HOWARD LATOURETTE

Democrat, Candidate for Nomination for United States Senator

MAY 13 '50 DEPARTMENT

I was born in Oregon City, am a life-long resident of the state and a graduate of the University of Oregon. My home is in Portland where I am a practicing attorney.

As former Speaker of the House of Representatives I feel my experience has fully acquainted me with the needs of the people of Oregon and that I will ably represent them in the U. S. Senate.

For 8 years I was Democratic National Committeeman for Oregon, attending all National Conventions in that period. My party associations and contacts will enable me to better obtain for the people of Oregon their needs with our party in power.

Oregon needs a Democratic Senator.

I will seek reduction of taxes.

I will support the Platform of the Democratic Party and the Principles of President Harry S. Truman.

HOWARD LATOURETTE

DR. LOUIS A. WOOD
Democrat, Candidate for Nomination for United States Senator

The policies of the Truman administration are eminently fitted to bring about a quick, equitable and many-sized development of the life and resources of the State of Oregon and of the whole Pacific Northwest. Dr. Louis A. Wood is qualified both by training and experience to advance the government's policies in the area and to defend them on all occasions.

CAREER: Dr. Wood is professor emeritus of economics at the University of Oregon. For 25 years he was employed by the university as an expert in industrial relations. A holder of four college degrees, he has won an international reputation as an author, with various publications in the fields of economics and history. One of his books was used extensively in setting up the plan of industrial relations for the Tennessee Valley Authority. Another volume was of acknowledged value to the United States Department of Agriculture.

During World War II, Dr. Wood was a public representative on several government minimum wage boards. He was

the Democratic candidate for Congress in 1946 from the Oregon Fourth District. In 1948, he served on the committee functioning to have President Truman's name placed on the Oregon Primary election ballot.

PLATFORM: Among matters for which he will take a stand are:

A COLUMBIA VALLEY ADMINISTRATION. This, as an overall planning and control agency, will attain a balanced jurisdiction over power production, reclamation, flood prevention, navigation and fish and wildlife protection in the Columbia River basin. It will achieve coordination where friction and overlapping of authority now exist; it will establish regional government with advisory support from the free-acting states and communities; it will eliminate economic waste and allow for the maximum development of the vast potentialities of the region.

THE BRANNAN PLAN. This should achieve the goal of maintaining price supports at 100 per cent of parity on all farm products, getting rid thereby of the sliding scale price support program which is cutting deeply into farm income, encouraging the family-unit farmer, and in a free market through production payments on perishables reducing prices to the consumer.

REPEAL OF THE TAFT-HARTLEY LAW, and return to the basic principles of the Wagner Act.

CIVIL RIGHTS LEGISLATION, including anti-poll tax and anti-lynching measures and a fair employment practices law.

Extension and liberalization of the Social Security structure.

HOUSING AID for middle-income families; continued Rent Control; removal of Freight Rate Discrimination affecting the West; full support for the United Nations.

Dr. Wood is married, and has a son and daughter. A Presbyterian.

BRUCE A. BISHOP, Chairman

ROY R. HEWITT

**Democrat, Candidate for Nomination for Representative in Congress,
First District**

The men and women who grow the crops and do the work need Roy R. Hewitt as their Representative in Congress.

(This information furnished by Roy R. Hewitt Committee for Congress)

Roy R. Hewitt will support the National and State Democratic programs, with first attention to:

The securing of permanent peace by strengthening the United Nations until it becomes, or there has been built a World Union with Legislative, Judicial and Executive powers for the enforcement of peace, that will command the allegiance of all persons and receive the loyalty of all peace loving. He will do his utmost to cause the United States to lead in a peace program.

A permanent plan for the support of farm products prices and to secure to farmers equality with others in purchasing power.

Recognition of the program of labor and labor organization, but, first repeal of the Taft-Hartley Act.

Dignified and adequate provision for Senior Citizens, as their earned share for bringing productivity to its present potential.

The earth should not be mined of natural wealth, essential for food, clothing and medicine for generations yet unborn, as long as there remains a pound of falling water that can be harnessed to produce the energy now required.

