

NEW TUNNEL SYSTEM

C. G. HASTINGS OF GLENDALE TO PROMOTE INSTALLATION OF CONCRETE TUBES

The reinforced concrete tunnel is the latest thing in underground tubes for the conveyance of roadways or railways. The system is being perfected daily by the Hastings Tunnel System company of 170 Broadway, New York. This company is represented in Southern California by C. G. Hastings, civil engineer, of 1215 W. Ninth street.

Mr. Hastings has been in New York for some time past, occupied with the work of this company, which has been unusually successful in obtaining contracts for tunnel work in the large cities of the East. The company also does a great deal of work in the way of acting as consultant on large development work in connection with public improvements. The company has also an engineering branch in Hoboken, New Jersey, on the opposite side of the river from New York and this engineering branch has been active for some time past in the new tunnel work.

The Hastings company is well known in Chicago, where it constructed the great 20-foot tunnel between Vincennes avenue and Dearborn street. This was a wooden frame tunnel with a brick lining and is still looked on as a very remarkable piece of engineering construction. The latest style of tunnel is a reinforced concrete skin with a glazed concrete finish on the inside. This concrete is formed after a particular process which the Hastings company has perfected. It makes a very fine, smooth and extremely durable tunnel.

Naturally the Hastings company is interested in the conditions now existing in Los Angeles, where there is a possibility of considerable tunnel construction in the near future. Talking on this subject, Mr. Hastings said: "We have looked over the situation in Los Angeles and would be sorry to see the natural beauty of the city destroyed by open cuts. We think that tunnels will serve all the purposes of opening up the congested center of the city and still preserve the fine natural and picturesque features of the civic landscape. I know also that a tunnel will be much cheaper and will serve the city's wants equally well."

RECEPTION TONIGHT

The reception to be given this (Thursday) evening at 7:30 o'clock at the Chamber of Commerce by the Glendale Garden society promises to be a huge success. The rooms will be beautifully decorated under direction of Mrs. J. H. Seaman. Refreshments will be served by Mrs. H. C. Ackley assisted by dainty young girls charmingly wreathed with smilax and golden daffodils.

Five-minute talks will be given by Mr. Hylas Holt on "How to Raise Potatoes," and by Mrs. J. W. Durham on "How to Treat the Soil." A Question Box will prove most entertaining. Any member or friend may send up a written question pertaining to any horticultural or agricultural matter to the Secretary's table. These questions will be read aloud, and anybody in the audience who knows the answer is invited to give the desired information.

A most attractive feature of the evening will be some violin numbers graciously promised by Professor Lowinsky. The president of the Garden Society invites all Glendale people to this reception.

MEETING OF MUSIC SECTION

Mrs. E. W. Kinney, music curator of the Music section of the Tuesday Afternoon club, has arranged a unique entertainment for the members of that section and the members of the club and their friends. The meeting of the section will be held Friday, March 10, at the home of Mrs. Kinney, 1223 W. Seventh street, at 2:30 p. m. The afternoon will be given over to Russian music. Mr. Anton Dahl, formerly court pianist to the czar and czarina of Russia, will be the guest of the afternoon. He will appear in his court costume and will give a thoroughly practical exposition of Russian music. Other musical celebrities will be present. The members of the Tuesday Afternoon club and their friends are cordially invited to be present.

THE WOMAN'S AUXILIARY

The Woman's Auxiliary of St. Mark's church will meet tomorrow, Friday, at the home of Mrs. C. I. Mills, 515 S. Central avenue, from 12 to 3 o'clock. All women of the church are cordially invited to be present. Services in the church at 3:30 o'clock.

TALK ON TAXATION

COUNTY ASSESSOR HOPKINS PUTS HIMSELF AT DISPOSAL OF CITIZENS FOR INFORMATION

In another column the Glendale Chamber of Commerce advertises the fact that County Assessor Edward W. Hopkins will appear at the next meeting of that body, Friday, March 10, to give information to all who desire it regarding taxation. This is an opportunity that no person interested in this matter should neglect. It is very common to hear desultory talk about high taxes by parties who have given the matter no consideration, who nevertheless grumble continually.

Those who think they have grievance in the matter of taxation should be present to learn what are the actual facts. Those who grumble and complain without having taken the opportunity of getting at the real facts in this taxation business will henceforward be confronted with an effective argument.

When reasonable people reflect that here is a busy county official placing his time at the disposal of this community for the purpose of informing them concerning a vital matter, it might be supposed that the Chamber of Commerce might be crowded with eager listeners. Let us hope that such will be the case Friday.

Ample opportunity will be given anyone to put any question to the assessor regarding the taxes. The discussion should be entirely impersonal and non-political and should also be of great value to the community. All are not only cordially invited to be present but are also earnestly urged to avail themselves of this opportunity.

P. E. O. MEETING

Chapter L, P. E. O. met Wednesday, March 8, for an all-day meeting, at the home of Mrs. Lusby, 124 N. Jackson, with Mrs. Tower, president, in the chair. After the opening of the meeting a very impressive memorial service was held for our late and beloved sister, Mrs. Elizabeth Moyle, who was one of the charter members and first president of the chapter. A vacancy has been made that can never be filled in the life of Chapter L.

