

**THE RED CROSS**

**EXECUTIVE COMMITTEE AND CHAIRMEN OF WORKING COMMITTEES MEET**

There was a meeting of the executive committee of the Glendale Chapter of the Red Cross, Monday evening, July 30, 1917, at the home of J. H. Braly, 205 North Brand Blvd., president of the chapter. There were also present the chairmen of the important working committees of the organization.

The meeting was presided over by the president, and Mrs. Mabel Ocker, the secretary, was at her usual post of duty.

After the minutes of the preceding meeting had been read and approved, the chairman called for the treasurer's report. The secretary read a communication from F. H. Vesper, treasurer of the chapter, which gave a clear statement of finances on hand.

The secretary then presented the following financial statement which was entirely in harmony with the report submitted by the treasurer. The secretary's report was as follows:

Receipts	
Memberships	\$1121.00
Pins	100.35
Entertainments	481.54
Donations	523.75
Refund from L. A. chapter	68.50
<b>Total</b>	<b>\$2295.14</b>
Disbursements	
Checks by Mrs. Bartlett	\$ 61.84
Checks by the Secretary	672.68
Total Expense	734.52
Balance on hand	1560.62

Deposits \$2295.14  
Mrs. R. E. Chase, chairman of the membership committee, was not present and there was therefore, no authentic report from this department, but it is understood that there is a membership of more than 1025, and the secretary's report of membership fees received would bear out this statement.

Mrs. W. E. Evans, chairman of the department of hospital garments, reported that 115 garments had been completed, and ready for shipment.

Mrs. Evans said that since Glendale has become an independent chapter, it will not be possible to have the cutting done by the Los Angeles Red Cross cutting department. Chairman Braly instructed the proper committees in charge to confer with ladies who are able to do it. The names of Mrs. Dougherty, Mrs. Harrower and Mrs. Jeanette Smith were mentioned in this connection. Mrs. Evans also brought up the question of its being necessary for the chapter to arrange for a permanent place for the workers to meet. She said: "The Board of Trustees of the Third Street school has very kindly permitted the committee to use rooms in that building, but the time is approaching when school will open and then we can not work there." The chairman suggested that steps be taken to secure a permanent place of meeting for the sewing department.

Mrs. A. S. Chase, chairman of the shipping department, read a communication from Red Cross headquarters at Washington, which described how boxes must be packed, size of boxes and how they must be marked. When ready for shipment the boxes are to be sent to San Francisco, which point is designated as Red Cross distributing station for the Pacific coast. Mrs. Chase asked that she might have the privilege of appointing a gentleman on her committee, who will have a knowledge of preparing boxes for shipment. She mentioned E. D. Yard as a suitable person to serve in this capacity.

Dr. Henry Harrower, chairman of entertainment committee, reported that Miss Alice Frank had volunteered to conduct a dance at the Masonic Temple, Saturday evening, August 4, for the entertainment of the enlisted young men. The chairman advised Miss Frank that her plan met with his approval, but he preferred that the dance be not conducted under official orders of the Red Cross.

Mrs. A. M. Beamon and Mrs. H. E. Bartlett reported that all arrangements had been completed for holding a farewell reception for the enlisted boys at the Beamon home, Thursday evening. Mrs. Beamon announced that the public is invited to attend this farewell program.

Mrs. H. E. Bartlett, chairman of the purchasing committee, said she had purchased sufficient supplies to fill 150 comfort bags, which had been made under the direction of Mrs. Beamon. She bought \$66 worth of supplies at a drug store, \$30 worth of supplies at a book store, and

(Continued on Page 3)

**EXEMPTION BOARD**

**SEVENTH DISTRICT COMMITTEE HOLDS FIRST OFFICIAL MEETING**

Last night the exemption board of the 7th District held their first meeting in the Chamber of Commerce building, which the secretary of the G. C. C. had secured for that purpose without cost to the board, as an inducement to meet in Glendale, and so save our drafted boys the time and expense of going to San Fernando.

All three members of the Board were present, Chairman Wilson of San Fernando, Secretary Mattison B. Jones of Glendale and Mr. Lanterman of La Canada. After meeting and making preliminary arrangements in the two spacious and convenient rooms upstairs, the Board adjourned to the Chamber of Commerce below for an informal meeting.

The Board expressed cordial appreciation of what the Chamber of Commerce had done for them and accepted the offer to frequently meet informally in the Chamber of Commerce hall. Mr. Jones said it would be a fine thing for our young men to meet in the Chamber of Commerce often and talk over the situation, and become better acquainted as they were all deeply interested in the same common cause. He said later the Board would officially express its appreciation and perhaps make some helpful suggestions pertaining to such meetings.

The official preliminaries are being perfected as rapidly as possible. By to-morrow, Wednesday, or on Thursday surely, the lists of names and drafted numbers will be typed and posted in the Chamber of Commerce, also given out for publication. The dates and hours of Board meetings will be stated also, to the end that the work of the Board may progress as rapidly as possible and as conveniently as may be for all concerned. Glendaleans surely will appreciate the courtesy of the exemption board.

Secretary G. C. C.

**BRITISH AMBULANCE SOCIETY**

The British Ambulance society met Monday afternoon at their headquarters. Although the attendance was not large, considerable business was disposed of. Plans were made to have the work room arranged to accommodate the new members who are joining the society. There was considerable business to discuss in connection with the Allies' Fiesta which was held under the auspices of this society.

Mrs. Nanno Woods announced that she will give French lessons to the ladies of Glendale for 25 cents per lesson, the proceeds to be divided between the British Ambulance Society and the Red Cross Society. She must have a class of not less than ten.

**WILSON IS IN RIVERSIDE**

H. A. Wilson and family, who have resided at 325 South Louise street, are spending a month or more at Riverside, where Mr. Wilson recently became the owner of a ranch. Five years ago Mr. Wilson, who was then very actively engaged in the real estate business in Glendale, leased for a term of 20 years 100 feet of frontage from Mr. Walker on Broadway, between Louise and Kenwood streets and erected the Wilson block. It was this property he traded for the Riverside ranch. A Mr. Brown of Los Angeles, is now the owner of the Wilson block.

**ENTERTAIN LUCKY THIRTEEN**

Mrs. Katherine Hobbs Ripley, a recent bride, was hostess Monday evening to the members of the "Lucky Thirteen," a club of thirteen girls who graduated in 1913 from the Glendale High school and who have enjoyed many a social hour together since that time. The girls who were able to be present enjoyed the hospitality of the little bride in her pretty new home immensely. The members of the "Lucky Thirteen" are: Misses Alice Grey Beach, Gladys Anderson, Evelyn Kent, Vera McPherson, Gladys Hamilton, Lois Candee, May Church, Ruth Williams, Dorothy Morgan, Dorinda Haviland, Bessie Brewster, Mrs. Janie Rae McElvie, and Mrs. Ripley.

