PROGRAMME.

The Fair will be formally opened on

Tuesday, October the Nineteenth, 1909.

at twelve o'clock noon.

BY

His Excellency William W. Kitchin,
Governor of North Carolina,
Assisted by

The President and Ex-Presidents of the Society.

SUPERVISORS WILL RECEIVE THE BOOKS FOR THEIR RESPECTIVE AWARDING JUDGES AT TEN O'CLOCK WEDNESDAY MORNING.

NOTICE TO EXHIBITORS.

Read carefully this rule 'touching all exhibits: "Exhibits not in place and fully installed by 12 o'clock Tuesday, October 19th, will receive no attention whatever from the Awarding Committee or Experts."

Exhibitors must make themselves acquainted with the prize list and regulations, and be sure in what classes and departments their entries belong.

The original entry-card must in all cases be attached to the exhibit, except in cases of animals, when the card may be placed conspicuously upon the stall or pen.

No article will be entered in more than one department, except where otherwise provided. This rule applies to all exhibits except those in Speed Department.

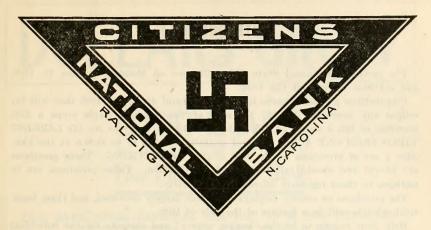

Exhibitors will not be allowed to sell goods during the Fair (though they may receive and book orders), nor will they be permitted to call attention to their wares in any noisy or disorderly manner.

Exhibits that have been erroneously entered may be transferred by applying to the Superintendent of Entries before 12 o'clock noon Tuesday of the Fair. If, however, such classes have been judged, they shall not be reopened.

Persons entering live stock to be exhibited in the ring or on the track will be expected to have their stock ready when ordered, and if not brought in promptly may be excluded from examination.

No animal or article will be allowed to leave the show grounds until after 5 o'clock on Friday, this being a condition of the entry. Transgressions against this rule will ineur forfeiture of any premiums awarded.

The Society makes no charges for space, and, except in special instances, exacts no entrance fees; but ten per cent of all preminms, aggregating five dollars or over, awarded by the Society will be retained as entrance fees, except where entrance fees are specifically charged. This is a liberal policy toward exhibitors, as no one will be required to pay unless awarded a premium.

THE CITIZENS

INTRODUCTION.

The forty-ninth Annual State Fair will open on Monday, October 18, 1909, and continue throughout the week.

Preparations are being made for an agricultural display in 1909 that will far eclipse any heretofore shown. On each of the fourteen staple crops a first premium of \$25, a second of \$15, a third of \$10 will be given for the LARGEST YIELD FROM ONE ACRE, a named quantity of each to be shown at the Fair. Also a set of premiums on the best display of TRUCKING. These premiums are liberal and should call forth eager competition. These premiums are in addition to those regularly offered by the Society.

The premiums on county displays have been largely increased, and these beautiful exhibits will be a feature of the Fair of 1909.

Help your county to be the "banner county" and compete for the individual premiums at the same time.

Particular attention is called to the Norfolk and Southern railroad's special corn premiums. This enterprising railroad will exhibit at the Fair the Corn Special, an educational display, showing how to select the best seed corn and best methods of cultivation.

Also exhibitors will note the \$400 premium offered by the Board of Agriculture for the best individual display and \$200 for the second best.

Note, also, the specials offered by that hustling farmer, W. A. Simpkins, of Raleigh, N. C.

The Horse Department has been reclassified with the view of encouraging the breeding and exhibition of utility animals. The premiums in this department have been increased one hundred per cent.

Every farmer is invited and urged to bring forward his products. No entry fee is charged, and exhibits are returned free of freight charge on certificate from the Secretary. The stalls and cattle pens have been rebuilt; an abundant water supply is provided.

For complete list, including the premiums, besides field products, for horses, cattle, sheep, swine, poultry and pet stock, fruits and flowers, pantry supplies, manufactures, ladies' needle and fancy work, fine arts, agricultural implements and machinery, minerals and building stones, and for general displays, educational exhibits, historical and scientific displays, athletics and tests of speed, send your name and post-office address to the Secretary.

There will be a brilliant Midway, with nothing to offend or demoralize. No toy whips will be allowed on the grounds. No "strong" games of chance of any kind whatsoever will be allowed on the grounds, and the management puts itself on record with a pledge to the public to use all possible efforts to prevent gambling. The free attractions will be entirely new and first-class in every respect.

This Fair has done and is still doing a great work for our people, and we bespeak for it a continued liberal patronage. This is the greatest place in North Carolina for friends to meet friends and to have a jolly good time.

JOSEPH E. POGUE, Secretary.

PROPERLY CONSTRUCTED FARM MACHINES

Farmers who look closely to the profit end of their business know the importance of purchasing properly constructed farm machines and implements. That is the reason progressive farmers everywhere prefer machines and implements sold by the International Harvester Company of America. These machines have been designed by men who have had extensive field experience and who have studied every condition under which they are operated. These machines will positively do the work for which they are intended in a much more economical and satisfactory manner than any other similar machines.