Following the usual routine of business election of officers followed which resulted as follows:

Mrs. Charlotte Campbell, pres.; Mrs. May Lee, vice-pres.; Mrs. Pearl Tower, recording sec.; Mrs. Genevieve Goss, corresponding sec.; Mrs. Nell Maxwell, treas.; Mrs. Edith Hunchberger, chaplain; Mrs. Bernice Pulliam, guard.

After the election a recess was taken at which time all partook of a paper box luncheon and social hour. When the meeting was again called to order, Mrs. Genevieve Neal was initiated into the mysteries of the Sisterhood. Her aunt, Mrs. Gardner, of Chapter E, Los Angeles, was present to witness the initiation and gave us a very pleasing little talk. Following this the new officers were installed and the year's work closed.

"THE PEOPLE'S BIBLE CLASS"

At the Presbyterian church this evening at 7:45, Rev. J. R. Pratt, D. D., of Pasadena, will continue the foundation studies on the book of Romans. Two hundred were present last week, and a larger number is expected this evening. The Sunday School room being no longer large enough, the class will meet in the auditorium, as will also the "Monday Bible Class." Let it be known that these classes are freely open to the general public. All are invited.

VILLA ATTACKS COLUMBUS, NEW MEXICO

MEXICAN REBEL GENERAL'S TROOPS KILL FOUR U. S. SOLDIERS AND SIX CITIZENS IN RAID

(Special Service to Glendale Evening News)

COLUMBUS, N. M., March 9.—Gen. Villa, the Mexican rebel leader, at the head of 400 cavalry, swooped down on Columbus this morning. His men immediately began to shoot and kill. The detachment of the Thirteenth cavalry, which is stationed here, rushed to repel the invaders. Villa's men, however, had time before the troopers arrived to loot and burn three of the principal business houses in the city. They killed four privates of the Thirteenth cavalry and wounded four others. Six American civilians were shot down and killed in the streets. Among those killed were: W. P. Richey, proprietor of the Columbus hotel; Mr. and Mrs. James Gean and T. C. Miller. Twenty other citizens were wounded.

When the Thirteenth cavalry got into action it was not long before the Villa bandits began to give way. The shooting of the United States cavalrymen was accurate and did great execution. Col. Slocum was in command and the American soldiers ultimately drove the Mexicans off and headed them south. Fifty of Villa's men were killed outright in this drive and many were wounded.

This city is in a condition of keen resentment against this outrage and already the people are crying out for an expedition to hunt Villa. The bandit and his followers, however, are now safe among the hills.

(Later)—Lieut. Charles Benson of the Thirteenth Cavalry is among those wounded in the Villa raid. He was shot through the arm. Ten American wounded soldiers were taken to Fort Bliss this afternoon.

Advices from Washington, D. C., this afternoon stated that American troops had crossed the international boundary into Mexican territory in pursuit of Villa and that the government was considering asking Carranza to join in the hunt after the bandit.

GERMANY DECLARES WAR ON PORTUGAL

TEUTONS ESTIMATE FRENCH LOSSES IN VERDUN FIGHTING AT 80,000

(Special Service to Glendale Evening News)

BERLIN, March 9.—The Germans captured Fort de Vaux and the village this afternoon. Fighting of great violence is proceeding in this region northwest of Verdun to the Meuse and east of the Meuse from the Cote de Talou to the Douaumont region. The fiercest fighting is on a front of ten miles. The heights of Raben and the Cumieres wood fell into the hands of the German troops. French losses in the Verdun fighting up to date are estimated by Berlin experts at about 80,000.

GERMAN FLEET RETURNS TO KIEL CANAL

TEUTON ARMADA AFTER RECONNOITERING IN NORTH SEA SAILS BACK TO OLD QUARTERS

(Special Service to Glendale Evening News)

AMSTERDAM, March 9.—After what is regarded here as a reconnoitering trip in the North Sea the German fleet returned again this afternoon to its old quarters in the Kiel canal. The fleet consisted of somewhere about fifty vessels. Many of these had the appearance of being vessels recently added to the fleet and had four funnels, one of which was painted yellow. The big fleet was accompanied by a flotilla of submarines, torpedo boats and minelayers.

GERMANS CAPTURE FORT DE VAUX

TEUTONS ADOPT HOSTILE ACTION AGAINST REPUBLIC WHICH SEIZED INTERNED SHIPS

(Special Service to Glendale Evening News)

BERLIN, March 9.—Germany today declared war against Portugal. It will be remembered that in spite of German protests Portugal confiscated German interned vessels in Portuguese harbors. It was believed that the German vessels were likely to make a dash for the sea in order to become raiders. This makes the fourteenth power that has entered the war.