The girls made plans for a week-end house party which they will enjoy at Roberts Camp.

**DEATH OF HENRY S. WILSON**

Henry S. Wilson, a Civil War veteran, passed away at 236 South Glendale avenue Sunday morning. Burial will be at the Soldiers' Home Cemetery Wednesday at 2 p. m. John G. Peart is the funeral director in charge.

**FIGHTING IN FLANDERS**

**BRITISH LAUNCH A GIGANTIC OFFENSIVE THIS MORNING AND CAPTURE FIRST LINE TRENCHES**

(Special Service to Glendale Evening News)  
LONDON, July 31.—"Fighting has started in Flanders," General Haig reports. For a week there has been artillery bombardment of almost indescribable fury raging on the British front around Armentieres to the Belgian coast. This morning the British launched a gigantic offensive, striking over a wide front north of the river Lys and capturing the first objective. There was a considerable number of prisoners taken.

**HIGH TEMPERATURES CONTINUE**

**HUNDRED IN EAST AND MIDDLE WEST ARE PROSTRATED BY LONG CONTINUED HEAT WAVE**

(Special Service to Glendale Evening News)  
CHICAGO, July 31.—Four are dead in Chicago and 50 are overcome with the heat. Nine are dead in other cities and hundreds are prostrated in all sections of the east and middle west as the result of the extraordinary heat wave which is still holding on with no relief in sight. The mercury continues to climb with an average between 96 and 100 degrees. The highest temperature this morning was 106 at Macon, Neb.

**SEVERE RULES FOR PRESS CORRESPONDENTS**

**FAILURE OF ASSOCIATED PRESS TO COMPLY WITH GOVERNMENT'S REQUEST CAUSE OF RESTRICTIONS**

(Special Service to Glendale Evening News)  
WASHINGTON, July 31.—Drastic regulations to prevent the publication of any news in regard to the American troops landing or other United States military movements abroad are now in effect following the failure of the Associated Press to comply with the request of government officials both in England and in the United States, in omitting reference to the American contingency abroad last Saturday.

**MESSAGE TO DRAFTED MEN**

**PERSHING'S ARMY IN FRANCE EXHORTS MEN AT HOME TO OBEY THEIR CONSCIENCES**

(Special Service to Glendale Evening News)  
WITH THE AMERICAN ARMY IN FRANCE, July 31.—To the Americans at home being drafted, Pershing's Sammies send the following message: "We did not hesitate to offer everything we have. We are confident that those who stay at home will obey their consciences and waive exemptions unless of the utmost necessity."

**SUCCESS ON MILE FRONT**

**ASSUMING OFFENSIVE FRENCH MAKE BIG GAINS IN CHEMIN DES DAMES REGION**

(Special Service to Glendale Evening News)  
PARIS, July 31.—Suddenly assuming the offensive the French swept forward this morning to complete the success of the first objective over a mile front in the Chemin des Dames sector. The prisoners taken include men of three regiments. Heavy artillery is reported.

**AMEND REVENUE BILL**

**SENATE FINANCE COMMITTEE WOULD INCREASE TAX ON INCOMES, CORPORATIONS AND SPIRITS**

(Special Service to Glendale Evening News)  
WASHINGTON, July 31.—Two per cent. surtax on corporations; increased surtaxes on incomes exceeding \$15,000; an increase of \$1 per gallon on distilled spirits tax and a 50-cent increase per barrel on beer has been agreed to by the Senate Finance committee as an amendment to the revenue bill.

From the surtax on corporations the committee hopes to raise \$162,000,000; the increase on incomes is expected to yield between \$25,000,000 and \$36,000,000; the distilled liquor increase is expected to add \$90,000,000 to the fund while the 50-cent increase on beer will probably yield \$25,000,000.

**NO ENTANGLING ALLIANCES**

**UNITED STATES IS NOT OBLIGATED TO TAKE ANY PART IN POLITICS OF ALLIED NATIONS**

(Special Service to Glendale Evening News)  
WASHINGTON, July 31.—The United States is not going to mix in Allied politics, officials state this morning. America is not obligated to follow France in her ambition to regain Alsace Lorraine, it was declared. America's relation to the Allies is not such that she is required to take any part in the private affairs of these nations.

**LIBRARY TO AID**

**MRS. DANFORD AND STAFF WILL ASSIST IN CONSERVATION CAMPAIGN**

The American Library Association has conceived of a plan to assist in the guidance of a systematic campaign for the conservation of forces. The association enlists the five thousand libraries of the United States and Canada in this service, which is to be of a practical nature and we wish it to be understood our local library enters with unabated zeal. The climax of this campaign is a War Service Library Week held in October.

President Wilson aptly expressed the key note to the situation in the following message to the people of our government: "It is evident to every thinking man that our industries, on the farms, in the shipyards, in the mines, in the factories, must be made more prolific and more efficient than ever." The material to be compiled is along these lines and includes the following subjects:

- Business Efficiency in War Time
- (a) In production.
- (b) In marketing.
- Food Values.
- War-time transportation.
- War-time economy in the home.
- Women and the war.
- Red Cross work.
- War-time thrift.
- Ship-building.
- Aviation and submarines.
- Military training.
- Explosives, guns and shells.
- Canning and storage of Food stuffs.
- Vegetable gardening.
- Poultry raising.
- Russia—Our Ally Republic.
- Social service in War-time.
- Foreign trade expansion.
- War poems.
- Tales from the trenches.
- Uncle Sam's Navy.
- Keeping fit in war time.
- Why we are at war.
- Courage.

It has been further stated—"The supreme test of the nation has come. We must all speak, act and serve together," and, if in the way of service, the Glendale Library can furnish references either at the desk or by telephone as to the growth of vegetables, conditions suitable to their growth, Red Cross work, nursing, or any other subject of vital interest, such information will be gladly given. We ask our reading public to join in this effort to serve our nation in this conservative, effective way.

**MRS. OGG PICNICS CLASS**

Mrs. T. D. Ogg of 149 South Kenwood teaches a class of girls in the Presbyterian Sunday School. She gave the girls a very enjoyable time in the form of a picnic at Echo Park last Friday. Those present to enjoy the day's outing were Elizabeth Edmonds, Agnes Tupper, Martha Eilers, Louise White, Margaret West, Inez Harrison, Alice Hetrick, Julia Robertson, Louise Smart and little brother George, Minnie Kinsler, brother Gibson and mother, Ethel Rennecker.

**WHO GETS THE COIN?**

R. A. Petersen and family of 570 West Broadway, Glendale, returned Friday from a visit of a couple of months at their ranch near Porterville and a trip through Yosemite valley and other summer resorts of California. Mr. Petersen has been giving considerable deep thought to the food distribution question and comes to the conclusion that the farmer and the rancher are not the ones who get rich from the high price of vegetables and fruit. He called attention to a shipment of fruit made to the East and although the fruit sold for exorbitant prices on the eastern markets, the freight, commission and storage charges amounted to 50 per cent. of the selling price. When from this 50 per cent. is deducted the expense of cultivating the ground, picking and packing, and the interest on the money invested, the rancher or farmer has but little to show for his labor and money invested.

