VOL. 51.

VICTORIA, B. C., SATURDAY, JANUARY 21, 1911.

No. 17.

ABANDON PLAN WATER BOARD Sooke Scheme Left With Commissioner Likely That Expert Will Be Engaged to Advise the Council

Mayor Morley, at last evening's meeting of the city council, suggested the formation of a water committee to deal with the Sooke lake project, but the aldermen thought it would be better to leave the working out of the details of the scheme to the water commissioner and some competent expert.

In opening the matter the mayor suggested the following names as members of the proposed committee: Ald. Moreby, Peaton, W. F. Fullerton, Gleason and John Meaton, Anton Henderson and John Dean.

His worship said this committee would only act in an advisory capacity. It would have no executive power or be able to do anything without the council's sanction.

Ald. H. M. Fullerton thought the better plan would be to name the whole board a special water committee. The mayor and aldermen were elected by the people and should look after such an important matter as the improvement of the water supply of the city.

The Mayor—The council can always meet and consult with the committee. The citizens I have proposed as members of the committee have got a great deal of information which would be useful to the council.

Ald. Fullerton—The question is too big to be entrusted to a committee such as was named.

The Mayor—But the council has not time to go into the details of the question. That work should be left to a special committee.

Ald. Fullerton—That is true, the details will have to be left in the hands of an expert.

The Mayor—Well, the council can at any time arrange to secure the services of an outside man.

Ald. Fullerton—We feel that this is a huge question and that it is our duty to keep in the closest touch with it. I would like to hear the views of the other aldermen.

The Mayor—The water commissioner could suggest a line of action, but the special committee could do much good preliminary work.

Ald. Langley felt that Mr. Henderson and Mr. Meaton were both good men, but what was wanted by the citizens was to get to business. A professional man should be appointed and the council should decide that matter. The opinion of a number of laymen would be of no value whatever. The kindergarten stage had been passed. A business man, if placed in the same position as the council would secure the services of the best man obtainable and have him make an estimate, and the sooner the council look this course the better. There was no necessity of further troubling Messrs. Henderson and Meaton. It would be only wasting their time.

The Mayor—Very well, if that is the sense of the board I will withdraw the motion. We will have a report from the water commissioner as soon as possible. (Hear, hear.)

Ald. H. M. Fullerton suggested that there should be a special meeting of the council to deal with so important a question.

The Mayor promised to have the water commissioner get his report in shape as soon as possible.

CUTTERS SEARCH FOR SMUGGLERS' CRAFT

Vessel Trying to Land Chinese and Opium on Coast of California

(Times Leased Wire.)
Los Angeles, Cal., Jan. 21.—With the coast from the Mexican line to Monterey guarded more closely than ever before, the United States revenue cutters Orient and Bear, both heavily armed, are to-day searching Southern California waters for a smuggling craft bearing contraband Chinese and opium which is known to be seeking an unprotected point on the coast to make a landing.

Anticipating a landing between Santa Barbara and San Luis Obispo, immigration officials have gathered in force along that part of the coast line.

KILLED BY GAS.

Tacoma, Wash., Jan. 21.—A Hindu, whose name is unknown, is dead and another is expected to die as a result of gas asphyxiation, whether intentional or through ignorance not having been determined. The two men engaged a room in a downtown hotel late last night and at 10 o'clock this morning a chambermaid discovered that the room was filled with gas. One of the men was dead on the bed and the other unconscious. The coroner is investigating.

KNOX CHURCH BUILDING PLANS CONGREGATION TAKES PRELIMINARY STEPS

Present Edifice Has Been Outgrown and Modern One is Necessary

The congregation of Knox church is taking active steps in the direction of securing a new place of worship, and at the annual meeting, held on Thursday evening, the board of management was empowered to take immediate action in the matter.

Knox congregation is rapidly growing and with the growth of the district its future expansion will be even more rapid. The present building on Stanley avenue is found to be too small for the various activities of the church and it has been felt for some time that a modern edifice should be erected. When the proposition was put before the congregation on Thursday evening there was not a dissenting voice, all being enthusiastically in favor of the movement.

The managers were appointed as a committee, with S. J. Drake as chairman, to go into the matter, secure all the necessary data, and report to a congregational meeting not later than eight weeks hence. Meanwhile they will look after the financial end and receive contributions to the building fund.

LOOK TO GOVERNMENT FOR ASSISTANCE

Shareholders of Farmers' Bank Seek to Be Relieved of Double Liability

(Special to the Times.)
Toronto, Jan. 21.—A movement is reported as being started among a number of the country shareholders in the Farmers' Bank to ask the Dominion Government to relieve them of the double liability and to have the Dominion assume the financial liabilities on the ground that they were the innocent victims of fraud on the part of Travers from the inception of the bank. The petition for a government inquiry is being signed by practically all of the stockholders and depositors of the bank and it is expected that it will be forwarded to Ottawa at the beginning of next week.

VETERAN ACTOR DEAD.

Seattle, Wash., Jan. 21.—Hundreds of friends of "Dick" French, the popular actor, are to-day mourning his death, which occurred last night at the Proctor hotel after a long and tedious illness. French was born in Ohio 54 years ago and had been on the stage for forty years, starting his career in the old Hooley's theatre in Chicago. He had appeared in support of a score of American stage celebrities.

SUFFRAGETTES ARE AGAIN ACTIVE

Hold Demonstration in London While Cabinet is in Session

London, Jan. 21.—The cabinet held its first meeting yesterday for the purpose of drafting the speech from the throne and a programme of legislation for what promises to be a historic session of parliament.

The militant suffragettes thickly dotted Downing street, determined to remind the ministers that their demands were as urgent as any others. One banner suggested that Home Secretary Winston Churchill should be imprisoned. The active bearer of this banner endeavored to elude the police, and rushed at the home secretary when he appeared on the street, used the banner as a lance and attempted to knock off Mr. Churchill's hat. The police quickly took steps to stop the demonstration.

DEMANDS MONEY.

London, Jan. 21.—Only his address and resource to-day saved Sir Thomas Lipton, yachtsman and merchant prince, from the hands of a dangerous crank.

Lipton, at his home in Southgate, received a telephone call saying a man from Scotland Yard was coming to interview him and asking that he be received without delay.

When the man arrived he demanded money. Lipton humored his visitor, and, saying that he would get the money at once, left the room and telephoned for the police, who arrested the intruder. He is believed to be a maniac.

THE CANDIDATES.

Mr. Lloyd George in a recent speech said he "did not anticipate any difficulty" in obtaining 500 gentlemen ready and willing to become peers.

NEW PROCEDURE IS TO BE TRIED

COUNCIL APPROVES OF
THE MAYOR'S SCHEME

Old Streets Committee is Hereafter to Be Known as Board of Works

After some debate, it was decided at last evening's special meeting of the city council to give the mayor's plan for a change of procedure in council work a two months' trial. Under the system thus adopted the council will meet but once a month, the old streets committee is hereafter to be known as the board of works (composed of members of the whole council), and this body will hold meetings every Friday evening.

The matter was opened for discussion by the mayor presenting the following resolution, which was moved by Ald. Langley and seconded by Ald. Bishop:

"That there shall be appointed a board of works, to consist of the whole council, to do the work formerly done by the streets committee, the parks and boulevards committee, the building and surveys committee and the electric light committee, such board to decide upon all matters pertaining to the work of the above committees without the necessity of the council, as such, leading with them. Also, that the board shall have the right to call tenders, and award contracts and direct the method in which works shall be carried out."

Another resolution introduced by the mayor called for the appointment of an advisory board, consisting of the whole council, for the management of all matters pertaining to the health and morals of the community.

Ald. Moreby expressed himself as desirous of hearing some further explanation from the mayor, and took occasion to direct his worship's attention to a letter which has been sent to the heads of the various departments and which read as follows:

"Dear Sir: To avoid misunderstanding and arrive more closely at direct responsibility, you are hereby instructed to accept no orders or suggestions in connection with your department other than shall come to you direct from the council or from the board of works, empowered by the council, in either case through an official communication in writing from the city clerk, or from the mayor, who is the executive officer of the council. This will not prevent you from giving information or assisting through your department in the obtaining of information for any alderman or officials of other departments. You will further understand that it is your duty to keep in the closest touch with the mayor on all matters of importance and to consult with him whenever any doubt may exist as to your departmental procedure."

Ald. Moreby said he appreciated the matter in the kindest spirit, but he feared that this action on the part of the mayor indicated a lack of confidence in the members of the board.

Ald. Fullerton entered a strong protest against the mayor's proposal to interfere with the work of the chairman of the standing committee. He thought, furthermore, that the proposed change in procedure would only lead to friction. He for one did not propose to have friction at the board, as if it was to develop, he would feel like resigning.

Ald. Bishop believed that to adopt the mayor's suggestions would simply mean that a few aldermen would do all the work and the others would have to sit back.

Mayor Morley, in reply, felt that there was a misunderstanding. Last year it was determined that the essence of good civic government was efficient heads of departments, and what he proposed in the letter to which Ald. Moreby had directed attention was a revelation brought out the fact that the men of the Liberal party, especially the young men, are full of enthusiasm.

Rousing speeches and splendid singing were interspersed, and the function created a record of its kind. It is, indeed, a good augury of the future of the Ward One association, and sets a worthy point of emulation by the other ward associations formed or to be organized within the next few weeks.

With the president, Lt.-Col. A. W. Currie, on the platform were H. C. Brewster, M. P. P.; F. A. Payline, acting president of the Victoria Liberal association; M. B. Jackson, vice-president of the central association, and ex-Mayor Hall.

The chairman hit one of the causes of Liberal defeat in Victoria on the head when he explained what had happened to a large percentage of the invitations sent out by the association to the smoker. These were sent to every voter on the list in Ward Two, but a very large number came back "not known," or "left" or some other post-office remark, which gives clear proof of the way the lists have been stuffed with men who cannot be found by the postman but who nevertheless turn up on election day to vote the Conservative ticket.

Col. Currie spoke of the alertness shown by the new association and foresaw victory for clean government as soon as the party is thoroughly reorganized here and throughout the province.

Mr. Brewster got a great reception and congratulated Ward One on the very live Liberal association it possessed and declared the surroundings were so congenial as to encourage any speaker. The members of the association were not only active workers but literally showed that they knew how to get up a corking good smoking concert.

The fact that so many cards of invitation to that event had been returned was proof positive of the need for a clearing up of the lists. It was another evidence of what every Liberal in B. C. had long known, that the Conservative government had loaded the dice against them, against the people. Few people realized how far-reaching a system of corruption was going on under cover of the Land Act. There was a disgraceful amount of speculation going on in the land belonging to the people of B. C., the land which ought to keep the administration of the province going without taxing the people at all. A little bird always told these men where the government was going to put its hands and throw them open for pre-emption. After he had spoken on this subject the other day the premier got up and once more showed himself a master at just missing the point while making his hearers think he was hitting it. Mr. McEwen's figure would not bear analysis and he intended to show, before the session was through, that this was so.

(Concluded on page 1.)

WOULD RE-BUILD JUBILEE HOSPITAL.

Matter is Placed in Hands of Committee by the Board—Infirmary Needed

Several matters of importance were brought up at the board meeting of the Jubilee hospital last night and among them the president, D. E. Campbell, urged on the board the necessity for formulating plans that would result in the complete rebuilding of the hospital on a large scale.

The matter is now left in the hands of the building and executive committees. In connection with this matter the board discussed the necessity of converting what is known as the convalescent ward into a regular ward. The members of the board realized that the hospital is overcrowded with convalescent patients who should be inmates of an infirmary, but are inmates at the hospital because the city has no infirmary.

Dr. Hasell brought the matter up and it will be fully inquired into by the house committee which will report back.

The board will make another representation to the city council to have repairs effected to Richmond road between Cadboro Bay road and the hospital gate. The members hold that the road is at present in a disgraceful condition.

An offer from the medical council to appoint a small committee to confer at times with the board on medical matters was accepted, as it was considered that such discussions would be of general benefit. Reports from the standing committees were received as follows: Day's stay for December, 2,091; total admissions, 148; discharges, 78; treated patients, 148; daily average, 67.45; free patients, 62; cost per patient per diem, \$2.15.

BOUNDARY DISPUTE.

Guayaquil, Ecuador, Jan. 21.—A direct agreement between Peru and Ecuador is the best means of settling the boundary dispute, according to Minister Peraita of Ecuador, who has declined the proffered aid of the United States, Brazil and Argentina in adjusting the matter.

PHYSICIAN'S DEATH.

Los Angeles, Cal., Jan. 21.—While trying to perform an operation on himself to relieve pain caused by an abscess in his right ear, Dr. Henry B. McEwen, a prominent physician of Kansas City, took an overdose of chloroform and was found dead in his room at the Sherman hotel here to-day.

RECIPROCITY WITH UNITED STATES REPORT THAT AGREEMENT HAS BEEN REACHED

Terms Will Be Published Simultaneously at Ottawa and Washington

(Times Leased Wire.)
Washington, D. C., Jan. 21.—Reciprocity between Canada and the United States has been agreed upon. The state department here to-day announced that a satisfactory agreement between the two countries had been reached.

The terms of the agreement will be given out simultaneously at Washington and Ottawa, probably on Thursday.

THE IMPERIAL CONFERENCE.

London, Jan. 21.—The Daily Graphic deprecates the dragging of the representatives of the Imperial conference into the whirlpool of party politics, and advises that there be fewer social functions than on the last occasion, when delegates were overwhelmed with excessive hospitality. It expresses the hope that the pedantic adherence to court precedent will not block the way of the delegates receiving full consideration at the coronation ceremonies.

OPTIMISM OF THE WEST JUSTIFIED

W. Whyte of C. P. R. Declares Immigration is Road's Greatest Asset

(Special to the Times.)
Toronto, Jan. 21.—William Whyte, second vice-president of the C. P. R., was in the city on his private car yesterday, en route from Winnipeg to Montreal. In an interview he said:

"Immigration in the west is our greatest asset. The American farmer, with full understanding and experience of the problems he has to face, is an ideal settler, and he is the man we particularly want. It is absurd to say that there is an menace in that quarter, for practically all of them become splendid Canadians.

"The pessimistic views of our crop future shoot very far beyond the mark. There must also be fluctuations in the tide of the farmer's prosperity, and the price of grain are no criterion of conditions. There is always an optimistic feeling in the west, which I consider in the light of experience to be perfectly justified."

FRENCH AVIATOR'S FLIGHT.

London, Jan. 21.—A dispatch to the Times, from Lima, Peru, says that M. Bilevucet, the French aviator, made a record flight of twenty-five miles over Lima in 16 minutes.

LOWER RATES FOR PULLMAN BERTHS

New Tariff Will Reduce Revenue of Company by \$1,500,000 a Year

(Times Leased Wire.)
Chicago, Jan. 21.—It is estimated that a reduction of \$1,500,000 in the annual revenues of the Pullman company will be brought about by the reduced tariff for berths which goes into effect February 1.

Work on the new rate tariffs is rapidly nearing completion and it was announced to-day will be completed before the end of next week. The reduced rates is the result of negotiations that have been pending before the interstate commerce commission for several months.

The reduction, which is countrywide, will mean a cut of 20 per cent. for upper berths and between 25 cents and \$1, or 20 per cent. of the total, on its lower berths.

The new rates will be based on a charge of \$2 on a twelve hour run, except on some of the fastest trains, but are operated include all the main lines the 20 per cent. cut will apply to all upper berth rates.

The lines over which Pullman cars are operated include all the main lines of the United States, excepting the New Haven roads, and the Great Northern and the Chicago, Milwaukee & St. Paul systems.

FIVE PERISH IN FIRE AT TORONTO

MOTHER AND THREE CHILDREN AMONG DEAD

Defective Furnace Believed to Have Been Responsible for Blaze

(Special to the Times.)
Toronto, Jan. 21.—Five persons met their death and another was taken to the Western hospital badly burned as the result of a fire which destroyed the residence of Percy Brooks, manager of the Fairbanks Scale Company of Toronto at 483 Indian road at 1.30 o'clock this morning.

While the cause of the fire is a matter of uncertainty, it is believed to have been due to a defective furnace. The building, which was a fine residence of two stories and an attic, was the one formerly occupied by G. A. Reid, the artist.

Percy Brooks, the husband and father of four of the victims, is at present in Chicago, where he went a few days ago.

The fire was discovered by a neighbor, Mr. McTavish, who lives across the road and to the south. He was returning from a party and noticed the blaze and turned in an alarm.

The victims were: Mrs. Percy Brooks; three children, Percy, aged 5; George, aged 3, and Violet, aged 2; and Violet, a Scotch servant who had been with the family since January 1.

Another servant, a nurse girl, Maggie McAliden, was taken to the Western hospital badly burned about the head and arms.

No one seems to know how she managed to escape from the burning building.

The first body was found by Lieut. Hamilton, of the fire department, in the bath room. He, together with the deputy chief, entered the house while the fire was still at its height, and found this body. Shortly after they had got it out the stairs collapsed. The second body, which is believed to be that of Percy, the eldest boy, fell with the stairs and was discovered just inside the front door. After this the firemen had to work from the ladders.

On the north side of the attic were found the bodies of the mother and the remaining children. The woman was burned so as to be unrecognizable, her identity being established by the wedding ring and diamond ring found on her finger.

The body of the servant girl Violet was found on the south side of the attic. The bodies were removed in the private ambulance of A. W. Miller. Coroner Johnson was notified and an inquest will be held.

STRUCK BY SNOWPLOUGH.

(Special to the Times.)
Montreal, Jan. 21.—Three unidentified men while walking along the Canadian Northern tracks from Charlemagne to Point Maux Trembles were struck by a snowplough and hurled high in the air. One was killed and another may die. The third escaped.

PROPOSAL TO INVITE KING.

(Special to the Times.)
Toronto, Jan. 21.—The Empire Club of Toronto has unanimously endorsed the action of the Centenary Celebration in petitioning the Canadian parliament to invite King George to visit Canada in 1914, the centennial of the conclusion of peace of the war of 1812.

MEETS DEATH WHILE HUNTING RABBITS

Young Homesteader Killed by Accidental Discharge of Rifle

(Special to the Times.)
Saskatoon, Sask., Jan. 21.—News of a fatal Sunday hunt for rabbits on January 15 has just been received by the Royal Northwest Mounted Police in the city. The accident occurred about 24 miles north of Humboldt, and by it Herbert Jones was fatally wounded within sight of his brother Walter. They had taken a shot at one rabbit without effect, and after cleaning their rifles the young homesteader began to crawl through the underbrush upon a second one which had been sighted. Herbert had not gone far when the rifle went off, and the boy collapsed, expiring before he could be taken back to the shack.

INJURED BY EXPLOSION.

New Orleans, La., Jan. 21.—An explosion of gas in the coal bunkers of the battleship Kansas, now visiting England, is reported in private cables received here. Ensign Theodore Wilkenson was severely injured, it is said, and the ship's crew were testing the coal bunkers. They entered with an unprotected light and an explosion followed. The ensign was burned about the head and arms.

DEBATE ON THE ADDRESS OVER

SOCIALIST AMENDMENT MOVED AND VOTED DOWN

Ambitious Project Which Chilliwack Desires Dominion to Be Asked to Undertake.