The farmer who uses a machine or implement put out by this Company realizes that he is getting good interest on his investment, and he will not hesitate to inform his neighbors of the fact.

The International dealer handles a full line of machines, and we suggest that you call on him and ask him to show you the machine or implement you may want.

The New Southern and Cotton King disc harrows are especially designed for use in the Southern States. You will find a full line of disc, spring, peg tooth and combination harrows and cultivators to select from. You may want a gasoline engine, auto buggy, cream separator, pumping jack, feed grinder or manure spreader. Perhaps you are interested in binders,

mowers, hay rakes, reapers, hay loaders, side delivery rakes, knife grinders or binder twine.

The International dealer can also show you threshing machines and farm wagous.

While attending the State Fair, we would be pleased to have you make your headquarters at our exhibit. Examine the machines and ask for catalogues.

If you wish to get the biggest profits from your business, call on our local agent and have him demonstrate the machines in the line that he

handles. If you prefer, write direct for catalogue on any of these machines,

REGULATIOMS.

1. Competition is open to the world and friendly challenge extended, except in instances specified.

2. The gates will be open for admission of visitors at 8 o'clock a. m. each day

and close at 6 p. m.

3. All employees of the Fair, including police, must wear badges and be promptly on hand at their posts at 8 o'clock a. m. each day of the Fair and remain on duty till 6 p, m. (except night force).

4. Every reasonable effort will be made by the officers of the Society and those in charge of the grounds to protect the property on exhibition from loss or damage, but the Society will not hold itself responsible should loss or damage occur.

5. Drunkenness, quarreling or the use of profane or obsceue language will not be allowed on the grounds, nor the presence of fireworks, petroleum, gun-

powder or any other dangerous or objectionable material whatever.

6. Persons desiring space for the exhibition of articles of machinery not entered for competition should apply to the Secretary as early as possible giving the name of the exhibitor and article, place of residence and the amount of space

required.

- 7. Exhibitors of horses, cattle, sheep and swine will be required to display over each stall or pen occupied by their stock a placard containing the name, age and breed of animal occupying the stall or pen, and also the name and address of the owner. The placard will be furnished and filled up at the Secretary's office.
- 8. No peddling, hawking or selling of any kind will be allowed in the buildings or on the grounds, except by a special license obtained from the Secretary of the Society.

9. The distribution of handbills or other advertisements is strictly prohibited about the grounds or buildings, except under direction of the Superintendent.

10. No article or animal will be entitled to space until the proper entry has been made. After an article or animal has been entered for a premium, it can not be removed until the close of the Fair without permission from the Secretary or the Supervisor in charge of the department; and if any person removes an article or animal without such permission, he forfeits all claims to a premium, even if the same shall have been awarded.

11. Each department will be made under the special charge of its Director. He will oversee the arrangement of all articles offered for exhibition in his department, and have control of the space assigned to it. He will be assisted in his duties by a special superintendent, who will receive all exhibits, take personal charge of them, countersign the exhibitor's coupons, and deliver the articles on the surrender of the countersigned coupons at the close of the Fair.

12. The exhibition of articles not mentioned in the Premium List is solicited. These will be assigned to proper departments, displayed to visitors, and re-

ported on by the judges.

13. The Executive Committee reserves the right to withhold premiums in any case in which it shall appear to them that the regulations have not been complied with, or that fraud or deception has been practiced or attempted.

14. There will be a free Bureau of Information at the main office, where all

questions will be cheerfully answered.

15. Exhibitors must provide, at their own cost, all show-cases, shelvings, coun-

ters, fittings, etc., which they may require.

16. Exhibitors' business cards, pamphlets, circulars, samples, etc., may be placed and be distributed from within the space allotted.

REGULATIONS.

ADMISSION.

1	7. The gates will be open at 8 o'clock each day.	
	Single ticket, admitting one person once\$.5	0
	Each person in any vehicle	0
	Children between seven and twelve years of age	5
	The first translation of the state of the st	
	Badge for two-horse licensed back, admitting back and driver at	
	either gate at all times during the Fair	0
		n

18. Special rates will be given schools, factories, private excursions and such organized bodies as approved by the Secretary.

19. Life members, and members of the Executive Committee, when reporting

to the Secretary, will receive admission tickets.

20. No person shall be permitted to remain on the grounds over night except those holding permits, which must be secured from the Secretary.

21. SPECIAL RULE.—The Society makes no charge for space, and, except in special instances, exacts no entrance fees; but ten per cent of all premiums aggregating five dollars or over awarded by the Society will be retained as entrance fees, except where entrance fees are specifically charged. This is a liberal policy toward exhibitors, as no one will be required to pay unless awarded a premium.

ENTRIES.