Mr. Petersen says that fruit and vegetables go to waste in the country districts because it is impossible to get them placed upon the market at a profit to the producer.

**DO YOU WANT A JOB?**

The Los Angeles county civil service commission is calling for a senior accountant, salary \$175 to \$250 per month; automobile repairman, salary \$4.50 per day; motorcycle repairman, salary \$4.50. Applicants must pass civil service examination.

**WEATHER FORECAST**—Fair to night and Wednesday. Westerly winds.

**CURRENT ITEMS**

**CAMP IN SAN ANTONIO CANYON FOR ENLISTED MEN—KIRK CAR BURNS**

B. L. Cline and family of 420 West Ninth street, returned Sunday evening from a delightful nine days' outing, which they spent at Live Oak camp in San Antonio Canyon in company with R. D. Moyer and family of Huntington Park. The party motored to the camp, taking their equipment on a trailer. They were most comfortably situated and enjoyed their sojourn in the shade of the grand old oaks. Many hiking trips were enjoyed to nearby spots, the men of the party making the trip to the top of Mt. Baldy. They were able to rescue two fair maidens in distress, who were making the trip and had used all of their water.

Two days were spent at Camp Baldy, where the party was visited on Sunday by Mrs. Cline's son, Eldred Marlatt and Miss Mabel Newcomb. The killing of a rattler was one of the exciting features of the outing.

**TO BID FAREWELL TO SOLDIERS**

The committee in charge of the reception to be given Thursday evening, August 2nd, at the home of Mr. and Mrs. Beamon, 245 South Maryland avenue, reports arrangements about completed.

The general public is most cordially invited and a very pleasant evening with our soldier boys is anticipated. The High School orchestra will play, assisted by Miss Frances Payne. Mr. Julius Kranz, a favorite violinist, will play; also Miss Gertrude Champlain and Mrs. Calvin Whiting will favor the company with musical selections. Mrs. John Robert White, Jr., will be in charge of the punch bowl and expects to be assisted by the following young ladies: Miss Lillian Leppelman, Miss Lorraine Mitchell, Miss Barbara Mitchell, Miss Alice Grey Beach, Miss Myrtle Pulliam, Miss Anna Woodberry, Miss Bertha Peterson, Miss Dorothy Dow.

**KENT BUILDING COMPLETE**

The new Kent business block on Brand boulevard, a handsome brick structure, is now completed and all the store rooms are occupied. The Glendale Dye Works will occupy the rooms on the south. The next room has been comfortably fitted up and arranged by the Glendale Christian Science church as a reading room. C. W. Kent & Son, owners of the building, have reserved offices for their own use, while Platt's tire store is located in the north end of the building. The building adds greatly to that section of the city, and those who have secured space in the block feel they have excellent locations for their purposes.

**CLUB BUILDING GROWING**

Work on the new Elks club house on Colorado near Brand boulevard, in charge of C. W. Kent & Son, is progressing without a hitch. The basement is nearly complete and the framework which is being placed gives some idea of the size of the building. It is expected that everything will be in readiness for the important ceremonies which are to take place on the afternoon of August 11 when the cornerstone is to be laid. Elaborate preparations are being made for this event, when Glendale Lodge No. 1289 expects to entertain many Brother Elks of neighboring lodges.

**NEW CAR DAMAGED**

W. B. Kirk, 718 West Broadway, made his wife a present of a handsome electric Sedan and the car was driven out from Los Angeles Monday evening by the demonstrator. The car was scarcely in the garage an hour before it became ignited by a short circuit. The Glendale fire department was called out and extinguished the fire after perhaps \$100 worth of damage had been done. Mr. Kirk, who believes in all kinds of insurance, had insured the car and it is hoped that there will be no loss to him.

**FREE MILITARY INSTRUCTION**

E. K. Barnes of 1303 North Brand boulevard, prominent member of the Casa Verdugo Home Guards, requested that announcement be made through the Evening News that the drafted men of this community are invited to their drill rooms Tuesday and Thursday evening to get instruction in military tactics. The officers in charge of the drill department are competent to give all instruction desired. The offer is a generous one and should be readily accepted by every drafted young man who can avail himself of this privilege. The drill department is in the south room of the Logan store building.

## ASSERT YOURSELF

If you don't know what is in yourself, nobody else will ever know it. But as soon as you recognize that you have considerable ability, that moment your ability sticks out.

### Assert Yourself.

Napoleon was scarce more than a boy when he took command of the Army of Italy. His soldiers almost mistrusted him, but the moment that he began to give his orders, concisely and straightforwardly, every man enthusiastically followed his lead. And battle after battle was won. For a Master Mind was at the helm.

### Assert Yourself.

The inactive mind is the mind asleep, but the active mind is the mind asserting itself. Just the minute you begin to systematically organize the forces within you and put a definite purpose in front of them, that minute you Assert Yourself, and the world recognizes in you a man or woman of initiative, of action, and of doing.

### Assert Yourself.

You have yourself largely to blame if you stand complainingly today over your lot. Assert Yourself, demand recognition. And the happiness that is sure to come over you from the secret knowledge that you are going forward is sure to make you masterful and dominating.

### Assert Yourself.—George Matthew Adams.

## WHAT DOES IT COST TO HAVE A 40-ACRE FARM?

The University of California has determined that the average general farm of forty acres in California, if the land costs \$150 per acre, requires \$12,875 to establish the business and \$1745 annually available for operating and living expenses after the business is established.

Definite information such as this regarding many different problems facing the man who wants to invest his time and money in agriculture in California will be presented by the University of California at the Short Courses for farmers to be held at the University Farm at Davis by the College of Agriculture from September 24 to November 2. By writing to the Dean of the University Farm School at Davis, information can be obtained as to lectures and laboratory work to be offered concerning crops, animals, fruits, farm machinery, and farm management. This work will be of special value to the man who is thinking of going into farming and of great practical value to every farmer now engaged in farming.

## FOREST FIRE FIGHTING

The forest fire fighting organization of the Forest Service only slightly resembles that of a city's fire department, according to the Forest Service officials. A city fire is fought entirely by professional firemen, while most of the actual fire fighting in the National Forests is done by volunteer fire fighters hired for the occasion and officered by Forest rangers.

