Measure No. 1**Common School Fund Constitutional Amendment**

Proposed by the Fifty-fourth Legislative Assembly by House Joint Resolution No. 7, filed in the office of the Secretary of State June 28, 1967, and referred to the people as provided by Section 1, Article XVII of the Constitution.

Explanation**By Committee Designated Pursuant to ORS 254.210**

Measure No. 1 is a proposal that will authorize the State Land Board, with Legislative approval, to expend money from the Common School Fund for improvement of lands under its jurisdiction, and to manage its lands to obtain the greatest benefit for the people of this state consistent with the conservation of the resource. Under the present Constitution, the Common School Fund, which is derived from state land sales over the past century, is "irreducible." This language narrowly restricts what can be done with land income, interest income, and the principal of the fund itself.

The Land Board manages about 600,000 acres of scattered grazing lands in Eastern Oregon; approximately 130,000 acres of timberland in Western Oregon, and the beds of most navigable waters in the state. In managing these lands, the Board is now restricted to a single objective—to maximize its cash income. It cannot spend for fencing, seeding of rangeland or improvement of its lands generally, even though such improvements could enhance its income in the long run. The Board normally cannot set aside land for public recreation, parks or scenic purposes.

The proposed amendment will remove this strict cash income objective, permitting land uses varying with the location, type of land and needs of the citizens of the state. In addition, it will permit the Board to spend moneys from the Common School Fund on worthwhile land improvements. All expenditures, however, must be reviewed and approved by the Legislature under usual budget procedure.

As of January 1, 1968, the permanent Common School Fund was \$14,896,261, and is increasing at an average of \$319,812 per year for the past ten years. In addition to the permanent fund, the Land Board has various annual revenues that are distributed to the school districts of the state. These revenues have averaged \$1,543,181 per year for the past 10 years and have been increasing regularly. Last year's distribution was \$3,189,162. The fund that is distributed to schools annually consists of earnings from the land (58.3%) and interest earned (41.7%).

Depending upon how these funds have been budgeted in each district, the immediate effect may be to increase property taxes by a small amount, probably not in excess of one half of one percent. As land improvements are made and as land earnings are increased, it is predicted that the eventual return will more than offset this temporary effect on local property taxes by increasing the interest distributed.

Under the amendment proposed, all sources of revenue will go into one fund. From this fund, land improvements can be made and the cost of operating the Land Board staff can be paid. The fund itself will be invested and the interest earnings distributed to schools annually. Because land income is now distributed rather than invested, the short range effect will be to reduce the amount distributed, but as lands are improved, the long range effect will be to increase both the principal fund and interest distributed each year.

Measure No. 1

Argument in Favor

**Submitted by Legislative Committee Provided by Subsection (3) of
ORS 255.421**

The land area owned by the State of Oregon and administered by the State Land Board is small when compared to Federal land holdings in Oregon. Nevertheless, state owned lands should be prudently managed to furnish as much revenue as possible to the Irreducible Common School Fund provided for by the Constitution. If you adopt this measure, prudent management will be authorized and required.

Under the present provisions of Sections 2. and 5. of Article VIII. of the Constitution, all revenues from leases and interest on earnings from the sale of land are distributed each year. None of these revenues can be used for good management practices to increase productivity of the lands. In its natural state, much of the land has a low level of productivity and income.

Studies authorized by the Legislature and conducted by Oregon State University, concluded that productivity could be quadrupled by such simple procedures as sagebrush spraying, reseeding, draining and filling. However, under present Constitutional provisions, the State Land Board is a mere caretaker. Your adoption of these amendments will enable the state to gain a much greater return from these public lands.

Furthermore, the new language will allow state lands best suited to scenic and recreational use to be set aside for such purposes.

This Constitutional Amendment is referred to you by the affirmative vote of 86 of your 90 legislators. We urge your support of Measure No. 1. so the Common School Fund and each and every one of you can benefit from the use of sound techniques of land management and conservation on Oregon's publicly owned lands.

Measure No. 2

Constitutional Amendment Changing Initiative Referendum Requirements

Proposed by the Fifty-fourth Legislative Assembly by House Joint Resolution No. 16, filed in the office of the Secretary of State June 28, 1967, and referred to the people as provided by Section 1, Article XVII of the Constitution.

Explanation

By Committee Designated Pursuant to ORS 254.210

The proposed constitutional amendment has three main purposes:

First, to change the basis for determining the number of signatures required for initiative and referendum petitions from a percentage of the total votes cast for Supreme Court Justice to a percentage of the total votes cast for Governor at the preceding election at which a Governor was elected for a four year term.

Second, to repeal several obsolete sections of the existing Constitution relating to the mechanics of bill preparation in the Legislative Assembly and to the rights of a member of the Legislative Assembly to introduce measures. The repeal also would remove archaic and redundant language from existing section 1 a, Article IV, and would combine the initiative and referendum powers reserved to the legal voters of municipalities and districts with the initiative and referendum powers reserved to the people of the state. These repealed sections are purely "clean-up" of the wording and in no way do they diminish the power of the people to initiate or refer measures.

The third purpose introduces new language into the Constitution. Both the present Constitution and this proposed amendment provided the same final date for the filing of initiative and referendum petitions. However, this amendment proposes allowing an additional 15 day period beyond the final filing date during which signatures in support of initiative and referendum petitions can be certified by the county clerks to the Secretary of State.

The percentage figures contained in Ballot Measure No. 2 are less than those set forth in the present Constitution. Proposed initiative for constitutional amendment 8%, now 10%; proposed initiative for law 6%, now 8%; proposed referendum petitions 4%, now 5%.

Generally speaking, the number of signatures required under the proposed constitutional amendment would be in the middle range of the high and low fluctuations that result from the percentages presently required. However, the proposed amendment provides for a base (votes cast for Governor) which would be more stable and consistent from election to election than the present base (votes cast for Supreme Court judge) which in the past has fluctuated considerably. For example:

10%	Total Vote Supreme Court Judge	Year	Total Vote Governor	8%
32,849	328,485	1950	505,910	40,473
46,748	467,483	1952		40,473
40,090	400,897	1954	566,701	45,338
48,125	481,248	1956		45,338
42,139	421,391	1958	599,994	48,000
53,049	530,489	1960		48,000
46,381	463,813	1962	637,407	50,993
65,312	653,117	1964		50,993

CONSTITUTIONAL AMENDMENT

Be It Resolved by the Legislative Assembly of the State of Oregon:

(1) Sections 1 and 1a, Article IV of the Constitution of the State of Oregon, are repealed, and the following section is adopted in lieu thereof:

Section 1. (1) The legislative power of the state, except for the initiative and referendum powers reserved to the people, is vested in a Legislative Assembly, consisting of a Senate and a House of Representatives.

