PASSENGERS FROM NOME.

Over Three Hundred Have Reached Port Townsend—A Promising Creek.

(Associated Press.)

Port Townsend, Wn., Oct. 17.—The steamer St. Paul arrived from Nome, bringing 306 passengers and a large shipment of gold. According to reports brought by the St. Paul, Candle creek is most promising. T. H. Sullivan, who arrived from Nome from that creek, in an interview, said: "The half has not been told about Candle creek. I have mined all over the world, and I have never seen anything like it. Men are standing in the stream, often in water to their thighs, shoveling gravel from beneath the water. Good pay has been found on 27 claims."

Since the storm of September 26th the weather has been fairly good. People from all parts of the Arctic sections are arriving at Nome and there is a rush with the transportation offices to secure passage on the steamers sailing south.

FOR FAST STEAMERS.

Oil Will be Used as Fuel on New Trans-Atlantic Liners.

(Associated Press.)

New York, Oct. 17.—Edward I. O'R. Croker, of Cork, Ireland, said to be a cousin of Richard Croker, is here for the purpose of promoting rapid transit between Europe and America. Mr. Croker is the general manager of the Cork, Banon & South Coast railway, and it is said to be the intention of the company to run a line of steamers from Narragansett bay to Castletown, Berehaven, Ireland. From Castletown there will be a railroad connection to Bantry, where the line will join the Cork, Bandon & South Coast railway. The new steamships are expected to cross from Narragansett bay to Ireland in three and one-half days. In order to attain this great speed, it is alleged that a new style of machinery and fuel must be used, a fuel that will take up little space and furnish great heat, namely, oil.

DESERTED BY HIS WIFE.

Frederick Buggalin To-Day Committed Suicide—Tried to Murder His Children.

(Associated Press.)

New York, Oct. 17.—Frederick Buggalin, who made an unsuccessful attempt to kill himself and his three children on Monday, succeeded in ending his own life to-day.

On Monday he cut a gas pipe in the room where his children were asleep and laid down to die with them, but was discovered and dragged from the apartment before he or any of his children were overcome. To-day he drank carbolic acid and was dead when the ambulance surgeon reached his house. Buggalin was employed on the Rapid Transit contracts and his friends said that he killed himself because his foreman was the affection of his wife and induced her to leave her home.

LARGE MOOSE HEAD.

(Associated Press.)

Montreal, Oct. 17.—The largest moose head yet shot in the Kippewa district of the upper Ottawa, has been bagged by Mr. F. N. Southam, of Montreal. The spread is 62 inches, and were it not that one of the spikes from which the measurement has to be made has lost its point the total spread at least would be 62 and a half inches. Last year 41 moose heads were secured by sportsmen who hunted in the Kippewa district, but the largest head was just under 61 inches. This year the heads are running very large, and most of the hunting parties seem to be having good sport.

SUFFERING FROM LEPROSY.

(Associated Press.)

Copenhagen, Oct. 17.—City Physician Feltgen, who recently visited the West Indies, is suffering from a strongly developed case of anaesthetic leprosy, which he is believed to have contracted from a woman patient whom he attended while in the West Indies. The case is regarded as hopeless.

RANSOM DEMANDED IS TOO PRINCELY

KIDNAPPERS LED BY NOTORIOUS BANDIT

The Headquarters of the Band Is Near the Boundary of Turkey and Bulgaria.

(Associated Press.)

New York, Oct. 17.—Rev. R. Wardlaw Thompson, director of the Collegian and Theological institute, cables the following from Sankov, Bulgaria, to the Journal and Advertiser concerning Miss Stone, the kidnapper's missionary: "The headquarters of Miss Stone's captors is a thickly wooded mountain top near the boundary line of Turkey and Bulgaria. Miss Stone has only light summer clothing and a cotton dress. The brigands refused to allow her to keep her baggage, but let her have a Bible. The leader of the band is the notorious Boucho, from the Bulgarian town of Dubnitsa. "We sent word to Constantinople, pointing out that being private individuals we can't prevent the government from pressing the brigands, also that the ransom is too princely. No such sum was ever before demanded. I usually brigands ask about a thousand pounds, and then agree to half. Twenty-five thousand Turkish pounds means two horse loads of gold, and that is more gold than there is now in Bulgaria. Besides, the brigands demand payment in Turkish gold, for which it would be necessary to send to Constantinople. I should not give the brigands the ransom until Miss Stone is safely delivered to us, as they might murder her after the ransom in order to seal her lips forever. We have three theological institute students who were captured in the Stone party. One tells pathetically how he was robbed of money intended to pay for his tuition."

Madame Telika's Condition, Sofia, Bulgaria, Oct. 16.—During the night another letter from Miss Ellen Stone's companion, Madame Telika, was found pasted on her parent's door announcing that Madame Telika had given birth to a child, and that both the infant and the mother were doing well.

ANOTHER MESSAGES.

Constantinople, Oct. 17.—As no news has been received here from Messrs. Baird and Haskell, the missionaries who have been attempting to get into touch with the two brigands who abducted Miss Ellen M. Stone, a third missionary has been dispatched in quest of them and the brigands.

BLOOD-THIRSTY LOVER.

Said He Would Marry His Cousin's Murderer—Shot by Marshal.

(Associated Press.)

Bloomfield, Mo., Oct. 17.—Matt Robinson, of Sinton, Mo., was shot and killed by City Marshal Kelly here yesterday. He rode into town heavily armed and announced his intention of marrying Miss Annie Nantz, his cousin, or murderer her and committing suicide. He resisted arrest and tried to shoot the marshal, who shot him down.

HONDURAS PROSPEROUS.

(Associated Press.)

San Francisco, Oct. 17.—Dr. Jess Leonard, rector of the University of Honduras, and Dr. Fausto Devila, a prominent attorney of Honduras, delegates to the Pan-American congress, have arrived here on route to Mexico. They report that Honduras is in a prosperous condition.

MEETING OF FORESTERS.

(Special to the Times.)

Nanaimo, Oct. 17.—The district meeting of the A.O.F. for the province opened here this afternoon. Including grand lodge officers there are about twenty-five delegates present. They will be banqueted to-morrow night by the local lodges.

FUNERAL SERVICE.

(Associated Press.)

New York, Oct. 17.—Services were held in the chapel of St. Leo's Roman Catholic church over the remains of Carlos, sixteenth Duke of Alba, who died here on Tuesday night at the Holland house. Rev. Father Nucey, the pastor, officiated.

SUPPRESSION OF ANARCHY.

(Associated Press.)