He will be diligent to secure a Columbia Valley Administration, and to secure Oregon's share of wealth-producing National appropriations, to the end that every harbor, river, and irrigation and drainage district may be opened and every possible dam built.

Keep the pathway to individual initiative and free enterprise from being blocked by unrestrained monopoly.

Begin the reduction of Government spending by repealing the war taxes.

Roy R. Hewitt was lecturer on jurisprudence at Clark College, Assistant and Associate Professor of Political Science Oregon State College for seven years and Dean of Willamette University College of Law five years; he is co-author of the outline of Oregon Government, and author of the State adopted supplement on Oregon Government; and was for many years a column writer on social and political subjects.

He is a humanitarian with understanding sympathy, a world traveler of wide extent, and a lecturer and speaker of extended experience. He holds an honorable discharge from the Army, and during the First World War he was engaged in social and morale work with the Army over-seas.

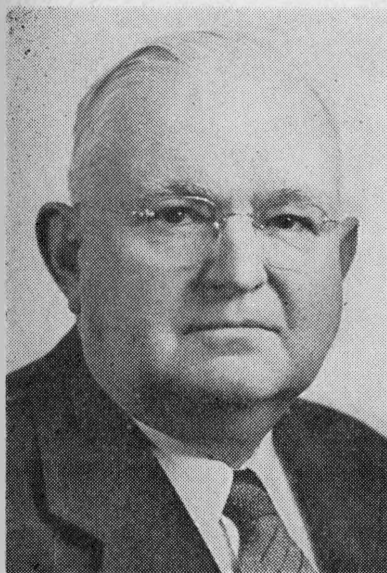

He was Special Assistant Attorney General of the State of Oregon and represented the public in the twelve codes adopted under the Agricultural Adjustment Act; and he was the delegate from the First Congressional District to the Democratic National Convention that nominated Truman and Barkley. At the Convention, as a member of the rules committee, he called for a quorum, thus preventing the committee from recommending the two-thirds rule; and he cast the Oregon delegation's vote for Vice President Barkley.

ROY R. HEWITT COMMITTEE FOR CONGRESS

EARL A. NOTT, Chairman

L. T. WARD

**Democrat, Candidate for Nomination for Representative in Congress,
First District**

If nominated and elected I will fight for your individual freedom and the American Way of Life, against any left-wing planners who would lead this nation into socialism, making you economic slaves through excessive taxation which would take up to 50 per cent of your wages and earnings.

I believe you favor Middle-of-the-Road progress with social gains secured within the framework of the free enterprise system. That the Brannan farm plan would benefit consumers and protect the basic industry of farming until a permanent marketing plan is adopted. That any health plan adopted should be non-compulsory but available to all citizens.

That the Taft-Hartley act should be repealed in favor of one beneficial to both labor and management. That social security should be extended to insure security in old age, and until this is done pensions should be provided for those who have labored in the upbuilding of America without having had a chance to share in this social gain.

That civil rights guaranteed by the Constitution should be enforced. That this nation should have a bi-partisan foreign policy, with steps taken to re-establish trade with the Orient, thus helping our farmers and lumbermen.

That our rivers and harbors should be protected and developed, with continued development of the Columbia Valley through democratic processes without surrender of your rights of self-government.

That foremost and above all, you wish to protect your individual freedom, the right to own and operate your own farms and businesses, the right to work and live where you please, all this through the sincere and open-minded cooperation of Labor, Business, Agriculture and Government.

As a newspaper publisher in Ohio and Oregon I have worked with farmers, manufacturers and lumbermen. Have had legal training. Was elected recorder of my home town of Philomath by write-in votes which shows the regard my own neighbors have in my fairness. I am 58 years old, married, have three children. I was born in Missouri, am a life-long Democrat, and a member of civic and fraternal groups.

If I have expressed your views, and my qualifications meet with your approval, I will appreciate your vote at the Primary Election, May 19.

AUSTIN F. FLEGEL**Democrat, Candidate for Nomination for Governor**

AUSTIN FLEGEL IS THE MAN DEMOCRATS CAN ELECT GOVERNOR OF OREGON!

