screen version of Sir James M. Barrie's well-known drama, "The Admirable Crichton," and Major Beth's advice in the creation of a true British atmosphere and real-life types was invaluable.

VARIETY Maurice Tournour's Paramount-Artcraft special picture, "The White Heather" which is at the Variety Theatre this week, sweeps away any lingering doubts one might have had about the value of the army's system of copying everything in triplicate.

COLUMBIA You have heard of "golf widows" of course—women whose husbands spend most of their waking hours tramping the links, leaving their wives to sit lonesomely at home.

CRITERION Dance To-night—or Any Night at the Ladies! Not only do we guarantee to save you money on your Spring suit, coat or dress, but you can Wear the Garments While Paying for Them!

BELMONT HOUSE

SIR OLIVER LODGE who will give his wonderful address "The Evidence of Survival," at the Royal Victoria Theatre to-morrow, Wednesday evening at 8.30.

hers, caught just previously by her husband making love to her is suspected of murder. In the thrilling developments, which lead to India and back again, the mystery is cleared up in an entertaining manner.

ROMANO Sessue Hayakawa, the famous Japanese actor, who appears at the Romano this week in "The Illustrious Prince," has a unique and interesting personality.

PRINCESS In connection with the repeat performances of "The Pirates of Penzance" at the Princess Theatre on Thursday, Friday and Saturday evenings next, the part of Major-General Stanley will, in the absence of Mr. R. N. Hincks (who, during the past week, has filled that role with so much distinction) be taken by Mr. F. H. Allwood.

Mr. Allwood has done some very fine work at the Princess since his return from overseas, notably as Mons. de Treville in "The Three Musketeers," the Gryphon and the Red King in "Alice in Wonderland" and lastly as second lead in "Officer 666."

MUSICAL COMEDY IS ELABORATELY STAGED

"Derby Day," With Cast of 25 People, Predominating Pantages Offering

Pantages vaudeville show this week measures up to the usual excellent standard with the pretentious offering "Derby Day" as the sparkling headliner. "Derby Day" is a miniature musical comedy embracing tuneful music and catchy songs and is brimful of scintillating features.

It Happened in Arizona is breezily presented by Housh and Lavelle, who make the most of their opportunities to please. The act has been over the circuit before but has been greatly improved by the introduction of new features.

J. C. Mack & Co. appear in the comedy creation, "Mother's Boy." It is a vehicle which affords Mr. Mack an excellent opportunity to interpret his clever characterizations.

FRANK MORRELL, the "California Boy," is back again with a new stock of witty sayings and amusing patter. His monologue is inimitable and his popularity instantaneous.

SIR OLIVER TO BE AT ROYAL TO-MORROW

Perhaps the world's greatest scientist, Sir Oliver Lodge—the psychic philosopher whose existence inspired civilization—is to speak in the Royal Victoria Theatre on Wednesday. Intense interest has been aroused in New York and Boston, where he completely captured public favor.

PETER COLLINS TO BE IN VICTORIA ON APRIL 27 FOR LECTURE

Arrangements have been completed by the Victoria Council of the Knights of Columbus for the public lecture by Peter Collins of Massachusetts on the Red Memorial, which will be delivered on April 27 at 8 o'clock.

It is a peculiar coincidence that the two most successful plays of the war were both produced in London under the direction of Percy Hutchinson, the eminent English actor, who opens at the Princess for two days only, commencing Monday, April 26.

Those Pearly Teeth Learn how people get them

Millions of people have adopted a new teeth cleaning method. Wherever you look you see pearly teeth nowadays. Let this ten-day test reveal what this method means to you.

End the cloudy film Most teeth are dimmed by film. A viscous film clings to them, enters crevices and stays. Most tooth troubles are now traced to it.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea, and very few people escape it. The ordinary tooth paste does not dissolve it, so the tooth brush does not end it. Thus most people suffer from that film.

PEPSODENT CANADA The New-Day Dentifrice

A scientific film combatant which, after 5 years' tests, is now advised by leading dentists everywhere

A Gift A 10-Day Tube of Pepsodent is sent to all who ask. See coupon.

Everyone is welcome

Now this new method is embodied in a dentifrice called Pepsodent. And everyone is welcome to a ten-day test. Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter.

SIR RICHARD WINFREY WILL VISIT VICTORIA

Will Speak at First Presbyterian Church in May; Church Anniversary

A well-known British parliamentarian and expert on agriculture, Sir Richard Winfrey, M. P., will visit Victoria next month. Sir Richard, who has been Parliamentary Secretary to the British Department of Agriculture for several years, entered the British House of Commons for one of the Norfolk constituencies in 1906. He is a leading figure in that county and in Lincolnshire.

MOVE TO GIVE OFFICIAL HIS JOB BACK AGAIN

Plan Appears Doomed to Fail; Conciliation Board Favors Denholm

COUNCIL WARNED THAT ENGINEER WILL QUIT

An unexpected move to reinstate John R. Denholm, dismissed City Stable Foreman and Garbage Superintendent, was started at the City Council meeting last night by Aldermen Dewar, Todd and Fullerton, though ruled out of order and nipped in the bud, the proposal will be revived at the next meeting.

The report of the Conciliation Board on the Denholm dismissal framed after a lengthy investigation and favorable to Mr. Denholm—was dropped like a bombshell among the aldermen there is practically no possibility of the reinstatement.

The report from the Conciliation Board, the tenor of which was a great surprise to the Council, accompanied by a transcript of a defence recorded, was brief, and read in part as follows: "Considerable evidence was advanced to show that Mr. Denholm performed efficient service in connection with the stable, dated March 31, the incident in his conduct of the stable department."

"It appeared to be made clear, at the inquiry, that any charge of inefficiency or lack of efficiency levied against Mr. Denholm was based upon his conduct of the two departments as a whole, for, in the words of the City Engineer, contained in a letter to the board, dated March 31, the main reason for Mr. Denholm's dismissal was his lack of executive ability in the conduct of the whole department."

"Equally little evidence was advanced to disprove the charge of inefficiency in conduct of the whole department, and, in the opinion of the board, the evidence presented neither proved nor disproved this charge."

"This does not go far enough," declared Alderman Dewar, starting the unexpected move to reinstate Mr. Denholm. "The evidence showed that Mr. Denholm has been a very efficient official as far as the stables are concerned. I move an amendment that he be reinstated as stable foreman and that another man be placed in charge of garbage collection. I believe that this arrangement will produce more efficiency."

"No one can say that Mr. Denholm was inefficient after hearing the evidence," declared Alderman Fullerton. "This does not go far enough," declared Alderman Dewar, starting the unexpected move to reinstate Mr. Denholm.

E. BOUNDS, Proprietor.

ENGINEER WOULD RESIGN

Alderman Cameron supported this contention. "It's unfortunate, he observed, that the majority of the committee should attempt to bring in a recommendation now. If Mr. Denholm is reinstated," he warned, "it will mean that the City Engineer will be undermined. It would not be right to have both Mr. Denholm and the Engineer in the Department together. We must support Mr. Denholm or Mr. Preston, and the Council should know the consequences of its action. Mr. Preston made a mistake in not giving in the first place the real reasons for dismissing Mr. Denholm but we should remember that he did not have to give any reasons at all, and it should not concern us whether he was dismissed for sickness or inefficiency. I have correspondence to show that it virtually means that if the Engineer is not supported he will have to retire. If he is supported it's just a business proposition."

Mayor Porter ruled Alderman Dewar's amendment out of order and when the motion to receive and file the report was put it was carried without a dissenting voice.

It only takes one night to prove the wonder-working power of Dr. Hamilton's Pills. They are the smoothest, easiest acting laxative yet devised, the kind that a child or delicate woman can use with comfort.

They Work While You Sleep—Cost Only a Quarter—And Really Bring Lasting Results.

GREAT MEMORIAL SERVICE SUNDAY

Full details have now been completed for the joint memorial service, in remembrance of the battle of Ypres, 1915, which will be held at Christ Church Cathedral on Sunday next.