ROOSEVELT DOES NOT WANT NOMINATION

EX-PRESIDENT SAYS, HOWEVER, THAT HE WILL SERVE HIS COUNTRY IN CASE OF A CRISIS

(Special Service to Glendale Evening News)

NEW YORK, March 9.—Telegraphic advices from Trinidad, the British island off the coast of South America, which ex-President Roosevelt has reached in the course of his travels in the West Indies, state that he does not desire the nomination for the presidency. It is added, however, that he holds himself in readiness to make his services available in case of a crisis.

SAYS "WARNING" STORY IS FALSE

(Special Service to Glendale Evening News)

WASHINGTON, D. C., March 9.—Secretary Lansing today characterized as "false" a press association story to the effect that the United States government would shortly warn Americans not to travel on armed merchant vessels.

ENTERTAIN DAUGHTERS

MRS. BRALY ADDRESSES LADIES OF THE D. A. R. ON "PREPAREDNESS"

Mrs. J. H. Braly, 205 N. Brand boulevard, entertained the Daughters of the American Revolution at her home Thursday afternoon, in regular session of the society. It was expected that Col. Saltmarsh would be present and speak on "Preparedness," but he was unexpectedly detained in Los Angeles and was unable to attend. In his place Mr. J. H. Braly was asked to speak on the same subject, which he did with great effect. He told of the vast benefit that young men get from military training, both physically and mentally, and cited numerous cases in which the discipline of a military school had had the effect of making men of politeness and alertness out of boys who had all the faults of disobedience, irregularity and indifference. Mr. Braly also gave some interesting statistics from prominent naval officers showing the need for the creation of a stronger navy and increase in coast defense and battle cruisers. Statistics of the strength of foreign navies were also given and a great deal of interesting matter told concerning the army.

Among the guests of the day were Mrs. Imler and Miss Cora Hickman from Los Angeles. Mrs. M. B. Chamberlin sang "California Is Calling Me." She was accompanied by Mrs. Parke of Los Angeles, who also played several pieces with great acceptance and made some remarks on the subject of "Preparedness."

The rooms were comfortably filled by the party which numbered about thirty. Everywhere the beautiful California poppy adorned the rooms. Calendulas, grown from seed brought from Governor Pickens' old home in South Carolina, by Mrs. Braly, also helped to brighten the scene along with a profusion of lovely daffodils. Delicious refreshments were served and a large box of candy that had been presented to Mrs. Braly was shared by the guests.

RED CROSS MEETING

Glendale branch of the British Red Cross society of Southern California met in La Canada, Monday, at the home of Miss Godfrey. The meeting was attended by 17 ladies from La Canada and six from Glendale. The afternoon was spent in doing a great deal of work. Mrs. Lees of La Canada was particularly active in cutting out material and she was assisted in this work by Mrs. Holden, whose energy was also responsible for much of the work done.

Material was donated by three Italian ladies who were also active in the work of the afternoon. Miss Godfrey was particularly gracious and hospitable as hostess. Miss Ina Whitaker of Glendale enlivened the afternoon by playing several selections on the piano and also by reading letters from England describing the Belgian relief and hospital work and the Zeppelin raids on London. Mr. Holden was specially thanked for having met the Glendale ladies at the Montrose car and for having piloted them to the place of meeting.

Those present from Glendale were Mrs. Dawes, Mrs. Maitland, Mrs. Porter, Mrs. Dodge, Mrs. Morgan and Miss Ina Whitaker. The next meeting will be held at the home of Mrs. R. E. Whitaker, 1460 Colorado boulevard, Monday, March 20.

SECRETARY OF WAR INSTALLED

WASHINGTON, D. C., Mar. 9.—Newton D. Baker was installed in office today as secretary of war. He entered the war secretary's office, early this morning and was closeted with the under secretaries all day. He will necessarily require some time to get acquainted with the routine of his new post. Baker is looked on here as rather quiet and retiring.

Newton D. Baker, ex-mayor of Cleveland, who succeeds Secretary Garrison as secretary of war, is an old student of Princeton University, where he studied under President Wilson, who has always thought highly of the new official. Baker was a newspaper man in Cleveland. He is a native of West Virginia. He is an advanced thinker and a firm believer in "preparedness." He also thinks the government should construct strategic military railroads to various points of the coast and advocates the Swiss military system of service for the creation of a powerful civilian army. Baker has been credited with saying that if the nations will not keep peace it may be necessary to force them to do so.

Do your duty today!

Youth and happiness will prevail at the dinner tonight that is being given by Mrs. E. H. Willisford, 231 Orange street, and Carol Willisford, to those High School students who attend the First Congregational Sunday School. After dinner music and games will help to create the good time all expect to have at this pleasing affair.

A POLITICAL BOTCH

The method of registering and appointing deputy registrars is a real botch, especially so in Glendale. There are a half dozen persons or more who have been appointed as registrars in the Glendale community, but who they are and if the "who" is known where can "who" be found?

The Evening News keeps fairly well posted on all questions before the public, and the management must confess that he can not at this minute refer any inquiring citizen to a registrar who will be at his post ready to perform the duty. The city clerk or some other official who is regularly on duty at specified hours of the day should be delegated the power to serve as deputy registrar, and then men and women wishing to register could find a person qualified to serve in that capacity without searching the community over and over.

