1. Name. 1949 Calender Year Niigata Prefectural Public Welfare Committee (Children Committee) and Social Work Convention.

2. Purport.

Various legislative measures were taken for the purpose of insuring rapid and wholesome growth of public welfare work, however, from the general standpoint, public welfare work program can't be said to fare well enough to satisfy the provisions of its related laws.

And, on the one hand, the present social conditions of Japan is confused and unstabilized, from which more and more complicated and cumbersome social problems are springing, and, on the other hand, transitional heavier pressure, which is impossible to avoid in a period from uncertainty to stabilization, on the austere living of the people can not be overestimated too, who are making utmost efforts to achieve the Nine-point Economic Stabilization Program.

In view of such serious conditions of our country, all public welfare committee members and persons concerned with social work throughout the prefecture are asked to meet in a hall to discuss and study concrete countermeasures to cope with future anticipated difficult situations and to create "autonomus" campaign policy which will make tremedous contributions both to sound development of this undertaking and to earlier reconstruction of peacful and cultural Japan.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

Dated 19.1949

It was informed that the following prints were shown to the people by the Japan Communist Niigata District Committee on their "strect signature collection movement" for the entry in the membership of the " Seikatsu Yogo Domei" Living aid league ;

---6---

Niigata City Living aid league

Unreasonable taxation is contrary to the constitution

That is the violation of the tax law.

For the protection of our living,

For the struggle against the forced taxation.

Join to the Living aid League.

It is the violation to the right of property.

We demand bright and reasonable taxation.

Police Troop Commander Nonoyama declared that he is stading out side of the frame of the anti-tax movement.

Be United !

Join immediately !

Applications shall be submitted to the Communist celles or " Zeikin [redacted]esei Kai" Tax Adjustment association

Japan Communist Niigata District Committee.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

Regarding the words among the above indicated prints ; "the Police Troop Commander Nonoyama Declared that-----." we demanded the cancellation of the words to the Communist Committee, as the Police Commander had never declared that the anti-tax movement is out of the police control.

The fact is that, Sekigawa Seiichi, a member of the District Communist Committee came to the Police Commander and asked ;

"Do you take control action on the anti-tax movements ?"

The Commander answered that if the movements are contrary to the law they shall be controled.

Then the Sekigawa asked,

"Do you control on the street signature collection activities ?"

"I can not say to control immediately on the action itself of the signature collection on the street." the Commander answered.
