MINERS' EXECUTIVE TO MEET SIR ROBERT HORNE

Vancouver Island News

To Secure Convention.
Port Alberni.—An effort is being made by the Port Alberni delegate at this year's sessions of the Union of British Columbia Municipalities, which will be held in Nelson the first week in October, to secure the convention for Port Alberni next year. R. F. Blandy, city clerk, was chosen by the City Council at its last meeting to represent the city at this year's convention, and was instructed by the council to try and secure the honor of entertaining the municipal delegates for Port Alberni in 1921.

As the convention is to be held on the coast next year it is thought Port Alberni will stand a good chance of securing it. With the big municipal convention goes the annual meeting of the Good Roads League, which is held on the day previous to the municipal sessions.—Port Alberni News.

New Customs Officer.
Port Alberni.—E. W. Abraham, of Vargas Island, has been appointed customs officer at Clayoquot.

Colliery Picnic at Ladysmith.
Ladysmith.—Arrangements are well under way for the annual picnic of the Ladysmith section of the employees of the Canadian Collieries (Dunsmuir), Limited, which will be held on Saturday.

A comprehensive programme is being arranged for the day's entertainment, to be followed by a dance in the evening.

New Magistrate.
Port Alberni.—J. A. McLutyr has been recommended by the city council for appointment as police magistrate for Port Alberni.

Red and Gun Club.
Cumberland.—A large and enthusiastic meeting was held Sunday evening when the formation of a Red and Gun Club was taken up. R. Coe was chosen president. The president then called for nominations for the position of secretary, when P. Shearer was elected; S. Jones was chosen treasurer.

The committee to represent the Gun Department consists of Messrs.

R. Freeborn, G. Shearer, J. Horbury, A. Labley, M. Cover.

The Red Department committee includes Messrs. D. Wilson, J. Lewis, G. J. Richardson, H. Strachan and R. Webster.

Ladysmith Schools.
Ladysmith.—The following is the staff of the various departments for the Ladysmith schools which reopened to-day:—

High School.
Principal.—W. H. Hudson, assisted by Miss K. Mutrie.

Public School.
Principal.—Harold Martin, with the following assistants: E. E. Snider, Miss Lucy L. Edwards, Miss R. Sidney, Miss Elizabeth C. Russell, Miss M. Dunne, Miss E. Bauld, Miss K. Hill, Miss Wilson, Miss N. Gordon, Miss Miss Wilson, Miss N. Gordon, Miss MacPherson, Miss Gorral, Commercial Course; Miss L. W. Carty, Domestic Science; W. J. Lister, Manual Training Instructor.

Courtesy.
At a meeting of returned men in consultation with C. H. Thornberry, supervisor of co-testing associations in the province, it was determined to go ahead with the plan for providing additional co-testing facilities in the valley, says the Comox Argus. Mr. Thornberry explained that while the government did not see its way to est-

ablish another association as there were not enough cows for it, they were prepared to supply the Babcock tester and the preservative to any group of men who would make themselves responsible for it. It was resolved to make the test in the first three days of October.

Auto Club Picnic.
Ganges.—The Salt Spring Automobile Club picnic, held Friday last at Burgoyne Bay, proved a great success. Large crowds of people with their cars came from various parts of the island, and an enjoyable time was had by all. The weather was everything that could be desired and sports and races were indulged in by the children and adults. Much credit is due to the president, J. C. Lang, and the secretary, Gavin C. Moutat, for the way in which the arrangements were carried out.

Make Presentation.
Nanaimo.—Members of the Nanaimo branch of the W. C. T. U. met at the home of Mrs. Paul Bennett, Newcastle Townsite, and tendered a farewell reception to Mrs. Priestly, Fitzwilliam Street, who is leaving the city on an extended visit to England.

Native Sons' Post.
Nanaimo.—The Grand Post of Native Sons of British Columbia, at their annual convention, elected officers for the coming year as follows: Past Grand Factor, R. H.

CHURCH TAXATION ALSO AFFECTS ESQUIMALT SALE

ESQUIMALT CATHOLIC CHURCH SITE LIABLE FOR TAX SALE; POLICE AFTER HOODLUMS

Few items of importance awaited the attention of the Esquimalt Council at last night's session.

Rev. John Silver, of the Esquimalt Catholic Church, formally notified the Council that, until the Courts have decided whether the city may collect taxes on St. Andrew's Cathedral, there is no intention to pay taxes on the site of the Esquimalt Catholic Church. He asked that, in the event of the Council including the property in this year's tax sale, prospective purchasers shall in fairness be informed that, when recently granting a Court injunction regarding the Cathedral case, Mr. Justice Murphy ruled the city might sell the land, but in no wise interfere with the building or its use. The Council referred the matter to the Municipal Solicitor for advice.

Seeking Upkeep Grant.
In an effort to have the Provincial Government place Admirals' Road and Craigflower Road in the primary grade of highways entitled to a grant for upkeep from the provincial funds, the Council last night decided to bring the claim to the attention of Hon. Dr. King, Minister of Public Works.

Destructive Hoodlums.
As Chairman of the Works Committee, Councillor Anderson last night made formal representations to the Esquimalt Police Commissioners regarding the frequency with which street lighting lamps have been destroyed of late.

"Through you, Mr. Reeve, I would ask for special attention to this mischievous practice, one that costs the municipality considerable sums, and caused many complaints and much work," he said. "In one particular instance three replacements were destroyed as soon as the lights had been put in place. I would ask that a strong effort be made to put a stop to this wilful damage. In one instance not only was the lamp destroyed, but the reflector was also broken, a serious loss when so prevalent as it has become of late."

Reeve Lockley said that if necessary the Police Department would put a special constable on the duty, and would press for heavy punishment for anyone caught breaking the lights. "The damage is believed to be the work of gangs of youthful hoodlums."

Holding Special Meeting.
The bylaw authorizing the realignment and permanent marking of a number of the streets of Esquimalt, lying to the south of Esquimalt Road, will pass its final reading at a special meeting of the Council to be held next Monday night.

CANADIAN SHOES FOR CANADIAN PEOPLE

To the People of Canada

THERE are many things which you need not buy unless you choose. But footwear is not among them. You must have shoes. From the standpoint of your health, as well as for comfort and appearance, *good shoes* are a *necessity*. And that fact alone places upon the manufacturer of shoes a responsibility which he must at all times appreciate.

That responsibility to the Canadian public is shared by the 158 manufacturers of shoes in Canada, from whom you buy nearly \$50,000,000 worth of footwear every year.

The fact that we have built up an industry of such magnitude is the best evidence that we do appreciate this responsibility. One may think that our responsibility ends when we have produced footwear of honest value and sincere workmanship, and have placed it on the shelf of the retail store where it is accessible to you. That is one essential service which our industry is called upon to render.

But we cannot dismiss our responsibility quite so easily. We believe that we should do more than that.

Canada produces footwear of every desirable type, and of standard quality in all grades. When you buy Made in Canada Footwear you are assured, at fair prices always, of the utmost that modern skill can produce in Comfort, Service and Style.

OFFERS PRIZES FOR PROHIBITION ESSAYS

Peoples' Prohibition Movement Institutes Competitions; Open To All.

To obtain succinct statements of the point of view of the average man and woman who give thought to the prohibition question, the Educational Committee of the People's Prohibition Movement yesterday decided to offer prizes for essays on two subjects: "What are the effects of the domestic consumption of alcohol?" and "Why should we support the amended Prohibition Act in preference to Government sale of liquor for beverage purposes?"