SENSIBLE DISCUSSION INVITED

The columns of the Evening News are open for the publication of sensible discussions as to the method of conducting municipal affairs. The Evening News stands for fair play all along the line and has no favorites either inside or outside of municipal circles. However, the management of the News reserves the right to refuse to give space to articles that are written by those who have no knowledge of existing conditions. Come along with logical argument and the space is yours for the asking.

HAVE YOU REGISTERED?

If you have registered, the next great good you can do is to urge your neighbors and friends to register before the close of March 10, which is tomorrow. The city election will be held on April 10 and it is the duty of every citizen of voting age to participate in that election. Become posted as to the merits of the various candidates and then cast a ballot in accordance with the best of your judgment.

INTERIOR IMPROVEMENTS

The interior of the Evening News building is being reconstructed and changed so that work may be done with greater facility. If perchance you get a grain of sand or a splinter of pine mixed with your reading matter just lay the blame on the man who is using the hammer, saw and trowel.

SILVIUS FILES PETITION

In yesterday's issue of the Evening News the names of the candidates for the office of City Trustee who had filed petitions were published. F. D. Silvius informs us that he filed his petition as a candidate for trustee yesterday, and of course that added another \$10 to the assets of the city.

Auto drivers who wish to drive over several blocks of good roads should drive from Colorado street north on Brand to Arden avenue, a distance of about eight blocks of one of the best roads in Los Angeles county.

HENRY FORD'S PEACE TRIBUNAL

When Henry Ford suddenly abandoned the famous peace party in Stockholm and sailed for the United States he did not desert the cause as was at first supposed. Under the direction of his lieutenants a permanent peace tribunal was established in Stockholm and there it still holds the field. At first there was considerable opposition and indifference shown to the peace party. Foreign countries find it difficult to understand that any private undertaking of this sort could possibly set out from any country without the sanction of the government.

Such a private undertaking would be impossible in any of the neutral or belligerent countries and naturally the Ford mission was regarded very much in the light of an intrusion in Sweden, Norway and Denmark, but Sweden has changed its attitude toward it. It was speedily realized in Stockholm at least that the peace committee was a valuable asset. The tribunal is liberally financed by Henry Ford and spends about \$10,000 weekly in the city. That is a sum not to be sneered at in a comparatively poor country like Sweden.

Norway and Denmark have representatives at the tribunal and pay them well, too; but the tribunal itself is regarded with strong disfavor on the part of both those countries. The Danes in particular are afraid that the Germans will utilize the tribunal for their own purposes. Norway, a country characterized by profound common sense and caution, is not likely to commit itself to any support of a wholly irresponsible movement such as this.

Holland, Spain and Switzerland are the other neutral countries. They have been out of the path of the peace mission and have not gone out of their way to say much about it. Holland is afraid that the movement will do more harm than good. Switzerland is too secure in its mountain fastnesses with its compact national army of 500,000 crack rifle shots guarding the passes to trouble about the question. Spain is distinctly pro-ally and regards the whole movement with contempt.

With Ford's money to support it, however, it is likely that the tribunal will linger in Stockholm indefinitely. For the sake of the money it is spending Stockholm is pleased to have it there, but confidentially all express the opinion that it will never accomplish anything.

SAFEGUARDS FOR FUTURE HEALTH

Adelaide Brown, M. D., of San Francisco, through the California State Board of Health, of which she is a member, tells of what she calls "an investment with sure returns in future health." This relates to the care of the teeth of children, a subject that has as strong a bearing on moral as on physical health. From the first appearance of the first teeth the care of those indispensable members should begin. Clean mouth, clean tongue should be secured from birth. Plenty of water to drink, and a daily washing of the mouth, tongue and gums with a saturated solution of boric acid secures this.

Dr. Brown says that a child should be taken at once to a dentist when the first teeth are coming in. A bad bite of the jaws where the lower teeth bite ahead of the upper teeth may be corrected in an eighteen-months-old child in a few weeks that will take years in an eight-year-old child. She advises that the child be taken to the dentist at six-month intervals at least, from three years on, to have the teeth kept clean, early decay prevented and the child accustomed to dental manipulations.

By five years, according to Dr. Brown, the first permanent molar tooth comes through and many parents do not know that this is a permanent tooth because they have not taken the child to a dentist. These teeth are often lost by early decay and the germs of permanent teeth is broken. The later molar teeth cut at twelve and eighteen years of age slip forward and present irregular coaption with the other jaw and are themselves lost early. More poor digestion is caused by poor chewing than by any other cause. Poor chewing is caused by a poor fit between the two jaws and the loss of the six-year molars is at the root of this difficulty.

The doctor recommends daily attention to the teeth and tongue as a part of the hygiene of childhood. On rising and retiring, at least, the teeth ought to be attended to and cleansed. Children should be taught to chew properly in the second year of life. Good teeth are indispensable to good health and secondarily to good morals.