(2) (a) The people reserve to themselves the initiative power, which is to propose laws and amendments to the Constitution and enact or reject them at an election independently of the Legislative Assembly.

(b) An initiative law may be proposed only by a petition signed by a number of qualified voters equal to six percent of the total number of votes cast for all candidates for Governor at the election at which a Governor was elected for a term of four years next preceding the filing of the petition.

(c) An initiative amendment to the Constitution may be proposed only by a petition signed by a number of qualified voters equal to eight percent of the total number of votes cast for all candidates for Governor at the election at which a Governor was elected for a term of four years next preceding the filing of the petition.

(d) An initiative petition shall include the full text of the proposed law or amendment to the Constitution. A proposed law or amendment to the Constitution shall embrace one subject only and matters properly connected therewith.

(e) An initiative petition shall be filed not less than four months before the election at which the proposed law or amendment to the Constitution is to be voted upon.

(3) (a) The people reserve to themselves the referendum power, which is to approve or reject at an election any Act, or part thereof, of the Legislative Assembly that does not become effective earlier than 90 days after the end of the session at which the Act is passed.

(b) A referendum on an Act or part thereof may be ordered by a petition signed by a number of qualified voters equal to four percent of the total number of votes cast for all candidates for Governor at the election at which a Governor was elected for a term of four years next preceding the filing of the petition. A referendum petition shall be filed not more than 90 days after the end of the session at which the Act is passed.

(c) A referendum on an Act may be ordered by the Legislative Assembly by law. Notwithstanding section 15b, Article V of this Constitution, bills ordering a referendum and bills on which a referendum is ordered are not subject to veto by the Governor.

(4) (a) Petitions or orders for the initiative or referendum shall be filed with the Secretary of State. Signatures of qualified voters on an initiative or referendum petition filed with the Secretary of State that have not been verified before the filing of the petition may be verified thereafter, but signatures not verified within the 15-day period after the last

day on which the petition may be filed as provided in paragraph (e) of subsection (2) or paragraph (b) of subsection (3) of this section shall not be counted.

(b) Initiative and referendum measures shall be submitted to the people as provided in this section and by law not inconsistent therewith.

(c) All elections on initiative and referendum measures shall be held at the regular general elections, unless otherwise ordered by the Legislative Assembly.

(d) Notwithstanding section 1, Article XVII of this Constitution, an initiative or referendum measure becomes effective 30 days after the day on which it is enacted or approved by a majority of the votes cast thereon. A referendum ordered by petition on a part of an Act does not delay the remainder of the Act from becoming effective.

(5) The initiative and referendum powers reserved to the people by subsections (2) and (3) of this section are further reserved to the qualified voters of each municipality and district as to all local, special and municipal legislation of every character in or for their municipality or district. The manner of exercising those powers shall be provided by general laws, but cities may provide the manner of exercising those powers as to their municipal legislation. In a city, not more than 15 percent of the qualified voters may be required to propose legislation by the initiative, and not more than 10 percent of the qualified voters may be required to order a referendum on legislation.

Measure No. 3**Higher Education and Community College Bonds**

Proposed by the Fifty-fourth Legislative Special Assembly by House Joint Resolution No. 2, filed in the Office of the Secretary of State, on November 22, 1968 and referred to the people as provided by Section 1, Article XVII of the Constitution.

Explanation**By Committee Designated Pursuant to ORS 254.210**

The Fifty-fourth Legislative Assembly (Special Session) has submitted to the people for approval or rejection an amendment to Article XI-G of the Constitution of the State of Oregon to which the following explanation applies:

NEW BONDING LIMITATION

Measure 3 proposes an amendment to Article XI-G which would place a limitation on the extent on which the credit of the state may be loaned and indebtedness incurred for higher education and community college educational and general purposes buildings at an amount not to exceed at any time three-fourths of one percent of true cash value of all taxable property in the state, as determined by law. It would restrict bond issues in any biennium so that they could not exceed the dollar amount appropriated from the General Fund for the same or similar educational purposes, as specifically designated by the Legislative Assembly.

The proposed amendment would take the place of the bonding authorization now under Article XI-G of the Constitution which terminates in 1969 and which provided for bonding of \$25,000,000 for higher education and \$5,000,000 for community college educational buildings.

USE OF BOND PROCEEDS

Proceeds from bonding as authorized under the proposed amendment are to be used to construct, improve, repair, equip and furnish the educational and general purpose buildings such as classrooms, libraries and laboratories for higher education institutions or for community colleges authorized by law to receive state aid. It would apply also to purchase or improvement of building sites. It would not apply to bonds for self-supporting, self-liquidating buildings such as dormitories, student centers, and health centers, which are authorized under a separate amendment of the Constitution, Article XI-F(1).

PAYMENT OF BONDS

Payment of bonds, including principal and interest, is to be made from the General Fund of the state as authorized and appropriated by the Legislature.

Measure No. 3
Higher Education and Community College Bonds
Argument in Favor
Submitted by Legislative Committee provided by
Subsection (3) of ORS 255.421

Oregon urgently needs your YES vote on State Ballot Measure 3, which offers a well-balanced, long-range plan for financing construction of classroom, laboratory and vocational educational buildings at our State Colleges, Universities and Community Colleges. This measure does NOT propose any tax increase.

Consider these facts: Enrollments in our System of Higher Education have doubled in eight years. The numbers of students in our Community Colleges are increasing even more dramatically—enrollments will be three times greater in 1970 than in 1965! These enrollment growths will continue.

Because we value human resources, we must build the educational facilities NEEDED FOR OUR SONS AND DAUGHTERS—WHEN THEY NEED THEM.

State Ballot Measure 3, which amends the Constitution, was referred to the voters by overwhelming majorities in both houses of the Special Session of the 1967 Legislature. It emphasizes balanced financing and imposes important limitations:

1. General fund appropriations must match any bond borrowing (\$1 cost for each \$1 of bonds) thus, combining two of Oregon's finest traditions—"Pay as we go" and "Pay as we grow."
2. Actual bonding authorization for each biennium under this constitutional limitation will be determined by the Legislature.
3. The bonding proposal will be used for both Community College and State System institutions.
4. Constitutional bonding capacity will never exceed $\frac{3}{4}$ of 1 percent of the true cash value of taxable property in the State. (At present this figure would be approximately \$113 million.)

Thus, passage of State Ballot Measure 3 will:

1. Make it possible to construct educational buildings when they are needed.
2. Help assure college and vocational education opportunity for our young people.
3. Ease pressure on the general fund, and on the local property base in the case of the Community Colleges.
4. Provide for both immediate and future investment into Oregon's employment opportunities and general economy.
5. Help to offset rising construction costs and loss of opportunity if needed buildings were delayed.
6. Assure a long-range financing plan for educational buildings which reaffirms to our young people that we are deeply concerned with their future, and that of Oregon.