Those competing will be divided into two classes, school pupils under the age of 18, and men and women above that age. The contestants must reside in Victoria, Esquimalt, or Saanich electoral districts, the latter including Oak Bay.

Essays submitted must comply with the following rules:

Length to be from 1,000 to 1,500 words, either typed or neatly written on one side of the paper.

Name of writer must be on a separate sheet of paper, and enclosed with essay. Essays must be addressed to the Central Prohibition Office, 307 B. C. Permanent Loan Building, Victoria, B. C., and must reach the Prohibition Office on or before Monday, October 4, at 5 p. m.

Prize money in the adult class may be divided as follows: First prize for each subject, \$25; second prize, \$15; third prize, \$10. All other essays used by the People's Prohibition Movement will be paid for at the rate of \$5 per essay.

VANCOUVER FIRES ARE BELIEVED INCENDIARY

Vancouver, Sept. 8.—Was the Balmoral apartment house fire which claimed five lives, the work of a firebug? This is the startling theory on which fire prevention officials are working. Whether the Balmoral was started by an incendiary is, of course, only a matter of conjecture. The flames having made too great headway before the arrival of the fire department, but the epidemic of recent fires in the business section of the city indicates that the fire fiend is at work.

Fire prevention officer J. A. Thomas has been investigating for some days along this line, while Deputy Chief C. W. Thompson, of the fire department, admits that his suspicions have been aroused by the manner in which fire has developed in several large business blocks. Chief O. L. Lister of the fire patrol is also of the opinion that the series of fires is the result of incendiarism.

Some men never respect the things they are unable to understand.

BRIEF LOCALS
To Hold Reception.—The ladies of Court Triumph, Ancient Order of Foresters, will open their monthly social this evening with a reception to Foresters and their friends, after the regular business meeting.
Roof Fire.—A small roof-fire occurred at 9 o'clock this morning at 823 Fenwick Street. Damage was slight.
Reeve Will Speak.—Rotarian Reeve Watson, of Saanich, will address the Rotary Club at its regular weekly luncheon Thursday.
Development of the Gordon Head Fruit Industries.

Aerial League Meeting.—September 14 has been set as the next general meeting of the Victoria Branch of the Aerial League of Canada, and R. Christie, secretary, asks that all members attend, as the issue of winding up of the affairs of the League is to be discussed.
Traffic Bylaw Passed.—The City Council finally passed the new Traffic Bylaw last night after weeks of deliberation on the subject. As finally passed the ordinance is changed slightly from its original form. It will go into effect as soon as copies for the use of the public are printed.
Delegate Liked Victoria.—N. Levy from Pretoria, a member of the Imperial Press Conference, in a letter to Commissioner Gillespie of South Vancouver, written on the train beyond Edmonton, states: "I shall always remember British Columbia with particular pleasure. I was able to say a few words at Victoria, a place I liked a great deal."

Common Assault.—Sam Make, and Mike Matchon, two lumbermen who came to Victoria for a Labor Day holiday, this morning paid \$20 apiece in the City Police Court as fines for common assault on Arthur Strom, proprietor of the Western Hotel. They were originally charged with assault with intent to rob, but Magistrate Jay acquitted them of the more serious offence.
No By-election.—While the matter has not been discussed yet, it is understood at the City Hall that there will be no civic by-election as a result of the resignation of Alderman W. G. Cameron. The Council has not, indeed, discussed the matter, but as no by-elections were held when other aldermen withdrew in recent years it is improbable that a by-election will be held in this case.

Victorian Order of Nurses.—The first annual meeting of the above will be held in Colwood Hall, Friday, September 19, at 8.30 p.m. The chair will be taken by the Hon. Pres., Col. E. C. Hart, M.D., C.M.G. Speakers: Dr. H. E. Young, Secretary of the Provincial Board of Health, R. H. Pooley, M. P., Mrs. R. S. Day, President of the Provincial Association, and Dr. G. N. Mrs. H. Fleming, Chairman of the Canadian Red Cross (Victoria and District Branch). Refreshments will be served after the meeting. All subscribers are cordially invited to attend.
Not for Hospital Fund.—F. A. Allwood, manager of the Victoria Dramatic and Operatic Society points out that the next play to be presented by that company will be for the purpose of raising funds for the Society to the end that they may continue their useful work in philanthropic causes as in the past. Over \$1,000 a month was raised for the British Red Cross during the war by the Amateur Dramatic Society under the former manager, R. N. Hinckley, and the remainder of his former company are carrying on under the new name still in charitable causes. The next show will be the production of "Charlie's Aunt" to be staged at the Panopticon Theatre September 29 and 30.

Margaret Rocks Robertson Chapter.—The Margaret Rocks Robertson Chapter, O. C. E., will deliver a morning evening at 8 o'clock in the headquarters, Jones Building.
Like a Bowed Warehouse.—No less than fifteen cases of bottled goods (mostly whisky) were this morning on view in the City Police Court, ten cases being unopened. They were brought in for inspection by Magistrate Jay, who was asked to order the confiscation of the whole display. The wet goods had been taken by Sergt. Fry, Sergt. Blackstock and Constable Foster, who found the cases in the home of Mrs. Forbes, of Hurdeff Avenue. Magistrate Jay asked how liquor found in a private house was liable to confiscation under the Prohibition Act, and being told Mrs. Forbes denied ownership agreed with Prosecutor Harrison that liquor might only be kept by its owner in his own home. Magistrate Jay ordered the liquor held for sixty days in order that parties owning it may make a claim for it.
Preparatory Service.—The Rev. T. McCord, of Creston, B. C., will deliver an address at the preparatory service to be held this evening at St. Paul's Presbyterian Church, Victoria West.

Street Car Issue.—As it considered that there was no pressing need for a decision on the matter, the City Council last night postponed discussion of the street car problem until its next meeting.
G. W. V. A. Restaurant.—The G. W. V. A. restaurant on Fort Street has been taken over by A. Hilton, who has had considerable experience along this line. He is putting on a meal which is open to all the public, and which he claims to satisfy all.
Boy Gets Medal.—Pupils of Lampson Street School and their parents last night attended the public ceremonies at the school in connection with the presentation of the Governor-General's medal to Aubrey Oppenheimer Bros., Imperial Tobacco Co., Tom Plimley, Jameson and Willis, Revercomb Motor, Victoria Haggage, J. Heaney, S. Knowles, Fairfield Express, Shelly Bros., Kennie & Taylor, L. & Woods, P. Burns Co., Thorpe & Co., J. McKay, McDonald & Nicol, Weston, Ltd., Hodgkinson Bros., Stoad, Ward, Knowlton, Chave, Silburn, Purvis, Mitchell, Scott & Peden, Crawford, McKinnon, Plummers, J. Adam, Wilkinson, Wallace, Cloverdale Grocery, Royal and Liberty Candy Kitchens, W. & J. Penney, Lily & Wood, and many other who assisted in the entertainment and good things provided for the occasion. The party spent a merry day, and returned to Victoria late in the evening.

Must Start Politics Earlier Than Ever
Henry C. Hall, M.P.P., Urges Young Liberals To Look Into Public Life
With so many Bolsheviks roaming around Europe with political disturbances, political conditions unsettled all over the world and the people looking for leadership, it is necessary for young people of Canada to take an interest in politics, according to Henry C. Hall, M.P.P., who addressed the annual meeting of the Victoria Junior Liberal Association last night in the Arcade Rooms.
"The present state of world affairs make it absolutely imperative for people to look into public life at an earlier age than was the custom in years before the great war when conditions were more stable," Mr. Hall also said.
W. M. Ivel, president of the Victoria Liberal Association, also spoke. W. H. Whitley, Jr. was elected president of the junior association for the year. Other officers elected last night were: First vice-president, C. A. A. MacQueen; second vice-president, H. Woollett; secretary, L. Carter; treasurer, T. Woolston; chairman of committee, Miss B. Tuck; committee, C. H. R. Piller, W. Savage.