Legislative Press Gallery, Jan. 20.
The address in reply to the Speech from the Throne was adopted this afternoon after a division had been taken on a Socialist amendment moved by the member for Nanaimo, Mr. Hawthorthwaite did not make any criticism of the government's policy as such but treated the House to a short economic address along familiar lines. Speaking of the latest accession to the Conservative ranks he said it was well to know now where that gentleman stood, his position for some time having been somewhat uncertain.
Two other brief speeches were made during the afternoon, by S. A. Cawley, of Chilliwack, and J. A. Anderson, of Cariboo, both of whom spoke well. The former intimated that he intends to ask the House to request the Dominion government to construct a canal from Pitt river to Burrard Inlet.
Mr. Hawthorthwaite brought to the attention of the government and the House the condition of what he said was a majority of logging camps, which he declared to be a disgrace. Men were living in squalor and disease, the companies were not making any effort to meet the conditions, and accidents were occurring with practically no provision made to provide medical attention.
Referring to the member for Esquimalt, Mr. Hawthorthwaite said: "The position of the hon. gentleman for some little time has been somewhat uncertain. He reminded me of the dove which, when let loose out of the ark, could not find any resting-place for its feet. It seems as if the member for Esquimalt had at last found a resting-place. Allow me to congratulate him on the stand which he took yesterday. It is always pleasant to know where a man is, where he can be found, and I think we have at last found where he stands, where he has decided to rest his feet and place his trust."
The remarks of the member for Alberni he thought constituted a fair criticism of the government policy from the standpoint of the remnant of a party which he represented in the House. That gentleman's references to wild-catting had been largely true and attention might very well be paid by the government to this matter. He himself had that day received a deputation from Cowichan in regard to a company which had been going through there, "doing up the settlers and farmers" and taking in Newcastle constituency on the way. He proposed to take the question up before the attorney-general and believed that notwithstanding Mr. Bowser was the attorney of the company, that gentleman would do full justice in the case.
Mr. Hawthorthwaite expressed mock surprise at Parker Williams' protest against the delays poor men met with in trying to sue the attorney-general. "Why," said he, "I have never had to wait longer than from one to five hours to see Mr. Bowser. But I suppose he only did that to emphasize the great gulf which lies between us, between a member of the government and a Socialist member."
Mr. Hawthorthwaite then moved his amendment, which was in the following words:
"That all the words after the word 'that,' in the fourth line thereof, be struck out, and the following inserted in lieu thereof: 'Whereas the enactment of the legislation proposed by the government is of little real interest or benefit to the masses; and whereas, the further development of the means of wealth production and distribution by the present ruling class results in the last analysis in but further misery and poverty for the great majority of the people; Therefore, be it resolved, that we have no confidence in the present government; and be it further resolved, that the collective ownership and democratic management of the means of wealth production and distribution, and the abolition of the wage system, can alone remedy the existing evils and poverty that afflict the people of this province, and human society generally.'"
Speaking to his amendment, the member for Nanaimo laid down as a principle that labor created all wealth and that therefore that wealth should be in the hands of labor. On all grounds of honor, morality, common decency and the best interests of the people he and his colleague from Newcastle were the only men with a right to occupy seats on the floor of that House, he declared.
The amendment was defeated on the following vote:
Aye—Hawthorthwaite, Williams—2.
Nay—McBride, Young, Taylor, Elliott, Ross, McPhillips, Thomson, Schofield, Bohannon, Hunter, Haywood, McKay, Parsons, Davey, Jardine, Callahan, Miller, Jackson, Cawley, Cayen.

AFTER SUFFERING TEN YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

MARLTON, N. J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life. I suffered for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and could not sleep. Doctors gave me up, as they said my troubles were chronic. I was in despair, and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound; so I began to take it, and am well again and relieved of all my suffering. Mrs. Leonard Jones, Box 40, Marlton, N. J.
Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases known of, and thousands of voluntary testimonials are on file in the Pinkham Laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.
If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Fraser, McDonald, Braden, Browster

—24—
Before the question was put on the motion for the adoption of the address S. A. Cawley (Chilliwack) made a short speech, following out the general line of the government supporters who have spoken during the debate. As the first Conservative to speak since Mr. Jardine he took occasion to congratulate the member for Esquimalt on deserting the Liberals and joining the Conservative party. He had no doubt, he said, that before next session possibly the two Socialists might follow suit and the government would find itself in the happy position of having a solid forty-one members out of the forty-two.

Mr. Cawley announced his intention, during the session, of moving a resolution calling upon the Dominion government to construct a canal from Pitt river into Burrard Inlet. It would be a heavy undertaking but the benefits to be derived would be of such magnitude as to justify the expenditure. Among these he said would be the making of Burrard Inlet a fresh-water harbor and thus counteracting the ravages of the tides, the draining of Pitt Meadows and the enabling of vessels to pass from the Fraser to Vancouver harbor without risking the storms which prevailed off Point Grey.
J. A. Fraser (Cariboo) drew attention to the great coal areas in the vast riding. Its arable lands and many other resources to render while available adequate transportation facilities were imperatively demanded. He asked for greater protection of game along the lines of construction camps.

The address was adopted without a division and it was ordered that it be presented to his honor by such members of the House as are members of the executive council.
The railway committee is called to meet on Tuesday after the House rises. The private bills committee will meet that morning at 10 o'clock.

LOWER EXPRESS RATE
Canadian and American Companies Will Make Concessions.

New York, Jan. 21.—Officers of the Canadian and American express companies in conference here yesterday announced a reduction in rates effective soon to take effect between all offices of the United States and many of Canada. All of the important express companies were represented, including the Adams, the Canadian, American, National, Northern, Southern, Wells-Fargo and the New York and Boston Despatch.

In explaining the new schedule, the companies instance the present rate between Plainfield, N. J., and Boston, which, under the new rule, will be 55 cents, a saving to the shippers of 33 per cent. The announcement follows:
"A decision was reached by the principal express companies which is of far-reaching importance. Instead of two companies, which may handle an express package, making a separate charge on each line, the charge will be the same as if one company had carried the package from shipping point to destination. Necessary details are now being perfected and as soon as legal requirements are complied with, this plan for through service at through rates will then take effect, generally, between all express offices in the United States."

WILL ATTEMPT LONG FLIGHT.

Aviator McCurdy Will Try to Fly From Key West to Guantanamo.

Washington, D. C., Jan. 21.—The practicability of using wireless telegraph in connection with aeroplanes may be further tested in the flight which Aviator McCurdy will attempt from Key West, Florida, to Guantanamo on Tuesday, January 24. The Navy department has suggested that Lieutenant-Commander Stirling, who will command the flotilla of torpedo boat destroyers which will patrol the course of the flight, and to representatives of the aviator, that the wireless be used, if possible.

Havana, Jan. 21.—The city council of Havana voted a purse of \$3,000 to J. A. McCurdy, the Canadian aviator, in case he makes a successful flight in a heavier-than-air machine next week from Key West to Havana.

CARIBOO PIONEER DEAD.

New Westminster, Jan. 21.—Another Cariboo miner, one of the few remaining links between newer British Columbia and the days of romance and pioneering, passed away Thursday in the

person of Joseph Smith Wintemute, aged 50, who has been a resident of New Westminster since 1885. The deceased was born in Port Stanley, Ont., and first came to British Columbia in 1862, engaging in mining in Cariboo for a couple of years, after which he returned to Ontario, coming back to British Columbia in 1865, when he settled in New Westminster.

SUGGEST HONOR FOR EXPLORER PEARY

Proposal to Give Him Rank of Rear Admiral Will Be Opposed

Washington, D. C., Jan. 21.—Recommendation that Commander Robert E. Peary be retired from the service with the rank of rear-admiral, which carries about \$3,000 yearly, and that he be given the thanks of congress for his discovery of the North Pole, is urged by the house committee on naval affairs, which has been investigating Peary's march. The honors planned

for Peary carry with them the privilege of admittance to the floor of the house.
Representative Macon will speak against the report.

"77"

Humphreys' Seventy-Seven Breaks up Colds and

GRIP

Don't Wait.

Don't wait till your bones begin to ache, take "Seventy-seven" at the first feeling of Grip, which this year is Sore Throat, and break up the attack at once.
After the development of Influenza, Catarrh, Pains and Soreness in the Head and Chest, Cough, General Prostration and Fever, the cure takes longer. At Drug Stores 25c, or mailed.

Notice to Advertisers: Owing to the rapidly increasing circulation of the Times and the growing demands for space, it has become absolutely necessary to place a limit upon the time at which changes for advertisements will be accepted and guaranteed publication.

Arrangements for the insertion of new advertisements must be made before 10 a. m. day of publication.

AN ALL-POWERFUL BODY: Great is the power of Canada's Railway Commission, of which Judge Mabey is the chief.

And now all the American express companies have decided that the best thing they can do is to reduce charges also.

Chairman Mabey will be regulating the whole of the transportation business of the American continent if he does not watch out.

SUPERSTITION: Why are educated men and women often superstitious? Why do they really fear certain things which their better judgment tells them their fears are groundless and believe or half believe things which their intelligence tells them cannot be true?

Germ-carriers are being pensioned by the British government. There are, it seems, a few people who, though entirely recovered from infectious diseases, continue to carry the germs of disease and death, and to disseminate them amongst their neighbors.

The Canadian Association for the Prevention of Tuberculosis is an institution that is doing an immense amount of good work. The annual report just published shows that besides the purely educational features, such as the dissemination of literature, and sending out lecturers, institutions for the relief of sufferers have been opened in four different provinces, and special dispensaries for the treatment of the disease have been opened, and courses

domination. Ever the most sensible people often refuse to sit down to table with twelve others, making the mystic unfortunate number thirteen. It is said that the German Emperor, strong man though he be, has this weakness.

What a large number of people like to have their fortunes told or their dreams interpreted! It is because of this that the modern charlatan succeeds so well. The average man is slow to change. The reason and intellect are not the only powers that influence him. While he is gradually fighting himself free from the superstitions of the ancients, there is still a long way to travel before he will be able to look with complacency upon all attempts to deceive and to conduct himself normally under all conditions.

The blood of our ancestors, which has given us many virtues, has also given us many failings. These will have to be eliminated one by one, year by year, until away in the far distant future it may be that a nearly perfect man will be evolved. In the meantime it is well to eliminate as far as possible the devil of fear and superstition, and to be particular that our children do not add from external influences to the sum of the afflictions with which they are born.

Ribbons of stamps is the latest post office idea. The British post office has the method under consideration. It is said that the ribbons would be great time-savers.

A prominent Victorian has expressed his intention when filling up his census paper this year of giving his religion as "British imperialist." How would "Cecil Rhodes" suit him?

A gentleman is said to be one who never unintentionally gives offence. The word "gentleman" in this country is popularly held to represent some person many degrees below the strong, virile, elemental "man."

Mr. Hawthorthwaite talks about the time when he and his supporters will occupy the treasury benches. That is the one thing to be desired above all others. We had thought that under a Socialist regime there would be no treasury benches, nor a treasury, or were we wrong?

Rev. T. Albert Moore thinks he will Canadianize foreigners who come to this country by making them keep Sunday. There happens to be a difference of opinion as to the best way to keep the day, even among good Canadians. As the majority stay away from church, we suppose that Rev. T. Albert is about to try to exclude those poor foreigners from places of worship and long sermons.

The American squadron spent six weeks in British waters and the officers and men spent the time in a continual round of pleasure. They spent a lot of money, got into a few scrapes from which they were easily extricated, and carried away with them an idea of the British which they could have obtained in no other way. Periodical exchanges of visits of this kind will do more than anything else to help the nations to know each other better.

There is said to be building on the Clyde a motor vessel of 11,000 tons, capable of carrying 400 passengers. It will run between a Russian port and New York. If this is correct it is probably the beginning of an era of internal combustion power as applied to passenger vessels, and the result of the experiment will be keenly watched by the transportation companies as well as by the people who travel. This is an age of quick changes. In fifty years' time it is hard to say how we shall travel.

Dr. W. D. Reid, pastor of Knox church, Calgary, says that some people regard religion as so much fire insurance. It is very refreshing to hear a minister of religion speak his mind on a subject of this kind. There is such a tendency among pulpites to talk around crucial questions. From the point of view of a layman, the man who is religious either for the purpose of escaping the fires of Gehenna or to secure a chair in the Upper Chamber, is not a desirable citizen and would not be one with whom we should care to spend eternity.

Officials of the Equitable acted as pallbearers. The honorary pallbearers were: Theodore Chonts, Thos. F. L. Ryan, E. J. Rowland, J. F. Hartis, Thos. Spratt, E. B. Thomas, F. S. Witherly, James McMahon and C. H. Zehander.

Quessing as to who will succeed Morton as president of the Equitable already has begun. Among those most prominently mentioned are: George Frenkel, formerly with the Morgan interests; Chas. D. Norton, present secretary to President Taft, and William Day, vice-president of the Equitable.

GOOD ROADS MOVEMENT: Portland, Ore., Jan. 21.—Letters from farmers, grocerymen, mail-carriers, commercial associations and other organizations throughout the state will deluge the Oregon legislature urging the adoption of the Oregon Good Roads Association's five highway bill, according to President John Hask of the association.

President Hask said that all branch organizations of the association had been notified and that the letters would begin to pour into Salem within two days. The bills provide for a system of state-highways throughout the state.

BIG JOB PROMISED FOR FORMER VICTORIAN

Martin Egan May Get a Position Under President Taft

Considerable local interest attaches to a press dispatch which the Times received to-day from Sacramento, Cal., telling of a notable promotion for Martin Egan, one of the foremost newspaper men of United States.

It was about that year 1906 that Mr. Egan, then a member of the Times staff, had the good fortune to meet M. De Young, owner of the San Francisco Chronicle, who, taking a fancy to him, asked him to accept a position on that paper. Mr. Egan did so and then began a career which led him in turn to Cuba, the Philippines, New York, London, Tokio and back to the Philippines. The dispatch reads:

"Mr. Egan, mentioned in Washington dispatches as the probable successor to Charles D. Norton, as secretary to President Taft, is a former San Francisco newspaper man, whose sisters now live there. He is editor of the Manila Times, and has been much associated with Taft in the Philippines and in Washington. Mrs. Egan was Eleanor Franklin, a magazine writer.

"Mr. Egan was offered the position of secretary some time ago, but refused on account of the salary being \$6,000, which is less than he receives in Manila.

"President Taft wants Egan particularly to handle the press. Mr. Egan is very popular, and has held high journalistic positions. He came hurriedly from Manila to San Francisco a few days ago at the request of President Taft.

"Mr. Egan is 38 years of age, was born in Oakland, Cal., and has lived in Manila, Tokio and London as a correspondent."

WAR RISK ON STEAMERS: London, Jan. 21.—Asserting that owners of British ships will be unable to send their vessels to sea in time of war if parliament ratifies the "Declaration of London," an agreement adopted two years ago by the chief naval powers governing the rules of war prizes, Lloyd's to-day came out in opposition to sanctioning the plan.

Lloyd's asserts that if the declaration is finally confirmed and accepted the war risk on merchantmen will be prohibitive.

UNITED MINE WORKERS: Columbus, Ohio, Jan. 21.—The American Federation of Labor's decision to grant a charter to the Western Federation of Miners, it is announced to-day, will mean that the total strength of the United Mine Workers of America, after the amalgamation, will reach 375,000. President Chas. H. Moyer, of the Western Federation, stated to-day that he threatened with a razor. A nervous collapse, resulting from business worries, is said to have been the cause.

KILLED BY TRAIN: Seattle, Wash., Jan. 21.—William Winter, a well known farmer in the White River Valley, was killed last night at Meredith's Crossing by an eastbound Northern Pacific train. In attempting to cross the tracks, Winter stepped from behind a Seattle-bound train in front of the engine of the one going in the opposite direction. He was 44 years old and had lived in the White River valley thirty years.

ENDS HIS LIFE: Grand Rapids, Mich., Jan. 21.—Harrison P. Grover, a wealthy lumberman, committed suicide in the cellar of his home here yesterday by cutting his throat with a razor. A nervous collapse, resulting from business worries, is said to have been the cause.

WASHINGTON RECALL BILL: Olympia, Wash., Jan. 21.—The recall bill, which enables George W. Dillings' name to go to the ballot in the Seattle election, was signed by Governor Hay yesterday, the first law to be signed by the governor in the present session.

Poem Competition: Our Poem Competition has been a much larger undertaking than we anticipated, and we admire the poetical enthusiasm that has prompted some 300 of our customers to do us the honor of forwarding their attempts. With very few exceptions the verses were of excellent character and we have had much difficulty in arriving at a decision. Our final selection was judged Mr. E. J. Osborne, 802 Blanchard street, the winner, and we are forwarding him a ton of our best OLD WELLINGTON Lump Coal.

PRIZE POEM: Contributed by Mr. E. J. Osborne, 802 Blanchard Street.

WHAT FATHER SAYS: "It is my greatest heart's desire To sit and puff my seasoned briar, And watch the smoke clouds roll, And through the gloomy Winter days I long for night-fall and the bliss Of glowing V. I. Coal."

The Temptation of John

He was a drayman at Lemp's well known brewery, and it was well known that he had a well matured taste for the product of the firm. But one day he turned up wearing a blue ribbon in his button-hole.

"Bless me, John," said the manager, "have you joined the noble blue ribbon army?" "Looks a bit strange, doesn't it?" said the lorryman, with a twinkle in his eye.

"It does," said the manager, "why do you do it?" "Well," said John, "it's like this. I wear the blue ribbon because it makes men like to tempt me, and when they tempt me (here he winked solemnly) I succumb!"

IF YOU know Lemp's, the best bottled beer procurable, you will appreciate the drayman's wit. If you don't know Lemp's, better get acquainted with it. Try a bottle. Or, better still, order a case for your home from any dealer. Don't get an inferior beer. Insist on Lemp's. Pither and Leiser, Wholesale Agents for B. C., Victoria, Vancouver and Nelson.

BURNS' BIRTHDAY.

First Presbyterian Choir Concert on Wednesday—St. Andrew's Society on Monday.

Hallowe'en, Hogmanay and Burns, and to the Scot the last of these three is best. Burns' writings, prose and poetry, never were so much read before, and never these are wedded to song the heart of the Scot expands with delight. For twenty-two years J. G. Brown, that perturbed Scot, has been catering to the desires of his countrymen by providing an entertainment of the very best character, every item essentially Scotch and "misty" free Rabbie Burns.

On Wednesday next Mr. Brown will have personally conducted these concerts on twenty-three successive occasions, and he will have been assisted on twenty-two successive occasions by his able organist and accompanist, Mrs. Lewis Hall. The choir membership has of course changed considerably, but there are one or two still standing by.

On this occasion Mr. Brown will have the assistance of a number of old favorites, among whom are such well known artists as Mrs. Butler, Mrs. W. A. Gleason, Miss Seasmith, F. Gordon and G. Morrison, whose names it is only necessary to mention to guarantee the merit of their performance. Mr. Brown and his choir will also be assisted by a number of new favorites, including Mr. and Mrs. Alfred A. Cook, recent additions to the musical circles of Victoria; Miss Beek, a young lady rapidly coming into prominence in the realms of music here; Joseph Muir, tenor vocalist, recently from Irvine, Ayrshire, Scotland, where he practiced his profession as an organist and choir-master and teacher of voice culture; W. W. Robertson, Vancouver's popular violinist, who makes a specialty of his own country's music; Miss L. Christie, the well known lassie from Aberdeen, who is charming all who see her dancing the sprightly Highland fling, and others. A number of four-part songs will be rendered by the choir, which is justly famed for its excellent rendition of these beautiful Scottish part songs. Mr. Brown, the veteran leader and singer in this city, will also assist in the programme. Such an array of talent should fill the hall to overflowing.

On Monday night the members of the St. Andrew's Society will hold a concert and social in Wallace hall, Broad street, to celebrate the anniversary of the birth of the poet Burns. An appropriate programme of songs, music and recitations has been arranged, the vocal and recitative numbers being selected mainly from the works of the national bard. Coffee and cake will be served during the evening. The committee in charge is prepared for a crowded attendance, and a hearty invitation is extended to all "brither Scots" to be present.

—It was originally suggested to hold this social on Wednesday, 25th inst., this being the anniversary of the birth of Burns, but as most of the members are anxious to attend J. G. Brown's "Nicht wi Burns," which takes place on that date, it was resolved to hold it on Monday evening, commencing at 8:30 o'clock.

—The Native Sons' annual ball will be held in the Alexandra club building now being constructed on Courtenay street. The date will be named later by the committee which has the matter in hand.

