strafing run per plane on reported mortar positions in target area 185 P.K.F was made without visible results. The positions had not been pin-pointed, were well concoaled in rough terrain and the pilots were unable to find them. The area designated, however, was well strafed.

Photographs of Damage, WhenTaken, Should Be Attached By Staple. (p) Were Photographs Taken?

RESULTS: (For all hits claimed on ship targets and for land targets of special interest, draw diagram, top or side view or both, as appropriate, showing type and location of hits. For all targets give location and effect of hits, and identify by numbers above. Use additional sheets if necessary).

XII. TACTICAL AND OPERATIONAL DATA. (Narrative and comment. Describe action fully and comment freely, following applicable items in check list at left. Use additional sheets if necessary.)

> Four Ph-2 of TC-60, piloted by Lieutemento C. Builling and F. V. Morr and bankgus H.C. Main and C. C. Milliam, with a division of fighter plumes from VC-77, were assigned the sission of target combat air patrol at Imo dim. The patrol was uneventful and near the considerion of the ported the group was transferred to cases for a strafing stanton. The mination assigned was to strate target area 165 P. Q. and P minere emery morter positions were located. The planes attmobed in column, diving from 7000 foot, at 46 to 50 degrees, pulling out at low foot. No positions were sighted so that no damego was observed. After this one run the plenes returned to bese as acheculed.