In addition, the proposal will make possible immediate financing this biennium for three needed educational buildings: Portland State Science; Oregon State University Forestry, and University of Oregon Law.

For these, and many other important reasons, we join in support of State Ballot Measure 3 with the nonpartisan Colleges for Oregon's Future organization under leadership of former Governors Charles Sprague and Robert Holmes, many other organizations and Oregon leaders, including labor, business and industry.

EDUCATION MEANS PROGRESS FOR OREGON . . . we must move ahead by voting YES on Higher Education and Community College Bonding amendment—State Ballot Measure 3.

Sec. 1. (1) Notwithstanding the limitations contained in section 7, Article XI of this Constitution, and in addition to other exceptions from the limitations of such section, ~~{subject to subsection (2) of this section,}~~ the credit of the state may be loaned and indebtedness incurred in an amount not to exceed at any ~~{one time:}~~ time *three-fourths of one percent of the true cash value of all taxable property in the state, as determined by law.*

~~{(a) \$25 million}~~ (2) *Proceeds from any loan authorized or indebtedness incurred under this section shall be used to provide funds with which to construct, improve, repair, equip and furnish those buildings, ~~{and}~~ structures and projects, or parts thereof, and to purchase or improve sites therefor, ~~{except self liquidating and self supporting buildings or projects constructed pursuant to section 2, Article XI F(1) of this Constitution, that are}~~ designated by the Legislative Assembly for higher education institutions and activities ~~{, and}~~ or for community colleges authorized by law to receive state aid.*

Any dollar amounts appropriated to meet the requirements of this subsection shall be specifically designated therefor by the Legislative Assembly.*

(4) *Nothing in this section prevents the financing of buildings, structures and projects, or parts thereof, by a combination of the moneys available under this section, under Article XI-F(1) of this Constitution, and from other lawful sources. However, moneys available under this section shall not be expended on or for any buildings, structures or projects, or parts thereof that are wholly self-liquidating and self-supporting.*

BALLOT TITLE**HIGHER EDUCATION AND COMMUNITY COLLEGE BONDS—**

3 Purpose: Proposes amendment to Article XI-G, Oregon Constitution. Establishes new bonding limitation for higher education and community college educational and general purpose building programs at amount equal to three-fourths of one percent of true cash value of taxable property in state. Restricts bond issues in any biennium to amount of matching legislative appropriation. Authorizes financing of higher education building programs from combined sources. Prohibits using Article XI-G bond proceeds for wholly self-liquidating and self-sustaining programs.

YES

ESTIMATE OF FINANCIAL EFFECTS: This amendment to Article XI-G would increase the bonding limit for Higher Education and Community College educational and general purpose building programs from \$30 million to approximately \$113 million. Total bonding limit would vary in the future as the true cash value of taxable property in the state changes. If all the proposed new bonding capacity were used, the average annual principal and interest payments would increase by approximately \$5 million. The actual payments would be limited by the amount of bonds authorized by the legislature. The 1967 Special Legislative Session approved issuing \$9.35 million in bonds out of the increased bonding limit to be established by this measure. Average principal and interest payments in the next thirty years to retire these bonds will be approximately \$560,000 per year.

THE POPULATION EXPLOSION!! Vote to face it.

Even "Dennis the Menace" talks about it. He (Jay North, age 14, in private life) on his return from eight months in India filming the TV series "Maya" said: "The people are skinny and scrawny. The food they have to eat has insects crawling over it. You see bodies lying in the streets, dead ones and many half dead,—it's indescribable."

Countless more authorities trumpet the disaster facing our overpopulated race. As a delegate candidate I said so in 1960 and 1964, and narrowly missed election. I now say it again. Time is running out fast. If we care at all for posterity, we must demand that politics be laid aside and drastic action taken, nationally and worldwide.

Make your vote count. Send me to the convention as your advocate on this issue.

WITH

**SENATOR EUGENE McCARTHY
AS PRESIDENT**

The Democratic Party platform must reflect our desire to end the Vietnam War now! Our pursuit for pacification in Southeast Asia has brought an inexcusable disaster to the Vietnamese people. We must change our foreign policy to one that is realistic, forward-looking, and humane.

WE HAVE TOO LONG ALLOWED THIS WAR TO EXCUSE THE DELAY OF JUSTICE IN OUR CITIES. IF WE LACK RESOLVE AT HOME, WE CANNOT FIND STRENGTH OVERSEAS.

The Democratic Convention must see that:

1. Our Party answers the cry across our country for human dignity.
2. Our candidate and our platform support the needs of our people, not an ever-escalating war in Asia.

To those who have lost even the feeling of having control over their own destinies, I say:

SENATOR EUGENE McCARTHY CAN RESTORE HOPE TO OUR NATIONAL LIFE.

To those whose voices have not been heard in high places, I say:

WE CAN CHANGE OUR COURSE. WE MUST TO SURVIVE AS A NATION.

To those who are not convinced of the need for the highest priority of action in our cities, I say:

THERE CAN BE NO FINER EXPENDITURE OF OUR HUMAN AND ECONOMIC RESOURCES THAN IN THE STRUGGLE TO BRING JUSTICE TO OUR CITIES.

It would not be necessary to convince the world of our strength if we could convince ourselves that it lies in the fulfillment of the promise of our Constitution.

Kay Corbett is concerned with the growing military commitment not only in Vietnam but in all South East Asia. This incredible misconceived adventure is affecting domestic as well as international affairs. Despite recent social legislation the gap between poverty and wealth is widening. Increased awareness and efforts to strengthen the role of the black man in our society ends in more chaos and greater misunderstandings. Planners are plotting the renewal of decaying cities. Yet in all these crucial areas, frustrations are mounting, for the economy is being drained by a senseless war and indeed is even being threatened. It is imperative that a Democratic President continue. A sober, sane man with experience must be elected; a vote for Kay Corbett will insure support for Senator Eugene McCarthy, a sound man for a great task.

KAY CORBETT IS ALSO RUNNING FOR NATIONAL COMMITTEE-WOMAN.

She belongs to a family who, for generations, has accepted responsibilities of leadership in the political, economic, cultural and social welfare affairs of Oregon. CHARLES F. HINKLE

- Home: Clackamas, Oregon
- Attended Clackamas Grade and High Schools
- Attended Stanford University; graduated with highest honors, 1964; elected to Phi Beta Kappa
- Taught English literature at Morehouse College, Atlanta, 1966-67
- Delegate to College Young Democrats Convention, Boston, October 1967
- Will receive Bachelor of Divinity degree from Union Theological Seminary, New York, May 1968
- Will enter Yale Law School, September 1968

On March 16, 1968, Robert Kennedy said, "I run to seek new policies—policies to end the bloodshed in Vietnam and in our cities, policies to close the gap that now exists between black and white, between rich and poor, between young and old in this country and around the world . . . I run because it is now unmistakably clear that we can

change these disastrous, divisive policies only by changing the men who are now making them."

