Operations
Purpose of Operations

The office of the COO is a center of organizational effectiveness that executes on the strategy and vision of the organization based on market awareness, data proof points and operational excellence.
Opportunities we will work through

- Reducing duplication
- Eliminating waste
- Fostering a positive, respectful ethical work environment
- Disrupting silo practices
- Improving our “Say:Do” ratio
- Advancing our remote culture
Our focus as your partners

Four key bodies of work

1. Organization efficacy & excellence  ➔  How efficiently the Foundation works
2. Operational rigor                   ➔  The way we get work done
3. Leadership practices              ➔  Method/process/procedure
4. Resource Stewardship              ➔  Impact of our investments
**Objective:**

Implement organizational best practices to improve the effectiveness of how the Foundation achieves its targeted outcomes

Two Organizational Efficacy efforts were initiated this quarter, sustainability and staff rewards.

Historically sustainability was a primarily staff-led effort with no formal home/accountability structure. These grassroots efforts were critical in raising the profile and importance of this work, which is now led by Operations in partnership with staff.

Rewards were a critical missed opportunity to celebrate the great work our staff does. We are committed to exploring options to improve.

Organizational Efficacy

Efforts underway

Sustainability
- Release of blog post, assessment and participation in Digital Climate Strike
- Onboarding of consultant to aid in milestone delivery, focus groups, exploration of CO2 reduction target

Staff Rewards System
- Exploration of options for manager-to-report as well as peer-to-peer
- Performance focus: delivery and values

Drill Down: Organizational Efficacy Sustainability
Objective:

Establish practices to deliver discipline and consistency to Foundation processes and operations

Our Operational Rigor is rooted in ensuring that staff are empowered to carry out the work they are responsible for delivering, in the right manner every time.

In July we kicked off efforts to overhaul our quarterly Foundation assessment processes, resulting in the delivery of the Tuning Session.

In October we initiated efforts to further develop our annual planning processes, inputs/outputs.

Operational Rigor

Efforts Underway

Tuning Session
- Delivery of a strategic, non-subjective, time efficient, templated process in which the Foundation’s activities can be assessed
- First time “in the wild”, feedback survey forthcoming

Annual planning improvements
- Provide clarity, improve ease of use, and increase collaboration
- Create shared definition for Core work

Efforts in the hopper

Culture committee

Department: Operations
**Objective:**

Analyze, implement and improve Foundation practices which advance staff capabilities to lead, inspire, empower and innovate

This quarter’s leadership practice work has been primarily focused on supporting monthly staff meetings, driving our System of Performance implementation, and initiating preparations for All Hands.

Our long term goal is to be a portal to drive a culture of excellence where our leaders are committed to problem solving, collaboration, positive and creative thinking, endurance, resiliency...all designed around process driven practices.

Leadership Practices

Efforts Underway

Staff Meeting

- Ensuring staff are kept abreast of important leadership and Foundation updates
- Transitioning ownership to T&C

All Hands

- Efforts underway with T&C/F&A/Chief of Staff
- Consultant identified along with staff volunteers

Efforts in the hopper

Enterprise bubble assignments

Summer intern diversity pipeline

Department: Operations
Objective:

Ensure resource expenditures are aligned to Foundation priorities and are prudently utilized through maximized performance output

Our Resource Stewardship efforts have been focused on providing clarity and structure to the Opportunity Fund. Katherine helped hone in on the fund’s focus: new projects/work that advances our program goals and MTP.

In partnership with Finance, we have created a template for submissions and established a COO/CFO joint-led committee to review requests and ultimately present to C-Team for approval.

Future efforts may include a cost-out initiative, e.g. vendor/tool consolidation, exploring design-to-cost opportunities.