The plans are in the hands of the Ex-Service Council, and it is intended that the parade will start from the corner of Yates Street and Government Street, forming up on the left side of Yates Street. The men will parade without reference to battalion or association affiliations. The bands will be the G. W. V. A., the Comrades of the War, the Salvation Army, the Boy Scouts and Boys Naval Brigade will participate.

H. J. Young to-day announced the following programme for the service: Hymn, "Onward Christian Soldiers"; Prayers; Rev. (Col.) G. H. Andrews, M. A. Lesson; Verses 1 to 10; Rev. T. M. Hughes, Silent Tribute; Hymn, "For All the Saints"; Introductory remarks by the Dean. Special address by Rev. (Col.) G. A. Wells, C. M. G.; Hymn, "Rock of Ages" Benediction. National Anthem. The Lament. Last Post. The collection, after paying expenses of the service, will be devoted to the Victory Relief Fund.

What It Is and How It Increases Weight, Strength and Nervous Force.
Judging from the countless preparations and treatments which are continually being advertised for the purpose of making people plump, fleshy, strong and healthy, and replacing ugly hollows and angles by the soft curves of health and beauty, there are evidently thousands of men and women who keenly feel their weakness.

WOULD NOT ALLOW ESTABLISHMENT OF ROOFING FACTORY

City Health Officer Warns Council Against Results on Public Health

If the City Council adopts the recommendations of City Health Officer Arthur G. Price, embodied in a report filed last night, the Sidney Rubber Roofing Company will not be allowed to erect its big plant on the old Indian Reserve. Dr. Price argues that the factory would be dangerous from a public health standpoint but some of the aldermen are inclined to the belief that nothing should be done to prevent the establishment of industries here.

Dr. Price states in his report that unless the operations of the Company "can be carried out under totally different conditions from those at Sidney, and under restrictions which appear to me to be impossible to carry out on the proposed site," he cannot recommend that permission be given to establish the roofing plant.

"The manufacture of rubber roofing on the site proposed embraces two matters which require consideration from a public health and a nuisance point of view," Dr. Price asserts. "One is the importing and storing of rags and other refuse used in the manufacture of paper. The other is the discharge of waste products into the harbor waters and the emission of offensive effluvia from the works."

Should Clean Rags. "Firstly in the interest of public health if the company were permitted to establish and work their plant on the site proposed, the storage of rags and such like refuse in barges in the harbor should be prohibited and all rags brought to the works should be immediately and efficiently sterilized by heat and stored in a properly constructed storehouse."

Does Not Expect Trouble. Alderman Johns stated that the company had no intention of manufacturing roofing material at the Songhees plant at the present time, and no unhealthy conditions would arise.

NO GASOLINE TAX
Impost on Gasoline Could Not Be Levied Here, Council Told.
Hon. John Hart, Minister of Finance, informed the City Council last night that a tax on gasoline, as proposed by the aldermen recently, could not be enforced here.

MILLIONS FOR PERFUMES

in members of the opposite sex whose judgment was good in the selection and application of delicately scented powder and perfume. These natural and century-old conditions will easily explain why the growth of industrial plants for the manufacture of cosmetics and perfume in this country has been so phenomenal. The value of the annual production of such plants is a trifle more than \$25,000,000. The added profit of the retailers, of course, makes the amount paid by the ladies several million dollars more.

HONEST OPINION

The Rev. "My personal opinion of Zam-Buk is that I know of nothing like it! Moving amongst sick people of my charge, I have proved it an absolute fact that for old wounds, cuts, eczema, and skin diseases, Zam-Buk is really marvellous."—Rev. A. D. MacLEOD, Harcourt, N.B.

The Magistrate "Eczema was my trouble, and I suffered for years. I tried practically everything, it vain! Zam-Buk cured me; and from the day the last sore was healed there has been no trace of return of the disease."—J. E. ARSENAULT, J.P., Wellington, P.E.I.

The Nurse "Speaking professionally, I would apply Zam-Buk to all cases of eczema, ulcers, abscesses and allied diseases. I have proved Zam-Buk able to cure the worst cases."—NURSE KEITH, Olds, Alta.

### CHURCH'S HIT WINS GAME FOR VICTORIA

Drove in Three Runs in 7th Innings Yesterday With Drive to Outfield

Victoria, 7, Calgary, 4.

With the bases loaded in the lucky seventh yesterday afternoon Jimmie Church took up himself the largest bat in the Royal Athletic Park, strode up to the plate and leaped heavily against one of the fancy offerings of Mack. The ball went through the opening between first and second to the outfield. Two runners scored and while Christensen was busy running Church down between first and second, Carter Elliott made the distance between thirty and home safely. Church's hit broke up the game and Calgary was forced to accept its second sting from the Bees without a come-back.

The cold wind kept the fans at home and also prevented the players from limbering up. The late Spring weather is bothering many of the players, who, up to a few days ago, were chasing around in their shirt-sleeves in the warmer climes of southern California.

**Barr Made Fine Catches.**

Bill Leard remained on the bench and gave Barr, a new arrival, a chance to prance around the third sack. He showed considerable class in fielding. He can handle a ground ball well, but his arm is still sore and prevents him from throwing the ball about the diamond. He chased three long fouls and picked them off close to the boards. At the bat he did little, in fact the Bees only collected four hits all afternoon. Mack had a nasty hop on the ball and had he not lost control would have had the local boys hanging helpless on his belt.

**Tied Score With Homer.**

Calgary tied the score in the sixth inning when Christensen picked one of Cy Young's rollers and knocked it deep into right field. He easily circled the sacks and chased in Smartz ahead of him. The Bees came right back in the seventh and after Mack had walked three men, Church poled out the hit which won the game.

Leard used three pitchers. Roebcke spent four innings on the rubber and allowed but one hit and struck out three men. He is only a youngster, but has a fine array of stuff with which to change of pace. Young did not extend himself while in the box. Kelly, a southpaw, looks like a likely hurler, having a fast breaking ball, which seemed to bother Calgary.

The box score was as follows:

Victoria	A. B. R.	H. P. O.	A. E.		
Elliott, ss.	3	1	2	3	0
Church, 2b.	4	1	0	4	0
Barr, 3b.	3	1	0	4	0
Carmen, rf.	2	0	1	2	0
Ziencke, cf.	4	1	0	4	0
Goldie, lf.	3	0	0	1	0
Cunningham, 1b.	3	0	0	3	0
Edwards, c.	1	1	0	0	2
Roebcke, p.	1	1	0	0	2
Young, p.	0	0	0	0	0
Kelly, p.	0	0	0	0	0
Totals	23	7	4	21	6

Calgary	A. B. R.	H. P. O.	A. E.			
Smartz, rf.	3	1	0	0		
H. Christensen, 2b.	4	0	1	3	1	
W. Christensen, lf.	4	1	0	0	1	
Gregor, 1b.	4	1	0	3	8	0
Harrigan, 3b.	4	0	0	0	0	1
Reid, c.	1	1	0	0	2	0
Levenson, 2b.	1	1	0	0	2	0
Kilholmen, c.	3	0	1	5	1	0
Mack, p.	0	0	0	0	0	0
Steinmetz, p.	0	0	0	0	0	0
Totals	29	4	7	18	8	3

Summary: Home runs—W. Christensen. Hit by pitched ball—Carmen. Sacrifice hits—Young, Smartz. Stolen bases—Harrigan, Ziencke, Carmen. Struck out—By Roebcke, 3; by Young, 1; by Levenson, 1; by Christensen, 1. Bases on balls—Off Roebcke, 5; off Mack, 7. Passed balls—Kilholmen, 2. Umpire—Harry Morton.

### SLIM LOVE RELEASED.

Cleveland, April 20.—The release of E. H. (Slim) Love, left-handed pitcher, to the San Francisco club of the Pacific Coast League was announced to-night by Manager Hugh Huggins of the Detroit American League Club.