In all the states around us, Democrats have won the highest elective offices with candidates of the recognized calibre of Austin Flegel—liberal, hard-hitting business men with clean, successful records in private life.

Only by offering the voters a man who has done things—who symbolizes the liberalism of Franklin D. Roosevelt and Harry S. Truman—can the Democrats win in Oregon.

Austin Flegel is such a man.

(This information furnished by Flegel-for-Governor Committee)

Austin Flegel's voting record as a state Senator is good—good from the standpoint of the working man, the farmer, the Democratic Party, and the people of Oregon.

Here are some of the causes which have the loyal and energetic support of Austin Flegel:

1. Columbia Valley Administration.
2. Expanded social security for all.
3. Better education for our children.
4. Repeal both the Taft-Hartley Act and Oregon's anti-labor laws.
5. Improved unemployment compensation and industrial accident protection.
6. Cheap Columbia River power for every part of Oregon, bringing new payrolls.
7. The platform of Oregon's Democratic Party.

AUSTIN FLEGEL—His Family

Native-born Oregonian, 59 years of age, graduate Portland public schools, Willamette University and University of Oregon, Law Department. Wife, Catherine O'Hara Flegel—Three children—Seven grandchildren.

AUSTIN FLEGEL—Business man

As wartime president of Willamette Iron and Steel Corporation, Austin Flegel headed a firm with 15,000 employees. Ask any WISCO employee about Austin Flegel—he'll have a warm and friendly word to say.

Under Austin Flegel's management, WISCO built 72 naval vessels and was one of the nation's first ship-building firms to win the coveted Navy "E" for efficiency and production.

At his Clackamas County farm, Austin Flegel is a commercial grower of dahlia bulbs and breeder of Duroc hogs which have won championship ribbons at many fairs.

AUSTIN FLEGEL—THE MAN WHO CAN WIN

For the past 18 years the Roosevelt-Truman policies of liberalism have meant victory to the Democratic Party in the nation.

AUSTIN FLEGEL will bring these policies to Oregon—with a great, victorious day on November 7, 1950!

FLEGEL-FOR-GOVERNOR COMMITTEE
W. H. HOLMES, Chairman

WALTER J. PEARSON**Democrat, Candidate for Nomination for Governor**

WALTER J. PEARSON is a **WINNER!** He has served the Democratic Party and the People of Oregon as a member of the House of Representatives, as State Senator, State Treasurer and as a member of the State Board of Control. Pearson always has led the fight for the People against the selfishness of Republican leadership. He is the Democrat most feared by special interests which have controlled our State Government for their own purposes for over a quarter of a century.

WALTER J. PEARSON should be nominated because:

The People of Oregon are entitled to vote for a Democratic nominee for Governor, trained in business management, familiar with legislative procedure, and who is, above all, experienced in State administration! The Democratic Party needs as its candidate the man who has the best chance of winning!

WALTER J. PEARSON is the only Democratic candidate who has these qualifications, because:

- He is the only one of the present Democratic candidates for Governor who has never been defeated for public office.
- He is the only one of the present Democratic candidates for Governor who has ever been elected to a State-wide public office.
- He is the only one of the present Democratic candidates for Governor with experience on the State Board of Control.
- When elected Governor, Pearson will appoint a qualified Democrat to be his successor as State Treasurer. He will not quit before election and let the present Republican Governor appoint a Republican which would again establish Republican one-party control of our Board of Control.

"A CONSISTENT WINNER OF PROVEN ABILITY"

WALTER J. PEARSON, in private life, is a recognized leader in the insurance field. Starting from scratch he has forged to the top by building

(This information furnished by Walter J. Pearson for Governor Committee)

one of the largest wholesale insurance businesses in Oregon. He was educated in the Portland public schools, is a graduate of Washington High School and won his B. A. degree in the School of Economics at the University of Oregon. He is a Baptist, member of B. P. O. E., Eagles, International Gyro, Kappa Sigma fraternity, Masons and the Shrine. He is a young man widely admired for his humanism and tolerance.

PEARSON'S PROGRAM

He stands 100 per cent on the platform of the Democratic Party of Oregon, and in addition he advocates:

FOR OUR SENIOR CITIZENS

No lien law—No paupers oath.

