From: Civil Affairs Officer
To: Commanding Officer, Marine Aircraft Group 11
Subj: Command Chronology for Oct. 1968

1. The month of October was a very significant one in terms of actual gains made. During this month, people in our hamlet came to members of the Civic Action team with definite intelligence information. Two members of the team were involved in an incident where one Vietcong was killed and a weapons cache found along with a North Vietnamese flag. On two occasions, booby traps were found and rendered harmless by the CAP unit in our hamlet. We feel that the hamlet population join us in recognizing the Vietcong as a common foe and this is one of our primary goals.
2. October was also a very rainy month and some of our active projects were affected, though only temporarily. The Medcaps were continued in spite of the weather and members of our team in the hamlet aided the people during the flooding by clothes and food distribution.
3. This month saw the release of Le Son to the 1st Marines for Civic Action purposes. This hamlet is in the center of their TAOR and is situated only $\frac{1}{2}$ mile from their compound. MAG-11 can now concentrate its effort in Lo Giang and be more effective there where our men are living in the hamlet among the people.
4. We are beginning to witness a coming power struggle in our hamlet among the people. The hamlet chief is out of step with some of the elders and a crisis is not too far away. Our intentions are to remain aloof rather than to be actively involved. Our program will continue regardless of the outcome and will have the sanction of the new leadership whoever it might be.
5. A much better relationship has been established with the local CAP unit. They are being most helpful in our projects and are actively participating in them when their help is needed.
