MARCOSSO BACK FROM ORIENT TOUR

Noted Writer Says Washington Conference Assures Peace on Pacific

Believes Latest Developments in China Means Unification

Isaac F. Marcossó, the noted writer on international affairs, arrived here to-day on board the Admiral liner Pine Tree State after spending nearly five months in Japan and China, to which countries he went to study the economic and political consequences of the Washington Conference.

He was the first journalist to be received in private audience in Japan by the Prince Regent, and he was also the first foreigner to address the Japanese House of Peers. In China his experiences were no less unusual for he was received by Hsu Shih Chang, retiring President, by Li Yuan Hung, the new president and also by Dr. Sun Yat Sen, recently driven out of Canton by Gen. Chen Chung-Ming.

Mr. Marcossó learned of the new developments in China on his arrival here. On this he said: "Chen Chung-Ming is one of the greatest men in the country, and I believe it means the unification of China."

When asked for an expression on the result of his investigations, the unification made the following statement: "Thanks to the Washington Conference peace is assured in the Pacific. Although the treaties had not been formally ratified by Japan when I left ten days ago, the ratification is now a mere formality. The delay has been due to the fall of the Takahashi Government. The treaties are now being ratified by the Privy Council when this happened. The fact that Admiral Baron Kato, who was chief Japanese delegate to the Washington Conference is the new Premier, leaves no doubt as to the fate of these all important documents."

"I am convinced that Japan, so far as her foreign policy is concerned, has undergone a decided change of heart. She has discovered that her policy of aggression and forceful expansion is not only unwise but also unprofitable. She has discovered that the only way to secure her interests is by peaceful means."

He also pointed out that the Japanese are now more interested in the unification of China than in the expansion of their empire.

He also pointed out that the Japanese are now more interested in the unification of China than in the expansion of their empire.

BIG EXCURSION TO LEAVE TO-MORROW

A few tickets remain to be sold by the Chamber of Commerce for the excursion to Anacortes tomorrow by way of the new ferry route. The excursion will consist of a beautiful San Juan Islands. They may be secured by calling at either the Chamber of Commerce office, Belmont Building, or at the Dominion Hotel up to 8 o'clock to-morrow morning, when the motor cars will leave for Sidney. The party has been limited to two hundred in order that there will be no over-crowding on the steamer. Parties can use their private cars to go to Sidney and water there while making the water trip. The steamer Gleamer will leave Sidney at 9 o'clock to-morrow morning, day-long sailing time.

All who participate in the excursion will be entertained to a luncheon by the Anacortes Chamber of Commerce, and taken for a drive through the neighboring country. The excursionists will arrive back in Victoria about 9 o'clock.

PRINCE OF WALES WELCOMED ON RETURN HOME

Plymouth, Eng., June 20.—The British battlecruiser Renown, bringing the Prince of Wales home from his world tour, entered Plymouth Sound this afternoon. Fifty thousand persons assembled to witness the arrival and the town was lavishly decorated in honor of the Prince.

AUDITORS READY TO TESTIFY ABOUT DELORME ESTATE

Montreal, June 20.—The Government auditors have completed their probe into the books of the Delorme estate as administered by Adelard Delorme, and are reported ready to give their evidence on its condition should their testimony be required. From a semi-official source it is learned that the total monthly income from the estate was \$2,300, of which \$1,000 was paid to the delinquent. The remainder, \$1,300, was divided into various shares for Adelard Delorme and three sisters, Rosa, Florence and Lily.

Freight Rate Reductions Are Offered by Railways

Ottawa, June 20.—(Canadian Press)—Definite offers of freight rate reductions contingent on suspension of the Crow's Nest Pass Agreement were made by the Canadian Pacific Railway, the Canadian National and the Grand Trunk this morning to the Commons Committee on Railway Transportation Costs. The suggested reductions apply to certain basic commodities and are identical in the case of each. They are:

Grain—in the Canadian Northwest, to the head of the Great Lakes and to Vancouver for export, proportionately, reduction of 20 per cent.

Forest products—in Western Canada a reduction of 16.66 per cent.; in Eastern Canada a reduction of 20 per cent.

Coal—Except coal from the head of the Great Lakes in Western Canada and exclusive of anthracite from the head of the Great Lakes, reduction of 10, 15 and 20 cents a ton, according to length of haul.

Building material, brick, lime, cement and plaster, reduction of 16.66 per cent. west of the Great Lakes; reduction of 20 per cent. east of the Great Lakes.

Fertilizers, other than chemical fertilizers, reduction of 16.66 per cent. west of the Great Lakes; reduction of 20 per cent. east of the Great Lakes.

Iron, billets, wire rods and scrap iron, reduction of 16.66 per cent. west of the Great Lakes, reduction of 20 per cent. east of the Great Lakes.

Position of C. P. R. W. B. Lanigan, freight traffic manager of the Canadian Pacific Railway, informed the committee that the reductions would cost his company \$10,558,469, including reduction on international and inter-state traffic affected by the late order of the Inter-State Commerce Commission of the United States.

Mr. Lanigan said that the committee had also heard that the reductions would cost his company \$10,558,469, including reduction on international and inter-state traffic affected by the late order of the Inter-State Commerce Commission of the United States.

Mr. Lanigan said that the committee had also heard that the reductions would cost his company \$10,558,469, including reduction on international and inter-state traffic affected by the late order of the Inter-State Commerce Commission of the United States.

\$350,000,000 TO BE LOAN TOTAL

Fielding Will Ask Parliament for Authority Will Be Raised in Part in Canada

Ottawa, June 20.—(Canadian Press)—Hon. W. S. Fielding, Minister of Finance, intends to ask Parliament for authority to raise a loan of \$350,000,000. The loan is intended for payment of all maturing loans and obligations, inclusive, it is understood, of the \$182,000,000 five-year Victory Loan, issued in 1917 and falling due in December.

It is probable the new loan will, in part at any rate, be raised in Canada. In his budget speech, Mr. Fielding suggested the possibility of floating the coming loan at home. "We shall probably need for our financial operations some further borrowings at no distant date," he said. "I am sure that when the moment arrives the condition of the money market in Canada will be such that we can have a domestic loan."

It is also probable that the loan will be raised in part in Canada. In his budget speech, Mr. Fielding suggested the possibility of floating the coming loan at home. "We shall probably need for our financial operations some further borrowings at no distant date," he said. "I am sure that when the moment arrives the condition of the money market in Canada will be such that we can have a domestic loan."

OUTLAWS KILLED JAPANESE AT CAMP IN SIBERIA

Tokyo, June 20.—Outlaws attacked a Japanese logging camp 400 miles from Vladivostok in the mountains of the Japanese there were massacred. A Japanese warship has been dispatched to the scene.

Port Coquitlam, B.C., June 20.—Robert Bailey, aged six, son of John Bailey, a workman at Gilley's Quarry, Pitt River, was found drowned in the river last evening after being missing since 10 o'clock in the morning.

The boy when last seen was playing about a shack near the water's edge.

St. Andrews-by-the-Sea, N. B., June 20.—(Canadian Press)—Unusually speaking, business is steady, though very slowly improving. The international situation seems to be clearing, money is easier, surplus production has been reduced, basic production is recovering, unemployment is decreasing and prices are stabilizing and demand is reviving.

Mr. Fisher thought the Government should be careful to abstain from "harmful activity." The manufacturers, he said, would offer co-operation in giving the public ownership of railways and a merchant marine a fair trial.

The treasurer's report showed that a total surplus of \$14,785,300 had been added to the reserve. Fifteen hundred and thirty-six new members had been admitted to the association in the past three years. Total revenue for the year was \$194,423.67, and the cost of operations \$179,637.47.

SUN YAT SEN GOES TO SHANGHAI ON A WARSHIP

London, June 20.—A Shanghai dispatch to The Morning Post says it is rumored that Sun Yat Sen, former head of the Southern Chinese Government, is on his way to Shanghai on a warship. He is said to be accompanied by Wu Ting Fang, who was Foreign Minister.

FOUR FORM WAGUE CONTROL COMMITTEE

Moscow Is Informed Sub-Commissions Named International Conference Experts Rested To-day

The Hague, June 20.—Conference of experts rested to-day while notification went forward to Moscow of the formation of the sub-commissions which will negotiate with the Soviet delegation in regard to Russian affairs. The president of the main commission and the chairman of the three sub-commissions will be elected to-morrow. The four heads will form a sort of control committee to insure unity of action.

France's decision to participate in the conference is explained as being in the interest of the condition that the meeting is "merely a reunion of experts and a referendum"—in other words, that all decisions shall take the form of mere suggestions to the home Governments—and that all political questions be prohibited.

France also reserved the right to withdraw her delegates at any time. This subject the Soviet representatives appears to render it necessary.

TORONTO SCENE OF KIWANIS MEETING

Thousands of Visitors in That City

Toronto, June 20.—Kiwanians continue to pour into Toronto from all parts of the compass in the United States and Canada for the sixth annual convention of the Kiwanis International Clubs. More than 5,000 Kiwanians spent last night in the city.

Dr. Gaie, of Rockport, Ill., presided last night, when one of the features was the annual glee club competition, Worcester, Mass., being the winner.

LOCKOUT ENDS IN GREAT BRITAIN

London, June 20.—(Canadian Press Cable) The boilermakers' union has accepted the terms of the Engineering Employers' Federation on managerial rights and the lockout is now completely lifted. The trouble began several months ago through disputes between the various unions concerned and the engineering employers as to overtime and the right of the employers to manage their plants themselves. Compromises which favor the employers more than the men have been effected.

LIST OF ISLAND MASONS ON TOUR

Special Steamer Left Last Evening With Party for Prince Rupert

About sixty Masons and their friends from Victoria and about twenty-four from Island points left Victoria yesterday on the Princess Charlotte, which is being chartered by the A.P. and A.M. of British Columbia, which will be held in Prince Rupert this year. The Grand Chapter communication will open to-morrow morning, and the Grand Lodge will be held on Thursday and Friday. It is intended to visit the Pacific Mills plant at Ocean Falls on the way home, and Victoria delegates should be in the city by Monday morning.

The following are the Victoria and Island delegates:

Victoria: Wallace S. Terry, Grand Master, and Mrs. Terry, Mr. and Mrs. Stephen Jones, E. P. Allen, Robert Baird, W. J. Shaw, K.C., M.P.P., Past Grand Master, Mr. and Mrs. J. Brown, Dr. and Mrs. H. Leroy Burgess, W. H. Chambers, Mr. and Mrs. G. R. Chisholm, George Clark, Mr. and Mrs. C. B. Deaville, H. M. Diggon, Mr. and Mrs. H. H. Evans, T. J. Evans, W. Gower, M. W. Graham, Mr. and Mrs. E. C. Hayward, Mr. and Mrs. R. Hetherington, J. Hudson, Mr. and Mrs. P. Hall, Mr. and Mrs. W. M. Ivel, P. J. James, I. Lancaster, E. P. Paul, P.G.M., Mr. and Mrs. R. Peddie, Mr. and Mrs. J. W. Phillips, W. T. Phillips, Mr. and Mrs. H. Pont, D. S. Robertson, W. T. Scott, Mr. and Mrs. A. A. Sladen, Mr. and Mrs. V. W. Stewart, Mr. and Mrs. R. Taylor, D. Walker, A. H. Walker, W. O. Wallace and Mr. and Mrs. W. Yule.

Cumberland: Mr. and Mrs. A. E. Jeffrey, T. H. Carvey and Charles Graham.

Duncan: Mr. and Mrs. C. Dobson, Dr. D. E. Kerr and James Grieg.

Port Alberni: P. H. Bishop, Murdo Campbell and F. G. Cox.

Nanaimo: Mr. and Mrs. J. W. Coburn, Samuel Drake, D. Galloway, R. Griffith, J. M. Ridd, P.G.M., Mr. and Mrs. John Stewart, Mr. and Mrs. W. E. Thompson, Nicholas Wright and A. F. Yates.

ADMIRAL BEAUMONT DIED

London, June 20.—Admiral Sir Lewis Beaumont, retired, died last night.

G. S. Hougham, secretary of the Retail Merchants' Association, is in the city to

**MAGIC BAKING POWDER**

Guaranteed to be the purest and best baking powder possible to produce. Because of the purity and high quality of the ingredients of Magic Baking Powder its leavening qualities are perfect and it is therefore economical.

E.W. GILLET COMPANY LIMITED  
WINNIPEG TORONTO, CANADA. MONTREAL

**Vancouver Island News**

**DOMESTIC SCIENCE AND A MANUAL TRAINING DISPLAY**  
(Times Correspondence)

Duncan—The domestic science and manual training class rooms of the Duncan school being open for inspection of parents and friends on Friday last, over sixty persons attended. A display of needlework from first and second primer girls up to those of the High School was an attractive feature. Unbleached cotton made an inexpensive and pleasing background for the girls' work.

**FUNDS RAISED AT FETE FOR CHURCH WORK**  
(Times Correspondence)

Duncan—The lovely grounds of Mr. and Mrs. J. H. Thomson on Alexander Hill were illuminated last Friday night with Chinese lanterns hanging on the oak trees, the occasion being an evening fete given by the ladies of St. Andrew's Presbyterian Church, Duncan.

The ice cream and candy stall was in charge of Mrs. Colborne and Mrs. Harper; cakes, Mrs. W. Paterson; golf putting, Mrs. McDevitt. In this contest Mr. McMillan and Mr. Munro tied for first place, and Mrs. Gibbs and Miss Kate Robertson tied for first in the ladies' contest.

Refreshments were served by Mrs. Thomson and helpers.

Mrs. A. H. Peterson, president, and Mrs. C. H. Dickie, secretary of the guild, with their helpers, will add over \$50 to the funds of their organization as the result of the very pleasant evening.

A short musical programme was arranged in the reception rooms of the house, which were thrown open to the guests.

**LIEUT. GOVERNOR TO ATTEND CONCERT AT DUNCAN SOON**  
(Times Correspondence)

Duncan—The Lieutenant-Governor and Mrs. Nichol have kindly consented to attend an open air concert to be given by the Cowichan Amateur Orchestral Society at "Denham," the

residence of Mr. and Mrs. C. F. Davis, on Marchmont Road, Duncan, on Friday evening next, June 23.

Mr. and Mrs. W. H. Snow will appear in favorite songs and a varied programme of popular as well as classical music will be given by the orchestra.

W. A. Willert will conduct and the grounds will be illuminated.

**MUSIC PUPILS GAVE A CONCERT IN DUNCAN**  
(Times Correspondence)

Duncan—The pupils of Miss Monk gave a concert in St. John's Hall which was very well attended. Kenneth Duncan, M.P.P., acted as chairman and announced the different items.

The Indian scene arranged by L. Monk was well carried out by all, Barbara Chaplin doing the actions, while the others sang, had a difficult part which she managed most gracefully. The Misses Lamont both have sweet voices, and the Nature songs by the little folk were most pleasing. Walter Currie's violin solo was one of the gems of the evening.

The pupils who took part were: Grace Auchincloss, Peggy, McIntyre, Clara Corfield, Doris Spencer, May Robertson, Eileen Johnson, Kathleen Duncan, Irene Mottishaw, Joy Bais, Ida Lamont, Barbara Chaplin, Kathleen, Castley, Laube, Tautz, Jean, Lillian Murchie, Eunice Chaplin, Kate Lamont, Phyllis Holmes, Mary Somerville, Gladys Stock, Edna Mottishaw, James Paige, Ross Robertson, Walter Currie, Jack Dobson, Teddy Hutchinson and William, Trenholme.

**GARDEN PARTY WAS A SUCCESS**  
(Times Correspondence)

Duncan—A very pleasant garden party was held by the Girls' Auxiliary of St. Peter's Church, Quamichan, in their charming grounds of Mr. and Mrs. Elkington, which were kindly lent for the event. Miss Evelyn Bazett is president, Miss Irma Rudkin, treasurer, and Miss Kathleen Whitton, secretary of the Auxiliary.