22. The entry-books will be opened at the office of the Sceretary of the Society in the city of Raleigh from September 25th to and including the Friday next before Fair Week, and at the Secretary's office at the Fair Grounds on Saturday and until 12 o'clock m. on Tuesday, when all entries will close. Much trouble and annoyance may be avoided by observing this regulation.

23. Entries may be made in person or by proxy. In making entries it will be necessary to give the name of the article, the name and post-office address of the exhibitor, and the premium number under which the article entered is to compete. This is especially necessary in order that the articles may be

properly entered.

24. All articles which are the product of the soil must be entered in the name of the producer. Those showing handiwork of skill must be entered in the name of the one whose skill they exhibit. Such may be individuals, firms or factories. They must have been made within three years, and not exhibited at any former Fair of this Society. All other property must be entered in the name of the actual owner. Any violation of this rule will bar the violator from competing for any premium whatever, and render him and his exhibit liable to expulsion from the grounds.

25. In case special facilities for meritorious exhibits are required, such entries shall be made before October 1st. Any person may enter as many different articles as he or she may own, in any department.

26. The same article or animal can not compete for the premiums of two or more premium numbers, except when otherwise stated in the head-notes of the department in which it is exhibited.

27. All entries will be numbered and recorded in the books of the proper department and class, and corresponding tags will be issued, which must be attached to the exhibit before such can be placed on exhibition.

28. Contrary to the custom of most agricultural societies, the Society has decided that the names of all exhibitors shall be placed on the card attached to the article on exhibition, EXCEPT IN DEPARTMENTS C AND E, DE-PARTMENT H, and DEPARTMENT I, as to do otherwise deprives the exhibitors of one of the main features of these exhibitions, viz, advertising (but pictures, etc., in Department I may be identified on the back of same).

29. No person will be allowed to see the entries or have access to the entry-

books until after the awards have been made.

30. All entries shall be for the first premium of the premium number under which they are entered, but, failing to take the first, shall compete for the second, if a second is offered; and, failing to take the second, shall compete for the third, if any; but shall not be awarded more than one premium under the same premium number.

31. Exhibitors must see to the proper delivery of articles and live stock on the grounds, and to the proper care of the latter, as no charges for transportatiou

or drayage will be paid by the Society.

EXHIBITS.

32. The grounds will be in readiness for the reception of exhibits any time during Thursday, Friday and Saturday preceding the Fair, but no exhibits will be received Sunday, except live stock from a distance that may have been delayed in coming. Neither will exhibitors he permitted to make any arrangements on that day, except such as the Superintendent may deem necessary.

33. Articles and animals provided with the required entry-tags will be assigned places by the Superintendeut of Department until Tuesday, October 19th, at 12 o'clock m., after which no more will he received in departments where premiums are offered except in classes where perishable goods are entered.

34. All animals must be exhibited in such place and at such time as the Superintendent in charge of such shall direct, in accordance with the official

35. Any and all articles obnoxious or repulsive in their character shall be excluded from the grounds, or, if entered without heing fully known, shall he

removed at once.

36. Ladies from a distance desiring to exhibit textile fahrics may ship their goods to the Secretary, but in no case will be or the Society be responsible for any loss, damage or breakage. Goods so shipped must be directed to the Secretary, "Main Gate, Fair Grounds," and must arrive not later than Saturday, 16th. No packages will be accepted unless freight or express is prepaid.

Special notice is hereby given that none but textile goods and art work can be

consigned to the Secretary for exhibition or competition.

37. Exhibitors will be required to keep their space and stalls in a cleanly condition by removing therefrom any fifth or litter and place it in front of said, space or stall, where the scavenger force of the Society may get it with

38. Should any person misrepresent his exhibit, and a premium he awarded upon it, such premium may be withheld by the Executive Committee.

39. SPECIAL NOTICE.—Read earefully this rule as touching all exhibits. Exhibits not in place and fully installed by 12 o'clock Tuesday, October 19th, will receive no attention whatever from the Awarding Committee or experts.

Exhibitors can have the use of halls and grounds for any reasonable number of days preceding opening day proper in which to place their exhibits. There is no good reason for delay. Hence it is repeated, this rule will be rigidly enforced "for the good of all concerned."

PREMIUMS.

40. A premium ribbon is a hadge of merit, and in no case should it he attached to an article or animal where meritorious qualities are lacking.

41. The premiums are designated by rihhons, hlue meaning first, red second, and white, third premium. These ribhons will be attached only by the Director of each department, or his Superintendent, after Judges or Committees have made their awards and the same have been approved by the Directors.

42. The Society deems its diploma or medal to possess value equal to cash premium of not less than ten dollars. The exhibitor entitled to a prize equal to that amount will he at liberty to commute a money premium for a diploma or medal, but not the

award of a diploma or medal into a money premium.

43. Premiums are payable thirty days after the close of the Fair, and if not claimed by the first day of February, 1910, will be regarded as donated to the Society.

44. Medals and diplomas will be delivered at any time between

November 1st and December 31st, 1909.

INSTRUCTIONS TO SUPERINTENDENTS.