Washington, Oct. 17.—The board of governors of the National Bureau of Identification, comprising leading police chiefs, today reported a recommendation to be urged on congress for legislation looking to the suppression of anarchy.

BOERS REACH THE SEA.

French Directing Operations Against Commando Northwest of Capetown.

(Associated Press.)

Capetown, Oct. 17.—The invaders have reached the sea. A commando of 500 men has penetrated the rich Great Berg river valley to Hopefield and Saldanha bay, northwest of Capetown. The Republicans have secured a number of recruits and considerable quantities of supplies. General French is directing the operations against them.

SEPTIC TANK SYSTEM.

Chicago Expert Says It Is Impracticable for Large Cities.

(Associated Press.)

London, Oct. 17.—Alex. J. Jones, of Chicago, who is here investigating sewerage systems, will proceed to Paris in a few days and continue his researches there, so as to be able to present scientific testimony when the question of St. Louis vs. Chicago, relative to the sewage system of the latter city, comes up in the United States Supreme court. Mr. Jones told a representative of the Associated Press today that his investigations satisfied him that the money spent on Chicago's drainage canal had been well expended. The septic tank system for sewage treatment adopted by a number of comparatively small cities in England, which is advocated by the opponents of the Chicago system, Mr. Jones considers well adapted to towns of 100,000 inhabitants, but impracticable for large cities. The Berlin system of sewage farms, while sanitary successful, involves an expenditure three times as great as that of Chicago. The Parisian method greatly resembles that of Chicago.

MAY VISIT THE WEST EARLY NEXT MONTH

PRESS OF BUSINESS DELAYS HON. C. SIFTON

The Census of the Fisheries—Immigration Returns Will Show Large Increase Over Last Year.

(Special to the Times.)

Ottawa, Oct. 17.—When the figures for immigration are published in a few days they will show that 50,000 was added to the population this year, which is a considerable increase over last year. Anley Morrison, M. P., New Westminster, is here on a departmental mission.

Edward Miall, ex-deputy minister of inland revenue, was presented this afternoon with a gold watch, chain and charm by officials of the department. Mr. Miall was recently superannuated. Arrangements have been made for taking the census of fisheries in Manitoba, the Northwest Territories and British Columbia. In Quebec and the Maritime provinces one man for each county has been employed, and the services of federal fishery overseers have been utilized. There being no overseers in the West the fishery inspectors will undertake the work, and the following appointments will be made: W. S. Young, of Selkirk, for Manitoba; A. W. Miller, of Appleton, for the Northwest Territories; and C. B. Steward, New Westminster, for British Columbia. The minister of the interior has been endeavoring for some weeks to arrange matters so that he could go West, but hitherto the press of departmental business has prevented it. The presence here now of delegates from the Northwest government, and many important subjects of discussion arising out of the conference will probably prevent him from leaving before the first week in November.

TO TEST AUTOMOBILES.

Attempt Will be Made to Drive Carriages Faster Than a Mile a Minute.

(Associated Press.)

New York, Oct. 17.—In order to test the world's amateur and professional automobiles on a straightaway track, Park Commissioner G. V. Brewer, of Brooklyn, has granted to the Long Island Automobile club the exclusive use of Ocean Park way, one of the best known streets in Brooklyn, during the afternoon of Saturday, November 10th. It has been claimed by W. K. Vanderbilt, Jr., and A. C. Boswick, amateurs, that they could drive the carriages faster than a mile a minute over a clear straight course. An effort is being made to induce the best known professionals in the country to compete.

EARL RUSSELL FREE.

Released From Jail After Serving Three Months For Bigamy.

(Associated Press.)

London, Oct. 17.—Earl Russell, who in July was sentenced by the court of the House of Lords to three months' imprisonment for bigamy, was released from Holloway jail early this morning. Earl Russell is in good health. The application of Countess Russell to make absolute her decree of divorce will be heard on October 28th. In the event of the application being granted, it is announced the Earl and Mrs. Somerville will be married a few days later.

ANOTHER VICTIM IN THE WITNESS BOX

HEARING OF JACKSON'S CASE RESUMED TO-DAY

Girl Tells of Indignity Which She Suffered at Hands of the Male Prisoner.

(Associated Press.)

London, Oct. 17.—The hearing of the charges against Theodora and Laura Jackson (Ann O'Delia Dis Debar) continued to-day. The police court was crowded, a number of women being among those present, while the police found it necessary to clear the sidewalk of those who were anxious to obtain admission and hear the most loathsome testimony ever given publicly in a London court.

The witness examined to-day was Daisy Adams, a young girl, wearing a red Tara O'Shanter cap and with her hair in curls hanging down her shoulders. She testified that she had been enticed to London under the promise of being taught music.

Laura Jackson continued to conduct the case for the defence. She was clothed in a soiled drab-colored silk toga. The woman evidently had a powerful influence over the Adams girl and leaned over the dock and gazed fixedly at the witness, evidently with the hope of intimidating her or re-establishing her hypnotic influence, but the girl frustrated her efforts.

Mrs. Jackson demanded a chair and, seating herself in a corner of the dock, interrupted the witness with irrelevant questions and objections until the court ordered her to desist.

The testimony, which was of the vilest character, related to the indignity which the witness had suffered at the hands of the male prisoner, while she was a neophyte of the Otrante Union, under the promise that she would become a reincarnation of the Virgin Mary. The witness testified that she was fully under the prisoner's influence at the time that she believed his claims of divine parentage.

At the close of the morning session, Mrs. Jackson demanded of the court the return of the money taken from the prisoners by the authorities when they were arrested, but the court refused to grant her request. Mrs. Jackson also referred to Wm. T. Stead's recent reputation for his knowledge of the prisoners, called him "that redoubtable prober," and said Detective Inspector Kane possessed half a dozen letters which had been written by Mr. Stead to the accused.

DUTY ON TOBACCO.

(Associated Press.)

Christiania, Oct. 17.—The increased duties on raw and manufactured tobacco agreed upon by the Storting on October 14, it is expected, will realize a million kroner and cover the treasury deficit. Norwegian tobacco plantations are being started.

LONDON TIMES STORY

Of Reception of Royalty at Victoria—Correspondent's Tributes.

The London Times—October 2nd, has the following description of the reception tendered their Royal Highnesses the Duke and Duchess of Cornwall and York, upon their arrival here, called by the great paper's special correspondent with the royal party, J. E. Vincent, M.A.