Define need as being over 65 years of age and receiving less than \$1,000 per year income. Those so qualified to receive a minimum of \$50.00 a month as their right and not as a charity.

Income to be reported on blanks as under our income tax law and checked in the same manner.

FOR LABOR

Repeal the obnoxious labor laws passed by the Republican Legislature in 1947.

Encourage new industries to provide more jobs.

Enforce the laws of the State on employers as well as on labor.

In times of unemployment the State should provide a sustained activity program to help both labor and industry over the danger period.

FOR THE FARMER

Encourage the development of the working family farmer—not the Gentleman Farmer.

Develop our natural resources, provide irrigation and reclamation of lands and develop public power.

Seek more markets for your products through lower freight rates.

FOR SMALL BUSINESS

Fight for the development of the small businessman as against monopoly. Encourage the independent businessman, instead of the high salaried hired-hand of big business.

FOR THE VETERANS

He endorses the Veterans' Bonus Bill, to be submitted to the People.

TAXES

No new taxes until our present earmarked, idle surpluses are put to use. **NO SALES TAX.**

Surplus monies from income tax to be placed in the General Fund for appropriation as needed by the Legislature. The cost of living has more than doubled but our income tax law remains the same. He advocates an exemption of \$1,500, for either a single or married person, with added deductions of \$500 for each dependent. An additional \$500 should be allowed for each child born during the year, to off-set medical expenses. This would afford those of the lower income brackets an opportunity for more comfortable living conditions and saving. All exemptions doubled after age 65, as allowed in our Federal law. The tax burden should be borne by those who are established and able to pay. More of the cost of education should be carried by the State, enabling the Counties to reduce their property taxes accordingly.

FOR THE PEOPLE OF OREGON

Take your State Government out of the hands of the special interests and return it to you, the People.

Let Pearson lead Oregon into the Democratic column.

DON'T WASTE A VOTE—VOTE FOR A WINNER!

LEW WALLACE**Democrat, Candidate for Nomination for Governor**

Oregon now stands on the threshold of an era of the greatest opportunity ever to come to any state. With the cooperation of the Federal agencies, the CVA, and Oregon people with vision, unheard of prosperity will be accomplished.

No person knows Oregon better than Lew Wallace. The officials in Washington, D. C. know Lew Wallace. He is the personal friend of President Truman and most of the administration heads. He cuts red tape and gets things done. For years Oregon has had no elected Democrat in Washington, D. C. These are some of the reasons why we need Lew Wallace for Governor now.

Lew Wallace attended the University of Nebraska and later Creighton College. He came to Oregon in 1910, married Pearl Hoch of Pendleton in 1914. They have one daughter and two grandsons. The Wallaces own their home and live in Portland.

Lew Wallace has been outstandingly successful in his insurance

business. He has served six sessions in the House and Senate, four years on the Game Commission and one term as Democratic National Committeeman for Oregon.

He is a Presbyterian, Scottish Rite Mason, Shriner, Past Exalted Ruler of the Elks, Eagles and Moose. He is a member of the Sons of the American Revolution and active in all wild life activities. He has always been active in public works and community welfare.

WE NEED TRUMAN'S FAIR DEAL IN OREGON!

- Pensions of \$100.00 per month as of right, with no liens or other strings attached is not too much.
- Our farmers need the Brannan Plan for continued prosperity!
- Repeal anti labor legislation!
- Small business must be encouraged and protected from the throat cutting monopolies!
- Oregon wild game must be protected and increased.
- Return game enforcement to the Game Commission!
- Oregon needs CVA for new industries, jobs, cheap power, new farm lands, improved harbors, and the full development of all our natural resources.
- Endorse Oregon's Democratic Platform.

EVERY OREGON CITIZEN IS ENTITLED TO A FAIR DEAL!

HOWARD MORGAN

Democrat, Candidate for Nomination for Commissioner of the Bureau of Labor

HOWARD MORGAN, who represented Multnomah and Clackamas counties in the 1949 legislature, is 36 years old, an overseas naval veteran of the recent war, a graduate in economics of Reed College, a native of Oregon and a life-long Democrat. Formerly a member of Union Labor, he has also had administrative experience in government and in business. He is presently living on the livestock ranch which he operates in Polk county.