### CRACK SHOTS TO ENTER ELIMINATION TOURNAY

Vancouver, April 20.—Crack shots in Victoria and Vancouver are showing keen interest for selection of the British Columbia representatives at the Bisley rifle ranges in June. Since announcement that the field was open for contestants, six entries have been received by Brigadier-General Duff-Stuart.

Vancouver applications have been received from Major Fred Richardson, a well-known sharpshooter, and master gunner, Royal Canadian Artillery, Victoria, have applied for the trial contest. The other two Victorians are Staff-Sgt. Lionel Swift, late of the 5th Battalion, and Lieut. W. A. Smeiser, another member of last year's team.

Plans are under consideration to have the preliminary contest in three weeks at the rifle range, Lulu Island.

## SPORTING NEWS

### JAMES BAY OARSMEN HAVE OPENED SEASON

Lapstrokes, in Perfect Shape, Were Used During Week-end

Everything is now in readiness for the start of rowing at the J. B. A. and members who have been anxiously awaiting the opportunity to get out in the boats now have their chance. Several of the four-oared lapstrokes are now in perfect shape and a number of members were out for practice rows during the last week-end.

The boating committee are making preliminary arrangements for the Spring regatta to be held over the harbor course on May 8 and a full list of boating and canoeing events will be staged.

Members wishing to compete in any of the events will sign the entry forms in the clubhouse, stating the time of day at which they can row.

Some doubt appears to exist amongst some of the new members that it is difficult to get a place in one of the crews, but the committee will do all in their power to eliminate this idea, and any new member will find that they have just the same chance of getting in crews as any of the older members. The whole thing simply rests with the individual member himself, and if he is anxious to row and get in a crew all he has to do is to come over to the club every or any evening and he will be accommodated.

Members wishing to confine their activities to sculling will find several single lapstrokes at their disposal, and later on when they become more proficient at the game can get out in the double shells.

Some very likely material is on hand this year and the prospects of the J. B. A. A. in the coming international regatta look particularly rosy. The club will have a strict training course, and the selection committee will have a difficult time in picking out the best oarsmen for the crews.

Coach Dan O'Sullivan is very optimistic over the rowing season this year and had several of the new boys out in the coach boat during the week-end. The coach will be materially lessened this year on account of having the fast speed boat "Blue Bird" to follow up the crews which will be no chance of any crews getting away from the coach this year and having a quiet lay-off while out in the boats.

For the international regatta the club will have to have three separate four-oared crews—senior four, junior four, 14-15, four. In addition to the above they will have one senior and junior singles and doubles.

It is a big undertaking and means that this city will be represented in Portland at the regatta. The Couer d'Alene in the above events by the best oarsmen possible to produce from the athletes available.

### HURDLE EXPERT TO TRY FOR CANADIAN TEAM

Hanover, N. H., April 20.—Earl Thompson, the crack Green hurdler, who was recently declared ineligible for the American Olympic team on account of his Canadian citizenship, has announced his intention of going to Montreal July 10 to compete for the Canadian team. Thompson is joint holder of the world's record for the 440-yard high hurdles.

Thompson has lived in the United States all his life, but during the war took out Canadian citizenship papers in order to serve in the Royal Flying Corps. He is at present the mainstay on Dartmouth's track team, running in hurdles and broad jumps as well as acting as pivot man on the relay team.

### OLD COUNTRY SOCCER

London, April 20.—(By Canadian Associated Press).—Football results: Southern League. Gillingham 0, Swans 0. Scottish League. Aberdeen 0, Partick 0. Morton 4, Albion 2. Motherwell 1, Kilmarnock 0.

### CANADIAN SEPTETTE START PRACTICES

Winnipeg Falcons Prepare for Opening Games at Antwerp Friday

Antwerp, April 20.—The Canadian hockey team (Winnipeg Falcons) which arrived here last week by way of England, has been practicing daily in preparation for the opening game of the Olympic series, which will take place on Friday night. The practices have been held at the Antwerp ice palace, where the contestants are to take place. The players declare the ice in excellent shape.

The Canadians were on hand yesterday to welcome the members of the United States team, who arrived in the afternoon none the worse for a few days rather rough weather. All of the teams entered for competition are now here, with the exception of the French, who are only a few hours ride away, and are training steadily in Paris.

After fraternizing with the United States players during the afternoon the Canadians turned out in the evening to watch the first practice of the boys from the south of the line. They expressed the opinion that the "Yanks" are likely to be strong contenders for the hockey title.

The drawing for the first pairings will be held Thursday afternoon. The Canadians are hoping to meet the Americans early in the series. The players from the Dominion have been given a great reception by the British army contingent stationed here and will have a strong rooting chorus to give them encouragement during the games. The United States army officers stationed at the Antwerp base will root for the United States team.

### FOUR OF THE U. S. SEPTETTE CANADIANS

Yanks Consider Falcons Only Team Liable to Stop Their Aspirations

New York, April 20.—(By the Canadian Press).—Of the eleven members of the United States Hockey team which sailed for Antwerp on the steamship Finland to represent the United States in the classic Olympic series commencing next Tuesday, four of them hail from the land of the Maple Leaf.

The captain and right wing of the United States puck chasers, Joseph W. McCormick, was born at Buckingham, Que., twenty-five years ago; where he first commenced his hockey career. He subsequently figured on the Cobalt team, later coming to this country where he played with Cuylenburg and Pittsburgh A. J. He is a national player ability won him a place on the United States Olympic team, and at a recent meeting of the American Olympic Committee, he was selected to lead the team of Yankee hockey exponents on the ice at Antwerp.

The other three Canucks who are included in the personnel of the American team were the McCormick's brother Lawrence, who also commenced his puck chasing career at Buckingham; Herbert J. Drury, rover born at Midland, Ont; and Frank Allan Synnot, centre, born at Chatham, Ont.

These four ex-Canadians—now bona fide American citizens—saw service in some capacity with the United States forces during the war. The Falcons of Winnipeg, who recently took the Allen Cup away from the Ontario association when they defeated the Varsity team of Toronto, where it has resided for the past three years, and who by their victory earned the privilege of representing the Dominion at Antwerp, are considered in the United States the only aggregation likely to quash the United States' world's hockey title aspirations. A keen contest is expected if the representatives of Canada and "Old Glory" have occasion to clash for the honor of becoming world's champions "over there."

### NATIVE OF MARATHON IS MARATHON WINNER

Greek Is Fleetest of Sixty Runners in Boston Twenty-five-Mile Race

Boston, April 20.—The American Marathon road race, commemorating the feat of a Grecian soldier, who ran from the plains of Marathon to Athens with a military message and then dropped dead, was won yesterday by a native of Marathon, Peter Trivoulidas. A resident of New York, but still a subject of Greece, he proved the fleetest of the sixty runners. The classic 25-mile race was the official test of election of the United States representatives in the Olympiad. Trivoulidas' time, eight minutes slower than the record, but fast considering a partly adverse wind, was 2 hours, 29 minutes, 21 seconds.

Second to the Greek was Arthur V. Roth, of the Dorchester Club, Boston, who won the race in 1918. Last year's winner, Carl W. A. Linder, of Quincy, was third; William Wick, also of Quincy, who was second in Linder a year ago, was fourth; and Edwin H. White, of Holy Cross Lyceum, New York, was fifth. Thousands of spectators lined the course from Ashland to Boston.

Trivoulidas times was eight minutes behind the record for the course made by Mike Ryan of New York in 1912. The times for the next four men were: Roth, 2 hrs. 30 min. 21 sec.; Linder, 2 hrs. 32 min. 22 sec.; Wick, 2 hrs. 34 min. 37 1-5 sec.; White, 2 hrs. 36 min. 10 3-5 sec.

### CANADIAN COACH IS DEATH ON PAMPERING

Lays Down Punishment For Infractions and Enforces Them

New York, April 20.—Joe Wright, the husky Canadian govt. of the Pennsylvania shell crews, recently outlanded by Yale, is a coach who decries the luxury and pampering which modern day athletics receive in most universities. Joe intends that no such conditions shall obtain at Penn—not on the crews at any rate. Wright laid the law down to his candidates at the start of the training season and told them the consequences of infractions.