"Embarking on the fine steamer Empress of India at 6 o'clock on Monday evening, the Duke and Duchess were present at an official dinner and then rested quietly at Vancouver till 5 o'clock on Tuesday morning, when they started in glorious weather for Victoria. The view of the Strait of Georgia was gorgeous for early risers. The Empress of India was saluted by the warships dressed in rainbow fashion at 11 a.m."

"The whole scene was beautiful. The bright streets were gaily decorated with bunting and thronged with happy and loyal people, distinctly English in appearance. I was particularly impressed by the healthy appearance of the files of school children trooping towards the handsome parliament building, where the main business of the day occurred. Outside was an immense crowd. The children sang 'The Maple Leaf' and the National Anthem. Addresses were also presented, the Duke making yet another remarkably happy and appropriate speech. Indeed, throughout the tour men have extolled the statesmanlike dignity and apt expression of the Duke's speeches.

"Upon Parliament House, which recalls the American capital by its appearance, a triumphal progress was made through the city by the Duke and Duchess, Lady Minto, the Lieutenant-Governor and Sir Wilfrid, who were all excellently received, a delightful clamor reading the clear air. Admiral Beckford had the honor of entering their Royal Highnesses at luncheon on board the Warship in the pretty land-locked harbor of Esquimalt—an ideal headquarters for the Pacific squadron. The difference of time compels me to anticipate the remainder of the program for the day, consisting of the opening of an agricultural exhibition, an official dinner at the residence of the Lieutenant-Governor in the evening, and a reception at the legislative buildings.

"Suffice it to say that nowhere throughout their long tour have the Duke and Duchess been better received than at sunny Victoria."

TO HOTELKEEPERS, FOR SALE As Going Concerns

One of the best known hotels in Victoria, fully equipped, with long established connection; also a saloon business, in the heart of the town.

WHOLESALE MERCHANTS
ATTEMPTED MURDER.

News of a Sensational Affair in the Atlin District.
News comes from Atlin of an affair which nearly terminated in murder and in a subsequent suicide about two weeks ago.

A well known restaurant keeper of that city named Charles Henning, who has been in the country about two years, quarrelled with his wife on some jealous score, and the matter caused him to brood considerably. As a result of the working up he received he sought his wife on the day mentioned, and after picking another quarrel with her he pulled out a razor and made for the woman. She ran away, but was not quick enough to escape the blade. Coming upon her Henning dashed at her unmercifully. The woman tried to protect herself from the razor thrusts with her hands and was very badly carved up. She fell to the ground in a swoon, and Henning thinking he had killed her made an attempt to sever his jugular vein, but was prevented from carrying out his design by the appearance of some neighbors. He was handed over to the police, and a surgeon was called in to see what could be done for Henning's wife.

The woman finally recovered, but not before the doctor had placed forty-seven stitches in various parts of her body. It is expected that she will pull through all right. Henning is now in jail, and a charge of attempted murder hangs over him. A great deal of excitement was caused in Atlin by the affair.

MOVING PICTURES.
A Capital Series Representing the Royal Visit Obtained Here.

R. A. Hardie, of the European Moving Pictures Company, succeeded during the Royal visit in securing an extraordinary clear and fine set of pictures for use in the biograph entertainment. There are 32,000 photos in all, including the arrival of the Royal train at Vancouver, the procession ascending the hill and a panoramic view of the city of Vancouver. In Victoria he got an excellent picture of the procession entering the grounds of the parliament buildings, the decorations of Government street and the fire brigade.

Of the whole series of 32,000, there is not a single dim or blurred negative. The train, the carriages, horses and figures in the procession and the Royal visitors themselves stand out in great clearness. It is Mr. Hardie's intention to exhibit in Vancouver and subsequently in Victoria before taking the views East.

MR. MURPHY'S DISMISSAL.
To the Editor:—The Dundas-miner calling themselves a government minister now in hard straits and very narrow-minded, when they dismiss faithful servants from office because, forsooth, an honorable member refused a portfolio in their defunct cabinet. As I understand the constitution, the representatives of the people are chosen by the people to carry out the will of the people. They are not there as masters but as servants of the people. There are times, however, when the government constitutes itself the masters and forgets the will of the people, as in the case of a gross injustice being done by the Dundas-miner to James Murphy, government agent at Queen of the Forks, by dismissing him from his office of mining recorder without cause, by selfish political trickery, giving him only twelve days' notice. This by a government that has lost the confidence of the people and cannot fill two vacant portfolios in its cabinet. I would like to ask if this act of a partly formed government, which is about to be dismissed from office under such circumstances, is legal in dismissing a very popular servant against the will of the people of the Cariboo district, and reinstating a mining recorder who is obnoxious to a large percentage of the people of the district. Or is this some political trickery or favor shown for political services rendered. In either case this is an act no honorable gentlemen should be proud of. When the next government is formed it should appoint without unnecessary delay a mining recorder at Queen of the Forks more acceptable to the people at large than the present incumbent.

SPECIAL MEETING OF CITY COUNCIL

DISCOVERY STREET SEWER TO BE BUILT

Question of Collecting Revenue Tax From Sealers Discussed—Mayor to Deal With Matter.

The city fathers held a meeting yesterday afternoon at the city hall primarily for the purpose of discussing the advisability of diverting the appropriation made for constructing a sewer on Discovery street to continuing the work already half completed on Frederick street.

There were present the mayor, who occupied the chair, Alex. Cooney, Hall, Stewart, Williams, Kinsman, Yates, Cameron and Brydon. City Clerk Dowler and City Engineer Topp were also in attendance.

The matter referred to was first taken up and considerable discussion ensued. It had almost been decided to take the sum of \$810 appropriated for the building of the sewer on Frederick street to the continuing of the work on Frederick street, when a communication was read from one of the property owners of Discovery street protesting against such a decision.

This somewhat altered the complexion of matters, and after the city clerk had given his opinion as to the best way to proceed it was finally decided that the appropriation would be allowed to stand, the city engineer being instructed to start the work on Discovery street immediately.

Ald. Cameron spoke of the efforts being made by Mr. Winsby, the tax collector, to collect the revenue tax from the sealers on their arrival in port after their season's work. He outlined the procedure of the collector. He said that immediately on the arriving of a sealing ship the collector boarded and demanded the \$5, and if refused, he served summonses. The result was that he did not make many collections, but on the other hand drove many of the sealers out of the city, who otherwise would have spent their money among the business establishments of Victoria. He thought it was altogether wrong to act in such a manner. If the sealers had been in the city for two weeks it would be a different matter, and an attempt could then be made to collect the tax.