NATIONAL RAILWAY OFFICIALS HOLD SEATTLE SESSIONS
Seattle, Sept. 8.—On a tour of inspection to arrange the details of the Canadian National and Grand Trunk Pacific systems, a party of prominent Canadian National Railway officials arrived in Seattle last evening from Victoria, headed by Vice-President C. A. Hayes, and held several conferences here to-day.
It is understood that while the party is here, plans will be completed for equipping the companies' new offices on Second Avenue with an efficient staff, which will include the lands and resources department, in charge of W. F. Anderson. It is intended to make the new offices a Canadian information and travel bureau, where all information pertaining to the Dominion of Canada may be readily obtained.

All Fat People
Easy Reduce
The world owes a debt of gratitude to the author of the now famous Marmola Prescription, and is still more indebted for the reduction of this burden, effective obesity remedy to tablet form. They are so convenient to take, and as pleasant as candy. One after each meal and at bedtime will quickly reduce your weight. They are four pounds a week, and leave no evil effects, such as indigestion, flatulence, or slightly wrinkled skin. Just go on eating what you like—leave exercise to the athletes—take your tablets and you will be your natural self, clothed in firm flesh and trim muscles. Marmola Prescription Tablets may now be obtained at all drug stores, or by writing direct to The Marmola Co., 37 Goodfield Building, Detroit, Mich., when the reasonable price—one dollar for a good size box—leaves no excuse for dieting or violent exercise for the reducing of the overcast body to normal proportions.

Winnipeg Board of Trade Consider Action; Blow To West
Winnipeg, Sept. 8.—Members of the executive of the Winnipeg Board of Trade late to-day sent into the question of appealing the freight rates decision. The general feeling of the members, it is said, is that the increase rates of from 10 to 15 per cent Eastern Canada is a serious blow to the West and that everything possible should be done to avert it.
The executive was still in session at 3 p.m.
Western Haulage.
Saskatoon, Sept. 8.—Longer hauls in the west are sufficient to justify a difference in rates of from 10 to 15 per cent in favor of the West, instead of the five per cent, which is being granted. This is the opinion of J. D. Millar, vice-president of the Saskatchewan Board of Trade. "Less carload lots will bear a larger proportionate share of the increase, and prices will be affected more in smaller towns than in the larger distributing centres." Local merchants are unanimous in their opinion that the increase is excessive.

SHIPBUILDERS HELD FOR FALSE CLAIMS
Seattle, Sept. 8.—Charged with having made false claims against the government for bonus on delivery of a hull constructed for the government, seven officers of the Gray's Harbor Motorship Corporation, of Aberdeen, Wash., were placed on trial in federal court here to-day. Selection of a jury was expected to occupy the morning session of court.
The seven defendants, Alfred Schubach, Bruce C. Shotts, Monty Ward, A. B. Shay, A. S. Hoonan, W. A. Magee and A. B. Hunt, were indicted last Spring by a federal grand jury which also named four other prominent northwest shipping men in other indictments charging irregularities in their accounting with the government on wartime ship construction contracts.

PEASANTS OCCUPY ESTATES
Rome, Sept. 8.—Through the initiative of the organization known as the Agricultural Co-operatives, says a dispatch to the Giornale d'Italia, from Palermo, Sicily, several estates at Cipirelli, San Giuseppe, Jato, Borghetto and Crisi have been occupied by peasants.
A total of 1,282 passengers were carried by the Empress, including 227 first-class, 284 second-class and 701 third-class.

GENERAL VISITS FORTS

Sir Edward Morrison Has Had Notable Military Career; Short Inspection Tour Here

Major-General Sir Edward Morrison, D.S.O., K.C.B., a hero of the South African War, who went overseas with the first Canadians from Valcartier and distinguished himself in France, is here to-day inspecting the forts and artillery forces at Esquimalt. This is his annual inspection.

To-night the general will be entertained by the artillery and permanent force officers at Work Point

Barracks. Last night he was the guest of the G. W. V. A. at the Princess Theatre lecture.

The move to bring a company of Princess Patricia's Canadian Light Infantry from Winnipeg to Work Point has been made since he left Ottawa, the General said.

THINKING PEOPLE RALLY TO SUPPORT OF HOME PRODUCTS

All Opinions Agree As to Need of Keeping Home Market For Local Industries

It is rare indeed for all shades of opinion among prominent men to coincide in support of a basic principle, but the campaign in support of increased patronage by Victorians of Victoria-made goods has proved to be such a rallying point.

In the course of the past week most of the well-known citizens of Victoria have been taking a more or less active interest in the "Made in Victoria" week campaign, basing their support on a score of different grounds, but all in agreement as to the ultimate benefits which an increased patronage for home-made goods will bring to the city.

Payroll Means Prosperity

Generally to the forefront is the opinion that no city can be permanently prosperous without a payroll of substantial size, and in close support of this argument is coupled the fact that new industries seek locations where they find the already existing plants are well supported.

Then prominent educationalists see that it is of little value to a city for its people to invest large sums in schools, training centres and university equipment, only to have the expensively trained youth of the city go away and make prosperous some other centre with more civic pride in its commercial activities.

Relieve Transportation

Economic students feel that, on the grounds of expediency, it is unwise for a city to send its funds away to other centres for lines of goods which are, or should be, made within its own territory. They maintain that such a practice is not only wasteful as involving useless transportation costs, but to the extent to which it is practiced when avoidable, it is placing an unnecessary burden on the country's overloaded and strained railway services.

Employment experts point to the facility of importing goods made in other centres where possibly there is a shortage of labor, when at the same time the city is in need of occupation for a large number of its own residents.

Prominent labor leaders have all along taken the ground that the promotion of home industries by any city is worthy of unadmitted support so long as the conditions under which labor is employed are satisfactory, and in Victoria there is a general opinion among working men that the industries here have, generally, taken every opportunity possible to obtain good feeling and support, both by their own employees and of labor generally.

The Price Question

The point which appeals most to housekeepers generally is one of price. Quality, and on that ground Victoria's local industries are receiving strong support. It is recalled by citizens who have been here for many years that in the old days, before Victoria had many of the industries which now are in operation here, many of the lines of goods required in the average home cost as much as they do to-day, in spite of the fact that the dollar is to-day worth less than one-half its old-time purchasing value.

This steadiness in price of imported lines is to a great extent due to the fact that the Eastern manufacturers are no longer able to negotiate "gentlemanly agreements" among themselves, and can set prices regardless of the protests of the local market. The Eastern manufacturers to-day charge the same price in Victoria for their goods as they charge in their home market, a condition which has only existed since the local industries came into the field and compelled a revision of those old-time friendly agreements.

FEDERAL MINISTER ENDORSES MADE IN VICTORIA MOVEMENT

Dr. Tolmie Says Scheme This Week Is Most Excellent One

Enthusiastic endorsement of Made-in-Victoria Week was voiced by Hon. S. F. Tolmie, Federal Minister of Agriculture, and Member for Victoria, when interviewed here yesterday by a representative of The Times.