One promising athlete, Red Hinckley, violated Wright's training code by staying out most of the night at a dance recently and found himself out of the varsity boat for the senior contest with Yale. Rumor now has it that other members of the Red and Blue Varsity have been guilty of lapses in training, and if they have they can expect no quarters from their businesslike Canadian coach.

Wright's policy is one that will gain both the respect of the candidates and the best efforts of which they are capable. There is a lot of the small boy left in the youth in college, and coercion sometimes is quite necessary if any good is to be accomplished from them.

### SNOW STOPPED BASEBALL.

Colorado Springs, April 20.—A blinding snowstorm halted the baseball game between Colorado College and the University of Colorado here Saturday afternoon, in the third inning, with the score 2 to 2.

## Amateurs Hope to Stir Diamond Dust at Royal Athletic May 1

Five Teams Are in Line For 1920 Series; Collieries and War Veterans Combine.

Five teams are in the running, it was reported at last night's meeting of the Victoria Baseball Association for this year's competition and the final selection will be made at a meeting set for April 26. The Straith-Two Jacks and the Foundation will probably dispose of their franchises this season and the Canadian Pacific, the Elks and the Knights of Columbus are the clubs which will bid for the vacancies.

Dave Macfarlane, who last year managed the Collieries, will again be in the field with a team to be known as the Colliery-Veterans. The G. W. V. A. were anxious for a place and Dave agreed to the combination. No definite word comes from Yarrows, but it is thought probable they will hold on to their franchise.

Any new club, unless they secure a transfer from one of last year's clubs, must pay \$50 for the franchise with an additional \$20 for league expenses as paid by all the clubs in the competition. The applications must be sent in writing to the president, George I. Warren, Sayward Building, before the meeting, April 26. Delegates of the clubs applying for admission to the series will not be present at the meeting. The president presented a brief report on the formation of the British Columbia Amateur Baseball Association which will have charge of baseball in British Columbia. A governing body of five will pass on all matters pertaining to baseball, the body being composed of the president, Jack O'Brien, the secretary, J. W. Dillworth, two delegates from Vancouver and one from Victoria. The Island championship and the provincial championship series will be arranged by the association.

The dust will be stirred on the amateur diamond if present plans mature May 1. The Royal Athletic Park will be used for the opening games. By May 16 it is hoped the new stadium will be available for play.

### METROPOLITAN STAKES

London, April 20.—(By Canadian Associated Press)—The great Metropolitan Stakes were run to-day and Viaduck won at 20 to 1. Skagerak 100 to 7 was second and Rowland 4 to 1, was third. Fifteen horses ran.

Miss Chester—I should think that sometimes you must get tired of your selfish, solitary existence and yearn for the joys of domestic life.

Mr. Batch—Oh, I don't miss them very much. You see I have a gramophone and a cat that nestles up to me and purrs whenever she wants any thing, and the bills my chauffeur runs up are outrageous.

## OPEN SEASON BY USING CINDER COURT

Frosts Set Back Opening, But Grass Courts Not Spoiled

## C.C.M. CLEVELAND BICYCLES

### 90% Made in Canada 100% Value

If wages are to stay up in Canada there must be money to pay them.

The wood rims, spokes, nipples, cups and cones are made in Canada.

Every time you buy an "imported" product in place of one made in Canada you are helping to build up "outside" industries and provide work and wages for "outside" labor.

Yes, and the Hercules Coaster Brakes, frame pumps, and tires are made in Canada, too.

The way to protect your job is to buy Canadian-made goods.

Only the saddles and the steel balls are imported. No one in Canada makes these lines as yet.

Be sure, too, that the machines or goods you buy are actually made in Canada.

If the C.C.M. Company imported their parts and merely assembled C.C.M. Bicycles a much smaller plant would be required. Only about one-twentieth of the number of workmen would be employed.

Look for the C.C.M. trade mark. It is the sure guide to a true made-in-Canada bicycle.

By buying real "Made-in-Canada" Bicycles—C.C.M. Bicycles—you provide more employment for Canadians. You keep Canadian dollars working at home where they are worth one hundred cents.

The frames, forks, axles, cranks and sprockets of C.C.M. Bicycles are made in Canada.

And you get a better bicycle for your money—a bicycle with the new Hercules Positive Drive Brake—the Coaster Brake without a side arm.

Also the handle bars, seat posts and front hubs.

And that is not all—

The pedals, chains, mudguards and grips are made in Canada.

## MONEY FOR GOLF LINKS IS VOTED

Scene on Cadboro Bay, near which a municipal golf links will be established this year if the ratepayers of the city vote to allow the expenditure of \$7,000 embodied in the annual civic estimates for the purpose by the City Council last night.

### WILL SET DATE FOR OLYMPIC SWIM TRIALS

Montreal, April 20.—At the annual meeting of the Canadian Swimming Association to be held at the Windsor Hotel here on next Saturday, the dates for the holding of the Olympic Swimming trials as well as the place where they are to be held will be decided, according to the announcement made here by Chris. N. Goulden. Invitations have been sent out to swimming clubs in all cities of Canada to attend the meeting.

H. Leeming, president, and the outlook for the season is very promising. Despite the damage to the grounds last winter by the extraordinary heavy frosts the groundmen have been able to do an excellent job by sowing and seeding to bring the grass along, although play will not be possible quite as early as usual. It is expected there will be very little delay, probably about the 24th of May, but a number of the keener players have been on the cinder court at intervals for the last month.

### PLASTERER THROWS WIDE OPEN CHALLENGE TO THE FRENCH IDOL

Rockford, Ills., April 20.—Fred Fulton has offered to box Georges Carpentier here at any time and any number of rounds, it was announced to-day at the Camp Grant Athletic Department. A letter from Fulton making this statement said he would devote his share of the proceeds to wounded soldiers.

### FRANK BRANCH RILEY CAPTIVATES EAST BY LURE OF NORTHWEST

Wealth and Business in Great Centres Stop to Hear of This Country

The East is being thrilled with the charm and attractions of Oregon, Washington and British Columbia. That new thrill is the evangelism of Frank Branch Riley, the Billy Sunday of Pacific Northwest scenery and opportunity.

Mr. Riley is touring the East for the Pacific Northwest Tourist Association, showing a set of 250 colored slides of Washington, Oregon and British Columbia, and telling a story of life and living "at the end of the trail" that literally brings an audience to its feet with the query, "When can we start?"

Mr. Riley makes no charge at the door, and he takes up no collection after his talk," says Walter May, one of the group of newspaper correspondents at Washington, in The Seattle Post-Intelligencer. This, in view of the fact that his pictures and story would command top speculative prices on Broadway in New York any afternoon or night, somehow or other opens the eyes of the Easterners, who in the main know little of the West except that it is "away out there." As a matter of fact, Mr. Riley's evangelism is for the well-to-do, mainly, at this stage, for he is speaking and showing his pictures at the large, and often exclusive, clubs, chambers of commerce and similar civic and business organizations, whose members are all travelers or investors. Occasionally, the potential "man with the hoe" has his inning, and the effect is just the same—greater wonderment and greater appreciation for that great Far Northwest. And, if the visit of Mr. Riley to the East this Spring doesn't send a steady stream of tourists to the Pacific Northwest, and a flow of capital, then the East has more prevari-

### MISSIONARIES HELP S. P. C. A.

The Chinese gentleman had been badly bitten by the mad dog and friends hastened to call in the American doctor. "Bring me the head of the dog so that the spittle can be examined for rabies," the physician commanded his Chinese helper. But the Chinese triumphantly shook his head. "Too late, too late, dog all eaten." Dog eating among the Chinese and Filipinos is decreasing as a result of missionary work, according to a report of the industrial and sociological survey now being made by the Interchurch World Movement. At the Icosote Dog Market, Baguio, P. I., dogs are collected and sold for meat for the Filipino dog festival, but this horrible custom is one which missionaries are working hard upon, and their influence is already being felt in this as in all other progressive movements.—"Our Dumb Friends."