A large forest fire may need 500 men to suppress. There are scarcely more than 500 permanent men in the Forest Service in California, and these are scattered over an area of 20 million acres. When a big fire happens, help from the mountain ranches, mines, lumber camps, and even the valley towns is necessary. The securing of this help is not left to the emergency or to chance. Plans are made in advance by the Forest Service. Every forest area is mapped and has its own fire fighting plans filed away for the emergency. Labor agents stationed in the large towns of the State have lists of men willing and able to fight forest fires. When men are needed, the nearest labor agent is notified. He collects his fighters, arranges for transportation, and sees that they start for the scene of the fire. Within the Forests themselves, local volunteer fire companies previously organized by the rangers from those living within or adjacent to the Forest, chiefly homesteaders and lumbermen, assemble. Volunteer companies and hired fire fighters are paid for their labor at an average rate of 25 cents per hour.

Organizing and directing the labor of these men is the job of the Forest ranger. When they have assembled at the fire, he takes command. This is his hour of trial. His ability and knowledge are now put to a severe test. Has he hired sufficient men, or too many? When the bills come in for labor, and the sum total of the damage done by the fire is footed up, his superior officers will ask this question. His aim is to spend just the amount in suppressing a fire that added to the amount of damage done will total a minimum. A thousand dollars spent in suppressing a fire that could by no chance do more than \$500 damage may result in the ranger responsible being disciplined. On the other hand, he may lose his official head if through a desire for economy he expended but \$500 in suppressing a fire that does a damage of \$1,000 when the expenditure of \$200 more would have kept the damage down to \$300.

His duties are many and urgent. He must select a camp for the fire fighters, see that wood and water are available, that tools, food, and cooking utensils are supplied, select his crew bosses, organize crews, lay out a plan of attack to meet the peculiar conditions of the fire, and see that his orders are carried out.

The tools—axes, shovels, hoes, and saws—are brought from

the nearest ranger station, or from tool box or cache placed just for this emergency. If the local supply is insufficient, more must be telegraphed for from the emergency supply depots at Sisson, San Francisco, and Los Angeles. Cooking utensils must be secured in the same way.

Fire fighters, like soldiers, travel and fight upon their stomachs. Food, plenty of it and well cooked, is absolutely essential. The standard ration for the Forest Service calls for 20 pounds of fresh meat or 12 pounds of cured meat, 9 pounds of bread, and 10 pounds of potatoes per day for a crew of 10 men, not to mention proportional quantities of beans, dried fruits, tea, coffee, butter, and canned milk. This food is packed in from the mountain stores\* over perhaps 20 miles or more of trail on mule back. Emergency supplies must be bought locally whenever possible; but, when a storekeeper is suspected of over-charging or encouraging incendiarism to make business for himself, he is not apt to secure a second order.

Transportation of fire fighters is always a problem. The quickest method, of course, must be employed. This is usually the automobile. On one Forest in California automobiles have been fitted to car wheels and are used to rush in fire fighters over a mountain railroad. Sometimes fires occur so far back in the mountains that hours of traveling over the roughest sort of trails are necessary to reach them. This handicap is lessened from year to year, however, by the construction of trails and roads and the stringing of telephone lines within the Forests. Already 3,500 miles of trails and road and more than 4,000 miles of telephone line have been constructed in the eighteen National Forests in California.

## WOMEN HELP WAR WORK

American women are rallying superbly to the support of the nation in prosecuting the war. Club women, in their organized capacity, have pledged their co-operation. Teachers, in national convention, have passed a vote of confidence in the government and have promised support. The national convention of business women, in session at Chicago, is bending its energies toward helpfulness in pushing the war to victory.

Women, in truth, are doing greater things than ever before to assist in winning a war for this country. Besides all the organized activities; besides the works of mercy; besides the pledges of material aid, there is the magnificent courage and supreme sacrifice by wives and mothers in sending into the army and the navy their loved ones to fight the nation's battles.

## COAL PRICES THOUGHT TOO HIGH

The fact seems to have been clearly established at the recent conference between members of the coal production committee of the Council of National Defense and the bituminous coal operators, that there has been, for some time at least, absolutely no relation of coal prices to coal supplies in the United States. Brought face to face with what appeared to be the undesirable alternative of reducing prices or submitting to virtual government control of the mines and their output, the operators, controlling practically all the mines east of the Mississippi river, agreed to accept a maximum price for coal, on both government and private orders, subject to a still further reduction in case it should be determined, upon federal investigation, that their product, after the payment of a reasonable profit, could be delivered to the railroads at a lower price.

At the time the agreement referred to was reached, a federal judge and jury in New York City were engaged in the trial of a number of coal mine operators charged with having conspired to maintain, for coal to be delivered in New York, the identical price agreed upon at the conference. Perhaps because of the possible effect of the agreement upon the outcome of this trial, the secretary of war promptly repudiated it, in so far as the government might have been bound by its terms. The coal operators, however, claim to be ready to carry out the provisions of the agreement, and state that they have received notice that there has been no repudiation of the agreement in so far as it applies to private contracts.

There are abundant indications that the coal operators do not feel greatly aggrieved, although the tentative price agreement under which they are bound is considerably lower than the prices recently prevailing in all sections of their territory. The alleged illegal agreement which was made the basis of the prosecution in the case in which the secretary of war apparently wished to avoid prejudicing the government's contentions, is declared to have established identically the selling price at which the operators are now required to supply coal to private purchasers. It does not seem probable, therefore, that the operators will suffer greatly because of the present arrangement.

The chief advantage which the public should gain as a result of the agreement on the part of the operators would seem to be the effective elimination of the coal speculators. As a matter of fact, the price of coal on board cars at the mines has in no sense controlled the price of coal to retail dealers, or to any but the larger among the consumers. The output of the mines has been bought up by the speculators, at prices not disclosed to retailers and consumers, and held indefinitely, frequently under the pretext that cars for its transportation could not be obtained. It should be possible now, with the maximum price of coal at the mines established, for the ultimate consumer to buy at that price, plus the cost of carriage and a reasonable profit to the retailer. The fact that there is an abundance of coal to be mined, sufficient men to take it from the ground, and cars enough to carry it to its destination, should be, under the conditions established, a guaranty of release from the imposition which has been endured.—Whittier News.

## CLASSIFIED ADS

### FOR SALE

FOR SALE—200 thoroughbred White Leghorn yearling hens, Ferris strain; 200 thoroughbred White Leghorn 2-year-old hens, Walter Hogan stock. These birds have been Hoganized and are not culls. Will sacrifice; must be sold by Thursday, as I have enlisted. Also 400-egg Cyphers' incubator in A-1 shape for \$8. W. H. Marple. Phone 273-J. 149 West Palmer Ave., Tropic. 285t2\*

**Personals**

Mrs. C. W. Straight and children, 826 Ethel street, returned to-day from a pleasant outing of three weeks at Manhattan Beach.

B. L. Cline is completing a fine residence on Central avenue and Myrtle street for J. F. Stanford, which Mr. Stanford has already sold to Dr. W. Brown, of Boyle Heights.

The children who have been enjoying the summer vacation from school duties will be glad to know that they have more than six weeks of freedom still remaining, as the Intermediate and elementary schools do not open until September 17.