OUTLOOK IN NEAR EASTERN STATES

According to Prof. Masaryk, former Bohemian leader in the Austrian reichsrath, the kaiser plans to establish a powerful confederation of central and near eastern European states, if his present plans work out. This would bring under German domination 87,000,000 Austrians, Hungarians, Bulgarians, Montenegrins, Turks and Greeks. Prof. Masaryk is the head of a movement to restore independence in Bohemia. Bohemia was once a great kingdom and readers of history will remember the old blind king of that country who rode so gallantly to death at the battle of Poitiers.

Prof. Masaryk in a recent conference with Premier Briand of France asserted that the question is a dominant one in the near east and that there is no saying how long the struggle in Europe may persist should such questions be allowed to simmer in the international melting pot.

There is little doubt that Prof. Masaryk is right in asserting that the present Hapsburg dynasty of Austria is strongly pro-German and that as long as that dynasty continues in power Austria will be under German control. He also asserts that Pan-Germanism is gaining ground at Buda-Pesth, which has hitherto been strongly Hungarian.

Prof. Masaryk argues that it would be a good thing for the diverse elements that make up the Austro-Hungarian empire if the 7,000,000 Austrian Germans were added to the kaiser's dominions while the other nationalities settled their affairs among themselves and secured the perpetuation of their own languages, literatures, and identities. THE TEACHER AND WAR

It is said that in the schools of today the history of the future is written. It is our function as teachers to preside over these writing lessons. Too much of this history has been written in blood. Such history is barbarism. It shows that we teachers have neglected our work, or else that we have perverted it. It is said that next to the militarists the historians are at fault. A trail of blood is over the human history, and the historians have been fascinated by it—obsessed by it—and they have neglected the real substance of history, the growth of man. The really great deeds of humanity in Greece as well as elsewhere, were not performed on the battlefield. They have been possible only in security, in patience, in those places and times which have stood as oases in the desert of war and waste. War is always the destroyer. It is comparable to a great lava flow laying desolate the fertile fields, branching in every direction, scorching all vegetation, weeds, and flowers, trees with the fruits, and leaving a trail of evil not removed for years or centuries.

It has been taught that war is a positive thing; peace, the interval between wars, a "pale negation," the "period of fattening" for the great struggles which decide the fate of nations. It has been taught, and by great teachers, that war is the nation's salutary exercise, the growing pains of a nation's discipline. It is our duty as teachers to question this claim. If we find it unfounded, it is our business to help our children to see its fallacy. War and not peace is the negation. Peace is the duration of the law. Law ideally represents the best form of human relation, the best way of doing things. Law as we know it is our human attempt to realize in statutes what is ideally best in human nature. To frame statutes which are just and fair, which rest on the best impulses of mankind, the people must work together. Laws cannot be imposed on us from above. We know no "above" in our social adjustments save the mind and conscience of universal humanity. In our democratic understanding, there is no king and no State that can do all this for us while we are asleep or inert. We, the people, constitute the State. It exists for our mutual advantage, for, after all, this is the people's country. —David Starr Jordan.

KITCHENER'S COMMENT

A good story is going the rounds about what Lord Kitchener said the other day after he had inspected some defense works on the east coast. It is short and sweet. The war minister motored from point to point, walked over the ground, but never said a word all afternoon until the moment he was leaving for London. Then he opened his grim mouth. "These trenches of yours," he said, "wouldn't keep out the Salvation Army."—New York American.

Mr. and Mrs. Joe Rowley, who formerly resided at Lomita and Adams, are now domiciled in their new home at 720 Belmont street.

Mrs. Catherine Shank of Riverside Drive, well known coloratura soprano, will be soloist with the Symphony orchestra at the coming concert, Saturday evening, March 18.

Mrs. Mabel McMaster, who has been spending some days at Long Beach, returned Wednesday to the home of her mother, Mrs. U. H. Emick, 219 S. Maryland avenue.

Great interest is being taken in the coming concert of the Glendale Choral club, to be held at the High School auditorium on the evening of March 20. This is a local musical organization of superior attainments and their former concerts have all been well attended. Tickets are now on sale at the usual places.

Mrs. J. E. Cochrane of Pontiac, Mich., is spending a few weeks in Glendale with Mrs. R. C. Newton, at 308 Belmont street. Mrs. Cochrane has been spending the winter in Southern California for the benefit of her health and will be joined by her husband later.

Mr. Joseph Strong of S. Maryland avenue received word Thursday morning that his son-in-law, Mr. Busch, who is well known to a large circle of friends in Glendale, is gradually improving in health. Mr. Busch recently left this vicinity for San Francisco, where he has been seriously ill for some time.

Mrs. Alice H. Frank, 578 E. Third street, who has been in moving picture work until quite recently, is now working with Mr. Morosco in connection with two acts of well-known plays, that he is to put on in the little theater of the Egan school, Los Angeles. One of these plays is the popular "Help Wanted." In this Miss Frank will take the part of the suffragette.