45. No Superintendent of Department will be permitted to employ help without written authority of the President or Secretary, and the Fair Association will not become responsible for the pay of help employed without such written authority. An order for all supplies must be obtained from the Secretary or Assistant Secretary.

46. Superintendents of Departments will be in attendance from 8 a. m. to 6 p. m. at their respective posts on the ground, Monday, October 18th, to Friday, October 22d, inclusive. They will have exhibits promptly placed, and depart-

ments must be in complete order by 12 m., Tuesday, October 19th.

47. If erroneous entries are made, they will make the necessary corrections

or eause such to be made in the official entry-books.

48. Superintendents will point out to the Judges of Award the articles or animals to be inspected, and cause the same to be displayed in their proper places and at the proper time.

49. They will see that order and decorum are observed in their departments, and that property is protected against damage and loss by accident or other-

wise.

50. They will also see that no property is removed before the appointed time, and that the ehecks are detached from the tags of property when removed, as a means to prevent fraud or mistakes by such removal.

JUDGES.

51. The Society reserves the right to use either the single or

three-judge system, or both, during the Fair of 1909.

52. The Judges of Awards, when ready for duty, shall be furnished by the Secretary with a list of all entries in their respective departments and books in which their awards are to be recorded.

53. Should any of the Judges previously selected fail to be present, the Director of each department is authorized to select to fill the vacancies, always endeavoring to select persons duly qualified by their pursuits or experience to make correct awards in each special department. In all cases the Judges, before awarding any premium, will be careful to see that the requirements of the Permium List have been strictly complied with by the exhibitor.

54. No person directly or indirectly interested will be allowed to serve as a Judge, and the Executive Committee will quash the awards in every case when a person interested has acted as a Judge; nor shall a member of the Executive Committee act as a

Judge or umpire under any circumstances.

55. Judges are specially instructed not to award premiums to any animal or article because of its presence. It must be individually worthy. It is not the policy of the Society to encourage indifferent productions of any kind, or to distribute premiums equally among exhibitors, and no premium should be awarded to any animal or article that does not possess high intrinsic merits.

56. When two subjects of the same kind presented for premiums are deemed by the Judges of equal merit, and also of such a high degree that to either, if alone, the premium would be awarded, in such case the award must be to divide the first and second premiums equally between the two competitors; or, in

case there shall have been no second premium offered, then divide

the first only in like proportion.

57. The Director in charge and the Special Superintendent shall attend the Judges when making the examination in their respective departments, and furnish them with all required information. PREMIUMS WILL NOT BE PAID TO PARTIES HAVING EXHIBITS WHERE IT IS PROVEN THAT THEY ACCOMPANIED THE JUDGES WHEN AWARDING THE PREMIUMS. awards, when completed, shall he signed by the Judges and also hy the Director, who will take charge of the book and return it to the Secretary. As the awards are made, the Director or his Superintendent will attach the ribbon indicating the award.

58. Decisions of Judges shall he final, and no appeal will be considered, except in cases of protest, in writing, with strong evidence of fraud or violation of the rules of the Society, which may be filed with the Secretary before the premiums have been presented.

59. Reports must be signed by each Judge in his own hand.

60. JUDGES CAN NOT AWARD PREMIUMS TO ARTICLES NOT IN THE REGULAR PREMIUM LIST, BUT MAY MAKE RECOMMENDATIONS AND FILE THESE WITH THE SECRE-TARY, WHO WILL PRESENT THEM TO THE EXECUTIVE COMMITTEE.

POLICE

61. All tickets-life members' tickets or other tickets-presented by persons not entitled to hold them must be taken up, and those offering them required to purchase others before entering the grounds.

62. The policemen shall he sworn in as conservators of the peace, and it shall be their duty to arrest any person creating any disorder or violating any of

the rules of the Society or laws of the State.

PRIVILEGES.

63. One ticket, good for one admission each day of the Fair, will be given for every ten dollars of privilege money paid, and for each additional charge of ten dollars, or fraction not less than five dollars, one extra ticket, and no more.

At a meeting of the Executive Committee of the North Carolina Agricultural Society (Advisory Board), held July 29, 1905, the following resolution was adopted, and is hereby announced, that all persons interested may be governed accordingly:

Resolved, Every privilege granted must be in conformity with the laws of the State, and subject to inspection at any time; and no gambling of any sort will be allowed, and no toy whips will be allowed on the grounds.

All worthy and interesting shows or amusements are invited and will receive a cordial welcome.

Notice is hereby given that the above will be strictly enforced.

CARE OF STOCK.

64. Straw for bedding will be furnished by the Society in reasonable amount, free. Arrangements have been made with a responsible party to furnish hay, corn, oats, and chop feed on the grounds at market prices, in quantities to suit purchasers. The Society does not furnish feed.

65. In order to accommodate exhibitors to the best advantage, applications for stall should be made to the Secretary as early as possible. No charge is made for use of stahles by animals regularly entered for competition.

66. Thursday and Friday will be the days of the parade, and all stock must be in the parade or forfeit premiums, except where stock is not able to come out, or too vicious, and that to be decided by the Superintendent in charge.