—Building permits were issued yesterday to Mrs. J. G. Hinton, for a dwelling to be erected on Pembroke street to cost \$2,850; to N. T. Lee, dwelling on Pembroke street, to cost \$1,750; to H. E. J. and Mrs. Miller, alterations to dwelling on Hillside avenue, to cost \$200, and for the new Bowness block, Broad street, to cost \$40,000.

—F. W. Peters, assistant to second vice-president William Whyte of the C. P. R., announced last night that the C. P. R. will build a hotel at Calgary at once. The cost is set down at \$500,000. The hotel will be built on the street line at Ninth avenue and First street, and will be larger than the Royal Alexandra at Winnipeg.

—The Young People's Bible class of the Metropolitan Methodist church will meet as usual in the Epworth League room to-morrow afternoon at 2:30. The teacher, Rev. A. E. Roberts, has asked W. J. Short to lead the class in the lesson discussion. Young people who are not attending any other class in the city would be made heartily welcome.

—Mayor Morley at last evening's meeting of the city council named the following as civic representatives on committees which will act during the present year: Literary committee, Aldermen Langley, W. Marchant, and E. O. S. Scholfield; council representatives on the board of the Children's Aid society: Aldermen Bishop and Okell; council representatives on the board of the B. C. Agricultural association, Aldermen H. Mc-Fullerton and Alexander Peden.

—Wm. Stewart, men's and ladies' tailor, over Terry's Drug Store, Douglas St.

READY TO ERECT NEW HIGH SCHOOL

Site for Building Secured—Contract for Comfort Station Awarded Ferris & Barr

The board of works, at its first meeting last evening, transacted a considerable quantity of routine business in the most expeditious fashion. A report from the city solicitor recommended the payment of \$2,000 to J. Dempsey for a lot on Vining street, Spring Ridge. This is the last piece of land necessary for the city to secure before the erection of the high school may be proceeded with. Other lots need to be expropriated before the whole of the area required for school purposes shall have been obtained, but there is now no obstacle to the speedy commencement of construction on the building itself. The recommendation of the solicitor was adopted.

The contract for the erection of the public convenience, to be located at the northwest corner of the Causeway and Wharf street, was awarded to Ferris & Barr, whose tender of \$11,966.50 was the lowest of several received. The contract for the plumbing, heating and ventilating plant will go to W. Bowness for \$5,500.

On the recommendation of the water commissioner, the city will purchase 473 Trident water meters of various sizes at a cost of \$7,500; 15,000 feet of 12-in., 10,000 feet of 8-in., 25,000 feet of 6-in., 30,000 feet of 4-in. Mannesman's steel tubes at a cost of \$80,000; and 460 gate valves of various sizes at an estimated cost of \$4,000; and 15 tons of pig lead. These supplies will be used in extensions of the distribution system.

On the suggestion of the city engineer more groynes will be erected at Ross Bay for the protection of the foreshore. The two put in last year have been found to be doing good work and the sand and gravel have been raised along the beach three feet over the old level. The federal government will be approached with a view of securing the material dredged from the harbor and having it placed on Ross Bay beach and also the dredging of the water lot at the foot of Queen's avenue.

J. C. Waiters, president of the Trades and Labor Council, on behalf of the Victoria Laborers' Protective Union, urged that a minimum wage of \$2.75 per day of eight hours be adopted by the city. Mr. Waiters pointed out that last fall the council had decided that this rate should be established, but after the first pay day the old rates were, in many cases, returned to. On the suggestion of Ald. H. M. Fullerton, the request of the association was granted, and the city engineer will be instructed to place such of the workmen as cannot fully come up to the standard of the \$2.75 man on work where the best results can be obtained.

SCHEDULE WILL BE FIXED NEXT MONTH

Northwestern League Directors Will Settle Dates for Coming Season

"I don't want to be a hog, but, oh, you Sunday double-header!" That seems to be the motto of Joe Cohen, Big Chief of the Spokane Indians, and of Sultan Dugdale, who presides over the destinies of the Seattle Turkeys. Cohen, according to all reports, has set up a night burning the midnight candle in an endeavor to dope out a favorable schedule and this is what has evolved—88 home games, with all the Sunday games from July till the end of the season double-headers. Can you beat it? Any ordinary citizen, answering off-hand, would be tempted to say, you positively cannot. Well, he'd have another guess coming, that's all. Dugdale, the Pasha of Seattle, has got it on him just a shade, for his suggested schedule calls for 109 home games. Dug shows class all right, all right.

With all this difference of opinion it's the one best bet that there will be no love feast when the directors of the Northwestern league come together in Seattle on Feb. 2. Manager Wattleit, of the local club, declares that he is going to stand up for his rights and, if anyone tries to slip one over on Victoria, there will be something doing right away. Wattleit intends to start the season with a tour that will last about two weeks, and it will be May before the Victoria team will be seen in action at home in a league fixture.

The managements of the various clubs have been conducting a still-hunt for pennant-winning timber and all the rosters are pretty full. From present indications the teams will be as follows:

Spokane—Catchers, Ostleik, Hasty; pitchers, Kratberg, Hensling, Fitz-war, Cornelius, Holm; first base, Nordyke; second base, Cartwright; third base, Gray or Reams; shortstop, Lindsay; outfielders, Frisk, Netzel, Kipper, Dickinson.
Seattle—Catchers, Le Brand, Shea; pitchers, Frucher, Joss, Skeele, Hinkla, Zackert, Dickinson; first base, Weed; second base, Bennett or Laird; third base, Woodruff or Akin; shortstop, Raymond or McKane; outfielders, Co-cash, Crulshank, Seaton, Watkins.
Victoria—Catchers, Hemenway,

Dashwood; pitchers, Cole, W. Davis, Marshall, Lane, Tompess; first base, Clemenson or Hanson; second base, Norwick; third base, Riggs or Million; shortstop, Reddick; outfielders, Householder, Stevens, Davis.
Vancouver—Catchers, Sugden, Lewis, Botteger; pitchers, Chappelle, Jensen, Erickson, Collins, Clarke, McQuerry; Engle, Buckles; first base, Streib; second base, James; third base, Merkle; shortstop, Scharnweber; outfielders, Ross, Lockwood, Adams, Orogar, Pat Flanagan, Clynes.
Portland—Catchers, Burch, Harris; pitchers, Garrett, Bodole, Blomfield, Lamirne, Wright; first base, Peters or Williams; second base, Cassy or Anderson; third base, Mundorf; shortstop, Menser; outfielders, Speas, Ort, Miller, Thompson.
Tacoma—Catchers, Byrnes, O'Conor, Ryan; pitchers, Annis, Schmitz, Hall, McCannment, Goshan, Bazzard, Matley; first base, Mott; second base, Rockenfield; third base, Coleman; shortstop, McPadden, Brown; fielders, Naat, Lynch, Bassey, Warren.

GEORGE KIRKWOOD HAS STIFF PUNCH

Eight Four-Round Bouts Put on at Dreamland Before Big Crowd

San Francisco, Jan. 21.—That George Kirkwood is some puncher is admitted here to-day by fight fans who watched him put away Willie Canole in just two rounds, at Dreamland rink last night. Kirkwood had it all his own way from the start, and Eddie Hanlon, the referee, stopped the bout just in time to save Canole from possible serious injury.
Eddie Canapi and Jimmy Fox, two clever bantamweights, put up a fast scrap at even until the last round, when the former tore in and gained a halting decision.
Other results of the fight-fest were: Dave Mills beat Charlie Miller, a big Dutch heavy, in a burlesque bout; Guy Lee of Portland won from Sailor Sharkey; Patsy McKenna and Walter Coffey drew; George Ingalls won from Willie Moehan; Rough House Burns stopped Jack Edwards, and Zerelli knocked out Jack Morris in three rounds. All the bouts were carded to go four rounds.

STILL CONFIDENT HE CAN BEAT KAUFMAN

Jack Johnson Bets \$10,000 He Can Stop Cotton in Ten Rounds

Pittsburg, Pa., Jan. 21.—"I'll put a stopper on some of this hot air," said Jack Johnson, heavyweight champion, here to-day, after posting \$10,000 and announcing that he was ready to meet Al Kaufman within four weeks.
"This \$10,000 goes not only as a forfeit," said the big smoke, "but as a side bet for the scrap. If Kaufman waltzes—and he will—the money will remain posted as a 2 to 1 bet for Geo. Cotton to cover with the condition that if I don't knock him out in ten rounds he gets the dough."
Johnson starts for California next week and will sail later for Australia.

ESQUIMALT PORFEIT GAME

Fifth Regiment Wins Basketball Game By Default

There was nothing doing at the drill hall last night in the scheduled game between the Fifth Regiment and Esquimalt in the intermediate basketball series. The latter failed to put in an appearance and the game was accordingly forfeited to the soldiers. The regiment's line-up was as follows: Williams, Main, forwards; Kroeger, centre; Dutot and McGregor, guards.

MORRIE WON'T STAY HITCHED

Oklahoma City, Okla., Jan. 21.—Carl Morris, of Sapulpa, "the white man's hope," is developing characteristics of the professional pugilist. Morris announced to-day that he had quarrelled with his manager, Eddie Robinson, and that he would not fight under Robinson's management. As a result the Morris-Mike Schreck battle, scheduled for to-night, has been postponed until Jan. 29.

MARTIN DEFEATS OOP

Seattle, Wash., Jan. 21.—After being repeatedly warned by the referee, Ed Haggen, a former Seattle policeman, who turned professional boxer, was disqualified in the third round of a contest with Denver Ed Martin last night, and the decision awarded to the black man. Martin will take on Jack Lester, Tommy Burns' protégé, at Tacoma, Jan. 21.

UNIVERSITY TEAM DOWNS HIGH SCHOOL

Superior Combination on the Three-quarter Line Gives Game to Latter

Thanks to superior combination among their three-quarters, University came out on the long end of an 11-3 score in yesterday's game with the High school. The game, however, was more even than the score would seem to indicate. The High school boys tackled keenly and played a good, hard, bustling game, their forwards making some fine dribbling rushes. At three-quarters, however, they were completely outclassed, and though they had a good deal the better of the second half, they were unable to wipe out the big lead that the University had established in the earlier stages of the game.

For the winners, McGuigan at three-quarters was a tower of strength. Stone, a Seattle importation, kicked well and showed quite a turn of speed at wing three-quarter. Beach played a sterling game behind the scrum, while Thorsen and Arbutnot showed up conspicuously in the pack.

For the losers, Dickson and Tougy at three-quarters, Clark at half, and McKay in the scrum were most prominent. Captain Bill Day in his new position on the three-quarter line, was rather a failure. He ought to get back in the pack where he can make his weight tell.

Woodward, McGuigan and Thorsen scored tries for the Mount Talmie boys and McGuigan converted the try scored by the last-named. Tougy kicked a penalty goal for the High school and this was all the scoring. The teams lined up as follows:

University—Fullback, McDonald; three-quarter, Stone, W.H. McQuerry, Wade; halfbacks, Beach, Sterling; forwards, Devine, Thorsen, Young, Shaw, Woodward, Jotson and Arbutnot.
High School—Fullback, Steele; three-quarter, Dickson, Tougy, Day, Westcott; halves, Clark and Warnecker; forwards, Campbell, Stewart, Sanson, McMillan, Betterson, McKay, Wood, and B. Steele.

PUP OF PEDIGREE COMES TO VICTORIA

McL. McIntosh is Importing Prize-Winning Sable and White Collie

Going about the streets of Victoria there is probably nothing that strikes the observing stranger quicker than the number of well bred, good looking dogs that can be seen everywhere. Probably no city on the coast, or in the world for that matter, can boast as many fine dogs, particularly bird dogs, as Victoria, and now the Four Hundred of the local dogdom are going to receive yet another aristocratic recruit in the person of Penance Keystone, which is being imported by J. McL. McIntosh, manager of the Old Men's Home. The new comer is a magnificent sable and white, rough-coated Scotch collie, who was first in the puppy class and first in the novices' class at last year's Crystal Palace show. Keystone was bred in the famous Penance kennel and is a credit to his breeder.

Unfortunately he will not arrive in time to be exhibited at the local show at the end of March, but he will be just in time for the Vancouver show at the beginning of April. Before leaving England he will be shown at Cruff's kennel show in London next month, and this will undoubtedly delay his departure and prevent his exhibition at the Victoria show.

ROBINSON & CLEAVER LTD IRISH LINEN

Established in 1870 at Belfast, the centre of the Irish linen trade, we have developed our business on the lines of supplying genuine Linen goods direct to the public at the lowest net prices. For manufacturing purposes we have a large, fully-equipped power-loom linen factory at Baurbridge, Co. Down, hand looms in many cottages for the finest work, and extensive making-up factories at Belfast.

- SOME OF OUR LEADING SPECIALITIES:**
- Household Linen.** Dinner Napkins, 1 1/2 yd. \$1.00 doz. Table-cloths, 2 1/2 yds. \$2.00 doz. Linen Sheets, \$3.25 pair. Linen Pillow Cases, \$1.00 each. Linen Handkerchiefs, \$1.15 doz. Glass Cloth, \$1.15 doz. Kitchen Towels, \$1.32 doz. Cloths, \$1.15 doz.

Headquarters for Pianos, Music and Talking Machines.

Big Reductions in Men's, Boys' and Children's Clothing at McCandless Bros.
557 Johnson Street

Mr. McIntosh, who runs the Fernside collie kennels here, is going to devote his entire attention to breeding sable and white animals, and hopes by the importation of such stock as Penance Keystone to build up a strain that will be equal to anything in America.

The February number of the Outing Magazine is complete in its selection of seasonable outdoor articles and photographs. It offers a new word in outdoor "work, love and play."
For instance, Sugaring at Twinflower is a human story of a city man and his wife who returned to the soil by way of a New England farm.
Can We Make the Country Home Pay? deals with the revenue and expenses of various country homes of various people.
If you are keen for sport the Grasshopper Gunners, Game Qualities of Game Fish and the Speed of Game Birds

offer a satisfactory solution of your troubles along this line.
If it's the recreative side that appeals Lure of the Adirondack Gold, Climbing a Mountain on Snowshoes, a vivid story of a snowshoe ascent told in photographs.
For the practical man there's Making Carriage Horses in America, Oiling the Automobile, the House Dog, How to Catch Live Bait.
In addition to these articles there are several outdoor stories full of action and the life of the open.

INTERNATIONAL RACE
Cape to Cairo in Motor Car is Latest Break for Amusement of Rich.
On January 25 a party of Englishmen leave London for Capetown, whence they will try to drive an all-British motor car to Cairo. A fortnight after their start from Capetown a German party will follow by a slightly different route. It will be an international contest of skill and endurance.
The British party consists of five men under command of Captain Bede Bentley, who has already driven a car through Somaliland and Abyssinia. The others are Captain Kelsey, African big game hunter; John Henderson, a London journalist experienced in Central African travel; a professional photographer, and a motor mechanic.
Their route will be by way of the Transvaal, British Central Africa, Lake Tanganyika, and British East Africa to Fashoda, Khartum, and Cairo. Relays of petrol and other supplies are now being distributed along the proposed track. The expedition is assured of the cordial co-operation of the Colonial office and the British South Africa company. The Germans will be subsidized by their government to the extent of £10,000.
The 5,800 miles from the Cape to Cairo will, it is hoped, be completed in about 120 days. In the untracked wastes of Central Africa a passage for the car will have to be made by cutting rough roads through high thorn jungles. Progress in these places will not, in the best conditions, exceed two miles a day. In other districts a way must be found across loose sand fields and rushing rivers.

TWO KILLED IN WRECK ON RAILWAY

Three Others Sustain Injuries in Collision Between Train and Snow Plough

North Portal, Sask., Jan. 21.—Word received here this morning states that a wreck occurred on the Portal section of the Soo line near Macoun.

A rotary snow plough going from Estevan to Weyburn to work on the forward branch had a rear-end collision with Number 205 passenger train.

Two passengers in the sleeper were killed and one of the mail clerks seriously injured.

Trainsman Halkett left here immediately on a special for the scene of the wreck.

The Victims. Macoun, Sask., Jan. 21.—J. Huntford, Toronto, bound for Seattle, and R. A. Chapman, also of Toronto, bound for Calgary, were killed in the wreck near here to-day.

Three mail clerks, Lewis, Mahanah and Greenhalgh, were injured.

ISLAND ATTS CLUB. The regular annual meeting of the Island Arts Club was held last night in the Alexandra Club.

The secretary, Mrs. Danville, read a very encouraging report on the work of the past year.

The society has communicated with the Toronto Society of Applied Art, in an effort to bring about affiliation with that body.

Mayor Morley at last evening's special meeting of the city council explained that he had just put a new order into effect calculated to effect a great saving to the city.

ROUSING SMOKER LIBERALS GIVE

(Continued from page 1)

But the day before the House had been told by the newest Conservative that in thirty days—which would be before Feb. 19—construction would have begun on the Island section.

This certainly was news, because the premier had been telling them time and again that actual construction had been going on ever since the bill was passed.

If survey work was "actual construction" then the people of Vancouver Island had work going on on the Barkley Sound line before ever the bill was brought in.

"We have the premier of a great province putting his signature to a document well-considered and well-thought out, with a solemn declaration of intentions. If we had that done in private life the man who put his signature to such a document would fulfil it to the letter (hear, hear)."

Mr. Oliver, minister of the interior, to look thoroughly into the whole matter of immigration.

A letter to Sir Wilfrid Laurier was then read, which had been written to the premier by Mr. McInnes.

"I respectfully protest against the appointment of Poon Shun Lung as interpreter. This appointment is made on the recommendation of Mr. Brewster."

Mr. Brewster related the history of his efforts for the miners who get fleeced by holders of prospects.

After an effective method which he proposed had been turned down at two sessions by the government the attorney-general a year ago had brought in a bill which gave those men a hearing on the ground which they had dug out.

M. B. Jackson, who is one of the most effective speakers in the local ranks of the party and whose services are continually in request, delivered a rattling good speech and one which was thoroughly enjoyed by the crowd which had assembled in the hall.

Dealing with editorial references by the Colonist to the newest recruit of the Conservative party, Mr. Jackson pointed out that it was incorrect to say that that gentleman had supported the railway policy before the election.

He was in a position, he said, as he had campaigned for the member for Esquimalt at the latter's insistence, travelling through the constituency with him to speak in condemnation of the railway policy of Richard McBride.

The day the bill was introduced he was in the lobby where the speaker could see him, hand on brow, looking at the bill and hear him still as he said: "Mr. Jackson, is it not damnable?"

Mr. Jackson emphasized the need for organization and in a fine appeal to the young men pointed out what a glorious heritage of principle and traditions of fights in the cause of the people is possessed by Liberals, and what a duty is owed by the men of today to those principles, to the men of the past and to themselves.

He went at some lengths into the land question, which he declared to be the biggest question facing the people of British Columbia to-day.

He pointed out how the law was being flagrantly violated, with government connivance or approval, notably in the matter of one man, one section, syndicate or individuals—no reproach to them—got powers of attorney, purchased in saloons or on the streets for half a dollar or less, to stake land and on what were thus fictitious applications for pre-emptions secured vast areas of the public lands.

It would be better for the province, if the government was bound to continue this, if it got from these speculators the \$10 an acre which the land was worth to them.

The only true system of land settlement and thus developing the province was that of the Laurier government, "the land for the settlers and settlers on the land."

Replying to Premier McBride's tu quoque retort against the Saskatchewan Valley land deal Mr. Jackson, from intimate knowledge of that transaction and of the district, gave his hearers the true facts.

The land grant given the F. Appelle, Long Lake & Saskatchewan railway, between Regina and Prince Albert, years ago by the Macdonald government, was long after sold to a syndicate headed by Col. Davidson, of the Canadian North-western, at \$1.65 an acre.

To make the grant of any use they desired to purchase the adjoining even-numbered sections at the same figure, but the Laurier government refused to do so.