BIG CUNARDERS FOR CANADIAN SERVICE

Montreal Manager Says Weekly Sailings Established Next Year

Four new Cunarders of the latest type of construction will be plying the London-Montreal service next year...

The Cunard Line has twelve modern passenger liners under construction in the United Kingdom and from way, and will be selected...

The new Canadian ships will each be of 14,000 tons gross and will replace the 12,000-tonners of the Andania type which were destroyed during the war...

Freight business is showing a wonderful improvement on the Atlantic. The westbound freight traffic is gradually increasing in volume...

Mr. McClure is particularly impressed with the Spring-time attractions of Victoria...

To-day Messrs. Whitelock and McClure are visiting the transportation offices and to-morrow they will make a business trip as far as Nanaimo.

Soldiers Submit Wage Agreement to Govern Yard Here

A wage agreement to govern the construction of the four wooden barginets by the Victoria dock owners, has been decided upon by the United Service Council, representing all ex-service organizations, and has been submitted to Dominion Fair Wage Officer Bulger to negotiate with the shipbuilding company.

The agreement calls for the same scale as paid under the Macdonald awards.

Under the provisions of the bargain between the Federal Government and the Victoria Shipowners, Ltd., 60 per cent. of returned veterans will be employed on the new shipbuilding contract.

PRINCE GEORGE IN SERVICE TO-MORROW

Will Inaugurate Semi-weekly G. T. P. North This Season

The semi-weekly service of the Grand Trunk Pacific Steamship Company will go into effect at 11 o'clock to-morrow morning with the departure of the steamship Prince George, Captain D. Donald, for Northern British Columbia ports via Seattle and Vancouver.

The vessel underwent her annual overhaul at Prince Rupert and was brought to Esquimalt for minor stern repairs at her berth at the G. T. P. wharf, where the final touches are being put to her interior accommodation preparatory to resumption in the service. The vessel will return to the North this Summer.

Under the new schedule sailings will be maintained by G. T. P. vessels in this port every Sunday and Wednesday.

THANKS FRIENDS WHO ASSISTED IN SEARCH

Mrs. F. C. Stratford wishes to express her heartfelt thanks to those friends who so kindly assisted in the search for Captain F. C. Stratford, local mariner, missing from his home since the early part of the month. Captain Stratford communicated with his family a few days ago stating that he had left Seattle for the North and expected to be back by the beginning of May.

SAILOR IS FINED FOR HAVING OPIUM IN HIS POSSESSION

Vancouver, April 20.-Martin Manning, a Filipino member of the crew of a vessel bound for Seattle, was fined \$300 and costs at the Police Court yesterday morning for having in his possession opium worth about \$300.

As the man, with his brother Lazarus went down the gangplank he was searched and he had \$1,000 in port cash and direct he returned a short time afterwards, he had the opium.

This drew a comment from the magistrate, who expressed a wish that customs officers would cooperate with the police in striving to locate the headquarters of the drug traffic. Men only a few hours in port could go direct to the place and get the drug and yet the police could not get a line on the head men of the business.

U. S. SHIPPING BOARD DISPOSES OF STEAMERS

Washington, April 20.-The Steamship Coltramps, a steel cargo ship of 7,365 tons, was sold by the Shipping Board to the Pioneer S.S. Company, New York, for \$1,682,375. Prices for the Castlewood, 4,510 tons, and the Eastport, 6,965 tons, both steel cargo steamers, recently sold to Victor S. Gould & Company, New York, were announced as \$964,348 and \$1,189,229 respectively.

Ships at a Glance

WILL ARRIVE FROM ORIENT ON FRIDAY

C. P. O. S. Liner Monteagle

FOUR BIG LINERS BUNCHED TOGETHER

Monteagle, Tyndareus, Makura and Empress of Asia Due This Week-end

During the coming week-end a fleet of passenger liners aggregating nearly fifty thousand tons will arrive in port from the Orient and Australasia.

In the vanguard of the inbound fleet is the Canadian Pacific Ocean Services liner Monteagle, Captain A. J. Hosken, R.N.R., which is looked for early on Friday morning from Hongkong and Yokohama.

Also on April 23 the British liner Tyndareus, Captain Stout, of the Blue Funnel Line, is scheduled to arrive from Hongkong with a few cabin passengers and capacity cargo.

On Saturday next the Canadian-Australasian liner Makura, Captain R. Crawford, is due to put in an appearance from Sydney and Auckland.

Outbound for the Orient the Osaka Shosen Kaisha liners Mexico Maru and Chicago Maru are scheduled to sail this week-end.

PRaises ESTEVAN WIRELESS STATION

Capt. Ridley, of S. S. Harold Dollar, Sent Message 2,250 Miles Away

Writing to his owners, Captain Ridley, of the Canadian Report Dollar company's steamship Harold Dollar makes complimentary references to the Government radio-telegraph station at Estevan Point, Vancouver Island.

The Harold Dollar left Vancouver on February 13 and made Taingtau on March 14 with a steaming passage of twenty-nine days and six hours. Captain Ridley sent wireless messages to the head offices in Vancouver for four days after leaving William Head and did not try again until 650 miles from Honolulu. This the nearest passing point to that station.

During February 21 and 22 he tried to get in touch with Honolulu but could not raise it, and on February 23, while trying again, he had the unique experience of having Estevan "bait and tell him to go ahead. Your receipt of this message, on that date, will confirm the performance," writes Captain Ridley to his head office.

"Estevan would then be 2,250 miles distant from us." The message referred to was duly received at the Dollar Company offices on the date mentioned.

WAITEMATA TO SEA

The British steamship Waitemata passed out to sea this morning laden with general cargo from Vancouver for Australasian ports. She carries a shipment of paper from Powell River.

TIDE TABLE

Table with 5 columns: Date, Time, Tide Height, and other tide data for April 20, 21, 22, 23.

The height is in feet and tenths of a foot, above the average level of lower low water.

The time used is Pacific standard, for the 120th meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without

TO DETERMINE LINK OF PACIFIC ISLANDERS

Effort Will Be made by Expedition to Investigate Polynesian Peoples

New York, April 14.-Announcement is made that Huxford Dominick of this city has made a gift of \$40,000 to Yale University to be expended in scientific exploration in the Southern Pacific Ocean.

Herbert E. Gregory of Yale will be the explorer in charge, and the funds will be disbursed by the Bishop Museum of Honolulu.

Many interesting questions are expected to be determined, at least in part, by the expedition. Some of these are whether the islands of the Pacific were part of an ancient Asiatic civilization or whether South and Central America were the original homes of a people who spread westward across the Pacific, whether America, Africa or Asia supplied the Pacific Islanders with their food plants, and whether these islands once formed a great continuous land.

Mr. Dominick has been interested in exploration and is well known as a sportsman and successful hunter of big game. He was one of a hunting expedition in Africa, just preceding the Theodore Roosevelt expedition, and a collection of heads of specimens obtained on that trip adorn the walls of his office.

Mr. Dominick said the "British Wilkes expedition and the American Challenger expedition had made scientific contributions of value, which indicated the necessity for further scientific investigation. He said the cruises of explorers and men like Jack London had yielded interesting results, but no scientific returns.

The problem of the origin and migration of the Polynesian race is one which scientists have long wished to determine," he said. "The Hawaiians, Samoans, Tahitians, Tongans and Maoris are a distinct race, belonging to the stone age, but with evidence of Aryan origin. The islands of the Pacific which the expedition will seek to solve, are involved many other puzzling topics in ethnology and natural history."

It is expected that the expedition will extend over a period of approximately two years, and that it will be carried on by a group of scientists, most of whom are yet to be selected. Preparations are now being made for the expedition, which is expected to start early this Summer.

Para, Brazil, April 14.-A party of physicians, engineers and naturalists sent by the Brazilian Government has arrived here to investigate conditions of health and industry. They are to report on the sanitary and health of the cities and towns of the Brazilian coast from Para to Rio de Janeiro, and the health conditions of the fishermen of that coast, collect specimens of fish, and consider the possibility of developing the fishing industry.