Badminton was arranged by Miss Irma Rudkin and tennis by Miss Nell Blythe. A work stall was in charge of Mrs. Stevenson, who helped the girls. Miss Evelyn Bazett had charge of tea, and Miss Molly Stevenson of ices and Miss Kathleen Whitton of corn porridge. Driving of a person in a motor car, and putting in between bottles created amusement. The Rev. F. L. Stevenson helped the girls by taking charge of throwing quoits.

Over eighty were in attendance, and the girls will clear over \$70.

At the Health Centre well baby clinic held in the Women's Institute on Friday afternoon last Miss Farrar, Miss Bray and Mrs. Lewellyn Price and Dr. H. P. Swan were in charge. Mrs. Whidden, of the Women's Institute, served tea to the mothers, of whom about twelve were present. The number of babies examined is limited to twelve.

**Visit Cement Works.**  
(Times Correspondence)

Cobble Hill, June 19.—The Cobble Hill Boy Scouts made a start on Saturday afternoon to earn money for their summer outing, by putting in a half day's work at the Bamberton Cement Works.

The Scouts instead of meeting as usual at headquarters were taken by the scoutmaster to the Bamberton Cement Works, Malahat, the scoutmaster having previously obtained permission for them to do so from Mr. Anderson, the manager of the works. On arriving at the works at 2.30 p. m., the boys were put on to the carrying of bundles of staves from the wharf to the coopers, where the barrels to be used for shipping the cement to Manila. Although the boys were working at a steady pace for four hours it did not prevent them from observing many things. One thing they noticed was the machinery which bore the names of British firms. After the four-hour shift was over, it was too late for the boys to go over the whole of the works, which until quite recently were the largest cement works in the world.

The officers of the works were so pleased with the manner of working and the amount accomplished by the boys that they offered an invitation to the Scouts to go again.

The troupe was made up of Cubs, Bird and Bomber Scouts W. Bird, D. Bird, C. Bonner, Patrol Leader G. Barry, Assistant Scoutmaster T. Keene, and Scoutmaster G. E. Bonner.

On Tuesday last at the meeting of the A. O. F. Lodge, it was decided to hold a dance on June 27 as a part of the programme to entertain the guests of the evening from up-island courts who are to meet at Cobble Hill on that date, also the district officers and others from Victoria.

Cobble Hill is to have a visit, in the near future from a Texas oil expert.

**A SURE SIGN**

**PREFERENTIAL TRADE WAS DISCUSSED**

Efforts to Increase Empire Trade Debated in British House

London, June 20.—In the committee stage of the finance bill in the House of Commons yesterday, Major McKenzie Wood, Liberal, moved an amendment with a view of abolishing imperial trade preferences.

In the course of the discussion in which the preferential scales on tea and sugar were particularly criticized, Colonel J. C. Wodgewood, Labor, said the Labor Party was opposed to the attempt to bind the Empire by means of preferential schemes for which the consumer had to pay.

Sir Robert Horne, Chancellor of the Exchequer, replied that it was not a question of imposing, but of reducing tariffs. Preference resulted in cheapening the people's food and in creating employment by increasing trade with the Dominions, on whose markets British must nowadays rely. The notorious manner in which the United States was building up trade on a basis of preferences was becoming a serious menace to British industries. He asserted that removal of the preferences to the Dominions would shake the fabric of the Empire.

**Tea, Cotton and Sugar.**

J. D. Kiley, Liberal, said that far from the preference on tea given to India benefiting the British consumers, India had increased her cotton duties to the detriment of the Lancashire industries, and furthermore, as a result of encouraging Natal in sugar production, complaints were now coming from the West Indies with a demand for a still greater preference in the British market. All the British consumers had received from this concession was that importation by South Africa of boots from Northampton had been prohibited. The time had come, said Mr. Kiley, for the Government to consider seriously whether the old policy of the open door was not the best while allowing grants to overseas parts of the Empire in cases of special necessity.

The amendment was lost by 262 to 84.

**No Tenders.**

Stanley Baldwin, President of the Board of Trade, stated that the Government had not taken tenders in the recent sale of 10,000 spruce standards still lying in Canada, which had been offered for sale by the Government for many months. Sale by tender had been impossible.

**INSURANCE ACT IS AMENDED BY OTTAWA HOUSE**

Ottawa, June 20.—Three bills relating to insurance and finance were read a third time in the House of Commons today. The first of these is the Companies Act, the Loan Companies Act and the Insurance Act. In connection with the latter, O. R. Gould proposed an amendment dealing with foreign fraternal societies. The existing law brings all foreign fraternal societies under Federal control and he proposed to permit foreign societies to operate in Canada by means of provincial licenses. He spoke for the Modern Woodmen of America, which, he stated, had 7,000 members in Western Canada.

The proposal was opposed by Hon. A. K. McLean, who explained that the organization was not actuarially sound. At the end of 1920 it had actuarial liabilities of \$32,000,000 and assets available of only \$17,000,000. Hon. G. P. Graham also spoke against the amendment and it was rejected almost unanimously.

Mr. Gould then moved an amendment to extend beyond 1925 the period allowed for fraternal societies to become actuarially solvent, but this was ruled out of order and the Insurance Act Amendments were passed.

**REPORTS TELL OF CROP CONDITIONS**

Rain Needed in Prairie Districts; B. C. in Favorable Position

Winnipeg, June 20.—Crop conditions are generally considered good throughout the three prairie provinces, although certain localities are quite badly in need of rain, according to the crop report for the past week issued by the Department of Agriculture of the Canadian Pacific Railway. But this does not indicate that in any district the situation can be called desperate.

In Manitoba good rains have fallen over the La Riviere sub-division, where the last report stated it needed moisture. Along the main line from Carberry to Elkora and in the Glenboro district it is somewhat dry and unless moisture comes soon, wheat will begin to head out the last of the month.

Coarse grains and Fall rye are good in Manitoba. In some sections grasshoppers are troublesome, but municipalities are effectively handling the situation. Farmers are everywhere Summer Fallowing.

**Saskatchewan.**

All crops in Saskatchewan are making good growth, but the weather during the week has been very hot and the wheat has a tendency to ripen too fast. Fall fell over a limited area around Swift Current on June 16, but with favorable weather it is thought the damage will not exceed ten per cent.

**Alberta.**

Considerable rain has fallen over Alberta during the week, although more could be easily absorbed. Crops have advanced satisfactorily, wheat having a rich dark color and good length. Cutworms have appeared in the Taber sub-division between Grassy Lake and Winnifred.

On the Edmonton, Dunvegan and British Columbia Railway the weather has been warm and dry, with considerable wind. Crops generally are looking well, though the growth is inclined to be slow owing to lack of moisture.

In British Columbia the weather has been warm and dry and exceptionally favorable. There was a little damage by frost in the lower areas of the Okanagan Valley, but in the uplands no damage is reported. Trees are looking well, with a fair set of fruit.

**SCHOOL TEACHERS ARE APPOINTED**

(Times Correspondence)

Duncan—Mrs. C. Kelly, B.A., who has been teaching at Cobble Hill, has been appointed to the Duncan school staff. Miss Yate Lamont, of Duncan, a recent graduate of the Provincial Normal School, has been appointed to Genoa Bay School. One teacher for Chemainus, one for home, one in the Duncan High School and four for the Consolidated School are still to be appointed.

The warm weather for the past fortnight is sending campers to their Summer homes at Maple Bay and Cowichan Bay earlier than usual this season.

**PLAN TO REDUCE GOVERNMENT FLEET**

Directors Recommend Sale of Small Vessels, Reducing Fleet to 37 Vessels

Ottawa, June 20.—(Canadian Press).—The third annual report of the Canadian Government Merchant Marine, presented to Parliament today, shows that during the year ended December 31 last, there was a deficit after all charges including depreciation and interest of \$8,047,635. The directors recommend:

1. That practically all the small type vessels be disposed of thus reducing the fleet to thirty-seven vessels. It was announced in the House a few days ago that the Government intended to dispose of twenty-seven of the smaller vessels.
2. That the capital cost of the vessels be reduced to what may be considered present replacement value. "Inquiries made in Canada and Great Britain," the report adds, "indicates the present construction costs of vessels of the types which make up your fleet range from \$83 to \$110 per dead weight ton, so that a value of \$75 per ton would appear to be a fair replacement value."
3. That interest due to the Government be payable for each year only if earned, after allowing for depreciation. Such remission on interest to be applicable for a period of five years.

**BURNABY WISHES TO ELECT M.P.P.**

Asks to Be Made Constituency at Redistribution

Vancouver, June 20.—Burnaby district will be a provincial riding and will have a member sitting in the Legislature if a petition issued from last night's meeting of the Municipal Council is favorably considered by the Provincial Government at the next distribution of ridings.

A petition asking the Government to make Burnaby a separate riding when redistribution of ridings is again in consideration was passed unanimously.

**GUNS MADE IN UNITED STATES USED IN IRELAND**

Belfast, June 20.—When the attention of a High Ulster Special Constabulary official was drawn to the report from New York of the indictment of Lieut.-Colonel M. H. Thompson and seven others on a charge of conspiring to violate the neutrality laws by attempting to ship arms from the United States to the Sinn Feiners in Ireland, he declared that Thompson's guns had not been employed by the Ulster Constabulary, but that they had been used against men of the Constabulary on several occasions. It had been reported, the official said, that the Thompson guns had been employed in the Belfast riot zone, but that had not been clearly established.

It was stated that the Thompson gun played a big part in the Clones Station fight last February, when four special constables were killed. At the inquest a constable who had received six bullet wounds said he met a man with a Thompson gun who wounded him.

**WOMAN WHO ONCE OWNED RANCH OLD AND FRIENDLESS**

Windsor, Ont., June 20.—Mrs. Elizabeth White, once a ranch owner in Alberta, Saturday celebrated her 100th birthday in the Home of the Friendless here, where she has been since 1917. Mrs. White, whose memory and sight are failing, has nine children living.

**TRADE WITHIN EMPIRE URGED**

**London Express Deals With Canada's Tariff**

London, June 19.—(Canadian Press Cable)—The proposals in Canada's new tariff bill are dealt with by The Daily Express in a prominent editorial in which it is pointed out that the Anglo-Canadian import and export trade exceeds the Anglo-German trade. The newspaper discredits the view that Great Britain can recover her export trade only by the economic reconstruction of Germany and says the business men and industrial concerns could develop trade and sell goods to Canada without fear of default or bankruptcy, but the Government prefers to lend money to bankrupt Austria.

The newspaper asked how soon the Ministers would clear out of Europe and direct their energy and the people's direct toward the real sources of prosperity which will spring up within the Empire itself in other parts of the world.

**LACK FUNDS.**

Saskatoon, June 20.—The annual meeting of the Federated Women's Institutes of Canada, which was to have been held in Saskatoon the third week in June, has been indefinitely postponed. Lack of funds is the reason given. Hitherto Western provinces have contributed in advance of others. This year contributions are in abeyance, pending the action of other members of the Federation.

**WATER FOR SAANICH.**

It is apparent that the crops of Saanich Peninsula are suffering severely from lack of water. This is not an exceptional condition; our rainfall is not evenly distributed over the year and not infrequently there is a drought which extends from the late Spring into the Fall. Yet there is plenty of water on Saanich Peninsula if it could be made available to the farmers. Elk Lake at present is serving no other purpose than an interesting piece of landscape and it is a pity its refreshing contents are not used in helping the agricultural and horticultural development of the fertile peninsula. The project of using the lake in that direction has been discussed many times; engineers have proposed plans, some of them in full detail. Laymen have talked a great deal on the subject. And that has been the end of it. We suggest that either that or some other means of supplying the greatest need of Saanich Peninsula at this season of the year is more important than the proposal that the neighboring municipalities should abandon their system of municipal government for the delectation of sharing ours. The development of the fertile lands of this district would be the best contribution that could be made to the prosperity of Victoria, regardless of whether they were part of our municipality or not.

**COLD FEET TOO SOON?**

Although it is not possible to estimate the power of the parties that will be represented in the Free State Parliament the results of polling so far received lead to the supposition that Mr. Michael Collins surrendered a great deal more to Eammon de Valera than public sentiment would have authorized if it could have been consulted. The appearance of non-panel candidates in about twenty of the constituencies furnished the only opportunity for the people to ignore the dictation which the Collins-Valera pact implied. That they have done so in a number of instances will not worry the Free State leader; but it will serve to emphasize the fact that if he had stuck to his guns, even at the risk of more forcible processes of intimidation at the polls, he would have obtained the additional authority without having to reckon with the leader of the opposing faction. As it is there is a likelihood that the obvious uselessness of the arrangement will be used by the "republican" chief as a pretext for stirring up more agitation. At the same time such a course on de Valera's part ought to be interpreted by the Free State Government as a final challenge that may only be answered by a determination to govern the country in conformity with the provisions of the constitution. In that resolve, as the vote already implies, the great majority of the people would be solidly behind the Collins forces.

**THE NEW EMPRESSES.**

Of considerable importance to Victoria is the announcement from London that it is the intention of the Canadian Pacific Railway Company to capture the lion's share of the Oriental traffic from both its British and United States competitors by linking the Atlantic expresses with their Pacific sisters by means of special trans-continental trains that will permit passengers to reach Yokohama a fortnight sooner than if they had taken the P. & O. route through the Suez Canal. Through rates to China and Japan already have been reduced to the same basis as those for the Suez route and the company's announcement indicates that when the Empress of Australia commences her regular sailings across the Pacific Canada will become a thoroughly established

highway between Europe and the Far East and benefit proportionately. It is simple to recognize that with the advent of the Empress of Australia the company's Oriental service will be possessed of a fleet of steamships of size, comfort and speed that will compare favorably with the best that the Atlantic has to offer. Certain it is that when the four Empresses are filling out the contemplated schedule the Port of Victoria will have to renew its efforts for development at the Outer Wharves if it is to get all the advantages of the increased traffic.

**THE COUNTESS DEFEATED.**

Some few weeks ago Countess Markievicz came to the United States in order to "tell the truth about Ireland" to our neighbors across the line. She addressed a series of meetings and very probably found a number of sympathetic listeners. But she failed to appreciate the fact that the people in the Republic to the South were then fed up with the Irish question. As long as it looked as if there was some justice in the Sinn Fein cause they maintained a detached interest in some quarters. On the other hand the signature of the Anglo-Irish Treaty ended such practical concern as may have been manifested. Any lingering belief that the mission of the Countess was backed by public sentiment in Ireland will have been dissipated by this day's news which informs the world that her own constituents do not desire her presence in the new Parliament.

**A YARN?**

Information by way of New York suggests that the Prince of Wales will go to Ireland soon after he has reached England from his long tour of India and the Orient. Just what purpose would be served by exposing His Royal Highness to the peculiar elements which are at large in Erin's Isle at this stage is difficult to discover. It was good business that he should go to India and fears of dire things happening on his appearance in Egypt were groundless. But Ireland is not India and it is not Egypt. There is nothing approaching a parallel upon which justification for this latest ambassadorial job may be based. Only Irishmen can settle Ireland's fate and a royal visit until the opposing factions have composed their differences would be poor taste. We shall expect to hear that the suggestion is the product of a journalistic imagination.

**LITERATURE A COMMODITY.**

George Bernard Shaw recently advised British authors who write dramas for film producers to get all the money they could for their work and to get it early and often. The producers, he said, could be left to look after the element of art in the transaction. To some this advice looks like the prostitution of art to crude commercialism, but historical candor and accuracy emphasize the melancholy fact that ninety per cent. of the eminent authors of all countries from the earliest times tried to extract all the market would stand for their product. It is true that market has varied from generation unto generation, according to the growing literacy of the general public, and there have been periods when authors whose names are now illustrious in history hawked around their wares—now classics—with less success than the vendor of second-hand clothes, and no doubt regarded themselves and their compositions as much less important to the country. William Shakespeare, the enterprising business manager of the Globe Theatre, wrote plays for the theatrical market. Since novelists and poets cannot live on inspiration all those who did not enjoy independent incomes sold their works for the best they could get, and in many instances did a great deal of haggling before they closed the transaction. Sometimes they resorted to brokers who handled their productions on commission. Lord Northcliffe, when a very young man, having plenty of nerve and enterprise, was a literary broker. Art for art's sake was pursued by only the limited few who could afford it. And it is the same to-day. An

eminent poet who visited Victoria not long ago remarked that "the market for poetry is rather dull just now."