I believe that this judgment is an accurate one. The present Administration has adopted a dangerous set of priorities for our nation: It has ignored the report of its own distinguished riot commission; its monetary and fiscal policies have brought about the gravest economic crisis in 35 years; it proposes further major cutbacks in vital domestic programs, yet still it persists in a needless, tragic, and wasteful war. The Administration has proved incapable of the kind of thorough reevaluation necessary to get this nation back on the road toward justice at home and peace around the world, and so it has lost the confidence of the American people and of our allies abroad. New leadership is needed to restore a sense of dignity and hope to our national life; not because the President and his advisers are evil men, but because they made such total commitments to their current policies that it is no longer possible for them to change. If the Democratic Party is to remain the party of vision and hope and progress, it too must have new leadership. The Democrats of the State of Oregon can have a major voice in opening the way for a new America; as your delegate to the national convention, I would work to effect the change in leadership necessary to bring that promise about.

RONALD J. MEEUWSEN

For Delegate to the National Party Convention, State at Large

How is it that I, an unknown and politically inexperienced young Democrat think that I possess the needed qualifications for serving as an Oregon representative to the Democratic National Convention this summer?

My answer to this question is very simple. I have devoted a great deal of my life studying—(I will graduate from P. S. C. this June at the tender age of 25). From formal study and from my own personal experiences, I have developed a keen sense of interest in the political happenings of our nation. Therefore by informing myself about politics through formal education and by discussing the issues at stake with educated personalities outside of school—I have become involved in this area. I would therefore like very much to become even more involved—to do more than just study and discuss political events. I want to actively PARTICIPATE!

I think one of the most enriching ways of participating in the political processes of this nation is to do just what I have done—file for a delegate position at the national convention.

I again suggest to you that I believe I am qualified for such a position if elected. I have formally studied the issues that will be at stake at the convention and I am familiar with all three of the presidential candidate positions.

I am not afraid to state that I am heartily in favor of quick and (if possible) immediate withdrawal from our involvement in Vietnam. At the same time, however, I am also in favor of Government domestic policies that strive to help the small individual in a mass society such as ours.

The reason for my support of quick and immediate withdrawal from the Vietnamese War by the U.S. is as follows:

1. The U.S. is involved in an illegal act of aggression against the people of Vietnam.
2. We have 500,000 troops fighting in an undeclared war.
3. Congress has seemingly been robbed of its role of responsibility concerning this struggle.
4. The people of the U.S. are not being told the real causes of our involvement in S. E. Asia.
5. Our U.S. prestige and power is suffering in the sight of other nations because of policies concerning Vietnam.
6. The people of the U.S. are being fed subtle lies about Vietnam; Example: Lies such as—we are fighting Communism in Vietnam. Fact: We are primarily fighting Vietnamese nationalism in Vietnam.
7. U.S. soldiers are dying in battle for a cause they are uncertain of; for a people that are ungrateful for their sacrifices; and for a policy that suggests "might makes right".
8. Because the war is immoral, unjust, corrupt,—not worth the life of one American serviceman.
9. Because Communism has to be defeated by destroying its breeding grounds of Hate, Prejudice, Ignorance, Starvation, and Hopelessness—not by destroying the people caught up in these man-made conditions.
10. Because War is evil—because innocent good people on both sides are used as sacrificial lambs by other people whose aim is power and subjugation.

I hope you will consider me as your choice for Delegate to the National Democratic Convention.

HOWARD MORGAN**For Delegate to the National Party Convention, State at Large**

Senator Eugene McCarthy's thoughtfulness, honesty, and courage have given this country a new voice of sanity and decency.

He has galvanized both parties toward a re-examination of the war in Asia, as well as our neglected domestic problems, and he has already ensured a free and open Democratic convention next August.

He has made the 1968 election an occasion of hope instead of despair for millions of Americans in all walks of life, and especially for the young who have been disturbed and alienated by the disastrous policies our government is pursuing.

I ask all Democrats of conscience and good-will to repay their debt of gratitude to Eugene McCarthy by voting for him on May 28. I shall be proud to support him at the Chicago convention.

He has the courage, the integrity, and above all, the CHARACTER needed to make a President of genuine excellence.

I have served as Chairman of the Democratic Party of Oregon, as a legislator, as delegate to previous conventions, and as a member of the Federal Power Commission, appointed by President John F. Kennedy.

"Our future," wrote Senator Robert F. Kennedy in his recently published book, *TO SEEK A NEWER WORLD*, "may be beyond our vision, but it is not completely beyond our control . . . the work of our own hands, matched to reason and principle, will determine destiny."

With that belief and your help I hope to go as Delegate to the Democratic National Convention in Chicago this August to "seek a newer world" for all of us: An end to the war in Vietnam, integrity in the White House, and constructive programs here at home.

It has been my privilege to serve as a precinct committeeman, county executive committee member, U. S. Representative (two terms), member of President Kennedy's White House staff, Delegate to the last three Democratic National Conventions, and as national co-chairman of the Kennedy for President in 1968 organization. Your support will be appreciated.

Democrat**DON PORTER****For Delegate to the National Party Convention, State at Large**

Speaking as an American, I feel that we can do better. Speaking as a Democrat, I feel that we must do better. We must work to re-establish the hope and the sense of purpose that are usually characteristic of America and Americans.

Our present national leadership has failed to spark the imaginations of many of our fellow citizens. The Administration's policy of pursuing a hopeless war at the expense of domestic commitments has raised serious doubts in many people—be they Democrat or Republican.

At 23 years of age I certainly cannot claim great political acumen. But I have witnessed the change in this nation over the last few years. I have sensed the change in mood—particularly among young people—from hope and pride in being an American to confusion and doubt about exactly which way this country is going.

There are two men in the Democratic Party who now are offering alternatives to the present Administration. They are Robert Kennedy and Eugene McCarthy. As a delegate to the National Convention in Chicago, I would like to see a truly democratic process in action. McCarthy and Kennedy offer serious and responsible alternatives to the Johnson policies. I believe they should be heard.

As a Democrat, I believe that we owe the Presidential nomination to no one man under some pre-arranged deal. We must, instead, choose the best Democrat capable of doing the job.

As delegate, I would hope to see an 'open' convention where Democrats can and, I believe, will nominate the candidate in 1968 who will lead this country out of the Vietnam war and return to the great tradition of Democratic leadership as exemplified by Harry Truman, Franklin Roosevelt and John Kennedy.