METAL SHINGLES

have stood in the light and darkness of 21 years, with all the attendant rain, storm, heat and cold, and have never needed repairs. They're as good as the day they were put on. Is that the kind of roof you're looking for? A roof, the cost of which is practically all in the first item, and that item surprisingly small in comparison with roof value as established by other building coverings.

There's nothing temporary about CORTRIGHT. It's made to last and look well. That it is stormproof is due to our ingenuity. That it is fire-proof is incidental—metal won't burn. Send for book—"Rightly Roofed Buildings."

WHAT OUR CORN-GROWERS CAN DO.

Plant less and cultivate to better advantage.

Keep a record and ascertain the cost of production.

Abandon the practice of selecting seed corn in the barn.

Realize that often hright boys are hetter suited for farming than the "old man," if given a chance.

Learn that stripping fodder reduces the yield of shelled corn to an extent equal to the value of the fodder secured.

Remember that plowing corn deeply in an advanced stage of development tears off the feeding roots and decreases the yield.

Appreciate that a single ear of good corn is worth a bushel of inferior type

for seed purposes. Give their sons a chance and encourage them in the use of less expensive and

more effective methods than they have followed.

Trehle their yields and increase their profit five or sixfold by seeing that

each stalk bears one-balf pound of grain. Prevent their lands, by adopting suitable rotations, from lying bare and being

robbed of their fertility through leaching during the winter months.

Increase their yield in 1910 by five bushels per acre and thereby add millions of dollars to this section's hank account.

Impress upon their sons that successful corn-growing is an occupation requiring as much or more thought than hanking or the mercantile business.

That when corn begins to "shoot" or tassel all harren stalks ought to be

When the corn is about to be barvested, go through the field and select ears from stalks showing stockiness and heavy growth and hearing one or two fine ears low on the stalk. This will give fine seed corn at little cost and each year materially increase the yield per acre.

Early maturity is not conducive to large yields. A long growing season tends to greater growth and more corn. The very early varieties are useful for special

purposes, but do not give the largest crops.

Remember that you can not grow large crops of corn economically with commercial fertilizers only. Corn, of all crops, wants a deep, loose soil, well filled with humus, which usually means one rich in nitrogen and one that will hold an ahundant supply of water.

Ahundance of water at all times heing a first essential to successful corn

production, level, shallow cultivation which will conserve the moisture is the

best for the corn crop.

While too thick planting on poor land lessens the yield, there is nevertheless more loss from planting too thin than from planting too thick. Ears of corn do not grow on anything but corn stalks and if you don't have the stalks you can't

The cost of the corn crop is chiefly in the cultivation. Cheap cultivation means cheaper corn; therefore, use the harrow before and after planting, the weeder after the corn comes up, the cultivators that take one and two rows for

the after cultivation. The hoe is too expensive a tool for the corn field.

R. S. CURTIS, Director.

Unless the Judges deem the animals individually worthy, they will withhold premiums.

Pedigrees for this section must be fully verified and filed for examination and approval with the Director of this Department. Reference will be made to the English Stud Book, The American Turf Register, Wallace's or Bruce's Stud Book, or others of equal standing. Stallions or jacks only admitted to competition that have served ten mares during the season. This rule will be enforced.

All ordinary stock without pedigree and not pure hred, shall he admitted for

exhibition and competition in its own class.

Exhibitors of horses will be required to test their animals under the direction of the Judge or Judges who may have charge of the class in which the entries are made. The Judge or Judges have full power to rule out of competition all who do not comply with their requirements.

Horses to compete for premiums must be sound, except in cases of stallions or mares injured by accidents, which do not impair them for breeding purposes. The age of horses and foals will be reckoned from January 1st. All foals

will be considered one-year-old on the first of January succeeding birth.

From 10 a. m. to 4 p. m. all stock must be uncovered and an attendant there to answer all questions politely.

All stock must take part in the grand parade.

In classes for get of pure-hred stallion and produce of mare, progeny from grade mares, will be admitted.

THE STANDARD.

As Revised and Adopted by the American Trotting Register Association, May 19, 1891.

In order to define what constitutes a standard-bred horse, and to establish a hreed of trotters and pacers on a more intelligent basis, the following rules are adopted to control admission to the records of pedigrees. When an animal meets the requirements of admission and is duly registered, it shall he accepted as a standard-hred animal:

1. Any trotting stallion that has a record of two minutes and thirty seconds (2.30), or a pacing stallion that has a record of two minutes and twenty-five seconds (2.25), or hetter provided any of his get has record of 2.35 trotting or 2.30 pacing, or hetter; or provided his sire or dam is already a standard animal.

2. Any mare or gelding that has a trotting record of 2.30, or pacing record

of 2.25, or better.

3. Any horse that is the sire of two trotters with records of 2.30, or two pacers with records of 2.25, or one trotter with a record of 2.30, and one pacer

with a record of 2.25, or better.