"I consider Made-in-Victoria Week, or any other move that will encourage the purchase and consumption of locally-made goods a

DR. S. F. TOLMIE

most excellent idea." Dr. Tolmie declared. "If there is anything necessary in Canada to-day it is the encouragement of buying—at home—Canadians should buy goods made in their own cities if they can; if that is impossible they should buy goods made in their own province, and if that is impossible in some other province. A great deal should be done for inter-provincial trade. At present millions of dollars worth of goods every year are being purchased by Canadians from the United States—goods for which we must pay \$1.14 or \$1.15 on every dollar's worth.

"The farmers of Canada," said Dr. Tolmie, "should remember that eighty-five per cent. of their products are for home consumption, so that the great home market is the most important one after all. At the same time the Federal Department of Agriculture is doing everything it can to develop the export market so that it will absorb all surplus supplies."

An Overburdened Mother

If the steps a mother takes and the work she does could only be measured by figures, what an array they would make. Through girlhood, and motherhood woman toils on, often suffering from backache, pain in side, headache, nervousness and sleeplessness, symptoms of more serious ailments peculiar to her sex. Thousands of such women, however, have found relief from suffering by taking Lydia E. Pinkham's Vegetable Compound, as is evidenced by the letters of recommendation continually being published in this paper.

MR. THRIFT APPEALS TO PUPILS' MOTHERS

Mr. Bushby Asks About the Future For Scholars Now Attending School

"Mr. Thrift" (George G. Bushby) appeals to the mothers of Victoria in connection with the Made-in-Victoria movement.

Mr. Bushby says: "The public schools opened yesterday, there being a record attendance, a most gratifying feature of community life. When these children have finished their education, and it is time for them to go out into the world and earn their living, what opportunities will they have in Victoria if the men and women of the present generation do not provide the means?"

"In plain words, the people of today are frittering away their time, are crying out fatuously for new industries, while they steadfastly refuse or neglect to build up or foster those industries which have already been established and which, for the most part, are struggling for a recognition which they deserve and for support which they most certainly do not receive from those most vitally interested in their welfare, namely, the people of Victoria."

MONTHLY SESSION OF VICTORIAN ORDER

The regular monthly meeting of the Victorian Order of Nurses was held yesterday at 1145 Rockland Avenue, Mrs. H. Goulding Wilson presiding, there being present Mesdames Christie, Phipps, Sutherland and Price.

The president was authorized to attend a meeting of the B. C. Board of the Victorian Order of Nurses to be held in Vancouver September 16. Miss McNair reported 243 visits and 73 cases in July; 385 visits and 62 cases in August.

The Board acknowledges with thanks subscriptions from Mrs. George Mitchell, Mrs. Farris, Mesdames Fowler and Audain, Messrs. R. Sutherland, Alex. Martin, A. F. Proctor, Arthur Creech, Shallock, Cox, H. H. Beck, Andrew Gray, also from the city and Oak Bay municipalities.

A very interesting report was read by Miss McNair from the Metropolitan Life Assurance Co. giving statistics of the low death rate among women and children since they had introduced the nursing system in co-operation with the V. O. N. with their policy holders.

PICTURES FRANCE AS CAPTIVATING WOMAN

Delightful Address by Mme. Chas. Bieler Before Women's Canadian Club

Fancifully describing France as an intelligent fair, captivating woman, Madame Bieler, of Montreal, yesterday afternoon before the Victoria Women's Canadian Club gave a delightful word-picture of the evolution of that great country, retracing through the centuries her evolution and her spiritual and moral development. With a fascinating accent and the intangible grace of the Frenchwoman, Mme. Bieler is a gifted speaker, her language being tinged with the poetry of her race.

In the old forest of Gaul, the baby France was born. Those old barbarian times gave her few caresses, but many bumps as she strove to grow and develop into a reasonably important personality. Then as the child grew came the days of the Crusades, with stately feudal chateaux and cathedrals in Gothic style.

This was the girlhood of France, with a yearning toward mysticism, a love of adventure, and a desperate striving after good. And startling failures could not check the ardor of a soul full of energy.

Devotion to the Beautiful.

After following the army of Francis I. to Italy, the young girl France returned to her mediaeval dungeon and seeing it with new eyes, found it rough and rude, and with the enthusiasm of youth decided to turn it into a palace of the latest Renaissance style.

Then, growing older, France tired of her grandeur and power, her generous instincts awoke and she began to sow broadcast ideas of liberty, equality and fraternity, which were only, however, children of the brain, and not deeply rooted in her heart. After the depression of the revolution her extraordinary vitality asserted itself, and she devoted herself to affairs of state and the maintenance of a brilliant court, and subjecting her people to a despotic rule, allowed the first Napoleon to guide her chariot.

Years of Materialism.

Her age of dreams and personal charm commenced to wane, and dry hearted and practical she leaned toward materialism, still retaining her crown of glory, however, by dazzling the monarchs of Europe by the world's fair of 1867 held within her borders.

The Summer of 1870 brought with it the Franco-Prussian war, and beautiful France was humiliated and crushed with nothing to comfort her in the heartrending pessimism wrought by the prophets of the day. Depressed and disconsolate she turned a few years later and began to listen to new voices among her people which proclaimed that faith is stronger than knowledge, and brought her back to the folds of Christianity. She arose after her years of atheism, with her hands eagerly outstretched to do the work which she before them.

The Clouds of 1914.

And then the clouds which had appeared on the horizon grew until in 1914 the storm of a world war broke over France.

But this invasion, unlike the days of 1870, found her prepared and united. Her sons rose as one man and marched away to fight. Long months of bloodshed followed, until at last France was able to smile through her heavy black veil of mourning for the sons she had lost. Now she has thrust back the veil, and is resolutely setting about the work of reconstructing her country, and the lives of her people in the devastated regions.

Mme. Bieler appealed to the women of Canada to support France in her efforts at reconstruction, making a special plea on behalf of

the Canadian Vimy Ridge Church fund, by which it is hoped that Canadians will build a protestant church at Lens in memory of the gallant Canadians who fell at Vimy.

Mrs. Edwin M. Brown, second vice-president, ably presided in the absence of Mrs. Jenkins. Prior to the address Mme. Shearer sang "Le Marsillaise" and a similar incense, this Mrs. Sanderson-Mongin moved, and Mrs. Alex. Bradshaw, seconded the vote of thanks to the speaker.

BUNKERING STATIONS FOR STEEL SHIPPING

In 1919, says The Wall Street Journal, United States refineries supplied 14,031,356 barrels of bunker oil for vessels engaged in foreign trade, compared with 8,578,141 barrels in 1918, an increase of 7,453,215 barrels, or 113 per cent. A similar increase this year over 1919 would place the bunker oil requirements of vessels for 1920 at approximately 20,000,000 barrels, equal to 20 per cent of the total gas and fuel oil consumption in the United States in 1919. That this figure will be exceeded is indicated by the fact that the Shipping Board has asked for bids for approximately 20,000,000 barrels for the year beginning October 1 next. In anticipation of the need of bunkering stations to serve American oil burning ships, the United States Shipping Board has made arrangements for the establishment of stations with some of the large American oil companies, notably Standard Oil Company of New York and Standard Oil Company of New Jersey. Stations of the former company have already been established in the Far East, Australia, Constantinople and elsewhere. The importance of these bunkering stations is emphasized by the fact that 79 per cent of the steel ships now being constructed by the United States Shipping Board are being designed to burn fuel oil.

NEW \$40,000 HOME TO BE BUILT HERE

H. F. Bullen Will Build Fine House on St. Charles Street

A notable addition to Victoria's stately homes will be the \$40,000 structure which H. F. Bullen is about to build on St. Charles Street, in one of the finest residential sections of the city.

