OE files

CON - Mr. Robinson

OE - Mr. Whitman

March 2, 1948

ESP action on FEC-230.

The chronology of Department action on this paper was as follows:

a. State introduced the original paper into the Subcommittee for the Far East July 9, 1946.

b. SFE Working Group approved it and reported it to SFE on August 1, 1946.

c. After a number of cable communications with SCAP a revised draft embodying changes suggested by SCAP was approved by a SFE Working Group on December 19, 1946.

d. SFE approved it on January 21, 1947 and forwarded it to SWNCC.

e. SWNCC approved it in March or April 1947.

There is no record in ESP files, or in the SWNCC files, that you acted on this paper at any time. The chronology would appear to bear this out. The first paper would have had to have been approved by the office concerned (before July 9, 1946). From that time on until final SWNCC approval (April 1947) action could have been taken and probably was taken on the authority of the State Member of the Working Party and/or the State Members of SFE (Penfield and Martin). Final State approval involving the office level would have taken place only just prior to final SWNCC action.