**NOTE AND COMMENT**

Pictures no artist could paint: Countess Markievicz shaking hands with Michael Collins and congratulating him upon the election of so many Free Staters; Eammon de Valera doing likewise.

British Columbia's Conservatives are reticent in suggesting possible successors to Mr. Bowser in the leadership of the Party. And the Convention is not so very far away.

News dispatches from the other side of the Atlantic do not seem to be carrying much about the movements of William Randolph Hearst. Surely we could have been told about his luncheon with Mr. Lloyd George. Perhaps The San Francisco Examiner got the "scoop."

**Other People's Views**

Letters addressed to the Editor and intended for publication must be short and legible. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the writer desires. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

**WANTS A UNION.**

To the Editor—I called at your office the other day, but forgot to tell you what kind of work I referred to in my note. It was housework. Ladies are refusing to pay thirty-five cents an hour and most of them won't send in for help to the Government Bureau. Now, why can't we have a set rate which would please everybody and give work to all the cooking at small wages? It's not right. What we want is a domestic union and someone to fight for our rights.

**DOMESTIC WORKER.**

**A CITY BEAUTIFUL**

To the Editor—I wonder if you could do anything to help the youth of this city towards a love of the city beautiful. The firemen of the city gave of their money to help make the High School grounds beautiful, but the young men of the school have not co-operated and the result is pitiful. Many of the beautiful laurels have been smashed down, young grass has sprung up and the work of many men destroyed.

I fear if this wanton destruction is allowed to go on without a warning word or a guiding hand from someone, the youth of our city will grow into ungovernable men, only caring for sport and their own selfish pleasures at the expense of all other beautiful things.

We have finished and completely done with, I hope, those everlasting signs "Trespassers Will Be Prosecuted."

I do not know the principal of the Oaklands School nor his name, but have been told that he has trained the young people of that school to co-operate with him and the man who helps with the garden part. They require no outside law forbidding them. They have been taught to love the beautiful growing things, and I do not think their sports have been curtailed.

A. STEVENSON  
1922 Fernwood Road, Victoria, B.C.  
June 19, 1922.

**STRIKE PULLERS AND LEG PULLERS.**

To the Editor:—There has been so much actual bunk peddled re the U. S. miners' strike that a few comments may be enlightening. In the first place it may be confidently asserted that the actual majority of bona fide miners are not only satisfied with the offered wage, but are resentful at being ordered out on strike. Prior to the strike, miners' wages ran from \$5.00 a day in the case of contract miners or an average of \$7.50 daily, including all ranks. The reduction makes an average of \$6 daily, which is about 50 cents higher than the average laborer outside the mining industry is getting in the United States or Canada at present. The chief demand comes not from the miners, but from the mine union officials themselves, and is a demand for a universal "check-off." This means that the mine operators all over the country shall not only force every miner to work into the union, but shall actually take out of his pay envelope the initiation fees and dues and assessments and forward them regularly to the union officials.

There are about 600,000 union miners in the U. S. A. and about 200,000 non-union miners. The result of forcing the latter into the union would mean that the union coffers would benefit right away to the extent of about two million dollars, all of which has been carefully calculated. The initiation fees paid, the union officials could sit back, open the mail each month, and bank twelve million dollars per year. The above takes into account the bare dues only. A levy of \$5 can at any time be made and the miner's pay envelopes filled with four million dollars at any given time. In Monday's Times Mr. Lewis, the mine union official, expressing the hope that a million railroad men will also strike, says such a strike would cause "such a dislocation of industry that the country would be prostrated and the railroad and mine owners would come to terms." Sounds quite like Mr. Smilie, who has retired unsung. But Mr. Lewis and his friends might also be prostrated. They would certainly be marooned in Cincinnati, which might not be such a misfortune for the miners or the public. If Mr. Lewis is anxious to bolster up a waning union membership, he has got to convince the workers, and not tamper with the pay envelope. The Inter-

national Seamen's Union numbered 115,000 in 1920. It numbers less than 50,000 to-day, and the number of vice-presidents has been cut from eleven to seven. Victoria has the same story to tell.

WALTER FOSTER.

**CHANCE OR INTELLIGENCE?**

To the Editor—"Bystander" accuses me of "ignorant elench," or ignoring the point at issue. I plead not guilty. I have raised the previous question, what do you mean by intelligence? I mean by intelligence in man as distinguished from instinct in the brute the power of forming abstract and general ideas, and so of making plans and working consciously for a purpose. This power is peculiar to man.

Men my brothers, men the workers, are reading some statements. That which they have done but earnest of the things which they shall do.

Man proves himself to have been made "in the image and likeness" of the Creator, that he, too, is a creator, after his own way: a fashioner of new things, and the finder of new ways of doing the old things, whether they be tools to play with or tools to work with.

No living creature below man in the universe possesses creative power; can fashion new things or find new architectural designs, or new patterns. They are not creators, they are not architects, they are but workers carrying out a plan which they have not devised. They have not intelligence, though the works they do reveal, as do the works of nature, intelligence in the One who planned them.

Now man, himself having intelligence and consciousness of having it, has a plan and purpose in the works of nature, and rightly concludes that the One who planned these works possesses intelligence—possesses that power which he is conscious himself of possessing, and which he cannot deny without committing intellectual suicide.

As for the ultimate origin of life on this earth, I will say that science is built up by observation and experiment. What is beyond this is simple guesswork. When "Bystander" or any one else establishes by observation or experiment that life can have an origin other than pre-existing life, I shall be prepared to reconsider the argument of creation. I am a God that rests on the origin of life.

ALEX. MACDONALD.  
Bishop of Victoria.

**CANCER RESEARCH.**

To the Editor:—A worthy contemporary publishes in a recent issue an editorial with regard to the increase of cancer.

This ever recurring question has been dealt with by previous correspondence in your own paper and its importance is by no wise diminished. In spite of the enormous expenditure of pounds spent on "research" work this disease is more prevalent than in many years. In England and Wales alone the death rate for 1919 to 1921 was 1,145 (during war years based on civil population only), and one can only conjecture as to the causes.

It is, however, no exaggeration to say that not only have the methods employed in late years retarded our knowledge but that the scientific and practical knowledge already acquired. Not only is the public mulcted to pay for a considerable amount of "research" work, but the scientific and practical knowledge already acquired. Not only is the public mulcted to pay for a considerable amount of "research" work, but the scientific and practical knowledge already acquired.

It seems only too true that wherever "civilization" marches disease and death follow. Cancer is one of the most common of these. The late Dr. Leffell in his "Ethical Problem" devotes considerable thought to the question of cancer, and his relation to meat-eating. In his illuminating articles entitled "Meat and Men" and "Cancer and Cancer Research" Dr. Allison deals with a series of fundamental causes, such as tobacco, alcohol, tea and coffee; adulterated foods, denatured bread, lack of proper exercise, frequent use of the Luger's knife, and generally erroneous methods of living.

But to return to "benefactions"—disinterested and otherwise! The Westminster Gazette recently stated that Sir William Veno's £10,000 would probably be given to the Cancer Research Department of the Middlesex Hospital (since confirmed) "Research" met the suggestions of the Atholston-Veno prizes with doubt and enthusiasm. Cancer agitators want money but cannot agree amongst themselves as to how this money should be used. It is true that thousands upon thousands of helpless human animals are yearly tortured to promote research but so far researchers have drawn a blank. Sir Ronald Ross, in The Morning Post, says "I am very sorry to see that Sir William Veno's money has gone the usual way—into the wide gaping and porous pockets of institutional research."

While Lord Atholston suggests on behalf of the Middlesex Hospital have been satisfied, as already shown. The Cancer Research Department of the Middlesex Hospital (Registered Place, No. 120, in the last Government Return) was responsible for a large portion of the 4,136 cancer experiments on animals in that return. Some investigators performed as many as 500 such experiments each year and it is particularly pregnant to learn that in the returns for 1920, two women appear to have been credited with the bulk of the most dreadful experiments. Lord Atholston's prize money is to go to the Imperial Cancer Research Fund, this establishment being responsible for several thousands of experiments

on animals yearly. Dr. Murray reports having performed jointly with certain other persons, over 3,000 experiments under Certificate A. during the year 1920.

Truly, "the theories have failed in some particular or other," but knowing something of the facts, I, for one, cannot agree that "this should be an incentive to fresh research work and exhaustive investigation into every phase of the subject." One grows weary of the constant repetition of the same old theories and procedures. If it is the duty of "civilization" to eradicate the disease, it is also the duty of "civilization" to use civilized methods of attack. When, and not before, some progress may be expected.

PERTINAX.  
Victoria, B. C., June 19, 1922.

**FOUR YEAR CURE FOR INSOMNIA**  
Jewelry Charge Proves Trouble to Wong Lee

"Taking pity on Wong Lee, who ruefully admitted to the court that he was restless at night and could not sleep, Magistrate Jay invited the accused to accept the hospitality of the state for the next four years. Wong Lee was arraigned in the city police court to-day and charged with theft of eight watches from the window of the jewelry premises of F. W. Francis on Douglas Street in the early hours of Sunday morning.

Contending with a photograph and record in the "Rogues' Gallery" to-day, the accused failed to recognize himself and thought that the picture and inscriptions must have reference to his brother, who was a little taller and a little "wider" than himself. The court pointed out the fact that the lobes of the ears of the accused were uncommonly flat, a feature that is not often seen, and rarely twice in the same family. "Curiously enough, the photographs showed the same peculiarity of facial construction.

Questions as to his movements on Sunday morning Lee held that he had become restless and gone for a stroll to take the air. He was passing the premises in question when he saw a Chinaman and heard the crash of glass.

Me became frightened at the sight of so many constables running and ran too, to bolt into the arms of Constable Larson around the corner of the Fairfield Hotel. After listening to the evidence of Constable Macpherson, who first gave

Constable Larson, who revealed the fleeing accused in the pit of his stomach, and Constable Varney, the court held that there was no doubt the accused had committed robbery and imposed the sentence. The jewelry, eight watches, valued at approximately \$185, was ordered returned to its owner Mr. Francis.

**SEXAGENARIAN TOURIST**

Mrs. Bolte Arrives From Experiences in Orient.

At sixty-six many people are willing to take life easily. They do not go for long steamship and rail tours alone, nor do they ascend into the air seeking fresh sensations.

Yet this is the recent story of Mrs. Jesse Willard Bolte, a Chicago lady, who—finding her family busy with their several interests, decided to tour the Orient alone.

She arrived here this morning on the Pine Tree State after wandering about the show places of China and Japan. She made a trip down the Grand Canal and crossed the Great Wall of China by aeroplane, traveling in a Vickers-Vimy machine. It is stated.

Mrs. Bolte has been eighteen months on tour, coming out on the maiden trip of the Golden State, now known as the President Tyler, through the Panama Canal.

**LABOR CANDIDATES NAMED IN WINNIPEG**

Winnipeg, June 20.—James Win-ning and F. W. McGill, Union Labor candidates, were nominated here last night as candidates in the forthcoming provincial election. Fourteen Labor candidates endorsed by various organizations are now in the field seeking election to the ten Winnipeg seats under proportional representation.

**TO OPEN TO-MORROW.**

Vancouver, June 20.—The tenth triennial convention of the International Order of King's Daughters will open here to-morrow morning in St. Andrew's Church. This morning routine business in conjunction with the gathering was dealt with, with the provincial president, Miss Letich, Victoria, presiding. Mrs. F. G. Lewis, district president, reported on the year's activities in the district of Vancouver.

The committee in charge of the convention includes Miss Alice Henderson, Mrs. F. G. Lewis, Mrs. Robert McNair and Miss Harriet Ross, all members of the provincial executive.

**IN WOMAN'S DOMAIN**

**ALEXANDRA ROSE ROY DAY COLLECTION DAY SATURDAY NEXT**

**I.O.D.E. to Appeal on Behalf of Local Charities**

Alexandra Rose Roy, an Empire-wide observance of the birthday of the Queen-Mother, will be commemorated in Victoria on Saturday next by a street collection in aid of local charities. As has been the custom since the inception of Alexandra Rose Day, the I. O. D. E. will take charge of the arrangements and undertake the street collections, but not one cent will be used by the Order for its work. Every cent collected after the payment for the roses, will be divided equally among the following charities: The Protestant Orphans' Home, Children's Aid Home, Women's Auxiliary to the Provincial Jubilee Hospital, Victorian Order of Nurses, Social Service Council, W. C. T. U., Home for Friendless Women, and the Roman Catholic charities.

In addition to assisting the local charities, Alexandra Rose Day provides a beneficiary to crippled children for the roses used in the collections are the handwork of the little inmates at Queen Alexandra's Crippleage in England, an institution which the Queen-Mother takes an affectionate and active interest.

Every Chapter of the Order will assist in Saturday's collection and the I. O. D. E. is confident that Victorians will meet this annual appeal with their customary generous response.

**CAMOUSN CHAPTER GIVES LAYETTES TO NEEDY FAMILIES**

A sum in the neighborhood of \$24 was contributed by members at the donation party held in conjunction with the regular monthly meeting of the Camousn Chapter, I. O. D. E., yesterday afternoon, and this money will be expended on material for layettes for needy soldiers' families, a work in which the Chapter is especially interested. Mrs. J. R. Phillips, the regent, was in the chair and gave a comprehensive survey of the meetings of the National Chapter, at which she represented the Chapter.

Mrs. Hopkins reported for the Municipal Chapter and in response to the appeal, the meeting voted the sum of \$12 for the curbing and finishing of a soldier's grave. The Chapter while in sympathy with the war effort, will for the present concentrate its efforts on the War Memorial work and the care of soldiers' graves. Mrs. Wriglesworth reported for soldiers' graves, and their decoration until September will be undertaken by Mrs. A. C. Luxton, Mrs. Hopkins, Mrs. Kippen and Mrs. Phillips.

Mrs. Miles reported on the presentation of a picture to the Victoria High School on Friday. It was decided to hold a rummage sale on Wednesday, September 6, in aid of the Chapter funds. At the conclusion of the business a delicious tea was served. The Chapter will not meet again until September.

**The WEATHER**

Daily Bulletin Furnished by the Victoria Meteorological Department.

Victoria, June 20.—5 a. m.—The barometer shows no trend. Province and showers may become general. Fine, warm weather prevails from the Coast to Manitoba.

**Reports.**

**The One Unwanted**

By RUBY M. AYRES

INSTALLMENT No. 21

He laughed again.

"Some day you will agree with me," he said. "Hullo! Those are the lights of London. We shall soon be home now. Are you cold? I had given a little shiver."

"No—I'm not at all cold, thank you," she said. "I turned and looked back along the long, dark road by which we had come."

"Far, far away in the distance were twinkling many miles beyond them again was Langton and the Gable Farm, and—the man I loved."

"Tears swam into my eyes and I blinked them away furiously. This was a fine beginning to my firm resolution to forget."

"What are you thinking about?"

"Nothing," I said sharply. But I was thinking of the look in Mark Anderson's eyes that morning when he said, "You'll have to take it for both of us," I added.

"So we were engaged! I did not see mother that night, though, after I was in bed, she came into the room and spoke my name softly."

"I pretended to be asleep, and after a moment she went away."

"I was awake all night; the room seemed so stiff and unfriendly after the old-fashioned coziness of my room at the Alberts. Though I tried not to think of it, or of them, there seemed room for nothing else in my thoughts."