The country was a desert, it was impossible to get settlers in there, and eventually the government consented to sell the land to the company at \$1 an acre on a stringent settlement condition.

These had been lived up to, and the consequence was that what was known not so long ago as the Canadian desert was now a happy, smiling, prosperous land, with towns and cities springing up.

Mr. Jackson touched briefly on the navy and reciprocity and accepted an invitation to return and speak more fully on these and other matters at a later date.

The musical programme could not have been better. Fred Richardson sang and led the choruses as he would have done.

Manager Crompton had with him the following players, from whom the team will be selected:—F. Carre, J. Peden, Baker, E. Steele, F. Beckwith, R. McKeown and G. Williscroft.

BORN BURNS—To the wife of Mr. G. A. Burns, Jan. 21st, a daughter.

EXTRACT FROM "BRITISH MEDICAL JOURNAL" March 23, 1907.

"A Most Valuable Food"

At a time when the preparation of artificial foodstuffs is receiving more attention than ever before, and when new forms of easily assimilable fat to take the place of cod liver oil are being frequently brought to the notice of the medical profession, it is desirable that some of the older forms of administering natural fats should not be lost sight of.

Among natural fats, butter easily takes first place for nutritive value, and when combined with a suitable soluble carbohydrate, a most valuable food is produced.

THE BUTTER SCOTCH which Messrs. Callard & Bowser (Duke's Road, Euston Road, W. C.) have prepared for fifty years, is such an article, which has the great advantage of being palatable, so palatable, in fact, that children are more likely to need restraining from excess than any preceding to take it. This BUTTER SCOTCH is stated to contain 11.5 per cent. of fat and 7.5 per cent. of sugar, and the results of an analysis which we have made recently of a specimen, are substantially confirmatory of these figures.

Further chemical examination of the fat extracted showed it to be genuine butter fat. This confirms the value and safety recommended not only as a harmless sweetener, but also as a very useful addition to the diet of suitable cases.

In all the Principal candy stores in Victoria.

Chinese Inquiry

Vancouver, Jan. 21.—T. R. E. ("Tom") McInnes was the chief witness at the Chinese customs royal commission to-day.

He had barely started his evidence when Joe Martin made his appearance. Mr. Martin, however, was excused until Monday.

McInnes admitted that he was the original of "Julian Roy." He also stated that his reports were not for the official record, but as he stated "only for the information of Hon. Frank Oliver and Sir Wilfrid Laurier."

Mr. McInnes described himself as a "parliamentary agent," and then told how he had had "a free hand and a roving commission" from Hon. Frank Oliver, minister of the interior, to look thoroughly into the whole matter of immigration.

A letter to Sir Wilfrid Laurier was then read, which had been written to the premier by Mr. McInnes.

In this letter Mr. McInnes stated: "I respectfully protest against the appointment of Poon Shun Lung as interpreter. This appointment is made on the recommendation of Mr. Brewster."

Mr. Brewster related the history of his efforts for the miners who get fleeced by holders of prospects.

After an effective method which he proposed had been turned down at two sessions by the government the attorney-general a year ago had brought in a bill which gave those men a hearing on the ground which they had dug out.

M. B. Jackson, who is one of the most effective speakers in the local ranks of the party and whose services are continually in request, delivered a rattling good speech and one which was thoroughly enjoyed by the crowd which had assembled in the hall.

Dealing with editorial references by the Colonist to the newest recruit of the Conservative party, Mr. Jackson pointed out that it was incorrect to say that that gentleman had supported the railway policy before the election.

He was in a position, he said, as he had campaigned for the member for Esquimalt at the latter's insistence, travelling through the constituency with him to speak in condemnation of the railway policy of Richard McBride.

The day the bill was introduced he was in the lobby where the speaker could see him, hand on brow, looking at the bill and hear him still as he said: "Mr. Jackson, is it not damnable?"

Mr. Jackson emphasized the need for organization and in a fine appeal to the young men pointed out what a glorious heritage of principle and traditions of fights in the cause of the people is possessed by Liberals, and what a duty is owed by the men of today to those principles, to the men of the past and to themselves.

He went at some lengths into the land question, which he declared to be the biggest question facing the people of British Columbia to-day.

He pointed out how the law was being flagrantly violated, with government connivance or approval, notably in the matter of one man, one section, syndicate or individuals—no reproach to them—got powers of attorney, purchased in saloons or on the streets for half a dollar or less, to stake land and on what were thus fictitious applications for pre-emptions secured vast areas of the public lands.

It would be better for the province, if the government was bound to continue this, if it got from these speculators the \$10 an acre which the land was worth to them.

The only true system of land settlement and thus developing the province was that of the Laurier government, "the land for the settlers and settlers on the land."

Replying to Premier McBride's tu quoque retort against the Saskatchewan Valley land deal Mr. Jackson, from intimate knowledge of that transaction and of the district, gave his hearers the true facts.

Church of Our Lord.
Sunday Services.—The pastor, Rev. T. W. Gladstone, will preach to-morrow both morning and evening. The morning subject will be "The Parable of the Great Feast," and the evening subject, "Joseph Cast into the Pit."

METHODIST

Metropolitan.
Young Women's Club.—The meeting of the Young Women's Club will be held on Monday evening next instead of Wednesday, the members of the Epworth League having changed their night of meeting for the week to allow Dr. Ernest Hall to give a lecture to the club. The lecture will be of especial interest to ladies and the members of the club will welcome visitors who wish to hear Dr. Hall.

Epworth League.—The Epworth League meeting will be held on Wednesday evening next. The meeting will be under the auspices of the missionary committee and an interesting programme will be given.

Organ Recital.—Arrangements are being made for an organ recital to be given on January 31 by Jesse Longfield. The proceeds of the recital will be in aid of the organ fund.

Revival Services.—Rev. Dr. Rees of Seattle, will assist Pastor Holm in a series of evangelistic meetings to be held commencing Monday, February 6. Dr. Rees will speak each evening of the week and will also preach on Sunday, February 12, when the anniversary services will be held.

Young People's Class.—The members of the Young People's Bible class will hold a social gathering in the league room on Friday, February 27. The young people are looking forward to this event and are making every preparation to ensure the success of the gathering.

Sunday Services.—Rev. I. W. Williamson, secretary of the B. C. International Sunday School Association, will preach in the Metropolitan church to-morrow morning. The pastor will preach in the evening, his subject being "The Vision That Reveals."

Centennial.
Young Ladies' Class.—The musical evening which was to have been given last week under the auspices of the Young Ladies' Bible class, has been postponed until next Wednesday, February 25. The young ladies have prepared a most interesting programme and look for the hearty support of the whole congregation.

Men's Bible Class Banquet.—The members of the Men's Adult Bible class are making preparation for a banquet to be given on Wednesday, February 1. The event promises to be of great interest and all are working hard to ensure its success.

Sunday Services.—Rev. I. W. Williamson, international Sunday school secretary, will preach in Centennial church to-morrow evening. The service commences at 7 o'clock.

League Meeting.—A very interesting meeting of the Epworth League was held last Monday evening. The address was given by Miss Copeland on "Leper Missions in India." There was a large number present and the address was greatly enjoyed.

Missionary Meeting.—Last Tuesday evening the Young People's auxiliary of the church, held an open meeting in the church. There was a good attendance and the address given by Mrs. Dr. Cleland on "Mission Work in India," was much appreciated. The work of the medical missionaries and of the hospitals was particularly described and aroused great interest on the part of the audience.

Teachers' Meeting.—The meeting of the board of management of the Sunday school last Wednesday was well attended. It was decided to plan for Decision Day in the school to be held on Sunday, February 12.

Victoria West.
Epworth League.—There was a very interesting meeting of the Epworth League on Monday last and missionary addresses given by Mrs. Bruce and Miss Jones were listened to with a good deal of interest. The result will be a forward movement along missionary lines by members of the league.

Social Gathering.—Last Tuesday evening the members of the Ladies' Aid Society held a very successful social at the home of Mrs. C. Brown, Sunnyside. There was a large attendance and the offering for the aid funds was a liberal one.

Sunday School Gathering.—The various Sunday schools of Victoria West will gather together next Wednesday evening in the Victoria West Methodist church to hear an address from the Rev. I. W. Williamson, international secretary of Sunday schools. A conference on Sunday school work will also take place and the meeting will be of great interest.

Missionary Society.
The seventh annual meeting of the Methodist Women's Missionary Society, Victoria district, will be held in the James Bay Methodist church on Tuesday next, January 24, commencing at 2 p. m. The meeting promises to be of much interest and a large attendance is expected. The following is the programme:

2 p. m.—Devotional exercises, led by Mrs. Holt.
2.30 p. m.—Reading of minutes; report from auxiliaries.
3.00 p. m.—Report from delegate to board meeting, Mrs. F. Adams; solo, Miss Mabel Miller.
3.30 p. m.—Conference on "Systematic Giving," led by Miss Copeland; offering.
4.00 p. m.—Round table conference on band and circle work, led by Mrs.

Howell gave several splendid selections on the gramophone while preparations were being made for the programme. On the platform with the pastor were the deacons and Rev. Dr. Reid, an old friend of the congregation. R. Bennett sang a solo which was heartily enjoyed, and the male quartette of the church gave a selection of much merit. Mr. Howell, the senior deacon, then gave a report of the year's work and spoke on behalf of his fellow deacons. A. Brak, treasurer, presented the financial statement, which showed that the church has raised a total amount during the past year of \$2,725, which \$2,325 had been given to missionary and benevolent objects. Every department of the church was shown to be in a prosperous condition, and the balance in hand totaled \$111. The pastor, Rev. H. A. Carson, reported for the membership committee, showing a total increase of 33. Of this number 16 were received by letter and 19 by profession of faith. Six had been received during the year, leaving a net increase of 29. A solo by P. H. Brown, with violin obligato by Miss Lenore Black, was heartily applauded, and then W. J. Stevens, chairman of the finance board, made a racy speech in which he reviewed the efforts of the board along their particular line of work. Rev. Dr. Reid gave a short congratulatory address, and Mr. Camp (taking the place of an absentee) sang a solo very effectively. J. E. Andrews, superintendent, gave the report of the Sunday school. From first to last the school had shown steady growth during the year, and the average attendance was now much larger than formerly. It was the determination of the officers and teachers to endeavor to bring the scholars into vital relation to Jesus Christ, and to this end Mr. Andrews asked the sympathy and co-operation of the congregation. J. B. Sinclair gave the report of the Men's Own, and spoke in glowing terms of the newly appointed president, T. Liddiard. A Hunt then gave a violin selection which was encored. Miss N. Scowcroft spoke on behalf of the Ladies' Bible Class, making special reference to the friendly relationships existing between members of the class and former members who had removed to other cities. J. Wheeler spoke for the Boy Scouts and Miss L. Roberts for the Girl Guides. In one of the best speeches of the evening Miss A. Brak, the president, told of the valuable work of the Young People's Society of Willing Workers. One feature of the work this year would be an imaginary trip around the world, visiting mission stations and becoming acquainted with the workers among non-Christian people. Mrs. Herd gave an excellent report of the work of the Ladies' Aid Society. The past year has been most successful in the history of the society. In addition to the help they had been enabled to give their own church, they had assisted the Travellers' Aid, W. C. T. U. Mission and other outside objects. They had now a balance in hand of \$86. Mr. Hunt gave another of his splendid violin selections and the meeting was closed by the singing of a familiar hymn.

Young People's Society.—Next Monday evening the devotional meeting of the Y. P. S. will be held. Miss Lucy Roberts will give a paper on "The Rise and Growth of Congregationalism," and Miss Brak, the newly-elected president, will be in the chair. The Girl Guides are preparing for an entertainment to be given on Wednesday, Feb. 15. The event will be of great interest, and the girls are looking for the support of the congregation in their effort.

BAPTIST.
Tabernacle.
Annual Meeting.—The annual meeting of the congregation was held Thursday evening. The financial report presented showed that the following net amounts had been received during the year: Cupboard fund, \$1,67.81; interest on lot fund, \$47.82; Sunday school, \$22.72; B. Y. P. U., \$44.55; poor fund, \$21.55; missions, \$174.50; organ and music fund, \$167; a total of \$2,764.65. Miss L. A. Blackwell was re-elected clerk; Owen Roberts and Miss S. Blackwell, treasurers. Miss Margaret Clarke, the faithful and efficient organist, was presented with a purse of gold and an appreciative address as a recognition of her services so freely given to the church. There was a good attendance.

Church Meeting.—Next Thursday evening there will be an adjourned church meeting to discuss matters relating to the future policy of the church.

Interesting Debate.—The debate to be held in the Emmanuel church on Monday, January 30, between members of Tabernacle and Emmanuel Young People's Unions is arousing much interest. Reginald Chave and Mrs. Agnew have been chosen to represent Emmanuel church, and A. Turner and Miss L. A. Blackwell will uphold the honor of the Tabernacle church. The subject of the debate is, "Resolved, that it is the duty of the state to provide for religious instruction in the public schools."

Sunday Services.—Rev. F. T. Tapscott will preach to-morrow morning and evening. Morning subject, "Three Great Religious Verities"; evening subject, "A Refutation of Popular Fallacies Regarding the Nature and Object of Penalties."

First Church.
To-morrow's Services.—The pastor will preach the fourth of the series of expository sermons to-morrow morning on "John the Theologian." In the evening the subject will be, "What Has Become of the Doctrine of Eternal Punishment; Do We Still Believe in Hell?" Miss Scowcroft will sing. At the conclusion of the service an after meeting will be conducted under the leadership of A. J. Bruce.

B. Y. P. U.—A very enjoyable time was participated in by the young people at the meeting of the Young People's Society which was held at the residence of Alderman Ross, Esquimalt road. All young people of the congregation will be made heartily welcome.

CONGREGATIONAL.
First Church.
Annual Social.—The annual social gathering of the congregation was held last Thursday evening, and was a marked success in every way. Supper was served by the ladies from 6.30 to 8 p. m., and the careful preparation made during the afternoon was evidenced by the splendid meal which was given to all comers. After the excellent band and circle work, led by Mrs.

and the choice edibles provided for the occasion. An extended notice and programme appeared in Wednesday's issue.

BURNSIDE BAPTIST
MISSION FLOURISHES
Reports of Last Year Best in History of the Church

The members and friends of the Burnside Baptist mission, in connection with the First Baptist church, held an interesting meeting in their new building last week. The teachers, officers and Bible class gathered for supper at 7 o'clock, and at 8 o'clock the business of the evening was proceeded with, the superintendent, William Russell, occupying the chair. After a short devotional service the report of the superintendent was given, in which the work and growth of the school were reviewed for the past year. There are at present eight classes with an enrollment of 160, and 12 teachers and 13 names on the cradle roll and a home department of 23 members, bringing the total enrollment of the school up to 148. The report of the school treasurer, D. H. Forbes, gave the total receipts as \$263.18. Of this amount \$72.35 was contributed to missions and other benevolences. The balance on hand December 31st, 1910, being \$41.52. A splendid report was read by Edith Smith for the girls' club, this class contributing the sum of \$45 to the building fund. An interesting statement was also given by Miss Brownney on behalf of the Junior Sunbeam class. Mrs. R. Watson, the secretary of the Ladies' Aid society, reported a membership of twenty, with well attended meetings, and much enthusiasm, while the treasurer's statement, read by Mrs. R. Ward, gave the receipts of their four months' work as \$199.45. The treasurer of the building fund, F. D. T. Hodges, reported as receipts for the year in cash, material and labor on the new building the sum of \$1,583.86.

The amount of money raised by the mission from all sources during 1910 makes a total of \$2,345.98. The Sunday evening preaching services are much enjoyed by those attending, and the workers feel that the time has arrived to place the work upon a permanent basis. To this end negotiations are about to be commenced which it is hoped will culminate in placing a permanent worker in the field. Resolutions were passed extending thanks to all who had assisted in the mission. A board of management was appointed as follows: Brethren Few, Hodges, Robbins, Moore, Sanderson, Marshall and Driver. The board will take the place of the building committee and carry forward the work in the new building. The officers of the mission are: Superintendent, William Russell; assistant superintendent, J. Marshall; secretary, W. Dismore; treasurer, D. H. Forbes; primary superintendent, Miss A. Mercer; home department superintendent, Mrs. F. D. T. Hodges; building fund treasurer, F. D. T. Hodges; organist, Miss D. Few.

Some birds are exceedingly long-lived. The swan, it is ascertained by means of unquestionable records, has been known to exist over 300 years. A sea-eagle captured in 1755, then aged several years, and a white-headed vulture, captured in 1508, died in 1881 in one of the aviaries of the Schoenbrunn Castle, near Vienna, having passed 118 years in captivity.

Howell gave several splendid selections on the gramophone while preparations were being made for the programme. On the platform with the pastor were the deacons and Rev. Dr. Reid, an old friend of the congregation. R. Bennett sang a solo which was heartily enjoyed, and the male quartette of the church gave a selection of much merit. Mr. Howell, the senior deacon, then gave a report of the year's work and spoke on behalf of his fellow deacons. A. Brak, treasurer, presented the financial statement, which showed that the church has raised a total amount during the past year of \$2,725, which \$2,325 had been given to missionary and benevolent objects. Every department of the church was shown to be in a prosperous condition, and the balance in hand totaled \$111. The pastor, Rev. H. A. Carson, reported for the membership committee, showing a total increase of 33. Of this number 16 were received by letter and 19 by profession of faith. Six had been received during the year, leaving a net increase of 29. A solo by P. H. Brown, with violin obligato by Miss Lenore Black, was heartily applauded, and then W. J. Stevens, chairman of the finance board, made a racy speech in which he reviewed the efforts of the board along their particular line of work. Rev. Dr. Reid gave a short congratulatory address, and Mr. Camp (taking the place of an absentee) sang a solo very effectively. J. E. Andrews, superintendent, gave the report of the Sunday school. From first to last the school had shown steady growth during the year, and the average attendance was now much larger than formerly. It was the determination of the officers and teachers to endeavor to bring the scholars into vital relation to Jesus Christ, and to this end Mr. Andrews asked the sympathy and co-operation of the congregation. J. B. Sinclair gave the report of the Men's Own, and spoke in glowing terms of the newly appointed president, T. Liddiard. A Hunt then gave a violin selection which was encored. Miss N. Scowcroft spoke on behalf of the Ladies' Bible Class, making special reference to the friendly relationships existing between members of the class and former members who had removed to other cities. J. Wheeler spoke for the Boy Scouts and Miss L. Roberts for the Girl Guides. In one of the best speeches of the evening Miss A. Brak, the president, told of the valuable work of the Young People's Society of Willing Workers. One feature of the work this year would be an imaginary trip around the world, visiting mission stations and becoming acquainted with the workers among non-Christian people. Mrs. Herd gave an excellent report of the work of the Ladies' Aid Society. The past year has been most successful in the history of the society. In addition to the help they had been enabled to give their own church, they had assisted the Travellers' Aid, W. C. T. U. Mission and other outside objects. They had now a balance in hand of \$86. Mr. Hunt gave another of his splendid violin selections and the meeting was closed by the singing of a familiar hymn.

Young People's Society.—Next Monday evening the devotional meeting of the Y. P. S. will be held. Miss Lucy Roberts will give a paper on "The Rise and Growth of Congregationalism," and Miss Brak, the newly-elected president, will be in the chair. The Girl Guides are preparing for an entertainment to be given on Wednesday, Feb. 15. The event will be of great interest, and the girls are looking for the support of the congregation in their effort.

EVERY form of strenuous sport, a race in motor boats down the bay, a Marathon on land, a hundred yard dash down a cindered path, all quickly prove that the man who has trained properly will win out. The most important part of training is proper diet, food and drink which will give strength and nerve power. That explains the popularity of

Ghirardelli's GROUND CHOCOLATE

among athletes. Now if strong husky young men find more nourishment and strength as well as exquisite deliciousness in Ghirardelli's Ground Chocolate than in any other beverage, does it not occur to you that it might aid you too in attaining that proper physical "condition" which is the basis of all enjoyment and health?