The mayor said that in answer to a communication sent by him to Mr. Kent, referring to the same matter, the latter replied that Mr. Winsby had absolutely refused to take orders from him and that he saw Mr. Winsby only once or twice a week. The mayor had upon this sent a letter to Mr. Winsby himself, pointing out that in his appointment it was stipulated that he receive his instructions from Mr. Kent.

No answer had, however, been received and he wrote again the other day asking the collector if he had received his first letter, if so when, and requesting an answer.

Ald. Stewart and others thought that the collector should call at the city hall before setting out in the morning and in the evening call and deposit his cash with the city treasurer.

It was remarked if Mr. Winsby got "sweezy" he would have to be summarily dealt with.
The question of collecting the tax from the sealers again being brought up, Ald. Kinsman stated that he did not think the collector was overstepping his bounds when he demanded the usual tax from the sealers. He had not received orders to the contrary and was doing his best to carry out his duty.
Ald. Cameron was not criticising the manner in which he carried out his duty, but rather the policy of collecting from this class.

ST. JAMES' CHURCH

Harvest Festival Will be Held This Evening.

The harvest festival will be held this evening, the service commencing at 8 p. m. The preacher will be Rev. W. B. Allen. The musical portion is as follows:
Voluntary—Bressane Dr. D.

Anthem—The Eyes of All—..... Claro Soprano Solo, Miss N. Logrin.
Hymn—..... 384
Te Deum—..... Macpherson
Recessional—..... Bennett J. A.
Voluntary—Grand Chorus in D.
..... H. H. Jefferson

GOVERNMENT ALIVE TO THE YUKON'S NEEDS

Governor Roke Tells of Result of Trip to Ottawa and His Reception There.

The following interview was arranged by Governor J. H. Ross to a Yukon Sun reporter upon the arrival of the commissioner in Dawson:
The officials at Ottawa are well acquainted with the condition of things, and very much alive to the requirements here. I saw Sir Wilfrid Laurier, the minister of the interior, the minister of justice and the minister of public works, the only four members of the cabinet at Ottawa at the time of whom expressed great regret that they were unable to come out here this summer. Mr. Sirton especially. He assured me that very early next spring would see him in Dawson.

"Did they seem inclined to be liberal in regard to Yukon?"
"Yes; they have made up their minds that Yukon is here to stay, that it is a country that will last, and they are disposed, as far as I can understand, to do what is right toward the people and toward the development of the territory. There are many plans they have and are thinking about that it would not do to speak of until they have been legislated upon by parliament, and what is of more importance to us, until after the estimates are brought down. So far they seemed to be pleased with the recent showing made by the Yukon."

He spoke to Sir Wilfrid in regard to parliamentary representation of Yukon, and he said that after the census had been taken it would receive the immediate attention of the government, which would decide what representation would be given and in what time. What I said in regard to the present method of collecting the royalty and my views in regard to substituting a duty for it, I laid before them, but this the Sun has already had by telegraph.

"I notice with a great deal of pleasure that the elevation of Louis H. Davies to the cabinet is a great advantage. It makes it possible to have another minister from the West at an early day. There is no mistake about it. Mr. Sirton should have some Western assistance in the cabinet. There is a good deal of speculation as to whether Mr. Ralph Smith, of Nanaimo, B. C., may be the man for the place."

"I see that you had special memorial services to McKinley on Sunday. I am pleased that there were such eloquent tributes made to him by the Dawson people, and sorry that I was not there. I was talking with Sir Wilfrid Laurier in his room when his private secretary came in with the news that McKinley had been shot. It was a great shock to Sir Wilfrid, who was on terms of great intimacy with the President of the United States. And you should have seen the general effect throughout Canada. People were reading the bulletins and waiting for the latest news from the bedside just as if the President was one of our own. I was in Vancouver when the newboys one night sang out 'Special edition; death of McKinley.' That was the greatest shock of the two. We all thought he was recovering. Ah, I tell you, blood is thicker than water, and the Canadians sympathized as deeply as did the people of the United States themselves."

"What class of people in particular are leaving here this winter. I would like to know? Because, while in Seattle, I met a great many men from here, but I did not find a single man who did not say he was coming back. Most of them were coming back over the ice in January or February; so I conclude that they are mostly merely going out on business or on a visit to friends."
"I am myself glad to get back to Dawson. I like it and I like the people. I like the Western spirit they show; the go-ahead principle they manifest; the desire to stand up for their rights, and all that kind of thing is pleasing to me, while it might not be to another. I am very fond of the people of the West, and I have been living among them 30 years."

TIDE TABLE

Table with columns for Date, High Water, Low Water, and other tidal information for Victoria, B. C., October 17, 1901.

WILL ALSO APPEAR IN HIGHER COURT

STEVENS YESTERDAY SENT UP FOR TRIAL

Examination of Two Witnesses Closed Case for Crown—Yesterday Heavy Day for Authorities.

Yesterday was a somewhat remarkable day in the provincial police court. There were two commitments for trial, one on the charge of murder and the other shooting with intent to kill. The first was the case of Sapper Harold Gill, who will be tried for his life before a higher tribunal, and the other that of Ernest Stevens, the boy who shot Hasenfratz. Certainly the provincial court work is increasingly heavy these days, but the time for a lull is probably at hand.

The Stevens case was disposed of as far as the provincial court was concerned in the afternoon. Two witnesses were examined, Dr. Frank Hall, who has the wounded man under his charge, and Detective Thomas Palmer, who, in company with Sergeant Redgrave, arrested young Stevens.

The first witness, Dr. Frank Hall, swore that Hasenfratz was suffering from a gunshot wound in the head when he was called to attend him. The patient was removed to the Jubilee Hospital, where witness performed an operation with a view of locating and extracting the bullet and making its track as aseptic as possible. The wound was on the right side of the head, about an inch in front of the ear, and about an inch with the floor of the orbit. It shattered the floor of the orbit and entered the nasal cavity. He did not find the bullet, which still remains in the head. At the time he considered the wound very serious, and it was doubtful if the patient would recover. The condition of the patient was very favorable at the present time.

To the Court—As long as the bullet remained in the head there was an element of danger for at least a year. The tissues around it may break down after a while, and another and more desperate attempt to get it will have to be made. On the other hand it may not cause him any trouble at all.

Detective Thomas Palmer, being sworn, said that on Thursday, October 3rd, in company with Sergeant Redgrave, he arrested the accused at the residence of Mr. Finn, corner Chambers and Whitaker streets. They cautioned him and told him the charge. His mother, who was there, asked the boy to tell her the truth, and accused said that he and two other boys named Allen and Harrison were shooting in the Transfer field. He had a "pea-ribe" and shot at a woodpecker on a tree which he placed off, and he saw him (meaning Hasenfratz) fall. He then ran away.