The expedition is under the command of Capt. Frederico Villar of the Brazilian navy, who is a journalist as well as a sailor, and to be joined at Para by "an American scientist, Dr. Field, who has been engaged for the work by the Ministry of Marine," according to the local press.

The Government, it is said, plans the installation of up-to-date housing accommodations for men engaged in the fishery industry along the coast, among whom, according to Dr. de Moura, belonging to the expedition, there is much intestinal disease and malaria. The disease is widespread and entire lack of sanitation. Organization of this expedition is in line with the intelligent manner in which the Brazilian Government has been working for years past to improve the general health of the nation. These efforts have resulted in entirely eradicating the plague of yellow fever from such ports as Rio de Janeiro, Pernambuco, Para and Manaus, which were once known as "fever holes," dreaded by ocean sailors. The general health conditions of the Amazon Valley have been improved beyond recognition during recent years and yellow fever is as rare to-day in Para and Manaus as in New Orleans or Galveston. And malaria is no more prevalent here than in the Southern part of the United States.

The greater part of the valley is now healthy and the so-called "malarial" districts could be made healthy if attention were paid to the instructions of the authorities in the matter of living conditions, sanitation, hygiene, food and clothing. As these regions are far from the centres of population it is difficult to enforce the public health laws.

The sanitary regulations to-day in large cities like Para, Manaus, Santarem, along the main Amazon River, are very strict. At Para there is a very thorough examination and fumigation of incoming ships from ports known to be unhealthy, and the public markets are under daily supervision by sanitary inspectors, who are prompt to condemn meat and fish not absolutely fresh. After the markets close, about noon each day, the buildings are disinfected and washed from ceiling to floor.

Shipping is fairly active at the port. Several allied warships lie in the Bosphorus. The historic Goeben is in the Gulf of Imiti. The British are engaged in building the road to Therapi. It is singularly new and interesting to witness the spectacle of British, French and Italian troops in the streets. Highlanders in kilts, Royal Italian Carabinieri, and sturdy French poilus marching by with their band.

The Sultan, with his impending fate we hear much nowadays, still goes in state to the Selamk every Friday. The psychology of the Turks in Constantinople appears to me to denote indifference, in the sense that they did not seem to care much what political future awaited them. Although the minor Nationalists were said to be more or less active there was no evidence of their activities in Constantinople. The Young Turk is at least invisible.

"Of the Germans not one is left, save a few individuals. The former German hospital has been converted into a British hospital. The same plant bears above ground tiny seed beans, contained in pods, each pod having several in a row.

The mice store artichokes in the same way. They are wild artichokes far superior in flavor to those we know, and Mr. Bailey thinks they might be cultivated to advantage.

"The beans are gathered by the Indians in the late Autumn and sometimes a man can collect in this way two bushels in a day. But always payment is made to the mice to touch her heart and so receive a big cheque for his people. "We are now passing through the poorest, slums," he said, as the car turned into a side street. "These people have little to brighten their lives."

"I must do something for them," sighed the lady, adding to the chauffeur, "James, drive the car slowly, and turn on the big lamps." -Tit-Bits.

CANADA'S FUR TRADE SHOWS DEVELOPMENT

During War Exports Increased and Substantially Exceed Imports

Much has been said and written about the lure of gold in stimulating settlement and exploration. In the history of Canada, however, it was the quest for furs that provided an incentive to the traders who threaded the tangle of lakes and streams, traversed the prairies and storied the rugged mountains that barred the way to the Pacific Ocean.

True, the outstanding leaders in the task of exploration were driven by higher motives than mere love of gain. Nevertheless, the magnificent profits to be realized in the fur trade formed the economic basis which equipped and sustained the work of discovery.

Canada is not only a great fur-producing country, but also one of the leading fur-producing countries of the world and, provided we take proper measures to conserve our wild life, is likely always to remain so. Although here as elsewhere, furs are often worn for ornament, our rigorous winter makes furs almost a necessity for many persons. The furs which are worn, however, have had a favorable balance, small at first, but rising to \$2,214,584 for the fiscal year 1919. For that year our exports amounted to \$1,622,623. Our imports for the year ended March 31, 1919, the figures, as given in the Annual Report of the Department of Trade and Commerce, show a balance in Canada's favor, \$5,941,859.

Our imports from Great Britain have declined from \$2,284,452 in 1913 to \$1,448,455 in 1919. Meanwhile our exports have increased from \$2,795,791 in 1913 to \$3,762,955 in 1919. Taking into consideration the rise in prices, these figures indicate an actual decrease in quantity.

Undressed furs form much the largest item in our exports over 96 per cent. of the whole, and also about 78 per cent. of the imports.

In Russia, in pre-war times, great fur sales were held at Irbit, Nijni-Novgorod and Moscow. In Germany the great market was Leipzig, where the big Easter fair used to attract fur-buyers from all parts of the world. Montreal has taken the place beside these centres as a great fur market and the Montreal Fur Sales are being held in the city. It is interesting to note that, in spite of the higher prices, our imports have actually decreased since the war. This would seem to indicate that there is an increasing domestic consumption of our own furs.

The Department of Trade and Commerce, in its report for the fiscal year ended March 31, 1919, the figures, as given in the Annual Report of the Department of Trade and Commerce, show a balance in Canada's favor, \$5,941,859.

CONSTANTINOPLE AS AN OFFICIAL FINDS IT

Constantinople is much less picturesque than it was before the war, yet the extraction of the castles hangs as persistently as ever in the city, writes anonymously one of the Allied officials of high rank in the Pall Mall Gazette.

"When I stood on the famous bridge over the Golden Horn, he went on, "the incredible diversity of orientals one was wont to see passing was there, but at least 75 per cent of these were dressed as Europeans. Some no longer, even the best, were the principal thoroughfares, not because the Turk himself has suddenly developed a high class instinct, but owing to the great influx of business men from the allied and neutral countries.

"All commodities command the most exaggerated prices. Great quantities of goods have however begun to arrive, so that prices will soon begin to decline.

"On the other hand the workers' wages have reached a stupendous level. The man who before the war would have earned the equivalent of five shillings, at present refuses to do the same work for less than four or five pounds the per day. Cabmen reach the supreme height of extortion at Constantinople.

"Shipping is fairly active at the port. Several allied warships lie in the Bosphorus. The historic Goeben is in the Gulf of Imiti. The British are engaged in building the road to Therapi. It is singularly new and interesting to witness the spectacle of British, French and Italian troops in the streets. beautifully situated in the mountains 70 miles from Vancouver, ideal for week-end recreation. Lake, woods, healing medicinal waters—all the wonder of the outdoors in early spring. A few days spent here will thrill you anew with the joy of living.

Reduced railway fares for week-end trips.

St. Alice Hotel Get off at Asasas on the C. P. main line. HARRISON HOT SPRINGS, B.C. Folder sent on request.

THROUGH N.Y. WITHOUT STOP. (From the New York Sun.) The new fast passenger train between Boston and Pittsburg will not go through New York in the sense and phrase generally used in railroad schedules, but will literally do so, diving under the East River from Long Island, running through the Island of Manhattan far underground and bobbing up in the Jersey meadows on its way to Pittsburg. This stops the telling of the story of an ancient Long Islander known never to have left his native acres, who always replied to a frequently asked question, "No, can't just say I ever see much of New York town 'cept what I see in going through there often," as if he were speaking of Reno or Chicago.

WELL ON THE WAY. It was their first trip alone in their new and expensive car, and they'd lost their way. "There's a signpost, dear," said the lady in the front seat to her husband, who got out of the car and turned his flashlight on the road. "Are we on the right road?" she asked presently, as he didn't speak. "No," he said, "we're going through there often," as if he were speaking of Reno or Chicago.

### MAY DISCUSS WARD SYSTEM IN FALL

Esquimalt May Have Referendum on Electoral System

By reason of action taken last night in reply to a letter from the Esquimalt Property Owners' Protective Association, the Esquimalt Council has practically pledged itself to hold a referendum on the ward system of representation in the Fall of this year.