HOWARD MORGAN was elected to the legislature with the endorsement of the A. F. of L., the CIO and the Railroad Brotherhoods. His voting record there was rated 100% perfect by organized labor on all labor issues and by the Oregon State Grange on all farm issues. He never dodged a vote.

He was co-author of every piece of veteran's legislation passed by the 1949 legislature. He was a leading spokesman on the floor for progressive legislation, and the Democratic Party depended heavily upon his leadership in the fight to block special-interest bills.

He helped to frame the last two Democratic state platforms and supports them without reservation.

HOWARD MORGAN is running for the important position of State Labor Commissioner at the urging of many friends in business, labor and agriculture. It is expected that he will be actively supported clear through the general election by the following groups in the Democratic Party:

WORKING MEN AND WOMEN who want to see Oregon's labor laws improved, extended and enforced impartially and without fear or favor.

FARMERS who want to be sure that the handling of labor laws affecting agriculture is in the hands of a man who knows both sides of the story.

VETERANS who want to see the Apprenticeship Training Program and other labor matters in the hands of a veteran who has worked on veterans' problems and knows them thoroughly.

BUSINESS MEN who want clean, prompt and dependable administration of the laws which affect their businesses, and who insist upon integrity in the public officials with whom they must deal.

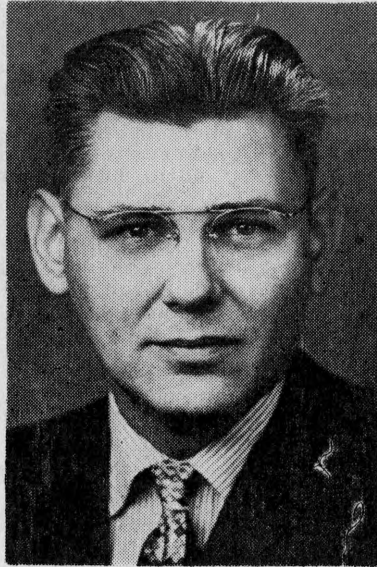

MINORITY GROUPS who want to see Oregon's Fair Employment Act administered by a man of sound judgment who sponsored the original bill.

HOWARD MORGAN welcomes the support of all such people, for he shares their objectives. He will not, however, accept support from extremists of the right or left who wish to use the position of Labor Commissioner for partisan, selfish, or reckless ends.

ALVIN N. WHITLAW

Democrat, Candidate for Nomination for Representative in the Legislative Assembly, Twelfth District, Marion County

Alvin N. Whitlaw, a Salem Feed and Seed dealer on South 12th Street, and a resident of Oregon since 1901, received his grade and High School education in Yamhill, Washington and Lincoln Counties, and after serving in World War I he graduated in business and corporation accounting from Behnke-Walker Business College in Portland. Mr. and Mrs. Whitlaw, with their two children, Eddie 14 and Carol Anne 7, reside at 2140 Yew Street in Salem.

Alvin Whitlaw has grown up with Oregon and its problems. As a farmer in years past, and as a feed and seed dealer now, Whitlaw is in daily touch with the farmer and clearly understands what they need most from a Representative. As a small business man, Whitlaw struggles against the same obstacles and wants the same legislative relief as other small businessmen. As a veteran and a member of Local No. 48 Electrical Workers, Whitlaw is able to properly represent these important groups of our economy and is determined to protect their rights.

Whitlaw's experience with the Army Engineers in helping lay out the Walla Walla, Corvallis, and Salem Airports, as well as Camp Adair, have brought him in close contact with the local problems of many portions of this territory. Whitlaw seeks election as a Representative from Marion County in order to serve the above groups as well as to obtain a closer control of the spending of public funds. His experience causes him to advocate no additional taxes, but revision of present tax system to make it more effective. He urges adequate old age pensions with no embarrassing lien law. Whitlaw opposes any form of general sales tax, fully endorses the Truman program and the Democratic platform of Oregon.

