Snowy Feb 24th

Came to Boston after school -
went to the Colonization meeting -
a good meeting - Wendell in the chair
speeches - by - (John Milton (who made a
Garrison Speech) - West - S. W. Browne of
Lynn - & a young stranger who spoke in
a promising way - Boston took the chair
& Wendell the floor - & he was very eloquent
& interesting - & testified to the truth valiantly
a long & good meeting - Wendell walked home
with me & we talked over some interesting
matters - got home at 10 - Dr Harris worth was
not that he went to Dedham - Sat morning
raining - began to write - Ann Prince called
upon business - Mary Chapman - & after getting
over their visits - I was just trying my pen when
Dr Hollen came & staid till 12 o'clock -
Dinner - I then finished my letters in great
haste & packed up a parcel for Weymouth -
dinner hurried by - took a carriage & drove
to the Stage Office in Elm Street - got there
just in time - & drove home again.

Mrs Southworth called - some earnest talk
- went down to the Office 25 Cornhill -
had an interview with Stanton - & ran out
of the office - as I saw Henry & Wendell issue
out of the inner room upon him with
the Human Rights - & true in their hands
The Office was full of an anxious throng
of people - The painting ~~out~~ of the
work of Colonization displayed in the
window had attracted a crowd of Gays

among whom George Mr. Blayden
really - one can find amusement
enough - if one will only look round
- went to Russell's - Loring's - Gekko's
Pendleton's - then home - & to Hills
met Mr. Dunbar & Dr. Gay -
at dark Henry came - very interesting
developments - Little Henry was sent
with a spasmodic cramp - & he came
forced to summon Dr. Hale - he looked
him - ~~he~~ he was relieved directly
- Henry & Maria went to Ellis G. Loring
& I was dropped at Garrison's to be picked
up by them on their return - I had
a very interesting conversation with
the Garrisons - they were alone
reading proof - at 1/2 past 10 Mr.
& H. came & they staid some time
- went to bed then -
Garrison read me some private
letters of great interest - one from R -
& from G. S. - &c -

Sunday morning -
staid at home - & talked & planned
with Maria all day - Mary called
& Mr. Chapman Sen. J. M. M.
afternoon ~~came~~ they all went to hear
James - Wendell thought an important
joint letter ^{not official} addressed to H. & himself
- things are peeling on -

St Clair resigned - in consequence of his
 lost conversation with Henry -
 after Church I found him so much better
 I was glad to see him so much better
 but his state is far from well & he
 had a delay of four or five days
 after letters to the friends of Non-Resistance
 which he had prepared to send by express
 the trouble that as his next best way
 meant - leave him no time -

It is a ~~very~~ ~~good~~ ~~idea~~ ~~to~~ ~~go~~ ~~out~~ ~~with~~ ~~it~~
 I have felt better ever since hearing it
 Edmund stands to ten with us but I feel
 home early to be as he is so invaluable
 his mind is like ours - how pleasant
 to know where people are - the evening

Henry & I went to friends the evening
 at Channay I have written about
 the Soc - of Election had a discussion
 with Phillips about Sunday Observance
 the talk of the night previous

Ann Perry seems better -
 Ann Perry - wrote like Beano
 or as those and no more animals
 most probably would have it among
 their instructions - Ann has copied
 Angelina's letter for her

Dear Deborah

I got your letter - by our Father Amos
 came out at noon & gave it to me - but I could
 not put my business into his hands -
 not explain matters satisfactorily to him &
 told him to write by our Father - & say that I would
 answer to the next mail -
 I wish you had urged Mr Longdon to be
 more explicit as to the duties to be assumed
 & the equivalent - contemplated - I need not
 tell you that I am not a mercenary - in
 my views - but you are also well informed
 that it is very important to me just now
 not to make any labour as profitable as possible
 I should be agreeable to see you to leave
 the Boston - to be so far from friends
 & to leave my present pupils - but - all these
 must be with me at present - my own con-
 siderations - I have just commenced
 a quarter - here - which I must finish - at
 any rate - but I should am at liberty - to
 visit as much as any arrange mind to be
 made - before that time I ought not to
 think of leaving school - as I have some young
 ladies with me - who are finishing - & who
 have a right to expect me to finish the term
 you may say all - so if the matter ends
 here - let it be -
 I wish Mr Longdon & his friends think it
 worth their while to wait for me - 10 weeks -
 I would say further - that I am pleas-
 antly situated in Roxbury - with old &
 faithful friends - & can be in Boston as much
 as I please - My school - has been during
 the last year worth \$800 - so out of which I
 must pay rent - board & other expenses -
 but I have a right to expect that the school
 will be much more profitable during the
 ensuing year -
