Memorandum

To: Service Center Director (3-150)
From: Deputy State Director for Administration
Subject: ALMRS Equipment Analysis

In response to instruction Memorandum DSE-65-07, we have identified the following equipment requirements for ALMRS:

ALMRS EQUIPMENT ANALYSIS

Priority I--No additional equipment is needed. There is currently sufficient equipment to meet this level of operation.

UTAH STATE OFFICE

Priority II--This would require the following additional equipment:

- 7 - CRT Terminals (VIP7300 Protocol)
- 7 - Slave (80) printers

The additional equipment would be distributed within the Utah State Office as follows:

March 1985

- 1 unit - Land Use Center
- 4 units - Public Room
- 2 units - Minerals Administration

Priority III--This would require the following equipment, in addition to that identified in Priority II:

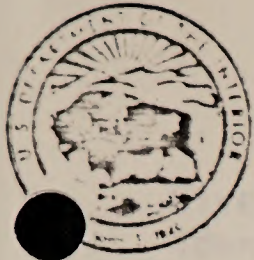

- 24 - CRT Terminals (VIP7300 Protocol)
- 24 - Slave (80) printers

The additional equipment would be distributed within the State as follows:

- 7 units - To replace the S.D. Gorge/Panorama Terminals
- 8 units - One for each District Office
- 12 units - One for each nearby Resource Area Office

Current Equipment--Attached is a list of current Utah BLM equipment. Those marked with an "*" have been purchased by ALMRS funding.

Memorandum

To: Service Center Director (D-150)
From: Deputy State Director for Administration
Subject: ALMRS Equipment Analysis

In response to Instruction Memorandum DSC-85-87, we have identified the following equipment requirements for ALMRS:

Priority I--No additional equipment is needed. There is currently sufficient equipment to meet this level of operation.

Priority II--This would require the following additional equipment:

- 7 - CRT terminals (VIP7800 Protocol)
- 7 - Slave (RO) printers

The additional equipment would be distributed within the Utah State Office as follows:

- 1 unit - Land Law Examiner
- 4 units - Public Room
- 2 units - Minerals Adjudication

Priority III--This would require the following equipment, in addition to that identified in Priority II:

- 24 - CRT Terminals (VIP7800 Protocol)
- 24 - Slave (RO) Printers

The additional equipment would be distributed within the State as follows:

- 7 units - To replace the S.O. Omron/Ramtek Terminals
- 5 units - One for each District Office
- 12 units - One for each remote Resource Area Office

Current Equipment--Attached is a list of current Utah ADP equipment. Those marked with an "*" have been purchased by ALMRS funding.

The enclosed is for your information. We have identified the following
equipment [illegible]
[illegible]
[illegible]

- 1 - [illegible]
- 2 - [illegible]

The additional equipment is distributed with the Utah State Office as follows:

- 1 unit - [illegible]
- 2 units - [illegible]

The additional equipment is distributed with the state as follows:

- 1 - [illegible]
- 2 - [illegible]

The additional equipment is distributed with the state as follows:

- 1 unit - [illegible]
- 2 units - [illegible]

The additional equipment is distributed with the state as follows:

[illegible]

These two assumptions are in DSC-20-17, an International one-pointed
document. However, in the primary US scenario, significant International
action is noted which have to be initiated to support communication to
these two Offices. Therefore, I and II copies are suggested with existing
of related communication equipment.