A permit covering the construction of Mr. Bullen's new house was issued at the City Hall to-day by Building Inspector Barf. The building will be two and one-half stories in height and will be of wood construction with part of the outside stucco. There will be seventeen rooms. The building will be situated on St. Charles near Shasta Street.

Contract for the construction of the house has been let to P. McKeachie. Work will start immediately following the issuance of the building permit to-day.

P. L. James was the architect who designed the house.

OPPONENT OF LEAGUE AND WOMAN SUFFRAGE GIVEN PLURALITY

Manchester, N. H., Sept. 8.—Senator George H. Moses, opponent of the League of Nations and of Woman Suffrage, was renominated by the Republicans in yesterday's primary by a plurality of about 12,000 over Huntley N. Spaulding, former State Food Administrator, according to returns at hand to-day. The total vote was nearly twice the average primary vote, owing to women's participation.

Raymond E. Stevens, of Landaff, received the Democratic Senatorial nomination.

DETERMINED TO END ILLICIT DISTILLING

Washington, Sept. 8.—In an effort to end illicit distilling of intoxicating liquor, the Treasury decided to-day to tighten regulations around the sale of stills and add another check to its means of tracing down their users.

BUSH FIRES QUELLED.

Winnipeg, Sept. 8.—P. K. Herschmer, district inspector of the Forestry Department, received word to-day that bush fires at Norway House are under control. No loss of life or damage to buildings has been reported.

The bush fires in this district have been the worst recorded during the last ten years. Owing to lack of rain pasture has been completely dried up and farmers are already feeding stock.

On arriving in his native city of Milan, a returned emigrant was promptly arrested for a murder he had committed twenty-seven years before.

Probably few people realize that there are less than a million days in the whole Christian era. In fact, if we count back a million days from 1920, we come to a date well before the founding of Rome.

The home of the famous

BAPCO PAINTS AND VARNISHES.

A visit to this factory at Laurel Point will reveal up-to-date machinery which insures the finest possible grinding of the color pigments used in the manufacture of paints and the thorough mixing of the various products.

Each department is supervised by an expert while the men in most instances have practically grown up with the industry. We pride ourselves on having a most efficient and well-contented staff of employees, a large percentage of whom have worked with us during the past 10 to 25 years.

We merely state these facts because they are large factors in the success which has been met by BAPCO PRODUCTS throughout the West.

We guarantee these Victoria-made paints and varnishes to be the equal of any, and superior to many similar products offered for sale in this country.

A Nervous Wreck

By Dr. VALENTINE MOTT PIERCE.

How many business men feel fagged out, nervous, with a "soggy brain"—worn out completely before the day and its tremendous tasks are half over? Try the right way! Clean the body first. That will help your nerves, your head and your circulation. Your doctor will tell you that anything from a headache or a

common cold to grippe or a serious illness may result from allowing food to ferment in the intestines. Don't give the body a chance to absorb the poisons. Remove the toxins from the system and give the tissues of the body aid to resist disease by taking an occasional laxative such as castor oil, or a tiny pill made up of May-apple, aloin, jalap, and sold by most druggists as Dr. Pierce's Pleasant Pellets.

The kidneys and bladder suffer from the wear and tear, and we get chronic inflammations sometimes indicated by backache, painful voiding of water—dull, heavy feelings. Perhaps the uric acid is stored up in the system in excessive amount, and consequently when the urate salts are deposited in muscles and joints one suffers from lumbago (pain in back), rheumatic pains, gout, etc.

Nothing will act so nicely as Anuric (anti-uric-acid) a recent discovery of Doctor Pierce's which can be had at all drug stores. Anuric aids in cleaning the bladder and kidneys—consequently those suffering from rheumatism, lumbago and gout are benefited and the body is put in a cleaner, healthier state.

Football Season to Open Towards End of Month

Eight Teams Will Fight For City Senior Championship This Year; Intermediates Hope to Have Very Strong League; Rival Clubs Now Building Up Fast Teams For Hard Season.

Eight teams will compete for the city senior soccer championship this year. There had been an intimation during the summer that a larger number of clubs would enter, but at a meeting of the Victoria and District Football Association held last evening it was decided to limit the league to eight teams in order to elevate the brand of football. It was feared that the good players would be too widely distributed among mediocre teams and this would naturally reduce the standard of play and result in a loss of interest in the game.

The application of eight clubs for membership in the senior league were accepted by the meeting. The teams this season will be as follows: Victoria West, G. W. V. A., Comrades of Great War, Yarrow, Metropolis, Army and Navy and Sons of England and Knights of Columbus.

The rival managers are now busy scouting the city for players to wear the uniforms of their clubs. There are a number of new footballers in town this year and they will greatly strengthen the clubs. Last year was looked upon as the recuperating season as most of the boys had just returned from overseas and had to train hard to get into shape.

The football followers will be glad to see the Sons of England back in the game. A few years ago the Blighty boys had an aggregation of players which had the other teams worrying all through the season. It is expected that they will field a very formidable eleven this year.

May Start This Month.
It is hoped to get the senior league under way by the first of October. Some of the teams are anxious to have the first game played on either September 13 or September 25. This decision as to the opening date will be made at the next meeting of the association. The schedule is to be drafted immediately.

It is understood that the schedule will include games for the next three months. President James Adam, of the association, is still hopeful that the Island League will be formed. It is his intention to have both the Victoria and Upper Island leagues complete their schedules by Christmas and then to have the Island League put into effect a schedule which would carry football on until the closing months of the year. If the Island League is formed the City League will continue in its place.

It is quite possible that a Wednesday Afternoon Football League will be formed in order to provide a outlet for the players who are forced to tender to the wants of the citizens on Saturday afternoon, the regular day for the soccer battles. A decision in this matter will be reached at the next meeting of the association.

Intermediate League.
The intermediate league this year promises to be an exceptionally strong one. All clubs which intend to enter are anxious to have their application form in to the secretary of the association, Archie Baker, care of Yarrow, Ltd., before next Tuesday night. On that evening a meeting of the soccer body will be held and decisions will be reached in all outstanding matters.

President Adam took occasion last evening to congratulate the sports committee of the success of the Field Day held at the Royal Athletic Park last month, when a total of \$132.35 was netted.

AUDREY APPEARS TO BE A REGULAR DUCK

Sensational Young Swimmer
Makes Return Swim From Gorge to Causeway

Not satisfied with having won The Times long distance swim on Saturday last Audrey Griffin yesterday morning accomplished the round trip from the Gorge Bridge to the Causeway steps and back, a distance of six miles, in the remarkably fast time of 2 hours 42 minutes 53 2/5 seconds.

The sensational young swimmer was anxious to accomplish the feat before the end of the season. She dived in at the Gorge bridge at 11:29 o'clock yesterday morning and left the water at the same point at 2:12 o'clock. She was in the water half an hour longer than the last swimmer to finish in The Times swim and swam twice as far.

On the way to the Causeway Audrey swam against a strong in-flowing tide, and took 1 hour 25 minutes and 15 seconds to reach the steps, but on the return trip she was assisted by the tide. The timekeeper gave the official time for the swim back as 1 hour 17 minutes and 38 2/5 seconds.

First Time Accomplished.
This is the first time that anyone has attempted the distance and it stands as a record for a swim on this coast.

The young swimmer has demonstrated that she is capable of swimming distances with anyone on the continent. In Toronto the other day a seven-mile swim was held and it took the winner five hours to complete the course.

Perhaps Audrey will try to swim the English channel in a year or two. No lady has succeeded in doing it yet, and only two men.