The witness explained that when he and the sergeant went after the accused they were under the impression that a boy had been shot. They told the accused's mother that her son had shot an accident. She was arrested. They asked Mrs. Plump the name of the Hasenfratz boy and the accused answered Hermann. The accused said the shooting was accidental. Mrs. Plump, when told of the charge, said she had heard nothing of it, and earnestly reproached the boy for not telling her about it. On the way to the station the accused said that there would be a word on the tree limb where the bullet struck.

This concluded the case for the Crown. The accused declined to make a statement, after which the magistrate committed him for trial.

BOXES OF GOLD. Sent For Letters About Grape-Nuts.

330 boxes of gold and greenbacks will be sent to persons writing interesting and truthful letters about the good that has been done them by the use of Grape-Nuts food.
10 little boxes, each containing a \$10 gold piece, will be sent to the 10 writers of the most interesting letters.
20 boxes, each containing a \$5 gold piece to the 20 next most interesting writers, and a \$1 greenback will go to each of the 300 next best. A committee of three non-members of the Postum Co. will make decisions between Dec. 1st and 10th, 1901.

Write plain, sensible letters, giving detailed facts of ill-health caused from improper food; explain the improvement, the gain in strength, in weight, or in brain power after using Grape-Nuts food.
It is a profound fact that most ailments of humanity come from improper and non-nourishing food, such as white bread, hot biscuits, starchy and uncooked cereals, etc.

A change to perfectly cooked, predigested food like Grape-Nuts, scientifically made and containing exactly the elements nature requires for building the delicate and wonderful cells of brain and body, will quickly change a half sick person to a well person. Food, good food, is nature's strongest weapon of defense. Include in letter the true names and addresses, carefully written, of 20 persons, not very well, to whom we can write regarding the food cure by Grape-Nuts.
Almost every one interested in pure food is willing to have his or her name appear in the papers for such help as they may offer the human race. A request, however, to omit name will be respected. Try for one of the 330 prizes. Everyone has an equal show. Don't write poetry, but just honest and interesting facts about the good you have obtained from the pure food Grape-Nuts. If a man or woman has found a true way to get well and keep well, it should be a pleasure to stretch a helping hand to humanity, by telling the facts.
Write your name and address plainly on letter and mail promptly to the Postum Cereal Co., Ltd., Battle Creek, Mich.

SPORTS

THE RING.
REFEREE CHOSEN.
San Francisco, Oct. 17.—Harry Corbett has been chosen to referee the Jeffries-Rohlin fight on Nov. 20th.

BASKETBALL.
SATURDAY'S GAME.
A strong team is being sent down by the Lady-ninth Baseball Club to contest a game at the Caledonia grounds on Saturday next with the Victoria.

WRESTLING.
WEEKLY TOURNAMENT.
The regular weekly wrestling tournament of the J. B. A. will be held this evening in the club, commencing at 8:30 sharp. All who wish to spend an enjoyable evening should attend.

BASKETBALL.
THE INITIAL PRACTICE.
Last evening the members of the J. B. A. who take an interest in basketball held their first practice of the season. A very good game was indulged in, and the boys have every hope of having an exceptionally good team this season.

YACHTING.
THE CUP CHALLENGE.
London, Oct. 17.—In response to an inquiry as to the report that he was the challenger of a syndicate of fourteen organizers to challenge for the America cup, John Erskine, of Belfast, says: "The report was prematurely published, and without my authority. I regret that I cannot afford further information just now."

GOLF.
LADIES' CHAMPIONSHIP.
Montreal, Oct. 16.—Miss Thompson, of St. John, will play Miss Young, of Montreal, to-morrow for the ladies' golf championship of Canada. This morning's contest in the semi-finals between Miss Thompson and Miss Marler, of Montreal, was one of the most interesting of the tournament. Miss Thompson only winning out after two extra holes had been played.

REGBY FOOTBALL.
PRACTICE THIS EVENING.
A general practice of the Victoria Rugby club will be held this afternoon at 5 o'clock. All members are requested to be present. There will be a game at Oak Bay park on Saturday afternoon.

H. PETTICREW BACK.
The Victoria Rugby team has been greatly strengthened by the acquisition of Hugh Petticrew, their former full-back, who has just returned from Dawson. He will occupy his old position in future.

LACROSSE.
CHALLENGE FOR CUP.
A formal challenge by the New Westminster Lacrosse Club for the Minto cup was forwarded yesterday to P. D. Ross, secretary of the cup trustees, Ottawa. The British Columbia champions request that the date on which they shall play the Shamrocks, the present holders of the trophy, be a team when August next. The number of games is immaterial, but the trustees are urged, in consideration of the expense, that the contest take place at Walsalpe or in British Columbia.

The letter enclosing the challenge requests an official statement regarding the status of the V. M. C. A. team when it played the Shamrocks last Saturday.

ASSOCIATION FOOTBALL.
SEASON OPENS SATURDAY.
Next Saturday will practically open the Association football season. Two games are scheduled to take place, one in the Junior and the other in the senior league, and both promise to be of an exceedingly interesting nature. From now on enthusiasts will be able to witness a match every Saturday at the Hill or Caledonia grounds.

The first game of the season league schedule will be played in the Terminal City on Saturday between the Columbia Foot Club of this city, and the Vancouver team. The following team will represent the Columbias: C. F. Marshall, goal; Harry Nesbitt and Sam Shanko full backs; Harry Gartley, Bob Dalby and Arthur Netherby, half backs; Jack Lawson (captain), M. Winsby, G. B. Wilson, Bob Lewis and C. Berkeley, forwards; substitute, J. Hart and E. Bone.

Members of the club are particularly requested to be present at a meeting to be held this evening in the club house, Bannock Hill, commencing at 8 o'clock sharp.

SOUTH PARK HIGH SCHOOL.
The Junior League will open on Saturday next with a game between the South Park (present champions) and High school. For some time past both aggregations have been preparing for Saturday's contest and a good even match is expected.

The following players will represent South Park: Goal, J. Jameson; backs, J. A. Compton and F. Gullin (captain); half backs, P. Ireland, R. Pike and S. Scott; forwards, H. Douglas, V. Irvine, E. Farrell, W. MacAfee and R. Bartford.

INDICATES CHARACTER.
Don't Complain if You Have a Big Nose, For That's the Very Best Kind.