Ghirardelli's Ground Chocolate is so wonderfully nutritious because it is made from the best cocoa beans, the kind that contains more nutriment than any other food known to man.

D. Ghirardelli Co.

ANNUAL MEETING OF ST. ANDREW'S

Congregation Had a Successful Year in All Lines Work

The annual meeting of the congregation of St. Andrew's church, held Thursday evening, was more than usually interesting and successful. To begin with the ladies of the congregation had prepared a splendid high tea for the occasion, and this had the effect of bringing together a very large number of the members of the church. As soon as the delicious viands had been enjoyed by all the meeting was called to order by Rev. W. Leslie Clay and the minutes read by the secretary, A. E. Starr.

In the absence of the clerk of the session, R. B. McKicking, C. C. Michener moved the reception of the session report. This showed that there was a net gain of \$8 in membership, bringing the total up to 512. The report also called attention to the fact that a two weeks' mission was to be conducted by Herbert Booth, son of the famous general of the Salvation Army. This mission will commence on February 13 and continue until February 27.

A. B. Fraser, Jr., in presenting the report of the board of managers, pointed out with some degree of pride to the fact that the church was entirely out of debt and had a balance in hand of \$140. They had commenced the year with a deficit and in spite of this and increased expenses, had been enabled to meet all liabilities.

A. P. Moffatt, the treasurer, was accorded a hearty reception as he spoke of the splendid response made by the members of the congregation to the appeal of the board. The splendid report of the Ladies' Aid Society was presented by Mrs. Archibald, the secretary, and stated that the ladies had been enabled to help many needy organizations, both in their own church and outside, and the year just closed had been one of the best in their history. The Woman's Missionary Society in their report also spoke of the very successful year just closed. A large number of new members had joined the society and the average attendance at the meetings had been exceedingly good.

Mr. Patterson, secretary, presented the report of the Sunday school, and A. M. W. A. Gleason, the superintendent, spoke of the work of the school and asked for the more hearty cooperation of the congregation. The school had given \$112 to the cause of missions, and in addition two of the classes had raised the sum of \$87.50 for the same purpose. The report of the Men's Bible class was presented by G. S. Brown. In this connection an interesting item

was a short address made by Mr. Elliott, the missionary at Barclay Sound, who is supported by the class. Mr. Elliott spoke of his work among the scattered settlers of the coast, and while there were many discouragements he had been greatly encouraged by the sympathy and co-operation of members of the class. C. C. Michener, the leader of the class, spoke a few words in introducing Mr. Elliott to the meeting. The class is supporting three home missionaries and hoped to still further increase its missionary activities.

Miss McIntosh presented the reports of the Young People's Society and the Junior Endeavor Society. Mr. Archibald spoke of the work of the missionary committee, and the fact was brought out that the congregation had given \$3,280 for missionary and other objects outside of the church.

The total raised by the congregation during the past year was \$12,336.96, a splendid showing of over \$1,900 per month. For missionary and benevolent purposes the congregation had raised about \$6.35 per member.

The members of the board of management who retired from office according to the constitution were A. B. Fraser, Jr.; A. E. Starr; A. Cruickshank, J. Patterson; H. Currie, G. H. Robertson, J. P. Archibald, and T. Main. These were all re-elected with the exception of Messrs. Currie and Main, whose places were taken by F. Burridge and G. S. Brown. The following compose the full-board of management for the ensuing year: A. B. Fraser, Jr., chairman; A. E. Starr, secretary; A. P. Moffatt, treasurer; Jas. Patterson, W. C. Kerr, D. D. Muir, J. P. Archibald, G. H. Robertson, F. Burridge, C. C. Michener, G. F. Simpson, G. S. Brown, Alex. Cruickshank, Jas. Bland, P. D. Hillis, A. Polson.

The missionary committee elected was as follows: W. Archibald, D. McLean, A. Cruickshank, F. Burridge, G. H. Simpson, G. H. Robertson, Messrs. Patterson, Brown and the president of the W. M. S. The auditors appointed were D. Miller and D. McIntosh.

There was a very optimistic spirit manifest in the meeting and the church starts upon the new year with every hope for a most successful ending. The congregations are steadily increasing and mention was made of the splendid musical service being rendered by the choir under the direction of Jesse Longfield, organist and choir master.

The pastor, Rev. W. Leslie Clay, and his co-workers are to be most heartily congratulated upon the very successful anniversary gathering of Thursday evening.

CEETEE UNDERWEAR

Insist on underwear bearing this trademark. Note its perfect shape, the quality of the material, its softness and elasticity.

"Ceetee" gives solid comfort and lasting satisfaction—the underwear de luxe, yet costs no more than ordinary makes.

"CEETEE" UNDERWEAR is knit to fit the form—not simply cut from the fabric—never binds, wrinkles or sags.

From first to last it is the underwear that pleases. Ask your dealer to show you "Ceetee"—it means absolute underwear comfort.

Leith, Jan. 19.—Arrived: Bannockburn, San Francisco. Hongkong, Jan. 19.—Arrived: Saveric, Puget Sound.

MARINE NOTES

The Vancouver tug Storm King visited Victoria yesterday, bringing a scow over from the Terminal City.

Laden with a full cargo of lumber the four mast schooner Stinson left Hallard on Thursday evening for San Pedro. She carried 500,000 feet of timber.

On Friday next the Canadian-Australian liner Makura will leave this port for the Antipodes. She will carry about 2,000 tons of cargo besides a large number of passengers.

It was expected that H. M. C. S. Rainbow would get away on her six weeks' cruise this morning, but she failed to do so. According to information she will leave on Monday for the West Coast.

Word has been received by wireless that the G. F. P. steamer Prince George will reach port on time tonight. She is bringing south a number of passengers and considerable freight.

Arrangements have been made for the sailing date of the steamship Halmahera, under charter to the Wairiki line, which arrived from the Orient on Tuesday after a rough trip. She will leave here on February 4 and will carry a large cargo of flour, lumber, and general merchandise.

To receive orders from the Marine and Fisheries department, the little cruiser Alcedo arrived in port yesterday morning from the Orient on this morning for the Coal City.

The arrival of Capt. Harry W. Crosby with his tug Monitor at Vancouver, twenty hours after leaving Seattle with a heavily laden scow in tow, is believed to have established a new record in towing between the two points.

Forty boxes of halibut, which arrived from Southeastern Alaska Thursday night on the steamship A. G. Lindsay, were sold yesterday morning at 14 cents per pound, the highest price which halibut ever brought on the Pacific coast. The previous high water mark of 10 cents was broken the other day, when the Cottage City's halibut cargo was sold at 10 cents a pound.

Shortly after 1 o'clock this afternoon the Osaka, Katoch, Katoch liner Panama arrived at the outer dock from the Sound en route to the Orient. After taking on a little cargo the vessel left for the Far East.

The time used in Pacific Standard, for the 12th Meridian west, is counted from 9 to 24 hours from midnight to midnight. The figures for daylight serve to distinguish high water from low water.

HEAVY MARINE LOSS DURING PAST YEAR

Over \$2,000,000 Swallowed Up in North Pacific—Most Disastrous in History

Vessels and cargo valued at considerably in excess of \$2,000,000 have been swallowed up by the hungry waters of the North Pacific ocean during the year recently closed. It was one of the most disastrous twelve-month periods in the history of marine underwriting on this coast, and as a result of last year's trial balances, which insurance men claim are on the wrong side of the ledger, it is likely that not only substantial advances be made in rates, but also that the insurance companies will declare altogether against the Alaskan business.

Following is a list of the heavy total losses along the North Pacific coast in the last twelve months, printed in the current issue of the Railway and Marine News:

Steamer Farallon, wrecked in Iliamna Bay January 2; insured for \$70,000. Steamer Yucatan, struck by submerged iceberg in Ice Strait, Alaska, beached in Mud Bay, finally salvaged and towed to Victoria; insurance on hull \$174,000 and \$75,000 on disbursements; after long controversy over question of constructive total loss, hull sold for \$40,000, which sum, in addition to \$160,000, was accepted in settlement; cost of salvage operations, \$35,000.

Schooner San Buenaventura, abandoned with lumber cargo off Rogue River; loss probably \$20,000. Steamer Arthur B., foundered off Fraser River, B. C., March 22; five lives lost; vessel valued at \$10,000.

Schooner Eva, total wreck at Altata, Mexico, April 2; loss about \$20,000. Fishing schooner Edith, lost on Wadadah Island May 8; value about \$10,000. Coddish schooner Stanley, ashore on Sanak Island, Alaska, March 29; four lives lost; probable value, \$20,000.

Whaler Lucie Sorenson, sunk by a cargo of lumber on Santa Rosa Island, Cal., May 25; loss about \$25,000. Schooner Anna E. Smale, stranded at Point Reyes July 8; total loss with cargo of coal; cargo insured; loss probably \$25,000.

Steamer Dode, stranded at Marrowstone Point, Puget Sound, July 20; insured for \$12,000 at Lloyd's. Schooner James Rolph, wrecked at Point San Pedro August 2; loss about \$25,000.

Power schooner Joe Matthews and Helen Johnson, wrecked in northern waters, the former at Golovin in June and the latter at Point Hope in July. British steamer Belcarra, foundered in Jervis Inlet, B. C., September 17; value, \$20,000.

Tug Alidon, lost in Scow Bay, B. C., September 30; value, \$17,000; insurance, \$12,000. Gasoline launch June C., burned near Seattle October 9; insured for \$6,000. Steamer Portland, wrecked near Katala, Alaska, November 12; value at \$55,000; insurance paid \$41,500; cargo salvaged valued at \$18,000.

British steamer Sechart, aground Bowen Island, B. C.; probably total loss; valued at \$20,000. Launch Arrow, sunk by steamer Columbia at Tacoma harbor February 13; value \$25,000.

Sea Prince, sunk by British steamer Greystoke Castle, San Francisco, November 19; four lives lost; value of tug \$25,000. Norwegian steamer Selja, sunk in collision with steamer Beaver near Point Reyes, November 22; value at \$75,000; cargo \$400,000.

British steamer Olympia, stranded on Bligh Island, Alaska, December 11; insured at Lloyd's for \$155,000. Launch Columbia, sunk by steamer Kitnap at Seattle December 14; value at \$45,000; insured for 75 per cent of value.

Steamer Kitnap, sunk by steamer Indianapolis at Seattle December 14; value at \$45,000; insured for 75 per cent of value. U. S. revenue cutter Perry, total loss on Sitka Island, Alaska, July 30; probable value \$100,000.

British steamer St. Denis, foundered at sea with cargo of coal about November 21; insured for \$35,000. Schooner Alice McDonald, ashore at Point Loma January 1; loss about \$10,000; hull sold for \$800.

STEAMED INTO PORT WITH BROKEN GLASS

Petria Assailed by Boisterous Weather on Trips to San Pedro and Return

Completing her first trip under the ownership of the Canadian Northern Pacific Fisheries Company, the steamer Petria, Capt. Shadforth, arrived in port this morning from San Pedro, to which she had carried a cargo of fertilizer, which was loaded at the Sechart and Kyquod whaling stations. The little vessel was badly battered about her southbound and northbound trips. She brought from the south as ballast 300 tons of asphalt, which is being discharged at the outer dock.

One day after the Petria left Victoria she struck a strong southeast gale and as she forced her way through the heavy sea which were running, shipped large quantities of water. The big seas swept over her bow and hammered the cabin work continuously. One sea which came aboard was stronger than the others and hurled itself with such force against the pilot house that two of the windows in that section of the vessel were broken and the man at the wheel drenched to the skin. The interior of the house was all awash and with great difficulty the steering man kept his feet. On the return trip the Petria was assailed by a monster sea which took every movable object on the deck overboard.

The Petria left San Pedro last Monday night on the return passage. The crew, while in the southern clime, had an opportunity to recuperate from their strenuous trip south and were prepared for another equally as bad, and in this they were not disappointed. All the way up the coast the Petria buckled throughout the greater part of the passage. No snow was encountered, but plenty of hail and rain fell. The little craft behaved well in the rough weather and made the trip in remarkably fast time.

When she had finished discharging the asphalt she will tie up to have further alterations made. She is to have a set of up-to-date derricks installed and the three masts which now occupy positions on the vessel will be removed and substituted by two new ones. It is also understood that the Petria will be equipped with wireless, but the company would give out no information regarding this.

VALES DEFEATS ENGLAND

(Special to the Times.) Swansea, Jan. 21.—Before 30,000 spectators here to-day, the English Rugby team, although making gallant efforts, were unable to beat Wales. England scored first the try through Roberts and Wales replied almost immediately, Gibbs scoring shortly after. The English forwards began to tire, enabling the backs more liberty to put their well known passing tactics into force. Just before the interval Bir scored a splendid goal for Wales, who led at the interval by 6 to 3.

At almost the beginning of the second half the Welshmen took possession of the game. Gorman, Spiller and Schiefel scored for Wales and Kowsey for England, who were defeated by 15 points to 11.

This is the first game of the Rugby International season.

SCALDED TO DEATH

Los Angeles, Cal., Jan. 21.—An unidentified man who went to sleep on top of a hot water vat in the rear of a barber shop, was scalded to death. He was scalded to death. His cries attracted the attention of passers-by, but rescuers were too late to save his life.

U. S. CURRENCY REFORM

New York, Jan. 21.—Whether Senator Aldrich's banking and currency scheme is ever adopted by Congress it at least has the "official O. K." of the house of J. P. Morgan & Co. Morgan personally was understood to favor the scheme when he saw it in an undeveloped state at Washington. Yesterday Henry P. Davidson, Morgan's banking partner and former head of the First National bank, said: "I believe that Senator Aldrich's plan is admirably effective and simple. The proposal made is well fitted to all conditions and all sections of the United States possessing all the advantages of the great central banks of Europe."

FOR SAN FRANCISCO

FOR SAN FRANCISCO AND Southern California. Leaving Victoria, ST. CITY OF PUEBLA, 8 a. m., Jan. 20; UMATILLA, 5.30 p. m., Jan. 23; GOVERNOR, 8 a. m., Jan. 29; QUEEN, 5.30 p. m., Feb. 1.

For Northern B. C. Ports. For further information obtain folder.

CANADIAN MEXICAN PACIFIC S. S. CO., LTD.

Monthly sailings to and from British Columbia and Mexican ports and taking cargo to Eastern Canada and Europe via Tehuantepec Railway. Next sailing, S. R. LONSDALE, about Feb. 15, 1911. Passenger agents for: Montreal to Bristol; the Anchor Line and Hamburg-American Lines from New York to Glasgow, Southampton, Hamburg and other European ports; also through book agents via Mexico to Europe. Apply to H. WAREING, General Manager, 51 Hastings St., Vancouver; H. A. GREEN, Agent, 61 View St., Phone 222.

A TRIO OF MONEY-MAKERS

Here are 3 particularly good lots—three lots that'll make money for you if you buy to-day at these prices. Or if you are looking for a choice lot on which to build a home you'll like these, for they are choice. And if you like them, someone else will fancy them too—they'll sell readily.

Asaya-Neural
THE NEW REMEDY FOR
Nervous Exhaustion
Alcoholic and physical excesses,
mental shocks and bodily injuries
drain the nervous system with sur-
prising rapidity. Severe nervous
exhaustion frequently results.
The only remedy is Food, Rest and
nervous repair. "ASAYA-NEURAL"
is and makes possible this cure. It
feeds the nerves, induces sleep,
quickness the appetite and diges-
tion, restores full nerve vigor,
\$.50 per bottle. Local agent,
Thea. Shotbolt, Hall & Co.,
F. W. Fawcett, D. E. Campbell.

**G. T. P. WORK AT
PRINCE RUPERT**

Good Progress Made in Laying
Permanent Lives in
Railway Yards

Prince Rupert, Jan. 20.—Like every
other part of the country, the Grand
Trunk Pacific lines have suffered from
the recent snowstorm. Between the
sixty and ninety-mile posts the snow
drove so hard that the line became
completely blocked and necessitated
the use of the snow plough. The two
runs of the new plough were sufficient
to effect a clearance, and it is again
possible to run up the trains contain-
ing the necessary material for the
construction work. Everything else in
connection with the line is moving
along in good shape.

The permanent lives in the yard are
now laid and work is being carried on
to bring the switch lines into them
into the same state of completion.
Work is now proceeding with the
reconstruction of the line right across
Centre street and along past the
wharves on the north side. The men
are working steadily so that this
branch will be in readiness in a very
short time. The reconstruction of this
line will greatly facilitate the shipping
of freight from boats berthing at either
of the wharves situated to the north
of Centre street.

Down at the yard end of the wharf
the engine shed stands completed and
in operation, then engines in use in
the yard being stationed there when
not in use. The yards present an al-
most finished appearance and certainly
justify the satisfaction of the general
superintendent.
An excellent innovation, and one that
will prove a convenience to the owners
of small craft in and around Prince
Rupert, has been added to the G. T. P.
wharf, which is now practically com-
pleted. It is the fitting up of a slip
for small craft at the north end. It
comprises a large float, a stairway, a
step ladder and a simple arrangement
for hoisting heavy freight. Mr. Mohan,
general superintendent of the G. T. P.,
is responsible for the innovation. The
use of the slip is entirely free and is
already proving its advantages by the
number of boats now fixed to its stays.
The float is spacious enough to hold
a small cargo and will greatly facilitate
the unloading of boats. It is not the
intention of Mr. Mohan that the new
slip should cut out the others and pro-
vision has been made so that it will not
do so. No boat will be allowed to
berth there. They must unload their
cargo expeditiously and get off again.

REBELS ON MARCH

Douglas, Arizona, Jan. 21.—The ex-
citement aroused in Mexico by the re-
ports that at least 1,000 insurgents are
rapidly advancing northward through
Sonora, has crossed the border, and
affected American mine owners, who
called on the war department yesterday
to increase the federal forces now in
this district. It is feared that the
rebels marching northward from Oax-
aca will take the Nacozari railroad,
which is depended upon to transport
ores from the American mines in Son-
ora. The working of the mines is al-
ready hampered by the wholesale
desertions of workmen, who are
leaving in large numbers, and invari-
ably take with them the mules and
burros used to carry the mine products
to the railroad.
United States cavalrymen arrested
Sahuar Cantillas here, while he was
engaged in smuggling arms and am-
munition across the border. Cantillas
was taken before a municipal judge
here, and sentenced to serve ten days
in jail.
With a force of fifty federalists and
200 citizen volunteers, Mayor Chlapas,
of Montezuma, is on his way north-
ward to engage the rebel band which
captured the town of Sahuaripa some
days ago.

There are said to be about one million
temples in China, containing from five
to ten million idols each.

METCHOSIN ADVANCING.

New Store and Post Office Opens on
Monday

Quick work has been done on the
building of Metchosin's new general
store and post office building, which
is located on the old Stoddard farm.
The park, which has been acquired
by Betterton & Jones. The lot has
been cleared, the lumber removed, a
fine new building erected, and this
morning a full line of stock left the
city, groceries, provisions, dry goods,
drugs, etc.
On Monday morning the store will
open under the management of C. O.
Warden. This store is close to the spot
where the Metchosin station of the
Canadian Northern is to be placed. It
is the intention of Betterton & Jones
to subdivide the property, and in order
to ensure the most modern facilities
they have given a right-of-way to the
company, and on its part the company
is under agreement to build and main-
tain a good station and handle passen-
gers, freight and express on all their
trains.

STREET PAVING.