A VOTE FOR
EUGENE McCARTHY
IS A VOTE
FOR
REASON AND INTEGRITY

KERMIT ROHDE'S political interest during the past twenty years has been devoted to two major concerns. He has been concerned that the United States join with other nations in forming some long-range and realistic plans for the elimination of the madness of war rather than continuing to stagger from crisis to crisis. He has been concerned with preserving individualism, integrity, and genuine democratic legal processes against the onslaught of manipulative and power-oriented approaches to government.

KERMIT ROHDE believes that Eugene McCarthy's candidacy has stimulated the traditional open Democratic primary and holds forth the hope that objectives can be achieved by discussion rather than suppression, by ballots rather than by violence.

KERMIT ROHDE, an Oregon State University professor, has been active in the Democratic party in Oregon for the past ten years. He was delegate to the State preprimary conventions in both 1966 and 1968, serving as a member of the foreign affairs committee. He is a precinct committeeman and has served actively on candidates committees. In addition to membership in professional organizations, he has served on the National Council of the United World Federalists for the past three years. In 1962 he was selected a Fulbright professor to two Finnish universities. He has directed numerous workshops for Oregon businessmen. Before coming to Oregon he was a senior member of the Personnel Research Board, which was engaged in research and consulting for large industry and government.

and against Johnson and War"

Please look for this slogan on your ballot. Do not vote for me if you want more of the same. My objective is to change government principles and policy, both foreign and domestic. If McCarthy withdraws, I will support any candidate committed to:

1. **PEACE ABROAD:** Immediate cessation of bombing North Viet Nam and peace negotiations everywhere we are now at war.
2. **PEACE AT HOME:** Crash programs that immediately and totally:
 - (a) Abolish unemployment. Guarantee federal employment at a living wage for every unemployed person who wants to work.
 - (b) Abolish the welfare system. Guarantee an annual income that insures a decent living standard to every person who cannot work,
 - (c) Abolish ghettos and slums,
 - (d) Abolish the draft except when Congress declares war. Increase military pay to insure a voluntary peace time defense force.
3. **YOUTH:** Provide our youth with constructive ethical goals to insure actual freedom, equality, opportunity and justice for all people. Eliminate credibility gaps, tax loopholes, exploitation of the less fortunate and national moral bankruptcy which now incite youth to withdraw from society, protest, riot and use drugs.
4. **LABOR:** Repeal Taft-Hartley and 14(b), oppose so-called "right to work" laws and oppose compulsory arbitration.

My Ballot Slogan is: PREVIOUS CONVENTION EXPERIENCE; RETURN AMERICA TO ITS REAL PRIORITIES; ELECT McCARTHY PRESIDENT.

I support Senator McCarthy because I believe our present Southeast Asian policies are leading us into World War III. Senator McCarthy opposes these policies. He has made suggestions to bring about an honorable peace in Vietnam.

I believe that Senator McCarthy considers the first duty of any democratic government to be the welfare and well-being of its own citizens. He would lead the nation to solving its domestic priorities.

Who Oregonians send to the Democratic National Convention is a matter of great importance, for the delegates will create the platform on which the party will stand for the next four years. If I am selected, I will work for those democratic ideals which Eugene McCarthy has so effectively supported in the United States Senate:

Defense of the rights and dignity of the individual human being, whether he belongs to a majority or a minority.

The establishment of effective democratic control over large scale organizations, including civilian control over our armed forces.

Maintenance of a balance of powers between the President and Congress as envisioned in our Constitution.

Support of those who do not have power against the power of those who do.

Creation of faith in government, by governing in a way that men may have faith in.

If I am selected as a delegate to the convention, I hope to make up in enthusiasm what I may lack in political experience.

ROBERT F. KENNEDY**For President of the United States**

Democrats of Oregon:

I run in your presidential primary in order to offer new policies for the pressing needs of this nation.

(Concluded on following page)

(This information furnished by Kennedy for President Committee)

Over the next few years, we face problems of urban growth not only in cities like Portland, but also in cities like Salem and Eugene. We face problems of air and water pollution in valleys like the Willamette. We face problems of income and production on our farms. We face the need to re-assert the natural leadership of America around the world. We will have to deal with inflation and the run on our gold supply. We must find a way out of Vietnam—and find ways to avoid more Vietnams.

For all of this we must chart a new course under new leadership.

If we can resolve the conflict in Vietnam we can use the money we are spending there to build our country. If we act wisely and humanely, we can heal the tragic and unnecessary divisions, between our old and our young, our rich and our poor, our black citizens and our white citizens—so that we can once more move forward as a truly United States of America.

No candidate can claim that his election will accomplish all this and all at once. All I can pledge is to do everything I can. I have been in public life for 18 years. I served as Attorney General of the United States and as Counsel to the Hoover Commission on the Reorganization of Government. My service on the National Security Council during the Cuban missile crisis, the Berlin crisis, the negotiations on Laos and the Nuclear Test Ban treaty has taught me something about the uses and the limits of military power, about the value of negotiations both with allies and with enemies, about the opportunities and dangers which await our nation in the many corners of the world to which I have traveled.

As a member of the Senate and a member of the Cabinet, I have seen the poverty and injustice which still scar our own country. I have talked to, and more importantly, I have listened to, the young people of our nation. I have felt their anger about war, their sense of justice, and their concern for the world they are about to inherit.

I hope, in these weeks, to travel through the cities and towns of your great and beautiful state, and meet as many of you as I can. If you believe we can chart a new course; if you want the Democratic party to continue to deserve the support of the American people, I hope you will give earnest consideration to my candidacy on May 28.

EUGENE McCARTHY**For President of the United States**

I run for President not simply because I disagree with President Johnson's policies, but because this country is involved in a deep crisis of leadership—a crisis of national purpose—and of American ideals.

The great issue of this election is not only Viet Nam. It is the issue of leadership and the direction of this nation.

In 1960, the Democratic Party ran a great campaign to "get this country moving again". In 3 years under President John F. Kennedy, America was on the move. Now the fabric of that great achievement is unravelling. We see that the last 5 years have brought decay to replace progress, near despair to replace hope, and failure in war to replace success in the pursuit of peace.

In 1963, when President Johnson took office, prices were stable, the economy was booming and taxes were being lowered. Today, prices are rising, the boom is slowing down, and we are being asked to raise taxes.

In 1963, our great cities were relatively tranquil. We had problems, but most people, Negro and White, had some hope and confidence that those problems could be solved within the orderly framework of the democratic process. Last summer the streets of our cities were scarred by lawlessness, violence, and desperate fear. Now the President has projected year after year of continuing violence. **WHY?**

The government has taken almost no significant action to remedy basic conditions which lead to riots, and it has even cut back on the pitifully small programs designed to keep the young people of the ghettos usefully employed during the summer. If we continue on this present course—the course of inaction in the face of danger—we may well witness a bloody fulfillment of the President's grim prospect—a prospect of mounting lawlessness, troops and tanks in our streets, and increasing fear and desperation among many of our people. We must have a full-scale and determined effort to eliminate poverty at home—an obligation which today we aren't meeting.