The Property Owners' Protective Association addressed two or three communications to the Council last night, one other dealing with the advisability of withdrawing from the Union of B. C. Municipalities. While not paying a very attentive ear to the voice of the ratepayers' association the Council spent some time in the discussion of the advisability of holding a referendum on the ward system and finally decided to tell the association that that question would be considered fully later in the year.

The ward system in Esquimalt district has some very strong adherents and enemies on the Council, and the referendum question promises to be a lively one when it is finally considered.

On the question of the advisability of withdrawing from the Union of B. C. Municipalities the Council decided action would be a little later, as it has already contributed its twenty-five dollars fee to that body.

**Will Have Floats in Parade.**

The question of entering one or possibly two floats in the Hudson Bay Pageant was brought forward by Councillor Bridle, who suggested that as a district with a naval significance Esquimalt should enter some nautical type of display. Councillor Bridle advocated having two floats, one typifying the old time frigate, and a modern submarine typical of the later improvements in naval science.

The frigate should be a copy of the

### STOPPED HER HEADACHES

Years of Suffering Ended By "Fruit-a-tives"

112 Hazen St., St. John, N.B.

"It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine 'Fruit-a-tives,' made from fruit juices. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried 'Fruit-a-tives.'

"After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since."

MISS ANNIE WARD.

50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

well known "Fisguard," which built in 1819 was on this station from '44 to '47, he stated, while the submarine should be a replica of the latest models afloat. The older vessel to be manned by several of the naval pensioners on the station and the submarine to have as a crew some of the rising generation.

Councillor Bridle's suggestion was warmly received by the Council, which, under the leadership of Reeve Lockley formed a committee of Councillors Masher, Bridle and Tribe to look into the matter and make arrangements for the floats.

Reeve Lockley stated that the Hudson's Bay Company paid over one-third of the total land taxes of the municipality and would appreciate any effort made by the district along these lines.

**May Buy Church Property.**

That portion of the church prop-

erty belonging to St. Paul's Church and the adjoining property which separates the terminus of Grafton Street from the car line came under discussion, it being advocated that the church's offer of the thirty foot strip necessary to complete the roadway, and that of the other property owners be accepted and the road completed.

The hitch in the question lies in the fact that the municipality might not be able to sell the remainder of the property, which it would not require for the roadway, without a by-law. Legal advice is to be obtained before the Council takes action.

Representatives from the property owners were on hand last night and strongly advocated that the Council buy the land, cited as a reason that the drydock would bring a real estate boom in the district and that the property could be easily disposed of when necessary.

The church lands are being offered for \$1,500 and the private property for \$2,000. The Council was divided over the advisability of securing the land without some guarantee for local improvements from the taxpayers affected.

A letter from the Boy Scout Association asking for funds for the campaign was laid over pending the action taken by the Oak Bay and the Saanich Councils on the same request.

### TELL ASSOCIATION TO SPEED UP DRIVE

Council Not Satisfied With Development Association's Financial Campaign

After Alderman Todd had expressed himself as not satisfied with the progress made by the Victoria and Island Development Association in raising money for its annual activities, the City Council last night instructed Mayor Porter to write the Association and urge it to "speed up" its financial drive.

"I am not satisfied with the pro-

gress the Association is making in raising its share of the money which it uses each year," Alderman Todd, who represents the City Council on the Association Executive, remarked. "We give them \$7,000 and they have to raise a like sum. So far, I understand, interested citizens have put up no money whatever and it's time that arrangements were made for advertising in the various papers and magazines and so on. The money certainly is not being raised in the vigorous manner in which it should have been raised. I would suggest that we ask the Mayor to write to the Executive of the Association and point out that this Council and previous Councils have been very liberal toward it, and that we feel that if we are to get efficiency and value for our money, it's necessary that the Association proceed immediately to raise its share of the money by starting the campaign for funds."

The suggestion was approved.

### How Teddy Lost the Bear

They say a sore corn interfered with his speed. Always apply Putnam's Corn Extractor. For fifty years it has been curing corns and warts. "Putnam's" never fails. Use no other, 25c at all dealers.

Cato Sells, commissioner of Indian affairs, in his annual report to the secretary of the interior says that about 5,000 Indians, descendants of various tribes formerly composing the Iroquois League, still remain in New York State. They own seven reservations, aggregating something over 50,000 acres.

### REACH SETTLEMENT ON SCHOOL COSTS; CUT EXPENDITURES

School Board and Council Effect Compromise on Vexed Question

### VOTE TO ESTABLISH TECHNICAL SCHOOL

After long weeks of wrangling, the City Council and the School Board came to an agreement last night on the vexed question of school costs—an agreement by which the Board has reduced to \$10,400 the sum of \$27,975 in its annual estimates which has been in dispute, and by which the establishment of a technical school here this Fall is assured.

A special committee of the Board waited upon the Council early in the evening in an endeavor to effect a settlement with the aldermen on the matters in question. The trustees argued that their estimates were as low as it was possible to make them and declared that it would be unwise for the Council to force the submission of a money by-law on the expenditure of \$27,975, as proposed by some of the aldermen.

**Suggests Compromise.**

Trustee Beckwith urged a compromise between the claims of the Board and those of the Council. He argued that, while such an outlay might technically be termed extraordinary, the proposed expenditures on improvements to the Victoria West School grounds, for instance, were really ordinary. He admitted that the expenditure on a new school at Spring Ridge was extraordinary, but pointed out that such a school was absolutely essential. The suggested outlay on technical training, he contended, really was for an extension of the manual training work at present conducted and was not extraordinary. Moreover, there was a popular demand for such training and the Council itself had urged it upon the Trustees. Vancouver and New Westminster, Mr. Beckwith observed, already had technical schools, and he thought Victoria would be ill-advised to lag behind in so important a movement.

The School Board, he said, had decided to cut by \$10,000 the item of \$27,000 in dispute. It was impossible to reduce further, as the increase in the school population inevitably raised the cost of the schools. He thought that, to raise so small a sum as that in question, it would be unwise to go to the heavy expense of submitting a by-law.

"While we have decided not to build some of the buildings originally determined upon," Chairman Riddell stated, "these buildings will have to be built next year."

"New buildings are imperative," Trustee Mrs. Spofford asserted. "It might be best, however, to spread the cost over two years. It would be a very serious thing for Victoria to find itself unable to accommodate its school population. A reduction of our estimates is only putting off the evil day."

She strongly deprecated any action that would keep Victoria behind other Canadian cities in educational matters.

**Cut Estimates Further.**

After long discussion, the Council asked Alderman Sargent, chairman of the Finance Committee and of the Special Estimates Committee, to consult with the School Board during the evening and endeavor to cut the Board's estimate further.

This Alderman Sargent did and, after about an hour's absence, returned to the Council Chamber and reported that the trustees had agreed to reduce the \$27,975 in dispute to \$10,400. This the aldermen considered a reasonable compromise, and he thought it would be poor business to submit an expensive by-law to raise that sum.

**Want the Earth.**

Alderman Cameron, however, stood pat on the Council's original ruling that the whole sum of \$27,000 was for extraordinary expenditure. "The trustees," he said, "have told us nothing to make us change our minds. We should stand by our extraordinary expenditure. They want the earth! We cannot give it to them, that's all."

The Council agreed. Alderman Cameron alone dissenting, to allow the expenditure of \$1,900 on grading work in different schools without the submission of a by-law.

A warm debate however, arose over the proposed expenditure of \$7,500 on the establishment of a technical school at the High School.

"We can get along all right without these frills," declared Alderman Sangster. "The public should have a say about the expenditures of this city. This expenditure should be voted upon by the ratepayers. It is claimed that the public wants these things. I say that the public has not been consulted on such matters for years. We can't afford it, that's all."

**Should Cut Out Latin.**

Alderman Todd was thoroughly in favor of establishing a technical school but he claimed that the city's present financial position would not justify the expenditure necessary. He felt that the School Board should be able to cut out a few "frills" in the curricula of the schools and save enough money to inaugurate technical training. Latin, Greek and Euclid, he thought, should be deleted from the High School course.