Our contemporary, the Saturday Sun,
writes from showing Mr. Morrison's
sentiments on wood-paving, discusses
the question editorially in this wise:
"One of the claims which Mr. Mor-
rison is making in support of his can-
didature as mayor, is that this city
should adopt a wholesale policy of
wood-block pavements. He argues
that if the city did that the cost of
pavements would be simply a matter
of wages. Well it is a fact that wood-
block pavements besides making the
poorest roads in the city, cost more
than any other kind and wear out more
quickly than any other except possibly
asphalt. If there are two pavements
which have proven to be absolutely
worthless for road-making in this city,
they are asphalt and wood blocks. Both
are slippery and both are expensive
and neither of them is durable while
wood blocks are unsanitary to the last
degree. In frosty or wet weather there
is not much difference between asphalt
and wood blocks. On neither of them
can a horse get secure footing nor haul
a full load when they are wet or frosty."
"What Vancouver needs in the way
of pavements are rough-toothed sur-
faces of the Bitulithic or Hassan va-
rieties. These pavements are of a
similar character afford good footing
for horses, they are durable, sanitary
and in comparison with asphalt and
wood blocks, are cheap. They can be
kept clean because they do not absorb
moisture as both asphalt and wood
blocks do. If there is one class of
pavement of which Vancouver has had
a steeking surfeit it is asphalt and
wood blocks. And if Mr. Morrison in-
tends to inflict any more wood blocks
upon this city that fact alone should
be the sufficient reason for his defeat
for the mayoralty."
"Mr. Morrison asks for his election
on the ground that he is a practical
man and he demonstrates his qualifi-
cations by lengthy and technical dis-
quisitions on road-making. There is
no doubt of Mr. Morrison's knowledge
of these subjects. He has acquired a
great deal of experience in the man-
agement of contracts he has had with the
city. But is that a good argument in
favor of making him mayor? All this ex-
perience he has gained while making
money out of the city. By no process
of reasoning can it be shown that while
gaining his experience he was not
working in the interest of his own
first, last and all the time. His view-
point is and must be that of the con-
tractor who is making money out of
the city. As an advocate of wood
block pavements he proves that the
contractor's viewpoint is still his be-
cause while wood blocks are the most
expensive pavements the city has put
down they are also the most expensive."
"Now Mr. Morrison has adopted
Mayor Taylor's idea of re-organizing
the engineering department. Suppose
a first class city engineer were to de-
cide that wood-block pavements were
not suitable for this city and would
Mr. Morrison do about it? Mr. Mor-
rison tells us he is a practical man
and he wants to be elected mayor on
that ground. If he is elected who is
to be in authority in the public works
of the city, the city engineer or Mr.
Morrison? Having strong ideas of his
own can we expect that a mayor such
as Mr. Morrison would likely be, would
brook and difference of opinion between
himself and the city engineer? The
chances are if the engineer was a
strong man there would be a deadlock
or the engineer would resign. With
Mr. Morrison mayor of the city the
likelihood is that instead of a strong
engineer being appointed there would
be a puppet whose ideas would coin-
cide with Mr. Morrison's."

Note the difference in these
two loaves of bread!

No. 1 was made from SEAL OF ALBERTA—
the Faultless Flour—the flour that makes per-
fect bread.

There is a reason why it is better.

You have seen a boy chew wheat to make
"gum" out of it. That "gum" as he calls it,
is the gluten of the wheat. On the quality
of the gluten the bread depends. That "quality"
in the gluten is determined by soil and moisture
and locality and other things. And we select
the best wheat from the best locality—clean it
perfectly—wash it—mill it in a mill that is per-
fectly itself—then age it until it is just right, in
order to give you in perfect condition SEAL OF
ALBERTA, the Faultless Flour.

Ask your grocer about it.

Read next week's announcement.

**MONTREAL REAL
ESTATE MAN**

All Crippled Up With Rheumatism
GIN PILLS Gave Prompt Relief

One of the leading real estate operators in Canada's largest city is Samuel Longmore, Esq., of The Longmore Realty Co. Mr. Longmore makes a specialty of investments and has charge of many estates, investing the funds in a careful and conservative manner. Occupying such a position of trust, it is natural that he should weigh his words when making any statement for publication. The letter below shows what Mr. Longmore thinks of the famous GIN PILLS.

55 University Street, Montreal, P. Q.
"Just a word of praise for GIN PILLS. About fifteen months ago, I could not walk across my room, suffering severely with Rheumatism. I took GIN PILLS and became quite well. Two months ago, I had Rheumatic Pains with Neuralgia and Diarrhoea. I resorted to GIN PILLS again for one week and became quite well. Last week, I suffered again with Neuralgia. Three GIN PILLS cured me. They are really good."
SAMUEL LONGMORE.
You see, GIN PILLS do give quick relief—do save you pain and suffering—do cure Rheumatism, Neuralgia and all troubles due to weak, strained, overworked kidneys and Irritated Bladder. If you are subject to Rheumatism—and suffer with more or less every winter—take GIN PILLS right now, or you will never have the slightest touch of your old enemy. GIN PILLS are sold on a positive guarantee or money back if they fail to give relief. 50c. a box, 6 for \$2.50.
If you have any difficulty in getting GIN PILLS, write us enclosing 50c. for one box or \$2.50 for six boxes and we will supply you promptly. Sample box free if you write us, mentioning this paper.
National Drug and Chemical Co., Dept. V. T., Toronto.

MANGA-TONE BLOOD AND NERVE TABLETS, the best all-around tonic for pale, thin, bloodless people. 50c. a box.

Keep Baby's Skin Clear

Mothers, do you realize the importance of caring for baby's tender, easily irritated skin? Neglect or unsuitable methods may give rise to simple rashes or tiny sores. Torturing, disfiguring humors follow and threaten to become permanent. Not only is Cuticura Soap the purest and sweetest for baby's bath but, assisted by Cuticura Ointment, it affords the speediest and most economical method of clearing baby's skin and scalp of eczemas, rashes, itchings and irritations, and of establishing a permanent condition of skin and hair health.

The Price The price you pay on any article that we sell is guaranteed to be the lowest possible.

The Evening Chit-Chat

BY RUTH CAMERON

'There's so much bad in the best of us and so much good in the worst of us, that it hardly behooves any of us to criticize the rest of us.'

You are all probably familiar with the above. Almost everybody likes to quote it once in a while, I find. But the reason I recall it to-day is that I have a new version to present.

'There's so much peculiarity in the most of us, and so much sanity in the most peculiar of us, that it hardly behooves any of us to criticize the rest of us.'

Now, I know that doesn't make it all good meter, but it does seem to me that it makes decidedly good sense. Lives there a man, however sane, however practical, however hard on other people's peculiarities, who hasn't a pet obsession of his own? I doubt it.

One of the sanest men I know will not allow gas to be used in his home because he is afraid that some one will not turn the cock off tight and the family will be suffocated.

The gas pipes are in his apartment, and there is a most excellent gas stove. It would be an immense help to his wife to be able to cook in this summer instead of having a hot coal fire, but he simply will not hear of it.

No use to tell him that with proper care there is no danger in the use of gas. He has an obsession on this subject. He can't be reasoned with.

And yet in other respects he is most sane, level-headed and logical. And when his next door neighbor, who has an equally powerful obsession on the subject of burglars, secures his doors with two or three bolts and locks, and installs an elaborate system of burglar alarms this man laughs heartily at him and calls it 'all tommyrot.'

'Even as you and I.' Another point of view on this subject: I know another man who is insanely timid in anything relating to fire. He has a set of precautions with which he goes through every night. He sets the kerosene can outdoors. He fastens up all the lambskins on the mantels over the heaters. He pours water on the open fire and does several other equally absurd things.

The men's wife thinks she has the most exasperating peculiarities in the world to deal with. She envies the first man's wife because she knows how sane he is on most subjects. She doesn't know about the gas obsession.

Most of us think that those peculiar peculiarities with which the members of our own family worry us are quite the most exasperating on earth. We envy our neighbors who don't have such things to put up with. It's only because we don't know the inside of their home lives. Like as not they have something superior to our own.

Suppose the next time you feel inclined to protest against the vagaries of some member of your family you think of this, and also reflect on the possibility of your having some obsession which on account of your proximity to it you don't recognize as such.

Maybe then you'll feel less inclined to protest. Ruth Cameron

MRS. SCHENK MAY NOT GIVE EVIDENCE

Attorney for Defence Says Sensational Testimony Will Be Introduced

Wheeling, W. Va., Jan. 21.—The defence in the case of Mrs. L. Sara Farnsworth Schenk, charged with attempted poisoning of her wealthy husband, was given a severe blow yesterday afternoon, when the court refused to admit the evidence of Dr. Roy Steppy of Pittsburgh. Dr. Steppy, so Attorney Boyce, chief counsel for the defence, told the court, was expected to show that the testimony of the detective nurse, Mrs. Klein, was unreliable and that the woman was a morphine fiend.

Boyce argued at great length as to the color in the woman's credibility and made every effort to discredit her damaging testimony.

Dr. Osborne, another of the defence's experts, testified that he thought Schenk's illness was probably due to indigestion or ptomaine poisoning.

On cross-examination he admitted that the blue line on Schenk's gums indicated lead poisoning.

Questioned as to how he would regard Mrs. Schenk's alleged remark, 'I'd be better satisfied if he died,' Osborne declared he would regard such a remark lightly.

Dr. Osborne was cross-examined at length during the morning, chiefly with regard to the symptoms of arsenic poisoning. He testified that Schenk would have suffered much from the lead in his medicine unless the bottle was well shaken.

Replying to a question, Dr. Osborne acknowledged that he supposed a patient under the symptoms described would be apparently suffering from acute lead and arsenic poisoning.

Attorney Frank O'Brien, of Mrs. Schenk's counsel, announced that his client might decide not to tell her own story to the jury, but he promised if she should fail to do so to 'produce a witness who will tell a startling story of the case which will prove to be the strongest link in the defence.'

Brief Mention of Necklaces and Brooches

NECKLACES.

In Plain Solid Gold, various patterns, up from \$2.70. Handsome Gold Necklaces in numerous styles, with precious and semi-precious stones, all of solid gold mountings, ranging up from \$4.50.

Pearl and Gold Necklaces, fancy floral design, with pearl drops—all whole pearls—each \$12.00. Fancy Necklaces of 14-kt. gold, set with pearls, suitable for pendant. Price \$13.50.

Coral Necklace of unusual excellence, daintily set off with Oriental pearls, festoon design. The corals are of the very finest Italian pink. \$54.00. We have an exclusive line of Diamond Necklaces and Pendants, ranging from \$1.200 to \$100.00.

BROOCHES.

Quaint Old-fashioned Brooch of solid gold, with large amethyst in centre. Only \$7.20. The newest design in an Art Finished Brooch of solid gold, set with amethyst and topaz, studded with pearls. Prices range up from \$12.25.

Bar and Collar Pins, Ladies' Bar and Collar Pins, beautiful designs in enamel, pearl set, also in hand engraved designs, set with pearls, up from \$2.25.

Challoner & Mitchell Co. Jewelers Ltd. Jewelers 1017 Government St. Victoria.

WHITE AND GOLD EVENING GOWN.

Quite the handsomest gown worn at a recent evening function was of Irish lace and white satin. The foundation of lace had an artistically draped overdress of white chiffon satin, bordered all around with crystal fringe. The bodice of lace in bolero effect was outlined with gold embroidery.

A gown of this sort could be fashioned quite as effectively and at much less expense if the foundation were of satin instead of lace. The model is exceedingly graceful.

BABY'S SPLENDID HEALTH.

Mrs. R. Yates, Montreal, Que., writes:—'Baby's splendid health was obtained through the use of Baby's Own Tablets. They are a grand medicine for constipation, as their action is easy and does not give baby pain. I would recommend them to all mothers; no one should be without them who have young children in the house.'

This testimony is similar to thousands of others sent us by grateful mothers. Every mother who has ever used the Tablets for her little ones will tell you they are the very best medicine in the world. They not only cure the ills of the little ones, but they make them grow happy and strong.

The Tablets can be given to even the youngest babe with absolute safety as they are sold under the guarantee of a government analyst to contain no opiate or other harmful drug. They cannot possibly do harm—they always do good.

Baby's Own Tablets are sold by medicine dealers or at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

SOCIAL AND PERSONAL

On Friday next Mrs. McBride will be hostess at an 'at home.'

Mrs. Fleet Robertson will be hostess at a tea on Wednesday next.

William Milligan, Otter Point, is in town and is at the Dominion.

E. E. Armstrong, Barkerville, Cariboo, arrived in town yesterday.

B. J. Perry left on the Princess Royal last night for Vancouver.

Lieut. and Mrs. C. Phillips-Wolley, R. N., left on Tuesday for England.

T. A. Dickson, Whitehorse, is in town and is staying at the Dominion.

Col. F. E. Elmslie, C. B., Wilson's Crossing, is a guest at the Empress.

G. E. Gibson is down from Prince Rupert and is a guest at the Empress.

Mrs. Mahoffey, Westholme, is in town and is stopping at the Dominion.

Mrs. C. W. Aekland and daughter left yesterday on a visit to Kamloops.

W. J. Watson and wife, Ladysmith, arrived yesterday and are at the Empress.

F. H. Lomas, Duncan, is visiting town for a few days and is at the King Edward.

W. S. Sargent and F. J. Martin, Hazelton, are stopping at the Dominion hotel.

A. E. Hepburn was among the passengers from Vancouver on the Charlotte yesterday.

M. Lenz, of Lenz & Leiser, was a passenger on the Princess Royal last night for Vancouver.

Captain Lindsay was among the passengers on the Princess Royal last night for the mainland.

J. J. O'Sullivan was among the passengers on the Princess Royal last night for the mainland.

M. H. Lee, wife and daughter, Calgary, arrived on the Charlotte yesterday and are at the Empress.

Mr. and Mrs. William Bell, Oak Bay, left yesterday to spend several weeks in southern California.

T. Abbot and wife arrived on the Princess Victoria from Seattle and are registered at the King Edward.

Mrs. John Anderson and her daughter Arnes, Pembroke street, left yesterday on a visit to friends in Vancouver.

C. M. Marpole and wife arrived on the Princess Charlotte from Vancouver, and are stopping at the Empress hotel.

Mrs. W. D'O. Rochfort, who is ill in St. Joseph's hospital, is recovering and will be glad to see her friends next week.

Miss Mary Williams, who has been the guest of Miss Susie Wicks, Nanaimo, left for her home in Seattle yesterday.

Mr. and Mrs. Victor Waram have returned from their honeymoon trip, and have taken up their residence at the October Mansions.

Professor Claudio H. Foote and Mr. Deferron, of the Grand orchestra, were among the passengers on the Princess Royal for Vancouver yesterday.

Misses Emily and Harriet O'Brien have returned from Minneapolis, and are spending the winter with their mother, Mrs. E. O'Brien, Knochue, Chester avenue.

Mr. and Mrs. Beuth Sims went over last evening to Vancouver with Mr. and Mrs. Carew Gibson, and will spend a few days with them in the Terminal City before leaving for Field.

A dispatch from London announces that the marriage of Count De Lesseps, aviator, and Miss Mackenzie, daughter of Sir William Mackenzie, of Toronto, will take place on January 25.

A post-nuptial shower took place at the home of Mrs. T. Clarke (nee Miss Cissy Wilde), on Thursday afternoon, when a merry party of her friends gathered and surprised her with many beautiful and useful gifts.

The engagement is announced of Mr. William Pugsley, jr., Montreal, second son of Hon. William Pugsley, minister of public works, and Mrs. Pugsley, to Miss Marion Ross, daughter of Mr. and Mrs. James Ross, of Montreal.

The local aerle of Eagles are preparing for their annual bal masque, which will be held on St. Valentine's night, Feb. 15. The committees are determined to make it bigger and better and more enjoyable than ever.

Prizes aggregating over one thousand dollars in value will be given for the best costumes.

The committee in charge have all arrangements well in hand for the annual ball to be given by the Ladies of the Macabees of the World, to be held in the A. C. U. W. hall on Monday, January 23, and nothing is being left undone to make this dance one of the most enjoyable and best social affairs of the season.

Miss Thain's orchestra will supply the following most up-to-date programme, the grand march being led by the officers of the Royal: 12, waltz, Mystic Dream; 13, three-step, Caravan; 14, two-step, Chanticleer Rag; 15, barn, Call Me Up Some Rainy Afternoon; 16, two-step, Any Little Girl; 17, waltz, Jolly Pel-lows; 18, two-step, Lights Out; 19, two-step, Little China Doll; 8, waltz,

ROYAL DUKE'S AFRICAN TOUR

CAPTURED HEARTS OF ALL THE PEOPLE

Took Cheery Interest in Every- thing and Everybody During Journey

"One thing is quite certain," a leading citizen of Durban said to me, "the Duke will have an immense success in Canada. I only wish," he added, "that you had sent him as Governor-General here." This is the way Hamilton Eyre commences an article in the Daily Mail on the tour of the Duke of Connaught.

That is the feeling to-day throughout the whole of South Africa. "The Duke" (so they called him everywhere with a touch of affection) has turned what might have been a mere formal series of receptions and ceremonies into a triumphal progress. It was certain that he would leave behind impressions of amiability. It was certain that he would discharge with dignity and tact the duties of his high commission. But to say that he had done these things, and to say no more, would be to give an utterly misleading account of his travels. Everywhere, from first to last, he won all hearts by his unaffected, kindly bearing, by his obviously keen interest in all that he has seen and heard, by his frank, charming manner in private, by the admirably sincere and manly note which sounded in all his public speeches.

The fact is the Duke of Connaught surprised South Africa. I think the accounts of his progress must have a little surprised England as well. It was a great opportunity, the first of the kind which has been offered to him, and he took advantage of it to the full. Even his official appearances would by themselves have created an exceptionally pleasant impression. "He is always so human," was the comment of an observer well versed in royal functions. "He looks as if he really liked laying foundation stones." Nothing, certainly, could be more foreign to the Duke than that air of bored detachment which often sits upon public men who have much less excuse than royalties for being weary of ceremonial. He followed all proceedings, however tedious and protracted, with attentive eye and ear. Receiving addresses is a deadly business. He had to listen to dozens of them

Biliousness

Torpid Liver, Sour Stomach, Indigestion, Sick Headache — all cured by a regular morning glass of

Abbey's Effervescent Salt

Age and Sex. At Dealers.

everywhere he went. Never for a moment did he treat them as mere formalities. He heard them and replied to them with an unflinching air of interest. Before reaching Durban, after a very shaky journey through the mountains, he was obliged to take two draughts of medicine in succession to relieve a splitting sick headache. Yet he went through the address presentation ceremony with his usual gracious charm. No one guessed that he was not feeling perfectly well.

One very hot morning in a small tent, half-filled with perspiring dusky headmen, a native interpreter read out an interminable sequence of addresses from Bechuana chiefs. All said the same things in the same language. It was clear that "someone had blundered." Everyone else either looked furious or relieved the pangs of ennui by cavernous yawns. The Duke alone sat upright, with a look of kind attention on his face, listening to each string of formal sentences as if it contained matter of the most absorbing moment.

The Duke's own utterances were excellent both in substance and in form. Never content with saying merely what was expected of him, he contributed many an arresting phrase, many a suggestive idea to the common stock of South African thought. His delivery, too, lent an added attraction to his speeches. He spoke always very distinctly, his pleasant voice won over his hearers from the start. He could give lessons in elocution to a great many of those who pass for orators in parliaments. At times his dramatic emphasis was thrilling in its effect.