AUSTIN DUNN

**Candidate for Nomination for Judge of the Supreme Court, Position No. 3
(Nonpartisan Judiciary Ballot)**

State Senator Austin Dunn will bring to the Supreme Court of the State of Oregon an abundance of energy . . . a background of public service and a lifetime spent in Oregon . . . education in Oregon schools.

Seldom has a candidate aspired to the Highest Bench in the state with such a wide knowledge of legal matters, background of service and the human common touch with his fellow being.

Educated in Eastern Oregon College of Education (Eastern Oregon Normal) Dunn studied law and received his degree at the University of Oregon where he worked his way through the law school.

With a fine background and full life of service ahead, Dunn will give to the Supreme Court all the energy of a man in his prime. Service in the state legis-

lature; member of Oregon and Washington Bar Associations; Baker County Bar Association; first vice president of the Oregon State Elks; state senator for Baker County from 1947 to 1949; and service in the Lions Club, Farm Bureau and Grange, attest to his ability, his experience and his background.

The Oregon Voter had this to say about Dunn in its February 18, 1950, issue: "AUSTIN DUNN, 40, BAKER LAWYER, DEMOCRAT: EXCELLENT REPUTATION IN PROFESSION: ABLE IN PRESENTATION: COURAGEOUS."

It's seldom that a man of this stature seeks this high Court position before retirement age. Dunn offers the state his ablest years.

Dunn will bring to the Supreme Court a person who is familiar with all of Oregon; has personal insight of its people and problems, and an overall knowledge of law that will make him an able, a hard working and studious Justice of Oregon's Supreme Court.

ROBERT F. MAGUIRE

**Candidate for Nomination for Judge of the Supreme Court, Position No. 3
(Nonpartisan Judiciary Ballot)** ●

The State of Oregon has an opportunity to secure for public service one of its foremost lawyers who has attained a position of national recognition and standing—Robert F. Maguire. He is a candidate for Position No. 3 on the Oregon Supreme Court on the judicial non-partisan ticket to be voted for by both Republicans and Democrats.

Voters are entitled to know the plain facts and background about candidates, and the following is submitted about Mr. Maguire:

He was born in modest circumstances in Toledo, Ohio, and by his own efforts educated himself in shorthand and bookkeeping and then secured a civil service clerkship in Washington, D.C. This enabled him to go to law school at night where, in 1909, he was graduated from Georgetown University and immediately came to Oregon.

After odd jobs, he secured work as a combined stenographer and law clerk with the pioneer legal firm of Colvig and Reames in Medford. A year later, after marrying, he moved to Portland and was appointed Assistant United States District Attorney, and a little later served two years as Mult-

(This information furnished by Committee for Maguire for Supreme Court)

nomah County Chief Deputy District Attorney. After that he entered into a law partnership with the late Judge Littlefield, and then, with the late Judge John Winter, formed the legal firm of Winter and Maguire.

Mr. Maguire is now a member of the firm of Maguire, Shields, Morrison, and Bailey. Since 1917 he has been Standing Master in Chancery, which is a position supplemental to the Federal Court. He was first President of the Oregon State Bar, and for three years a member of its Board of Governors. He was a member of the Board of Governors of the American Bar Association and was Chairman of its Committee on Labor, Employment, and Social Security.

In recognition of his outstanding career and services to the State and National Bar Associations, President Truman in 1947 appointed Mr. Maguire to be a judge of the Nazi War Crimes Trials in Nurnberg, Germany. He was one of four western men to be so honored, and for eighteen months at sacrifice of his private law practice, presided over the longest criminal trial in Nurnberg.

Mr. Maguire has a wife and four children. One son was a flier during World War II and his son-in-law was killed in the fighting at New Guinea.

At the time of his appointment to the Nurnberg Court, the Oregon Journal, Portland, in an editorial stated in part:

"Robert F. (Bob) Maguire, outstanding Oregon attorney, received a call from Washington, asking him to accept an appointment as a judge at the Nurnberg war crimes trials. Thus Oregon has been twice honored, Justice James T. Brand of the state supreme court having received a similar appointment.