DISCUSSION ON TAXATION

Citizens of Glendale who consider that the taxes in Southern California are higher than necessary should go to the Chamber of Commerce meeting next Friday night. County Assessor Ed. W. Hopkins will be at the meeting and will answer such questions regarding taxation as are asked, while a special committee consisting of Messrs. J. F. Lilly, George Woodberry and S. A. Davis were requested to give the matter some thought and be prepared to put some questions to Mr. Hopkins. They were asked to do this so the meeting would not drag. Others wishing information will be at liberty to ask it, and all are invited. A good attendance is desired and the question of politics will enter into the discussion in no way whatever.

R. M. JACKSON, Secretary, Chamber of Commerce.

PHILANTHROPIC SEWING CLUB

GLENDALE FOOTHILLS

Residents of the Glendale Foothills who are fortunate enough to have shares in the North Glendale Reservoir and Pipe company are congratulating themselves on the beautifully cool water supply that is reaching them from the hills. The water, which is piped along the base of the hills from Verdugo canyon, is deliciously cool and sparkling. The system is of the simplest kind, the 8-inch pipe that carries the water having its supply pipes branching off to the different users. The water usually goes with the property and is purchased when any property is sold. There are about 60 shareholders.

Another private water supply is owned by N. C. Kelly, 1117 Melrose avenue, and supplies Ruth avenue, San Rafael avenue, Remington street and other property in the Kelly system. The water is supplied from a pumping plant and reservoir at a rate of about \$1.50 a month.

Mr. Phil Felton, real estate, 1230 N. Brand boulevard, says that the large numbers of the beautiful valley quail are now to be seen among the barley and oats that are spreading so lovely a carpet of green over the vacant lots, once so bare. The quail, he says, are particularly tame at present. They seem to be aware that they are under the protection of the law and a half month of the year. Mr. Felton is of the opinion that they should be protected for several years throughout the entire year so as to give them a chance to recruit their numbers, which are sadly depleted by the pothunters from Oct. 15 to Dec. 31.

Mrs. N. J. Mellin, 1024 Brand boulevard, is busy cultivating his extensive vegetable garden. Mr. Mellin has all manner of vegetables in good shape and is one of those industrious property owners who is quite independent of the Jap vegetable peddler. The apricot trees on this property are in fine bloom and do not seem to have suffered much from the recent cold rains.

Mr. W. G. Boyd of 342 N. Maryland is building another bungalow for Mr. W. J. Clendenin of Third and Orange. This is on N. Louise near the city limits. Mr. Boyd has already built nine similar bungalows. This is a five-room building, with spacious rooms, up-to-date construction and a garage. The lot is 150 by 50.

Casa Verdugo is busy these days. There were no fewer than fifteen visitors on the front veranda Wednesday afternoon, enjoying the shade of that delightful spot and waiting for dinner. A large party from Salt Lake City were guests at the casa last week. The famous San Francisco singer, Richard J. Jose, was a week-end guest. Jose is remembered for the fact that he was the first prominent singer to make an official phonograph record, singing "Silver Threads Among the Gold." He is a great interpreter of the old songs. Another party of twenty from Pasadena dined at the house as guests of Mr. Godell of Pasadena, the well-known millionaire. Mrs. Clara Stocker Baldwin was another last week's guest.

ASSESSMENT PROTEST MEETING

All persons interested in the Sycamore Canyon road opening are requested to be present at the Glendale city hall March 10th, 1916, at 8 o'clock p. m., for the purpose of investigating the procedure which has been taken in this matter.

TROPICO

Pink and white were the color motif in the pretty floral decorations at the Eustace Benton Moore home on Blanche avenue, Wednesday afternoon, when Mrs. Moore celebrated the fourth anniversary of her young son, Ellwood Maynard Moore. Mrs. Moore was assisted by her mother, Mrs. Nellie Penniman, and Miss Ethel Baker.

The glorious sunshine, singing birds and myriads of spring blossoms perfuming the balmy air, were all conducive to coaxing the young host and guests out in the spacious lawn, where many games dear to the children were enjoyed. Then when the little folks had romped and played and had just the best time ever, they were invited into a beautifully decorated room where all was in pink and white. Each pink and white bud nodding a sweet and fragrant welcome. A huge birthday cake, all resplendent in pink and white confections and tiny pink tapers centered the table around which the merry guests gathered in childish glee.

Dainty Mother Goose napkins, with pink kewpies, marked places for the little maids, while each manly lad found an Overall boy napkin at his place together with a pink kewpie. Dainty pink baskets filled to the brim with bon bons also added to the pleasures of the laughing, merry hearted children who were so happy in celebrating with Master Ellwood Maynard Moore his fourth anniversary.

The little lassies and laddies who were thus so happily entertained were Miriam Thompson, Mary Naomi Thompson, Mary Cameron and Eugene Calhoun of Los Angeles; Billy Harrison of Glendale, all cousins of Master Ellwood; Margaret Cole, Irma Hollis Lucas, Ethel West, Hattie Hyer, Ovid Lucas, Verne

Bradford, Corey Kennedy and Eustace Benton Moore.

Mrs. Ella Park of Los Angeles was the guest at luncheon of Mrs. M. D. Chamberlin Wednesday. Later Mrs. Chamberlin and Mrs. Park attended the General Richard Gridley D. A. R. meeting at the home of Mrs. John Hyde Braly.