QUOTERS HOLD FINE TOURNAMENT MONDAY AFTER AERIAL VOYAGE SWIMMERS SET RECORDS

The quot tournament held at the Royal Athletic Park on Labor Day was much enjoyed by the players and spectators.

The four rounds played were evenly contested by the twenty players who showed they were no strangers at the game by their skillful throwing.

J. Leiper, pitching 9-lb. quots, was in splendid form, winning first prize; G. Scowier was second; J. Jefferys third, and G. Leddingham fourth.

Prizes will be given to the winners at the general meeting on Friday next.

Another tournament has been arranged for Saturday. All entrants must be on the ground before 2 p.m. All players in the city are welcome.

OLD COUNTRY SOCCER NOTES

(By Veritas.)
In Saturday's English league fixtures, there were no fewer than seven drawn games out of eleven, the teams sharing points were Woolwich Arsenal and Aston Villa (goalless draw), Blackburn Rovers and Tottenham Hotspur 1-1, Bolton Wanderers and Manchester United 1-1, Chelsea and Derby County 1-1, Everton and Bradford 1-1. West Bromwich Albion and Newcastle 0-0. Burnley suffered their third successive defeat, Bradford City beating them by two clear goals. Manchester City had their revenge at the expense of Liverpool whom they defeated by 2 goals to 1, while Huddersfield kept up their run of success by again defeating Preston North End by the only goal of the game. Tottenham Hotspur did well to gain a point at Blackburn, and Derby County are to be congratulated on sharing points with Chelsea at Stamford Bridge, as it is not often that the Pensioners lose points on their own ground.

In the Second Division, Notts County could only draw with Bristol City, each side scoring twice, while Sheffield Wednesday also had to be content with sharing the points with Barnsley. Neither of these two teams seem to be getting very far in their efforts to regain a place in the First Division of the League.

Brentford appear to be the Champions "Draw" artists of the Third Division. On Saturday they for the third time in succession had to be content with half a loaf, Exeter holding them scoreless on their own ground. Grimsby Town met with a heavy defeat at Northampton where they lost by 4 goals to 1. Watford received a rude shock before their own supporters when they were defeated by Queens Park Rangers.

There was quite a large sized programme of games in the three divisions of the League yesterday, and some interesting results. Bolton won their game against Chelsea by 2 goals to 1, and Burnley had the satisfaction of winning for the first time this season, defeating Huddersfield by 2 goals to nil. Huddersfield thus tasted defeat for the first time this season. Sheffield United defeated Tottenham Hotspur 4-0. The surprise of the day was the heavy defeat of Tottenham Hotspur by Derby County, at White Hart Lane, Derby winning by 4 goals to 1.

Preston North End delighted their supporters by defeating Middlesbrough 2-0. Manchester United shared the points with the Arsenal, each side scoring once. Liverpool and West Bromwich Albion again drew, neither side being able to score. This is the fourth successive drawn game in which the Albions have taken part so far this season. Aston Villa defeated Manchester City 2-1.

In the Second Division, Clapton Orient defeated Cardiff 2-0. Port Vale and Coventry tied, neither side scoring. West Ham United beat The Wolves by 1 goal to nil, Notts County again drew with Barnsley at Barnsley, score being 2-2. Hull City gained two points at the expense of Birmingham, while Sheffield drew with Stoke each side finding the net once.

DEALS PENDING FOR FIVE GAP PLAYERS

Outside Clubs Dickering For James, Morton, Elliott, Dempsey and Church

Deals are now pending for the transfer of five of the Victoria baseball players to Coast League and major league teams. It is expected that the sales will be completed within the next few days.

The players who figure in the market are Russell James and Harry Morton, pitchers; Carter Elliott, shortstop; Lee Dempsey, first baseman; and Jimmie Church, third baseman.

Several clubs are after James, who developed into a wonderful twirler during the concluding months of the season. Soon after the appearance of Land, James began to overcome his wildness and survived his seventh inning blowups. Now he is rated as the best pitcher in the Pacific International League.

Morton has been a big league prospect for two seasons. He performed well last year, but his work this season has outshone all his past efforts. There is little doubt but that these two pitchers will be working in higher company next year.

The Infielders
Just how far up Elliott, Dempsey and Church will go is not known. Several Coast League clubs would like to put their hands on this trio. As a fielder there is not a shortstop in the Coast League who has a thing on Elliott, and his base-running and fielding would make him a valuable asset to some of the clubs which are fighting for the pennant.

Dempsey's timely slugging and his brilliant work around first-base have attracted the attention of a number of scouts. The big hitters who have seen Church in action have been impressed with his speed and believe that he can be turned into a first-class player who would work him in other places than third base.

CLAIM CUBS THREW GAME TO PHILLIES

Chicago, Sept. 8.—A grand jury investigation was ordered yesterday in criminal court on the charges that gamblers attempted to fix the Chicago-Philadelphia National League game of August 31, for Philadelphia to win.

The grand jury was informed that Judge Charles A. McDonald's instructions with cheers, Philadelphia won the game 3 to 9. President William Hayes, who has since announced that he had been warned of a plot and used Pitcher Alexander in an effort to win.

The English points on baseball games was characterized as a "pernicious business" by Judge McDonald in his instructions to the grand jury which was told they "had the game fixed, and the promoters thereof should be indicted and prosecuted."

Scouting in Eastern Centres for Players

Lester Patrick, Manager of Aristocrats, Is In East Looking For New Material For Local Ice Hockey Team; Fans Are Anxious For News on This Year's Seven.

With the breaking of the Fall season the ice hockey fans are beginning to display an air of impatience. They are beginning to question one another over the prospects of Victoria adding the hockey championship of the Pacific Coast to its string of splendid victories won on the field of sport this year.

Lester Patrick, manager of the Aristocrats, is now in the East. He is down there looking for new material with which to strengthen his team in its bid for the flag this Winter. Lester left town ten days ago and is now trying to sign up a bunch of flashy players in the Eastern hockey centres. Just what success he has met with will not be known until his return in a week or two.

SEATTLE FIGHTING HARD FOR PENNANT

Interest Centres Around Rush of Rainiers—Guy Cooper No Pitcher

San Francisco, Sept. 8.—The Seattle Rainiers, terrors of the Coast circuit the past few weeks, opened a week's stand with the Oaks yesterday, and the Northerners finished second best, 5 to 2.

Cooper, an alleged pitcher from the Northern brush, started to throw for the Seattle bunch, and it was had not dickered Mr. Cooper early in the fray, the Oakland slugger would have won about 125 to 2. Cooper pitched to four batters in the first inning and during that time Oakland scored two runs, a single, a double and a home run. As Cooper had not yet succeeded in getting anybody out, Wares decided that somebody must have been kidding him when they peddled Cooper as a pitcher.

Cooper was with Vancouver in the P. I. League. Oakland made four runs during this brief period, which was good for the game. The Athletics didn't win but they treated the crowd to some smart fielding and base-running. A triple play, one of those things which seldom witnessed, was engineered by the Seattle infielders, Stump taking a drive from Knight's bat and getting the runners both at second and first.

ALBERTA OPEN GOLF TITLE WON BY MAIR

Calgary, Sept. 8.—Bobby Mair, of the Bowness Club, of this city, won the Alberta open golf championship yesterday, defeating J. Munro Hunter, of Edmonton, amateur champion of the province for the past two years, by three strokes. The two men tied for the title on the first day of

the tourney. Mair did the course in 80 playing par golf except on the tenth hole, where he had very hard luck and took nine strokes.