But, after all, it was not by his demeanor in public that he captured the hearts of the South African nation and of the people in Rhodesia. It was not as a Prince that they loved him, but as a man. However graciously he had comported himself at functions, there would have been no gatherings of farmers and miners at wayside stops. There would have been no crowds at stations where he halted only a few minutes (in some cases did not halt at all.) There would be no feeling of personal affection left behind. It was because they heard how he got out of his saloon at every opportunity and walked up and down talking to anyone who happened to be there that

men drove ten, twenty, forty miles to get a sight of and perhaps a word with him. It was because the fame of his kindly simplicity ran before him that whole towns flocked to the railway platforms, and that the open receptions which he held were so studiously attended. It was due to his cheery interest in everything and everybody, to the natural courtesy and friendliness of his manner, which at once put all at ease, to the genial humor which never failed him—that he owed his boundless popularity and the deep regret with which South Africans let him go. Of course, he owed much to the Duchess and his daughter, who bore up nobly under the stress of a month's perpetual travelling. He owed much, too, to the exceedingly pleasant and competent staff he took out with him. Everywhere we went Major Lowther

and Captain Bulkeley, Lord Hamilton of Dalzell and Captain Grant left behind troops of friends. Nothing was left undone that could gratify people of all classes or make arrangements work smoothly, as they always did. Sir Francis Hopwood naturally was of the greatest value with his wide experience of Imperial affairs and that tact in dealing with overseas Britons which marks him out as the ideal man to fill the new office of under-secretary for the Dominions as soon as it is created. Commodore Wemyss played his part as naval aide-de-camp with a delightful heartiness. Captain Scott Worthington, the clever Canadian army doctor, not only physicked the party with magical success, but made a fine figure at functions. Miss Pelly, though handicapped by a bad accident which made her lame, was a model to all ladies-in-waiting of discretion and charm.

Yet, after all, though a first class staff can do much, it cannot do everything. All might have gone off like clockwork and still the impression left behind might have been cold and dull. It was the Duke himself who has made it utterly impossible to look back upon the tour without a thrill of enthusiasm. Take one point alone by way of illustration. After Mr. Roosevelt (whose method would perhaps be found too demonstrative by a British community), the Duke is undoubtedly the best handshaker in the world. Sometimes he would stand for the best part of an hour greeting people in this way, and every single man or woman so privileged went away feeling that he or she was the one person the Duke had been really anxious to meet. To those who are unacquainted with human nature this may seem a small thing. But the amount of loyalty generated by such means is incalculable.

More than ever, after the Duke's tour, it is clear that the Empire would benefit enormously if the sovereign could be represented in each of the Dominions by a member of the Royal family. It is scarcely to be expected that all Princes of the blood employed in this way would meet with the same success as the Duke of Connaught. But there would rapidly spring up traditions which would ensure to good will and sense of duty not only the best of personal affection but great advantage to the Empire.

PACIFIC FLEET

Captain Hamilton Advocates Three British Dominions on Ocean Uniting For Defence

"Suppose the three British dominions that border on the Pacific establish a joint British fleet to take care of the situation in that ocean. A squadron of four great battle cruisers, with a liberal allowance of medium sized cruisers and torpedo craft, could be kept on foot for some twelve or fifteen million dollars a year. This fleet would not overmatch that of Japan, but in the event of hostilities it should be strong enough to hold its own till reinforcements arrived from Great Britain." This was the suggestion thrown out by Capt. C. F. Hamilton, Ottawa, in an address before the Empire club at Toronto, recently.

Capt. Hamilton pointed out that the alliance between Great Britain and Japan would expire in 1915, and that it was understood that this alliance would not be renewed. The empire was at present facing the three formidable navies of Germany, the United States and Japan. The British fleet effectively hemmed in that of Germany in the North Sea, but Great Britain had hardly any force in the Pacific. He did not expect any trouble with the United States. German strategists hoped for some crisis in distant waters, to which about 40 per cent. of the effective British sea force would be sent, and the German armament would be able to force an outlet from the North Sea.

OUTDOOR STUDIES.

The study of our common wild birds in the public schools is based upon soundest reasons, says the Toronto World. Granting that every child ought to acquire an interest in nature and outdoor life, acquaintance with the birds is the best starting point for such an interest.

Every child naturally delights in wild animals and in stories about them. Under present conditions birds are about the only wild creatures readily found. Their songs, flight, liveliness, colors and habits are all specially attractive. The bird is thus the best means of beginning a lifelong interest in things outdoors. Simple studies of birds should, therefore, be introduced in the youngest grades, and not postponed to high school, when tastes and habits are largely formed.

The old objection of a crowded curriculum does not hold. If nature is now crowded out, so much the worse for the curriculum. The older systems devoted nearly all attention to studies of mankind and his ideas or languages, and sent out children ignorant of the world in which they lived—a mistake now being corrected. The outdoor studies, instead of being a burden, prove a rest and diversion, and can be worked in as reading or English exercises without loss of time.

A few odd minutes now and then devoted to birds, flowers and other outdoor subjects would be most wisely spent.

Seventy-Nine Years Young

"Fruit-a-tives" Keeps Health Perfect

WILLIAM PARSONS, ESQ.

Otterville, Ont.

July 8th, 1910

"I am a seventy-nine year old man, and a great believer in, and user of 'Fruit-a-tives.' It is the only medicine I take, and I can truly say that 'Fruit-a-tives' and exercise keep me in my present good health."

Stricture of the Bowels, was the complaint I suffered from and I found 'Fruit-a-tives' to do me more good than any other remedy. My doctor advised me to stick to 'Fruit-a-tives' and I have done so with the best results.

I have been in business here for a good many years and have been a resident of Otterville for over fifty years, so that if you think this little reference from me will serve to induce some others to try 'Fruit-a-tives,' I hereby authorize its publication.

WM. PARSONS.

Obstinate Constipation, Paralysis of the Bowels and Stricture of the Bowels can never be cured by common purgatives, salts, senna, 'liver pills' and oils have positively no action on the liver. They do not increase the secretion of bile, which nature provides to move the bowels. They merely irritate the membranes lining the intestines. One may as well try to cure a headache by pounding one's head against a stone wall, as to try to cure constipation with common purgatives. 'Fruit-a-tives' is the only true liver stimulant. 'Fruit-a-tives' is fruit juices and nerve tonics, and will always restore the liver to its proper condition and cure the most obstinate cases of Constipation. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

MAPLEINE

A flavoring used the same as lemon or vanilla. By dissolving granulated sugar in water and adding Mapleine, a delicious syrup is made and a syrup better than maple. Mapleine is sold by grocery. If not send 5c for 2 oz. bottle and recipe book. Crossed Map. Co., Seattle, Wa.

ORANGE WEEK!

FORTY-FIVE Carloads Coming—Are California's Finest—The "SUNKIST" Kind—ON SALE ALL NEXT WEEK!

Attractive Prices and Special Displays of "SUNKISTS" At All Dealers

Forty-five carloads of famous "Sunkist" oranges—more than 18,000 boxes—are speeding by fast freight, direct from the orange groves of California.

They will be here, on sale at every dealer's next Monday morning. The sale will continue through the week. It will be the biggest affair of its kind in history.

Last year's "Sunkist" Orange Sale was such a huge success, and everybody bought so liberally, that your local dealers were simply swamped with business. They were hardly able to supply the demand. We therefore suggest that you place your order for "Sunkist" oranges as early next week as possible. Then you will be certain of being supplied.

Every orange in every box is sound, tree-ripened and hand-picked—the most luscious, healthful fruit on the market. For "Sunkist" oranges are California's choicest crop.

Five thousand orange growers select their choicest and pack them under the name "Sunkist." Thus every "Sunkist" orange is perfect—solid, sweet and full flavored.

In "Sunkist" wrappers you get tree-ripened, hand-picked oranges of the most acceptable variety. Every orange is picked by a gloved hand. They are shipped by fast freight, and always reach your table in prime condition. Being seedless, fiberless and thin-skinned, there is but very little waste. They are the most economical oranges you can buy. Each one is packed in a germ-proof tissue paper wrapper and bears the label "Sunkist."

All Physicians Advise Oranges

Physicians and food experts advise

people to eat more oranges. We are a nation of meat eaters. And in winter, especially, the system gets clogged, causing congestion, colds, fevers, etc. Those who eat fresh wholesome fruit freely, seldom require medical treatment.

Serve Them for Breakfast and in Salads and Desserts

Oranges are the ideal breakfast fruit and "between meals" lunch. For salads, they are indispensable. Orange ices, sherbets, puddings, etc., are very popular and delicious desserts.

"Sunkist" by the Box

"Sunkist" oranges reach you in such perfect condition, fresh from the orange groves, they will keep for weeks. Your dealer can make you a handsome saving if you order a box or half box. They are cheaper than table apples, and the greatest health food.

A Word About "Sunkist" Lemons

Fruit dealers at all times are supplied with "Sunkist" lemons. They are the same superior quality as "Sunkist" oranges. Never thick-skinned or pithy. "Sunkist" lemons are so juicy that two of them equal three of the common kind. They, too, are packed in "Sunkist" wrappers.

Save Your "Sunkist" Wrappers

By saving your "Sunkist" orange and lemon wrappers you can easily secure a full set of genuine Rogers spoons, dessert spoons and fruit knives. The patterns shown here are our new 1911 styles, designed exclusively for us. They are as attractive and stylish as money can buy. All are Rogers quality, standard A-No. 1 plate and are fully guaranteed by the maker. No advertising appears on any of our premiums.

Read on the right the description of these valuable premiums and how to get them.

"SUNKIST" Premiums

Rogers Orange Spoon Free
The picture shows our new 1911 design, "Sunkist" Orange Spoon, actual size; being a genuine Rogers product and of the latest style. This spoon will be sent you, chargeless, packed in our "Sunkist" wrappers and 12 cents. For each additional wrapper send 12 "Sunkist" wrappers and 12 cents.

Valuable Dessert Spoon Free
The picture shows our new 1911 design, Dessert Spoon, actual size. It is of the same excellent quality and beautiful design as the orange spoon, but being larger and heavier is more valuable. Sent to you on receipt of 24 "Sunkist" wrappers and 20c additional. For each additional dessert spoon send 24 "Sunkist" wrappers and 20 cents.

This Fruit Knife Free
Our 1911 "Sunkist" Fruit Knife is shown here, actual size. It is made of special tempered steel heavily silver-plated. Fully guaranteed by manufacturers, Wm. Rogers & Son. Sent to you on receipt of 24 "Sunkist" wrappers and 20c. For each additional knife send 24 "Sunkist" wrappers and 20 cents.

Notice!
On all remittances up to 20c please send one-cent stamps, on amounts above 20c, send postal note, post office money order, express money order or bank draft. Make your money order or draft payable to The California Fruit Growers' Exchange and address your letters to The California Fruit Growers' Exchange, 105 King Street, East, Toronto, Ont.
You can secure these premiums with "Sunkist" orange wrappers, "Sunkist" lemon wrappers, "Red Ball" orange wrappers, or "Red Ball" lemon wrappers. If you will make it a point to buy only "Sunkist" and "Red Ball" oranges and lemons, you will not only get the finest fruits that grow, economically priced, but you will soon have enough wrappers to secure a complete set of the beautiful spoons and knives here shown.

Don't Forget the Date—Week Beginning Monday, Jan. 23

THE CALIFORNIA FRUIT GROWERS' EXCHANGE, 105 King Street, East, Toronto, Ont.

TY DECIDES TO ADOPT ASPHALT

CH WORK WILL BE ORDERED SOON

Expert Will Be Engaged to Superintend Pavement Construction

The newly constituted board of works, at its initial meeting held last night, decided upon asphalt as the material to be utilized in the street improvement scheme which contemplated approved work, the cost of which will aggregate close to \$60,000, and instructed the city engineer to take such steps as will enable the city to call for almost immediately. Included in the scheme is the paving of the various main roads of the city.

The city engineer's report was as follows:

The policy of the city council in the past has been to make the city's portion of the cost of pavements within fire limits one-third and outside fire limits one-fifth. The fire limits take in the water front from the wharf to Point Ellice and that portion of the city bounded by Bellevue, Blanchard, Courtenay, Vancouver, Mason, Blanchard, Pembroke, Government and Bay streets. In the proposed scheme the city's portion is less than the above as regards trunk roads, which is in some cases fifty per cent. The scheme is as follows:

City's	Cost, share, Miles
Trunk roads	\$487,125 \$184,594 6.3
Used and reported	321,910 97,224 7.
Used, not reported	399,540 96,750 7.3
Recommended	304,750 69,888 5.
	\$1,584,365 \$489,456 25.6

The trunk roads to be paved are: Esplanade road from Point Ellice bridge to city limits; Esplanade road from Point Ellice bridge to Bridge street; Government street from Douglas street to Bay street; Government street from Bay street to Foundation street; Douglas street from Pembroke to Esplanade; Fort street from Douglas street to city limits; Hillside avenue from Douglas street to city limits; road to the outer wharf; street from Blanchard to Fort street. All the above pavement will be asphalt with the exception of Government street from Discovery to Bay street, which will be of concrete.

In regard to the question of the appointment of an asphalt expert and the question of guarantee for pavements, the engineer reported as follows: "Before calling for tenders for pavements for this year, your committee should be conversant with the nature of the guarantee the city is receiving in this connection. The city solicitor advises that it is illegal to compel the contractor to include in his tender a guarantee to provide for ordinary repair and maintenance of the street during the life-time of the pavement, and states that such expenses must be borne by the city generally. The solicitor also states that it is legal to ask the contractor to guarantee that the materials and workmanship are of the kind and of the quality specified, and that the pavement will not disintegrate or go to pieces during a certain period, but states that the matter must be decided by the court."

"An asphalt pavement is the favorite of the city to assume entirely the responsibility for the lasting qualities of the pavement. It will be necessary to engage an expert in the construction of asphalt pavements, who will measure the quantities and test the ingredients, watching the preparations of the mixture. It is usual in most cities that the contractor guarantees against faulty material or workmanship for a certain period. Last year the Westwick Paving Company left fifteen per cent of the contract price with the city as a guarantee of the quality of their asphalt pavement for a period of ten years, the company drawing four per cent on their deposit. I would recommend that the specifications make provision for receiving tenders on the following conditions: "(a) A price per square yard, with the contractor leaving 15 per cent, with the city for a period of ten years, receiving 4 per cent interest on their deposit. "(b) A price per square yard, the contractor leaving with the city a satisfactory bond 60c. 25 per cent for a period of five years. "(c) A price per square yard, the contractor complying with the city specification and the city's expert inspection with no further guarantee. "There was some discussion as to which form of tender it would be best to adopt and finally it was decided to strike out clause A of the report, to engage an asphalt expert to inspect and report on asphalt construction and also to get in touch with the B. C. Electric Railway Company so that the latter may lay gas mains and rails at the same time as the paving work is taken in hand."

AN OPEN LETTER

From a Baptist Clergyman Telling of Cures Wrought by Dr. Williams' Pink Pills.

The Dr. Williams' Medicine Co., Brockville, Ont.: Gentlemen: It has been my intention to write to you for some time, but being busy I have neglected to do so, until now. I am a Baptist minister. Was ordained June 14th, 1887, in Cranham Baptist church, Northumberland Co., Ont. I want to tell you in a few words as possible what I know about Dr. Williams' Pink Pills. I was pastor of the Dalesville, Que., Baptist church in 1891 and again in 1894-5. While former pastor, aged 74, was stricken with paralysis so that he could not help himself. He had to, or did, take a tablespoonful of rhubarb every day to keep his bowels regular. I thought of Dr. Williams' Pink Pills. He began taking them and it was not long before he could walk again and his bowels were regular. The paralysis never returned and his bowels remained active. He died a few years ago practically from old age.

I went from Dalesville, Que., to Groton, Vermont, as pastor of the Baptist church in that place. There lived a man about two and one-half miles from Groton by the name of Nell McCrea, a Canadian. I heard he was ill, and being a Canadian, I went to see him. I found him lying in bed. He said he had no pain, but was too weak to sit up. His lips were bloodless; in fact he was as white as chalk. I recommended Dr. Williams' Pink Pills and gave him some. He began taking them and in a short time could see blood in the veins of his hands and in the course of a few weeks he was out watching men building a new barn for him, and shortly after that he came to Groton to church. Now, I ought to tell you that the doctor of Groton had given him up. The Ryegate doctor (a doctor in and adjoining village) could not help him and said so. The best doctor in the hospital of Burlington, Vt., came and saw Mr. McCrea, but told me he could not help him. He did tell me that he had seen Dr. Williams' Pink Pills put him on his feet again.

Later I returned to Dalesville, Que., as pastor. A young lady who lived about six miles west of Dalesville at a place called Edina, sent for me to see her, as she had been a member of my congregation in my former pastorate. I went to see her and found a similar case to that of Mr. McCrea, of Groton, Vt. This girl was so weak she could not sit up. She appeared to be bloodless. I said to her: "It will cost you \$6.00 to get a doctor to come out from Lachute to see you, whereas you can get six boxes of Dr. Williams' Pink Pills for \$2.50." She followed my advice, took Dr. Williams' Pink Pills and when some time later I saw her in Lachute, she was as well as ever, and Dr. Williams' Pink Pills did it all.

I have given you the facts of these three cases which came to my personal notice and I think it only just to other sufferers that these cures should be given the widest publicity. If you wish me to go before a magistrate and take oath to the truthfulness of the things mentioned above, I am prepared to do so. I am at present engaged in evangelistic work, and have therefore not at the present time a permanent address. I can, however, refer you to the editor of the Canadian Baptist.

(Sgd.) T. C. SOWTER.

TEN MILLIONS FROM CARNEGIE

GIFT TO INSTITUTE ENDOWMENT FUND

Steel King's Donations Now Amount to Nearly \$200,000,000

New York, Jan. 20.—Andrew Carnegie yesterday announced the addition of \$10,000,000 to the Carnegie institute endowment fund. This makes a total of \$25,000,000. The addition was made, he said, because the work of the institute had been unexpectedly satisfactory. He believes that results heretofore only dreamed can be obtained. Yesterday's announcement brings the total of Carnegie's gifts almost up to the \$200,000,000 mark.

It was also announced that Prof. Hale of the United States observatory on Mount Wilson, California, had discovered 60,000 new worlds through a new telescope more powerful than any one ever built. Commenting on this declaration, Carnegie said: "The whole world will soon be listening to the new oracle on the top of Mount Wilson. In the new telescope is a lens 100 inches in diameter. I hope I'll live long enough to hear the revelations coming from Prof. Hale."

NATIONAL HIGHWAY ACROSS CONTINENT

Proposal Made Canadian Forestry Convention at Quebec

Quebec, Jan. 21.—Twelve resolutions were laid on the table yesterday, giving the summary of the conclusions of the Canadian Forestry convention, and their adoption marked the close of the convention, which had been an unparalleled success. The convention recommends that henceforth railways be responsible for all damages to forests by fire, whether due to negligence or whether their locomotives are responsible. This abrogates the section whereby, if the company has taken proper precautions, the penalty shall not exceed \$5,000. They approve the policy of utilizing timber cut on crown lands within the country. They propose that a national highway be constructed from the Atlantic to the Pacific and that provincial governments increase their subsidies for the building of new roads and improving existing ones. Thanks are expressed to Sir Wilfrid Laurier and to the Quebec authorities who have led the convention successfully.

ALLEGED CONTEMPT OF COURT

Seattle, Wash., Jan. 21.—C. D. Hillman, millionaire real estate dealer, who is under indictment for alleged conspiracy to defraud through the United States mails, and whose trial comes up soon, has been cited for contempt of court before Judge Donworth next Tuesday at 10 o'clock. Hillman has been charged by District Attorney Elmer E. Todd with trying to influence the jurors who have been summoned to try his case, by sending circulars through the United States mails addressed to each of them personally.

TRADES COUNCIL WILL BUY RANCH

Strikers and Men Out of Employment Will Be Cared For

San Rafael, Cal., Jan. 21.—Mayor F. H. McCarthy, of San Francisco, was re-elected president of the State Building Trades Council yesterday, and Fresno was chosen as the meeting place of the convention next year. Resolutions severely condemning the proposed law making judges appointive by the governor and a commission were adopted by the convention just prior to its adjournment. A committee will be entrusted with the purchase of a big ranch to be used as a base of supply in times of industrial warfare, according to Secretary Tvettnoe, of the council. Thirty to fifty thousand acres will be purchased and strikers or men out of employment will be cared for on the ranch, according to the plan. "We hope to secure the ranch within the present year," said Tvettnoe. "Not only do we expect to employ members on it, but its produce will increase our strike funds, we believe." Tvettnoe said the ranch plan had been widely discussed in labor circles before this, but so far as he knew had never been put into operation.