"A large nose is always an unfailing sign of a decided character," writes Blanche W. Fletcher, in an article on "Reading Character from the Face" in the Ladies' Home Journal. "It belongs to the man of action, quick to see and to seize opportunity. A small nose indicates a passive nature, one less apt to act, although he may feel as deeply. He will have many theories, while the possessor of a large nose will have deeds to show. Personal with minor projecting nose and bridge shows thought. A straight nose shows an inclination toward serious subjects. A nose that turns up slightly indicates eloquence, wit and imagination. If turned up much it shows egotism and love of luxury. A nose that slopes out directly from the forehead, but shows no indentation between the eyes, indicates power. If the nose is indented deeply at the root, the subject will be weak and vacillating. A nose that turns down signifies that the possessor is misery and sarcastic."

DOLLS AND DOLL-MAKING.
Girls with pleasing voices find remunerative employment in factories where "talking dolls" are manufactured. These dolls contain a miniature phonograph, and the girls are kept busy talking into the tiny machines that are afterward fitted into the dolls. They recite the familiar nursery jingles, "Mother Goose" rhymes and other literature for small folk. A tube connects with the mouth of the doll, and through this the phonograph is heard when the doll is wound up.
Doll repairing is an exceedingly profitable branch of the work. Children are proverbially tenacious in their attachments to old dolls, and the repairer is kept busy supplying missing arms, legs, heads, wigs, toes, fingers or other parts. The jointed dolls, which may be placed in any position, require great strength to repair them, since all but the smallest are jointed by means of powerful elastic bands, passing through the body. These must be exceedingly taut or the limbs will hang limp.

The Institute is free for the use of Sailors and shipping generally. As well supplied with papers and a temperance bar. Letters may be sent here to await ships. A parcel of literature can be had for outgoing ships on application by means of mail. All are heartily welcome.

IT HAPPENED IN A DRUG STORE.
"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider this a very good recommendation for the remedy." It is for sale by Henderson Bros., Wholesale Agents.
Nearly nine-tenths of the cure in the world is produced in the countries bordering on the Mediterranean.

WEATHER BULLETIN.

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, Oct. 17, 5 a.m.—The barometer, though still highest on the Vancouver Island and American coast, has decreased considerably, and low areas from the ocean are passing over the northern part of the province. The weather is cloudy along the Coast from San Francisco northward, and rain is falling in western Oregon and Washington. Winds are light and fog prevails in the Straits. In the Northwest a low area is ventral in Skagway, Chena, the weather is mostly fair and cold, with 12 degrees of frost in Mantoba and light snowfall at Port Arthur.

Forecasts.
For 24 hours ending 5 p.m. Friday. Victoria and vicinity—Moderate or fresh southerly winds, chiefly cloudy and cooler, with rain to-night or Friday.
Lower Mainland—Moderate east to south winds, cloudy and cooler, with rain.

Reports.
Victoria—Barometer, 30.03; temperature, 53; minimum, 53; wind, 4 miles S. W.; weather, clear.
New Westminster—Barometer, 30.08; temperature, 48; minimum, 42; wind, 6 miles E.; weather, clear, fog.
Kamloops—Barometer, 30.06; temperature, 58; minimum, 38; wind, calm; weather, fair.

**Barberville—Barometer, 29.96; temperature, 52; minimum, 39; wind, cald; weather, clear.
San Francisco—Barometer, 30.12; temperature, 54; minimum, 52; wind, 6 miles W.; weather, cloudy.**

CITY NEWS IN BRIEF.

For big reductions in Dry Goods don't miss the Clearing Sale at "The Sterling," 39 Government Street.
There was a large attendance at the whist tournament in the F. Y. M. A. hall last night. A. Marconi was the winner, with a score of six games won and one lost. The next tournament will be held on Wednesday, October 23rd.
The favorite route from this city to Nanaimo is now by the Victoria & Sidney railway and steamer Iroquois. Train leaves every Monday and Thursday at 7 a.m. Single fare \$1.50. Return, good for ten days, \$2.50.

The popular steamer Rosalie sails at 9 a. m. daily, except Saturday, from Hudson's Bay Co.'s Wharf for Seattle and other Puget Sound points. E. E. Blackwood, Agent.

Victoria, Co., No. 2, Uniform Rank Knights of Pythias, held a well-attended meeting at Castle hall on Tuesday night. They are progressing very favorably. The next meeting is to be held on Tuesday next, October 22nd. All interested, either old members or those intending to join, will please take note that a full attendance is desired.

Try our English Health Salt at 50c. A marvel for constipation.
F. W. FAWCETT & CO., Chemists, 39 Government St.

The two San Francisco girls, Bessie Vincent and Sadie Cook, who were apprehended upon their arrival on the steamer City of Puebla yesterday by Detectives Palmer and McDonald, will return to the Bay City under the escort of a San Francisco police officer. The latter left last evening by the overland route and should be here in a couple of days. In the meantime the two girls are confined in the best room at the police station. They have submitted to the inevitable, and with the exception of a few tears shed yesterday, have borne their captivity with equanimity.

The Mutual Life of Canada

SEEING IS BELIEVING.

About every one who examines these special novels offered at a quarter each through the International Association of Newspapers and Authors wonders how it can be done, for the novels are the copyrighted (protected) kind which are usually priced above a dollar. The books are by such well-known writers as Paul Leicester Ford, Stockton, Cable and Amelia E. Barr. They are all in fine cloth binding in various delicate tints and with individual cover designs; they are printed from the very same plates as the most expensive editions, and are therefore just as good to read, and the price is only a quarter a copy. "It's wonderful how it can be done, yet it is done. "Seeing is believing." Learn particulars from an announcement on page 7 of this Evening's Times.

There was a march out of the blue and red marines from the warships in port this morning. The parade, headed by the band, went around by Macaulay Point, reaching the naval base again shortly before noon.

Some so-called sports recently selected big game for their attention, and shot the harmless donkey browsing at Rosebank, Esquimaux harbor. The poor animal was the property of H. Dallas Helmecken, M. P. P., and was the mascot of the place, where it has lived for several years.

At the meeting of the trades and labor council last evening the longshoremen's union was awarded the prize for the greatest percentage of members at a union of over 50 members in parade on Labor Day. As soon as the full returns are received from the secretaries of the unions other prizes will be distributed.

The death occurred at Nanaimo yesterday of Lewis Vogel, for many years one of the leading baseball players of Nanaimo and of the province. The late Mr. Vogel went to Nanaimo about ten years ago from Illinois to play as catcher for the Coal City club. Up to a year ago he was an active member of the nine. The deceased was about 38 years of age, and leaves a brother residing in Illinois.