In 1963, the Atlantic Alliance had stood by us in every major crisis from the Korean war to the Cuban missile crisis. Today, not one of our historic and vital European allies is with us in Viet Nam. The U.S. spent billions of dollars and more than a decade of effort to build the great alliance of the West—the cornerstone of our security and world purpose. In 5 short years it has begun to crumble.

(Concluded on following page)

IN 1963 WE WERE AT PEACE. TODAY, WE ARE AT WAR. The entire history of the war in Viet Nam has been one of continual error and misjudgment. We have been unable to defeat an enemy, to strengthen our South Vietnamese ally, or to find a peaceful settlement. AND, WE HAVE NOT BEEN TOLD THE TRUTH.

In 1963, we were told we were winning the war. In 1964, we were told we were winning the war. In 1964, we were also told the corner was being turned. In 1965, we were told the enemy was being brought to his knees. In 1966, in 1967, and now again in 1968, we hear the same hollow claims of programs and victory.

THE DEMOCRATIC PARTY IN 1964 PROMISED "NO WIDER WAR". YET THE WAR IS GETTING WIDER EVERY MONTH. Only a few months ago we were told that 65% of the population was secure. Now we know that even the American Embassy is not secure. Our South Vietnamese allies do very little fighting; their leaders are stealing hundreds of millions of dollars of your money for their private fortunes; and we are gradually destroying the civilian population whose "hearts and minds" we are supposed to win.

We and our allies have forces of over 1,200,000 and enjoy total command of the air and sea. Yet we are making no progress against an enemy of about 250,000. Still we continue to pursue a strategy which has been criticized by Gen. Ridgeway, our Commander in Korea; by Gen. Shoup, the Congressional Medal of Honor winner who was President Kennedy's Commandant of the Marine Corps; by Gen. James Gavin and by many other military figures. We fight the kind of war which Gen. MacArthur, among others, steadfastly warned us against.

MOST AMERICANS DO NOT WANT WITHDRAWAL AND DEFEAT. NEITHER DO I. WE WANT AN HONORABLE PEACE.

I have no secret formula and no sure-fire plan for bringing this about. I have suggested and will continue to suggest, many steps which I believe can lead to a settlement. But no one can prove beyond doubt that such steps will work without the chance to test them against the reaction and intentions of the enemy. And that can only be done by the man who sits in the White House.

I DO OFFER YOU A NEW APPROACH AND NEW POLICIES TO REPLACE THOSE WHICH HAVE FAILED. I do offer you a determined purpose to quickly stop the war. AND I DO OFFER TO TELL THE TRUTH to the American people about this war, however grim it may be, and whatever its political consequences. I offer you all this as an alternative to the past 5 years of proven failure.

THE CHOICE IS UP TO YOU. If you agree we need a fresh start, I ask for your support—not to sell out American interests, but to protect and strengthen them through the honorable resolution at the conference table which Americans so deeply desire.

BOB DUNCAN IS THE KIND OF MAN YOU'LL BE PROUD TO CALL YOUR UNITED STATES SENATOR.

HE'S HONEST. You get the truth in direct answers from Bob Duncan—the same answers before and after the election.

HE HAS THE COURAGE OF HIS CONVICTIONS

HE'S INTELLIGENT. Bob Duncan was chosen by the Washington Press Corps as one of four outstanding Congressmen in his freshman year.

HE PAYS ATTENTION TO OREGON. Bob Duncan's record of 4 years in the United States Congress proves that he gets things done for Oregon. Appropriations for dams, harbor improvements and public works were greatly increased during his terms in Congress. He fought for and saved the Camp White Veterans' facility. He protected O & C funds. As a member of the powerful Appropriations Committee he increased support for health research, education and the fight against air and water pollution. He has long supported the lumber industry in its fight for survival and opposes high interest-tight money policies and unrestricted export of logs to Japan.

HE'S HARD WORKING, EXPERIENCED. Bob Duncan can work with people. He gets things done by making friends for Oregon. He has a reputation for economy and efficiency in government. He has voted against spending programs that ought to be deferred during wartime and believes in even more stringent cuts in government spending to preserve the value of the dollar and the private enterprise system. He has supported efforts to increase the farmers income.

FOREIGN AFFAIRS. Bob Duncan believes in the peaceful settlement of international disputes, and the social, economic and political reform necessary in the underdeveloped nations. He believes Communism as such is breaking up and that World War III can be and must be avoided. But he is not afraid to, and will resist aggression, if necessary, and will speak out courageously for his country.

BIOGRAPHY. Bob Duncan lived in Medford for 19 years and now resides with Marijane and six of his eight children east of Gresham. He has worked all his life in agriculture, in Alaska's gold mines, as a seaman, and as a successful lawyer. He was educated at Illinois Wesleyan, the University of Alaska and the University of Michigan. He was a naval aviator in World War II and is now a Lt. Commander in the Naval Reserve.

in the United States Senate. He insists that problems of our state and nation must be resolved, issues permitted to rise and fall, on their merits, and upon their effect on ALL the people, rather than through political deals or back-room bargaining.

PHIL McALMOND WANTS ACTION FOR OREGON, rather than talk from Washington. He will work to protect Oregon's water resources, the products of its timberlands, its agriculture and fisheries. He will reverse the trend which has placed these and other segments of Oregon economy on the bartering block of international diplomacy.

PHIL McALMOND WILL FIGHT FOR FISCAL RESPONSIBILITY and economy in government. He believes wasteful government programs must be stopped, tax loopholes closed, and non-essential spending reduced prior to consideration of any tax increase. He believes foreign aid must be conditioned upon reciprocal support of American aims and action as we seek to build a community of free nations.

PHIL McALMOND WILL WORK FOR EQUAL OPPORTUNITY FOR ALL, but insists this goal cannot be reached through lawlessness. He would deal firmly with those who incite inter-racial hatred and riots. Phil McAlmond will seek passage of laws to end discrimination, recognizing at the same time that only within the hearts and minds of men will be found the means to implement a true spirit of brotherhood.

PHIL McALMOND WOULD GIVE ADDITIONAL POWERS to our law enforcement agencies, whose effectiveness in halting the rise of crime has been limited through recent court decisions. He believes that if laws are to afford asylum for criminals, at least equal protection must be given to the law-abiding public.

PHIL McALMOND KNOWS THE PROBLEMS of labor and management, having earned his living as both a laborer and successful builder-investor. He believes a responsible United States Senator cannot be a captive of either group, but must seek legislation and government regulation in those areas which benefit the people as a whole. He is a firm believer in the American free enterprise system as the best means of maintaining this country's economic stability.