"What were they doing? What was Mark doing? Did he know that I was never coming back any more? Did he care?"

"He'll marry Nina, of course," I told myself. "And I don't care if he does."

Mr. Champion was much better looking, or so I tried to pretend. So much richer. As his wife I should have a far better time of it, and yet—nobody knows how I longed to be back in Devonshire, how I longed for the brief happiness I had known there.

I went downstairs the following morning to find my father alone in possession of the breakfast room. He looked embarrassed when he saw me, and more embarrassed still when I went over and kissed his cheek.

"Here I am again, you see," I said, and he answered, "So I see. Well, are you glad to be home?"

"Yes, I suppose so," I said down opposite him. "Where is everybody?" I asked.

"Every one has breakfast in bed but me," he said rather grimly; and

**CUTICURA HEALS ITCHY SCALP**

Was Sore and Red. Hair Fell Out. Head Disfigured.

"From using the same brush and comb as my sister, whose scalp was troubled with dandruff, I caused my scalp to be itchy. My scalp was sore and red, and the dandruff scaled off and could be seen on my clothing. My hair fell out gradually and my head was disfigured. This trouble lasted six months. Then I sent for a free sample of Cuticura Soap and Ointment. I afterwards bought more, and I only used two cakes of Soap and two boxes of Ointment when I was healed." (Signed) Miss Frances Burns, St. Basile, Quebec.

Use Cuticura Soap, Ointment and Talcum for all toilet purposes.

Sample sent free by Mail. Address: "Cuticura, Dept. 24, P. O. Box 24, Montreal, Que." Send 3c. for Ointment and 10c. for Soap. Cuticura Soap shaves without soap.

**V.O.N. GARDEN PARTY AT GORDON HEAD BEACH TO-MORROW**

"Searford" Arbutus Road, Gordon Head, the charming summer home of Mr. and Mrs. A. Wilson, will be the scene of a delightful garden party to-morrow afternoon from 2 until 6 o'clock, the proceeds to be used for the maintenance of the car used by the Victoria branch of the V. O. N. Among the many attractions will be tennis, croquet, and a beautiful little sandy beach available for bathing. Ice cream and afternoon tea will be served.

For the convenience of patrons a free jitney service will meet the Uplands car terminus from 2 o'clock onwards, to convey visitors to the garden party. To-morrow's affair presents a dual opportunity to enjoy an ideal afternoon at the sea shore, and at the same time aid a most deserving cause.

**Social & Personal**

**Dr. Irene Baston Hudson** has now returned to Exton after a long visit to Vancouver.

Mrs. H. J. Barber, of Vancouver, has arrived from the mainland on a brief visit to Mrs. A. J. Gray.

Mr. and Mrs. John Nairn, Rockland Avenue, have left for Portland to spend a few weeks' holiday.

Mrs. Hector Mackay Anderson and daughter of Calgary are spending a holiday in the city.

Mr. and Mrs. W. S. Terry left yesterday for a week's holiday to be spent at Prince Rupert.

The Royal Victoria Yacht Club will hold its second flannel dance of the season on Friday evening from 9 until 1 o'clock.

Mr. Kinsley Terry, who recently returned from McGill University, has left for Vancouver where he will be on the staff of the Vancouver General Hospital.

Mr. E. T. Johnson, Deputy Minister of Finance, and Mrs. Johnson, were among the Victorians who left yesterday on a trip to Prince Rupert.

Mr. Percy Sheppard, who has been a student at the University of Washington, is home for the summer holidays.

Mrs. R. W. Wood, of Fernie, who has been visiting in Vancouver the last month, has joined Mr. and Mrs. E. R. Wood, of Toronto, at present guests of the Empress Hotel.

Mrs. Shields, of Calgary, is visiting in the city, and is the guest of her parents, Mr. and Mrs. F. C. Elliott, Hampton Court.

Mrs. E. Yarwood left on yesterday's boat for Vancouver, where she will spend a few days with friends before proceeding to Squamish, where she will spend an extended holiday with guests of the Empress Hotel.

Miss Winnifred Wilkie, of Quebec Street, has returned to Victoria from spending a two months' holiday visiting at Kelowna and other points on Okanagan Lake.

Dr. Charles H. Sheard, of Southbridge, Mass., and Mrs. Sheard were visitors in town on Sunday in connection with the annual convention of the Chapter while in sympathy with the war effort, will for the present concentrate its efforts on the War Memorial work and the care of soldiers' graves. Mrs. Wriglesworth reported for soldiers' graves, and their decoration until September will be undertaken by Mrs. A. C. Luxton, Mrs. Hopkins, Mrs. Kippen and Mrs. Phillips.

Mrs. Miles reported on the presentation of a picture to the Victoria High School on Friday. It was decided to hold a rummage sale on Wednesday, September 6, in aid of the Chapter funds. At the conclusion of the business a delicious tea was served. The Chapter will not meet again until September.

**J.B.A.A. TO BE HOSTS AT FLANNEL DANCE**

At Yacht Club July 7; Proceeds to Send Crews to Portland

Members of the James Bay Athletic Association in conjunction with the Royal Victoria Yacht Club will hold a flannel dance at the Yacht Club at the Uplands on Friday evening, July 7. As both the Yacht Club and the J. B. A. A. have proved themselves such successful hosts in many delightful functions in the past it is anticipated that there will be a large attendance at this dance.

The proceeds will be devoted to the expenses of sending crews to represent the Athletic Club at the Northwest Pacific Association of Amateur Oarsmen's regatta at Portland, Oregon, next month. For the past twenty-eight years the J. B. A. A. has proved an important contestant in these annual regattas, local oarsmen securing many fine trophies as tribute to their prowess, and the Association is anxious to again uphold its reputation at this year's regatta.

Tickets for the dance may be obtained from Robert Frost, Vincent McKenna, R. Cummings, J. Wickson, O. C. Walls, R. W. S. Day and Robert Travis.

**WEST SAANICH WOMEN'S INSTITUTE HELD GUEST DAY**

The annual "guest day" of the West Saanich Women's Institute held in its rooms at Sluggert's last Tuesday was well attended by members and friends. The rooms were made very attractive by a beautiful display of roses.

Mrs. W. Griffiths gave a most interesting and instructive paper on "Boys and Girls." The speaker pointed out the difference in the natural tendencies of boys and girls, and begged that full opportunity be given to express individuality. Mrs. Edith Todd sang "Pale Moon," and in response to an encore gave much pleasure with her rendering of "At Dawning." Readings by Mesdames Sluggert and Puckle were much enjoyed. Mrs. V. S. MacLachlan gave a very able talk on "Institute work, method and federation, with plans for future activities."

Afternoon tea was served by Mesdames Osborne, Lindsay, Freeman and Shields. Grateful acknowledgment is extended to the following who kindly contributed to the building fund of the Institute: P. R. Brown & Sons, Shelly Bros., Scott & Peden, Watson & McGregor, Ltd., Fletcher Bros., Weller Bros., James Maynard, W. W. Pauline, M.P.P., T. N. Hibben & Co. and the B.C. Electric Co. for donation of building site at Sluggert's.

Plans were made for a gin and dance to be held under the auspices of the West Saanich Institute in West Road Hall on Thursday, June 22. Hunt's Orchestra will supply the music, and two prizes will be awarded for the best waltz.

**EXAMINATION TO BEGIN SATURDAY**

78 Schools Throughout the Province to Hold Examinations

Entrance, High School and matriculation examinations will commence shortly. Examinations in special subjects for high school and matriculation will begin at 9 o'clock standard time Saturday. It has been requested by the Board of Education that the time be specially taken notice of as being on standard time and not daylight saving. This will mean that the examinations in special subjects in this city which will be held at the High School on Saturday will commence at 10 o'clock daylight saving time and 9 o'clock standard time. A number of seventy-eight schools will be in regular examination on Monday morning of June 26, while the special subjects will commence at all schools on the previous Saturday.

**WILL HOLD GARDEN PARTY ON SATURDAY**

Margaret Rocke Robertson Chapter, I.O.D.E., to Hold Its Annual Event

The Margaret Rocke Robertson Chapter of the I. O. D. E. will hold a garden party on Saturday afternoon, June 24, at the residence of Mrs. and Mrs. W. S. Terry, St. James Street, Oak Bay. The event will be opened at 2 o'clock by Mrs. Curtis Sampson, Regent of Municipal Chapter.

The garden party held last season by this Chapter was one of the enjoyable affairs of the summer season and preparations have been made by the members with the hope of outdoing their entertainment of the past year. The many committees have completed their arrangements and plans for the various booths and stalls, which will include many enjoyable features, including clock golf, fortune telling and other attractions. Afternoon tea will be served. There will also be a musical programme, the various numbers being contributed by members of the Chapter.

The general committee of the garden party is Miss Ilice Terry, and the conveners of the various features are: Mrs. R. D. Travis; musical programme, Miss T. Dorrell.

Among those who will take part in the musical entertainment are: Mrs. Rumsby, Mrs. Styles-Sehl, Miss Winifred Bell, Miss Dorothy Paulsen, Miss E. W. Wallman and Miss Nora Edwards will act as accompanist.

VESSEL MOVEMENTS

Victoria, June 20.—Arrived: Pine Tree State, Yokohama. Sailed: Ruth Alexander, Seattle.

Along the Waterfront

SHIPPING NEWS FROM DAY TO DAY

BRINGS FIRST BIG TEA SHIPMENT FROM THE ORIENT

SS. Pine Tree State Had Aboard 900 Tons from Keelung and Shimidzu

Raw Silk Cargo Valued at Over \$2,000,000

The first big shipment of tea from the Far East was brought across the Pacific by the Admiral Hiner Pine Tree State, Capt. M. M. Jensen, which sailed after leaving the Orient for several days, and mist again hampered the liner as she arrived off this coast.

Capt. Jensen reported a good passage, the ship crossing from Yokohama in 10 days, 2 hours. Fog was experienced after leaving the Orient for several days, and mist again hampered the liner as she arrived off this coast.

The Pine Tree State brought in 160 first class passengers including Capt. Marcossion, the noted American writer, who has been touring the Orient in the interests of the Saturday Evening Post and other journals.

Another notable passenger by the liner was Judge D. R. Williams, of the Shinghai district court, who is en route to San Francisco.

R. S. Cauvin, travel representative of the American Express, returned by the Pine Tree State from the Orient. Possible passengers at the pier were: E. W. Simcock, routed through to Worcester, Berkshire, Eng., and Miss Alice Jerret, of Shanghai.

The Pine Tree State will be renamed President Grant following her arrival at Seattle, for which port she departed at noon.

Philadelphia, June 20.—The steamer Thomas P. Beal, from Pacific coast ports via Baltimore, collided with the Norwegian steamer Victo off Cramps' wharf to-day. The Victo was reported considerably damaged, while the Beal escaped with slight damage to her stern. The Victo was at anchor.

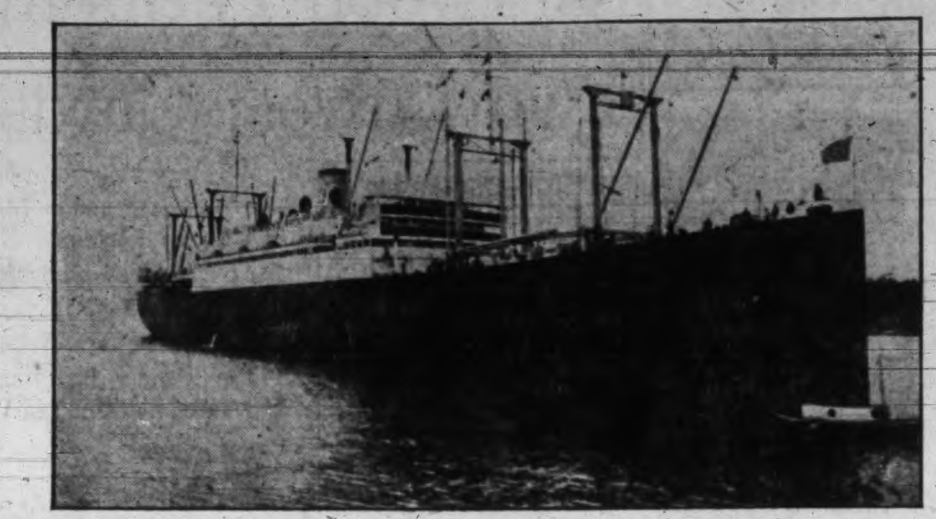

Overtaken by Waves. Smith stated that a wave overturned his boat while he was attempting to adjust his tiny sail, but observers contend that it was the wash from the S. S. Ruth Alexander that caused the craft to turn turtle.

When seen after his recovery this morning, Smith decided to attempt the return trip and he set out this morning in his frail craft to size up the weather.

Smith had daringly and successfully rowed a 12-foot dug-out across the Straits from Port Angeles, a distance of 18 miles, and had landed on the Dallas Road front about 4 o'clock yesterday afternoon.

After loading all night on the waterfront, Smith decided to attempt the return trip and he set out this morning in his frail craft to size up the weather.

REACHED PORT TO-DAY FROM THE FAR EAST

S. S. PINE TREE STATE.

PICKED UP FROM OVERTURNED BOAT

Albert Smith, of Port Angeles, Rescued This Morning by SS. Ruth Alexander

Had Rowed Dug-out Across Straits and Was Returning When Upset

Clinging to an overturned boat, Albert Smith, longshoreman of Port Angeles, was early this morning picked up in an exhausted state by the Admiral steamship Ruth Alexander, as she was heading out for Seattle.

Smith had daringly and successfully rowed a 12-foot dug-out across the Straits from Port Angeles, a distance of 18 miles, and had landed on the Dallas Road front about 4 o'clock yesterday afternoon.

After loading all night on the waterfront, Smith decided to attempt the return trip and he set out this morning in his frail craft to size up the weather.

EMPRESS OF CANADA WILL ARRIVE HERE THURSDAY MORNING

At midnight the Canadian Pacific liner, Empress of Canada was 960 miles out from this port.

The new oil-burning steamship Andania, now plying on the Southampton and Cherbourg to Montreal route, re-opens the Cunard Line's Canadian service, which was suspended following the war, owing to the loss of practically the entire fleet while under way service.

CUNARD LINE HAS RESUMED ITS DIRECT SERVICE TO CANADA

Andania, Now in Service, Will Be Followed by Other Oil-burning Ships

The new oil-burning steamship Andania, now plying on the Southampton and Cherbourg to Montreal route, re-opens the Cunard Line's Canadian service, which was suspended following the war, owing to the loss of practically the entire fleet while under way service.

Westbound, the route of the Andania and the Antonia, which will follow her, will be Southampton and Montreal; Cherbourg to Quebec and Plymouth, eastbound Montreal to Plymouth, Cherbourg and London.

The Liverpool division of the service will be covered by the Albania, Tyrrenia and Aonia and will sail direct between Liverpool and Montreal.

All these new steamers are oil burners. The Andania, Aonia and Antonia are two-class ships, carrying 500 first, 200 second class and 1,200 third class passengers.

The Tyrrenia carries 500 first, 200 second class and 1,200 third class passengers. The Albania is a one class ship, carrying 500 cabin passengers. There will be weekly sailings to and from Canada.

The resumption of the direct Cunard-Canadian service recalls the fact that the company's association with Canada dates back to its inauguration, on her first sailing from Liverpool in 1840 the Britannia called at Halifax and for nineteen years this call both eastbound and westbound was a regular feature of the company's Atlantic service.

In 1859, however, the Halifax call was discontinued and was not resumed until 1911.

SHIP COMPANY IN RECEIVER'S HANDS

Operators Named for Elder Steamship Company, of New York

New York, June 20.—The Elder Steamship Company was placed in the hands of receivers yesterday as a result of a mortgage foreclosure suit filed by George R. Elder, Jr., in the United States District Court before Justice Manton. Arthur T. Minton and John R. Johnston were named to conduct the business under \$5,000 bonds each.