The remains of the late Mrs. H. S. Mason will be laid at rest at Ross Bay cemetery to-morrow afternoon. The funeral will take place from the family residence, No. 8 Church Way, at 2:15, and at 2:30 from the Reformed Episcopal church. The religious services will be conducted by Bishop Cridge, assisted by Rev. Dr. Wilson, both at the church and grave.

It is the intention of the trades and labor council to invest the surplus accumulated from the recent Labor Day celebration in the way of providing a permanent place of meeting for the labor organizations of the city. With that end in view the council last evening instructed the hall committee to enter into negotiations with Messrs. R. Porter & Sons for a lease of the rooms over their new butcher shop, corner of Douglas and Johnston streets. The work of preparing the building for the accommodation of the trades unionists will be proceeded with at once, and it is expected that in the course of a few weeks will be ready for occupation.

A large and appreciative attendance was present at the entertainment given at the Congregational church last evening. One of the most interesting features of the event was a talk on Oriental travels, given by George Carter. The platform was decorated with Oriental rugs and curios. Hon. Abraham Smith occupied the chair very acceptably, and a number of ladies and gentlemen in Eastern costume made the entertainment appear more realistic. Those taking part were: Parson ladies, Mrs. G. Carter, Miss Barrett and Miss Lily Talbot; Tamil lady, Miss Blyth; Ayah, Miss Scowcroft; Japanese lady, Miss Lizzie Scowcroft; Hindoo characters, Mr. Sidney Talbot and Mr. Stanley Waring; Hindoo play actors, Marlow Carter and Norman Waring.

TO INTERVIEW MINISTERS.

Messrs. Binck and Griffiths, of Sunrise Company, Atlin, in City to See Government.

F. T. Binck, who is extensively interested in the Sunrise Company, on which a great number of miners of the Atlin district are dependent for the water necessary to work their claims, and Mr. L. H. Griffiths, who is also associated with the company, arrived in the city yesterday and are staying at the Dariel hotel. Mr. Griffiths, when approached by a representative of the Times this morning, stated that the presence of Mr. Binck and himself in Victoria is for the purpose of, at an early date as possible, obtaining an interview with the government pointing out to them the ridiculousness of the Sunrise Company attempting to operate if they are to be ordered every other day to close down. It is hoped that the government will make some agreement with the company whereby they will be able to operate next season without being harassed by orders and counter orders.
Mr. Griffiths says that has been the condition of affairs at Atlin during the past year. The company went into the country and spent \$25,000 in construction putting in hydraulic machinery, including giants. He states that the company at one time received an order to discontinue supplying the miners with water. This, says Mr. Griffiths, was ridiculous. It reminded him of the mother giving the boy permission to go in for a swim, but warning him not to go near the water. Mr. Griffiths says that Atlin is not the country for individual miners without capital. Those who wish to make money must operate on an extensive scale.

LEGAL NEWS.

Supreme Court Action This Morning.—Applications heard in Chambers.

In the Supreme court this morning, before Mr. Justice Drake, the case of Scott vs. Tugwell, an action arising out of failure to redeem a promissory note given several years ago, was heard. Judgment was reserved. A. L. Belyea, K. C., appeared for the plaintiff, and Thornton Fell, the defendant.

To-morrow the following actions will be heard: Fishermen's Canning Co. vs. Wing On, and Warren vs. Genelle.

It was erroneously stated in these columns last evening that Full court judgment was handed down in the suit of Easterbrooke vs. Severance. This was not the case; the judgment being that of only one of the judges. The Full court judgment in this matter will be handed down to-morrow.

Two Great Novels

READY TO-DAY.

(1) "Simon Dale"

By Anthony Hope

(Author of the "Prisoner of Zenda"). This is conceded the best of all "Neil Gwynn" stories—adventures in England and France with Charles II. and King Louis.

(2) "A Fair Barbarian"

By Frances Hodgson Burnett

(Author of "A Lady of Quality.") The heroine was a western girl who visited relatives in England and put a "Swell Set" agog with her beauty and originality. Taken from life.

20 Great Novels, in Art Cloth Covers, by 20
of the Most Famous Modern Authors, 20

The Plan.

Two hundred of the greatest daily newspapers in two hundred of the leading cities throughout the world have organized to familiarize their readers with and thoroughly popularize in every English-speaking country, the best works of the most famous authors of both America and England at the close of the 19th century.

THE INTERNATIONAL ASSOCIATION OF NEWSPAPERS AND AUTHORS.

has one newspaper representing it in each of the leading American cities to make this unusual distribution. The Times was selected as the newspaper member for Victoria and the surrounding districts.

Each of the American and English authors will be represented by a famous book, hitherto published at \$1.25 to \$1.50, but which will now be published for, and sold through, the medium of the newspaper members at a merely nominal price, 25 cents per volume—only sufficient to cover the actual cost of production in editions of unusual proportions in fine cloth binding.

While the work of distributing is under way in this country, the leading newspapers of Great Britain, United States, Australia and the Colonies are prosecuting a similar distribution throughout the British Empire. In this novel way the best works of the famous writers will be thoroughly circulated throughout both hemispheres, so that the whole English-speaking world of thought shall be drawn into close and intimate touch with the Anglo-Saxon world of letters at the dawn of the twentieth century.

SOME OF THE AUTHORS

WHOSE FAMOUS WORKS WILL APPEAR IN THE DISTRIBUTION ARE AS FOLLOWS:

PAUL LEICESTER FORD,

Author of "Janice Meredith," "Wanted a Matchmaker," etc.

EGERTON CASTLE,

Author of "The Pride of Jennico," "The Light of Scartney," etc.

R. N. STEPHENS,

Author of "An Enemy to the King," "The Continental Dragoon," etc.

MAX PEMBERTON,

Author of "Foe," "Garden of Swords," "Queen of the Jesters," "Signors of the Night," etc.

AMELIA E. BARR,

Author of "Bow of Orange Ribbon," "Maid of Maiden Lane," "Jan Vedder's Wife," "Friend Olivia," etc.

R. D. BLACKMORE,

Author of "Lorna Doone."

E. P. ROE,

Author of "Barriers Burned Away," "Opening of a Chestnut Burr," "A Young Girl's Wooing," "Sombre Rivals," etc.

MARION CRAWFORD,

Author of "Via Crucis," "Saracinesca," etc.

ROBERT GRANT,

Author of "Unleavened Bread," "Face to Face," etc.