W. D. Blyth of 126 East Tenth street, Tropic, has been very ill, but is on the gain now. His daughter, Mrs. L. B. Swartz, and her husband have been called here from Newton, Kansas, and will remain indefinitely at the Blyth home and at the home of Mrs. Swartz' sister, Mrs. S. A. Davis, 525 South Central avenue.

Miss Dorothy Peart of 111 West Seventh street was the week-end guest of Mrs. Lou Johnson at the Baker apartments, Los Angeles. While there Miss Peart attended a Red Cross benefit given by the Friday Morning club. A few of the entertainers were Miss Margaret McKee, who whistled several much enjoyed solos. Miss Myrtle Gonzalez gave a talk on California and also sang. Miss Kathleen Cliffords spoke on the work of the Red Cross. Miss Cliffords has the great honor of being colonel of one of the Canadian regiments, the only woman who is a colonel in that country.

**FOR MUSIC LOVERS**

First recital to be given, including some of the leading talent of Glendale, Thursday evening, eight o'clock, at the Glendale Music Co. Mr. Adolf Lowinski, violinist, will render selections from La Boheme, accompanied by the wonderful new player piano, the Soloelle. One of our newcomers, Mr. C. H. Murchison, and accompanist will give some interpretations of Harry Lauder songs. Mr. Walter Butterly, our well-known baritone, will sing several songs now being featured by Al. Jolson at the Mason Opera House, and the program will also include several of Edison's recreations on the Diamond Disc, the Uke-Banjo and various other interesting features. The public is cordially invited. 285t1

An electrically heated coffee percolator made of earthenware has recently been patented.

**FUNCTIONS OF A DAILY NEWS-PAPER**

A local daily newspaper affords a means of valuable communication and exchange of thought in the community in which it is published. The Evening News is the people's paper, managed and directed by the publisher who, by the investment of a considerable amount of money has taken the first steps in making it possible for the people of a city of 9000 population to have a daily paper. The columns of the Evening News are always open for all kinds of legitimate news reports. Manuscript conveying such reports should be easily read and care should be taken by persons furnishing reports to see that such reports are authentic.

In this age of so many schools, business colleges and places of learning, there is no excuse for a lack of men and women who can convey their thoughts on a written page in an intelligent manner. When churches and clubs appoint a press correspondent, they should see to it that a capable person is appointed to fill such a position.

There have been instances in Glendale in the past few years when those have been appointed by societies as press correspondents when members of the associations must have known that they were unable to perform such duties, and the appointment was made merely as a matter of form and not from the standpoint of the ability of the person.

Announcements of coming events and writeups of events past should be furnished to the local paper in writing instead of phoning such reports to the newspaper office. Too much phoning becomes expensive and may be the cause of embarrassing mistakes. The Evening News is yours for good treatment.

**NEW YORKERS AT LONG BEACH**

With Ex-Mayor L. R. Wheaton of Long Beach as the principal orator of the day the former New Yorkers will be welcomed at Long Beach all day Saturday, August the 4th.

Every effort will be made for a popular good time. Program, sports, races, games, an auto ride, basket dinners, free coffee and a genuine New York welcome.

This invitation covers all from the state who are anywhere in California. Judge Wm. H. Fuller and C. H. Parsons will be other speakers. A. B. Rosenfield, president of the Long Beach New York Society, will preside.

**STOP DEALING WITH GERMANY**

While the United States is making preparations to wage war against Germany, every man and woman of this country should be lending his influence with Congress to bring about such conditions that the food supply will do its part in winning the war against the Teutonic powers. Ask your Congressman to do all within his power to withhold food shipments from all countries that are carrying on commerce with Germany. It is more humane to control Germany by the withholding from her people the necessities of life than it is to meet them in destructive battles. The man who will for the sake of making money prolong the war one second is an enemy to our country. Write the Iowa, Indiana, Wisconsin or Illinois Congressmen with whom you have an acquaintance to be on the lookout that no foreign country is permitted to trade with Germany. Preservation of life first and commercial advantages second should be our motto.

**HOWS OF SOUL SAVING**

Dr. Howard Agnew Johnson of Chicago, Billy Sunday's expert in professional work, will give the first of 4 lessons in his school of methods on the Hows of Soul Saving on Tuesday night at 7:45 in the Emanuel Presbyterian church, corner Tenth and Figueroa, Los Angeles. Every Christian man and woman of Glendale should be present.

L. C. LEEDS.

**GLENDALE MEN TO THE FORE**

Dr. G. Irwin Royce and Mr. C. E. Battey have launched into journalism again. We say again because both men have previously been prominent before the public in journalistic enterprises.

These men have recently secured control of the Pacific Poultrycraft, a monthly journal that has been issued in Southern California for 23 years.

Dr. Royce takes the editorial department and Mr. Battey the business management of the paper.

Dr. Royce formerly held an editorial position on this journal, but about 5 years ago made an effort to retire to a more quiet life, but the call was too strong for a return to the journalistic field and he has again donned the toga.

Mr. Battey has been for several years on daily papers and in the printing business and knows the work from A to Z. Both men are live wires and bring years of experience in the poultry industry.

Dr. Royce is called the Burbank of the animal and bird world, having originated and is originating nine varieties of bantams and four varieties of large birds.

It is readily seen that Messrs. Royce and Battey can bring years of a ripe experience into the work they are launching.

Dr. Royce was president of the Poultry Association here in Glendale for three years, being quite instrumental in bringing off three successful shows in Glendale. Mr. Battey was secretary of the association during the last show held in the tent last December.

Although the field is one especially promising at present, the industry here in Southern California is a large enterprise, which in normal times reaches grand proportions, and it is the ambition of the new managers of the leading poultry journal of Southern California to make this the real center of fine poultry for the western country. We wish for them the greatest success in their new enterprise.

**AMERICAN PARENT SHIP FLOATING MANUFACTURING PLANT**

With the American Destroyer Florida in British Waters, June 28 (By Mail)—"We can make most anything a destroyer wants—from an anchor to a needle." An American sailor, doing his bit aboard the big parent ship that looks after the brood of destroyers, delivered himself of this tribute to the great war vessel as he fled away at a big piece of brass. The metal had been cast right there on the ship to make a propeller for a small boat and he was now taking off some of the rough edges.

The destroyer that wanted that propeller didn't have to go ashore to get the work done. Instead, the order was sent to the floating workshop which was turning out the screw in quick time and with the very best guarantee of superior workmanship.

On another deck William Cline, ex-chef at some of the most expensive hotels in America, was standing at his table ladling food for lusty young American sailors. Stewards were filing to his table with empty trays, having them refilled, and then scurrying back to the mess-room where hungry youngsters moved in a cafeteria line to get their lunch. "I cooked in hotels in Atlantic City where they charged fancy prices," said Cline, "but the food was no better than what we are serving this minute to the boys on this ship." Rations are unknown. The luncheon bill was: Vegetable soup, cold ham and beef, plenty of bread and butter, tapioca pudding and coffee. The sailor Oliver Twist may keep on coming back for more till he has had enough.