- 4. Any horse that is the sire of one trotter with a record of 2.30, or one pacer with a record of 2.25, or hetter, provided he has either of the following additional qualifications: (1) A trotting record of 2.35, or a pacing record of 2.30, or hetter. (2) Is the sire of two other animals with trotting records of 2.35, or pacing records of 2.30, or one trotter with a record of 2.35, and one pacer with a record of 2.30, or better. (3) Has a sire or dam that is already a standard animal.
- 5. Any mare that has produced a trotter with a record of 2.30 or a pacer with a record of 2.25, or better.

6. The progeny of a standard horse when out of a standard mare.

7. The female progeny of a standard horse when out of a mare by a standard

8. The female progeny of a standard horse when out of a mare whose dam is a standard mare.

100% A YEAR FOR TWENTY YEARS TO COW OWNERS

That's the marvelously good investment that more than ONE MILLION satisfied users are finding the

DE LAVAL CREAM SEPARATOR

With three or more cows a DE LAVAL separator saves its cost the first year, in more and better product, and it may be depended upon to go on doing so for twenty years, as there are already thousands of instances to prove.

There's half this much saving in the use of a DE LAVAL over inferior separators, while other separators last but from six months to five years instead of twenty years. They lose half that might be saved while they do last.

That's the whole separator story in a "nut shell" and the reason for the now nearly universal sale of DE LAVAL separators.

A DE LAVAL catalogue may be had for the asking. Likewise the trial of a DE LAVAL machine.

Unless the Judges deem the animals individually worthy, they will withhold

All except Grades or Natives must be registered in some recognized herd-book, and certificates of registration filed with the Secretary. In all entries for Grades, either the sire or the dam must be registered and pure bred and so proven. Only residents of North Carolina can exhibit and take prizes in the Grade and Native cattle classes. Other classes open to the world.

Cattle arriving at the limit of age during the month of October of holding the

Fair shall be deemed to be under that age.

Cattle entered for individual premiums can also compete in one of the herds. EXHIBITOR'S HERD to consist of one bull and not less than three cows or heifers over two years old.

BREEDER'S YOUNG HERD to consist of one bull and three heifers under two years old. The same animals can not be shown in both herds.

WAYNESVILLE, N. C. October 5 to 8, 1909

REPRESENTATIVE FAIR OF WESTERN NORTH CAROLINA

This Fair is held during the season when the ever changing tints of autumn leaves render the scenery in the "Land of the Sky" more beautiful than at any other time of the year. In addition to this natural attraction, the Fair will prove an interesting exposition of the resources of our mountain section.

DEPARTMENT B 3.—SHEEP.

GEORGE ALLEN, Director.

Judges will not award premiums unless the animal is fully meritorious.

Exhibitors are required to have their stock ready in the pens for the Judges by 10 o'clock A. M. the second day of the Fair. This rule will be strictly enforced. See that your entry cards are properly made out and securely placed in a conspicuous place on the pens.

RULES GOVERNING JUDGES.

Judges of sheep are expressly instructed that it is their duty, in every ease, to require from each exhibitor in lots of pure breeds, satisfactory evidence of purity of breeding as claimed; and Judges, when awarding a premium in any such lots, will be understood to say by such award that (in their opinion) the animals receiving the premium are, beyond a reasonable doubt, purely bred, as claimed.

All ewes three years old and over shall have raised a lamb this season.

All sheep offered for competition must be accompanied with an affidavit to the effect that they have been shorn since April 1, 1909, and the date of shearing must be given.

Flocks and pens of sheep must be owned by one individual or previously existing firm.

Animals competing for the individual premiums may also compete for the flock premiums.

Shaw University

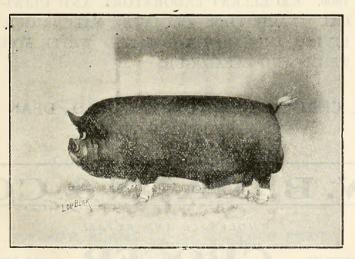

The Next School Year Begins Sept. 30, 1909, and Closes May 12, 1910

The new building, known as the Tupper Memorial, has been erected to increase the industrial facilities for the young men and an addition has also been made to Estey Hall, giving more room for the young women for the departments of Sewing, Dress-making, Millinery, and Cooking. There are complete courses of study in the Normal, College Preparatory and College Departments; the schools of Law, Medicine, and Pharmaey maintain a high degree of efficiency. The attendance has become so large during the last few years that prospective students of Shaw University should make their application a year or so in advance to make sure of admission. For catalogues and all other information, address

DEPARTMENT C .- POULTRY AND PET STOCK.

W. G. ALLEN. Director.

RULE 1. The American Standard of Perfection, revised edition, will be the guide of the Judges in awarding the premiums, and premiums will be paid according to the list following.

RULE 2. Unless there are three or more entries in each class of Cocks, Hens, Cockerels and Pullets, second money will be paid and first honor given. No premium will be given unless specimen is worthy; if only one entry, no money

will be paid.