The Elder Company has been operated on the Atlantic and Pacific Coast through the Panama Canal.

Mr. Elder in his bill asserted that two Atlantic Coast vessels are subject to a mortgage to secure \$2,150,000 first mortgage seven per cent bonds issued by the Guaranty Trust Company and that the two ships also have been the subject of a second mortgage for the payment of \$1,000,000 on eight per cent promissory notes.

NOTICE TO MARINERS

British Columbia. Strait of Georgia—Fraser River—Alteration in lighting system. The system of range lights covering that portion of the Fraser River between the Associated British method of Justice, McDonald, in favor of the plaintiffs in the suit of L. D. Chatham and Lee Mong Kow versus the Registrar-General of Titles, heard in the Supreme Court yesterday.

Plaintiffs claimed \$25,000 and costs for damages done by virtue of an alleged wrongful issuance of a registrable title to the plaintiff Lee Mong Kow for land including a considerable proportion of the total of seven lots in this city which was afterwards taken back from the plaintiff in a civil action brought by the R.C. Electric Railway.

L. D. Chatham, who had made advances to the plaintiff Lee Mong Kow with the land in question as security, was added as a joint plaintiff to the action. W. J. Taylor, K. and W. A. E. B. flour appear for the plaintiffs, and J. B. Pattullo for the defendant.

In his judgment Mr. Justice McDonald finds for the plaintiff, but refers the question of damages to the Registrar for the fixing of the amount. The judgment holds that though the defendant Registrar of Titles acted bona fide he had erred in issuing the title in question, as maps of ground conflicted, and one should not have been filed, it was held.

A pianoforte recital of unusual interest was given at the Dominion Academy of Music on Friday by Mr. Algernon H. Lindo, one of the examiners of the Associated British method of the Royal Academy of Music and the Royal College of Music, of London, England. Mr. Lindo, who is an able representative of the English school of music and an author of musical works, was traveling to Australia to carry out the examinations there for the board, and was stopped by the sailing of the SS. Makura on Saturday.

The hall was crowded, and among the audience was a large number of music teachers and their pupils. Mr. Lindo proved to be an accomplished pianist of exceptional ability, his interpretation, as well as his technique, being of a high order. His program was difficult and varied, and the numbers were followed with close attention by all present. A remarkable feature of the recital was that even the younger pupils present showed great appreciation of the works of the well known masters.

In two of his numbers Mr. Lindo obtained a remarkable and beautiful pedal effect by a clever use of the well known principle of sympathetic vibration and overtones of the piano on his part, and a chapter of his recent musical work on "The Use of the Pedal" is devoted to a full discussion of it.

White all of the programme was most enthusiastically received, special mention should be made of the brilliant rendering of the "Nocturne for the Left Hand," by Scriabine; "Harpichord Lesson in A," by Scarlatti; "The Submerged Cathedral," by Debussy; and the "Valse in C Sharp Minor," by Chopin.

NEAR AGREEMENT ON FREIGHT PACT

Steamship Lines on North Pacific Are Working Quietly for New Conference

Transpacific operators who heretofore have been somewhat reticent in commenting upon the possibilities of success in efforts to reform the Pacific Westbound Conference, expressed confidence this week that the new move, while initiated in a quiet and unpretentious manner, would succeed, says The San Francisco Shipping Register.

Whether or not an agreement is reached concerning the proposed re-formation of the Pacific Westbound Conference, it seems probable that the Oriental lines from both the East and West Coasts will be more thoroughly united after the present difficulties are ended than they ever have been before.

Puget Sound operators met informally last week to discuss the situation according to reports from Seattle, but thus far the California Pacific Westbound Conference, which has been functioning on a non-profit basis, has not been invited to lend its assistance. Agreement by the California lines and the Shipping Board to any proposal which has been approved by all other lines is expected as a matter of course.

It is reported that the Nippon Yusen Kaisha and Osaka Shosen Kaisha, two of the largest Japanese lines, have been negotiating for an arrangement which would terminate their unrestricted competition against each other and the Canadian Pacific is said to have indicated its willingness to follow this lead. As usually in the past, the Blue Funnel Line is the most undefinable factor in the situation.

CLAIM AGAINST LAND ASSURANCE FUND

UPHELD IN COURT

Amount of Damages Left to Registrar for Decision

What is believed to be the first action taken against the Registrar-General of Titles, nominally, for damages from the assurance fund was decided to-day in a judgment of Justice McDonald in favor of the plaintiffs in the suit of L. D. Chatham and Lee Mong Kow versus the Registrar-General of Titles, heard in the Supreme Court yesterday.

Plaintiffs claimed \$25,000 and costs for damages done by virtue of an alleged wrongful issuance of a registrable title to the plaintiff Lee Mong Kow for land including a considerable proportion of the total of seven lots in this city which was afterwards taken back from the plaintiff in a civil action brought by the R.C. Electric Railway.

L. D. Chatham, who had made advances to the plaintiff Lee Mong Kow with the land in question as security, was added as a joint plaintiff to the action. W. J. Taylor, K. and W. A. E. B. flour appear for the plaintiffs, and J. B. Pattullo for the defendant.

In his judgment Mr. Justice McDonald finds for the plaintiff, but refers the question of damages to the Registrar for the fixing of the amount. The judgment holds that though the defendant Registrar of Titles acted bona fide he had erred in issuing the title in question, as maps of ground conflicted, and one should not have been filed, it was held.

ATTRACTIVE RECITAL BY VISITING PIANIST

A pianoforte recital of unusual interest was given at the Dominion Academy of Music on Friday by Mr. Algernon H. Lindo, one of the examiners of the Associated British method of the Royal Academy of Music and the Royal College of Music, of London, England. Mr. Lindo, who is an able representative of the English school of music and an author of musical works, was traveling to Australia to carry out the examinations there for the board, and was stopped by the sailing of the SS. Makura on Saturday.

The hall was crowded, and among the audience was a large number of music teachers and their pupils. Mr. Lindo proved to be an accomplished pianist of exceptional ability, his interpretation, as well as his technique, being of a high order. His program was difficult and varied, and the numbers were followed with close attention by all present. A remarkable feature of the recital was that even the younger pupils present showed great appreciation of the works of the well known masters.

In two of his numbers Mr. Lindo obtained a remarkable and beautiful pedal effect by a clever use of the well known principle of sympathetic vibration and overtones of the piano on his part, and a chapter of his recent musical work on "The Use of the Pedal" is devoted to a full discussion of it.

White all of the programme was most enthusiastically received, special mention should be made of the brilliant rendering of the "Nocturne for the Left Hand," by Scriabine; "Harpichord Lesson in A," by Scarlatti; "The Submerged Cathedral," by Debussy; and the "Valse in C Sharp Minor," by Chopin.

At the conclusion Mr. Lindo was received with prolonged applause, and was recalled for two encores, the first being "The Morris Dance," one of his own compositions, and the "Second Nocturne," by Chopin.

There can be no doubt that everyone present, in addition to the enjoyment of the recital, carried away many pointers of educational value, as well as a renewed incentive to study and master the difficulties which must be overcome before it is possible to emulate the perfection reached by Mr. Lindo in his pianoforte playing.

SHIP DAMAGED IN COLLISION

Philadelphia, June 20.—The steamer Thomas P. Beal, from Pacific coast ports via Baltimore, collided with the Norwegian steamer Victo off Cramps' wharf to-day. The Victo was reported considerably damaged, while the Beal escaped with slight damage to her stern. The Victo was at anchor.

TENANT SEEKS TO RETAIN OCCUPANCY

Appeal Is Brought from Order in Favor of Landlord

An appeal from an order of Judge Young in the County Court, County of Prince Rupert whereby the defendant-appellant Helen Blackburn, a tenant on land owned by the plaintiff-respondent Jacob Monka, both of the County of Prince Rupert, was held to be in wrongful possession of the land and ordered to vacate, continued in the Appeal Court here to-day by E. C. Oughton for the appellant and E. C. Mayers for the respondent. Mr. Mayers took the preliminary objection that the subject of the appeal was not one wherein an appeal could lie, and that the hearing should not proceed. Had the subject of the appeal been an action or cause in the County Court an appeal would have been possible, held Mr. Mayers, but such was not the case, and no appeal could be taken, he submitted.

Mr. Oughton for the appellant held that the matter was one in which an appeal could properly be taken, and submitted references to this point. Pending the ruling on the preliminary objection the hearing proceeded.

The action in the County Court was one instituted by plaintiff for the alleged breach of an agreement of Grant versus the plaintiff property, when it was claimed that monies due on the property had not been paid. At the close of the hearing, Grant versus the plaintiff property, when it was claimed that monies due on the property had not been paid.

SHIPPING AT SAN FRANCISCO

San Francisco, June 20.—Funeral services will be held in Oakland to-day for A. J. Frey, vice-president of the Shipping Board, who died in Baltimore June 17. The burial will be in Oakland.

The Pacific-American steamship association has instructed its secretary to investigate the need for radio compasses at Point Arena and Point Sur.

Shipping conditions in and out of Eureka are better than before the war, according to C. Nelson, a shipping and lumber man from Eureka. He said more ships entered the harbor last week than in a month of last year. Heavy lumber shipments have been made in the last month both by rail and water.

Failure of ship operators to reach a settlement on lumber rates from the Pacific Coast to the Far East has brought the rate down to \$5 a thousand feet. The rate from the Pacific Northwest to San Francisco is \$2 and to San Pedro \$7. The steamer Bearport to-day completed loading scrap iron from the old cruiser Brooklyn for Japan.

The President Harrison, recently withdrawn from the Manila and Hongkong run, was towed to Government Island to-day to be laid up. The President Cleveland will take its place there when it returns from its current voyage to Hongkong and Manila. The further disposition of the ship has not yet been determined.

The barkentine Monitor, now in Oakland Harbor, has been chartered by the East Asiatic Company to take two million feet of lumber from Puget Sound to South Africa.

EMPERESS OF CANADA WILL ARRIVE HERE THURSDAY MORNING

At midnight the Canadian Pacific liner, Empress of Canada was 960 miles out from this port.

The new oil-burning steamship Andania, now plying on the Southampton and Cherbourg to Montreal route, re-opens the Cunard Line's Canadian service, which was suspended following the war, owing to the loss of practically the entire fleet while under way service.

Westbound, the route of the Andania and the Antonia, which will follow her, will be Southampton and Montreal; Cherbourg to Quebec and Plymouth, eastbound Montreal to Plymouth, Cherbourg and London.

The Liverpool division of the service will be covered by the Albania, Tyrrenia and Aonia and will sail direct between Liverpool and Montreal.

All these new steamers are oil burners. The Andania, Aonia and Antonia are two-class ships, carrying 500 first, 200 second class and 1,200 third class passengers.

The Tyrrenia carries 500 first, 200 second class and 1,200 third class passengers. The Albania is a one class ship, carrying 500 cabin passengers. There will be weekly sailings to and from Canada.

The resumption of the direct Cunard-Canadian service recalls the fact that the company's association with Canada dates back to its inauguration, on her first sailing from Liverpool in 1840 the Britannia called at Halifax and for nineteen years this call both eastbound and westbound was a regular feature of the company's Atlantic service.

In 1859, however, the Halifax call was discontinued and was not resumed until 1911.

SHIP COMPANY IN RECEIVER'S HANDS

Operators Named for Elder Steamship Company, of New York

New York, June 20.—The Elder Steamship Company was placed in the hands of receivers yesterday as a result of a mortgage foreclosure suit filed by George R. Elder, Jr., in the United States District Court before Justice Manton. Arthur T. Minton and John R. Johnston were named to conduct the business under \$5,000 bonds each.

The Elder Company has been operated on the Atlantic and Pacific Coast through the Panama Canal.

Mr. Elder in his bill asserted that two Atlantic Coast vessels are subject to a mortgage to secure \$2,150,000 first mortgage seven per cent bonds issued by the Guaranty Trust Company and that the two ships also have been the subject of a second mortgage for the payment of \$1,000,000 on eight per cent promissory notes.

## Inter-City Cricket Games Here July 1

Vancouver's "Rep" and Junior Elevens Will Be Here to Test Out Victoria's Best Teams—Elaborate Arrangements Being Made for Matches—Big Crowds Expected

Two inter-city cricket games are scheduled for Dominion Day in this city. Vancouver is sending over two teams and Victoria will field eleven with the hope of subduing the visitors. The Vancouver rep team will encounter the local all-stars at the Jubilee Grounds in what should be the best match of the season and the Mainland juniors will play the Victoria youngsters at the University grounds, Mt. Tolmie.

These will be the first matches between the Victoria and Vancouver elevens this season. The seniors will compete for the Plummerfelt Cup, emblematic of the B. C. championship, now held by Vancouver. The juniors will play for the Goodday Cup, presented by Col. Goodday, president of the Victoria and District Cricket Association.

Elaborate plans are now being made for the two matches and as they will be the premier sporting attractions on the holiday in this city it is expected that a large crowd will attend.

Each year Vancouver and Victoria cricketers put on their rep games. Two matches are arranged, one in this city and the other at the Mainland. Usually the home team wins in each case and a third match is necessary. The Mainlanders were successful in winning last year but Victoria will make a determined effort to bring the cup back this season.

Committee at Work. A committee composed of Col. C. Goodday, Mr. Tunnah and Sgt. Watson has been put in charge of all arrangements for the day. The Vancouver team will be entertained at breakfast, and lunch for the players will be served on the ground by Mr. Jenner.

Miss Pooley has very kindly consented to act as convenor for tea which will be served in marquees on the grounds.

Tickets for admittance to the match are now on sale and may be obtained from any cricketer in town. It is hoped that everybody interested in the game will purchase a ticket as the association is in need of funds.

Promises a Good Wicket. Captain Coley, the energetic ground secretary of the Victoria Cricket Club has pronounced to have a first class wicket prepared, so that given a fine day the followers of the game in Victoria will have the opportunity of witnessing a fine exhibition of cricket.

The team to represent Victoria will be selected on Monday next.

Junior Game. Through the kindness of J. C. Barnacle the junior match will be played on the grounds of the University Military School, Mount Tolmie, and the two junior elevens will be the guests of Mr. Barnacle for lunch.

Great keenness is being shown by the school boys and it is expected there will be great competition for places on the team.

P. C. Payne is kindly handling the arrangements for this game and the team will be selected by Mr. Payne and Col. Goodday.

## V.I.A.A. AND SONS WILL PLAY TO-NIGHT

Exciting Game Expected in Victoria Lacrosse League at Canteen Grounds

There promises to be plenty of excitement at the Canteen Grounds, Esquimalt, this evening when the V. I. A. A. and Sons of Canada meet in a lacrosse fixture in the Victoria and District Lacrosse League. The ball will be faced off at 7 o'clock.

The V. I. A. A. are going out to establish their second win of the season. Last week they trimmed the Garrison rather easily. The Sons of Canada are anxious to stop the V. I. A. as they are already one game down. The Sons tasted defeat in the opening game of the season, when Sidney stepped on them.

Game Should Be Close. The game should be extremely close as both teams are about evenly matched. The Sons are mostly youngsters who are fast and play a fairly sound game, while the V. I. A. A. have a pretty slick combination of veterans and youngsters.

The teams will be as follows: V. I. A. A.—Dunn, Fairall, Broadbent, McGregor, Meagher, Patterson, Passmore, Joe Hancock, Chas. Brown, Bill Huxtable, Ed. Popham, Louis White, Mel. Hicks, Vincent Hicks, Homer Alexander, Griffiths, Jenkins and McClure.

Native Sons of Canada—Humber, McNamee, Straith, Moses, Collinson, Brown, Cowan, Sturgess, Goodacre, Allen, Heatherbell, Cameron, C. Humber, Moody and Catterall.

## It Looks As Though Fishing at Cowichan Lake Is Good

Three Nanaimo fishermen reached the Lake a few weeks ago and here's part of what they took home with them. They landed 75 beauties in one day. "Dad" James, the veteran fisherman and hunter, writes to say that the fish are biting extra good just now. Bait fishing is over. The fish are taking the spoon fine, the best spoon, according to "Dad," being a double brass kidney with a trailer about three feet behind with a hook and worm on.