This luncheon bill included an item that King George and Lloyd George do not have today—pure white bread. The big flour magazines are stuffed with sacks of unadulterated flour and when the white-clad bakers have cleaned up the last of it there will be more coming from the United States. The parent ship supplies the destroyers with bread. It also contains the department store where sailors replenish their lockers. There is a barber shop fitted out with white-enamelled equipment. And there is a hospital where human repairs go on while the workshops are fixing damaged vessels.

There's a laundry, a bank, a post-office, a miniature ice-cream factory, an electrical shop, a carpenter shop—there's even a jail for offending citizens of the floating community. The submarine-hunters may see aboard ship the best American movies—often better than those shown at night in the single movie show which this base town supports.

The English would call her a depot ship. To the American Navy she is a parent ship and the submarine fight over here has proved the foresight of her builders.

**WYOMING FOLKS PICNIC**

The only password needed for the Wyoming picnic will be that you have lived in the state at some time. It will be held on Saturday, August 4th, all day, at the splendid Looft Pier at Santa Monica.

All are invited to come and stay all day. All the conveniences of the pier will be at the disposal of the picnickers. Basket dinners at noon and a jolly good time all day.

President M. O. Owen is in charge of the plans and arrangements.

**THE RED CROSS**

(Continued from page 1)

about \$40 worth of supplies at a dry goods store. It has been her aim to buy from Glendale merchants so far as possible. She asked permission to buy cloth needed, by the bolt instead of by the yard, that she might be able to purchase for the lowest possible price. The permission was granted.

Mrs. Duffield, chairman of committee on collecting tin foil, reported that she now has on hand about 100 pounds, and she thinks it best to sell what has been collected to date. This lady has done exceedingly well in making a collection of this valuable material.

A report came from Mrs. Menzo Williams, chairman of the American booth at the La Ramada Fiesta under the direction of the British Ambulance Society, that \$49 were the net profits of this booth. The approximate net profits of the Fiesta was announced by Dr. Harrower to be \$350. Dr. Harrower also stated that a collection amounting to \$14.67 had been taken up at the Capt. Florence lecture in the High School auditorium last Thursday evening, which amount will be turned over to the treasurer of the Red Cross.

A small bill rendered by A. M. Beamon for the payment of moving picture slides and large Red Cross banners, was ordered paid.

Mrs. Carter reported that she now has 66 knitters at work. Up to date they had completed 76 pairs of socks, 100 sponges, many scarfs and wrist-lets.

The announcement was made that Mrs. Nanno Woods would organize a class in French, making a charge of 25 cents per lesson, which amount will be paid into the Red Cross fund. Mrs. Woods' offer met with the hearty approval of those present.

Mrs. Ocker, the secretary, reported that she had received a check of \$6 from a mining man who had promised to pay into the Glendale Red Cross fund all dividends declared on certain mining stock he owns.

Persons present at the meeting, were: Mr. and Mrs. A. M. Beamon, Mr. and Mrs. A. S. Chase, Mrs. John Robert White, Mrs. Carter, Mr. and Mrs. McCrea, Mrs. W. E. Evans, Mrs. H. E. Bartlett, Dr. Harrower, A. T. Cowan, J. H. Braly, Mrs. Ocker, Mrs. Duffield, Miss Alice Frank and Miss Andrews.

**NOTICE TO CREDITORS**

No. 35681

Estate of William T. Richardson, deceased.

Notice is hereby given by the undersigned Anna Duke Richardson, Administratrix, of the Estate of William T. Richardson, deceased, to the Creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within ten months after the first publication of this notice, to the said administratrix at the office of Mattison B. Jones, 824 H. W. Hellman Building, City of Los Angeles, County of Los Angeles, State of California, which said office the undersigned selects as a place of business in all matters connected with said estate, or to file them with the necessary vouchers within ten months after the first publication of this notice in the office of the Clerk of the Superior Court of the State of California in and for the County of Los Angeles.

Dated July 3rd, 1917.

ANNA DUKE RICHARDSON,

Administratrix.

MATTISON B. JONES, 824 H. W. Hellman Building, Los Angeles, Cal., Attorney for Administratrix. 262t4Tues

**NOTICE OF HEARING OF PETITION FOR PROBATE OF WILL**  
No. 36189

In the Superior Court of the State of California in and for the County of Los Angeles.

In the Matter of the Estate of W. D. Simpson, Deceased.

Notice is hereby given that the petition of Winifred S. Boardman and George P. Simpson for the Probate of Will of W. D. Simpson, Deceased, and for the issuance of Letters of Administration with the will annexed thereon to Winifred S. Boardman and George P. Simpson, will be heard at 10 o'clock a. m., on the 22nd day of August, 1917, at the Court Room of Department 2 of the Superior Court of the State of California, in and for the County of Los Angeles.

Dated July 26, 1917.

H. J. LELANDE,

Clerk.

By H. H. DOYLE,

Deputy.

CHARLES L. CHANDLER,  
Attorney for Petitioner. 283t11

**PATENTS**

**ARCHIE PARKER**

In the daily routine of life you ask of those with whom you come in contact both honesty and fairness of treatment.

More so, than ever, do you need such help during the sorrows of bereavement. Then, as at no other time, you ask and have a right to expect conscientious service—the kind "you" yourself would give were you able to do so.

You ask and expect an impressive service, free of needless expense, yet fitting the occasion.

In using Scovern-Letton-Frey Co. service either in our mortuary, at the church or in your own home, you will find all these requirements met—quietly, restfully and in good taste.

How the Belligerents Line Up Central Powers Allies: Germany, Austro-Hungary, Turkey and Bulgaria.

Entente Powers and Their Allies: America, England, France, Russia, Italy, Belgium, Serbia, Montenegro, Japan, San Marino, Portugal, Rumania, Cuba and Panama—fourteen nations.

Have Severed Relations with Germany: China, Brazil, Bolivia, Guatemala, Liberia, Honduras, Nicaragua, San Domingo, Siam—nine nations.

PIANOS AND CLIMATE

Because the piano is constructed of materials that are affected by varying temperatures, care should be taken to protect it as much as possible. Moisture is one of the most frequent causes of deterioration in a piano, and this is not to be wondered at when we consider that the instrument is chiefly constructed of wood, cloth, skin and felt. The three chief enemies of the piano are damp, the sun, and a draft. If the room is at all damp, the tone becomes dull, the wires rust; and once rust gets hold the tone can never be restored. It is possible to get the rust removed, but the tone will be thinner. The temperature should not be below 50 degrees, and not over 90 degrees Fahrenheit. This is not always possible, but it is well to know what temperatures to avoid, so that one may keep the piano as far away from them as circumstances permit.