LASH AND JAIL TERM

Holdup Man, Captured by His Intended Victim, Is Sentenced at Vancouver.

Vancouver, Jan. 21.—With cheeks of deathly paleness and a frightened twitching of the lips, Richard Grey, alias Harry Roberts, the holdup man, who was captured by his intended prey, F. R. Corneil, on January 1 Thursday received his sentence from his honor Judge Melness. "I give you fifteen years and twenty lashes. Ten to be administered during the first twenty days of your imprisonment and the rest on the first anniversary of the crime," said his honor. "Until that moment the prisoner had faced the proceedings, every detail of which must have been ominous to him, with comparative impassiveness, but these words brought the hunted look into his eyes. "This is a very serious offence you have committed," began the judge. "A man who could rob under such circumstances is very little short of a murderer." Grey here made an exclamation, the tenor of which was understood.

BAKER'S BREAKFAST COCOA

THE GREEN ROOM

The week has been a busy one at the Victoria Theatre, the house being bright for four days in succession. Three of the evenings were devoted to musical comedy, and as usual full houses were drawn.

"Honeymoon Trail" was unfortunately out of the cast on the opening night, some through illness and others through missing the boat at Seattle. The performance Tuesday night's performance was anything but a good one. The following evening things were normal and an enjoyable performance of a pleasing musical play was given. "A Stubborn Cinderella," which has been here more than once before, and proved as popular as ever.

"The Climax," which was presented on Monday evening, was not in as good hands as on the occasion of its first appearance here, some fifteen months ago, but a very meritorious performance was given notwithstanding. In writing a three-act play around four characters and a single incident Edward Locke, as has been remarked in these columns before, essayed a difficult task. There is a great deal of padding in the way of domestic detail and sentimentality, but in spite of that the playwright has succeeded so well that he holds the interest throughout.

May Mannering is coming next week, presenting "A Man's World" at the Victoria on Thursday evening. This charming actress has not been seen here for a long time and she will be doubly welcome on that account. The critics of the east seem to be agreed that her latest role gives her more

grand opera. The presenting company is unusually large and includes a stunning chorus and ballet. Harry Short and Smitz Edwards head the cast, which has been kept practically intact since the original performance. One of the special features of the performance is the dance "L'Amour de l'Apache," which created a sensation in New York.

New Grand Theatre. A wonderful example of ability to defy gravity that has been a puzzle to scientific minds will be seen at the Grand Theatre next week, when the cycling Brunettes take the stage as headliners of a comprehensive and all-round excellent bill. Introducing many and novel bicycle tricks two men, a comedian and a cyclist, comprise a team of entertainers. Working quickly with fresh material that has pleased many thousands, off the earth they do what most people cannot do on the earth, but the puzzle will be how they remain above the boards. The act will be ten minutes of mystery, fun and thrill.

Trouble Simms will draw a picture on stage upside down, and swing round his board showing an amazed audience a completed face or scene. All the time he talks, seriously for the comic pictures and comically for the serious pictures, so the audience gets much to laugh at. He finishes a fifteen-minute act with a ballad describing a scene he is drawing on his big board in front of the audience.

A dark town episode, "The Willing Worker," will be played by Will Rawls and Ella Von Gauffmann, the former a black face artist, copied from the original darkey of the South. Hawaii is

"QUEEN OF THE MOULIN ROUGE" Group of Show-Girls in the Big Musical Production Which Comes to the Victoria Theatre on Tuesday Evening

scope and suits her more completely than any she has yet had—and she has had some brilliant successes.

Chicago this year has proved itself one of the greatest music-loving cities in the country, according to Andrew Dippel, director of the Chicago Opera Company, whose report to the directors shows that the company has taken in \$500,000, and in one year established itself on a paying basis.

Montreal, also, has had a very successful season, its first full operatic season with a resident company of international merit. This steady growth of interest in grand opera in the latter cities of this continent is one of the most satisfactory signs of the times in theatrical affairs.

Higher than her highest notes, Madame Luisa Tetrazzini will soar at "Frisco-morrow, if plans of the committee conducting aeronautic exhibitions at Selfridge field, do not go awry. If the weather is good Tetrazzini will fly with Walker Brooks in a Wright bi-plane and it is reported that the diva has half-promised to work for the edification of the crowd while she is aloft.

"You never can tell what Tetrazzini will do," the singer said when the project was broached. "She may sing. I will not promise, but if the air is not too raw up there—well, we shall see."

THE ADVANCE MAN

The attraction at the Victoria theatre on Tuesday will be the much talked musical comedy drama, "The Queen of the Moulin Rouge," and promises to be the sensation of the present theatrical season. The production comes here under the management of Sam E. Rork, direct from a year's run at the Circle theatre in New York, and a six months' run at the Olympia theatre in Chicago. The piece is the result of the collaboration of Paul M. Potter, John T. Hall and Vincent Bryan, and is said to correctly portray night life in Paris as it exists at the present time.

The story has to do with the adventures of the King of Oceania and his bride-elect, the Princess Marjot, on the night of the famous Quart-arts ball, which is the annual dance organized by the studios of Paris, and is the biggest event of the year at the Moulin Rouge. The "foats," each containing the prettiest model of the studio, are shown as they circle around the Moulin Rouge, and as they are afterwards thrown into the River Seine. The peculiar songs and dances of the occasion are literally reproduced. Then are disclosed the odd resorts to which the party betakes itself after the ball is done. First, still in masquerade costumes, they are seen at Madame St. Angelo's gambling place. "The House with the Green Shutters." Then they adjourn for a Welsh rabbit to the celebrated Cafe au Rat Mort, in front of which the tramps, rag-pickers, apaches and prowlers of the night defile.

The audience is shown ten massive scenes, which correctly represent some of the most interesting places in Paris. The musical score includes 23 songs hits, typical of the French music halls, while the ensembles and finales have greater musical worth and border on

DISMAL LAND OF CRAWLING THINGS

Explorers of Dutch New Guinea Tell of Virgin Jungle and Pygmy Race

Further exploration of the island of Dutch New Guinea by the party led by Mr. Goodfellow, and including Captain Rawling and Dr. Eric Marshall, shows the country in a more unfavorable light than ever; it is clearly a place to be avoided.

Part of it is "virgin jungle never before trodden by the foot of man; to its hidden depths the natives are complete strangers; the pygmies from the hills shun it; and the natives from the lowlands fear it. The outskirts and more open parts bordering the river are frequented by cassowary (a kind of emu), boar, and wallaby (a small variety of kangaroo), and are the haunt of the greater bird of paradise, whose shrill, joyous call enlivens these dark depths. Less than a mile from the river it is impossible for a man to stand at any spot without being touched on every side by tree stems.

"It is the haunt of all creeping things, from the deadly puff adder to the greater, yet comparatively harmless python. Noxious insects abound, and leeches swarm on the saturated, moist-ridden trees and undergrowth. Everything decaying; no air seems to circulate there, and what little there is is foetid and stifling. Dismal, dark, dripping. Four weeks' arduous work has resulted in the cutting of 5,000 yards (3 1/4 miles) of road."

The inhabitants of Dutch New Guinea are not an attractive race. "The native woman," says Dr. Marshall, "drags up the children, cuts the fire-wood, brings in the water, works the canoe, occasionally proving her skill as a warrior in the family and village quarrels, and always coming off best with her tongue. She is usually content with a strip of bark cloth. When in mourning she dispenses even with this. The male sex predominates, and most of the men have to be content with one wife.

"On the death of a man, the widow, clad like Eve but as ugly as Satan, crawls around the grave wailing and chanting, performing weird movements with arms and body, which may or may not be meant for dancing."

The explorer also adds some fresh particulars of the mountain pygmies. "Further inland," he says, "in the foothills of the mountains, we have discovered a still more primitive race. Pygmies, or little men averaging 4ft. 6in. to 4ft. 8in. in height, shyness, and treacherous little devils; these little men wander over the heavy jungle-clad hills and mountains, subsisting on roots and jungle produce, hunting the wallaby, pig, and cassowary, and fishing in the mountain torrents."

A MAN'S 1911 RESOLVE

"That I will have that long-deferred and often promised picture taker and send it back home." You make the "resolve" and the Skeene Lowe studio, cor. Douglas and Yates Sts., will do the rest—in sepia, of course.

TELL OF FATAL FIGHT IN CABIN

Inquest of Vancouver Into the Death of Dominick Sporati

Vancouver, Jan. 20.—An inquest was held here over the body of Dominick Sporati, the Italian who was so badly struck at 419 Prior street that he had to go to the hospital and whose wounds caused blood poisoning.

Joseph Sporati, brother of the dead man, said that on the night of December 5 he was, with five or six other men, in the shack. As they were preparing to go to bed they heard a knock, followed shortly after by a demand from Dominick Augustino for admittance, and who also said that he wanted \$20 each from the bunch.

Off Oak Bay Ave.—Wilmot Place, 1-3 building lots, each 50' x 135'. Terms. Price for the two \$1,500.

NEAR WILLOW—Beach Road, 2 lots, each 55 x 108 1-2, close to car line. One-third cash, balance \$20 per month at 7 per cent. Price for the two \$350.

TEAM GOES UNDER ICE.

Creston, B. C., Jan. 19.—What might have been a fatal accident occurred a few evenings ago at the Kootenay river ferry, just a couple of miles from Creston. Cameron & Sons, Livermen of this place, were hauling baled hay from the reclamation farm across the Kootenay river to Creston, when Jack Cameron, who was driving, went down to the ferry. He having rather a heavy load of hay, the sleigh crowded the ferry the weight of the team started the ferry adrift, and to young Cameron's horror the big ferry left the shore and wagon were on the shore. It was only the work of an instant before the horses, load of hay and all were plunged into the rushing torrent.

SEVERELY INJURED. Vancouver, Jan. 20.—It seems that when Patrick Gagnon was picked up in the alley at the rear of the Astor hotel, he was bleeding from the ears, nose and mouth, and on Dr. Nicholson being called in he was ordered to the General hospital.

Uncle Walt The Poet Philosopher

TOILING AWAY. Toiling away when the year is new, toiling away when its journey's through, that is the way that we pilgrims do, toiling away, away, toiling away on the windswept hill, doing our tasks in the noisy mill, hoping for rest when the looms are still, toiling away, toiling away at the fertile loam; guiding our ship, o'er the spray and foam, saying a prayer for the ones at home, toiling away, away; toiling away in our humble sphere, all through the long, long weary year; smiling a bit when the night is near, toiling away, away. Toiling away for our daily bread, toiling away when our hopes are dead; toiling away till we go to bed, toiling away, away; toiling away for our wages slim, toiling away when our eyes are dim, toiling away till the evening hymn, toiling away, away. Toiling away! 'Tis our end and aim! Toiling away for an honored name! Toiling away is the human game, toiling away, away! Here on the vessel the ropes we coil; here on the meadow we plough the soil, thankful that we have the strength to toil, toiling away, away!

SOME REMARKABLE CASES OF INDIGESTION & LIVER DISORDER CURED BY MOTHER SEIGEL'S SYRUP

Throughout the whole of Canada, it would be difficult to find a village, or even a street of over twenty houses, in which there do not reside persons who frankly state that they owe their present good health to the old and world-famous remedy, Mother Seigel's Syrup. The extent to which this well-known remedy is used as the regular family medicine, for all those troublesome ailments which arise from stomach or liver disorder, would be surprising were it not for the fact that this root and herb extract has established itself as a popular favourite, by reason of the remarkable cures it has effected all over the world. Here are three cases in point:—

Mrs. C. S. Gildeart, of Prosser Brook, Albert Co., N.B., suffered severely from indigestion. In writing to the proprietors of Mother Seigel's Syrup, on Jan. 15, 1910, Mrs. Gildeart said:— "About four years ago, I fell ill and for nearly three years life seemed almost unbearable. The distress after eating was intense and I had pains in my right side. A faint feeling would come over me and I would vomit as soon as I ate anything. Nothing would remain on my stomach. I had a pain in my head that nearly drove me wild. Breathing became an exertion, and I fell a victim to nervous prostration. As I had a 'swimming round' sensation so badly that I would sometimes fall over when I attempted to stir about. I had much wind in my stomach and bowels, my heart palpitated; indeed I had aches and pains too numerous to mention. "Many medicines failed to aid me, and I only began to take Mother Seigel's Syrup as a last resort. After the third bottle of Syrup, I felt the benefit of using it. I continued the Syrup until I was cured, so there is absolutely no doubt that I owe my restoration to health to Mother Seigel's Syrup. If anyone has indigestion, or suffers after eating, my advice is 'Take Mother Seigel's Syrup at once, and save unnecessary pain.'"

Mr. A. Lemieux, writing from Chambord, Lac St. Jean Co., P.Q., on January 9, 1910, stated as follows:— "It gives me great pleasure to testify to the value of Mother Seigel's Syrup. In my case it has been of incalculable worth. It has restored me to health, after suffering over three years from indigestion, or dyspepsia. I had pains after meals, headaches, sleeplessness, bad breath, and a coated tongue. I had distressing pains in the back and loins, as well as dizziness. "Mrs. John W. McGregor, of McLarty, Algoma District, Ont., writing to the Proprietors of Mother Seigel's Syrup, on Jan. 25, 1910, said:— "Had it not been for Mother Seigel's Syrup, I know that I would not be alive to-day to testify to the virtues of your preparations. For many years, dyspepsia caused me great suffering, and nothing but Mother Seigel's Syrup gave me the least relief. "At the early age of fifteen, I began to suffer distress after eating. The action of my bowels was irregular. I could sleep only by snatches. My face was pale, and frequently I had severe pains in my back. In 1883 I first began to use Mother Seigel's Syrup, and I found that it helped me. I used the Syrup with the best results, and I have had no further need of it for over twenty-four years. I have unbounded confidence in this remedy! "Mrs. McGregor had no further need for Mother Seigel's Syrup because it restored her stomach, liver and bowels to healthful working order, and for twenty-six years 'she has done their digestive duty. The cures effected by Mother Seigel's Syrup are not only sure and speedy, but permanent too!"

These letters are typical of tens of thousands received by the Proprietors of Mother Seigel's Syrup, and their genuineness can easily be proved by anyone who will take the trouble to do so. To any fair-minded person, they cannot fail to establish the merit of this old family medicine. Indeed, the very fact that Mother Seigel's Syrup, with its record of over forty years' unbroken success, has stood the severest of all tests—the test of time—should convince the most sceptical that there must be some great merit or quality, in this root and herb extract, which is not found in any other medicine known to the public, and which accounts for its world-wide popularity and success in curing disorders of the stomach and liver.

Re Victoria West Arbitration
TAKE NOTICE that I, the undersigned, being the Arbitrator duly appointed by law in and about the termination of the matters entrusted to me under Statutory Authority in the adjustment of the Official Map of Victoria West, will hold my final sitting for the purpose of closing the proceedings and considering my final award, on Monday, the 6th day of February, 1911, at 2:30 o'clock in the afternoon, at the Justice Room, City Hall, Victoria.

AND TAKE NOTICE that all persons whose claims have not been considered or adjusted by me, and who have and desire to make, any claim which I have authority to deal with, are directed to appear before me at the time and place aforesaid, and to give at least three days' previous notice in writing of their intention so to do, to Messrs. Mason & Mann, acting as Solicitors for the Corporation of the City of Victoria, at 1112 Langley Street.

Date: 5th day of January, 1911. D. R. HARRIS, Arbitrator.

V. I. D. L. COMMITTEE TO SEE GOVERNMENT

Land Settlement and Labor Bureau Chief of Many Matters to Be Urged

The absolute necessity of a land settlement policy for Vancouver Island, and of the opening up of island lands by means of roads and trails, is to be put forcibly before the provincial government soon by a strong and influential committee of the Vancouver Island Development League, which is representative of the wishes and demands of the whole farming, agricultural, and commercial population.

At the last board of trade meeting the secretary of the league spoke on this matter by request, and the remarks made by him were endorsed with those of speakers from the Victoria and Vancouver boards of trade who strongly urged a land settlement policy on the provincial executive, yesterday forenoon.

On Monday the executive of the Victoria branch of the V. I. D. L. will hold a special meeting at the league rooms, when this matter will be gone over again and a committee nominated. The president, J. W. Coburn, of Nanaimo, and J. J. Shalcross, the president of the Victoria branch, will be members of the delegation, and several others have to be named.

It will be suggested that the government throw open for settlement much land held under timber leases. In many cases, as explained to the board of trade by the league secretary, stakers of timber have squandered off their holdings by taking "fractions" of some times as much as 100 acres of good agricultural land.

The delegation will further urge on the government the establishment of a labor bureau, through which more settlers can be put into touch with desirable settlement land. It is held that this bureau would collect and distribute the latest information relative to lands open for settlement. It will be suggested, perhaps, that the government subsidize settlers to the extent of passage money from England.

The premier and his colleagues will be addressed on road appropriation money by the delegation, and the West Coast road to connect Victoria with the Barkley Sound district is perhaps foremost in this matter, for it has the endorsement of the branches of the league at Nanaimo, Port Renfrew and Sooke. The meeting on Monday is called for 3 p.m.

PROPOSED TRAINING SHIP FOR BOYS

Number of Societies Endorse Juvenile Protective Association Scheme

Vancouver, Jan. 20.—The entire meeting of the Juvenile Protective Association was devoted to expressions of opinion and discussion regarding the feasibility and advisability of establishing a training ship in Vancouver for boys, not delinquents, who have no special prospects and no desirable occupation. Delegates were present from N. Clark Wallace Lodge, the Knights of Columbus, the Salvation Army, the Ancient Order of Foresters, the Royal Black Preceptory, the Children's Aid Society, Ebenezer Lodge, No. 1589, and the Catholic Mutual Benefit Association.

The proposal was endorsed by all the societies represented, except the Catholic Mutual Benefit Association, whose delegate, Mr. O'Connor, stated that his organization would like to have more particulars before endorsing it.

Dr. Evans, the secretary, stated that he had tried to make his letter to the various organizations as clear as possible, and that it was not intended to train them particularly for sailors, but to give them a training, a discipline that would be useful to them in any walk of life.

Captain Archer supplemented this by explaining that a sailor's training was probably more generally useful than any training that could be given to such boys, comprising painting, carpentry, mechanics, sewing and cooking.

Shiloh's Cure

quickly stops coughs, cures colds, hoarseness, throat and lungs.

Safe and Accurate Medication

When your prescription is prepared by us you may confidently depend upon the skill of the dispenser and the activity and purity of the materials of which it is composed.
 We can dispense any prescription, whether it is directed to you or not.
 Our service costs no more than any other.

John Cochrane CHEMIST, N. W. or Yates and Douglas Streets.

You Furnish the Need We Satisfy It

There is nothing in the way of House Furnishings that we cannot supply you with, and at prices that are most reasonable in town. Just tell us what you require and we will show it to you in a moment. We have four floors of goods for the home that are of the very latest designs, and all new. We don't get a chance to keep our goods till they are old; they are so attractive and so reasonably priced that they are snapped up by the thrifty shoppers. By furnishing your home from cellar to attic from our store enables you to do it for much less money than buying a little here and a little somewhere else, and the goods will not begin to harmonize, because you cannot get the same quality at other stores to equal ours. We can make anything for you, we have a factory that is at your service, also an upholstering department which guarantees the best workmanship. We also make curtains to suit your taste in any materials you may care to choose. If you want suggestions as to furnishings, color schemes, etc., we have good ones to give you. We never disappoint anybody; we please all. Give us a call—we are always delighted to see you at any time.

WEILER BROS

We Cannot Profit Unless We Please. We Always Have the One You Want.

Commander Urwin, R. N. R., believed that such a school on land, as they were now conducting almost entirely and with great success, would be better than a ship. Suggestions were made that a public meeting be called to interest the general public in the question, and as a result of the meeting, Captain Archer, Mrs. Perry and Mr. McMahon were appointed a committee to confer with other organizations interested in the project, with a view to organizing such a public meeting.