Mrs. Eustace Benton Moore of 207 Blanche avenue was a guest of the Dorcas club, which was entertained Thursday at the home of Mrs. Frank Littner in Los Angeles.

Mrs. Ella Richardson of South Central avenue left for San Jose Wednesday morning, where she went on a brief business trip.

Mrs. W. W. Hamilton of West Tenth street, Mrs. David H. Imler and Miss Cora Hickman of West Park avenue were the guests of the General Richard Gridley chapter, D. A. R., which met at the home of Mrs. J. H. Braly Wednesday afternoon. Mrs. Braly has recovered sufficiently as to once more resume her duties as regent of the chapter.

Mrs. B. W. Pitts returned Tuesday evening from San Bernardino and Highlands, where she spent the past week.

James D. Stanton passed away at the family residence, No. 410 West Park avenue, at 4 o'clock Thursday morning, following a stroke of paralysis Tuesday morning. Funeral services will be conducted from the Jewel City Undertaking parlors Saturday afternoon and interment will be in Forest Lawn cemetery. Mr. Stanton, who celebrated his seventy-fifth anniversary last September, with his sister, Miss Lydia Stanton, have been residents of Tropic for several years. A large circle of friends and acquaintances extend their sympathy to Miss Stanton, who with the passing of her brother, is left with no relatives in California.

EAGLE ROCK

This Friday evening a well-known glee club will give a concert at the Congregational church under the auspices of this church. Many have already heard this club and are eager to again be able to hear it. The Whittier College Woman's Glee club is so well known that it speaks for itself, therefore a big crowd is expected.

Frank Hammer of Los Angeles was a dinner guest Sunday at the W. S. Moe home on College View avenue.

A. A. House and his workmen are putting in cement work about George Lindsay's new residence on Woodrow avenue; also for Mrs. Clara McKee at her new home on the same street.

Mr. and Mrs. A. Long, who lived on Eddy avenue, have taken apartments at W. J. Cook's on Hill avenue and are now nicely settled in their new location. Mr. Long is Eagle Rock's druggist.

Mrs. Roberts is at home now, having recently returned from an extended visit in the east.

Recently the young men of the Presbyterian church organized into a Brotherhood society and elected the following officers: President, Prof. Wolfe; vice-president, Mr. Candee; secretary and treasurer, Dr. Ellison. This society will be known as the First Presbyterian Church Brotherhood of Eagle Rock.

Friday afternoon of last week the Woman's Guild of the Presbyterian church very elegantly entertained with a silver tea at the T. C. Mason home on Lawrence avenue, in honor of Mrs. L. Kirkes, who soon leaves for her new home. A most pleasant time was passed by all and a very large number came. Delicious refreshments were served and the rooms were most elaborately decorated for the occasion.

The lecture given at the Woman's Club House last Friday evening by Mr. Cookman was well attended and proved to be most interesting. His subject was "Birds of California," which not only interested the grown folks but greatly appealed to the many children present. Mr. Cookman is a well known "bird man" as he is state game warden, besides being an instructor on this subject at one of the Los Angeles schools.

Mr. and Mrs. Nahouse are now domiciled in their new home on Eddy avenue.

Mr. Bridge has sold his home on Eddy avenue and will soon commence the erection of another house on one of his lots in this city.

M. T. Lee, public accountant and auditor, and a resident of Eagle Rock, has been hired by the city to make a complete audit of the city books. His salary will be ten dollars a day.

The Woman's Century club arranged a splendid program Thursday, March 9. It was an all-day affair with a delightful luncheon at noon.

During Mrs. Kingdon's absence from church Miss Mildred Wight has been presiding at the piano at the M. E. church services.

The Episcopal church on Eagle and Valley Drive now holds Sunday School at 9:30 a. m. This is a delight to the children, who have longed for a Sunday School. During the short existence of this church

it has grown wonderfully in attendance.

Among our young folks who are attending night school in Los Angeles are Miss Bernice Lawton of Adams avenue. She attends Polytechnic High and is taking up type-writing and sloyd. Messrs. Deane Hightower of Myrtle avenue and Robert Crandall of avenue 46 attend Los Angeles High and are taking up commercial courses.

Rev. Knopf and wife of North Kenilworth avenue recently entertained friends from Austin, Minnesota. Mr. and Mrs. Knopf were formerly of this place until he received a call from the Congregational church here, of which he is pastor.

Frank Bridgford, who received a pin of honor from the Glendale High School for being in line as a good debater, is an Eagle Rock boy and resides with his parents on Mariposa avenue.

Mr. John Chalfant, wife and two children, who have lived in Harvard Park for some time, have moved to Glendale.

BURBANK

Ed Mallard, who resides on Sixth street, purchased a car of the O. C. Lane agency last week.

Miss Ida Kennedy, from Los Angeles, was enrolled as a freshman in the Burbank High School on Wednesday of this week.

Miss Sylvia Paggi was on the sick list the past week.

J. L. Barkham, who recently came to Burbank from the state of Michigan, has purchased a barber shop in Boyle Heights and will move to the city next week.