"While the appointment was unexpected insofar as Maguire is concerned, it came as no surprise to his friends in Oregon and in the National Bar Association. They regard it as a suitable recognition for his talents . . ."

Mr. Maguire believes that: "The function of a judge is to be free of bias and pre-conceived opinions in order that his judicial actions shall be wholly impartial and devoted to the proper and fair administration of justice. A judge should realize that it is the legislature and the people who enact laws and that it is his duty merely to construe and apply them—wholly without regard to his personal feelings or beliefs. The law must not be a game to be won by the skilled players. In court, the rich, the poor, the powerful and the weak must be judged solely on the merits of their case. The judge must know neither friend nor foe, must not recognize either position, race, color or religion. When judging men he should not forget the weaknesses and frailties of human nature, and should not lose sight of the fact that mercy and understanding are just as important as knowledge of the law. Such is the kind of judge you and I want; if elected that is the kind of judge I will try to be."

Seldom are Oregon voters offered the services of such an outstanding professional man as Mr. Maguire: —outstanding in national reputation and life-long integrity and effectiveness in the practice of law.

WALTER L. TOOZE

Candidate for Nomination for Judge of the Supreme Court, Position No. 3 (Nonpartisan Judiciary Ballot)

TO THE VOTERS OF OREGON:

Appreciating the importance of electing to Judicial office men of ability who possess courage, a judicial temperament, and who are mentally alert, we are glad to recommend Judge Walter L. Tooze for election to the Supreme Court.

Judge Tooze has had long experience as a lawyer and judge. During his eight years of service as a Circuit Judge, he has demonstrated exceptional ability.

During World War II, Judge Tooze, himself a veteran of World War I, served for four years as Chairman of the War Work Committee of the Oregon State Bar. This committee was charged with the duty of furnishing free legal services to members of the armed forces and their dependents, and with the patriotic cooperation of every lawyer in Oregon, was able to make an outstanding record.

Judge Tooze also took an active part in setting up the Youth Guidance Program of the Fraternal Order of Eagles, acting as Chairman for one year.

If he is elected to the Supreme Court, it is our opinion that Judge Tooze will serve with honor and distinction.

We take the liberty of quoting briefly from some opinions written by Judge Tooze, and from some editorial comments:

IMPORTANCE OF THE CHURCH

"Is not the church the greatest stabilizing influence in the world today? Does it not stand between us and absolute chaos? * * * No higher public policy could or does prevail than to give every encouragement to the church and its works."

LABOR'S RIGHTS

"Due to our national and state laws, labor has attained a dignity and independence in this country not known in any other part of the world. These rights were not acquired easily, but came about after years of struggle. They must be protected to the fullest extent consistent with the public welfare."

JUSTICE TO THE INDIVIDUAL

"This court would prefer to err on the side of justice to the individual and a protection of his constitutional rights than to err in upholding the supposed collective social right at a sacrifice of individual freedom."

NO SECOND CLASS CITIZENS

"Judge Tooze said: 'There is no such thing as second class citizens in this land of ours. All men are equal before the law, regardless of race, color, creed, or social standing, and it is in the courts of justice that that standard of equality must be preserved.' It was a just judge who * * * dealt wisely with a situation where the law falls short of justice." Editorial, Oregon Journal.

A SANE THINKER

"Judge Tooze is a sane thinker and has always been noted for his blunt expression of his views, let the chips fall where they may." Editorial, Corvallis Gazette-Times.

SAFEGUARDING PERSONAL LIBERTIES

"Circuit Judge Walter Tooze's ruling invalidating Portland's 'after hours' ordinance as a violation of the constitutional freedoms of citizens * * * is a timely reminder: that laws * * * are made for the protection of the public, and to safeguard, not to take away the freedom which Americans cherish." Editorial, Morning Oregonian.

EQUALITY OF RIGHTS

"The laws and even the government may be changed if the people will, but basic principles will not be changed, and one to which Judge Tooze points—"the rights of each citizen must be exercised with due regard for the rights of every other citizen, because the rights of all are equal"—stands among these basic principles. Let such a decision stand as a landmark on the American Way." Editorial, Oregon Journal.