Several good catches have been made lately between Goat Island and the Narrows and Nixon Creek. Frank Moore has the credit of taking the biggest fish of the season. He landed a beautiful cut-throat in fine condition a week ago.

## School Lacrosse Teams Will Play Off at 7 o'Clock This Evening

Owing to the number of lacrosse enthusiasts who wish to see the play-off in the School Lacrosse League the officials have arranged to stage the games in the evening instead of the afternoon. It was originally intended to have the South Park and Esquimalt teams meet in the semi-finals at the Royal Athletic Park at 4 o'clock this afternoon, but the hour has been moved along to 7 o'clock this evening.

Hundreds of folks in this city are interested in the School League, but owing to the fact that all the games have been played in the afternoon no one has been able to attend them. However, with the game originally intended to have the South Park and Esquimalt teams meet in the semi-finals at the Royal Athletic Park at 4 o'clock this afternoon, but the hour has been moved along to 7 o'clock this evening.

Three splendid teams are figuring in the play-off. South Park won the Southern Section, Esquimalt the Western Section, and Oaklands the Northern Section. All teams are fast and have plenty of good stick-handlers.

The final game will be played on Friday between the winners of to-night's game and Oaklands.

The spectators will be treated to the cleanest exhibitions of lacrosse that have been on tap for a long time.

Arrangements are now being made by the Gyro Club to provide for the presentation of the cup and medals to the winners.

Walters and the Five C's are evenly matched and their game should be close.

All matches are scheduled to start at 7 o'clock. Spectators will be as follows: F. Smith, H. Street, C. Locke, G. Liffon, J. Thorne, P. Payne, C. Jelliman, F. Smith, D. Donaldson, C. Maynard, W. Farrar, Reservey, W. B. Grant, Mr. Bentley, Mr. Wrightman, Mr. Westcott.

Broad Street will be as follows: P. Richardson, W. Cowan, D. Fletcher, J. Dunsen, Mr. Ferguson, Mr. Reid, Mr. Barber, A. Barber, G. Freeman, J. Wormald, F. H. Ackroyd.

## BOWLERS TO START RINK COMPETITION

Winning Rinks of White and Blue Leagues to Play for Championship

Many competitions are now under way at the Victoria Lawn Bowling Club and the green is in constant use. However, despite the demand for the green the club has decided to start the respective rinks. Each rink will play five games. The teams have been formed into two leagues, the White and Blue, with six rinks in each. The winners of the White League will meet the Blue-ribbon team of the Blue League for the championship.

The rinks will be as follows: White League. W. Barbour, T. Roberts, R. Macdonald and Jas. Munro—Skip. D. Breckenridge, W. N. Smith, Dr. Clarke and W. Wood—Skip. H. A. Read, M. B. Lloyd, J. H. Mountain and A. McKeachie—Skip. R. Tutthill, J. Mavor, T. Renfrew and J. V. Boyd—Skip. D. Dewar, R. D. Watson, R. Clark and H. M. Wright—Skip. A. J. Wilson, R. Stanhope, E. G. Sherwood and W. T. Edgecombe—Skip.

## THE MAN WHO MAKES ALL SEMI-READY STYLES

That my little exhibition shop does not compete with other customers is proven; all the Semi-Ready stores in Canada showed a splendid increase in sales the month after I opened my shop," said the Chief Designer of Semi-Ready clothes. It is he who creates the thirty styles shown in a Fashion Portfolio of the Semi-Ready custom tailoring department, where suits are tailored to photo-type measurements in four days. The shop was opened to get the first-hand criticism of each of the customers.

Means & Fuller have as good an exposition of Semi-Ready styles here—the label in the pocket—the same prices West as East.

## W. J. Thompson Lead Qualifying Round at Hamilton for Canadian Golf Title

Hamilton, June 20.—Chief honors of the day go to W. J. Thompson of Toronto, who by a score of 153, won the gold medal for the 153rd hole in the qualifying round. Thompson played sterling golf. His two rounds include a major 84—186 holes in par, with a couple of birdie twos.

Thompson turned in his score a little while after 8. Lyon had completed the double triple in 154. Lyon also played consistent golf, doing the best of the eighteens in 77.

The champion, Frank Thompson, began the day brilliantly, registering a par 73 for the morning. Nothing he did seemed to be right in the afternoon, as his total for nine holes—45—showed. He steadied down a little after that and finished the round in another 40, but his lapse lost him the gold medal, which the other players, after his morning round, thought nobody stood a chance of winning from him. Westerners who played to-day with their cards follow:

M. A. Arthur Macaw, Winnipeg, 107 90—192. J. T. Cuthbert, Winnipeg, 78 83—165. In the draw to-day, Cuthbert will play with C. B. Grier, of Montreal, and Walton will meet W. M. Hodgson, Montreal.

The aggregate qualifying scores follow: 153, W. J. Thompson; Toronto; 154, Seymour Lyon, Toronto; 156, Frank Thompson, Toronto; 157, R. Abbott, Peterboro; 160, L. B. Bredin, Detroit; 161, G. H. Turpin, Montreal; 162, H. M. Scott, Montreal; Alex Wilson, Montreal; 163, W. M. Hodgson, Montreal; B. L. Anderson, Toronto; G. M. Standifer, Wausau; 164, R. M. McAuliffe, Buffalo; J. T. Cuthbert, Winnipeg; 165, W.

## Kirkwood Turns In Two Lowest Cards

Made To-day's Round in 72, Giving Him Aggregate of 147 for 72 Holes—Hutchinson's Golf Fell Off To-day and His 78 Made His Total 149—Barnes Improves and Makes His Total 154

## DETROIT CROWDING NEW YORK YANKEES

Cobb's Club Two Games Behind Yanks Who Have Lost Eight Straight

Heilman Hit Safely Ten Consecutive Times; One Within Speaker's Record

New York, June 20.—Trailing the leading St. Louis Browns by two and a half games to-day as a result of their eighth straight defeat, the skidding Yankees faced a battle to retake second place against the rush of Ty Cobb's hard-hitting Detroit club. The Tigers by winning their seventh in a row, were within two games of the New Yorkers.

Babe Ruth hit his seventh home run in the first inning of the game with Cleveland, but was outlugging the leading Yankees for a battle to retake second place against the rush of Ty Cobb's hard-hitting Detroit club. The Tigers by winning their seventh in a row, were within two games of the New Yorkers.

Harry Heilman's great hitting streak was stopped by Fullerton, while the Tigers were outlugging the Red Sox 11 to 9. The Detroit star had registered 10 consecutive hits, one less than the record of 11 established by Speaker in 1920.

Brooklyn staged a whirlwind ninth-inning rally against Pittsburgh and won six to five in 14 innings.

Pinch-hitter Peters' homer in the ninth with two on enabled the Phillies to beat the Cubs 8 to 6.

Chicago's ex-Giant, who is staging a comeback with the White Sox, held Washington to four hits, struck out 19 and won 2 to 0.

## CRUSADERS TO ENTER LONG DISTANCE RACE

Jimmy Buckett and Ernie Cull to Represent Bible Class in Vancouver Race

It was decided at the regular weekly meeting of the Crusaders Bible Class last night to have representatives in all branches of sport this year. Efforts are being made to specialize in long distance running and for this purpose arrangements are under way to send Ernie Cull and Jimmy Buckett to Vancouver for the ten-mile race which will be held at Stanley Park on July 5 in connection with the Vancouver Police Sports.

Jimmy lost out last year, but he states that he has every intention to win this time and is putting himself through the paces and has taken up a long and strenuous program of training in order to be in form for the event.

It was also decided that the Crusaders should enter the J. B. A. A. five mile race which is to take place on July 8, while the ten mile road race in connection with the Victoria Police Sports will also see Ernie Cull and Jimmy Buckett in action.

Both these lads are training intensively for the coming sport events. Other entries in various other branches of sport are anticipated by this large class of young men and the police sports of this city will be well attended by Crusader entries.

The Crusaders' baseball team is due to meet the Colored Giants on Thursday evening at the Central Park, commencing at 6:30 o'clock and a fast game is expected. The following day will find this popular class of boys indulging in a social function which will take the form of a picnic at the Cadboro Bay beach on Friday night. All members are requested to meet at the Uplands car terminus at 8 o'clock and an enjoyable time is anticipated.

## LADYSMITH WANTS LOCAL BALL TEAM TO PLAY UP THERE

Sports Editor.—Ladysmith is going to celebrate July 1 with a baseball tournament and field sports and wishes an amateur senior team from your city to compete both in a ball game and in the sports and I am taking this means, if favorable to your generosity, to invite a team up for that day. We will guarantee expenses up to fifty dollars and give the team an option to play the following day. Thanking you in advance for this favor.

A. E. THOMAS, Chairman Sports Committee.

## KILBANE AND WILSON MUST SIGN UP TO-DAY

New York, June 20.—To-day was the last day of grace granted by the New York Athletic Commission to Johnny Kilbane and Johnny Wilson, respectively featherweight and middleweight boxing champions, to agree to meet challengers for their respective titles.

## CROWD FIGURED SAM SHOULD HAVE WON

Galveston, Tex., June 20.—Sam Langford, of Boston, and "Bearcat" Wright, of Galveston, went twelve rounds to a draw here last night as a climax to the Emancipation Day celebration here, according to a referee's decision. The decision, however, met with disfavor from many in the audience, who contended that it should have been given to Langford.

## SPENCER'S CRICKET TEAM BEAT THE BAYS

Last night at the Jubilee Hospital grounds Spencer's cricket team defeated the Hudson's Bay eleven by a close score in the first innings. The game was interesting and provided lots of excitement. It was the first game of the season between these two teams and it is to be hoped that it will not be the last. Good sporting feeling has been built up between these two big departmental stores.

The two teams lined up as follows: Spencer's—F. Smith (Capt.), G. Sisson, J. Thorne, G. Liffon, S. H. G. Payne, F. Smith, C. Jelliman, M. Maynard, D. Donaldson and C. Locke.

Hudson's Bay—J. Sweeton (Capt.), J. Davidson, Capt. Smith, G. Wharf, J. Innis, C. Ellis, A. Rose, D. Rough, A. Weeks and G. Haines.

## BRITISH ISLES TEAM DEFEATS ITALIANS

Roehampton, Eng., June 20.—The British Isles team won the doubles match to-day in the Davis Cup tennis tournament. Italian team, Captain Robinson, defeated Cesare Colombo and Count Di Robecco, 6-1, 6-4, 6-0.

The British Isles team won the doubles match to-day in the Davis Cup tennis tournament. Italian team, Captain Robinson, defeated Cesare Colombo and Count Di Robecco, 6-1, 6-4, 6-0.

Roehampton, Eng., June 20.—The British Isles team scored in a convincing manner in two matches in singles in the Davis Cup matches against Italy, played here yesterday. F. Gordon Love defeated Count Di Robecco, 4-1, 6-3, 6-1, and Major Carter, two amateurs, had 77 and 81 in seventh position. Willie Hunter made a 79 and George Duncan 81. Jack White scored 57 and Walter Hagen 75. W. R. Borne, of Stockport, made a 73 and T. Walton, of Lytham Stannes, 74.

All but Nine Start. Two hundred and twenty-five players entered the tournament and all except nine started. The eighty men having the lowest aggregate scores in the qualifying rounds of yesterday will be eligible to compete for the open championship.

C. Mayo, on the Royal St. George's course, turned in a card of 78, while Abe Mitchell, on the Prince's links, made a 74. A. Walton went round in 76 and Tom Walton in 74. Edward Ray had an unlucky day, his score was 81. J. A. Taylor could do no better than 80.

Hutchinson's score yesterday ranks 65 in the professional order for the course. His card was as follows: Out: 5 3 3 4 3 4 4—33. In: 4 5 5 4 4 3 4 5—43.

Boomer played brilliantly for his 72. His only bad hole was the 14th, where he required a six. His card follows: Out: 4 3 4 4 3 4 3—32. In: 4 3 5 4 6 4 3 5—39.

Barnes Off His Game. Jim Barnes, playing on the Prince's course, turned in a score of 82, 38 out and 44 home.

Other scores made were: Captain Carter, 77; Armand Massey, of France, 78; W. Hunter, 80; George Duncan, former British open champion; Roger Wethered, Oxford, 73; A. Miles, 73; William Wait, 73; Alexander Herd, 74; James Baird, 79.

## LADYSMITH PROTESTS VANCOUVER VICTORY

B.C. Football Association to Call Special Meeting to Consider Matter

Vancouver, B. C., June 20.—The Ladysmith soccer team has deposited with the secretary of the B. C. Football Association a protest against the result of Saturday's semi-final game in the Connaught Cup series at Vancouver being allowed to stand. The result of that game was declared to be Vancouver International Longshoremen's Association team 2 goals; Ladysmith 1 goal.

The question seems to be whether the elimination series should be played under rules governing the Connaught Cup as laid down by the National body, or under provincial rules. F. Duncan Campbell, president of the Vancouver International Longshoremen's Association, has called a special meeting of the council for Wednesday night to decide on the protest.

## SMITH WON ON POINTS

Milwaukee, Wis., June 19.—Jeff Smith, lightweight of Bayonne, N.J., last night outpointed Bob Mohs, Milwaukee, in every round of a ten-period boxing bout, sporting writers unanimously agreed.

## LADIES OF COWICHAN GOLF CLUB ORGANIZE

Duncan, June 20.—At a meeting of the lady members of the Cowichan Golf Club held at the Troubadour Hotel on Saturday afternoon the following committee was selected: Chairman, Mrs. J. S. Robinson; secretary, Mrs. F. Price; Mesdames Share, Galt, E. Price, Harvey and Miss L. Water.

## GIRL JOCKEY APPLIES FOR LICENSE TO RIDE

Tracy, N.Y., June 20.—Miss Lorena Newick, 22, winner of a number of rides in the west, yesterday applied to the Jockey Club for a jockey's licence. The Jockey Club secretary refused at first to consider the application, then when told of the young woman's horsemanship, consented. The application will be considered at the next meeting of the stewards.

## DUNCAN BASEBALL

Duncan, June 20.—In the league series on Saturday night the Giants beat the Cubs 9-8. It was a good game with very few errors and a marked improvement in the play was noticed.

The teams were: Giants—Brown, Herderson, Sherman, Doney, Price, B. McNichol, D. Tait, McKay and Maya. Cubs—Dirom, Bishop, Fennell, Beckwith, Barrett, Woodard, Beckwith, F. Evans and Chaster.

### NEWS IN BRIEF

I. O. G. T.—Triumph Lodge, No. 16, will meet to-night in their new lodge room, in the King Edward Hotel, Room 6.

**Fined for Drunkenness.**—Herbert Houslow, charged with being drunk in public, was fined \$50 in the police court to-day, with the option of thirty days in jail.

**For Orphanage.**—As a result of the appeal at the lacrosse game Saturday by Commissioner J. North for the Protestant orphanage, the sum of \$35.20 was collected for the fund.

**Equimait School Presentation.**—The Equimait Chapter, I. O. G. T. E. will formally present a copy of Matania's picture "The Burial of the Unknown Warrior" to the Lamson Street School to-morrow at 2:30. Special patriotic exercises will be given by the children.

**Stall Rentals at Market.**—The stallholders of the Public Market will hold a meeting there on Wednesday at 1:30 p. m., to protest against the recent increase in stall rents, and the special patriotic exercises will be given by the children.

**Central W. C. T. U.**—The Central W. C. T. U. will hold its monthly parlor meeting at the home of Mrs. Lumsden, 430 Cook Street, on Thursday afternoon at 3 o'clock. As this will be the last meeting until September a good attendance is hoped for.