GERTRUDE FLORENCE ATHERTON,

Author of "The Valiant Runaway," "Senator North," etc.

JAMES L. FORD,

Author of "Literary Shop" and "Hypnotic Tales."

OTHERS WILL BE ANNOUNCED LATER.

25 cents
per
Volume

Bound in Cloth, Embossed
in Inks from Original de-
signs, and exactly the
same as regular \$1.25 and
\$1.50 books.

ALL OF THE BOOKS ARE COPYRIGHTED HERE AND ABROAD.

HOW TO ORDER THE BOOKS

One week will be especially devoted to two authors. During each week the supply of the "books of the week" will be practically unlimited, but after the week has been passed there is liable to be a scarcity caused by the after demand, which will probably far outrun the allotment, so that each subscriber or reader of the Times should during each week comply with the conditions and bring or send 25c. to this office with the desired author's voucher cut from the advertisement. Or, better still, in order to be quite certain of obtaining the complete set, \$6.00 in one payment will guarantee the delivery of the twenty books, postpaid, as fast as issued, or \$3.00 will insure delivery of the first ten announced here.

Under no circumstances will these books be sold in any other way during this distribution, and when it ends, the full price must thereafter be paid to the author's publisher for the regular edition, which will then be published.

Those ordering by mail must send 30 cents per volume. The books are fully equal in quality and general make-up to the \$1.25 and \$1.50 volumes published regularly.

The contract with each author calls off for the surrender of royalties while this distribution is in progress. At the end of that time, the plates must be handed over to the author, that the regular price, instead of 25 cents, may thereafter be charged and the author's royalties and his or her publisher's profits secured on any further editions.

Order the Entire Set To-Day

As the demand for this special edition will unquestionably far exceed the supply, it has been agreed to allot to each city pro rata according to the daily circulation of the newspaper member of that city. The only way to be certain of securing all the volumes, without sending for one each week, is to order the entire set, now! Prompt action insures a saving of many dollars.

What the Library Will Be

In the production of the twenty volumes which will constitute this great library of fiction, no expense has been spared; in fact no conceivable expense can matter when divided among the volumes of an edition of such magnitude. The books will go direct from the bookbinders to the journal representing the Association for delivery to its readers and subscribers, and will be obtainable from no other sources. The volumes will be uniform in size, quality and general style, each having, however, an artistic and appropriate design of its own. In size they are what is known as square 12mos, altogether the most popular book-form at the present day.

Each book is printed from the finest original plates of the \$1.25 and \$1.50 editions. The type in every case is easy to read and beautifully pagged and with ample margins. The paper is of fine quality, equal to that used in the usual \$1.50 books; the ink is the best and the presswork is done carefully and skillfully. The volumes average 300 pages each. The bindings are something new in book-making—with patent sewing—whereby the same effect is obtained as in the famous cross-stitch of the Oxford Teachers' Bibles, so that the books can be opened full width and bent back until the covers meet without straining. The covers are of art linen cloth, in delicate tints, embossed in inks. The volumes are dainty in appearance and thoroughly worthy in quality throughout.

City Readers

Secure the Volumes for 25 cents and one voucher at our office.

Out-of-Town Readers

Mail 30 cents and voucher and the book ordered will be sent post-paid.

This is the Easy Way to Get the Books as Issued.

The Association announcements are made in the Times exclusively, and in each announcement is printed a Book Voucher. The little voucher, together with the little price, bring the books of the week, or of any preceding week, while the allotment lasts. It is best to apply promptly, either personally or by mail.

To the right is the voucher for the two books now ready. You can't go wrong in getting them all. Bring or send the voucher, with price named, to

THE VICTORIA TIMES.

SCHOONER FLEET FROM BEHRING SEA

MANY SEALERS HOME AFTER FALL CRUISE... Small Catches Obtained, But No Accidents or Seizures Reported—New Rookeries Have Been Located.

After several days of expectancy a change in the weather has at last come... The fleet which has just arrived consists of the Asiatic coast, she being the Mary Taylor, Capt. Buckholz.

One of the fleet which has just arrived consists of the Asiatic coast, she being the Mary Taylor, Capt. Buckholz, which, during her cruise, now ended, has seen a good deal of Russian territory.

The Florence M. Smith, Capt. R. Balcom, brings home a catch of 640 skins... She hunted only in Behring Sea and carried an Italian crew.

Freight Market Weakening... R. P. Rihet & Co.'s monthly freight and shipping report for the month of September says:

SHIPS AT OUTER WEAR... There is quite a large fleet at the outer wharf today. A collier is lying off the wharf having orders to proceed to Tacoma to take on cargo.

CASTORIA

For Infants and Children... John Cochrane, Chemist

was seen, which reported a catch of 600. Others were met, but they are now in...

Capt. Rube Balcom, brother of Capt. Balcom, the harbor master of the fleet, will leave in a few days for the East to take command of one of a few sealers to be sent south from there to the Shetland Islands.

The fact that there have been no accidents during the year is said to have an important influence on the insurance of the fleet. It is said the association is now carrying its own rates this season, and that in consequence a saving of between \$20,000 and \$40,000 will be effected.

It is unauthoritatively stated that the association will detach a number of ships for scouting purposes, and will endeavor to find fresh grounds with these, while the remainder of the fleet prosecutes its work on the old grounds.

THE KAGA'S MISHAP... The repairs to the Nippon Yaseu Kaisha liner Kaga Maru, which collided with the German steamship Elba on Tuesday afternoon, off Five-Mile point, will be completed at Seattle to-night and weather permitting, the vessel will leave to-morrow morning, calling here to take on some freight and Chinese passengers.

QUADRA'S CRUISE... D. G. S. Quadra returned this morning from a cruise on lightship duty in the Gulf of Georgia, during the cruise a survey was made of the south end of Merry Island for a suitable site for a lightship, shortly to be erected there to facilitate the navigation of Welcome Pass at night, a pass frequently used by the coasting trade from Vancouver.

MARINE NOTES... Supplies were landed at Pt. Atkinson, Entrance Island, Ballinas Island, Yellow Rock and the Sister Rocks, and also at Active Pass, where the Quadra was detained a day on account of fog. Capt. Wallrae reports the Gulf of Georgia is full of fog, making navigation there and amongst the islands extremely hazardous.

DOESN'T LIKE VICTORIA... Sneak Thief Not Impressed With Charms of This Fair City... Yesterday's steamer for the Sound carried away one man whom Victoria with all its charms failed to impress.

CASTORIA... For Infants and Children... John Cochrane, Chemist