Mrs. J. H. Avery delightfully entertained the members of the P. E. O. society at her beautiful home on Sixth and Providentia avenue, at the last meeting.

Not only will an excellent program be given at the High School Vaudeville Show and Carnival Saturday night, but concessions such as a "Trip to Hades," "Shooting Galleries," etc.; candy, ice cream, cake, etc., will help swell the receipts.

City Trustees Meet

The Trustees of the City of Burbank held their weekly meeting at the Burbank City Hall Tuesday afternoon at 2:30 p. m. Trustees Blanchard, Hogle, Craig, Forbes and Kline were all present, as was City Attorney Watkins. The bonds of City Treasurer Geo. M. Olin were approved for another year and minutes of last meeting were read, approved and ordered filed. It was moved that the money taken from the General Fund and used for city hall property some time ago, be taken from the City Hall Bond Fund and returned to the General Fund. Carried.

A committee of ranchers from lower Olive avenue, in the Valley, then waited on the board in regard to street lights for the lower part of Olive avenue. It seems prior to the bond election, it was promised that Olive avenue be lighted if the bonds carried. The bonds passed, and although the ranchers were bonded the same as other citizens of Burbank, it was decided not to extend the lights further than the Wash on Olive street as same would not be a paying investment for the electric light department of the city. There was considerable discussion of the matter pro and con.

The committee of ranchers before the board declared they would not have voted for the light bonds had they not been promised lights; while on the other hand E. Curt Miller, manager of the light and water department, claimed that each rancher had been mailed a pamphlet or circular defining the exact limits, which were practically the same which are now proposed. It was finally decided that no change would be made in present plans, but that as soon as it was deemed advisable and enough business could be secured to warrant an extension, the extension of lines would be made.

The Chamber of Commerce appeared before the board, asking that the city donate a strip of property owned by the Water Department consisting of two lots on Orange Grove avenue, for park purposes. The request was granted by the board, but decided as the land belonged to the Water Dept., that the funds used in fixing the land up be taken from the Park Fund at a later date, when there would be enough money in the Park Bond Fund to cover expense of improvements.

The matter of furnishing the police department with a motorcycle was taken up. After some discussion it was decided that a motorcycle should be purchased and Trustees Hogle, Forbes and Craig, the committee on fire apparatus, were designated to select the machine.

Mrs. Macdonald's father, Mr. Snow of Los Angeles, is critically ill. An operation was to have been performed but his condition did not permit it.

The large tract of land lying between Orange Cove and the San Fernando road is being cleared and will be put on the market about the first of April.

WHY WE HAVE STATE LAWS PROTECTING BIRDS AND ANIMALS

Laws protect wild life because:

1. It is beautiful and interesting and makes localities where it is found more attractive.
2. A study of wild life reveals some of the fundamental laws of nature.
3. Certain birds and animals are valuable as food.
4. The pursuit of game birds and animals takes the tired worker of the city out into the open.
5. Many birds and animals are valuable to the agriculturist on account of their destruction of insect and rodent pests.

A fine photograph of a game bird or animal forms a permanent record of its existence, and can be used to acquaint thousands of people with its beauty. The dead trophy of a bird or animal is a relic pointing to its destruction and brings knowledge to but few.

Doings of the Chamber of Commerce

The Chamber of Commerce had a very interesting session at their regular meeting on Monday night. On account of illness of Mrs. Wells, Secretary Wells was absent and Mr. Eagler was asked to act as secretary. After hearing the reports of the various committees, which were all very encouraging, several matters of importance were discussed at some length. Among other matters brought up was the opposition to our stage line. By the new line starting in on the 10th running in connection with the car line. This matter was fully discussed and in view of the fact that our present stage manager, Mr. Simms, has gone through hardships for so long a time, working under very great difficulties to keep the service going until at present it is in the best condition it has ever been, and is giving good service. And it was believed to be the sense of the Chamber of Commerce that resolutions should be adopted asking all to continue their patronage to the Pioneer Stage line, as follows:

Whereas, The Pioneer Stage line has always served the people of this Valley to the best of its ability, and

Whereas, They have just lately purchased a large 16-passenger stage and otherwise improved their service;

Be it Therefore Resolved, That the Chamber of Commerce recommend and urge the people of Littlelands and Sunland to continue their patronage to the Pioneer Stage line, believing it to be for the best interests of the Monte Vista Valley. And a copy of these resolutions may be mailed to the Tri-City Progress for publication.

Other matters were discussed, among them our postoffice. It should be better patronized. It has been noticed that the rural carrier picks up letters at the very door of the post office and instead of depositing them in the nearest post office carries them to the Los Angeles branch for cancellation. It should be borne in mind by the people of this place that the only salary our postmistress receives for her services is the letters mailed at her office for cancellation. Hence all you who signed a petition for the re-establishment of the post office will do well to back it up, or it is likely to be discontinued again, as no postmaster can continue serving the place for no compensation. It is up to you.

It was thought the chamber should have a correspondent for our paper and after one being appointed there being no further business we adjourned to meet again on the 3rd Monday of March.