HUGE CROWDS AT REOPENING SERVICES

Over fifteen hundred attended the evening services at the Metropolitan Methodist Church, which was reopened Sunday after undergoing a

thorough renovation. Rev. Dr. Sipprell preached at both services, and after the morning address referred in grateful terms to the provision made by the late David Spencer in his bequests for the renovation of the edifice, and to the generosity of Mrs. David Spencer and other members of the family in carrying out the bequest and beautifying the interior in a design conducive to religious service. Recognition was also made of the contributions of others who were responsible for the actual workmanship.

Choosing as his morning subject "My House is a House of Prayer," Rev. Dr. Sipprell gave an inspiring

address. Music appropriate to the occasion was sung, Mrs. Lewis and Mrs. Emaley Yeo being the soloists. In the evening the pastor addressed the congregation on the theme "Jesus, the Man of Hope." Mrs. Gerald G. McGeer, of Vancouver, was the soloist, her pure soprano being heard with charming effect in the solo "O Divine Redeemer," rendered with devotional feeling. Mrs. McGeer has been requested to sing again at next Sunday evening's service. The anthem by the choir "The Lord is My Light," and the solo, "The Song the Angels Sing," were both valuable contributions to an impressive service.

At the close of the service the

pastor invited all visitors and strangers to meet him at the front of the church and many out-of-town visitors accepted the cordial invitation.

PLAN TO DEVELOP COAL CLAIMS IN DISPUTED AREAS

Vancouver, Sept. 8.—With a cash bond of \$35,000 deposited with the court of appeal, the Granby Mining and Smelting Company is proceeding with the development of its coal areas in the vicinity of Cassidy, Vancouver Island, while the lawyers are

setting ready to argue as to the ownership of the Gannet and Dunlop leases. The arrangement, it is said by representatives of the Granby Company will enable that concern to develop its own undisputed coal areas, while the question of the disputed areas is before the court.

"ROBIN HOOD" TO BE HERE NEXT MONDAY

The World-Herald, of Omaha, regards "Robin Hood" like this:—
"The performance of 'Robin Hood' was attended by the largest and most representative audience of the season, and the opinion at the close was that the delightful opera was never better done. The light, sentimental theme, set to music, seemed to be entered into by the principals and chorus, as well as the orchestra in the happiest manner, and both the humorous situations and the tender impressionistic portions were given adequate rendition. 'Robin Hood' seems with all the joyous, care-free spirit of youth, with just an undercurrent of the serious, and its music was heard by last night's audience with the highest appreciation."
"Robin Hood" is the attraction coming to the Royal Victoria Theatre for 2 days starting Monday, Sept. 13.

Benjamin A. Prager, president of the Mayflower Photoplay Corporation has opened negotiations for the purchase of part of the original timbers of the Mayflower, the hull of which was discovered recently in Buckinghamshire, England, by Dr. Rendal Harris, noted Quaker. If successful in acquiring the timbers, Prager plans to convert one into a miniature of the Mayflower, for presentation to the Smithsonian Institute.

A certain naturalist who maintains that we hear only that to which our ears are attuned tells how once, in a noisy New York street, he heard the chirp of a cricket hidden in a basement window. RURAL COMEDY AT THE PRINCESS
Mildred Page Players Will Present "Sis Hopkins" To-night

"To-day at the Princess Theatre the Mildred Page Players will present "Sis Hopkins" a rural comedy with eighteen years of solid success to its credit and "still in the ring." The whole cast and several extra players will be seen in "Sis Hopkins" and there will be no end of fun and excitement during the progress of this good play.

In the second act there will be a number of specialties presented and the audience will see Miss Page not only in the clever comedy part of "Sis," but in the singing and dancing specialty as well.

The many friends and admirers of Tom Sullivan are going to have a decided treat when they see him in the splendid comedy part he is cast for, as it is even a funnier part than the now-famous "The Renowned Ranch," and by the way Joe Lawless who will appear in part of "Ridley" in "Sis Hopkins" is the author of "The Renowned Ranch" which has broken all records so far for the Mildred Page Players.

"Stop Thief" will be the offering to follow "Sis Hopkins" which are open to-morrow night and continue the balance of the week with the usual Saturday Matinee.

DOMINION
Edward Peple's well-known stage play, "The Prince Chap," has been translated to the screen by William De Mille and will be shown at the Dominion Theatre all next week.

A unique feature of the picture is that it has three heroines, though in the story all are the same girl, Claudia. The action shows her at three periods of her life. Little "Peaches" Jackson a charming child-actress, plays Claudia at the age of four. May Girard, a small, dusky beauty from Italy, is the heroine after she has attained her eighth year. And pretty Lisa Lee is Claudia grown into womanhood and the girl whom Thomas Meighan, as her lovable artist-guardian, marries.

INDIAN LEGEND IS DANCE DRAMA BASIS
Denishawn Dancers Appear at Pantages Theatre in Gorgeous Presentation

One of the most striking dance conceptions of Ted Shawn is presented this week at Pantages Theatre by the Denishawn Dancers. The drama is based on a Toltec legend and is called "Xochitl," pronounced Zo-cheel, and it represents the latest ballet produced by Shawn at his Los Angeles studio.

Miss Martha Graham, star pupil of Ted Shawn and head of her own studio, which is featured in this production, which is gorgeous in costumes and radiant in splendor. The scenery and costumes were designed by Francisco Cornejo, a Mexican artist who is regarded as the greatest American authority on the art of the Mayas, Toltecs and Aztecs races that inhabited ancient Mexico before the coming of the Spaniards. The musical score was especially written for this production by Homer Grunn, noted composer of Indian melodies.

The added attraction of the bill this week is offered by Sieda's Synopsed Septette. This act presents Miss Anna Bell, well-known vocalist, and Ralph Hertzog, dancer of international fame, with a company of five fine water instrumentalists. Some excellent dancing, singing and instrumental music of a wide variety, from jazz, up, are part of the act's attractions.

More dancing, but of a decidedly different kind, is to be seen during the appearance of Mack and Williams on the stage. Dot Williams and Eddie Mack have gained distinction in vaudeville with their terpsichorean talent, and this week they feature their sensational stair-case dancing stunt.

Gus Elmore and Esther, an eccentric comedian and a dainty young miss, appear in "Circus Days," a comedy of songs and dances which gives Elmore opportunity to display his versatility and clever change characterization from the country boob to cannibal king.

An entertaining feast of minstrelsy is the presentation of Howard and Fields, entitled "A Rag-time Dining Car." It is an amusing blackface sketch and is notable for the clever playing of several musical instruments.

Jarrow, trickerster extraordinary, performs some sleight of hand with cards and also manipulates a mysterious lemon that always draws a laugh.

There is another thrilling episode of the Pathe serial "Trailed by Three."

Bertie Atherton one of the Eminent Authors contributing screen literature to the Goldwyn Company, arrived on the Pacific Coast this week and will spend several weeks at the Culver City Studio studying screen technique and preparing an original story with an all-star cast.

ANITA STEWART
IN
"The Yellow Typhoon"

HAROLD McGRATH'S GREATEST NOVEL

When the Royal English Opera Company departed for the mainland last night they carried with them the hopes of the theatre-goers of Victoria that they would appear again in this city before too long an interval has elapsed. Their two productions "The Mikado" and "The Bohemian Girl" were of a high standard seldom seen outside the big metropolitan opera houses, and the acting and singing has seldom been surpassed in this city.

The theatre was filled to capacity last evening for the production of Balfe's delightful opera, "The Bohemian Girl," and although it is eighty years since the opera was written its popularity has evidently not yet begun to wane. Enthusiasm last night waxed strong over such perennial favorites as "I dream that I dwell in marble halls," "Heart Bowed Down" and "When Other Lips" the applause after these numbers halting the progress of the performance.

