with the name and address of the local agent or distributor.

Newspapers, Chambers of Commerce, Merchants' Associations and others interested in further information concerning Baldwin Directories should write

Dollar - for - Dollar Value in America

Every advertisement appearing in a Baldwin City Directory will be found also in the Householders' Supplement. The distribution plan for the Supplement is thoroughly worked out and each copy is personally presented by a representative of the civic and commercial organizations of the city. The homes receiving copies of the Supplement are carefully selected and there is very little dead circulation; almost every copy is referred to daily. *The live circulation of a Baldwin Directory advertisement is actually from five to ten times that of an advertisement appearing in an average city directory, and the Baldwin distribution is primarily in the home.*

SPECIAL FEATURES

In addition to all of the regular departments usually found in city directories, Baldwin Directory service offers many exclusive features. Some of these are as follows:

1. All home owners are designated in the alphabetical resident directory and also in the street guide.
2. The number of children under 16 is shown after the name of the head of each family.
3. A numerical telephone directory is given.
4. A telephone guide arranged by streets is included.
5. Each nationally-advertised brand of merchandise is listed under the proper business classification, with the name and address of the local agent or distributor.
6. Full-page announcements, with photographs when possible, of all the larger churches, clubs, lodges, schools, libraries and other civic institutions are included in a special civic section.
7. The directory covers not only the city itself, but also the smaller settlements and towns in the territory immediately adjacent.
8. The book is beautifully and durably bound in imitation leather.
9. Directory stands are installed in all public places so that the general public may have access to the directory at all times without cost.
10. An exact census is taken of each community and the directory gives the population.
11. The advertising is conveniently arranged to give the subscriber and the advertiser the best possible service.
12. A Householders' Supplement is issued in each city for the use of individuals in their homes. This gives the Baldwin Directory a circulation five to ten times greater than the average directory.

UNITED CHAMBER OF COMMERCE
Anniston, Alabama

December 26th, 1935.

Gentlemen:—

I wish to congratulate the Baldwin Directory Company, Inc., for the splendid City Directory of Anniston recently delivered. It far exceeds our expectations.

I have purposely waited to so express myself until I have had an opportunity to get an opinion from the general citizenship as to its correctness, utility, etc. The supplements are very much in demand and are appreciated by the recipients of the advertisers.

Cordially yours,

CHARLES F. VARN, Sec. & Mgr.

CHAMBER OF COMMERCE
Orangeburg, S. C.

November 16th, 1935.

Gentlemen:—

Have just finished studying the new directory and its supplement, and can sincerely compliment you upon a very satisfactory and highly efficient piece of work. If I can recommend this, or can be of any service to you, will be glad to give it without any frills attached.

Very cordially yours,

ORANGEBURG CHAMBER OF COMMERCE,
W. D. CHITTY, Sec.

CHAMBER OF COMMERCE
Selma, Alabama

January 1st, 1936.

Gentlemen:—

I want to compliment you very highly on the recent directory which your concern published here. Many of the merchants and business people here have spoken in very high terms of it, and I felt that I should pass this on to you.

Very sincerely yours,

HUNT FRASIER, Secretary-Manager.

TUSCALOOSA CHAMBER OF COMMERCE
Tuscaloosa, Alabama

November 26th, 1935.

Gentlemen:—

We would like to add that in our opinion this directory is as complete as one could desire, and we were pleased to give the little assistance we did.

Yours very truly,

TUSCALOOSA CHAMBER OF COMMERCE,
A. B. LEACH, Secretary-Manager.

MACON TELEGRAPH PUBLISHING COMPANY
Macon, Ga.

January 23, 1936.

Gentlemen:—

I have inquired of the editors and reporters in our news department and they state that yours is the best directory that they have ever seen.

Viewing the publication from all standpoints, it is highly satisfactory.

Yours very truly,

W. T. ANDERSON, Publisher.

Newspapers, Chambers of Commerce and Merchants' Associations interested in securing Baldwin Directory service for their communities should communicate with the Baldwin Directory Company, Inc., Charleston, South Carolina.

PENNEY'S GOODS ARE GOOD GOODS

5 Reasons
**WHY YOU CAN SAVE
AT PENNEY'S**

1. Because we keep store the thrifty way, eliminating all costly store frills.
2. Because we buy for cash, in economical quantities at exactly the right time.
3. Because you take no gamble on quality, no risk.
4. Because we sell only for cash . . . you don't help pay other people's bad debts.
5. Because we maintain no delivery service . . . an armful of bargains is no burden.

These 5 major savings Penney's gives you in consistently lower prices. Compare for yourself!

*Responsive to Our Town's Social, Civic and
Business Welfare*