**City Council Meeting.**—The question as to whether or not there will be a meeting of the City Council on Friday will depend entirely upon the accumulation of business. Acting Mayor Harvey announced this morning. Things are rather quiet at the City Hall, and there does not seem much probability that a meeting will be held this week.

**Garden Party To-morrow.**—Members of the Victoria Club will hold a garden party to-morrow afternoon at 2:30 at the home of Mrs. Seymour de Trafford Cunningham, 3060 Harriet Road. There will be many attractions for old and young, and tea will be served in the afternoon and supper in the evening. Would-be patrons should take the Gorge bus or the No. 10 street car.

**Fairfield Scouts.**—One of the largest attended parents' meeting of the Fairfield Boy Scouts held at the headquarters Monday evening, G. H. Bissell presiding. Final arrangements were made for the garden fete to be held on Friday next at the precincts. The scoutmaster reported that there would be a church parade next Sunday at the evening service of the cathedral, the boys to meet at the headquarters at 6:45.

**To Discuss Legislation.**—The Women's Conservative Social and Service Club will hold the last meeting of the season on Friday, at 8 o'clock, in the Campbell Building. Legislation from the women's viewpoint will be fully discussed, in view of the forthcoming convention. All members are earnestly requested to be present, and any woman who is interested in the laws under which she has to live will be cordially welcomed.

**May Speak Here.**—Following the negotiations which have been on foot to have President Warren G. Harding of the United States speak in Victoria if he should make the trip to Alaska this summer, Major W. B. Shaw, president of the British-American League, is in receipt of a letter from the President's secretary in which he says that the President was delighted with the invitation to be the guest of the League, and should he make the voyage he would accept.

**Cattle Are Nervous.**—That the presence of impounded dogs in the cow sheds for lost heifers were getting on the nerves of the cattle, and that the council was obliged by law to provide an adequate housing for each type of domestic animal was the decision of the Esquimalt Council in session last night. The engineer was authorized to proceed with a three tiered dog kennel at a cost in the neighborhood of \$30, this to be built in rear of the existing sheds.

**Young People's Department.**—The regular weekly meeting of the Young People's Department of the Metropolitan Church was held last night in the lecture room, when a large attendance marked the second evening of the Bible contest which is being held there. Some very interesting subjects were taken up, and many informative and instructive papers were read by members of the department. Mr. Stewart presided, and conducted the paper reading during the evening, while Dr. Sippert carried out the Bible contest.

**Footprints in the House.**—That tarvis roads, though an excellent preventive measure for the district, was a hardship on the housewife, was brought to the attention of the Esquimalt Council in session last night by Councillor Porter. Applying to have sand placed on top of the tar, Councillor Porter told his from the show had been arranged, and generous offers have been received for the selling of goat's milk, butter, cheese and ice cream made from the milk of goats. All members of the association who have not yet handed in their entries are requested to do so at an early date.

**SPEEDING FINES RISE.**

Fines for speeding took another jump to-day, when Magistrate Jay sitting in the Provincial Police Court assessed six offenders the sum of \$190. Messrs. Charles E. Hastings, Captain William Cox, Gilbert D. Christie, A. E. Williams and E. Bevan were each fined \$40, while H. H. Tapley was fined \$40. In the last named case the accused, said police, had travelled at a speed varying between 40 to 50 miles an hour.

**ENTRIES FOR GOAT SHOW NUMEROUS**

Entries are coming in well for the Victoria goat show which is to be held on Saturday, reports the secretary of the committee. Further arrangements were made last evening. An excellent assortment of prizes has been secured for the show, including the perpetual challenge cup, which will be on display all this week at the Hibben-Bone store on Government Street. The perpetual challenge cup for an entry of a mature doe, a yearling and a kid of the same breed, transportation of the animals to and from the show has been arranged, and generous offers have been received for the selling of goat's milk, butter, cheese and ice cream made from the milk of goats. All members of the association who have not yet handed in their entries are requested to do so at an early date.

### TABLE MERGER PLAN

A request from the Greater Victoria Committee of the City Council, that Esquimalt appoint delegates to that committee to enter into the preparation of data for the Greater Victoria Scheme, left the Esquimalt Council unmoved last night. The request was tabled after Councillor Pomeroy had expressed the opinion that there was no demand for the merger among the residents of Esquimalt. The Council agreed to hear the representatives of the committee when the latter wished to attend.

### "ANGEL FACE" IS BY LOCAL AUTHOR

Reginald N. Hincks Writes Delightful Book on Public School Life

"Angel Face" as the title of a book may suggest little or nothing as to its contents, but when the title appears over a book from the pen of Reginald N. Hincks, the well-known Victorian, it may be correctly assumed that it is a book well worth reading.

Mr. Hincks' versatility finds its latest expression in a delightfully vivid portrayal of the adventures of a Western Canadian, dubbed "Angel Face" by his schoolmates, in an English public school, and, later, among the English aristocracy. The author's intimate knowledge of Western character and English public school customs, coupled with his humor and excellent literary style, furnish the elements for success in a book ideal for holiday reading. It has the additional merit of appealing with equal charm to the schoolboy or the adult.

"Angel Face" is published by Scribner & Co., New York and Boston, and already has a steady sale in the East and West.

Guid of Health.—The Librarian of the Guild of Health, W. Langley, will be in the Cathedral Schoolroom at 10:30 a. m. Wednesday, for the purpose of exchanging books.

### GOOD ROADS PARTY TOURING OKANAGAN

Says B. C. Should Have Larger Share of Federal Aid

(By Times Staff Representative)  
Kelowna, B.C., June 20.—After motoring from Kamloops Sunday and touring the rich irrigation fruit lands around that city, the Good Roads Association party which is motoring through the Interior arrived here Sunday night and Monday morning started south to inspect more of the famous Okanagan fruit country.

At a gathering arranged for the visitors at the Vernon Country Club by the Vernon business men, S. I. Squire, chairman of the Good Roads Association executive, announced that the organization would urge the Federal Government this year to allocate to British Columbia a greater share of highway money than would seem to be warranted by the Province's relatively small population. He said that British Columbia's position was that she deserved more highway aid.

### HOW CONVENTION WAS WON FOR CITY

Local Man Is Now District Treasurer

Copies of The Times Distributed to Delegates

The Victoria delegates to the N. W. Moose Association Convention, just concluded at Walla Walla, Wash., returned to the city yesterday. As a result of their hard work, Victoria is assured of the convention for June, 1923, which in point of numbers will eclipse all similar affairs here.

The party consisted of C. E. Copeland, D. S. Trail, W. A. Hurd, F. Pearce, J. P. Parnall, G. E. Venner, J. P. Bruce, W. D. Taylor, J. Bray, two others, A. Knowles and W. B. Wilson are due on Wednesday by auto. Delegates present were 155, who in turn represented 25 lodges, with a combined membership of about 24,000 from British Columbia, Washington, Idaho, Oregon and other States. In addition the wives and other members of the families of delegates swelled the population of Walla Walla nearly 3,000, many hundred copies of The Victoria Times, as well as pamphlets and tags, were taken along by the delegates, and distributed not only in Walla Walla but in Pasco, Ellensburg and Yakima, also at other stops on the return trip. All Shriners who arrived in the city yesterday bore the label, "Follow the Birds to Victoria." As a result, Victoria should benefit considerably, and the thanks of the citizens of the city are due the Royal Order of Moose for their work.

The convention was opened on Thursday morning, and keys of the city of Walla Walla were presented to representatives of all lodges in attendance. E. E. Fisher of Port Angeles, President of the Association, was appointed Chief of Police for the duration of the affair. Entertainments of all kinds were staged by Walla Walla lodge and by the city officials, ranging from aeroplane trips to a Wild West stampee, nothing being left undone for the pleasure of the visitors. Numerous parades were held during the convention culminating in one monster parade almost two miles long on Saturday.

Convention songs boosting Victoria were sung at meetings and in the streets of Walla Walla. An outstanding feature of the grand parade was the banner of Victoria Lodge, which escorted by the Canadian and American flags, headed the procession. This banner was manufactured locally by Walker Bros. The decoration auto representing Victoria, and owned by Bro. A. Knowles came in for praise. Valuable assistance in the securing of the convention for next year was rendered by the lodges from Nanaimo, Cumberland, Ladysmith and Vancouver, the last named lodge being successful in winning the first prize against all comers in the drill team competition.

The election of officers for the coming year resulted as follows: President, B. Weeks, Tacoma, Wash.; First Vice-President, A. Kasburg, Lewiston, Idaho; Second Vice-President, J. Morrow, Spokane, Wash.; Third Vice-President, C. Stephens, Seattle, Wash.; Treasurer, J. F. Pearce, Victoria; Trustees, J. Brouette, Yakima; J. W. Whitfield, Bellingham; L. Campbell, Port Angeles; and Secretary, G. W. Rowlands, Vancouver.

### MEET WITH SUCCESS

The Misses Pearl and Irene Grosby-Bick have been playing with much success in Vancouver. Pianist and violinist, respectively, they are meeting with keen appreciation by members of the Citizens' Club of the mainland city. Mrs. Grosby-Bick, too, has, during the past season, been quite busy in music circles there.

### NEW HONOR FOR MR. CHARLESWORTH

Harry Charlesworth, secretary of the B.C. Teachers' Federation and president of the Canadian Teachers' Federation, has just received fresh recognition of his musical talent by being appointed honorary local representative of the Royal Academy of Music and the Royal College of Music, of London, England.

Mr. Charlesworth will be one of the eight or nine men in Canada holding such positions, chiefly in Western cities.

CHANGE COURT CLERK.

That it was necessary for Esquimalt to choose a police court clerk, to carry on the work of that court, was explained by Reeve Lockley to the council in session last night. The Reeve regretted that Mayor Marchant had made this necessary, as the former system, that of using the services of Alfred Hallam had proved highly satisfactory to all concerned.

The council agreed to employ another court stenographer, W. Langley, who would also serve for the districts of Oak Bay and Saanich. It was explained, that a joint delegation composed of Reeves Watson,

# at the Capitol Theatre

What is regarded as one of the most popular novels written by Booth Tarkington is "The Man From Home" and now, having reached the screen as a George Fitzmaurice Paramount production, it will be lived on the silver sheet of the Capitol Theatre all week.

Booth Tarkington is an American novelist who has created many famous fictional characters. One recalls with delight his famous Fenrod, who will take his place in history along with Mark Twain's Huck and Tom. One also has found memories of his "The Gentleman From Indiana" and other equally memorable works, not the least among which is "The Man From Home."

James Kirkwood, popular leading man has the leading role, and others prominent in the cast are Anna Q. Nilsson, Norman Kerry, Dorothy Cumming and John Milford. The adaptation was made by Ouida Bergere.

## COLUMBIA

"You ain't half so bad as you think you are!" said the sheriff to the two men who had hit "Three Pines" singing songs about his own meanness. Nevertheless, the sheriff had to start after the "Bearcat," in a few days in connection with a little neighborly murder that had been committed. That is the amusing situation around which "The Bearcat," a Universal photoplay starring Hoot Gibson at the Columbia Theatre to-day, was written. It is from F. R. Buckley's story in the Western Magazine.

## ROYAL VICTORIA

Those who like to take a peep at the doings of the "Four Hundred" at play in one of the fashionable society Summer resorts of America will find unique enjoyment in seeing "The Beautiful Liar." Katherine MacDonald's latest starring vehicle, directed by Wallace Worley from the adaptation by Ruth Wightman of George Marion's "Peacock."

"The Beautiful Liar," an Associated First National attraction, is being shown this week at the Royal Victoria Theatre.

No expense or pains were spared in the staging of the big scenes around the fashionable resort, and the notable cast gives a most faithful portrayal of the activities of the smart set in putting on an amateur benefit performance. The star is seen in the part of a demure secretary to a Wall Street broker, who is masquerading as a well known musical comedy queen, and while posing as this footlight favorite is made love to by a young millionaire.

How these complications are finally brought to a satisfactory con-

## DOMINION

Alfred Green, who won directorial fame by his direction of "Mary Pickford in 'Little Lord Fauntleroy'" was specially engaged to direct Thomas Meighan in his latest Paramount picture, "The Bachelor Daddy" now showing to delighted audiences at the Dominion Theatre.

Mr. Green has succeeded in making "The Bachelor Daddy" exceedingly worth while from the standpoints of entertainment and artistry. Mr. Meighan is admirably cast, the story has tremendous appeal, and the brilliant playing headed by Leatrice Joy, leading woman, are excellent. Those who love bright vivacious children will find them in this delightful screen production.

## FOR CHILDREN

**THE SANDMAN STORY FOR TONIGHT**

**SEVEN GOLD BUTTONS**  
Part II:  
The sound of the whistle had hardly died away when from under bushes and rocks came hundreds of little men like the one beside Zatlilo, and for a minute the air seemed to be full of the small creatures.

Then he knew how the big gold button was to be carried for the little men were climbing up his legs like so many flies trying to reach the gold button which he held in his hand.

"Are these all of your brothers?" asked Zatlilo.

"Oh, no," replied the dwarf whom Zatlilo had first seen. "There are many, many more of us under the castle of the Ogre. But what can we do to repay you for finding the button and saving our noses from being pulled?"

"Take me back with you to the home of the Ogre," he said.

"You will be sorry," said the little man, "but if that is your wish we

must grant it for we are greatly indebted to you for finding the gold button. The Ogre will be sure to find out that you are there, and something dreadful will happen, you may be certain."

"There is time to change your wish if you care to, but if you do not we will carry you to the Ogre's castle with us."

"Carry me," said Zatlilo, with a laugh. "Why, I can carry all of you little fellows and never know it. I have not changed my mind. I will return with you."

The little dwarfs said not a word but over him they ran, clinging with their tiny hands, and suddenly Zatlilo felt himself rise from the ground and then he was floating up and over the tree tops until he could look down upon the forest.

Then over the ocean the strange little creatures took him and in the distance on top of a mountain Zatlilo saw a tall castle which he was sure must be the home of the Ogre. He was right for in a minute more he was set down on the ground beside the door of the castle.

If Zatlilo had felt he was a giant beside the little men, he not felt like a dwarf as he looked at the doorway of this big castle. It was as wide as a house and as tall. If the Ogre needed such a big doorway, Zatlilo wondered, if he would not have been wise to have listened to the dwarf and changed his wish. But it was too late now.

Hundreds of little men like the ones that had brought Zatlilo to the castle now came running from all around. "He is asleep," they said. "Have you brought the gold button?" "If it is not here by the time we awakes he will put us all in the kettle and cook us for his supper."

"Give us the button," said all the dwarfs that had brought Zatlilo.

"I will give the button to the Ogre," said Zatlilo, holding the button high above his head. "And now take me inside the castle. I may have a chance to look around before the Ogre wakes up."

"Oh, Oh!" cried all the dwarfs, "he will cook us for his supper. If we do not give him the gold button."

"I will promise you he shall not do that," said Zatlilo, though how he was to do this he had no idea. "Now run ahead and show me the way into the castle."

**THE FORGETTING**  
"I believe in forgetting injuries." "That's all right to forget an injury, but don't forget that you have forgotten it!"—Wayside Tales.

## ROYAL TO-DAY

## Katherine MacDonald in The Beautiful Liar

Katherine MacDonald fans can't help but love this picture. "The Beautiful Liar" will give them the opportunity to see her play two entirely different roles in the same picture—a dainty dancing Pollesse star and a poor, little, prim stenographer. There is no villain to muss things up. This is a delightful comedy-drama chock full of good romance and high-class comedy. This is the honest truth about "The Beautiful Liar."

York Tribune a double page spread showing in marvelous artistry the most alluring scenes of Washington, Oregon and British Columbia with an invitation from the Pacific Northwest Tourist Association to spend their vacation in this perfect Summer climate.

Illustrated with fourteen different views carefully selected to show the variety of attractions offered by "America's Summer Playground"—mountains, rivers, bathing beaches, golf, motoring, fishing—inland and coast scenes, all were brought out strikingly and the lure of the pictures emphasized by a brief description of this "land of enchantment, business opportunity, family happiness and contentment—the most glorious of the glorious West." The gold scene is selected at the Colwood Links.