Rule 3. Competition is open to the world, and all specimens exhibited must be the property of the exhibitor. Any attempt to evade this rule will exclude

all specimens entered by the offending party from competition.

RULE 4. All entries should be made with the Secretary not later than Friday, October 15th, and specimens must be in coops by 12 M. Tuesday, the 19th, as Judges will begin at that time, and all specimens not in place will be debarred from competition.

Rule 5. All specimens this year will be classified and each breed grouped. No

exception will be made to this rule.

Rule 6. An entry fee of 25 cents on single entries will be charged.

RULE 7. For the benefit of beginners, we append the recognized terms: Cock, a male specimen hatched prior to 1909; Cockerel, a male specimen hatched during 1909; Hen, a female specimen hatched prior to 1909; Pullet, a female specimen hatched during 1909.

NOTES.

Exhibitors need not accompany their fowls. When addressed to the Superintendent Poultry Department, State Fair, Raleigh, N. C., with express or freight charges paid, they will receive proper attention and be returned to owners at the close of the Fair. Express charges are made to and from the Fair.

The Society will feed and coop free all specimens sent,

Make your entries very plain and send to the Secretary by mail as early as possible, but in no case later than the 19th of October.

The Society will not be responsible for loss from any cause whatever, but the best care and attention will be given.

He was spitting blood when I saw him and applied Mother's Joy. He was cured in one night. Mr. J. C. Simson's child, Greensboro, had pneumonia, the Doctors said he would die before midnight, that both of his lungs were conjested. The trained nurse said he could not live and it wasn't worth while to use anything on him. I applied the Mother's Joy and in ten minutes the baby was better. The next morning the pneumonia was gone. Some of you doubting Thomases will say this is false. If you can prove it false we will give you one thousand dollars cash. Now get to work. We will give you the names of the Doctors who attended the child. Goose Grease Liniment and Mother's Joy will do what we claim or you get \$100.

YOUR CORRESPONDENCE SOLICITED

DEPARTMENT D.-HORTICULTURE, ETC.

W. N. HUTT, Director.

Read the rules carefully and comply strictly.

All entries in Fruit and Vegetable classes must be made by the growers, and all fruits must be of State growth. All entries in Manipulated Fruit and Vegetable classes must be hy those who manipulate the same.

Entries in Tool and Package classes may be hy manufacturer or retailer, and need not be of State manufacture. Entries in Nursery class open to State-

grown plants only.

"Plates of fruit" means that the fruit is to he placed upon wooden plates, which will be furnished hy the Secretary. Each plate is to contain five specimens, and no more. Each plate of fruit must be plainly marked and correctly named, and the entry tag attached to the same, so that the entry can be identified by the committee without difficulty. Plates entered for the single plate premiums are all to be arranged by themselves, and not mixed up with those entered for general collections. A premium offered for a general collection of fruit will not be awarded to a mere pile of apples or other fruit, but must be for a real collection, arranged on plates of five each and all correctly laheled, and no fruit will he counted in a collection unless it is a fair specimen of the variety. No trashy fruit of any kind will be counted merely to make up a collection. A premium for the best collection of grapes, peaches, or any other fruit, will be not he awarded to a mere number, but to the quality of the exhibit mainly. The committee will withhold premiums in any case where there is no competition and the article is of inferior quality, and no second premium will he given solely because there is no other exhibit but the two, but all fruits must he of good quality. No attention will be paid by the committee to any fruit or other exhibit that is not arranged in accordance with these rules. The awards for fruits will be made on the afternoon of the second day of the Fair, and all not then in place will be left out. No exhibitor will be allowed to discuss exhibits with the committee, or to interfere in any way while the committee is at work. If the exhibits are not so arranged that the committee can find all without help, they will be left out in the award. To avoid all unnecessary walking to and fro on the part of the judges, the fruit exhibit must be arranged in consecutive space near together, and not scattered about the buildings. The same rule will apply to the exhibits of canned goods.

In the exhibits of exotic plants in pots, the plants competing for each premium must be arranged by themselves, as the judges will not hunt among a mass of plants to find the ones competing for special premium, and no plants in the professional class will be awarded a premium, unless it shows a wellgrown specimen of its kind. The premium for the ten roses is held to mean ten varieties, each in a separate bottle, with label attached giving the correct name of the variety. In the premium for the best and largest assortment of cut flowers, each variety must be shown in a separate bottle of water, or other vessel, to show them properly and keep them fresh, and no notice will be taken of collections loosely thrown on the tables. In the premiums for the hest houquet, basket and floral design, attention will he given as much, or more, to the taste-

ful arrangement than to the particular kinds of flower used.

In the nomenclature of fruits the names adopted by the American Pomological Society will rule, and no variety will be accepted that has not been admitted to their catalogue, except in the case of seedlings never hefore exhibited. A pile of fruit hrought for sale merely will not be allowed to count in a general collection of fruit, as all fruit shown for premiums must be arranged on plates, and remain on them till the close of the Fair.