WARTIME ECONOMY

Wartime Economy Enthusiast—Just tell James to get the motor ready; I want to run down to the public library to see the evening paper.—London Opinion.

AVERAGE WOMAN'S PART IN WAR NOT SPECTACULAR BUT IT IS OF VITAL IMPORTANCE

You may think of the war nursing service as a pyramid. The apex, which alone comes in contact with the fighting forces, is the small group of professional nurses. Behind these comes a slightly smaller group of nurses' aids, nonprofessional women selected from the Red Cross training classes, who have charge of the housekeeping arrangements of the hospitals, and who will also to some extent be permitted to give nursing attention to soldiers in convalescent homes and camps, says the Red Cross Magazine.

But the base and most of the superstructure of the pyramid are the tens of thousands of capable women everywhere in the United States—in the big cities and the small towns and on the farms—who will keep the small professional service supplied with hospital necessities, attending in various capacities to their manufacture, collection, packing and shipment to central depots. Here the average woman must find her opportunity. The sacrifice of time and money for such service is not as inspiring as the direct ministrations to mangled and bleeding men in khaki—the movies will not pay so much attention to it—but who shall say that because of its prosaic drudgery it is not after all the more heroic? Who can measure the patriotism which will keep women on lonely farms day after day bending over this work, with none to applaud or even to know of the loving care put into those stitches?

QUITE A DIFFERENCE

"Say, doctor, explain a little matter to me, will you? What's the difference between an artistic temperament and the other kind of bugs?" "Oh, about \$5,000 a week and a padded cell," answered doc.

DOUBTFUL

"Is your husband a regular attendant at lodge?" "I wouldn't say that exactly, but he takes a night away from home regularly every week for that purpose."

OF COURSE NOT

"Mary Jane," called a voice down the stairway, "do you and that young man know what time it is?" "How foolish, father! How can we be expected to know, sitting here in the dark."

ON GUARD

"Aren't you going away this summer?" "No," replied Mr. Cumro. "I don't dare leave. I've danced all night and a bushel of potatoes in the cellar."—Washington Star.

AS TO CLOTHES

"You can't judge a man by his clothes." "Not always, but the uniform helps some in distinguishing a soldier from a slacker."—Washington Star.

SURE OF GETTING HIS

"The first shall be the last and the last shall be first," quoted the devout citizen. "It makes no difference how you arrange 'em," replied the expert commercialist. "I'll get mine either way."—Washington Star.

INDUSTRY

"Bliggins says he got on by burning the midnight oil." "Well, keeping late hours did help him somewhat. He danced all night three or four times a week till finally he met a rich girl and married her."—Washington Star.

HIS DAY

"Your day, of all days," quoth the fortune teller, "is Saturday. Watch for it, for on that day you will receive a certain sum of money." "You're right for once," said the fellow with the adjustable grin, "that's pay day."

"Remember, my friend, that much money does not necessarily mean great success." "No, but its entire absence is a pretty sure sign of failure."

HAD HIS TURN

Mr. Oldun—"Life is full of strange turns." Jack Young—"I know it. I turned up at a girl's house tonight, got turned down and turned out, and now I'm going home to turn in."

Contentment is not only better than riches; it is riches.

If you never begin a task you will never finish it.

CLEVER

"Is that young man you are going with clever?" "Clever, I should say he is. The other night when I was out riding with him he jolled three traffic policemen out of making complaints against him for speeding."

A RUMOR CURE

A rumor cure has been found by an official in that part of Kent which is peculiarly liable to German activities. People have brought to this official all sorts of stories and conjectures of mysterious lights and acts of espionage by perfectly innocent people, and a great deal of time was wasted in investigating them. Finally the man hit on a cure. Every person who came to him with any story was given paper and pencil and requested to "put it in writing, if you please, and sign it." In most cases the imparter of secret information would balk at this, and so none but stories with some truth were brought to the official. This custom "caught on" in the town, and now wherever anyone tells a particularly tall story, he or she is quietly handed a piece of paper and pencil.

RIGHT PLACE FOR OTTO

A German spy had been convicted and sentenced to a long jail term, and his case was being discussed in the smoking room of the Chicago Athletic Club.

"Poor Otto," said a meat salesman. "He went wrong. 'I'll say this for Otto—his heart was in the right place.'"

George Ade, the humorist, grunted. "And so, thank goodness," he said, "is the rest of him for the next year."—Ex.

UNEQUAL DIVISION

In Cornwall there was a case involving the ownership of an eight-day clock. After listening to the parties the judge said to the plaintiff: "You get the clock." "What do I get?" complained the defendant. "You get the eight days."—Grit.

HOUSEWIVES

"Plenty of modern girls know how to clean and mend." "Just as their grandmothers did, eh?" "Well, they know how to mend a tire and clean a spark plug."

A DIXIELAND LIMERICK

A maiden from Va. sold her motor (We promised we never would quote her. But we simply can't hold it)—She said that she sold it "Cause the doggone thing wouldn't tote her. —Buffalo News.

NEW FUNCTIONARY

"Say, I got a swell job," remarked Billy. "I'm teller in a livery stable." "That is a new position to me," commented his grownup friend with a puzzled countenance. "What are your duties as teller?" "Oh," said Billy solemnly, "I run back and tell the boss when the phone rings."

DEMANDING PROOF

"I see by your hand that you are going to be rich some day," said the palmist. "Umph!" replied the skeptical client. "If you can show me a \$10 bill in my hand I'll believe you."

A DRAWBACK

"A photographers' club I belong to is going to have a debate." "Can't be done." "Why not?" "Because every man in the club will want to take the negative side."

HAPPY FELLOWS

"These restaurant proprietors must be happy men," said Henpeck, glancing at a sign on the wall. "Why so?" asked the only friend his wife would let him have. "Look at that," responded the down trodden one, pointing to a sign which read, "Not responsible for hats, other apparel or valuables."

BUT SHE MUST HAVE

"How do you do, Gladys, my dear? I hear you have a new baby at your house." "Gee whiz, Mrs. Askalo, I knew he cried awful loud, but I didn't s'pose you could hear him way down here."

USES AUTO IN EVANGELISM

A Pacific coast evangelist is touring the country with his family in a two-and-one-half-ton motor truck, which he has fitted up as his home. The vehicle attracts much attention because of its light-colored body and painted numerous quotations from the Scriptures, says the Milwaukee Journal.

At the rear of the car is an observation platform, from which steps lead down to the ground. It can be utilized as an outdoor pulpit. A door leads from the platform into a room having window seats on either side. The remaining space is occupied by disappearing beds, a small kitchen, and a cupboard that serves as a pantry.

Platitudes are useful in conversation. They give one such an air of respectable dullness.

NOTICE OF SALE OF PROPERTY DELINQUENT FOR NON-PAYMENT OF BOND ISSUED FOR THE IMPROVEMENT OF THIRD STREET IN THE CITY OF GLENDALE, CALIFORNIA.