As a piece of striking publicity it is probably the most impressive advertisement ever produced while its timeliness, appearing just at the very hour when the East was being ravaged by storms and oppressed by heat made it particularly effective. This is one of the ways in which the Pacific Tourist Association is making known the beauties of this region and enticing people to visit it for their vacations.

Other dominant advertising has been appearing this Spring in fifty newspapers in important cities of the United States.

In addition to the double page advertisement, the same section of The New York Tribune also carried near by a quarter of a page of illustrations of Pacific Northwest scenes as a news feature.

A TRUE ARTIST

"Yes, his painting attracts a great many people." "Greatest artist, eh?" "No, just a house painter. He puts out a sign, 'Fresh Paint,' and everybody touches it to see if it's dry."

MAYOR SPEAKS ON SPIRITUAL FREEDOM OF THE PEOPLE

Addresses Baptist Union on Position of Denomination's Faith

"All standards of faith are of necessity the production of human judgment, and Baptists, true to conviction, refuse to subscribe to them. Yet this, however, does not imply that Baptists are not in accord with the principles of the evangelistic churches of Christendom," remarked Mayor William Marchant, president of the Western Baptist Union, in his address to the Baptist Convention at Calgary last week.

"Fellowship in the cardinal truths of the Gospel," he continued, "is the great basis of communion with believers in all ages, in all climes, with all races. Hence the great protest of the Baptist people is for spiritual freedom. In this they but echo the protest of Peter who, when disbelievers in the value of Jewish rites before the council of Jerusalem said: 'Now, therefore, why tempt ye God, to put a yoke upon the neck of us which neither our fathers nor we are able to bear?'"

The speaker went on to explain that the church of God was a spiritual body; born from above. Its supreme ruler was God; the decrees of the Almighty were alone binding upon the conscience of the believer. "Whatever He saith unto you, do it," came down through the centuries as not only the injunction of sainted motherhood, but the reasoned judgment of implicit faith. Regenerated membership became therefore, the only natural membership in a Baptist church.

"Each church must be a spiritually free organization," said the speaker, "democratic and independent. Soul-freedom involves church freedom. Each church therefore selects and appoints its pastors and officers and generally directs and controls its own affairs."

Demand Equality. Mr. Marchant went on to say that Baptists did not now seek tolerance, but did not ask for liberty of conscience. They boldly demanded religious equality in human law and ordinance, and as boldly asserted soul-liberty before their fellow-Christians.

"How then can Baptist people be distinguished from other people?" he asked. "Upon what principle of fellowship or fraternity can they be organized into a denomination?"

"To the first query may be given the reply that the nearer any and all churches adhere to the New Testament teaching and practice, the less necessary will it become to distinguish Baptists from other Christians. If, for instance, other bodies of Christians ignore the principles of regenerated church membership, personal responsibility of the Holy Scriptures as to faith and practice, then those churches that adopt and practise those principles will necessarily be easily distinguished."

Unity Show. "To the second query," said the speaker, "it is easy to note that persons and churches holding similar views of truth naturally gravitate towards each other. Hence when the demand for unity in the evangelization of heathen nations grew insistent, the Baptists of Great Britain drew together as never before in their history. So in the demand for the education and training of the ministry of the Word; in the various struggles fought for religious equality and freedom in the state, and in the great evangelical movements in all lands for the spread of the Gospel, 'The Baptist brotherhood have

HEALTH MESSAGE TO THE WORLD

Take "Fruit-a-lives" and Make Yourself Well

"Fruit-a-lives," the marvellous medicine made from fruit juices and tonics, is the most beneficial medicinal agent that has ever been given to mankind.

Just as oranges, apples, figs and prunes are nature's own medicine, so "Fruit-a-lives" made from these fruit juices—but concentrated and intensified—is the greatest Stomach and Liver Medicine, the greatest Kidney and Bladder Medicine—the greatest Blood Purifier—the greatest remedy for Headaches, Constipation, Indigestion, Nervousness and Bad Complexion—in the world.

To be well, taken "Fruit-a-lives," 50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives, Limited, Ottawa.

showed splendid unanimity. Independence is a great principle; interdependence is even greater. Soul-liberty does not involve soul-licence. Democracy does not prevent fellowship. Obedience to the ordinances instituted by the church need not lead to spiritual arrogance or pride."

ESQUIMALT TO MAKE CHURCH TAX REFUND

No Provision for Interest, and Council Not Liable for Taxes of 1916

On the advice of one of their municipal solicitors, the Esquimalt Council last evening decided to refund the taxes paid on St. Joseph's Church, Esquimalt, in the year 1916. This sum, about \$28, will be refunded without interest, as the council, while legally the council, need only refund taxes paid on that ground actually bounded by the eaves of the chapel, the Council decided that the few feet remaining should not amount to sufficient proportions to become taxable. This is in keeping with the Privy Council proceedings in the St. Andrew's Cathedral case.

A tax refund was asked in respect to the 1916 taxes will be withheld, also on the advice of solicitor, in this case the property not being endangered by tax sale. It was explained that in the year 1916 Father Silver paid the chapel taxes under protest, but the protest does not hold at law until the payment of the taxes is the only way to save the land from sale by default.

In the latter event, which was the case in 1919, the protest becomes valid at law, it was said. That no provision of interest was further held by the solicitor, the council acting on this advice.

"GIRLS LIKE PEOPLE, BOYS LIKE ACTION"

Such is Opinion of Expert of Suitable Children's Reading

Good books, mediocre books and positively bad books dealt with from the standpoint of how to help young readers, of how to draw a line of distinction between them and how to help children choose the best literature which is as necessary for children as good healthy food—this was a subject that was cleverly handled by Miss M. Fahrni, of the Provincial Library Commission's office here, at a meeting held in the ladies' reading room of the Carnegie Library, New Westminster, under the auspices of the Literature Committee of the Local Council of Women and the Library Committee.

There were 250 books, which have been donated, on exhibition in the ladies' reading room. In speaking of the positively bad books, Miss Fahrni said it was very fortunate that there were not many of these, and because of the fewness in numbers the matter of handling them was made very easy. "No child can withstand ridicule. If you ridicule a book the child immediately puts it on the shelf. Tell the truth about a book, why it is not good; the child is then satisfied and has no more interest in it," she said.

Mediocre Books. "The mediocre books are the most harmful, and in enumerating her reasons for this statement, Miss Fahrni referred to the slovenly, incorrect English and inaccurate statements. The worst feature of them all is the untruthfulness, false views of life, shown in the hairbreadth escapes, the tyrannical school masters, the unnatural parents.

"Good books can be found in any quantity and qualities to suit all kinds of children. Our duty," the speaker said, "is to give them what will appeal to them. Girls on the whole are interested in people and the boys care more about action. But the whole aim is to give children a healthy interest in things outside themselves."

Summing up her talk on good books, the speaker said they should be not merely amusing and harmless but instructive and inspiring. They should give clear-cut ideas of right and wrong, stimulate and not over-stimulate, and should be strong and healthy, fair and true to life. The problem, she said, in conclusion, is more books, but better ones for the boys and girls.

URGE PRE-COOLING OF SHIPPED FRUIT

Calgary, June 20.—Complaints are being received by J. A. Grant, Fruit Commissioner for Alberta, concerning a bad condition of berries being received here from the West. Pre-cooling and refrigeration are urged by Mr. Grant to ensure safety in shipment.

COURTS MAY BE ASKED TO END PROSECUTOR IMPASSE

Esquimalt, With Two Solicitors, As Yet Can Pay Neither

Having reached the position where the appointee of the Police Board or public prosecutor will not be paid by the Council, and where the Police Board will not sanction payment to the appointee of the Council, the representatives of both Esquimalt bodies last night agreed that nothing short of a civil action would lift the fog of uncertainty and the mist of cross-purposes, that had invested the councils of both Board and Council since the first of this year.

The matter was broached at the regular meeting of the Esquimalt Council last night in a letter from Reeve Lockey, as chairman of the Police Board, to the Council, before the Board on the question of power to appoint the official in dispute, and urged that as the Council had sanctioned the passing of a resolution for payment of such an official in the police estimates, it could not now withhold payment out of this fund. The Police Board was not willing to sanction expenses incurred by the Council for the same end, and without this sanction the short of a civil action could not find funds to make payments to their choice. After a brief discussion wherein arguments advanced many times were again raised, Councilor Pomeroy moved that the accounts of E. V. Finland, the choice of the Board, be not paid. Councilor Briddle seconded this, and the motion carried.

"Well, we will let the judge decide," observed Councilor Pomeroy in reply to further discussion, to which Councilor Briddle added, "We might as well make an issue of it."

Reeve Lockey, on behalf of the Commission, said that he would lay the matter in this light before the Board at the next regular meeting. To the Times later Reeve Lockey admitted that short of a civil action to enforce payment, either through the Police Board or E. V. Finland in person, there did not seem to be any way of breaking the impasse. As the next regular meeting of the Police Board will not be held for two weeks' time, the situation remains at this stage, it is said. Action at law on behalf of one or both of the parties involved, or abandonment of positions held tenaciously since the first of the year, are the only alternatives to raise the blockade, it is held.

WILL CONSIDER GOLF PROJECT SPECIALLY

Future of Links Used by the United Service Golf Club

Following a report made by the committee, headed by Reeve Lockey, to the present meeting of the council last night, the whole question of municipal golf received further discussion. It was decided eventually to have a committee to study the problem of municipal golf, and a special meeting of the council, to be held on Monday next, when some decision will be reached.

At the moment the council is in receipt of a proposal from the Hudson's Bay Company which would give the district the use of 50 acres of land on which this year's taxes have been paid, already prepared as a golf course, free of charge until the end of this year without any obligation on the part of the council at the expiration of that time.

A further offer to lease the property in question free, in lieu of taxes, is advanced, both offers being subject to the approval of the directors of the United Service Golf Club. As the land is assessed at \$2,500 an acre, the tax loss would be in the neighborhood of \$2,500 a year, it was stated.

In addition to the excellent provision already on the grounds, the links could be put in first class order with the rental or purchase of the equipment of the United Service Golf Club, the body will vacate the present premises at the end of this month, the addition of water at a cost in the neighborhood of some \$300, and the employment of a caretaker, or manager, at a salary of \$45 a month, it was stated.

Reeve Lockey and several of the councillors held that the municipal golf course would be the best of advertisements for the district, and could be readily made self-supporting by the charging of green fees and memberships for the year. Councilor Pomeroy headed a further body of councillors who held that the assets operated by United Service Golf Club, over and above its expenses for the present year, make the venture a very risky one for the municipality, as the loss of taxes at \$3,600 a year would have to be added to the debt side of the ledger.

On the consent of both parties the golf question was tabled, and will be made the subject of a special meeting. Meanwhile the council will ask E. H. Wilson, manager of the Land Department of the Hudson's Bay Company, to put the offers in writing; the United Service Golf Club as to what rental of equipment would be asked, and the municipal solicitor

Visitors Always Welcome Buy Your Washing By the Pound!

ST. PAUL MINE NEWS AND NOTES OF THE MINES

St. Paul Mine. Mr. Evans of the St. Paul Mine who has been visiting Lumby and Vernon reports fair progress being made at that mine which has been in operation since last October; mining was carried on until Christmas, when weather conditions made it impossible to do other work than improvements on mill and camp buildings.

NURSES ADVISE

Zam-Buk, because they have proved that it does what is claimed for it. Miss E. L. Doxey, graduate nurse, of 3220 Michigan Ave., Chicago, says: "I have a patient who suffers terribly with piles. Zam-Buk is the only remedy that gave her relief."

Zam-Buk

"I have used Zam-Buk myself for the same ailment, also for sores and burns, and have the greatest confidence in it."

as to what means the council had of carrying the project to a successful issue, if it should so wish. The golf committee, composed of the Reeve, with Councilors Wilson, Pomeroy and Mesher, were thanked for their services and report on the project.

ESQUIMALT PLEASED WITH GARBAGE SCHEME

NEWLY INAUGURATED

Ten Days Operation Indicates Measure is Making for Success

One of the most successful movements undertaken by the Esquimalt Council this year is working out to an even greater benefit than anticipated, stated Councilor Wilson, chairman of the Garbage Committee, to the Times last night. The garbage collection project of council began effective on June 5, and in the past ten days 170 cans have been taken by residents, a weekly service being provided for all holders of cans. As the cans sell at their cost price, namely \$4 each, \$680 has been returned to the Council, and ten cans a day are passing from the corporation to residents in the district.

The committee anticipate that this \$40 a day will be returned to the Council steadily until all 900 cans have been sold. The residents themselves, it is said, are highly pleased with the service, and the whole project is working out in a manner that has exceeded the most sanguine hopes of its originators.

The sale of the first 900 cans will pay for the initial operation of the scheme, and the heavy expense where it occurs has been worked out on an easy payment system that will bring the whole into effect without undue hardship on the ratepayers, in proportion to the benefits received, it is said.

GETTING RID OF INSECT PESTS

With Spring comes the time when every tree, every bush, every plant is a prey to insect pests of a hundred kinds. These must be fought if perfect fruit or blooms are desired. This can be done effectively if the trees or bushes are sprayed just as the larvae develop.

For general all round Kero-Spray is a safe and effective spray. It is prepared according to a formula which is approved by leading orchardists and gardeners and all who have used it praise it highly. A great point in its favor is that it is inexpensive and that it comes in concentrated form, the spray being easily prepared with water. For the orchard a sprayer is needed, but for the garden a whisk is just as good. The spray should be applied in the evening and the underside of both leaves and bloom should receive special attention.

Kero-Spray is a mixture in proper proportions of Black Leaf Forty Arsenate of Lead, Kerosene, Whale Oil Soap and emulsifying ingredients. It is destructive to all forms of plant pests and also promotes plant growth. It is a preventive of rust, blight, mildew and other diseases.

Readers can obtain Kero-Spray at Vancouver's Drug Co. stores, Vancouver, Victoria and New Westminster. It is sold in 40 cent bearing bottle (making 5 gallons), \$1.25 per gallon (making 25 gallons) and \$2 per gallon. (Adv't.)

Smelter, ore from the St. Paul Mine, both from tunnel and upper shafts, which had been temporarily stored in the Chamber of Commerce in Spokane was moved to the smelter on the outskirts of the city, and used for experimental purposes with satisfactory results, so that there is just a possibility that, in time, an electric smelter will find a home in the heart of the Monashee Mining district, and so obviate the necessity of shipping to Trail for smelting purposes. This would revolutionize mining in the district, and they have the water power.

The St. Paul Mine will be putting a quantity of ore through their two stamp mill this month.

In addition to the interest taken in ore from this mine by mining men in the States, a request has just been received from the International Mining Convention for samples to be

GOVERNOR-GENERAL VISITED KENORA

Kenora, Ont., June 20.—Baron Byng of Vimy, Governor-General of Canada, and Lady Byng were given an enthusiastic reception on the occasion of their first visit to Kenora yesterday. Thousands of citizens turned out to give them a welcome. The Governor-General reviewed the veterans of the Great War who acted as an escort, speaking to each man as he passed along. On arrival at a special platform a civic address of welcome was read by Captain Hooper, Town Clerk. A trip of an hour and a quarter was made through the islands of the Lake of the Woods under ideal weather conditions.

Internal and External Pains are promptly relieved by DR THOMAS' ELECTRIC OIL. THAT IT HAS BEEN SOLD FOR NEARLY FIFTY YEARS AND IS TO-DAY A GREATER BELIEF THAN EVER BEFORE IS A TESTIMONIAL THAT SPEAKS FOR ITS NUMEROUS CURATIVE QUALITIES.

Large advertisement for REX Cigarettes, featuring the brand name in large letters and a pack of cigarettes. Text includes 'King of Cigarettes' and '10 for 15¢'.