The outstanding performance was that of J. Humbird Duffey, the tenor, who gave a magnificent rendering of the role of Thaddeus, the exile. To a tenor voice of pure robust quality he added a pleasing personality finished ease and a meticulous care in enunciation denoting the trained artist. Miss Benning, the soprano, was delightful as Arline, her silvery voice and clever acting creating a favorable impression, and evoking a generous meed of applause. Edward Quinn, the basso, whose fine voice was rather marred by somewhat indistinct articulation, made an imposing Count Arnheim. Of the other characters, Detmar Popin made the most of the swashbuckling Devilshoof, while the contralto, Marie Horgan has a contralto voice of great beauty which, unfortunately, was hardly strong enough, and at times was overshadowed by the orchestra.

The chorus work was excellent, and of a much higher standard than is usually found in travelling companies, the voices blending with pleasing effect to a harmonious background for the really fine performance of the leading artists.

ALDERMAN RESIGNS TO TAKE CHARGE OF CIVIC DEPARTMENT

W. G. Cameron Appointed
Valuator of Reverted
Lands

To take charge of a newly-created civic department, Alderman W. G. Cameron last night resigned his position on the City Council. On recommendation of the civic Finance Committee, the Council appointed him valuator of land which reverted to the city at the last tax sale, and head of a separate department which will handle this land and other similar business. The proposal to appoint Alderman Cameron land valuator was laid before the civic Finance Committee yesterday afternoon and was approved. After the meeting, late yes-

W. G. CAMERON

terday afternoon, Mr. Cameron filed his resignation, which was received with surprise and regret by the Council in the evening. Considering that Mr. Cameron was the best man whose services could be secured, the Council readily agreed to appoint him land valuator at a salary of \$150 a month.

"We are losing one of the best aldermen the city has ever had," said Alderman Todd when Mr. Cameron's resignation was presented. "We certainly shall suffer when we lose him. I opposed the appointment of a valuator for these reverted lands, but as the Council decided to appoint such a valuator it could not select a better man than Alderman Cameron. If anyone can make a success of the task, he can do it."

Alderman Sargent also praised Mr. Cameron's work as a member of the Council, and said that the Finance Committee had felt that Mr. Cameron was admirably fitted for the duties he was to assume.

"Mr. Cameron's record has been very enviable," added Alderman Patrick. "While I regret his withdrawal from the Council, I feel glad that the city has been able to get a man like him to take charge of this City Lands Department, as it might be called."

New Department Needed
"The city was never better served by anyone than by Alderman Cameron," Mayor Porter remarked. "I think it is unfortunate at this time to have to create a new city department, but there appears to be no other way. There is sufficient property involved to justify such a department. We could get no better man for this position than Alderman Cameron."

Alderman Sargent intimated that when the work of valuating the lands which reverted at the 1919 tax sale was completed there would be other work for Mr. Cameron to do in connection with other lands. Mr. Cameron's duties, he intimated, would be permanent.

The Council defeated a motion proposed by Alderman Todd that Mr. Cameron be instructed to superintend the collection of rents on lands which have reverted to the city.

Alderman's Career.
Alderman W. G. Cameron was born September 25, 1852, at Calaveras County, California, his parents, Duncan and Jessie Cameron, being Scottish Canadians and British subjects. He was brought when a child to Victoria, and was for many years in business as a merchant here, retiring some seven years ago.

He was an unsuccessful candidate for the Legislature at the general election of 1894 in opposition to the Davie Government. He was elected in 1895 he was elected alderman for the South Ward, and was re-elected in 1896. He re-entered the council at a by-election for the same ward in 1899, headed the poll in 1900, 1901, 1902 and 1903 in the same ward. In the last-named year he was returned to the Legislature for this city, and sat during the life of that House.

He was out of public life for some time thereafter, although always taking a leading part in progressive movements in the city. He was

**TO HOLD MEETING
TO ORGANIZE NEW
PARTY IN SAANICH**

The next municipal election in Saanich will see the entry into the field of a new party, to be named the Saanich Municipal Progressive Party, advocating the expenditure of municipal funds for all legitimate improvements needed by the district. It is planned to run complete tickets for all Council, School Board and Police Commission seats, and to adopt

as a cardinal policy advocacy of such improvements as will make Saanich the finest residential district in Canada. It is considered by the promoters that the present economy wave has gone too far.

Messrs. R. E. Collins and A. E. Hall are arranging the details, and in the course of the next few weeks they plan to call a meeting of ratepayers for organization purposes.

**NO DELEGATES AT
EITHER MEETING**

No Victoria Representatives
at Municipal Union or
Good Roads League

Victoria, the Capital City, of British Columbia, will not be represented either at the convention of the B. C. Union of Municipalities or at the

Good Roads League Convention in Nelson this year. The City Council decided some time ago to take no further part in the activities of the municipal union and last night it refused to vote money to send a delegate to the Good Roads League convention.

Question of Expense
"We could spend the money it would cost to send a delegate to the convention—if we have it, which I very much doubt—much better on improving some of our streets," said Alderman Andros when the proposal to send a delegate to the Good Roads League meeting was advanced. "If \$150 will go any way toward getting new roads for the island it will be well spent," replied Alderman Sangster. "Alderman Todd," he added, "is the very best man we could send to the convention."

Alderman Todd informed the Council, however, that he would not attend the convention. He suggested that someone other than an alderman should represent the city. "I want to say bluntly now," remarked

**OASTORIA For Infants and Children.

Alderman Todd, "that no section of the Dominion of Canada has been worse treated in regard to the Dominion Government's policy of road expenditures than Vancouver Island. The island, in fact, received worse treatment than any other section of Canada, and I have frequently thought that one of the reasons why was that no person was present when Federal legislation on the subject was drawn up, who had the interests of the island at heart. If we lived say on Prince Edward Island, we would find our proportion of the money to be spent by the Federal Government on roads would be very different to what it is here."

"The Good Roads League has great influence with the Federal and Provincial Governments and we should be represented at its conventions," for once," said Alderman Patrick. "We could spend the money better." "We could better spend the money on streets," agreed the Mayor, as the

**WHY
DO WE HAVE MINUTES AND
SECONDS?**
(Copyright, 1920, By The Wheeler
Syndicate, Inc.)

We have sixty divisions on the dial of our clocks and watches—sixty seconds to the minute and sixty minutes to the hour—because Hipparchus, a Greek astronomer who lived in the second century before Christ, accepted the Babylonian system of reckoning time. While the Babylonians were acquainted with the decimal system, much as it is used today, for common and practical purposes they counted by sevens and sixes, the so-called "sexagesimal" system. The passage of time was used by the Babylonians to divide the different periods of the day, and after being taken up by Hipparchus, found its way into the works of Ptolemy about 150 A.D. and was carried down on the stream of science and civilization, finally finding its way to the dial plate of our clocks and watches. While our modern time-piece, therefore, carry on their faces remembrances of the city of the Tower of Babel, the city where Daniel interpreted the dream of King Nebuchadnezzar, the significance of the minutes and seconds

goes back to the magicians of Babylon—magi meaning "wise men"—who selected the sixty-system of time-keeping, not by chance or accident, but because no lower number can be divided by so many other numbers as can sixty. The minutes, divided into five, fit into place between the figures for the hour, and, because sixty is a multiple of fifteen and also of thirty,

we have quarter-hours and half-hours, all due to the magician-priests of Babylon and Chaldea thousands of years ago.