Default having been made in the payment of the installment of the principal and interest of that certain street improvement bond hereinafter described which became due as follows: Installation of Principal on January 2nd, 1917, \$5.27; interest on January 2nd, 1917, \$1.48; and interest on July 2nd, 1917, \$1.30. And the holder of said bond having, on the 18th day of July, 1917, duly demanded in writing that the City Treasurer of the said City of Glendale proceed to advertise and sell the lot or parcel mentioned in said bond and hereinafter described, to represent an assessment upon which said bond was issued for making certain improvements on Third Street, in the City of Glendale, pursuant to and under the provisions of Resolution of Intention No. 655 of the City of Glendale and the said bond, or its unpaid remainder, with accrued interest, as expressed in said bond, having thereupon become due and payable immediately, and upon the day following, to wit: the 19th day of July, 1917, having become delinquent, and the whole amount due on said bond not having been paid:

Now, Therefore, notice is hereby given that I, G. B. Hoffman, City Treasurer of the City of Glendale, under and by virtue of the authority vested in me by law, will, on the 16th day of August, 1917, at the hour of 10 o'clock A. M. of said day, sell at public auction the real property hereinafter described and mentioned in said bond, at the office of the said City Treasurer, in the City Hall of said City of Glendale, No. 575 West Broadway, unless the amount due on said bond and the interest due thereon, together with the cost of publication of this notice, are paid, according to law; and that I will so sell the same to the person who will pay the amount of unpaid principal and interest due on said bond, together with the cost of publication of this notice; that the said sale will be made in accordance with and under the provisions of an Act of the Legislature of the State of California entitled: "An Act to Provide a System of Street Improvement Bonds to represent certain Assessments for the Cost of Street Work, and Improvement within Municipalities, and also for the Payment of such Bonds," approved February 27, 1893, and amendments thereto.

That the said bond referred to in this notice is described as follows: Street Improvement Bond, Number 8, Series 3, Assessment Number 12, in the City of Glendale, County of Los Angeles, State of California, for the sum of Fifty-two 76-100 dollars (\$52.76) bearing interest at the rate of 7 per cent. per annum, issued for the improvement of Third Street, in the City of Glendale from the West line of Central Avenue to the East line of Columbus Avenue, said bond is dated June 6th, 1914, and is issued to represent the assessment upon the hereinafter described property mentioned in said bond for the street improvement above mentioned.

That the property mentioned in said bond, and to represent the assessment against which for said street improvement said bond was issued, is that certain parcel of land situate in the City of Glendale, County of Los Angeles, State of California, more particularly described as follows, to wit: Lot Thirty (30), Block One (1), Moore's Resubdivision.

That the amount due on said bond is as follows: Due on principal thereof \$42.22; Due on account of interest accrued on said bond, \$2.78; Total amount due on said bond, \$45.00.

That the name of the owner of said property mentioned in said bond is unknown.

Unless the amount of said bond as aforesaid, together with the cost of publication of this notice is paid, the real property mentioned in said bond, and hereinafter described, will be sold at public auction, as aforesaid, on the 16th day of August, 1917, at the hour of 10 o'clock A. M. of said day, at the office of the undersigned, City Treasurer of the City of Glendale, in the City Hall, No. 575 West Broadway, said City.

This notice shall be published for two weeks in the Tri-City Progress, a newspaper of general circulation, published in the said City of Glendale, which said newspaper is hereby designated by me as the newspaper in which this notice shall be published.

G. B. HOFFMAN, City Treasurer of the City of Glendale. Dated, Glendale, California, July 25th, 1917. 442

BUMPER CROPS INDICATED

Increase in prices coupled with greater production will bring California's crop of cereals and potatoes to a value this year of more than \$100,000,000, as against \$47,000,000 for last year, according to figures roughly compiled from the United States department of agriculture's comparative estimate and forecast of crop conditions issued July 1. Thus there will be returned to California growers and dealers more than two dollars for every dollar they received last year. The prices on which the figures are based are those of July 1, 1917, and 1916.

Increase in output is responsible for more than \$20,000,000 worth of cereals and potatoes and the remainder of the difference between \$100,000,000 and \$47,000,000 represents increase in the prices. Cereals included in the figures are corn, wheat, oats, barley and rice.

California is shown to have responded in the fullest degree to the appeal of Uncle Sam for more foodstuffs. The crop summary shows that all crops have been increased over those of 1916.

The department of agriculture forecast shows a probable production of 5,180,000 bushels of rice, nearly two-fifths more than the yield of last year.

The wheat crop this year will be worth \$12,000,000 as against \$5,000,000 for last year's crop, the prices being based on those prevailing on July 1, both years, but the gigantic king-pin crop of California is barley, with a production of 38,000,000 bushels estimated this year against 33,000,000 last year. On July 1, 1916, barley was selling at 80 cents a bushel, making the value of last year's crop at that time \$27,000,000. Barley now is quoted at about \$1.34 a bushel, making the value of this year's yield more than \$50,000,000.

The prospective potato crop, based on July 1 figures, may be valued at \$25,200,000, as against \$11,450,000 for the crop of last year, based on July 1 prices.

The state board of agriculture, in a report issued July 10th, declared that the outlook for a bumper crop of grapes in California is excellent. Reports from all grape-growing counties were given. Crops ranging from 90 to 120 per cent. are predicted in the following counties: Colusa, Eldorado, Placer, Solano, Stanislaus, Sutter, Yolo, San Joaquin, Fresno, Santa Cruz, Tulare, Merced, Alameda, Imperial, Kern, Los Angeles, Madera, San Benito, Riverside, San Bernardino and San Diego.

Though vines are behind their normal growth in some localities, there is evidence that the crop will be normal or above when it materializes. The prospects for wine, raisin and table grapes appear equally good.

In the upper end of the Napa valley where the frost damaged the vines, crops of from 65 to 67 per cent. are predicted. In the lower end of the valley a late crop of 100 per cent. is expected. Sonoma, Yuba and Contra Costa county crops probably will be somewhat less than normal.—Monrovia News.

NO SLACKER

They had been married three months and were having their first quarrel—which shows that they were a remarkable couple. "Evidently," she said, icily, "you regret that you have married me. The step is not irrevocable, however. If you care to be released from your bonds—" "Naw," he interrupted, impatiently, "I'm no 90-day recruit. I enlisted for the term of the war." She couldn't think of any retort, so she maintained a scornful silence.—Cleveland Plain Dealer.

DULL FINISH

There goes young Jones. He's one of our gilded youth, you know. I never would have suspected it. He doesn't look a bit bright. It takes the moon two weeks to get full and two more weeks to get over it. Men are different. Too many people spend their time condemning the conduct of others instead of spending it in improving their own. People who work hard have no time for insomnia.