PHIL McALMOND HATES WAR, but would never vote to withhold funds needed to support America's fighting men. He challenges those who would undermine American morale, whether from state-supported campus platforms or the floor of the United States Senate. He recognizes that America has neither the capacity or desire to police the world, but rejects appeasement as a means of securing lasting freedom from war. He believes aggression must be met with firm resolve, but insists that other free nations carry their fair share of the burden as we seek the goal of peace and freedom, with justice, for all men.

PHIL McALMOND WILL BE A FULL-TIME SENATOR, devoting his whole energy to serving the State of Oregon. He has made no deals, and owns no favors. He is free to serve ALL the people.

PHIL McALMOND IS A MAN YOU CAN BE PROUD OF as your United States Senator. Party worker, successful businessman, devoted family man, and devout churchman. For responsible, responsive representation in the United States Senate, elect Phil McAlmond!

ROBERT Y. THORNTON
For Attorney General

**BOB THORNTON HAS WIDE
 EXPERIENCE**

Born and brought up in Portland, Attorney General Thornton earned his own way through Stanford, U. of Oregon and Geo. Washington University Law Schools. He began as law clerk to a U. S. Judge, did legal work for Congress for 3 years. Co-author of a standard reference work on the "U. S. Constitution," Ass't. Solicitor U. S. Dept. of Interior. He practiced law successfully in Medford and Tillamook, where he was City Attorney and State Representative in Oregon Legislature. He served 5 years in the Army in World War II. Bob Thornton was elected Oregon's Attorney General in 1952; re-elected 1956, 1960, and 1964 by large majorities.

WHAT ABOUT THE FUTURE?

In making his announcement in March, Attorney General Thornton said he would make a forthright campaign to keep the office of Attorney General strong and independent, elected by and

responsible to the people. At the same time he proposed the following program for his department:

CRIME PREVENTION: Expanded efforts in control and prevention of crime, delinquency and youth drug abuse, through the medium of the 1967 Oregon Crime Prevention Law authored by Thornton. Although no state funds were provided, federal funds are expected to become available during 1968 under President Johnson's Safe Streets Bill.

CONSUMER PROTECTION: Greater consumer protection against fraud. Thornton said he would again press for legislation establishing a Consumer Protection Division in the Attorney General's office with power to (a) investigate consumer frauds anywhere in the state, (b) bring suit to stop consumer frauds anywhere in the state and (c) publish consumer protection bulletins alerting the public to consumer frauds as they appear.

SAVING THE BEACHES: Vigorous enforcement of all existing laws for the protection of the public beaches and pressing the 1969 legislature for stronger laws.

"We will go into court whenever necessary to stop encroachments on the public beaches."

STOPPING PRICE-FIXING: Expanded vigorous prosecution of damage suits against firms guilty of price fixing, bid rigging and noncompetitive bidding on public contracts. Thornton's office recently secured settlements exceeding \$250,000 on cases for the state as well as numerous counties, cities and service districts.

REUBEN LENSKE

For Judge of the Supreme Court, Position No. 1

STOP THE WAR IN VIETNAM

Our illegal and immoral war in Vietnam is resulting in the destruction of a small nation far from our shores and in killing, maiming and burning hundreds of thousands of innocent people and, in turn, the loss of thousands of our own boys. If judges, individually and through their judicial councils, spoke out against this terrible destruction of life and property, our congressmen would muster the necessary courage to deny appropriations for that undeclared war. Then our president would have to stop the slaughter that has lost for our country, using in part a phrase in the declaration of independence, the decent respect of the opinion of mankind.

INSURANCE COMPANIES GET OFF SCOT FREE

An automobile driver negligently causes his guest, a 16 year old girl, to be maimed for life. He and his insurance company get off Scot free because she was a guest. Paying or not paying a 35 cent fare for the ride should make no difference on responsibility for using due care to avoid injuring those who trusted the driver. Courts should stop pussyfooting on the moral and constitutional basis for such injustice.

COURTS SHOULD GIVE ANSWERS

No court should leave unanswered any issue properly raised on appeal when such issue could result in the case going the other way. Merely saying the issue was considered begs the question and gives no answer.

TRUTH IS THE FOUNDATION

All decisions should be founded on truth. When a litigant challenges the truth of a court's statement it should meet the challenge. Three months is not one month (236 Or. 638). Merely saying that the motion or petition is denied or that the assignment is without merit begs the question instead of answering it. Instead of promoting truth this may conceal or avoid it. Per curiam opinions may conceal the truth and should be abolished.

HONESTY IN JUDGES

Judges are rarely guilty of accepting graft but honesty is more than that. Honesty also means freedom from bias or prejudice. These may result from a particular social or financial background or outlook. Whenever there is a legitimate challenge for prejudice a litigant cannot have a fair trial unless a different tribunal is provided.

BIG INSURANCE COMPANY—LITTLE MAN

Discriminatory denial of the proved damage from a fire loss is wrong. e 237 Or. 539.

Deduction for depreciation on account of fire loss to a house is unfair. What difference does it make to the homeowner that he gets a new board on the side of his house instead of the old good one?

WM. M. McALLISTER**For Judge of the Supreme Court, Position No. 1**

Wm. M. McAllister has made an outstanding record as a justice of the Supreme Court of Oregon, and has become a nationally-recognized leader in the field of judicial administration. During his term as Chief Justice from 1959 to 1967 the court soon cleared up a badly congested docket and thereafter kept its docket completely current. Under his leadership remarkable progress was made also in speeding up the administration of justice in the trial courts. Delay in the trial of both criminal and civil cases in the circuit courts was substantially eliminated and the dockets of those courts maintained in an excellent condition.

Justice McAllister was Chairman of the Conference of Chief Justices of the United States in 1964-65, and is now Chairman-Elect of the Section of Judicial Administration of the American Bar Association.

Justice McAllister is a native Oregonian. He attended elementary and high schools in Portland and Gresham, and graduated from Willamette University College of Law in 1928, and in the same year was admitted to the practice of law in Oregon. From 1931 until his appointment to the Supreme Court in August, 1956, he practiced law in Medford. In November, 1956, Justice McAllister was elected to a full six-year term on the court, and was re-elected to a second term in 1962.

Justice McAllister served in the legislature as a representative from Jackson county from 1937 to 1944 and was speaker of the house in 1943-44. He also served as a senator from Jackson county in the 1949 session of the Legislature.

During World War II, Justice McAllister served from 1943 to 1945 as a Major in the Judge Advocate General's department, principally as a military government officer in the European theater of operations.

Justice McAllister is a former member of the Board of Governors of the Oregon State Bar, and of the Board of Bar Examiners.

Justice McAllister should be re-elected for another term on the Supreme Court.

PAT WAHL lives in Salem with her husband, Don, and two of their three children. Loren, their oldest son, is currently serving a four year enlistment in the U.S. Marine Corps.