"The School Board has no control over the curricula," answered Alderman Patrick. "That's up to the Department of Education. Besides, we sent a deputation to the School Board asking for a technical school. Let's be consistent."

Mayor Porter agreed with this idea and declared that the Council, by asking the Board to establish a technical school, had committed itself on the issue.

Alderman Fullerton asserted that the lack of a technical school here was keeping people from settling in the city.

When the matter was put to a vote, Alderman Sargent, Patrick, Fullerton, Dewar and the Mayor voted for the technical school appropriation and Alderman Todd, Cameron and Sangster opposed it.

# WRIGLEY'S

Here's to teeth, appetite, digestion!

The flavor lasts—and the electrically-sealed package brings WRIGLEY'S to you with all its goodness perfectly preserved.

Sealed Tight—Kept Right

## Shielded from Bumps Sheltered from Storm

WITH this beautiful Overland Four-Door Sedan you need no longer let road or weather decide where or when you go.

Its Triplex Springs soften the shock of the road, its enclosed body protects you from sun, rain, wind and sleet.

In a twinkling, the Sedan may be converted to admit the grateful breezes and warm spring sunshine, making it a car equally appropriate for every day of the 366 days of the year.

This new Overland is very light and economical, owing to its 100-inch wheelbase.

Yet it rides with the luxurious comfort of a heavy, long wheelbase car, on account of its 130-inch springbase.

Soft toned trimmings and deep upholstery add to its beauty and comfort.

It is electrically started and lighted.

The Sedan weighs only 200 pounds more than the Touring car.

**ONLY TABLETS MARKED "BAYER" ARE ASPIRIN**

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nine years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuritis, Joint Pains, and Pain generally. Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages.

**There is only one Aspirin—"Bayer"—You must say "Bayer"**

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Mono-acetic acid ester of Salicylic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

**ACCUSE SAANICH OF BAD FAITH IN ELK LAKE IMPASSE**

Split Over Proposed Sale  
 Foreshadows End of Joint Park Board

CITY SAYS SAANICH REPUDIATED REPORT

Action by the City Council last night in endorsing a report, which accused Saanich Municipality of "an unparalleled instance of bad faith" in "repudiating a report on the proposed sale of Elk Lake land carefully considered by them, endorsed by their Council, to which they had placed their signatures," left little doubt in the minds of all present at the meeting that the Victoria section of the Saanich and Parks Committee will end its existence at the conclusion of the present year. Nor could there be any question from the strongly-worded report and the remarks of the aldermen that relations between Victoria and Saanich already have reached a stage where it will be very difficult indeed to conduct important negotiations which must be concluded in the near future.

After reviewing the circumstances which led up to the framing of an agreement with Saanich on the Elk Lake sale, circumstances which have been mentioned at length in these columns before, the report from the Victoria section of the Beaches and Parks Committee reads as follows:

"In the unanimous opinion of the Victoria members of the joint committee the action of Saanich in this matter is an unparalleled instance of bad faith and the action of their representatives in repudiating a report carefully considered by them, endorsed by their Council, and to which they have placed their signatures, is such that the Victoria members of the joint committee feel the utmost indignation and resentment. On behalf of the Victoria members we wish to make it quite plain that we have exercised the most scrupulous fairness in every detail of this committee's dealings with Saanich, and, in regard to the negotiations connected with this particular matter of the Elk Lake watershed, our efforts have been entirely devoted to meeting Saanich in every way possible and to making of this area an available asset both for the present citizens of Saanich and Victoria and to the citizens of the greater Victoria of the future.

**Dislike Associates.**

"We regret that the duties we have undertaken in connection with the committee will compel our continued association for this year with individuals capable of the bad faith and repudiation that has been outlined."

The report is signed by Chairman A. E. Todd, Aldermen E. B. Andros, Geo. Sangster and Mayor Porter.

**A Serious Matter.**

"This is a very serious matter," declared Alderman Todd. "It should not be lightly passed over. The City Council is entitled to receive at least good faith from the representatives of a neighboring municipality, and here's an instance where the good faith we are entitled to has been deliberately repudiated. The Councils of both municipalities put their seals of approval on written documents relating to the matter, and at a later date some of the representatives of Saanich saw fit to take steps to block action determined upon at joint meeting. As one of the members of the committee I feel very strongly on the action taken by our associates of Saanich and for myself I would be very glad to escape the blame of the question to mind by repudiating how he had been recently created by some opponents in the famed "direct-action" that if the garbage situation was not speedily ameliorated—"they would "dump" garbage into the Councilors' front gardens. After thorough discussion the matter of garbage collection was laid over until the Council had time to investigate some way out. Reeve Lockley's suggestion that a municipal dumping ground be secured being fairly generally accepted at the close of the discussion.

**What Will Follow?**

Alderman Fullerton agreed with the committee's strictures on the Saanich Council, but he wanted to know what action would be taken now regarding the Elk Lake sale. Alderman Sangster assured the Council that the Victoria section of the Beaches and Parks Committee would bring in a further report on the matter next week.

**Saanich Will Suffer.**

Alderman Johns expressed a good deal of gratification over the failure of the proposed Elk Lake sale, which he had always thought was unwise. He felt that Saanich, in repudiating the sale, had made a great mistake from his point of view as it would lose all the taxes which would have resulted from the ultimate transfer of the property into private hands.

**CITY WILL HAVE TROUBLE IF WAGE DEMANDS NOT MET**

Labor Members So Warn City Council Which Pleads Financial Stringency

Serious trouble will occur unless the wage demands of the police, firemen and civic employees are granted in full, Alderman Fullerton and Dewar, labor members, warned the City Council last night. The Council did not make any decision on civic salaries generally, but dealt with a few special cases and adopted the salary recommendations of the Police Commissioners.

"So far we have only tentatively decided on a ten per cent. raise all round," Alderman Fullerton pointed out. We must make a final decision later. The Civic Employees Protective Association asked for a fifteen per cent. increase. I hope that when we give the matter final attention we shall grant the request in full. If we don't there will be trouble.

The aldermen would not commit themselves on this issue, but they pointed to the city's serious financial position.

The Police Commissioners recommended a fifteen per cent. raise to the police, the Magistrate, Chief Deputy Chief, Prosecutor Inspector of Detectives and a few others being left out.

**MOUNTING LIBRARY COSTS CAUSE WORRY**

Alderman Sangster Says Money More Needed in Other Directions

Mounting library costs—among many other things—caused the City Council considerable worry last night.

Money is far more needed for many other things than for the library," declared Alderman Sangster. "Money is needed more for sewers and streets and we haven't got enough money to go around. The cost of the library can very well be reduced. We shall

**ACCUSES COMMITTEE OF "FOX TROTTER"**

Ald. Dinsdale Says Market City's "Big Show;" Golf Links Appropriation

Fighting against heavy odds for a heavier appropriation for the Public Market, Alderman Robert Dinsdale, chairman of the Market Committee, last night accused Alderman Sargent's special committee, which has been busy paring civic estimates, of "just fox trotting round."

"The Public Market is the big show of the city," declared Alderman Dinsdale, asking that the sum of \$1,000 be spent on repairing the institution.

"Yes, and the Parliament Buildings," suggested Alderman Patrick. "We haven't heard of the Market Committee raising the rental of stalls yet, though, to make up expenses." Alderman Dinsdale stated that his committee was satisfied in this regard and declared that the market more than paid for itself every year. Finally he was allowed \$750 for repairs.

Though some of the chairman of committees criticized the special committee's reduction of their appropriations—Alderman Andros said the members had "soaked everyone but themselves"—its recommendations for the most part were adopted.

Among other items inserted in the estimates was the sum of \$7,000 which will be used as the first payment toward the establishment of the proposed municipal golf links at the Uplands. The next step in the submission of another by-law on the subject to the ratepayers

**Don't Suffer With Eczema Cuticura Soothes at Once**