VETCHES -ANDCRIMSON CLOVER

WINTER or HAIRY VETCH makes not only the largest yielding and one of the best winter feed and forage crops, but is also a great soil-improver, adding as much nitrogen to the soil as any crop you can sow.

CRIMSON CLOVER can be sown to advantage any time after the middle of June to the middle of September. It is very successfully sown at the last working of corn, cotton or other crops. It is not only a fine pasturage and feed crop, but also largely increases the yield of any crop which follows it, and saves the use of fertilizers.

We are headquarters for these, and all SEASON-ABLE FARM SEEDS, Wheat, Oats, Rye, Barley, Grass and Clover Seeds, etc, etc.

Write for prices, and "Wood's Crop Special," mailed free on request.

DEPARTMENT I .- FINE ARTS, PAINTING, ETC.

JOHN C. DREWRY, Director.

Exhibitors must mark all boxes or packages containing articles for Department "I" on the outside, both ends, "Art Department." List must be enclosed with name and address of exhibitor within the box.

Pictures should be framed, and pastels under glass. Water-colors, drawings

and pen-and-ink work may be protected by mats.

The name of the artist should be attached to the back of all specimens of paintings, drawings, etc.

Articles exhibited at previous Fairs are positively barred from competition. This rule will be rigidly enforced.

DE-O-DOR BLACK PAINT

STANDARD LIQUID PAINT

These two products used on your dwelling, factory, warehouse, or on any building, form the greatest preservative we know of.

Years of experience have taught that no better value exists for the money.

An application of either Standard or De-O-Dor prevents the crumble of age.

These two great element-resisting factors can be applied by any one, and will preserve and beautify your home a hundred fold.

Write for information concerning these products.

Color schemes on application.

AST YEAR WE WERE AT THE RALEIGH FAIR,
And think had undonbtedly the best engines there,
The Foos on the same field had rnn as a "boy,"
And was greeted by many an old friend with joy!
The New Way, quite of a different order,
The engine never known to have "taken water,"
Made its debnt then, and quick it set
Claim to the title of "Farmers' Pet,"
And this year, if at the Fair yon be,
The Foos and The New Way fail not to see.

A Few Pointers About Eastern Carolina

HE thermometer seldom registers 90 degrees and all summer there are cooling sea-breezes.

¶ In winter the mercury rarely goes below freezing point. ¶ The rainfall is abundant and evenly distributed; droughts or cyclones are unknown. ¶ Soil varies from deep black corn lands to grayish sandy loam with clay sub-soil. ¶ Surface level, easy to cultivate and well drained. ¶ Two and three crops can be raised during same year on same ground. ¶ A crop failure in a land of single crops means the loss of a whole year. ¶ No finer climate in the world; no more healthful region; and it is the coming section of this Continent in the matters of stock husbandry, fruit and vegetable growing. ¶ Great advantage over other sections in nearness to Northern markets. ¶ Quick transportation and low freight rates.

Come and See for Yourself

The Norfolk & Southern Railway has recently constructed many new lines through this

splendid country, and opportunities for profitable enterprise along its lines are nowhere else excelled.

Why not make a visit and look the situation over? We will gladly assist you in getting agreeably located and see that you obtain good lands at the right price.

You Will Be Convinced

Try It on The Hills

Test this car at half speed on a hill or sand road where power and every ounce of it is needed. Notice how steadily and powerfully it pulls when running slowly under load.

The capacity of the Rambler engine for doing this extra work is most noticeable at low engine speeds. This is because of the offset crank shaft.

All that power which in other engines is lost through friction on the bearings and cylinder walls, is added to the driving force by the R. mbler offset crank shaft. It reduces friction, eliminates hammer on bearings, gives more power. The time-drive delivers the power direct and with least frictional loss to the rearaxle.

Let us demonstrate these features and the silence and comfort of this car.

Let us call at your home, and take you to your place of business
some morning in a Rambler.

GIVE ME À TRIAL; WILL SAVE YOU MONEY

"It is Time to Mend Our Ways".

Good Roads can only be secured by properly maintaining them. To do this you need a light two-horse machine operated by one man. A machine that will not skid. A machine that will cut out the ruts, carry the dirt from the high to the low places, and work in hard or soft ground.

The GLIDE will do this and more

It is wheelless, running on two wide shoes which have a 2-inch flange on the bottom to prevent skidding. It is low priced and we send it on free trial.

Write to-day for circular describing the Best, Most Durable, Economical Leveler and light Grader ever built.

THE AMERICAN REALTY AND AUCTION CO.

OF GREENSBORO, N. C.

Do a General Auction Business in All Lines

However, make a specialty of taking large tracts near to or within towns and cities, sub-dividing same into lots, and selling at auction.

If you have vacant property near some town that you would like to have the cash for, write us. We can get you more money for it at auction by our new method of auctioneering than you can possibly get in any other way.

THE GUILFORD RANGE

We recommend this Range as being thoroughly reliable in every respect—fine baker, and guaranteed to give satisfaction. It is sold at an honest price, low enough to fit the pocket of the man of moderate means, but good enough for the most exacting. It is The Range for the People