PAT WAHL feels this country cannot "long endure" as a "house divided". She feels we must close ranks and unite, as AMERICANS FIRST, if we are to survive the threats of communism,

discrimination, inflation and depression, all factors which could tear from us the personal liberties so flagrantly abused today which were formed and fought for by our ancestors.

PAT WAHL feels that North Vietnam will never go to the conference table as long as we are a divided country and the dissenters are so abusive of their freedoms directed toward embarrassment of our country, our President and our top officials. She prays that Democracy of this kind will not be able to destroy the Democracy of our kind.

CAROLINE MATTER NEUWIRTH

**For State Representative, Eleventh District
Marion County, Position No. 2**

CAROLINE MATTER NEUWIRTH is concerned with Oregon's state government and Marion County's representation in the legislature in recent years. She is convinced that good government is a product of our two-party system, with representation from BOTH parties essential to proper evaluation and solution of Oregon's problems. She feels that it is TIME FOR A CHANGE IN MARION COUNTY.

She cares about taxes, feeling that they MUST BE EQUITABLE. For this reason, she is definitely OPPOSED TO THE SALES TAX.

Caroline cares about what has been happening to our Oregon beaches, our streams, our forests and all our recreational resources. She will resist exploitation today of Oregon's real assets of the future.

She cares about Oregon's economy, but feels that short-range, stop-gap measures are not the solution to our problems, present or potential.

Caroline has worked at Oregon Fair-view Home and understands something

of institutions and their problems. She is concerned that conditions should have been permitted to develop which culminated in the recent riot at the state penitentiary. She resents the cutting of worthwhile insitution programs from the budget in order that special interest groups may be served.

Coming from a teaching family, and having worked in teacher certification at the State Department of Education, she has knowledge of the educational needs of Marion County and throughout the state, and wants the best education facilities for all the children in the state, including her own two.

Caroline cares about the prevalence of consumer frauds, and will work toward better consumer protection laws.

She has actively participated in community activities, including Toast-mistress, United Fund, Girl Scouts and Pentacle Theatre.

Caroline is currently Marion County Democratic Central Committee Secretary, Jane Jefferson Club recording secretary, was a delegate to the 1968 Democratic Pre-Primary Platform Convention, is an active church member and former Church School Superintendent, and plays viola with the Salem Pops Orchestra.

She was born in Salem, Oregon in 1931; was educated in the Salem schools and took her Bachelor of Arts degree at Willamette University in economics with a separate emphasis in Public Administration. Five years ago she and her husband purchased a small farm in the Silverton area.

Wife, mother, gardener and seamstress. Caroline likes to see things done properly.

PATRICIA J. (PAT) WAHL**For State Representative, Eleventh District
Marion County, Position No. 3****REALISTIC, RESPONSIBLE
REPRESENTATION**

For

CONSUMERS and TAPAYERS**NOT AN INCUMBENT**

PATRICIA J. (PAT) WAHL is a hard-working member of the Democratic Party. She has been elected three times as Delegate to the State Platform Convention. She is a Democrat, not by birth but by choice, as she feels it is the "Party of the People". She is now a candidate for Delegate to the National Convention from the Second Congressional District. (See page 113 of the Voters' Pamphlet.)

PAT WAHL has been called a "REALIST" since she is neither extremely conservative nor liberal in her views and she has been commended by many, even her opponents, on her OBJECTIVENESS as Legislation Chairman and principal lobbyist for the Oregon Consumer League.

PAT WAHL feels, along with many others, that the last legislative session, the longest, costliest session in Oregon's history, did nothing. She feels the incumbent representatives failed to live up to their last election promises.

PAT WAHL feels they failed to provide property tax relief which was a big issue last session. Their only attempt, in her opinion, was a shifting of the tax burden in the form of an unfair, inequitable sales tax proposal.

PAT WAHL knows the CONSUMER PROTECTION ACT could have been and should have been more greatly strengthened. Fraud and deceit wrought upon consumers of Oregon cannot be tolerated any longer to any degree.

PAT WAHL feels that withdrawals of the resources of the Veterans' Farm and Home Loan Fund cannot be made each time a possible "crisis" arises.

PAT WAHL feels air and water pollution must be STOPPED now and not just talked about indefinitely.

PAT WAHL lives in Salem with her husband Don, who has been employed with the Dept. of Employment for the past 18½ years. They have three children, the oldest, Loren, is presently serving a four year enlistment in the U.S. Marine Corps. She and her husband also own a small manufacturing firm in Salem.

PAT WAHL is 38 years old, a member of the Christian Church, Royal Neighbors, Oregon Consumer League, Farmers Union, Salem Jane Jefferson Club, Marion County Democratic Club and Genealogical Forum of Portland.

LESLIE GORDON WOLFE

**For State Representative, Eleventh District
Marion County, Position No. 4**

LES WOLFE feels it is time for change of leadership when:

- It becomes necessary to raid the veterans fund to meet the fiscal needs of our state.
- We find the public beaches being hauled away or closed to public access.
- After repeated public outcries the property owner is still in a two-way squeeze being forced to choose between adequate financed schools and the poor-house.
- Regressive taxation proposals are threatening our retired senior citizens and others living on fixed incomes.

Wolfe's wide interest and varied background in the public and private sectors of community life have provided him with a variety of experiences that will help him serve the people of Marion County.

The father of two children, ages three and five, Wolfe is concerned about the overcrowded schools and the relevancy of education to the needs of the community. He is especially concerned about large unresponsive institutions who treat children and people like numbers.

While serving as the principal of Woodburn High School, Woodburn, Oregon, Wolfe was selected to serve on a number of national educational committees, elected to serve as an instructor at the University of Oregon, and chosen as president elect of the Oregon Secondary School Principals Association.

Wolfe was honored as Woodburn's 1967 Junior First Citizen for his work in the community and the State.

An active and concerned Oregonian, Wolfe has a record of service and responsibility.

He is past Department Commander of Veterans of Foreign Wars, a member of the American Legion, Seabee Veterans, Fleet Reserve, Masonic Lodge, International Brotherhood of Electrical Workers for 29 years; and Oregon State Employees Association.

PAT McCARTHY

For County Commissioner, Marion County, Position No. 3

Pat McCarthy is the first and only Democrat to be elected to the Marion County Commission. For the past seven years he has given Marion County responsible government which has been a credit to the Democratic Party.

McCarthy has kept his word on his campaign pledges. Prompt attention is paid to all problems and complaints. Everyone receives a fair, courteous and impartial hearing. He has advocated and put into effect an open-door policy to the press, so that people are better informed on what is taking place in the courthouse.

Pat has served as Chairman of the Board for two terms. He served for two years as Chairman of the Association of Oregon Counties Highways Committee and presently is chairman of District 5 A.O.C. Pat is also a member of the executive committee of the Association.
